THE VOTE HAS BEEN TAKEN AND THE PEOPLE ARE NOW ON TOP

Macdonald Was Elected Mayor of Toronto by a Majority of 2706 Over the Vote of His Chief Opponent, Clarke.

Much Enthusiasm Over the Result—Thousands Cheer the Mayor-Elect, Who Says He Will Keep His Pledges to the Letter—The Aldermanic Fight in the Wards—New Blood in the Council—The Results.

The fight is over and the people have won. Macdonald had the people behind him in the race for the Mayorship and his majority over his chief opponent, Mr. Clarke, totals 2706, while Ald. Hallam's total vote was 2256. In 1891, when Macdonald first ran for the Mayorship, he polled 7040 votes; in 1898, 8401 votes; in 1899, he polled 10,032 votes, which proved to be the people had become stirred up in their own interests. Yesterday Mayor-elect Macdonald polled 11,938 votes out of a total vote of 26,426, against two other candidates.

In the aldermanic field there was the usual crop of candidates, and several members of last year's Council have fallen by the wayside. Ald. Lynd, who was one of the Board of Control during Mayor Shaw's regime, is defeated, while Controller Woods got in just by the skin of his teeth, so to speak. Ald. Davies is out of it in Ward 2. Ald. Hanlan was a loser in Ward 4, while in Ward 5 R. H. Graham also fell in the fray. Four new men head the polls in their respective wards. The vote for Alderman-elect John F. London in Ward 3 was a remarkable one indeed. Mr. London headed the poll with a total of 3228 votes. In Ward 4, where Ald. Hanlan saw his finish, Thomas Urcubati, a new man in civic affairs, headed the poll with 3190 votes, while W. L. Bell, another new-comer, was the top man in Ward 5, with 2175 votes to his credit. Alderman-elect John F. London in Ward 6 was a remarkable one indeed. Mr. London headed the poll with a total of 3228 votes. In Ward 4, where Ald. Hanlan saw his finish, Thomas Urcubati, a new man in civic affairs, headed the poll with 3190 votes, while W. L. Bell, another new-comer, was the top man in Ward 5, with 2175 votes to his credit.

They cited John Hallam's long service in the Liberal cause, which he had aided both by personal and financial influence. It was stated that he had subscribed the Liberal campaign funds, more liberally than any other reformer in the city. Yet, was the conclusion, his lifelong friends had turned him down. Such is the trust in humanity!

IN FRONT OF THE WORLD.

The Mayor-elect, Macdonald, addressed thousands of cheering citizens in the city hall. He said that he would keep his pledges to the letter and would work for the good of the city.

In Favor of Amalgamation. Following was the vote on the question of amalgamation of the High and Public School boards by wards:

Against Aldermanic Salaries. The ratepayers also voted on the question of salaries for aldermen as follows, by ward:

Clarke Admits Defeat. But Declares He is Not Cast Down—Went Straight Home Early.

Mr. Clarke admitted defeat and declared that he was not cast down. He went straight home early.

Took it Philosophically. John Hallam Fought a Good Fight and Lost—Takes Defeat Like a Man.

John Hallam is a philosopher. He received the returns ward by ward at his hands, some home on Isabella-street last night, and before 8 o'clock was made certain of his defeat and Macdonald's popular victory.

Mayor-elect Macdonald was interviewed by The World last night after the vote had been counted up.

CANADIAN BOY KILLED. TWO MINERS BLOWN TO BITS.

Baltimore, Jan. 1.—Frederick McDonald, 15 years, son of Rev. T. H. McDonald of Northumberland County, Ontario, was killed by a train at Monrovia today. It is said that McDonald and four others were stealing a ride. He fell between the cars and was horribly mangled. His remains were brought to this city and placed in the morgue pending advices from his friends.

FIRE IN NEW YORK FLATS.

New York, Jan. 2.—(2 a.m.)—Two alarms have been sent in for a fire in a five-story tenement, No. 754 First-avenue. The flames, which suddenly belched from the building, were discovered by men working in the vicinity. They carried out half a dozen women, while many persons got to the street by means of fire escapes. It is feared that the suddenness of the fire has caused the escape of some of the tenants.

The Voters of the Capital Declared in Favor of Civic Control of Public Franchises.

The municipal elections held all over the Province yesterday, were not remarkable for the enthusiasm displayed, as in many places the Mayor, and in some cases whole Councils, had been returned by acclamation. A feature of the voting in Ottawa was the declaration by the electors in favor of civic control of electric and other franchises. Bonus bylaws were voted on in a number of towns, and generally carried.

OLD LADY BURNED TO DEATH

Mrs. Bencette Was Fryng Pork, When the Meat Took Fire and Blazed Up.

HER CLOTHING BECAME IGNITED

And the Poor Woman Was Finally Burned Before Her Son Came to the Rescue.

Windsor, Ont., Jan. 1.—Mrs. Alice Bencette, 70 years old, mother of C. V. Bencette, jeweler, Sandwich-street east, Windsor, was burned to death yesterday afternoon at her home in the Grand Marais settlement, Sandwich East, about three miles from Windsor. Mrs. Bencette, who was a widow, had quarters in the front portion of the house, the rest of which was occupied by her son Paul and his family. She was standing by the stove, frying pork for her dinner, when suddenly the meat caught fire. The flames shot up into her face, and in an instant her light cotton dress was ablaze. Her little grandchild, who was in the room and witnessed the accident, ran screaming for help to her parents in the other part of the house. The child's father hurried in and found his mother with her clothing nearly all burned off, writhing in her death agony on the floor. He caught the burning form in his arms and, making outside, extinguished the flames by rolling his burden in the light snow that had fallen. But help had come too late. It was a charred corpse he carried into the house. The poor woman's face and arms were burned to a crisp. Bencette's own clothes caught fire while he was trying to render assistance to his mother and one of his arms was badly burned. Mrs. Bencette was well liked and respected, where she had resided nearly all her life.

COLESBURG'S BOYS IN GEN. FRENCH'S HANDS.

His Flanking Operations Were Successful, and the Boers Fled in Disorder Eastward—A Point Gained.

Gen. Buller's Coming Fight at Tugela River Promises to be the Most Momentous of the Whole Campaign—Late War News.

General French has completely defeated the Boers, and he is now occupying Colesburg. This was the first battle received in Canada for many days that has given the people any real satisfaction in connection with the war in South Africa. Gen. French was successful in his flank operations and his program worked without a hitch. The Boers were utterly surprised, and, finding their retreat threatened, fled in disorder to the eastward, leaving Colesburg in Gen. French's hands. Colesburg is a strategic point on the railroad from Cape Colony into the Orange Free State.

The London Standard's correspondent, telegraphing from Frec Camp yesterday, says Gen. Warren's division is now nearly complete. It is rumored that the guns captured from Gen. Buller are now mounted on the hills commanding the drift over the Tugela River at Springfield. Gen. Buller's difficulties have been immeasurably increased since the last engagement, and the coming battle will certainly be the most momentous of the whole campaign.

The German mail steamer Bundesraht, seized by the British cruiser Magicienne, on the ground that she was carrying contraband of war, is now at Durban, guarded by blue jackets.

The White Star steamer Majestic, which left Liverpool on Dec. 19, with 2000 troops, arrived at Durban yesterday.

London, Jan. 2.—(4.30 a.m.)—The success of Gen. Buller in driving the Boers from Colesburg has sent a welcome ray of light through the gloom of the campaign in South Africa. Everywhere it is commented upon as an example of smart tactics, and as an illustration of what may be done when the right methods are employed with the Boers. The Government is urged to take the lesson to heart and see that no stone is left unturned in the endeavor to get the largest possible forces of cavalry and mounted infantry to the front.

French Has Them Going. Now that Gen. French has the Boers on the run, the hope is expressed that they will give them no rest, but will harass them until they have found their way across the Orange River, which is 12 miles distant. The ridge runs from the Free State to the eastward, and crosses the river by a fine bridge, 1240 feet long. It is believed that the Boers retreated towards the Orange River, and the question is whether Gen. French will be able to secure these two bridges before the Boers destroy them. One important fact of the success of General French is that it will probably have a deterrent influence on Dutch disaffection.

At Modder River. At Modder River the Boers appear to be modifying somewhat their line of defence. General Buller's scouts have discovered a Boer camp established in the vicinity of Springfield, southwest of Colesburg, by a Free State commando. A similar movement has been made at Modder River. A large force of Boers, it is reported, has formed a new laager about 15 miles down the stream at Kameelkloof.

Lady Smith Still Well. Hellograph reports from Lady Smith that all was well on Dec. 31. The bombardment was being continued, but its intensity had relaxed.

An official despatch from Ladysmith confirms the report cable yesterday that several officers of the Devonshire Regiment were severely wounded by the explosion of a Boer shell in the mess tent.

New Armored Train for Buller. A new armored train has reached General Buller from Durban.

Exchange of Prisoners. A Cape Town despatch says that an exchange of prisoners is under consideration.

The Seventh Division. The entire seventh division will have sailed from England by Jan. 15, and will be disembarked at Cape Town.

Wolseley on Artillery. Lord Wolseley, replying to a correspondent, who had asked for information regarding the British artillery, wrote: "Our field artillery is at least as good as any field artillery in Europe."

New Tugela Bridge. A British firm, according to The Daily News, after competition with several American firms, has secured the Government contract for the new seven span bridge over the Tugela River at Colesburg. The firm is working night and day to complete the order.

It is said that John Churchill, younger brother of Mr. Winston Churchill, will accompany the Duke of Marlborough to the seat of war.

FRENCH HAS COLESBURG! Pressed the Boers Hard and When They Were Surprised They Retreated.

Rensburg, Cape Colony, Jan. 1.—Gen. French has completely defeated the Boers and occupied Colesburg.

The general continued to keep the Boers on the move, and pressed them closely Saturday and Sunday, giving them no time to make a prolonged stand, and when day broke he was within striking distance of the enemy. Last night all the cavalry, artillery and infantry, the latter riding in wagons to increase the general mobility, advanced a night march of 12 miles, turning the Boers' right flank. The flank operations were successful. The infantry and field batteries, however, made a faint attack upon the Boer front, while the cavalry and light artillery got completely into the enemy's right flank without a hitch. The Boers were utterly surprised and, finding their retreat threatened, fled in disorder to the eastward, leaving Colesburg in Gen. French's hands.

HOW FRENCH DID IT. Boers Abandoned a Gun, Which Was Captured by the British in the Rout.

London, Jan. 2.—The Daily Mail has the following despatch, dated Jan. 1, from Rensburg, Cape Colony: "Yesterday afternoon a big force of cavalry and infantry, with ten guns, under the personal command of Gen. French, moving by detours, occupied some hills three miles from Colesburg, where the Boers were in strength, considering the natural difficulties of the hills. The Boers' position extended six miles around the entire village. At daybreak our artillery opened fire on the Boers. They were taken by surprise, but replied vigorously. An artillery duel was maintained for two hours. The Boers' position was abandoned. We captured 12 guns, 1000 rounds of ammunition, and the other Boer guns were withdrawn to the northward. The Boers were driven back by a damaging shell fire. Colesburg is in our hands and the few remaining Boers are in flight. We have captured many wagons and a considerable quantity of stores. The enemy is retreating. Our losses were slight, but the Boers must have suffered heavily. They may stop at Acherterbosch, or cross the river at the Boer's Post, where the bridge is still intact."

TURNER'S PARTY RESCUED. Eight Boers Were Killed by Goldworthy's Force After Montgomerie's Escape.

London, Jan. 1.—Owing to lack of news from important points interest in the war to-day centres on the comparatively unimportant skirmishing near Durban. Capt. Montgomerie's sortie with a patrol of 120 men of the 24th Lancers and his retreat Dec. 29, were followed by a Boer force of a successful engagement and the rescue of a small party supposed to be men Capt. Montgomerie left behind him.

Turner's Party Rescued. Under Capt. Goldworthy a force of 110 men with four guns, accompanied by Capt. Montgomerie's scouts, sailed out of Durban during the morning of Dec. 31 to relieve Lieut. Turner and 27 men left over night at Labouchagne's Nek. The Boers were driven back and Lieut. Turner's party was rescued. Eight Boers and 13 horses are known to have been killed.

Would Not Leave Him. The Times, in its second edition, publishes a despatch from Rensburg, dated Dec. 31, which says: "Capt. Montgomerie's scouts went out of camp to their retreat to leave a message to Turner and the men of Labouchagne's Nek. They were met by a Boer force of 110 men, under the command of Lieut. Turner. The Boers were driven back and Lieut. Turner's party was rescued. Eight Boers and 13 horses are known to have been killed."

Seized German Steamer Now Guarded by British Blue Jackets. Durban, Jan. 1.—The Imperial mail steamer Bundesraht of the German East African line, which was seized by the British cruiser Magicienne on the ground that she was carrying contraband of war in Delagoa Bay, has been brought to a wharf here, and is now being guarded by British blue jackets.

Seizure Delights British. Rejoicing in London Over the Arrest of German Officers and Men on the Bundesraht. London, Jan. 1.—The entire country is rejoicing at the seizure of the Hamburg East African liner Bundesraht. In the beginning it was generally felt here that the capture of the liner was chiefly responsible for the illegal importation, by way of Lourenco Marques, of arms and ammunition for the Boers. The incident, however, has been interpreted as a triumph for the British navy. The White Star steamer Majestic, which was seized by the British cruiser Magicienne on the ground that she was carrying contraband of war, is now at Durban, guarded by blue jackets.

tion. The rising of the Tugela River operates in favor of the British. If Buller attempts a flank movement to the westward, the Boers will be driven back to the eastward. The Boers will be found in an advantage. On the other hand, however, the heavy rains render the movement of large forces difficult, while the renewal of the grass on the veld, as a result of the rainfall, benefits both sides, especially the defenders of Ladysmith and Kimberley, where forage is scarce. The burghers apparently intend using their entrenched position at Tugela as a base of operations against Chieveley, endeavoring to worry General Buller by the threat to raise the siege of Ladysmith, and which, even if successful, would not affect the situation of the Boers.

FRENCH HELP FOR BOERS. Subscriptions to Aid Transvaal Total a Fairly Large Sum—Enlistment Encouraged.

Paris, Jan. 1.—The feeling in Paris favorable to the Boers is stronger than ever. The first list of subscriptions to the Transvaal fund, just published, fills nearly one newspaper page and reaches a total of 62,000 francs. The Bon Marche, which has such a large English trade, has been sight of its commercial interests as to make subscription to the fund, a fitting proof of the coercive influence of public opinion.

General Buller has now 27,000 men and 61 guns, without counting the naval pieces. He is still handicapped by want of cavalry, yet it is thought that he meditates an early sortie, or, at least, a successful one, before the arrival of Lord Roberts. The mere suspicion that such a move is contemplated, is sufficient to raise the spirits of the British public. The Boers are still in a state of uncertainty, and the British public wants its generals to utter neglect of considerations of personal pride and petty jealousy. General Buller's friends are, however, not so easily satisfied. They are suggesting that he should have a heavy fighting in the Natal, rather than at Modder River, in view of the fact that the Boers are now in a position to force entrance into the strongly entrenched camp at Magersfontein. The Boers are now in a position to make an open attack on the British entrenched positions.

Paper Encourages Enlistments. The Boers are now in a position to make an open attack on the British entrenched positions. The Boers are now in a position to make an open attack on the British entrenched positions.

ON THE LOOKOUT FOR TRAITORS. Boer Spies Alleged to Have Enlisted in the Forces of the Imperial Yeomanry.

London, Jan. 1.—Alleged Boer spies, it is said, have been discovered, have enlisted in the Yeomanry. A representative of Lord Chesham, who is in command of the Yeomanry forces, says that the officials of this arm of the service are being pestered by agents of Dr. Leyds, the European plenipotentiary of the South African Government. He adds that two of them were actually accepted, but they were afterwards discovered. He declares that the same thing occurred in Thorneycroft's horse, seven spies being discovered in that body. Continuing, he says: "We have given notice to all our commissioned officers to keep a sharp lookout for traitors."

THE DELAGOA BAY ROAD. Said to be an Agreement With Great Britain in Regard to It.

New York, Jan. 1.—Frederick C. Penfield, formerly Consul-General at Cape, Egypt, and who married the widow of Col. Edward McMurdo, who built the Delagoa Bay road, is in Geneva, N.S., with relatives. The Portuguese Government, which has a claim of \$1,500,000 on the road, and on Col. McMurdo's death, Mrs. Penfield, who is now in Geneva, N.S., with relatives, which, with other claims of the signatory, amounting to many millions of dollars, is being contested by the British Government. The road is absolutely refused to say.

NO CENTRAL ORGANIZATION. Since the Absence of Gen. Buller From Cape Colony—Censorship is Strict.

London, Jan. 1.—A Cape Town despatch, dated Sunday, Dec. 31, published in the edition of the Times, says: "For the moment there is a general lull in active military operations, pending the arrival of Gen. Roberts. It is generally believed that the Boers are now in a position to force entrance into the strongly entrenched camp at Magersfontein. The Boers are now in a position to make an open attack on the British entrenched positions."

WILL ITALY BE DRAWN IN? A Rumor That Britain Wants Italian Troops to Relieve Her Egyptian Garrisons.

Rome, Jan. 1.—A persistent rumor is circulating in Rome Governmental circles to the effect that Great Britain is negotiating with Italy for the sending of Egyptian troops to Italy for the relief of her Egyptian garrisons. It is reported that Italy will receive a mounted patrol has gone from there and that other arrangements have been made to prevent looting in that neighborhood by small Boer forces.

MR. BRUCHESI ON THE WAR. Archbishop of Montreal Regrets the Outbreak and Prays for Restoration of Peace.

Montreal, Jan. 1.—(Special)—Archbishop Bruchesi, in the course of a sermon preached in St. James' Cathedral at the special midnight mass in celebration of the holy year, alluded to the present war in South Africa. It was a matter of regret that the holy year should not have been opened with universal peace. But, instead, four and twenty were in all hearts. The nation whose flag produced the original sin of the war, the consequence of which must affect them. Already their sons had departed for the field of battle, and others would soon join. His Grace made an earnest appeal for the speedy restoration of peace.

JAP SYMPATHY FOR BRITISH. The Government of the Mikado Said to be Alarmed at the Reverses.

London, Jan. 1.—The Japanese legation at St. Petersburg affirms that the Mikado has been told that the British Government has decided to dispatch troops of the Egyptian army to the relief of the Egyptian garrisons. It is reported that the Mikado is alarmed at the reverses.

WOULD NOT STARVE THE BOERS. They Have a Way of Bringing in Supplies if Delagoa Bay Route is Closed.

Brussels, Jan. 1.—Belgian merchants returning from the Transvaal affirm that even if Delagoa Bay be closed to the entrance of the Boers Great Britain will not succeed in starving the Transvaal into submission. These men declare that the allied army of the Boers is now in a position to force entrance into the strongly entrenched camp at Magersfontein. The Boers are now in a position to make an open attack on the British entrenched positions.

CONSTITUTIONAL HISTORY OF APPENDICITIS. The entire literature of appendicitis down to the year 1890 numbers no less than 2000 articles, books, etc., and in a recent number of the Medical Record Dr. George M. Edwards, A.M., M.D., has a most interesting review on the "History and Literature of Appendicitis." He says that early history cannot be traced, owing to the fact that it was confused with other diseases. Probably the first reference to it dates from 1622. As late as 1838 the knowledge of the existence of appendicitis was by no means general. In 1846 cases began to be reported, and the first recorded case of the operation on the appendix was executed on Aug. 24, 1883. The early operations commonly ended in failure. The first successful removal of the appendix was performed on May 5, 1888. Since that time the number of successful operations has greatly increased, until, while now it is regarded as a serious, it is by no means a fatal, operation. There is much popular interest in the subject of the appendix, and Dr. Edwards gives interesting accounts of some things which have been done in the treatment of the appendix, from which it will be seen that the grape seed is a most valuable remedy.

THE HISTORY OF APPENDICITIS. The entire literature of appendicitis down to the year 1890 numbers no less than 2000 articles, books, etc., and in a recent number of the Medical Record Dr. George M. Edwards, A.M., M.D., has a most interesting review on the "History and Literature of Appendicitis." He says that early history cannot be traced, owing to the fact that it was confused with other diseases. Probably the first reference to it dates from 1622. As late as 1838 the knowledge of the existence of appendicitis was by no means general. In 1846 cases began to be reported, and the first recorded case of the operation on the appendix was executed on Aug. 24, 1883. The early operations commonly ended in failure. The first successful removal of the appendix was performed on May 5, 1888. Since that time the number of successful operations has greatly increased, until, while now it is regarded as a serious, it is by no means a fatal, operation. There is much popular interest in the subject of the appendix, and Dr. Edwards gives interesting accounts of some things which have been done in the treatment of the appendix, from which it will be seen that the grape seed is a most valuable remedy.

YOUNG GIRL SUICIDED. Cut a Hole in the Ice and Plunged In—Young Man Was False to Her.

Xenia, Ill., Jan. 1.—Miss Flossie Weaver, the young daughter of James Weaver, a farmer near here, committed suicide before daylight yesterday by cutting a hole in the ice and drowning herself. An unfaithful lover seems to be at the bottom of the tragedy.

Her father heard his daughter leave her room about 8 a.m. When she had not returned after an hour her parents became anxious and made a search. About 5 o'clock her body was discovered in a hole in the ice on a small creek half a mile from the house. The water in the creek is only about two feet deep, and the girl was lying on her back with her head and shoulders under the chilly water until dead. It is said a young man of the neighborhood had refused to keep his promise of marriage and was engaged to wed another girl.

What's Your Price? Fifty-seventy-five a hundred—hundred—hundred—up to two hundred dollars? At any of all these prices a gentleman can find a fine suit of clothes. The show of them in the men's fur department of J. W. L. Fairweather & Co., 34 Yonge Street (successors to A. J. Litchfield), really is the richest lot of garments that one could wish to see. The suits range from the lowest to the highest—priced from the very best that it's possible to produce for the money asked, and any one of them will be an agreeable surprise on comparison with the suits you see elsewhere and there about town. Haccoco coats, \$40, \$50, \$60, and \$70, and two special lots of suit caps at \$10 and \$12.

Dalloy's Pure Fruit Extracts are favorites with all good cooks, as they always give satisfaction.

Might Have Been Serious. What might have proved a serious accident was averted by the presence of sound of Mrs. G. E. Powers, 216 Shaw Street, on New Year's eve. Miss Minnie Porteous of 212 Shaw Street was calling at Mrs. Powers' house. When she was about to leave, and just putting on her hat, Mrs. Powers lit the gas just above Miss Porteous' head. Some of the lighted gas from the match dropped upon Miss Porteous' hair, and it was a bunch of fire in an instant. Quick as thought Mrs. Powers smothered the fire with her hands, and no one was hurt, though Miss Porteous' hair was badly singed. Both women were greatly frightened.

Hamilton Notes. Hamilton, Ont., Jan. 1.—(Special)—A union rally of the children of the Methodist Sunday schools was held this morning in Centenary Church. Several hundred young people were present. J. A. Birge was chairman, and the speakers were Rev. George Clark, Rev. Theo. J. Parr, Rev. W. J. Wilson, Messrs. Morris, Jr., and Rev. G. F. Sifton. The children sang several hymns, and there were also addresses by an orchestra, and a solo by Mrs. Martin Murphy.

Telegrams of greeting were received from similar rallies at Toronto, Montreal, Winnipeg and Vancouver, and the good wishes were returned.

At the West End Y.M.C.A. New Year's Day was fittingly celebrated at the West End Y.M.C.A. The wrestling match between Albert Sanderson and Matt Nelson resulted in a draw. Arthur Smith won the high jumping championship, in the game of basketball Hamilton Y.M.C.A. defeated the West End Y.M.C.A. team by 13 to 0.

TRIUMPH OF THE PEOPLE. The election of E. A. Macdonald to the Mayorship is the most significant event that has occurred in municipal politics during the last twenty-five years.

For many years back, longer than many of us can remember, the Mayor of Toronto has been elected by rings and cliques. Sometimes the Mayor has been named by his predecessor according to a pre-arranged deal.

The significance of the election yesterday is that the influence of these cliques, rings, orders, machines and parties has been ousted. Macdonald was elected by the people.

TO CERTAIN CONSERVATIVES. The World has been roundly denounced by certain Conservatives because it could not see its way to supporting E. F. Clarke, M.P., for Mayor.

A SIGN OF THE TIMES. Two industrial news items published in the current number of Bradstreet's are significant of a great change that is taking place in the relation of the big corporations and their employees.

DR. PIERCE'S FAVORITE PRESCRIPTION. To be the greatest of all medicines for the cure of diseases and disorders of the organs of the female system.

AMALGAMATION GOES. Another victory scored by the people yesterday was the favorable vote on the question of the amalgamation of the High and Public School Boards.

And they are a pronouncement of the People against Popular Representatives who dishonestly side with Corporations.

For years the Toronto Railway has owned the Mayor and some of the officials. Mr. Ross, Premier of Ontario, must review his position and protect the municipalities and the People from the Corporations.

TO THE MAYOR-ELECT AND ALDERMEN-ELECT. Gentlemen,—The World wishes you all, and notwithstanding the past, regards you all as honest men.

Car Drivers' Gloves. The car driver, when he wore any covering for his hands, was in a very awkward position. He needed the use of his separate fingers in handling the reins, but an ordinary mitten, the gripman or the motorman, while wearing gloves in summer, in winter wears mittens. He does not need the use of his fingers separately in handling the reins, and mittens are comfortable in summer as well as in winter. They are at that season cooler. Gloves and mittens are made in many different varieties. The household used in their manufacture are horsehide, buckskin, sheepskin, cowhide, and leather. The same material is used in the manufacture of mittens, but the mittens are lined with some other material, or they are lined with wool, with some other kind of glove or mitten. Horsehide has been used for a long time, and is still used for the manufacture of horsehide, buckskin, sheepskin, cowhide, and leather. There is made of horsehide a leather mitten, which is strong and has good wearing qualities, but that is at the same time dry and stiff. The leather mitten is made with a wooden lining, and what is called an extension cuff, also of wood, to be turned back over the wrist of the wearer. The horsehide mitten for mittens does not get hard, nor does it shrink. Of course no man using leather gloves or mittens will be able to get any work done when they are wet, to care for themselves, but they are made in such a way that they will keep them with a sort of massage to keep them soft and flexible. The driver wearing gloves buys very probably gloves of buckskin, very stout and heavy, and these gloves are made with some other material, or they are lined with wool, with some other kind of glove or mitten. Angier's Petroleum Emulsion

If you value your child's health don't give cough remedies or medicines of any sort that contain opium or any narcotic. Petroleum is simple and safe, and when properly refined and emulsified is of immense value in the treatment of coughs, colds and lung troubles. This is what parents have to say about Angier's Emulsion:

Dear Sirs—My little boy, aged 6 1/2 years, has derived great benefit from the use of Angier's Petroleum Emulsion. He could neither eat nor sleep, and used to get up in the morning more tired than when he went to bed at night. He used to cough all the while he was lying in bed, and had been in this state for nearly twelve months. He has taken no end of medicines, including emulsions of cod liver oil, but derived no benefit from any of them. After taking part in the narrow necked bottle of Angier's Emulsion he is now completely cured, and besides the simple bottle which you so kindly sent me. (Signed) B. RICKARD.

Dear Sirs—I write to tell you of the good effect of your emulsion in my little boy's case. He is but two years and six months old, and has been very delicate since birth. Last winter he had a severe attack of whooping cough and inflammation of the lungs, and it left him with weak lungs and a perfect skeleton, and we could get him to eat next to nothing. Thanks to your medicine, all that is now changed; he is the picture of health, quite fat, and a perfect baby. He has never had a cough since, and a change is entirely due to one large bottle of Angier's Emulsion. (Signed) K. TINTON.

ANGIER'S PETROLEUM EMULSION is bland, soothing, creamy. Children like it, and take it readily when they cannot be induced to take Cod Liver Oil. For those who suffer from lack of nutrition, who are pinched in appearance and puny in development, it is just what is needed. Their food agrees with them better, and is perfectly digested. They eat better, digest better, sleep better, and gain in weight, color and general health. Give it to the children when they cough, when their food does not digest, or when their bowels are out of order. The medical profession prescribe it largely in such cases, and it is used in children's hospitals.

THE VOTE HAS BEEN TAKEN AND THE PEOPLE ARE NOW ON TOP

Continued from Page 1. "I am glad to see that the people have elected me," said the Mayor-elect, "and I am glad to see that the people have elected me."

AT THE TELEGRAM OFFICE.

The Mayor-Elect was cheered to the Echo-Macdonald's Great Chance. Tumuluous cheers greeted Mayor-elect Macdonald when he appeared in the window of the Telegram office, surrounded by his friends.

Workingmen Triumphant.

Dr. E. H. Adams broke the ice by declaring and punctuating cheers, that the workingmen's cause had triumphed. The victory was the victory of the stragglers. It was a cold day for some, but the cars would now be warmed, and some certain people somewhat heated also.

Mr. Robertson Speaks.

John Ross Robertson, M.P., waxed eloquent. He declared the battle was over, and the people had secured their sovereigns who had reduced their corporate interests, trusts and monopolies and been saved from the clutches of the party, but those parties were never so thoroughly beaten as they have been by the Mayor-elect, Macdonald.

Checks for the Mayor-Elect.

When Mayor-elect Macdonald appeared to speak, why truly to the surprise of some, he came to the front. He said: "People of Toronto, I thank you for the honor you have conferred upon me. I am glad to see that the people have elected me."

THE STREETS LAST NIGHT.

Public Interest in the Mayoralty Campaign was Apparent Everywhere. Public interest in the result of the municipal elections was never in years past shown by the crowds in the streets more decidedly than it was the case last night.

Clark's manager, Mr. Sumner, was in the multitude.

Clark's manager, Mr. Sumner, was in the multitude. He had left the press bureau after twenty-one minutes and had given Macdonald a majority of 263. The count of the year had given Shaw a majority of 50. In fact, he had changed Mr. Sumner's hand and conceded the election almost at the last moment.

North Toronto.

The Council for the present year will be composed of Mayor Davis and Councillors Brown, Spittal, Armstrong, Silbhard and Lawrence. The contest yesterday for councillors and school trustees was a very close one.

A Jolly Good Fellow

between whites of cheering the bulletins, which rapidly rolled the majority along. The process was delivered from The World window.

THE NEW COUNCILS IN CITIES AND TOWNS

Continued from Page 1. Also ran (poorly) F. Warner (Socialist), Ward 1—Ald. Pettigrew, James Dixon, Ed Peardine. Also ran: William Barrett, Ald. Burdick, Alex Stewart.

Good Heads Bylaw Carried.

Ald. Pindley's good roads bylaw was carried by a majority of 87, and the bylaw to approve a Board of Governors for the parks was also carried. The majority for the bylaw was 214.

Barton Township.

In Barton Township, Adam Tsch was elected by acclamation. The Councillors elected are: Avrey, Hills, Anderson. Also ran: Gerard and Kerr.
