THE LEADING SOLICITORS TO **CHARTERED BANKS** IN THE PRINCIPAL CITIES IN THE **DOMINION OF CANADA**

INTRODUCTORY

The primary object of this work is to bring before the Members of the Law Societies of the principal exporting cities of Great Britain an absolutely reliable list of leading Solicitors in the principal commercial centres of the Dominion of Canada who are competent to undertake Agency Work for English Firms. The guaranteed standing of these Canadian firms will enable their English brethren to entrust such work to them with absolute confidence, representing as they do an important branch of one of the Chartered Canadian Banks in the principal cities and towns, and while the professional cards of many leading firms representing important branches do not appear, yet those given are so prominent and cover the country so generally that the main purpose of the work is abundantly served.

The reference page numbers in the 3rd columns indicate the Solicitors whose professional cards appear who are near or convenient to the place named.

No private banks are given or referred to.

In the Province of Quebec, Notarial Work is not done by Solicitors, so that special attention is called to the professional card of R. B. Hutcheson, Esq., on page 32.

The Publishers are indebted to the management of the different Chartered Banks for their courtesy in supplying full information.
