CHATHAM, ONT., WEDNESDAY JUNE 27, 1906.

NO. 150

SPECIAL OFFERINGS —OF— WHITE GOODS —FOR— Skirts and Dresses

This is beyond doubt the greatest "white" season that fashion has ever decreed. White here, white there, white everywhere. No lady's wardrobe is complete this season without a white dress or suit. As usual for the greatest variety of white goods you must come to this store. In no other goods does "quality" show more plainly than in white goods, and it is "quality" we aim at in these special white goods offerings for this week.

India Lawns

Special at 17c—25 pieces of extra fine White India Lawn, the most popular sheer white goods of the season, beautiful bright finish, very special value at a yard, 17c.

Figured Piques

Special at 35c—5 pieces of corded white piques with neat small designs, fine soft finish, do not crush, very special value, at a yard 35c.

Mercerised Vestings

Special at 22c—50 pieces of fine white mercerised vestings in dainty stripes, spots and small figures, correct weight for skirts and suits, on sale this week very special value at 22c.

Indian Head Cotton

Special at 20c—White Indian Head Cotton, 34 in. wide, special value at a yard, 20c.

NOTE:—We will make to your measure from any wash material in the store, fit guaranteed, an eleven gored strapped skirt, at a charge for making of \$1.00. Orders received this week will be executed next week.

Skirts to Your Measure \$4.15.

For this week we offer you a choice of a splendid range of Tweed Suitings, including the New Greys, at the extraordinary low price of \$4.15 for a skirt made to your measure in whatever style you may choose to select from those submitted. Orders received this week will be executed next week. Get your order in early.

THOS. STONE & SON

Carpets and Wall Papers

MAKE YOUR OWN GAS!

The new style Gasoline Stoves are just as convenient as any Gas Stove. You can get a meal just as quickly, and they are in every way as safe as gas stoves.

Gasoline is very cheap summer fuel.
Come in and see them.

TWO MORE OIL WELLS

The Tilbury Field Continues to Develop and Spread Out

15 WELLS ARE FINISHED

Special Correspondence.
Stewart, June 25. — Three more wells were brought in on Saturday. These are located on the farms of Mrs. Kerr, Dr. Fletcher and Wm. James.

The wells on the Fletcher and Kerr farms show strong flows of oil and gas and will be shot to-day. The James well is the farthest south yet completed and is not so strong. It is believed, however, that on drilling deeper the well will show up better. This well was shot on Saturday at a depth of 1,420 feet, about 25 feet shallower than other wells in the vicinity.

The well on the W. F. Robertson farm continues to flow about 15 bbls. daily without being shot. This well will be shot and finished on Tuesday. It is one of the strongest in the field and after being shot will flow from 50 to 75 bbls. per day.

There are now 15 wells finished and producing oil, and operations are being rushed on about 20 more wells. New drilling rigs are arriving every day from Ohio and it is estimated that within a month fifty rigs will be in operation.

While raising the drill from well No. 1 on the Irwin farm, John J. Irwin had the second finger on his right hand cut off at the first joint, and one of the drillers had his arm broken.

The drill was being raised by turning two large wheels, which are attached to a spindle on which the cable is wound. One of these wheels is supplied with a brake. While the men—seven in number—were holding on to these wheels the brake slipped and the large drill, which weighs about 2,500 lbs., started for the bottom of the well. The men were thrown in all directions. It is almost a miracle that some of them were not killed, as at this time the machinery was all running at full speed.

THE LESSON OF THE ACORN

A Mighty Growth From a Small Beginning—The Success of the Gourlay Piano from the Modest Inception to the Present Day is Phenomenal.

The Gourlay Piano is growing in popularity every day because of its musical qualities. It has been its way to the front through a solid wall of intelligent conservatism. There is a reason for everything, and to the one who intends buying a piano it is important to know the reason for buying a Gourlay.

Here are a few reasons—First, it is superior in construction; we make the statement, and if you will call at the exhibit of Gourlay Piano being held in St. Paul's Block, King street, we will be pleased to show you the construction. Second, its elasticity of action. You must try a Gourlay to appreciate this fact. Third, its great durability. You must ask those who use a Gourlay as to this. We furnish you list of any number of people using them. Fourth, the Gourlay is handsome in design. There is an individuality about the styles that is artistic in building a Gourlay the manufacturers do not figure on how cheap, but how good it can be made. Then you can order direct from the factory, save all agents' profits, and have terms arranged to suit you. Stop in at the Gourlay exhibit. Open evenings.

GOURLAY, WINTER & LEEING.

HOW TO GET CONSUMPTION.

Ninety per cent of the "lungers" contract consumption by allowing power of resistance to fall so low that a favorite condition for the development of the bacilli is provided. In a healthy system consumption can't take root. But where there is weakness and debility, where you find tuberculosis, for developing strength and building up the weak, nothing equals Ferrozone. It makes the blood nutritious and the nerves enduring. The way it converts food into nutriment, the appetite it gives is surprising. Just what the man verging on consumption needs—that's Ferrozone. If tired and weak don't put off. Fifty cents buys a box of fifty tablets—ask all dealers.

GREEN—CLARK

A quiet but pretty wedding was solemnized on Wednesday, June 20th, at the residence of the bride's parents, when Miss Minnie Clark, 4th Con., was married to Mr. Robt. Green, Gore Line.

The ceremony was performed by Rev. Mr. Kennedy, Oud Springs, a few intimate friends and relatives being present. Later in the evening they were given a china shower by their friends, in which they received many beautiful presents.

THE RATEPAYERS ARE AGAINST THE BEET SUGAR PROPOSITION

Merchants and Taxpayers Express Their Views to The Planet—Security is Not Considered Good—The By-law is Very Much Out of Public Favor

During the past few days The Planet has received many complimentary remarks about the stand it has taken in reference to the Beet Sugar By-law.

A walk down King St. will convince anyone that the majority of the merchants and taxpayers are against the Keystone proposition. This is as it should be, and it speaks well for the citizens of Chatham that they will not allow their enthusiasm to secure industries to make them favor a proposition which, if carried, would not be in the interests of the ratepayers. Chatham wants industries, but the Keystone proposition is not the one we are looking for.

A number of citizens and merchants were quite free in expressing their opinions this morning. The following interviews will be self-explanatory:—

E. J. MacIntyre—I was in favor of the by-law the last time on the matter has been somewhat changed. I have commenced to look into the proposition a little closer.

Solicitor J. W. White—If the sugar beet by-law is as poor a proposition as it looks to be from general appearances, then it is a mighty weak by-law to place before the citizens to vote on. I would like to have a little more definite information about the security before I vote away \$75,000 of the city's money.

A. I. McCall—I am in favor of getting every good industry we can for the city, but I cannot see my way clear to vote for the sugar by-law.

W. Foreman—I am against the proposition. It seems strange to me that if this is such a good beet growing country, and the concern are so well fixed financially, that they cannot locate here without asking for \$75,000 of the people's money.

J. C. Wanless—We have no guarantee as to where the factory is to be situated, and I think the ratepayers should be enlightened on the matter of location. Altogether the proposition appears quite indefinite and weak to me in many respects.

J. E. Gray—I am opposed to the proposition. Why doesn't the Council secure a good proposition when they contemplate an outlay of \$75,000? I am against basing indefinite propositions in the face of our present heavy tax rate.

A. W. Merrill—I have always been opposed to the Keystone Company's proposition. According to the information we have received from outside places these factories are not, as a rule, paying ones. There are many arguments against the proposition and very few for it. The city has not got \$75,000 to risk on a thing like this, a factory that only runs three months out of the year. Another thing, this second proposition and security isn't as good as the first one.

Ald. J. A. Thompson—The beet sugar factory proposition is no good. There is no use putting it to the people a second time because it will get them mad. I don't want him to come around trying to borrow it again. Its the same way with the beet sugar proposition, the citizens have turned it down once and the company shouldn't come asking for a loan a second time.

"The stand taken by The Planet on this beet sugar question," remarked Mr. John Boile yesterday morning, "is one that will meet with the approval of the workingman and the ratepayers generally."

"The facts as stated prove that a sugar beet factory would prove a white elephant on the city's hands. Anyway, we could use our funds to better advantage in securing more useful industries for Chatham."

"I must congratulate The Planet on the straightforward, fearless, and manly stand it has taken on the beet sugar by-law question," said Dr. J. P. Rutherford, one of Chatham's ex-Mayors, who always takes a lively interest in all topics of municipal interest, speaking to a G. H. J. reporter yesterday.

"The Planet's stand on this matter is to be admired, and it is doing its duty ably and well, when it warns the citizens of the immense folly it would be to vote for the removal of the Warton sugar plant to Chatham. That is what our newspapers are for, and I am glad that we have a paper which is not afraid to assert itself in good strong common-sense language, when the citizens' interests are at stake."

"For myself, I cannot see to what benefit it would be to the ratepayers of this city to vote a \$75,000 loan to bring the Warton plant to Chatham."

"The Planet's views are in accord with those of many of our more influential citizens, as well as with those of almost every citizen who has taken the trouble to study the proposition out."

THE MAPLE LEAF ENQUIRY ORDERED

Author of Canada's National Anthem, Alexander Muir, Passes Away Suddenly in Toronto.

In days of yore the hero Wolfe Britain's glory did maintain And planted firm Britannia's flag On Canada's fair domain; Here may we wave our boast and pride And join in love together The thistle, shamrock, rose entwined The maple leaf forever.

Chorus: The maple leaf our emblem dear The maple leaf forever God save our King and heaven bless The maple leaf forever.

Alex. Muir.

Death Came Suddenly.
Toronto, June 27.—Alexander Muir, author of Canada's National Anthem, and perhaps Toronto's best known citizen, died suddenly last night.

After a day spent at his school, he returned home in the evening, apparently in the best of health. He was for a while out with the boys on the bowling green, chatting pleasantly, as was his wont. About 11 o'clock, while preparing to retire, he complained of a feeling of uneasiness. A few minutes later he fell over and expired without a word. His wife and daughter were with him when the end came, at 11.30. Two sons survive, one in Newmarket and one in Chicago.

Loved by Everyone.
Alexander Muir was admired and honored throughout the Dominion as Canada's poet laureate. It is not given to every man who teaches school to be known in practically every home in the country. But such distinction was enjoyed by Alexander Muir, the head master of the Gladstone avenue school since its opening in 1887. He was loved by everyone. His qualities were of no negative character. He was a man of action. He immortalized the maple leaf.

At the Empire Day ceremonies in Queen's Park he made probably his last public utterances. On Monday next—Dominion Day—a day which he loved, he was to conduct a special patriotic service in Parkdale Methodist Church.

The girl with the broken heart always manages to save the pieces.

WILL RETURN TO STRATFORD

Mr. and Mrs. Chas. Heath Will Leave the City on Saturday

PURCHASED A BUSINESS

The many friends of Mr. and Mrs. Charles Heath in this city will greatly regret to learn that they are about to leave Chatham and return to Stratford, where Mr. Heath has purchased the gents' furnishing store and business of the Stratford Clothing Co. Mr. Heath takes possession on July 2, and he and his wife and daughter will leave for Stratford on Saturday next.

Mr. Heath has been manager of the local Thornton & Douglas store for the past two and one-half years, and during that time he has made a host of friends, who admire him for his keen business ability, and his genial mannerisms. Mr. Heath has been with Thornton & Douglas for the past seventeen years, and he is at present their oldest employee. While in this city he took an active interest in all clean athletic sports, and he was an enthusiastic bowler and cricketer. Mrs. Heath will be also greatly missed. She was a valued member of the Ladies' Assisting Society. Mr. Heath will be greatly missed by the members of the Chatham Lawn Bowling Association. If Mr. Heath exercises as much business ability in his new venture as he has while with the Thornton & Douglas people, he will assuredly meet with every success in Stratford.

The new manager of the local Thornton & Douglas store will be Mr. A. H. Cade, of Bruce Mines. Mr. Cade is a clothing man of considerable experience, and he will be pleased to meet with the old as well as new customers of the store.

The disgusting discharges from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Sloop's Catarrh Cure. Such soothing antiseptic agents as Oil Eucalyptus, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream making a catarrhal balm unequalled. Sold by C. H. Gunn & Co.

He who would be a great soul in the future must be a great soul now.

NEWS AND COMMENT.

St. Catharines is preparing for a fruit and flower show and, according to the standard of that place, the outlook is very bright for an extensive and successful exhibition. Why does Chatham not have a yearly event of this kind? There is no place in Canada where a more successful fruit and flower show could be held than in the County of Kent, the garden of the Dominion. There is food for thought in this among local citizens who are artistically and aesthetically inclined.

There is considerable conjecture as to what will become of the Usury Bill now before the Dominion Parliament. There are some who argue that the measure interferes with commerce. It is, instead, a bill which is designated to protect the poorer classes from exploitation by loan sharks who prey upon their ignorance and helplessness. The experience of the people of Chatham and the pitiful object lessons which have been provided from time to time show the need for some such measure.

The question of the Moncton land purchase came up before the Dominion House recently. Mr. Ames, of the St. Antoine division, Montreal, presented the case, showing how the go-between made a profit of \$8,505 on land which he purchased a few weeks before at a cost for land and expenses of \$5,375. Mr. Emmerson, supported by the Finance Minister, contended that the transaction was all right. At their request the House by a straight party majority endorsed the transaction and yet the people of this country are forced to stand aside and see these things go on.

THE COAL STRIKE.

The settlement of the coal strike in Ohio, official notice of which has been given out, has resulted in the work at the mines of the Loomis-Moss Coal Company and the Akron Coal Company being resumed with full force.

The mines of these companies are located at Cambridge, and are extensive. The National Coal Company of Akron, which also has large mines at Cambridge, resumed about six weeks, when the company signed the 1903 scale.

There are some differences to settle yet, however, between the operators and miners in reference to "dead" work at the mines, such as requiring day labor to perform in keeping mines in repair and cleaned out. On this account there is not a complete resumption in the Muskegon district, and under the terms of the agreement signed, these differences will have to be settled in subsidiary conventions.

The mines are for the most part running, so far as is known. The Brewster Company's mines at Turkeyfoot Lake and Magnolia resumed with the settlement of the strike.

Coal dealers predict an advance in the price of soft coal this coming season on account of the long continued strike having limited the output, and the advance in the cost of production because of the increased scale. Instead of paying 85 cents a ton for mining lamp coal, the old price, the operators will pay 90 cents, and the increase in day-work will be practically from \$2.36 a day to \$2.56. The advance granted to the miners is 5.88 per cent. It is not believed that hard coal will be much higher in price than last year.

THE MARKETS

Liverpool and Chicago Wheat Futures
Close Lower—Live Stock Markets—The Latest Quotations.

Monday Evening, June 25.
Liverpool wheat futures closed to-day 3/4d to 1/2d lower than Saturday, and corn futures 1/4d to 1/2d lower.

At Chicago, July wheat closed 1c lower, and corn 1/2c lower, and July oats 1/2c lower.

THE VISIBLE SUPPLY.
June 25, '06, June 18, '06, June 25, '05.
Wheat 26,906,000 28,104,000 15,288,000
Corn 4,692,000 4,440,000 2,908,000
Oats 6,845,000 7,892,000 4,880,000

During the week wheat decreased 1,225,000 bushels, corn increased 246,000 bushels, and oats decreased 987,000 bushels.

TORONTO PRODUCE MARKET.
Grain—
Wheat, spring, bush, 82 to 84
Wheat, fall, bush, 84 to 85
Wheat, red, bush, 84 to 85
Wheat, white, bush, 84 to 85
Barley, bush, 62 to 64
Oats, bush, 42 to 44
Rye, bush, 48 to 50
Peas, bush, 72 to 74

LIVERPOOL GRAIN AND PRODUCE.
Liverpool, June 25.—Wheat—Spot nominal. Futures steady; July 6s 7 1/2d, Sept. 6s 8 1/2d, Dec. 6s 9 1/2d.
Corn—Spot firm; American mixed, old, 4s 11 1/2d, Futures easy; July 4s 7 1/2d, Sept. 4s 8 1/2d, Dec. 4s 9 1/2d.

NEW YORK DAIRY MARKET.
New York, June 25.—Butter—Quiet. Receipts, 7215. Street prices: Extra creamery, 20 1/2c to 21c. Official prices: Creamery, common to extra, 18c to 20 1/2c; renovated, common to extra, 12c to 18c; western factory, common to extra, 12c to 18c; western imitation creamery, extras, 18c; firsts, 16c to 17c.

CATTLE MARKETS.
British Markets Lower—Chicago is Firm and Higher.
London, June 25.—Cattle are quoted at 10 1/2c to 11 1/2c per lb.; refrigerator beef, 8c to 8 1/2c per lb.; sheep, dressed, 13 1/2c to 14c per lb.
TORONTO JUNCTION LIVE STOCK.
Toronto, June 25.—Receipts of live stock at the Union Stock Yards were 67 carloads, composed of 1409 cattle, 98 sheep and 2 calves.

Exporters.
Prices for shipping cattle ranged from \$5 to \$5.50, with one or two lots of cattle at more money. The bulk sold at \$5.12 1/2 to \$5.25 per cwt.; export bulls sold at \$3.50 to \$4.40 per cwt.

Butchers.
There was not enough good to choice butchers' cattle, and more would have found a ready market at good prices. Choice, picked lots of prime cattle sold at \$5 to \$5.25 per cwt.; loads of good at \$4.80 to \$5; fair to medium, \$4.50 to \$4.80; stall-fed cows, \$4.25 to \$4.40; mixed loads of grass cattle were 10c to 25c per cwt. less than the above quotations, and grass cows 85c to 95c per cwt. less than stall-fed cows.

Sheep and Lambs.
Export ewes, \$3.50 per cwt.; export lambs, \$3.75 per cwt.; spring lambs, \$3.75 per cwt.

Hogs.
None were offered, but H. P. Kennedy quotes prices unchanged at \$7.25 for select and \$7 for lights and fats.

MONTREAL LIVE STOCK.
Montreal, June 25.—(Special.)—Cattle from Liverpool and London reported Canada's market was weak and noted a decline of 1/2c, with sales at 10 1/2c to 11c. Demand for ocean freight space has been good. Canadian shippers of ranch cattle have protected themselves by extending the bulk of the space on the Warren and Cunard lines out of Boston to Liverpool for July, August and September at \$20. Liverpool and Glasgow space from this port has been closed out for July at \$16, and London at \$22 1/2 to \$23. The first vessel to Manchester in July has been let at \$7 1/2. Exports for the week were 3544 cattle, 64 sheep. Receipts to-day were 760 cattle, 50 sheep, 200 calves, 150 sheep and lambs and 600 hogs.

A feature of the market was the renewed strength in hogs, and prices saw an advance of 10c to 25c per 100 lb. Receipts were small, for which the demand from packers was good and sales of selected lots were made at \$7.50 to \$8 per 100 lb., weighed off cars.

FASHION HINTS

No. 4134.

For serviceable wear, the little dress illustrated here in dotted red chambray with collar, belt and cuffs in a plain shade of linen will be found satisfactory. Tucks at each side of the front and fullness to the waist which closes at the side front. The neck is topped with a turn-down collar and the one-sleeve sleeve may be in either short length with a reversed cuff, or in full length by employing the deep cuff provided for in the pattern. The skirt is made with side pleats and the closing is arranged underneath the panel box pleat in the front. A broad straight belt fastens at the front with a button and buttonhole. Linen, duck, crash, chambray, gingham, nico, flannel, cashmere and light-weight woollen are all suitable fabrics. The quantity of material required for the medium size is 3 3/4 yards of 36-inch goods, 1-2 yard of 36-inch contrasting material for collar, cuffs and belt. Pattern No. 4134 is cut in sizes 6 to 14 years. Mailed post-paid on receipt of 10 cents, name, size and address to the Fashion Department of the C. Austin & Co., Chatham, Ont.

DISTRICT

BLENHEIM

June 26.—Mr. and Mrs. Allan Russell, Raleigh, were Blenheim visitors on Sunday.

A very pretty June wedding was celebrated on Wednesday evening, June 20th, at eight p. m., at the residence of Mr. and Mrs. D. Garlick, when their daughter, Miss Charlotte, was married to William Elford, a former resident of Blenheim. The ceremony was performed by the Rev. J. Thompson, of Hamilton, in the presence of about sixty guests. The bride was attired in a handsome gown of embroidered cream crepe de chene tastefully designed and trimmed with lace and applique. She carried a bouquet of cream bridal roses. Miss Mildred Elford, sister of the bridegroom, was bridesmaid. She wore a dress of cream silk and carried a bouquet of pink roses and maiden hair fern. The little flower girl, Estella Croft, was tastefully dressed in cream ribbon and carried a basket of flowers. The groom carried a basket of flowers. The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of the bride's parents, Mr. and Mrs. D. Garlick. The wedding feast was a most excellent one, and the evening was spent in the most pleasant manner. The bride and groom left for their honeymoon trip on Sunday morning.

Very truly yours,
(Signed) E. THOMPSON.

Guelph, June 19th, 1906.

Miss Estelle Duggan, who has been visiting Miss Annie O'Neil, has returned to her home in Lima, Ohio.

Miss Angela O'Neil accompanied her to the band celebration which was to have taken place here on Dominion Day, has fallen through, owing to the inability to get assistance from the business men of the town, as they deem it more profitable to hold a race meet here July 10-11. It seems too bad to think that the people of the town do not think enough of the royal holiday to celebrate it in some manner. People will spend the day elsewhere, and will come home laden with goods brought from the other side, whereas if we had a celebration it would keep those bargain seekers home, and our merchants would in other ways benefit. "But such is life in a small place."

Very truly yours,
(Signed) E. THOMPSON.

Guelph, June 19th, 1906.

Miss Estelle Duggan, who has been visiting Miss Annie O'Neil, has returned to her home in Lima, Ohio.

Miss Angela O'Neil accompanied her to the band celebration which was to have taken place here on Dominion Day, has fallen through, owing to the inability to get assistance from the business men of the town, as they deem it more profitable to hold a race meet here July 10-11. It seems too bad to think that the people of the town do not think enough of the royal holiday to celebrate it in some manner. People will spend the day elsewhere, and will come home laden with goods brought from the other side, whereas if we had a celebration it would keep those bargain seekers home, and our merchants would in other ways benefit. "But such is life in a small place."

Very truly yours,
(Signed) E. THOMPSON.

Especially For Women

FRUIT-A-TIVES are the finest medicine in the world for women.

As a mild and gentle laxative—as a positive and speedy cure for Constipation and Bilioussness—as the only cure for weak and irritated kidneys and especially for "that pain in the back"—as a positive cure for headaches—and as a general tonic to build up and invigorate the whole system—FRUIT-A-TIVES stand supreme.

In cases of irritated Ovaries, Ovarian Pains, Vaginal Catarrh, Excessive and Scanty Menstruation, Ulcerations, Bearing Down Pains—and all those troubles peculiar to women—

Fruit-a-tives

ON "FRUIT LIVES TABLETS" have the most remarkable effect.

Ninety-nine cases out of a hundred of Female Troubles are due to neglect. Bowels become constipated—kidneys and bladder are affected—and the poisons of the body, which should be carried off by these important organs, are taken up by the blood carried to the female organs and poison them, thus starting up a train of female troubles.

FRUIT-A-TIVES are made from fruits and by their remarkable action on bowels, kidneys and skin, rid the system of poisons, purify the blood, and restore the delicate organs of generation to new vigor and health.

No woman, who suffers, should ever be without them. 50c. a box—6 for \$2.50, at your druggist's or sent postpaid by FRUIT-A-TIVES LIMITED—OTTAWA.

uable milk cows and a yearling on June 7th, had thinking that it was caused by some poisonous matter, sent several samples of timothy and clover to the Agricultural College, Guelph, for inspection, and received the following reply:—

Mr. M. O'Neil, Maple Grove Farm, Wallaceburg, Ont.:—

Dear Sir,—We do not find the slightest traces of poison on either the timothy or clover which were mailed to us. The plants appear healthy, with the exception of a slight bacterial disease. However, this would not effect your cattle in the least.

Our veterinary surgeon says that the symptoms which you so clearly describe in your letter, are similar to those shown by animals poisoned with Paris green. But if this were the trouble you would be aware of the cause of it, and in all probability your cattle would have got a large enough dose to kill them.

The symptoms you describe might be produced if your cattle were allowed to eat heavily of the alsike clover when it was wet, or possibly from drinking impure water. In case you should be so unfortunate as to lose any more animals. We should advise you to have a post-mortem examination made.

Very truly yours,
(Signed) E. THOMPSON.

No. 4134.

For serviceable wear, the little dress illustrated here in dotted red chambray with collar, belt and cuffs in a plain shade of linen will be found satisfactory. Tucks at each side of the front and fullness to the waist which closes at the side front. The neck is topped with a turn-down collar and the one-sleeve sleeve may be in either short length with a reversed cuff, or in full length by employing the deep cuff provided for in the pattern. The skirt is made with side pleats and the closing is arranged underneath the panel box pleat in the front. A broad straight belt fastens at the front with a button and buttonhole. Linen, duck, crash, chambray, gingham, nico, flannel, cashmere and light-weight woollen are all suitable fabrics. The quantity of material required for the medium size is 3 3/4 yards of 36-inch goods, 1-2 yard of 36-inch contrasting material for collar, cuffs and belt. Pattern No. 4134 is cut in sizes 6 to 14 years. Mailed post-paid on receipt of 10 cents, name, size and address to the Fashion Department of the C. Austin & Co., Chatham, Ont.

DISTRICT

BLENHEIM

June 26.—Mr. and Mrs. Allan Russell, Raleigh, were Blenheim visitors on Sunday.

A very pretty June wedding was celebrated on Wednesday evening, June 20th, at eight p. m., at the residence of Mr. and Mrs. D. Garlick, when their daughter, Miss Charlotte, was married to William Elford, a former resident of Blenheim. The ceremony was performed by the Rev. J. Thompson, of Hamilton, in the presence of about sixty guests. The bride was attired in a handsome gown of embroidered cream crepe de chene tastefully designed and trimmed with lace and applique. She carried a bouquet of cream bridal roses. Miss Mildred Elford, sister of the bridegroom, was bridesmaid. She wore a dress of cream silk and carried a bouquet of pink roses and maiden hair fern. The little flower girl, Estella Croft, was tastefully dressed in cream ribbon and carried a basket of flowers. The groom carried a basket of flowers. The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of the bride's parents, Mr. and Mrs. D. Garlick. The wedding feast was a most excellent one, and the evening was spent in the most pleasant manner. The bride and groom left for their honeymoon trip on Sunday morning.

Very truly yours,
(Signed) E. THOMPSON.

THE BEET SUGAR PROPOSITION.

To the Editor of The Planet:

Dear Sir,—Re Beet Sugar By-law, in your issue of yesterday. It is quite evident from your article that you have been loaded up the wrong way, and as you say you have made a careful and unbiased effort, permit me to set you right in some particulars. In the first place, those who know could have told you all about the Galt experience, and if you will hook up New Market, Ont., and also Clayton and Watertown, N. Y., experiences, you will see the hand of the same party, and the why and the whereof of his dealings. But assuming that the citizens of Chatham are not interested in the several towns and cities not having sugar factories, we will pass on to the next point of your article, viz., Berlin.

Several facts you mentioned are only repeats of what I have told the citizens of Chatham, both in public and in private. First, that Berlin has not only the largest but the most up-to-date plant in Canada, —am pleased to have you satisfied upon that point, as it fully bears out my statement, and proves conclusively that a sugar factory can be constructed in units and enlarged successfully. Berlin factory was originally a plant of 350 tons capacity, when Dr. Beaton Harbor, Mich., was removed to Berlin and capacity increased, the same as we propose to do at Chatham if by-law is carried, and the factory will be even more up-to-date if possible.

Second, it is quite true that the Berlin Company has only paid one dividend of 6 per cent. in four years, but you neglected to state that the earnings of the company were very much greater than those figures would indicate, i. e., if you knew it. If you did not ascertain that upon your trip to Berlin I would state, for the information of your readers, that you did not get at the bottom of things, for the annual statement of Ontario Sugar Co. for the year ending April 11, 1905—the third year—and submitted to the shareholders at the annual meeting shows as follows: Dividend No. 1, \$24,043.80 (balance), rest account \$90,102.26, making a total of \$114,146.06, and this is after making a deduction for depreciation, and for amounts voted to farmers and acreage, syndicates for losses sustained by them in carrying beets the first year. This for three years' work, whereon it seemed to the shareholders that the directors were not justified in holding back such a large amount. In fact, the actual condition of the company was such as to warrant a dividend of

at least 15 per cent. instead of 6 per cent., and had the reserve to the good or applied towards payment on bonds to the company outstanding. It is something out of the ordinary for a company to retire bonds issued for ten years before they mature, as the Berlin Company did. In regard to the amount of sugar on hand, it was the unanimous opinion of the directors and shareholders that the sugar be held for a raise in the market, and the recent advances in the price shows their wisdom, for an advance of ten cents per hundred pounds means \$5,000, and why should they not hold it? They did not need the money. If there were any misrepresentations made by any director or officer of the company, and of the large number of small wage earners who joined the company as you stated, I can find five on the list of shareholders, and I know that two of these were not kicking. Of course, all would like larger dividends, and more of them, and would like them four times a year if we could get them, and then not be satisfied. What sticks me is where the hundreds of Swedes and Poles working around the factories for nine months in the year at 90 cents to \$1.25 per day, as you stated in your article, are employed.

I have been around the factories morning, noon and night, in summer and in winter, and have failed to locate them. I have with me the following documents of the shareholders' annual statements and balance sheets for the years 1904 and 1905, and while they are not for general publication, the facts contained in them are at the disposal of the citizens of Chatham.

Will you kindly give this the same prominence as your article against the industry.

Yours sincerely,
JAMES FOWLER.

LOCAL

The City of Chatham runs an excursion from Wallaceburg to Belle Isle to-morrow.

Enjoy the cool shade and strawberries and Jersey cream at No. 1 To-night.

Wait for Park street Methodist Sunday school excursion to Belle Isle Park on Tuesday, July 3rd, per steamer City of Chatham. Boat leaves Rankin dock at 7.45.

Malcolm McLaren, son of John McLaren, engineer on the dredge Locke, at Detroit, and J. Indlay, fireman, spent Sunday and Monday at Mitchell's Bay and in this city. This dredge is engaged in a lot of heavy cutting at Delray, Mich.

MAYNARD---WARD

A very pretty wedding took place on June 20th, at three o'clock, at the personage, Cedar Springs, when Miss Alice L. Ward was united in marriage to Mr. Gilbert W. Maynard, Gore Line. Rev. Mr. Kennedy tied the nuptial knot. The bride was assisted by Miss Irene Maynard, while Mr. Ernie Wood acted as best man.

Mr. and Mrs. Maynard left on the evening train for Detroit, and on their return they will be given a miscellaneous shower at his father's residence, Mr. Maynard. They will reside on the 4th Con.

MORE THAN \$9,000,000

Railway Subventions Passed by The House of Commons

A VICTORY FOR LABOR

Ottawa, June 27.—The new Chief Justice assented to a number of bills yesterday afternoon, and his presence attracted a large attendance of members from the House to the Senate Chamber.

A feature of the occasion was the absence of any attempt at display. His lordship was attired in a black frock coat, light trousers, and occupied the Speaker's chair.

Notified of the occasion, George Taylor, of Leeds, formerly notified the House of the vacancy in North Renfrew, caused by the death of the Hon. Peter White.

Premier Ritchie. R. L. Borden wanted to get a declaration from the Government as to the course to be pursued in connection with the subsidy bill which is to come before the banking and commerce committee to-day. The Premier would give Mr. Borden no definite information. When the committee had dealt with the bill would be possible to make a statement.

The Railway Subsidies. The House went into committee on the proposed railway subsidies. The morning and afternoon sessions were almost exclusively devoted to their discussion.

During the discussion W. F. Maclean (South York) called attention to the insufficient accommodations between Ottawa and Toronto. Mr. Maclean thought it most important to shorten the route to 220 miles or five hours, between Ottawa and Toronto.

Mr. Wilson (Lennox and Addington) called attention to the statute which created these bonuses as loans and required the companies to carry persons, stores, mails, etc., for the Government, on account.

Mr. Fielding said the statute had been passed but a few years ago. Possibly nothing had ever been done under the statute.

There was some discussion in regard to the proposed subsidy for a road from Sharnbrook Lake to Carleton Place via Lanark Village.

Subsidies All Passed.

All the subsidies, amounting to more than \$9,000,000, were finally passed. The subsidies are upon various conditions, one of which provides "that the governor-in-council may make it a condition of the grant of the subsidies herein provided that the company shall lay its road with new steel rails, made in Canada, if they are procurable in Canada of suitable quality, upon terms as favorable as other rails can be obtained, of which the Minister of Railways and Canals shall be the judge."

Victory For Organized Labor.

An important amendment was made to the Railway Act at the night session, which scores a great victory for organized labor and goes far to insure the safety of the traveling public.

For years the various brotherhoods have protested against the employment by the railway companies of trainmen, and especially engineers, without sufficient practical experience.

Mr. Knowles (W. Assiniboia) and W. F. Maclean (South York) referred to the matter in committee, and Mr. Emerson stated that it deserved careful attention and prepared a section which passed without dissent.

It amends section 212 of the Railway Act, 1903, and empowers the board of railway commissioners to make regulations, "designating the number of men to be employed upon trains, their qualifications or time served, their qualifications of a similar kind will be made."

Thus, should the board require two years continuous service as fireman to precede employment as engineer, the railway companies will be obliged to conform to such requirement. Other regulations of a similar kind will be made.

Full Interchange Defeated.

When the telephone amendments to the Railway Act came up, Mr. Emerson moved an amendment to give any independent telephone company only connection for long distance service only.

W. F. Maclean (South York), submitted one to give both local and long distance telephone connection.

This was voted down. Mr. Emerson's amendment carried. Mr. Alcorn (Prince Edward) proposed a section extending the limited right of exchange to individuals as well as corporations.

Mr. Alcorn's amendment was lost. Mr. Maclean asked that the bill with amendments be reprinted before the third reading. This was agreed to.

House Sits Saturday.

Ottawa, June 27.—The House will sit on Saturday and then adjourn till Tuesday.

Senate Reform.

Ottawa, June 27.—In the Senate, yesterday afternoon, Senator Robertson of Prince Edward Island, continued the debate on Senate reform. He did not believe in doing away with the senate, but if any change were to be made, he would prefer having an election of half the Senators every five years. This would give a better body than any of the other reform schemes.

Fifteen Houses Burned.

Sandon, B. C., June 27.—Fire started Monday at Archie MacDonald's house through his son playing with matches and spread to the adjoining houses. All the dwelling houses on the Coady road from H. F. Pound's two houses to that of William Davidson, M. P., were completely wiped out, fifteen in all, with the loss of all the furniture and contents. Very little insurance was carried on the property destroyed. The estimated loss is about \$12,000.

Registered Letter Stolen.

Montreal, June 27.—A registered letter, containing \$300, disappeared a few days since from the mails while en route from St. Scholastique to St. Yverville on the north shore of the C. P. R. No arrests have yet been made.

Minard's Liniment, cures Colds, etc.

SORE FEET AND BAD LEGS

ARE CURED BY ZAM-BUK.

Now that the warm weather is with us, scores of people find themselves suffering from sore feet and bad legs. These simple evils, if neglected, lead to something far worse.

All women who have been on their feet all day understand the danger of complications of this kind. Bad ankles and ulcerated legs are diseases that often follow and that are hard to cure once they have been allowed to develop. Years may elapse, until the case is well-nigh incurable. The sufferer is unable to follow her daily round of duties, and the swelling and inflammation may produce agony unbearable.

Even when the disease has reached this stage, but if possible before, the affected parts should be liberally anointed with Zam-Buk. Each ulcer or sore after being anointed with the balm should be carefully bandaged, and if the dressings be duly persevered in, the patient is soon likely to be in the high road to recovery. Zam-Buk has frequently proved successful in the most obstinate and long-standing cases. It is a perfect cure also for cuts, bruises, burns, scalds, eczema, ulcers, abscesses, insect stings, ring-worm, sore or chafed patches, sore heads, etc. Made from vegetable extracts exclusively, it contains no irritating fats or mineral coloring matter, so common in most ointments. It may well be called "Nature's own healer."

Of all Druggists at 50¢ a box boxes for \$2.50 or from the Zam-Buk Co., Colborne street, Toronto, upon receipt of price. A booklet will be sent telling all about Zam-Buk, if asked for.

DRESDEN

June 26.—Mrs. J. W. Sharpe returned to Dresden from a two weeks' visit in Leamington. Mr. and Mrs. W. Wilson and Dr. W. Clapp returned from Cobalt on Saturday.

Mrs. Sandy McVean spent Monday in Chatham. Frank spent Monday in Chatham.

The band is practicing almost every night for the celebration.

The Council Chamber has been repaired and re-papered, and the roof of the Fire Hall has been re-tinted.

A very large meeting of the various committees of the Old Boys' Reunion was held on Monday evening in the committee rooms.

The town doctor, Dr. W. Clapp, arrived in town on Monday.

Miss Scarlett, of the Public School staff, and Miss Dorothy Wells leave for Toronto on Thursday.

A very pretty wedding takes place on Wednesday evening at eight o'clock, when Miss Nina E. Sharpe, only daughter of Mr. and Mrs. S. Sharpe will be united in marriage to Ernest Wells. The ceremony will be performed by Rev. Mr. Langford, at the bride's residence "The Pines."

The bride's dress is of point de espartie over tulle. She will be unattended. The marriage will take place in the presence of only the immediate relatives and friends, and the bride couple will leave for Muskoka the same evening. The bride is going away gown is of cream cloth with hat to match. On their return they will live in the house on Brock St. formerly owned by M. Waddell.

Mr. and Mrs. Allan McIntosh have taken the rooms over E. H. Dever's store and rented the Clifford Hotel. Mr. and Mrs. H. H. Haverly and wife of Saint Ste. Marie, are staying at the Clifford Hotel.

Jack Anderson and Gerald Chubb, of Wallaceburg, were Dresden visitors on Monday.

Miss Baird and Miss Langmuir, of Parkhill, are visiting Miss Irene Tracie.

Miss Maud Craig, of Detroit, is visiting her grandparents, Mr. and Mrs. Craig.

Better Than Spanking.

Spanking does not cure children of bad-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 4, Windsor, Ont., will send you a free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

The cheerful cannot help being charming.

CURE SICK HEADACHE.

Birthday Heroism.

It is recorded of a little Canadian boy that he allowed his mother's birthday to dawn without having anything to give her. This was to him a terrible state of things and seemed to call for a desperate remedy. He began by offering her, one after another, every toy he owned, but she was too good-natured to take them. At last, after carefully considering the whole matter, he said with a free of earnestness which showed much he felt the sacrifice he was to propose: "I know what I'll do. I'll give you a dose of castor oil for you!" sources of heroism, so far as he concerned, were exhausted.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

As mercury will surely destroy the frame of small and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to that you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price 75c. per bottle.

Take Hall's Family Pills for constipation.

Gets Verdict For \$25,000.

New York, June 26.—A jury before Justice O'Gorman Saturday awarded Mrs. Henrietta Cobb of Meriden, Miss., \$25,000 for injuries resulting from a Pennsylvania Railroad tunnel blast three years ago. She had sued for \$35,000. A rock four inches thick flying through the three-inch panels of a big door in her cousin's mill, the result of a blast by the employees of the Pennsylvania Railroad.

SIR JAMES WATSON'S OPINION.

He says that the commonest of all disorders, and one from which few escape is catarrh. Sir James firmly believes in local treatment, which is best followed by "Catharhose." No case of Catarrh can exist where Catharhose is used; it is a miracle worker, relieves almost instantly and cures after other remedies fail. Other treatments can't reach the diseased parts like Catharhose, because it goes to the source of the trouble along with the air you breathe. Catharhose is free from cocaine. It leaves no bad after-effects, it is simply nature's own cure. Accept no substitute for Catharhose which alone can cure catarrh.

Boiler Explodes.

Madoc, June 26.—The boiler in Jones, Jackson, Chesapeake factory at Eldorado exploded at 5 o'clock yesterday afternoon, scalding the fireman, Bert Richards, who arrived from England about three months ago, badly about the head and face. Jackson and Mason were also scalded about the back and legs. The mill was badly shaken.

Bucket Shop Arrangement.

Toronto, June 26.—The alleged "bucket shop" proprietors were arraigned yesterday. All were remanded until July 2.

HAVE YOU HEARTBURN?

It is quite common with people whose digestion is poor. Immediate relief follows the use of Nervine. Stomach is strengthened, digestion is made perfect, lasting cure results in every case. Use Polson's Nervine once and you'll never be without it, because every type of stomach disorder is cured by a few doses. One 25c bottle of Nervine always convinces. Sold everywhere for the past fifty years.

A train of thought is all right if it is on time.

To give or not to give is the question.

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. See Sunlight Soap and follow directions.

The early shopper gets the fat choice.

PACKING HOUSES' DIRT

THEIR ATROCITIES BROUGHT TO LIGHT BY A NOVEL.

Alleged Trade Secrets of Revolting Nature of Chicago Meat Cannery Laid Bare—Justified By Official Inspection By Two Commissioners Sent By President Roosevelt—Conditions Are Revolting.

President Roosevelt has sent a message to Congress, re the atrocities as revealed by his two commissioners, and he affirms that the conditions are so revolting that immediate action is necessary and that present laws are inadequate to affect the reform desired.

Upton Sinclair's Statement.

"The American people now have before them one of the greatest opportunities of their lives, one of the most final trusts, their enemies—and the very worst of them—has been caught with the goods.

"It is bad enough to levy an unjust tax upon the coal supply of the whole community, compelling the poor to freeze in winter, or to levy such a tax upon transportation or upon oil, but, worst of all, is to deprive the people of their food supply, for food is the chief of their necessities. That is the beef trust.

"It oppresses the people in many ways. It collects rebates and it charges the shipper for loss which it never uses. It drives the small butcher out of business; it has ruined the stock-raising industry in whole states. It has raised the price of every man's beefsteak five cents per pound in the last five years. And all this is bad enough, but when the public has paid for the food it gets poison instead.

Sold Poison For Thirty Years.

"It has been getting it for 30 years. The beef trust magnates were so used to selling it that they never dreamed that anyone would ever find it out.

"Then President Roosevelt sent two of his personal friends to investigate. They heard about it, and they set to work to clean up, as I have positive knowledge, direct from the men who did the cleaning, but you cannot expect a thirty-year-old filth in ten days. You cannot change the habits of a lifetime, no matter how much you may want to. The president's commission were honest men, and they went everywhere, working diligently and faithfully, and they got absolutely positive and irrefutable evidence that the American people were being deliberately and systematically fed upon poison.

Meat Painted Instead of Smoked.

"Dead and diseased animals were being used. Every portion of the animals was being used—the skins, the necks, the ears. Old meats were being doctored over—having come back to life, they were recanned in the civil world. Meats which were falsely labeled were dyed with chemicals. Meats which should have been smoked were painted instead to save the trouble. All this the commission found, and it stated it to the president.

"A bill had been introduced to reform conditions. The packers had their lobby all ready in one day, and they had caused one thousand telegrams to be sent to the president from all over the country. Then suddenly they learned of what was in the report, and their opposition collapsed. Every power they could muster was set at the task of keeping it back; every power they could command is being used this minute to keep it back. All the lobbyists are recalling the memory of all the campaign funds that they have ever contributed.

"They are willing to be saddled with the expense of \$4,000,000 a year for real meat inspection, provided for by the Beveridge bill, if only the report can be suppressed."

The Beginning of It.

Upton Sinclair was inspired to his investigation by the first exposure of the criminal and revolting methods in vogue in the beef packing industry made in 1899, in an affidavit of Thomas F. Dolan, for some time "killing superintendent" of the Armour plant in Chicago.

Mr. Sinclair said that the Dolan affidavit was the first disclosure of the true conditions of affairs in the packing industry ever made to the public, and that the facts there alleged had appealed to him as justifying an investigation and even fuller exposure if they could be verified. The investigation of Mr. Sinclair proved that not only had Dolan, told the truth in his exposure, but that he had not told all, but merely that which came under his personal observation in the department of which he was superintendent.

The Armour made all sorts of denials of Dolan's sworn statements, and tried in every way to get him out of the country, or to have him deny his own statements, and even paid him \$5,000 through an agent for an affidavit denying his statements, but Dolan simply signed the document, and accepted the money, under his lawyer's advice, to further expose the methods of this one house of the beef trust.

Dolan swore to conditions which existed some eight or ten years ago, and Mr. Sinclair and the two special commissioners of the department of commerce, Messrs. Neill and Reynolds, found that conditions are as bad as, or worse than, when Dolan was an employee of the Armour.

Some of the statements by "Tom" Dolan, the "killing superintendent," and Mr. Sinclair, the author and investigator, are given below to show that filth and disease never were allowed to stand in the way of the earning of dollars by the packers in the great beef combine.

Disclosures Made In 1899.

Tom Dolan said: "Whenever a beef got past the yard inspectors with a case of lumpy jaw came into the slaughter house or 'killing bed,' I was authorized by Mr. Pierce to take its head off, thus removing the evidences of lumpy jaw, and after casting the smitten portion into the tank where refuse goes, to send the rest of the carcass on its way to market.

"In cases where tuberculosis became evident to the men who were skinning the cattle, it was their duty, on instructions from Mr. Pierce, commencing to skin through me, to at once remove the tubercles and cast them into a trap-door provided for that purpose.

"In other words, the order went out to dispose of all evidences of disease whenever these evidences manifested themselves to the naked eye. I have seen hundreds and thousands of cattle pass inspection that should have been consigned to the destroying tanks. I have witnessed men tearing off with their naked hands large tubercles growing along the ribs, intestines, lungs and vital parts of the slaughtered steers.

"I have seen as much as forty pounds of flesh afflicted with gangrene cut from the carcass of a beef, in order that the rest of the animal might be utilized in trade.

"The slaughter houses of Chicago are conducted on the principle that meat once good is always good. I lived there seven weeks, and saw with my own eyes how business is conducted. 'In Armour's,' where spoiled hams are treated in a cellar by a man who pumps a fluid into them with a foot pump, the stench of the decaying meat is unbearable, but I was laughed at because I could not stand it.

"Tuberculosis in hogs is so common as to excite no remark. Hogs dead from cholera or smothered to death in transit are shipped to Globe, Ind., and there turned into hog grease. Some of this product is shipped to France and used in making a fancy sardine oil."

"Tom" Dolan said:

"How the Law Was Laughed At.

"One of the most important regulations of the bureau of animal industry is that no cows or calves are to be placed on the market, but it has no more weight with the packers than so much chaff. Out of the slaughter of 2,000 cows, or a day's killing, perhaps one-half are with calf. The inspectors cannot help but see these conditions. They are of such frequent occurrence that it is impossible to avoid seeing them.

"My instructions were from Mr. Pierce to dispose of the calves by hiding them until night, or until the inspectors left off duty. The little carcasses were then brought from all over the packing house and skinned by boys. They received two cents for removing each calf. The calves were sold for 50 cents each to the kid glove manufacturers. This occurs every night at Mr. Armour's concern in Chicago, or after each killing of cows."

Mr. Sinclair says:

"No chickens are used in the Armour plant for potted chicken. The flesh of unsalable calves is far more profitable, and is used almost exclusively for that purpose. Not a shred of chicken meat enters the can.

"Thousands of pounds of chemicals are used to dye meat and to retard decomposition."

"Old crows, so nearly dead that they have to be carted, are used for the canned roast beef. Fifty per cent. of them are with calf. Soup and beef extracts are made from the liquid drained from this bottled meat."

"Tom" Dolan said:

"Good Meat Not Canned.

"Cattle that are unfit for dog meat are boiled down the nutriment is extracted for soups and beef extracts, and the dry, unwholesome pulp, fortified with a mass of gelatinous substance, is jammed into a can with a few labels around it. Meat that can be used for anything else is never canned, simply because there is a better price to be obtained for it while it is fresh.

"I have seen cattle come into Armour's stockyard so weak and exhausted that they expired at the middle age of life when so many women are worn, wasted and faded, and yet time has only ripened her charms. The secret of this marvellous health and beauty may be told in the brief phrase, Dr. Pierce's Favorite Prescription.

"The general health of woman is so intimately related to the local health of the delicate womanly organs, that where these are diseased the whole body must suffer. 'Favorite Prescription' drives the debilitating drains, heals ulceration and inflammation, cures female weakness and imparts to the delicate female organs natural vigor and vitality. Women who have lost their health and their beauty have been made robust and rose cheeked by the use of this marvellous medicine.

The person who is none of these things.

Satisfying Honor In India.

They had a peculiar way of going into bankruptcy among the Marawars in India, now unhappily giving way to the less picturesque method of the white man. When a man could not pay his bills he would summon his creditors. They were ushered into a room in which the thakur, or household god, was enshrined, but covered up with a cloth and with the face turned to the wall in order that it might not witness the scene that was to follow. The insolvent would then, in garb of mourning, lie on the floor, presenting his back to his creditors, who, on a given signal, would fall on him with shoes and slippers and belabor him till their wrath was exhausted. The beating finished, honor was declared to be satisfied all around.

A BILIOUS HEADACHE.

Is one of the meanest things in the world. To prevent biliousness use Dr. Hamilton's Pills, which keep the system clean and pure, regulate the bowels, give tone to kidneys and liver. You'll never have a headache, or suffer from a sour stomach, but you will have vigorous, bracing health by taking Dr. Hamilton's Pills, 25c per box or five boxes for one dollar.

Lightning Kills In Doorway.

Amherst, N. S., June 26.—A severe electrical storm passed over Cumberland last evening, causing one death and destroying several buildings at Springfield. The Orange Hall was struck by lightning and Ezra Stackmiller, who was standing in the doorway for shelter, was instantly killed, and John Fraser, who was standing beside him, was stunned by the shock, but not seriously hurt. The building was wrecked, but did not catch fire.

Laxatives—A Candy Bowl Laxative.

If you have Constipation, If you have a coated tongue, If you are dizzy, bilious, or if you have Headaches, Sour Stomach, risk 5 cents on Laxative. See for yourself.

BY-LAW NO.

A By-law to authorize aid by the City of Chatham, for the promotion of a factory in the said City for the manufacture of Electric Generators, Motors and other Electric Machinery and Electric Advertising Cabinets, and to provide for the issue of debentures of the said City to the amount of \$20,000.00 and to raise the sum required therefor.

Provisionally adopted the 25th day of June, A. D. 1906.

Finally passed.....

WHEREAS it is proposed by the International Electric Company, Limited, to acquire and equip and operate a factory in the said City of Chatham for the manufacture of Electric Generators, Motors and other Electric Machinery and Electric Advertising Cabinets.

AND WHEREAS the said International Electric Company, Limited, has applied to the Municipal Council of the City of Chatham to grant aid for the promotion of such manufacture.

AND WHEREAS the said Council is desirous of granting aid for the promotion of such manufacture by way of a loan of \$20,000.00 to the said Company, to be advanced upon the equipment of the said factory, which shall be acquired by the said Company for such purposes and forthwith after the beginning of operations therein to its capacity as hereinafter provided (to be repaid in twenty equal annual consecutive instalments of principal and interest which shall be computed at 3 per centum per annum, such payments of principal and interest being so calculated that the amount payable in each year shall be as nearly as possible equal, with the privilege to the said Company of paying off the whole principal sum at any time), and a free supply of water from Chatham Waterworks for the said factory (not to exceed, however, at any time 3,500 gallons per day) for the period of ten years, to be computed from the time of the first use of such water in or upon the building or premises acquired by the Company for the purpose of such manufacture, and exemption from taxation other than school taxes and occupancy rates of all the property of the said factory, with such other advantages as may be required in connection with the said factory or the business carried on therein for the period of ten years from and after the first day of January, 1907, and the placing of such water mains and hydrants as will insure proper and adequate fire protection to the said buildings upon the following terms and conditions:

1. THAT the said International Electric Company, Limited, do acquire and equip in the City of Chatham during the years 1906 and 1907 a factory and plant, with suitable machinery and equipment, for the manufacture of Electric Generators, Motors and other Electric Machinery and Electric Advertising Cabinets.

2. THAT the said Company will expend in acquiring and equipping the said factory not less than \$20,000.00 and so that the same when completed shall be worth not less than the said sum.

3. THAT the said Company will, continuously, during the whole of said twenty years employ in and about the said factory at least 40 men, and shall pay annually in wages to its employees (not including officers of the said Joint Stock Company) not less than \$20,000.00, provided, however, that this condition shall not be binding upon the said Company should it be, against or contrary to the will of its Officers or Directors, stopped or prevented from running by reason of strikes or other conditions not caused or contributed to by the said Company.

4. THAT the said Company shall have an authorized capital of at least \$100,000.00, of which not less than \$50,000.00 shall be subscribed and not less than \$40,000.00 shall be fully paid up.

5. THAT the repayment of the said loan of \$20,000.00 shall be secured by a first mortgage upon all the property, machinery and plant of the said Company in the said City of Chatham, and said mortgage shall contain the usual statutory powers, covenants and conditions, and shall provide for the insurance of the property against fire in favor of the Corporation of the City of Chatham to the full amount of said mortgage and shall be satisfactory in form to the said Council.

6. THAT should the said Company fail or omit to perform and comply with any of the terms or conditions above set forth, at any time or times during the currency of the said mortgage, the said sum of \$20,000.00 or so much thereof as may be unpaid, at the time or times of such failure of performance shall, upon demand in writing being made therefor, by or on behalf of the said Corporation or Council, at any time or times thereafter specifying the non-performance, become immediately due and payable by the said Company to the said Corporation, and upon the same or any similar event, at any time or times thereafter the said Corporation or Council may, by giving notice in writing, terminate the period during which the said property shall be exempt from taxation and such exemption shall thereupon cease and said property shall forthwith become liable for taxes and upon the same or any similar event, at any time or times thereafter, the said Corporation or Council may completely stop the said free supply of water.

7. THAT the said Company shall at all times until the said sum of \$20,000.00 and interest shall have been repaid, permit full and free inspection of its premises and pay rolls by any person or persons appointed for that purpose by the Council of the said Corporation.

AND WHEREAS it is desired to authorize the entering into an agreement of the part of the Corporation with the said Company, providing for the giving of the said aid

upon the terms and conditions above set forth.

AND WHEREAS in order to carry out such agreement on the part of the said Corporation it will be necessary to issue debentures of the said Corporation for the sum of \$20,000.00 as hereinafter provided (which is the amount of the debt intended to be created by this By-law), the proceeds of the said debentures to be applied to the purpose aforesaid and no other.

AND WHEREAS it is desirable to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of twenty years, being the currency of the said debentures; said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest in respect of said debt shall be as nearly as possible equal to the amount so payable in each of the other nineteen years of said period.

AND WHEREAS the total amount required by "The Municipal Act," to be raised annually by special rate for paying the said debt and interest as hereinafter provided is \$1,537.52.

AND WHEREAS the amount of the whole rateable property of the City of Chatham, according to the last revised assessment roll thereof, is \$4,510,188.00.

AND WHEREAS the amount of the existing debenture debt of the said Corporation is \$499,525.91 (exclusive of local improvements rates or special tax rates and assessments, no part whereof is in arrear).

Therefore, the Municipal Council of the Corporation of the City of Chatham enacts as follows:

1. The Municipal Council of the said City shall grant aid for the promotion of the said manufacture of the nature and kind and upon the terms and conditions hereinafter set forth, and the Mayor and Clerk of the said Corporation are hereby authorized to execute an agreement, in the part of the said Corporation, binding the Corporation upon the said terms and conditions to give such aid.

2. That for the purpose of raising the said sum of \$20,000.00 debentures of the said Corporation to the amount of \$20,000.00, as aforesaid, in sums of not less than \$100 each may be issued on the first day of September, 1906, each of which debentures shall be dated on the date of issue thereof, and shall be payable within twenty years thereafter at the Standard Bank of Canada in the said City of Chatham.

3. Each of the said debentures shall be signed by the Mayor of the said City of Chatham, or by some other person authorized by him, to sign the same, and by the Treasurer thereof of the said City of Chatham, and the Clerk shall attach thereto the Corporate Seal of the said Corporation.

4. The said debentures shall bear interest at the rate of four and one-half per centum per annum, payable yearly, and shall be payable in such amounts and at such times that the aggregate amount payable for principal and interest, in any year, in respect of the debt, shall be equal as nearly as may be to what is payable for principal and interest during each of the other nineteen years of said period.

5. During the currency of said debentures there shall be raised annually by special rate on all the rateable property in the said City of Chatham the sum of \$1,537.52 for the purpose of paying the amount due in each of the said years for principal and interest in respect of the said debt.

This By-law shall take effect on the final passing thereof.

7. The votes of the Electors of the said City of Chatham shall be taken on this By-law at the following times and places, that is to say: On Friday, the 29th day of July next, commencing at the hour of nine o'clock in the forenoon and continuing till five o'clock in the afternoon of the same day, by the following Deputy Returning Officers:

In and for Polling Sub-division No. 1, at the wagon shop of J. D. Thompson, N. S. Head Street, and that Joseph Northwood be Deputy Returning Officer.

In and for Polling Sub-division No. 2, at the office of the Chatham Motor Co., the corner of Thames and Sater Streets, and that John Rice be Deputy Returning Officer.

In and for Polling Sub-division No. 3, at the Old Police Station, south side of Thames Street, and that Robert Brunker be Deputy Returning Officer.

In and for Polling Sub-division No. 4, at the grocery of Fred Bounsell, corner of Murray and Adelaide Streets, and that David Holmes be Deputy Returning Officer.

In and for Polling Sub-division No. 5, at the residence of Mrs. Wills, N. S. Colborne Street, next Campbell's Panning Mill Factory, and that Isaac Smith be Deputy Returning Officer.

In and for Polling Sub-division No. 6, at the grocery of Chas. T. Cherry, corner King and Princess Streets, and that Wm. O. Bentley be Deputy Returning Officer.

In and for Polling Sub-division No. 7, at the Weigh Sales Office on the Market Square, and that John Northwood be Deputy Returning Officer.

In and for Polling Sub-division No. 8, at the office of Aitken & Wilson, W. S. Fifth Street, and that James Richardson be Deputy Returning Officer.

In and for Polling Sub-division No. 9, at the office of J. & J. Oldershaw, N. S. King Street, and that Henry Robinson be Deputy Returning Officer.

In and for Polling Sub-division No. 10, at the grocery of Harry Jacques, corner of Cross and Raleigh Streets, and that O. R. Hancock be Deputy Returning Officer.

In and for Polling Sub-division No. 11, at the store of Willard McKay, corner of Queen and Richmond Streets, and that John Turner be Deputy Returning Officer.

In and for Polling Sub-division No. 12, at the residence of Carrie Calmeyer, corner of Queen and Gray Streets, and that John R. Snell be Deputy Returning Officer.

In and for Polling Sub-division No. 13, at the residence of Adeline Laur-

ence, E. S. William Street,

THIS WASH GOODS STOCK

This Wash Goods Stock is worthy of your attention if you would have the rarest, daintiest and most inexpensive Wash Goods shown in the city in some time. In the selection of our Wash Goods we kept three things in view. First, the fabrics must be of the highest quality; secondly, it must have beauty enough to win the admiration of dressers of taste; and thirdly, the price must be low enough to allow us to sell a wash fabric of good quality and rare beauty at a price that will be within easy reach of any purse.

See our exceptionally good showing of colored Muslins, in floral effects, in white and colored grounds, at per yard 12½c, 15c, 18c and 25c. A few at the first three prices are now on view in our window.

Beautiful silk finished sheer French Organdies, in white and colored grounds, with rare floral effects, at per yard 50c.

Pure silk French Organdies in rare designs in rich shades of helio, pink and grey, per yard \$1.00.

White India Lawns, Wash Organdies and Dotted Swisses, at per yard 12½c, 15c, 20c, 22c, 25c, 30c, 35c, 37½c, 40c, 50c and 60c.

Wm. Foreman & Co.

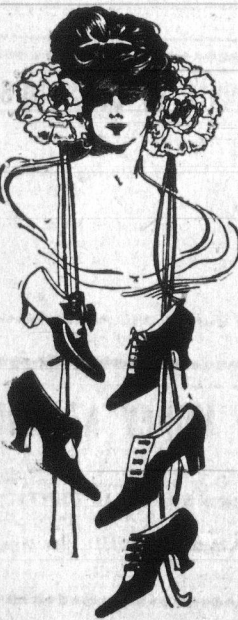

DON'T BET

You may lose. You can save money by leaving your order with us. Remember cents make dollars. Rubber Rings, for Jars, 5c dozen. Pint Fruit Jars, 60c per dozen. Quart Fruit Jars, 70c per dozen. Half Gallon Fruit Jars, 90c dozen. 1 lb. Sunlight Baking Powder, 10c. 2 cans Red Salmon 25c. 10c bars Soap for 8c. 20 lbs. Granulated Sugar \$1.00. Try our Blend Tea at 25c, pound. 7 lb. Pail Jam 54c. Clothes Pins 1c per dozen. 3 lbs. Mixed Biscuits 25c.

CROCKERY

The prices we sell China, Crockery and Glassware at are moving the goods off. Don't miss these great values. A large quantity yet to choose from at what they cost us. 1 lb. Coffee, fresh ground, 15c.

WINNERS OF THE RACES

The Successful Ones in the McKeough School Picnic Events.

MANY YOUNG ATHELETES

THE PRIZE WINNERS.

The following is a list of the winners of the various events. Colin Rumble won the gold medal, as the champion athlete of McKeough school for 1905-06.

Marathon race, distance three miles—1 Gred Burnie, 2 Lile Oldershaw, 3 Ernest Dickinson, 4 Chas. West.

Race of the Nations—1 Canadian team, Captain Stewart McKeough; 2 English team, Captain Doug. Bell.

High Jump.
Div. 3-1 Geo. Connibear, 2 Doug. Bell and Chas. Sager (equal).
Div. 4-1 A. Cole, 2 Lile Oldershaw, 3 Stewart McKeough.

Running Race—Boys.
Div. 1-1 C. Rumble, 2 C. Martin, 3 Chas. Way.
Div. 2-1 C. Rumble, 2 Chas. Sager, 3 Roy Sheffield.

Div. 3-1 F. Vandusen and S. Arnold, 2 Doug. Bell, 3 H. Horstead.
Div. 4-1 A. Cole and S. McKeough, 2 Lile Oldershaw.

Running Race—Girls.
Div. 1-1 E. Arnold, 2 Z. Miller, 3 N. Miller.

Div. 2-1 Reta Burgess, 2 M. Hoig, 3 E. Graves.
Div. 3-1 M. Macaulay, 2 Lucy Trot, 3 Helen Wells.

Div. 4-1 L. Martin, 2 H. Wells, 3 W. Arnold.

Team Race—Boys.
Div. 1-1 S. McKeough, C. Rumble, and R. Sheffield; 2 D. Rispin, L. Kennedy, and Jack Edmondson.

Div. 2-1 S. McKeough, C. Rumble, and R. Sheffield; 2 G. Pritchard, H. Horstead, F. Weaver; 3 Sidney Kime, D. Bell, H. Winter.

Div. 3-1 S. McKeough, D. Bell, Geo. Connibear; 2 D. Rispin, R. Keeley, Fred Connibear; 3 G. Pritchard, Harry Horstead, F. Weaver.

Div. 4-1 L. Oldershaw, D. Rispin, S. McKeough; 2 A. Cole, F. Burnie, C. O'Brien; 3 H. Winter, D. Bell, G. Connibear.

Team Race—Girls.
Div. 1-1 W. Arnold, E. Arnold, L. Sheffield.

Div. 2-1 E. McKeough, Irene Johnson, Helen Wells; 2 H. Martin, J. Matthews, L. Martin; 3 Olive Graham, M. Fleming, G. Webster.

Div. 3-1 L. Martin, J. Matthews, H. Martin; 2 R. Burgess, M. Macaulay, Irene Black; 3 W. Arnold, J. Matthews, L. Martin.

Three Legged Race—Boys.
Div. 2-1 C. Rumble, R. Sheffield; 2 S. Kime, C. Sager.

Div. 3-1 C. Rumble, R. Sheffield; 2 F. Connibear, R. Keeley; 3 H. Horstead, A. Wilson.

Div. 4-1 C. Rumble, L. Sheffield; 2 L. Oldershaw, C. West; 3 H. Horstead, A. Wilson.

Dog Race—Boys.
Div. 1-1 C. Way, 2 V. Shoemaker, 3 C. Way.

Div. 2-1 H. Winter, 2 A. Wilson, 3 F. Vandusen.

Div. 3-1 H. Winter, 2 A. Cole, 3 A. Wilson.

Leap Frog Race—Boys.
Div. 1-1 C. Rumble, C. Martin; 2 C. Way, F. McLean.

Div. 2-1 H. Horstead, F. Weaver, 2 A. Wilson, C. Sager; 3 I. Pritchard, J. Martin.

Div. 3-1 H. Horstead, F. Weaver; 2 D. Bell, G. Connibear.

Div. 4-1 D. Bell, G. Connibear; 2 S. McKeough, D. Rispin; 3 A. Wilson, F. Connibear.

Wheelbarrow Race—Boys.
Div. 1-1 R. Keeley, V. Shoemaker; 2 D. Rispin, L. Kennedy; 3 D. Stone, W. Pickett.

Div. 2-1 A. Cole, D. Bell; 2 D. Stone, W. Pickett; 3 L. Oldershaw, C. Sager.

Div. 3-1 A. Cole, D. Bell, and Lile Oldershaw and G. Connibear (equal); 2 D. Stone, W. Pickett; 3 F. Vandusen.

Div. 4-1 L. Oldershaw, S. McKeough; 2 D. Rispin, C. O'Brien; 3 G. Connibear.

Fatigue Race—Boys.

Div. 2-1 C. Way, F. McLean; 2 C. Martin, C. Rumble; 3 I. Pritchard.

Div. 3-1 D. Bell, G. Connibear; 2 R. Keeley, F. Connibear; 3 H. Winter, C. Sager.

Div. 4-1 L. Oldershaw, S. McKeough; 2 A. Cole, C. O'Brien; 3 D. Rispin, C. West; 4 C. Rumble, R. Sheffield (equal).

Skipping Race—Girls.
Div. 1-1 B. Matthew, 2 A. Dag-neau.

Div. 2-1 R. Burgess, 2 H. Martin, 3 I. Pritchard.

Div. 3-1 R. Burgess, 2 M. Fleming, 3 I. Pritchard.

Pink Lips, Like Velvet. Rough, Chapped, Cracked Lips, can be made as soft as velvet by applying at bedtime, a light coating of Dr. Shoop's Green Salve. The effect on the lips or skin of this excellent ointment is always immediate and certain. Dr. Shoop's Green Salve takes out completely the soreness of cuts, burns, bruises and all skin abrasions. It is surely a wonderful and most highly satisfactory healing ointment. In glass jars at 25c.

Sold by C. H. Gann & Co.

BUSINESS GIRLS

Need Rich, Red Blood to Stand Worry and Strain of Business Hours.

Business overtaxes a woman's strength. Weak, languishing girls fade under the strain. They risk health rather than lose employment, and the loss of health means the loss of beauty. Thousands of earnest intelligent young women who earn a livelihood away from home in public offices and business establishments are silent, suffering victims of overtaxed nerves and deficiency of strength because their blood supply is not equal to the strain placed upon them. Fragile, breathless and nervous, they work against time with never a rest when headaches and backaches make every hour like a day. Little wonder their cheeks lose the tint of health and grow pale and thin. Their eyes are dull, shrunken and weary; their beauty slowly but surely fades. Business girls and women look older than their years because they need the frequent help of a true blood-making, strengthening medicine to carry them through the day. Dr. Williams' Pink Pills are actual food to the starved nerves and tired brains of business women. They actually make the rich, red blood that imparts the bloom of youth and glow of health to women's cheeks. They bring bright eyes, high spirits and make the day's duties lighter. Twelve months ago Miss Mary Odwell, who lives at 49 Maynard street, Halifax, N. S., was run down. The least exertion would tire her out. Her appetite was poor and feeble, and frequent headaches added to her distress. The doctor treated her for anaemia, but without apparent results. A relative advised her to use Dr. Williams' Pink Pills, and after using but six boxes she says she feels like an altogether different person. She can now eat her meals with zest, the color has returned to her cheeks and she feels better and stronger in every way.

Dr. Williams' Pink Pills cure bloodlessness just as food cures hunger. This is how they cured Miss Odwell, and it is by making rich red blood that they cure such common ailments as indigestion, rheumatism, headaches and backaches, kidney trouble, neuralgia and the special ailments which make miserable the lives of so many women and young girls. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Babe's Body in Barrel.
Toronto, June 27.—The body of a newly-born baby girl was found last evening by Dr. James Spence in a lane between Lisgar and Dovercourt roads. Dr. Spence was about to empty a sewer in the ash-barrel when he noticed a bundle wrapped in brown paper. After taking off the brown paper a pillow-case contained a good-sized newly-born babe.

Refused to Take Food.
Toronto, June 27.—There will be an investigation by provincial authorities into the death of Charles Meyers, a lunatic in Chatham jail. Meyers died of starvation, having refused to take nourishment.

Dies of His Injuries.
Peterboro, June 27.—The 3-year-old son of Joseph Collins of Otonabee Township, who was kicked on the forehead by a horse and had his skull crushed, died yesterday morning.

Killed in Alberta.
Toronto, June 27.—Frank Flynn, a fireman on the C. P. R., and an ex-member of the Toronto police force, was killed yesterday in a railway accident near Battleford, Alberta.

Detective Kidnaped.
Vancouver, B. C., June 27.—Detective William Shearer has disappeared, and it is claimed he has been kidnapped by a gang of smugglers, who have owed him a grudge.

Killed by Fall.
St. John, N. B., June 27.—H. P. Welder of New York fell from the Royal Hotel window, two storeys, to the hard pavement below and was instantly killed.
