# BENNETT GOVT. ELECTION -CONGRATULATIONS

August 13, 1930.

On the night of the Election, I went to Murray Bay, and while there heard the good news of the great victory of the Conservative party, so ably led by yourself. From there I wired you my congratulations, and these are very sincere indeed.

You have assumed power at a time and under conditions which require not only a high degree of statesmanlike leadership on your part and the most earnest and hardworking of colleagues in your Cabinet, but the helpful and sympathetic co-operation of all those truly interested in the real welfare of Canada. Of yourself, I have no fear. Of some of your colleagues one can say the same, but others, of course, are as yet unproved.

I do not suppose I can do very much to help, but I stand ready at all times to assist in any way which lies within my power.

Right Honourable R.B.Bennett, K.C., Prime Minister of Canada, O t t a w a .

Ottawa, August 28, 1930

#### Sir Arthur Currie, G.C.M.G., K.C.B., LL.D., Principal of McGill University, Montreal, P.Q.,

My dear Sir Arthur Currie,

Just prior to leaving on a hurried trip West I received your letter of the 13th instant, but I did not at that time have a moment to write you even a brief line of thanks for your very kind words of encouragement and support.

We are undoubtly at a difficult period of our national life, but I am convinced that, with the splendid endorsation given by all sections of the Dominion to the policies we have ennunciated, our problems are by no means insoluble. Moreover, the cordial reception given by the public generally to the personnel of the new Ministry, and confident as I am of their zeal and co-operation, leads me to believe that we may as a Government, render such service to our country as will be of real and lasting benefit.

Purmed

With renewed thanks for your good wishes, and with kindest regards,

August 13, 1930.

The Honourable C. H. Cahan, K.C., Secretary of State, O t t a w a .

I was indeed glad when I read that the new Government was to have the benefit of your long experience in public life and to be strengthened by your sound judgment and knowledge. It was in Murray Bay that I heard the good news of the great victory of the Conservative party and the splendid majority given you by your supporters in Montreal. I have only just returned to town, but my congratulations, though somewhat late, are none the less very sincere indeed.

I think we all feel that a most difficult time is ahead of us and that upon the shoulders of the new Ministry rests a tremendous responsibility. The most helpful and sympathetic co-operation is called for from all those truly interested in the real welfare of the country.

It would come more natural to call you "Colonel" than to address you as "Premier", but for that very reason my congratulations are all the more cordial. I rejoiced when I read that you were succeeding Rhodes in the Premiership of Nova Scotia, an office that has in the past been held by men of great distinction, but I am sure you will measure up to the best traditions.

To be a leader of the Government in these difficult days is to assume a great responsibility. I know something of your powers of administration, of your fidelity to what you conceive to be your duty, your lack of selfishmess and self-interest, and I have every confidence that you will succeed in giving good government to Nova Scotia.

You were very kind indeed to send me your nice note of congratulation upon my appointment as Premier of the Province. The office as you will at once realize carries very many difficulties with it but with the good wishes and support of my friends I hope to be able to maintain its high traditions.

No one could appreciate more than I do your kind reference to my characteristics in office and I look back with a great deal of kindly feeling to the days when we labored together and got without result. Usually one has to pay a heavy price for serving his country and your contribution in this regard has not been light. I hope that matters are now more easy with you and that from this on the years will deal more kindly.

PERSONAL

My dear Sir Arthur,-

I wish to thank you for your letter of the 18th of August, with your kind congratulations and best wishes on my appointment to the Department of Pensions and National Health.

I am very pleased to have your kind support in undertaking what is very evidently an arduous task. The work is abundant and, as you fully appreciate, the Department cannot be standardized and stabilized like other Departments but must be subject to change from time to time as conditions and our views make what I think are advances.

THE MINISTER OF FISHERIES

OTTAWA

August 19th, 1930.

My dear Sir Arthur:-

Please accept my most grateful thanks for your thoughtful and very deeply appreciated letter of congratulation.

The problems of government today are many and complex, and the task of those responsible for administration is made much more difficult because of existing economic and business conditions, and the general public, because of hard times and low spirit, is inclined to be censorious and unreasonable, and then, unfortunately, owing to the apparently inevitable tendency in all young countries the question of patronage consumes much of the time and energy of the Ministers. However these obstacles, though formidable, only add zest to the task, and coupled with the fact that I have felt that there is a large field of opportunity of service in assisting in the development and expansion of the fisheries, which ought to be one of our major basic industries, made my acceptance of the offer of this

General A. E. Ross, M. P., Kingston, Ontario

> Coming back to town yesterday I found your personal note of August 6th.

In one of the first announcements of the probable new Cabinet I noticed that you had been slated as Minister of Health and Pensions. I rejoiced when I read that, not only because I would like to see you receive promotion, but I am as positive as can be that no man in Canada could fill that post as acceptably as yourself. Dr. Murray Maclaren's name for such a position should not be mentioned at the same time as yours. I think that is one of the worst appointments that has been made to a Cabinet position since the war, especially when one considers that Bennett had you available.

The thought that strikes me is this: that Bennett's present Cabinet can only be temporary. It may be that with the short time at his disposal he was not able to construct his Cabinet as he would have wished. I suppose it was necessary to have some pepresentative from New Brunswick, but if Murray Maclaren is the best that New Brunswick has to offer for Cabinet rank, then God help that province.

This letter is, of course, as private as a conversation between us would be, but in Bennett's cabinet I am disappointed in two things: first in the calibre of the Cabinet generally; and secondly, in your exclusion from the portfolie of Health and Pensions. Yours was the logical selection, and I would have to be given a reason of which I know nothing at the present time before I would be satisfied.

I knew Sutherland when he was in command of the 52nd Battalion, and he was a good soldier, but I cannot see that his claims for Cabinet rank surpass your own.

With every good wish, and congratulating you upon your election,

Sir Arthur W. Currie, G.C.M.G., K.C.B., LL.D., Principal, McGill University, Montreal, Quebec.

Dear General Currie :

I appreciate very much your message of congratulations and good wishes, particularly your sincere offering of cooperation and support of Macdonald College.

One of the chief elements that made my election possible was not only the voting support, but the very active support of the returned men. I was nominated by one and seconded by another and nine out of ten of my Speakers were returned men.

Might I take this opportunity of emphasizing to you a fact of which you are no doubt aware, and which I realize must be more gratifying to you than anything else, and that is, as far as I have been in contact with returned men, there was a deep interest and the unanimous wish for the success of your legal fight more than two years ago. I have no doubt there will be many more returned men taking part in National questions during the next ten years. It has taken them up to the present to readjust themselves, and even now only partially.

In the north of Saskatchewan we have some very enthusiastic branches of the League. During the Banquet tendered me in Prince Albert / Prince Albert after my election, we discussed the possibility of your being able to attend a "Monster Armistice Banquet" of the returned men of Northern Saskatchewan, to be held in Prince Albert on either November 10th or 11th. I realize how very busy you are, especially for such a long journey. If, however, it would be possible for you to be with us at that time, you would have no doubt on the night of the Banquet of how much the returned men appreciated your presence. I am today in receipt of a long wire asking me to communicate with you on this subject.

Yours very truly,

R. Weir.
