The copy filmed here has been reproduced thanks to the generosity of:

Department of Rare Books  
and Special Collections,  
McGill University, Montreal

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Department of Rare Books  
and Special Collections,  
McGill University, Montreal

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

## OTTAWA FIELD NATURALISTS' CLUB.

---

This Club has for five years been engaged in developing the Natural History of this district, and in fostering a taste for its further study. The success which has hitherto attended its efforts encourages it in appealing to the public for support and assistance in the continuance of its labors.

The Council, while prepared to use every means available for the advancement of the Club, would impress upon the members that this can only be secured in the highest degree by their energetic co-operation. In addition to that active work in the field which should be the pleasure as well as the duty of each member, there are many ways in which great assistance can be afforded to the Council.

With the increased membership to be readily obtained by united efforts, the Excursions, Soirées and Classes would be correspondingly enlarged and the Club publications rendered more extensive and valuable. There are also many persons, who, remaining non-members, might still be induced to report facts of importance coming under their observation, if they were fully aware of the aid which they could thus render, and were assured that such communications would be eagerly welcomed and all enquiries promptly answered.

During the coming season there will be held each month, if possible, an *Excursion* of the Club. The Council will endeavor to visit the most attractive points and to make the excursions as pleasant and instructive as possible to all who may join them. *Sub-excursions* will be held periodically, which will be working parties for the investigation of the localities selected for a visit.

In order that members (or others interested in the objects of the Club) may know to whom to apply for information or assistance *Leaders* (see first page) have been appointed to whom they may refer, and who will organize and conduct working parties, and keep a record of the work done in the respective branches.

Members are urged to communicate at once with the Leaders of those branches in which they are specially interested, and they are solicited to keep careful notes of any facts observed by them for the use of the Leaders in preparing their reports to the Council.

As the Club has undertaken, at the request of the American Ornithologists' Union, to collect and tabulate data relating to the migrations of birds, it is of great importance that each member should note the first and last appearance of recognized species, even if they be only the most common ones, and to transmit their notes to the Leaders in Ornithology.

Any one wishing to join the Club is referred to Clause No. 13 of Constitution. The annual subscription is only *one dollar*, and entitles a member to a copy of each publication issued during the year, to attend all soirées free of charge and to purchase excursion tickets at reduced rates.

TRANSACTIONS are published annually which contain the valuable Reports, Lists and Papers prepared for the Club. Four numbers have been already issued, furnishing a more copious record of local natural history than has ever been published elsewhere in Canada, and which will be rendered still more complete by the issue within a few weeks of the Transactions for the past year. Copies of Nos. 2, 3 and 4 may be obtained from the Librarian at 25 cents each, or a complete set (Nos. 1 to 4) for \$1.00.

W. H. HARRINGTON,  
*Secretary.*
