NEW FRENCH
CABINET
 Satisfies Radicals by Declaring His Determination To Complete Work of Clemenceau Ministry and Please President.

PARIS, July 23.—After a day of conference, Aristide Briand succeeded in forming a new French ministry and officially announced the success of his endeavors to President Fallières at 10 o'clock to-night. The new cabinet is made up as follows:
 Premier and minister of the interior and of public worship—M. Briand.
 Minister of justice—M. Barthou.
 Minister of foreign affairs—M. Pichon.
 Minister of finance—Georges Cochery.
 Minister of education—M. Doumergue.
 Minister of public works, posts and telegraphs—M. Millerand.
 Minister of commerce—Jean Dupuy.
 Minister of agriculture—M. Ruau.
 Minister of colonies—M. Trouillot.
 Minister of labor—M. Viviani.

The portfolios of war and the navy will be filled to-morrow morning. These have been offered respectively to Gen. Brun and Admiral Boue de La Payre, and both are expected to accept.

The post of under secretary of posts and telegraphs, which was held by M. Simey, whose resignation was demanded during the recent strike of postmen and telegraphers by the Socialists, will be suppressed. An under secretary of finance will be created and the office given to René Renoult. M. Dujardin-Beaumetz will remain as under secretary of public works. Instructions to the new cabinet are being issued by M. Briand.

M. Briand had considerable difficulty in appeasing the appetites aroused by the fall of the cabinet and only satisfied the radicals who charged him with being a Socialist, by the statement, "I intend to complete the work of the Clemenceau cabinet and to carry out the wishes of the president and the republican cabinet committed to Republican policies."

Conditions Too Onerous.
 M. Caillaux, minister of finance in the old cabinet, laid down certain conditions relating to his again accepting the portfolio which M. Briand could not grant and besides the opposition in the senate to Caillaux's draft of the income tax bill, made it inadvisable to substitute M. Caillaux, who was minister of finance in the Melne cabinet of 1896-9. It is announced that the abandonment of the income tax measure, but its modification on lines more acceptable to the senate.

End Labor War.
 A ministerial declaration which was formulated and unanimously accepted by the members of the new cabinet is an important statement indicating that the cabinet is committed to an attempt to end the war between labor and capital, which has disturbed France for so many years. M. Coehory, an official note says this declaration, after quoting the famous remark of M. Waldeck-Rousseau, "Capital must work and labor possess," insisted upon the necessity of an alliance between labor and capital and the avoidance of every cause of conflicts; the members of the cabinet, regardless of their political affiliations, resolve, with the aid of parliament, to ameliorate the moral and material well-being of the workers as far as in their power lies, but that the accomplishment of this end will depend upon the support of the workers themselves; that the latter must give security to capital or otherwise undertakings will be abandoned and the economic development of the country arrested.

TARIF WILL WIN FIGHT OVER TARIFF
 White House Callers Think His Firm Stand for Downward Revision on Raw Materials Will Be Successful.

WASHINGTON, July 23.—While no agreement was reached by the tariff conference to-day on coal, lumber, hides, cotton, iron ore, the cotton schedule or wool pulp and print paper, it was agreed that discussions should be carried out to-night by the conferees after an adjournment for the day that the prospects of settling these big questions to-morrow were excellent.

Should the conference complete its work to-morrow, it would be impossible to report before Tuesday as the house, which agreed to the conference on the tariff bill and therefore under rules must receive it before the senate, would have to-day until Tuesday.

Heretic measures were put into operation to-day in an effort to compose differences existing between the senate and the house on the tariff bill and to carry out President Taft's program for a reduction of duties on raw materials.

All except the actual conferees were excluded from the chamber and the conferees were made to understand that the conferees were to be treated as confidential.

As the question of hides is giving the committee more trouble than any other of the schedules that have claimed the attention of the conferees, it was discussed here to-day.

After adjournment Senators Lodge and Craze, and Representative McCullough of Massachusetts had a long consultation with Senator Aldrich. It is not known what understanding, if any, was reached, but it would surprise very few outside of the conferees' chamber if an agreement is reached to-morrow substantially reducing the duties on hides and all leather goods.

After the tariff bill was passed, the tariff conference will be held in the Senate Chamber, where the tariff conference will be held in the Senate Chamber, where the tariff conference will be held in the Senate Chamber.

7 CANADIANS IN LAST STAGE
 Truro, N.S., Man Wins Place in King's Prize in Shoot-off With 28 Others—Big Event To-day

BISLEY CAMP, July 23.—Staff-Sergt. Steek of Truro, N. S., in the shoot-off for a place in the King's Prize, third stage, was successful in winning one of the two places, which were competed for by 28 others.

The total score in the third stage over the three ranges is 150-ten shots at each range. Sergt. Steek can equal last year's winning score of 325 by making 140 out of the possible 150 in this stage.

There are now the following seven Canadians in the final stage, which is shot off to-morrow. They are: Sergt. Major Huggins of Hamilton, Corp. McGinnes of Edmonton, Lieut. Morris of Bowmanville, Sergt. W. A. Smith of Ottawa, Sergt. Blackburn of Winnipeg, Sergt. Freeborn of Hamilton and Sergt. Steek of Truro.

This is the present standing:

1st Stage	2nd Stage	Total
Sgt.-Maj. S. J. Huggins..... 99	91	190
Corp. D. McGinnes..... 96	94	190
Sgt. Blackburn..... 95	94	189
Col.-Sgt. Freeborn..... 95	90	185
Lieut. F. H. Morris..... 91	94	185
Sgt. W. A. Smith..... 95	91	186
Staff-Sergt. Steek..... 95	90	185

The third stage, open to the 100 competitors making the highest places in the first and second stages combined, is at 800, 900 and 1000 yards (aggregate), ten shots at each distance. The places of all competitors in the second and third stages will be decided by the aggregate of the scores made by them in all the stages in which they fire.

It is interesting to note that the man making the highest score in the first and second stages of the King's Prize has not yet managed to win the great trophy. Canada still has a good chance to lift it.

The highest score yet made in this competition, that of 325, made by Pte. J. Gray of the 5th Scottish Rifles last year, can be equaled by either Sergt. Major Huggins of the 13th, Hamilton, or Corp. D. McGinnes of Edmonton, if they make only 135 out of 150 at the 800, 900 and 1000 yard ranges of the third stage. To equal this score, also, Sergt. Blackburn of Winnipeg must make 125, and Col.-Sgt. Freeborn of Hamilton and Lieut. Morris of Bowmanville 137 each, out of 155.

Lieut. Mortimer was first in the "Range Prizes," competition at 500 yards, winning 45; Sergt. Major Huggins, 19th, 41; Col.-Sgt. Freeborn, 31st, 41.

In the "Range Prizes," at 600 yards in the King's Prize, Staff-Sergt. Mitchell 100, 100; Sergt. Major Huggins, 4th, 81; Corp. Albert Sprinks, 28th, 41.

In the "Range Prizes," at 600 yards in the King's Prize, Staff-Sergt. Mitchell 100, 100; Sergt. Major Huggins, 4th, 81; Corp. Albert Sprinks, 28th, 41.

Senate Adjourns.
 After a session of little more than half an hour to-day the senate adjourned until next Monday, which is a day earlier than would have been possible under the unanimous agreements for adjournment on each third day while the tariff bill is in conference. The date was moved up in the hope that the conference report on the tariff bill might be in shape to be presented by Monday. The senate also listened to a representation from Mr. Culbertson concerning the Democratic course towards the tariff bill in the senate. He contended that the Democrats had been exceptionally harmonious and united and undertook to refute all statements to the contrary.

Taft Will Win.
 All of the congressional callers at the White House to-day left the impression that the president would win support on a bank movement against the schedule on raw materials to make it sure that a bill will be devised which will warrant his signature.

But the anti-free raw material senators and representatives are still on the firing line devoting their energies now to a bank movement against the schedule on raw materials to make it sure that a bill will be devised which will warrant his signature.

FINES HIMSELF \$5.
 VANCOUVER, B.C., July 23.—Police Magistrate Williams adjudicated on his own case this morning. With two offences he was fined \$5 for driving his automobile. He pleaded guilty, fining himself the same as the offenders, namely, \$5 and costs.

New Station at Cochrane.
 SALT STE. MARIE, July 23.—O'Boyle Bros. Construction Co. of the city, Ont., to-day were awarded a contract for the new union station at Cochrane, Ont., the junction point of the T. & N. O. and the G.T.P. The station will cost \$35,000. Work will be started at once.

Power Price Reduced.
 PETERBORO, July 23.—(Special.)—Central Ontario Power Co. has reduced the price of Burlington Falls power rights to the City of Peterboro from \$125,000 to \$120,000. The city council has decided to have R. B. Rogers, C.E., report upon the power before proceeding further. The company has given the city a further option of one month.

4-COUNT 'EM-4
 More Super-Dreadnoughts
 NEWCASTLE-ON-TYNE, July 23.—Enquiries received by the Armstrong ship-building firm indicate that the government will give out almost immediately orders for four additional super-dreadnoughts, which, it is expected, will be armed with 13.5 inch guns.

Says General Otter Put Veto on Visit Of Kitchener Here
 MARQUESE DE FONTENAY HEARS HERO OF KHARTOUM WAS REBUFFED BY CHIEF OF CANADIAN GENERAL STAFF.

The Marquise de Fontenay writes in The New York Tribune:
 While the Australians are urging General Lord Kitchener to visit them on his homeward trip, after relinquishing the command in chief of the British military forces in India a few weeks hence, the Canadians do not seem to be prepared to second his visit. The enthusiastic welcome in the Dominion which he had been led to expect when he promised to spend several weeks in Canada, and to examine the military resources and defences of Canada, after leaving Japan, where he is expected to attend the great autumn manoeuvres at the guest of the mikado, is not based upon a knowledge of the conditions of the country.

For General W. D. Otter, who is the chief of the General Staff of Canada and a veteran of the great Boer war, has been most hospitably entertained by the Japanese monarch and government and made acquainted with all their military resources and secrets. Now, the one thing which the Australians fear more than anything else, and against which they are anxious to defend themselves, is the possibility of a Japanese invasion, which they regard as inevitable; and if they are anxious for the advice of Lord Kitchener in connection with the lack of time, remains to be seen. There is a rather delicate question involved. He would have to go to Australia from Japan, after having been most hospitably entertained by the Japanese monarch and government and made acquainted with all their military resources and secrets. GOAL COMBINE BROKEN DEALERS CUT PRICES

Complain That Competitors Went Under Ruling Figures on the Quiet

HAMILTON, July 23.—(Special).—The local coal combine has been broken up because some dealers complain that their competitors cut prices on the quiet. The price for hard coal has dropped 50 cents a ton, and it is selling at \$6.25 now. It is said that the trouble will not be settled until the fall trade is over. The dealers themselves strenuously deny that they have a combine, but they have all had the same tariff.

The Hamilton Roman Catholic Corporation has purchased the Macnab plot in Dundurn Park, which, with other property adjoining will be used as a site for a new church and separate school. The price paid was \$2500. The city offered only half that amount.

Adjunct of City Hall. Aid Hopkins this morning refused to attend a meeting of the committee appointed to get prices from the Cataract Power Company for operating the mountain waterworks pumps because it was held in the offices of the company. He took the stand that the city hall was the place for the transaction of city business, and said he would not meet the company where the press and public were barred.

William Shirley has been summoned on the charge of keeping a ferocious dog, which, it is charged, bit Thomas and Clifford Herbert.

A household party, comprising Mrs. Hendrie, Holmstead, Miss Phyllis Hendrie, Col. J. S. and Mrs. Hendrie, Miss Enid Hendrie, Major William Hendrie, Jay Hendrie, Major Michie and Major Myles, of Toronto, are leaving for a three weeks' outing on the French River and Lake Nipissing, having secured the houseboat of the Nipissing & French River Navigation Company.

The W.C.T.U. will ask the council to impose a license fee for the sale of cigars.

A warrant has been issued for the arrest of a man named Bakins, alias "O. Williams," on the charge of fraud. The alleged offense was committed while he was acting as a bag-gage man at the Stuart-street Station.

Ice Cream a Lunch. Judge Monck this morning reserved judgment in the appeal of Hugh Hayes, who has the refreshment privileges for Dundurn Park, against the conviction of the magistrate for selling ice-cream on Sunday. His honor said he thought the appeal ought to be granted, as there was no evidence that the ice-cream was sold solely, and his honor thought the ice-cream might form part of a lunch.

May Buy New Park. The parks board is considering a proposition to buy the Robert Gage property of 50 acres, on Main-street, near the Delta. The price asked is \$60,000, and at its meeting this evening the board decided to inspect the property next Tuesday, as well as a plot at Point Stille.

Steps will be taken to stamp out the mussock moth, which is making great inroads on the shade trees. Youths will be employed to gather the cocoons and next spring the trees will be sprayed.

Mrs. Selery, curator at the Dundurn Museum, was granted an increase from \$35 to \$45 a month. No action was taken in regard to the application to have the Gore Park fence taken down. The markets committee this afternoon agreed to ask for tenders for painting the police stations.

Hotel Barrens. Corner Barton and Catherine-streets, Hamilton, modern and strictly first-class. Rates \$1.50 to \$2 per day. Phone 1465.

Cooks 200 Eggs at Once. The automatic egg boilers in the kitchen of the liner Lusitania are able to cook 200 eggs at once, says The Detroit News. An electric device causes the basket containing the eggs to hop out of the boiling water at any hour, mix it up to six minutes. The self-dumping oyster cooker is another electrical novelty on the same boat.

Say New Temple Meets All Legal Demands—North Toronto News—County Items

NORTH TORONTO, July 23.—(Special).—Councillor Parke was this afternoon removed from his residence on Glen Grove-avenue to Grace Hospital, where an operation will later be performed.

A meeting of the parallel roads committee will be held on Monday evening, and the court of revision will meet on Tuesday evening. "We are anxious to go ahead with the parallel roads business," said Councillor Irwin to-night.

The condition of Yonge-street from a little north of the C.E.R. crossing to the top of the hill, where the sewer is being installed, is awful. The mud is being carried by the water, and is in some places as deep as the Metropolitan Railway tracks. Crossing is almost out of the question, and the city has so far taken little or no precaution to keep the crossing clean. This is in striking contrast to North Toronto, where the council have men employed to look after this matter.

The gift of 500 volumes by Mrs. A. E. St. Germain to the Mission Church, which was noted a day or two ago, is a public-spirited act and one which is deeply appreciated by residents in Bedford Park generally.

St. Clement's Sunday school picnic will be held on the church grounds on Thursday, Aug. 5.

In the absence of Rev. Mr. Back, who is holidaying in Muskoka, the pulpit of the Eglington Presbyterian Church, will be occupied on Sunday by Rev. Mr. Turner of Norville.

Zion Baptist Sunday School went up to Bond Lake to-day on their annual outing.

The contractors engaged in excavating the high sewer on Yonge-street north are said to have encountered a lot of quicksand, which is greatly delaying the work.

The charge of arson preferred against Samuel Gaston and tried before Police Magistrate Ellis in the town hall this morning was not sustained by the evidence, and the case was accordingly dismissed. Chief Collins gave evidence testifying that Gaston and another man had called at his house on the morning of the Waddington & Grundy fire. Later Gaston was arrested on the charge of drunkenness, and subsequently on that of arson, but the magistrate did not regard the charge as proven.

WEST TORONTO.
Treasurer of Masonic Temple Refutes Statements of City Architect Price.

WEST TORONTO, July 23.—(Special).—The trouble over the erection of the West Toronto Masonic Temple, accompanied by the summoning of A. B. Rice, the Newmarket architect, to the police court, has aroused quite a lot of local interest as to when the authority of the West Toronto officials exactly ceased, and when the Toronto officials assumed control. No solution of the difficulty can be expected for a week at least.

When the case came up in this afternoon's court, Magistrate Ellis granted an adjournment to allow the city architect's department and the West Toronto Masons to come to a settlement in the meantime, if such a thing is possible. The directors of the temple, as well as the architects, Messrs. Ellis and Conroy, do not agree with the opinion of G. F. W. Price, deputy city architect, regarding the construction of the new building.

"I suppose the insult which the acting city architect is adding to the injury in his vexatious prosecution is the issue of the penalties we Junction folk have to submit to," said A. B. Rice, treasurer of the Masonic Temple Board, this evening.

"It naturally makes our directors a bit hot under the collar to have one

MARKHAM VILLAGE.
MARKHAM VILLAGE, July 23.—The regular meeting of the Markham branch of the East York Women's Institute, held at the home of Mrs. F. A. Reesor, and which took the form of a social picnic, was a decided success. Among those who contributed were Mrs. Hissard, Mrs. Dimma, Mrs. C. R. J. Corson, and Mrs. Geo. A. Reed. Mrs. Gould gave an interesting paper on "Rain, Food and Water," and Miss A. Reive, a racy account of the meeting of the International Council at Guelph.

About 140 Markham people went to the Lennox picnic at Jackson's Point. Mr. and Mrs. James A. Wales have returned after two months spent in some of the New England States. Jacob Helsey found some twenty small piles of salt and Paris green scattered along the grass on the side road between Mount Joy and Unionville. The local authorities were notified, and are investigating.

W. H. Moyer of the 7th constituency is erecting a fine new barn.

PICKERING.
A. G. Green has been re-engaged as principal of the public school. It is expected that several days from outside sections will attend the continuation work here after vacation. Mr. Green had singular success with his entrance pupils in the county scholarship standing. His whole class of nine passed well. Miss Campbell has been re-engaged and will take charge of the second room. She has proven herself a capable teacher. The third teacher is yet to be appointed. Robert Gordon has the contract to remodel the building.

Dr. Bell, who bought out Dr. Estem's practice here, has sold out to Dr. Towle of Springbrook. Dr. Bell goes

ALL RIGHT FOR THE CROP.
The continued heavy rains and almost entire absence of sunshine for the last three or four days, while it has delayed haying operations, is not looked upon with any serious apprehensions by the York County farmers. The land has become so parched by the long continued drought that nothing but a good soaking rain will bring the meadow lands and raises the water in the wells and streams. It is estimated that fully three-fourths of the hay through the country has been spoiled, and much of that which remains in the field is either uncut or in good condition and will suffer no serious harm. In the meantime the growing corn and field roots, will be immediately benefited.

Thankful 'Twas No Worse.
"Have you become reconciled to your son being a spring poet, Mr. True?" "Yes, I take comfort in the thought that in summer, autumn and winter he is normal."

ALMOST CHOKED TO DEATH
Mr. Lionel E. Schartz, a commercial traveler writing from Winnipeg, Man., says, "Catarrhoxone cured me of Asthma after the doctors had despaired of my recovery. I seldom slept through a whole night without waking up in a fit of coughing. Sometimes I almost choked to death. I have not been bothered since using Catarrhoxone. It has cured me entirely. Catarrhoxone is the only remedy I have ever met to give such good results."

AMERICAN JOURNALISM.
A recent French magazine has an interesting attack on the American daily paper says Harper's Weekly. If a Yankee (a word that French and English people apply indiscriminately to all dwellers in the United States) is a journalist, he would read clear in the soul of a French journalist, he would be stunned at the fulness of ideality, some part of which lasts even to the bitter end of a journalistic career.

"What!" the Yankee would say, "you are satisfied with the joy of offering ideas of the masses, with imparting your sensations, communicating your knowledge? Is that an end in itself, the mere satisfaction of contributing to the education of the nation, the honor of exciting and defending good principles and attacking evil ones? You are actually vain of an article because it is well thought out, well written, and built very low level, and you are not saying that of foreign nations, but that of your own country."

Not Art, But Business.
And the Frenchman is supposed to reply that journalism is one of the arts, like sculpture, like painting, like music, and the better, the more effectively it is wrought the better satisfied he is. "But in America," he says, "you become a journalist just as you would open a grocery store or rent a stall in the market to sell cheese."

First of all, it has to be made a lucrative business. Doubtless we must plead guilty to being the large majority, at any rate, in the business to earn a living, and if we had leisure from that, we should not be likely to be encouraged to stay in journalism for the ideal sake. The mentality of a people is made up of the individual mentalities of the majority, and when we say that our journalism is not an aid to thought, nor is it intended to be; it is made with the intention of catching the eye, arresting attention, stimulating the interest for an instant, quite secure that the single instant will be

all that is accorded. It is pathetic to hear the fervor, the ever-recurring insistence, with which an American editor, knowing his public, pleads for brevity. No matter what the subject, his first idea is that the public, being in a hurry, wants the writer to hurry, too. "Say what you've got to say, but say it short," is the maxim. The result is often not unlike that of the school girl's composition, when she was told to trace the whole course of Christianity from St. Paul to Emerson in her four-page essay. Wisely she secures a postscript at the bottom, "Some few things had to be left out."

Likewise, when a reviewer is set to sum up the value of six volumes of mystical philosophy, theory, but not overstepping the limit of 150 words, it is unavoidable that more deliberate foreigners should occasionally accuse us of superficiality.

TOM DOLAN IN THE MUD RANDS AT FORT ERIE

Rainy Weather Causes Many Scratches and One Race is Declared Off

FORT ERIE, July 23.—Tom Dolan, from the stable of W. Day, was the medium of a killing this afternoon, when he won the second race in a ridiculously easy manner. He went to the front and won, pulled up, by ten lengths, after being backed from even money to 7 to 10. This horse ran his best race at Montreal last fall, when just such a coup was pulled off. The fourth race this afternoon was drenched off owing to the numerous scratches, and the card was reduced from seven to half a dozen races. The track was deep in mud, while the fields were of a fair size only. The day passed off without unusual incidents. Rose Queen was shipped to New York last night and will start to-day, when Mentry, who left here last night, will ride her. Summary: FIRST RACE—Purse \$400, 2-year-olds, 5 furlongs.

- 1 Gallant Pirate, 108 (Kennedy) 7-2
2 Bains, 108 (Warren) 3-1
3 Dolly Madda, 100 (Ross) 4-1
4 Hickory Stick, 100 (Herbert) 15-1
5 Galvaca, 100 (Pharis) 15-1
6 Lumen, 106 1/2 (Mentry) 15-1
7 Two Drop, 108 (Dreyer) 60-1
8 Scrupler, 108 (BURNS) 60-1
Time 2:25.5, 52, 1:06 1/2. Winner J. B. Wainwright's b.c., by Pirate of Penance—Mudlavia. Start good. Won handsily by five lengths. Place same by three lengths. Gallant Pirate came thru on the rail on the turn into the stretch and won going away. Baines and Dolly Madda fought it out all the way down the stretch.

- THIRD RACE—Purse \$400, 3-year-olds and upwards, 6 furlongs.
1 Tom Dolan, 108 (Davenport) 7-10
2 Cloteresa, 108 (Trozier) 4-1
3 Mike Saxon, 124 (Burns) 15-1
4 Paul Ruitart, 108 (Lowe) 7-2
5 Don Hamilton, 119 (Fowler) 5-2
6 May Celia, 102 (Robinson) 20-1
7 Dredger, 112 (Mentry) 20-1
8 Sunfire, 112 (Burns) 20-1
Time 2:54.5, 52, 1:12. Winner J. B. Wainwright's b.c., by Jean Beraud—Marchette. Start good. Won pulled up by three lengths. Place same by two lengths. Tom Dolan made his own running, making a show of his field. Posing was as steady second. Paul Ruitart and De Bur-80 fought it out for third.

- FOURTH RACE—Purse \$400, 3-year-olds and upwards, 6 furlongs.
1 Uncle Jimmy Gray, 118 (Howard) 11-5
2 Cloteresa, 108 (Trozier) 4-1
3 Mike Saxon, 124 (Burns) 15-1
4 Sabado, 121 (Flynn) 20-1
5 Time 2:52.5, 52, 1:12. Winner O'Halloran Stable b.c., by Bonnie Joe—Mary Hill. Start good. Won pulled up by ten lengths. Place same. Mike Saxon was easily next best.

- FIFTH RACE—Purse \$400, 3-year-olds and upwards, 6 furlongs.
1 Light Blue, 100 (Davenport) 2-1
2 Strike Out, 107 (Ross) 4-1
3 Tom Hamilton, 119 (Fowler) 5-2
4 Duke of Milan, 106 (Herbert) 8-1
5 Evening Song, 107 (Fowler) 5-2
6 Minnie Brown, 98 (Ganz) 20-1
7 Almira, 104 (Flynn) 20-1
8 Dorothy Webb, 102 1/2 (Burns) 20-1
9 Chieftain, 102 (Flynn) 20-1
10 Pills, 100 (Pharis) 20-1
Time 2:44.5, 52, 1:12.5. Winner A. Lanigan b.c., by Blue Mary—Maggie. Start good. Won handsily by five lengths. Strike Out set the pace, and Light Blue was in stretch, after leading in the early running. Tom Holland was easily best.

- SIXTH RACE—Purse \$400, 2-year-olds and up, 1 mile and 70 yards.
1 Gerrigian, 105 (Flynn) 4-1
2 Gerrigian, 105 (Flynn) 4-1

4 Spanish Prince, 102 (Ganz) 15-1
5 Great Jubilee, 106 (Ganz) 20-1
6 Gates Lass, 102 (Kennedy) 20-1
7 High Hat, 102 (Trozier) 20-1
8 Time 3:22.5, 52, 1:13. Winner M. E. McHenry's b.c., by Wainwright—Estelle. Start good. Won pulled up by fifteen lengths. Place same by five lengths. Lanigan went to the front and made his own running. Gerrigian ran without rough journey, was easily second.

- SEVENTH RACE—Purse \$400, 2-year-olds and upwards, 1 1/4 miles.
1 Malediction, 109 (Trozier) 9-5
2 Gliveder, 105 (Jackson) 9-5
3 Colinet, 102 (Davenport) 10-1
4 A. Muskoday, 112 (Deverich) 15-1
5 Autumn King, 109 (F. Burton) 20-1
6 King Sol, 107 (Ganz) 20-1
7 Mary Candelmas, 102 (Averitt) 40-1
8 Jubin, 108 (Wainwright) 20-1
Time 3:22.5, 52, 1:13, 1:47 1/2. Winner D. B. Jones' chg., by Sir Dixon—Lauda. Start good. Won handsily by four lengths. Place same by two lengths. Malediction avoided all the pace set by A. Muskoday, and came away in stretch run without rough journey. A. Muskoday in stretch. Gliveder and Elgin fought it out for place.

- Stanley Fay Wins Feature.
EMPIRE CITY, July 23.—Mud runners of the pronounced type had an innings at Yorkers to-day. The heavy rain of last night and to-day made the track fast, deep in mud. The Stanley Fay, 108, won the feature event, one mile and a sixteenth. He carried 128 pounds, and, making all the race, won easily by one length. Summary:
FIRST RACE—Selling, 2-year-olds, 5 1/2 furlongs, \$400 added.

Baseball Two Games In Eastern Football Little York The Winners Athletics How Kerr Won Two

Note and Comment

With the New York Giants the sacrifice hit is practically a thing of the past. Four weeks ago McGraw surprised his players by telling them to drop that ancient landmark of the game and to "bust the ball in the eye."

They heaved straight to the mark, and as a result they won 18 out of 18 games. The only time they sacrifice now is when a runner is on second and they want to move him up to third so that a long fly can score him.

The rainy weather of three days has given the fans ample time for reflection over the twelve innings game that Toronto lost to Newark after leading at one stage by seven runs. Toronto had endeavored to sacrifice unsuccessfully on two or three occasions, only to encounter a force out at second.

They still talk of the last innings, when Houser led off with a hit and Grimshaw was up. Now the opinion is that he should have sacrificed, while at the time they were yelling for him to line it out, just as he attempted, only to get doublet and Mahling followed. Then Mitchell and Mahling followed with clean singles.

Flouring back: a sacrifice would have meant one run sure to tie the game, and probably two and a victory, providing that Mitchell and Mahling would have hit safely after a sacrifice, just as they did following the double play.

It is now Nick Altrock's turn to hike back to the minors. Nick was with Toronto in Arthur Irwin's game which was noted as his good looks as his deceptive delivery. He was next with Boston, and later with Chicago and Washington. Manager Cantillon of the last named club releasing him this week to the Minneapolis club of the American Association.

Great efforts are being put forth by a number of people in the city, says The London Advertiser, to revive the game of cricket, and without doubt the sport is more popular here this season than it has been for years before. Some splendid games have been played at the Asylum grounds on Carling Heights. McClary has also organized a cricket team, and on Saturday next will play at the Asylum grounds with the Asylum team. The Asylum team has also arranged games in the near future with teams from Stratford and from Chatham. The Asylum team has without any doubt some of the strongest players in the city, and it is likely that several of them will go to Ottawa shortly to be tried out for places on the Canadian national cricket team next month against the team from the United States.

The King of Sweden recently told a story of King Edward's charitable propensities. Just before the race for the Derby which the King's horse Diamond Jubilee, carried off, his royal highness—as he then was—was watching the horses proceeding to the starting post. Suddenly turning to the King of Sweden, who was with him, he said: "I am most specially anxious to win to-day." "Why so?" enquired the king. "Because," was the answer, "I always give the princess whatever my success happens to bring me. With the stake money of the last Derby I won the princess provided 1700 poor boys with a complete outfit—clothes, underlinen, boots, and all necessaries—and stamped on each article was 'From your friend the prince.'"

The Duchess of Portland some time ago presented to her husband a handsome blotting book of Russia leather heavily mounted in silver. On the mountings are engraved the names of the club members. In 1889 Donovan won the Derby, and the St. Leger, besides the Newmarket stakes and many other important races. The total sum won by Donovan during his racing career amounted to £70,000, and the whole of this large fortune the duke gave to his wife for the purpose of building almshouses for widows of the duke's tenants and a cottage hospital for the neighborhood.

Baron Hirsch was another great benefactor of the poor. He spent more than £50,000 of turf winnings on charity. All the winnings of £24,000, were devoted to various charities.

REGATTA AT COBourg

Motor Boats Will Hold Water There on August 5, 6 and 7.

Arrangements have almost been completed by the Canadian Power Boat Association for their first annual regatta to be held this year at Cobourg on Aug. 5, 6 and 7, when it is expected that over 300 boats, sent by the various Canadian yachting clubs, will take part. Of this number 200 will likely go from Toronto. In the association are the following clubs: R.C.Y.C., B.H.Y.C., O.C.Y.C., National Yacht and Skiff Club, Kingston Yacht Club, Parry Sound Motor Boat Club and the Bay of Quinte Yacht Club.

The Town of Cobourg is putting up \$500 towards the expenses and the racing will be run off in four classes: Class A, boats with speed of 18 miles or over; Class B, boats 10 miles and under 18 miles; Class C, boats under 10 miles; and Class D, boats in the first three classes the first prize in each will be a silver cup and in the last a silver trophy. The number of horses will receive a Canadian Power Boat Association prize flag.

The horse power will be calculated on the following basis: bore of cylinder in square inches, length of stroke, number of cylinders, revolutions per minute and whether 2 or 4 cycle.

Windsor Races Off. WINDSOR, July 23.—(Special)—The two remaining days of the races were declared off today for various reasons, the principal one being that the track was not fit for use and the other being that a large number of runners, who had been told they could have stalls tonight, were waiting for them. A number of horses entered for the last two days here are also entered for Monday and Tuesday at Detroit, consequently their owners were willing to call it off.

BUFFALO AND NEWARK WIN EASTERN GAMES

Rain Postpones Skeeters and Leafs Playing, Also Bronchos and Grays—Scores

Rain again kept the Skeeters and Leafs from playing, but to-day two games will be played, at 2 and 4, with McGinley and Pfeffer doing the pitching for the Keleites.

Only two games were played in the Eastern yesterday, Buffalo and Newark being the winners over Baltimore and Montreal respectively.

Buffalo, Baltimore 2. BUFFALO, July 23.—Both Buffalo and Baltimore played very amateurish baseball to-day, the pitchers having little or no control. Yovinkie walked nine batters, while Stanley and Pearson added seven to the list. It was a dark dismal day and the game was in keeping with the weather. Score: Buffalo, 7; Baltimore, 2.

Table with columns: Club, Won, Lost, Pct. Buffalo: 48, 32, .600; Baltimore: 43, 41, .512; Newark: 42, 42, .500; Montreal: 39, 44, .470; Jersey City: 36, 44, .450.

RICH PRIZES FOR BOBBY KERR. Gold Watch and Silver Bowl Worth \$50 Each for Beating Cartmell.

HAMILTON, July 23.—Bobby Kerr writes from Wolverhampton, England: "I had a satisfaction of a great kind, turning the tables on Cartmell by winning the 100 and 220 yards from him at Birmingham."

The Birmingham Athletic Club track is in fine condition, and it rained hard Friday night, the track was in very good condition. It was a friendly match against the English promoters good to see one of these fine English meetings. Just imagine over 400 entries on Saturday, over 100 in some of the different events. In the last: A. N. Morris, W. Robb, H. Baines, D. Corder, F. Spence, J. Spence, W. Curry, P. Epps, R. Green, W. J. Wilson, and P. Kynock.

Parke's team to play St. Cyprian at 2.30 at Exhibition Park to-day. Dr. Bennett, J. Bennett, Theodor, Wilson, Bolton, Maroney, Thelfer, Leigh, Button, Grace Church team to play St. James' at 2.30 at Exhibition Park to-day. Dr. Bennett, J. Shamrocks and Cornwall. MONTREAL, July 23.—The Cornwall Lacrosse Club is running an excursion to Montreal for the match to-morrow on the Mile End grounds with their old rivals the Shamrocks and the players will be accompanied by hundreds of their followers from the city. The team will be the same as two weeks ago, Donald Cameron being once more in line. A slight change in the positions of the players. Murray will go back to his old position at wing, and John White will be moved further out in the field, where his long stride will be of more value. The Shamrocks are not noted as fast fielders, but Cornwall expects to have an advantage over them in racing for the rubber in middle. The Shamrocks, Cummings and two of the Deagans will go.

There will be no change in the Shamrock team from that which trimmed Cornwall here at the end of the season. It is felt a team that could more than double the score on Jimmy Murphy's fast aggression should be good enough to win from Cornwall. The defence end of the team is exceptionally strong, the field is up to the average, and if the home works as well as did last time, the Shamrocks should have the big end of the score when the final gong rings.

With Forest and McIntyre in charge of the field, both teams will have to play clean lacrosse, and the players who transgress the rules will be given time to meditate with the penalty timekeeper.

Capitals and Nationals. OTTAWA, July 23.—Johnny Powers will play outside home in Saturday's match against the Nationals. Capitals are out to make a strong finish, and they will win from the Nationals. Powers has been unable to practice all week thru an injured leg, but will be in his usual form. Powers will be dropped to make room for Powers. Powers is in better shape than when he played against the Shamrocks here, and was going like a whirlwind to-night. He will play the three remaining home games.

Lawn Tennis at Longwood. BOSTON, July 23.—The eastern doubles tennis championship on the courts of the Longwood Cricket Club between Nelson W. Niles and A. S. Dabney Jr. of Boston, and W. F. Johnson and E. P. Larned of New York, who will meet to-morrow in the finals as the result of the quarter-finals. Johnson over R. C. Seaver and G. T. Putnam of Boston, 6-4, 7-5, 6-3, and W. F. Johnson and E. P. Larned over R. C. Seaver and G. T. Putnam of Boston, 6-4, 7-5, 6-3, and W. F. Johnson and E. P. Larned over R. C. Seaver and G. T. Putnam of Boston, 6-4, 7-5, 6-3.

Ruby Clay and Mary K. Winners. SPRINGFIELD, Ill., July 23.—The four-day meeting of the Great Western Circuit closed to-day. Results: 221 trot—Ruby Clay, 2:14. 222 pace—Mary K., 2:14.

King James Top Weight. NEW YORK, July 23.—In his allotment of weights for the Saratoga Handicap, Walter S. Yousbury, the official handicapper, has selected King James as being the horse in the race, and he places him at the head of the list with 123 lbs. Petticoat, in his estimation, is the poorest of the bunch, and he places him with 85 lbs. This is the feature of the opening day's program at the N.Y. on Aug. 2. The horse of the day is King James. The other horses of the race are: King James, 123; Blue Book, 104; Fitz Herbert, 122; Bouquet, 103; Mattie, 117; Royal Tourist, 106; Olambia, 116; Guy Fisher, 102; The Fashion, 101; Guy Fisher, 102; Hillarion, 114; Wise Man, 100; High Private, 111; Effendi, 107; Detective, 110; Don Juan, 104; Fayette, 109; Great Heavens, 105; Philo, 108; Gen. W. Leblond, 99; Wintergreen, 107; Affliction, 107; Monticore, 107; Lady Bedford, 84; Mary Davis, 102; Petticoat, 85.

Close at Delorimer Park. MONTREAL, July 23.—The summer meet of the Delorimer Park Trotting Association was brought to a close this afternoon when the free-for-all and special trot were run off. Following were the results: Free-for-all purse, \$500: Dennis W. E. A. Sunderland, 1:11; Doris B., E. H. Harrington, 1:11; Hal R. L. O. Allen, Middlebury, 1:11; Special trot, purse \$400: Dana, P. Pierce, Stanstead, 1:11; Owen Dunmore, E. Clare, Barton, 1:11; Time 2:23 1/4, 2:18 1/4, 2:18 1/4.

Moir out in Second Round. SOUTHELD, Wales, July 23.—In what was to have been a twenty round contest the Kural football, Young Johnson, an American, knocked out Gunner Moir in the second round.

Western Ontario Trap Shooters. STAFFORD, July 23.—In a scheduled match at the Western Ontario Trap Shooters' League here this evening, Ingersoll defeated Stratford by a score of 33 to 15. Five men a side shot at 25 targets each, and wind and rain conditions made good scoring difficult.

Irish Canadian Handicaps. At the handicap held by the Irish-Canadian Athletic Club last night, the 100 yards event was won by: J. S. Bove; 2, E. Vallancourt; 3, A. Dunn. The winners in the hop, step and jump were: J. S. Bove, 35 feet 10 1/2 inches; A. Dunn, 35 feet 10 1/2 inches; 3, Freeman.

Baseball and Boxing at Island To-day. After three successive postponed games on account of rain which has kept the gates of the ball park closed at Hanlan's Island, the weather prophet of Toronto is good enough to promise fair weather for to-day, when the Maple Leaf and Skeeters of Jersey City will play a double-header, starting at 2 and 4 p.m. That the local fans will see a particular fine article of the American national game is assured from the rest of the play. Jersey City has had during their three days' holiday. Both teams are feeling fine and physically in excellent shape, and are anxious to get at it. The Jersey City team is stopping at Hanlan's Hotel, on the island, and the Toronto Club have kept in daily practice, and the indications are that each team will line up to-day to better advantage than they have shown before this season.

Additional interest centres in to-day's double-header by reason of the appearance among the spectators in the grand stand of the mighty champion, Jack Johnson. This will be the final appearance of the great fighter since his arrival here on Thursday, as he had to postpone his exhibition announced for Thursday and Friday because of the rain. Johnson is a great baseball fan, and to-day will root for the Toronto. To-night he will appear, no matter if it should rain, and he will have to contend with the sportsmanlike conduct of all the participants in the tournament has proceeded with a degree of smoothness, complementing to all. Every effort has been made to rush events in which players who intend to participate in the Montreal tournament are entered, so that the tournament in the sister city shall not suffer. Special arrangements have been made to-day to accommodate a large gallery, and it is hoped that all lovers of tennis will attend. The committee regret that owing to a serious illness, Mr. Ralph A. Burns has been prevented from playing in the tournament. Mr. Burns has been a well-known figure in all the leading tournaments held in Canada, and has been the winner in many a hard-fought struggle. His many friends will be glad to know that the operation he has undergone was quite successful, and he is proceeding rapidly to recovery. Following is the draw for to-day:

A Morning Newspaper Published Every Day in the Year.

THE SILVER SITUATION.

Among the impressions, more or less reasonable, that hinder the influx of capital into new silver districts, is the apprehension that the market will be glutted with a metal subject to the ordinary law of supply and demand.

This economic fact which on the surface seems to tell against the maintenance of silver values, in reality warrants the anticipation that these will increase. The grounds for this confidence are very clearly explained by Mr. James S. H. Umsted in an able pamphlet on "The Silver Situation" just published by Messrs. Warren, Gzowski & Co. of Toronto, in connection with the Ouse Book.

It is apparent that in times when trade is normal the silver production of the world is barely sufficient to meet the ordinary demand. Mr. Umsted shows that in the fourteen years from 1892 to 1907 the value of silver consumed in the arts rose from \$18,600,000 to \$21,095,078, the latter amount equivalent to no less than 92,568,300 fine ounces.

As regards the High Peak division of Derbyshire, the opening of the constituency was received by the Unionist press with some surprise. In 1892 and 1895 it returned a Unionist majority of 288 and 507, but went Liberal in 1900 by 160 and increased Mr. Oswald Parkington's majority to 798 at the general election, the polling standing at 5458 to 4662.

Outside opinion regarding Canada and its climate has undergone a wonderful change within the last few years and the process is not yet complete. The "Kipling's poetic personification of the Dominion as "Our Lady of the Snows" was the quintessence of the older notion prevalent in Britain perhaps due to its small measure to the Peter Farley storybooks very popular in and about the middle of last century.

Editor World: I am astonished at the remarks made a few days ago at St. Thomas by the Rev. Dr. Sutherland on the orientals and occidentals, claiming that the Chinese made as good Christians as the white men. If the orientals are as good as these reverend gentlemen claim, it is not a waste of money to send the missionaries to them.

THE CANADIAN NORTH. Outside opinion regarding Canada and its climate has undergone a wonderful change within the last few years and the process is not yet complete. The "Kipling's poetic personification of the Dominion as "Our Lady of the Snows" was the quintessence of the older notion prevalent in Britain perhaps due to its small measure to the Peter Farley storybooks very popular in and about the middle of last century.

will cover the enormous area bounded by the United States, Hudson Bay, the Arctic circle and the Pacific Ocean. If this anticipation is realized, it will probably modify the rigor of the present winters, but be what as it may, there is an evident fascination in the far north that will always attract, for it builds up strong men and fair women.

MUNICIPAL ICE PLANT.

Those who ascribe to demagogic appeals the growing inclination to expand the scope of publicly owned and operated undertakings should examine more closely into the why and the whereof of it. Over in the United States just now the methods pursued by the Ice Trust are attracting particular attention this summer.

Camden, Trenton and other municipalities have been considering the advisability of establishing ice plants and have found just as the hotelkeepers did, that artificial ice can be produced at prices far below those charged by the combination. In fact, they are now proposing to do just what the New Zealand government some years ago did, when a similar hold-up was attempted in that progressive country.

BRITISH BY-ELECTIONS. Owing to the changes recently taking place in the British cabinet there has been something of a miniature general election and the result has been eagerly awaited since it provided the first indication of electoral sentiment over Mr. Lloyd George's budget.

As regards the High Peak division of Derbyshire, the opening of the constituency was received by the Unionist press with some surprise. In 1892 and 1895 it returned a Unionist majority of 288 and 507, but went Liberal in 1900 by 160 and increased Mr. Oswald Parkington's majority to 798 at the general election, the polling standing at 5458 to 4662.

Nova Scotia Mines and Keewatin Finds

Continued From Page 1.

results have been obtained, and, as a consequence, development work hereafter will be at a much swifter pace.

On July 10 the men encountered what is now called No. 4 vein, composed of cobalt and native silver, and also known as the "storehouse vein." It has been uncovered for 125 feet, and averages about 5 inches wide, carrying the comparatively high values of from 800 to 900 ounces to the ton.

In order also to develop the Bilskey vein, and Nos. 2, 3 and 4, cross-cuts are being driven from No. 1 level of shaft No. 1 at a depth of 110 feet. Here also two machines are being run on the one with three eight-hour shifts, thus greatly increasing the capacity of the men to make headway in the rock.

When there I took a look round the property generally, and found that the company were working shaft No. 3, and that they were drifting both east and west from the new fifth level at a depth of 240 feet. Within ten days from now it is likely that they will reach a new level, as a winze has been sunk to a depth of 75 feet from level No. 5.

I might say that the Nova Scotia is to-day, working a lease of the Peterson Lake property by means of a tunnel driven from their own shaft No. 3 on the Nova Scotia. Here also is a considerable body of ore stopped out ready for treatment.

What I gather, then, from my visit to the Nova Scotia is that the property is in good shape; that it has an excellent plant; that in eight months it will have one of the most modern plants in the camp; that it will then be free from that time on to produce a large and increasing quantity of bullion, and that it has to-day a showing of surface veins well worth going to Cobalt alone to see.

INDIAN ASSASSIN PROUD TO DIE FOR HIS COUNTRY

Dhingari Sentenced After Hour's Trial to Die For Murder of Col. Wylie

LONDON, July 23.—Madalari Dhingari, the Indian student who, on the night of July 1, at the conclusion of a public gathering in the Imperial Institute, shot and killed Lieutenant-Colonel Sir William Hutt Curzon Wylie and Dr. Gwynne Lalouch, was today found guilty and sentenced to death at the conclusion of a trial of less than an hour's duration in the Old Bailey Police Court.

At the close of the evidence, and in reply to the query if he wished to question any of the witnesses, Madalari said, "No," adding that he wished only that the statement in justification of his act, which he made in the police court on July 10, should be read. This was done, and the verdict of guilty and sentence to death followed in a few seconds.

As the lord chief justice concluded in pronouncing sentence, the prisoner drew himself up in military style, and said: "I thank you, my lord. I am proud to have the honor of laying down my humble life for my country. Your sentence of death is perfectly illegal. You are all-powerful, and can do what you like; but, remember, we will have the power some day. That is all I have to say."

AN AQUATIC MARVEL

Enoch, Famous Trout Europe, Will Be at Hanlan's Point Next Week.

As to-day will wind up the three weeks' engagement of Kearney P. Speedy, the famous high-diver at Hanlan's Point, the band of the Queen's Own Rifles has been engaged to give concerts both afternoon and evening. This will be the last opportunity of seeing Speedy make the wonderful feat of diving from a height of 100 feet into the small tank of water.

The completed church will cost about \$40,000. The portion to be proceeded with now will mean an expenditure of about \$15,000. The architect is Andrew Sharp.

A few years ago the present building on Spruce-avenue was enlarged, but the congregation has grown so rapidly under the rectorship of Rev. A. E. McIntyre, M.A., that the vestry decided at the Easter meeting to authorize the erection of a new church.

BOYS SOAP TRACK

And Flat Car Dashes into Trolley—Three Will Die.

NEW YORK, July 23.—Mischievous boys soaped an inclined track in the Brooklyn Rapid Transit System in Brooklyn last night, causing a heavily loaded flat car to slide off and crash into a trolley car.

Three persons were so badly injured that they will die, and 20 others were hurt. There was a panic among the passengers, who were on their way from Coney Island. Men, women and children fought their way out of the wreck and it was only by good fortune that the casualties were not greater.

WILL EXERCISE OPTION

MONTREAL, July 23.—(Special.)—It is understood that the Dominion Textile directors' position vacated by the death of President Hill, will be replaced by Charles Gordon, vice president, and a gentleman representing the London interests, as it is now taken by Miss Annie Stewart.

A few years ago the present building on Spruce-avenue was enlarged, but the congregation has grown so rapidly under the rectorship of Rev. A. E. McIntyre, M.A., that the vestry decided at the Easter meeting to authorize the erection of a new church.

Heaviness at Pit of the Stomach

A Feeling of Uneasiness Before and After Meals is Quickly Cured With Nerviline.

Nearly everyone gets an occasional attack of indigestion and knows just what that heavy feeling means in the stomach. "I was subject to stomach derangements and my health was seriously hampered on this account. After meals I belched gas, had over my sensation in my stomach and a weighty feeling on my left side. The first relief I got was from Nerviline—I used it three times a day and was cured. I continue to use Nerviline occasionally, and find it is a wonderful aid to the stomach and digestive organs."

The above letter comes from Mrs. P. R. Stetson, wife of an important merchant in Brockton, and still further proof of the exceptional power of Nerviline is furnished by A. E. Roseman, the well-known upholsterer of Chester, who writes: "Let everyone with a bad stomach use 'Nerviline,' and I am sure there will be few sufferers left. I used it so entirely satisfactory that I would like to have my letter of recommendation published in order that others may profit by my experience."

You'll find a hundred uses for Nerviline—it's a trusty household remedy that sells to the extent of a million bottles per year—that's the best proof that it must cure and give unlimited satisfaction. Refuse anything offered in place of Nerviline, 25c per bottle, five for \$1. All dealers, or The Catarhizone Co., Kingston, Ont.

Reflections on the Weather. Tho' a peacock fog obscured all nearby objects on the lake and bay yesterday the boats did not stop running. There was very little passenger traffic.

"Putting business on the bum," remarked a burly mariner. "People won't go boat riding in this rotten weather, he glared out at the offending elements. All the vessels seemed to be in a sourly contemplative mood yesterday. Even the orders the captain gave were more than ordinarily lurid.

"This damned rain is getting too common to suit me," said a ship's officer. "Familiarity sure does breed contempt," he continued. "I would not care express out loud the contempt I have for this weather."

"St. Swithin is certainly getting in his dirty work all right," said another officer.

Mr. E. H. HARRIMAN DIRECTED TO DRINK MALT BEER A despatch from Austria last week stated that upon concluding an examination of Mr. E. H. Harriman, the great American railroad financier, Prof. Struempell, at Semmering, Austria, prescribed malt beer for his undernourished patient. The same prescription is given by doctors in Toronto every day where up-building of the system is required. Cosgrave's Half-and-Half is not only prescribed by physicians, but is used in their homes as a family beverage and tonic. It has been brewed here for years and contains all the rich, nourishing elements with which Nature endowed malted barley. Professor Struempell's prescription for Mr. Harriman was "plenty of cereals, large quantities of milk, much meat, and unlimited malt beer." Cosgrave's will keep good in the home because it is Pasteurized. ORDER A CASE FROM YOUR DEALER

THE NEW FRENCH REMEDY THERAPION This successful and highly popular remedy, used in the Continental Hospitals by Ricord, Rossignol, Jobert, Dubois and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. THERAPION No. 1 In a remarkably short time, often a single dose, removes all discharges, suppurating abscesses, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. THERAPION No. 2 For impurities of the urinary tract, such as gonorrhoea, pain and swelling of joints, secondary symptoms, spots, rheumatism, and all diseases for which it has been too much a fashion to employ mercury, arsenic, etc., to destruction of sufferer's teeth and ruin of health. This preparation purifies the whole system through the blood, and thoroughly eliminates all poisonous matter from the body. THERAPION No. 3 For exhaustion, sleeplessness, impurities, and all distressing consequences of dissipation, worry, overwork, late hours, excesses, etc. It possesses surprising power in restoring strength and vigour to those suffering from enervating influences of long residence in hot, unhealthy climates. THERAPION is obtainable of principal chemists. This is the French Government Stamp, which is a fac-simile of word "THERAPION" with letters on a red ground affixed to every genuine package. Strike on N. T. R. KENORA, July 23.—Seventy-five spikers and steel workers on the Transcontinental Railway at Holst Point, Winnipeg River, went on strike this week. An increase in wages to 25 cents per hour for spikers and 22-1/2 cents for steel workers is asked. To Dine With King. LONDON, July 23.—(C.A.P.)—Hon. L. P. Broderick, Canadian minister of mining and Sir Frederick Forster, minister of militia, will dine with the King at Buckingham Palace to-morrow.

DAUGHTER GOES TO ASYLUM. GODERICH, July 23.—The tragedy at Bayfield, where Mrs. Burns was found dead in bed, still remains a deep mystery. No arrests will be made. Dr. Taylor of Goderich and Dr. Woods of Bayfield examined the daughter yesterday, and have had Miss Burns sent to the asylum in London. LOCATE RUNAWAY WIFE. CHATHAM, July 23.—(Special.)—W. N. Gardner of Galt arrived in the city to-day in search of his runaway wife, Constable Dezelle located the woman in Blenheim. Last winter an immigrant named George Pearson got work at Gardner's home, and in the end Pearson took his wife. They took with them Gardner's little three-year-old boy. Gardner's chief desire is to claim the little boy and take him back. LEAVES CRUTCHES AT SHRINE. KINGSTON, July 23.—Miss Amelia Rose, aged 20, of Maxmouth, returned this morning from the shrine of Ste. Anne de Baure, leaving behind her a pair of crutches and a plaster par on her back, which she had used since last December. The girl and her friends claim that a miracle has been wrought.

A FARM FOR \$4000

\$100 DOWN. \$10 PER MONTH.

A splendid, absolutely safe investment in a Cuban Fruit Farm, in an established colony, producing the best of results in Oranges, Grape Fruit, Lemons and Pineapples, with direct shipment by land, rail or boat.

If you do not see fit to put the land into crops this year, let it stand as it now is for a period of one or two years, and the natural development of the country will add a larger profit than any other investment you can make.

If you wish to plant in Oranges, Grape Fruit, Lemons, Pineapples or Tobacco, and continue your employment here till your plantation is bearing profitably and assures you a practical income, consult us and we will show you how you can do so and provide for yourself an income for life.

Remember, all that it requires to be the owner of a Cuban Fruit Farm is \$100.00 cash down and \$10.00 per month until you have saved \$400.00.

If you are interested, call or write, and we will furnish you with our illustrated booklet describing these lands.

Now is your time to gain independence for life in an established Canadian colony. Apply

GOWGANDA MINES WHICH ARE PRODUCING SILVER

Camp Has Ore Ready to Ship as Soon as Wagon Roads Make It Feasible

Paul C. Neumann writes the World... The 'Cobalt' knockers of some years ago have disappeared, and their memory is still fresh in the minds of those who have given credence to their false prophecies...

Having just returned from Gowganda, where I spent six studying local mining properties... The 'Cobalt' knockers of some years ago have disappeared, and their memory is still fresh in the minds of those who have given credence to their false prophecies...

How utterly ridiculous and false the statement is that values do not hold out at depth can best be judged from the following facts which I feel are fair to presume that their investigation was conducted by competent men...

Visitors in the Shaft. "One day last week the following visitors were taken into the Boyd-Gordon shaft and after a thorough inspection of the showings in the shaft...

This Mine Ready to Ship. "Mr. Wilson also stated to me that as soon as the winter roads could be made the Dobbie-Reeve would be a load of ore, now sacked, the like of which never before was shipped from any district. The same can be said for the Boyd-Gordon, the Bartlett and the Mann and Ryan, which, in conjunction with the Dobbie-Reeve, form the four properties that have been held out as the mainstay of the Gowganda district...

Who in Toronto has not heard of the beauties of Muskoka and who has not longed to own one of its many beauty spots, either for building or camping? Yet that invaluable privilege is within the power of anyone who loves the open air life. It will be seen by reference to another page, the Muskoka Lakes Estate Company, Limited, is giving away one hundred lots in one of the most beautiful sections of that lovely district. These lots, the company affirm, are unequaled for beauty of situation and opportunities for holiday enjoyment. Nor are the requirements of sport overlooked. In the adjacent waters are plentiful stores of fish, rock-bass, pickerel and many of the game fishes, providing ample sport for all lovers of the piscatorial art. This favored region it is desired to open up for superior residences and those who apply under the conditions specified will have a unique advantage. It only needs to read and learn.

Barns and Crops Burned. WHITBY, July 22.—(Special).—During the electrical storm early this morning the barns of Pardon Ford were struck by lightning and together with the season's hay crop and a lot of implements in the barn were destroyed by fire. The loss is well covered by insurance.

Dr. Amyot Tells How Germs of Disease Attack and Are Repulsed From the Body

Infection, said Dr. J. A. Amyot at the third public lecture of the university summer course last night, was due to minute vegetable or animal organisms which formed toxins or poisons which attacked the tissues of the body to enable the organism to use it as food. The disease was not due to the presence of the organism, but to the action of the poison. Some, like the tetanus or lockjaw bacillus, pour out large quantities of toxin into the system. Others moved more slowly.

Diseases caused by animal organisms were mainly those prevalent in tropical countries, such as malaria, the one thing which prevents white races from living in the tropics, which made the French give up the Panama Canal and which has forced the Italian out of Italy and made him our navy. Yellow fever, the sleeping sickness and rabies were also caused by animal organisms. Fifty per cent. of the population of Southern Alberta, you had better get busy now to cooperate with an assistant. Manager Brown Committed For Trial for Obtaining Money Under False Pretences

QUELPH, July 23.—(Special).—Manager James Edward Brown of the Brown-Lee Chemical Co. was committed for trial by Police Magistrate Saunders this afternoon on three charges of obtaining money under false pretences. The Brown-Lee Chemical Co., which since the arrest of its general manager has gone into liquidation, was a joint stock concern. The capital stock, subscribed for by many prominent citizens, amounted to about \$500, and to-day the shareholders find that the company is bankrupt and has outstanding liabilities of about \$400. Up to a few weeks ago they all thought the business was a splendidly paying concern. A dividend of 7 per cent. had been struck last February on the strength of the preliminary report of the auditor, who was able from the padded books to bring in a most encouraging statement. It came out in the preliminary hearing that Brown's method was to enter in his books a lot of fictitious sales, which he would afterwards enter as goods returned. The strength of the favorable auditor's statement thus attained he sold about \$1500 worth of stock, only about \$300 of which was actually returned. The balance was the sale of three of these lots of stock that aroused suspicion and became the foundation for the charges on which he has been committed.

COAL COMPANY WINS Arbitrators in Springhill Dispute Vote Against Change.

OTTAWA, July 23.—The report of the conciliation board with reference to the Springhill coal mines arrived today from Halifax. Application for the board was on behalf of the United Mine Workers and the demand was for the recognition of that body; determination of standard weight of a box of coal; establishment of schedule rates; amending the docking system. The board felt it should not express opinion on recognition, but that it ought to be left to the discretion of the company as to how it would effect a recognition organization having its central authority outside the province, and largely under the control of interests that may become in the future competitors with the company. The report winds up: "In judgment of the board the present is not a time for agitate change, but rather a time when a common effort should be made to improve the situation and secure the permanence of the industry. The board also points to the fact that there seemed to be unpleasant relations between the management and the men, and suggests that the directors enquire into the evidence taken at their policy so that a more pleasant state of affairs should exist. Another contract has been awarded to Messrs. Foley, Welch and Stewart for the building of the grade of the Grand Trunk Pacific from the McLeod River to Tete Jaune Cache, 180 miles. This will place the finished grade 50 miles west of Yellowhead Pass. About the middle of August a contract will be let for 140 miles from Kitselas Canyon to Aldermere in the Buckley Valley. This will leave only 350 miles of a gap in British Columbia to be closed.

Local Stock Exchange Wall Street Dull But Firm

Mackay Common the Market Leader for the Day—Dominion Coal Continues Strong.

World Office, Friday Evening, July 23. Speculative interest showed small signs of existence at the Toronto Stock Exchange to-day, but the operations were not heavy, prices were firm and in some cases higher. The whole market is in a bullish frame of mind and advances can be easily accomplished unless stocks are more freely offered than at the present time. Trading to-day took on a more summery-like appearance, the majority of the listed issues being inclined to inactivity, but quotations remaining firm at the close.

Mackay common was the market leader for the day and advanced a point to 81-1/4, closing fractionally below that figure. Dominion Coal made another advance to-day, selling up to 77-1/2, a gain of half a point over yesterday's high figure. During the afternoon the price eased off and closed lower. Dominion Steel was weaker and inactive, such sales as occurred being made fractionally lower than last night's quotations. The preferred was not dead in. The South Americans were dull; Rio opened at 88-1/2 and sold up nearly a point, most of which was lost later, however. Sao Paulo was weaker, selling down to 145-1/4, a loss of nearly two points.

The general Electric movement fastened out to-day and the stock was not dead in. C. P. R., Lake of the Woods and Porto Rico were fractionally weaker. Toronto Electric and Toronto Bells were unchanged. In the investment securities Dominion sold at 229, Imperial at 227-1/2, Commerce at 185, Hamilton at 203 and a small block of Traders' changed hands at 139. Bonds were quiet, sales which transpired being made at steady prices.

The listed mining shares were dull, but firm. Nipissing sold at 111-1/2 and La Roca maintained the recent high prices reached. Wall Street Pointers. Employees of Standard Roller Bearing Co. in Philadelphia, who struck, will return to-day. The Welsbach Co. declared a dividend of \$2 a share, payable Sept. 1 to stock of record Aug. 18. The Cuban-American Sugar Co. declared a dividend of 1-3/4 per cent, payable Aug. 10; books close July 20 and open Aug. 11.

The copper experts for week ending July 17 showed a considerable falling off. Stated that Canada will bar United States silver coin from circulation in the Dominion. Joseph says: Don't be induced to sell steel short, except on quiet afternoons, and if you do espouse the bear side temporarily, don't despise quick profits. Stick to New York Central, Buy St. Paul and don't disregard Baltimore and Ohio.

The sub-treasury gained \$257,000 from the banks yesterday, reducing cash net loss since Friday to \$212,000. The known movements of money for the week ending yesterday indicate a gain from the interior of \$6,029,000, bringing the total gain from the interior in 18 successive weeks to \$120,040,000. Further advances in steel product rates, amending the docking system. Baldwin Locomotive Works reports orders for sixty locomotives. Supply of copper in consumers' hands is low and tending to strengthen the market.

Senator Aldrich says that a complete agreement on the tariff bill is in sight and that he hopes to complete conference report to-night. There is much speculation in many houses where large and small traders operate, regarding how the big manipulative interests will act to justify the rise in the stock market to this or higher levels at present. The magnificent control over prices exhibited during the past few days, certainly has reassurance on this point, especially when it is considered that the prospect for business and crops are so good. General outlook: Special bullish operations are likely to be the order during irregularity in the general active list, which seems to be restricted to a narrow trader's area for the present, according to latest news. Support is met on moderate declines, with realizing on rallies of a couple of points.—Financial Bulletin.

While the speculative element is not inclined at the moment to do much in view of the steel dividend uncertainty, it is not unlikely that standard rails will be again taken in hand, especially as the buying in them has been good during the past few days. The resumption of the old scale of wages should help Erie, which, indeed, should sympathize in the more pronounced strength we expect in other trunk line stocks, especially New York Central and Baltimore and Ohio, which seem good for half a dozen points more.—Town Topics.

The Hearth and the Flue of a Comfortable Home

In the olden days the hearth typified the home, and the chimney was associated with the conveniences, the comforts and the luxuries of domestic life.

But to-day---when your chimney is finished and your fireplace installed you have to think of many another matter in addition before your idea of modern comfort is realized.

Right here is where the services of this store come in, and more especially the services of what we call our House-furnishing Club.

This is a purely private arrangement by which a limited number of responsible people may have the advantage of a charge account in certain of our departments without extra charge in any way.

- Carpets, Furniture, Silverware, Curtains, Pictures, Wall Paper

The club office is quite near the Queen and James street door. If you will discuss the matter personally with the Club Secretary we are sure we can interest you and show you the advantage of becoming a member.

Housekeepers' Day and Its Special Attractions

THE Linens and Staples Department with both its upstairs and its downstairs facilities gives housekeepers special advantages on Monday. Here's evidence of it:--

ADDRESSED STONECUTTERS

Visit of Joe Evans of Washington, International President. Joe Evans, International president of the Journeymen Stonecutters paid a fraternal visit to Toronto yesterday,

and addressed the local union last night at the Labor Temple. He found the Toronto branch in fine shape, with a strong membership and on a sound financial footing.

Cloak Dept. Clearances in Every Line

AS STOCK-TAKING occurs within a few days, we are reducing surplus stocks without mercy. Just look at the figures for Monday in the Cloak Department:--

- LADIES' \$10.95 WASH SUITS FOR \$4.95. A great stock-taking clearing of Ladies' and Misses' Summer Suits, of linen and English repp; shades are fawn, grey, blue, mauve, green, pink and white.

Ladies' Whitewear, Underwear, etc.

FROM now right until stock-taking we will make vigorous war on all the odd lines in the department. Every day will see several put on the bargain table.

- About 120 pairs Ladies' Fine Corsets and Brassieres. Samples and oddments, in coutil or batiste; colors white or grey; all styles and all sizes in the lot.

Wash Goods Department Reductions

THE fact that we are nearing the end of July, the mid-summer month does two things, it reminds you that you need more hot weather dresses, and it reminds us that stock must be reduced.

- Black Grenadine Muslins, absolutely fast, will not turn rusty, pretty designs of fancy stripes and checks. Regular 25c, for 15c.

Dress Goods Department Reductions

- Exceptional values in Medium and Light Weight Dress Fabrics. About 1,500 yards fashionable weaves and colorings, also blacks in the lot.
