ROYAL YEAST CAKES

The quality of Royal Yeast Cakes is such that it cannot be improved, so we are improving the package. The change from a round to a square package will be made as rapidly as practical. The quality of the round and square cakes is guaranteed to be identical in every respect. Each of the square cakes are wrapped separately by machinery, in wax paper, in such a manner as to make them practically airtight, and scientifically hygienic.

Are you troubled with blotches, pimples or blackheads? Mr. O. M. Smith, of 630 21st St., Edmonton, says: "For skin troubles there is nothing can equal Zam-Buk. My skin was as blotchy I was ashamed of it, and although I tried every remedy I could think of, it got no better until I used Zam-Buk. This herbal balm has worked wonders-my skin is now perfectly clear and smooth."

Such ailments, although apparently on the surface skin, really arise in the underlying tissues, and Zam-Buk's success in such cases is due to its wonderful power of penetration, which enables it to reach the root of the trouble. The stimu-istive quality in Zam-Buk rouses the sluggish cells to healthy action. This prometes a vigorous circula-tion which carries on all imparities and a smooth, clear skin is the

WHO ARE SHOUTING THE PRAIS-ES OF DODD'S KIDNEY PILLS.

Saskatchewan Man's Kidney Trouble Developed Into Diabetes-Story of His Complete Cure.

Strong Pine, Sask., Feb. 12th .-(Special.)-Sore back, which developed into diabetes, had made life a burden to Maxim F. Capusten, a farmer of this place. Dodd's Kidney Pills cured him, and he is added to that great army of Canadians who glory in telling their neighbors that Dodd's Kidney Pills are the one sure remedy for all kidney ills.

"For nearly five years I suffered from sore back and headache," Mr. Capusten says, in giving his experience. I had a bad taste in my mouth in the mornings, and I was always tired. My muscles would cramp, and was nervous, and the least exertion would make me perspire freely. At last diabetes developed.

"I finally came to the conclusion ers and snobs, though both classes that my kidneys were the cause of my trouble, and decided to try Dodd's Kidney Pills. I got half a dozen boxes, and before I had finished taking them I was completely cured. "I advise anyone suffering as I did

All Mr. Capusten's troubles came from diseased kidneys. They speedly ceased when he commenced to use the one sure help for diseased kidneys -Dodd's Kidney Pills.

Harriman of the Air.

New York, Feb. 6.—Roy U. Conger, the "E. H. Harriman of the Air," as he is already called because of his purchase of ten million dollars' worth of Canadian government aircraft equipment, plans vast aerial lines for carrying freight, passengers, express

Starting in Canada, these commercial air lines are to be extended into the United States. At the offices of the United Air-craft Engineering Corporation, at 52 Vanderbilt Avenue, the new air magnate told of his preliminary plans for criss-crossing the sky with freight

and passenger lines.
"Exact plans for the operations of the aerial lines cannot be given out as yet," he said, "for the deal was put through in such a hurry that I have not yet had time to work out

"Our first big job, of course, is to assemble the planes and other equip-ment which we have purchased. It is scattered over Canada in six flying ields. The assembly will be made at Leaside, just outside of Toronto, our headquarters. I have appointed F. G. Ericson, former chief engineer for Canadian Airplanes, Ltd., as general nanager.

"As soon as assembly of the proerty is complete, we will start the establishment of air lines, laying out anding fields and air routes and starting to carry light express matter. Later on we will take passengers, and may carry mail for the Do-minion, Government. We will get all the pilots we need from the 2,500 Canadian aviators who are returning from overseas. We expect such success from the initial Canadian operations that the business will soon spread to the United States."

The new air king's purchase includes 350 Curtiss JN-4 training planes, 1,000 Curtiss OX engines of 90 horse power each and a great quantity of propellers, spare parts, extra fuselages, etc. The price paid for the material, which cost the Canadian Government, originally, some ten million dollars, Mr. Conger refused to reveal. He expressed the opinion, however, that he "got a bargain." The entire purchase was financed by the United Aircraft Engineering Corporation, of which F. D. Diffin is President, and of which Roy U. Conger is the controlling interest. There will be no stock for sale to the public, as Conger intends to run his air service entirely "on his own."

We cannot entertain for a moment that it is "the correct thing" for the Government to make an annual grant to Sergeant Ricketts toward his edu-cation, and for every ten reasons why this wholly obligatory matter should be taken up by the public, there is not one which could be adduced in favor of the Government being the sole donor. As we stated on Monday it is obvious why this course should not be considered, and we think that the same will be at once apparent to our notwithstanding anything that may be said to the contrary by Editor Evening Telegram. those who in urging this plan, are Dear Sir,—The Visiting Committee

The argument advanced by "a contemporary" that by adopting the popular subscription method, we shall be holding the young man up every day as depending upon the generosity of the people is too puerile to be considered. The process of raising the Fund by direct donations of the people themselves will be neither slow nor inadequate, once it is inauguarated and systematised, and the objection to it is not based on reality.

He was a true type of "the born teacher," he loved his work and loved his pupils, and whilst he left nothing undone to give them a good start in the various avocations which our city afforded, he made "the one thing necessary" the keystone of all his school work—he sought to impress on their minds that "the Kingdom of God and his justice" must always get first place.

Brother Kennedy loved Newfoundland and its people. As late as last week he said in a letter to the Brothers that his most ardent wish was to return to St. John's and give his remaining energies to the old schools

"Roosevelt" Expedition.

The expedition which Captain Robert A. Bartlett, explorer and fisherman, will lead next June to make an aerial survey of the north pole will be known as the Roosevelt memorial expedition, according to an announcement by the Aero Club of America, which is financing the trip. Any land discovered will be named "Roosevelt Land."

Officers of the club explained it was fitting that this tribute should be paid the former President, as it was he who gave Rear Admiral Peary leave of absence to head the expedition which discovered the pole, and Captain Bartlett commanded Peary's ship, the Roosevelt.

RENEWAL AGREEMENT REACHED PARIS, Feb. 12. (By the A.P.)—The Supreme War Council, after two protracted ses-sions to-day, reached a complete agreement on the new terms of the armistice to be presented to Germany. The text of these terms will not be made known until presented, but the fact that there was complete agreement between the delegates was a ment between the delegates was a source of satisfaction in conference circles, after the period of tension caused by discussions before the war council. The war council will hold another session to-morrow, prior to the departure of Marshal Foch for Treves, where he will present the terms to the German armistice commission.

WILL DEMAND RECOGNITION. BERNE, Feb. 13, BERNE, Feb. 13.

As a result of a long conference between Mathias Erzberger, member of the German armistice commission, and various ministers at Berne on Monday, it was decided, according to the Frankfort Zeitung, that Erzberger will demand that the Allies recognize the new Berlin Government, when he meets the Entente chiefs to negotiate a renewal of the armistice.
