BOYS STOLE PURSE
FROM WAITING AUTO
Contained Hundred Dollars,
Cheques for \$2,200 and
Bank Book.

Detective, Tuft and Johns of West
Dundas police station arrested two
juveniles last night for the theft of
a purse owned by Mrs. Ada Smith,
wife of F. Robbins Smith, president
of the Smith J. Hungerford Co., 15-23
Alice street. The purse was stolen
on Monday afternoon from Mrs.
Smith's auto where she left it while
she was visiting her husband at his
place of business on Alice street.
The purse, according to the police,
contained over \$100 in cash and about
\$2200 in cheques, besides a bank
book with an entry of over \$8000, and
some valuable papers and keys.
With the arrest of the two boys,
who are both about 15 years old, the
police recovered about \$60 in cash and
learned how the other contents of the
purse had been disposed of. The \$100
was found hidden in O'Keefe's lane
by the two detectives, who were led
to the spot by the one of boys ar-
rested. The same lad, who was
Sergt. Martin of the bank book and
cheques had been disposed of in the
sewer, the papers destroyed and the
purse thrown away.
"I have tried my best to make a
man of this boy," stated Sergt. Mar-
tin to the World, "but it appears
I have failed. He is truthful,
but it seems that he cannot break
himself of the stealing habit."

UNITED STATES TO EVENTUALLY ENTER LEAGUE OF NATIONS

Predicts N. W. Rowell in Address to Teachers' Association.

ARMAMENT LIMITATION

United States' ultimate entry to the League of Nations was predicted by Hon. Newton W. Rowell, K.C., M.P., in his address on "The League of Nations," delivered before the Toronto Teachers' Association in Convocation Hall yesterday afternoon. This marked Mr. Rowell's first public utterance on this great subject since his recent return to Canada from the Geneva assembly, and the hall was thronged with those who came to hear him on this matter of such intense interest.

"I have been asked many times," said the Canadian statesman, "Will the United States come in? My answer is: I do not know. The question can be answered by the government and people of the United States, and by that government and people alone, and the less we or any other nation undertake either to advise or criticize, the better for all concerned. May I, however, remind you that we are living in a time of such a question during the first two and a half years of the war while the people of the United States discussed and debated that issue among themselves, but finally the judgment and the conscience of the people triumphed over all opposition and the United States came in. She threw herself into the conflict with such energy and enthusiasm, particularly during 1918, as to remove all doubt as to the final issue. And she made an invaluable contribution to the decisive victory which crowned the efforts of the allied and associated powers, America will join.

"I believe we are passing thru the same experience in reference to the peace and the League of Nations, and that when the discussion and debating are finished, the judgment and conscience of the American government and people will triumph over all obstacles and that the United States will join the other nations in some form satisfactory to all concerned, in order to avert a repetition of the same experience."

WAR PREPARATIONS ALARMING FARMERS

Alberta Convention on Record Against Nations' Military Activities.

ADDRESS BY H. W. WOOD

Edmonton, Alta., Jan. 18.—(By Canadian Press).—Reduction of armaments and the settling of disputes between nations by an international court of arbitration, the unanimous support of the convention of United Farmers of Alberta here today. It was the first resolution to be adopted. The preamble states that the farmers view with increasing alarm the efforts made by the nations in preparing for war. A resolution adopted favored prop-rietary representation, and authorized the executive to secure an expert on the system at district conventions. An attempt to raise the fees of the association was defeated.

An amendment proposed to allow of association officials taking part in political campaigns was vigorously opposed.

Caution in the formation of the proposed co-operative wheat selling agency for the marketing of the wheat crop of the western provinces is urged in the address of H. W. Wood, president.

"A year or even two years' delay in starting is insignificant if it enables us to make a success that will be perpetuated."

If the price of farm labor remains anywhere near the level of last season farm operations will have to be curtailed, he warned.

CHALMERS' DEFERRED TRIP DUE TO GEDDES' ABSENCE

London, Jan. 18.—The mission to the United States of Lord Chalmers, permanent secretary of the treasury, has been postponed merely because it is considered that negotiations with the United States government should occur during absence of Sir Auckland Geddes, the British ambassador. It was authoritatively stated tonight: Reports that the trip of Lord Chalmers had been postponed for political reasons was declared erroneous, his visit merely being delayed until Sir Auckland returns to the United States, which will be the middle of February at the latest.

GET UP SPEED IN PETERBORO FIGHT

With Election Less Than Three Weeks Off, the Campaign Grows Strenuous.

McMURRAY MAY DROP OUT

Peterboro, Ont., Jan. 18.—(Special).—The retirement of Thomas J. McMurray, the Labor candidate in the West Peterboro by-election, is within the realm of possibility. Altho he has expressed confidence in his ability to poll a sufficient vote to elect him, there is a movement in the ranks of the Independent Labor Party for the withdrawal of its standard-bearer from the field. Many Labor supporters are of the opinion that a large percentage of the Labor vote will swing to one or other of the old parties and that their party machine is hopelessly outclassed by the elaborate engineering steam rollers which the government, and the Liberal party have imported from federal headquarters.

The Great War Veterans' Association meeting on Wednesday evening for the purpose of nominating a candidate is not taken seriously in local circles. It is thought that the majority of the war veteran vote will go to either J. H. Burnham, Independent Conservative, or G. M. Gordon, Liberal. Both of whom have shown much interest in the association.

Speeding Up.

With a little less than three weeks remaining before election day, the campaign is rapidly gaining headway. The government and Liberal committee workers are establishing rooms in all parts of the city and are preparing for the battle, which will be largely between these two parties. The Liberal committee of oratory will open on Friday evening, when Sir Geo. Foster and Sir Henry Drayton will address a mass meeting in the interests of Roland Denne, government candidate, and will be followed on Saturday evening by a Liberal meeting, which will be addressed by Hon. W. L. Mackenzie King and Ernest Lapointe. Thereafter the riding will see an influx of orators of all parties, including Premier Meighen, who will return on January 29, for the government, Hon. Geo. J. Graham and Hon. Charles Murphy for the Liberals, Hon. T. A. Cramer for the United Farmers and Tom Moore against the Liberal remain in the contest.

AVOIDS MENTION OF FISTIC CLASH

Balloonist Commander Testifies Before the Court of Inquiry.

Rockaway, N.Y., Jan. 18.—Carefully avoiding any mention of the fist fight between Lieutenants Hinton and Farrell, which brought to a surprising denouement their recent balloon flight to James Bay and trap back to civilization, Lieut. A. Kloor Jr., who commanded the party, described their experiences in detail today before the court of inquiry investigating the affair.

The party, he said, left Rockaway with food to provide meals for the three men. They carried no balloon log and the only maps were charts of the States of New York, New Jersey, Connecticut and Pennsylvania.

After explaining that "it would have been as easy as falling off a log" for the party to have landed at Wells, N.Y., on the extreme end of the island, Lieut. Kloor said they failed to locate Wells on a chart before going onward. When they asked inquiries he felt a French government vessel was Albany, he added, the only replies were, "How should we know."

WINS PRIZE FOR WHEAT.

Winnipeg, Jan. 18.—In the provincial and district grain competition at the Soil Products Exposition, which opened here today, E. R. Young of Ouellette was awarded the grand championship for wheat, Irwin McLeod of Norgate was second, and Samson Lacombe of Birds' former world champion wheat grower, third.

After explaining that "it would have been as easy as falling off a log" for the party to have landed at Wells, N.Y., on the extreme end of the island, Lieut. Kloor said they failed to locate Wells on a chart before going onward. When they asked inquiries he felt a French government vessel was Albany, he added, the only replies were, "How should we know."

CARPENTIER-DEMPSEY FIGHT DECLARED OFF

Only One of the Promoters Has Deposited His Share of Forfeit Money, Says The New York Times.

New York, Jan. 18.—Announcement that the heavyweight championship bout between Jack Dempsey, title holder, and Georges Carpentier, European champion, for which the enormous purse of \$500,000 had been offered, has been definitely declared off, was made tonight by The New York Times.

Failure of the principals to deposit forfeit moneys, as was provided for in the contracts signed by the promoters, the promoters' collective failure to deposit the sum of \$100,000 as a guarantee of good faith. This sum was to be deposited with the Central Union Trust Company on or before November 20, 1920. The managers of the respective boxers agreed to deposit each \$50,000 on the same date.

As yet only one deposit has been made, Charles B. Cochran, the British promoter, who was largely in-

TRUSTEE SUGGESTS SALE OF SURPLUS STREET FRONTAGES

Would Help Solution of Board of Education Financial Problems.

CITES TYPICAL CASES

Trustee John Wanless, one of ward three's representatives on the board of education, favors a big sale of surplus street frontages to solve the financial problems of the board of education and also of the Toronto city council.

Trustee Wanless is recognized as the typical business man member of the board. He cites as one instance where the sale of a street frontage would be all profit for the board of education, the Bloor street front of the site held for a number of years as prospective site for a new Jarvis street college. The sale of the Bloor street site and the old Jarvis street collegiate site and buildings, he points out, would possibly more than pay for the erection of an ideal new college on the northern portion of the Bloor street site.

Another surplus frontage, education frontage is on East Queen street, north of the Kew Beach Public School, which 18 years ago was bought for a few dollars a foot, and is now valued at about \$200 a foot.

Trustee Wanless appears to be favorable to a sale by the city of such frontages as the Queen street line of the old Trinity College park.

Should the proposition materialize it is conceded that a very large amount would accrue to the board of education, while the city council could add an enormous extent of taxable property to the assessment rolls in large sums which would be realized by the sale of such frontages on business streets.

MURDER AND ATTACKS ON BARRACKS CLOSE FAIRS AND MARKETS

D'Annunzio Leaves In Blaze of Glory

Trieste, Jan. 18.—D'Annunzio left Trieste this morning by automobile. His departure was pathetic. The poet made a long speech in the council hall and Dr. Antonio Grossich, the provisional governor, replied. The stores were closed, and there was a great public demonstration.

Official Proclamation in Tipperary Prohibiting Public Assemblies in Three Dis- tricts — Twenty-Five Cap- tured in Extensive Raid — Motor Car Ambushed, and Six Auxiliaries Wounded.

Dublin, Jan. 18.—An official proclamation has been issued in Tipperary forbidding all fairs, markets and public assemblies in the Tipperary, Cashel and Kilmalea districts, owing to murders and attacks on police barracks.

An extensive raid was made today in the Fork Hills district, South Armagh. Twenty-three arrests were made, including a lieutenant in the "Republican army."

A motor car with eleven auxiliaries, which left Galway this morning, was ambushed at Killoe, according to a statement given out by Dublin Castle. Three men attacked the auxiliaries with guns and bombs from the woods on both sides of the road. The auxiliaries returned the fire until the attacking party fled. The auxiliaries had one seriously and five slightly wounded. It is reported that four civilians were killed.

Arthur Griffith, founder of the Sinn Fein organization, who was arrested in his home here on the night of November 25, will be court-martialed if the present plans of the authorities are carried out. The date of the court martial, however, has not yet been set.

Shot Dead in Tipperary.

Belfast, Jan. 18.—A member of the constabulary was shot dead yesterday at Cappaghgah, County Tipperary. The murdered man was Constable Boyd. The shooting occurred in a saloon. His assailant escaped.

David Kent, Sinn Fein member of the house of commons for the east division of Cork, was arrested yesterday. His maker is the Sinn Fein member of the British parliament now in jail.

Six members of the "Irish Republican parliament" are now in the United States, two are on the continent and two have died, while one, Diarmid Lynch, has resigned.

PRESS OF GERMANY ON NATION'S FUTURE TAKE VARIED VIEWS

Agree, However, in General Condemnation of Con- duct of War.

NEEDS A FIRM HAND

Berlin, Jan. 18.—The 50th anniversary of the founding of the German Empire afforded the Nationalist press opportunity for indulging in partisan contemplation of the nation's present political and economic plight and the ultimate working out of democracy as vouchsafing the future unity of the German people.

The Pan-German Deutsche Zeitung concedes to the German people possession of constitutional constructive education, but asserts these may only be converted into a national asset when led by a firm hand in a positive direction. "No people on earth are so poorly equipped to endure unbridled democracy as we," the newspaper asserts.

The Deutsche Zeitung declares the so-called individual rights of self-determination has accomplished the propagation of petty traits in the German character, provincial jealousies and partisan jealousies. It believes the future salvation of the German people can only be found in its will to be led and in exhibiting faith in its leaders.

Die Post speaks of the "day of pride and sorrow."

The Taegische Rundschau says that the nation was founded fifty years ago cannot be destroyed; that that nation has remained sound in its kernel, but the external form has necessarily undergone changes and that the reconstruction process would be accomplished with freer and more general participation of all classes than was the case under the old dispensation.

Kingston, Ont., Jan. 18.—Convicted Leo Rogers, who, it is alleged, three weeks ago brutally attacked Inspector Walter Duncan at the Portmouth penitentiary, this afternoon appeared before Magistrate Bradshaw at the penitentiary for a preliminary hearing on a charge of wounding with intent to commit murder, and was committed for trial. After the evidence of Inspector Duncan had been taken Rogers pleaded "not guilty."

FADS AND FRILLS TO GRADUALLY VANISH

Provision in Standard Class- rooms First Claim, Says Mrs. Groves.

Fads and frills elimination by the board of education is to be by a gradual process.

Mrs. R. L. Groves, presiding member of management committee, defined the new policy regarding extras to The World.

Mrs. Groves said: "I am a firm believer in manual training and the teaching of domestic science in the public schools, but I am in favor of making provision in standard class rooms for children who are now taught in basements the first consideration."

"The proposals to use manual training or domestic science rooms as standard class rooms instead of equipping them as centres for the extra subjects relates, so far as the public schools are concerned, to the new centres."

"There is no proposal to close up any of the manual training or domestic science centres now in operation."

U.F.O. AND LABOR ENDORSE PREMIER

Caucus of Two Groups Ex- presses Confidence in the Leadership of Drury.

As far as The World could learn, the U.F.O.-Labor caucus at the parliament building yesterday did not discuss the Drury-Morrison clash, but confined themselves to consideration of the legislative program for the coming session. Harmony is said to have prevailed and it was plainly indicated that labor is strongly lined up behind the government.

The feeling of the caucus towards Premier Drury is indicated in a resolution moved by Karl Homuth, the labor member for South Waterloo, expressing confidence in the government leader.

Liquor legislation, the eight-hour day, workmen's compensation and old age pensions were among the matters discussed.

Today the executive of the U.F.O. is expected to wait on Premier Drury in connection with his new proposals. Whatever the executive views are with regard to the scheme, it was made clear yesterday that the premier's plan has many strong supporters among his followers in the legislature.

SPANISH RIVER CO. WERE AFTER GRANT

Seek Confirmation of Timber Deal from the Present Government.

It was definitely established at the Litchford timber inquiry yesterday, investigating the affairs of the Spanish River Pulp and Paper Co., that the company was seeking from the present government, confirmation of a grant of 5,500 square miles of timber, which has been arranged, in Sept. 1919, just before the provincial elections.

Shirley Denison, K.C., the government counsel, told the commission that he had the sanction of the Drury government to conduct as intensive an investigation as possible, and that he did not want anything held back.

But the grant of a 5,500-mile limit just prior to the election is a matter that should be investigated, said Col. Gibson.

Glenholme Public School, which was to have been one of the typical Toronto board of education bowers of frills and fads is about completed, but there will be a lively fight before it is decorated with all its proposed frills.

It is located beyond the city limits, north of Earlscourt in a sort of man's land. The school is to be run on a co-partnership basis for Toronto and county children under an agreement which is dated to continue "until annexation," which may or may not take place in the near future.

Strong opposition has developed against the building of the Glenholme Avenue School as a manual and domestic science training centre, and opposition being led by the local trustees.

CHAPTER XI. "Pay-Cash."

IT WAS the rustling of the Metropolis Trust Company and the busy teller counted out silver and gold and treasury notes of varying denominations with the mechanical precision and exactness which experience gives.

"What's the date on those cheques?" he demanded. "Tuesday of this week—the day Jim Turnbull died," Fungfield turned then over. "They are drawn payable to cash and bear no endorsement, which shows Rochester must have presented them himself."

She had been gone a bare five minutes when Kent reached the bank and went to his private office, where two strangers were talking with the president.

"I would have said the same this morning," declared Clymer, "but on investigation I find that Rochester has overdrawn his account here for a large amount and borrowed heavily. The funds have been used to pay the bills of the bank account to cover indebtedness to his business firms."

"This is the first I have heard of these transactions," he said. "That the signatures are clever forgeries," he said.

"What had Rochester to do with Jimmie Turnbull?" questioned Harding, before Kent could answer Clymer. "They lived together," he replied shortly.
