COAL OUTLOOK FOR ONTARIO CONTINUES BAD

Worse Famine Than Ever Threatened Unless Government Acts Quickly.

Authority States They Are Holding Large Quantities for High Prices.

Unless the Canadian Government acts and acts quickly Canada will be up against a worse fuel famine than she has imagined at present.

Another matter that shows the inaction of the Canadian Government lies in the fact that while France and Italy have made arrangements for supplies of coal from the U. S. thru Washington, Canada, which has always been dependent on the States for the major portion of her fuel supply, has not done so.

TRY THE "EDUCATOR" IDEA OF SHOE COMFORT

It's Nothing More Nor Less Than a Common Sense Method of Comfortably Shoeing the Foot Without Sacrificing Style.

Men's Educator Oxfords in black kid, chocolate kid, tan calf or black calf and patent leather. In widths from AA to E, 8.00

Wear comfortable shoes in hot weather—for many who blame hot weather for irritable temper and out-of-sorts condition are mostly suffering from the all-day pinching of uncomfortable shoes. Hot weather is enervating enough in itself. See that your feet are comfortably shod.

The Educator way is a sensible way because the shoe conforms to the lines of the natural foot. Note the illustration on the right. In stepping forward when the foot is straight the body is carried forward with a natural spring and without friction of the toes. Imagine the spring of each step of foot illustrated at left. That's the difference between foot misery and comfort.

Boys' Educator Oxfords in black or tan calf or patent. Sizes 1 1/2 to 2, black, \$4.25; tan, \$4.50. Sizes 2 1/2 to 5 1/2, all leathers 5.00

BRITISH MAINTAIN STEADY PRESSURE

Many Local Night Enterprises Succeed Against German Front.

RAIDS EAST OF ROEUX

Local Drive Northwest of Warneton Secures Two Advanced Posts.

By R. T. Small, staff correspondent of The Associated Press.

British Headquarters in France, June 25.—Altho the official statements report little activity, the British are keeping up their pressure day and night along the entire 120-mile front they occupy. Last night a number of local enterprises were carried out successfully.

One of these operations was rather important, increasing as it does the British grip about Lens. Under the light of the stars British troops stormed and captured 400 yards of front line trenches east of Rismont, in the western outskirts of Lens, thus drawing closer to the mining capital of France.

Heavy German raids in the darkness served to keep the Prussian nerves on edge. One of these was undertaken west of Rismont. Here fifteen prisoners were brought in, while during a period of two and a half hours the British remained in the enemy trenches. Heavy casualties were inflicted upon the Germans and their dugouts were bombed.

Two more raids were carried out east of Roeux and in the region of Vendhuile, while a local push northwest of Warneton secured two advanced posts. In this affair a number of Germans were killed.

Increasing activity on the western front is reported in today's official announcement, which records various successful raids by the British. The statement follows:

"Successful enterprises were undertaken by us last night at a number of points on our front. Parties of our troops raided the enemy's trenches in the neighborhood of Ephevy, Bullecourt, Roubaix, Loos and Hooge, killing many Germans and taking several prisoners. In another raid east of Warneton we captured 15 prisoners, two trench mortars. Our party remained two hours in the enemy's trenches, blew up his dugouts and inflicted heavy casualties on his garrison.

"In addition to these raids successful minor operations were carried out on our southwest of Lens and northwest of Warneton added to the number of our prisoners and enabled us to gain further ground in both localities."

KILLED BY AUTO.

Special to The Toronto World. Galt, June 25.—James McPhanter, a prominent farmer of Clyde, was instantly killed in an auto accident on his farm at one o'clock Saturday morning. Returning from a visit to a neighboring village, he drove his car into the barn and it crashed thru the side of the building and fell a distance of 15 feet into the barnyard. When found he was pinned under the car and dead, with his neck broken. He was 45 years of age, a bachelor and government judge of horses at fall fairs. He was also a prominent worker in rural organization. Two sisters and three brothers survive. There will be no inquest.

HOTEL SAFE ROBBED.

Special to The Toronto World. Brantford, June 25.—It is reported that either Saturday or Sunday a robbery was successfully pulled off at the Kerbie house. The door of the safe was ajar and while the men on duty was absent for a time \$150 was taken. There is no clue.

BRITISH STEAMER SINKS SUBMARINE

Gunner Makes Hit at Distance of Nine Thousand Yards.

An Atlantic Port, June 25.—Officers of a British steamer which arrived here today reported having sunk an attacking German submarine. The British vessel sent a shell into the U-boat's magazine, causing an explosion which parted the undersea about amidships. Each end sank separately. The British steamer was uninjured.

The submarine was five miles distant and running away after having attacked the steamer nearly 400 miles off the coast of Ireland.

According to the story told by the gunner of the British steamer, the submarine was first seen when she sent a shell at the steamer from a distance of about 3000 yards. The shot was true and immediately the submarine was toward the U-boat, getting the naval gun at work. Eleven shots each struck very close to the German.

"I knew I had the range after the second shot, and so did the German," said the British gunner.

"The Germans were using their two guns fore and aft, while we had only one, but the shells were falling short, and he started to run. I followed him with a shell, and the twelfth, the one that sent him down, struck just about the periscope. He was then more than 9,000 yards away. "We could all see the boat break in two and go down, disappearing within a few minutes."

FIGHT OFF U-BOAT.

An English Port, June 25.—American naval gunners successfully fought off a big German submarine which attacked an American passenger liner off the coast of Ireland last night. A torpedo fired by the submarine missed its target by less than twenty feet.

The encounter occurred at midnight after the liner had been in the submarine some many hours. A large number of passengers on board were reading in the cabins or lying in chairs on the deck ready for an emergency.

The dim outline of the submarine against the sky was visible to the gunners for a moment. They soon lost sight of the raider in the darkness, however, and were unable to tell whether any of the shots fired hit the mark.

Casualties in Air Raid Are Nearly Six Hundred

London, June 25.—The complete official list of casualties of the German raid over east London June 13, as announced today, showed the heaviest toll of any German raid.

The killed were 157, the injured, 432; total, 589.

CANADIAN CASUALTIES IN IMPERIAL FORCES

S. Satchwell of Toronto R.F.A. is Reported Wounded.

Canadian Associated Press Correspondence. London, June 20.—The following casualties to n.c.o.'s and men serving in the imperial forces have been reported:

Killed: 2283, V. Du Fresnoe, King's Liverpool Regt. (Ottawa); 5583, J. A. Davies, Lancers (Welland, Canada); 7077, Lance-Corp. H. H. Diolgent, Rifle Brigade (Quebec).

WANTS LARGER DIVIDEND.

Special to The Toronto World. Brantford, June 25.—The Brantford Gas Company, of which the city is a shareholder, has declared a second dividend of four per cent, but this does not satisfy Mayor Bowby, who wants ten per cent. declared. He has also, as a preliminary step, called on the holding company, the Dominion Gas Company, to at once report as to whether or not the Tilbury (sulphur-bearing) gas can be purified.

APPLICATION DISMISSED.

Special to The Toronto World. Chatham, June 25.—The Dominion Railway Board has dismissed the application of the S. Edley Lumber Company, of this city, for a reduction in railroad rates on lumber to compete with water rates similar to those now prevalent in Detroit. The application was supported by the Chatham Board of Trade.

JUDGMENT IS RESERVED.

Special to The Toronto World. Chatham, June 25.—Magistrate Arnold has reserved his judgment until Saturday on the evidence submitted at the preliminary hearing of the three indicted aldermen—C. S. Coatesworth, P. H. Brisco and F. Baxter—who are charged with having conspired to solicit a bribe of five thousand dollars from the Chatham Gas Co.

AIR RAIDER DECORATED.

London, June 25.—An Amsterdam despatch to The Times says that Capt. Brandenburg, who conducted the German air raid on London, June 13, in which a large number of persons were killed and wounded, has received the Order Pour le Merite from the German Government.

BRITAIN WILL DEVELOP MINERAL RESOURCES

Far-Reaching Results Expected From Progress in United Kingdom.

London, via Reuter's Ottawa Agency, June 24.—It is officially stated that the development of the mineral resources of the United Kingdom, which the department of the ministry of munitions is undertaking, under Sir Lionel Phillips, is likely to lead to far-reaching results. Sir Lionel Phillips is bringing to his new task the knowledge and experience gained by a life's work in developing the mineral resources of South Africa.

A number of engineers of outstanding ability and position are also assisting the efforts of the department. Already considerable work has been done in furthering the purposes of the war. Steps are being taken to control and expand the Wolfram mines, from which it is expected to produce essentially the new source of the element of high speed steel. The lead resources of the country are also being completely surveyed, and old workings are being reopened. Action is also being taken in regard to the production of zinc.

THREE DOLLARS FIXED AS MINIMUM PRICE

Figure Set for Cost of Coal at Mines, Following Conference.

New York, June 25.—Testimony that price lists fixing \$3 at the mines as the minimum cost of semi-bituminous coal were sent out to operators on the day after a conference of coal presidents and operators in this city in January, was introduced by the government today in its trial of 31 individuals and 102 companies, engaged in coal production, in the federal court here.

It is the government's contention, as set forth in the indictment, that the defendants conspired, in violation of the Sherman anti-trust law, to establish prices in the semi-bituminous district in Virginia and West Virginia.

New Brunswick Farmer Shoots Neighbor While Fixing Fence

Woodstock, N.B., June 25.—Harry Wiley was shot and killed on his father's farm near Glasville, Carleton County, Saturday, and William Glenn, a neighbor, has been held in connection with the shooting.

Wiley, it is said, was making some temporary repairs to a line fence when Glenn, whose farm adjoined, came up and shot him with a rifle.

Glenn barricaded himself in his farmhouse for two hours and then gave himself up. It is alleged, Glenn has lived the life of a recluse for many years.

RUSSIA'S LOAN SUCCEEDING.

Petrograd, June 25.—Subscriptions to the 2,000,000,000 ruble Russian Liberty Loan today approached the 1,500,000,000 ruble mark.

BOHEMIANS GO OVER TO RUSSIAN ARMY

Prefer to Fight for Allies Rather Than for Germans.

MUCH ANTI-AUSTRIAN

Foe Permanently Disbands Czech Bodyguard Regiment Thru Disaffection.

Copenhagen, June 25.—The disclosures of the retiring Austrian minister of defence, F. Von Georgi, before a Reichstag committee, that three Bohemian regiments had during the war gone over to the enemy in a body and his statement that Czech prisoners of war had volunteered for service against Austria-Hungary in considerable numbers constitute only a part of the anti-Austrian demonstration of Bohemian troops, who thru long continued conflicts with the Germans for dominance in Bohemia, have felt in a way more closely allied with the Russians than with Teuton-directed Austria.

It is a fact freely admitted in Austria, altho the newspapers have never previously been permitted to refer plainly to it, that from the beginning of the war Bohemians deserted en masse at every opportunity. Certain regiments, as early as the spring of 1915, had to be decimated because of their inclination to desert to the enemy.

The royal Bohemian bodyguard regiment was permanently disbanded at that time and its colors sent to the arsenal in Vienna.

It was at about this period that the correspondent saw a naive letter from a Bohemian prisoner in Serbia advising his comrades not to desert while in Serbia as the conditions of residence there were too unpleasant.

Former Manitoba Ministers Charged With Conspiracy Freed

Winnipeg, June 25.—Sir Rodmond Roblin, George R. Coldwell and James H. Howden, who have been under indictment in the assize court here for months, charged with conspiracy in connection with the Manitoba parliament buildings, were discharged this afternoon by Mr. Justice Prendergast.

NEW RUSSIAN TAXES.

Petrograd, June 25.—Bills have been submitted to the Russian provincial government by the ministry of finance dealing with an increase of as much as 30 per cent. in the progressive income tax on incomes exceeding 400,000 rubles and a tax on profits of industries, supplying war material of 70 to 90 per cent.

CANNOT COMPEL ELIGIBLES TO FIGHT

Council Vetoes Proposal to Make Young Men Enlist or Quit.

TAKE OVER RAILWAY

Metropolitan Expropriation and C.P.R. Subway Finally Approved.

While Toronto City Council has twice urged upon the federal government the principle of conscription of the man power of the country to keep the Canadian army up to full strength at the front, it is not in favor of compelling eligibles in civic employment to enlist for overseas or reserve service.

The debate was of a somewhat acrimonious nature for a time, but dropped rather flat after a spirited and heated statement by Ald. Ramsden, and ended in defeat of the proposal.

Bankruptcy is Damned. "We hear that if we increase the pay of the soldier in the trenches we will bankrupt the country."

Introducing the resolution, Ald. Ryding stated that there were more than 3000 men in the army and 45,000 in the reserves.

Controlled by the Government. "It is entirely out of place to ask the working man to risk his life at the front and allow others to pile up huge profits at home."

Distribute Burden. "It is entirely out of place to ask the working man to risk his life at the front and allow others to pile up huge profits at home."

"I am in favor of conscription along some lines," said Ald. Ramsden. "But here in this city there is a vulgar display of wealth and extravagance."

"Vulgar Display." "I am in favor of conscription along some lines," said Ald. Ramsden. "But here in this city there is a vulgar display of wealth and extravagance."

Ald. Risk opposed the recommendation in the report of the board of control that the council vacation date from July 5 to September 24, subject to the calling of special meetings, in the event of emergency and urgency matters.

Imposed Fine on Rumania. Jassy, Rumania, June 25.—Germany has imposed a fine of \$50,000,000 francs on the occupied territory of Rumania.

WHAT THE COUNCIL DID.

Agrin asked the Dominion Government to pass and enforce conscription.

Approved the agreement with the C. P. R. to bridge the Reservoir Ravine and build a subway west of Macleannan avenue.

Decided to expropriate the Metropolitan Railway within the city limits, and introduced a bill for this purpose.

Made a grant of \$25,000 to the 11th Regiment, extension of its armor, and payment of rent.

Decided to pay a share of the cost of celebrating the centennial and limited the contribution to \$1200.

Guaranteed a further issue of debentures, amounting to \$4,000,000 for harbor improvement work in 1918.

Sanctioned the application of the Toronto Hydro-Electric for an additional appropriation of \$125,000 to provide for purposes of the system.

See why the conduct of the city's affairs should be handed over to a board of control for the period named in the recommendation.

Ald. Ball, supporting the recommendation, said he had not noticed a quorum to decide important matters, and he feared that in the heat of summer there would be a great deal of idleness.

Speaking as a member Controller Cameron stated that he did not object to the board of control, whether the council had holidays or not. It was a matter for the aldermen themselves.

Whether the city should contribute to the cost of the celebration of the centennial was a question that caused much wrangling before the council decided to limit the city's share to \$1200.

What's the use of juggling and hop-scotching about like this? asked Controller O'Neill with some heat.

"Oh, you're always negative!" shot back Controller O'Neill.

The grant was supported by Aldermen Hiltz, Robbins and Graham.

On the motion of Ald. Risk the clause recommending a grant of \$490 to engage the services of the 11th Regiment and pay the rent, was struck out of the report, but later in council was reinstated by a large majority.

Cost of Work. The commissioner stated that he could not estimate the cost of the work, but he promised it would not cost any more than what was decided at present.

A motion introduced by Ald. Ramsden requesting the council to memorialize the Dominion Government to increase the pay of private soldiers and non-commissioned officers to the level of the army.

Without discussion the council adopted the report of the assessment commissioner and the city solicitor regarding the expropriation of the Metropolitan Railway within the city limits, and introduced a bylaw for that purpose.

STREET-CAR MEN AWAIT DECISION

Still Working Under Old Scale, Altho Agreement Has Expired.

Despite the fact that the old agreement between the Toronto Street Railway and its employees expired over a week ago, no new arrangement has as yet been made, and the men will still work under the old wage scale.

Ald. Joseph Gibbons, business agent of the union, stated yesterday that the men were setting very impatient over the delay. A draft agreement was submitted to the company early in May, and Ald. Gibbons understood that the directors of the company had a meeting early in June to consider the agreement, but their decision was not announced.

According to the draft agreement submitted, motormen and conductors ask for increases as shown in the following table:

First 6 months 25% increase
Second 6 months 25% increase
Third 6 months 25% increase
Fourth 6 months 25% increase
Fifth 6 months 25% increase
Sixth 6 months 25% increase

After the expiration of the old agreement, the men who are at present receiving 25 cents per hour are asking for 40 cents, and those who are at present receiving 35 cents are asking for 50 cents.

The annual election of officers for the Toronto Street Railway Employees' Union started yesterday and will conclude today. Most of the officers have been elected by acclamation, and the contest centres around the vice-president's chair and delegates to the various conventions. The polling station is at Broadway Hall.

THERE'S A NEW JOY IN LIFE

There's an added pleasure in living—for you—for everybody—the delight of a cool, sparkling bottle of

COSGRAVES

The Unequaled Non-Intoxicating Beverage

that adds to the joy of the picnics. Cosgraves is a snappy, lively drink, made from nothing but the finest malt and hops and pure filtered water—clear

amber in color—rich and foamy in consistency, thirst quenching, exhilarating and refreshing.

Enjoy it on the next motor trip or picnic.

Ask for it at places where soft drinks are sold—or order a case from your grocer or dealer for home. It's a family treat.

CHILDREN WERE TRAPPED IN BURNING HOUSE

Father at Work, Mother Downtown and Overheated Gas Stove Started Fire.

Locked in a room in their home over a store at 2550 Church street, three little tots, Hymie, aged 7, Dora, aged 2, and Ida, aged 1, the children of H. Averbitch, of the above address, had a narrow escape from being burned or suffocated to death yesterday afternoon.

According to the police attention was called to the place by the screams of the children, whose heads protruded from an upstairs window. Smoke was pouring from the window.

A Mr. Hatch and Abraham Chesney, both nearby residents, heard the children's terrified yells, and rushed from their places of business to the Averbitch home.

A flight of stairs thick with smoke, led to a door at the top. When they got there, however, they found the door locked, and it was only after considerable trouble that they were able to break in.

The fire, which had been caused by a lighted gas stove setting fire to an accumulation of old papers on a shelf nearby, and rescued the children, who were uninjured. It is alleged that while their father was at work, the mother went down town, locking the door on the children, leaving the gas burning.

The police are trying to ascertain who is responsible for the affair so that they can lay a charge of criminal negligence.

FIVE ARE NOW HELD IN MOTOR THEFT CASE

Were Arrested as Result of Crashing into Tree at Clarkson.

Arthur Healy, Robert Gourley, Chas. Crowley, George Clements and Percy Leslie, came in for the police court yesterday on a charge of stealing the motor car which crashed into a tree at Clarkson on Saturday morning.

They were remanded till June 28. Gertrude Laxman, who was one of the party, had her jaw broken in the smash.

Eight people comprised the party, two being Inspector Constable Hunter of Clarkson was awakened by the crash and arrived at the scene of the accident just in time to see a motor, the number of which he obtained, drive away with six members of the party.

George Clements and Gertrude Laxman being left behind.

The number of the wrecked car, which was on the stolen list, Hunter placed Clements under arrest and sent Miss Laxman to the General Hospital.

Then telephoned the police at Cowan avenue to watch for the other car, which upon investigation was also found to have been stolen.

The wrecked car is the property of A. W. Reeve, Hamilton.

Police Hold Harry Reynolds Said to Have Two Wives

Harry Reynolds, 13 Wood street, was arrested last night by Acting Detectives Elliott and Thompson on a charge of bigamy.

It is alleged that in November of last year he went thru a form of marriage with Miss Minnie Barrington, and in March of this year with Miss Edith Hatherley.

According to the police, Reynolds advertised in the newspapers for a housekeeper, and when three young women applied, gained their confidence, proposed marriage, was accepted, and went thru the ceremony.

PAIGE

The Most Beautiful Car in America

Paige Prices Will Be Advanced on July 15th

On July 15th the list price of every car in the Paige line will be very substantially increased—with no change whatsoever in our models.

In order to maintain the well-known standards of Paige quality, such a step is unavoidable. The market quotations of all raw materials, accessories and labor have steadily advanced—some commodities to the extent of 300 per cent.

Inasmuch as we insist upon using only the best of materials, we are left with but one alternative—an increased list price to absorb the increased manufacturing cost.

As a matter of economic fact, the price of our cars should have been advanced several months ago. We have chosen to delay this action, however, until the last possible moment.

But even though Paige prices are to be substantially increased, you can rest assured that our cars will continue to offer more actual dollar for dollar value than any other cars on the American market. From a purely comparative standpoint Paige cars have always been under-priced—and they will remain so no matter how far the commodity prices may advance.

Owing to the scarcity of materials, our production between now and July 15th will necessarily be limited. We have apportioned this production to Paige dealers throughout the country, and they will accept orders until their individual allotments are exhausted.

As a last thought in regard to this matter of price, please remember that the Paige has long since demonstrated its independence of all "price fields." American men and women now buy a Paige—not because of the price tag which is attached to it—but because of its well established reputation as a fine mechanical product.

On this basis the Paige will always represent a preferred investment, its actual cost in dollars and cents will always be an important, but an altogether secondary, consideration.

MUNITIONS FOREMAN CHARGED WITH GRAFT

Arrested nearly two weeks ago on a charge of violating the special commission act, Louis Hirschberger, Lansdowne avenue, subsequently appeared in the police court and was remanded till today.

The charge against Hirschberger was to the effect that as a foreman in the munition works of the Canadian Allis-Chalmers Co., Davenport road, he used his position to obtain certain and several sums of money from various employes by threatening that if they did not pay he would repair their machines when out of repair.

In the interim, Detectives and Guthrie investigated the matter, and claim that they have evidence sufficient to warrant the laying of three extra charges against Hirschberger. He will reappear in the police court today.

HELD FOR ATTEMPTED SUICIDE

Admitted to St. Michael's Hospital a few days ago suffering from arsenic poisoning, supposed at the time to have been taken in mistake for other medicine, Wilson Moffatt, 86 St. Clair avenue, was taken into custody on being dismissed from the hospital yesterday afternoon by Acting Detective George Young on a charge of attempting to end his life.

He was removed to Agnes street police station, and will appear in the police court today to face the charge.

DISCHARGED SOLDIERS COMPLETE ORGANIZATION

Take Preliminary Steps Towards Organizing Association Brass Band.

At last night's meeting of the Association of Honorably Discharged Soldiers in the Central Y.M.C.A., the resignation of Vice-President F. A. Page was received. Two names were mentioned as his successor—T. H. Bigwood, formerly bandmaster of the 20th Battalion, and J. A. Reddaway—and the election will take place at the next meeting.

A draft of the constitution was presented, which was referred to the executive for revision, and which will be discussed at the next general meeting.

A side benefit committee, was appointed to investigate all cases for pensions, etc. It was decided to organize a band, to be in charge of St. Elwood, and it is hoped that all discharged bandmen in the city will communicate with the officials of the association.

Those officers who were elected provisionally at the inauguration of the association will be recognized as permanent officials for the remainder of the year.

Splendid Success of Hydro.

With the issue of the sixth annual report of "The Toronto Electric Commissioners" there comes renewed assurance of the triumphant success of the local hydro-electric service. The gross income for 1916 amounted to the respectable total of \$1,706,177. Costs of current, operation and management, including repairs and maintenance, came to \$1,072,134, leaving a surplus of \$634,043. The interest, depreciation and sinking fund charges absorbed \$616,646, leaving a surplus net income of \$18,397.

The important thing about these figures is the fact that nothing has been charged to capital expenditure that should have been charged to revenue, and the observance of this conservative principle with the perfect condition of the plant is the secure warrant of the good management of the system.

This careful system involves the setting aside yearly of the amounts necessary to meet all interest on debentures; the amount necessary for a sinking fund to discharge the debentures at maturity; the amount required for the amortization of the plant and its replacement by a new plant without making any further demand on the city for replacements. This means that the hydro system does not water its stock, cut melons, or resort to any of the other devices by which charges are kept up against the public, and private ownership keeps the traffic carrying all it can stand in the way of charges.

As is inevitable under such conditions, the business of the hydro system continues to increase. The gross income of 1916 was 5.3 per cent. in advance of that of 1915. Over 189,000 kilowatt hours were sold during the year, a notable advance over the 175,500 kilowatt hours sold in 1915.

An interesting point is made in the report in connection with the reduction of charges. The reduction in 1916 saved consumers approximately \$190,000 from the amount they would have paid on the 1915 rates. Comparing the payments for the whole five years ending December 31, 1916, with what they would have been under the old rates before the hydro was installed, the saving is \$6,000,000. If to this is added the reductions effected to other consumers of electricity in the city by reason of the lower charges, it will be seen that the total saving to date is far in excess of the investment by the city in the hydro system.

No one need ask after this if public ownership pays. The facts are worth noting when the nationalization of the steam railways is in contemplation. In the report of Mr. H. H. Couzens, the exceptionally able manager whom it has been the good fortune of the city to have in charge of the system, it is pointed out that the increase of 29 millions of kilowatt hours, or 27 per cent. over 1915, is chiefly for private services. The smaller proportionate increase of revenue is, of course, due to the reduction of rates, which is a feature of public ownership methods. At the old rates, instead of \$92,000, the increase would have been almost \$200,000 in revenue. In a private corporation the public would have lost this to the stockholders.

Another important point is the reduction in the cost of operation and maintenance. Although over 29 million more kilowatt hours were sold than in 1915, the total cost of operating was lower. And this result has been thus achieved for the second time, in spite of the rapid and continuous increase of cost of all supplies. This, it is scarcely necessary to say, is a triumph of good management.

Altogether the commissioners, the manager and the City of Toronto are to be congratulated on the astounding success of this great essay in public ownership methods.

Russia Collecting Herself.

Russia has been abandoned by Germany as a possible traitor to the allied cause. While no immediate assistance of great importance can be expected from the Russian army, there is a certain amount of activity, sufficient to keep very large bodies of German troops employed on the eastern front. They may not be the best troops in the German army, but they are not able to relieve their comrades on the west, and this is much gain.

Besides the growing understanding of the situation among the Russian peasantry and people generally, there are several influences being brought to bear on the nation as a whole. Various missions, for example, are making representations on behalf of the allied nations, and moral suasion is being used at high pressure. The United States has frankly intimated that those who do not fight cannot eat, or something similar, and there will be no help forthcoming from the big American republic unless the

Russian Bear agrees to dance to some purpose. Russia needs money and if it does not come from America there is little hope of it coming from anywhere. It will come in abundance if the Russians will carry out the terms so often stated by the czar. We believe Russia is acting in perfectly good faith, and her huge bulk prevents hasty action. Perhaps the Russian army may be able to take up the march on Berlin by the time the western armies get Von Hindenburg conducting a scientific retreat on the Rhine. Many authorities have reckoned on the Russians for the real invasion of Germany, and it is just possible that the Germans would prefer to have France and Britain march thru the Fatherland before Russia.

Better Feeling, Stronger Will.

There is a keener sense of the necessities of the war situation thru-out the country since the conscription bill was brought in, and the rally of leading Liberals to the great cause has been of the greatest patriotic service. Many who hesitated have been stimulated to take their place in the solid ranks of those who fight for human freedom and the world's peace.

There has been a laudable attempt on both sides of politics to keep away from partisan action. As in some slow chemical reactions, there has been a long delay pending the precipitation of the new combination. Such determined loyalty as the country has shown in the crisis, and such frank and outspoken declarations of national service by both sides, cannot pass without a permanent effect upon the nation.

Attention is apt to be concentrated upon the acts and words of the passing moment, but behind these the general drift and tendency of affairs is towards a larger conception of national duty and responsibility among all parties, and a consequent increasing growth of good-will among representative men of action. A little patience will enable the country to perceive the result of the stronger will that is growing out of the union of ideals.

THE CANADIAN SOLDIER IN BRITAIN

(From The Manchester Guardian.)
A curious situation has arisen thru the British restrictions on the Dominion of Canada and Britain. Under stress of war Canada, with the exception of the Province of Quebec has virtually "gone dry" from sea to sea, but the facilities for purchasing liquor as have British troops. This is a departure from the policy adopted by the British when he was Canadian minister of militia, for under his control the Canadian army was supplied with liquor. It was afterwards reinstated, and for this present existence the similarity with the Canadian Government, whose decision in the matter was the last made, for instance, the fact that the Canadian soldier can purchase drink here which he could not do in his own country. EATON FACTORY SOLD.

Special to The Toronto World.
Oshawa, June 25.—The T. Eaton Company has sold its Oshawa factory to Charles Hobson, and will vacate, it is understood, by the first of August. It is about fifteen years since this factory was built, and W. T. Eaton came to Oshawa to take charge of it. It has been devoted to the manufacture of women's ready-to-wear garments, and a number of girls were employed there. The Eaton Company's reason for selling was that they were unable to secure sufficient help to keep it running to Oshawa. It is also understood that the T. Eaton Company has offered any of the staff who desire, positions in its Toronto factory.

Octopus, the Cannibal King

By William Henry Taylor, author of "Canadian Seasons," etc.

When the Cannibal Kings, in the happy, old days, Held a banquet of state, their peculiar ways Would astonish our chefs and our epicures, too. If as guests they partook of a swell barbecue. The reporters relate that the roasts were done brown, And were carved up in style for the use of the Crown. When a "subject" was served they supposed that his soul Then became the "King's Own," so they roasted 'em whole; But they wouldn't cut slices from you or from me, Like our shlylocks do now when they make fricassee. No, those kings had big hearts, they were not profane, And would scorn to take dinner with Pecksniff and Squeers.

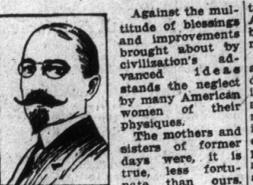

Worse than cannibal kings were old Squeers and his wife, Charley Dickens has gone, still his stories have life; As a robber of boys "Measter" Squeers was a chief, The compared with our Fagins a clumsy old thief; Now the bacon-fed Barons take tythes at your door, And their brood, like young Wackford, grows fat on the poor. Since the war all the land, all the waters, and mines, Pay a toll to Octopus, the Lord of Combines; When he skins all his "critters" and counts up his pelf, There's a hogish per cent. as the share for himself; Then he bats public hooks (for to advertise pays), Which by "Somebody's pull" makes him Knight of the Jays.

If the Devil quotes Scripture why can't you or I? So a chapter of Hebrew financing we'll try. Read how Joseph, the Great, fed the people for years, When his "corn" in corn repulsed food profiteers; It describes him as Ruler, just, goodly, and wise, And his Virtue was proof against women and lies. Take a lantern and find such a Joe if you can, For Controller of Gratters, to hang all their clan, And embalm 'em, and freeze 'em in storage so well, That some centuries later their mummies may sell. Also: Joseph is dead, and his coat is now worn By Octopus, who canned him with Ottawa's corn.

COOKING ECONOMIES

What You Can Do to Reduce Your Food Costs

By Isabel Brands

While lawmakers and investigators are busy "investigating" the high cost of living, the housewife is confronted every minute with the actual necessity of saving. She can save, with prices on various commodities doubled and even tripled, continue to feed her family ample nourishing food on the same old moderate allowance. By buying less of the foods that have a large percentage of waste in shell or bone or skin—waste for which she pays edible food prices.

By learning how to prepare palatable, nutritious dishes out of inexpensive meat substitutes. By wasting less and learning how to utilize many by-products which she may hitherto have thrown away. By reading authoritative books on nutrition, so that she will be able to feed her family nourishing dishes that will keep them in good health regardless of rising food costs.

By watching food markets carefully so that she can benefit by any plans of co-operative buying; or, if there is a sudden, brief drop in the price of some particular foods she can buy a quantity and stock her larder ahead.

The whole problem of the housewife with a small income now is how to get nutritious food to keep the family in health, and not so much the question of tempting capricious appetites to eat more, as was the case in other states, when even if a broiled steak is more pleasing to the family than a dish of beans we must be resigned to the fact that it is too costly because it means that you have to pay not only for the edible part of the steak, but that you have to pay most prices for bone and waste. There is no waste on beans, and the price of the women abroad have known for many years how to prepare cheap foods in palatable ways, and also how to use many oddsies that we in Am-

erica waste. The French, for example—and I have no doubt many other European—carefully treasure "vegetable stock" which is simply the strained water in which vegetables have been boiled. Even the water in which potatoes are boiled can be used for a particularly nourishing soup. Why not? This watery stock, made into a cream soup is a substantial, wholesome and yet quite inexpensive luncheon dish.

Some Fuel Economies. Another economy for the American housewife which uses the fire-cooker menu. Many of the cheap cuts of meat or other foods like beans, peas, etc., require long cooking. The French, for instance, use their fire-cooker is often increased to that of expensive edibles. But with a fireless cooker the housewife requires long cooking, leaving them in the fireless cooker the whole day or even overnight, without adding to the cost of the dish thru fuel consumed.

And finally, she can read some of the especially good books on food and methods of preparing them which will help her in better cooking even if she buys a lesser quantity and cheaper variety of foods. It is a fact that we Americans, like the British and the Germans before the war, suffer more from overeating than under-eating, and a little rise in prices has not been beneficial in developing the habit of moderation in eating.

Here are the names of some free bulletins which can be obtained from the department of agriculture: Washington, D.C.: Bulletin No. 222 and 424, "Nuts as Food." On August 22, 1916, Davis' publication from the railway company a ticket from Toronto to Port McNicoll for \$4.45. Within five minutes of paying for the ticket Davis missed it, and yesterday he could not swear that he had ever had the ticket in his hands. Judge Morson held that the railway could make trace the ticket if it had been used, and therefore reserved his decision.

SUIT OVER RAIL TICKET.

In order that both counsels might submit written arguments, Judge Morson yesterday afternoon reserved judgment in the action of A. B. Davis against the C. P. R. On August 22, 1916, Davis purchased from the railway company a ticket from Toronto to Port McNicoll for \$4.45. Within five minutes of paying for the ticket Davis missed it, and yesterday he could not swear that he had ever had the ticket in his hands. Judge Morson held that the railway could make trace the ticket if it had been used, and therefore reserved his decision.

England Going About War Matters in Businesslike, Methodical Manner.

MONEY IS PLENTIFUL

Canadian Doctor in London Writes to Friends on Conditions There.

The following letter telling of war conditions in London, England, has been received by a member of his family from Dr. John T. McCurdy, son of Prof. J. F. McCurdy, late of Toronto University. Dr. McCurdy is on the staff of the Malta Vale Hospital in London, England, which was established for the treatment of neurological trouble among our soldiers. Under this heading come cases of shell shock.

"Paris and London are interesting cities to be in now, and the latter much the more comfortable. In Paris one feels the minnence of the German hordes, although everything seems to go on as usual. Everything is shut up tight there by 9.30, while here midnight still sees a good deal of life. Although in France they seem to have plenty of food, one constantly gets the feeling that times are hard and that the nation is straining every nerve and aware of the strain. In London, on the other hand, one would never guess from the general atmosphere that a war was in progress at all. There are uniforms—a hundred to the block—and a good many wounded walking or hobbling around, but everyone is cheerful, every shop, theatre and restaurant is jammed, and (to me) most striking of all, there is absolutely no poverty or poor nutrition visible anywhere. I have a new idea of English physique. The tallness of so many men one sees is, of course, due to the fact that the town swarms with officers from everywhere, but these are certainly better built than the same class in the United States. It is more as it is in Canada. A most noticeable thing is the absolute lack of mourning. A very large number of the people one sees everywhere must have lost friends and relatives, yet there is no trace of it in their faces. They are not at all normally gay, but merely cheerfully unconcerned—so far as they show anything to the world. In Paris, you get the feeling that the people are putting a bold and courageous front on a bad business. Here there is nothing to be courageous about. It's just a huge game to beat the Hun, and every man is in it—man, woman and child. It is an organization that is impossible to conceive—ininitely superior to the Germans, because every man retains his individuality. What they are accomplishing is marvelous—financing and munitioning all the allies but the United States, keeping every surface of the German ship in port steadily arresting the submarine, beating the pick of the German Empire and keeping up a large export trade. And with it all they are modest—no, that's not the right term—they are unconscious of it all. The soldiers (I am talking to them all the time) unite in believing that they are the finest soldiers in the world, while the civilians point with envy to the French organization,

which one could almost say is non-existent. "And their charities! Where the money comes from I can't imagine. High taxes, high cost of living and all, they have charities for everything and all seem to get plenty of fun. They grieve as much per day for Belgium as the U. S. gave for a month. I had luncheon today with Miss. She has been running a number of hospital supply units which she organized when the war broke out. She says that she never has any trouble getting money. Cheques for 5, 10 or 20 pounds keep coming in from people she never heard of, and there is a long list of people who have asked to be told whenever they can supply anything.

"As you might imagine, I am enthusiastic about the British. I am proud of my extraction as I never was before. No wonder they rule the world; they ought to. It's a pity some Germans couldn't visit England now and see the pitiable state they have reduced her to with zeppelins and submarines. Punishment for a child here is a threat not to be allowed to see the next step. And if this is starvation let me always starve! There is less sugar than one likes. I eat less bread than at home, although I don't notice it, whereas I got used to going without potatoes in New York. Of everything else there seems to be plenty. If the Germans really knew this, the war might end now, but they prefer, of course, to draw their own false conclusions from articles in the press and reports of parliamentary debates.

"I would not have you believe from what I say of the 'game' that the people are not serious. When you talk with them alone and earnestly, they are very, very, very practical people, and they find talking about it superfluous. What that militarism is, I am slowly realizing as I talk to man after man who has seen it with his own eyes. No one mind can grasp it, of course, it took many to produce it."

DEPARTMENTAL STORE BUSINESS CONTINUES

Order to Carry on A. E. Rea and Company's Ottawa Business Issued at Osgoode Hall.

After hearing an application made by George D. Kelly, on behalf of the provisional liquidation of the A. E. Rea & Co., Ottawa, the Master in Chamber, yesterday granted an order at Osgoode Hall, an order to carry on the business in the usual manner, pending the adjustment. This application was allowed on the plea that the business of this large departmental store had shown an improvement for some time past and if a fair price can be obtained for the real estate held by the company, all the creditors will be paid in full.

TOO WEAK TO LIFT HER LITTLE BABY

Now Does Her Own Work—Weighs More Than She Has in Eighteen Years.

"I was down in bed and couldn't raise my head or move without help and now I'm able to do all my housework, from my cooking and garden work, and I weigh more than I have in eighteen years, and have been taking 'Tanalac' only about four weeks," said Mrs. Dottie Hawkins, 4016 Second avenue, South Birmingham, Ala.

"For many years" continued Mrs. Hawkins, "I suffered with rheumatism in my shoulders, arms and in my sides and neck, and I had indigestion, too, in fact, for some time I was unable to get me down in bed and had to be bound so hard and fast somebody had to move me about the house and do my work. I couldn't so much as lift my little six-month-old baby, and we had to hire someone to take care of it for me."

"I was so nervous and full of pain the few days after taking the first bottle of Tanalac that I couldn't get up until I had had a good sleep, and the only way I could get up was to be carried in my arms. I had indigestion so bad I couldn't eat any solid food at all and I was so thin and weak that I was in a run-down condition that my baby fell off until it was just a little skeleton and I had to be carried in my arms. I had indigestion so bad I couldn't eat any solid food at all and I was so thin and weak that I was in a run-down condition that my baby fell off until it was just a little skeleton and I had to be carried in my arms."

NAVYMEN ATTEND SURGEON'S FUNERAL

Late Surgeon Ernest Stirrett Interred With Full Naval Honors.

With full naval honors the funeral of the late Surgeon Ernest Stirrett, formerly of H.M.C.S. Niobe took place yesterday afternoon from the family residence, 423 Indian road, to Park Lawn cemetery, Lambton. Since the outbreak of war Toronto people have witnessed many military funerals but yesterday was the first time that the burial of an officer of the royal navy was conducted with naval observances.

The ceremony was only made possible thru the presence in town of a number of sailors from the training ship and 45 of them attended, a number drawing the gun carriage to the cemetery.

A short service was held at the house, in which Rev. J. E. Reid of Alhambra Avenue Presbyterian Church, Rev. Dr. Alfred Hall, Rev. (Major) T. Crawford Brown, Rev. (Capt.) Alex. MacLure and Rev. Dr. MacGillivray took part. The remains were then placed on the gun-carriage and covered with the Union Jack, and the officer's service cap and sword placed on top. The cortege which extended a distance well over a quarter of a mile, commenced the three-mile journey to the cemetery with the band of the Queen's Own Regiment playing the dead march in "Sant."

At the graveside the same clergyman took part in the service, Rev. Charles E. Luce pronouncing the benediction and the coffin was lowered after the last post had been sounded. Among the brother musicians who acted as pall-bearers were Capt. Gordon Rice, Capt. W. E. Ogden, Capt. F. S. Minns and Lieut. Earl Gillies.

Toronto Alpine Club Members Hold Their Annual Meeting

The Toronto section of the Alpine Club of Canada held its annual meeting last night, when the following officers were elected: Chairman, Prof. C. E. Sissons; secretary, R. A. Gray; executive committee, Frank Toth, Rev. T. G. Wallace, J. Addison Reid, P. L. Tait, Miss Alice Wilson and Miss M. A. E. Clarke, with an advisory committee of Prof. A. P. Coleman and John Watt.

It was announced that the annual camp would be held, from July 17-21, in Cauteract Valley, in town of a number of sailors from the training ship and 45 of them attended, a number drawing the gun carriage to the cemetery.

HOWITZER BATTERY AUXILIARY HOLDS ANNUAL REPORTS ON SOLDIERS' COMFORTS SENT ABROAD DURING PAST YEAR.

The business meeting of the 6th Canadian Howitzer Auxiliary was held at the home of Mrs. Frank A. Rolph, 95 East Roxborough street, on Saturday, when reports dealing with the various activities of the organization were read. The auxiliary has been actively engaged in patriotic work and in addition to raising the sum of \$842.72 since the beginning of the year, 22 parcels were sent overseas containing in all 621 pairs of socks, 99 shirts, 28 trench suits, and handkerchiefs, cigars and many other small comforts.

BLUEJACKETS ON LAST LEAVE.

Forty-six young sailors from H. M. C. S. Niobe are at present in Toronto on leave before proceeding overseas. The auxiliary will be increasing tomorrow morning to seventy, as some are coming in from outside points to take part in the annual parade in Massey Hall Thursday night. A parade will be held around the city tomorrow afternoon.

COLLECTION SUCCEEDING FOR SOLDIERS' CLUB

The campaign to raise the \$50,000 for a jubilee offering of a permanent home for the great war veterans began yesterday. A house-to-house canvass is now in progress, and will continue through the week. Yesterday morning the funds sent in advance had been augmented to \$5000, and it is the hope of Miss Church and her committee that the fifty thousand dollars typifying the fifty years of peace of the Dominion will be reached before the close of the week. Subscriptions will be gratefully received at the club, corner of Church and Carlton streets. As this is the first appeal made by the organization, who have come from the front, it is hoped that Toronto will show its gratitude by maintaining its reputation as a leader in all patriotic work. Other cities are working enthusiastically for a war veterans' club. It is a foregone conclusion that Toronto will at least measure up to the objective set by those who have the matter in hand.

FURTHER DEVELOPMENTS IN THE GENEST CASE

Chief Justice Falconbridge, at Osgoode Hall yesterday, refused to allow a motion made on behalf of the Ottawa Separate School Board to transfer to Ottawa the hearing of the motion to commit Samuel Genest, who is alleged to have refused to carry out an injunction granted by Justice Lennox on December 17, 1914, restraining the board from employing unqualified teachers.

DAMAGE SUIT DISMISSED.

Judge Morson in chambers at the city hall yesterday dismissed the claim of John McGuffin, a carpenter, against the city for \$60 alleged damages. Mr. McGuffin was struck by a civic car while driving a motor car on Danforth avenue on March 30 last. Evidence given showed that the plaintiff was traveling at an excessive rate of speed in the motor, and Judge Morson dismissed the case without hearing the defence offered by the city.

FACTORY WORKER BURNED.

George Campbell, 42 Massey street, an employe of the York Knitting Mills, 993 West Queen street, was burned about the hands, face and neck yesterday afternoon, when a spark from a picking machine caused a fire. First aid was rendered by the foreman, after which Campbell was removed to the Western Hospital in District Chief Corbett's motor car.

CURRIE, "HOT STUFF."

Canadian Associated Press Cable. London, June 25.—Paris is Journal, in a highly appreciative article with regard to General Currie, today says: "His talent as he knows how to establish perfect co-ordination between all branches of the service." The London Star wittily remarks: "Canada's hot stuff Currie."

Society Conducted by Mrs. Edmund Phillips

The largest and most successful annual meeting of the convalescent home at Dieppe was held at Mrs. H. D. Warren's home, Red Gables, yesterday afternoon, Mr. J. B. O'Brien in the chair. Reports of a very satisfactory nature were read, and a most interesting paper written by Miss Louise Chadwick since her return after two years in the home was read by Mr. Frank Grey, Col. William Hendrie (Hamilton), Col. Sweeney, Ven. Archdeacon Cody and Mrs. Burnham were among the speakers. Ten was seated at the close of the meeting, Mrs. Allen Case and Mrs. Lyon presiding. The table was arranged with an antique Chinese jar of a lovely pale shade of color on a carved blackwood stand filled with ferns. Mrs. Warren received in the drawing room, assisted by Miss Warren. A few among the large number present included Mrs. Trumbull Warren, Dr. and Mrs. Burnham, Col. and Mrs. W. Hendrie (Hamilton), Mrs. Logie, Mr. and Mrs. Miller, Mrs. Eddy, Mrs. Chas. Fleming, Mrs. J. J. Ashworth, Mrs. Mara, Mrs. Ellis, Miss Knox, Mrs. J. W. P. Ross, Miss Ross, Mrs. Edward Chadwick, Mrs. Stephen Jarvis, Mrs. Broughall, Miss Campbell, Mrs. Harcourt, Mrs. George H. Gooderham, Miss Langmuir, Lady Pellatt, Miss Gooderham, Mrs. George Shaw, Mrs. Beardmore, Miss MacKeand, the Misses Wilkes, Miss Agatha Casella (who leaves on Friday to take Miss Chadwick's place in the home at Dieppe). The two girls looked extremely smart in their uniforms of bright blue with white caps and aprons. Mrs. W. Hamilton Merritt, Mrs. George Shaw, Mrs. Lizars Smith, Miss Lizars, Miss Denison, Mrs. W. D. Gwynne, Mrs. J. K. Kerr, Mrs. Frederick Plumb, Mrs. De-Leigh Wilson, Mrs. Stephen Jarvis, Mrs. Gibb Wishart. After the meeting Mrs. Warren was the recipient of many congratulations on her new honors.

Lady Mackenzie provided a special car for the Girl Guides coming to the rally from Kirkcaldy, and sent motor cars to meet them. They lunched with Mrs. W. J. Mitchell at their house before going to Casa Loma. On Sunday the Toronto officers entertained the visiting officers at their beautiful club at Glen

Garland, which they owe to the great kindness of Mr. Nicholas Garland, and they gave a tea on Sunday afternoon at which he was included among the guests, in addition to Lady Pellatt, Miss Mair, Mrs. Dorrington and several others.

Mr. Gerald Monaghan has arrived in town from Quebec to join the I. R. F. C.

Major and Mrs. Foster have left for St. Andrews by the sea, where they will spend the summer.

Miss Ethel Mackenzie arrived unexpectedly from France, on Saturday, having left there where she was staying with her sister, the Countess Jacques, on the occasion of a hearing of Lady Mackenzie's illness.

Mrs. J. D. Wright and Miss Helen Wright are at the Queen's Royal, Niagara-on-the-Lake.

General Lessard has arrived in Quebec to take charge of the 5th military district in the place of Gen. Fages, who is in command of the camp at Valcartier.

The 5th Canadian Division a month ago was lined up ready to leave for France, farwells said, etc., when the last minute orders came countermanding the entrainment and it is now broken up and the men sent in drafts to reinforce the four divisions already in the field, no officers over the rank of lieutenant being sent with the drafts.

A number of officers, including Mr. Shaughnessy, Lieut. C.E.F., who has been recently drafted into the Imperial Cavalry, were sent to Maresfield Court Park, and were met by the commanding officer with a band, and told that he considered it an honor to command Canadians. Maresfield Court Park has been left by the owner, Sir John Shelton, to the Imperial government and contains the best portrait in England of the great Duke of Wellington, who was a friend of the present owner's father.

Dr. Silverthorne has returned from a 1500-mile trip to Washington and back by motor.

There being no camp at Niagara this year, the Queen's Royal golf course has been made available for the club for the summer, and is now in good order. The Chinese Foreign Mission is in session at the Queen's Hotel. Next week the annual annual pop-up of the Canadian Indians will take place; July 9 the lawn bowling tournament commences.

Col. Kings, who took 250 men from Haldimont to England, has returned to Canada, having been seriously wounded, and his draft practically wiped out.

Mrs. Guy Drummond and her baby son have gone to Caouana, where they will spend the summer, with her sister, Mrs. Trumbull Warren, and her family.

Mr. Lidster, lieutenant C. E. F. who went to England with a recent draft of officers, is now in the 12th Canadian Reserve.

Mrs. F. N. Beardmore and her children will shortly leave Montreal for their country house at St. Andrews, N.B.

Mr. Ernest Theisger, son of Sir Edward Theisger, and cousin of His Excellency Lord Chelmsford, Viceroy of India, was married at Holy Trinity Church, London, to Miss Janette Ranken, Edinburgh. Mr. Theisger is on the stage. Both bride and bridegroom are prominent members of the Chelsea Art Club, and the wedding was a futuristic one. That was typified in the bride's bouquet of red and yellow roses and her red heels to her silver brocade shoes. Miss Ranken was given away by her brother, Major Ranken.

Mr. and Mrs. E. J. Dignam have arrived in Niagara for the summer.

Mrs. Alexander Jamieson has arrived from Winnipeg to be with her brother, Captain H. R. Finlayson, who is home on sick leave, having recently been wounded at the front.

Mrs. G. S. C. Conway is now in Mexico, and will presently go to Vancouver to spend the summer.

Mr. J. P. McCollum will spend the summer in Dundas.

Mr. and Mrs. G. G. Lockett are in Toronto, and after a few days will go to Hamilton to be present at the wedding of their son, Dr. W. F. Lockett, which takes place on Wednesday, the 27th inst. Miss Edna Lockett is spending the week-end with Mr. and Mrs. J. J. Haines, Belleville. On Monday she will come to Toronto and on Wednesday will proceed to Hamilton.

THRIFT EXHIBIT

Practice of Economy Essential to National Welfare.

The Ontario Government has decided to have a thrift exhibit at the Canadian National Exhibition. Practical lessons in waste, prevention and domestic and industrial economy would be of tremendous value all over the country in promoting war saving. Such saving is essential in the public interest. The National Service Board of Canada has launched a great campaign to awaken the people to the necessity for careful consideration of their expenditures. Millions are wasted in luxuries and in unessentials which should be devoted to war work.

Every man and woman in the Dominion should join with the Government in promoting economy in all branches of public and private life. There is waste and extravagance in the commercial, industrial and domestic fields. Such expenditures and such carelessness are directly opposed to the interests of the soldiers of the Dominion who are fighting the battles of the Empire in France. Save your money as a slight return for what those soldiers are doing for you and invest in War Savings Certificates. C-3

TONS OF MUSHROOMS ARE WASTED YEARLY

Secretary of Mycological Society Says Thousands of Them Grow in Toronto Parks.

That there are tons of mushrooms going to waste every year in Toronto thru lack of knowledge on the part of the people in being able to tell the various kinds of mushrooms was a statement made last night before the members of the Mycological Society at 11 Queen's Park, by the secretary, Miss J. McFarlane. Samples of the various kinds of mushrooms were on exhibition and Dr. J. M. Clarke described and showed samples of the ones which were edible and those that were poisonous.

Mushrooms, Miss McFarlane said, were more of an appetizer than a food and that they could be gathered around the bases of trees in Queen's Park, and on lawns of the streets, in describing the mushrooms, the speaker said that the "inky caps" were most common in Ontario. When these are matured they change in color from white to a light brown.

This was the second meeting of the society and it is the intention of the officers to hold meetings twice a week for educational purposes. At these meetings the public will be invited and lectures will be given in addition to the showing of the vegetables gathered by members.

ONE FIRM BUYS BIG WOOL STOCKS

Ontario Sheep Breeders' Association Obtains Record Price for Output.

QUEBEC NEAREST RIVAL

Since War Broke Price Has Leaped From Twenty to Sixty-Seven Cents.

Record prices for wool grown and sold in Ontario were received by the Ontario Sheep Breeders' Association at Guelph, which has just completed the sale of 260,000 pounds. This wool was produced by 1600 shippers in Ontario, and was sold by tender, the entire lot with the exception of a small amount of washed wool being bought by one Canadian firm. The price surplus that was paid in any other province of Canada, Quebec being the nearest rival, where wool was sold at an average price of 18 1/2 cents per pound. In 1914 wool sold by the competitive system at an average of 35 1/2 cents per pound, in 1915 at 27.2 cents, and in 1916 at 32.8 cents. In 1917 from 12 to 15 cents was the average price.

EDUCATIONAL REFORM URGED BY RESOLUTION

Tax Reduction Association Starts Drive for Greater Efficiency in Public Schools.

A communication has been received by the board of education from the Toronto Tax Reduction Association enclosing a copy of a resolution passed by that association at its last meeting, urging that more attention be given to reading, spelling, writing, arithmetic, grammar, composition, literature, geography and history. In order to do this the association advocates that fewer subjects be taught in public schools, and that a teacher who cannot teach forty-five or more pupils should leave the profession. Objection is made to the labeling of children as "feeble-minded," and the opinion is expressed that 75 per cent. of children so labeled are only backward. In conclusion, the resolution states that the teaching of some of the subjects is not good ethics, according to the general view of the association.

WILLS PROBATED

Administration of the estate of William James McEwen, who died on May 26, leaving an estate valued at \$4,235, has been applied for at the surrogate court by a brother, Wesley McEwen. The estate is to be divided by four children, Olive, Mildred, Mary and Robert. An estate valued at \$3,894 was left by Robert A. E. Bryan, who died in Toronto on June 7. By this will, his widow, Mrs. May Bryan, is to receive one-third of the estate. To his daughter Lois, he left \$800, and the residue is to be shared by his other daughters Theresa, Phoebe and Marion.

HON. W. J. HANNA RETURNS.

Hon. W. J. Hanna, the newly-appointed Canadian Food Controller, returned to Toronto yesterday morning from Washington, accompanied by Mrs. Hanna. He will leave immediately for Ottawa, where he will discuss with the government the results of his Washington conference with Frederic C. Hoover, food administrator of the United States.

RECREATION DIRECTOR.

Thomas Stafford, for over seven years physical director of the west end branch of the Y.M.C.A., has been appointed to take charge of the social and recreational work of the returned soldiers at Whiteby under the military hospital commission. He reported to Col. Wilson yesterday and takes up his duties today.

APPROVE CONSCRIPTION.

London, June 24.—The Canadian Press learns that a cable, signed by many Canadians here, is being sent to Sir Robert Borden expressing appreciation of the adoption of conscription. Only civilians are being invited to sign it.

TORONTO HYDRO HAS GOOD YEAR

Reports Surplus of Over Eighteen Thousand Dollars.

INCREASE IN BUSINESS

Sells Twenty Nine Millions More K.W.H. Than in Previous Year.

Despite the reduction in rates of the Toronto hydro-electric system, there was a surplus of \$18,397 for the year ending December 31, 1916, as revealed by the sixth annual report, issued yesterday. During the year over 29,000,000 kilowatt hours have been sold than in 1915, and the cost of operating has been lower, as the following table shows:

Year.	Total sales operation and maintenance.	(Kw. hrs.)
1914	\$8,000,000	450,000
1915	109,500,000	548,000
1916	189,000,000	649,000

The gross income for the year amounted to \$1,706,177, and the cost of electric current, expenses of operation, etc., absorbed the sum of \$1,072,134, leaving a surplus income of the operating account for 1916 of \$634,043. Interest, depreciation and sinking funds absorbed \$615,646, leaving a balance of \$18,396.

Business Increasing.

"The business of the system continues to increase," said the report. "The gross income for the year was 53 per cent. in advance of that for 1915. The commercial income amounted to 67 per cent. of the total, as against 64.4 in 1915 and 59.05 in 1914." The number of customers at the end of the year was 43,977, as compared with 38,834 at the end of 1915. Since 1915 there has been an average reduction in residence lighting, commercial lighting and commercial power of 22.5 per cent., 17.8 per cent., and 27.6 per cent., respectively.

Rate Reductions.

The average rate per kilowatt hour is 1.20 cents, compared with 1.44 cents at the end of the year, and the rate shows that a saving of approximately \$6,000,000 has been effected.

MANY LIQUOR CASES IN THE POLICE COURT

Two Men Fined Four Hundred Dollars and Six Have to Pay Two Hundred.

In the police court yesterday 42 drunks made their bow to the magistrate, and were fined the usual \$10 and costs for first offences, and a slightly increased amount for repetition. Varied and fearful were the liquid concoctions imbibed by the bibulous ones, essence of ginger, fruit store wine, wood alcohol and gasoline being foremost on the list. One man even went so far as to mention "suds," but whether of the soap or whiskey variety he did not say.

BELGIUM'S FORCES LARGER THAN EVER

King Albert's Army Holds Front of Twenty-Two Miles.

HAS WAR FACTORIES

Ally's African Troops Conquer Valuable Territory From Germans.

Washington, June 25.—The Belgian army is better equipped and more determined today than it was at the beginning of the war, said a Belgian official, military member of the Belgian mission, in an address tonight at the National Press Club. The general gave a graphic description of how twice as large as at the Yser his countrymen are fighting the Germans while the allies united in the rear, and told of the joy the Belgian soldiers would experience on the day they reconquered the territory which the German papers use to designate their own. It is not quite accurate to say that the Belgian army has not succeeded in passing the Yser. The Germans shall never conquer this small corner of our country.

Besides reorganizing their army after the terrible losses, the general declared, his country has set up munition factories abroad, one at Havre, with 15,000 Belgian workmen and two at Richmond and Letchworth, in England, with 35,000 workmen, while the Royal Belgian Legion, with \$30,000,000 capital, assures transportation at sea.

Special schools train the maimed and crippled for jobs.

Special schools train the maimed and crippled for jobs which ever their disabilities make possible.

Belgian Army Quite a Front.

The Belgian army now occupies a front of 22 miles, with eight divisions, including two of cavalry. The land is low and flat, requiring millions of sandbags for defence.

"Nothing now remains," said General Le Clerc, "in the battle zone where once there were great fields filled with cattle, rolling Flemish farms and green trees. The only bright note, if I may so call it, are the graves of those who have poured out their blood for their native land, serving as an encouragement to their living comrades, to whom they say and necessarily repeat, 'Avenge us.' Do your duty."

Upon Belgium's first victory of the war at Liege, the general said, at length, 100,000 strong, met at least three times as many Germans, inflicted losses admitted by Germany to total 42,714, and paralyzed for thirteen days the great invasion, which after forty years of methodical preparation, was expected to be irresistible.

"Paralyzed War Machine." The general said that the resistance of Belgium at Liege was the little grain of sand which threw the whole machinery out of gear at the very commencement, as it permitted the French to gain every previous time.

After picturing the ruthless destruction of men, women and children that followed yesterday, the general told of the Belgian attack upon the German flank before the battle of the Marne, of the brave defence of Antwerp, of the fighting at the Yser, and finally of the inundation of Flanders to drive out the

U. S. TO OVERSUBSCRIBE RED CROSS MERCY FUND

Washington Expects More Than Hundred Million Dollars.

Washington, June 25.—Over-subscription of the Red Cross hundred-million-dollar mercy fund seemed assured tonight when the eight-day national-wide campaign closed with final rallies in hundreds of American cities.

GUSTAVE ADOR MAY SUCCEED DR. HOFFMAN

President International Red Cross To Be Elected to Federal Council.

Paris, June 25.—A Havas despatch from Bern says that present indications point to the certain election of Gustave Ador, president of the International Red Cross, as member of the federal council, to succeed Dr. Hoffmann, and as head of the political department and chief of foreign affairs until the end of 1917. The president of the confederation, Edmund Schillings, will then take over the conduct of political affairs in accordance with a long-established custom.

Death of Myra Phillipson Was Result of Accident

At the inquest touching the death of Myra Phillipson, 36, Hixway avenue, who was struck and killed by a motor car driven by Alex. Slater, Dupont street, recently, at Danforth and Jones avenues, the jury returned a verdict of accidental death. Dr. J. R. Gibson conducted the inquest. Evidence submitted showed that the girl had darted from the sidewalk in front of an eastbound civic car, and was struck by the automobile going in the same direction.

PACIFIC STEAMSHIP MERGER.

Vancouver, June 25.—The Peninsular and Oriental Steam Navigation Company has amalgamated with the Union Steamship Company of New Zealand, operating the Canadian Australasian Line from Vancouver to Honolulu and Sydney. It was announced here today.

MAROOED BY FLOOD.

Salt Lake, Utah, June 25.—Communication between Salt Lake City and Price, Utah, which was interrupted last night by flood, resulting from the broken Price River irrigation dam, ceased at 9 o'clock tonight. Price, a town of 1500 inhabitants, is believed marooned by the flood.

MAJOR BIRKS IN TORONTO.

Major G. W. Birks, general supervisor for the overseas branch of the Y.M.C.A. at Montreal, was in the city yesterday. He was in France for over two years, and returned to assist in the recent financial campaign, and leaves for France again in July, where he will take up his duties.

TEACHERS AND PRODUCTION.

A circular has just been issued by Chief Inspector R. H. Cowley to the principals of Toronto public schools, in which he expresses the hope that the board of education will grant an honorarium to those teachers who devote part of their private time to the supervision of home garden plots. He also asks that pupils be requested to keep an account of the time they spend working in home gardens or on farms during the holidays, so as to prove their right to certificates.

Lake Joseph Wharf Sleeping Car Service, Effective Friday, June 29th.

Effective Friday, June 29th, and continuing until August 31st, standard sleeping car will leave Toronto Union Station at 9:45 p.m., Fridays only, for Lake Joseph Wharf, connecting for all points on the Muskoka Lakes. Further information and reservations from Canadian Northern Ticket Offices, 52 King St. east, and Union Station.

EMPLOYMENT BUREAU.

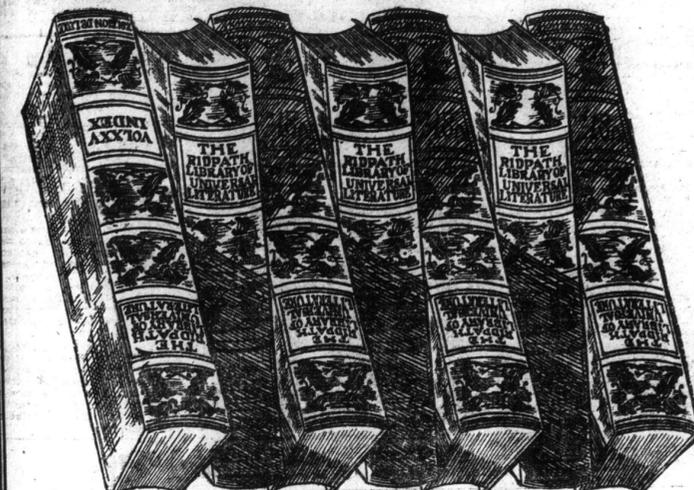

Reports from the Ontario Government employment bureau show that during the past week out of 164 applications for employment, 158 were for munitions, and of 127 requests from employers for girls, 111 were for munition work. In all, 141 were referred to positions, 118 being in munition factories. Positions reported filled were 105, of which 93 were munitions.

HARMONY LODGE.

Harmony Lodge, No. 438, A. E. and A. M. G.R.C., held its last meeting until September, in the Temple Building last evening. The chair was taken by Wor. Bro. A. Elliott, Wor. Master, and the three degrees were exemplified with full musical ritual, the music being contributed by the Harmony choir under the direction of George Ross, musical director. About 100 were present.
