TWO CENTS ON SATURDAY ONLY

ONT. GOLD STRIKE BELIEVED BIGGEST YET

HARDSHIPS AT RED LAKE CAMP ARE INCREASING

Provision Prices Soar; Shelter Along Route Lacking

FOOD IS SCARCE

Camp Limits Extended To Almost Eighteen Miles; Still Growing

HUDSON, Ont., March 6.—Hardships encountered by prospectors in the rush to mining camps of other days are being duplicated, in part at least, by the men who have taken the trail to the new Red Lake gold strike in Northern Ontario. Lack of shelter on the route to the district, 140 miles from here, and the sky roasting of provision prices in the mining camp itself, indicate the hardships that must be met.

40 IN ONE SHACK. He said that at Sand Lake, half way point between Hudson and Red Lake, he spent the night in a cabin that housed at the same time, 40 other men and their dogs. Of this number 18 were coming out and 24 going into the district.

Reports from Red Lake are that four is as high as 214 hundred and sugar from \$25 to \$80 a hundred pounds, beans around \$20 a hundred and bacon and butter \$1.25 and \$1.50 a pound respectively. Many staple articles of food are difficult to obtain at any price. Dog feed is reported scarce.

Progress is being made in the preparation of a road to the camp on which machinery will be transported to the strike.

ROAD BROKEN. Fourteen miles of the road have been broken by teams and permanent camps are being established for the workers. The machinery necessary for preliminary development work, is expected to be in the field before the spring break up.

Scenes in the new camp as viewed from the air reveal long series of trenches which have been cut to lay bare the gold bearing rock formations, and those who have made the trip more than once have returned astonished at the speed and extent to which the prospectors have extended the limits of the camp. It now stretches irregularly for a distance of almost 18 miles, with the tents of the miners marking the points at which development work is being pressed.

WARNING OF RAIN ALARMS OIL CITY. Efforts to break ice jam in Allegheny River has been speeded up.

OIL CITY, Pa., March 6.—As disquieting reports of an approaching rainstorm out of the west reached Oil City today, efforts to dislodge the huge Brandon ice gorge in the Allegheny River were speeded up in the hope that the jam would move out before the expected rains arrived.

Prof. Howard T. Barnes, of McGill University, Montreal, continued his attack against the ice with thermite. Railroad engineers were using dynamite and nitroglycerine at the head of the gorge, blasting a channel through the solid mass. Thermite, set off last night and today, caused cracks to appear in the ice. Professor Barnes expects to use two tons of chemicals before results are obtained.

The river today continued to recede slowly. The stage this morning was 14.6 feet, the flood level. The mercury hovered in the region of zero.

NO FAILURES HERE. New French work Not Included in Tet-102 Reported in

Germany Seen As Controlling Factor In League of Nation Crisis

Pola Negri's Shoes Sell For Only Few Cents; Gloria's \$125 Cloak Costs New Owner But \$5

HOLLYWOOD, Cal., March 6.—A shop girl Cinderella today had her chance to fill the shoes of Pola Negri, while the cloak of Gloria Swanson fell upon the shoulders of a factory girl. It was the annual sale of the wardrobe department of the Paramount West Coast studio, when costumes worn by the actresses and too soiled for further use, are offered to the highest bidder. Pola's Parisian pumps sold for a few cents. Gloria's gorgeous cape, which cost \$125, brought only \$5. A \$750 black satin evening gown, embroidered with small pearls and rhinestones, cost its new owner but \$35.

Lady Oxford Is Offered Role In Film Play

LONDON, March 6.—Lady Oxford, who is better known as Mary Augusta, is considering an offer to play the leading part in an English-made film, it was revealed here Friday night. The proposal was made to her by Wigley Newman, a young English producer, who has asked her to play the lead in a picture to be called "Sisters in Psychology." Newman said he hoped Lady Oxford will accept, although she has not yet given him a definite reply.

TRADE BOARD AT CAPITAL PASSES

Duties Assumed By City Council and Offices Will Be Closed

FREDERICTON, March 6.—The Fredericton Board of Trade by resolution has decided to send its records and documents to the city hall as suggested by the City Council, to close the office at any price. Dog feed is reported scarce.

A special committee has been appointed to dispose of the board's effects. The proposal that the garage, service stations and hotels combine to continue their publicity and tourist information office was not supported. With the closing of the office the work will be done from the City Hall.

TWO WOMEN SLAIN; STRANGLER SOUGHT

San Jose, California, is Much Wrought Up Over Crimes of Supposed Maniac

SAN JOSE, Calif., March 6.—Bated police and frightened housewives today were hoping for some clue to the identity of a maniac thought to have strangled two women to death and to have attempted to strangle two others. Mrs. D. L. Currier was rendered insensible yesterday in a struggle with an intruder, who attempted to strangle her with a strip of torn material from her dress. Her assailant was "dark skinned," Mrs. Currier said.

Mrs. Laura E. Best was assaulted and strangled to death in an apartment here Tuesday. An "olive skinned, dark haired man" was seen leaving the Best apartment the day of the murder. The same description fits a man seen leaving the apartment of Miss Clara Newman, who was slain under almost identical circumstances in San Francisco, February 20.

FREDERICTON Police Board Organizes

FREDERICTON, N. B., March 6.—The police commission of Fredericton which was changed in personnel through the election of W. G. Clark as Mayor and the appointment of D. W. Otis to succeed W. A. D. McLellan, held its first meeting of the year for purposes of organization. Mr. Otis was chosen chairman and police magistrate Walter Limerick, secretary. The third member is Mayor Clark. The commission discussed general police matters.

Separate Canadian Skating Union Favored At Toronto

TORONTO, Ont., March 6.—Speeding governing body to operate independently of the International Skating Union America, but considered advantageous to be affiliated with the American body.

A copy of this resolution will be forwarded to the headquarters of the Amateur Skating Association of Canada.

FRANCE SWEEP BY CYCLONES; DAMAGE GREAT

Houses Unroofed, Chimneys Blown Down, Trees Destroyed

CHANNEL LASHED

Boats Scouring To Safety From Blow, Crowd Seaport Harbors

TOULON, France, March 6.—The northwesterly gale which has been blowing for several days reached cyclonic proportions today. Tiles and slate were stripped off hundreds of houses, and gutters and chimneys were swept away.

This new Toulon court house and most of the workshops in the arsenal were unroofed. Thousands of fruit trees were uprooted.

PARIS, March 6.—Fierce gales roaring the length and breadth of France, and accompanied by snow in some places, have come with the advent of the month of March. Even the usually favored Southern points such as Nimes and Montpellier are suffering.

CHANEL LASHED. The English Channel and the Mediterranean have been lashed to fury, forcing fishing boats to remain in port. The harbors are crowded with storm bound shipping.

WIND DRIVES FIRE

GENOVA, Italy, March 6.—The forest near Santa Margherita in Northwest Italy, is ablaze. Owing to the high winds, it is spreading toward Portofino. Troops and firemen are endeavoring to put down the conflagration.

FOUR KILLED. ROME, March 6.—A violent wind storm, attaining hurricane proportions, swept Italy from the Alps to Sicily during the night, claiming a number of victims, causing huge property damage and cutting telegraph and telephone communication with the rest of Europe.

Four people were killed and three injured at Messina when the walls of an abandoned convent were blown down. Great damage was done to shipping in the ports of Genoa and Catania, and a heavy snowfall is reported from the Perugia region.

INFLUENZA SPREADS IN NEW YORK STATE

Two Thousand Students Absent From Schools in Binghamton; Factories Hit

ALBANY, N. Y., March 6.—An epidemic of influenza which has hit at least four communities and two prisons in New York State, centered yesterday in Binghamton, where two thousand students and eighty teachers were absent from the schools, and industrial plants were handicapped because of the infection of employees. The government health chemists are making laboratory tests.

ALBANY, N. Y., March 6.—An epidemic of influenza which has hit at least four communities and two prisons in New York State, centered yesterday in Binghamton, where two thousand students and eighty teachers were absent from the schools, and industrial plants were handicapped because of the infection of employees. The government health chemists are making laboratory tests.

TIMMINS MAYOR IS BEATEN AT POLLS

After Seven Years in Office Dr. McInnis is Replaced By E. G. Dickson

TIMMINS, Ont., March 6.—One of the hardest election fights that has ever been staged in Timmins came to a close last night, when Dr. J. A. McInnis, for seven successive years the occupant of the mayor's chair, and two members of the 1928 council, were unseated and members of an opposing faction were elected in their stead.

Yesterday's election was held on the order of Judge Caron, following the protest proceedings which resulted in the December elections being declared illegal.

E. G. Dickson was elected mayor and L. Longmore and J. H. Bacon are the new councillors.

MONTREAL, March 6.—Two more cases of what doctors fear is a new rabies, have been brought to the notice of authorities by police of Montreal. A fifteen-year-old boy and a young woman bitten Thursday are suspected to have contracted the disease.

The dog which bit these people, although it was at large for some time after inflicting the wounds, was subsequently captured and shot. The head of the dead animal will be sent to the Department of Agriculture at Ottawa for examination.

Coolidge Warns of Treasury Deficit

WASHINGTON, D. C., March 6.—President Coolidge yesterday reiterated his warning that a hundred million dollar treasury deficit is likely at the end of the next fiscal year, unless congress shows a willingness to prune appropriations in order to give business and industry full advantage of tax reduction.

Graves of Heroes Inundated

Thawing of a three day snowstorm has caused the inundation of many historic spots around Cambridge, Mass. Photo shows historic old Cambridge graveyard, burial place of many "Minute-men" of the Revolution, under water. In the background are buildings of Harvard University.

Whitby Man Wins Prize For Gladiolus

OTTAWA, March 6.—R. Hemstock of Whitby, Ont., has been awarded the Canadian florist and gardeners association medal for 1935, for his gladiolus "Miss Freida." The award was made by the Canadian Horticultural Council.

NEW CANADIAN FUEL POLICY ADVOCATED

OTTAWA, Ont., March 6.—Supporting the motion in the Federal House of Commons, the Canadian National Fuel Policy, the Ottawa Allied Trades and Labor Council, last night expressed itself as dissatisfied with the present mode of handling the problem.

QUEBEC LUMBER CUT BELOW LAST YEAR'S

QUEBEC, Que., March 6.—Due to the lateness of the winter in some sections of the province, the timber cut of 1935-36 has not come up to the expectations, according to G. O. Piche, chief forester of the Province of Quebec, who states that the original figures of one billion and a half feet would not be obtained.

LADY MOSLEY AND MATE IN TORONTO

Husband Says High Wages Responsible For Prosperity in U. S.

TORONTO, Ont., March 6.—Lady Cynthia Mosley, daughter of the late Marquis Curzon, and her husband, Oswald Mosley, Socialist member of the British House of Commons, are here from Niagara Falls. They have been touring the United States studying social conditions, and Captain Mosley on his return to England will introduce a program of constructive measures based on his study of conditions in the United States.

AGED PARENTS DIE OF GRIEF FOR SLAIN SON

PITTSBURGH, Pa., March 6.—Grief over the slaying of his son by payroll robbers is believed to have caused the death of A. J. Gump, 89, and his wife, 93, within three weeks of each other.

WOMAN QUALIFIES AS DEEP SEA CAPTAIN

ODESSA, March 6.—Soviet Russia claims the distinction of having the first woman sea captain. Madame Tatiana Jakovleva qualified with honors as a "master of navigation." She will soon be given command of one of the Soviet's Black Sea merchantmen.

CHURCH UNION BILL MAY BE WITHDRAWN

QUEBEC, Que., March 6.—Should the authorities of the United Church of Canada wish that their bill, now before the Quebec legislature, be withdrawn, it is not expected that there will be objection raised, though the legislature has the right to refuse to permit such withdrawal.

DUTCH CHURCH SYNOD RULES GENESIS TO BE TAKEN LITERALLY

AMSTERDAM, Holland, March 6.—The chapter of Genesis referring to Adam and Eve, the serpent and the tree of knowledge must be interpreted literally, says the report of the commission of the general synod of the Dutch Reformed Church, which has been trying Rev. J. H. Geelkerkin for heresy. The report stipulates that the clergyman, to retain his status with the synod, must sign an undertaking accepting this conclusion, but it is considered highly improbable that Dr. Geelkerkin will consent.

HOLDS POWER IN DETERMINING FUTURE ACTION

Consent Needed For Enlargement of Council

ERROR ADMITTED

Mistake Made in Launching Poland's Claim With Hint of Secrecy

GENEVA, March 6.—For the first time in the history of the League of Nations Great Britain and France can do nothing. All the cards are in the hands of Germany.

This statement was made today by a prominent personage in summing up the turmoil over the reconstruction of the council of the League, which is to come up at the sessions beginning next Monday, and which has caused the greatest crisis in the Geneva institution since its birth.

With Germany sure to secure admission to the League, the present attitude is taken to mean that Germany's consent must be obtained for any enlargement of the league council, and in particular as regards the candidacy of Poland.

ERROR ACKNOWLEDGED. In the greater part of League circles the opinion prevails that Germany's former enemies committed a tactical error in launching Poland's claim for a permanent seat under conditions which made it appear that there was a secret pact, calculated to undermine the effects of the League's records, and in violation of the tacit agreement at Locarno that when Germany came into the league council, she would come in alone.

Latin America possesses vital interest in the pending struggle for leadership in the League, which indicates to observers here the growing importance of the world powers are giving the League. If the League is to remain truly international and not shrink into a purely European institution, its members in the organization, must have a fair proportion of seats in the council, and that if the council is enlarged, Latin America's two seats must be increased.

FOUR SEEK SEATS. Forty hours before the conference between Sir Austen Chamberlain, the British Foreign Secretary, Aristide Briand, the French representative, Dr. Luder, the German Chancellor, and Dr. Stresemann, the German Foreign Minister finds four countries demanding new permanent chairs in the council—Brazil, Spain, Poland and China.

Legality of Liquor Pacts Questioned

NEW YORK, March 6.—The legality of liquor treaties between the United States and Great Britain and the United States and Norway, were questioned today in the Federal Circuit Court of Appeals in the course of libel proceedings regarding the sale and their two million liquor cargoes. The seized vessels are the Norwegian steamer Sagaland and the British steamship Diamantina.

NO WORD RECEIVED FROM RESCUE PARTY

EDMONTON, Alta., March 6.—Major James Ritchie, superintendent of the Royal Canadian Mounted Police at Edmonton, who has jurisdiction over the forces at Fort Smith, states that no word has been received at the local office regarding the expedition reported by wirelands to the Canadian Press as leaving Fort Smith on a trek into the barren lands to save a band of Eskimos from starvation.

ICEBREAKER SAILS FOR ANTICOSTI ID.

QUEBEC, Que., March 6.—The powerful icebreaker Mikula sailed from Quebec this morning with some 40 passengers, freight and mail and will attempt to go as far as Esquimaux Point on the north shore and Ellis Bay, Anticosti Island.

The icebreaker Lady Grey returned to Quebec yesterday afternoon, her work upstream having been completed with the opening of the channel as far as Three Rivers.

WOMAN QUALIFIES AS DEEP SEA CAPTAIN

ODESSA, March 6.—Soviet Russia claims the distinction of having the first woman sea captain. Madame Tatiana Jakovleva qualified with honors as a "master of navigation." She will soon be given command of one of the Soviet's Black Sea merchantmen.

CHURCH UNION BILL MAY BE WITHDRAWN

QUEBEC, Que., March 6.—Should the authorities of the United Church of Canada wish that their bill, now before the Quebec legislature, be withdrawn, it is not expected that there will be objection raised, though the legislature has the right to refuse to permit such withdrawal.

THE WEATHER

SYNOPSIS—Pressure is high on the northward of Manitoba with a decided trough of low from Lake Superior to the Southwest States. The weather has been fair and cold from Ontario eastward and has turned colder again with light snow in Manitoba.

FAIR AND MILD. FORECASTS: MONTREAL—Moderate westerly winds, fair and cold. Sunday—Moderate winds, fair and stationary or a little higher temperature.

NEW ENGLAND—Increasing cloudiness and not so cold tonight Sunday—Rain and warmer, fresh possibly strong south winds.

FRENCH CABINET FALLS AFTER NIGHT SESSION

Sales Tax Clause In Money Bill Is Obstacle

BRITAIN REACTS

Franc Drops Suddenly On London Market—League Issue Is Confused

By A. L. BRADFORD
United Press Staff Correspondent
PARIS, March 6.—The Briand government fell today. Premier Briand resigned, following an all-night session of the Chamber of Deputies, which culminated in defeat for the government on the sales tax clause of the financial project by a vote of 374 to 231. The government had a minority of 53.

The adverse vote ignored Briand's angry warning that catastrophe threatened France if the money bill were delayed.

Within an hour the cabinet's resignation had been received and accepted by President Doumergue, and Briand, the "man of Locarno," had announced he would not go to Geneva to help elect Germany to the League of Nations in pursuance to the agreements reached last autumn on Lake Maggiore.

Rescued by President Doumergue, Briand said he might leave for Geneva tonight, but merely to participate in the preliminary "Locarno-like" conferences scheduled for Sunday the day before the League formally meets.

BRIAND ANGRY

Taunted toward down by the Socialists because he did not make such a clause of the financial project a question of confidence as it came to a vote Briand angrily warned the Chamber of the catastrophic possibilities of the situation and then conferred with the Finance Minister where it was decided to make the sales tax a question of confidence and put the responsibility on the Chamber.

When the vote was announced shortly after 6 a.m. the deputies who stood with the aged statesman rose crying: "Vive Briand!"

The Premier rose and leading his ministers marched from the Chamber

AN ARTIST'S CARAVAN

Ethelbert White, a well known landscape artist who tours England with a caravan, together with his wife seeking interesting settings for his pictures. The picture shows him sketching from the top of his caravan.

to an adjoining salon to write his political operation, was defeated when everyone expected him to win.

"President Doumergue strongly urged me to go to Geneva to participate in the important conference I am scheduled to have Sunday with the representatives of the powers," Briand told.

A Sure Relief for Women's Disorders

Orange Lily is a certain relief for all disorders of women. It is applied locally and is absorbed into the suffering tissue. The dead waste matter in the congested region is expelled, giving immediate mental and physical relief; the blood vessels and nerves are toned and strengthened, and the circulation is re-established to normal. As this treatment is based on strictly scientific principles and acts on the actual location of the disease, it cannot help but be good to all forms of female troubles, including delay and pain, menstruation, leucorrhoea, falling of the womb, etc. Price \$2 per box, which is sufficient for one monthly treatment. A healing course of ten days, worth 75c, will be sent free to any suffering woman who will send me her address. Enclose 3 stamps and address Mrs. Lydia W. Ladd, Dept. 20, Windsor, Ont.

MONCTON NEWSBOYS
Guests At Y. M. C. A.

MONCTON, March 6.—The newsboys of the city had a wonderful time last evening at the Y. M. C. A. as the guests of the other Y's Men's Club.

The boys enjoyed a dip in the big swimming pool. There was no banquet held, but the club is to entertain the newsboys to supper in the near future, plans for which are now under way.

WIFE IS ASKED TO RECEIVE HER RIVAL

Somerville, Mass. Woman Tells of Husband Bringing Stranger Home

BOSTON, March 6.—Mrs. Joseph B. Walsh, wife of a Somerville postal employee, testified that her husband brought another woman into his home at 145 in the morning and called upon her to come out of the bathroom where she had sought refuge and meet the stranger.

Mrs. Walsh is suing the postal attaché for divorce, charging cruelty. She told the Middlesex Probate Court the introduction took place last Thanksgiving.

Despite the fact he also beat her and threatened to kill her, testified Mrs. Walsh, she still loved her husband. She then enumerated numerous acts of alleged cruelty on the part of Walsh, extending from June 4, 1923, when they were married, until a short time ago.

On the occasion of the birth of their child, testified Mrs. Walsh, her husband roundly cursed her for bringing the child into the world. The fact that the present regime is supposed to be Volsteadian made slight difference to the postal employe, according to his wife, who told the court he consumed on the average of a pint and a half of liquor daily.

Further alleged escapades of Walsh were enumerated by Miss Anna Bishop, a Cambridge nurse, who took the witness stand for Mrs. Walsh. Last October, she stated, she paid a visit to the Walsh home, and upon arriving there found Mrs. Walsh to be absent, but her husband home.

On this occasion, she stated, Walsh invited her to go out on a "little tour" with him, and extended her a cordial invitation to come to the house any time his wife was absent.

See Her Cook Electrically

While downtown to see the new Spring styles, drop in on the Demonstration Monday and Tuesday afternoon at Your Own Hydro.

Watch this miracle Range do really and truly all that is said about it. The speed of its heat, the cleanliness and ease of it. Why, you could run one in your drawing room. The only oven in the world with equalized heat—a guarantee of evenly raised, evenly browned cakes and everything. Never a crack or scorched part, never a "fall"—steady, un-failing, balanced heat that needs no tending. Cooking that keeps fresh twice as long—and meats and vegetables with shrinkage prevented.

Note how you can cook for hours with the current turned off and thus save \$100 a year. Now's your time to judge the most economical and most dependable cooker invented. Come in in the afternoon.

SAINT JOHN, N. B., MARCH 6, 1926.

TIME FOR A SHOWDOWN.

Regarding the decision of the White Star Line to send the 16,000-ton steamer Regina to Halifax only on her mid-April trip, the Halifax Chronicle quotes Colonel A. N. Jones, Halifax agent for the company, as saying that the announcement is more important than might appear at a glance.

to feel; and instantly they began to intrigue to have the power of Germany counterbalanced by the admission of make-weights against her. The permanent members of the Council at present are the British Empire, France, Italy and Japan. They are the Big Four.

Just Fun

'DO I HEAR a second?' cried the man as the other twin announced its arrival. MEN are more modest than women. You couldn't find a man in his right mind who wouldn't be ashamed to walk the streets half naked.

Sure He Would!

The Very Idea!

By Hall Cushman

ASHES

YOU kin have a million ash trays 'round the house, an' mebbe more, but somehow, men don't seem to know just what the things are for.

'I'd hate to pay the bill for the "light that's burning in the window," if it's been burning ever since the composer wrote that song.'

The next time you're chilled to the bone—put your hat on.

The man got "fit" on older, and His peace of mind was marred. Although he said "twas easy, still He found it rather hard."

NOW, HONESTLY— Betcha my worn out rubbers, that you're one of the persons who persist on saying, "Call me up some time!"

You hate to be bothered by being called to the phone, and yet it's your own fault.

I hafta laugh when anybody comes away from a phone, grumbling 'cause conversation took up some valuable time.

Don't talk folks to do what you'll be peev'd about, if they do it.

"If a lot of us followed our noses, they would lead us right into other people's business."

Let's play riddle. I'll ask you; what is it that has three legs, one arm, and causes an accident when somebody says, "Gentlemen, be seated?"

And of course you can't guess. So my answer is: a broken chair.

I don't get any great kick out of the fellow who boasts that he started out as a barefoot boy. What I'd like to see is if the fellow who was born with shoes on.

FABLES IN FACT. AFTER MUCH SEARCHING COMMA THE YOUNG FELLOW GOT HIMSELF A JOB PERIOD HE STARTED OUT ALL RIGHT MONDAY COMMA BUT UNFORTUNATELY HE WAS THE LAZY COMMA SHIFTLSS TYPE COMMA AND ON THURSDAY MORNING HE WAS AN HOUR LATE PERIOD OF COURSE HE EXPECTED TO GET THE DICKENS COMMA BUT THE BOSS ONLY SAID COMMA QUOTATION MARK I DON'T MIND YOUR BEING LATE THIS MORNING COMMA YOUNG FELLOW QUOTATION MARK PERIOD AND WEDNESDAY QUESTION MARK QUOTATION MARK.

Only the new liberal can help us because he will apply to our social, economic and political problems the same type of mind, methods and tools that he applies to the repair of an automobile.

I never heard of intolerance, prejudice and bigotry being employed successfully in the repair of an automobile, yet those are the principal tools we apply to our religious, social and political problems.

The less fit are multiplying so rapidly as to crowd out the physically fit and medicine and charity are aiding the process by keeping alive and enabling to reproduce the misfits.

We must find out how disease and psychosis are inherited, and a lot of money ought to be spent on this kind of research. A man in New York recently left \$400,000 for the care of inferior, but you can't get a cent for people of superior intelligence. "Fitter family" contests are being held at many of the state fairs to emphasize the importance of heredity.

Some of the colleges are trying to introduce courses that require of five families, including his own. That transforms the whole attitude. The student begins to think of persons of the opposite sex not merely as attractive individuals, but for the kind of germ cells they carry.

The college graduate is a dying race. One thousand Harvard graduates will have just fifty descendants six generations hence. A thousand unskilled laborers will have 100,000. Why, it takes three college trained women to produce one offspring.

HUSBAND—Well, how'd you like the ice box I had sent out today? WIFE—Oh, I can get by with it, if I buy short ribs and condensed milk.

Poems That Live

HEART EXCHANGE.

My true love hath my heart, and I have his, By just exchange one for another given; I hold his dear, and mine he cannot miss, There never was a better bargain driven.

My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

My true love hath my heart, and I have his, My heart in me keeps him and me in one, My heart in him his heart and senses guide; He loves my heart, for once it was his own, I cherish his because in me it hides.

REAL WORRY.

I never stop to ponder As to whether we Have ancestral monkey On the family tree, But I'm always striving, As the swift years pass, To live so that the future Won't think that I'm an ass.

HAVE you ever seen anything funnier than some men look in knickers? Yes—some women.

THE new settler was busy in his garden with a rake and hoe when his neighbor came along.

"I am new to the country and am not too proud to learn," said the newcomer, "and I wish you would give me a bit of advice."

"Certainly," replied the other. "Well, I want to raise some chickens and some geese, and I want you to plant the eggs in rows or do you broadcast them?"

"I never stop to ponder As to whether we Have ancestral monkey On the family tree, But I'm always striving, As the swift years pass, To live so that the future Won't think that I'm an ass."

The Best of Advice

BY CLARK KINNAIRD

YOU DON'T NEED TO SPEAK TO PROCLAIM YOURSELF. A MAN'S fortunes are the fruit of his character; and so, too, is his COUNTERPART THE EXPRESSION of his character.

It is an old truth that men and women make their own BEAUTY or UGLINESS. The conservative who believes Lytton speaks in one of his novels of a "man who was uglier than he had any business to be," and, if we could but read it accurately, every human being carries his LIFE in his FACE.

On our features the fine chiefs of THOUGHT and EMOTION are ETERNALLY AT WORK.

HUMAN character does evermore Publish itself, Emerson opined. "It will not be concealed. 'Tis hates darkness—It rushes into light."

"The most fugitive deed and word, any clear idea of where we are going and with the possibility that hell may be loose at any moment, and the third that men may apply human intelligence to human affairs."

The third is the only one that hasn't been tried.

Neither the optimist nor the pessimist can help us: Both live in dream fantasy. The conservative, who believes nothing should ever be done for the first time, and the radical, who believes nothing can be done except for the first time, are equally impotent.

Only the new liberal can help us because he will apply to our social, economic and political problems the same type of mind, methods and tools that he applies to the repair of an automobile.

I never heard of intolerance, prejudice and bigotry being employed successfully in the repair of an automobile, yet those are the principal tools we apply to our religious, social and political problems.

The less fit are multiplying so rapidly as to crowd out the physically fit and medicine and charity are aiding the process by keeping alive and enabling to reproduce the misfits.

We must find out how disease and psychosis are inherited, and a lot of money ought to be spent on this kind of research. A man in New York recently left \$400,000 for the care of inferior, but you can't get a cent for people of superior intelligence. "Fitter family" contests are being held at many of the state fairs to emphasize the importance of heredity.

Some of the colleges are trying to introduce courses that require of five families, including his own. That transforms the whole attitude. The student begins to think of persons of the opposite sex not merely as attractive individuals, but for the kind of germ cells they carry.

The college graduate is a dying race. One thousand Harvard graduates will have just fifty descendants six generations hence. A thousand unskilled laborers will have 100,000. Why, it takes three college trained women to produce one offspring.

HUSBAND—Well, how'd you like the ice box I had sent out today? WIFE—Oh, I can get by with it, if I buy short ribs and condensed milk.

THE present time the most fashionable subject of discourse is the prevalence of crime. Lawyers are either blamed for committing crime, instigating it, not preventing it, or not punishing it.

Every lawyer should be informed that he may represent a guilty person in order to aid in the administration of justice. He may induce the client to acknowledge his guilt, thus preventing a trial; he may also call the attention of the Court to every extenuating circumstance in the defendant's favor. To permit a lawyer to defend a man who is not guilty, is a reasonable doubt, although you know that the prisoner at the bar is the person who committed the crime.

Every lawyer should be informed that he may represent a guilty person in order to aid in the administration of justice. HOTEL PLAN OF DR. DOOLITTLE IS ENDORSED

N. B. Automobile Assn. Hears Maritimes Boomed As Tourist Centre

REFERENCE MADE TO ROAD MATTERS

Examination of Licenses For Operation of Automobiles Is Recommended

Details of a Canadian wide drive to improve hotel conditions in Canada were outlined to the members of the New Brunswick Automobile Association at their monthly meeting last evening by Dr. P. E. Doolittle, of Toronto, president of the Canadian Automobile Association, and endorsed. The meeting was held in the Board of Trade rooms with the president, T. F. Regan, K. C. in the chair.

Dr. Doolittle told the meeting that the Maritime Provinces had an excellent opportunity at a tourist centre. They had an advantage over the New England states where a heat wave lasting several days was liable to strike at any time.

This year many tourists should come here from Florida. Many people from Canada and the United States were now resident there and these people could not stand the heat and humidity of the Florida summer, but would have to come north for relief.

MUST BE PREPARED.

These provinces must be prepared to accommodate their visitors in good hotels. The hotel was the first point of contact between the tourist and the social system here. If a tourist stopped at half a dozen good hotels and one had one he would forget the houses where he had been comfortable and talk only of the one where he had been disappointed. Consequently it was important that there should be a chain of hotels throughout the country where travelers could rely on getting comfortably beds, good food and cleanly surroundings.

RECEIVES ENDORSEMENT.

The project as outlined by Dr. Doolittle received the endorsement of the members and the president was authorized to appoint a committee to work out details to put the scheme in force in New Brunswick.

Allan McAvity, C. T. Green and the secretary, J. Charlton Breen, were appointed a committee to look into the completion of the emergency road service to association members.

An invitation to send delegates to the National Safety Conference at Washington during the latter part of March and also the meeting of the secretaries of the various automobile associations in the same city was discussed, and Mr. Breen was appointed to represent the New Brunswick body there.

Mr. McAvity, John Tilton and E. C. Currie were appointed a committee to interview the various golf clubs with a view to securing privileges from visiting members of numerous associations such as are extended by several clubs in the United States.

QUESTION OF LICENSES.

The pending revision of the Motor Vehicle Act by the Legislature was discussed. It was decided to suggest to the Government that if it is impossible to carry out an examination of the 20,000 operators of motor vehicles who will apply for a renewal of their license on or about Jan. 1, that they make a provision that all new applicants for licenses should be compelled to undergo an examination by competent officials, as to their ability to properly handle a car, not only for their own safety but for the safety of the public. The association will further press for legislation compelling the carrying of lights on all vehicles at night.

T. F. Regan, president, emphasized that the permanent type of road must be built and that the taxpayers would find that they were cheaper in the end.

GOES TO NEW YORK.

James Chown, of this city, has left for New York, where he has accepted a position as teacher of Latin and athletics in the Irving School, Tarrytown-on-Hudson. Mr. Chown is a graduate of Mount Allison University and is well known in athletic circles here.

Home-made Supply of Fine Cough Syrup

Better than ready-made cough syrups, and saves about \$2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any drugist 2 1/2 ounces of Pinex, pour it into a 16-oz. bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is 16 ounces of really better cough syrup than you could buy ready-made and saves easily \$2. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better. Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your drugist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

"OUR LADY OF THE SNOWS"

WHEN Kipling wrote his much-quoted poem on Canada he certainly had not in mind the Sulphur Hot Springs of the Canadian Rockies, but if he had thought of them, he might have made a decided hit with them even in the depth of winter. However, even ports—licences and all—cannot know everything and this little scene that combines winter and summer will, if he sees it, be an eye opener to him. It is Miss Helen Woodside, trotting around in the snow in her one-piece bathing suit and never turning a hair.

NORTH SHORE MEET OF UNITED CHURCH

Miramichi Presbytery Concludes Session; Campbellton Flocks Joining

BATHURST, March 5.—The Miramichi Presbytery of the United Church of Canada has adjourned after a three-day session meeting which opened on March 2 in Trinity United church. The meeting was opened with public service. Addresses were delivered by Rev. Geo. Miller, of New Mills, and Rev. A. W. Brown, of Newcastle. Rev. Neil MacLauchlan, of Bathurst, chairman of the Presbytery, presided.

The amalgamation of St. Andrew's Presbyterian and Wesley Methodist churches, both in Campbellton, was discussed, and a basis of amalgamation presented by Rev. W. W. McNaught. This was approved. Rev. Mr. McNaught and Rev. W. S. Godfrey will be co-pastors. It was decided to consummate the union on April 9 at a meeting at which addresses will be delivered by Rev. L. H. McLean and Rev. G. M. Young. Rev. Mr. MacLauchlan will preside.

RESIGNS PASTORATE

The resignation of Rev. L. H. McLean, of Newcastle, as pastor of St. James' church was received and laid on the table. Rev. J. H. A. Anderson resigned as treasurer and Rev. George Gough was appointed to fill the office. The Presbytery nominated Rev. S. D. Chown, D. D., for the moderatorship of the General Council, on motion of Rev. Mr. McLean, seconded by Rev. C. D. MacIntosh. A call from the Restigouche congregation to Rev. A. T. McDougal, New Brunswick, S. was sustained. Rev. Mr. McLean, Rev. A. W. Brown, Rev. Mr. Young and Rev. Mr. Girwood were appointed a committee to consider the homestead situation with power to act.

The meeting went on record as opposed to ostentatious amendments to the legislation regarding church union and called attention to the decisions of church courts prohibiting the use of names of churches within the union non-concurring congregations. The next meeting will be held at Newcastle on the first of Tuesday in June.

THOSE PRESENT
The meeting, under the chairmanship of the Rev. Neil MacLauchlan, commenced Tuesday evening with the following present: The Revs. Geo. Gough, F. Thompson, Dr. Harrison, A. Brown, A. D. Archibald, L. H. McLean, H. A. Anderson, G. M. Young, R. M. Brodie, Dr. Harrison, L. Knox, C. D. MacIntosh, W. Girwood, W. McNaught and G. Miller, also Messrs. A. Andrews, R. McMillan, A. Adams, J. Henderson, T. A. Clarke and E. Parker.

RAILWAY WILL SELL ALCOHOL SHIPMENT

BANGOR, Me., March 5.—The Bangor and Aroostook Railroad has been guarding a carload of denatured alcohol in the yard at Derby for the past two months and is now going to sell it at auction to the highest bidder who can produce a proper federal permit. The car containing 100 drums marked F 2 B was shipped from Boston in December, consigned by the New England Products Company to Stevens Bros., Ltd., Edmundston, N. B. It was seized by federal officers at Fort Kent on suspicion until a sample could be analyzed. It was determined to be commercial denatured alcohol not subject to seizure, but the consignees notified the Railroad that they would not receive it.

POTATO PRICES DROP.

FORT FAIRFIELD, March 5.—Reports from various parts of the country as to potato shortage here as yet had no effect on the Aroostook market which has been marked by sagging prices and heavy shipments, so far this week. Prices have fallen off to \$2.90 to \$3.75 a hundred weight for Green Mountain number ones, while growers who have any to sell are still getting \$6, which is leaving a narrow margin for shippers at that price.

JUDGES WANT TO KNOW.

BERLIN, March 6.—Magistrates and prosecutors in Silesia who have been punishing violators of traffic laws are learning to drive automobiles themselves in order to discover how easily traffic rules can be violated.

AUSTRALIA ACTING TO PREVENT ILLEGAL ENTRY OF CHINESE

Canadian Press, Despatch. SYDNEY, Australia, March 5.—The "White Australia" policy, which is intended to preserve this country for the white race and to exclude the black, brown and brindle, has been the subject of many heated controversies. But out of it all has come a firm determination on the part of Australians to keep the country white. To do this, of course, drastic laws and regulations have had to be framed; but the wily Chinese finds means of breaking them.

CHINESE DODGE LAWS.

Away in the far north of Australia the population is sparse, the heat is torrid, the officials few and far between, and there are many thousands of miles of unprotected coastline. What is more natural, therefore, than that John Chinaman should select that part for evading customs authorities and getting into this fair land. The thing has now become an organized business.

Action is being taken by the Federal government to circumvent the operations of an organization which is engaged in the smuggling of Chinese into the Commonwealth. The Minister for Home and Territories, Senator Pearce, made that statement today. He added that he was sanguine that the plan of action decided upon would prove effective.

It is alleged that certain residents in the north of Australia are members of this illicit organization. A few months ago a police raid was made in Darwin and documents which were seized indicated that there was a definite organization at work, outwitting the carrying out of the white Australia policy.

There is also a branch of the organization at Hongkong. The Federal government got in touch with the authorities there and has now received advice that two persons suspected of being members of the organization have been deported from the colony. This secret society supplies Chinese with birth certificates of fellow countrymen already in Australia and also wealth. The main reason for this secret traffic is to secure cheap labor for market gardening and cabinet making.

Minard's Liniment for Dandruff.

BEAUTIFY IT WITH "DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk or whether it is linen, cotton or mixed goods.

FOX FROZEN.

FARMINGTON, Conn., March 6.—Frozen helplessly by its tail in ice that had formed in a small pool of water where it had lain down to sleep, a large red fox was shot and killed on the farm of Winchell Smith, playwright.

SHOWS DECLINE OF PNEUMONIA IN N. B.

In the New Brunswick Department of Health editorial publication to hand in a late mail, Chief Provincial Health Officer, Dr. G. G. Melvin, publishes an instructive article on Pneumonia, which he considers a seasonal disease. A quotation from his article gives interesting data upon the decline of pneumonia in New Brunswick in the last five years. He writes:

"Notwithstanding what has already been said of the generally even course of pneumonia during the past four or five years in New Brunswick, the deaths from the disease have been steadily growing less. One or even two years of such decrease would not warrant any definite conclusion, nor, perhaps, do four or five, but the latter appear to give at least some ground for hope that people in general are not so entirely oblivious to the risk of pneumonia as formerly. The rate per 100,000 population since 1920 for New Brunswick are interesting and are as follows: In 1920, 181; in 1921, 128; 1922, 131; 1923, 119, and in 1924, 94. Perhaps the harping upon this subject has had some effect, and it is largely because of this possible cause that the present additional article is written."

BIRTHDAY PARTY.

A large gathering of friends assembled at the home of Mr. and Mrs. Joseph Ellingwood, 169 Queen street, recently, to honor Mr. Ellingwood on his twenty-fifth birthday. Gordon Trifts, on behalf of those present, presented Mr. Ellingwood with a purse of money. He responded fittingly and thanked the donors for their gift. Games and dancing were enjoyed. The hostess was assisted by Miss Mary Gillan and Mrs. B. Perkins in serving dainty refreshments.

PILES RELIEVED

If you are suffering from bleeding, itching, blind or protruding Piles, I can give you certain relief. My new absorption treatment can be applied by yourself, right in your own home. Forward me your address and I will send you references from your own locality and a FREE TREATMENT that will give you immediate relief. Send no money. Let others know of this wonderful new treatment.

MRS. M. SUMMERS, BOX 40 WINDSOR, ONT.

STORES OPEN 9 A.M. CLOSE 6 P.M. DAILY. SATURDAY, MARCH 6.

Announcing a Special Demonstration Of Gossard Corsets On Monday and Tuesday in Our Whitewear Department by Mrs. Lillian Gibbons

Mrs. Gibbons is especially trained and particularly adapted to the difficult task of successfully fitting corsets, educated to fit the right type of corset to any type of figure. If your figure is not perfect and you wish to make it so, consult Mrs. Gibbons.

We now have in our Corset Department two specially trained Corsetiers who will be at your service.

The newest models will be shown, among which are the popular Gossard Combination, which prepares the figure for every fashion.

Gossard Completes lend beauty to the figure. Dainty Gossard Clasp-Arounds smooth the figure.

Gossard Brassieres and Uplifts insure figure firmness and grace.

Gossard Corsets are a boon to every figure. New Garments to meet the needs of the new silhouette have just arrived (from the House of The Gossard).

You are invited to come in and see these models. Try an expert fitting.

KING STREET GERMAIN STREET MARKET SQUARE

Weddings

Payne-Forrester.

MONCTON, March 5.—News has been received here of a wedding of much local interest which was solemnized in Los Angeles, California, on Saturday, February 20, when Helen Victoria, daughter of Mr. and Mrs. William Forrester, of Pictou, N. E., and William Douglas Payne, formerly of Moncton, N. B., were united in marriage at the home of the bride's cousins, Mr. and Mrs. Robert W. Tanner.

The bride was attired in a gown of grey canton crepe with blue trimmings and hat to match, and was given in marriage by her aunt, Mrs. Jessie A. Tanner.

The home was prettily decorated in a color scheme of yellow and white and after the ceremony a wedding supper was served. The happy couple left later on their honeymoon trip, motor- ing through Southern California. Rev. John Wesley Robinson, pastor of Grace Methodist Episcopal church, performed the ceremony.

The groom is a son of Mrs. W. R. Payne, of Williams street, Moncton, and is well known throughout the province. He served during the war with the First Canadian Contingent and left here to reside in California two years ago.

Deaths

Mrs. Wm. G. Gauderton

The death of Mrs. William G. Gauderton, Sr., occurred at the residence of her son William G. Gauderton Jr., 198 Waterloo street, yesterday afternoon, after a lingering illness, and is sincerely regretted by a large circle of friends.

Mrs. Gauderton was born in Grand Manan and is survived by her husband and one son, at whose home she passed away. The funeral will be held on Sunday afternoon from 198 Waterloo street at 3.30 o'clock.

Dyspepsia Caused Her Agony After Every Meal

Mrs. M. Caldwell, 2335 Hemlock St., Vancouver, B.C., writes: "After suffering for years with agony, from dyspepsia and indigestion, after every meal, I started taking

Burdock BLOOD BITTERS

and got such relief I kept right on until I had used three bottles and was completely relieved of my trouble. Now I can eat anything I wish without having any bad after effects."

Advice to the Boy of 23 Who is a Business Failure—How to Acquire Tact—Do Women Ever Learn to Know Their Hearts?

DEAR DOROTHY DIX—I am a young man aged 23, single, I have never amounted to anything in life. Have tried business for myself. Also working for the other fellow. Both failures. I have no trade or profession, or any kind. Would like to do something worthwhile, but I haven't any patience unless everything comes my way.

I am in love with a sweet girl and would like very much to marry her. What would you do in my position? UNDECIDED.

ANSWER: Well, to begin with, I should have too much pride and manhood about me to ask any girl to marry me until I made something of myself that was worth her taking and until I could offer her a decent living.

If I loved a girl I would think too much of her to be willing for her to marry a shiftless no-do-well who couldn't keep her in bread and butter and shoes.

So begin by putting the marriage proposition out of your head until you have earned the right to marry. Let this girl be your goal, and the way you hustle to get her will be the measure of your desire for her.

Then, if I were you, I would sit down and have a heart-to-heart session with myself, in which I would take stock of my abilities and try to decide on the most aptitude for doing. Next I would go to work and learn how to be an expert in that line. The day has gone by, if there ever was such a time, for the lack of all studies. In this day of fierce competition you must know how to do some one particular thing, and do it better than the other fellow, if you hope to succeed. Finally, having decided on my trade or profession, I would stick to it.

The men who are always changing about from one occupation to another accomplish nothing and get nowhere. There is more to learn about carpentering or the green-grocery trade or law or medicine than any one human being can ever master in a lifetime, even if he devotes his entire time to the study of that one subject. So if you perpetually shift from one job to another you never acquire the skill or knowledge in anything that is worth paying for.

Nor do the men succeed who are always moving from place to place and who think they have riches waiting for them in some distant place. Opportunity knocks on just as many doors at Squidunk as it does in New York or London or Paris and just as many men make a fortune at home as do abroad.

I wouldn't waste five minutes looking for an easy job, because there are no easy jobs that have a blue ribbon tag on them. Every man who succeeds buys success with sweat and labor, with self-denial, with weariness, with the grim courage that made him hang through anxiety and despair that ate out his very soul. Every dollar of every fortune is wet with the life blood of the man that earned it.

Nor should I throw up a job because I got tired of it and it ceased to interest me and I thought I would like something else better. There is no work in the world of which you will not weary at times. Anything by which you earn your living and which you do over and over again every day gets to be a deadly grind.

There isn't a worker who doesn't often have to force himself to his labor. But if he has the will power to do it the reaction comes and he recovers the joyousness of his work. It goes on to success, while the quitter tails and goes to the discard.

At 23, my boy, your fate is in your own hands. You can go to work and make of yourself what you will. Five years from now you can be happy, prosperous and self-respecting. Or you can go on as you are now and be nothing—a failure, a loser, drifting about from ill-paid job to ill-paid job. The decision is up to you. DOROTHY DIX.

DEAR DOROTHY DIX—I am writing for information regarding being diplomatic and tactful. Is it a gift or can it be cultivated? I am told that I lack tact and I would like to correct my fault if I can. SUSAN.

ANSWER: Tact is simply the golden rule put into execution. It is treating others as we would like to have them treat us.

Of course, in its highest expression, tact is a gift of the gods. Some persons are born with it. They have a sixth sense that makes them know intuitively how to keep off the grass of other tender feelings. They never bring up unpleasant subjects. They never offer gratuitous criticisms. They never make intentional unkind things that cut you like a knife. They never get into arguments.

They are always welcomed everywhere, for their presence is as soothing as oil upon the troubled waters of daily life. On the other hand, the tactless person is always like a bull in a china shop. He smashes things right and left. He offends without intending it. He hurts where he means to be kind. And he stirs up strife wherever he goes.

The tactless woman can never resist talking about dishonesty to a woman whose son has defaulted or telling stories of faithless men to a wife whose husband is a philanderer. She tells the mother of a delicate only child that it looks tubercular and jokes with the woman of 35 about becoming an old maid. She asks the fat woman if she hasn't put on ten pounds and tells the sallow woman how unbecoming her new green hat is to her. She can't even give you a present, without making it an insult, and she asks her husband for money just before dinner.

She may be the best and kindest of women, but she is a human steamroller that flattens out everybody in her pathway and she is feared and avoided accordingly.

Of course, the very best brand of tact is that which comes by nature, but anybody can acquire it.

One has only to say to one's self, "Would I like some one to do or say that to me?" If I like some one to do or say that to me, my own tact is too young for me or that I am not rearing my children right or that they have heard the story I am telling before? And if the says have it, then suppress your candid opinion and keep silence.

And, on the other hand, if there are certain things that you would like to have said to you, then they are the things to say to other persons. DOROTHY DIX.

DEAR MISS DIX—I am a girl of 18 and I am going to be married. They tell me that I am too young to marry; that I don't know my own mind. I resent this, for in affairs of the heart there is no woman who knows her own mind, regardless of age. No woman knows but that tomorrow her heart may set her mind in an entirely different angle from what it is today. In fact, I think that the older a woman gets the more foolish she becomes. I would like to know what you have to say along these lines. ANNA, T. M.

Perhaps there are girls of 18 who have reached their full maturity who know all that they are ever going to know and whose ideals and tastes will never change. I hope you are not one of them, Anna, because to have reached the limit of your development at 18 would put you in the class of high-grade monns.

I trust that you are going on growing mentally, changing your viewpoint, getting a broader outlook, so that in five or ten years from now you will look back on what you were at 18 with as much amusement as you do now at what you were at 8. And then you will wonder at the things that intrigue you so now, just as you wonder that you could have been so interested in playing dolls.

And you are mistaken, Anna, in thinking that the older a woman gets the more foolish she gets. Just living is an education in itself. DOROTHY DIX. Copyright by Public Ledger.

N. Y. BANKERS FORM \$250,000,000 OIL FIRM NEW YORK, March 5.—Formation of a \$250,000,000 holding company to be known as the Tidewater Associated Oil Company to acquire control of the present Tidewater and Associated Oil companies was completed today by New York bankers. The new corporation will have non-wide ramifications operating in California, mid-continent and eastern seaboard territory. Consolidation of the two companies will perpetuate close working relations which have enabled both to obtain an effective distribution of their output for several years. Mrs. H. S. Everett and Miss Helen Everett, of St. Andrews, spent a few days in Saint John this week.

A Few Up To The Minute Pointers

IN NEW YORK SEE SAWING UP and DOWN BROADWAY

THANKS to the wreckers and the padlockers, New York fast is being stripped of its most colorful and famed spots. If you would see the Manhattan that was, make haste. Else you will be greeted by—"Oh yes, this is the place where..." And if you have wandered the New York byways, and in these wanderings have been intrigued by a certain spot—then make haste! For even as your train rushes across the nation the hand of the wreckers may be upon it. Already the finest of the mid-town Fifth Avenue mansions are making way for huge apartment buildings. The historic eating places coast a handful of survivors, thanks to prohibition and the fact that humans now seem to prefer diversion to good food. AND now the Saracenic minarets of Temple Emanu El, which bring a breath of the Orient to the very heart of the Fifth Avenue shopping belt, are to disappear. Here, above all other spots in New York, was a haunting echo from an older world founded in a rushing and bustling new world. Hemmed in by a rising skyline, by steel and stone monuments to modern architecture, this exotic thing of mosaic and flagred stone has often seemed to me a symbol—yes, even a sort of warning to the speeding hordes that there are civilizations old as time itself, and these have risen and crumpled. On warm, lazy afternoons I have closed my eyes and found it easy to imagine some colorful mummals of the desert crying out to the faithful. And his voice, if it could speak, I am sure would say: "Why all this rush... stop... and seek the solace of silence... stop and ponder where all this is leading you... are you so important... is all this hurry and scurry important... contemplate... just a little... I am a symbol of civilization of an old, old world... take my counsel..." But, of course, they will not. The voice of the old world answers: "I am ruthless... what is tradition to me... I am youth that tires quickly of old toys... nothing is sacred to me... I would tear down the most beautiful... I would tear down that which can never be replaced... your religion... your... not... the castles of the rich and the temples of the ages, they are all one to me... I am a new deity and it is only for this that I care... all else is sentimentalism... and I have no patience with sentimentalism... landmarks, mansions... they are in my way... don't preach... I haven't time to listen... I must be on my way... tearing and wrecking and building and building..." And, as I as I shed a tear for the passing of a fond spot, I am forced to admit that it is this very ruthless, this exquisite gesture of sacrifice and abandon that makes New York. —GILBERT SWAN.

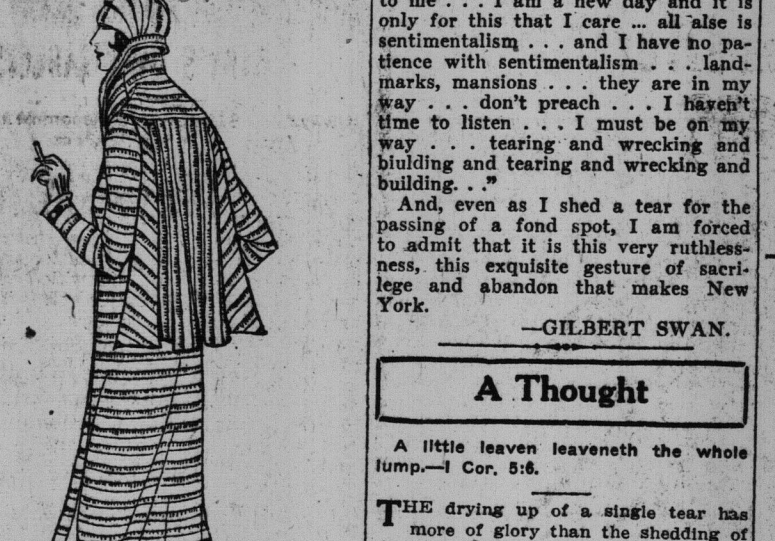

ADVENTURES of the TWINS by OLIVE ROBERTS BARTON

"I see it all now," squeaked the little mouse called Paddyfoot. "What?" cried the Twins. "The blackbird that flew away with the Blue Cherry was Blue Whiskers himself. He knew who I was when he saw me climbing the tree. Who he? For it was he who changed me from a nice big bear into a miserable little mouse. Boo, hoo, hoo, hoo!" And Paddyfoot began to cry big round tears. "It's too late to cry now," said Juke kindly. "It was stupid of us to let the historic eating places coast a handful of survivors, thanks to prohibition and the fact that humans now seem to prefer diversion to good food. AND now the Saracenic minarets of Temple Emanu El, which bring a breath of the Orient to the very heart of the Fifth Avenue shopping belt, are to disappear. Here, above all other spots in New York, was a haunting echo from an older world founded in a rushing and bustling new world. Hemmed in by a rising skyline, by steel and stone monuments to modern architecture, this exotic thing of mosaic and flagred stone has often seemed to me a symbol—yes, even a sort of warning to the speeding hordes that there are civilizations old as time itself, and these have risen and crumpled. On warm, lazy afternoons I have closed my eyes and found it easy to imagine some colorful mummals of the desert crying out to the faithful. And his voice, if it could speak, I am sure would say: "Why all this rush... stop... and seek the solace of silence... stop and ponder where all this is leading you... are you so important... is all this hurry and scurry important... contemplate... just a little... I am a symbol of civilization of an old, old world... take my counsel..." But, of course, they will not. The voice of the old world answers: "I am ruthless... what is tradition to me... I am youth that tires quickly of old toys... nothing is sacred to me... I would tear down the most beautiful... I would tear down that which can never be replaced... your religion... your... not... the castles of the rich and the temples of the ages, they are all one to me... I haven't time to listen... I must be on my way... tearing and wrecking and building and building..." And, as I as I shed a tear for the passing of a fond spot, I am forced to admit that it is this very ruthless, this exquisite gesture of sacrifice and abandon that makes New York. —GILBERT SWAN.

DAILY MOVIE SERVICE News Notes From Movieland

By Daisy Dean UNIVERSAL is elevating one of its actresses, Laura La Plante, to stardom. The blonde comedienne who first was seen on the screen in Charles Ray's "The Old Swimmin' Hole" and has since been lending her aid in a number of Universal pictures, will be starred in a new picture now that she has completed her work in "Poker Faces." She was born in East St. Louis but soon moved to the west coast and was educated in Los Angeles. After being graduated from high school Laura went to the casting offices and got a part in Charles Ray's picture. She also was in the cast of "The Tanager," "Dangerous Innocence," "Skinner's Dress Suit" and others. The bootlegging "industry" furnishes the plot for "Red Dice," Rod La Rocque's latest picture. "The Nervous Wreck" will be produced in the spring by Christie. It was a recent stage success.

Fashion Fancies

By Marie Baimont The coat above is one of the newest models, exploiting, as it does, several very interesting tendencies. Marmoset mixtures are very good just now, and this particular one employs several colors, of which gray and a soft lavender tone are the most predominant. Notice the least yoke at the back, the buttoned cuff, and, of course, the smart cape attachment. Capes are far out-number any others in Spring popularity.

Is this your BIRTHDAY

MARCH 6—Good Judgment; a knack of seeing things as they really are. Many March 6 men take to army discipline particularly well. Self-reliance is generally one of their characteristics. If a man, you do not jump to conclusions, and very likely rather distrust people who do. You want reasons for things. If a woman, you may be, on the contrary, too ready to believe in people and things. You should have a happy marriage. Your birth-stone is a bloodstone, which means presence of mind. Your flower is a violet. Your lucky color is white.

Little Joe

EVERY YOUNGSTER TAKES AFTER HIS DAD WHEN HE WANTS A NICKEL. MARCH 7—You are a careful, methodical person, but plan things that you do not even attempt, because of your extreme caution. You are very tender-hearted, and will often allow others to impose upon you rather than hurt their feelings. Cultivate more courage, and take love when it comes to you. Don't listen to gossip. Your birth-stone is a bloodstone, which means presence of mind. Your flower is a violet. Your lucky color is white.

Minnard's Liniment for Colds.

Hard or Soft Corns—Corns between Toes. Hurt? No, not one bit! You'll laugh—so simple! Just drop "Freezone" on that sore, touchy corn or callus. Instantly it stops itching, then shortly you lift that bothersome old corn or callus soft, corn, or corn between the toes.

MAN OF 42 WOULD WED GIRL, TWELVE

Maine Mother Gives Consent; Town Clerk Refuses to Grant License

AUGUSTA, March 6.—Grube B. Cornish, secretary of the State Board of Charities and Corrections, has ordered an investigation of the attempted marriage of a man 42 years old and a girl aged 12 in Solon.

Clayton Eames, town clerk of Solon, has refused to issue a marriage license, although the girl's mother has given her consent. Under the State law, the clerk can be compelled to issue a marriage license unless the circumstances make it physically and morally impossible for the couple to marry.

MAY GO TO CANADA.

Secretary Cornish has sent Mrs. Edith Wadsworth of Skowhegan, a field worker, to investigate, but she has been detained at Jackman owing to snowdrifts in the road. The girl and her mother live so close to the Canadian border that it is believed that they may go to Canada to marry. In case Miss Wadsworth sees fit to do so, the girl may be claimed as a State ward and brought here for protection, provided she does not get across the border.

Secretary Cornish stated that there is no law in Maine preventing a man from marrying a mere child provided the parents give their consent. The girl's mother was married when she was 15.

The town of Solon is considerably wrought up over the proposed marriage. The selectmen have authorized the town clerk to refuse a license until he is directed by order of the court to do so. The names of both parties have been withheld owing to the youth of the girl.

NOT POSSIBLE.

FIRST Actress: When I came on the stage the audience simply sat there, open-mouthed.

Second Actress: Oh, nonsense! They never all yawn at once.—Toronto Gossip.

A Profitable Profession for Women

Paying \$30 a Month and Living While in Training

McLean Hospital School of Nursing offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$80 per month. This course is open to young women who have completed successfully one year of high school. Entrance in January and September. For information apply to:

Locked Out, Sleeps In Barn; Freezes Nose

EAST ROCHESTER, N. H., March 6.—When Gene Robinson arrived at Hotel Glendon early in the morning he found the doors locked, and, not having a key, was unable to get in. Going to the barn, he borrowed several robes and curled up in an auto to sleep. On awakening early, with his nose frozen and feet and fingers nipped, he found a key to the hotel on a key-ring in the car, the property of the man owning the machine.

Perfect Romance Ends In Suit For Divorce

TORONTO, March 6.—Canada's "perfect romance" has ended. When Marjorie Smith, as "Miss Toronto," won beauty honors at Atlantic City, rejected proposals by millionaires and returned to wed John Spilan, a poor mechanic, all those with a touch of sentiment in their systems sighed happily. Now Mrs. Spilan has brought suit for divorce, charging inability to support her.

ESTATE TRUSTEE SAVES GIRL MILLION

Granddaughter of F. W. Woolworth's Widow Helped by Shrewd Stock Sale

NEW YORK, March 6.—A 15-year-old girl would be \$1,200,000 poorer today, according to Wall street, if it had not been for the foresight of the trustee of her estate.

And as the estate was receiving congratulations not a few laughs circulated in financial circles at the expense of those who last January bought 50,000 shares of Woolworth stock belonging to little Barbara Hutton, one of the heirs of Mrs. Frank W. Woolworth, widow of the 5 and 10-cent store king and Barbara's grandmother.

At the time of the sale, the stock was selling on the New York Stock Exchange at 218 and the buyers were credited with a shrewd deal when they got it in a private transaction for about 208.

Monday, however, Woolworth stock fell to 181, just 14 points below Saturday's low. The little girl's remaining stock has depreciated \$4,875,000.

WOMAN MARRIES UNDER TWO NAMES

Appeals For Divorce as Husband Missing Since August, 1911

NEW YORK, March 6.—Mrs. Charles Kerrigan of the Bronx, under that name, and also under the name of Mrs. Abraham Ford, applied to Justice Gibbs in the Bronx Supreme Court for a divorce under the Enoch Arden law.

When she was Miss Celia Mesler of Brooklyn, she was secretly married in Baltimore to a man who called himself Charles Kerrigan, who was not acceptable to her parents because they were Jewish and he was not. In 1910, after a year of surreptitious meetings, she said, her husband told her he had assumed the name under which they were married and that his real name was Abraham Ford and that he was willing to become a Jew if the hostility of her parents could thus be overcome. He did become a Jew, she said, and they were married all over again by a rabbi.

Her husband left their home in August 1911, saying he was going to Conby Island for a swim. He never came back and his wife under two names told Justice Gibbs she thought she had waited long enough. The court deferred decision.

Her husband left their home in August 1911, saying he was going to Conby Island for a swim. He never came back and his wife under two names told Justice Gibbs she thought she had waited long enough. The court deferred decision.

ALL men are born free and equal.

720,000 WHISKEY GLASSES.

NEW YORK, March 6.—One of the largest orders for whiskey glasses since prohibition has been booked by a producer. The order was for 60,000 dozen, or 720,000 pieces, to be shipped to a Pacific Coast point.

MOTHERS WHO HAVE USED BABY'S OWN TABLETS

Always Strongly Recommend Them to Other Mothers

Once a mother has used Baby's Own Tablets for her little ones will use nothing else—actual experience teaches her that there is no other medicine so equal to them for any of the minor ailments from which her baby or little ones suffer. Having found the value of the Tablets in her own home, she is always anxious that other mothers should share her knowledge. That is why Mrs. Craighon White, North Wood Road, N. S., writes the following:—"I have a baby seventeen months old and have given him nothing but Baby's Own Tablets ever since he was a week old. I know of no other medicine to equal them, and it is certainly a pleasure to recommend them to other mothers."

Baby's Own Tablets are a mild but thorough laxative that regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fevers and make the sickly baby well and happy again. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

WEIGHS 95 POUNDS.

PRATT, Kan., March 6.—Pratt county has a 95-pound sheriff. Mrs. Gattie Lockett, wife of Sheriff E. L. Lockett, was appointed under sheriff to fill the vacancy of Dan Schrepel, who resigned.

Mrs. Arthur Slipp, of Fredericton, is visiting Mrs. George Howie, Douglas avenue.

Mrs. A. E. Logan and Mrs. A. C. Ellingwood were the joint hostesses at a very delightful gathering of relatives.

Mrs. Pearl Peters, of Gagetown, is visiting at the home of Miss Armstrong, King street east.

Mrs. Hubbard and daughter, Marion, who have been visiting Miss Helen Hamay Jack, Weight street, have returned to their home in Burton, N. B.

Mrs. B. Bernstein, of Glace Bay, N. S., has announced the engagement of her daughter, Bessie, to Mr. Louis Bjodovich, son of Mr. and Mrs. S. Budovich, of this city. Mr. Budovich is now located in Kitchener, Ont.

Dr. and Mrs. W. C. Crockett, Fredericton, entertained the choir of St. Andrew's church at their home on Wednesday evening. A most enjoyable time was spent in music, games and social chat. Refreshments were served and community choruses sung after which Auld Lang Syne brought a most pleasant evening to a close. Rev. Dr. Harper, who conducted the services for St. Andrew's congregation on Sunday last, and Rev. Mr. Errois, of Stanley, were present and entered heartily into the festivities.

Mr. and Mrs. Harold Murchie, Calais, delightfully entertained friends at their home on Monday evening. Bridge was enjoyed during the evening. Mrs. Lewis Eaton, Mrs. Henry Peterson, Paul Lord and Lewis Eaton receiving the prizes.

Mrs. Bruce Buchanan gave a very enjoyable bridge at her home in St. Stephen on Tuesday evening. There were three tables. The first prize was won by Mr. and Mrs. M. Garfield White, Sussex, left on Thursday for New York.

Mr. and Mrs. H. O. Budd and the second, Mrs. W. Fred Nicholson. Delicious refreshments were served after the game. Mrs. Clifford Morrison assisted Mrs. Buchanan in serving.

Mr. and Mrs. Fred Markey, Dorchester street west, Montreal, left on

Social Notes of Interest

Mrs. Frank G. Wilson gave a very delightfully arranged bridge at her residence 22 Duke street, Thursday afternoon. The drawing room was artistically arranged with daffodils for decoration, and the tea table had in the centre a silver basket of pink snap-dragon. At the tea hour Mrs. Kettle Wilson presided, and was assisted by Mrs. H. C. Wilson, Miss Margaret Page, Miss Clement Fenton and Miss Ellen Branscombe. Prizes were won by Mrs. A. Christie, Mrs. D. Pains weather and Miss M. Dunlop. Those present were Mrs. Kettle Jones, Mrs. H. W. Heans, Mrs. Arthur Rankine, Mrs. Hamma, Mrs. A. Christie, Mrs. Charles Secord, Mrs. Murray Sinclair, Mrs. John Gillie, Mrs. Kettle Wilson, Mrs. P. D. McAvity, Mrs. John McLean, Mrs. Kenneth Campbell, Mrs. Andrew West Murray, Mrs. Kenneth Arthur Carter, Mrs. Daryl C. Fairweather, Mrs. Rupert B. Buchanan, Miss L. Fenton, Miss Winifred Blair, Miss M. Dunlop, Miss Marion McLean, Miss Gertrude Ewing, Miss Ellen Branscombe, Miss Audrey Rankine and Miss Dorothy Evans.

Mrs. Howard P. Robinson was the hostess at a very enjoyable bridge at her residence, Mount Pleasant avenue, yesterday afternoon. Ophelia Ross presided at the drawing room, and at the tea hour the table was centered with a bowl of roses. Mrs. A. Niel McLean presided, and was assisted by Mrs. Eber H. Turnbull, Mrs. Hugh Bruce, Mrs. John Gale and Mrs. Grant Smith. The fortunate prize winners were Mrs. M. A. Pooler and Mrs. Sidney Jones.

Mrs. Roy McKendrick, 186 Sydney street, gave a very enjoyable children's party on being spent in games and music. Her little daughters, Betty and Edith, the occasion being the fourth birthday of the latter. Pink tulips were effectively used in the decoration of the drawing room, and dining room. The tea table was centered with a birthday cake, with light tapers, and pink flower boxes of sweets, were at each little guest's plate. The afternoon was happily spent in games and music. Those present were Ruth Hayward, Eleanor Peacock, Isabelle Regan, Evelyn Bonner, Jean Kitchin, Ruth Kitchin, Doris Wilson, Eleanor Wilson, Elizabeth Rising, Helen Rising, Jean Mott, Annie Cleire Mott, Jane Leonard, Elizabeth Leonard, Elizabeth J. Leitch, Mary Ledingham, Ruth Spear, Betty Curran, Mary McKern, Dorothy Johnson, Ruth Lewis, Shirley Hanna, Constance S. Field, Katherine Schofield, Charlotte Fisher, Constance Thompson, Jean Leclachur and Joseph Logie.

Mrs. Edward Du Vernet, of Digby, was the guest this week of Miss Armstrong, King street east, en route to Vancouver, where she will visit her son, Dr. E. Du Vernet and Mrs. Du Vernet.

Miss Kathleen Sturdee, who has been the guest of Dr. and Mrs. George Hooper at Ottawa, returned home on Wednesday.

Mrs. John E. Sarge, Rothesay, who has been visiting her sister, Mrs. Douglas MacLeod, at Toronto, returned home on Wednesday.

Mrs. F. R. Blair, of Saint John, spent the week-end in St. Stephen, the guest of her brother, O. F. Deakin, and Mrs. Deakin.

Mr. Ralph Warwick left yesterday for Montreal.

Mr. and Mrs. W. E. Phin, of Hamilton, Ont., accompanied by their daughter, Mrs. John Skinner, and Mr. Skinner, of Toronto, arrived in the city yesterday and are guests at the Almiral Beatty.

Miss Pearl Peters, of Gagetown, is visiting at the home of Miss Armstrong, King street east.

Mrs. Hubbard and daughter, Marion, who have been visiting Miss Helen Hamay Jack, Weight street, have returned to their home in Burton, N. B.

Mrs. Arthur Slipp, of Fredericton, is visiting Mrs. George Howie, Douglas avenue.

Mrs. A. E. Logan and Mrs. A. C. Ellingwood were the joint hostesses at a very delightful gathering of relatives.

Mrs. B. Bernstein, of Glace Bay, N. S., has announced the engagement of her daughter, Bessie, to Mr. Louis Bjodovich, son of Mr. and Mrs. S. Budovich, of this city. Mr. Budovich is now located in Kitchener, Ont.

Dr. and Mrs. W. C. Crockett, Fredericton, entertained the choir of St. Andrew's church at their home on Wednesday evening. A most enjoyable time was spent in music, games and social chat. Refreshments were served and community choruses sung after which Auld Lang Syne brought a most pleasant evening to a close. Rev. Dr. Harper, who conducted the services for St. Andrew's congregation on Sunday last, and Rev. Mr. Errois, of Stanley, were present and entered heartily into the festivities.

Mr. and Mrs. Harold Murchie, Calais, delightfully entertained friends at their home on Monday evening. Bridge was enjoyed during the evening. Mrs. Lewis Eaton, Mrs. Henry Peterson, Paul Lord and Lewis Eaton receiving the prizes.

Mrs. Bruce Buchanan gave a very enjoyable bridge at her home in St. Stephen on Tuesday evening. There were three tables. The first prize was won by Mr. and Mrs. M. Garfield White, Sussex, left on Thursday for New York.

Mr. and Mrs. H. O. Budd and the second, Mrs. W. Fred Nicholson. Delicious refreshments were served after the game. Mrs. Clifford Morrison assisted Mrs. Buchanan in serving.

Women Find

Great comfort in this new hygienic pad that discards easily as tissue—no laundry

ON many important counts, women are deserting the old-time "sanitary pad."

There is a new way. A way that multiplies protection. A way, too, that solves the old problem and embarrassment of disposal.

It is called "KOTEX." Ends the insecurity of the old-time sanitary pad. Five times as absorbent! And *discards—ends ALL fear of offending.*

As easily disposed of as a piece of tissue. No laundry. No embarrassment.

You get it at any drug or department store simply by saying "KOTEX." You ask for it without hesitancy.

Costs only a few cents. Eight in 10 better-class women employ it. Proves old ways an unnecessary risk.

KOTEX
No laundry—discard like tissue

and friends at the home of Mr. and Mrs. Samuel Galbraith, 120 Chesley street. Mrs. E. Haywood and Mrs. C. W. Parent assisted the hostesses in receiving the guests. Mrs. S. A. Stockford and Mrs. G. H. Galbraith presided over the tea and coffee urns. Miss Alice O'Dell, Miss Bessie McCormack, Miss Nellie Fisher and Miss Annie Sokes assisted in serving dainty refreshments. The evening was spent in games and music. A pleasing feature of the evening was the presentation of a dinner set to Mr. and Mrs. Galbraith by John Thornton on behalf of the guests. Although taken by surprise the honored guests thanked their friends for their thoughtfulness and good wishes.

Mrs. Harold Greenlaw, of St. Andrews, is visiting relatives in Saint John.

Miss L. Levine has returned to her home in New York, after spending five weeks here at the guest of Mr. and Mrs. D. Aronoff.

Mr. and Mrs. F. Bailey, 168 Main street, entertained about 80 friends at their home on Tuesday evening. The drawing room was attractively decorated with spring flowers. At the tea hour the table was centered with pink tulips and silver candelsticks. Mrs. George Mullin and Mrs. Margaret Davis presided and the hostesses were assisted in serving by Mrs. John Warnock, Mrs. R. D. Bailey and Miss Annie Bailey. The evening was pleasantly spent in games and music. During the evening the honored guest was made the recipient of a shower of gifts, which was presented in a pretty manner by Mrs. Agnes Nice, Miss Blenda Thomson and Miss Marion Miels.

Mrs. James Coy was hostess Wednesday night at a most delightful dinner bridge at her home on Charlotte street, Fredericton. Covers were laid for 20 and dinner was served at small tables, each centered with a silver candelstick holding a red taper, while the place cards were pretty and unique. At the conclusion of dinner bridge was played, Mrs. Ralph Gunter winning the first prize, Mrs. A. E. Branscombe second prize and Mrs. D. E. Crowe the consolation prize.

Mr. H. Wall, St. Stephen, entertained delightfully at bridge at her home on Tuesday evening for the pleasure of Mrs. Kenneth Murray and Miss Louise Bateman. There were three tables. Mrs. Murray and Miss Bateman were presided with guest prizes. Mrs. Stewart Ryder assisted Mrs. Wall in serving a very delicious lunch after the game.

Twenty friends of Miss Cora Sutton met at the home of her cousin, Mrs. A. McKee, 178 Wentworth street, Thursday evening and tendered her a surprise party. The hostess was assisted by Miss Lottie Kelly, Miss Florence Kelly, and Mrs. R. T. Woods in serving dainty refreshments. Those present were Mr. and Mrs. R. T. Woods, Miss Florence Kelly, Miss Alice Corbett, Miss Pansy Graham, Miss Doris Corbett, Miss E. E. Leck, Miss Olive Dunn, and H. P. Allingham, Harold Peacock, Frank Wegster, Douglas Barber and Norman Brittain.

Mrs. B. Bernstein, of Glace Bay, N. S., has announced the engagement of her daughter, Bessie, to Mr. Louis Bjodovich, son of Mr. and Mrs. S. Budovich, of this city. Mr. Budovich is now located in Kitchener, Ont.

Dr. and Mrs. W. C. Crockett, Fredericton, entertained the choir of St. Andrew's church at their home on Wednesday evening. A most enjoyable time was spent in music, games and social chat. Refreshments were served and community choruses sung after which Auld Lang Syne brought a most pleasant evening to a close. Rev. Dr. Harper, who conducted the services for St. Andrew's congregation on Sunday last, and Rev. Mr. Errois, of Stanley, were present and entered heartily into the festivities.

Mr. and Mrs. Harold Murchie, Calais, delightfully entertained friends at their home on Monday evening. Bridge was enjoyed during the evening. Mrs. Lewis Eaton, Mrs. Henry Peterson, Paul Lord and Lewis Eaton receiving the prizes.

Havelock Property Being Held In Reserve as Site For Cement Plant, Is Claim

H. C. Van Scoyoc, B.Sc., of Montreal, Tells Engineers Here That Maritime Provinces Have All the Necessary Ingredients For Its Manufacture

H. C. VAN SCOYOC, B.Sc., of Montreal, speaking at a meeting of the Saint John branch of the Engineering Institute of Canada last evening, declared that after a search extending over several years for properties containing raw materials suitable for the manufacture of cement, a property had been purchased several years ago in the vicinity of Havelock, Kings county, and was being held in reserve until export trade would develop sufficiently to erect a modern cement plant there.

The great wastage in empty cement bags returned in damaged condition was developing into one of the big bears of the industry, he said, adding to the cost of concrete construction to such an extent so that by recent processes a bag made of several layers of paper has been perfected so that cement may now be shipped in these paper bags.

This will give another home market for the paper mills in Canada and should materially benefit some of the paper mills, he said, adding that the paper mills in the Maritime Provinces, declared Mr. Van Scoyoc.

MANUFACTURE OF CEMENT.

Speaking of the subject of the manufacture of cement, the various processes and the stages of manufacture were described in detail; in all more than 80 operations are necessary and in the kilns, the mixture is heated up to 3,000 F. for clinkering and drying purposes.

The basic ingredients of cement are limestone and clay or shale which are crushed and mixed in determined proportions and passed over dryers and ground further in tube and ball mills. Later large quantities of pulverized coal are added to provide heat during the clinkering of the mixture and gypsum also is added up to three per cent, to control the rate of hardening of the cement when used, explained the speaker.

Feel Splendid!
Nicest Laxative,
"Cascarets" 10c

Don't stay miserably constipated, bilious, congested, sick!
One or two pleasant candy-like "Cascarets" taken any time will mildly stimulate your liver and start your bowels. Then you will both look and feel clean, sweet and fresh. Your head will be clear, stomach sweet, tongue pink and your skin rosy.

Because "Cascarets" never grip or sicken, it has become the largest selling laxative in the world.
Directions for men, women, children on each box—any drugstore.

GARY AND HIS SUCCESSOR

ELBERT H. GARY
NATHAN L. MILLER

With rumors afloat in Wall Street that Elbert H. Gary intends to resign as chairman of the board of the United States Steel Corp., largest industrial enterprise in the world, Nathan L. Miller, former governor of New York, is being suggested as the man likely to succeed him. Mr. Miller became general counsel of the company last November. Mr. Gary has been head of the corporation since its organization 25 years ago.

of the cement when used, explained the speaker.

MODERN CEMENT PLANT.
A modern cement plant complete requires several large quarries containing the different ingredients which may not be conveniently located to the plant so that some of the ingredients may have to be hauled some distance by rail or water. It is this factor of having all quarries located close together which largely determines the location of the plant. The cement plant, where actual manufacture occurs, requires some acres of land and one portion devoted to storage bins awaiting shipment of the finished product are of the capacity of modern grain elevators.

Some plants in operation, he said, in Canada at present have a manufacturing capacity of 10,000 barrels per day and shipping facilities for 40,000 barrels daily.

The ingredients of cement are all found in the Maritime Provinces, said Mr. Van Scoyoc, the limestone, clay, shale, gypsum and coal, also in large quantities. It is mainly to have these ingredients properly located and a proper market in sight to warrant the completion of more mills.

Another feature, he said, is that some of the mills in Canada today are not operating up to capacity, but the demand for cement, owing to growth in concrete construction, is yearly increasing.

Reels of motion picture films were shown of the various processes in the manufacture of cement. Films were also shown of the Toronto-Hamilton highway, this road, 40 miles in length, of continuous concrete pavement, was the first long stretch of concrete road construction in Canada. Another film showed the details of highway construction with modern road-making machinery.

GIVEN VOTE OF THANKS.
W. R. Pearce, M.E.I.C., chairman of the Saint John branch, presided at the meeting. A vote of thanks on behalf of those present was extended to Mr. Van Scoyoc on motion of Geoffrey Stead, M.E.I.C., and G. G. Murdoch.

STOCK TRADE TURNS TO ALMOST NORMAL

SALES IN NEW YORK ARE \$2,101,300 SHARES

Rail Issues Heavily Bought as Many Industrials Are Liquidated

Canadian Press Despatch.
NEW YORK, March 5.—Trading on the New York Stock Exchange today turned to an almost normal condition. Heavy buying of the railroad shares, particularly of Van Sweringen issues, contrasted with a renewal of liquidation in many industrials as prices sought their proper levels after four weeks of which witnessed a violent general decline and the fourth an almost equally violent recovery.

Total sales today were 2,101,300 shares, as compared with 3,785,700 in Wednesday's record-breaking session.

Today's advance in the Van Sweringen issues probably received its impetus from reports that bankers were preparing for the construction of a new financial structure for the "Nickelplate" merger to replace the one objected to by the Interstate Commerce Commission.

"Nickelplate" common advanced 24 points by touching 155, but it settled back to 153 at the close. Meanwhile, bear selling and profit-taking by the traders who had bought stocks for a "turn" on Wednesday, checked the resumption of the upward movement in such high-priced specialties as American Can, which dropped from 81 1/2 to 80 1/2; General Electric, which fell from 82 to 82 1/2; and U. S. Cast Iron Pipe, which slipped from 17 1/2 to 17, but all closed above the day's lows.

\$1,000,000 N. S. FIRM OBTAINS CHARTER

OTTAWA, March 5.—Public notice of incorporation given in this week's issue of the Canada Gazette include the Canada Process Fuel Company, Limited, \$1,000,000, Halifax.

TONIC TREATMENT FOR INDIGESTION

Indigestion Comes With a Run-Down Condition—Relief Comes Through Enriching the Blood—Dr. Williams' Pink Pills Make New Blood.

There are many symptoms of indigestion, such as acute pain after eating, belching of wind, nausea and vomiting, bloating and pains in the region of the heart, dread of food for the misery it causes. Dieting and the use of pre-digested foods may give ease, but that is all, and meanwhile the stomach grows steadily weaker. The work of digestion depends upon the blood and nerves and the only way to get rid of indigestion is to tone up the stomach, through the blood, to do the work nature intended it should do. The one thorough way to do this is through the use of Dr. Williams' Pink Pills, which renew the blood, strengthen the nerves and enable the stomach to do its work with ease and comfort. Neglected indigestion means prolonged misery. If you have any of the symptoms of this trouble try the tonic treatment with Dr. Williams' Pink Pills at once and you will be gratified with the results.

Nervous Indigestion.
Among the many who have found new health through the use of Dr. Williams' Pink Pills is Mrs. Ada Webb, R. R. No. 3, Prescott, Ont. who says:—"For a long time I went through the tortures of nervous indigestion. I call it torture because no other word can describe what I endured. If my stomach was empty I retched. If I took food I vomited. I did not sleep, and I was steadily growing weaker. I doctored for months with no benefit. One day my husband said, 'As the treatment you have had has not helped you, why not try Dr. Williams' Pink Pills?' I consented and he got me a supply. After I had been taking the pills for a while I knew they were helping me as the pains and retching grew less and I slept better. I gladly continued the use of the pills and in a few months I felt like a new woman, better than I had felt for years, and able to work for my husband and children again. After such a wonderful experience how can I do anything else but recommend Dr. Williams' Pink Pills?"

Toned Up the System.
Mr. M. Esipu, Welland, Ont., says: "To build up a run-down constitution and to strengthen the nerves I know of no medicine that can equal Dr. Williams' Pink Pills. I had become very much run-down, and my stomach gave me a great deal of trouble. I would have spells of nervous indigestion, and anything I ate caused me distress. Dr. Williams' Pink Pills were recommended to me, and after taking about a half dozen boxes, my nerves were stronger and the indigestion no longer troubled me. In fact Dr. Williams' Pink Pills seemed to tune up my whole system and physically I was much better than I had been before."

Was a Great Sufferer.
Mrs. Adolphus Villeneuve, R. R. No. 2, Apple Hill, Ont., tells how she obtained relief:—"I was so bad with nervous indigestion that I could not digest anything I took, and as a consequence was a great sufferer. I doctored for four months, but seemed to be getting worse instead of better. I lost strength to such an extent that I could hardly go about. Then my mother came to see me, and urged me to try Dr. Williams' Pink Pills and I followed her advice and got a supply at once. After taking a few boxes I felt my strength returning, and I continued their use, until at the end of a few months I could eat anything I desired, and regained my old-time health and was in every way a well woman. I am so thankful for what Dr. Williams' Pink Pills did for me that I always advise their use when any of my friends are run-down or illing."

Stomach Rejected Food.
Miss Mollie Averill, Glenora, Man., has proved the great value of Dr. Williams' Pink Pills as a remedy for stomach trouble. My stomach rejected all food and I could not even keep down a light custard. I tried some tablets recommended for dyspepsia, but they did not do me a particle of good. Then I got medicine from a doctor, but with no better results. By this time I had changed from a robust, healthy girl to almost a skeleton, losing flesh daily. Then my parents asked me to try Dr. Williams' Pink Pills and I began their use. After taking them for a short time I began to feel better and continued the treatment until I was completely restored to health. Since, on rare occasions, when I have felt in need of a tonic, I turn to Dr. Williams' Pink Pills and they never disappoint me. Most members of our family have at some time taken the pills with good results, so I now always recommend them to all in need of a reliable tonic."

Keep Your System Toned Up.
Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, indigestion or nervousness. Take them as a tonic if you are not in the best physique that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now.

A little book, "What to Eat and How to Eat," will be sent free to any address on request. It contains much useful information.

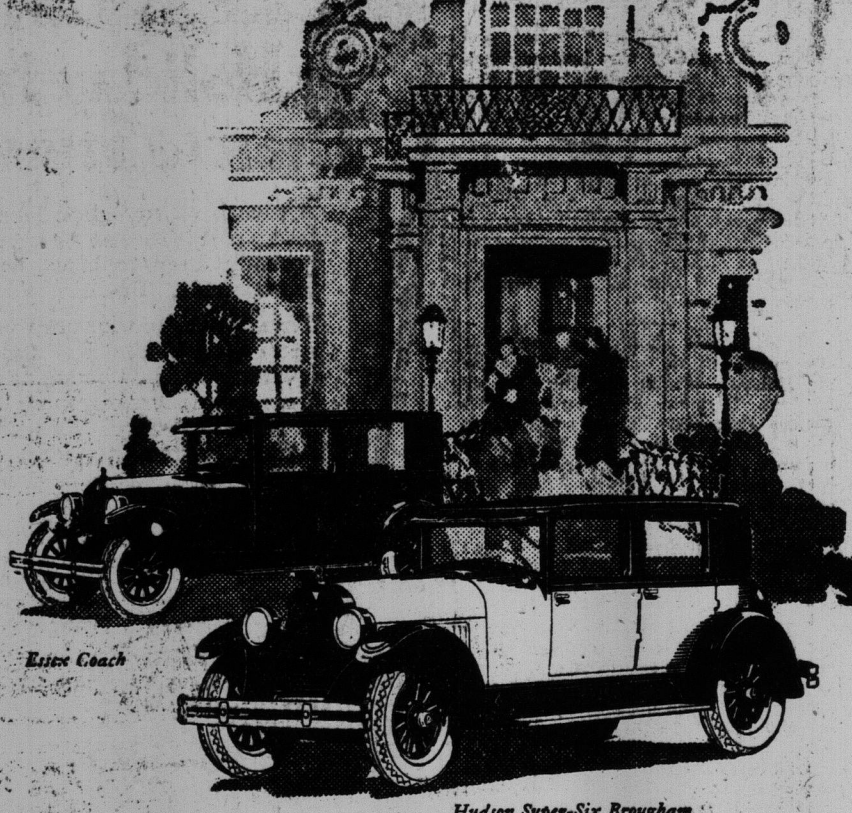

You can get these pills through any medicine dealer or by mail at 60 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

RHODES FORECASTS \$1,127,374 DEFICIT DURING FISCAL YEAR

Outlay of \$5,956,544 in 1925
Disclosed by Public
Accounts

CHISHOLM REFERS TO ELECTION TALK

Says Increased Spending
Does Not Conform to
Pledges of Conservatives

HALIFAX, March 5.—Hon. E. N. Rhodes, Premier of Nova Scotia brought down the budget at this afternoon's session of the Legislative Assembly, announcing that on March 6 he would move that the house go into committee of supply for consideration of the estimates. The budget calls for an estimated expenditure during the fiscal year ending Sept. 30, 1926, of \$6,666,674.64, against an expenditure in 1925, according to the public accounts tabled in the House March 2, of \$5,956,544.24.

The budget speech was replied to by Hon. William Chisholm, leader of the opposition, who agreed that the increased expenditure was probably necessary, but was not in keeping with

Indian Braves Competed At Banff

INDIAN reservations in Alberta sent their best and mightiest young men to compete in various contests which were staged at Banff during the Winter Carnival. Immediately on arriving in Banff the young Indian braves put up their wigwams in the middle of the street, unrolled their

blankets, and prepared to make themselves at home for a fortnight. The Indian competitions consisted of packing and unpacking food, supplies and clothing, as for hunting or exploring expeditions; shooting with bow and arrow at a fixed mark; and running, jumping and swimming.

quoted an instance in which "a net deficit of \$7,864.62 reported by the government as at September 30, 1924 is shown to be under-estimated by no less a sum than \$1,783,774.78."

\$1,100,000 DEFICIT IN 1925.
The deficit for the fiscal year ending September 30, 1925, as set forth in the auditors report amounted to \$1,100,000.87. The estimated deficit for the fiscal year ending September 30, 1926, was given by the Premier as \$1,127,374.72.

Premier Rhodes pointed out the highly favorable prices received on bond issues in connection with recent loans, indicating, he said, that the province rated high in the money markets of the world. More loans would be imperative, the Premier said, stating that the overdraft at the pres-

ent was over \$2,000,000. The Premier drew attention to the low rate of bank interest required on overdrafts since December last when by arrangement with the banks the government was able to reduce the rate on overdrafts from 6 per cent. to 5 per cent. per annum.

On the other hand the rate of interest in those banks was reduced from 4 to 3 per cent. As it is rarely there is a credit balance, the arrangement, Premier Rhodes said, would save the province a considerable amount.

The per capita debt of the province was given as \$69 as compared with \$100 in Ontario, \$114 in Manitoba, \$72 in Saskatchewan, \$194 in Alberta and \$142 in British Columbia.

The estimated revenue for 1926 amounts to \$8,295,978.92, as against the amount shown in the public accounts for 1925 of \$4,467,483.54.

Among the items under the heading of provincial treasurer's department were: \$23,000 set aside for a plebiscite, should it be necessary to take this procedure; \$20,000 to cover the expense of railway freight commission; \$81,750 for the independent audit; \$50,000 for the royal commission inquiring into the Nova Scotia coal industry, and \$18,000 as a loan to the United Mine Workers of America. It was pointed out by the Premier that no provision had been made for payment of the bill amounting to \$124,096.03 rendered by the Hamilton Government for service of the military in Cape Breton last year.

"Until our responsibility and liability in the matter is decided we shall hold

OLD AGE PENSIONS MEASURE WILL BE READY BY MARCH 15

Federal Land System in U.S.
With Modifications to
Be Followed

OTTAWA, March 5.—Rural credit legislation and a bill for old age pensions are reported to be well in hand by the government. The old age pensions bill will probably be ready when parliament re-assembles on March 13.

The rural credits measure is expected to differ widely from the proposal of last year. Then, the scheme was to

make an advance of \$10,000,000 to enable the province to make long term loans to farmers. The measure passed the House but was defeated in the Senate.

The idea this year, it is reported, is rather to follow the federal land bank system of the United States with such modifications as are necessary to meet Canadian conditions.

Under the department of public services heading a sum of \$25,000 was being set aside for an investigation into the water power of the province, the Premier said.

Sues For Failure of Permanent Wave

NORTHAMPTON, March 6.—Declaring that she has been made partially bald because of unskillful operations in which part of her scalp was burned while she was having a permanent wave, Mabel E. Lawton of Ware, entered a suit for \$5,000 in Superior Court against a hair dressing shop of Boston.

The plaintiff alleged that she paid \$10 for the wave, which was made by the Boston shop in October, and that the defendant claimed to have the best equipment. Miss Lawton declares that the spot that was singed has become permanently bald and that she has suffered greatly in body and mind as a result of this situation.

JUDGMENT RESERVED.

The case of Dean vs. McKay, an action for the recovery of \$100 for work and labor alleged to have been done, was tried in the County Court before Judge J. A. Barry yesterday and judgment reserved. Court adjourned until March 10.

"Made in Canada"

(and what it means)

The Underwood is not manufactured in Canada. It is manufactured in Hartford, Connecticut, in the largest typewriter factory in the world.

A production of more than one thousand machines a day makes possible the moderate price you pay for your Underwood.

Nor is any other typewriter manufactured in Canada.

We respect truth. We believe in truthful advertising. And although a quirk of the law permits "Made in Canada" to be placed on machines manufactured elsewhere, and partially assembled here, we decline to take advantage of it to mislead the public.

When typewriters are manufactured in Canada they will be Underwoods.

Climaxing 18 Years of Fine Motor Car Building
John N. Willys
Presents his Latest and
Greatest Creation

the "70" WILLYS-KNIGHT

Sedan \$2100

F.O.B. Factory
Taxes Extra

The New Willys-Knight "70" is a master-work of engineering genius.
To the world renowned advantages of the Knight sleeve-valve engine—(smoothness, long-life, simplicity, economy)—have been added revolutionary achievements in six cylinder engineering. The result is the New Willys-Knight "70"—a car that in speed, power and pick-up outperforms anything that was ever built of its size or type or class.
And as a crowning achievement this new creation is available to a welcoming public at the price of the ordinary poppet-valve six.

World-Wide Recognition of Superiority
Makers of the finest, fastest and costliest cars of Europe have long since endorsed the outstanding superiority of the Knight sleeve-valve engine. A study of the equipages of Royalty, and of the winning racing cars of Europe demonstrates this beyond the shadow of a doubt.

Unparalleled Efficiency
The New Willys-Knight "70" has developed the Knight sleeve-valve engine to a point heretofore unknown. It has attained a degree of efficiency impossible in a poppet-valve motor. Efficiency attainable in none but the Knight type of motor—the only type of engine that actually improves with use. No carbon to remove. No valves to grind. Better and smoother at 50,000 miles than at the beginning. And, bear in mind that the engineering advancements achieved in the New Willys-Knight "70" are by no means confined to its marvelous motor.

A Remarkably Beautiful Body
Its coachwork has never before been duplicated for style and smartness in any automobile of this type. Long, stream-line effect with moderate actual length. The interior has been designed with such scientific exactness that while compact to the last degree, it is positively alone in its extra roominess and comfort.

A Triumph in Chassis Construction
We believe the chassis of the Willys-Knight "70" to be the strongest and most perfectly balanced under-structure ever built into an automobile of this class. Its low centre of gravity provides maximum road stability. At all speeds there is a complete absence of all road shocks. As a result of its advanced engineering there is absolutely no wandering, no shimmying, no wheel-tilt. Eight Timken roller bearings insure exceptionally easy steering.

All the Newest Features
The most recent engineering developments making for comfort and convenience are incorporated in the New "70". A special feature provides instant starting in zero temperatures. Such items as four wheel brakes, air purifier, gasoline filter, thermostat, heater are of course included as standard equipment.

See the New "70" Willys-Knight Six, the model "66" Willys-Knight Six and the Overland Six Cylinder and Four Cylinder models. These are the greatest cars and the greatest values Willys-Overland have ever produced.

Only in Chrysler "70" You Find Cause for Such Pride

If you talk to a man or woman who drives a Chrysler "70", you discover at once a degree of enthusiasm far beyond the ordinary owner-opinion of a motor car.

The Chrysler owner frankly glories in the brilliant super-performance of his car. You find him proud of its economy, its comfort and beauty, its velvety handling ease, its freedom from mechanical drudgery.

Not with a Chrysler owner here and there would you encounter such a feeling, but with one after another; and those who have the longer acquaintance with this car will tell you of durability proved by thousands and tens of thousands of miles.

We are eager to give you the ride in a Chrysler "70"—the precise body type you like—which will reveal the justification of this unbounded enthusiasm by all its many thousands of owners.

- CHRYSLER "58"—58 miles per hour—30 miles to the gallon—5 to 25 miles in 8 seconds.
- CHRYSLER "70"—70 miles per hour—5 to 25 miles in 6 1/4 seconds—68 horse-power—hydraulic four-wheel brakes.
- CHRYSLER IMPERIAL "80"—As fine as money can build—Almost luxury for 2 to 7 passengers—92 horse-power—80 miles per hour.
- Bodies by Fisher on all Chrysler enclosed models. All models equipped with full ballion tires.
- We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan. Chrysler dealers and superior Chrysler service everywhere.
- All Chrysler models are protected against theft by the Fedco patented car numbering system, exclusive with Chrysler, which cannot be counterfeited and cannot be altered or removed without conclusive evidence of tampering.

OPERATION LEFT HER VERY WEAK

Letter Tells of Wonderful Relief After Taking Lydia E. Pinkham's Vegetable Compound

Ontario, Ontario.—"After a severe operation and a three weeks' stay in a hospital I returned home so weak that I was unable to move a chair. For four months I was almost frantic with pains and suffering until I thought sure there could not be any cure for me. I had very severe pains in my left side and suffered agony every month. One day when I was not able to get up my mother begged me to try your medicine. My husband got me a bottle of Vegetable Compound and once and took it. I started a second bottle, and to my surprise and joy the pains a my side left me completely and I am able to do all my work without help. I am a farmer's wife, so you see I can't be idle long. In all, I have taken six bottles of Lydia E. Pinkham's Vegetable Compound, five boxes of the Compound Tablets, two bottles of Lydia E. Pinkham's Blood Purifier, and have also used the Sarsaparilla Wash."—Mrs. L. LAJUNESS, Box 106, Coniston, Ontario.

Enclosed please find solution to your puzzle. If correct, please send me AT YOUR EXPENSE, 10 bottles of perfume, which I will endeavor to sell among my friends at 25¢ per bottle, and when sold, will return you the money.

TUMBLER 12 STORIES; LIVES

A few weeks in this special hospital apparatus, and Paul Rockhold will be at his iron working again.

The start was easy, and it was a cinch to stop," Paul Rockhold, Brooklyn iron worker, said when he works up in Reconstruction Hospital four days after falling 12 stories from a girder on a new building.

"I remember starting, but I don't remember hitting the ground. It took a long time to fall, and I could count some of the floors as I went past. This stuff about living over all your past life at such a time is the bunk, though, as far as I'm concerned.

"About all I remember was wondering what my pieces would look like when they picked me up.

Rockhold's tumble netted him a broken arm and ten fractures in the bones of his right leg.

ducing corporations having Maritime headquarters in Saint John.

The Maritime Film Board of Trade is the instrument employed by the film distributors in presenting their arguments before legislative bodies when such matters arise and it is expected a delegation will journey to Charlottetown in the hope of impressing upon the Prince Edward Island government executive the difficulties they claim will arise if a censorship bill is passed.

P. E. I. IS DIFFERENT

The film men claim the Island situation is unique. To begin with they say there are only a half dozen moving picture houses in that province, the two principal ones being in Charlottetown, others in Summerside, and one or two in distant rural locations. Therefore it is necessary to bring pictures into the Maritime centre, Saint John, and forward them to Prince Edward Island for further scrutiny, after having passed through the censoring hands of government boards in Ontario, Quebec, New Brunswick and Nova Scotia, it will by reason of geography impede business and tie up expensive features for too long a period, it is said.

Further, the ice blockades and the difficulties experienced in reaching the island and on many occasions in cold weather would make the film business of that province a worthless enterprise.

At the present time the Nova Scotia censors screen features weeks and months in advance as well as for immediate use. The same is done by the New Brunswick board in this city.

Shipments of new pictures sent to the Maritimes for censoring purposes are mostly returned to Upper Canada for big-city runs before they return to the East.

This has already proven a drawback, it is claimed by the film managers, and on several occasions the withdrawal of agencies in this part of the Dominion has been mooted because of geographical disadvantages—too far from the more profitable centres.

Now that Prince Edward Island is proposing to institute a board of censors, the whole question of Maritime censorship is reopened and executives in Montreal and Toronto are conferring in the matter.

One Maritime manager, executive of the local Film Board of Trade, in forms the Telegraph-Journal that if Prince Edward Island refuses to accept the censoring of New Brunswick and Nova Scotia, supported by Quebec, Ontario and the American National Board of Review, it might sever business relations completely with that detached part of the Dominion and leave the Island pictureless.

Since censoring of moving pictures is the law in numerous American states and Canadian provinces, producers and film executives in high places are operating in every way possible, local agencies claim, to make the screen morally pure.

But if a small place like Prince Edward Island, with only three theatres of any size, passes legislation to make separate regulations of all pictures for that small community the business game might not be worth the candle and unhappy results are likely to follow, one Maritime manager said yesterday.

Still Enjoying Life at 84

Thanks To That Wonderful Remedy

Mrs. F. H. Miller, 1843-11th Ave. East, Vancouver, B.C., writes:— "Five years ago my husband suffered terribly with severe attacks of palpitation of the heart and smothering spells, and two doctors stated that he could not possibly live six months."

A friend recommended Milburn's Heart and Nerve Pills, with the result that my husband is still enjoying life at the age of 84 years.

He has improved so wonderfully that he can now climb the stairs without having those awful pains in his heart."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

STOPS COUGHS & COLDS

Moose, Tired, Submits To Stroking

SHEDIAC, March 5.—Exhausted by forcing his way for a long distance through five and six feet of snow a young bull moose decided to follow a wood road, near St. Anne, Shediac, yesterday.

Ahead of the animal was a load of wood driven by Napoleon Dolton, a Shediac truckman. Mr. Dolton says that the moose came so close to the rear of the load, where he was sitting, that he was obliged to lay a hand on the animal's neck.

The moose was not frightened or vicious, although Dolton says he feared one time that the young bull intended to climb on to the load.

The moose followed the team for a long distance and the distracted his gate, blocking a second wood team, which was forced to get off the road in order to avoid the forest monarch.

Mr. Dolton's account of the friendly moose's conduct is corroborated by the statements of several other team drivers.

SHIPWRECKED MAN DIES OF EXPOSURE

Falls Victim as Crew Are Seeking Settlement at Red Island Head

ST. JOHN'S, Nfld., March 5.—Fred Russell, mate of the crew of the Union Trading Company's schooner Hillcrest, Captain Rideout, died from exposure while the crew were taken part in the great gale rashes of yore gone by, and now are planning to enter the new gold field—at the Red Lake district—and one that promised to rival finds in northern Ontario areas.

Many modern features will help in the hunt for the precious metal. The prospectors, who in other days would have been cut off from the outside world, will have the advantage of radio and also an air mail service, which will be inaugurated shortly.

Additional reports from the Red Lake district are awaited with the optimism of the new arrivals here.

MEXICAN PRIESTS WANT REFERENDUM

Would Put Exclusion of Alien Clergy to Popular Vote

MEXICO CITY, March 5.—A petition is being circulated by Mexican Roman Catholic priests expressing sympathy with foreign priests who are being deported. The petition suggests that the national government should determine whether or not the people desire a modification of the religious exclusion law under which foreign priests are sent out of the country.

CHISHOLM OPPOSES INNOVATION IN N. C.

Protests in Appointment of Assistant Minister Fails in House

HALIFAX, March 5.—When Bill 76, an act amending the Public Highway Act and abolishing the Public Highway Board, placing the roads department entirely under a minister, was introduced this afternoon, Hon. Mr. Chisholm, leader of the Opposition, objected to the appointment of an assistant minister for highways, provided for in the bill.

He said it was an innovation and he had never heard of an assistant minister in any other province. He believed Hon. J. F. Cahon, minister without portfolio and member for Yarmouth, was the man selected for the deputy minister. He objected to the appointment of an assistant minister as a seat in the House. He moved an amendment, but it was lost and the bill passed.

DOMINION REVENUE UP NEARLY \$29,000,000

OTTAWA, March 5.—Ordinary revenue of the Dominion increased by nearly \$29,000,000 during the 11 months ended February 28 last, as compared with the previous 12 months' period.

The monthly statement issued through the Department of Finance today shows total ordinary revenue for the 11 months ended February 28, 1925, total ordinary revenue was \$308,942,007.

RICHMOND RECEIVES \$20,000 LOSS BY FIRE

RICHMOND, Que., March 5.—Damage estimated to be about \$20,000, was caused here this morning when the Goyette business block, situated on Main street, opposite the Grand Central Hotel, was completely destroyed by a fire resulting from unknown causes.

MOUNTIES OFFICER, 82, DIES AT OTTAWA

OTTAWA, March 5.—George Stevens, 82 years old, for many years an inspector of the Royal Canadian Mounted Police and one of the best known members of the force locally, died today.

RADIO WILL ASSIST DEVELOPMENT IN ONTARIO GOLD FIELD

Air Mail Service to Start Shortly Into Red Lake Section

MANY PROSPECTORS FLOCK TO DISTRICT

Further Reports Increase Confidence of Those Reaching Hudson

HUDSON, Ont., March 5.—This little town, but a short time ago a "flag-stop," but now a "full stop" for all continental trains, is now a place of international character. Prospectors from eastern Canada, the United States and from the west of the Dominion are here.

Many modern features will help in the hunt for the precious metal. The prospectors, who in other days would have been cut off from the outside world, will have the advantage of radio and also an air mail service, which will be inaugurated shortly.

Additional reports from the Red Lake district are awaited with the optimism of the new arrivals here.

FINE TYPES OF DOGS

Everywhere in the town can be seen fine types of the northern freight dog, ready to make their contribution to the fortunes of their owners.

Every day train brings in an added contingent of prospectors, with their belongings. Each day heavy freight trains drop off consignments of dogs from the north and the railway company has been forced to establish increased facilities for the ever increasing business.

Additional reports from the Red Lake district are awaited with the optimism of the new arrivals here.

SPERMINS BROUGHT OUT

Jack V. Elliot, air pilot, Hamilton, Ont., brought out many fine specimens of sperm from one of the veins, while several prospectors making the return journey with Mr. Elliot told of the rich finds, and exhibited their samples to an interested group of new arrivals.

Hudson, a little trading post of yore, today represents a thriving community, and by spring, when the real rush commences, will have reached the status of a town busy handling what promises to be one of the greatest gold mining expeditions in the history of the Dominion.

ENTRY BY PLANE

The entry to the new field, unlike the rushes of old, will be made in a great many cases by airplane. Today prospectors are making their way to the new field by the air.

Prospectors who had made the trip by dog team, which took about eight days over the treacherous slush and heavy banks of snow, yesterday returned to Hudson from Red Lake a distance of 140 miles, in one hour and 40 minutes. Others who made the trip to the little mining camp covered the distance in one hour and 30 minutes.

RURAL CREDITS IN MANITOBA PROBED

WINNIPEG, March 5.—Premier John Bracken, informed the provincial legislature today that certain phases of the administration of the rural credit department were being investigated and that any wrong-doing would be properly dealt with.

FINDS \$37,000 IN GOLD

AUSTIN, Tex., March 6.—Miss Alma Currie, high school girl, discovered gold under her own doorstep near Teague, Tex. The gold was in the shape of coins and totaled \$37,000 in value.

GOATS IS GOATS

OWENSVILLE, Ind., March 6.—Several days ago Ben Doane said a goat to Dan Armstrong for \$2. Armstrong got Dan's goat, Sam Parker bought it for \$2.10 and sent it to the Evansville stockyard. There is not market for goats at Evansville, it seems, and a few days later Parker received a bill for \$8.82 for feed consumed by his goat since it had been in that city.

AGONIZING RHEUMATISM

OF 5 YEARS STANDING COMPLETELY RELIEVED BY "FRUIT-A-TIVES"

Mr. James Dobson

"So good enough to publish for the information of Rheumatism sufferers how 'Fruit-a-tives' relieved my Rheumatism which had at least five years' standing. The trouble was in my right hip and shoulder; the pain almost unendurable. This kept up until I started to take 'Fruit-a-tives'. After a continuous treatment for about six months, I am now in first-class condition. This, I attribute to my persistent use of 'Fruit-a-tives'."

The above is the letter which Mr. James Dobson of Bronte, Ont., wrote after trying the wonderful Fruit Treatment—'Fruit-a-tives'—which consists of intensified fruit juices combined with tonic. If you suffer with Rheumatism, 'Fruit-a-tives' will make you well and keep you well. 25c. and 50c. at dealers.

Special despatches from London in January said Mr. Carlisle had paid all

FARMERS MEET AT U. OF M. MARCH 30

Week of Extensive Training For All Farm Branches; Women's Economics

ORONO, Me., March 5.—The 20th annual farmers' meet at the University of Maine College of Agriculture will be held this year March 30 to April 2. This provides a week of free extensive training for general farmers, dairymen, stock breeders, horticulturalists and poultrymen with home economics for women.

Special despatches from London in January said Mr. Carlisle had paid all

DOMINION CABINET SITS OVER 3 HOURS

King Gives Out Nothing, But Estimates Reported Discussed

OTTAWA, March 5.—Premier W. L. Mackenzie King stated there was no announcement to make on today's meeting of the cabinet late this evening when he emerged from the privy council chamber.

Sitting extended over three hours. Departmental estimates were, it is understood, under preliminary discussion. Consideration of legislation indicated in the speech from the throne, it is definitely stated, to Deputy Speaker of the House of Commons or the senatorial vacancies in Nova Scotia and Alberta.

Too Tired for Household? Beware of Chronic Fatigue

Thousands of tired, nervous, run-down women are victims of chronic fatigue—and do not know it.

Chronic fatigue is an unsual tiredness—usually due to lack of sufficient organic iron in the blood. By restoring this iron to the blood Nuxated Iron quickly banishes chronic fatigue and gives new strength and vigor. Will not injure teeth or disturb the stomach like mineral iron.

Take Nuxated Iron for 2 weeks. Money back if not improved. At all good druggists.

NUXATED IRON ENRICHES THE BLOOD AND BANISHES CHRONIC FATIGUE

HON. A. CARLISLE SHIPBUILDER, DIES

Was Ex-Manager of Harland and Wolff and Friend of Ex-Kaiser

LONDON, March 5.—Rt. Hon. Alexander Carlisle, shipbuilder and engineer, former general manager of Harland and Wolff, is dead.

He was born in Ireland, July 8, 1854, son of the late John Carlisle, headmaster of the Royal Academical Institution in Belfast and leaves his wife, formerly Edith Wooster, of San Francisco, Calif., a son, and two daughters.

Mr. Carlisle was an old friend of Emperor William of Germany, and last November visited the ex-kaiser at his retreat in Doorn, Holland.

He figured in an extraordinary episode in 1920, when he interrupted the proceedings in the House of Lords, just as the coronation bill on Ireland was about to be passed and made a protest in a speech of 15 words:

"My Lords, if you pass this bill you may kill England, not Ireland."

During his 40 years at Harland and Wolff's, beginning in 1876, he witnessed and participated in the construction of great developments in the size and luxurious equipment of trans-Atlantic vessels.

Two years after he joined the firm the first White Star Oceanic, of 3,000 tons was launched. The second Oceanic, built in 1890, caused a world sensation with 17,274 tonnage and dimensions eclipsing the famous Great Eastern.

Then followed the bigger Adriatic, America Rotterdam and other vessels, culminating in the mighty Olympia and Titanic, each of 45,000 gross tonnage and 60,000 tons displacement, arrangements for the launching of which he completed.

Special despatches from London in January said Mr. Carlisle had paid all

You are Worried About his Health

WHEN you are nervous, sleepless and out of sorts you know what to do. Experience has, perhaps, proven to you that under these circumstances you can depend on Dr. Chase's Nerve Food.

But your husband does not think that he is ill and hopes to be all right in a few days. Unfortunately nervous illness do not right themselves.

Why not use the treatment which has already proven good in your case? There has yet to be discovered a medicine which so certainly restores exhausted nerves as Dr. Chase's Nerve Food.

If you are nervous, irritable, tired and sleepless you can depend on it to overcome the cause of these symptoms. It is not like ordinary medicines because it benefits by the rebuilding, reconstructive method.

Gradually and naturally it builds up new, rich blood and nourishes the depleted nerves back to health and vigor.

For this reason Dr. Chase's Nerve Food is the most satisfactory treatment any man or woman can obtain to restore the nerves and bring back the vigor and energy which is essential to a full and happy life.

Dr. Chase's Nerve Food, 60¢ a box, all dealers or The Dr. A. W. Chase Medicine Co., Limited, Toronto 2, Can.

NEW WOLF CUB PACK IS FORMED IN NORTH END

Boys are Organized in Portland Methodist by District Secretary

WEST SIDE SCOUTS TO PUBLISH PAPER

Events of Interest During Week at Scout and Cub Meetings

The Boy Scouts and Wolf Cubs had another active week of interesting meetings. On Monday evening the Scouts of Sunrise Troop of the Boys' Industrial Home were addressed by Scoutmaster E. Boyaner of the Young Judaea Troop, on Light, Color and Vision.

EVENTS NEXT WEEK

On next Monday evening the Wolf Cubs of St. John's (Stone) church pack will be the guests of St. George's pack at a supper and joint meeting.

YOUNG JUDEAN TROOP

We sure had a snappy meeting on Wednesday evening, and were pleased to have District Scoutmaster O. J. Lawson visit us for the first time.

ST. PAUL'S PACK

There was 15 boys present at the meeting on Thursday evening. One new member was welcomed.

ST. JOHN'S (STONE) TROOP

Every leader and 17 Scouts were present at Thursday's meeting. Games were played with a snap.

EDITH AVE TROOP

Troop No. 6 held its weekly meeting with Scoutmaster W. R. Wilson in charge.

ST. GEORGE'S PACK

St. George's Pack is going strong with the Cub making good progress on their Cub tests.

ST. JAMES' TROOP

Food—what sounds better to a boy after he has been on a hike? On Monday evening our troop went on a short hike, we made good use of our time by practicing Morse signalling by lamp.

ST. JUDE'S SCOUTS

Another new idea of two of St. Jude's leaders is the publishing of a troop newspaper. The paper will bear the title of "St. Jude's Outlook" and will contain such items as news from

St. Jude's Troop and Pack, notes and queries which will do the readers good to answer; special points for patrol leaders and rovers; jokes and wise sayings; scout history in verse and a headquarters column which will be written by district leaders.

ST. JUDE'S PACK

Well fellows, we had a good meeting on Wednesday evening, when District Secretary L. Johnson took charge of our meeting in the absence of our leader, D. A. McLennan, who is still confined to his home as a result of his recent accident.

TRINITY PACK

Trinity Pack met on Wednesday evening, with 20 Cubs present. Ronald Fairweather passed his Tenderpat tests, and a number of the Cubs will soon have all of their first and second star work completed.

ST. JOHN'S (STONE) PACK

Twenty-seven boys are on our pack record book, and 24 were present at Tuesday evening's meeting.

ST. PAUL'S PACK

There was 15 boys present at the meeting on Thursday evening. One new member was welcomed.

SPANISH PRISONER STILL SEEKS AID

Two More Saint John Men Get Letter With Promise of "Fortune"

The "Spanish Prisoner" swindle refuses to die in spite of the widespread publicity given to this method of extorting money from the gullible. Citizens here periodically receive one of these letters appealing for aid to enable the sender to get out of the clutches of the law and thus secure a portmanteau which contains a secret pocket with checks payable to the bearer for \$60,000.

SCOUTS AND GIRLS ARE SUPPER GUESTS

Entertainment By Ladies' Aid of St. Matthew's in Church School Room

The Ladies' Aid, of the St. Matthew's Presbyterian church, gave a bean supper for the newly organized troop of Boy Scouts, and their leader Gray Hamilton, the Boy Scout Troop Victoria street Baptist church and their assistants Scott, master, Wallace Pincombe, the C. G. I. T. girls of St. Matthew's church and their leader Miss Annie Aldrich last evening in the school room of the church.

BOYS AND MEN BREAK RECORDS

Three records were broken last week at the Y. M. C. Club, one by the small boys, another by the older boys and still another by the grown-ups and boys together.

WORKMAN INJURED

While working in the warehouse at the Atlantic Sugar Refinery, 84 Edmouth street, had his toes badly injured when the ambulance was summoned and the injured man was conveyed to the General Public Hospital, but as this institution is filled to capacity with patients, it was found necessary to take him to the Saint John Infirmary for treatment.

ST. JAMES' PACK

A very interesting scout meeting took place on Thursday evening at St. James' Troop. A marked feature was the welcoming of five new members, which is a considerable addition to the strength of the pack.

THE KIRK PACK

Owing to a number of our Cubs being ill, our attendance totalled only 17 members at this week's meeting. A rehearsal for a play was being held on our next meeting was held in the smaller rooms in place of the larger hall, where it usually takes place.

EXPECT DECREASE IN REVENUE FROM LUMBER THIS YEAR

Provincial Cut Will Likely Be Considerably Curtailed

\$250,000 SHRINKAGE IN RETURNS, ESTIMATE

Hauling Conditions Now Good and Situation is Excellent For Iced Roads

FREDERICTON, March 5.—The final estimate of the cut of lumber from the Crown lands of the province during the season's operations for 1925-26, is slightly in excess of two hundred and fifty million feet. This is a decrease of approximately twenty million feet in comparison with last season's cut, despite the decreased stumpage rate adopted by the provincial government.

The provincial revenue last year from stumpage amounted to approximately \$800,000 and the estimated cut for the present season at the decreased rate of stumpage shows the shrinkage in revenue from stumpage which will probably amount to at least \$250,000.

Snow conditions in the woods are such that many of the lumber concerns operating on Crown lands have recently returned to yarding, particularly in northern areas of the province.

Hauling conditions are still good, in fact reports received here stated that the best conditions now prevailed for iced roads.

AND HE DIDN'T "I can hardly stand to do this," said the college man as he looked through the keyhole—Notre Dame Juggler.
