AGES 300 MILES IN CAR TO OBTAIN DYING SON

Night Ride in Speeding Motor Taken From Toronto by G. A. Marshall, Ottawa Contractor—He Hopes to Reach Home Few Hours Ahead of Train Time.

Flying from here Sunday afternoon, in a 300 mile race in a motor to Ottawa, A. G. Marshall, a contractor, hoped to reach the side of his dying son, before death called. The frantic father, impatient for a moment's delay, would not wait for the 11 p.m. night express of the C.P.R., but chose to risk rough roads and darkness, in the hope that he'd reach home a few minutes ahead of the train. With loss in time, he might also lose his only chance of gazing upon his boy while yet alive.

Don Dead in First Message.

Mr. Marshall came in from Ottawa on the morning train yesterday, and was to have remained here at the Prince George several days in connection with a business transaction. About two o'clock yesterday afternoon he received a telegram, that his six-year-old son had been killed in an accident, but half an hour later, a despatch arrived that his son still lived, but death was but a matter of hours. Upon receipt of the first telegram, Mr. Marshall was heartbroken. He sadly told some friends that although only six years old, his little son was wonderfully active. Not only could he drive a motor car, but also was able to ride a horse and was often found in his father's stables. Some new horses had been purchased a few days ago, and it was one of these that had fatally kicked his son.

Willing to Take Chances.

When he received the second message Mr. Marshall anxiously inquired the quickest way of reaching Ottawa. On learning that the first train was the C.P.R. express leaving at 11 p.m., which would arrive at 7.20 a.m. today, the father was almost frantic and offered any inducement to get there. A journey to Ottawa on a high speed motor car was suggested and Mr. Marshall at once decided to attempt it.

After hurriedly telephoning a McLaughlin-Bulk racing machine, which Bert Smith, a Toronto driver, agreed to drive, was secured and shortly after 3 p.m. the race from the Prince George Hotel to the boy's bedside was begun.

Make Forty Miles an Hour.

It was figured by the driver that maintaining an average speed of a little over 20 miles per hour, he would reach Ottawa about 4 a.m., beating the C.P.R. Express by three hours. Although at night and along dark roadways, it was the intention to attain a speed of about forty miles an hour over level stretches, but where the road is rough or muddy, the speed would have to be reduced to ten or fifteen miles an hour.

While it was pointed out to him that the most he could expect would be to arrive at Ottawa two or three hours ahead of the train, Mr. Marshall was willing to face the danger to be met with in a racing automobile rushing over pitch black roads rather than arrive too late to see his son alive.

THE SUMMER DAY OF THE BLESSED WIND.

After the rainstorm of Friday, the beaching heat of Saturday, came Sunday with its blessed winds and singing tree-tops, singing all the day from more to more, and grass bending and waving in the same unison with the same spirit of gladness. The singing at so clear, so fresh; the singing trees druidical, sacramental! How the fields of oats with the heads just shot out bowed and quivered in their steel-blue shadings; the golden spikes of wheat, too, how they glinted in the glorious sunbeams; and all did the wind send the ripened timothy heads in mighty billows across the broadening hayfields. Surely the waving and singing, the singing of grasses and trees, was Nature anointing the Over all. The blessed wind was everywhere and over all; it kept the aspen leaves in perpetual flapping and stirred the leaves of the vine about the eaves of the little sentinel church on the hill; it even came thru the open door of the channel and blew the plume on the hat of the kneeling lady at the rail into the beard of the priest who served the holy meal.

Quadruple Alliance in Air

ST. PETERSBURG, July 6.—(Can. Press.)—The Reich asserts that pourparlers are passing between Greece, Servia, Montenegro and Roumania with the object of forming a new quadruple alliance. Rumors are persistent that Turkey threatens war unless Bulgaria evacuates Rostovo and the coast of Marmora.

GALE KEPT LIFE SAVERS HUSTLING

Forty Mile an Hour Off-Shore Blow Placed Many People on Lake in Peril.

Fully twenty persons were saved from peril yesterday by the good work done during the northwestern gale by Captain Ward and the crew on his patrol boat, and four others were saved by the heroic work of beach residents and yacht club members.

Almost everyone who went out on the lake in the afternoon met with some thrill or mishap. The wind was blowing off shore, and as early as 1.15 p.m. the patrol boat was called to a point off the Exhibition Grounds. Here, on a mile out in the lake, a gasoline launch, minus gasoline, was found with three persons greatly alarmed. The boat was towed in to Bathurst street and tied up for the day, and the party were mighty glad to get to land.

At 2 o'clock the patrol boat ran down to Scarborough, where two men in a row-boat were thought to be in distress. The men were just resting up and needed no aid, but 15 minutes later Captain Ward rescued W. M. Korn of 239 College street, who went out in a sailboat and was unfortunate enough to have the sail split.

Korn had only taken one oar with him, and was slowly drifting out into the lake when he was wickled up.

At 3 o'clock it was rumored at Centre Island that two men had been drowned in a canoe overturned a mile out in the lake. The patrol boat went out to the spot and found that what looked like a canoe was really a star buoy floating in the water.

Launches in hard luck.

Captain Ward had his second run to the Exhibition Grounds at 5 o'clock, when he rescued a party of four who were out in a stalled gasoline launch belonging to Dan Dougherty of Dowling avenue.

At 5.15 p.m. a launch belonging to Frank Kelly began to drift toward the eastern gap, and a call was sent in when the launch and its four occupants were brought back to York street.

Hugh Balfour rescued two men and a woman from the water near the Argonaut Rowing Club about 3 o'clock, when a rowboat capsized under a strong wind. The three people were thrown into the water, and Balfour went out for them in a boat. The party were taken to the Walker House and waited there until dry clothes arrived.

RAND MINERS TO DICTATE THEIR OWN TERMS

Leaders Are Denounced For Making Settlement and Mobs Practically Control Johannesburg—More Than Hundred Are Killed and Wounded.

JOHANNESBURG, July 6.—(Can. Press.)—The settlement of the strike among the gold miners in the Rand district, which the government arranged with a committee of strikers yesterday, has proved ineffective, also comparative order was preserved over night.

The mobs reassembled today. All trains and street cars have suspended service, the crews refusing to work. No newspapers were able to publish today. Additional troops guard the Rand Club, which was the scene of serious encounters Saturday. A great mob assembled outside the building, hooting and jeering the troops.

Up to three o'clock Sunday afternoon there has been no further fighting, but only a spark is required to start a conflagration.

The opinion is general that the government has made serious blunders through the present trying situation. When Gen. Louis Botha, the ex-premier of the Union of South Africa, and Gen. Smuts, minister of the interior, mines and defence, arrived at Johannesburg, they were amazed at the strikers' organization and the desperate spirit of the leaders.

The federal unions are flushed with success and confident that they have complete mastery of the situation. The order that is given to them. The leaders have already commanded the newspapers to cease publication until further notice. They count on the government's fear of the natives, 200,000 of whom are locked in the compounds at the mines. They might start rioting and killing if they are not stipulated that the men should go to work, thus leaving matters in a chaotic condition.

WITH BABY IN HER ARMS FIGHTS FOR LIFE AGAINST TWO ITALIANS

Woman's Forehead Gashed as She Turns From Unequal Struggle—Posse of Police Search Davenport District at Sunday Noon, Finally Capturing Assailants.

Stopped in the middle of the sidewalk while she was walking along Beaver avenue with her baby in her arms, Maria Ceccacci, an Italian woman who lives at 4 Beaver avenue, had to defend herself against two Italian ruffians, one of whom was armed with a knife. Shielding her baby with one arm the little woman defended herself with the other for some time, but her assailants' attacks at last became so furious that she was compelled to turn and flee. Just as she was about to turn the man made another lunge at her and drew his knife across her forehead. The names of the Italians are Giovanni Roberto and Rincenzo Di Tomaso.

Shrieking at the top of her voice, the woman ran towards her home while the Italians fled in the opposite direction, and made their way towards the north end of the city. A call for the police was sent in at 12.15, and a few minutes later six constables left the Ossington avenue police station in pursuit of the fleeing men. Constables Tinsley and Fraser led two horses, Dalgleish and Savage rode on two bicycles, while two others hailed a passing motor and followed.

From enquiries the police learned that the men had separated, and that Roberto had gone up Dufferin street, followed by Fraser, the mounted men, in a futile search. Just as they were about to turn back, however, they saw a man in a bush to the left of Dufferin street. He fled as they approached, but they succeeded in overtaking him and then made his arrest. Roberto had no knife on him when captured, but a splash of blood on his coat sleeve showed that he had been in a fight.

Di Tomaso, who is held as Roberto's accomplice, was arrested on Geary avenue by Constable Dalgleish. Both were brought back to the city and will come up today in the police court.

Mrs. Ceccacci was taken to the Western Hospital in the police ambulance. Sixteen stitches were put in her head; she will recover. The woman had more children than the baby that she tried to protect, and it is stated that the quarrel was caused by the conduct of these same children. Roberto, her assailant, alleges that last week her children stole some things from his home at 511-2 Beaver ave., which runs off Dundas street, near the north end tracks. A quarrel was the result at that time, but the curtain was not dropped until yesterday.

SMALL BOY BITTEN BY RABID TERRIER

Earl McKay Attacked While Sitting on Doorstep of His Home.

Earl McKay, the 6-year-old son of Benjamin McKay, 739 East Gerrard street, at 10 o'clock Saturday morning, was bitten thru the lower lip and severely scratched by an Irish terrier suffering from rabies. The little fellow was attacked while sitting on the doorstep of his home. Dr. Glendenning was called and attended to the boy, who is doing nicely. The dog was despatched by a policeman. It was stated that the animal had also bitten a man and a cat previous to attacking the child.

MILLIONS OF DOLLARS' WORTH OF PROPERTY ENDANGERED BY FIRE ON TWICE BURNED BOAT

Watchman Absent From Steamer Pontiac, Tied at Foot of Bathurst Street, and Blaze Got Long Start on Firemen Hampered by Hydrants That Were a Long Distance

Property valued at millions of dollars was threatened by fire last night at 11 o'clock, when a furious blaze went up from the steamer Pontiac which was lying at the old G. T. R. dock between Bathurst street and Spadina avenue. The fire was undoubtedly caused by an incendiary, and the watchman for once was caught absent.

The Pontiac, owned by Mr. Smith, was burned to the water's edge a year ago last spring, and had not run since. The boat had been completely overhauled and the painters just finished their work two or three days ago. When the alarm was sent in, the reels from Adelaide, Portland and Queen streets responded, but on arrival at the water front had great difficulty in getting close to the fire on account of the distance between the hydrants and the boat. The firemen worked fast, however, and within 15 minutes four streams were playing on the red deck. One of the lines of hose was 150 feet in length, while another was 700 feet. The boat blazed for more than half an hour before the firemen got control and by that time the whole top deck and rigging were in ashes.

The wharf caught fire in about fifty different places, and Deputy Chief Noble had some difficulty in keeping it from burning up. The wood was rotten in many places, and seemed to burn like paper. Fifty feet away was the big steamer Frontier, and for some time it looked as if it might take fire. The large wharf five acres of lumber were threatened.

"Some day this whole place will burn up," said the deputy chief, as he fought the fire. "These hydrants are too far away from the water's edge."

A search was made for the night-watchman on the boat, but he could not be found. The damage done to the Pontiac is estimated at \$2000. The boat carried marine, but no fire insurance.

BULGARS ARE GAINING VICTORY AFTER TEN DAYS OF SLAUGHTER

SERVIAN LOSSES ARE APPALLING

Bulgars Are Invading Servia After Routing Foes and Battle in Which Two Hundred Thousand Are Engaged Is Raging Near Kolchana—Greeks Continue Advance.

LONDON, July 6.—(Can. Press.)—After ten days of fighting, more severe and deadly in character than anything in the last Balkan war, a little light begins to break upon the hitherto obscure operations. In the first place, the Servians have lost more men than in the whole previous campaign, and semi-official statements issued at Belgrade have the appearance of an intention to prepare the public for news of a disaster.

Desperate fighting, with fluctuating fortunes, is proceeding along the Vardar and Bregalnitsa Rivers, which seems to be in favor of the Bulgarians. Important news has been received of the Bulgarian invasion of Servia thru Belogradchik, about 15 miles north-east of Nish, Servia's most important fortified town. No indication is given of the strength of the Bulgarian column at this point, but the Bulgarians claim to have defeated the Servians and captured five guns and a quantity of other war material, and by the occupation of the passes, to have opened the road to Nish.

200,000 Men Engaged.

There is heavy fighting also between the Servians and Bulgarians to the south of Isip and in the neighborhood of Kotebana. About 200,000 men are engaged and the losses on both sides appear to be terrible.

Bulgaria's strategy appears to be to hold the Greeks in check, probably with comparatively small forces, while she deals with Servia. This assumption is correct, would explain the victorious advance of the Greek army.

Unconfirmed reports credit the Bulgarians with victories near Koprlik, giving them the key to Uskup and with an outflanking movement from the south of Tahnys Lake, which would cut the Greek retreat to the uttermost.

A conservative estimate of the killed or disabled in last week's fighting fixes the number at from 30,000 to 40,000. Thousands of destitute refugees from the scenes of the fighting are pouring into Saloniki.

The Greeks have made wholesale charges against the Bulgarians of burning and pillaging all the villages they abandon and of committing murders, mutilations and other horrors. More than 4000 refugees are concentrated at Nigritia and adjacent villages.

DR. JERROLD BALL IS DEAD FOLLOWING TWO OPERATIONS

By the death of Dr. Jerrold Ball, at his home, 178 Sherbourne street, Saturday, the medical profession lost one of its brightest and most capable followers. A week ago Saturday Dr. Ball was operated on for appendicitis, and was progressing favorably until on Saturday ails took a turn for the worse, necessitating an immediate operation in the evening. From this the doctor never recovered and death took place at night. He was in his 68th year.

Dr. Jerrold Ball was one of the best known doctors in Toronto, where he practiced for nearly 40 years. Born near the Town of Mesford, in Grey County, the doctor graduated from Toronto University, and also from the old Victoria Medical School in 1874. In that year he commenced active practice in this city, where he had remained practically ever since. He remained in active practice until his death.

He is survived by his widow and one son, Dr. Harold D. Ball of 178 Sherbourne street. Three brothers and one sister also survive. Mrs. Francis Eaton, Mesford; Richard Ball and John Ball of Toronto, and Edwin Eaton, principal of Islington High School. Miss Ball, a niece, resides with the widow at the residence.

The funeral will be private, and takes place on Tuesday at 2.30 p.m. from his late residence.

BULGAR ATTACK NOT A SUCCESS

Servian Government, While Admitting Reverses, Asserts That Forces Are in Main Victorious.

BELGRADE, July 6.—(Can. Press.)—The Servian Government has addressed a note to Bulgaria, formally breaking off diplomatic relations and announcing the recall of the ministers. The Servian troops have victoriously entered Kotebana. A semi-official statement, however, describing the military position after five days' fighting, makes for the first time the admission that the Servian arms have not been so uniformly successful as was previously reported. But the claim is made that Servia had prevented Bulgaria from executing her political plan of gaining by a surprise attack possession of the Macedonian territories which she wished to occupy pending arbitration.

The statement says that the Servians were taken by surprise and had to concentrate their forces, but succeeded in repelling the Bulgarian advance. Little by little the Servian army assumed the offensive, and the situation is that Servians have forced the Bulgarian right wing back over the River Bregalnitsa, where they retreated yesterday in disorder.

Forced to Retreat.

Describing the five days' operations in the south between Varda and Kriovak, it says that after holding a greatly superior force in check, the Servians retreated. Thus Kriovak fell into the hands of the Bulgarians, but the success was insignificant compared with the Servian successes against the Bulgarian right wing.

The Bulgarian losses were increased by the bad organization of their red cross service and lack of communications and transports. Their wounded were left on the battlefield. The dead were unburied.

It is reported the Greeks from Doiran are advancing toward Kriovak, where a desperate battle has been raging for three days.

RESQUES WOMAN THIRD TIME DOWN

Changed Her Place in Row Boat and Topped Out—Skillfully Secured by Beach Hero.

Falling out of a rowboat in which she tried to change position while a hundred yards off Kippendavie avenue, at the Beach, a woman drifted in yesterday afternoon's 40-mile an hour gale from the boat. Her companion reported his seat, but was unable to steer; the wind buffeted the skiff toward her and without the heroic work of Neil Smith, 134 Lakeshore, she would have probably met death.

Smith was at the foot of Woodbine when he saw the woman struggling in the waves, while a hundred people stood for the time inactive on the shore. He ran for a boat, and with another young man helping, rowed in the puffy wind toward her. Smith dived off, and at the second try got her from beneath the surface. She had gone down for the third time. The two were hauled into the rescue boat and Smith, on shore, used the common resuscitation means and brought her too in 15 minutes.

Her companion, Alexander Taylor, 41 Kippendavie avenue, gave as his reason for not lending more assistance his inability to swim. He is handling the freight previous to the fire. As some of the electric wires which serve the residents in the vicinity with electricity had to be cut these people will likely be without light for a couple of days.

As is the case in all big fires a large crowd soon collected, and the camera men were on the job taking pictures from every angle in the hope of selling them to the various newspapers. The police kept the crowd well in hand, and the firemen were given every opportunity to put forth their best efforts.

A Pile of Ruins.

When the fire had at last been extinguished and smoke had cleared away all that one could see was the skeleton of the old building and the framework of four demolished freight cars looming up above the smouldering pile of debris. A fair estimate of the damage, according to Mr. Coleman, general manager of the company, would be between \$5,000 and \$75,000, almost entirely covered by insurance. The following are the principal items which go to make up this estimate: Four freight cars, \$4,000; motor car, \$2500; freight in shed, \$5000; building, \$20,000.

A Handicap.

The loss of freight cars will prove a great handicap to the radial company at the present time, as they had great difficulty in handling the freight previous to the fire. As some of the electric wires which serve the residents in the vicinity with electricity had to be cut these people will likely be without light for a couple of days.

As is the case in all big fires a large crowd soon collected, and the camera men were on the job taking pictures from every angle in the hope of selling them to the various newspapers. The police kept the crowd well in hand, and the firemen were given every opportunity to put forth their best efforts.

All Torn Down.

In the afternoon the firemen again turned out with their grappling irons and soon had what was left of the building razed. The radial company had been contemplating tearing down the old sheds, and they will likely erect new and more modern structure in the near future.

7878 Child's Blouse Dress. 4 to 8 years.

WITH STRAIGHT FLAILED SKIRT, SHORT OR LONG SLEEVES, WITH OR WITHOUT SHIELD.

The simple little frock with a belt at the long waist line in Balkan style is very smart this season, very charming and very becoming to childish figures. This one is suitable for almost any pretty seasonable material but, in the illustration, is made of rose colored linen with trimming of white eyelet embroidery. The blouse is a plain one with set-in sleeves and the straight skirt is joined to it while the belt covers the seam. The shield can be made high or low and used or not as occasion requires. For the frock of lighter weight, French gingham would be pretty in place of the linen and to carry out the suggestion of the style could be used the simple Bulgarian embroidery on the material of the frock itself in place of the all-over embroidery.

For the 6 year size, the dress will require 4 1/2 yards of material 27, 3 1/2 yards 36 or 2 3/4 yards 44 inches wide, with 3/4 yard 18 inches wide for the trimming. The pattern of the dress 7878 is cut in sizes for children from 4 to 8 years of age. It will be mailed to any address by the Fashion Department of this paper, on receipt of 15 cents.

Iced Tea. First make the tea in the usual way and set it aside to cool. Then some chipped ice, a slice of lemon, a little sugar, and you have summer's best beverage.

Allow the tea to steep for five minutes and then pour off into another vessel to cool gradually. Never use artificial means of cooling until ready to serve; then add sugar, ice and lemon.

Illustration of a child and text: NURSERY CONDUCTED BY Eliza Murray CARE OF THE TEETH

CARE OF THE TEETH

There are certain periods in baby's life that we have been taught to look forward to with dread. One of these is the teething period, and many young mothers worry for months because baby may cut his teeth during hot weather. If your baby is the kind I have been dealing with in these talks, the normal, healthy baby, you need have no more fear of his teeth-cutting than you have of his learning to talk. It is a perfectly natural process and although it does often cause the wee man some suffering there is never any cause for alarm. Some babies cut their teeth much earlier than others, but it is never wise to force the growth by medicine. Between the ages of four and eight months the two middle teeth in the upper or lower jaw appear. And from then on little white specs show up on either side of these pairs until when baby is a year or a little older he has four teeth in each jaw. When he is 18 months old the front double teeth are usually thru. Next come the four eye-teeth, and the four back double teeth, completing the milk set are usually cut at two and a half years.

Very often the teeth are thru before you suspect that they are coming, but as a general rule there is drooping at the mouth and baby is not so good-natured as usual. If there is a slight fever or an attack of diarrhoea, or vomiting, immediately lessen his food and make it weaker. In severe attacks give only barley water for a day or two. Give him plenty of boiled water to drink and bathe him if he is feverish.

Teachers Leave for Europe. Why is the stream of immigration to Canada maintained with a force and increasing magnitude unheard of before in the colonization of any other country since the world began. Many reasons combine together to bring about this result. Not the least amongst these are instances such as that which occurred Saturday morning when no less than 224 Canadian school teachers left Montreal in one party on a trip to the old country by the Allan Line R. M. S. Gramplan. The teachers represented as many different points between St. John, N.B., and Prince Rupert, and each will more or less unconsciously fill the place of a traveling delegate for his or her individual district. It is not possible to estimate the number of settlers Canada will gain as the natural sequence to the visit of such a party, but certainly the average would be three or four for each member. It is of interest to observe that amongst other parties the R. M. S. Gramplan has twice carried Dr. Coward's celebrated Sheffield Choir across the Atlantic so that this popular steamer is taking an extraordinary share in the good work.

ST. MARY'S MAN IS DEAD

Frank McCracken, Eighty Years Old, Died Last Week.

ST. MARY'S, July 5.—(Special).—St. Mary's Fall Fair has been slated for Sept. 23 and 24.

Division court was held here on Thursday, presided over by County Crown Attorney A. H. McPherson of Stratford. The docket was a light one. The local water, light and heat board have decided to oil the principal streets of the town.

Bruce Leckie, B.A., of Petrolia, has been appointed principal of Lucan High School at a salary of \$1500 per annum. This completes the staff for the coming school year, and comprises with Mr. Leckie, the Misses Vrooman and Reynolds of London, and Miss Fitch of Kingsville.

Joshua Fennie, painter and decorator, employed with Mr. J. Fennie of Los Angeles Cal.

Dr. and Mrs. Coupland are leaving next week for a holiday trip down the St. Lawrence.

The annual report of the Farmers' Institute for Ontario shows 'South Perth' to have a membership of 845.

Mrs. M. A. Copeland announces the engagement of her second daughter, Ella C., of Saskatoon, to George R. Dixon of Lethbridge, Alta.

Dr. Sparks attended the Drumbo and Blenheim Township reunion and celebration.

Principal Morrow is in Toronto examining papers for the department of education.

Mr. L. A. Eady leaves this week for a trip to the Pacific coast.

Next Sunday will be patriotic Sunday at Knox Church. Principal D. G. Anderson will address the Sabbath school.

At the annual meeting of the East Middlesex Conservatives John McFarlane of West Nisour, was re-elected president, and Wm. Harding of Thornedale, and Peter Elgie of Oliver, president and vice-president, respectively for West Nisour.

Frank McCracken died in St. Mary's on Tuesday, July 1, aged 80 years. The funeral took place on Friday, July 4, from his late residence on Widder street to St. Mary's Cemetery. A short service was held at the R. C. Church previous to the interment. Mr. McCracken was an old and much respected resident of St. Mary's, having for many years held the position of returning officer.

EX-MAYOR HOWARD IS DEAD AT GUELPH

GUELPH, July 6.—(Special).—Mr. George Howard, one of Guelph's oldest and most highly respected residents, a former mayor, and an alderman for many years, passed away after an illness of several months at noon today. He was born in England but came to Guelph when a mere lad and had resided here ever since, taking an active part in everything that pertained to the welfare of the city. He leaves a daughter, Mrs. A. F. Fidler of James-town, N.Y. He was in his 78th year.

CHILD'S FALL FATAL

MONTREAL, July 5.—(Can. Press).—Climbing while asleep into an elevator window seat last night, the five-year-old daughter of Mr. Martin Courtnay, 225 Colonial avenue, fell a distance of forty feet to the sidewalk and sustained fatal injuries.

Fifteen Hundred Delegates Will Participate in Notable Parade.

BERLIN, Ont., July 6.—(Special).—Tuesday and Wednesday of this week will be red-letter days in this city. The Grand Lodge of Ontario Knights of Pythias are holding their annual convention, and 1500 delegates are expected. Three special trains will bring their quota from Toronto, Hamilton and London. The last named lodge is bringing a band, and the Dragoon Band of the Brantford and St. Thomas Pipers will be here also. The 24th Regimental Band of Berlin will act as escort with the reception committee in their march from the depot to the market square, and receive the different contingents as they arrive.

At 2 o'clock the finest parade ever put on in Berlin is contemplated. Special costumes have been imported from Toronto for the occasion. Sir Knight Fred Roland will act as marshal, wearing a coat of mail. The parade will start at the market square and end at the park, where a field day of sports will be held and a band concert, given by the six bands, will conclude the first day.

It is currently reported that there is a likelihood of Oscar Rumpel of Berlin being offered a second term as grand chancellor of Ontario domain. If so, it will be a signal honor. Supreme Chancellor Thomas J. Carling of Mascon, Georgia, and Fred E. Wheaton, supreme keeper of records and seals, of Minneapolis, Minn., are expected in the city tonight to attend the convention.

VARSIITY STUDENT IS DROWNING VICTIM

Maxwell Chartiers, Freshman in Medicine, Loses Life in Lake Erie.

CHATHAM, Ont., July 6.—(Special).—While bathing in Lake Erie at Erieau yesterday, Maxwell Chartiers, eldest son of Dr. and Mrs. C. S. Chartiers of this city, was seized with a cramp and sank before his young companions could go to his assistance. He was only a freshman in medicine at Toronto University and was spending his holidays at the Erieau summer resort.

He is survived by his parents (one brother and a sister).

Makes summer visiting a pleasure instead of an ordeal

The art of entertaining is difficult enough at any time, but doubly so in summer when one has to contend with the extreme heat.

A common sense regard, therefore, for your comfort and the comfort of those who visit you during the warm weather demands the use of an

Electric Fan

Its cool, invigorating breeze gives life and zest to conversation, adds to enjoyment, and enhances wonderfully the atmosphere of hospitality.

Very often it makes all the difference afterwards between the guest's listless "pretty fair" and the enthusiastic reply: "We had a splendid time!"

Anyone who has passed through the ordeal of a fanless summer visit realizes what a real need there is for the cool, delightful comfort of an Electric Fan on such an occasion.

In cases of sudden sickness also it is "worth its weight in gold." The hot spell of the last few days has greatly diminished our available supply of fans, but we still have a limited number left. You would be well-advised, therefore, to come in and select yours today, or, if more convenient, phone and we'll see that it is delivered promptly.

"It must be the man Blanche said they sold for \$50. But do they sell men in baseball?" "Sure, they do; that's part of the game. But what's the matter with you, Mildred? Don't you read the papers? Everybody in Atlanta has just gone wild over this fellow."

Berry Pies

PASTRY for berry pies should be very rich and short. Sprinkle flour over the pie pan or rub it with butter and then sprinkle on flour for these pies are noted for sticking to the pan.

Line the pans with paste and sprinkle a very few crumbs of rusk or sweet cake in to absorb the berries' juice, if they are very juicy. All berries must be washed to remove the dust. Drain them well after this and fill the pastry shell. Dredge with sugar and roll out the cover.

Blueberries and blackberries sometimes require a little water added to them, but most small fruits have too much juice, which sometimes runs out of the pies when cooking. A tube of stiff paper must be inserted in the centre of the top crust to act as a steam vent and prevent such accidents.

He did not hesitate, but turned the handle of the door quietly. As quietly as he could he slipped in and after glancing at Doris, peered round the room to see if she was alone.

"I have been told that you had sent for me," he said. "May I ask to what is due the honor of this visit?" "The astounding impudence of the man was helpful. It served to strengthen a resolution that never very pronounced, was rapidly weakening under the subtle influence of environment."

"I don't see that any good purpose will be served if you are sentenced to a long term in prison, and I hope, therefore, that you will profit by the chance I am giving you, and escape to some distant country, if it is possible. I think, too, that Rice ought to go away. I don't understand much about these things; but I fear he has rendered himself liable to punishment by helping me to impersonate my husband, and, in any event, he cannot remain here as I mean to return this evening, and take formal possession of the house and its contents on behalf of my daughter. If you have any sense of honesty, you will sit down instantly and write a full confession of your crime, and give it to me. In return, I promise to do what I can to throw the authorities off your track, or at least to minimize their efforts to arrest you. They will probably be very angry with me; but I cannot help it. For my little Klara's sake, I want to show you some clemency."

"Let me understand you clearly, Mrs. Waverton," said the man, and her eyes dropped under the director's almost feverish gaze. "You regard me as a scoundrel; but you wish to save me from the just rigor of the law?" "Clearly he waited for an answer; so Doris forced herself to say 'Yes.' 'Well, you will be glad you said that' (To Be Continued.)

MONDAY MORNING, JULY 7.

RE ANANIAS ET AL.

As many of our readers do not see The Sunday World, we reproduce from Saturday's Toronto Evening Telegram, the apology of that paper for the misrepresentation of which we complained on Saturday morning.

On Friday, however, The Telegram stated: "Examples of The World's advocacy of the Mulock deal might be multiplied, but the following from The World's columns of July 26th, 1909, will suffice to put The World back in its place among 'five of the six city papers.'" The Telegram does not retract this statement, but with the fairness it has already shown it undoubtedly will do so, as there is absolutely no foundation for the assertion.

The Telegram fell into its error on principles of its own construction. If it dislikes anybody or anything, it argues that the person or thing disliked must be very bad. From this to the imputation of specific evil is not a difficult psychological progression.

The Telegram, for some reason, does not admire The World, much as we had hoped after many years' effort to earn its approbation. In fact the more successful in good works we become, the less do we seem to enjoy its confidence.

As we have already said, we were too busy campaigning on the most important issue of that year, the Bloor Street Viaduct, to spend what the sequel proved would have been useless effort against a sacrifice to which the whole city had committed itself.

ROBERT BRIDGES.

It appears after all that Robert Bridges is too good a poet to be poet laureate. It is rather strange, however, to find a local contemporary referring to him as a minor poet. Who then are major poets? And another contemporary suggests that the drop from Austin to Bridges is as great as the drop from Tennyson to Austin.

Extracts Were Not From World

An Acknowledgment of Error

(From Telegram of Saturday) The Telegram regrets that two extracts published in these columns yesterday, and credited to The World of July 26, 1909, should have been credited to The Star of that same date.

The reporters whose researches supplied the basis of the comment published yesterday were misled by a carelessly-kept scrap-book which is part of the civic archives. The extracts were copied from clippings that purported to be from the columns of The World, and were published in good faith as being an authentic representation of The

World's sentiments. Controversy as to how far the extracts in question were misrepresentative of the policy that caused Messrs. Joseph Oliver, H. C. Hocken and their supporters to give The World a place among "five of the six city papers" that supported the Mulock land grant has no place in this acknowledgment of error.

The Herald would no doubt have denounced the commission had it failed to make an agreement with the Grand Trunk. As a more favorable agreement could scarcely be imagined, it might have had the grace to say nothing if it could not have rendered to Chairman Englehart and the government who appointed him, the credit justly due.

AGRICULTURAL CO-OPERATIVE TRANSPORT.

In the June Bulletin of Economic and Social Intelligence issued by the International Institute of Agriculture, an account is given of some new forms of agricultural co-operation in France. One of these—a co-operative transport society—originated in two of the districts in the department of Seine-et-Marne, when the farmers could not find men and animals in sufficient numbers to transport their best root to the sugar refinery at Lizy-sur-Orville.

The society has proved of the greatest service to the farmers who have by its means been enabled to get rid of their beets quickly and have also gained considerable indirect advantages. Ensilage has been rendered unnecessary and horses and oxen rendered available all the time for work on the farms.

Yet, again, the dissolution of the Union might have resulted in both north and south expanding, with each today as strong as the two combined. In 1863 Napoleon III. was a world-figure, as great as is the German Emperor today, and Prussia was a second-class power if, indeed, she was then numbered among the "powers" at all.

THE GRAND TRUNK AND THE T. & N. O.

The Timiskaming Herald, which claims to be "representative of the great city belt," has been getting down in the mud lately. It was in the dry spell before the fires or probably its imagination would not have run wild as it did in a yarn which it spread over two columns on its front page on June 25. If the Herald did not do this sort of thing so often it could be excused, but constant misrepresentation of the T. & N. O. Railway Commission and the Whittier Government can scarcely be accidental.

The present scream is over the agreement for running rights with the Grand Trunk Railway. Here are some of its statements: "The maintenance of the tracks T. & N. O. Railway system, tracks, stations, yards and offices is left on the shoulders of the government commission. The province pays the salaries of all those engaged in the operating of the road, other than the actual crews of the Grand Trunk trains, together with the depreciation, upkeep, repair and improvement."

It is difficult to realize that even the editor of The Timiskaming Herald will utter such a tissue of misstatements. And more especially when he has had the report of the T. & N. O. Railway Commission for 1912 lying in his office for months past.

That agreement, set forth on pages 251-267 of the report, provides that the Grand Trunk pays half of the \$300,000, and also its own share of the entire cost of service in addition on a wheelage basis, so that the road that does the business pays the cost. If the Grand Trunk did 80 per cent. of the business, it would pay 80 per cent. of the cost. It has no rights on any of

AT THE PICNIC GROUNDS.

I hied me out to the picnic park with a heart as blithe as a glad some lark, but it turned to lead and my thoughts grew dark as I gazed on the scene before me; when I saw the bottles and cans and boxes, I cried, "By the beard of the great Jim Jones, this here is the spot where the big cyclones must finish their romping days!" There were papers, there were the million score, and bags and boxes and strings galore, and crusts and fragments of bread, and the fragrant and trees in its far retreats were smeared all over with drinks and salts, and the tables and benches and rustic seats looked sticky and molasses. Then I thusly spoke in my righteous wrath as I stood and gazed on the aftermath, "I'd build a fence like the walls of Gadh round here, were I only able; and I'd take the folks who had plunked here and I'd make them toll for a weary year till the walls showed green and the paths were clear, and every bench and chair and table! The chumps who go to a picnic ground and kick a bushel of junk around should all be chased to the village poet—they should, so help me Willum; and the county clerk and the village cop should keep them there till they swore to stop this wild bull in a china shop—if they did it again I'd kill 'em!"

SAFE FORCED BY CLUMSY BURGLAR

Mimico Lumberman Loses Valuable Papers, But Thief Took No Money.

Forcing an entrance thru the window a burglar robbed the safe and ransacked the desk in the office of James Free, lumberman at Mimico. The burglar is described as a foreigner, evidently French-Canadian, and was only an amateur. He removed many valuable papers, but failed to break open the inner cash box.

Mr. Free left his office at night, taking with him the day's receipts with the exception of about \$200 in a large envelope and some checks. Shortly after midnight Mr. Ritchie of the Ritchie House on Station road, observed a man in the vicinity of the planing mill at that place and took particular notice of him on account of his peculiar appearance.

FELL THIRTY FEET WHILE MOVING DESK

Larry Banks Mortally Hurt at C.P.R. Building Saturday—Died in Hospital.

man who fell down an elevator shaft at the C.P.R. building on Saturday at 11 a.m., and broke both legs, died in St. Michael's Hospital yesterday afternoon at 2 o'clock.

Mr. Banks was an employe of M. Rawlinson, for whom he had worked for ten years or more.

He was a furniture packer and at the time of the accident was lifting an office desk from a dolly wagon into the elevator of the new building of the C.P.R.

There was an open space between the wagon and the platform of the elevator and thru this space he fell thirty feet to the basement.

Geo. Leland and W. Foster, the two men who were helping him, were at the front of the desk and it is thought that Banks' view of the open space was cut off by the desk.

Mr. Banks was 47 years old. He leaves a widow and one daughter.

The Seashore

The Seashore Express that leaves Bonaventure Station, Montreal, every night at 8.30, with electric lighted buffet-sleeping car and the day train, leaving Montreal at 8.30 a.m. with parlor cars and dining cars, reach the upper districts of Long Island Sound that are environments of New London, Conn., where the attractions are warm surf bathing, fishing, sailing, driving or tramping.

Block Island, Watch Hill and Fishers Island are three charming spots for the summer visitor and are swept constantly by ocean breezes—the temperature rarely rising above 75 degrees. A week at any of those places will do as much good as a sea voyage.

There is splendid hotel and boarding house accommodation at prices to suit all pockets.

LARGE CONGREGATIONS GREET NEW PASTOR

Rev. Dr. J. C. Speer Preached Eloquent Sermons on Initial Day.

Rev. Dr. J. C. Speer, D.D., the new pastor of North Parkdale Church, corner Sourthern and Galloway avenues, addressed a large congregation at both of his initial services yesterday. His sermon in the evening was on the truth of the Bible and was most eloquent. The church, which is a new one, and beautiful both outside and in, was never in a more prosperous condition than it is at present, and Dr. Speer's ministry starts off under the most favorable auspices.

MILL PARTLY BURNED

OHATHAM, July 6.—(Special.)—The plant of the Hawken Milling Co. at Wallaceburg was partly destroyed by fire of unknown origin about ten o'clock on Saturday morning. The place is just outside the town limits and it is not possible to reach it, so the fire brigade fought the flames.

Killed by Lightning. LOUISVILLE, July 5.—Mrs. L. O. Bradley, wife of a prominent merchant here, was instantly killed by a bolt of lightning. When killed the woman carried a small baby and it was injured.

THE WEATHER

OBSERVATORY, TORONTO, July 6.—(8 p.m.)—A disturbance which on Saturday morning was over Lake Superior, has since developed some energy and moved eastward to the Lower St. Lawrence Valley, where it is centred tonight.

Only Eight Killed In U. S. Celebrations

Sane Fourth of July Cuts Death Rate—Number of Injured Being 365.

CHICAGO, July 6.—The celebration of the Fourth of July with fireworks this year resulted in only eight deaths and 365 injuries in the entire country, according to a compilation up to early this morning.

None of the deaths reported came from the larger cities. The fire loss also was much smaller than has been reported on Independence Day in previous years.

Of the deaths reported three were from fireworks, three from firearms, one by a premature explosion of gunpowder, and one from a runaway.

Fireworks played the chief part in the 365 injuries, causing 164 accidents. Toy cannons caused 21 accidents, gunpowder 55, fire arms 55, toy pistols 25, torpedos and 10 runaways 7, and bomb cases 1.

The eight dead compares with a total of 41 compiled at midnight Independence Day, 1912, 57 in 1911, and 131 in 1910.

TORONTO TAXES FOR 1913.

The taxes for the recently annexed district of North Toronto are not due and payable until Sept. 10. The bills for the said district will be delivered during August. Ratepayers owning property in that locality need not worry on account of not receiving their bills, as they will all be delivered in good time previous to the date of payment. 46165626

CARRIED TWO, DEFEATED ONE.

GALT, July 6.—(Special.)—Three boys were voted on yesterday. One of \$70,000 for waterworks was carried by a large majority. Another of \$2400 for St. Andrew's street drain also carried. The third of \$15,000 for a gymnasium for the Galt Collegiate Institute was defeated by an overwhelming majority.

Greeks Leave for War.

EDMONTON, July 5.—Two Edmonton Greeks, Andreas Pappas and Geo. Andrews, left yesterday for the seat of war in the Balkans. Both are working men and are going back voluntarily. They will pay their own fare and expenses to Athens, the amount in each case being about \$150.

CULCH BARBER

LOSS \$200,000

Roman Catholic Edifice at Point St. Charles Totally Destroyed—Two Firemen Hurt.

MONTREAL, July 6.—(Can. Press.)—St. Charles' Roman Catholic Church, situated in Point St. Charles, was totally destroyed by fire this afternoon, the loss amounting to \$200,000. Two firemen were injured, Fireman Albert Gabriel, by a fall from a ladder. St. Gabriel's Church and presbytery, on neighboring property, were saved from the flames, but the presbytery was severely damaged by a portion of the steeple of St. Charles' Church crashing thru the roof.

The fire started behind the organ loft from an unknown cause. Defective wiring is one theory, while others believe the careless work of workmen making interior repairs, responsible.

Rev. Father Plante risked his life by dashing into the blazing building to bring out the host.

THOUSANDS WENT ON SUNDAY BOATS

Lake Was Rough and the Weather Cold, But Passengers Enjoyed It.

Despite the sharp drop in the temperature nearly three thousand citizens of Toronto took advantage of the first Sunday trips across the lake to Niagara Falls and a large number of people were on board the steamer Cayuga when she left the Yonge street dock at 7.30 a.m.

Encouraged by the success of last season, when two Sunday boats were put in service, the Niagara Line placed the full service of three steamers on yesterday, and with the Chippewa and Corona also running six return trips were made.

In addition to those who went from Toronto about two thousand people took the trip across the lake from the American side.

Altho it was quite rough on the lake and a strong breeze rendered wraps necessary, those who took the voyage had a good time and returned to the city well pleased.

It was also the first Sunday trips for the season of the steamer Chloira to Olcott Beach, and about seven hundred people were carried on the two trips made.

WORK STARTED ON C.P.R. DOUBLE TRACK

Agincourt to Toronto Section Will Now Be Rushed Thru.

Excavation work for the double-tracking of the C. P. R. from Agincourt to Toronto started this morning, when a big steam shovel got down to business at Agincourt Station. The work on the additional single track to Smith's Falls is now pretty well forward, so that the Agincourt to Toronto section will be rushed thru with all dispatch.

BINDS DEMOCRATS TO SUPPORT BILL

Opposition to Rule to Make Vote Unanimous Forces Adjournment of Caucus Till Monday.

WASHINGTON, July 5.—Opposition to a rule binding all Democrats to support the tariff bill without change forced an adjournment of the senate caucus today until Monday.

Only 31 of the 51 Democrats were present and several senators objected to the caucus taking final action to bind its members when so few were present.

Adjournment was taken to 4 o'clock Monday afternoon, when an effort will be made to secure a full attendance of Democrats. The time when the wool schedule will take effect is still unsettled. Many Democrats are advocating that it go into effect immediately when the bill becomes law.

Gipsy Band Cause Trouble in Quebec

Dozen Citizens Appear at Police Court Declaring They Had Been Robbed.

QUEBEC, July 5.—A band of Brazilian gypsies, who made their way from Calgary, where they say they went twenty years ago, arrived in Quebec a week ago and encamped on Levis Heights.

Three of the women were arrested yesterday for telling fortunes and sent to jail under the vagrant act in default of paying a fine of \$20 each. They not only paid the fine in the jail but deposited an extra \$100 as bail to appear again in the police court this morning. Later two of the women were arrested for theft.

This morning a dozen citizens appeared in police court and declared they had been robbed by the first three arrested. The police will now round up the whole gang.

Grain Steamer Ashore.

KINGSTON, Ont., July 5.—The steamer Ames, from Fort William to Montreal, with grain, ran ashore at Salmon Point, forty miles west of Kingston, during Friday night. The Donnelly Wrecking Company of this city has sent an outfit to her assistance.

PRESIDENT—Andrew D. McBride, Real Estate Broker, Toronto.

VICE-PRESIDENT—Theobald Prince, Hardware Merchant, Toronto.

SECRETARY-TREASURER—Fred J. Cameron, Coal and Wood Merchant, Toronto.

DIRECTORS—Robert Prince, Merchant, Toronto; Angus M. Robertson, Lumber Merchant, Toronto.

AUDITOR—J. E. Turk, Toronto.

SOLICITORS—Messrs. Heyd & Hoyd, 26 Adelaide Street West, Toronto.

Toronto adds at least 20,000 to its population annually.

Progressive Builders, Limited, will help to house them at a substantial profit to its shareholders.

The object of PROGRESSIVE BUILDERS, LIMITED, is at present to build in Toronto substantial, modern, six-roomed dwelling houses to be sold for a small cash payment down and the balance in small payments that will meet interest, taxes and insurance, and applying a certain amount each year to the reduction of the principal—and these payments will not be larger in most instances than the rent paid by the workingman today for houses that are vastly inferior to those proposed to be erected by PROGRESSIVE BUILDERS, LIMITED.

The time could not be more opportune for the organization of such a company as the PROGRESSIVE BUILDERS, LIMITED, whether viewed from the need for such homes—and the demand there is bound to be for them—or from the viewpoint of substantial profit to the investors.

25% to 40% Profit Being Earned

Similar companies in large American centres are helping to meet the housing situation for the workingman, making it possible for him to purchase and pay for a home of his own on easy payments—giving him great value for his money, and at the same time paying the handsome profit of from 25 per cent. to 40 per cent.

PROGRESSIVE BUILDERS, LIMITED, will immediately commence the erection of 100 houses, to sell at from \$2500.00 to \$3500.00, on a cash payment of, say, \$200.00 down, and cash monthly payments of from \$25.00 to \$35.00. PROGRESSIVE BUILDERS, LIMITED, have options today on excellent properties from the standpoint of location, and most desirable from the standpoint of steady and permanent increase in value.

Shares in PROGRESSIVE BUILDERS, LIMITED, are being offered now—and will be allotted in order of application—25 per cent. of purchase money to accompany the application—balance to be paid at rate of 25 per cent. per month—a discount of 5 per cent. allowed for full cash payment for stock allotted.

Application for Shares in "Progressive Builders Limited"

Capitalization—\$200,000. Shares \$1.00 at par.

POLITICS IS NOT GAME OF CREEDS

Montreal Orangemen Adjured to Ignore Remarks at French-Canadian Gathering.

MONTREAL, July 6.—(Can. Press.)—Members of the various lodges of the Orange order paraded this afternoon, as is their custom on the Sunday preceding the 12th of July. In the address which was delivered to them in Olivet Baptist Church, by Rev. Dr. Sullivan, they were warned against any attempt to divide up this country on merely religious lines, this being a reference to the recent speeches made at Three Rivers, at the convention of the Catholic Youth.

The pastor of Olivet church expressed his conviction, that thinking men among the French Canadian population did not share those views which had found oration at Three Rivers. This dividing up on religious lines in politics, would mean using the state simply for the advancement and aggrandizement of the church, he said.

U.S. POLO PLAYERS WIN IN OVERTIME

Thirty-Three Thousand Saw Series—Saturday Night's Game Exciting.

The final game in the auto polo tournament at Exhibition Park, on Saturday resulted in a victory for the American team, the score being 10-9. At the conclusion of the fourth period the score was 9-9, and the teams continued to play until another goal was scored to give the vantage, which happened in seven minutes.

E. M. Wilcox of the Ontario Motor League, the manager of the auto polo meet, is well satisfied with the reception accorded auto polo in Toronto, 33,000 people having attended the meet.

The fact that the game was played in Toronto by artificial light for the first time, made the venture somewhat of a speculation, but the financial result has been entirely satisfactory.

CONSERVATION ONE BIG TOPIC

Canadian Forestry Association Will Open Convention at Winnipeg on Monday.

WINNIPEG, Man., July 5.—(Special.)—Monday evening will see the opening of the convention of the Canadian Forestry Association. There will be addresses of welcome from Lieutenant-Governor Cameron and from many other prominent officials and citizens of Winnipeg. Officers of the association and the industrial commissioner have been co-operating to make this one of the most successful conventions ever held in the west.

Problems which lie before the Canadian Forestry Association are dependent for solution upon arousing vigorous public opinion with regard to the conservation of the forest resources of Canada. As is well known, every year sees tens of millions of dollars worth of timber burned up thru various agencies, mainly carelessness and lack of attention to safeguard forest areas.

Fires in northern Ontario in the last few days are a striking instance of this. The association stands for the preservation of forest resources, not for material benefits, which will accrue thru the maintenance of a constant supply of wood material for the present generation and for all time to come, but also for the beneficent effect of a forest cover on mountain tops in all parts of the country.

Hon. Clifford Sifton, chairman of the commission of conservation, and an ardent exponent of the subject of forest, contends that the denudation of the forest cover on the eastern side of the Rocky Mountains is a matter of life and death to prairie farmers.

When it is known that timber resources of Canada cannot last for more than half a century (at the present rate of cutting and fire loss), it is easily recognized that the problem has assumed national proportions, and every citizen, in whatever locality he may live, is interested in the adoption of proper methods of protection and utilization of Canada's forest areas.

Toronto Man Drowned At Kingston Wharf

Thomas McLeod Fell Into Water at Swift's Wharf and Never Rose.

KINGSTON, Ont., July 5.—Thomas McLeod, night watchman on Steamer Kingston, got off at Swift's Wharf this morning to take the stern line and by some accident was thrown into the water and never rose. Coroner Mundell will hold an inquest if body is recovered. McLeod was 24 and belonged to Toronto.

STRIKERS MARCH AT FUNERAL OF COMRADE

PATERSON, N.J., July 5.—Two thousand striking silk mill workers, a fifth of them women, marched today at the funeral of Vincenzo Madonna, a striker who was shot and killed in a recent riot here. The men all wore red ribbons in their coat lapels, the women red waists and sashes. William D. Haywood and Carlo Tresca, under indictment for inciting the strikers to riot, strode at the head of the procession. There was no disorder.

BABY'S BODY FOUND.

WHITBY, July 5.—The body of a newly born child was found last night by Chief of Police McGroarty in an outbuilding in the rear of the home of Arthur Hartwick of this town. Whether born dead or alive and why the birth was concealed will be the subject of a coroner's inquest this afternoon.

Lacrosse With Irish Canadians Cricket and International Athletics Three Records Broken New Swimming Marvel

TECUMSEHS PUT OVER THE BIG SURPRISE OF LACROSSE WORLD

Defeated Irish-Canadians, Big Four Leaders, by Six to Three in a Great Lacrosse Struggle—Played Better Lacrosse From Gong to Gong.

After all you can't dope the Tecumsehs. They usually lose when they should win and carry off a victory at the most unexpected times. On Sunday they put a crimp in the winning streak of the Irish-Canadians of Montreal, the league leaders, and they doubled the score at that—6 to 3.

Needless to say it was one of the great lacrosse events of the year. Before the game the Irish looked like winners on account of their strenuous strategy, while it was thought the Indians had a fighting chance and that was all. It was a good day for the Indians, however, except that the air was rather close. Nearly 4000 thousand people saw the Irish meet their water.

It was in the first quarter that the Indians showed their superiority over the visitors. They slipped in three goals in a row while the Irishmen were unable to even get a decent opening to give Kinsman a little "foot" to do. The Indians showed remarkable vigor and never slackened the pace they set when the game opened. They played fast-footed, dodging and snappy passing home of the visitors was held too far

out to be effective and the Indian home was faster than ever before and pulled off much sensational play. In the third quarter for the first ten minutes the Indians were quite so effective and the Irish had applied more steam. Henry Scott and George bulged the nets, giving the Indians a 5-1 lead, which made them decidedly uneasy.

It was an all-star game, every man on the field playing stellar lacrosse. It would be rather difficult to select any individual player, but without a doubt Guy Smith deserves special mention. He played the best game of his career until he was seized with a cramp towards the end of the third quarter. He was the best fielder in the game and, besides this, was a dangerous man around the Irish nets.

The line up: (6) Goal, Kinsman; point, Whitehead; cover, Graydon; defence, Mackenzie, H. Green, Rowntree; centre, Falker; home, Smith, Querrie; outside, White, Murdoch, Baker; centre, O'Kane; home, F. Scott, George, H. Scott; outside, McAlroy; inside, Robinson.

First Quarter—1-Irish-Canadians, Kane 10 min. 2-Tecumsehs, Smith 5 min. Second Quarter—3-Tecumsehs, Smith 4 min. 4-Tecumsehs, Graydon 2 min. 5-Tecumsehs, Querrie 2 min. Third Quarter—6-Irish-Canadians, Scott 1 min. 7-Irish-Canadians, George 3 min. 8-Tecumsehs, B. Green 10 min. 9-Tecumsehs, F. Scott 10 min. 10-Tecumsehs, F. Scott 10 min. Final score: Tecumsehs 6, Irish-Canadians 3.

Table with 2 columns: Team, Score. Rows include Toronto Nationals (4-0), Tecumsehs (3-6), and various other teams.

STAKE AND CAP WON GREAT RACE

Ryan's Filly Grabbed the Keene Memorial in Sensational Finish.

BELMONT PARK, July 5.—(Can. Press).—Stake and Cap, Thomas F. Ryan's two-year-old fillie, yesterday made a sensational finish and won the Keene Memorial Stakes, the most valuable fixture of the day. At the quarter the Ryan filly seemed hopelessly beaten, as she had a good field of youngsters going ahead of her, among them Cooney's Funch Bowl, McCahey knew that he had a good mount, however, and the furious rainstorm had made the going heavy, which was to Stake and Cap's advantage. In the last furlong she came on with a great burst of speed from almost last place until she won down all before her and finished half a length ahead of Holland's Gainer.

The closest finish of the day was negotiated by Butwell when he landed Johnson's Cook of the Walk a short head ahead of G. M. Miller in the handicap. A protest by the loser's jockey, Rightmeyer, was dismissed.

COMMERCIAL

ST. LAWRENCE MARKET.

Receipts of farm produce were light, no grain or hay, with only about 15 loads of mixed produce in the north building, and a moderate supply on the basket market.

There was a fair trade, but prices were easier for butter, spring chickens, and ducks, and firm for new-laid eggs. Old baskets are a drug, as there is a large supply of American new potatoes, which sell at \$5 per bushel, and in some instances more.

Butter—Prices were easier, selling at \$1.20 to \$1.25, the bulk going at \$1.20 to \$1.25 per lb. Few sales being made at 30c.

Spring chickens—Few choice well matured ducks were on sale, prices ranging at 30c to 35c, but the thin, skinny half-grown were not wanted and sold for anything that would be offered.

Spring chickens—Not many choice lots were on sale, in fact we only saw one lot of real good chickens; but there may have been more. Prices ranged from 30c to 35c for any approaching what might be called good, but there were some unmarketable inferior quality bought down at 25c to 30c per lb.

Farmers, feed and finish your poultry better, as it will pay you. Demand for eggs is steady to firm at 27c to 30c.

Market Notes. Mrs. Craig of Shellgrove topped the market for spring chickens by selling 6 pairs weighing five pounds per pair at \$1.25 per lb. to E. Mallon, butcher, St. Lawrence Market, but they were cheaply and carefully dressed.

Wheat, fall, bushel, \$0.95 to \$1.00. Barley, bushel, \$0.80 to \$0.90. Oats, bushel, \$0.70 to \$0.80. Rye, bushel, \$0.65 to \$0.75. Buckwheat, bushel, \$0.50 to \$0.60.

Hay and Straw. Hay, ton, \$18.00 to \$20.00. Straw, bunched, ton, \$4.00 to \$5.00. Potatoes, per bag, \$0.85 to \$0.75.

Dairy Produce. Butter, creamery, \$1.20 to \$1.30. Eggs, new dozen, \$0.25 to \$0.30. Poultry, Retail. Turkeys, dressed, lb., \$0.18 to \$0.20. Ducks, spring, lb., \$0.20 to \$0.25. Spring chickens, dressed, \$0.25 to \$0.35.

Meats. Beef, forequarters, cwt, \$8.00 to \$9.00. Beef, hindquarters, cwt, \$10.00 to \$11.00. Beef, choice sides, cwt, \$10.00 to \$11.00. Beef, medium, cwt, \$9.00 to \$10.00.

Butter, creamery, \$1.20 to \$1.30. Eggs, new-laid, \$0.25 to \$0.30. Honey, extracted, lb., \$0.15 to \$0.18.

HIDES AND SKINS. Prices revised daily by E. T. Carter & Co., 35 East Front Street, Dealers in Wool, Yarns, Hides, Catskins and Sheepskins, Raw Furs, Furrows, etc. Hides.

No. 1 inspected steers, \$0.13 to \$0.14. No. 2 inspected, \$0.12 to \$0.13. No. 3 inspected, \$0.11 to \$0.12.

Wool. Coarse, unwashed, \$0.15. Fine, unwashed, \$0.17. Coarse, washed, \$0.24. Fine, washed, \$0.26.

Notes. The best grades of melons were readily taken, but inferior clips are still irregular and they were frequently withdrawn. Americans bought a few lots of medium cross-bred, best week 70, 100 bales will be offered. Today's sales follow: New South Wales, 1800 bales; scoured, 1d to 1s 11d; greasy, 7d to 1s 3d.

Queensland, 1000 bales, scoured 1s 1d to 2s; greasy, 9d to 1s. Victoria, 500 bales; scoured, 1s 6d to 2s 11d; greasy, 9d to 1s 11d.

South Australia, 200 bales; scoured, 1s 2d to 1s 8d; greasy, 7d to 1s 5d. West Australia, 300 bales; greasy, 7d to 1s 11d.

New Zealand, 7000 bales; scoured, 1s 1d to 2s 2d; greasy, 6d to 1s 2d. Cape of Good Hope and Natal, 600 bales; scoured, 1s 4d to 1s 11d; greasy, 6d to 1s 11d.

MONTREAL GRAIN AND PRODUCE. MONTREAL, July 5.—There was some demand from European sources for Manitoba oats and barley and a few loads of the latter were worked, but as the prices bid for the former showed no advance, being still flat on the market, no sales were made.

The local trade in oats is fair, but the demand for other kinds of coarse grains is limited. Flour and mill-feed is fairly active at firm prices. The undertone to the market for baled hay is strong and prices have an upward tendency on account of the poor prospects for the growing crop.

An easting feeding prevails in the market for butter and prices in the country have declined 5c per lb. Receipts for the week were 21,866 packages, against 24,265 a year ago. The tone of the cheese market is strong and much higher prices will have to be realized on spot next week in order that exporters may make any money. The demand from English buyers is good, principally because shorts are covering. Receipts for the week were 72,198 boxes, against 91,197 a year ago.

Stocks: Wheat, 1,177,846 bushels; corn, 7487; oats, 1,949,378; barley, 686,054; rye, 109,653; buckwheat, 4385; flaxseed, 197,627; flour, 216,000.

Corn—American, No. 2 yellow, 68c to 69c. Bats—Canadian western, No. 2, 45c; No. 3, 40c to 40 1/2c; extra No. 1 feed, 41c to 41 1/2c.

LONDON AFRAID OF TROUBLE IN BERLIN

Reported Official Veto Had to Be Put on Foreign Flotations. LONDON, July 5.—In the minds of bankers here Berlin remains a danger spot, and unless there is a marked improvement there between now and the beginning of September autumn events in the German money market may constitute a direct threat both to London and Paris.

NEW DIRECTORS OF FOLEY-O'BRIEN, LTD.

The new board of directors of the Foley-O'Brien, Ltd., is constituted as follows: Frank L. Bapst, president of the Buffalo Dredging Company, and general manager of the German Rock Asphalt and Concrete Company; M. L. Foley, of Toronto; W. H. Kiuch, Samuel Dark and Chas. L. Sherrill, of Buffalo. The control of the company was transferred to the Sherrill interest a couple of months ago.

STOCK EXCHANGES CLOSED AT WEEK-END

Saturday was a full holiday in the Toronto, Montreal and New York stock exchanges, the mining and cotton markets, and the Chicago and Winnipeg grain exchanges. The Toronto exchange and the local mining market will be closed Saturdays during July and August.

EUROPEAN MARKETS INCLINED TO SOFTEN

Trouble in Rand Depressed London Market—General List About Steady. LONDON, July 5.—Money and discount rates were quiet today. Reports of rioting in Johannesburg caused further weakness in gold mine shares on the stock exchange and Balkan stocks declined on the uncertainties of the near east. British stocks sagged in sympathy, but there was a slightly harder tendency noticeable at the close, as it is believed the Rand strike will be short. American securities were dull and featureless and closed practically unchanged.

BERLIN, July 5.—A slight improvement at the Bourse today was due to buying based on hopes of Roumania and Bulgaria reaching an agreement shortly. PARIS, July 5.—The Bourse opened firm and closed steady today.

Cobalt Shipments

COBALT, July 5.—(Special.)—The Cobalt Comet and the Trethewey were again on the list this week. The Old Drummond mine yielded a car of concentrates, the Trethewey sent out the one car of low grade ore on the cars this week. Shipments for the week are: High. Low. Pounds. Cobalt Comet 1 1 73,800. Trethewey 1 1 60,900.

The bullion shipments for the past week are: Bars. Ounces. Value. Nipissing 123 147,854.70 \$ 85,706.21. O'Brien 29 26,983.00 14,889.93.

FREIGHT THRU SOO BEATS ALL RECORDS

June Volume Greatly in Excess of That of a Year Ago. SAULT STE. MARIE, Mich., July 5.—(Can. Press.)—For the second time this year all previous records for one month's commerce thru the American and Canadian canals at Sault Ste. Marie are broken by the showing made in June, when freight carried thru the waterways aggregated 12,113,613 tons.

CHART READERS ON MARKET POSITION

Present Level of Averages Is Well Above Recent Low Record. NEW YORK, July 5.—Wall street chart readers have much to say these days on the prospects in the stock exchange. They argue it is not unusual after such a break as that which reached its lowest level on June 11, to have a sharp recovery, followed by a secondary decline to the low level. A double bottom the chart readers would regard as evidence of strength. If the market did not go to new low figures. Normally, the secondary decline wipes out half of the rally—anything from half of it to all of it.

WATER SUPPLY OUTSIDE OF CITY LIMITS

NOTICE is hereby given that all applications for a supply of water for property outside of the city limits received up to the present time, as well as any bona fide application that may be received up to 15th of July next; that is to say, from parties who have building under construction, or can show intention of building, providing such applicants' properties are within 500 feet of the city limits, will be granted on the usual terms and conditions, the water in each case to be supplied by meter, and that on and after that date, viz., July 15th, no more water will be supplied to parties residing outside of the city limits.

Department of Railways and Canals, Canada. WELLAND CANAL. BROAD CREEK CULVERT. NOTICE TO CONTRACTORS. SEALED TENDERS, addressed to the undersigned and marked "Tenders for Broad Creek Culvert, Welland Canal," will be received at this office until 10 o'clock on Thursday, July 10, 1913. Plans, specifications and form of contract to be entered into can be seen at the office of the Chief Engineer of the Department of Railways and Canals, Ottawa, and at the office of the Superintendent of the Welland Canal, Welland, Ont. Parties tendering will be required to accept the fair wages schedule prepared and to be prepared by the Department of Labor, which schedule will form part of the contract. Contractors are requested to bear in mind that tenders will not be considered unless made strictly in accordance with the printed forms, and in the case of firms, unless there are attached the actual names and addresses of the persons occupying and place of residence of each member of the firm. An accepted bank cheque for the sum of \$1,000.00 made payable to the order of the Minister of Railways and Canals, must accompany each tender, and will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted. The cheque thus sent in will be returned to the respective contractors whose tenders are not accepted. The cheque of the successful tenderer will be held as security for the performance of the contract to be entered into. The lowest or any tender not necessarily accepted. By order, ASST. DEPUTY MINISTER and SECRETARY, Department of Railways and Canals, Ottawa, 30th June, 1913. Newspapers inserting this advertisement without authority from the Department will not be paid for.—4473.
