There is a general opinion in municipal circles that the Street Railway Company and the city will get together this year and bury their differences, with the result that Hamilton will get practically a new street railway system and much needed extensions in different parts of the city.

Some of the demonstrators adopted a novel manner to prevent being carried off by the police. They had attached to their belts stout chains, which, when they saw the police about to lay hands on them, they quickly threw around the iron railing in front of the building.

The suffragists were subsequently arraigned in the Bow street police court. They refused to give sureties for their good behavior, and were sent to prison for three weeks.

Mr. R. L. Reeves, of Detroit, an organizer of the International Union of Street Railwaymen, returned to the city to-day and will attend the meeting of the union to-morrow night, when the case of President Theaker comes up.

It is stated that President Theaker will be satisfied if he receives a letter from the company to the effect that his dismissal was not due to any charge of dishonesty; he simply wants his character vindicated. There is a likelihood of the officials giving him such a letter.

Some of the City Hall officials doubt if the Street Railway Company could sell the hockey club line to the Radial, as Colonel Gibson intimated, to escape paying the percentage to the city on it. Ald. McLaren, who has been the most consistent in making the company toe the scratch, says he thinks the city made a mistake in collecting percentage on this portion of the company's system.

M. LEMOINE'S DIAMOND-MAKING FORMULA GIVEN AWAY.

Action for Fraud Against French Scientist-Made His Gems From Iron, Boron and Animal Charcoal Heated in Electric Furnace.

London, Jan. 16.-If the much discussed diamond making formula of M. Lemoine was the same in 1901 as in 1904...

And that night Lorraine sat a long while before her mirror, smiling with a sort of bitter triumph at the bright face reflected there...

"It was nothing," he said, "I ought really not to give utterance to the passing thought that no doubt has touched many a man's heart before mine. Will you pardon me if I decline to finish the sentence?"

"Will you pardon me if I finish it for you?" she cried, gaily. "One could wish," she nodded with a saucy light in her eyes...

"You are an adept in mind reading-I am quite sure of that," he replied, laughingly. "But you will not betray my weakness, Miss Leslie? It is written 'Thou shalt not covet thy neighbor's wife.' Then his face grew grave...

"And a stranger, when he sees her in the street, even smilth, stilly, just as you would at a lily."

She looked up at him in surprise. His voice and eyes were tender, and a spasm of rage tore at the heart of the beautiful creature.

"I hate her!" she cried to herself, vindictively. "How dare she-with her moonlight beauty-awaken such an interest in Eugene Fairlie?"

The angry smile on her lips deepened in intensity, and there was hidden menace, fierce vengeance, in the tone with which she said:

"I don't think the Rev. Paul Vane, despite his cloth, is any more than a mortal man, and to prove to you that he sways over him is not so absolute as you assert. I am going to flirt with the handsome preacher. Give me three weeks, Colonel Fairlie, and he will at most have forgotten her existence. He will be as if he had never been."

Colonel Fairlie laughed at her boast. "I am quite sure that Mrs. Vane can hold her own even with the Queen of Hearts," he said, almost proudly. Then, with a mocking air, "You see yourself, Miss Leslie, that for a moment she has most rivaled you in my heart. Can you imagine such a victory as that?"

"Easily," she replied, carelessly; but to herself she said: "He mocks me with his indifference. How dare he withhold his heart from me and turn with such private opinion that the rector already had a serious interest in her. It would be easy enough to deepen it by cunning arts, and her fatal beauty could do the rest. Beauty rules the world, and it should rule her world, she was determined. She had scarcely ever had an unrealized wish or desire, and Colonel Fairlie's indifference to herself and admiration for another maddened her with angry jealousy. So a cruelly beautiful smile stole over her lips as she thought of the vindictive vow she had just taken upon herself. Despite her fancy for Col. Fairlie, the quiet, genial young rector had strangely attracted her, and she thought with contempt of his evident devotion for that insipid Vivian, as she styled her in her thoughts. What a triumph it would be to rival her in her husband's heart!"

AUGURS WELL FOR FUTURE.

London Times Praises Canada's Negotiations With Japan.

London, Jan. 16.-The Times, referring to Hon. Rodolphe Lemieux's negotiations with Japan, says: "The attempt by a colonial statesman to see for himself all the difficulties and complications involved in foreign negotiations is the best possible object lesson as to the responsibilities which Britain has hitherto had to bear single-handed."

The Times warmly praises Mr. Lemieux, "who appears to have put the case with great tact before the Japanese Government and made himself popular with all classes at Tokio, while the Canadian Government have throughout all shown a statesmanlike and calm dignity which such very much enhance their claims to a larger share in the government of the empire. Altogether, this first essay at negotiating one of the most difficult questions of the day has been attended with honorable success, which is a good augury for future attempts of the kind."

The Times adds: "The responsible Canadian press, though fully convinced of the dangers of unlimited immigration, has shown a laudable reserve and a willingness to enter into the other side of the question."

How Practical Pennsylvania People Saved Their Town.

Johnstown, Pa., Jan. 16.-A most remarkable method of extinguishing a fire was witnessed to-day at Boswell, a mining town near here, when hundreds of men, women, boys and girls saved the town from destruction by throwing snow balls. The town has no fire department, and water is scarce. The flames had gained much headway, and were sufficing a big magazine store, and were threatening to blow up the village.

As a last resource practically the entire population began throwing snow-balls from soft wet snow. The fire was brought under control, the magazine saved, and the flames confined to half a dozen buildings.

OHIO MAN WANTS TO TAKE PRISONER'S PLACE.

Says He is a Double of the Man in the Tombs-All He Asks is \$2,000,000 for His Family-Explains His Proposition in 600-Page Letter.

New York, Jan. 16.-One of the 2,000 strange letters which have been received by Mrs. Evelyn Thaw since Harry K. Thaw's trial began, which was made public to-day, contained an offer from an Ohio man to substitute himself for Thaw, and if necessary be executed. The writer imposed the consideration that his family be paid \$2,000,000 as soon as the proposed substitution is complete. His letter covered 600 pages. He declared that he was a double of the prisoner in appearance, and could take Thaw's place in his cell by visiting him in prison in disguise.

The writer, whose name was not made public, said he had no special desire in regard to life, was not afraid to die, but made the offer in order to provide for his family. The letter was coherently written.

The non-arrival of important witnesses who are hurrying to New York by steamer and train caused an abandonment of the afternoon session of the trial and the cutting down of the morning sitting to two hours.

Mrs. William Thaw, mother of the accused, arrived from Pittsburgh to-day, and if strong enough may take the stand to-morrow. She had been ill for more than a month, and at one time it was feared she would not be able to attend the trial at all. Mrs. Evelyn Nesbit Thaw will not be offered as a witness until some time next week. All of the indications so far have been that District Attorney Jerome will make a desperate fight to have her testimony ruled out this year.

FOUGHT FOR TEN HOURS.

The French Defeated a Large Detachment of Arabs.

Tangier, Jan. 16.-News has reached here of a terrific ten-hour engagement in a ravine near Setatia between a French column under General D'Aumade and a column commanded by Mulai Hafid, a chief of Mulai Hafid's forces. The French gained a splendid victory, in the face of heavy odds. Twenty of the Arabs were killed. The latter not only offered a dogged resistance, but returned repeatedly to the battle after they had been routed and attacked the French from three sides.

In the later hours of fighting Mulai Rachid's column was suddenly reinforced by the powerful tribe which figured in the massacres at Casa Blanca, and which had arrived from the mountains at the very moment when Mulai Rachid was about to retreat into the hospital.

The French steadily drove back the enemy, driving them in mad haste to the hills.

A BRUSH WITH DEATH.

An Ohio Man Swallows Carbolic Acid in London.

London, Ont., Jan. 16.-Carl Ray, of Zanaville, Ohio, swallowed six teaspoonfuls of carbolic acid to-night after being repulsed by a young woman who he claims is his wife, and who, he says, deserted him. Ray walked into the Homister House and announced that he had swallowed the dose, but those around declined to believe him, as he showed no signs of pain. The man stood around for nearly an hour when he collapsed, and was taken to the hospital.

He will recover. The young woman, who is the daughter of a well-known resident of Trafalgar street, named Tombs, denies the marriage, which Ray says took place in Cleveland.

Winter Tourist Trips. Are becoming more popular every year, largely owing to the increased transportation facilities, and modern luxuriant equipment, making the journey to Florida, Mexico, California and other routes a pleasure instead of a hardship. With one change of cars you can travel from almost any point on the main lines of the Grand Trunk Railway system to your destination in the sunny South or the Pacific coast, where the oranges and roses are in bloom. Meals served in the dining cars make it unnecessary to leave the train en route. Travel is so convenient and so delightful to get away from the every day grind, the monotonous or strenuous life, and mingle with successful, happy people. And besides it pays. A round trip ticket, good for nine months to California, allowing stop over and privilege of going one way, returning another, costs only \$128.70 from Hamilton. Other points in prospect.

Full information, 100-100-100, etc., at Grand Trunk Depot, 100-100-100, or by mail address, 100-100-100, Hamilton, Ontario.

North End Improvement Society Holds Annual.

The North End Improvement Society held a very interesting and important meeting last night, the main features being receiving the report of the auditors, reading the constitution, reviewing the past year's work and also the status of the society, and how it can best be governed.

After receiving into the society one new member, the business of the evening went on. A letter was written and read from Ald. Thomas W. Jucen, saying he was sorry he could not be present. Having to serve as Chairman of the Sewers Committee would occupy more of his time than if he was serving as an ordinary member. It was thought by all present that some parts of the constitution needed to be adjusted.

The society wished to steer clear of friction regarding political and sectarian matters. The sentiment of the meeting was that whatever the society is going to do or what the platform will be, the members appreciated the representation it had last year in the Council, and also the press, and it wished to thank the press and the public for assistance in bettering the city conditions.

A notice of motion was passed that the society consider the constitution at next regular meeting.

A notice of motion was also passed that the meeting might be changed from the first and third Thursdays to the third Monday in each month.

The society will endeavor to secure the enlargement of Picton Street School and improve the appearance of Hughson street. Free baths and the removal of the crematory will also be worked for.

The election of officers resulted as follows: Mr. Ed. Porter, President. Mr. C. R. Reid, Vice-President. Mr. J. Ward, Secretary.

Messrs. Gus Ante and Mr. O'Neil, Auditors. Standing Committee - Gus Ante, Chairman; W. G. Potter, C. R. Reid, S. A. Brown, W. G. Robinson, Dan O'Neil, J. Ward, Ed. Porter.

Hall Committee - Mr. A. Talk, Mr. R. Kyle and Mr. Myles.

MARKETS and FINANCE

Stocks and Bonds

New York, Jan. 17.-The market during the morning developed some further weakness under offerings from London in Amal. and elsewhere, with what appeared to be a final clearing away of stop orders, leaving prices free to reflect prospect for a favorable bank statement. It is said that the Smelters Securities Co. controlled by American Smelting has not been able to develop various mines as expected and has of course been affected by the decline in silver and copper. Silver declined in London. The Harrison case is to be promptly appealed and two years may elapse before Mr. Harrison is forced to reply to certain questions rejected at the interstate commission hearing. The Morgan faction appears to be bullish, in accord with expressed opinion credited to J. P. Morgan to effect that a speedy recovery in business is in prospect. Our foreign trade balance for the year exceeded \$300,000,000 against net gold imports of \$88,000,000.

The financial situation and outlook seem to justify purchases. Ennis & Stoppani.

CITY AND COMPANY MAY GET TOGETHER.

(Continued from page 1.)

The matter was referred to the Finance Committee last year, but there were no funds. It is expected that the Fire and Water Committee will have to take it up again, although the deputations thought it was simply a matter of financing now. They are willing to bear a portion of the expense. One of the suggestions was that the water might be pumped from the high level station, but Mr. Barrow thinks the distance is too great.

Chief Engineer Sothman, of the Hydro-Electric Power Commission, advised the city several weeks ago that if the power by-law was endorsed here it would be advisable to get an opinion as early as possible on the amount of copper required. It is likely the Board of Works will deal with this matter at once.

The Ontario Pipe Line Company and the American Street Lighting & Supply Company have patched up their differences. The American Company has the contract for gas lamps on the streets, and some time ago the local company notified it that the supply of gas would be cut off because the American Company was said to have been late in paying one of its monthly accounts.

Secretary James, of the Fire and Water Committee, took the tenders received by the city for electric pumps at the Beach to Toronto yesterday, and turned them over to an expert, who has promised to have a report ready for the meeting on Wednesday night next.

An effort is being made to have a big skating rink made in the rear of the revetment wall. The ice there is very rough at present, but it is said that it could be put in good shape with the aid of a gasoline pump in a day. Some of those interested would like to see Parks Commissioner Will take the matter up.

The Toronto & Niagara Power Company, which is already carrying power to Toronto along the Beach, has a gang of surveyors at work again making a complete survey of the whole line. They have the Beach people guessing as to what they intend doing. It is said the present towers have all the wires they can carry.

The Radial Company is hanging signs on the wires in the centre of the street on King street at the crossing where the cars stop.

The Sewers Committee will likely make an inspection of the new sewer sewer-to-morrow, and all the civic commissioners, beginning with the Markets, Police and Jail Committee, on Monday, will meet next week.

Some of the Tory workers are so elated over the success of the machine in controlling the Council, with the aid of Ald. Farrar, of course, that they want a clean sweep made of every Liberal in the city's employ. Last year the Council made A. T. Neill assistant tax collector, and R. V. Matthews chief clerk. An effort is being made to get rid of them, although it is not thought likely that the Tory aldermen would take a chance on bringing it up. The ward heebers are already at work urging the Tory aldermen in dividing the city up into wards again to gerrymander it so that it will afford the machine every opportunity of continuing to control the Council under the ward system.

ROB MAN.

His Foot Cut Off, Joseph W. Dyson Lies Helpless While Thieves Get \$50 From His Pockets.

Buffalo, Jan. 17.-Lying in the South Buffalo yards of the Pennsylvania Railroad, his right foot severed at the ankle and gradually failing from loss of blood, Joseph W. Dyson, of Sage avenue, was helpless early yesterday morning, while two thieves robbed him of the \$20 gold pieces.

Dyson who works for the Pennsylvania road, was "coming into the city yesterday morning when he was jostled from the car on which he was riding and thrown under the wheels. His right foot was severed as though by a pair of huge shears. Despite the agony he retained sense enough to draw his foot out of harm's way. Then came a period of unconsciousness.

When his senses returned he saw two men bending over him, going through his pockets. They appeared in no hurry and their inventory was careful and complete.

"Take all I've got," groaned Dyson, "but get help."

The thieves laughed, and after taking the three double eagles, disappeared down the tracks. How long Dyson lay until discovered he does not know. After a while a trainman passed and seeing a man fainting to death, made a tourney of his handkerchief, above the knee of the injured man, and stopped the flow of blood.

A passing engine was pressed into service and Dyson hurried to the Emergency Hospital. The police believe his story of the robbery, which they are investigating.

FINE CARNIVAL. Successful Event at Alexandra Park Last Night.

The anniversary carnival held at the Alexandra rink last night was a huge success in every way. The many colored costumes worn by the merry-makers made a fascinating scene long to be remembered. The comedy work of the clowns and funny policemen brought forth shouts of laughter and rounds of applause. The prizes were won by the following in their respective classes:

Best fancy, Miss M. Comer, Gainsborough girl; G. Rigg, Lord Eyebrook; comic, Miss A. Sheridan, St. Hopkins; R. McMaster and his mule Maud; original, Mrs. Precious, pumpkin girl; H. Precious, Buster Brown; national, Mrs. Summers, Greek girl; J. Sheridan, Zulu.

After all in costume had performed, a very pretty grand march, the winners were presented with gold lockets by the judges, Mrs. Porteous, Mrs. Webster and Mrs. Hooper, whose good judgment met with the approval of all present.

The special social session to-night is attracting a good deal of attention and the couplet tickets are selling fast. Entries for the gentlemen's couple race to-morrow night are coming in well, and the indications are that there will be enough to make three heats, and that they will all be fast and exciting.

HOUNDS LET LOOSE.

Good Lecture by Rev. Dr. Williams Last Night.

"Hounds Let Loose" was the title of a lecture given by Rev. Dr. Williamson in Emerald Street Methodist Church last night, under the auspices of the Young Men's Union, to a large audience.

Mr. John Connor acted as Chairman, and introduced the lecturer, after prayer by Mr. Vipond. The lecture was a companion lecture of "Fox Hunting" which the hounds in the lecture last night were those of every-day life in almost every community.

The first class of the evening was given in the Ecclesiastical Foxes, or the foxes in the church, such as grumble, and society of voters, defamers of opponents, etc.

The second class was aristocratic foxes, which spoil the vine of common sense and decency. Their names are conceit, admiration of self, abhorrence of those in a lower social circle, etc.

The third class was the foxes, which spoil the vine of benevolence and good deeds in others. They are the able-bodied paupers, tramps of all kinds, and indolence of all grades.

The last class of the hounds was after the frolicking, frolicking, jolly little foxes which spoil the vine of conviction and good resolution, and which he feared, frequently kept people out of the kingdom of heaven, such as dancing, card playing, theatre going, trashy novel reading, moderate drinking and kindred vices.

The lecturer thought people should not try to see how many such things they could do and yet get to heaven, but rather how far they could keep from even the debatable things which some people at least believe to be wrong, and see how

THE FRENCH TREATY.

The discussion in the House the other night on the French treaty developed no great opposition to it. Mr. Foster, who led the attack, had not even made up his mind whether he would vote for or against it. Even the Toronto Mail and Empire says that, "according to the explanation made yesterday by Finance Minister Fielding it may not be so bad." The fruit growers and wine manufacturers have raised objection as to the reduction of the wine duties in the treaty, declaring that it will injure their businesses. This seems to be the only objection of any moment, and the Government may yet be able to satisfy them. On the face of it, the treaty is a good one for Canada. France secures the benefit of our intermediate tariff, while we get the benefit of France's minimum tariff. There are also a few articles on which the latter gets the benefit of a special tariff. Thus we receive tariff concessions on 152 items, while France gets such concessions on only 98 items. In drafting the treaty, the Canadian Ministers took especial care to see that Canadian manufactures or products suffered as little as possible, the reductions being made upon items either not manufactured or grown in any extent in Canada. The intermediate tariff being higher than the British preferential tariff, the old country will not be hit in any appreciable degree. Even the special tariff granted France is in most cases higher than the preference.

EDITORIAL NOTES.

The French treaty will not meet with much adverse criticism in the Province of Quebec.

Mr. Lewis' bill aimed at disarming forgers of concealed weapons should be allowed to become law.

While the brain-storm lasts the Herald may be expected to trot out a new Mayoralty candidate each evening.

But, after all, is it such a wonderful thing to come within from \$2,500 to \$12,600 of the price of an electric pump in making an estimate? Even were there no manufacturers' catalogues or completed contracts to be referred to, the margin of variation is rather large to warrant great glorification of the estimates.

The Dominion Government has over and over again stated that it only encourages the immigration to this country of farmers, farm servants and domestic servants. As long as we have the Northwest to fill up these classes of people are needed. The more men and women who go into that country the more work there will be in Ontario for the workmen and the manufacturers.

The United States census figures show that there has been a progressively more rapid increase in insanity than in population in the United States. There were 40,492 inmates of asylums in 1880; 74,028 in 1890, and 150,151 in 1900, says the Philadelphia Record. These figures, however, may only prove that the State is looking better after those thus afflicted.

The Kingston Whig does not appear to have a high opinion of the "intellectual preference" given by the Post Office Department. It says "The Post Office regulations were changed partly in the interest of Canadian papers, weeklies and monthlies, and one is anxious to know whether they have received the boon which they expected." The dailies and weeklies have lost a large percentage through the increased cost of postage. That can scarcely be called a boon. We see no other results that concern the papers.

There are something like 6,000 physicians in practice in Canada, and there are loud complaints in many localities that the field is overcrowded. Hardly a rural village is to be found in which there is not keen competition, and the cities are swarming. In Hamilton there are perhaps 100 physicians, about 450 in Toronto, and still they come. The maxim that "There is always room at the top," is evidently receiving wide acceptance, and hope continues to spring exultant in the breasts of the 2,000-odd students, who are this year attending the medical schools of the country. There are said to be now in training 625 new medical doctors at Toronto University, 325 at Queen's, 425 at McGill, 100 at Halifax, 100 at the Western (London), and 100 at Winnipeg.

The executive of the Canadian Manufacturers' Association, which met here yesterday, decided to ask the Laurier Government to make some move in the interests of technical education. What that move may be was not very clearly indicated. But the executive considers the question so important that it thinks Dominion legislation or assistance should be secured in addition to any Provincial aid that may be granted. No doubt Premier Laurier will go as far as he can to further such education throughout the Dominion, as he has already expressed himself as favorable to the development of technical education throughout the country. We do not know if Mr. James L. Hughes, Inspector of Toronto Public Schools, is the mouthpiece of the Whitney Government in this matter. But at the banquet last evening he announced that Hamilton was to be the centre of technical education for the Province. We hope he is a true prophet.

A Hero. (Guelph Mercury.) The man who can be a hero in a fire-brush has all the Crusaders discounted.

Not to Blame. (Brantford Expositor.) It is strange that all the financial authorities, in their explanations of the existing depression, should fail to make note of the Fielding tariff.

Scotch Ascendancy. (Toronto News.) Take, for instance, the fact that Scotch Presbyterians are said to own two-thirds of the private property in Montreal—a city in which they constitute only a small fraction of the population. Then, again, the heads of the four leading Canadian universities are all of the same race and the same religion.

WILL PUMP STORM WATER

Through Twenty Inch Main to the Bay.

Another Echo of Sherman Avenue Sewer Trouble.

New Sewers Committee Has Its First Session.

A change recommended by City Engineer Barrow in connection with the plans for the east end annex sewer was approved of by the new Sewers Committee at its first meeting last evening. Instead of discharging the storm water into Stipes' inlet as was first proposed, it will be pumped direct into the bay through a twenty inch main. This was largely made necessary because of the fact that a very low grade will be required to handle all the sewage to the south and provide for the future. The pumps already figured on will do for the present, but it will be necessary to install a new pump in the future.

It was thought that work on this sewer might be resumed at once so as to furnish employment for men out of work, but it was explained that nothing further could be done until the pile driving across the inlets was done. It was agreed to ask for tenders for this work at once and operations on the sewer will be gone on with as soon as possible.

An echo of the celebrated Sherman Avenue sewer was heard in connection with the case of Thomas Gendening, who, the city claims, owes \$20 for sewer rental. Mr. Gendening purchased the property from William E. Strong and Armstrong tenders Mr. New's original tender that \$50 had been paid over to a solicitor for the sewer, the aldermen decided the city was not a collecting agency and Mr. Gendening will be notified that his connection with the sewer will be cut off within two weeks unless he can show good reason why this should not be done.

The committee decided to accept the tender of Edward New to build a sewer from King street east of the T. H. & R. bridge over private lands to Hunt street, on Bredalbane from Hunt to Lochearne and on Arivich from Dundurn to Bredalbane, provided he does the job for \$2,000, at which price J. J. Armstrong tendered Mr. New's original figure was \$2,800 and the aldermen explained that their reason for making Mr. New this proposition is that part of the sewer must be built over private lands and he holds the key to the situation.

If it can be provided for in the estimates a sewer will be built at once to relieve the flooding on East and Oak avenues. It is estimated it will cost \$12,000. City Engineer Barrow reported that the arch of the sewer under the T. H. & R. crossing at Hunter street had been flattened and broken in some places as a result of the pounding of the heavy engines. He pointed out there was danger of a cave in. The aldermen thought the railway should pay for this and instructed the city solicitor to look into the matter.

AMUSEMENTS

The four Huntings will make their first appearance in Hamilton at the Grand to-night, when they will open a two nights and matinee engagement at the Grand in their musical comedy "The Fool House." These clever acrobatic comedians are said to have an excellent show, which requires the assistance of about forty people. It was originally a one-act sketch used by them in vaudeville, and has been lengthened into a whole evening's entertainment. It is well staged and costumed, and with such clever people at the head of it is bound to prove a pleasing performance.

Patten and Fletcher, in "Jerry from Kerry," will be offered at the Grand next Monday night. The performance is said to be really a vaudeville show, and has some very entertaining specialties.

At Bennett's Theatre. Bennett's continues to draw big houses and to-night the indications at the box office are that there will be a bumper attendance. The performance is under the auspices of the athletic clubs of the city.

"Paradise Alley" and "The Bandit" have proved first class attractions, and better pleased audiences have never left the theatre than those which have attended in such large numbers this week. In "Paradise Alley" all that the lover of musical comedy wants is to be found, while the patron of melodrama gets a fill of thrill in "The Bandit." Another act which is annexing enclaves by the hundred is the Big City quartette. Their vocal excellence and comedy work would be hard to equal, let alone beat. The rest of the bill consists of the Adallah brothers, sensational acrobats; La Veola, Parisian singer and dancer; Ed Gray, monologist; La Croix, hat juggler; the Kratons, with a novelty hoop-rolling act, and the motion pictures. The bill for next week includes Charles K. Bradshaw, in a farce called "Fix in a Fix"; Minnie Kaufmann, trick cyclist; Murphy and Francis, talkers and colored comedians; Chinko, juggler; Nat Leroy, and Minnie Woodford, Will Rogers, vaudeville king, and the Countess Rossi, high class soprano.

At the Savoy. At the Savoy next week one of the costliest and by many pronounced the finest dancing act in vaudeville, the great Alexandroff troupe of Russian dancers, will be offered as one of the features. This act made its initial appearance at the opening of the New York Theatre, and on a bill that contained the best talent from every quarter of the globe scored a tremendous hit. It has met with the same emphatic success at the leading vaudeville houses in the States. Rich and expensive costumes are worn, and the native Russian dances given. Eight people appear in the act, four boys and a quartette of pretty girls. Sevensky, who is au-

nounced as the chief attraction, is another attraction. One comes here stamped with the hallmark of success. His offering has been featured at the leading American vaudeville houses, where he has mystified and amused the most critical of vaudeville patrons. He gives a scientific and amusing demonstration of hypnotism, and also a wonderful exhibition of thought transmission by telepathy. A young lady assists in this part of the performance, but aside from this no paid agents are employed. Shows, trunks, valises, his material from the audience. The performance abounds in laughter. This week's excellent bill continues to meet with well deserved support in the way of attendance. Barron's burlesque menagerie in favor of the city which has been scoring such a big hit all week; Marriott Twins and Eldred, a remarkable juggler act; the clever sketch of J. K. Emmett and Anna Morland, and Mark Sullivan, whose clever turn established him in favor early in the week; the star attractions, with the rest of the bill up to the standard.

TWO STORES.

Arland's Special Shoe Sales Are Worth Attending.

An interesting and money-saving announcement is made by Mr. P. Arland, 43 MacNab street north, and Market Square, in this issue. At the latter store the annual cut price sale will be on, and it is Mr. Arland's intention to clear out the stock in the MacNab street store. He has done a big business this month, and the wonderful bargains made to-day means big savings, big selling and a truly remarkable sale. His showing consists of a large variety of men's and women's douplos, children's school boots, men's walking shoes, trunks, valises. The men's douplos that sell regularly for \$3.50 and \$4.00 will go at \$2.29; the women's patent leathers, \$3.50 and \$4.00 quality, for \$2.29; children's \$1 and \$1.25, for 50c and 75c. Arland's stock is new and well chosen and the bargains offered certainly challenge comparison. Read the advertisement carefully and select your shoes from it and you will be delighted with the values. At Arland's stores, customers get a homelike welcome. Come and see.

HONORED TEACHER.

Trolley Street School Parts With Miss Bradshaw.

A very interesting event happened at the school room of Section No. 8, Barton, on Trolley St., yesterday afternoon when the trustees, parents and scholars met to honor Miss Myra Bradshaw on the eve of her retirement. Miss Bradshaw has been on the teaching staff of the school for eight years and leaves to accept an important engagement in Calgary. She was presented with a token of affection from the boys and girls all of whom felt they were losing a friend. Miss Bradshaw has a personal friend, Master Wm. Tyrrell, 1000 Trolley St., who has written a poem and addressed it to Miss Bradshaw. She is the daughter of Mr. J. R. Allan, who is to succeed her. On behalf of the trustees and parents, Mr. J. R. Allan, who is to succeed her, presented her with a handsome travelling bag, and a box of necessities. A reception was held for her, and the scholars gave a farewell to her to-day.

Mrs. G. R. Ray arrived on Thursday at Winnipeg from York Factory, bringing with her three children. The long overland trip of 600 miles was made by dog teams by the plucky lady and her halfbreed servants.

"Last February my sister broke out with a humor which gradually spread over the whole of her face. It was so bad that it manifested itself in patches varying from the size of a pea to that of a dollar. The joints of our limbs were most affected. The parts where the skin was tender soon became raw and irritated and were unable to sleep but little because the itching got so bad at night. My sister consulted a physician but he was unable to name the disease and the treatment he prescribed did no good at all. As the warm weather came on we were forced to wear a hat, and the irritated parts causing us to scratch until they would bleed. In August, when it was at its worst, my sister was given a case of Cuticura Soap. This she tried and it afforded so much relief that I bought the complete treatment, consisting of Cuticura Soap, Cuticura Ointment, and Cuticura Pills. This we used according to directions and immediately the itching began to disappear. I then bought another set and the whole family were cured by these two, the blotches disappearing in ten days. It had not been for the Cuticura Remedies we would have been suffering yet. George W. Brown, 18 Linden Street, Rockland, Mass., Jan. 29, 1907."

FEARFUL ITCHING AFFLICTS FAMILY

DISFIGURING HUMORS, ECZEMAS, and ITCHINGS Cured by Cuticura.

The agonizing itching and burning of the skin, as in eczema, the frightful scaling, as in psoriasis, the loss of hair and crusting of scalp, as in scalded head, and the itching and burning of the feet, as in the Itchy Feet, are such troubles proven by testimonial after testimonial cured when all else has failed. A BRITISH SHIP LOST.

Wreckage from the Hartfield, of Liverpool, Coming Ashore.
Victoria, B. C., Jan. 16.—Wreckage on the west coast of Vancouver Island seems to indicate the loss of the British ship Hartfield, bound from Liverpool to Port Townsend, a ship of 1,810 tons. Captain Sanderson, of the wireless station on the west coast, reports cabin fittings and lifeboat fittings, a life buoy with name "Hartfield, Liverpool," spars, doors, etc., having been driven ashore.

BLOOMFIELD MYSTERY.

The Body Found in Hut Still Unidentified.
Chatham, Ont., Jan. 16.—Though the body of the man who was found shot to death on Monday in a deserted hut on the Bloomfield side road was viewed by hundreds of people to-day, the mystery of his death remains, and his identity continues unknown. It was at first reported that the dead man was James McCoy, formerly a handsawyer in Hadley's mill, and whose people live at Lucknow, Mr. Charles Hadley, however, says the body is not that of McCoy.

CASTORIA.
The Best You Have Ever Bought
The steel plant at Sault Ste. Marie has been shut down, causing a shortage of pig iron. The plant will keep a large force of hands at work.

POPE LEO'S BURIAL POSTPONED.
Rome, Jan. 16.—The Pope recently gave audience to Tadolini, the sculptor of the statue of Leo XIII., in the Church of St. John Lateran. Tadolini asked the Pope when the body of Leo was likely to be removed from the Vatican to its final resting place under the monument.
The Pope replied that the body would not be removed during his pontificate; that he had remitted the case to his successor. "As for myself," added the Pope, "I have already arranged for my burial in an obscure corner of the crypt of St. Peter's. I have abandoned the idea of being buried in Venice and will give no further trouble to my successor."
The body of Leo XIII. would have been removed to St. John's before now, but for the threats of the Austrians of Rome to make the grave the occasion of a hostile demonstration. Although the Italian Government pronounced the Papal authorities incompetent to protect the procession, the Pope desired to give the Anti-Christians an opportunity.

SEED GRAIN FARMERS.

Mr. Sifton's Suggestion Concurred in by Both Sides.

Mr. Brodeur Points Out Benefits of French Treaty.

Parts of Plains of Abraham Now Under Lease.

Ottawa, Jan. 16.—The scarcity of seed grain in certain parts of the Northwest Provinces and the French treaty divided the attention of the House to-day.

Replying to Mr. Reid, Sir Frederick Borden stated that nineteen acres of the Plains of Abraham were leased in 1902 to Sir Charles Ross for the use of the Ross Rifle Company.

Discussion on the bill embodying the French commercial treaty was resumed by Mr. Brodeur, who pointed out that both parties were agreed as to the necessity of negotiating a treaty with France.

Beneficial All Round. Continuing, he dealt with the favorable treatment which would be accorded Canadian mineral and fisheries products under the treaty.

When he was speaking of the clauses referring to direct shipments between the two countries, Mr. Ames interrupted to say that his inquiries had shown that 75 or 80 per cent. of the importers of Montreal were opposed to this.

Mr. H. B. Ames. Mr. Ames said it might be stated that the reductions of duty were greater in France than by Canada, but the minimum French tariff in many cases was still prohibitive.

Her Lover Tells Story of Illness in Witness Box. Toronto, Jan. 17.—Some very sad revelations came to light in the trial opened yesterday in the Assizes, of Mrs. Minnie Turner, charged with performing an illegal operation on Miss Rose Winter.

Dr. Pollard was called as the first witness. He said he had been called in by the prisoner on Tuesday, Aug. 20, to attend the deceased, and found her in a very serious condition.

CIGAR TRADE. Cigar Makers Object to Uniform Domestic Stamps.

Ottawa, Jan. 16.—A deputation representing the cigarmakers of Canada had an interview to-day with Messrs. Fielding and Templeman on the subject of the request of the Canadian cigar manufacturers for the adoption of a uniform stamp instead of the existing ones.

When he was speaking of the clauses referring to direct shipments between the two countries, Mr. Ames interrupted to say that his inquiries had shown that 75 or 80 per cent. of the importers of Montreal were opposed to this.

MANUFACTURERS AT THE FESTIVE BOARD.

Useful Addresses on Agriculture and Manufacture and Technical Education.

Important Business Transacted at the Business Meeting Held Yesterday Afternoon.

The banquet tendered to the Executive of the Canadian Manufacturers' Association, last evening, by the local association, in the Royal Hotel, was a complete success. It was a representative gathering of the manufacturers throughout Ontario and Quebec, about 150 gentlemen being present.

Before the dinner was concluded, Senator Rolland, of Montreal, the President of the Association, announced that he would have to leave early so as to catch the train. He said that he had found Hamilton a most hospitable city, and referred to the fact that as the Association was one of the first bodies to enter the new Commercial Club of this city, that the Association was sending to it a brass plate, with an inscription of the visit on it.

At the conclusion of the dinner, Mr. Robert Hobson, the Ontario Vice-President of the Association, chairman of the evening, introduced the toast list. The toasts to "The King" and "Canada" were heartily received. Mr. W. M. McClelland proposed the toast to "Canada." Next came one of the most interesting of the evening, on "Agriculture and Manufactures," delivered in capital style, by Mr. C. C. James, Deputy Minister of Agriculture of Ontario.

Mr. James has a convincing manner in dealing with the subject of agriculture, and the farmers of the Dominion of Canada. He spoke of his gratitude at being present on such an auspicious occasion. Agriculture is a subject of the greatest importance to the manufacturer, probably more so than the subject of manufacture is to the farmer.

The meeting closed with the singing of the national anthem. The efficient committee in charge of the banquet and of the entertainment for the day, is composed of the following: R. H. Hobson, W. R. Dunn, C. H. McCullough (secretary), J. W. Lamouroux, J. R. McMahon and W. B. Champ.

During the evening songs were sung by Harold Hamilton, Arthur L. Garthwaite, Edwin Skeddin, Mr. Ed. Gray, of Bennett's Theatre, gave a monologue in laughter. Mr. J. E. P. Aldous presided at the piano.

The Executive Meeting of the association met in the Board of Trade rooms yesterday afternoon. The executive will proceed with the investigation of a tariff department, which will be in charge of an expert tariff officer, whose business it will be to investigate in a scientific manner all matters brought to the attention of the association. Those tariffs that have point of merit will be handled by the association on behalf of its members.

SPOKE IN TORONTO.

In Toronto yesterday, before the Zenana Bible and Missionary Society, Mrs. E. Sanford gave an interesting account of her recent travels in India. She drew a pathetic picture of the many weary and tired faces of the native women in Zenanas. Benares, which she visited with the Zenana Bible and Missionary Society, and affirmed that the solution to the whole situation lay in the hands of the women medical missionaries, a larger and still larger number of whom were needed. Mrs. Sanford also gave an account of a visit she paid to a high caste Zenana.

JOHN BULL'S BEEF.

Has Fallen Into the Hands of the American Trust.

London, Jan. 16.—The control that the American meat Trust gradually has been acquiring over the London meat market was brought to the notice of the civic authorities to-day at a meeting of the Court of Common Council in the form of a resolution as follows:—We regret to learn that the trade of the Central Market gradually is getting into the hands of the trust, to the detriment of the consumers, and we call on the Corporation, as the market authorities, to safeguard the interests of consumers.

Ravages of Diphtheria.

Wingham, Jan. 16.—Mr. and Mrs. Thomas James, who reside in Turnberry township, one mile from Wingham, have been called to mourn the death in three weeks of mourn the death of one of their children. About Christmas time three of the little ones fell victims to diphtheria, and now the fourth, a boy fourteen years of age, succumbed to the same malady.

THE NATAL ACT.

IMPEACHMENT OF LIEUT. GOVERNOR DUNSMUIR.

Motion Proposed in British Columbia Enact the Natal Act—If Executive Assent is Refused an Appeal Will be Made to Ottawa.

Victoria, B. C., Jan. 16.—At the opening of the Legislature to-day Mr. J. H. Hawthorthwaite attempted to get a motion before the House impeaching the Lieutenant-Governor for his action in connection with the Natal act, but was frustrated by Mr. Speaker Elerts, who refused to regard it as of urgent public importance.

Mr. Hawthorthwaite's resolution recites the fact concerning the passage of the Natal act last session, and refers to the fact that the Lieutenant-Governor refused to assent to the bill. It adds that "whereas Premier McBride has publicly stated that the Lieutenant-Governor was not advised by his government to refuse his assent to the bill, and whereas it has transpired during an investigation by the Deputy Minister of Labor that Mr. Dunsmuir in his private capacity as operator of coal mines in this Province had on or about the time of the passage of the bill entered into a contract with the Canadian Nippon Company of Vancouver to procure 300 Japanese coolies for the coal mines, and whereas the passage of the aforesaid bill would have had the effect of delaying or preventing the coming into this Province of the laborers aforesaid, and whereas the Lieutenant-Governor has not acted in this instance in accordance with constitutional practice, by refusing his assent to the enactment of the said bill, and whereas it is the duty of responsible Ministers, and has further laid himself open to grave suspicion as to the reasons that induced him to refuse his assent to the said bill, and whereas his action in these matters must inevitably tend to destroy such confidence as the people of this Province have in constitutional and responsible Government; therefore be it resolved, that this House emphatically condemns all such unconstitutional proceedings, and hereby appeals to the Governor-General of this Dominion to investigate into all the aforesaid matters and charges, and if the said facts be as stated in the resolution, do issue forthwith Lieutenant-Governor Dunsmuir from office."

The Government will give notice of the introduction of the Natal act early next week. The speech from the throne will refer to the promised measure in general terms, but it is the Government's intention to rush the passage of the bill

Charge Against Two Publishers at Peterborough Dismissed by Judge.

Peterborough, Ont., Jan. 16.—The case of the Crown vs. W. C. Edwards, of the Crystal Theatre, the Review Printing Company, and the Examiner Printing Company, which arose out of the publication of an advertisement regarding the giving away of watches at the "Crystal," was dismissed to-day by Judge Weller. The charge against Mr. Edwards and the newspapers' proprietors has aroused considerable public interest, and the decision has been awaited with some amount of speculation.

Last fall, Mr. Edwards had an advertisement in the Review and Examiner, stating that watches were to be given away at the Crystal Theatre under certain conditions. It was not stated in the advertisement how the watches were to be allotted. Upon the publication of the advertisement, the chief of police took action against Mr. Edwards, and the two newspapers, basing the charge on sec. 236 of the Criminal Code which states that anyone found guilty of causing to be published or of publishing a lottery scheme, is liable to imprisonment for a term not exceeding two years, or to a fine not exceeding \$2,000.

SEQUEL TO TRANSVAAL PLOT.

Project to Kidnap Paul Kruger Ends in Blackmail Prosecution.

London, Jan. 16.—Carl Ludwig von Veltheim, who is charged with attempting to kidnap Paul Kruger, a capitalist, out of \$30,000, was held yesterday in the Guildhall Police Court for trial.

The money demanded by Von Veltheim, he says, is due him for an expedition he made to South Africa, at the request of Kruger, to acquiesce in the kidnaping of the late Paul Kruger, who then was President of the South African Republic.

TAYLOR AND FISHER WERE HIGH MEN YESTERDAY.

Cold Prevented Good Scores at Gun Club Tourney.

Burns, of Cleveland, Won High Average Prize For the Two Days' Shooting at Targets—Grand Canadian Handicap Will be Finished To-day.

A high and piercing cold wind prevailed at the Hamilton Gun Club grounds yesterday, and made good shooting an impossibility. Forty-five shooters entered for the various events in the morning, but only about half of them shot through the programme, the cold being so intense.

John R. Taylor, a professional, of Newark, came in for a lot of praise for the excellent shooting done by him in the game. He broke 177 out of 200, making a percentage of .885. Mr. Taylor is a "professional," and did not compete for the prize; he simply shoots to demonstrate the ammunition he has to sell.

White, Elliott, Darton and Stevens were in the same position.

In competition Fisher, of Buffalo, carried off the honors, winning the high average prize for the day, breaking 163 out of 200, his percentage being .815.

Burns, of Cleveland, won second money, with a percentage of .790. The cash prize for the best average in the two days' flying target shooting went to Burns, Cleveland, who broke 330, or an average of .87. Hopper got second money for the two days' scores with .81 per cent.

events on the programme, the scores of which appear below, there were five ten-target sweeps. These resulted as follows:

No. 1, 25 contestants—Upton, Crew and Burns ten each.

No. 2, 20 contestants—Ed. Sturt, ten.

No. 3, 20 contestants—Burns, Bowron and Beattie, ten each.

No. 4, 12 contestants—Upton and Crew nine each.

No. 5, 7 contestants—Upton, Court Thompson and Chas. Crew ten each.

Notwithstanding the disagreeable weather, the shooting was conducted in a praiseworthy way, and there was no delay—the traps went like clockwork.

Wm. Wark, captain of the club, was in charge of the work.

The officials of the club are very grateful to Henry H. Stevens, of New York, who instructed the clerks in the Carlisle system of scoring and bookkeeping, and as a result the work of paying off was completed within an hour of the finish of the last squad.

This is the last day of the 1908 tournament, and the feature event of the meet is being shot to-day—the Grand Canadian Handicap. The weather conditions this morning were good, and some straight strings are looked for.

A souvenir of the day of the Gun Club received a souvenir post card from Mr. Jas. Crooks, an active member of the club, who is at present in Los Angeles. The card showed a flock of 10,000 pigeons on a pigeon farm in Southern California. A practical joker tacked the card up on one of the blackboards and inscribed this notice on it:

"Sacred to the memory of our old friend, Jim Crooks, who has gone to a warmer climate."

Following are the scores made in the ten events at 20 flying targets yesterday:

ANOTHER "P" GONE.

Something About the Death of Pickett, Wicketkeeper.

One of the most famous allegories in English cricket is the fact that so many cricketers of past and present fame commence their name with the letter "P," as witness the famous five wicket-keepers who, one and all, commence their names with the memorable letter "P," namely, Pooley, Surrey; Plumb, Buckinghamshire, and Pinder, Yorkshire, of which glorious quintette only Harry Phillips, of Sussex, is now alive. Now another "P" has joined the great majority, as Henry Pickett, the well-known Essex and M. C. C. bowler, has, according to advices received by the mail, gone over to the great majority, having been found drowned near Clifton, Bristol, where for some years he had acted as coach at the world-famed Clifton College. Pickett, who was a first-class bowler, died of a cerebral hemorrhage, and the cause of his death was attributed to a fall from a cliff near his native county, and the M. C. C. and pretty well came nearly to the first class in the particular branch of his profession. Summerville, the famous Yorkshire cricketer and temperance advocate, has succeeded Pickett as coach at Clifton. It is certainly a pity how quickly the ordinary English cricketer professional passes in his checks.

CRICKETERS FOR CANADA.

Philadelphia, Pa., Jan. 17.—The University of Pennsylvania cricket team, which made such a famous record last summer in England, will try conclusions with the Canadian cricket team for games, and in a short time a schedule will be arranged, including games with Toronto, Montreal and Quebec colleges and clubs. During the entire trip last summer the Pennsylvania team lost but one game, and because of this phenomenal record the athletic association of the university awarded them their varsity letter. Of this championship team, eight men are still in college, besides several substitutes, so the Pennsylvania team should be able to give the Canadians as good a game as they did their English brother cricketers.

The team will leave the latter part of June, after the examinations are over, and will proceed immediately to Canada. The regular schedule will be so arranged as to not interfere with the Canadian trip.

BILLIARD GAMES IN NEW YORK.

New York, Jan. 17.—Oro Morningstar easily won both billiard matches in the three-cornered handicap match at the 18.2 inch style, which is now in progress at Maurice Daly's academy.

In the evening game he defeated Thos. Gallagher in 18 innings, the final score being: Morningstar 300, Gallagher 147.

Morningstar defeated Arthur Marcotte, the Canadian, in the afternoon game. He scored 400 while his opponent was scoring 136.

His best efforts netted him high runs of 78, 52 and 36, with an average of 20. Marcotte's best run was 37, and he made an average of 6.4-20.

A CHALLENGE.

SHORT ENDS.

Little Paragraphs of Sport From Far and Near.

Dave Percy, who has been residing here for some months, has signed to play for the Terre Haute team in the Indiana Central League next season. He will leave here to-morrow.

Paul Porter, of this city, and Jack Forbes, of Merrittton, have been matched to play a game of billiard for \$100 a side. The match will take place to-night at Jones' billiard parlour. Jimmy Dale will referee.

Pittsburg, Jan. 17.—Several exciting finishes last night marked the third night of the tournament being held in the Exposition rink here for the world's roller skating championship. The final heat was won by Kid Emanuel, of Pittsburg. Smith, Norristown, Pa., finished second, but was disqualified, and W. H. Merritt, of Canada, got the place, with Benson, of St. Louis, third.

At a meeting of the University of Toronto Gymnasium Executive, held yesterday afternoon, it was decided to hold the annual assault-at-arms on the evening of Feb. 28. The assault-at-arms is an exhibition of the work done in the gymnasium.

Babies Buried in Trench.

Detroit, Jan. 16.—Far over on the west side of Forest Lawn Cemetery, in a big trench almost 40 feet long and two feet eight inches wide, lie the bodies of 15 tiny babies, placed there in almost sardine-like order.

The bodies are all from lying-in hospitals of Detroit. The "funerals"—one hurried, pitiless dumping of tiny human bones into the big pit—look place Tuesday morning, according to the statement of Superintendent John Sullivan, of the cemetery. The deaths of the babies date from Oct. 29 to Dec. 29.

Trustee Leves, of the Toronto Board of Education, has given notice of motion that Roman Catholic teachers in the public schools be requested to resign, and that in future no teachers of that faith be employed.

LEANS WON.

Two teams from the Westinghouse Bowling Club played at the Brunswick alleys last night. The "leans" defeated the "fats" by 35 pins. The scores:

SOME SNAP SHOTS AT SPORTS AND SPORTSMEN

When Bob Fitzsimmons was here a few weeks ago he talked a good deal of nonsense about himself and Tommy Burns. He talked for publication, and his talk was published. The sporting editor of the Times sent Tommy Burns copies of local papers containing Ruby Robert's pantings, and to-day a letter was received from Burns. Tommy hands Fitz a warm package. The letter will be published in to-morrow's Times, space being limited to-day.

John L. Sullivan edited the sporting page of the Toronto News yesterday, and he presented the readers with two good pages of sporting items. Sullivan passed up a good story, however, the story of how Conkle, the Hamilton wrestler, fooled him and Kilrain at Detroit a few weeks ago. Conkle applied at the stage door for permission to go on with Kid Cutler, a husky wrestler, who was meeting all comers. Sullivan said Cutler would make a show of him, and Conkle, dressed as a rube, offered to bet \$10 on himself. The big fellow and Kilrain accepted the wager. When Conkle began to mix it up with Cutler the curtain was rung down, and the fighter who styles himself a gentleman put the boots to Conkle, so Conkle says. The press despatches at the time stated that Conkle was roughly used by stage hands.

Tom Flanagan, of the Toronto Irish-Canadian Athletic Club, says he and "Jim" Sullivan, of the A. A. U., are now on the outs for keeps, and that Longboat will not seek reinstatement at the hands of the A. A. U.

The new Fort Erie management, which, it is well known, is backed by western capitalists, have told their friends that they propose to make material changes in the conduct of the plant. They assert that the syndicate ring will be a thing of the past, that it will be open and its management will be wholly directed from the right end. It is also proposed, it is said, to discourage the general indiscriminate issue of free badges.

The wiping out of the syndicate ring and putting the gate upon a business basis will undoubtedly have the effect of renewing the confidence of the horse

men, on the one hand, and of elevating the general tone of the visitors.

Here's a very timely article about Bob Fitzsimmons from the pen of the sporting editor of the Toronto World:

"There is nothing so pathetic as an old man who is blind and does not want to see. Such a one is Robert Fitzsimmons, playing the boards at the Star this week. In a speech, Fitz states that he has had his day; that he lost honorably, and then in the next breath goes on to say that he is still middle-weight and light heavyweight champion, and that he is willing to fight any man in the world, preferably Tommy Burns, whom he believes he can knock out in ten rounds. Fitz's sun rose years ago and set in the western world a few seasons later, when Jeffries administered two sleeping powders. It is hard for the old man, who, in his day, was the most cunning and wide-awake fighter of them all, to realize that he has nothing left but his glory. In a fight with Burns he would not think that a sleeping powder had been administered, but that he had been hit with the leg of a table. How theanky one believes that he can carry the handicap of 20 years difference in age between him and the Canadian and win is a mystery. Some athletes in their dotage should not be taken too seriously."

The See-Saw Sale

HOW TOMMY BURNS GOT RING NAME.

While Racking His Brain to Concoct His Identity From Opposing Team Old-time Horse Follower Gave Him Tip.

The "nom de ring" of the heavyweight champion of the world, Tommy Burns, is supposed to date from several years ago in Chicago. An old time manager of fighters, I have forgotten his name, told him that he never would be an advertising success, handicapped by the name of Noah Brusso, and requested him to assume the cognomen he now wears in remembrance of an old time fighter. It was not his first appearance under that appellation.

During the opening of the present century, while Burns was working in Detroit and before he ever thought of trying to gain honors and riches in the boxing world, a game of hockey was arranged between a fast team which at that time knew Detroit and suburbs as its home and the septet of old timers who had emigrated from Canada to the American Soo and were trying to establish the game there. The sport took well enough from the start to justify the promoters bringing good teams over for exhibition games, several former Detroit and Windsor men were behind the movement and one of the first teams to be sought was the seven from the City of the Straits.

Brusso had played the game a lot in his younger days in different Ontario towns and was an adept. His professionalization for playing in a paid lacrosse team, though, barred him from the hockey contests unless the managers of the trip could slip on: over on the Soo branch when they were gazing elsewhere. Brusso dared not go up and play under his own name, as they would have been wise to him in a minute.

When he was given a list of the names of those he might meet Brusso stated that there was little danger of his being detected provided he played under an alias, for he was positive that he knew no one in the Soo country and that nobody up there knew him.

This was good news to those who were to be his teammates, as the German-Canuck was a tower of strength to the forward line. He not only was an excellent and speedy skater and splendid stick-handler but he had a terrible shot and could almost break an inch board with the rubber.

A few days before New Year's the club boarded the train for the copper country. On the long, dull ride over the barrens of north Michigan, Brusso

had plenty of time to think of a name for himself, but he was handed one at the beginning of the trip by an old racetrack follower who knew nothing, could and would talk nothing but Tommy Burns, the jockey, who, he stated, was or was going to be, the greatest jockey in the universe.

Brusso thought the name would suit him for the next few days and coached his fellows to call him Tommy Burns all the time so that no embarrassing mistakes might be made during their stay in the canal town. This is how the name of Tommy Burns first struck the fancy of the heavyweight champion and consequently when the old fight follower gave him especially good reasons for such a change Brusso fell in with the idea immediately.

It is not generally known that Burns was a star hockeyist in his day. He played a mighty good game in his teens and had the making of one of the best in Canada had he not left the country of ice and snow for a place where his ability to fight was to make him famous.

Tommy never says much about his hockey days, as he always considered himself a much better lacrosseur. At that, though it is just possible that the strength he has in those forearms of his is as much the result of a strenuous and long practice at shooting the heavy rubber puck as it is of toss-

ing the lacrosse ball around in the clock cord stick.

A novice can go out on the ice and in two or three trials learn to lift the puck, as it is called, on the side of his stick and hurl it high in the air for many yards. But to shoot the rubber, causing it to leave the ice and skim through the air at a distance of one or two feet off the surface, is an art that takes long and arduous practice.

It is exceedingly tiring, and as the whole skill lies in a sharp turn of the wrist as the rubber touches the heel of the stick, followed by a long sweep it can be seen that in order to be a successful shot one must have abnormally developed arms and wrists.

Some of the best shots in the game can drive the rubber on a straight line for sixty yards. The force with which the puck is going when one of these drives is sent at the nets from a few feet in front is the terror of the goalkeeper.

Brusso developed his shot as a boy and his wrists consequently were akin to a blacksmith's. The champion heavy was one of the first to discover and use it, and many claim that he was really the father of this style of shooting, which has been adopted wherever hockey is played. Ten years or so ago, when hockey was played in but desultory fashion in Canada, a forward line would bring the rubber down the ice and the player who was to shoot always had to turn his back to the nets and rely upon a slow swift to wave the curtains.

This method prevailed for years, but the awkwardness of it was apparent to all. Brusso, Grindy, Forester, Bert Morrison, and other players who since have been connected with the Inter-

national League, solved the problem with the straight shot. Their performances were considered marvelous at the time, but it was not long ere every kid in the country was practicing the new style and a crop was turned out in a few years which flooded the country.

Now, the first thing a boy learns about the game is how to shoot, and the average Canadian lad who plays hockey good enough to get up with the big teams over there usually has a forearm like a prize fighter. Skill and strength in the arms alone are all that is required, as some of the hardest shots in the game are little fellows who would not scale over 135.

They dig in the ice the toes of their skates and their arms do the rest.

TO BUY UP POLISH LAND.

Chancellor Von Buelow Advocates Such a Measure.

Berlin, Jan. 16.—Chancellor Von Buelow spoke in the Prussian Senate in support of the bill authorizing the Government to enforce the sale of the so-called Commission of Lands in Prussian Poland held by Poles, in order that Germans might be settled upon them with the aid of the State. The Chancellor said that if the germanization of Poland was to take place this measure must be adopted. It was a sharp weapon, but the situation in Poland required that it be used. In conclusion Prince von Buelow thanked the National Liberals and the two Conservative parties for their support.

Mr. J. H. Clarke has been elected President of the Toronto Board of Trade by acclamation.

BEAMSVILLE TEAM BEATEN.

St. Catharines Hockey Team Won Village Game.

St. George's Hockey Team, of Toronto, Will Play Here This Evening—Four Games in Military Indoor Baseball League Series Last Night.

Beamsville, Jan. 17.—(Special.)—St. Catharines hockey team defeated the local red and green seven in the game here last night. The play of both teams was very ragged, and little or no combination work was displayed. Beamsville scored the first goal right from the drop of the hat, but after that it was all with the Saints, the score at half time being 8-2, and the final tally making it 13-6. Referee Fred Wagborne did not hand out many penalties, but occasionally a player decorated the timbers for slashing. A big crowd was on hand, but the rooting failed to land the home septette on top. It was a big disappointment to the supporters of the home team after the fine work-out with the Hamiltons last week.

TO-NIGHTS GAME. The management of the Hamilton hockey team has gone to considerable expense to bring to this city one of the fastest and cleanest teams in Ontario for a game with the Hamilton team at the Thistle rink this evening. The club has arranged to reserve seats for all important games, the charge being 25 cents per seat, which is well understood, that such a charge is necessary if the

Brantford club could not get the ice, and the game was postponed.

CHASING THE PUCK.

It required twelve stitches to close up the cut received by Dr. "Bill" Wood in the game with Galt. The members of the Galt seniors who were beaten by the Toronto Athletic Club here Wednesday night say that the western members of the Ontario Professional League are hot on the trail of Bill Twiss, the good Galt player. Twiss' friends said that he was not averse to playing pro hockey, but that he wants a better arrangement—as to terms and the certainty of getting what is agreed upon than offered by the clubs who would like to acquire his services.

The Paris correspondent of the Brantford Expositor, after the 10 to 0 defeat of the Paris team on the latter's ice by the Woodstock juniors, says: "Woodstock juniors did the trick, and never has such a junior team been seen in Paris before, not even excepting the Stratford Midgets of a year ago. The lightest man on the Woodstock seven would probably scale 25 pounds over the local heavy-6, but in addition to weight they had the speed, the stick-handling qualities and the habit of scoring."

INDOOR BASEBALL.

Four Games Played at Drill Hall Last Evening.

The indoor baseball games in the Military League at the Armory last evening were fast and furious and the scores ran high again. At 8 o'clock at the West End, D Company of the 91st had no difficulty in defeating the 12th Field Ambulance Corps by a margin of seven runs, the score being 21 to 14. At the east end of the hall the signallers of the 91st were being swamped by the team from A Co. 91st, to the tune of 33 to 11. The games evened up a bit in the nine o'clock series, the 4th Field Battery and C Co. 91st, having a hard fight. The Battery boys won out in the last inning, scoring four runs against last year's champions. The score was 15 to 9. There was another run-away match between the Band of the 91st and B Co. 91st, at the east end of the hall, and the latter team did the running away, winning by a score of 21 to 7.

OLD UNITY LODGE.

Public Installation of the Officers For 1908.

On Wednesday night Unity Lodge, No. 47, I. O. O. F., held a public installation in the Thelma Club quarters, the seating capacity of the hall being taxed, there being about 450 present. The evening opened with a short programme by the orchestra, when the address of welcome was tendered by District Deputy Grand Master Geo. C. H. Mann, who called on P. G. Lutz, LeDrew—two readings, followed by the reading of the constitution by Beemer, N. G., then took the chair, and his officers assisted him in the reception of Canton Hamilton, No. 4 P. M., under command of Past Commandant Bro. J. Findlay, who appeared in full uniform. In turn the Commandant and

his officers and men assisted in the reception of the D. D. M. Bro. C. H. Mann, and his installing board, composed of Grand Marshal G. O. Laker, Grand Warden J. LeDrew, Grand Secretary James Ogilvie, Grand Financial Secretary Edward Drinkwater, Grand Treasurer F. R. Martin. The installation ceremony was conferred in a very creditable manner to the representatives of the installing board, who were the recipients of many congratulations. The Canton also came in for their share, as their neat appearance lent a tone to the event. The ceremony having closed, the evening was spent in a social way until midnight.

The officers for the present term are as follows: J. P. G. A. T. Beemer, N. G. R. Gillespie, Recording Secretary, J. M. Iredale, Financial Secretary, A. McCandlish, Treasurer, A. W. Leaney, Warden, George French, Grand Marshal, G. O. Laker, Grand Secretary, James Ogilvie, Grand Financial Secretary, Edward Drinkwater, Grand Treasurer, F. R. Martin, Grand Warden, J. LeDrew, R. STEPPED IN WAY OF TRAIN.

Unknown Man Killed on the Toronto Branch.

Body Brought to This City and Inquest Opened.

Man Who Was With Him Held as Witness.

An unknown man, twenty-five years of age, thought to be a tramp, was killed last night by the G. T. R. express from Toronto, a few miles this side of Mimico and east of Port Credit.

The police do not suspect Powers of foul play. They say it is only a precautionary measure to insure his being present at the inquest, as the floating population do not relish being mixed up with the police.

The busiest of men, no matter in what profession or business, finds it necessary to seek relaxation from the everyday duties of life, and we know of nothing more desirable to realize this perfectly than music in the home.

You can acquire this boon to the fullest extent by the means of the player-piano, which anyone can play. Read below what Dr. E. S. Hicks, of Port Dover, has to say about the Gerhard Heintzman player-piano, one of which he purchased recently:

Port Dover, Ont., Dec. 19, 1907. Gerhard Heintzman, Limited, Dear Sirs:—Our player-piano arrived safely, and we have now had a good opportunity to make a personal test of it.

It exceeds my expectations in every particular, in its tone, its action, and its easy manipulation. No investment I have ever made has given me the pleasure that I have derived from my player-piano. "No music lessons for me" when I can buy a Gerhard Heintzman player.

A few lines to Gerhard Heintzman, Limited, corner King and Catharine streets (opposite Terminal Station), will bring you full particulars of their wonderful player-piano mechanism, the only one in the world playing the full 88 notes of the piano.

HARRY BRYANT RETIRED. No. 3 school section, Barton, situated on the mountain, just above the city, had its trustee election yesterday.

The other two trustees are Rev. Jos. Fennell and Mr. H. C. Chappell.

Causing a Stir. The interest in the half yearly sale started by Grafton & Co. continues, and people are talking about the wonderful bargains.

Now for Saturday \$10

To-morrow will be the record day of this sale. Yes, it will—everybody won't wait until next week and risk losing the chance of getting an \$18, \$20, \$22 and \$25 Coat or Suit at \$10.

Nearly 400 Suits and Overcoats to select from yet, and about 100 of them were never sold for less than \$16 until this sale started.

Of course, if you have not \$10 to spend just now wait until later, as the price will continue to drop one dollar each day until the 28th; but don't forget that in the meantime other men are getting the best garments—they are getting first choice of the best overcoats and suits for \$10 that we ever sold at \$18, \$20 and \$25.

Why do we do it? This question has been asked so often, let us explain for the hundredth time: "Simply because we are bound to do the largest clothing business in Hamilton always."

During the past years tons of cheap clothing from Montreal has been brought to Hamilton for "special sale" purposes, and we don't propose to lose a single dollar's worth of our business to less worthy concerns.

We figured on dropping some money on this sale, and we are doing it, and if you don't believe we are, then deal at some store you have more confidence in. We mean what we say, right up to the hilt.

20 per cent. off all Boys Suits and Overcoats to-morrow.
