(New York Times.) Another big Times Square theatrical project is scheduled to be close tomorrow when the Stanley Mastrbaum interests of Philadelphia sign contracts for the purchase of the Eno Estate property at Broadway and Forty-sixth street.

The syndicate, whose bid of \$1,250,000 has been approved by Surrogate James A. Foley, on application of Lucius H. Peers and others acting for the estate of Amos F. Eno, plans to erect on this site a fifteen-story store, office and theatre building.

The property in question is one of ninety-one properties left by the late Mrs. Eno, who died in 1915, included in the petition to the surrogate for permission to liquidate the estate and the first to be sold.

This improvement will forecast the third big building project to be undertaken on sites in this block front between Forty-sixth and Forty-seventh streets. I. Miller & Sons will improve the Forty-sixth street corner with a twelve-story store and office structure at a net rental of about \$50,000 per annum for sixty-three years, with preference to buy at \$1,000,000 within five years from the date of the lease, May 1, 1925.

COMEDY ACT AT OPERA HOUSE SCORES BIG HIT

Howard and Fields, Assisted by Oscar Lee, Present Unique and Popular Black-Face Skit—George F. Hall Given Flattering Reception—Other Good Acts.

Howard and Fields, assisted by Oscar Lee, made a great hit in the two performances of the new week-end bill at the Opera House last evening. Their skit is unique and is teeming with comedy, classed singing and eccentric dancing. The two colored waiters and a passenger in the dining car keep the audience amused with their funny antics, while their duets and trios are a real treat. Their act was so popular that the audience kept continuously applauding in an effort to get them to appear again. They will undoubtedly be a big attraction during their stay in this city.

Geo. F. Hall, who returned to St. John after touring the world, met with a flattering reception. He regaled all with his witty sayings and comic stories and also sang his popular song hit about the "babbling brook." He brought his act to a close with a well rendered reading which evoked prolonged applause. Evelyn De Lyons and Company presented one of the most scientific and interesting acrobatic and equilibristic acts booked here this season. They performed a number of thrilling as well as difficult feats, apparently with ease, and were rewarded by prolonged and appreciative applause.

Darby and Brown also made a hit in an amusing conversational novelty and musical offering. Their repertory was good and well put over, and their solos and duets were thoroughly enjoyed. The lady members are an exceptionally clever comedienne and her play had an artistic touch which was a feature in itself. George and Rose Llewellyn, in a comedy variety offering "The Country Store" were also well received. The act is well presented and the characters cleverly portrayed.

There was also an interesting episode of "The 18" and another of current events. This bright programme will be repeated tonight and again on Monday afternoon and evening.

IRON, STEEL, METAL AND MACHINERY

In its summary of the iron, steel, metal and machinery markets last week ended, April 14, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

There is a growing feeling in the steel market that it is high time for the United States Steel Corporation to make some announcement regarding its schedule. This has been in effect since March 21, 1919, and conditions have changed very materially since then. The market has in many respects tended to show that this schedule of the Steel Corporation is being glibly met to competition. The Steel Corporation is the one agency that can lend any degree of stability to the market. Its announcement, were it to contain reductions, might not start any buying at all, but it would serve the very good purpose of setting some standards among the markets of the future weeks and months might be built. At present, any such standard is entirely lacking and the market is sagged as a result.

During the week several independent steel mills have withdrawn low prices they have been quoting to Canadians and this has lent a little strength to the situation. Buying in the steel and iron market is still carried on on a very confined basis. Actual wants are attended to, but not a pound over in most cases. Conditions are not favorable to heavy buying.

The machine tool market continues to receive a number of inquiries, and many of them will undoubtedly be turned into business. In this field the machine tool houses have a new problem to deal with, in that they find it necessary to watch closely the credit of some of their former customers. Collections are reported as being more or less spotty.

Small tools are being sold sparingly. One dealer reported that during the last month he had made twice the number of sales, compared with February, yet the actual increase in his turn-over had been only fifteen per cent.

The scrap metal market continues as it has been for months now, at about as low an ebb as possible. The volume of business moving is very small, and there is nothing in sight to indicate that an improvement is imminent.

Self-made men do not show up well when compared with tailor-made women.

SHOT ON RIFLE RANGE

Boy's Joking Remark Followed by Tragedy

London, April 16.—After firing several rounds from a revolver on a rifle range at Regent street Polytechnic, London, Louis Perret, 18, an scholar of the institution, whose parents reside at Golders Green, was shot dead under particularly sad circumstances.

Perret, who was going to the school, stated that Louis was learning the profession of a film producer, and apparently could not get any work in that line. He had frequently gone in for shooting practice, and was considered a good marksman.

William Birch, rifle range attendant, mentioned that deceased had been a cadet at the institution. He had won prizes in competitions arranged among the various companies, and had also been awarded two medals for shooting. On the day of the tragedy, after practice with the rifle, he had some shooting with a pistol. "After firing four poor shots he turned to me," continued witness, "and asked, 'Do you think I could shoot myself?'"

He had heard similar remarks many times when the one practicing had had poor luck. Witness did not take it seriously, but replied, "Keep the pistol down the range." Barely had he uttered the words when he heard another shot, followed by a dull thud. Turning round, he was amazed to see Perret lying on his back on the ground. Blood was flowing freely from a wound in the head, and the pistol was lying a short distance away. Joseph Grossman, department manager, employed by the Stool Picture Productions, told the Court that deceased had been in the employment of that firm until March 17, when his services were dispensed with, complaints having been received as to his conduct. He did not seem to take the matter seriously. Medical evidence showed that the shot had lacerated the brain, causing death. Round the wound on the temple was a blackened mark, which was consistent with the weapon having been held close to the head. The coroner recorded an open

SCOTCH COLLIE GUARDS CORNER WHERE CANINE PAL WAS KILLED

Duluth, Minn., April 16.—Since its canine pal was killed recently by a street car, a Scotch collie stands guard at a certain corner of the city, where it was killed as cars sped by and often manages to grasp the trolley pole with its teeth, pulling the pole off the wire and stopping the car.

Efforts of the dog's master and car crews persuade the dog to cease the vigil. The dog is a female, and the animal probably will be shot.

CHICAGO PLANS TO TAX WORKERS TO MEET DEFICIT
Chicago, April 16—Every man and woman in Chicago, engaged in a gainful vocation, professional or business, would be required to take out a city license to work and pay the city a fee, under plans for meeting the city deficit which have been worked out at the City Hall.

Dr. Gottfried Koehler, Chairman of the City Revenue Commission, today returned from Springfield, the State capital, with the word that he had succeeded in having the enabling legislation, necessary for the new licensing plan, placed before the State Legislature. He reported the prospects for its passage as good.

Alderman A. J. Carmack, retiring head of the Council Committee on Revenue, declared today that the city's revenue difficulties would be ended should the enabling act be passed.

"Carpenters, plumbers, stenographers, lawyers, doctors, in fact, every one engaged in a gainful occupation, professional or business, can be licensed under its terms," said Alderman Carmack. "It offers the most extensive powers of revenue raising ever proposed in behalf of a city."

RESTRICTED TO ONE BATH A WEEK. Alleges Husband Also Moved Her to Back Room to Save Hall Carpet.

Brockton, April 16—How she was restricted to one bath a week—with only a quarter of a tubful of water at that—and how she was moved from a front to a back room so that the hall carpet might not be worn out, were among the instances of alleged cruel and abusive treatment recounted in the Superior Court by Mrs. Ivy Gibbs, nineteen-year-old English war bride, who is suing Harold W. Gibbs of 85 Prospect street, manager of the local telegraph office, for a divorce.

Some weeks ago Mrs. Gibbs had her husband in the local police court on a charge of assault. He was convicted and fined \$50. He appealed and the case is still pending. Gibbs is suing Herbert E. Bowles of this city for \$25,000 on the ground of alienation of his wife's affections.

The court room was crowded with spectators. The young wife, who is a fine looking girl, testified she met Gibbs, then a chief freeman in the United States navy, attached to Admiral Sims' headquarters in London. She was employed in the English War Office in London.

Mrs. Gibbs stated that she invited Gibbs to come and live at her mother's home and that two years ago they were married in London. Directly after their marriage they went to France, where she was employed for a time in the American Y. M. C. A. at Brest. They landed in New York in November, 1919, after which, she testified, she did offer work for a time while for months Gibbs did not work at all.

The young Englishwoman went into great detail concerning her treatment at the hands of her husband's family, with whom they went to live in Brockton. The food, she declared, was so poor that it made her ill, and when she asked for medical treatment she was treated over the telephone by a Christian Science healer.

As a result of her treatment, she stated, she has dropped from 148 to 125 pounds in weight. She told of rough treatment at the hands of Gibbs and of his twice threatening her with a revolver. She denied keeping company with anyone or that she intended to marry in New York after securing a divorce from Gibbs.

Gibbs, when called to the stand, denied most of his wife's contentions. He said that she practically proposed marriage to him and that as a result of her extravagance he is now in debt. He declared that she declared, was so poor that it made her ill, and when she asked for medical treatment she was treated over the telephone by a Christian Science healer.

He told of assaulting his wife and throwing her upon a bed, stating that he did so in order to restrain her from going out one night at midnight. He stated that he is an art student, but deflected that he ever asked his wife to sketch her in the nude. Gibbs was still on the stand when the court adjourned for the day.

The programme was in charge of Miss Kingston and Miss Green, assisted by a committee consisting of Mrs. Burley, Mrs. A. B. Thorne, Miss Mabel Brittain and Miss Edith Jenkins. The programme consisted of more than twenty numbers of choruses, exercises, vocal and instrumental solos, recitations and drills and was colored by the missionary spirit and aim. The entertainment received much praise by the audience and was gratifying in its results to the committee. Rev. J. Heaney, the pastor, presided.

She asked the members to save small bottles for the dispensary use. Readings were given by Mrs. Hanselpecker, Mrs. Popham and Mrs. Seymour. A collection for the parlor programme refreshments were served and the programme was tendered Mrs. Hennigar for her hospitality.

ROBBERS GAG CLERK, WAIT ON CUSTOMERS

Hold Cigar Salesman a Prisoner Under Counter, Then Force Him to Open Safe.

Three armed men, bound and gagged the salesman in a United Cigar store at 644 Columbus avenue, Monday morning, and waited upon two customers while their victim was held under the counter. They escaped with \$415.

Although a police officer about two months ago, when robberies in United Stores were of almost daily occurrence, provided that uniformed men and detectives pay special attention to the stores, there was none about when the robbery occurred.

Immediately another man entered, and walked through the swinging door at the further end of the counter, through which the salesman must pass to get behind the show-case.

But they were again interrupted. Another customer came in and asked for tobacco. The new "salesman" said he had none. The customer mentioned another make, and again he learned that they "were all out of it."

When the cigar salesman emerged from the cabinet, still bound and gagged, he walked to a drug store about three doors away. Frank Oser, the proprietor, has young Fricke at Manor Park Railway Station, when prisoner smiled at her and followed them towards Forest Drive.

On Chivalry.

(By the Chief Scout.)

"In days of old when knights were chivalrous, it must have been a fine sight to see one of these steel-clad horsemen some riding through the dark green woods in his shining armour, with shield and lance and waving plumes, bestriding his gallant war-horse, strong to bear its load, and full of fire to charge upon an enemy. And near him rode his squire, a young man, his assistant and companion, who would some day become a knight.

when he got to the ground he found he had left his sword at home, and he sent Arthur to fetch it. Arthur could not find it, but remembering the sword in the churchyard he went there and pulled at it, and it came out of the stone at once; and he took it to his cousin. After the sports he put it again safely into the stone, and then they all tried to pull it out, but could not move it, but when he tried he drew it out quite easily. So he was proclaimed king.

He afterwards got together a number of knights, and used to sit with them at a great round table, and so they were called the "Knights of the Round Table." The table is still to be seen at Winchester.

They had as their patron saint St. George, because he was the only one of all the saints who was a horseman. He is the patron saint of cavalry and scouts all over Europe.

St. George is the special saint of England. The battle cry of the knights used to be, "For Saint George and Merrie England!"

St. George's Day is April 23, and on that day all good scouts wear a rose in his honor and fly their flags. Don't forget it on the next April 23.

**F. W. Daniel & Co. London House Head of King St.**

Determination to continue his campaign of "telling the people the truth about railway problems" was expressed by Hon. F. B. Carvell, P. C., when he addressed a gathering of the members of the Vancouver board of trade this week.

About 250 men were present. Carvell is in Vancouver in connection with the sitings of the Board of Railway Commissioners, of which he is the chairman.

He urged that the increased freight rates granted to Canadian roads by his board last fall were necessary to prevent the Canadian National Railways going to the wall, and to enable the Canadian Pacific to continue operations at a reasonable profit. He acknowledged that his action in discussing the railway problem in public was open to possible criticism, but repeated his belief that his plain duty lay in informing the public fully on the matter.

"The public would have to face the problem."

"We can't go on as we are today," said Mr. Carvell. "Don't tell ourselves that we are on a solid foundation now, and that we may as well go on paying higher freight rates. The people of Canada rates cannot come down unless there is a comedown in the cost of operation of railways, in wages and everything else with the running of the roads."

"The present rate scale expires on July 12, 1922. The question will come again and has to be dealt with. I am trying now to set you thinking, because I think about it you must."

"I was told six months ago that I was the most unpopular man in Canada," said Mr. Carvell. "I did not lose any sleep over it, because when I took office I knew that there would be unpleasant tasks to perform."

"Perhaps I matters in public, I don't know that it is any business of the Board of Railway Commissioners to discuss the railway problem of Canada. But lately I have got enough grace to turn the other cheek when I am smitten. I have made up my mind that the public shall know the who story and the reasons why we granted an increase in freight rates. When I have done this, I don't care what happens afterwards."

Mr. Carvell outlined the situation in which the railways found themselves, faced with increased costs, caused chiefly by the application of the McAdoo award to Canadian railway workers. He pointed out that it was inevitable that the \$40,000,000 odd, which the award added to the railways' wage sheet annually,

should have borne heavily on Canadian business.

The rate increase did not promise a solution of the deficit in Canadian National Railway, he said. But it was given as a measure of encouragement and to prevent the public-owned roads from going to the wall. There was another, and stronger reason, however, Mr. Carvell stated, why the board decided to increase the rates. The enormous reserves of the Canadian Pacific Railway would have been exhausted in four years by increased cost of maintenance, if increased revenues had not been provided for that road.

The board, he said, could not accept the responsibility for placing the Canadian Pacific Railway on the financial rocks.

Mr. Carvell said that he was not going to discuss the merits of public ownership of railways. He was pretty plainly on record as disapproving of it. "They will get that knocked out of them," he said. "They are finding out that it is going to cost this year at least \$70,000,000 to support this toy." He remarked that if the people, as a whole, wanted to go on paying the maintenance of the government roads out of taxes, he was willing to pay his share. He remarked that some statements he had made in Vancouver last Thursday had been challenged. He had now names of stations two months of January last, the C. N. R. had paid sums ranging as high as \$314, on a wage basis of \$130 to \$135 per month. The wage scale for the C. N. R. had not been understood, however, when the agents put in hours enough to make the higher sums. But the figures showed that they got them. He commented that the wage scale for other classes of railway workers were reasonable, too. "But it is in the overtime, gentlemen," he added, "where Mr. McAdoo gets his work."

He reiterated that he did not blame the workers for the state of affairs. He hoped that his decision on the matter would start the minds of the people working on the problem, so that a solution would be found. Supplementing his remarks with a discussion of the business outlook of the Pacific coast, and the shipping question, he closed with the optimistic hope that a solution of all these problems would be found in the near future.

While playing with some other boys early this week Stewart Spear, the twelve-year-old son of W. H. Spear, of Coldbrook station, fell and split his kneecap. Dr. S. Skinner, who was called in, found it necessary to put in seven stitches to close the wound. The lad will be confined to his bed for some time.

At the 'Prentice Boys' Fair last night, the following were the prize winners: Door prize, Casagore dish, Chas. Dyke; ten pins, shaving set, Roy Merriweather; bean toss, silver pickle dish, Roy McCarvour; ring toss, electric reading lamp, B. Crofts; bagatelle, half dozen spoons, Hilton Belyea; bowling alley, silver dish, Robert Fox; air gun, fishing rod, John Carr.

Albert Hanson, a trucker, of 300 Gullford street, West St. John, had the first finger of his right hand badly crushed under a trunk, while trucking at the docks yesterday afternoon. He was taken to the Emergency Hospital where his wound was dressed and he was able to go to his home.

Three Men Are Arrested An Hour After Hold-Up in Williamsburg Home.

New York, April 16—Within an hour three robbers had assaulted Alfred Klespek, 16 years old, in his home at 188 North Eighth Street, Williamsburg, and had escaped with \$4,000 in money and \$600 worth of jewelry, which they found in a trunk in his mother's room. Detectives Miller and Thornton of the Bedford Avenue Station arrested three men in McCaren Park, in the Greenpoint district, as they were dividing part of the jewelry obtained by the robbers. According to the story told to the detectives by the victim of the hold-up, he was seated in the parlor of his home awaiting the return of his mother, a widow, when three men burst into the room with drawn pistols, and ordered him to throw up his hands. He attempted to run to the window to call the police, he said, when one of the men struck him on the head with his pistol, telling him:

"The fellows seemed to know that my mother kept her savings in the trunk in her room," he explained, "because two of them then ran into the room while the other fellow covered me with his pistol. I heard the two fellows in the room smash open the trunk and about five minutes later they came out of the room stuffing my mother's money and jewelry into their pockets."

"When they ran out of our apartment, I followed them, without their knowing it. I had hurried after them half a dozen blocks in the direction of McCaren Park, when I lost them. Klespek said he was about to return to his home to tell his mother about the hold-up, when he met the two detectives. He described the hold-up men, an automobile and hurried with the boy to McCaren Park, as the latter had told him he overheard one of the men say, 'Let's beat it to McCaren Park,' as they ran out of his house. The detectives saw three men seated on a bench in the park and approached them from behind a clump of bushes. They immediately identified them as the hold-up men, they said. Then the detectives sprung in front of the men with drawn pistols, and two of them, who described themselves as John Gory, 28 years old, of 49 South Second Street, and Joseph Ewanick, 25 years old, of 128 Tenth Avenue, both of Williamsburg, attempted to pull pistols from their coat pockets. The detectives said they felt the men, and then grabbed the third man, who described himself as Felix Szanalek, 30 years old, of 41 North First Street, Williamsburg. After Gory and Ewanick had been disarmed by the detectives, the trio was searched, and according to the detectives, about \$400 worth of jewelry was identified as part of the loot taken from the trunk. The detectives did not recover any of the money stolen from the trunk, and the men refused to reveal what had become of it. They were locked up in Bedford Avenue station on charges of assault and battery. They will be arraigned in the Bridge Plaza Court this morning.

**3 WOMEN ON JURY  
SWING THE VERDICT**

First to Serve in Such Capacity in Plainfield, N. J., Win Over Stubborn Man.

Plainfield, N. J., April 16—The novel experience of being the first woman to sit on a jury in the District Court here was enjoyed by Mrs. Florence Runyon, wife of State Senator William N. Runyon; Mrs. Florence Anthony, wife of Dr. William H. Anthony of this city, and Mrs. Eva G. Van Hoesen, who on May 1 becomes a Justice of the Peace in her home town of Fanwood. They and nine men took the oath to return a just verdict. After an hour's deliberation they found the defendant not guilty. When the women had received the jury fee of 75 cents they hurriedly left for their homes to prepare the evening meal. The case was one in which Ignacia Delynko, a real estate operator, had brought action against John Miklos and his wife of Rohway, and had to do with property he owned. The defendants had agreed to buy the property for \$8,500 and pay \$70 a month on the price after a deposit of \$800 had been made, but did not keep up payment. Acting on a suggestion of the agent, they took possession before papers had been signed. After the case, the women expressed their pleasure in doing jury work, although Mrs. Anthony admitted she could have accomplished it in a deal more if she had remained at home. It was learned that one of the men on the jury was inclined to be stubborn and the women told that it had required a little coaxing to "win him over." Before the case proceeded far a photographer was permitted by Judge J. Henry Crane to take a picture of the jury, but this did not please the women, for they were plainly averse to any sensational element.

Included in the batch were a number of interesting and influential persons of Canada. A representative of the Daily Argosy was able to glean some information relative to the visitors.

(Cheers.) His retirement is a severe blow to the government, to his party, to the coalition, and to the country, and I am expressing not merely your wishes, but the wishes of the whole country, without respect of parties, when I hope for him a speedy recovery. (Hear, hear.)

C., April 15.—(Special)—Mr. Thomas Keefer, a well-known resident here, is always ready to recommend Dodd's Kidney Pills to those who suffer from pains in the back or kidney trouble. "For the past seven or eight years I had been troubled with a very bad back," Mr. Keefer states. "For the last two years I was confined to bed for four or five weeks. "In the fall of 1919 reading in Dodd's Almanac led me to try Dodd's Kidney Pills. Mr. Keefer states, "I am proud to say I have escaped that terrible backache. I am feeling twenty years younger this spring and give all the credit to Dodd's Kidney Pills. Dodd's Kidney Pills are purely a kidney remedy. Their reputation has been made by the good they have done. Ask your neighbors about Dodd's Kidney Pills."

Its juice is rich in vitamin and wholesome dishes are prepared with the fruit, which is also found valuable in the treatment of many diseases.

**POSER FOR JUDGE**

Discussion on the Right of Women to Swear. London, April 16—A landlord applied at Lambeth County Court for possession of rooms in Harcourt-street, Peckham, occupied by a tram driver and his wife. The landlord's wife was stated to have thrown a painful of cinders down stairs and smothered the ends of another tenant. The landlord called in a policeman, who, however, could get no satisfaction from the offender, and went away—Judge Parry: A very sensible man. The women were alleged to have used bad language to each other. Judge Parry:—There seems to be a lot of bad language used in Camberwell. I think it should have been included in the Rent Restriction Act as a nuisance. "Women now claim the same rights as men, and I suppose they ought to have the same right to swear as hard as the men. They may like it in their own homes. A lunatic asylum would be the proper place for some of the people who use language like this." To defendant: Your wife should not use bad language—Defendant: What would you do if she swore at you?—Judge Parry: I do not know. I have never been placed in such a predicament. It is extraordinary that people cannot live in peace. Other people who quarrel like you come here, and if you could only swoop with them you might be able to live in decent comfort. His honor advised defendant to find other rooms.

**WILSON GIRL'S DEATH ACCIDENT**

An inquest on the death of Marion Wilson, nine-years-old daughter of Robert Wilson of 6 Sydney street, who was struck by a motor truck on Wednesday and died on Thursday, was held last night and this morning. A. E. Corbett, the driver, who had been in custody, was released last night. Eleven witnesses were heard by Coroner Horace A. Porter.

The jury returned at 8:05 o'clock with a verdict of accidental death, completely exonerating the driver of the truck. They recommended that the chief of police should instruct his force to keep children off the roadways and that traffic policemen should be stationed at all busy corners.

The first witness was Dr. A. Sporan, who told of the child being taken to the hospital Wednesday afternoon. He described her condition and attributed her death to shock caused by the injuries and to cerebral hemorrhages. Her right thigh was fractured and she had a cut over the left eye.

Albert E. Corbett, the owner and driver of the truck was next sworn. He described his movements until coming down Sydney street about 1:30. The car had just been overhauled and he was testing the brakes. That morning he had them tightened up. When coming down Sydney street he first saw the little girl as she ran from behind a sloven that was coming up the street. He applied the brakes but the bumper hit her and he felt the truck vibrate. He thought that the wheels passed over her body. The truck did not go more than twenty feet after hitting her and the body was close to the rear of the truck when picked up. He had double brake pedals and he jumped on them with both feet and pulled the emergency lever. He did all within his power to save the girl and described taking her into the drug store and later to the hospital. He could not blow his horn as he had one hand on the steering wheel and the other on the emergency lever. The gasoline was shut off and he was coasting down the hill. He said he was not going faster than ten or eleven miles an hour. He was about opposite the shoulders of the horse when he first saw the girl. He was closely questioned by Coroner H. A. Porter and several of the jurymen but his story was unchanged.

Harry Eard, driver of the ambulance, saw the car going past the ambulance station between fifteen and twenty miles per hour. The car was going fast enough to attract notice. It might have slowed down after passing the rise of the hill.

The next witness was Robert J. Logan, who was in Smith's Fish Market at the time of the accident. Fred Monohan, who worked there, called his attention to the accident and he came out of the store. The witness had accused Corbett of going too fast and he said the child was twenty or thirty feet from the truck when picked up. He thought the truck was going at break-neck speed. When questioned by Mr. Tait he said he had not seen the truck until after the child was hit.

**Saw Car Coming.**

Fred Monohan who was in Smith's store said he saw the car coming down Sydney street about fifteen miles an hour and saw the hind wheels go over the child. He called Mr. Logan's attention to the accident after it had happened. He said the girl was five or ten feet back of the truck when picked up.

Robert Wilson, father of the girl, was standing in Sydney street when the accident occurred. He saw her start to cross the street and later saw her come from behind the sloven just as the truck hit her. He said everything possible was done for her. He thought the truck was going very fast, from twenty to twenty-five miles an hour.

Joseph B. Arthurs testified to seeing the little girl knocked down. He picked her up and carried her into the drug store. He did not see the truck before the accident and said it went eight or ten feet past the girl after hitting her. The truck was stopped very quickly.

Willard G. Hammond saw the truck coming down the street and hit the girl. He did not see any sloven there. He placed the speed of the truck at from fifteen to twenty miles an hour.

Joseph Moth, who was in a room

above the drug store heard a yell and close behind the truck when picked up. He testified to youngsters frequently standing up on the brakes and the girl running back and forth across that street just behind it. The car was coming to a stop when he saw it. The child was Thomas Horne gave expert testimony as to the distance traveled by the truck after the brakes were applied. By the skid-marks in the road he figured the car could not have been going faster than twelve miles an hour to have come to so quick a stop and based his judgment on experiences he had himself when applying brakes. The car would have swung diagonally across the street miles an hour. He tested the brakes and they were in good working order.

Detective P. Biddiscombe testified that according to measurements he had made of tracks in the dust the car had gone about thirty-five feet after the child was hit.

On being recalled Horne told of the measurements he had taken and said the car had traveled about nine paces after the brakes were applied.

The court room was crowded with witnesses and spectators and much interest was taken in the evidence. The jury which was empaneled Thursday afternoon was composed of: Thomas Mooney, (foreman), William V. Hatfield, Robert McAlinh, John K. Driscoll, Albert E. Oram, Christopher J. Kane and Harold I. Sullis.

It seems to be generally accepted now that anyone who is interested in a motor car must consider the Gray-Dort.

More and more men are coming to regard the Gray-Dort as the best light car and the biggest value at any price.

This intensely favorable attitude to the Gray-Dort is the result of the complete value of this car—low price, gasoline and tire economy, unusual good looks, power, speed, comfort and long trouble-free life. Not one feature is sacrificed.

Naturally, such value makes it difficult to supply the demand. Gray-Dort dealers are able to make early deliveries to a few owners. See your dealer now.

**RED CROSS WORK OF THE PROVINCE IS PROSPERING**

Out-of-town branches were largely represented at the meeting of the New Brunswick divisional Red Cross in the board of trade rooms yesterday afternoon and excellent reports of their varied activities were given. Colonel Murray MacLaren presided.

Miss Ethel Hazen Jarvis, in her report as secretary, gave an interesting account of the work accomplished during the month. The bulletin had been edited under the co-ventership of Mrs. James F. Robertson and distributed with the help of Miss Stetson and Mrs. Sturlee. Gifts made during the month included layettes to the patriotic fund committee, hospital shirts and dressings to the Home for Incurables, parcels to distressed soldiers and to soldiers' relatives, surgical supplies to Grand Falls and Woodstock, sewing materials to branches, eye bandages to people in distress, and pencils to Lancaster hospital. A delegation had appeared before the Fredericton diocesan synod and had been well received. The office had been loaned to other societies and was being rearranged for greater convenience.

**AID TO MOTHERS TO BE EXTENDED**

Amendments to Act Provide For Deserted Mothers — Also "Problem Cases."

Important amendments to the Mothers' Allowances act were introduced into the Ontario legislature this week by Hon. Walter Rollo, minister of labor.

According to the minister, the changes are proposed upon the recommendations of the Mothers' Allowances Board, and provide for assistance in cases at present outside the act, embracing, among other things, the principle of care of deserted mothers.

Summarized, the proposed amendments bring under the scope of the act the following:

The wife, with one child under 14 years of age, whose husband is totally incapacitated.

The mother with one child under 14 and one child over 14, which are incapacitated.

In the case of the death of the parents, the grandmother, sister, or aunt, or guardian in care of the children.

A deserted mother, when the father has been absent for five years or more.

A mother whose husband is an inmate of an asylum anywhere in Canada. The act at present places limitation to asylums in Ontario.

Power is also given in the amendments to deal with "problem cases" not strictly within the terms of the act, and there is provision for reciprocal action between provinces having similar measures in effect.

Initiation was given by the minister that the age limit of children coming under the terms of the act might be raised from 14 to 16, in conformity with the Adolescent School Attendance act. This phase, Hon. Mr. Rollo said, could be discussed in committee.

**TRADES AND LABOR COUNCIL MEETING**

At a well attended meeting of the Trades and Labor Council held in the Oddfellows' hall with the president, F. A. Campbell, in the chair, it was announced by the hall committee that a new hall had been secured at 72½ Prince William street, available on May 1. The council attended the vocational training exhibition in a body and expressed themselves as favorably impressed with the work that had been carried on as illustrated by the exhibit.

The organization committee reported that several locals had been visited since the last meeting and that the textile workers were increasing their membership rapidly; also that considerable interest was being taken in the mill workers' strike, as evidenced by the demonstrations. The secretary was instructed to send a letter to the A. F. of L. commending the work of Organizer Varley in this district.

The municipal committee was instructed to take up again the matter of establishing an employment service and also to investigate the new car system introduced by the hospital commission. The council was notified of a strike of metal polishers and finishers in Sackville and that a public meeting would be held in Sackville at which the employers were requested to be present. The council was requested also to take the matter up with the local merchants. Official notification was made to the council of the strike at the Minto mines.

TO OTTAWA ON BRIDGE MATTER. Mayor Schofield said this morning that he would likely leave on Sunday night for Ottawa to attend a meeting arranged by Hon. F. B. McCurdy, minister of public works, at which the matter of the new C. P. R. bridge will be discussed. G. S. Cushing, R. C. Eldin and F. C. NEWS OF DEATH OF MISS MCCARTHY SHOCK TO FRIENDS. Friends of Miss Elizabeth McCarthy were shocked this morning to learn of her sudden death which took place at her home, corner of Queen and Germain streets. Miss McCarthy, who was of a very bright and cheerful disposition, was in her usual good health on Friday morning and the evening before had attended the entertainment at St. Vincent's auditorium. About three o'clock on Friday afternoon she took a dizzy spell and grew gradually worse until she passed away about 2:30 o'clock this morning.

Miss McCarthy was a member of St. John the Baptist Church and was an active and ardent worker in all the ladies' societies. She was also a member of St. Monica's society. She had a host of friends in all parts of the city who were grieved to learn of her death. She was a daughter of the late Dennis and Anne McCarthy and is survived by one brother, James, a well known coachman in the city, who is himself seriously ill. Mr. and Mrs. McCarthy will have the sympathy of the community in their bereavement. The funeral will take place on Monday morning at 8:45 o'clock to St. John the Baptist church for requiem high mass.

RECORD WORK AT SAND POINT

The C. P. R. and C. P. O. S. officials yesterday handled 3,151 passengers, traveling in all classes, at Sand Point, and established what is believed to be a new record on this side of the Atlantic. The Empress of France had 1,469, the Tunisian, 902 and the Victorian which left for Liverpool, 780. The gang plank was put up to the Empress at 8:25 a. m. and in twelve hours and fifteen minutes every passenger was en route to destination. The work of handling this large number of passengers was tremendous and entailed the handling of ten cars of baggage aggregating more than 4,000 pieces. These had to be unloaded from the steamer, hauled to the baggage room, examined by a competent staff of customs officials and then placed in cars. The passengers had to be inspected individually by the immigration officials, secure their tickets and sleeping accommodations to all parts of Canada and the United States, in addition to being present when their baggage was being examined.

The C. P. R. made up five special trains to convey the passengers to Montreal, Toronto and points in Western Canada. The first left at 12:40, the second at 2:30 p. m., the third at 3:40 p. m., the fourth at 7:30 p. m. and the last at 8:40 p. m.

There were a large number of families included on the passenger lists of both incoming liners and it was due to the care of the staffs of the Red Cross and rest rooms that mothers had an opportunity of looking after their transportation, etc. All were grateful for the kindness shown them by the women in charge and paid a glowing tribute to their kindness and skill.

AIRMEN MEET HERE TODAY

Members of the maritime executive of the Canadian Air Force Association are in the city today to attend the first meeting of the new executive which was elected on April 1. Officers will be elected at a meeting this afternoon. Those who will attend the meeting are: H. R. Stewart, of Charlottetown, secretary; Flight Lieut. R. A. Logan, from Camp Borden, who will represent Nova Scotia; Flying Officer A. McGregor, D. F. C., of Havelock, and A. E. Stephenson, of St. John, civilian member, representing New Brunswick; and H. Whitlock, of Charlottetown, representing Prince Edward Island. Flight Lieutenant Logan, who is a native of Middle Musquodoboit, N. S., is in charge of ground instruction at Camp Borden, which includes the mechanical, photography and wireless branches. He served in the air force during the great war and spent the last two years a prisoner in Germany, having been shot down in action. To a Times reporter he said that the air force now has twenty-five planes at Camp Borden and about 200 men are under instruction. The staff consists of seventeen officers and about 100 men. Excellent results have been achieved and in the 2,000 hours of actual flying since the camp opened there has been only one serious aviation accident. He said that there were about 11,000 demobilized flying officers in Canada and about one-third of them were members of the association.

POLICE COURT

In the police court this morning a case against David Murdoch, charged with stealing a revolver from C. F. Constable Armstrong, was resumed. Detective Biddiscombe told of going to the Queen Hotel, where the accused roomed, and finding in a valise a revolver, which corresponded to the one said to have been stolen. The accused was for his value. The accused went on to say that he had been found by the constable and he had been kept in the cell until Monday. Raymond Johnson was charged with being drunk and also with assaulting Charles R. Wasson, 711 Main street. The complainant said the accused entered his store last night under the influence of liquor and was leaning against the counter. He said he put him out, and in a few minutes he returned and went away voluntarily, but later came again and while the complainant was talking to a friend he struck him on the ear. A fine of \$8 or two months for being drunk, and \$20 or two months for assault was imposed.

SAFETY LEAGUE WORK SHOWING GOOD RESULTS

Immediately after a meeting of the executive committee of the Ontario Safety League in Toronto, this week, St. John Gibson, president of the league, authorized the following statement:— "The executive committee had that many people think the safety league was created to tackle the problem of traffic accidents only, and we occasionally have to state that the league is conducting a general campaign against accidents of all kinds, in factories, stores, warehouses, schools and homes, as well as in the streets. The traffic accident has, however, loomed large in the public mind, and it is about that I want particularly to speak today. "We have found that some comprehension of causes of street accidents is necessary before attempting to make decisions. In the first place, the enormous increase in automobiles throughout the province is a basic cause for the increase in automobile accidents, that is simply a problem in arithmetic. We next have the fact that the ability to purchase a car is taken as evidence of ability to drive, and, until we have a form of license to drive, we shall continue to have irresponsible persons in charge of motor cars and, lastly, we have the question of educating all users of the highway. "The Safety League is covering the province in a very efficient manner, so far as its funds go, but it is impossible to teach safety without sufficient money to supply that education. It is a fact that safety is purchasable like any commodity. By or like good health, and we believe the league has done wonders with the comparatively small amounts we have had. "It is interesting to note that the registrar of motor vehicles for Massachusetts gives a black eye to the claim that

CHILD HYGIENE IS A WORK OF GENERAL INTEREST

A report on a year's work in child hygiene carried on by C. P. Knight, of the U. S. Public Health Service in cooperation with the state board of health of Missouri and with all private associations interested in the work shows results of much general interest. In sundry respects a house-to-house canvass was made to determine the percentage of birth registration, the sanitary conditions of the home, the amount of milk used, the relative income, and the relation between prenatal influence and infant mortality. The parents were greatly interested in the work and helped unhesitatingly. Better health supervision of young children and the correction of much improper eating and sleeping habits resulted. In other cities school hygiene was begun by weighing and measuring the children. The results stirred up a friendly rivalry among the children to see which could first reach the proper average. Many mothers attended talks given to parent teacher associations, and learned that when a child was underweight (7 to 10 per cent. below average) and did not gain as he should (half a pound a month between 8 and 12 years of age) it was probably due to some physical defect or to faulty living. With the mothers' consent underweight children were examined physically, and both child and mother were questioned in each other's presence. Many physical defects and faults, such as late bed time and improper eating were discovered. Suggestions as to how the troubles might be rectified were followed up by a public health nurse, who visited the homes and urged the remedial measures. Everywhere both parents and physicians warmly cooperated in the work. Rural school surveys showed that though the country child had the advantage of fresh air and out-door life he usually sleeps with closed windows and subsists, especially in fall and winter, on pork, hot biscuits, gravy, and sorghum. In the summer he has home-grown vegetables. Adenoids and decayed teeth pass unnoted or are neglected because of lack of facilities. Demands from many parents that their children be weighed and measured led to the opening of numerous child health centres, to which clinics for teeth, eye, and otitic defects were added. A community nurse began classes for mothers, teaching them to care for themselves and for their babies. Follow-up work included monthly letters to expectant mothers and, later, a similar series on the care of the baby. By this

GIRLS' PLAY FOR BUILDING FUND

A very successful play entitled, "A Girl in a Thousand," was given in the vestry of Victoria street church by the girls of the Golden Chain Club, on last Tuesday evening. The characters were: Ida Montell, a poor, but proud, Dorothy Donald; Sylvia, a little peace-maker, Nellie Hudson; Charlotte, "Charlie," Ethel Alexander; Kathleen, "Kitty," Eva Curry; Helena Glendon, a delightful person, Myrtle Whittaker; Vivian Glendon, a house-keeper, Irene Apple; Phoebe Preston, who reads the "House Journal," Bessie Logan; Nora, a believer in charms, with none of her own, Ethel Hudson; Miss Thalmor, her companion, Muriel Whittaker; Miss Prim, school teacher, somewhat like her name, Rae Curry. The proceeds of the play amounted to about \$110, which is to be given to the new church. The young ladies were organized in May last, and set their aim at \$400. This has been reached and passed. As a reward for raising their goal, a friend has given them an additional \$100.

means interest in birth registration was aroused and data obtained for supplying it. NO ROOM IN U. S. FOR HYPHENATES (New York Times). As a speaker General Pershing makes no pretensions to eloquence, but that was a moving passage in his speech when he said: "Nearly three years have passed and we again hear the murmur of disloyalty. It is time to ask ourselves whether our patriotism is to make mere while this poisonous propaganda dwells on our conscience. Shall we turn our backs upon our friends of yesterday? Are we content to condone the wanton destruction in France and Belgium and on the high seas? Have sacrifices of American blood already been forgotten? No one could ask these searching questions with more feeling, with finer effect, than the commander of the American expeditionary army, who witnesses the "wanton destruction" and can never forget it, and whose will was steeled to see to it that through his leading and the devotion of American soldiers their sacrifices should not be in vain. In temper and moderation General Pershing's address was worthy of a great occasion. His tribute to the fallen-born who had fought under him, not only in France but in the Philippines, with an enthusiasm far surpassing the spirit of the platform, was no rich of the platform, but the sincerest testimony. There is not an American officer commanding troops who will not agree with the gen-

eral. The patriotism of new citizens in the army is often of the purest quality, as their decorations, including the medal of honor, prove. No one has said one essential thing better than General Pershing. It would be well if it were inscribed in many public places to confront Americans of all classes: "If this republic is to remain the land of the free and continue to grow in strength and usefulness, both the native and foreign born, who exercise the right of suffrage, must one and all be thoroughly schooled in the meaning of democracy, and in the duties and obligations of the citizen." Eye Specialist and Medical Author Report on Wonderful Remedy To Strengthen Eyesight

Say It Strengthens Eyesight 50% in One Week's Time in Many Instances. New York.—Dr. Smith, a well-known eye specialist, and Dr. Judkins, a Massachusetts physician and medical author, make the following reports after thorough test of a popular remedy for the eyes: "Says Dr. Smith: 'When my attention was first called to it I was inclined to be skeptical. But it is a rule of mine to give every new treatment a chance to prove its value. Having specialized in eye work for many years I feel qualified to express an intelligent opinion on remedies for the eyes. Since this medicine has created such a sensation I welcomed the opportunity to test it. I began to use it in my practice a little over a year ago and I am frank to say that some of the results I have accomplished with Bon-Opto not only astonish myself but also other physicians with whom I have talked about it, and I advise every thoughtful physician to give Bon-Opto the same careful trial I have and there is no doubt in my mind that he will come to the conclusion I have, that it opens the door for the cure of many eye troubles which have hitherto been difficult to cope with. I have had individuals who had worn glasses for years tell me they have dispensed with them through the use of Bon-Opto. In my own practice I have seen it strengthen the eyesight more than 50 per cent. in one week's time. I have also used it with surprising results in cases of work-strained eyes, pink eye, inflamed lids, starbald conjunctivitis, smarting, painful, itching eyes, eyes weakened from colds, smoke, sun, dust and wind, watery eyes, blurred vision, and, in fact, many other conditions too numerous to mention in this report. A new and striking case that has just been brought to my attention is that of a girl of 18 years old. Two prominent eye specialists, after a thorough examination, decided, according to her father, that in order to save the sight of her right eye, her left must be removed. While awaiting an opportunity for the operation and till undecided as to the wisdom, her sister was told it would do no harm to use Bon-Opto. In less than three days a marked improvement was noticed. At the end of a week the inflammation had almost disappeared, and at the end of six weeks the eye was pronounced saved. Just think what the saving of that eye meant to this little girl! Another case is that of a lady 98 years old. She came to me with dull vision and extreme inflammation of the lids and the conjunctiva was almost raw. After two weeks' use of Bon-Opto the lids were absolutely normal and her eyes are as bright as many a girl of 16." "Dr. Judkins, Massachusetts physician and medical author, formerly chief of clinics in the Union General Hospital, Boston, Mass., and formerly house surgeon at the New England Eye and Ear Infirmary of Portland, Maine, says: 'I have found oculists too prone to operate and oculists too willing to prescribe glasses, while neglecting the simple formulas which form the basis of Bon-Opto, which in my opinion, is a remarkable remedy for the cure and prevention of many eye disorders. Its success in developing and strengthening the eyesight will soon make eye-glasses old-fashioned and the use of Bon-Opto as common as that of the tooth brush. I am thoroughly convinced from my experience with Bon-Opto that it will strengthen the eyesight at least 50 per cent. in one week's time in many instances.' "Victims of eye strain and other eye weaknesses and many who wear glasses will be glad to know that according to Dr. Smith and Judkins there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored by this remarkable remedy and many who once wore glasses say they have laid them aside. One man says after using it: 'I was almost blind. Could not see to read at all. Now I can read everything without any glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me.' A lady who used it says: 'The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can read even fine print without glasses.' Another who used it says: 'I was bothered with eyestrain, caused by overworked, tired eyes which induced

I HAVE GOT THEM ALL BUT ONE!

And He Has Too Much Rich Red Blood For Me. Says the Vampire of iron-starvation—don't let him get you—keep plenty of iron in your blood.

IRON STARVATION. Look at the pale, thin, watery blooded creatures in this picture—see how they are struggling, trying to get away from the merciless vampire of iron-starvation which holds them tight by a stout, cruel cord they cannot see. Their lack of BODILY AND MENTAL VIGOR; their inability to do a day's work without being all fagged out, their bad luck; LACK OF BRAIN POWER to think straight and the WILL POWER to battle against obstacles, their frequent headaches, backaches, nervous irritability and the great debilitating weakness brought on by lack of iron in the blood, tells them something is wrong BUT THEY DO NOT KNOW WHAT. They all envy the strong, keen, red blooded man with plenty of iron in his blood, who, in spite of the "hard times" or other obstacles has the "dominant force"; "will power," physical and mental strength to enable him to GO OUT AND WIN and BRING HOME THE "CASH" while they tug in vain to break the bonds that hold them fast. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Thousands of nervous, rundown men and women who were weak and ailing all the while, have surprisingly increased their strength and endurance in two weeks' time in many instances, by this simple experiment. Over 4,000,000 people annually are using NUXATED IRON. It will not injure the teeth nor disturb the stomach. Your money will be refunded by the manufacturers if you do not obtain satisfactory results. Beware of substitutes. Always insist on having genuine organic iron—NUXATED IRON. Look for the letters N. I. on every tablet. At all druggists. Which Man is This? Picture is YOU? The strong, keen, red blooded, successful man who laughs at the vampire of iron-starvation or ARE YOU one of the poor-unfortunate persons who have been caught by this merciless wrecker of human health—if the latter, NUXATED IRON will help set you free and make you a strong, healthy, robust, successful man.

NUXATED IRON ENRICHES THE BLOOD—GIVES YOU NEW STRENGTH AND ENERGY

**PREDICTS WOMEN WILL BE DRAFTED FOR THE NEXT WAR**

Cleveland, April 16.—At a mass meeting of delegates to the convention of the National League of Women Voters, Will Irwin, the orator, talked on disarmament; Judge Florence E. Allen of Cleveland on "The Test," and Mrs. Carrie Chapman Catt of New York on "Psychologies of Political Progress."

"Women will be mobilized and sent to their places just like men in the next war," Mr. Irwin said. "Formerly women and children were exempt from deliberate killing in warfare. In the late war millions of women were put to work in munition factories, and at once became fair game."

"A general war ten or twenty years from now, at the rate that our methods of killing are progressing, would mean the extinction of the white man's civil-

ization. We shall find it necessary in the next half century to get at the roots of war, but the necessary immediate step is some kind of international agreement concerning disarmament."

The National League spent most of the afternoon session in discussion of the preamble of the recommendations of the national board of directors and executive council as to plans and policy, as presented by Mr. F. Louis Slade of New York.

by the convention favors an increased membership on a broad educational basis before extending an extensive programme of legislation. Get women to the polls on election day as voters by principle and not by mere party sentiment, was the idea expressed by several speakers.

Another principle embodied in the adopted preamble was that State Voters' Leagues will not be compelled to fight for legislation for which the national body is working.

Three standing committee recommendations were briefly discussed today. These were American citizenship, child welfare, and social hygiene.

Mrs. Maud Wood Park of Boston, national chairman, was nominated for reelection by the nominating committee. All the regional directors were renominated, but new candidates were nominated for other offices.

Mrs. Mary Dennett, head of a "voluntary parenthood" organization, started the circulation of petitions among delegates today for a birth control resolution.

The National American Women's Suffrage Association held its annual convention today, Mrs. Carrie Chapman Catt of New York presiding. It had been agreed to dissolve, but the association decided to continue its existence to lend aid in Porto Rico and Hawaii, defend pending laws against suffrage and retain its legal right to receive requests for the suffrage cause.

**GAVE PATIENT THE SHIRT HE WORE**

Shediac, April 15.—In connection with the many good deeds done by the late Dr. Fred J. White while practising here the following incident is related by a priest: A patient under treatment in a remote district was critically ill and it was necessary that he should be kept warm. The doctor found it necessary to have him clothed in warm woolen underclothing, but there was not such clothing in the house. Going to another part of the house the doctor shortly returned with the required garments, and it transpired that he had divested himself of his own woolen under garments for the benefit of his patient. The act greatly impressed itself upon the mind of the priest of the parish, who points to it today as one of the outstanding things which led him to admire the late Dr. White for his excellent qualities as a physician and a man.

REVOLUTION IN MEXICO AGAIN?

General Pablo Gonzales Crosses Border From United States, Which Seeks to Prevent Shipments of War Material.

(Canadian Press Despatch) Mexico City, April 15—General Pablo Gonzales, former provisional president, today crossed the Mexican boundary line from the United States at some point between Matamoros, which is near Brownsville, Texas, and San Fernando, according to a war office statement. He is said to be in revolt against the government.

Action By United States. Washington, April 15—Blanket prohibition against the shipment of arms and munitions to any country where they might be used for revolutionary purposes has been asked of congress by the state department.

The war office announcement said sufficient troops were on hand to suppress Gonzales before his movement becomes serious. The plans of Gonzales are believed here to anticipate the forming of a junction with rebel forces under Francisco Murguia and Candido Aguilar. The rebellion caused little excitement in Mexico City. The official version of the revolt is that it is an escape valve which will serve to purge and purify the army of certain malicious elements which are well known and which will be dealt with.

The C. P. O. S. liner Victorian sailed yesterday afternoon for Liverpool on her last trip from this port this season. She carried a light passenger list consisting of 220 cabin and 350 steerage passengers, in addition to a fair sized general cargo and a consignment of royal mail and parcel post matter.

There were several passengers on board this trip from the maritime provinces, among these were: Mr. and Mrs. Heber Vroom, Rev. and Mrs. J. V. Young, A. Robertson and L. Robertson, Mrs. C. G. Kirby and Miss Cicely Kirby, Dr. Henderson, and Mr. and Mrs. J. F. Dale, all of this city; Mrs. J. S. McWilliams, of Moncton, and Mrs. A. E. Shaw, of Fredericton. Other passengers included: Lieut.-Colonel Berger, of Ottawa; Major F. V. Longstaff, of Victoria; Major G. G. Chrysler, of Ottawa; Rev. M. C. Bickersteth and Rev. W. H. Freer, both of Toronto; Mrs. Osborne, of St. John's (Nfld.); Dr. and Mrs. A. B. Osborne, of Hamilton (Ont.); and Rev. Mr. Rykes and wife and family from the British West Indies.

A party on the liner that viewed her departure with delight was a group of more than 100 soldiers. They are returning to England after completing their term of service in the West Indies and they all seemed happy over the prospect. They were in charge of Lieut.-Colonel Berger. More than half of the soldiers arrived on the R. M. S. P. Carquet on Monday from Bermuda, in charge of Captain Thomson, D. S. O.

VOCATIONAL CLASSES

Sackville Tribune: From all accounts, the evening vocational classes in Sackville have proved a success. There were five classes—two in motor mechanics; bookkeeping class; general education, and dressmaking. There can be no doubt that the establishing of these evening classes has been a step in the right direction, as it has given an opportunity to young men and women of utilizing their leisure hours in the evening in a profitable as well as pleasant manner.

Ross and Jockey Club  
Baltimore, April 16—Commander J. K. L. Ross, apparently has bowed to the mandate of the New York Jockey Club. It became known last night that he had notified H. Guy Bedwell, his trainer that all relations between them will cease on May 1. Henry McDaniel has been appointed to succeed Bedwell, according to authoritative reports. The dismissal of Bedwell and the appointment of McDaniel mean that the danger of an open fight between Commander Ross and the New York Jockey Club probably has been averted. The effect on the Pimlico situation is problematical.

Syracuse, N. Y., April 16—Battling Levinson was given the judge's decision over Dan O'Dowd at the end of a twelve-round bout here last night.

**Some Speed for the Races This Season**  
More Fast Horses in Sight for Maine and New Brunswick Circuit.

Frederick, N. B., April 15—There appears to be every assurance that Calgary Earl, 2021-2, and John R. X. Branden, 2023-4, are not going to have it all their own way in the free for all on the Maine and New Brunswick Racing Circuit after all.

The new circuit, which has been formed with eight numbers equally divided between New Brunswick and Maine, is evidently going to produce some of the greatest fights of speed the harness race has ever seen in the East.

First of all Houlton, Me., got Calgary Earl and for a time everybody interested in the new circuit seemed willing to concede he would sweep down the line and drive all other prospective free for all pacers off the map; in fact it was said that racing ground other than the Maine and New Brunswick Circuit would have to be found to provide opportunities for the son of Earl Jr. 2011-2 to get a chance to start.

Then the old rivalry between Houlton and Presque Isle, Me., the northern centre in the rich Anroostok potato belt, asserted itself and at the Blue Ribbon Sale in New York as high as \$9,700 was bid by a Presque Isle man for Grace

It is generally believed in racing circles here that State Senator Wm. Noyers, counsel for Bedwell, will take his clients' grievances to the racing commission.

stable being prepared at Combination Farm, for another "Down East" campaign and it is said that Rascal Paton, of Montreal, will follow his usual course and bring a big stable with something for every class. With the Maine and New Brunswick Circuit providing the only continuous racing throughout the entire season offered east of the Bay State Circuit—where stables must be of Grand Circuit calibre to get in the pay streak—there should be plenty of horses available for every meeting from the "curtain raiser" at Fredericton on Dominion Day (July 1st) until the final "overcoat" meeting in October.

**DEMPSEY EXPECTS TO FINISH CARPENTIER WITHIN 12 ROUNDS**  
Aberdeen, S. D., April 16—Jack Dempsey, heavyweight champion pugilist, who passed through this city on his way to New York, where he intends putting on the finishing touches for his coming battle with Georges Carpentier for the world's heavyweight title, expressed belief that he will knock out the Frenchman within twelve rounds.

**Chess Match Postponed.**  
Havana, April 15—The twelfth game in the international chess match between Jose R. Capablanca and Dr. Emanuel Lasker, which was to have been played tonight at the Mariano Casino, was postponed.

**Young Montreal Wins.**  
Boston, April 15—Young Montreal, of Providence, was awarded the decision over Pete Herman, of New Orleans, former world bantamweight champion, in a ten-round bout here tonight. Both weighed under 110 pounds.

"Actis non verbis" by deeds not words, was the motto chosen by the St. John high school graduating class yesterday afternoon. Thirty-five different notices were submitted but on the second ballot "Actis non verbis" received forty-three out of the seventy-five votes cast. The emblem of the graduating class will be a pin into the design of which the class motto will be worked.
