The Senate adjourned during pleasure.

After a while, His Excellency the Governor General having come, and being seated on the Throne,—

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House that,—

It is His Excellency the Governor General's pleasure that they attend him immediately in the Senate Chamber.

The House of Commons being come,

His Excellency the Governor General was then pleased to open the second Session of the eighteenth Parliament by a Gracious Speech to both Houses, as follows:—

Honourable Members of the Senate:

Members of the House of Commons:

It affords me much pleasure to meet you at the commencement of another session of Parliament.

The people of Canada, in common with the peoples of the other parts of the British Commonwealth of Nations, learned with deep concern of the decision of His Majesty King Edward the Eighth to renounce the Throne for himself and his descendants. In accordance with the Statute of Westminster, steps were immediately taken to set forth the request and consent of Canada to the enactment of legislation by the Parliament at Westminster for the purpose of giving effect to His Majesty's instrument of abdication and providing for the succession to the Throne. In accordance with the same Statute, the assent of the Parliament of Canada will be sought to the alteration in the law touching the succession.

You will be invited to adopt a resolution expressive of the loyalty of the members of both Houses of Parliament to His Majesty King George the Sixth.

His Majesty has been graciously pleased to set the twelfth of May as the date for his Coronation. Provision will be recommended for the appropriate representation of Canada at the Coronation ceremonies.

An Imperial Conference will be held in London, beginning in May of this year, for the consideration of questions of interest to the various members of the British Commonwealth.

The international situation continues to give much ground for anxiety. The September Assembly of the League of Nations gave earnest consideration to the bearing of recent developments upon the activities of the League, and a Committee was appointed, on which Canada is represented, to consider the question of the application of the principles of the Covenant.

Happily, international relations on this continent, and conditions in Canada, present a striking contrast to those of many other countries.

The visit of the President of the United States to Canada in July last was a much appreciated expression of international friendliness and good-will.

The year just closed has witnessed a steady improvement in conditions throughout Canada, and has borne testimony to the beneficial effects of the fiscal policies of the Administration, and of other methods employed to achieve national recovery. A very definite restoration of confidence is in itself an augury of the continuance of recovery.

A marked increase in trade and commerce has been accompanied by a noticeable improvement in the general economic position. Outstanding features of this improvement have been an expansion of markets, a revival of industry, an increase in employment, ascending government revenues, and upward trends in wages and prices. In the primary industries improvement has been especially noteworthy.

There has been a pronounced increase in the volume of farm products exported. It is the intention of the government to continue a vigorous promotion of the sale of agricultural products at home and abroad.

The Government's efforts to expand Canada's trade have been unremitting. Since the last session of Parliament Ministers of the Crown have visited Great Britain and other countries, to participate personally in the negotiation of trade agreements. At the present time, the Minister of Trade and Commerce is on the way to Australia and New Zealand to discuss the revision of existing agreements.

You will be pleased to learn that an agreement in principle has been reached between His Majesty's Governments in the United Kingdom and Canada with respect to a new trade agreement. The agreement itself will be submitted for your approval during the present session.

With the assistance and co-operation of the National Employment Commission, progress has been made in coping with unemployment and relief. Relief camps were closed on July 1. A registration of unemployed persons on relief has been completed. Dominion-Provincial agreements have been entered into respecting a Farm Employment Plan, under the terms of which work has been provided for thousands of single homeless men. A Home Improvement Plan has been put into operation. Despite these measures, however, and the substantial increase of employment, the provision for large numbers still on relief remains a foremost problem.

Measures will be taken, in co-operation with the Provinces, to assist in the establishment of unemployed young people.

A comprehensive program to meet the serious conditions created by widespread and intense drought in Western Canada was adopted during the summer months.

The amalgamation and consolidation of certain branches of the public service, for which provision was made at the last session, have been effected. The Board of Governors of the Canadian Broadcasting Corporation and the Board of Directors of the Canadian National Railways have been appointed and have entered upon their duties. Through the purchase of stock and the appointment of Directors, authorized by Parliament, the Government has assumed a predominant interest in the ownership, and an effective control of the Bank of Canada.

Measures will be introduced to provide for the establishment of a trans-Canada air service; to extend the authority of the Board of Railway Commissioners, and to revise the capital structure of the Canadian National Railways. Among other proposed legislative enactments to which your attention will be invited, will be bills to facilitate the making of loans for the repair and improvement of rural and urban homes; to amend and consolidate the acts which relate to combines in trade and industry, and to provide for pensions to the blind at a lower age than seventy years. A measure will also be submitted with respect to the discharge, in any coin or currency which is legal tender, of debt payments at present required to be made in gold or gold coin.

Members of the House of Commons:

The Public Accounts of the last fiscal year and the Estimates for the coming year will be submitted for your consideration.

Honourable Members of the Senate:

Members of the House of Commons:

In again inviting your careful consideration of the important matters which will engage your attention, I pray that Divine Providence may guide and bless your deliberations.

The Commons withdrew.

His Excellency the Governor General was pleased to retire.

The Senate was resumed.

The Honourable Senator Dandurand presented to the Senate a Message from His former Majesty King Edward VIII, dated 10th December, 1936, and the Instrument of Abdication, of the same date.

The Honourable the Speaker then read the said Message, as follows:—

FORT BELVEDERE,
SUNNINGDALE,
BERKSHIRE.

After long and anxious consideration, I have determined to renounce the Throne to which I succeeded on the death of My father, and I am now communicating this, My final and irrevocable decision. Realizing as I do the gravity of this step, I can only hope that I shall have the understanding of My peoples in the decision I have taken and the reasons which led Me to take it. I will not enter now into My private feelings, but I would beg that it should be remembered that the burden which constantly rests upon the shoulders of a Sovereign is so heavy that it can only be borne in circumstances different from those in which I now find Myself. I conceive that I am not overlooking the duty that rests on Me to place in the forefront the public interest, when I declare that I am conscious that I can no longer discharge this heavy task with efficiency or with satisfaction to Myself.

I have accordingly this morning executed an Instrument of Abdication in the terms following:—

“I, Edward VIII, of Great Britain, Ireland and the British Dominions beyond the Seas, King, Emperor of India, do hereby declare My irrevocable determination to renounce the Throne for Myself and for My descendants, and My desire that effect should be given to this Instrument of Abdication immediately.

In token whereof I have hereunto set My hand this tenth day of December, nineteen hundred and thirty-six, in the presence of the witnesses whose signatures are subscribed.

(Signed) EDWARD R. I.”

My execution of this Instrument has been witnessed by My three brothers, Their Royal Highnesses the Duke of York, the Duke of Gloucester and the Duke of Kent.

I deeply appreciate the spirit which has actuated the appeals which have been made to Me to take a different decision, and I have, before reaching My final determination, most fully pondered over them. But My mind is made up. Moreover, further delay cannot but be most injurious to the peoples whom I have tried to serve as Prince of Wales and as King and whose future happiness and prosperity are the constant wish of My heart.

I take My leave of them in the confident hope that the course which I have thought it right to follow is that which is best for the stability of the Throne and Empire and the happiness of My peoples. I am deeply sensible of the consideration which they have always extended to Me both before and after My accession to the Throne and which I know they will extend in full measure to My successor.

I am most anxious that there should be no delay of any kind in giving effect to the Instrument which I have executed and that all necessary steps should be taken immediately to secure that My lawful successor, My brother, His Royal Highness the Duke of York, should ascend the Throne.

EDWARD R. I.

10th December, 1936.

 INSTRUMENT OF ABDICATION

I, Edward the Eighth, of Great Britain, Ireland, and the British Dominions beyond the Seas, King, Emperor of India, do hereby declare My irrevocable determination to renounce the Throne for Myself and for My descendants, and My desire that effect should be given to this instrument of Abdication immediately.

In token whereof I have hereunto set My hand this tenth day of December, nineteen hundred and thirty-six, in the presence of the witnesses whose signatures are subscribed.

EDWARD R. I.

The Honourable Senator Dandurand presented to the Senate a Bill intitled: "An Act relating to Railways."

The said Bill was read the first time.

The Honourable the Speaker informed the Senate that a copy of the Speech of His Excellency the Governor General had been left in his hands.

The same was read by The Honourable the Speaker.

On motion, it was—

Ordered, That the Speech of His Excellency the Governor General be taken into consideration on Tuesday, next.

The Honourable the Speaker presented to the Senate the Report of the Joint Librarians, for the year 1936.

The same was then read by the Clerk, as follows:—

LIBRARY OF PARLIAMENT

Report of the Librarians for 1936

To the Honourable the Speaker of the Senate:

The Joint Librarians of Parliament have the honour to submit their report on the Library for 1936.

The Supplementary Catalogue of books donated and purchased during the past year has been completed and it is expected that printed copies will be in the hands of Senators and Members next week.

The twentieth, and last, volume of the American Dictionary of National Biography has been received. Fifteen volumes of that monumental work, the new edition of the British Museum Catalogue of Printed Books, have now been received. It is expected that it will take 160 volumes to complete the work.

The Library subscribed last year for a very important work entitled "History of Parliament," which is being published by His Majesty's Stationery Office, London. It will probably take thirty years to complete and will include biographies of the Members of the British House of Commons from 1439. The object of the History is to describe the people in Parliament—their ideas, standing, and politics—and to trace the gradual growth of Parliamentary representation and government from its earliest beginnings in 1264 to the Representation of the People Act of 1918. The first volume has now been received.

To both the English and French sections of the Library many new and important works on political and economic questions have been added during the past year.

Changes have been made in the alcove on the left of the entrance to the Library. Tables and chairs have been provided for the convenience of Senators and Members, and the Law Reports, which previously filled the shelves, have now been put elsewhere and replaced by works on finance and a comprehensive collection of speeches, political and otherwise. Some changes, relieving congestion in other alcoves, have also been made.

On September 30th last Mr. M. C. MacCormac, assistant librarian, was retired on superannuation. Mr. MacCormac had done honourable and useful service in the Library of Parliament for fifty-one years and had been employed in the public service under every Prime Minister since Confederation, with the exception of Alexander Mackenzie. The Civil Service Commission has appointed Mr. F. A. Hardy to the vacant position.

Respectfully submitted,

MARTIN BURRELL,
FELIX DESROCHERS,

Joint Librarians.

Ordered, That the same do lie on the Table.

With leave of the Senate, and—

On motion, it was—

Ordered, That when the Senate adjourns to-day, it do stand adjourned until Tuesday, next, at three o'clock in the afternoon.

The Honourable Senator Dandurand informed the Senate that at the next sitting he would move a Resolution to extend the greetings of the Members of this House to His Majesty King George VI upon His Majesty's Accession to the Throne, and to convey to His Majesty the King and to Her Majesty the Queen, the assurance of their loyalty and support.

The Senate adjourned.

The Committee recommend:—

1. That the Senate do approve of the following Report of the Civil Service Commission:—

" 537.36

December 8, 1936

CIVIL SERVICE COMMISSION OF CANADA

To the Honourable the Speaker of the Senate:

Under Sections 9 and 61 of the Civil Service Act, the Civil Service Commission, at the request of the Clerk of the Senate, submits the following report for approval:—

It is recommended that the organization of the Senate be changed by the creation of a position of Head Clerk, Part Time (\$2,520-\$3,000), effective from July 1st, 1936.

This position is necessary in order to compensate an officer for the extra duties he is called upon to perform.

Attached hereto is a copy of a report in this connection.

C. H. BLAND, *Chairman.*

ADR. POTVIN, *Commissioner.*

J. H. STITT, *Commissioner.*

Respectfully submitted,

W. E. FOSTER,
Speaker of the Senate."

2-12-36.

"It is represented to the Commission that Mr. Gilman performs certain responsible duties for the Senate in addition to his accounting duties in the office of the Senate Accountant. These extra duties necessitate a very considerable amount of overtime, estimated by the Clerk of the House at two hours per day the year round.

It is expected that upon the retirement of Mr. H. Gross, the Senate Representative of the Treasury, Mr. Gilman will take over all of the accounting duties of the Senate.

There are three ways in which Mr. Gilman might be compensated for these extra duties which he performs, and for which the Organization Branch considers extra compensation should be paid. Mr. Blount has verbally suggested an amount of \$500 per annum.

1. Payment of an extra salary as Head Clerk, Part Time. This will necessitate the creation of a position of Part Time Head Clerk on the staff of the Senate.
2. Reclassify Mr. Gilman's position to Departmental Accountant, Grade 3. This procedure is not strictly in accord with the situation as it is not on account of accounting work the extra salary is to be paid.
3. Obtain approval for the payment of an amount for overtime.

The Organization Branch considers that No. 1 suggested should be followed and recommends that a report to Council be authorized for the creation of a position of Head Clerk, Part Time, on the staff of the Senate, and having been created, the Commission issue a certificate under Section 17 of the Act as Head Clerk, Part Time, at \$40 per month, \$480 per annum."

and that Mr. H. D. Gilman, Departmental Accountant, Grade 2, be appointed Part Time Head Clerk at a salary of \$40 per month.

All which is respectfully submitted.

W. H. SHARPE,
Chairman.

Ordered, That the said Report be placed on the Orders of the Day for consideration to-morrow.

The following petition was presented:—

By the Honourable Senator Lacasse:—

Of Theophile A. St-Germain and others (The Mercantile Fire Insurance Company).

The Honourable Senator Dandurand laid on the Table:—

Naval General Orders, dated 1st February, 1937.

General Orders (Militia and Royal Canadian Air Force) dated 1st February, 1937.

A Message was brought from the House of Commons by their Clerk with a Bill (15), intituled: "An Act to provide for Appeal to the Court of Appeal of the Province of British Columbia in Divorce and Matrimonial Causes," to which they desire the concurrence of the Senate.

The Honourable Senator Sauvé moved, that it be—

Resolved,—That our age being evidently what some authorities call "the age of metal," as minerals are more and more sought for and used in the industries which are created or developed by the discoveries of science, as well as the new needs of social and economic activities;

That, while recognizing what has been done by the Governments of the country in view to fulfill these needs and to avoid abuses, this House is however of the opinion, that it is urgent for Canada to utilize to a greater extent, first of all to her own benefit, the untold wealth of her subsoil throughout her vast territory, through the rational development of her mining industry by the best knowledge of our Natural Resources; by a fair protection of Capital, honestly invested; by a control sufficient to protect herself as far as possible against:—

1. Ill-advised investment of capital;
2. Dishonest brokerage;
3. Fallacious prospectuses and misleading publicity;
4. Trusts;
5. Invasion of our Country by undesirable capital;
6. Danger of foreign covetousness, which is usually the cause of wars of conquest;

This House also thinks that Canada claims more than ever a mining policy directed so as to:—

- (a) Protect our human capital against diseases which generally threaten the mining labourers;
- (b) Encourage to a greater extent technical and geological teaching and to give proper employment to her graduates;
- (c) Give work to her employable unemployed before all others;
- (d) Favour colonization while preventing further rural exodus;
- (e) Organize and protect local markets for the distribution of goods produced by Canadian farming and manufacturers;
- (f) Prohibit all immigration which might be inimical to her fundamental institutions and which might constitute, in her mining centres, seats of disorder and agencies of revolutionary propaganda.

After debate, it was—

That, while recognizing what has been done by the Governments of the country in view to fulfill these needs and to avoid abuses, this House is however of the opinion, that it is urgent for Canada to utilize to a greater extent, first of all to her own benefit, the untold wealth of her subsoil throughout her vast territory, through the rational development of her mining industry by the best knowledge of our Natural Resources; by a fair protection of Capital, honestly invested; by a control sufficient to protect herself as far as possible against:—

1. Ill-advised investment of capital;
2. Dishonest brokerage;
3. Fallacious prospectuses and misleading publicity;
4. Trusts;
5. Invasion of our Country by undesirable capital;
6. Danger of foreign covetousness, which is usually the cause of wars of conquest;

This House also thinks that Canada claims more than ever a mining policy directed so as to:—

(a) Protect our human capital against diseases which generally threaten the mining labourers;

(b) Encourage to a greater extent technical and geological teaching and to give proper employment to her graduates;

(c) Give work to her employable unemployed before all others;

(d) Favour colonization while preventing further rural exodus;

(e) Organize and protect local markets for the distribution of goods produced by Canadian farming and manufacturers;

(f) Prohibit all immigration which might be inimical to her fundamental institutions and which might constitute, in her mining centres, seats of disorder and agencies of revolutionary propaganda.

That it be resolved: That our age being evidently what some authorities call "the age of metal," as minerals are more and more sought for and used in the industries which are created or developed by the discoveries of science, as well as the new needs of social and economic activities;

That, while recognizing what has been done by the Governments of the country in view to fulfill these needs and to avoid abuses, this House is however of the opinion, that it is urgent for Canada to utilize to a greater extent, first of all to her own benefit, the untold wealth of her subsoil throughout her vast territory, through the rational development of her mining industry by the best knowledge of our Natural Resources; by a fair protection of Capital, honestly invested; by a control sufficient to protect herself as far as possible against:—

1. Ill-advised investment of capital;
2. Dishonest brokerage;
3. Fallacious prospectuses and misleading publicity;
4. Trusts;
5. Invasion of our Country by undesirable capital;
6. Danger of foreign covetousness, which is usually the cause of wars of conquest;

This House also thinks that Canada claims more than ever a mining policy directed so as to:—

(a) Protect our human capital against diseases which generally threaten the mining labourers;

(b) Encourage to a greater extent technical and geological teaching and to give proper employment to her graduates;

(c) Give work to her employable unemployed before all others;

(d) Favour colonization while preventing further rural exodus;

The Order of the Day being called for resuming the adjourned debate on the motion of the Honourable Senator Sauvé:—

That it be resolved: That our age being evidently what some authorities call "the age of metal," as minerals are more and more sought for and used in the industries which are created or developed by the discoveries of science, as well as the new needs of social and economic activities;

That, while recognizing what has been done by the Governments of the country in view to fulfil these needs and to avoid abuses, this House is however of the opinion, that it is urgent for Canada to utilize to a greater extent, first of all to her own benefit, the untold wealth of her subsoil throughout her vast territory, through the rational development of her mining industry by the best knowledge of our Natural Resources; by a fair protection of Capital, honestly invested; by a control sufficient to protect herself as far as possible against—

1. Ill-advised investment of capital;
2. Dishonest brokerage;
3. Fallacious prospectuses and misleading publicity;
4. Trusts;
5. Invasion of our Country by undesirable capital;
6. Danger of foreign covetousness, which is usually the cause of wars of conquest;

This House also thinks that Canada claims more than ever a mining policy directed so as to:—

(a) Protect our human capital against diseases which generally threaten the mining labourers;

(b) Encourage to a greater extent technical and geological teaching and to give proper employment to her graduates;

(c) Give work to her employable unemployed before all others;

(d) Favour colonization while preventing further rural exodus;

(e) Organize and protect local markets for the distribution of goods produced by Canadian farming and manufacturers;

(f) Prohibit all immigration which might be inimical to her fundamental institutions and which might constitute, in her mining centres, seats of disorder and agencies of revolutionary propaganda.

To the King's Most Excellent Majesty:

MOST GRACIOUS SOVEREIGN:

We, the members of the Senate of Canada, in Parliament assembled, desire respectfully to renew, on the occasion of Your Majesty's Coronation, the assurance of our united loyalty and support, and to offer our heartfelt good wishes for Your Majesty's Reign.

Since Your Accession, we have not failed to recognize, in Your Majesty's public utterances, the assertion of those principles under which the prerogatives and powers of government, vested in Your Person, are held and exercised only according to law and custom sanctioned by general consent. Justice, civil liberty and ordered freedom, thus secured, constitute a most precious heritage. These time-honoured principles, permeating the relations of Your Peoples and their homelands one with another, have served to create a community of free States, responsible for their own destinies, yet resolved to conserve their common inheritance as one of the treasures of mankind. The solemn form and character of Your Majesty's Coronation, comprehending both the old and the new, will, we believe, afford a more vivid sense of the meaning and value of the Crown, thereby strengthening the bonds of mutual trust and affection between the Sovereign and His Peoples.

To Her Majesty Queen Elizabeth we desire also to express our sentiments of loyalty and devotion. We rejoice that the great responsibilities of the Throne are shared by one who already holds a place in the affections of Your Peoples, and whose example fosters those simple and homely virtues which beautify character and enrich family life. The companionship in service thus enjoyed, while ensuring Your personal happiness, will afford to Your Majesty support and strength in the discharge of Your public duties.

Through this stormy and baffling era in human affairs, the Throne has remained broad-based upon the people's will. The Crown, symbolizing the unity and the free association of the Nations of the British Commonwealth, continues to embody the principles of government which they hold most sacred, and their common attachment to the ideals of freedom and of peace. We pray, that under Divine Blessing and Guidance, the foundations of constitutional government may be firmly maintained, and that Your Majesty may be vouchsafed strength and wisdom commensurate with Your exalted and exacting task.

On motion of the Honourable Senator Dandurand, seconded by the Right Honourable Senator Meighen, it was—

Resolved, That the Honourable the Speaker do sign the said Address to His Most Excellent Majesty the King, on behalf of the Senate.

“ The Commons of Canada have voted Supplies required to enable the Government to defray certain expenses of the Public Service.

“ In the name of the Commons, I present to Your Excellency the following Bill:—

An Act for granting to His Majesty certain sums of money for the public service of the financial year ending the 31st March, 1938.

After the Clerk had read the title of this Bill.

To this Bill the Royal Assent was pronounced by the Clerk of the Senate in the following words:—

“ In His Majesty’s name, His Excellency the Governor General thanks His Royal Subjects, accepts their benevolence, and assents to this Bill.”

After which His Excellency the Governor General was pleased to close the 2nd Session of the Eighteenth Parliament of the Dominion of Canada, with the following Speech:—

Honourable Members of the Senate:

Members of the House of Commons:

I desire to express my appreciation of the care and expedition with which you have conducted the proceedings of the session of Parliament now being concluded. The close and continuous attention given your parliamentary duties is reflected in the number and importance of the measures enacted.

The widespread and substantial improvement in economic conditions is evidence of continued progress towards national recovery. Export trade exceeds in value that of any year since 1929. Expansion in employment is now accompanied by a pronounced decrease in the number of persons on relief.

Convinced that recovery is dependent upon the development of trade, my Ministers have pursued their efforts to negotiate Agreements with countries willing to trade with Canada on a reciprocal basis.

The Trade Agreement concluded between Canada and the United Kingdom has received your approval, and effect has been given to the changes in the customs tariff for which it made provision. Ensuring as it does a freer exchange of commodities, through a lowering of trade barriers, the new Agreement will, it is believed, bring substantial benefits to producers and consumers alike. It will serve as well to strengthen understanding and goodwill between the United Kingdom and the Dominion.

Approval has also been given to a Trade Agreement with Uruguay and to a Provisional Trade Agreement with Germany. Progress has been made in negotiations with the Government of the Commonwealth of Australia for the revision of the existing Agreement with that country.

Special provision has been made for the promotion of the sale of farm products.

Appropriate action has been taken to give effect to Conventions between Canada and the United States for the preservation of the Sockeye Salmon and Pacific Halibut fisheries.

With a view to fostering increased activity and employment in the construction industries, an Act has been passed to facilitate the granting of loans to finance improvements in rural and urban homes. Provision has also been made for the extension of the work of farm rehabilitation in the drought areas of Western Canada, for assistance to the fishing industry, and, in co-operation with the provinces, for the further alleviation of unemployment and agricultural distress.

Provision has been made for pensions to blind persons who have attained the age of forty years.

Measures have been enacted to provide for the establishment of a trans-Canada air service, and for revision of the capital structure of the Canadian National Railways.

More effective provision has been made for the defence of Canada.

Measures have been enacted to prevent enlistments from this country in foreign wars, and to provide for the control of exports of munitions and war materials. The profound desire of the Canadian people to discourage resort to armed force, and to promote peace has found further expression in departmental measures to control profits in the manufacture of defence equipment and supplies.

In the opinion of my Ministers, economic and social developments since Confederation necessitate re-adjustments in the governmental structure of Canada. As a necessary first step, it has been decided to appoint a Royal Commission of Inquiry to investigate the allocation of financial powers and responsibilities as between the Dominion and the provinces.

The Coronation of Their Majesties King George the Sixth and Queen Elizabeth, on May the twelfth, is an event of unprecedented significance to the Nations of the British Commonwealth. Arrangements are being completed for the appropriate representation of Canada at the ceremonies.

Canada will also be duly represented at the Imperial Conference to be held in London immediately following the Coronation.

Members of the House of Commons:

I thank you for the provision you have made for the Public Service.
