NEWS FROM THE RAILWAY TOWN.

Moncton is Dry Under Scott Act as Now Enforced. Interesting Discourse.

MONCTON, May 2.—The Scott Act continues to be enforced and will as long as the services of Chief Hildout are retained by the city.

Dr. Andrews of Mount Allison gave a very interesting discourse before the Canadian Club on Friday night on the value of economy in citizenship. Some good wholesome advice was given to an appreciative but not very large audience. It is a great problem why the young men of this city do not avail themselves of the privilege of further enlightenment by listening to the many instructive addresses which the Canadian Club treats its members to from time to time.

The Colonial Stock Co. will visit this city once more and those who like to attend real interesting and good shows, are delighted to know that they will have the privilege on Thursday, Friday and Saturday of listening to this company who always have something new. Not only new people but new plays. No better company ever visited this city.

Letters of administration have been granted Judson Black in the estate of his brother Leonard Black, deceased, who was killed at the station here while shunting. The estate consists of real estate \$1,500 and insurance \$2,500. Mr. Judson Black is the well known bookman who runs between Moncton and Campbellton on 23 and 24.

The Christian Brotherhood of the Baptist Church gave a concert here on the 11th inst. at their hall, which adjoins the Baptist church.

At the central Methodist church yesterday afternoon, there was a very interesting discussion by the men's League in regard to children. Mr. J. T. Hawke led in a fine address on "A Free for the Children." Mr. Hawke advocated that a great deal of the juvenile crimes were caused by the

lack of parents attending to a proper responsibility over their little ones. Corporal punishment is all right when deserved, and judiciously applied.

Parents should see their children attended school faithfully, and not uphold them in disobeying the teacher. Compulsory education should be adopted and enforced. The discourse was listened to throughout and a resolution of thanks passed and Mr. Hawke was asked by the unanimous vote of the audience to publish his address. After discussion by other members of the league they also decided by unanimous vote to ask the city Council to adopt compulsory attendance at school.

It is rumored here that the Ocean Limited will go on about June 5th. Rev. C. W. Corey, who has so acceptably filled the pulpit as pastor at the First Baptist Church during the winter, will sever his connection with this church soon to accept the pastorate of a church in British Columbia.

If your Stomach, Heart or Kidneys are weak, try at least a few doses only of Dr. Shoop's Restorative. In five or ten days only, the result will surprise you. A few cents will cover the cost. And here is why help comes so quickly. Dr. Shoop doesn't drug the stomach, nor stimulate the heart, nor overburden the kidneys. Dr. Shoop's Restorative goes directly to the weak and failing nerves. Each organ has its own controlling nerve. When these nerves fail, the depending organs must of necessity fail. This plain, yet vital truth, clearly tells why Dr. Shoop's Restorative is so universally successful. Its success in leading druggists everywhere to give it universal preference. A test will surely tell. Sold by all dealers.

COUNCIL APPOINTS TOWN MARSHALL AND OTHER OFFICERS.

Lengthy Meeting Held Tuesday Evening and Much Business Transacted. Questions Asked. Water Rates Discussed.

NEW DUMPING GROUND.

The annual meeting of the Town Council was held in the Council Chamber Tuesday evening, May 4th. His Worship Mayor Murray and the full board being present.

The clerk read the application of A. Ferns and Jas. H. Pitt of St. John for positions on the police force, also an application from Chas. B. Gray for the position of Town Marshal. These were referred to the Police and Licensing Committee.

His Worship notified the Council that he had been served with a writ in an action for damages at the instance of Oliver Bourdieu, and that the case would be tried at Dalhousie in August.

On motion of Coun. McDonald the Town Marshal was instructed to take the necessary steps to defend the case. His Worship also notified the Council that he had been served with a notice of appeal from the decision of the Supreme Court of New Brunswick in reference to the Local Option election at the instance of Ferdinand Belanger and Henry Cormier.

The motion of Coun. Miller the town solicitor was instructed to take the necessary steps to defend the case. Applications for junking licenses were read from Messrs. Wm. S. Young, Geo. Dunn, Geo. Main, Adam LeBlanc, J. Arthur O'Keefe, Messrs. R. S. Chandler and P. S. Martin made application for auditors' licenses. Referred to police and license committee.

A petition was read from the residents of Lansdowne street praying that the council would without unnecessary delay repair that street and the new cottage on McMillan Terrace being built for Mr. Crowley would be \$1,000.00.

Coun. Mowat did not think that it was necessary at the present time to put in such a permanent system. A smaller pipe and connection with some other street might cost less. The matter was held over for more information. The following town officers were then appointed—Deputy Mayor—Councillor A. McLeod. Ex-Officio County Councillor—Coun. Mowat. Town Clerk—John T. Reid. Town Treasurer—S. H. Lingley. Town Solicitor—Trueman & McKemie.

A BIT OF ADVICE
First—Don't Delay. Second—Don't Experiment
If you suffer from backache, headache or dizzy spells; if you rest poorly and are languid in the morning; if the kidney secretions are irregular and unnatural in appearance, do not delay. The kidneys are calling for help. Slight symptoms of kidney troubles are but forerunners of more serious complaints. They should be given attention before it is too late. Boottie Kidney Pills cure kidney trouble. They are recommended by thousands. Can Campbellton residents desire more convincing proof than the statement of a Moncton citizen?

Mrs. Thos. Bourque of 153 Robinson St., Moncton, N. B. says:—I was nervous and run down. Had suffered almost constantly with headaches. My back was very sore and painful. If I had occasion to stoop, it would take many seconds to straighten up again. My appetite was falling, the color left my face, I felt tired and languid with the least exertion. Had tried several remedies but found no relief, until upon advice of a friend I tried Boottie Kidney Pills. Only one box was used, but I have been a well woman ever since, in fact, am like a new person and cannot speak too highly of Boottie Kidney Pills.

DRIVERS COMING SLOWLY
The water in the many branches of the Restigouche has on account of the prolonged cold weather, fallen to very low pitch and the drivers are coming along slowly. J. Doucet, who was in charge of the drive on Burnt Island Brook has given up work and unless rain and warm weather comes soon these things will not get out this season.

Minard's Liniment Co., Limited. It was very sick with Quinsy and thought I would strangle. I used MINARD'S LINIMENT and it cured me at once. I am never without it now. Yours gratefully MRS. C. D. PRINCE Nauviggawauk, Oct. 21st.

Manager Water and Sewerage System—Donald T. Black. Manager Electric Light System—Hiram G. D. Farrer. Firemen Electric Light System—Chas. B. Scott and James Cantley. Town Marshal—Robert Crawford. Policeman—Wilfrid Brown.

Constables—Wm. Taylor, Robert Gray, D. W. Doherty, J. L. McDonald, Chas. B. Gray, August Stevens, D. Downes. The rate of payment for water charged the S. S. Canada received some attention and on motion the rate was fixed at \$2.50 per trip instead of \$2.50 as formerly.

The matter of providing a suitable dumping ground was also up for discussion. The lease of the present lot expires June 1st and could not be renewed.

The matter was referred to the Public Property and Streets Com. Coun. White asked when the town accounts would be issued and His Worship answered that they would be out very soon.

Coun. McNeill gave notice of a motion which he would move at the next meeting of the council to the effect that the engineer and firemen of the fire engine be paid by the hour for all work performed instead of a stated salary as at present. He said the fire engine was used very little now owing to the increasing pressure in the water system, and he thought it would be a saving to the town.

On motion it was decided to fix all salaries of town officers at the next meeting of the town council. The council then adjourned.

SIR WILFRED AND MR. GLADSTONE.

London Journal Says There is Striking Resemblance Between the Two Statesmen

LONDON, May 4.—The Times says Sir Wilfrid Laurier's insight is equal to his great experience. He has never been excelled in clearness of vision and the felicity of his phrase suggests, wherein on Tuesday he outlined the relations between the British governors-general system and national self-government Laurier speaks on all constitutional topics with something of the fervor and imagination of Gladstone.

The Morning Post objecting in the interests of the agriculturists, to free colonial wheat which may ultimately mean the loss of £2,000,000 revenue.

AGAIN OFF THIS BASE
The Tribune's editor in his report of the Council proceedings says: "Councillor McDonald then suggested the rate for steam boilers be lowered. He said the work could be done much quicker when the new four-inch pipe was laid down to the wharf. The stream from the present two inch pipe (which was the size of the Tribune's water motor supply pipe) was only a dribble, and the men attending the service were kept there entirely too long waiting to give the vessels the necessary water, where as with the new four inch pipe proposed to be laid much time would be saved and the work would be done much cheaper, and in consequence the town could lower the rate and make just as much money out of it."

See the stress he puts on the size of the Tribune's water motor supply. If Coun. McDonald had been properly quoted or if Mr. Crockett had consulted engineer Black (if he wished to be fair) he would have told his readers that the pipe supplying vessels at the government wharf is only an old one inch pipe, very much corroded and nearly filled with rust, that it runs five hundred feet before it reaches the water motor and after runs one hundred and fifty feet through rubber hose to the vessels' tanks. No wonder the water runs slowly.

There is no comparison even if it were a two-inch pipe, between this service and the Tribune's supply, which has only a few feet to run from the town main, and consequently has little friction to overcome.

Water Off.

Water will be turned off the whole town from 4 a. m. on Sunday, May 8th, and turned on at 8 a. m. the same day to make connections.

D. T. BLACK.

A FINE ATTRACTION FOR NEXT MONDAY NIGHT.

The Climax, a play in three acts by Edward Locke, with music by Joseph Carl Reel, will be seen here for the first time at the Opera House on Monday evening, May 9. The Climax comes as a final argument to the much discussed question whether the stage is as well as entertainment.

Mr. Joseph Weber who stands sponsor for the delightful little play during the run at his own theatre New York was constantly in receipt of applications from college professors and clergymen requesting that some arrangement be made by which their followers could see the play.

The melody-drama, as it has been termed is founded upon a subject familiar to the inhabitants of even the smallest hamlets. It is told in the simplest language of the people it is supposed to depict, and while that language is expressive and in many cases almost epigrammatical, it is the simple conversation of real people.

The story is of a young woman, Adeline von Hagen, who comes to New York from the middle West to study music and to develop her voice as a singer. She resides in the home of her instructor Luigi Goldanti, and is beloved by his son Pietro. She is also beloved by John Raymond, a young physician from her home town. A minor operation becomes necessary to relieve her throat. It is performed by a specialist after which Adeline is left in the care of Doctor Raymond. Previously however, the girl has rejected both suitors in order to follow the delightful will-o-the-wisp of a stage career. Dr. Raymond employs mental suggestion to destroy the girl's ability to sing.

The situation is intense although natural and unobtruded. There is an unusual comedy relief, the two together forming what has been pronounced the best play in years.

THE LAST RESORT

When all else failed, the Doctors said, "try Fruit-a-tives"

And "Fruit-a-tives" cured Mrs. Cadieux

PLANTAGENET, ONT., JANUARY 31st, 1910.

"About March 1st 1909, I was taken deathly sick with Stomach Trouble, Backache and General Breakdown. I failed from 125 pounds down to 80 pounds, was confined to bed for eight weeks, and was unable to eat or keep anything on my stomach, vomiting nearly all the time. I expected to die, and took many remedies as well as employing different physicians. The doctors said they could do nothing for me and, as a last resort, one of the doctors told me 'to try Fruit-a-tives'—if they would not cure me, nothing would."

My husband bought "Fruit-a-tives" from Mr. Arthur Kolan, merchant of Plantagenet, and I started taking them at once, and inside of ten days, I was able to leave my bed. My stomach got strong and I could eat and retain my food. I gained rapidly and soon had my usual good health back again, and today I weigh as much as ever, 125 pounds.

Even the doctors are recommending "Fruit-a-tives". They realize now that these wonderful fruit juice tablets will positively cure all Stomach Troubles, Indigestion and Dyspepsia—and they are using "Fruit-a-tives" in their practice.

Few people realize the vital importance of keeping their blood pure. Impure blood is the chief cause of Stomach Trouble, because it is from these impurities that a congested liver, from its inactive skin, or from all four. Naturally, the ordinary "digestive powders" and "peppin tablets" will not cure the trouble, because they only help to dissolve the food—they do not go to the seat of the trouble. "Fruit-a-tives" is the greatest remedy ever discovered for all forms of Indigestion, Dyspepsia and other Stomach Disorders, because "Fruit-a-tives" is unequalled as a blood-purifying medicine. "Fruit-a-tives" acts directly on the liver, regulates the bowels, strengthens the kidneys, stimulates the skin, and thus rids the whole system of all impurities. "Fruit-a-tives" will positively cure you of any kind of Indigestion. "Fruit-a-tives" is sold by all dealers at 50c a box, 6 for \$2.50 or trial size, 25c. If you are unable to obtain "Fruit-a-tives" conveniently, do not accept substitutes but send to "Fruit-a-tives" Limited, Ottawa and the regular size packages will be mailed you, postpaid, on receipt of price.

Father Morrissey's No. 10 Strengthens Weak Lungs

The person whose air passages, from the nostrils to the innermost cells of the lungs, are lined with mororous, healthy membrane, can pass unharmed through exposure to cold or wet, or even to the germs of consumption itself.

Under similar exposure one whose air passages are weak to fall a prey to some form of throat or lung trouble.

Every common cold neglected weakens your defenses at some point. A succession of them leaves you an easy victim for bronchitis, pneumonia or consumption.

Father Morrissey's No. 10 (Lung Tonic) protects you from this danger. It not only stops the cough and drives away the cold, but it repairs the damage done to the delicate membrane, making it as strong or stronger than ever to resist throat or lung diseases.

Being entirely free from opium, morphine or any harmful drug, Father Morrissey's No. 10 is perfectly safe for the youngest or the oldest.

\$1,000 for a Coat of Paint

It seems hard to believe, yet that is the sum of money that a coat of Martin-Senour Paint 100% Pure added to the selling price of a certain house.

For several seasons, a shabby weather-beaten house had been offered for sale. There were no buyers until a shrewd real estate broker purchased the property and, with a single coat of paint, magically changed it from a shabby house to that of a home of dignity—a home of comfort and elegance; furthermore, he sold it within a very short time clearing \$1,000.

Nothing so preserves and maintains the value of your property like

Martin-Senour Paint 100% Pure

whose mission is to paint your buildings uniformly, economically, safely and surely. The coat of Paint made the sale. Don't let your property depreciate in value for the need of paint.

If your dealer cannot supply you, notify us and we will gladly direct you to where our paints are to be had.

THE 1910 FORD IS HERE!

A BIG, HANDSOME, POWERFUL, SPEEDY, RELIABLE FAMILY CAR.

Model "T". Price f. o. b. Canadian Factory, complete, with Top, Wind Shield, Gas Lamps, etc., \$1,150.00.

Facts From Ford

THINK IT OVER—Here's the Model "T" Ford—a four-cylinder, twenty-horse power, five-passenger, comfortable, durable, practical touring car, complete with all the equipment, that costs from \$150.00 to \$300.00 additional in most other cars, and all this for, not \$3,000.00 or \$2,000.00 or one and a half thousand, at any of which a man would get his money's worth, but for \$1,150.00 f. o. b., Walkerville, Ontario. No extras.

Two of these cars have arrived and I will be pleased to show them to intending purchasers.

Had a Bad Cough
FOR A NUMBER OF YEARS.
WAS AFRAID IT WOULD TURN INTO
Consumption.

Too much stress cannot be laid on the fact that when a person catches cold it must be attended to immediately or serious results may follow.

Thousands have filled a consumptive grave through neglect. Never Neglect a Cough or Cold, it can have but one result. It leaves the throat or lungs, or both, affected. **Afraid of Consumption.** I had a very bad cough every winter for a number of years which I was afraid would turn into consumption. I tried a great many remedies but only received temporary relief until I got a bottle of Dr. Wood's Norway Pine Syrup and after taking two bottles my cough was cured. I am never without a bottle of Norway Pine Syrup. Dr. Wood's Norway Pine Syrup is the medicine you need. It strikes at the foundation of all throat and lung complaints, relieving or curing all Coughs, Colds, Bronchitis, Asthma, Croup, Sore Throat, etc., and preventing Pneumonia and Consumption.

So great has been the success of this wonderful remedy, it is only natural that numerous persons have tried to imitate it. Don't be imposed upon by taking anything but "Dr. Wood's." Put up in a yellow wrapper; three pine trees the trade mark; price 25 cents. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work is alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.

Amatite ROOFING

A Frank Statement
 HOW many manufacturers of roofing will tell you frankly how their goods are made?
 They will talk about "secret formulas," "special waterproofing compounds," etc.—all nonsense.
 They don't tell you what the goods are made of because they don't dare.
 From the start we have never hesitated to tell the buying public just what Amatite is made of and just what it will do.
How Amatite is Made
 Amatite is made of two layers of Coal Tar Pitch—the greatest waterproofing material known. Alternating with these two layers of pitch are two layers of coarsely-textured wire mesh to give it tensile strength.
 On top of these four layers is a real mineral surface—five layers of protection.
 The mineral surface is permanent, fireproof, and absolutely requires no painting.
It Needs No Painting
 Roofs that require painting are a worry and an expense. Every year or two you have to climb up and give them a coating with some special compound sold by the manufacturers, or you are pretty sure to have a leaky roof.
Amatite is Making Good
 We are constantly receiving letters from customers telling us how satisfied they are with Amatite—how much better it is than the old-fashioned roofing.
 Year after year, in all weather, Amatite will give perfect service without any painting or attention of any kind.
 Surely this is the kind of service that wins and keeps customers.
Free Sample
 Before you go to your dealer and buy a roofing, we would be very glad to send you a sample, so that you can see for yourself just what we are talking about—what a solid, substantial, reliable roofing we are offering to the public.
Something Back of It
 Remember, in this connection, that Amatite is made by the largest manufacturers of roofing material in the world, and that when you buy this roofing there is something behind it. We stand back of every roll. We know we are offering the best and the most economical roofing on the market.
 For the sample and booklet address our parent office.

THE CLIMAX.

The Manager of the Opera House has the honor to announce that on Monday, May 23rd, Mr. J. M. Weber will present Edward Locke's wonderful play "The Climax," which has just closed an engagement of one year at Daly's and Weber's Theatre, New York, and now appearing at the Comedy Theatre, London, England, with great success.
 Its presentation at three theatres in Chicago recently, namely—Powers Theatre, Chicago Opera House, and the Whitney Theatre, proved the success of the play has attained both in New York and Chicago.

Anchor SHINGLE STAINS

The Best Preservative of Undressed Wood

Anchor Shingle Stains indefinitely postpone, if not absolutely prevent wet or dry rot. They show up the grain of the wood, giving a delicately artistic finish, not only to the surface coated, but to the entire building.

We have used infinite pains in the selection of pigments best suited to combine with our specially treated COAL TAR CREOSOTE, and our success has been proportionate with our care.

Anchor Shingle Stains are being very largely used on the roofs, and in many instances also on the bodies, of the most attractive houses in our midst; they are also employed with excellent results from an economic standpoint on sheds and other outbuildings.

If your dealer cannot at the moment supply Anchor Shingle Stains, please write us to arrange for you.

Sealed Tenders addressed to the un-
derigned, and endorsed "Tender for
Construction of Wharf at Shediac, N.
B." will be received at this office un-
til 5.00 P. M., on Thursday, May 26,
1910, for the construction of a wharf
at Shediac, Westmorland County, N.
B.

Plans, specifications and form of
contract can be seen and forms of
tender obtained at this Department,
at the office of E. T. P. Shewen, Esq.,
District Engineer, St. John, N. B.;
Coffrey Street, Esq., District Engi-
neer, Chatham, N. B., and on applica-
tion to the Postmaster at Shediac, N.
B.

Persons tendering are notified that
tenders will not be considered unless
made on the printed forms supplied,
and signed with their actual signa-
tures, with occupations and places of
residence. In the case of firms, the
actual signature, the nature of the
occupation and place of residence of
each member of the firm must be given.

Each tender must be accompanied
by an accepted cheque on a chartered
bank, made payable to the order of
the Honourable the Minister of Pub-
lic Works, for the sum of two thou-
sand one hundred dollars (\$2,100.00).
The cheque will be forfeited if the
person tendering declines to enter into
a contract when called upon to do so,
or fails to complete the work contract-
ed for. If the tender is not accepted
the cheque will be returned.
The Department does not bind itself
to accept the lowest or any ten-
der.

By Order
NAPOLÉON TREBBLER,
Secretary.

UNIFORMITY

WHAT do we mean by uniformity in flour? We mean
stability and dependability, every barrel like every
other barrel, every baking like every other.

Now, uniformity in flour comes only from eternal vigilance.
It is the result of everlasting care and watchfulness at the
mill. It can only be produced by the most advanced methods
of milling and the most expensive up-to-date equipment.

One of the many great virtues of

Royal Household Flour

is its absolute uniformity. It never varies. It is the same
yesterday, today, to-morrow. Year in and year out it is
always uniform, always the best, always invariable in results
whether for Bread or Pastry.

Royal Household Flour has to be uniform. It cannot be
anything else. It is surrounded at every stage of production
with the utmost care and watchfulness.

The Ogilvie Mills are models of up-to-date equipment—
the machinery is the most advanced and most expensive—
the inspection laboratory and test baking departments are
the most complete and scientific in the world.

It has taken enormous Capital and the experience of a life time to achieve
the absolute uniformity of Royal Household Flour. The watch, watch, watch
and test, test, test which have made ROYAL HOUSEHOLD FLOUR the
world's finest flour are your permanent
safeguard as to quality.

Royal Household Flour is best for
bread, best for cakes, best for pies,
best for all household baking.

To be sure of uniform results in
baking whether for bread or pastry—use
Royal Household Flour and stick to it.

Write for "Ogilvie's Book for a Cook".
This book contains 125 pages of excellent
recipes many of which have never before
been published and will be
sent free if you mention the
name of your dealer.

Hear it yourself - the Edison Phonograph

You cannot judge the Edison by hearing
other kinds. The Edison is the sound-
reproducing machine at its best. It is not
a talking machine. It is a Phonograph
reproducing every sound faithfully—the song
exactly the way the singer sang it; the opera
exactly the way the orchestra played it; the
two-step exactly the way the band rendered it.
That is the Edison Phonograph as Mr.
Edison makes it—the object of his constant,
daily care.

When he says he wants to see an Edison
Phonograph in every home, he means your
home. Do you not want one there? Do you
not need this amusement maker for your own
sake, for your children and for your guests?
Hear one today. Hear all the others too and
compare. Only in this way can you know
that what we say is true.

Edison Phonographs \$16.50 to \$22.50
Edison Standard Records 40
Edison Automatic Records (wires as long) 35
Edison Grand Opera Records 35

There are Edison dealers everywhere. Go to the nearest and
hear the Edison Phonograph play both Edison Standard and
Automatic Records. Get complete catalogs from your dealer

PROGRESS BRAND CLOTHING

MAXIMUM STYLE, WEAR & VALUE.

The Greatest Little Thing

ever found in a Suit or Overcoat is this
identical "Progress Brand" trademark.

It has saved the men of Canada thousands of dollars
by identifying the Clothes that give honest wear and
value for honest prices.

It is something you don't pay for—yet you pay dearly
when you don't get it.

Impossible to be Well

It is impossible to be well, simply impossible, if the bowels are constipated. You must pay attention to the laws of nature, or suffer the consequences. Undigested material, waste products, poisonous substances, must be removed from the body at least once each day, or there will be trouble. A sluggish liver is responsible for an immense amount of suffering and serious disease. Ask your doctor about Ayer's Pills. He knows why they act directly on the liver. Trust him. J.C. TOOK THE CURE SIXTEEN YEARS AGO

Claremont, N. H. Nov. 7, 1899

To the Keeley Cure—

I am now located in Claremont, N. H. It was sixteen years last July, the 22nd, since I took the Keeley Cure

and I have yet to have my first desire for any intoxicating drinks of any kind and have never taken any. My health is fine. I am not ashamed of my cure and never have been, and would gladly answer any question any interested person might care to ask me about the cure and its results on myself and others whom I have known.

The Keeley Cure is all that it is claimed. It doesn't put new brains into a man's head, but it does get the cobwebs out of his eyes and takes away that awful desire for rum. It puts a man on his feet, if he has sense enough to appreciate his cure, and to realize that he should be a sober man. Have backbone enough to refuse a drink. Interest men in the cure. If you think they need it. Don't be ashamed of your cure, and you will always be on deck in a sober condition. Don't shun your old chums but reach out your hand and help them to the cure. You could do no better deed in his world. With your power fully restored you can say 'no' when asked to drink, just as easy as you used to say 'yes'. Main's Keeley Institute is in Portland.

It is useless for me to remind you of the happy homes this cure has made that were once dark by rum. Wishing the Keeley Cure success in the work it is doing. I remain, Your lifelong friend,

GEORGE T. WOOD

PAQUET GUARANTEED CLOTHES

THE TANGIBLE RESULT OF A GROWING DEMAND

The increasing demand for perfect fitting clothes, at a reasonable price, is responsible for the introduction of PAQUET GUARANTEED CLOTHES. Here, the main feature in Men's Clothes has been STYLE and QUALITY. If a man wanted STYLE at a reasonable price, he was forced to accept low grade materials—if he wanted QUALITY, he had to be satisfied with less style or else pay more money.

The idea back of PAQUET GUARANTEED CLOTHES is entirely opposed to both of these old conditions. The first consideration in the making of PAQUET GUARANTEED CLOTHES is FIT—the second, QUALITY—the last, STYLE. A Suit or Overcoat, to look well, MUST fit PERFECTLY. The Materials, to give lasting satisfaction, MUST possess QUALITY. The Style, MUST BE FASHIONABLE. Our New System of Clothes Making combines these three essentials. For \$10.00 to \$14.25 we GUARANTEE you \$13.50 to \$20.00 value.

THE SUIT ILLUSTRATED

is made from absolutely PURE WOOL—gray or black serge, best Indigo Dye, thoroughly shrunk and absolutely guaranteed to keep its color. The workmanship is unexcelled in this country. The pockets are made according to our special process and will neither sag nor get out of shape. The real value is \$13.50. Our special self-measurement chart, which is so simple and concise that anyone using it is absolutely certain to be fitted PERFECTLY. Write NOW. Don't put it off until another time—a postcard will do—you'll get the Style Book by return mail.
