DISMASTED IN THE BAY YESTERDAY

Crew of Schooner Eskimo Had Exciting Experience

Vessel, Left Practically Helpless—Saved by Timely Arrival of Tug—Covered With Ice.

Captain Charles Pike and crew of the 60-ton new-schooner Eskimo, had a rather exciting experience in the bay yesterday afternoon during which the schooner became badly holed up and lost her foremast and main topmast. This is only the third voyage of the Eskimo and she was loaded deep with deals from the mills at Alma, Alberta County. When she hauled out of Alma yesterday morning it was blowing a gale of wind and a telephone message was sent to St. John to be on the watch for the vessel, and the tug G. K. King was sent to the eastward of Partridge Island to be on the look out for the lumber laden craft.

About five o'clock yesterday afternoon the Eskimo was off this port and the wind had become more northerly and blowing strong off the land. Without a moment's notice there was a crash and the foremast broke off about fifteen feet from the mast head. It tumbled forward with both port and starboard rigging and as it went by the board it carried the main topmast with it, the topmast breaking about four feet from the track.

The weather was cold and the spray frost the sea froze as fast as it flew over the vessel so that in a short time deck load, rigging and about ten feet up the masts were coated with ice.

When the mast broke the schooner was left with but part of the flying jib and the mainmast, but without seeing any further stays these could not be safely used.

Fortunately the tug G. K. King sighted the schooner, took her in tow and at ten o'clock last night docked her safely in the wharf about 30 miles southeast of Louisbourg, with shaft broken and drifting. The Dominion Coal Co.'s steamer Curma was ordered out and sailed yesterday afternoon from International pier in search of the disabled liner.

There was very little excitement about the collieries this morning, and less than two hundred of the pickets turned out for duty at the several collieries owing to the heavy snow storm prevailing, which rendered it almost impossible to stay out for any length of time. There are large numbers of men at work at the several collieries this week, and an excellent output is anticipated for the fortnight.

MET DEATH WHILE DOING HIS FIRST WEEK'S WORK

Confeman of LaSuro at Venice, Ill., Caught in the Machinery—A Man of Mystery.

VENICE, Ill., Jan. 11.—Louis Smith, known as the "man of mystery," and supposed to have been a French nobleman, was crushed to death in a factory here. He had worked just a week, for the first time in the 33 years he had lived here. Smith was credited with having saved 32 lives from the Mississippi River and was known among rivermen from New Orleans to St. Paul. He lived in a comfortably equipped house east of the harbor and appeared to be a man of wealth and refinement. He spent all his time reading and never was known to mind a penny until a week ago, when he got a job in a factory. He was unfamiliar with machinery and ventured too near a cogwheel, which caught his clothes and dragged him into the machine.

R. E. Harris, president of the Eastern Trust Company, of Halifax, passed through the city at noon today returning from Montreal, where he has been establishing a branch office of the company.

TARIFF REFORMERS AND FREE TRADERS

MAKING THE MOST OF THE FINAL DAYS

Hot Old Arguments Presented in a Practical Way to Suit Every Kind and Condition of Man—Black Bread Furnished by Contract for the Royal Family.

LONDON, Jan. 11.—Inquiries this morning show that the chief organizers on both sides have abated nothing of their confidence. I first asked a Liberal authority who replied: "Our chief whip adheres to his estimate of a Liberal majority of fifty over all parties. Personally I am convinced, from daily touch with the campaign that he is too conservative. We shall have one hundred and twenty majority and quite possibly another landslide not altogether unlike 1896."

The secretary of the Tariff Reform League was not less jubilant. He replied: "My estimate of a month ago was ninety Unionist majority over all parties, but as reports come in each day from manufacturers and agriculturists alike, I realize how right Chamberlain is in his confidence of an overwhelming tariff reform victory. I am myself preparing to see Free Trade snowed under."

"And this is how the foremost fighters on both sides talk among themselves in their minds. Never before have estimates been so conflicting, just as never before have the issues seemed so indistinct. If, however, you consult ordinary journalists who are attending meetings on both sides, the impartiality of their judgments is at least a fair thing to say with the chances in favor of the Radicals."

The tariff reform party, seeing a falling away of public interest in the extreme anti-foreign cry are pushing their bread and butter politics to the full length. They have for instance opened one hundred and twenty tariff reform shops in industrial centres, exhibiting imported German, American, Belgian and other foreign goods, especially aimed at the workingman's class in general. The manager of these shops tells me he is especially aimed at the workingman's class, showing her she pays just as much for imitation foreign buttons, needles, pens, plates, as she would pay the real British article for leaving huge profits to those great holders of the trade, the merchants and middlemen and robbing British workmen

of their jobs. The manager showed me astonishing specimens of German and other goods made in British style under British trade names, and yet under the Merchandise Marks Act compulsorily marked in minute type "Made abroad."

Free trade speakers are exercising all their ingenuity to counter this latest tariff reform move. John Burns, speaking at Finsbury last night in support of Allan Baker, a Canadian medical candidate, used Swedish doors exhibited in the tariff reform shops as a good illustration of free trade benefits to the working classes. He said there were one and a half million men employed in the building trades last year. They took in wages £100,000,000 sterling of money. Foreign competition was represented by £200,000 worth of foreign doors, and of that sum £100,000 was for raw material. Therefore the actual competition they had against one hundred million pounds in wages was £100,000 only.

At Leicester, where a tariff reform shop, which exhibits cheap German, Belgian and American hosiery, has won the attention of working classes, the free trade union has captured the top part of the house of which the tariff reform shop occupies the ground floor, and covered it with a huge inscription reading "Free trade is the best thing for the workers."

A curious comment on the German black bread scare which Lloyd-George is resurrecting in public speeches is today's announcement that J. Zeller of Filroy Square holds a royal warrant for making export class goods, while the foreigner is doomed to make and export the cheap shoddy goods of the inferior class.

Hamar Greenwood Having a Hard Fight in York

Warrant Out for Noted Suffragette—Voted Against Employer of Man Who Was Frozen to Death.

LONDON, Jan. 11.—A warrant has been issued for the arrest of the Hon. Mrs. Haverfield, who on January 4, was sentenced to a month's imprisonment for leading a suffragette raid in an effort to present a petition to the premier last July. Mrs. Haverfield is in the north of England and calmly refuses to come to London, saying she can see no reason why she should pay the expense of the journey.

On Jan. 11—Collins Handy, father of the Canadian bean growing industry, is dead here in his 83rd year. He was born at Wellington, Conn., and came here in 1831. He built the first frame house in Oxford township and filled the contract for the first mail route west from St. Thomas to Malden.

WINNIPEG, Jan. 11.—The coroner's inquest into the circumstances surrounding the death of A. Coleman, who was frozen to death near Dryden last Monday, resulted in a verdict of manslaughter being returned against Mr. Conlin, the contractor for whom Coleman was engaged to work. Conlin was arrested.

TORONTO, Jan. 11.—The World today prints the following special cable from London: "A desperate attempt is being made by the Tories to defeat Hamar Greenwood in York, because he is a Canadian he is called a 'foreigner.' Canada ought to resent this at once. Mr. Greenwood always sticks up for the Dominion and is today insulted because of it. His opponent, a Tory brewer, says the empire has been built on beer. Greenwood replies that it was built on brains. It is strange but it is bitterly true, that because the Dominion is a typical Canadian it puts many Tories hot against him, although they always are talking of the Dear Colonies and Empire."

TOM LAWSON BOOMING NEW TOBACCO COMBINE

Went to Lexington With a Plan for the Absorption of All Ex-Slave's Campaign.

LEXINGTON, Ky., Jan. 11.—A formation of a mammoth tobacco combine which would not only control the Burley tobacco raised in Kentucky but the manufacture and sale of the product was the object of Thomas W. Lawson's visit to Lexington. It was announced today. Mr. Lawson met the executive committee of the Burley Tobacco Society in a long conference. After dinner Mr. Lawson returned to the society headquarters where members of the executive committee were with him until late in the night. Mr. Lawson after the night meeting gave out a statement in which he said that it was useless to attempt to sell this season's crop to the so-called tobacco trust and that the best and fairest way out of the difficulty was the organization of an entirely new tobacco company composed of the Burley tobacco growers, "a people's trust" with a capital at the start of \$5,000,000. The organization he proposes is to be in the hands of a board of governors consisting of twenty-one of the leading men of Kentucky. No action was taken last night on his proposition by the Burley officers.

MRS. MORSE FIGHTING FOR HER HUSBAND'S FREEDOM

Back From Atlanta She is Preparing to Give Her Entire Time to Securing His Release.

NEW YORK, Jan. 11.—"I will devote my entire time to freeing my husband," Mrs. Charles W. Morse declared today. Mrs. Morse is back at her home on Fifth avenue from a visit to her husband, who has been serving a term of 18 years in the federal prison at Atlanta.

"It is known of course that a petition will be made for executive clemency if all other means fail," said Mrs. Morse. "But there are other legal methods to be tried to get Mr. Morse free, and I want to consult Mr. Morse's attorney, Martin W. Littleton, about them."

"Mr. Morse is bearing up under his trials like the brave man he is," continued Mrs. Morse. "He is hoping for the best, as of course I am."

LIMA Peru, Jan. 11.—Congress yesterday approved the treaty recently negotiated between Brazil and Peru and defining the boundary line between these two countries in the Amazon. Each country retains its actual possessions in the disputed territory.

DON'T WORRY, SOON SHE WILL GET A DIVORCE

Millionaire's Daughter Who Eloped With Her Chauffeur Has Not Yet Been Forgiven.

NEW YORK, Jan. 11.—The family of G. Howard Leavitt, banker and railroad financier, confirm the announcement that his daughter, Margaret Howard Leavitt, 25 years old and heir to a million dollars, was married "without the knowledge or consent of her parents" to Joseph F. Smolton, her chauffeur.

Miss Leavitt's father purchased for her a six cylinder motor car last summer and engaged Smolton, who was formerly James J. Corbett's chauffeur, to teach her to operate it. Last Thursday and Miss Leavitt went to Jersey City and were married, according to the statement issued by her family.

The bride's parents have not announced their forgiveness.

SMITH WENT HOME TO FIND HIMSELF DEAD

Unknown Man Had Been Identified by John's Family and Given Swell Burial.

NEW YORK, Jan. 11.—John Smith walked into his dining room last night and found the table set for one, his wife in mourning and signs of a recent funeral about her home. Indeed, the body supposed to be his had been buried by the family after identification at the morgue by the wife. His married daughter and his son-in-law, a scar on the right leg and crooked finger of one hand seemed to make the identification positive, although the clothing was of different quality.

He says he went to the Bellevue dispensary for treatment and came there to the city hospital on Blackwell's Island, after having been assured that his family would be notified. He was furnished to receive no visits from them, and did not know that they were searching the hospitals and police stations for him in vain.

WITH THE CURLERS

Fourteen skips for the matches with the Thistles will be elected by the St. Andrews Curling Club at a meeting in the rink this evening. The opening match of the annual battle between the two clubs will be played on Saturday. The St. Andrews Thistles will play the first points competition of the season on Friday. The drawings for the ladies' competition have already been held, but the first round has not been completed.

A special meeting of the Thistle Club is called for this evening at 7.30 o'clock to elect skips for the annual match with the Carleton Curlers. The club hope to begin the match with the West Side club this week or early next week. The skip spell has put the ice in the three local rinks in excellent condition.

ELSIE SIGEL'S GRANDMOTHER DYING OF PARALYSIS

NEW YORK, Jan. 11.—Three paralytic strokes closely following one another have brought Mrs. Elsie Sigel, widow of Gen. Franz Sigel, the civil war hero, to death's door, an today it was said that her survival was only a matter of hours. BACK TO THE LAND IS THE POLICY IN PRUSSIA

Speech From the Throne Indicates Big Deficit in Spite of Extra Revenue.

BERLIN, Jan. 11.—Emperor William opened the Prussian diet today. The proposed legislation outlined in the speech from the throne includes a bill for the reform of the election law and a measure to counteract the tendency of the laboring classes to desert the farming districts. The speech forecasted a considerable deficit in the forthcoming budget notwithstanding the increased receipts through improved conditions of trade. The deficit is due chiefly to an increase of \$50,000,000 in the salaries of government employees. The Reichstag reconvened today.

ALBANY, N. Y., Jan. 11.—Dominic Ferrar, convicted of the murder of George E. Phelps, of this city, was sentenced today by Justice Hooker to death in the electric chair at Clinton prison during the week beginning February 21.

T. P.'S WIFE THINKS DIVORCE LAW UNFAIR

NEW YORK, Jan. 11.—Mrs. T. P. O'Connor, wife of the Irish leader who has come to New York in search of health, believes that the women of England will revise the divorce laws of that country as soon as they have been given the ballot.

"When women get the vote in England I think that all the laws will be modified," she said. "One of the first will be the divorce laws, which is very unfair to women at present. In England a woman has to prove unfaithfulness or cruelty, the man only unfaithfulness. At least the law should be the same for both."

MONTREAL DOCTOR WAS INJURED IN NEW YORK

NEW YORK, Jan. 11.—Dr. Andrew Ward, a physician of Montreal, was painfully injured in an accident on Upper Broadway. #### O'BRIEN-KAUFMAN GO CREATING MUCH INTEREST

Bout Will be Serious Factor in Heavy-weight Division—No Decision in Six Rounds.

The result of the bout between Jack O'Brien and Al Kaufman, which will be decided in Philadelphia soon, virtually means that the loser will be eliminated as a serious factor in the heavy-weight division.

They meet in a six-round no-decision bout, but each man is certain to make good use of the limited time, as they are extremely anxious to win.

O'Brien and Kaufman have met before. Nearly five years ago the Philadelphia put Kaufman to sleep in 17 rounds in France. That was virtually the end of Kaufman's career, and he declares that he has improved measurably since that defeat.

If Kaufman reverses the verdict in the coming fight, it will mean that he will be the logical man to meet the winner of the Jeffries-Johnson bout, although the black champion already has scored a decision over him.

O'Brien again defeats Kaufman, there will be no end of matches in sight for him.

#### HOCKEY TEAMS FOR Y. M. C. A. HARRIERS

The Y. M. C. A. Harriers met last evening and transacted important business. They will meet again this evening to organize hockey teams. They expect to have sufficient material to place teams in all the city hockey leagues.

Last night it was decided to hold a club tramp to Torrington on the night of January 19. If there is enough snow the tramp will start from the Y. M. C. A. building at 8:30 p. m. and will have supper at Newcomb's.

The club also decided to hold ice sports and a carnival during the winter. A committee is to be appointed to consider the matter. It was also decided that all the Harriers have the use of the Y. M. C. A. bowling alleys. A six team league is to be formed. The teams are: Royal Bachelors, Directors, Bankers, Higroliers, Crescents, Newmen. Matches will be held on Tuesdays and Thursdays.

An athletic meet between the Working Boys and the School Boys of the Harriers is to be held soon.

#### BASKET BALL

Rev. Father Charles Holland was the referee of an interesting basket ball game played in St. Peter's Y. M. C. A. hall last evening between the Tigers and the Shamrocks. Shamrocks were the winners with a score of 20 to 4.

The line-up: Shamrocks: Defence, Harrington; J. Howard, ...; Centre, Doherty, ...; Forwards, Dever, ...; W. Howard, Mahony, ...; W. McCurdy.

#### GLEASON WILL RETIRE FROM ACTIVE GAME

Veteran Asks Phillies for His Unconditional Release

Has Been in Baseball for Twenty-two Years—Doolan and Dool

Kid Gleason, who has been in the major leagues continuously since 1888, will not be found in baseball when the season opens next spring. Gleason is the oldest player in the country excepting Jim McGuire.

The veteran infielder, who acted as chief lieutenant to William Murray, has asked President Fogel for his unconditional release, and will probably get it.

For the first time since the depositing of Murray and the appointment of Doolan, Gleason appeared at the Phillies' headquarters.

It had been hinted from the start that Gleason would have to go now that the Phillies had playing manager, when President Fogel and Manager Doolan the proposition was set before him.

Fogel and Doolan were rather surprised when Gleason declined to accept the offer, but asked for his unconditional release. The veteran asserted that he would not be associated with baseball next season, but intended to enter business.

Gleason will part with the Phillies on the best of terms. He wished both Fogel and Doolan the best of luck, and Michael Doolan, the Phillies' captain and fast shortstop, who is studying dentistry here in the winter months, also called at headquarters. Doolan expressed himself as satisfied with recent developments on the Phillie team, and declared that he thought his playing would improve now that he would retire from the game.

Gleason's salary was boosted and he will probably sign in a day or two. Harvard, Eddie Grant, the Phillies' phenominal third baseman, wrote to Gleason, promising to assure him of his support and best service next season. Grant's signed contract is also expected to be ready in a few days.

John Castle, the star outfielder of the Scranton Club, will go south with the Phillies. Monte Cross will let the Phillies try out the youngster and if he shows good he will be purchased by Fogel. Cross undoubtedly will part with this act of courtesy, and will get some of the men the Phillies don't want.

Another new player picked up by Manager Doolan is Stewart Young, of West Philadelphia. He is a youthful player but shows so much promise that the Phillies will take him south.

Jack Doolan, who now runs the Baltimore Club, offered the Phillies \$1800 for the release of Cheek, the catcher, whom Fogel purchased from the Boston Americans. This offer only increased the good estimation Doolan has for Cheek and the latter, who is a native son of Colorado Springs, was ordered to join the Phillies at Southern Pines when reporting time comes.

Manager Doolan finished his local theatrical engagement last night. He and his partner, James McCool, will play in Boston next week and then jump to Pittsburgh. After the Pittsburgh engagement, Doolan will temporarily retire from the stage to devote his entire attention to planning for the campaign.

#### EXMOUTH'S WIN OPENING GAME

Last night the Independent Basket Ball League opened at the Algonquin hall, Metcalfe street. There was to have been a double header, but the St. Andrew's team did not turn up to meet the Portlands. The Exmouth Y. M. C. A. team won from the Algonquin second team 19 to 7 in a fast, rough game. What will be done about the St. Andrew's-Portland game is not known.

In the other game the Exmouth team won on its merits. Referee Thorne was not very strict and let a good many things go that might have been penalized. The game was fast from start to finish and was witnessed by a good sized crowd.

The line-up was as follows: Algonquin, T. Hipwell, ...; Exmouth, F. Chase Wilson, ...; L. Holder Centre, Grearson, ...; J. Corbett Defence, Lawrence, ...; H. Seely Lawton, ...; C. Finley Referee, W. Thorne.

On Wednesday night the crack Montreal Y. M. C. A. team will play the senior Algonquin team in the Algonquin hall. This will be the first game of the season in which an outside team figures. A rattling good game is expected. The Indians are strong this season and the Montreal team is also reported to be fast.

The Algonquin hall which was improved a short time ago is now the largest in the city with the best accommodation for spectators. The heating and lighting arrangements are first class.

W. F. Todd, M. P., and wife, Miss Mildred Todd and Mrs. N. H. Mills of St. Stephen are at the Royal

#### THISTLES ELEG SKIPS FOR ST. ANDREW'S GAMES

Four rinks from the Thistle club will leave Monday for Campbellton where they will play, and on their way home they will play in Chatham.

#### POULTRY SHOW WILL BE HELD IN FEBRUARY

At a special meeting of the N. B. Poultry Association, held last evening in the Burley Poultry Company, it was decided to hold the annual poultry show on the 23rd, 24th and 25th of February. The intention of the association to make this show surpass all others, both in the quantity and quality of the stock. This year there will be more city birds exhibited, and it is also expected that the number from outside places will be larger than in former years.

The association is in communication with J. C. Bennett, Toronto, who is recognized as one of the leading poultry men in the Dominion, and it is altogether likely that he will do the judging at the St. John show.

#### AVIATION SEASON FROM MARCH TO NOV.

PARIS, Jan. 10.—The meeting of the International Aeronautical Federation today, arranged dates for carnivals in 1910, developed a contest with the Aero Club of England, but it finally was agreed that the season should extend from March to November with aviation meets in France, England and the United States.

The American meetings, it is announced, will be held October 18 to 23, the international balloon cup contest being fixed for October 25, November 2 has been set for the beginning of aviation week.

MEMPHIS, Tenn., Jan. 10.—Sam Langford tonight knocked out George White, known to the ring as the "Dixie Kid." The fight was scheduled to go eight rounds, but Langford terminated the farcical exhibition at the start of the third.

### POET ALFRED NOYES TO AID OF BARD-LESS LIBERAL CAMPAIGN

Two Fine Poems Having Reference to the Political Situation From the Liberal Viewpoint are Published by the Author of the Finest of the Recent Sea-Poetry.

Liberalism in Britain has long needed a first-class poet. Since the death of Tennyson the poets have largely been given up to imperialism, sometimes of a rather flamboyant kind. The general anti-despoticism of William Watson hardly qualified him as a Liberal bard, and, anyhow, he has had a difference with the "Aquila."

It is, therefore, very interesting to note that Mr. Alfred Noyes, who is unmistakably one of the great poetic voices of England today, and whose "Drake," "Foggy Singing Seaman" and other works have been hailed as sea-poetry fully worthy to rank with Swinburne's "The Forefront" and the other upholding the ideals of free relationship between the motherland and colonies.

These poems have received very much less attention than they deserved, for Mr. Noyes has not yet the machinery for world-wide publicity at his back that is possessed by Mr. Kipling. That they deserve to be read as a powerful expression of the feelings of many Englishmen in the present contest will be evident to anybody who glances over them as they are given below.

They were published a short time ago in the Westminster Gazette, under the common title, "Two Ways of Patriotism."

A GAMBLE IN BLOOD.

(The attempt by a section of the English Press to raise a war-scare for electorating purposes has so far been successful in rousing the contempt of Germany, and the stern repudiation by Prince Henry of Prussia of a gross insult to the German Navy.)

Out of what grave-pit do these vampires rise,  
O Milton's land, these that to snatch at vote,  
Make all the air small blood, whose wide wings float  
O'er continents of carnion, darkening thine eyes  
With phantom battles, peering for the prize  
Through the fog of hours, should that point and gloat  
Trail their flesh their cold fangs in thy throat,  
And the loud fear wherewith they dashed thee flies?

We love thee, England, Nelson's signal runs  
Like fire through all our souls; but these, are these  
Who dim our fair hills, who so well, who so  
False trails of blood, are these indeed thy sons?  
Then how thy head lest all thy stormy seas  
Hiss their white scum still thy face this day?

LOVE OF COUNTRY.

We love our land, as the sons, as the sons their mother,  
And her deep hills as our own mother's breast;  
Nor can that love be given an arth to another  
Through beautiful faces beacon us East and West;  
Hers was the first, Hers was the last,  
To Her we must return,  
To those old misty eyes that wait and yearn,  
And the remembering breast,  
We turn to Her, as the children, turn to their mother.

We love our land, because we turn to our mother,  
Knowing how father than fair for hearts not ours,  
Blame the old face that wholly accept none other,  
But flush anew for these with holler flowers  
Than greet our alien eyes:  
We love our land, because we turn to our mother,  
Warm the worn cheeks for these, when from strange skies  
They return thro' the gates of their childhood's Paradise,  
To those old misty eyes, in her lonely farms,  
We love our land, because we turn to our mother.

We love our land, as the sons as the sons their mother,  
O, quiet embrace of her deep soft arms,  
Folding us all to the heaven of her heart as of old,  
With a kiss of her lips of us in each waking flower,  
And her wrinkled hands teaching our hands to fold—  
In a prayer for us to the Power that is over her power,  
In her little cottages, in her lonely farms,  
Her little nooks, even yet,  
(Though her marts her playgrounds, her cities awhile forget!)  
For we may not possess our land, we have but an hour  
By her hearth, and we, too, as our mother one day shall be old.  
Therefore she prays for us all. Her eyes grow blind,  
Brothers, though some of ours,  
And—see how they hate and despise her,—our foemen say,  
And we answer, we answer, though none understand,  
And our eyes impassioned with hers grow wet and blind—  
We love our land, as the sons, as the sons their mother!  
Peace and goodwill, goodwill to all mankind!  
We love our land.

#### HANDKERCHIEFS TO MATCH SERIOUS MUTINY ON THE GOWN, LONDON'S DECREE BRITISH CRUISER

White Hemstitched and Lace Trimmed Art. Co. Must Give Way to Colored Laces. Sailors Refuse to Do Over Again Work Sxy-five Punished.

LONDON, Jan. 9.—London drapers insist that they are going to cancel the honor of indelicately marking the season year in my lady's calendar as the season year under the sun in the handkerchief line. To this end they have stamped disapproval on the white hemstitched handkerchief, and if they have their way its place is to be taken by the finest lawn handkerchiefs in colors to match the gown.

As an example, it may be understood by mere man that the most popular shades anticipated are to be heliotrope, "butcher blue"—whatever that is—"tomato red."

"Even lace no longer is to be popular on handkerchiefs," explained a working West End draper. "Its place surely will be taken by delicate hand worked embroideries. The most elaborate patterns are to be employed, such as a flight of butterflies right across the handkerchief, or a little square of flowers in the corner of a square of lawn, the 'poesies' being worked in their natural colors. Color of handkerchiefs is to be very much in vogue. Little wreaths of deep green shamrock, clusters of deep red forget-me-nots, and the most beautiful many colored pansies are to be seen."

Meantime, it would seem that man will have to meet this riot of color by declaring "no" for the old fashioned red handkerchiefs.

BARBEAU FAMILY A RECORD BREAKING SUCCESS AT THE ORPHEUM.

Much was promised by the Orpheum management in regard to the excellence of the Barbeau family, the big feature act of this week at the Orpheum. They completely surpassed expectations. Patrons were expecting to see and hear one good act, but instead had the pleasure and privilege of listening to ten good acts. The entire family appear in full brass band selections and different members give a large variety of "acts." These consist of high class musical selections, dancing, singing, juggling, etc., etc. But the particular success of the aggregation is the remarkable performance of the two seven year old Dutch Kiddies, who appear in a little talking and singing sketch, which "takes the house" in a manner never before witnessed at the Orpheum, with even its record of good acts. Capacity business is assured all this week.

LATOUR SPORTS AT THE VICTORIA MORROW NIGHT.

A large list of entries coupled with the presence of Logan Belyea, Whitebone and all the other local speedsters will make the various events at the motor sports tomorrow evening, the very great interest. This is the first evening of sports of the season, and this event is usually looked forward to with great interest because of the uncertainty existing as to which of the skaters will show the best form. The twenty try out the other evening suggested the possibility of a close part of several, and this will be more fully ascertained when these men come together for the various distances. A large band will be in attendance and a good evening's sport is assured.

It was the usual big Monday crowd that saw the Nickel's fine program of pictures yesterday afternoon and evening, and though the list consisted of three straight dramatic pictures, the drama program was most favorably received. The leading feature was Selig Co.'s Nebraska, Indian story, introducing real Indians in vest throughout its full length. The Biograph feature, entitled "The Rocky Road," disclosed a tale of domestic unhappiness. It was quite noticeable to regular Nickel patrons that this picture contained several new actors and actresses in the Biograph's stock company. The third reel, called "The Engineer's Daughter," was of the melodramatic type, pleasing alike to up-stairs and down-stairs. Every chapter contained a climax and every climax satisfied watchers to the fullest extent. Miss Gertrude Leroy increased her strong hold upon lovers of good singing with the charming novelty, "The Pretty Things You Say," which Master Parker accompanied by jingling, illustrated number. The orchestra as usual purveyed a high class program. The same fine program will be shown today and tonight for the last time. New pictures tomorrow.

NEEDN'T TAKE HUBBYS

MAKE OUT IN KANSAS

Wife May Even Induce Husband to Assume Mr. Cogswell's Charge If You Like.

TOPEKA, Jan. 10.—In Kansas, if a woman gets tired of her husband, she may continue to use her maiden name and he may use his surname. This is the law in Kansas, and it is a fact that a woman may change her name and keep her husband's name. No law is necessary that she could continue to use her old name and pay no attention to her husband's name. Also, if she desired, she could use her maiden name for all business transactions and use the name of her husband socially.

Just as a little extra advice, the attorney general told the young woman that if her powers of persuasion were sufficient, she might prevail upon her husband to assume the name of her own. But that he ought to drop his name and take up her name in his own stead.

"There is nothing to prevent this," he said. "The taking of the name of the husband is wholly a matter of custom and not of law. It is a matter of custom in the family, and custom gives him the right to fix the name for the family. You yourself are not married. If you are satisfied with either of your surnames, there is nothing except the criticism of the public to prevent you from taking on some other name in the dictionary of proper names and take it for your own. When you are old enough, your husband may elect to change his name to yours or he may decide on something else. That becomes the matter of custom. You may refuse to accept it. You may refuse to give your name and you and your husband may live under different names."

While all things are possible under the Kansas law, and it is also possible for a man to change his name, the wife of a woman retaining her name is the only case where the law is not violated. He is not to be taken to the woman he is married to, and she is not to be taken to the man she is married to. In some countries it is customary for the husband to assume the name of his wife when they are married or the wife assume the name of the husband or either to assume a new name. But in Kansas there is no law on the subject, although the courts in granting divorce restore the maiden name when asked for. The law books the state owns where mention of the subject could be found, and he could find nothing to prevent a woman retaining her maiden name after marriage, a man changing his own name to that of his wife, a man changing his name any time, or adopting a new family name, or a woman transferring her name over her maiden name after her marriage.

DR. HEWETT'S LECTURE ON ARCHAEOLOGY

Dr. Edgar L. Hewett delivered a very interesting lecture in Centenary church school room last evening. The speaker dwelt chiefly on the work of the American Archaeology during the past year. He to' of the investigations in New Mexico.

The speaker pointed out by his illustrations that one of the chief phases of the Early civilizations was their practical manner of building, of which the Early tribes had an extensive knowledge, especially in the art of masonry. They constructed large community stone walled houses in which there were as many as two thousand apartments, and in which from 1,500 to 2,000 natives dwelt.

Dr. W. W. White presided. At the conclusion of the lecture a vote of thanks to Dr. Hewett was moved by Senator Ellis, seconded by Rev. J. J. McCaskill, and carried unanimously.

Dr. Hewett left last evening for Halifax and from there will be to New York and Toronto, where he will deliver similar lectures.

SIR JOHN DICKSON-POYNDR SEES PROGRESS IN CANADA

Returns With Lord Ba'four of Burleigh Indian Trade.

LONDON, Jan. 10.—"I found signs of enormous improvement and progress everywhere in Canada. Things are not what they were," said Sir John Dickson-Poynder, who, with Lord Ba'four of Burleigh, returned from an official visit to the Dominion, where they have been trying to arrange better trade relations between that country and the West Indies.

Sir John could not say anything about the evidence they received or the recommendations they were going to make to the government. "But I can say," he remarked, "that we found a great desire on the part of the Canadians to do an increased trade with the West Indies. Already the preference which Canada gives to the West Indies has led to a large trade being held in the great best of the sugar growers."

There is no reason why the West Indies should not be opened to Canada tropical produce, just as the southern states supply the same goods to the United States and Canada increased in wealth and population the demand for these things will increase."

On the subject of colonial preference Sir John said he could find no one who had any definite idea how this was to be brought about. "But," he said, "I found a great number of very staunch imperialists, who were all for closer relations with the mother country, but who neither asked for nor desired preference. And when it came to a question of admitting the British manufacturer on such terms as would allow him to compete on something approaching equal terms with the Canadian manufacturer, they were all for closer relations with the mother country, but who neither asked for nor desired preference. ST. JOHN, N. B., JANUARY 11, 1910.

THE ESSAY COMPETITION.

The advertisement committee of the Board of Trade, with the co-operation of the school trustees and teachers and the city press, announce today an essay competition in which all pupils are invited to participate.

Some prizes are offered for essays of moderate length on the progress of St. John in recent years, what is now required, and for the best way to bring about the desired improvements. It is not a contest in which literary excellence is the first requisite.

On the contrary, the promoters are looking for practical suggestions which may be of assistance in the forward movement now undertaken. And they hold the opinion that from many minds something of real value may be expected.

But more than this, the competition, simple though it may seem, will have a far-reaching effect on the people of St. John. It has been hinted that children entering the contest will enlist the assistance of their parents.

It is a long step in the way of increasing the enthusiasm of the people, and if for no other reason every person having the welfare of the city at heart, should give to the essay competition some share of attention.

The contest is open, in its various forms, to all the pupils of the public schools. It will last some six weeks, and will no doubt be productive of the most beneficial results. Particulars given elsewhere in this paper.

JAPAN PREPARING. A brief despatch in yesterday's papers under St. Petersburg date, stated that developments in the far east are causing some concern in Russia.

Diplomats in St. Petersburg, it was stated, are disturbed over the confidential report prepared by M. Giesmer, a member of the industrial delegation of the Council of the Empire, who recently made a tour of investigation in Korea and Manchuria.

The report he prepared was regarded as so dangerous that its publication was delayed until the Russian foreign minister could issue a renunciation of the satisfactory state of Russo-Japanese diplomacy. This note was issued quite recently.

Montreal aldermen are permissive men and women and children to die, the city, and are taking absolutely no action because they profess to believe the epidemic is largely imaginary and is created chiefly as a newspaper sensation.

Canada's Conservation Commission will meet for organization on Tuesday of next week. The members, including as they do men of all shades of politics and of varied occupations, should be able to accomplish much valuable work in protecting Canada's natural resources from unnecessary destruction.

ST. JOHN IS GOING AHEAD. The Sun and Star will pay \$10 for the best slogan, and \$5 for the next best.

Scores have already been received—all of them good. The list closes Jan. 14.

THE REASON WHY. You don't take sauce? Perhaps not, but if you look for the reason why, you will find it in the fact that the word "sauce" suggests to your mind a thin, dark, not-tasting fluid, which, if taken at dinner, runs all over the plate, saturates the vegetables, and eventually leaves a disagreeable burning sensation in the mouth.

No wonder that under those circumstances you do not take sauce—but, change the circumstances, and the taste will probably change with it.

A new sauce has been introduced by the Midland Vinegar Company of England, which is known as H. P. Sauce, and is quite different to the old-fashioned sauces referred to.

H. P. Sauce has proved an immediate success, and is now used regularly by those who previously never took sauce. It is prepared by blending together the choicest Oriental fruits and spices with pure malt vinegar.

The Ohio police are offering a large reward for the capture of Wm. Davis, alias Owen McCabe, and Frank Hironomous, two prisoners who escaped from the Ohio penitentiary on December 21st. It is thought the men have reached Canada and the police are asked to look out for them.

The annual meeting of St. George's Society will be held this evening in the Elks' rooms, Charlotte street. Officers will be elected and the annual reports presented. It is understood that the society has had a very good year. The demands on the charity fund have been much lighter than last year owing, it is said, to the fewer cattlemen stranded here.

The Evening Chit-Chat

By RUTH CAMERON. Did you ever stop to realize what a vast pleasure one can get out of successful contriving? "I just just, it seems to me I should be perfectly happy. This borrowing sister's wraps and mother's gloves and saving every cent to get a new hat takes away half the pleasure," I heard a girl say the other day.

And still I think I'm right. The pleasure or possession that you purchase by careful planning, that you snatch despite the cautions of your prudence, that you deny yourself something else for, that you wait for and long for and work for weeks or months before you finally obtain it, has a sweetness that can be gained in no other way.

When I was a little girl my brother and I had a printing press with which we used to print cards for all the children of the neighborhood. We had a rather nice type and there was often a shortage of "e's."

THE LIGHTER SIDE OF LIFE. "It is odd that Jinks keeps expanding his business," "Why shouldn't he?" "Because he is a contractor."

REGAL OINTMENT. Is strongly antiseptic, destroys and prevents the growth of germs that cause suppuration and by its mild stimulating action starts healthy granulations from the bottom of the wound, thus ensuring a strong tendency to heal without a scar.

BREAD. Watch This Space. A fresh reason given weekly for choosing Butter-Nut.

Because the People Want. A better class of goods, we are doing an increasing business. The people get tired of the poor service given by some makes of footwear, and that is where we win out.

Porter says. When filling your doctor's prescriptions, Pure, Full-Strength Drugs must be used. Your health requires this, your physician insists upon it, and we vouch for it.

Don't You Want A Bargain. Coady's Big Shoe Sale is the talk of the city. Compelled to vacate their store and deciding on withdrawing from business they are sacrificing 10,000 dollars worth of Boots and Shoes and the people are getting rare bargains.

FREE PILE CURE. Sent to Demonstrate the Merits of Pyramid Pile Cure. WHAT IT HAS DONE FOR OTHERS IT CAN DO FOR YOU.

DEATHS. DYRE—On the 3rd Jan., '10, Susan, beloved wife of Ernest F. Dyre, aged 32 years, at her home, Young's Cove Road.

Bandits Held Up. TWENTY; SHOT TWO. Chinese Suspects Both Proven Alibis. Main Couple Plead Not Guilty—Threatened by Explosion—Railway Accident—Early a Leper.

PITTSBURG, Kan., Jan. 10.—Two miners were killed today by two bandits, who entered a resort in Crowberg, a mining camp near here, and ordered the twenty men in the place to hand over their money.

NEW YORK, Jan. 10.—Lau Tang and Lau Shang were acquitted today of the murder of Bow Kum, the "plum blossom" of Chinatown, who was stabbed to death in her room last August. It was charged that the defendants came here from San Francisco to demand \$3,000 from Chin Lam, the woman's companion, as purchase money and, that on Chin Lam's refusal to pay, they murdered Bow Kum.

ROCKLAND, Me., Jan. 10.—Pleas of "not guilty" were entered in the supreme court by Fred J. James and Mrs. Sadie Newbert, each of whom has been indicted on charges of murder. James is charged with poisoning his six-year-old daughter, Agnes, and Mrs. Newbert is accused of poisoning her husband, Fremont Newbert. The cases are believed to be related.

BLOOMINGTON, Ill., Jan. 10.—An explosion today wrecked the water gas plant of the Union Gas and Electric Company, hurling portions of the building far away, breaking windows on the west side of the city and killing three men and seriously injuring four others. The loss is \$60,000.

NEW YORK, Jan. 10.—John R. Early, upon whose case medical men have been divided, is in reality a leper, according to a decision rendered tonight by a special committee of the Society of Medical Jurisprudence.

TELEPHONE GIRL, ATTACKED, SUMMONS AID OVER WIRES. Succumbing to Drug at Shanokin, She Tells Sanbury Operator, Who Sends Help in Roundabout Way.

SHANOKIN, Pa., Jan. 10.—While Miss Mary Runkle, 15 years old, and her brother William, 10 years, were alone in the United Telephone and Telegraph office here early today, where Miss Runkle was night operator, a strange man entered.

The intruder ran to the girl and pressed a handkerchief saturated with a drug to her nose. The boy awoke and screamed for help. The man ran toward him and was trying to render him unconscious with the drug, when the girl, fast succumbing to the drug, called up Sanbury and said she was being chloroformed.

The Sanbury operator called Selinsgrove and asked the night operator there to have the Bell operator call Shanokin and tell the operator here of the peril of the girl in the local United exchange. The entire transmission of the messages took but a short time, and in less than five minutes after Miss Runkle had sent in her call for help the message had been sent in a roundabout way to a hotel.

At the latter place the night operator left their posts and notified officers, who hurried to the telephone building. Finding the front door barred, the police lost no time in tearing it from the hinges. They dashed up the stairs and upon entering the room they detected the odor of a strong drug, the effects of which almost blinded them and caused intense pain.

A second later they found Miss Runkle on a chair in front of the switchboard and the brother on the couch. Both were senseless. They were carried to an open window in the rear of the telephone office, and a doctor arrived in a few minutes and found that nitrate of amyl, a powerful drug, had been used by the assailant in overpowering the operator and her brother.

They were driven home and revived after much difficulty. It is supposed that when the intruder realized Miss Runkle had called over the wire for help he immediately fled.

**DE JANON GIRL TOOK LINER HERE**  
She and Cohen Left it at Halifax—Pair Captured

Remarkable Story of Chase Over Half the Continent for Missing Heiress.

CHICAGO, Jan. 11.—Roberta Purst de Janon, a Philadelphia heiress to ten million dollars, and Frederick Cohen, who eloped on December 29, were arrested here today. The parties went to New York, thence to Montreal and to St. John. They took the steamer Corsican for Halifax and left the steamer there. The police have followed the pair since their departure, but not until yesterday were successful in landing them. They were registered as father and daughter. The girl when arrested wept and begged to be sent back to her father.

CHICAGO, Jan. 11.—Roberta De Janon, the Philadelphia heiress who was arrested here yesterday in company with the waiter Frederick Cohen, was apparently none the worse today for her night with the matron of the women's annex of the Harrison street police station. Cohen remained all night in a cell at the Chicago Avenue police station. The slopers will be formally examined today and plans formulated for their return to Philadelphia. Miss De Janon admitted today that she will be glad when the Philadelphia authorities arrive to take her back home. She says she is perfectly willing to return to her home and go back to school. It is likely the pair will leave for Philadelphia tomorrow although no definite plans have been made here. Word was received by the police that detectives have left Philadelphia and will probably arrive here tonight.

**We Are Going to Sell Our Entire Stock of Men's and Boys' Clothing and Furnishings at a Big Discount.**

December 11th, 1910.

If you need any winter clothing, take a tip from us, make a bee line for Oak Hall Saturday morning, and even if you have to come a hundred miles it will pay you to make the journey. We're going to start a sale that will put into the shade any previous mid-season offering. We're going to give you values that so far outclass the best bargains you can get elsewhere as to make any other offerings appear dear by comparison. It is simply outside the range of possibility for any other store to equal or even approach these values. This statement is not even open to dispute. It is a fact that investigation will prove to any one's satisfaction. OAK HALL prices are admittedly 25 per cent. or more below the prices of other stores. Because being manufacturers and having no middlemen's profit to pay, we can and do sell to you at about the same prices other stores pay at wholesale. You see we are perfectly justified therefore in making the strongest possible claims for this sale, and the more you investigate the more readily you will admit the exactness of every statement we make.

While the engineers refused to estimate the cost of the projected waterway, unofficial figures place it at about \$20,000,000, or about five times that of the Cape Cod Canal from Buzzard's Bay to Cape Cod. The canal if completed would enable vessels to pass from Narragansett Bay to Boston.

At the Tabernacle Baptist church the supper at 8 o'clock this evening will be followed by a meeting at 7:30, at which Miss Bertha Worden will give several selections on the new organ and addresses will be delivered by E. C. Weyman, LL.B., and Rev. A. B. Coloe.

The Star yesterday afternoon published a paragraph on the value of the Lillian Gibson had been arrested and taken to Moncton to answer the charge of stealing goods to the value of \$25. Miss Gibson denied this. She was asked to go to Moncton last Friday evening merely to appear as a witness in a heavy house case. After giving her evidence she returned to St. John.

"Higher Education as a Factor in the Development of the Province" will be the subject of Chancellor Jones' address before the Canadian Club on Friday evening at 6:15 in Keith's Assembly Rooms. This will be the last meeting in the Club's year and the nomination and audit committees will be appointed.

Inspector Jones is now preparing his report for the liquor license commissioners, who meet on Thursday. The report will deal with the various applications. Mr. Jones had not received any further petitions this morning. He said that the amounts collected in liquor fines during the past year was larger than in former years.

Magistrate Ritchie had a two hour tiring session in the police court this morning.

George Gale, a fireman and trimmer on board the South African liner Metville, objected to the chief engineer speaking in a cross manner to him when he neglected his duty and he assaulted the officer. The magistrate told the fireman that he should be on the Pininfare, where the officers obey the crew. He was remanded to jail.

The engineer gave evidence that Gale allowed the steam to go down in the boiler, and when spoken to he struck the officer, left the stokehole and went to the forecabin.

The captain of the ship produced the official log and read the entry where Gale had been reprimanded for neglecting his duty, being insolent and striking the chief engineer. Gale had been logged before for neglect of duty. The chief engineer had talked to him in a bullying manner, he resented it and just pushed him aside and left the work.

The prisoner has \$16 in wages coming to him, and in all probability he will be given his wages this afternoon and allowed his freedom, provided he gets out of the city.

John Collins, for assaulting and beating Walter McCann on Brussels street yesterday, was remanded to jail.

Harry Holmes was fined \$3 for profanity on King square. One drunk was fined \$4.

STEAMSHIP OFFICIALS

DISCREDIT COHEN'S STORY

Don't Believe the Walter and Young Halves Ever Went to Halifax by Boat From St. John.

While it is possible that Roberta de Janon and Frederick Cohen, her waiter lover, may have gone by boat from St. John to Halifax, steamship officials here are inclined to discredit the story. At the office of the C. P. R. and Allan Lines the Star was informed today that so far as could be learned no persons corresponding to the descriptions of the eloping couple had purchased tickets for any of the boats leaving this port about the time Cohen says he was in St. John. The C. P. R. people sell tickets to Halifax only after a great deal of red tape has been untied. The Allan Lines did not sell any such tickets at that time. If Cohen and the girl took the steamer here, they must have taken an Allan Line without the knowledge of the local agents and paid their fare after going on board. If there were done there would be no record of course in St. John, of their sailing. Cohen's story about being 'put out of the boat because the officials would not permit Miss de Janon to keep her dog on board,' is referred to as ridiculous. There is no regulation against having dogs on the steamer. The Allan Line are willing to carry dogs providing the owner pays the small charge asked, but of course there is a law prohibiting the importation of dogs into England and unless the proper papers were procured, the girl's pet would be killed on reaching the other side. The number of saloon passengers leaving St. John during the past couple of weeks have been comparatively so small that officials are inclined to discredit Cohen's whole story on the ground that someone would surely remember seeing the couple.

CONSTABLE AND COP UP FOR LOITERING

Case Brought by Perry Against Weatherhead and Burchill Was Dismissed.

City Marshal John Weatherhead and Policeman Thomas Burchill, who is now janitor of the lockup, were today charged with standing in the City Market entrance on Charlotte street, obstructing the passage and refusing to move when ordered by the police.

Policeman Silas Perry made the charge and the defendants were represented by Scott E. Morrell. Policeman Perry gave evidence that Saturday afternoon Messrs. Weatherhead and Burchill, with five others, were standing in the market entrance. The defendants were standing there from five o'clock until a quarter past five. He requested them to move and all complied with the request but the two defendants, who not only refused to move but told him to report them.

John Weatherhead gave evidence that at five o'clock he was at the head of King street, and not at the market. It was after five that he was standing at the market entrance waiting for a man whom he officially had promised to meet. While standing there Burchill came along and immediately after he stopped Perry came and ordered them to move. There were no others near them, and they told Perry they were on duty, but if he thought he was right to report them. Burchill gave evidence that he had only stopped a few seconds when Perry came to them and said, "Get to — one of here." They refused to move, but to save a crowd from gathering they later moved to the street.

The magistrate said that the charge really meant vagrancy. An official has no more right to block the street than any other person. The evidence was in favor of the defendants and he dismissed the case.
