

\$25,000

Block eight brick houses, near Yonge and Carlton. All good renters. Lot 10 x 104. H. H. WILLIAMS & CO. 35 King Street East. 63

PROBS: Moderate winds, mostly southerly; fair; little higher temperature.

TRAVERS SAYS PL. PROMISED TO LOOK AFTER HIS INTERESTS LAST JUNE

Says He Was Met in Mr. Clarkson's Office, When Mr. Ryan Told Him To Be Brave—Insists That \$3000 Cheque Was Left Addressed to Mr. Ryan—Col. Denison and Police Court Officials Called as Witnesses.

Declaring that Peter Ryan had met him in Mr. Clarkson's office in June last, and had told him to be brave just as he was looking after his interests, W. R. Travers advised the Farmers' Bank inquiry at Osprey Hall yesterday afternoon. The bulk of the time of the afternoon session was taken up in an effort to find out just what lay behind Inspector Duncan's evidence, in which he said that he had been sent on a wild goose chase when he went to Muskoka to arrest Dr. Beattie Nesbitt. On this point, Colonel Denison, Crown Attorney Corley, Superintendent Rogers of the provincial police, and Curran Morrison, clerk of the police court, were heard. Superintendent Rogers declared that he had had no official notification of the issue of any warrant until several days after he had read the doctor's flight across the border. He was first notified by the crown attorney, but was not notified by the police until March.

Insistence of Warrant. Crown Attorney Corley said the Inspector of Detectives Detective Duncan had discussed the possibility of issuing a warrant with him before he consented to allow it to be issued, but that at that time no evidence sufficient to justify the issue of a warrant was submitted to him. He said that Inspector Duncan quoted the county judge as being of the opinion that the evidence was sufficient, but that he and the deputy attorney general differed with them. Superintendent Rogers denied all knowledge of any warning having been given to Dr. Nesbitt.

At the morning session Messrs. J. E. Stratton, Dr. Nesbitt, A. S. Lown and Lindsay denied being the men who had suggested to Travers that he had better take the three thousand dollar cheque, which is still missing, to Ottawa to give to Peter Ryan. Travers had previously sworn that he thought it was one of these men who had advised him. At the afternoon session, Travers reaffirmed his statement that he had left the cheque at the Russell House in Ottawa addressed to Mr. Ryan, and when Ryan also he said that he did not know whether he had ever got the cheque, and he had never spoken to Mr. Ryan about it before or since.

Mr. Ryan again denied all knowledge of the cheque and explained a \$3000 entry in his bank account as a loan from J. G. Scott, master of titles. This was confirmed by Mr. Scott.

TORONTO MEN IN BIG MANITOBA DEAL.

WINNIPEG, July 16.—(Can. Press.)—The largest deal in Manitoba farm lands which has been recorded for many months was put thru to-day. It comprised 30,000 acres north-west of Shoal Lake and Russell, in what is known as the Roseburn district. The buyers were New York, Toronto and Hamilton capitalists, and the purchase money showed a total of \$450,000. The object of the buyers is to sell the land for colonization purposes. One of the inspectors who went up in behalf of the buyers, Scott Davidson, Paris, Ont., reported favorably and the deal went thru.

BARBADOS, July 16.—(Can. Press.)—The treaty of mutual trade benefits, which was signed at Ottawa last April by representatives of the British West Indies and members of the Canadian government, has been ratified by all the islands with the exception of Trinidad. It is expected that Trinidad will ratify the treaty within a fortnight.

W. INDIES TREATY RATIFIED.

After hearing the evidence in the case of the death of Chas. Wass, who fell into a trench at the G. T. R. crossing on Coxwell-ave., on the evening of July 5, and who died of his injuries after being taken to St. Michael's Hospital, the coroner's jury at the morgue last night, decided that they did not know under what circumstances Wass came to fall into the excavation.

To Prevent Grain Blockade

OTTAWA, July 16.—(Special.)—The government is determined to do everything that is possible to prevent a possible recurrence of last winter's grain blockade. With this purpose in view the department of railroads is planning to make over and considerably enlarge the government-owned and operated elevator at Port Colborne. This elevator has now a capacity of 800,000 bushels and it is proposed to enlarge it to accommodate 2,000,000. It is likely that Mr. J. A. Jamieson, contractor, who effected alterations in this elevator on a previous occasion and who has again tendered for the work, will be given the contract. The government hopes that the desired alterations can be made in ample time for this fall's harvest.

ABUSIVE WORD CAUSED THE FIGHT

Conflicting Stories Told of Fatal Quarrel, But Jury Found That David Bigelow Had Some Provocation For Striking Walter Coleran Blow Which Caused His Death.

That Walter Coleran, by his abusive language and the disturbance he created in the house of David Bigelow at 499 1-2 Parliament-street, last Thursday evening, gave Bigelow some provocation for the blow which resulted in Coleran's death, was the finding of the coroner's jury at the inquest last night.

According to Bigelow's story he had acted as peacemaker thruout the whole affair. Coleran had come in drunk and had begun to swear at his two room-mates, George Hopper and Mike Kerwin, whereupon Bigelow came from his own room to quiet things down. There had been a tussle in which Coleran got the worst of it, and Bigelow returned to his own room. A few minutes later, hearing some disturbance below, he had returned to Coleran's room and threatened to turn him out, and when Coleran made a gesture of offence he struck the blow that proved fatal.

Different Story. Coleran's room-mates told a different story. They were in bed in the room where the fight occurred. After Bigelow left the room the first time, Coleran, they said, had been quiet, and was washing his face and hands when Bigelow paid his second visit. When Bigelow threatened to evict him Coleran had made no threatening gesture and the second attack was unprovoked.

Dr. Forfar testified that the muscles of the neck are relaxed when a man is intoxicated, and therefore less capable of resisting a blow. Coleran's death was caused by internal hemorrhage, the result of straining of the neck muscles. He died in the General Hospital Friday morning. A significant fact brought out was that Bigelow had washed and dressed himself in the interval between his two trips to Coleran's room.

ROSENTHAL SLAIN BY GAMBLERS SAY POLICE

Confession of Man Arrested, It Is Alleged, Will Result in Arrests of Seven Men Who Murdered Gambling House Proprietor on Eve of Laying Charges Against Department

NEW YORK, July 16.—(Can. Press.)—Thru the alleged confession of a man under arrest, the names of seven men are believed to be involved in the sensational killing early today of Herman Rosenthal, the gambler, just as he was presumably about to make important additions to his recent disclosures of alleged partnership between high police officials and members of the gambling fraternity. As a result of the new material in the hands of the officials, additional arrests are expected to follow to-night or to-morrow.

According to District Attorney Whitman, Rosenthal was about to name gamblers who would be able to corroborate his assertions regarding police collusion with men of his law-banned calling.

That such a raking up in gambling circles was not relished by men who might come to be involved was apparent, it develops from talk among members of "inner circles" in the tenement which began as soon as word of Rosenthal's purpose was passed along. Threats were made yesterday. It was declared that things would fall ill for Rosenthal if he continued to press his charges.

Threatened by Gamblers. "If Rosenthal does not quit within the next few days we will get him and get him for keeps," was a remark of a member of a poker party on an east side "association" outing on Sunday, reported by the sidewalk who overheard it to District Attorney Whitman this afternoon.

Three Men Arrested. Up to a late hour the police had given the inkling of the man in custody, who had made the alleged confession. During the day three men were arrested in connection with the murder of Rosenthal. Eugene Libbie, part owner, it is alleged, of the automobile containing the party of six men who a little more than an hour before daylight were driven up in front of the Hotel Metropole, and from which came the volley of shots which stretched the gambler dead upon the sidewalk as he stepped from the building, was one of the trio. The police declare they are assured that he was the driver of the motor car, and that he had been with homicide. His partner in ownership of the machine is William Shapiro, who also is a prisoner—held as a material witness. The man who identifies the police have been hiding under the name of "John Doe," and who was declared to have been the man carrying of the hotel at the time of the shooting.

Instead of fearing harm at the hands of the gambling fraternity, Rosenthal's chief dread, it is declared, was police enmity because of his charge against a member of the force. William Wiley, a G.T.R. conductor, was arrested yesterday afternoon in Hamilton by Detective Archibald of that city, with Special Officer Hodge of Montreal and G. T. R. Detective Tisdale, for the alleged "knocking down" of fares on his run between Niagara Falls and London. Two other conductors were arrested yesterday. Wiley is about 60 years of age and has been connected with the G. T. R. for a number of years. He strenuously denies that he has been guilty of the charge preferred against him. He says that the only fault he has committed while in the service of the G. T. R. has been the carrying of employees of the road free. That he has taken money from passengers in lieu of a ticket he absolutely denies.

CANADA WILL BE VANCOUVER METHODISTS WILL ASK REV. DR. CHOWN TO GO TO NEW COLLEGE

Premier Borden in Announcing Willingness to Share in Empire Defence Emphasizes Need of Full Autonomy Being Recognized—Notable Gathering Enthusiastic.

LONDON, July 16.—Amid prolonged and renewed applause Hon. R. L. Borden declared in Hon. Lewis Harcourt's room in the house of parliament at Westminster to-night: "In time of peril, we believe every dominion, including Canada, will give a response not less loyal and less earnest than that of the motherland herself. One realizes, however, that when the day of peril comes, the day for effective preparation may have passed. I conceive that those who accept a share in and responsibility for the definite security of this vast empire can no longer be considered wards by self-constituted guardians."

The occasion was the inaugural dinner of the Empire Parliamentary Association to Premier Borden, with Alfred Lyttelton presiding and with a most distinguished gathering of invited guests, including Sydney Buxton, the Marquis of Crewe, Earl Meath, Lord Newlands, father-in-law of Winston Churchill; Sir Gilbert Parker, Sir George Reid, Sir Charles Ross, Postmaster-General Samuel and many ladies.

In proposing the toast of overseas members of the association Mr. Lyttelton in his passing, remarked it was fortunate for French-Canadians they had developed the genius of the race and pursued liberty under the British flag, something that would have been difficult, if not impossible, had Canada been retained by France and fallen under the sway of the revolutionary movement in the Napoleonic periods.

Hon. Mr. Borden, who followed, noted the chief fact in the development of parliamentary institutions overseas with those of the mother country, and then proceeded to develop the argument.

Not Truly Imperial Parliament. In the course of a striking utterance, Hon. Mr. Borden said that when Canada began to take part in imperial defence then would conditions change and the overseas dominions necessarily be summoned to the council which would settle the authority in foreign affairs and naval matters.

He said the mother of parliaments must carry the fact of imperial status ceased to exist. The parliament was elected upon issues chiefly local and domestic. A parliament which extends a large portion of its time and energy in discussing and determining questions of purely domestic concern could hardly be regarded as an imperial parliament in the highest, truest sense. The complete autonomy which has been granted great dominions has been granted practically complete control of their own affairs, and as a result the crown becomes the strongest, the most important fact on imperial status ceased to exist. The parliament was elected upon issues chiefly local and domestic. A parliament which extends a large portion of its time and energy in discussing and determining questions of purely domestic concern could hardly be regarded as an imperial parliament in the highest, truest sense. The complete autonomy which has been granted great dominions has been granted practically complete control of their own affairs, and as a result the crown becomes the strongest, the most important fact on imperial status ceased to exist. The parliament was elected upon issues chiefly local and domestic. A parliament which extends a large portion of its time and energy in discussing and determining questions of purely domestic concern could hardly be regarded as an imperial parliament in the highest, truest sense. ENGLAND WINS KOLAPORE CUP

Team Scored 761 in Important Match, With South Africa Second and Canada Third.

WEDNESDAY, July 16.—(C. A. P.)—The mother country won the Kolapore Cup today with a total of 761. South Africa was second with 759; Canada third, 748; Guernsey fourth, 735; and India fifth, 724.

The Canadian team was composed of the following: Tippins (Essex), Mearns, Ray and Gray (London Scottish), Runciman (Essex), Scotts, and Bunkinson and Fulton (London Rifle).

In the first stage of the Kolapore Cup, 500 yards, Canada was second, as follows: Mother Country 233; Canada, 248; Guernsey, 244; India, 241; South Africa, 240; Richardson 41; Battershill 34.

The Canadian team scores were: Capt. Sulist, Vancouver, 21; Sgt. Armstrong, Halifax, 29; Corp. Mortimer, Quebec, 34; Sgt. Smith, Ottawa, 23; Lieut. Foster, Ottawa, 31; Pte. Mitchell, Toronto, 23; St. Sgt. Richardson, Vancouver, 33; Sgt. Battershill, Winnipeg, 32.

At the 500 yards, the teams stood: Mother Country 280, South Africa 256, Canada 235, Guernsey 247, India 240.

The Canadian scores were: Slater 23, Armstrong 22, Mortimer 23, Smith 23, Foster 24, Mitchell 23, Richardson 23, Battershill 24.

At the final stage (600 yards), the scores were: Mother Country 248, India 243, South Africa, 238, Canada 242, Guernsey 234.

Canadian scores were: Slater 23, Armstrong 22, Mortimer 23, Smith 23, Foster 24, Mitchell 23, Richardson 23, Battershill 24.

Cambridge Competition. In the Duke of Cambridge competition, ten shots at 90 yards, the members of the Canadian team this morning made the following scores in the first stage:

Armstrong 40, Auld 39, Battershill 42, Blackburn 45, Dymond 45, Foster 43, MacDougal 37, Slagge 41, McInnes 39, Mitchell 47, Richardson 40, Slater 41, Smith 41, Steele 38, Stoddart 43, Forrest 42.

In the second stage the Canadian scores were: Davidson 38, Keney 42, MacPherson 40, Mortimer 42, Regan 40, Andrews 39, and Bayles 32.

Owen Cheyenne Yeomanry, won the Cambridge competition, Mitchell was 21st and Slater 22nd, each winning 40. Blackburn 37th, Dymond 73rd, Foster 114th, win 30.

Gibson of the Scottish Rifles won the Prince of Wales prize.

Mortimer Loses Graphic. In the Graphic tie, Corp. Mortimer and Lieut. Crane made possible. Crane then made three bulls, and Mortimer two fives and a bull, and is therefore second.

Tippins of Essex won the Alexandra match. The Canadian stood 22, following in this competition: Armstrong 8th, MacPherson 13th, Battershill 21st, 19th, Mitchell 27th, Steele 76th, Forest 74th, Stoddart 129th, 6th, and Newa, 155th, Foster 213th, Kennedy 215th, 40; B'yles 233rd, Mortimer 239th, Slater 234th, Simpson 309th, Davidson 309th, 20; MacDougal 31.

The Canadians' scores counted out in the All-Comers' Aggregate, the prizes which were awarded to the competitors make up the highest aggregate in the Alexandra, Daily Graphic, Daily Telegraph, and Graphic were as follows:

Armstrong 157, Auld 147, Battershill 149, Blackburn 144, Davidson 132, Dymond 142, Foster 154, Kennedy 154, MacDougal 158, MacPherson 159, McInnes 155, Mitchell 157, Mortimer 158, Regan 153, Richardson 157, Stoddart 163, Andrews 156, Bayles 159, Forest 168.

ADMITS SLAYING CHILD. Father of Nathan Schwartz Thinks Son Ended Life.

NEW YORK, July 16.—(Can. Press.)—Samuel Schwartz, father of Nathan Schwartz, the young man wanted by the police in connection with the murder of the child, Julia Connors, in the Bronx last week, acknowledged today in a statement to Assistant District Attorney Nott, that his son had confessed to killing her and had told his father, and that he had told his son to go out and commit suicide. The father, in his statement, said he believed the boy did it, he was told.

The latest information of the police was that the younger Schwartz was out of the States.

LE CANADA RAPS ORANGEMEN. MONTREAL, July 16.—(Le Canada.)—An editorial article this morning, quotes The Toronto Telegram's report of the Orange celebrations in Ontario, and makes it an excuse for a very severe criticism of the Ontario members of the Orange Order.

It is easy to perceive the sentiments which animate this fanatical society, with which some French-Canadians, misled and deceived, allied themselves last September to overthrow Sir Wilfrid Laurier. The Telegram shows the true spirit of the society, which counts among its members Col. Sam Hughes, Minister of militia, and Dr. Spruille Braden, who was for a long time its grand master.

CHEQUE FOR FIREMEN. Promptness and efficiency on the part of the Toronto fire department was today recognized when yesterday Chief Thompson received a cheque from the Limited, of Pacific-avenue, for \$25, which amount has been placed in the benefit fund of the Firemen's Association. A nice letter of appreciation accompanied the cheque.

Pelletier's Father Recovers. QUEBEC, July 16.—The family of Hon. L. P. Pelletier denies the rumor to the effect that the postmaster-general, who is now in England, was to sail for Canada immediately owing to the serious condition of his father's health.

On the contrary a message has just been cabled to Hon. Mr. Pelletier informing him that his father had completely recovered.

Foreigner Died Instantly When Drain Walls Collapsed and Several Others Were Badly Injured—Rev. Father Gallagher's Funeral To-day Motor Car Damaged.

Shortly before ten o'clock yesterday morning the cavern of French which was being dug for a water main at the corner of Rowntree-avenue and Blackthorn-avenue resulted in the death of three workmen employed, while two others were more or less seriously injured.

The men were digging at the floor of the trench 15 feet below the surface of the street when the whole side of the trench collapsed and slid into the excavation burying Folan Skelton, 24, a laborer who was working near the corner of Rowntree-avenue and Blackthorn-avenue, where an arm was broken; James Cress and Al. Allister, who were badly bruised. The men were employed by the McKnight Construction Company.

Motor Car Damaged. At 12 o'clock yesterday a collision occurred at Dundas and Keele-streets between a motor car driven by Harry Walters, license No. 527, and a delivery wagon of the Swift Canadian Company driven by Harry Cox of Cooper-avenue. The horse apparently became frightened at the noise of the horn and jumped forward, striking the rear of the wagon and colliding with the tonneau of the auto. The horse was completely killed and thrown to the pavement together with the driver. The motor car was damaged and the driver sustained a slight sprain of the back and a severe shaking up. No other persons were injured.

New Dundas W. A large gang of workmen commenced yesterday the excavation for a water main at Dundas-street and Humboldt-avenue. It will be replaced by a new one and the work will be completed in a few days. The work will be commenced on the double-tracking of Dundas-street from Front-avenue to Keele-street. The railway company expressed their intention of doing this some months ago and it is expected that it should be done this summer.

Building Record. The first fifteen days of July have shown another record in the building trade in Ward Seven. During this period 24 permits were issued, including 30 dwellings and a pair of stores and amounts to \$32,440, which shows an increase of \$41,740 over the total for the corresponding time last year. During this time the number of permits was 21, with a total cost of \$54,200.

Priest's Funeral. The remains of the late Rev. Father E. F. Gallagher were lying in state yesterday in St. Charles Church, Annet-street. The funeral services will be conducted this morning at 10 o'clock and interment will take place in Mount Hope Cemetery.

Belleville's Downtown Station. Toronto people who go to Belleville over the Canadian Northern Ontario are keenly appreciative of the fact that the station of this line is located down on the waterfront, easily within five minutes' walk of the business and residential districts and of the principal hotels of the old city. From Trenton, where closest connection is made for Picton, Wellington-on-the-Lake, and all of the Central Ontario Railway points, the C. N. O. skirts the shore of the Bay of Quinte, and its trains enter Belleville from the west, cutting across the fine old waterfront park, just before they reach the depot.

Waterworks for Parkhill. PARKHILL, July 16.—The town of Parkhill, by vote of 388 to 10, carried a bylaw to raise \$25,000 for a system of waterworks.

FIRM MARKET WITH NO CHANGE

Supply Good With Quality Fair and Demand Steady—Lambs Rally a Feature.

Yesterday's live stock market followed well the trend of Monday's opening with little or no deviation in quotations except on spring lambs, in which there is a shortage with a liberal demand. Good lambs in spare stock shot up to 40 in a few sales with the quotations standing at \$9.50.

The supply at the western cattle market was ample for the demand with but two loads of good butchers being offered. Ordinary butchers and stockers comprised the offerings generally. Representatives of the big buying houses were not present and the trading continued steady and cautious in keeping with the slack in the demand for cheaper grades.

The receipts were: Cows, 25; cattle, 36; calves, 10; sheep, 40; hogs, 483; horses, 15.

Extra choice butchers, of which there were a few offered, were bid on at \$7.50 with \$7.50 asked. One sale in this class was made at \$7.50.

Good butchers held steady with yesterday's figures with no rising tendencies in the bid. The quotations closed firm at \$8 to \$9.

Butcher cows were slightly more plentiful and the figures on good ones were quoted at \$2.50 to \$4.

choice butchers at \$7.15, and one load at \$7. R. J. Collins bought 17 butchers, averaging 800 pounds, at \$5.25. C. Zeigler & Sons sold five loads of mixed butchers, 600 to 1000 lbs., at \$3.75 to \$5.50; one load of hogs, 150 lbs., at \$8.30, fed and watered. A. B. Quinn sold one load of butchers, 325 lbs., at \$6.30. C. Mayhew bought stockers, 600 to 800 lbs., from \$4.75 to \$5.25. H. Hunsler bought two loads of butcher cattle from \$5.50 to \$5.75, and from \$5.25 to \$7.15 for extra choice butchers. Dunn & Lavack sold at the western cattle yards yesterday as follows: Butchers—4, 1100 lbs., at \$7.15; 6, 1000 lbs., at \$6.75; 17, 800 lbs., at \$5.25. Butcher cows—2, 1150 lbs., at \$5; 1, 870 lbs., at \$5.50; 1, 700 lbs., at \$5.25. Stockers—3, 650 lbs., at \$4.60. Milch cows—3, at \$50 each; 1, at \$35; 1, at \$50.

UNION STOCK YARDS. No deviation from the pace set at Monday's opening was noticeable in quotations, with prices remaining firm under a much smaller offering. Exporters and good butchers were taken up on Monday, with but few heads in these classes coming in. Exporters ranged from \$7 to \$7.35. The receipts were: Cows, 12; cattle, 180; calves, 15; sheep, 90; hogs, 81.

Extra choice butchers were quoted at \$7 to \$7.50, good from \$5 to \$7; medium, from \$3 to \$5; and common from \$1.50 to \$2.50. Good butcher cows ranged from \$5 to \$5.50, with the medium grade running from \$2.50 to \$3.50. Calves sold at from \$5 to \$7.50, with prices holding firm to the close, as the offering was small and the demand somewhat stronger, under the influence of cooler weather.

Only a small number of sheep were offered, and the prices remained the same as on Monday, except on spring lambs, where there was a tendency to higher figures as the supply was short. Figures around \$2.50 were quoted, with sales being made at \$2.75, and one choice lot at \$3.50.

Hogs remained as at Monday's opening, the supply was limited. On the whole, trade was steady and prices bore brags on Monday. The market, with weather conditions very much improved, closing strong at night's opening.

Representative Deals. Swift & Co. bought 30 cattle, with quotations, which are representative of the market, as follows: Choice butchers, 3, at \$7.50; good cows, from \$5 to \$5.50; bulls, from \$4 to \$4.50. Dunn & Lavack sold at the Union Stock Yards yesterday as follows: Exporters—21, average 1200 lbs., at \$7.35; 18, 1200 lbs., at \$7.50; 2, 1250 lbs., at \$7.20; 1, 1200 lbs., at \$7. Butchers—20, 1200 lbs., at \$6.55. Connelin & Co. sold: Butchers—12, 1050 lbs., at \$6.55; 6, 900 lbs., at \$6.20. Cows—2, 1000 lbs., at \$4.75; 2, 950 lbs., at \$4.50; 1, 1000 lbs., at \$4.25. Bulls—1, 950 lbs., at \$4.20.

Railway Receipts. On the C.P.R.: Cows, 1; cattle, 3; calves, 2; sheep, 20; hogs, 100. On the Grand Trunk: Cows, 23; cattle, 25; calves, 8; sheep, 285; hogs, 282; horses, 18. Buffalo Live Stock. EAST BUFFALO, July 16.—Cattle—Re-

ported as somewhat better yesterday. The fever remains up around the 104 mark, most steadily. Chicago Live Stock. CHICAGO, July 16.—Cattle—Receipts 2200. Market slow. Base, \$5.50 to \$6.50; Texas steers, \$5 to \$7.15; western steers, \$5.50 to \$7.00; stockers and feeders, \$2.50 to \$4.50; cows and heifers, \$2.50 to \$7.00. Hogs—Receipts 11,000. Market weak. Light, \$7.15 to \$7.50; mixed, \$7.00 to \$7.50; heavy, \$6.50 to \$7.50; rough, \$6.50 to \$7.15; pigs, \$5.50 to \$7.50; bulk of sales, \$7.50 to \$7.50. Sheep—Receipts 15,000. Market steady. Lambs, \$4.50 to \$5; yearlings, \$2 to \$3.50; wethers, \$4.75 to \$5.25; ewes, \$2 to \$4.25; sheep, mixed, \$4.25 to \$4.75. Cattle Man Very Sick. H. P. Kennedy, who is confined at the General Hospital with typhoid fever, although still in a very serious condition, was

AN HONEST, SINCERE TRIAL Will Convince You

I claim that I can cure the weak; that I can pump new life into worn-out bodies; that I can cure your pains and aches, limber up your joints and make you feel as frisky and vigorous as you ever were in your life. That's a claim, a great deal, but I've got a good remedy, and there are thousands who say so. I've made good every claim; that they are now big, husky and fresh specimens of manhood, and that they haven't an ache or pain in their bodies since using my Dr. McLaughlin's Electric Belt. It has restored health and strength to thousands of weak people. If you use it as I direct it is a positive cure and cannot fail. It gives the vitalizing power of electricity, without burning or blistering, to every weakened part, developing full vigor and removing all the effects of dissipation forever. I want all weak persons, who are not what they should be, to use one of my Belts, and when they are cured to tell their friends of its wonderful effects. My Belt is also an absolute remedy for nervous debility, backache, rheumatism, stomach, liver, kidney and bladder troubles. It is arranged for women as well as men, and cures female weaknesses. Few men are really as strong and vigorous as they ought to be. Hard work or worry or the hustle of modern life is overtaxing the resources of many. Past indiscretions or excesses and other private diseases have undermined the constitution of still others—few men are the men they ought to be. This is why the wealth of the world is concentrated in the hands of the few. Except in cases of inherited wealth, the wealthy men, the successful men, are healthy men—men with strong bodies, strong nerves, strong will, strong mind. They are the men who have carefully observed the laws of nature and guarded their strength and health. Dear Sir,—I purchased one of your Belts some seven months ago. I was troubled then with weak heart, and I find that the Belt has greatly benefited me. I can heartily recommend your Belt to anyone who may be troubled in this way, and believe they are even better than you say yourself. Yours truly, W. A. HENDERSON, Gladys, Alta.

FREE BOOK—Cut out this coupon now and mail it. I'll send this book without duty absolutely free. Call if you can. Consultation free. DR. M. C. McLAUGHLIN, 237 Yonge St., Toronto, Can. Dear Sir,—Please forward me one of your books, as advertised.

DECLINE IN WHEAT PIT IS CARRELLED FURTHER

Favorable Prospects for Growing Crops and Growing Reports From All Districts Lead to Further Break at Chicago.

CHICAGO, July 16.—All the experts in the Northwest reported practically perfect crop conditions to-day, and thereby threw the wheat market into a state of extreme weakness. Prices closed heavy, 5-8c to 1-3c under last night. Corn showed a net decline of 2-8c to 2-5c and oats a loss of 1-2c to 1c. Latest trading left provisions varying from 1-2c to 1-3c to an advance of 1-2c.

Hope faded for the bulls in wheat when one despatch after another said there was no sign of black flies and that the weather remained just the sort needed to insure a bumper crop. Rains in Western Missouri meant delay to threshing helped sustained wheat prices during the last part of the session. Signs were noted, too, of a lighter winter crop in Europe than had previously been expected.

Corn suffered not only because of the wheat weakness, but on account of a belief that oats would soon displace corn for stock feeding. Some recovery ensued when there were advices that the weather was too dry in Oklahoma and Kansas. Cash grades were in poor request.

The fact that cutting of oats was under way in Iowa and Illinois, under conditions which left nothing to desire, had a bearish effect on prices for that cereal. Action of other grain, however, formed the principal influence. Support from packers at opportune times averted any serious decline in provisions. Outside speculators taking advantage of a lighter run of hogs, displayed a tendency to unload.

Receipts of wheat at Northwest ports with usual comparisons, follow:

City	To-day	Wk. ago	Yr. ago
Chicago	10,135,000	11,238,000	1,978,000
Duluth	49	81	33
Minneapolis	56	60	28
Winnipeg	56	60	28

European Market.—The Liverpool market closed to-day led to 1/4c lower on wheat, and 1/2c lower on corn. Antwerp wheat closed 1/2c lower. Berlin unchanged, held day in Paris.

World's Visible.—Bradstreet's estimates show that during the past week the visible supply of wheat decreased 5,148,000 bushels, and oats decreased 82,000 bushels, and oats decreased 82,000 bushels.

Canadian Visible.—The Canadian visible supply during the past week decreased 1,000,000 bushels, and oats decreased 100,000 bushels.

Western Stocks.—Stocks of wheat and oat terminal points, Fort William and Port Arthur, with usual comparisons, follow:

City	To-day	Wk. ago	Yr. ago
Fort William	1,800,000	1,500,000	1,500,000
Port Arthur	1,800,000	1,500,000	1,500,000

European Visible.—European visible wheat, 75,338,000 bushels, against 75,338,000 last week; decrease, 494,000 bushels. Last week's decrease, 494,000 bushels, and last year a decrease of 2,500,000 bushels, when the total was 72,900,000 bushels.

Primarys.—Wheat—To-day, Wk. ago, Yr. ago. Receipts: 48,000, 153,000, 1,830,000. Shipments: 254,000, 181,000, 811,000.

Winnipeg Grain Exchange.—Wheat—To-day, Wk. ago, Yr. ago. Receipts: 276,000, 276,000, 276,000. Shipments: 276,000, 276,000, 276,000.

ST. LAWRENCE MARKET.—In accordance with the fluctuations on outside markets, oats were 1/4c higher and 1/2c a bushel yesterday. There are no changes in the local wheat market, as practically nothing is being offered on which to base a quotation. Wood is coming in rather slowly, as the shearing season is just, and not many fleeces are now off the market. Prices went up a half-cent a pound yesterday on unwashed coarse, unwashed fine, washed coarse and rejects. Washed fine remains the same.

THE BRODERICK SERVICE

THE danger about the average low priced suit is that the reasonableness of the price is often accomplished at the sacrifice of style—which means that the price is not reasonable after all.

It is one of the features of Broderick's suits that the price does not determine style. No monetary considerations are permitted to influence or corrupt the distinctiveness and individuality of Broderick's productions.

PRICES: \$22.50 to \$45.00

Chicago Gossip

J. P. Bickell & Co. from Logan & Bryan: Wheat—A resumption of long liquidation in wheat carried prices off again early, but there was a steadier tone near the close, and shorts took profit on a liberal scale. Weather conditions in the northwest were again favorable, and there was but little complaint of any kind in regard to crop conditions. Signs and reports of a lighter winter crop in Europe, but ideal conditions, it is becoming a little too fashionable to bear wheat prices.

OFFICIAL NOTICE OF THE MERGER

New Basis of Brazilian Traction Deal Confirmed—Six Per Cent. Dividends From Start.

The official circular containing the changed basis of the proposed merger of the Brazilian traction companies was mailed to the shareholders yesterday, the terms of the agreement being as published last week. Sao Paulo shareholders receive 2 1/2 shares of new stock for one old, Rio shareholders 1 1/2 shares, and Sao Paulo Electric one share, the capitalization of the holding company being \$120,000,000, of which all but \$15,000,000 will be in cash under the plan of exchange for present scrip.

The circular, which bears the signature of Dr. P. F. Pearson, states that the estimated revenue of the traction company from the combined undertakings is sufficient to justify the traction shares at the rate of six per cent. per annum, and the expected increase in the future revenues of the company in the years 1912 and 1914 will, without doubt, be sufficient to justify larger dividends. Application will be made as soon as possible for the listing of the shares of the traction company on the Toronto, Montreal, London and Brussels Stock Exchanges.

It is believed that the proposed exchange will meet with the approval of the shareholders of each company, and as soon as a substantial majority of the shares of each company has been deposited the exchange will become effective. The traction company will be organized as a corporation, the exchange must be lodged at one of the banks named for the deposit of shares not later than the 1st September, 1912.

Adjusting Dividends.

The shares of the traction company delivered in exchange will rank for dividends as from August 1, 1912, and such dividends must be claimed before deposit. For the purpose of adjusting dividends on the shares of the Rio de Janeiro Tramway, Light and Power Company, Limited, to Aug. 1, 1912, the board of that company will declare a special dividend of five-sixths of one cent, payable to all shareholders of record on Sept. 1, 1912, such special dividend certificate of July at the rate of 10 per cent. per annum. All holders of certificates of deposit in respect of the shares of the Rio de Janeiro Tramway, Light and Power Company, Limited, will receive this dividend after surrender of their certificates of deposit and the issue of the share certificates of the traction company in exchange therefor.

Such certificates of exchange will be issued to holders of certificates of subscription in respect of the new shares of the Rio de Janeiro Tramway, Light and Power Company, Limited, which are not yet fully paid up, when such certificates of subscription are deposited with the application for exchange of such certificates of subscription will only be accepted after the payment of the instalment of twenty-five per cent. due Aug. 1, 1912, and the certificate will state that certificates of shares or share warrants will be issued on and after Nov. 1, 1912, in exchange for the application for exchange of such certificates of subscription.

Sao Paulo Electric.

The circular contains a new information on the Sao Paulo Electric Co. This company was organized in the year 1910, and has acquired water power and franchises for the utilization and sale of electric power in the State of Sao Paulo. This company is now completing a hydraulic development of 50,000 horse power on the Sorocaba River, and is installing immediately electrical machinery with a capacity of 20,000 horse power, in addition to which an extensive system of transmission lines is being constructed. For the cost of all of which the necessary capital has been provided. This company is also now operating a station on the Sorocaba River with a capacity of 4200 horse power, and large business is assured for the future so soon as its new plant is completed. It has also made a contract with the Sao Paulo Tramway, Light and Power Company, Limited, to supply a minimum of 15,000 horse power, to be delivered by the 1st September, 1912.

BRAZILIAN TRAM AT PAR

A London cable yesterday reported that transactions had occurred in the old country market in the stock of the Brazilian Tramway, Light and Power Co. (the proposed holding company for Rio, Sao Paulo, and Sao Paulo Electric), at par. The sales were made under special terms, for delivery when shares were some five points in advance of the valuation indicated by the top records of the day in Rio and Sao Paulo.

General Manager.

UPTURN IN BRAZILIAN TRACTION CARRIED FURTHER IN TORONTO STOCK EXCHANGE—GENERAL LIST NEGLECTED.

Shareholders of Rio and Sao Paulo received the official circular yesterday confirming the new basis of merger which had been published in the press, and the incident reflected favorably in the stock market. Sao Paulo also improved, the top of the market reaching its highest point in about two weeks. Considerable profit-taking was encountered on the advance, and this wiped out a portion of the appreciation, both securities showing a reactionary trend on the afternoon board. Nevertheless the major portion of the bulge was maintained, and the closing quotations represented a short gain from the previous day.

London was a buyer at the opening of our market, particularly of Sao Paulo. The old country demand was accepted here as indicative of the fact that Europe was convinced that there was considerable merit in the shares at present values, the recent change in the basis of merger not having been entirely discounted. Added to this was the favorable sentiment occasioned by the announcement in the official circular that estimated earnings would be sufficient to justify six per cent. dividend from the start, and that a larger disbursement would in all probability be warranted in 1913 and 1914. This figure working out at about 96.

The high price on Rio for the day was 154 1/2, a net advance of three points, but the late trading carried the price back to 152, and the closing bid was at that figure. Sao Paulo ranged between 257 1/2 and 258, and closed at 257 1/2. Other price changes in the market were confined to small volume. Dominion Iron, E. and O. Mackay, and Twin City were higher, but the movement attracted little more than passing interest.

LOWEST SINCE 1826

British consols, the world's premier security, dropped back another notch again yesterday, reaching a new low record since 1826 at 74 1/2. Since the first of the year the decline in consols has been remarkable, and from time to time comment on the slump has been made, but the assertion generally being that the price had reached within so much of the record touched in 1831. In their decline to below 74 1/2 yesterday consols were aided by the bottom level of that year, and it is consequently necessary to go back still further to duplicate the present quotation.

CANADA N. W. LAND

Canada Northwest Land Co.'s land sales in June were \$187,000, for \$1,192, an increase of 20 series over June, 1911, and a decrease of \$708 in receipts. Five months' sales were 24,282 acres, for \$245,597, an increase of 20 series over 2016 acres, and in receipts of \$282,002.

MACKAY DIVIDENDS.

The upturn in Mackay which reached a new high record for the year at 91 1/4 yesterday, in the Toronto market, was the basis for a revival of all the increased dividend rumors which have filled "the street" of late. Mackay built for years have shown a chronic disposition to fluctuate, but it is hinted in inside circles that this time the "dope" will be justified.

BLACK LAKE BONDS.

Black Lake Asbestos bonds dropped back to 15 in the Toronto stock market yesterday, the lowest figure they have touched since April, when a similar quotation was reached. A few weeks ago the bonds closed 20 on what was taken to be Montreal buying, inspired by the reorganization proceedings.

FAVORABLE SIGNS

Erickson Perkins & Co. to J. G. Beatty: Stocks held much of today's rise and closed fairly well. The offering down of a few specialties was perhaps designed to test the market, but no selling pressure developed. The market acts like working higher and we advise purchases on weak spots. That a spectacular advance of all the specialties to advance values is regarded as showing confidence in the business outlook. The way is clearing for a somewhat higher level for stocks.

OUR ELECTRIC STOCKS IN LEAD IN LONDON MARKET

LONDON, July 16.—Money and discount rates were steady today. The stock market was dull and irregular. Home rails declined, and in the lead of underground shares, in which forced liquidation is going on. Consols continued to sag, and made a new low record. This weakness of other edged securities, but the Canadian Electrical group advanced sharply in the late trading, and Marconi and copper stocks improved steadily. American securities opened steady. Trading was light during the forenoon, but a good tone prevailed and prices advanced from 1 1/2 to 2 1/4. Later Wall-street bidding caused values to harden an additional fraction. The closing was steady.

Liverpool Cotton.
LIVERPOOL, July 16.—Cotton futures closed firm. July 8, 8 1/2; July 8 1/2; Aug. 1, 8 1/2; Sept. 1, 8 1/2; Oct. 1, 8 1/2; Nov. 1, 8 1/2; Dec. 1, 8 1/2; Jan. 1, 8 1/2; Feb. 1, 8 1/2; March 1, 8 1/2; April 1, 8 1/2; May 1, 8 1/2; June 1, 8 1/2.

Lasting Satisfaction—the Simpson Watchword

Women's Summer Vests to Clear on Thursday at Two for 25 Cents

These exact qualities we have sold all season at twenty and twenty-five cents each. They go Thursday at two for twenty-five cents. The explanation is that they are slightly imperfect or have small stains that prevent their being sent out from the mills as first quality. No phone or mail orders.

2,100 Women's Summer Vests, fine white ribbed cotton or lisle, low neck, short or no sleeves, lace beading, and draw ribbons; sizes 32 to 38 bust. Regular prices 20c, 25c, and 30c each. Thursday 2 for 25c

Elegant Corsets at Extremely Low Prices

The balances of some of our finest models in famous makes will be taken from our shelves for rush-counter selling Thursday. Some will be half regular, while most all will be marked a third, and less, of their usual price. For instance, a "Madame Irene," or a "Modart" will sell for less than two dollars. No phone or mail orders.

About 280 pairs beautiful and stylish corsets to be cleared Thursday, consisting of up-to-date models, in "Madame Irene," "Modart" (laced front), "C. B. a la Spirite," "Royale," and "Jewel," all in finest materials, with 4 or 6 suspenders, medium, high, or low bust; sizes 18 to 30 inches. Regular prices \$4.00 to \$6.50 a pair. Thursday, pair \$1.95

Women's Real Silk Gloves, 25c

Women's Real Silk Gloves, 2 dome fasteners, double tipped fingers, heavy stitched backs, nice weight, in navy, grey, reseda, plum, helio, mauve, sky, and pink. All sizes. Regularly 50c. Thursday, pair 25c
