PANAMA POLICY OF PRESIDENT IS UPHELD

Bill to Repeal Toll Exemptions Carried by Sweeping Majority in Committee of Congress—Charge of Trucking to Foreign Nations Warmly Repudiated.

WASHINGTON, March 6.—Initial steps to repeal the toll exemption clause of the Panama Canal Act as requested by President Wilson were taken in congress today when the house committee on interstate commerce reported favorably a bill to strike out the provision. In the senate the committee on interoceanic canals decided to meet next week to consider the appeal of the president for a reversal of policy in the controversy which involves the Hay-Fauntleroy treaty, and in the opinion of those present, the general foreign relations policy of the administration.

Overwhelming Majority. In the house there was quick response to the president's address, the committee voting 13 to 3 to favorably report the Sims repeal bill. Absent members who were recorded made the vote 17 to 4.

Chairman Adamson had ready a draft of the report when the committee met. It based the approval of the Sims bill on the same two broad grounds set forth in the president's message, general international comity and the fact that the toll exemption is provided in the Canal Act.

Stefansson Has Still No News of Vessel, Reports Commissioner Perry.

REGINA, Sask., March 6.—That Stefansson has no news of the Karluk lost in the ice of the Arctic Ocean was the word received this morning by Commissioner Perry of the R.N.W.M.P. in a wire from Supt. Moody, in command of the Dawson Station. The patrol, which came from Fort McPherson, arriving at Dawson yesterday under command of Corporal Hocking, brought an exceptionally heavy mail, containing letters from the explorer and from whaling vessels and others in the north, but Stefansson still knows nothing of the whereabouts of his ship.

HOME RULE SUPPORTED BY U.S. CONGRESSMEN

Philadelphia Admirer Cables Glad Tidings to Chief of Nationalists. WASHINGTON, March 6.—After conferences with colleagues in the house of representatives, Michael Donohue of Philadelphia, who was born in Ireland, today cabled the following message to John Redmond, leader of the Nationalist party in the British Parliament: "I find overwhelming sentiment among congressmen for home rule bill, believing it will settle old differences and work advantage of Ireland and the empire."

ORANGEMEN ARE READY TO FIGHT

Londoners, Formerly of Ulster, Volunteer to Serve if the Need Arises.

LONDON, March 6.—More than thirty Londoners who were former residents of Ulster will go back to the old land if the home rule bill is put into force, to join with Sir Edward Carson's supporters in fighting the measure. These men are members of the Emerald Repealery, Royal Black Knights of Ireland, and with others have voluntarily subscribed sums of money for the fund raised to fight the home rule bill.

METROPOLITAN COUNTY PROJECT APPROVED BY CIVIC COMMITTEE; MACLEAN TALKS CITY PLANNING

"Look Twenty Years Ahead, See Greater Toronto," Is Advice of Member For South York—Water, Sewers and Transportation Needed on City Outskirts.

Aldermen Favor Development of Township Lands Bounding Toronto—Ex-Alderman May Declares His Plan Less Desirable Than That Brought Forward by W. F. Maclean.

Representatives of the Townships of York, Scarborough and Etobicoke are to meet the Toronto transportation committee to study the proposition of W. F. Maclean, M.P., to establish a metropolitan county of Toronto in the near future. Mr. Maclean was invited to address the committee yesterday. After he had explained his plan for a metropolitan county, and it had been discussed, it was unanimously approved. Activity in its promotion was generally demanded.

Discussion of Mr. Maclean's plan brought out the fact that extension of water and sewerage services in the main reason why the surrounding townships are in the spirit to cooperate with the city for the metropolitan area.

Needs Population. Ald. Wickett explained that transportation was the basis of his metropolitan area proposition. He had made the area wide because the large towns were so great a distance from the city, and a radial system requires connection with populous areas to secure traffic that would make the lines pay.

Ex-Ald. May, who had proposed a system of police villages in the suburbs, and their ultimate annexation, declared that a metropolitan county is preferable.

A Greater Toronto. In his address to the transportation committee Mr. Maclean showed that his viewpoint is the development of the immediate contributory territory, the building of a Greater Toronto and

INCOME TAX TO RAISE BIG SUM

Revenue of United States to Be Increased by Fifty Millions Annually.

WASHINGTON, March 6.—The income tax law bids fair to live up to the expectations of the administration by producing about \$50,000,000 annually in revenue paid by close to 425,000 individuals. Altho treasury officials decided tonight not to make public for the present the reports of internal revenue collectors on the income tax, it became known that more than 400,000 individuals had made returns in the 63 collection districts up to Monday night, when the time limit expired. From these individuals it was understood the government probably would collect more than \$40,000,000.

C.N.R. LOAN GUARANTEE REQUEST IS NOW BEFORE GOVERNMENT

Railway Plans, it is Understood, to Make New Issue of Thirty-five Millions—Railroad Knights and Advisers Spent Busy Day.

OTTAWA, March 6.—The negotiations for a government guarantee of a new issue of Canadian Northern bonds are progressing, but no definite information is available tonight, beyond the fact that the company's written application, with the evidence and arguments in support of the same, was formally presented this afternoon by Sir William Mackenzie to the prime minister. The amount of the proposed issue is not stated, altho it seems to be generally believed to be \$35,000,000.

EVANTUREL IS STILL SILENT

No Word Received by His Supporters in Prescott—Will Probably Demand Resignation.

OTTAWA, March 6.—"I have not heard yet from Mr. G. Evanturel, M. L. A. for Prescott County, and cannot say whether he will be on hand for Saturday's meeting of the Prescott Reform Association or not," said J. Lapointe of Fourrier tonight. He added, "We will meet at VanKleeck Hill at 1.30 p.m. tomorrow."

POCKET PICKING EXPERT JAILED

Henry Baker of Chicago, With Arthur Murray and His Sister Margaret, Taken by Police.

Nominally charged with vagrancy, Arthur and Margaret Murray and Harry Baker, alias Coulson, whom Detectives Cronin and Mitchell arrested at 531 College street yesterday afternoon, are thought by the police to be pickpockets. Baker is a pickpocket of international reputation. He claims Chicago as his home. At present he is out on bail from the Guelph courts, where a charge of picking pockets hangs over him. Considerable money was found on the two men, all carried in regulation pickpocket style, the bills being folded in a half dozen different batches, some containing \$10, some \$20, and some even \$30. Each had been folded differently from the others.

INFANT'S BODY FOUND.

The body of a newly born female infant was found by Joseph Brown, a city scavenger, in a lane off Spadina crescent, yesterday morning. It later was removed to the city morgue, where an inquest will be held. The body was wrapped in a newspaper. There was no clothing or anything by which identification could be made.

DENOUNCE RELIGIOUS RAFFLES.

LONDON, March 6.—The Ministerial Association of London, in a statement issued today, takes exception to the law which allows lotteries and raffles for charitable or religious purposes. The end does not justify the means, it is contended. What is wrong for saloons and similar places cannot be right for the churches.

HURT BY BURSTING OF BULB.

William Rutherford, 126 Fern avenue, an employe of the Arena Gardens, had his face and hands badly burned by the bursting of an electric bulb yesterday afternoon. He was conveyed to St. Michael's Hospital.

PERMIT SMOKING AGAIN ON MONTREAL TROLLEYS

City Council, With Election Close at Hand, Likely to Act. MONTREAL, March 6.—The local Labor Council has decided to support the petition asking that smoking be allowed again on street cars. Forty thousand signatures have been obtained for the petition, which will go before the city council on Monday.

NOT AIMED AT ADULT SMOKERS

A. Broder's Anti-Cigarette Bill May Result in Age Limit Being Raised.

OTTAWA, March 6.—Andrew Broder's bill to prohibit the manufacture or importation of cigars, cigarette tobacco and cigarette papers should come before the house on Monday, says Mr. Broder. It will not go to a vote, but will be referred to a strong committee of non-members of parliament, who will be asked to enquire into and report fully upon the subject. Mr. Broder's object in introducing this bill is to focus attention upon the evil of cigarette smoking, particularly by boys. "I am not really after the grown-up cigarette smoker," he said to The World, "but rather to strike at the evil of selling cigarettes to growing boys."

GRAHAM ADVISES COMPROMISE ON TARIFF

East and West Must Give and Take in Adjusting Differences—Report on N. T. R. Described as Greatest Outrage Known to Canadian Politics.

"The east and west must compromise in the matter of international tariffs," said Hon. George P. Graham in an address delivered before the banquet of the Variety Liberals in Burwash Hall last night. "The west," said he, "has been making certain demands, and Ontario has been the only part of Eastern Canada to make serious objections. There must be no east and no west in the Dominion. The public men of today must possess the courage necessary to unify Eastern and Western Canada, and this unification can be brought about without any sacrifice of principle."

He believed that the solution of the question could be arrived at by half a dozen representative eastern manufacturers getting together with a similar number of representative men of the west. He said the present difficulties could never be solved as long as differences of opinion existed between the two.

Defends N. T. R. Policy.

Defence against the report of the Staunton-Gutelius commission was also made by Mr. Graham. The report, he said, was one of the greatest outrages ever perpetrated in the history of Canadian politics, and he proceeded to describe the major part of the forty millions expended on the Transcontinental railway, for which he is under fire in the house. He said: "Small mistakes and small leaks may have occurred; they are liable to occur as long as man is mortal; but I challenge any man to prove that I have spent one dollar of the one hundred and sixty millions for self-interest."

Railway Shops Expenditure. The matter of the railway construction shops being built by the government.

PRESENT YEAR TO SEE PASSING OF LEGALIZED VICE IN CANADA

Rev. T. A. Moore Declares That Organized Campaign Has Produced Remarkable Results, But is Sorry That Toronto Lags Behind in Efforts.

OTTAWA, March 6.—That the end of 1914 would mark the passing of the last of Canada's "Red Light" districts, and that he thought the day would dawn when the Dominion would be known as the "white country," was the optimistic outlook of Rev. T. Albert Moore, Toronto, general secretary of temperance and moral reform of the Methodist Church, of the social situation, as he and Rev. Dr. Shearer, Toronto, left the final meeting this afternoon, in connection with the memorable session of the congress.

are under police protection, and by the end of this year the same conditions will exist west of the Rockies. Not Suppressed in Toronto. "Take in Toronto, for instance. Do you not think the effort to suppress disorderly houses is preventing another phase of the problem—street walking?" Mr. Moore was asked. "I would not like to reply to that," he answered, "but I am sorry to say that houses are not being suppressed in Toronto. The council of the congress devoted the afternoon to assigning the different resolutions and recommendations passed by the congress to the federal and provincial governments and the different churches and organizations in whose direction they come. The council took up the matter of moral teaching in the schools and encouraging reports of the results being accomplished by the work of the individual churches in propagating sex hygiene were given. It will be with again at the annual meeting of the council.

MACLEAN PROJECT GAINED APPROVAL

Transportation Committee Heard Proposal to Establish Metropolitan County.

TWENTY YEARS AHEAD

Member for South York Declares Township Lands Should Be Developed.

(Continued From Page 1.)

planned and becoming an immense problem. My idea is that greater Toronto must have civic planning upon a big scale, and to do that we must control a big contiguous territory. The municipal problems today are the lake front of Scarborough and the little streets of Mimico.

Water, Sewers, Transport. "The metropolitan county must first be planned, then watered, then seweraged, and then be given transportation. We must approach the problem of view of twenty years ahead. We're looking forty years back. The proposed county would take in a radius of about ten miles."

Mr. Maclean then explained his idea of four grades of assessment in the county, the highest for the property having the fullest service from public conveniences, then suburban property, then market gardens and finally farms that are actually farmed. This would cause no hardship to anyone.

Easily Attained. "Mr. Maclean's proposition is practical and the most easily attained," Ald. Wanless declared. "That's my opinion, too," said Ald. Graham.

"All the outsiders want fair treatment in assessment," Mr. Maclean said. "When they want more public services the rate or assessment will go up."

Ald. Wanless discussed the possibility of simplifying government of the area by annexing it to the city, but the metropolitan county idea had more merit.

Commissioner Harris stated that the city has arranged with the abutting townships that when they decide where sewerage is required plans will be given for a system to conform to the city system. "We will design the outlets," he said, "and the laterals are easily placed."

Look Twenty Years Ahead. "Mr. Maclean's idea of looking twenty years ahead is good," Ald. Wherry said. "West Toronto is only five miles from the city hall, and has been in the city several years, yet it is still without sewers and transportation." Ald. F. Spence suggested that the metropolitan county policy be well

Shortage of Houses But Office Plethora

The court of revision sat yesterday to hear the appeals of those citizens who, having paid their taxes for the year 1913, are entitled to a rebate because their houses were vacant for at least three months of that year.

Judging from the number of applicants whose cases were heard, there are very few vacant houses in the city at the present time. Most of the appeals were entered by proprietors of downtown office buildings and other large properties.

blocked out before a conference is held with the surrounding townships.

Ald. Wickert urged that the townships have a voice in the preliminary work, and it was decided to call a conference of delegates of townships and the city.

To Unite Forces. Before leaving, Mr. Maclean stated that the committee at Ottawa had received with much favor a suggestion that municipalities and railways jointly build bridges, roads, and a comprehensive railway and vehicular traffic system.

The committee also considered the city car lines fares, and instructed Commissioner Harris to report on the increase of deficits from establishing 3, 4 and 5 cent fares.

TWO GIRLS GATED ONE IS EXPELLED

Frivolity at Varsity Women's Residence Leads to Drastic Action.

CAPUT TAKES A HAND

August Body Asks Co-Ed to Leave Residence—Students Are Aroused.

The expulsion of a girl resident from Queen's Hall, the University College ladies' residence, has aroused the ire of the other co-eds who make their home there. Despite President Falconer's warning to the Varsity to keep quiet about "the fuss at Queen's Hall," the news that something untoward had happened spread rapidly around the university yesterday afternoon.

Ever since the exposure of the dancing at Annesley Hall, which has not yet been officially defied by the authorities of the Methodist college, regulations have been more strict at Queen's Hall, and privileges have been curtailed.

One of the girl residents told The World that the girl who had been expelled had done nothing wrong, and that the whole affair had been a mistake.

Asked Her to Leave. The caput of the university had sent the offending co-ed a letter requesting her to leave the residence, and although an indignant delegation interviewed the president, the decision was not altered. The disciplinary committee of the hall have taken the matter up, but so far have not been able to obtain any satisfaction.

Mrs. Campbell, the matron of Queen's Hall, refused to discuss the action taken in expelling the girl.

One Dance a Year. Through other sources it was learned that besides the one girl being expelled, two more were "kated," which means that they were denied all privileges of going out or of receiving visitors after 8.30 in the evening. Mrs. Campbell has also issued the edict that there must in future be only one dance held each year.

ment was dealt with, and Hon. Mr. Graham said in regard to the expenditure of four millions of the forty for this item that by all precedent this should enter into the cost of the construction. He said he was proud of his action on the entrance of the Transcontinental into Winnipeg, and to having the tracks elevated thru St. Boniface, for which two and a half millions were charged up against him.

Says Velocity Grades are Wrong. "Velocity grades are all wrong, and I would have none of them on the Transcontinental," declared Mr. Graham. He said in this climate they are not feasible, and that within the next two or three weeks he would be able to produce expert authority to back up his decision on these grades. Sub-contracts were, he said, the only method by which to construct a transcontinental railway.

CATTLE EXODUS RECEIVES CHECK

Rise in Prices Paid in Canada Has Stopped Movement Into the United States.

OTTAWA, March 6.—In October last 58,671 cattle found their way across the border from Canada as compared with 542 during the corresponding month of the preceding year, which shows the effect of the abolition of the United States duty.

In November last 78,687 cattle were exported as compared with 6882 in November 1912. In December 22,223 were exported as against 4128, and in January last 5699 went across as compared with 4211.

These figures are contained in a return placed on the table of the committee today. The falling off in the export during December and January is attributed to the rise in prices on this side of the line.

STANLEY CUP DATES

MONTREAL, March 6.—At a meeting today between Frank Patrick, representing the Pacific Coast Hockey League, and President Quinn of the N.H.A., the dates for the world's series were arranged.

Should the Canadiens win the arrangement the first game will be played at the Arena here on Saturday night, March 14, and the second match will be played on March 15. The following matches will be played on March 19, 20, 21, 22, 23, 24, and 25. Due to the lateness of the season it is more than likely that the first two games will have to be played at Toronto on that date. Should the Canadiens win the championship the first game will be played at Toronto on March 14, while the other games necessary will be played on the other dates arranged.

WAR HERO WAS KILLED IN AFRICA

Major Conry Lost Life in Desperate Battle With Bandits.

LONDON, March 6.—News has just reached here of two exciting skirmishes by British troops and the tribesmen of Africa. In the first of these Major James Lionel Joyce Conry was shot thru the chest by a bullet from the distinguished service order medal in South Africa in 1900, near Wadai Head, in the Sudan.

Major Conry was in charge of a contingent of an Arab battalion of the Egyptian army. The leaders of the outlaws and other members of the band were killed and the remainder made prisoners. Besides Major Conry the British troops lost three men killed and four wounded, and the remainder made prisoners.

GRANDMA NEVER LET HER HAIR GET GRAY

Kept Her Locks Dark, Thick, Glossy, With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, so evenly. Preparing this mixture though, at home is messy and troublesome. For 50 cents you can buy any drug store the ready-to-use tonic called "Wyley's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this hair-dissolving, hair-taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant. You will also discover that dandruff is gone and hair has stopped falling.

Gray, faded hair, the no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyley's Sage and Sulphur and look years younger. Agents, Robert Simpson Co.

SUDDEN DEATH OF GEORGE LAIRD

Many friends both in Earlscourt and across the sea in Newcastle-on-Tyne will learn with sincere regret of the unexpected death of George Laird, which took place at his residence, 146 Boon avenue, Earlscourt, at 2 o'clock yesterday morning, from heart failure, at the age of 67 years.

THE LATE GEORGE LAIRD.

He has always taken great interest in young people, being teacher of the boys' Sunday school class at the mission. Mr. Laird was an amateur artist of considerable talent, having executed several paintings which were shown at exhibitions in his home city and other places.

The funeral service will be conducted at Central Methodist Church today at 11 a.m. Rev. P. Bryce and Rev. Archer Wallace, B.A., officiating, and interment will take place in Prospect Cemetery.

Publicity the Cure.

The danger of the high tension wire poles in the Bathurst Hill district is receiving attention. A number of men are busy sinking the poles deeper in the ground. A startling feature of the situation was that some of the poles were two feet below the surface of the ground.

DRIVERS NARROW ESCAPE

A team hitched to a wagon loaded with 50 bags of cement for the Earlscourt main sewer went over an embankment in the parkway district yesterday. The driver had backed up with the result that the back wheels slipped over and the outfit tumbled down the embankment and slid along the bottom of the ravine. The driver was thrown forward on his horse's back, where he remained, escaping unhurt.

COUNCIL CHAMBER IS NOT AVAILABLE

Owing to the inclemency of the weather there was a slim attendance at the meeting of the North East End and Fairbank Ratepayers' Association, in Vaughan Road, public school, last evening.

FENIAN RAID HERO DIED YESTERDAY

SUGGESTS PLAYS FROM OLD COUNTRY

Remedy Proposed by Bernard Sandwell to Improve Canadian Stage.

U.S. DRAMA PATRIOTIC

American Plays Not Desirable for Canadians, Tells Woman's Canadian Club.

Previous to the address of Bernard K. Sandwell before the Woman's Canadian Club yesterday afternoon, there may have been some who were largely in doubt as to the meaning of the subject, "Adjunct Theatre," upon which the visitor from Montreal was called to speak.

Canada Has No Theatre. Canada has no theatre, nor have any Canadian plays been produced outside of those produced in French and coming from the French-speaking stage of Montreal.

After tracing the course of the drama of Toronto from the stock companies of the '70s to the occasional travelling company and to the systematized companies of the circuit, he suggested remedies.

THE SHAKSPEARE PLAYERS

The Merchant of Venice, presented last night by the Shakspeare players at the Y. W. C. A. Hall, McGill street, deserved a larger audience than it received.

The play was under the direction of James Annand, who had the leading parts. The interpretation was generally up to the standard of more ambitious combinations.

With the Help of Samaria Prescription.

Many men can't help drinking, even when they try—oh, so hard!—to stop. Not much wonder, when you consider how whiskey has intimated the membranes of the brain, creating an awful torturing craving that is almost impossible to resist.

Mrs. E. of Vancouver saved her husband from his torturing, burning thirst, which was rapidly carrying him towards disgrace and death by sending for Samaria Prescription. Read what she says:

"I purchased, some three or four months back, a course of Samaria Prescription from Harrison's drug store, corner Robson and Granville streets, in this city, which my husband was very willing and anxious to take.

FREE TRIAL PACKAGE of Samaria, with booklet, giving full particulars, directions, testimonials, price, etc., will be sent in a plain, sealed package to anyone mentioning this paper.

EFFICIENT HOUSEKEEPING BY HENRIETTA D. GRAUEL DOMESTIC SCIENCE LECTURER

Cocoa Versus Chocolate

A QUERY frequently made is whether cocoa may be used with good results for the dishes and purposes for which chocolate is advised. Probably the most satisfactory reply would be—try it and see.

There has been some excitement in the cocoa market lest the unpleasantness in Mexico increase the price of the product, but the best cocoa comes from Central America and thru the Dutch possessions in the Indies.

For many years the writer used a very well-known brand of chocolate and cocoa, purchasing the latter in tins at about sixty cents a pound.

Cocoa syrup for puddings and desserts pleases quite as well as chocolate. Mix for tablespoon of cocoa, an equal amount of sugar.

Why Combing Your Hair May Make You Bald

By DR. LEONARD KEENE HIRSBERG

ALMOST everybody who uses a comb is destined to be bald! Combs in general are a hissing and a scolding, also hair brushes.

At the maternal stroke of the fine-tooth comb the DR. HIRSBERG smell of a sad and permanent parting of the hair begins. Not the sort of part wished for by the nurse, but a germ-infecting, scalp-vaccinating kind of parting.

What Cheer Is Worth

Fame Never Makes a Mistake

By WINIFRED BLACK

CHARITABLE man died in New York the other day. He left a good big fortune to be used for the establishment of a bread line.

What wonderful curiosities we put after the name, some of us. I saw some children playing in the sand at a winter resort the other day. Some built great castles with frowning battlements and stuck pebbles in them for guns.

And some made gardens, lovely little walled gardens with seats and walks, and these took little aprons of green and stuck them in for trees.

Fancies of Fashion

Wigs That Match Gowns Win Favor

By Madge Marvel

GREENER and truser skirts sound worse than they look. The Poiret version of the trouser skirt is a more attractive garment than the skirt with the exaggerated slash, and, under certain conditions, colored wigs have a possible charm.

I have no idea they will be generally worn on the street, but with the right gowns, under the right light for evening, it is perfectly simple to see they are not impossible.

They were displayed recently at a costume salon in New York city, surrounding some of the newest Poiret creations, and women were rather enthusiastic about them. To be sure, they were given a Poiret setting, rose and violet hangings, rose lights, gray furniture and heaps and more heaps of Poiret pillows thrown about, which aided the effect.

Two Decided Novelties.
The most decided dress novelties shown were the trouser skirt and the street suit with pockets.

The former did not startle any one because it is fully six months since trousers were shown as possible substitutes for skirts, but this is the first time such an eminently practical edition of the style has been shown. They, or it, whichever is correct, are, or is, so mild and inoffensive one can readily believe the fashion will obtain to some considerable extent.

The trouser skirt is a Poiret is of dark blue gray. At first glance it looks like a perfectly plain and narrow skirt with a tiny pleated frill at the hem. The bifurcation is only in the front breadth. The back of the skirt is exactly like a perfectly straight plain skirt. There is not the suspicion of a pleat or a gather.

When the wearer is standing still there is not the least indication of the bifurcation. When she walks it is not startling, but looks like any narrow skirt which catches about the feet when one is in motion. It is said to be very comfortable, and it is not unattractive. Over it was worn a tunic of silk striped in Roman and the puddings are firm in the centre. Serve with a liquid sauce.

French Cook Is Microbe Carrier
Woman Direct Cause of Ten Deaths in Ten Years
PARIS, March 1.—According to Prof. Andre Chantemesse, inspector-general of the service of hygiene and a member of the Academy of Medicine, a woman pastry cook at Cholet, near Nantes, has been directly responsible in the last ten years for ten deaths and fully 100 serious illnesses.

As a result of the investigation of deaths due to poisoned cream at a wedding feast in Cholet on Nov. 4, 1912, Prof. Chantemesse has concluded that the cook was a perfect instance of the rare phenomenon of a human microbe carrier, saturated with dense home in the gut, and doing full draping over each side a series of folds at the back of the skirt.

The coat was exactly on the loose lines of a man's sack coat, and the wearer thrust her hands in her pockets were long ends of the material of the suit with red embroidery for the finish. Underneath was a soft mull blouse, and the wig was of silver white.

A bright blue wig was worn with a charming frock of blue and brown changeable taffeta. The skirt was plain, narrow, and instead of the slash there was an inverted pleat in the front where the little color of the material of the suit with red embroidery for the finish. Underneath was a soft mull blouse, and the wig was of silver white.

FOUNDED 1880. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited; H. J. Maclean, Managing Director.

will pay for The Sunday World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

SATURDAY MORNING, MARCH 7

THE LOGIC OF PURCHASE.

The Telegram pins its faith to the view that street car lines extended to districts where they are needed and absolutely cannot be done without do not pay.

The civic car lines are so necessary that people are willing to pay two car fares to ride upon them. There is a deficit on their operation which arises out of their limited area of business and their proportionately extensive costs.

The reason the Street Railway Company will not and would not extend its lines into new city territory was because all additional business which came to it was subject to a payment of 20 per cent. of the gross revenue to the city.

So the Telegram asserts that the civic lines would only contribute to a deficit on the whole system purchased and unfixed, which is a grievous error of judgment on the part of the Telegram.

The hour of departure, 10 p.m. daily, is an ideal one, enabling passengers desirous of retiring early to do so, as train is placed, occupancy when at 7.25 a.m., affording business men plenty of time for breakfast before leaving car to Ottawa is also carried on this train.

Quick Cure For His Rheumatism

Robert J. Pyle Found It in Dodd's Kidney Pills. He Suffered for a Year, But His Return to Health Was Quick and His Cure Complete.

ONTARIO'S DEMAND.

Public opinion in Ontario stands solidly behind the demand that the

whole remaining water powers of the province shall be retained and developed in connection with the hydro-electric system. This unanimity is mainly due to the splendid showing of the provincial service and the vast potentialities it contains.

Mr. Beck evidently felt and responded to the electric atmosphere of the great meeting in London. In his address he reached unusual heights of emotional eloquence, and no public man ever received more whole-hearted recognition of the value of disinterested service.

DISORDERED MEXICO.

Today the Mexican tangle appears more hopeless than ever. President Wilson cannot but realize that the moral support given Carranza, the leader of the constitutionalists, has not been followed by any desire on the part of the latter to co-operate with the United States in its attempt to verify the truth of Villa's account of the circumstances attending the death of Carranza.

P. E. COUNTY CONVENTION.

PICTON, March 6.—Prince Edward County Sunday School workers will attend the convention of the P. E. County Sunday School Association at the Wellington Methodist Church on Friday, March 12, 1914.

FOREIGNERS DEFRAUDED.

BELLEVILLE, March 6.—Twenty-five Bulgarians arrived in this city yesterday. They were engaged by a fellow-countryman who worked in a large paper mill establishing a new work was waiting, and their money was left on an early train this morning for Montreal.

WILL ISSUE INJUNCTION.

Mr. Justice Middleton intimated yesterday that he would issue an injunction preventing the City of Ottawa from taking a plebiscite on Monday on the Thirty-One Mile Lake proposition.

NEW ORGANIST CHOSEN.

WOODSTOCK, March 6.—At a largely attended congregational meeting at the First Baptist Church George J. Courts of the Canadian Academy of Music, Toronto, was appointed organist and choirmaster, and will commence his duties next week.

BUILDING BARRIE SCHOOL.

BARRIE, March 6.—Further consideration by the members of the town council in regard to the \$30,000 asked for completing the college, evidently led them to see the necessity of a new school building, and when the finance committee on Monday night again introduced a resolution to raise the money for the school it was unanimously agreed to.

ONTARIO CLUB AND LIBERALISM

A prominent Toronto business man who desires that his name be withheld writes The World as follows: Editor World: Mr. Rowell, leader of the opposition in our local legislature, claims as I observe from your Monday's issue that the Ontario Club is a non-political organization, maintaining that it is a social club, such as the National Club and the Toronto Club.

NEW CONCRETE DAM FOR MERRICKVILLE.

MERRICKVILLE, March 6.—The contract for a new dam here has been awarded to John O'Toole of Ottawa and the limit for the completion of the work is at least 1500 hours. The dam will be 180 feet high and will be 26-1/2 feet wide at the top and 40 feet wide at the bottom.

KIDNEYS CURED AND VITALITY REGAINED

Prominent Ontario Merchant Says He Is Enjoying "The Best Health I Ever Had" Thanks To "Fruit-a-tives."

B. A. KELLY, ESQ.

HAGERSVILLE, ONT., Aug. 26th, 1913.

"About two years ago I found my health in a very bad state. My kidneys were not doing their work, and I was all run down in condition. I felt the need of some good remedy, and having seen 'Fruit-a-tives' advertised, I decided to try them. Their effect I found more than satisfactory. Their action was mild and the result all that could be expected.

"My kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old-time vitality. Today I am as well as ever, the best health I ever had, and I unhesitatingly give you this letter and my photo for publication if you wish."

"The greatest kidney remedy in the world," is what thousands of people say about "Fruit-a-tives." And it is true. "Fruit-a-tives" heals the kidneys, strengthens the kidneys, cures the kidneys, as nothing else will. All over Canada today, hundreds of people who were sick and suffering, are curing themselves of kidney and bladder troubles, Rheumatism, and Lumbago by taking "Fruit-a-tives," the famous medicine made from fruit juices.

"Fruit-a-tives" is sold by dealers everywhere at 50c a box, six for \$2.50. Trial size 25c—or will be sent on receipt of price by Fruit-a-tives, Limited, Ottawa.

WEST END Y. M. C. A. PAYS VISIT TO GALT

GALT, March 6.—The Y.M.C.A. tonight was the scene of a brilliant gathering, when the members of the Toronto West End Y.M.C.A. were entertained. The visitors arrived on the evening train and were driven to the association building, which was inspected and highly admired for the extent and elegance of its equipment. A banquet followed, at which 60 were present. The chair was occupied by J. A. D. Clarke. Addresses were delivered by several visiting members. Later sports were put on, in which the visitors took a prominent part.

WOODSTOCK CANADIAN CLUB HOLD MEETING

Frank Oliver Spoke—Banquet Was Tendered by Ladies' Auxiliary.

WOODSTOCK, March 6.—The Canadian Club here had an interesting evening tonight when an address on "Canada, East and West," was given by the Hon. Frank Oliver, former minister of the interior in the Dominion House.

The members of the club were tendered a banquet by the Ladies' Auxiliary to the Children's Shelter, at 6 p.m., to meet the distinguished speaker.

MR. JANNEY SERIOUSLY ILL

GALT, March 6.—William Janney, a member of the Shurley, Dietrich Co. and a superintendent of works, is lying critically ill at his residence. He is ailing with heart trouble, aggravated by an attack of blood poisoning.

AN ANPRIOR INVENTOR.

ARNPRIOR, March 6.—M. B. Dodd, a young man of Annprior, has completed models for a motor and an invalid chair. The seats and backs of both chairs are so simply contrived that the mere pressure of a little lever will adjust them to any angle, and no matter in what position they may be, the back, shoulders and head receive support and rest. The motor is equipped with a new arrangement for resting the legs and feet and when not in use this part is very simply slipped conveniently under the chair.

CHICKEN THEFT CASES IN WOODSTOCK COURT.

Perjury Action is Sequel to Pig Stealing Affair Last Night.

WOODSTOCK, March 6.—As a result of an investigation by Chief Killing and Constable Hill, concerning the chicken stealing mystery in South Norwich, Louis Fournier, Walter Brown and John Brown appeared again in court yesterday morning on charges of theft and perjury. All three were remanded by Magistrate Bell for one week, when sentence will be pronounced.

The other offenders, George Nelson Fournier, his son John, and Oliver Sherry, an Indian, all implicated in the thefts, each answered to charges of perjury in connection with the pig stealing case which was up before Judge Finkle last December. Theft charges of stealing 25 bushels of wheat valued at \$22 from Chas. Dorkens of Otterville, were also preferred against the trio, and on the two charges, all three elected to be tried before a jury.

TO FORCE SCHOOL ATTENDANCE

GALT, March 6.—The Galt Public School Board will ask an appropriation of \$35,000, ten thousand more than last year, owing to the erection of its new St. Andrew's School. The secretary reported that of 1670 children of school age, 121 were not on the school roll, but were employed in factories and stores. The board will inaugurate a campaign to round up the delinquents.

Modern Times Demand Modern Methods

I know there are a great many people seeking a cure for the diseases I treat. I know they would be glad if they actually knew I am as successful as I claim to be in curing cases of their kind, as then they would not hesitate to come to me at once and get the benefit of my

ELECTRIC TREATMENT.

I want you to call or write me and satisfy yourself that I am reliable, tried and successful, and will, under no circumstances, make you promise I cannot fulfill, or deceive you in any way.

I expect you to have been unsuccessfully treated in the past, like many who have come to me as a last resort, and who now, like myself, say enough in praise and appreciation of the manner in which I have treated them.

ELECTRICITY

Is the Most Powerful and Useful Remedy For the Nerves

As applied by MY APPLIANCE it acts directly on the nerve centres of the body, strengthening them, and helps the different organs of the body to perform their proper functions. This gives you a natural healthy system, and did not feel like doing anything, if you suffer from loss of memory or pain in the back of the head; if you are irritable and easily lose control of yourself, or if you are too self-conscious and appear awkward and bashful, it is all due to your nerves. My Electric treatment will cure you of all this. Do not brood over your condition, for all these symptoms will vanish after wearing my electric appliance. It is the greatest restorative of Nature. No dose to spoil your stomach. You can get nothing but good out of it. Try it and be convinced. You would not part with it for ten times the cost. Write me to-day and I will send you my book, free, fully explaining my treatment, to you.

I also cure Lame Back, Lumbago, Sciatica and all forms of Rheumatism, Kidney, Liver, Stomach and Bladder Troubles. Also Indigestion and Constipation.

Your Belt cured me of Rheumatism four years ago.—T. J. WHITE, Copper Cliff, Ont.

I must confess that the use of your Electric Belt has made me feel like a new man.—ALEX. McDONALD, Dunmore, N.S.

I can heartily recommend your Electric Belt to all sufferers from nervous troubles of whatever source.—CHAS. McGUIRE, P.O. Box No. 103, Farnham, Quebec.

My stomach is again all right, my appetite is good and the food is thoroughly digested.—JOHN BEATTIE, Mins, Ont.

95c Each **Smoker should have One of These Pipes** **95c Each**

B.B.B. GLOKAR PIPE does away with the great drawback of all ordinary pipes, viz., the unpleasant and possibly injurious effect of the smoke upon the tongue, as the end of the mouthpiece has a smooth, concave surface, which, while forming a pleasant rest for the tongue, acts as a barrier between it and the smoke. Instead of passing through an ordinary round bore, the smoke leaves the mouthpiece through a fan-shaped slot, which is drilled in an upward direction, thus preventing saliva from entering the bore of the pipe.

B.B.B. GLOKAR BRIAR-ROOT PIPES have many advantages—1, the bore being kept dry, requires less cleaning than that of an ordinary pipe; 2, as no saliva can reach the bowl, the tobacco can be consumed to the last particle; 3, the shape of the mouthpiece affords the perfection of comfort for the mouth, lips, tongue and teeth.

B.B.B. GLOKAR PIPES are known the world over for their PERFECTION. These are mounted with solid silver ferrules—easy pull-out vulcanite mouthpieces. All shapes and sizes.

Theatres and Concerts

Laurens Irving's Repertoire. The plays with which Mr. Laurens Irving, the great son of the late Sir Henry Irving, is touring thru Canada under the auspices of the British Canadian Theatre Organization Society, and will present at the Princess Theatre next week, are among the most attractive that have been seen in London for very many years. They are plays which do not rely for their interest upon impossible heroes or implacable heroines, but retain their hold upon the public by reason of their eloquent and universal appeal to some of the deeper emotions of the human heart. They stimulate the imagination and provide food for thought on some of the most vital issues agitating the world of today.

Take for instance that most wonderful of all modern plays "Typhoon," which opens up an entirely new phase of the perennially attractive problem of race collision, the impact of two highly developed civilizations, one upon the other. No play of recent years has attracted such wide-spread attention. It has been visited by almost every member of the English royal family, and for seven months filled to their utmost capacity four of the principal theatres in London, England.

"The Unwritten Law," the second great play to be presented before Canadian audiences, is one of the most remarkable psychological and sociological dramas of recent years. It is Mr. Irving's stage adaptation of Dostoevski's "Crime and Punishment," perhaps the most famous novel of all literature.

Mr. Irving's repertoire also includes

PILES CURED AT HOME by New Absorption Method

If you suffer from bleeding, itching, bluish or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment, and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box 965, Windsor, Ont.

erk. In "Strongheart," Mr. Edeson... More than ordinary interest is displayed in the announcement that the big Dreamland Burlesque Company will make its appearance here at the Gayety Theatre next week. The reason that Ed. Johnston is one of the best known comedians in the realm of burlesque.

Among the many features is Countess Camille Palardaux, a member of the German nobility, who took the stage as a diversion. Edie Johnston and Jeanette Buckley, who for many years have entertained thousands with their clever songs and patter and sensational "Tough Dances"; Billy Mossey, James X. Francis, Violini, Symphony Four, Virgil Royden, all entertainers of note; Will H. Ward, the German comedian.

The chorus contingent contains thirty-five sprightly girls. The costumes, scenery and electrical effects are said to be marvelous.

The Flirting Widows. Burlesque. Just a little different from the ordinary run, is promised for the Star Theatre next week when "The Flirting Widows" begins a week's engagement. Miss Baird, "the star of the company," has certain notions as to what a burlesque show should be and she has carried out these ideas in the construction of the show. This season, plenty of singing, dancing, fun-making and pleasing specialties constitute the show and all served at a mile a minute clip. Miss Baird is a clever comedienne and a talented singer and pianist. She will offer a new pantolog comprising new character songs, sung in her own inimitable way.

Great Orchestra Coming. The orchestra of the Philharmonic Society of New York has the distinction of being the first American orchestra to be the recipient of an endowment fund which is truly princely. In 1912, Joseph Pulitzer, the publisher, bequeathed to the Philharmonic Society one million dollars. His generosity has been used to accomplish wonderful results.

Under the supervision of advisers of years of experience, backed by this great fund, the orchestra has been reorganized; no expense has been spared to gather under its director the finest body of symphonic musicians procurable. This famous orchestra will be heard in Massey Hall the evening of April 4. The soloist will be Mme. Ottilie Mettel, the celebrated contralto of the Hamburg Opera Company.

The subscription list for this important event is now open at the Bell Ticket Bureau, 146 Yonge street.

Irish Tenor Coming Soon. When John McCormack, celebrated Irish tenor, was booked on Massey Hall on March 31, appeared in Los Angeles, Cal., a few days ago The Herald said:

"John McCormack was given an ovation by a great audience at the auditorium last night. It may well be doubted if any vocal artist has ever received a more enthusiastic expression of appreciation at the hands of a Los Angeles audience, than that accorded to the young Irish tenor."

"McCormack has broadened wonderfully as an artist since he was heard here two years ago."

Mr. McCormack is remarkably clear, understandable diction is not the least of the attractiveness of this delightful artist. He was assisted by a notable quartet consisting of a violinist of ability, and Vincent O'Brien, accompanist.

The subscription list for Mr. McCormack's concert is now open at the Bell Ticket Bureau, 146 Yonge street.

Adelaide and Hughes Coming to Shea's The latest novelty bills of the season at Shea's Theatre next week. Headline honors are awarded to Adelaide and Hughes, who are the dancing sensations of the century. Adelaide is long and well-known to Shea-goers, and her artistic dancing has the world-wide light of the vaudeville stage. Her partner, Mr. Hughes, was a feature of the great "Passing Show" of Irish songs and dances, introduced at that time is now their vaudeville offering. "The Spark of Life" is gorgeously mounted with special scenery and costuming, and the story in dance, as told by Adelaide and Hughes, is a splendid spectacle. This offering comes direct to Shea's from New York, where it has been the sensation for the past few weeks.

The special extra attraction on the bill for the week is Bobby Heath and Florine Millership. In a merry review of the night, Bobby Heath and his melody maid were favorite at Shea's last season, and Miss Millership, as one of the Millership Sisters, needs no introduction. The new act has already met with big success, and is sure to be well liked here. The Avon Comedy Four are old favorites, and the Messrs. Goodwin, Coleman, Smith and Dale, in "The New Teacher," have plenty of good comedy around their tuneful songs. There is a whirl of laughter every moment they are on the stage.

IF BACKACHE OR KIDNEYS BOTHER

Eat Less Meat, Also Take Glass of Salts Before Eating Breakfast.

Uric acid in meat excites the kidneys, they become overworked, get sluggish, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic when the weather is bad.

Eat less meat, drink lots of water; also get from any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is not a cathartic, it is a purifier, and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure, makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble, while it is only trouble.

In Toronto's Busiest Corner Building Lots For Workingmen

Buy Before the Rise

A Cheap Home or a Handsome Profit Will Follow the Purchase of a Lot in Caledonia Park. First Sale Opens Saturday, March 7th, at \$26 to \$28 a Foot on Easy Terms \$10 Down--\$10 a Month

Adjoining property is now selling at \$45 a foot. Part of this Park is within the city, and the rest will be annexed in the near future. A substantial increase in price is assured.

Population in this part of city is growing fast. The workmen of over thirty factories will find Caledonia Park the most available site for homes.

A purchase now gives you first choice at a price that means big profits to you.

CALEDONIA PARK

will see the next rush of building activity. The city is built up solidly to its south limit, and there is already considerable building on its north boundary.

As shown on the diagram, it is within a few minutes' walk of the St. Clair avenue car line, the Caledonia avenue public school, and the biggest group of factories in the city—those of West Toronto.

Caledonia Park lies on both sides of Caledonia avenue, the best thoroughfare in this part of the city. It runs, 100 feet wide, direct from St. Clair avenue to Eglinton avenue.

SPECIAL FOR BUILDERS

Caledonia Park is an especially favorable buy for builders. It is in the part of the city where there is the biggest demand and the readiest sale for houses. In no other part of the city can land be purchased so cheaply. A few lots here will enable the builder to supply a quick demand and at the same time take advantage of an assured rise in prices.

Sale Saturday--How to Get There

Take the St. Clair Avenue Civic Car Line to Caledonia Avenue on Saturday, where our Motor Cars will be in waiting to show you over the property. Ask us for further information.

ESCAPED FROM ASYLUM. CORNWALL, March 6.—Joseph Adlard Berthiaume, aged about thirty-five, was arrested here today on a charge of vagrancy. Berthiaume boarded at the St. Lawrence Hall, East Cornwall, for several days, and as he had no money or baggage he had to leave the hotel. He told Chief of Police Smythe that his home was in Sorel, Que., and that he was an inmate of Longue Point Asylum, Montreal, for eight years, but that he ran away from that institution two years ago. Chief Smythe has written the Sorel authorities asking them to look into the case.

LEEDS COUNTY FARMER DEAD. BROCKVILLE, March 6.—After a long illness, the death occurred today at his home, near Lynn, Leeds County, of Mr. Stafford. He was a native of Elizabethtown Township and spent his whole life there. He was prominent as a dairyman and municipal legislator, having served for several years in the township and county councils. His wife, one son and four daughters survive.

REEVE DISQUALIFIED. CORNWALL, March 6.—G. W. Bogart, who was elected reeve of Chesterville at the last election, was disqualified before Judge O'Reilly today for insufficient property qualification. The charges of bribery and corruption brought against him were dismissed.

—Juvenile Court Cases.**

"It will be a good thing when we get into a permanent building," said an assistant of the West End Boys' Dominion in the juvenile court yesterday morning. It seems the building in temporary use is in close contact with stores, whose owners are greatly disturbed by boys creating rows and blocking up the thoroughfare. The club is open every night till ten o'clock and sometimes order is not well kept. When the lads become too unruly they are put out to impose upon the public. The dozen boys who appeared before Mr. Graham were only a handful caught by the police. There are 200 members and Mr. Graham thinks if he were out to visit the club he might win the boys over to co-operate with him in making a profitable, well-organized association.

No Place for Defectives.
"There are over 250 mental defectives among the children of Toronto, and we have absolutely no place to send them," said the acting commissioner when Bobby, the fire maniac, appeared after the doctor's examination. The principal of his school is absolutely afraid to leave the building after school for fear of the boy lurking to set fire to the basement. The parents of children attending the school threaten to withdraw them if the boy remains. Mr. Graham has sent Bobby to the shelter for a week; in the meantime he will see what can be done for the lad. The father was required to promise a \$50 bond to insure the boy's safety.

Differences of Religion.
"With the promise that he would take the treatment ordered by Mr. Hart, a drinking husband, who has failed to support his children after an order from the court, was again dismissed. The father started on a separation four years ago the wife has become a Roman Catholic, and for this reason he would not support his crippled child. "It may be that you must pay the \$3.00 into court every week," said an official.

Will Give Him a Chance.
Six months ago a wife ran away with one of her boarders and yesterday morning her husband offered to go security for the offending man. These are the kind of cases the juvenile court authorities are "up against" daily. The husband is now willing to take his wife back—who left him because he was sulky—provided she will do what is right by her four children. The oldest daughter testified as to the immorality and drinking habits of the man, but in spite of this her father urged that the man should be given a chance, even though he did break up a home and live with a woman under a false name for months. A fine of fifty dollars was imposed or 3 months in jail.

The freedom loving Olly has attended school regularly since his appearance in court a week ago so he was allowed to go home with his mother. A wonderful smile came with Mr. Graham's decision.

**Retail Merchants to Study
Health Regulations Concerning Eating-Houses.**

At a meeting of restaurateurs in the rooms of the Retail Merchants' Association of Canada, last night a "Restaurateurs' Section" was organized. Mr. E. Brooker occupied the chair. The objects of organizing were to review the present bylaws and restrictions that are placed upon the restaurant keepers of the city, and to be in a position to express their views upon any proposed measures concerning them by the medical health authorities. They claim that, as they are practically engaged in the business, better results will be produced if they have an opportunity of discussing with the medical health officer and proposed restrictions before they become operative, for their endeavor is to co-operate with the department so that the department will know in a practical way what effect any change would have upon their business.

P. C. Higgins, treasurer of the provincial board, delivered an address, and the following officers were elected: Chairman, E. Brooker; 1st vice-president, C. Cody; 2nd vice-president, Wm. Merzani; treasurer, F. G. Andrews; secretary, H. R. Webb.

Loew's Winter Garden.
Among the features on next week's bill at Loew's Winter Garden will be the popular little star, Inez McCauley, and her supporting company, in her new sketch entitled "The Girl from Child's." Miss McCauley is a big vaudeville favorite in England and America. Another headliner on the same bill will be Bessie LeComte, said to be Broadway's most versatile comedienne, in her wondrous repertoire of songs, recitations and impersonations. Martina and Maximilian have one of the best burlesque magic and illusion acts in vaudeville. Lacey Sampson and Mabel Douglas, a very clever comedy duo, will offer what they call "their own nonsensical oddity." Burton, Hahn and Cantwell, "three big voices," who scored a tremendous hit in their western tour, have a singing specialty that embraces the latest song hits. A most unusual acrobatic "turn" is that of Hugh Lloyd, "the sailor on the bounding rope." Among others announced for the week are Fred Hildebrand, a singing and dancing comedian of the first water, and The Medelson Four, a quartet of refined instrumentalists and singers.

Piano in Your Home for 50 Cents.
A payment of 50 cents weekly is all that is required to place a good square piano immediately in your home. This is the attractive offer of Ye Olde Firm Heintzman and Co., Limited, 93-195-197 Yonge street, Toronto. These pianos range in price from \$50 to \$150, and this is a mere fraction of the first price. Each instrument has been thoroughly overhauled and is guaranteed in first-class condition.

(COPYRIGHTED, ALL RIGHTS RESERVED)

EVERY MAN CAN BUY A REAL HOMESITE FOR ONE DOLLAR DOWN

To those who have up to now refrained from buying a homesite because of inability to pay a big cash-down payment and because of heavy payments which made a purchase impossible, we have a

SPECIAL MESSAGE

Our proposition enables a man, on payment of one dollar, to become an owner of a lot in our new property, Duchess Subdivision, Kingsdale. We do not require that you must make specified monthly payments. All that you need pay is a little each week, so long as you pay in the necessary dollar per foot within six months and one dollar per week. You can pay in more—as much as you like—but \$1 a week, or whatever you feel like paying, will buy this lot and start you on the first step towards owning your own home. We charge no interest for the first year. Everything you pay reduces the principal payment on your lot. You can save money by this method of payment, besides reaping the increased value of your lot. We are wholesalers of land. We own the properties we offer for sale, and as we have cut out the middleman, the real estate broker, we are able to offer terms and better conditions to purchasers of lots. To the artisan, the mechanic, laborer, clerk, bookkeeper, manager, and all men who are striving to make a beginning this proposition is positively unequalled in Canada. We devote our entire time to the development and improvement of the land we offer for sale. We do not list lots, sell houses, factories and warehouses, or deal in leases or house renting. We concentrate on Kingsdale land, and in this locality on the main thoroughfare of Toronto, on Yonge Street, the greatest artery of Toronto, we have established

KINGSDALE

The Suburban Centre with improvements—Sewers, Sidewalks, Water Mains, Shade Trees and all city utilities—installed without expense to purchasers of lots. All city advantages without city taxation. 35 minutes from the city hall.

The keen, far-seeing men of today are investing in property located in northern Toronto. Much money has been made in real estate in western and eastern districts, but the money of the future is in the north. Realizing the money-making opportunities of the north, we have established Kingsdale, a model suburban centre, and are furnishing free of charge all city utilities. Kingsdale combines every feature required for an ideal home and as an investment. With a few dollars down and a dollar or so a week you lay the foundation for a home of your own with very little effort. Men! You cannot do better than buy a lot and make your start today. Kingsdale is nearer the centre of Toronto in point of time than the homes of thousands who live in Western and Eastern Toronto, paying heavy rents, heavy taxation, and with inadequate facilities.

LOTS ARE \$500 AND UP

It is only a matter of a short time until the transportation problem will be settled. When that is accomplished this land will take a jump in money value. You do not have to wait for transportation, however, because the Yonge Street cars pass the property. St. Andrew's College and Park is adjacent to Kingsdale, a highly favorable advantage to Kingsdale residents and owners. Duchess subdivision is one of the choicest, if not the best, in the district. Reasonable restrictions have been placed on the property, avoiding any possibility of a shack town element. The purchaser of a lot can build a home here sure of congenial surroundings, or he may sell his lot to those who will be glad to pay well for these advantages. With absolute certainty you may undertake the purchase of a homesite. Our protective plan, given herein in detail, insures your purchase.

NONE NEED FEAR THEIR INABILITY TO CARRY OUT THEIR PURCHASE FREE OF ALL COST WE GIVE TO EVERY PURCHASER OF A LOT, FOR HIS PERSONAL PROTECTION

AN ACCIDENT AND SICKNESS POLICY PLACED BY THE GENERAL ACCIDENT ASSURANCE COMPANY OF CANADA (Head Office, Continental Life Bldg., Toronto)

We do this for a selfish purpose, as well as to help those who associate with us in the building up of this community. Accidents and sickness overtake us all at one time or another, so we have arranged with one of the strongest companies in Canada to insure our property owners. We pay the premium and give you a policy free as soon as you pay your first dollar. If you are unfortunately afflicted you get the entire benefit and you pay us your payments as they become due. After the first year we will require a payment of \$1 per week on this lot—but the additional surplus paid on this policy is yours for your personal benefit.

These policies pay indemnity for all accidents and sickness and accidental death, regardless of nature, and are issued in two forms.

REGULAR MONTHLY POLICY BENEFITS AS FOLLOWS:

- TOTAL ACCIDENT DISABILITY**
Indemnity from \$20.00 to \$50.00 per month, graded according to hazard of occupation, during disability up to ONE YEAR, provided the Policyholder is totally disabled from accident.
- PARTIAL ACCIDENT DISABILITY**
40 per cent. of the total disability indemnity is allowed up to six months if the policyholder is unable to perform part of his duties as a result of an accident.
- ACCIDENTAL DEATH**
A benefit of from \$100 to \$500 is provided for death caused by external, violent and accidental means.
- DISMEMBERMENT INDEMNITY**
Indemnity of from \$100 to \$400 is provided for the loss of BOTH FEET, BOTH HANDS, BOTH EYES, or for ONE HAND and ONE FOOT; ONE-HALF in case of loss of ONE HAND or ONE FOOT; and ONE-THIRD in case of loss of ONE EYE.
- DOUBLE INDEMNITY**
If the policyholder is injured fatally or otherwise by the wrecking of a public conveyance licensed for the transportation of passengers in which he is riding, as a ticket-bearing or paying passenger, ALL indemnities are doubled.
- DISABILITY FROM ILLNESS**
Full indemnity is paid while the policyholder is confined within the house or hospital (after the first week) provided the policy has been in continuous force for thirty days preceding. Convalescent indemnity is payable for the period following up to the date occupation is resumed. Benefits payable up to six weeks.

NON-CONFINING ILLNESS

Full indemnity is paid for all non-confining illnesses up to four weeks. SPECIAL DISEASES Tuberculosis, Rheumatism, Paralysis, Lumbago, Lamé Back, Sciatica, Neurasthenia, Nouritis, Dementia, or Insanity, Bright's Disease, Cancer or Hernia. Indemnity payable up to four weeks in any one year.

REGULAR ANNUAL POLICY BENEFITS AS FOLLOWS:

- TOTAL ACCIDENT DISABILITY**
Indemnity from \$20.00 to \$50.00 per month graded according to hazard of occupation, during disability up to TWO YEARS, provided the Policyholder is totally disabled from accident.
- PARTIAL ACCIDENT DISABILITY**
50 per cent. of the total disability indemnity is allowed up to six months, if the policyholder is unable to perform part of his duties as the result of an accident.
- DISMEMBERMENT INDEMNITY**
Benefits same as regular monthly.
- DOUBLE INDEMNITY**
Benefits same as regular monthly.
- DISABILITY FROM ILLNESS**
Benefits same as regular monthly, with the exception that a higher convalescent indemnity is provided.
- NON-CONFINING ILLNESS**
Benefits same as regular monthly.
- SPECIAL DISEASES**
Benefits same as regular monthly.

"IT IS CHEAPER AND SAFER TO HAVE IT ALWAYS AND NOT NEED IT, THAN TO NEED IT ONCE AND NOT HAVE IT."

In the event of death of the purchaser, we agree to return all money we have received, together with interest at 6 p.c. If half of the purchase price is paid according to agreement, however, we will issue a deed on receipt of a death certificate from the Doctor or Minister free from all additional payments. You cannot find a fairer proposition in Canada. We would like to tell you more about Wright's Protective Plan of Selling Real Estate. Watch for further announcements.

TAX LAW REVISION BEFORE THE HOUSE

Colin Cameron Would Amend Assessment on Lands Adjoining Railways.

FOR PUBLIC OWNERSHIP

Member for South Brant Would Encourage Municipal Supply of Gas.

Proposed revisions of the Assessment Act have been placed before the Ontario Legislature by two members of the house, Colin Cameron of North Grey and George S. Henry of East York.

The bill submitted yesterday afternoon by Mr. Henry would render it unnecessary for large municipalities to send a copy of the assessment roll to the county clerk. Under present regulations the county may now do this except in the case of third years. The bill would make this relief operative at all times.

With a minor amendment, the special service of Brant, Galt, Paris and Woodstock, W. S. Brewster of South Brant brought in an amendment to the Public Utilities Act, empowering any municipality to enter the gas supply industry and attend to their own wants as well as those of neighboring towns if the present service is not improved.

ROWELL BILL AIMS AT PURE POLITICS

Would Bar Liquor Interests and Contractors From Swelling Party Funds.

To elevate the status of general elections in the province Mr. Rowell has brought forward a special bill for consideration. It prohibits contributions by corporations and association contractors, and some associations.

FARM MACHINERY EXPORT INCREASED

Removal by U. S. of Tariff Stimulated Industries in Canada.

OTTAWA, March 6.—The exports of agricultural implements—binders, reapers, mowers, plows, seeders and cultivators—from Canada exceeded the imports of these articles, as shown by a return placed on the table of the customs today by the minister of customs.

YUKON RAILWAY TO BUY UP COMPETITOR

LONDON, March 6.—More than ordinary interest attaches to the loan for the White Pass Yukon railway. The loan for £7,000,000 takes the form of six per cent. secured notes at 96, redeemable by drawings at par until by November, 1918, the whole is repaid. The proceeds are required to obtain control of the Northern Company, which is a serious competitor.

JUDGMENT RESERVED.

In the assize non-jury court, yesterday, Justice Kelly reserved judgment in the case of Mrs. Stella McMahon of San Francisco, against the National Trust Company and J. L. Tagher, a California lawyer. Mrs. McMahon disputes the right of the latter to collect one third of the \$32,000 estate left by her father-in-law, the late Justice McMahon of Toronto.

NEW TORONTO COMPANY.

OTTAWA, March 6.—Norman McLeod Limited is the title of a Toronto company whose incorporation is gazetted. The capital is \$100,000.

HOLD AN AT HOME

The Highland and Lowland Society in Toronto held their fifth annual at home in St. George's Hall, Elm street, last night. About 200 members were present.

Lucas Not Worried

N. W. Rowell took the provincial treasurer to task yesterday for not enlightening the opposition upon the statutory expenditure as estimated for the fiscal year ending Oct. 31, 1914. Mr. Lucas stated that such a return, when brought down, would duplicate the substance of the public accounts.

INSPECTOR SMUCK WAS HOTELKEEPER

Off With His Head, Says Rowell, But Hanna is Not Willing.

DOES HIS WORK WELL

License Regulation in East Elgin Subject of Controversy in House.

The license administration of the province came in for some harsh criticism at the hands of Mr. Rowell yesterday. His main point was that the work of the several commissions was thorough and creditable to the department.

WARRANT HOLDERS GIVEN MORE TIME

Nearly Fifty Outstanding Said to Be in Hands of Speculators.

OTTAWA, March 6.—The house this afternoon passed a resolution, the resolution offered by Hon. W. J. Roche, minister of the interior, extending the time for the redemption of warrants held by holders of the South African Volunteer Bounty Act can present the same for redemption and receive \$500 in satisfaction therefor.

COSMOPOLITAN CIRCLE, A.O.F.

Cosmopolitan Circle, No. 113, A.O.F., held their regular monthly meeting in St. George's Hall, Elm street, last night. It was decided to hold the next regular euchre party at the home of Mrs. Leesworth, 45 Hazelton avenue.

ADVISES HOLDING OF BAILEY STOCK

The following letter to the mining editor of The World explains itself: Dear Sir: I wish you would publish the following letter to the holders of Bailey Cobalt should not sell their stock at present prices. The record of the company for the year 1913 has been a considerable improvement on that of 1912 as regards shipments. Up to the end of the year a total of 19,266 tons of ore was shipped, compared with only 21.5 tons during 1912. This year, 1914, to date, they have shipped

STRONG SUPPORT GIVEN PRESIDENT

Committee of Congress Votes to Repeal Canal Toll Exemptions.

(Continued From Page 1.)

and the immediate foreign situation confronting the country. Representative Knowland of California, who led the opposition in the committee, was given three days to file a minority report, and Chairman Adamson was authorized to urge the rules committee to report a special rule to hasten the bill thru the house. The matter will be pressed at once, and it is expected a rule will be brought into the house probably by Thursday of next week.

Underwood an Insurgent.

Representative Adamson will have charge of the situation in the house as Majority Leader Underwood, for the first time during the administration, finds himself on the anti-administration side of the question. Representative Underwood has announced his intention of not only voting against the bill, but also of making a speech against it. Despite this, however, the leaders of the repeal force declared today they were assuaged of a substantial majority to carry out the president's will.

No Strained Relations.

"We deem it proper now," said the report, "to consider the international situation and our obligations and policy in relation thereto. True, there has been as yet no friction, nor even strained relations, with foreign governments, but we are advised that the opposite party to the principal treaty under which the canal was constructed fails to approve our action in providing for the exemption or to concur in our construction of the treaty. Other maritime nations hold the same dissenting opinion, and in the whole family of nations we stand alone in our contentions. In such a situation it is not always necessary or wise to urge our contentions, even though convinced of our abstract right. We are not disturbed by the taunt made for a purpose that repeal would be trucking and yielding to foreign demands. A similar taunt could be lodged against any man or nation honorable enough to promote friendly relations by according respectful consideration to views of the opposite party."

Can Defy World.

After a discussion of the provisions of the Hay-Pauncefote treaty and the declaration that the coastwise trade of the United States does not need the assistance of free tolls, the committee report said: "The foreign governments objecting to our construction of the treaty can find a hundred points in the world's commerce to retaliate and discriminate, where we may blunder into using one. Our resources, genius and geographical position equip us to defy the world to outstrip us on fair and equal terms. As a nation we cannot afford to rest under the imputation, whether just or unjust, of disregarding our pledged honor, nor should we hold a debatable position far enough to arouse friction, resentment or retaliation. It is folly to raise the issue to a treaty, complaints that our course is wrong. We might in any kind of a contest with other nations win by sheer strength and skill, and in winning we might save all except honor. Far better to abolish the canal itself than even to permit our national honor to remain in question."

POSTPONED INSPECTION OF CIVIC MARKET SITES.

Sub-Committee Delayed by Storm—Probability West Toronto Will Get Market Site.

The sub-committee on markets met yesterday with intent to run over the city and view the sites suggested for markets. The stormy weather caused postponement of the trip to next Thursday.

It is probable that the \$25,000 appropriation will be spent in West Toronto, the rest of the city being more convenient to established markets.

MRS. DENISON LEFT \$1500.

Is There a Workingman in This City Who Wants to Own a Home?

Is there a workingman who is tired and disgusted with paying rent? Why all this talk of High Rents? (who wants to pay rent anyway) when such an opportunity as this awaits you? With only \$25 cash you can buy this house and a fine big lot on Regents Park.

Regents Park

is a little north of Danforth Avenue and within a few minutes walk of the Danforth civic cars. Already a number of happy and contented Toronto families are living on the property. How about YOUR Missis and the Kiddies? Would they appreciate their Daddy's own home and big garden. With a garden you might grow your own vegetables and raise chickens and other produce for the table. Do you wonder that the people living in Regents Park under these conditions are happy and contented. Drop in on Saturday afternoon and talk it over. If you would rather build your own home we will sell you the land on very easy monthly payments.

Shouldn't you know more about this proposition? Sign the coupon for further particulars.

EUROPE RESUMES BUYING OF WHEAT

Tone at Chicago Firmer in Consequence — Corn and Oats Rallied.

CHICAGO, March 6.—Signs of a re- newal of exports gave the wheat market today an upward slant. Closing prices were steady, 1-3c to 3-5c over last night. Other leading staples, too, all showed a net gain—corn a shade to 1-4c, oats 1-3c and provisions 7 1-2 to 1c.

Best prices for wheat came after word was received that ocean freight room had been engaged on a liberal scale in the east. At the same time a northwestern exporter declared that business with Europe was being done in new crop winter wheat. Leading firms here, however, in touch with the foreign trade asserted that trans- Atlantic bids continued to be out of the question.

On account of six days' decline, wheat offerings appeared to be seri- ously diminishing, and this fact was of considerable help to the bulls. So also was a decided falling off in receipts from the west.

In the face of heavy selling by the chief bull interests in corn, commis- sion houses bought freely on predictions that receipts during March and April would not exceed a third of the total a year ago. It was contended that the profit in feeding corn to cattle and hogs at present prices justified farmers in withholding shipments.

Threats that Canadian competition in oats would be acute as soon as navigation opened did not prevent a sale of oats sympathizing with corn. Provisions prices were lifted by other advances. Packers were fair sellers on the bulge.

ST. LAWRENCE MARKET. Receipts of farm produce were 100 bushels of wheat and 20 loads of hay. Wheat—One hundred bushels at 97c. Hay—Twenty loads sold at \$17 to \$18 per ton.

Wheat, fall, bushel, \$0.96 to \$0.97. Barley, bushel, \$0.80 to \$0.81. Oats, bushel, \$0.41 to \$0.42. Rye, bushel, \$0.70 to \$0.71. Buckwheat, bushel, \$0.70 to \$0.71.

Seeds—No. 1, bushel, \$8.50 to \$9.00. No. 2, bushel, \$7.50 to \$8.00. No. 3, bushel, \$6.50 to \$7.00. Red clover, No. 2, bushel, \$2.00 to \$2.50. Timothy, No. 2, bushel, \$2.00 to \$2.50.

Hay and Straw—\$17.00 to \$19.00. Hay, mixed, \$15.00 to \$16.00. Hay, cattle, \$10.00 to \$12.00. Straw, bundled, \$11.00 to \$12.00. Straw, loose, \$11.00 to \$12.00.

WATFORD SCHOOLS ARE CLOSED BY M.O.H.

WATFORD, March 6.—Owing to an increasing number of scarlet fever cases in this locality, the local board of health has ordered the public school closed for an indefinite length of time. The disease has been gradually spreading in spite of all effort and every precaution taken by the local authorities.

LIBERAL WILL JOIN IN MARCONI INQUIRY

LONDON, March 6.—Lord Halsbury, (Baron of Halsbury), Earl of Desart, Baron Charnwood and Baron Sanderson, have been appointed members of the committee of the house of commons to investigate the allegations against Lord Murray of Elibank relating to his dealings in wireless shares. The announcement came as a surprise to the Earl of Halsbury, who declared he had not expected it so soon, and had not yet prepared a statement which he had expected to make explaining the presence of Lords Loreburn and Charnwood, both Liberals, on the committee. This explanation, he said, would be made Monday.

TRENTON TEACHERS SHOW ART PICTURES TO PUPILS.

TRENTON, March 6.—Recognizing the educational advantages to be derived from the opportunity of seeing good art, the teachers of the public and high schools in co-operation have arranged for an exhibition of two hundred pictures to be held in Dufferin Street School on Wednesday, Thursday and Friday evenings, March 11-13, beginning at 7 o'clock, and concluding with an at-home given by the lady members of the high and public school staffs on Saturday afternoon from 3 to 6, when refreshments will be served.

STRATFORD FAVORS GARBAGE INCINERATION.

STRATFORD, March 6.—If the plans of the joint committee from the city council and board of health materialize, Stratford will have an up-to-date system of garbage collection and disposal. The committee has gone very fully into the question and the members were agreed that the best method is by incineration. The question of the cost of an incinerator has been carefully looked into and the committee believe this system can be established as cheaply as collection by cart.

HALIFAX DRYDOCK TO BE WORLD'S LARGEST.

HALIFAX, N.S., March 6.—Plans to build the largest drydock in the world are being prepared in this city by the public works department, and surveys have been made to determine the exact location of the big dock, as soon as the site is selected work will at once be commenced and the construction rushed with all possible speed.

COMMITTED FOR BIGAMY.

BELLEVILLE, March 6.—J. L. Lindsay was committed by Magistrate Casperson at Madoc to the county jail for trial by the county judge on a charge of bigamy. Lindsay was brought to jail on Wednesday afternoon. The alleged bigamous marriage took place in August last.

COMPENSATION IS PUBLIC RELIEF

Miles B. Dawson Says Ontario's Bill for Workmen is First on Continent.

"CURRENT COST" BEST New York Authority Suggests Way for Province to Carry Out Compensation.

Miles B. Dawson of New York, foremost authority on workmen's compensation on the continent, yesterday at McConkey's addressed the Toronto Board of Trade and the Manufacturers' Association on the Workmen's Compensation Act soon to be introduced in the Ontario Legislature. Here are some of his opinions on this question:

He thought the Ontario bill far in advance of New York State's or any of the other twenty states where it is now in force. Our law would be one of the best in the world.

It was really a system of public relief. Funds to defray it should not be raised by levying a lump sum of capital. There should be no capital account stored away at low interest for future use.

The funds should be raised by the "current cost" system. Each year the tax should be for that year's liabilities alone. Thus the manufacturer could use his money and get higher interest from it. Also he would see it to his interests to constantly try to keep the cost down. Greater safety would result.

There should be "no choice of insurance companies." The system should be state operated.

Three suggestions. His three suggestions to Ontario were: It should be public, both in the collection of the tax and in its disbursement.

It should be economically administered; that method of administration to be selected which would get as many dollars as possible of the money contributed by employers and ultimately by the consumer.

It should also be economical in the sense that the community should not be called upon to contribute more money than is necessary to provide the sums required to be paid currently in compensation, plus a reasonable addition as a reserve against fluctuation.

Must Be Fair to All. Before Mr. Dawson spoke, R. D. Fairbairn, president of the Manufacturers' Association, said there was no doubt a new Workmen's Compensation Act was needed, and it should be one of fair treatment to the employer, yet afford complete protection to the worker.

"I would suggest to the members of the act," said Mr. Dawson, "that it would not be wise to have small industries conform with the act, but I would grant the power to the Government to exempt them themselves of these." Mr. Dawson would put the adjustment of claims in the hands of a commission.

For Public Relief. "With the view that certain industries should be segregated, I take no issue for those big corporations can be treated in a different way from conducting their own insurance in brief, but insurance of employees would be by the commission and the adjusting of all claims should be done economically and justly dealt with if a central agency—the commission—was to handle it.

"I strongly recommend to you that all employers shall become part and parcel of the act, with the exception of those small groups of all-way, telegraph and other companies."

The New York Act was, he said, in its main features inferior to the bill before the Ontario Legislature. It is not a model law, but it was the best we could put forward if we were to have compensation of workmen at all in this country. The act prevents far costlier than it should be, but they believed that giving the relief to workmen was paramount to cost. The employers in New York State were absolutely unorganized, so that the only bills brought up were made by the representatives of the companies or the labor organizations.

Crowds Out Agents. Of manufacturers there was no organized representation. Thus agents had absorbed 30 per cent. of the money. "Under your bill the agent is not to receive more than the ambulance chasing fee for his services. The 88 per cent. of the funds of the bill went to trust companies."

For Public Relief. "Just the minute you can see this is a system of public relief you will find the capitalized system simply absurd. The act prevents on the immediate benefit to themselves," Mr. Dawson said in showing how the "current cost" would be made cheaper, as each year the employers would aim at hammering down the accident rate and thus save themselves money. He quoted what prevention has done in Germany to lower the cost.

"Now, I think you will see you are engaged for the dividing of the ways. If you introduce the system of so-called choice of companies you will introduce all sorts of mischief; if you choose the capital plan you saddle yourselves with a great cost. The speaker then gave the three suggestions stated above for Ontario's guidance.

HALIFAX DRYDOCK TO BE WORLD'S LARGEST. (By Special Correspondence.) HALIFAX, N.S., March 6.—Plans to build the largest drydock in the world are being prepared in this city by the public works department, and surveys have been made to determine the exact location of the big dock, as soon as the site is selected work will at once be commenced and the construction rushed with all possible speed.

Random Notes on the Mining Stocks.

There was a decided weakness in the mining market yesterday caused principally by the sagging of issues on outside exchanges.

Peterson Lake was the exception from the general tone of the market, being active and strong selling up to 42 1/2. It had not been for the weakness of outside markets Peterson probably would have sold up two or three points, as there seemed to be an unlimited amount of stock wanted near the market figures, but buyers kept their orders around 42. When the market as a whole strengthened again, the present position of Peterson would seem to indicate that a sharp advance could easily take place.

Dome Lake sold down to 35, but there seems to be a good demand, but too many are trying to take profits from the new issue, which is having a decidedly weakening effect on the stock.

Dome Extension sold down to 10 1-2. The weakness was caused by the semi-authoritative announcement that no deal for the sale of the property was on. A good deal of the buying has been coming from Porcupine, and it is probable that the Big Dome vein which was traced up to the Dome Extension line is showing up much better than has been announced.

From the circular sent out by H. H. Ward, president of the Porcupine Gold Company (Vipond), it looks as if the number of low priced Porcupine stocks had excellent chances for a good advance such as Apex Dome Extension, Jupiter, Pearl Lake, McHenry and Porcupine Gold. He also pointed out that Canadian Gold Fields Syndicate was out of line in comparison with the price of Consolidated Mining and Smelting places a value of more than 7 1-2c per share on Canadian Gold Fields Syndicate stock. He also expressed confidence in the Mining and Smelting. He claims that the interest held by Canadian Gold Fields Syndicate in the Consolidated Mining and Smelting places a value of more than 7 1-2c per share on Canadian Gold Fields Syndicate stock. He also expressed confidence in the Mining and Smelting. He claims that the interest held by Canadian Gold Fields Syndicate in the Consolidated Mining and Smelting places a value of more than 7 1-2c per share on Canadian Gold Fields Syndicate stock.

News arrived from Porcupine yesterday that the Dome Lake Company had struck a vein of high-grade ore on the 115-foot level. Also where encountered the vein is narrow, there is every indication of it broadening. It is said that the ore is the highest grade that has been taken out of the Dome Lake property, and the present management are quite elated over the find.

One of the oldest and most conservative mining brokers expressed himself yesterday as very hopeful of the mining stock market particularly in the gold issues. He stated that a number of low priced Porcupine stocks had excellent chances for a good advance such as Apex Dome Extension, Jupiter, Pearl Lake, McHenry and Porcupine Gold. He also pointed out that Canadian Gold Fields Syndicate was out of line in comparison with the price of Consolidated Mining and Smelting places a value of more than 7 1-2c per share on Canadian Gold Fields Syndicate stock. He also expressed confidence in the Mining and Smelting. He claims that the interest held by Canadian Gold Fields Syndicate in the Consolidated Mining and Smelting places a value of more than 7 1-2c per share on Canadian Gold Fields Syndicate stock.
