TWENTY-SEVENTH YEAR TWENTY PAGES—SATURDAY MORNING NOVEMBER 17 1906—TWENTY PAGES

CHIEF CLERK SHOCKED DIRECTORS REVELATIONS CAME AS COMPLETE SURPRISE, HE SAYS FIRST VICE-PRESIDENT NOT TOLD

Government Statement Signed as a Matter of Safety Without Informing Donald McKay of True Condition of Affairs—Manager McGill's Holiday Proved His Undoing.

BANK'S INSPECTOR EXPOSES WEAKNESS OF THE SYSTEM

The last days in Ontario Bank history, days intervening between the time of the complete realization by the directors that a crash was inevitable, and the fatal morning on the stock exchange when the collapse of the shares conveyed to the world the knowledge, hitherto jealously guarded, within the inner circles, were made known to the public at large for the first time yesterday in the proceedings before Magistrate Denison.

Frank H. Pope, chief clerk of the head-office, and most trusted of all the staff by the general manager, since it was he who was assigned by McGill to deal with his correspondence while the manager was absent, gave to the light that which had, up till then, been a hidden chapter.

It was on Sept. 1 that the directors, or some of them, at least, were confronted with a crisis in the affairs of the bank. To the emergency meeting called purely on the initiative of Mr. Pope and Transfer Clerk Chenoweth, there came Directors Fleet, Harcourt, Curry and Walton, President Cockburn and Director Donald McKay were absent from the city.

It is stated that McGill had not taken any vacation last summer, it is more than likely that the Ontario Bank would still be holding up its head among the banking institutions. There would have been no break in the market price, no closing of the doors, and no absorption into the Bank of Montreal.

Mr. McGill would still be manager, and would be free to come and go, not permitted to move about solely by virtue of \$100,000 reserves.

But Mr. McGill took an extended holiday during July and August, and while he was high-rolling at New York and Saratoga, investigation into his security ledgers, for months back, blossomed. Pope and Chenoweth had nursed suspicions that had been aroused thru casual glimpses into the accounts. In the absence of the manager, they had time and opportunity at their command.

What they discovered confirmed their belief that all was not well under the consulship of Charles McGill. A number of New York brokerage firms were debited with large amounts, had been for years; yet there was nothing to show that any securities were held, or that interest or dividends had been paid. The sums totaled well on to a million dollars, and included \$485,500 debited to Ladenburg, Thalmann and Co., and \$222,000 to Cuyler, Morgan & Co.

The directors professed themselves astounded, and would not believe. Inspector and the bank manager as well close its doors if indications did not belie matters. And so it was decided to wait for the return of President McGill.

The government report for August was prepared for signature about Sept. 16. It was agreed that it was signed, or a premature collapse would ensue. The directors would only acknowledge suspicion, and required verification. Donald McKay had been kept in ignorance of the situation because it was thought it would prove too heavy a blow, and he signed the report, unaware, so Mr. Pope declared, of any possible falsification.

THE AWAKENING.

From the evidence of Frank H. Pope, chief clerk in the Ontario Bank.
 I submitted to the board certain books and certain accounts for which there had been no entries for a number of years. As the bank from the statement appeared to Mr. Chenoweth and myself to be in a dangerous condition, we felt that it was our duty to call the attention of the directors to these books. I sent out notices to the directors, excepting Mr. McKay and Mr. Cockburn, who were not in the country, to attend a board meeting.

They said before they would believe any such statements they must be furnished with more information. The inspector was then called in and asked to go over the books and verify. Their view was that they could not lay a charge without knowing more than they did. It was decided that nothing should be done till the president returned, and that the general manager should not be spoken to in the meantime, but a request was made of Mr. McGill that he submit the books.

It was agreed we had to sign the government statement of the facts would become known to the public before arrangement could be made. It was got ready about Sept. 10, and Donald McKay was asked to sign it, but was not enlightened as to the suspicion entertained because he was too old to be told of it. He most certainly did not know it was false. Mr. McKay's weight of years had brought mental feebleness so that he would sign statements without questioning their nature.

To my knowledge the directors had no knowledge of the bank's difficulties. The directors often came into the office to ask about accounts that were thought to be shaky.

Toronto to Hudson Bay! Govt. Railway is Needed

World's Proposal is Endorsed by Leading Business Men and Representatives of the Legislature—No Time Should Be Lost.

The World's proposal for a government-controlled railway from Toronto to Hudson Bay, with three telegraph and telephone systems, is being commented on freely by business men, many of whom urge that the government should proceed without delay to carry it into effect.

It was endorsed yesterday, among others, by Thomas Crawford, M.L.A., and W. K. McNaught, M.L.A., expressed himself in sympathy with the World's position. He thought that for the present running rights for the provincial railway over the G.T.R. from Toronto to North Bay would be sufficient, "and then build right on to Hudson Bay."

He said he believed the majority of the members in parliament were in favor of Mr. Ainey, the labor candidate.

He said he believed the majority of the members in parliament were in favor of Mr. Ainey, the labor candidate.

CARS RUN; NO DISORDER TWO ARRESTS FOR MINOR OFFENCES POLICE AWE STREET MOB

Sheriff Ready to Read Riot Act on City Hall Steps—Mayor Biggar Reports No Progress Towards Settlement, and Strike Leader Hopes for Nothing Thru Railway Board's Intervention.

Hamilton, Nov. 16.—(Special.)—For the second time since the strike the street railroad operated its cars this afternoon. Crowds gathered out of curiosity, but there was no repetition of Monday's disorders.

Forty policemen under Sergeant Major Prentice were paraded on James-street, the calculation evidently being that such a display would strike terror in the hearts of the rowdies even in the suburbs.

Insurance Responsible Parties. There is no form of personal liability a trusted official, cashier or treasurer may be under towards his employers that cannot be covered by a guarantee and fidelity bond issued by the London Guarantee & Accident Co. The largest financial institutions in Canada avail themselves of this form of security. Small liabilities also covered. Address Canada Life Building. Phone Main 1642.

FORM FEDERAL DISTRICT PLAN OF OTTAWA CITIZENS

Government by Commission After Washington, D.C., Favored by Board of Trade.

Ottawa, Nov. 16.—(Special.)—The board of trade to-night adopted a resolution in favor of the formation of Ottawa and vicinity into a district and the government of it by a commission on the plan of Washington.

An amendment by P. D. Ross to govern Ottawa City alone by a commission partly elected by the people and the government paying its share of the taxes was voted down.

A plebiscite of the ratepayers upon the question will be taken in January.

A Continuous Success. In our Electrical Blue Printing Department we make prints up to 100 yards in length, without joints. Have our messenger call for your tracings. Lockhart Photo Supply Co., Limited, Phone M. 1745.

STEEL COMPANY STILL FIRM TO MAINTAIN RIGHTS UNDER CONTRACT

Nothing Settled, Says Senator Forget, Except Company Will Buy Coal in Open Market Until Validity of Contract Has Been Determined in Courts.

Montreal, Nov. 16.—(Special.)—Senator Forget, vice-president of the Dominion Steel Company, gave out the following statement this morning: "It is to be regretted that the articles appearing in the newspapers of yesterday afternoon and this morning are of a nature to mislead the public as to the true state of affairs between the Steel Company and Coal Company. No settlement of the difficulties has been reached. The only negotiations which have occurred between the two companies are those disclosed by the letters which have been published."

"A reference to these letters will show clearly that the Steel Company has simply offered to buy coal from the Coal Company in exactly the same way as it has been buying coal from outside sources since the Coal Company fell short in its deliveries, and since it stopped supplying coal."

"In other words, the Steel Company is buying its coal in the open market to the best possible advantage until such time as its rights under the contract with the Coal Company can be determined, and until such determination of its rights, the Steel Company will charge any loss it may sustain to the Coal Company, and damages arising out of the Coal Company's breach of the contract."

"The Steel Company has not relinquished any of its rights under the contract. On the contrary, the directors of the Steel Company were unanimously of opinion that its rights under the contract must and will be fully maintained and enforced."

Hon. George A. Cox said: "Yes, the Steel directors have given way to a certain extent in the present difficulty, and I am pleased that they have done so."

"Then the whole question is settled?" the senator was asked. "No, not exactly. We are willing to pay an advance for our coal, but the validity of the contract will have to be determined by the courts. I think I am safe in stating that the Steel Company will hold the coal people responsible for any loss incurred since the trouble began, and I believe that the courts will demand that the Coal Company make a refund to the Steel Company of the difference between the contract price and the amount we are now paying."

"The Steel directors," announced Senator Cox, "have every reason to await the outcome with confidence."

MAJOR COATSWORTH AND CONTROLLER SHAW PASS IT UP AT FIRST WARD CONSERVATIVE MEETING.

It was abundantly clear from the proceedings at First Ward Liberal-Conservative Association annual meeting in Dingman's Hall last night that the only two matters of importance in the affections of Mayor Coatsworth and his chief supporters, Controller Jones and the city fathers present, were up for what he rightly described as the question far and away above others in importance.

Mayor Coatsworth did not even mention the subject of the proposed electric power. The only two matters of importance he said were the trunk sewer and the Yonge-street bridge. Controller Jones followed the mayor's lead that was a moral impossibility to bring it on in January, and besides, it was unwise to complicate matters by introducing it then.

The election of officers resulted in the choice of John R. Humphrey, re-elected president by 22 votes over B. Cairns, W. J. Sanderson, first vice-president; J. Maxwell, second vice-president; James Watts, third vice-president; Robert Connery, 441 East King-street, secretary; Geo. Stark, financial secretary, and J. B. LeRoy, treasurer.

Several gentlemen threw down the gauntlet of battle for the approaching contest for the controllership. Aid. Dunn was the first, and Aid. Fleming and H. C. Hocken, editor of The Orange Standard, followed in quick succession. John R. Humphrey called the meeting to order as president of the association. No election having occurred during the year there was nothing special to report upon. It had been a strenuous one for the patronage committee, however, and there had been considerable work in that department. He had heard some complaints, but they had done the best they could. No matter how good or how strong a committee was it could not expect a majority to wage the government. The people in Queen's Park were not that sort, and they were all proud of so good and strong a committee.

Thomas Gearing was moved to the chair to conduct the election, which he acknowledged as a compliment to Ward Two. E. Kemp, M.P., R. R. Davis and Aid. Dunn were appointed scrutineers. Mayor Coatsworth was cordially re-elected. He thought it a fine thing to have a little credit to be given in January. (Laughter.) The Yonge-street bridge was no longer to be laughed at his worship assured them. The Globe had objected to the building of the trunk sewer, and he wanted the trunk sewer as badly as anything, and they must not allow themselves to be argued out of supporting it, but he would be glad to shoulder in carrying it thru.

Hon. Dr. Pyne, who was received with cheers on entering, desired to know the official position of the city government in Mayor Coatsworth's compliments. Dr. Pyne upheld the policy of liberality to the university, and he mentioned the education should be supported by large grants from the Dominion.

The Way of the Voter. A. E. Kemp, M.P., was delighted with the enthusiastic gathering before him, which contrasted strikingly with the apathy he had observed in other places, as he had gone up and down the length and breadth of the country. He found many professional men, who did not take the trouble to vote at the polls, who complained by questions were not discussed on their merits. There was too much destructive criticism. When was points were touched upon, critics should be prepared with a solution of the question at issue.

He advocated the passage of the trunk sewer by law. Several people thought the viaduct had been brought forward to obscure the Yonge-street bridge, and various objections were raised. It was easy to bring the matter should be approached honestly. Aid. Dunn announced himself as a candidate for the board of control. As a Conservative he would not be found to waver.

Controller Shaw thought the Yonge-street bridge should be disposed of as early as possible. He feared and respected the press, and did not wish to lose its influence. He thought the reporters who attended the council meetings should write the editorial articles, and not men who knew nothing of the trunk sewer or the Yonge-street bridge questions.

The Power Question. Cheap power was also attracting the attention of the people and of the council, but it was a question that had to be dealt with in a business-like way. While he would like to see the question of cheap power submitted at an early date, he doubted the wisdom of complicating matters by bringing too many questions before the people.

Controller Jones would place one question and any above others in importance—it was that of cheap power. He was glad to see Dr. Pyne there and he should be proud to have him as the member of the government that placed legislation on the statute book enabling the province and the city to obtain cheap power from Niagara. He was in favor of the bill on the subject, and he was sure when submitted it would be unanimously supported by the ratepayers.

He hoped that owing to the power obtained from the Whiting government by the city council Ashbridge's Bay would soon show signs of improvement. Controller Hubbard always gave the

ROOSEVELT MAKES PERSONAL EXAMINATION OF STEAM SHOVELS WORKING IN PANAMA. Panama, Nov. 16.—President Roosevelt started at 7 o'clock this morning with Mrs. Roosevelt and the other members of his party to make an examination of the Culebra Cut. The president descended from his train and climbed up on one of the steam shovels taking a seat alongside Engineer Gray, whom he subjected to a searching fire of questions regarding the work. During his conversation Engineer Gray took the opportunity to look into this matter. He stayed on the steam shovel about 20 minutes. By this time it was raining hard.

PROPERTIES FOR SALE.

Mellvain's List. YONGE ST. BUSINESS PROPERTY.— have for sale one of the best properties on Yonge-street; the situation is suitable for life insurance, trust company, or an office building, with stores below; full particulars at office, Mellvain. Crawford's Giant is Distributing Prize Tickets

Col. Baker, whom all Toronto knows as "Crawford's Giant," is busy delivering tickets to people on the street. One thousand tickets will be given away FREE. Three of these cards have special numbers which will each draw a valuable prize.

- 1st Prize an \$18 Suit or Overcoat
- 2nd Prize a \$6 Pair Trousers or Vest
- 3rd Prize \$2 Worth Men's Furnishings

Prizes will be awarded on Dec. 1 next. Controller J. J. Ward will select the winning numbers, which will be posted on the Yonge St. window of this store, at 3 p. m. on that day.

Are you going to be one of the Lucky Men to draw a Prize?

Watch Out for Crawford's Giant

He is generally to be found at the door of this store during the noon hours. At any other time you may meet him on the streets. He will hand you a Card if you desire one. This card may win one of the above prizes. He is 7 ft. 7 in. high; you can't vary miss him. He wears a Suit and Overcoat tailored to order for him by

CRAWFORD BROS., LIMITED

N.B.—If you are not a Giant we will tailor you an Overcoat like his for \$15.00

THE LAST OF MIKE WARD DIED AFTER LEWIS BOUT

Post-Mortem Showed Concussion of Brain—Boxed Once in Toronto.

Detroit, Nov. 16.—(Special.)—Dr. Hilliker of Grand Rapids held a post-mortem examination on the body of Mike Ward, the Serbian boxer, who died early Friday morning as a result of injuries he received in his bout with Harry Lewis at Grand Rapids Thursday night, and announced that death was caused by concussion of the brain. He found a blood clot at the base of the brain at the point where Ward struck the blow. Dr. Hilliker said that nothing else was found which might have been the cause of death.

The inquest was adjourned until 9 o'clock Saturday morning and no further proceedings were called and restored him to consciousness.

Mike Ward Modest and Popular.
Sara Nov. 16.—(Special.)—Mike Ward, killed by Harry Lewis in Grand Rapids last night, was a son of Edward Ward of this city. He was 22 years old. He had two brothers, Andrew, his trainer, and James, who was present also at the fight. Andy was the first of the Ward family to take up the fighting game and he engaged in a number of minor affairs.

Mike was the trainer, and early developed such skill at boxing that he soon changed places with Andy. Sara is devoted to sports, and Mike is a plenty of good hickling. He was modest and popular. He attended the Catholic separate school and was known as a model young man.

The arrest of Lewis in Grand Rapids is not regarded favorably by Sara's friends, who would not approve of a proposition if he were able to speak from the grave. Mike Ward saved his money well in the prize ring. The other house in which his parents and sisters live was bought by his savings. Mike had no sweetheart, so far as known.

Mike Ward's Record.
Mike Ward came to Toronto on the 23rd of July last to act as manager of the College Inn billiard parlour on Yonge-street, opposite the home of the late Sara. He was known in the city for his skill in the game, and he was known in the city for his skill in the game, and he was known in the city for his skill in the game.

While in Toronto Ward was troubled with his nerves, producing insomnia, which he attributed to his twisted leg, but, when examined by a Toronto physician less than a month ago, he was found to be without a physical ailment. Following is Mike Ward's record:

1901.
July 2—Art St. Pierre (D.), Port Huron. 7 rounds.
April 24—Max Hoffman (K.), Port Huron. 7 rounds.
Oct. 14—Kid Bush (K.), Port Erie. 7 rounds.
1902.
April 7—Tom Prendergast (D.), Saginaw. 10 rounds.
Aug. 18—Harry Nicholson (K.), Detroit. 10 rounds.
Oct. 30—Jim Duggan (W.), Gr. Rapids. 10 rounds.
Nov. 18—Harry Nicholson (W.), Detroit. 10 rounds.
Dec. 4—Adam Ryan (W.), Chicago. 6 rounds.
1906.
Jan. 20—Kid Black (W.), Grand Rapids. 10 rounds.
Feb. 10—Jim Duggan (K.), Detroit. 7 rounds.
March 13—Henry Fagin (W.), Detroit. 7 rounds.
April 16—Gus Gardner (W.), Port Huron. 10 rounds.
July 16—Buddy Ryan (W.), Port Huron. 10 rounds.
Sept. 17—Willie Fitzgerald (W.), Port Huron. 10 rounds.
Dec. 16—Willie Fitzgerald (W.), Detroit. 10 rounds.
1904.
Feb. 2—Joe Gans (L.), Detroit. 10 rounds.
March 17—Jimmy Gardner (L.), Chicago. 6 rounds.
May 28—Harry O'Brien (K.), Sarina. 7 rounds.
Oct. 21—Kid Farmer (K.), Gr. Rapids. 7 rounds.
Nov. 3—Charlie Barry (K.), Lansing. 10 rounds.
1905.
Feb. 7—Jimmy Kelly (W.F.), Gr. Rapids. 5 rounds.
March 23—Harry Cobb (K.), Detroit. 4 rounds.
April 4—Jack O'Keefe (D.), Detroit. 3 rounds.
Nov. 30—Adam Ryan (D.), Gr. Rapids. 10 rounds.

Prospect Race Car Club.
The regular monthly meeting of the Prospect Race Car Club was held last evening in the club parlour. R. W. Lowden, the president, occupied the chair. There was a good attendance of the members present and the club's membership has considerably augmented by some first-class curriers. The following were elected curriers for the coming season:

R. W. Lowden, A. J. Williams, George H. Smith, Dr. J. T. White, A. Matthews, W. F. Lewis, J. G. Gibson and David Carlyle.

Tankard skips—David Carlyle and J. G. Gibson.
District Cup skips—George H. Smith and Dr. J. T. White.

Considerable progress has been made in the extensive alterations that are planned and before the curling season commences every thing will be ready to make Prospect Park one of the great curling centres of the province.

Toronto Canoe Club.
Members are requested to be on time promptly at 8 o'clock for the card tournament which the Parkdale Canoe Club is giving Saturday night. This is necessary on account of the expected large attendance and no tickets will be reserved for club members not on hand at commencement of play.

Indoor Baseball.
The sergeants of the 74th Regiment, Buffalo, will play the O. O. R. sergeants at the armories on Saturday evening next, and as this will be the opening game of the season, it should draw a large crowd. A small admission fee will be charged, and special arrangements for seating will be made for ladies and their escorts.

RACING AT BENNING'S WITH LITTLE BETTING

Attendance Smallest in Years—Five Favorites in Front—Latonia Results.

Washington, Nov. 16.—The autumn meeting at Benning under the auspices of the Washington Jockey Club, opened today under conditions that promise little profit to the backers of the meeting. The recent decision affecting bookmaking compelled all bettors to seek investment among men wearing no badges and having no stationary location for business, and, therefore, a light business was done. Under these conditions short prices were offered and a comparatively small amount of money changed hands. The attendance was the smallest of recent years. Five favorites won, the exception being in the third race for maiden 2-year-olds. Regal Lad winning at the top of the field, 15 to 1, and backed down to 6 to 1, and in some books much less. Arlington, at 3 to 1, was the favorite in the second race and did not finish in the money. Many bookmakers have announced their intention of abandoning business during the meeting.

First race, selling, 6 1/2 furlongs—Nublick, 110 (Miller), even; Yada, 106 (Reckman), 5 to 1; 2, Time 1:28.3; 3, Time 1:23.15. The Cure, Monte Carlo, Chester, Sacandaga, Monterey, The Saracen, Duke of Kendall and Society Bud also ran.

Second race, steeplechase, about 2 miles—Sparving, 125 (Miller), 15 to 1; 2, Colinet, 132 (G. S. Wilson), 2 1/2 to 1; 3, Aclyrie, 132 (Slaughter), 8 to 1; 4, Time 1:29.4. Judge Parker, 135 to 1, and "Third race, 5 furlongs—Regal Lad (Notter), 8 to 1; Theodora, 100 (shilling), 10 to 1; 2, Spiced Queen, 100 (Shanghaun), 6 to 1; 3, Time 1:04.2. President Monroe, Lord Pike, Elvovar, Mount Miller, Arlington, Sweet Bloom, June Time, Minnesota, Flash Black, Hank, Rebecca, Rebecca Cohen, The Gallop and Old Colony also ran.

Fourth race, Columbia Handicap, 7 furlongs—Oxford, 123 (Miller), 7 to 1; 2, Welbourne, 107 (G. S. Wilson), 2 1/2 to 1; 3, 103 (Notter), 10 to 1; 4, Time 1:35.5. Dainty, Grazialio, Zienap and Cedestrate also ran.

Fifth race, 6 1/2 furlongs—Adelnette, 107 (McDaniel), 4 to 5; 2, Brittany, 110 (Creamer), 7 to 1; 3, Norelle, 105 (Miller), 5 to 1; 4, Time 1:34.3. Widdo, Meddusness Boy, Maxwell and King of Spades also ran.

Sixth race, selling, 1 mile—Woolwich, 93 (Miller), 9 to 1; Ivanhoe, 103 (G. S. Wilson), 2 to 1; 2, Weirwood, 108 (Notter), 4 to 1; 3, Time 1:45.4. Grand Duchess, Royal, Voladay and Flat also ran.

Lady Jocelyn Won Steeplechase.
Cincinnati, Nov. 16.—Lady Jocelyn today captured the Grand Steeplechase over the clubhouse course at Latonia. Three favorites won. Track slow. **First race, 6 furlongs—Vagrant, 103 (D. Austin), 6 to 5; 2, Sagapanak, 103 (K. Miller), 9 to 1; 3, Ben True, 101 (Koenig), 10 to 1; 4, Time 1:16.3. Yennie, Griffo, Alhambra, Washington, Blacklock, Handspie, Preccept, Ionic, Tontoo, Teddy Hodges, Red Ogden and Sandcastle also ran.**

Second race, 6 furlongs—Daring, 105 (Kluder), 5 to 1; 2, Simon Kent, 104 (C. Morris), 8 to 1; 3, Time 1:15.25. Lady Carol, Belle Toone, The Thrill, Layson, Chesapeake, Lady Osgood, King Pepper, Breach Nub and St. Noel also ran.

Third race, 1 mile—Ben Brummel, 92 (Swain), 1 to 2; Peter Hecker, 120 (Garley), 15 to 1; 2, Miss Lida, 104 (C. Morris), 8 to 1; 3, Time 1:41.5. Sanardo, Miss Albert, Grace Kimball and Leona also ran.

Driving Club Matinee.

The Toronto Driving Club will hold a matinee on Saturday, Nov. 17, on the Dufferin Park track. With good weather those who attend will witness the grand circuit order. Aid Sam McBride will be the starter and promises to hustle things so that there will be no delay between heats. The ladies are always admitted free.

Class A—Joe Russell's Doctor H., J. A. Chandler's Jewel, N. Ray's Prince Grandlander; half mile heats to wagons.

Class A, No. 2—R. J. McBride's Lotus, Bruno, N. C. Yodden's Velma, E. Mahor's Bertha, W. W. Robinson's Lady Mack, A. Holmen's Planst, J. Lamb's Emma I.; half mile heats to sulkes, hobbles allowed.

Class B, half mile heats to wagons—R. J. McBride's Sir Robert, J. E. Russell's 'E' La, D. A. Lochrie's Hattie B., J. McFarren's Willie Ross, J. Rossitt's Roger, Dr. Parke's Lochinvar, Sam McBride's King Bryson, J. J. Burns' Gustie Scott, G. G. G. J. Russell's Barrett, J. Meade's Jacquinta, A. Levaek's Star L. J. Robinson's Little Mona, C. Anderson's Stroud, Dr. Devere's Babe; half mile heats to wagons.

Class D, half mile heats to wagons—R. W. Davie's King, Jess Dunn's General Bell, J. Davis' Big Sandy, H. B. Clarke's Billie C., J. Leach's Dolie L., C. Stone's Grady, N. C. Snow's Black Willies, J. H. Lock's Uncle Sam, Frank Rogers' Barosa Powers, O. B. Sheppard's Brown mare, J. Holden's Alpha, J. L. Lettler's Rorery, R. P. Patterson's Con Mack, W. Cross entry, T. Hannan's entry, C. Stone's entry, T. Arnold's Sweet Jana, G. G. G. J. Russell's McBride and J. H. Lock.

Judges—W. L. Jifkins, J. G. Harvey, C. Timers—A. Levaek, J. Clitkunboom and George Clarke.

Besides the four races on the card, there is a match race between James Nesbitt's Roger and Frank Russell's Billie B. for \$250 a side.

Lindsay Winter Races.
Lindsay, Nov. 16.—(Special.)—Lindsay winter races will be held on Jan. 16 and 17. George A. Simpson has been appointed secretary. The coming year and other business transacted. It was decided that this year an effort will be made to surpass all former meetings. The Lindsay committee will furnish all particulars on application.

Central Bowling League.
In the Central League last night, New Century beat Brunswick, two out of three, as follows:

Century	1	2	3	Total
C. Neal	132	182	185	499
L. Johnson	157	157	157	471
G. Ellingburgh	164	151	151	466

game which interferes is a game under the auspices of the Canadian Rugby Union.

Rugby Gossip.
Officials for to-day's O.H.A. games are: Argonauts v. Tigers, referee W. J. Morrison, umpire F. B. Robins; Tammany v. Argonauts, referee H. H. Hope, referee E. Kerr; Peterboro v. Hamilton J.C.C.A., at London, referee Hugh Hayes, umpire F. S. Field.

Parke and Harold will likely play on next Wednesday for the City Colonnade League championship. Captain Eccleston, the Tiger Cubs' quarter, is slated to take Ballard's place on the senior team when Ballard retires. He is a fast man and has a good pair of hands. While Argo II, outweigh Tiger Cuis, back of the line, the young Bengals have a scrappy, heavy wing line, which will give the Argo forwards a red-hot battle to protect their halves.

Tammany players and supporters are requested to be at the Union station this morning not later than 8.45, as the train leaves at 9 o'clock, and it is necessary that everybody be in 's of time. The Tigers will likely have a good crowd down, and have every confidence of coming out on top.

Benning's Race Card.
Washington, Nov. 16.—First race selling, 7 furlongs—The Crown 106, Loderston 102, Hoony 90, Firebrand 97, G. L. M., Home, Lander, Lavinia 96, Betty Bonner, Optical 93, Warning, Carmosa 91, Anna Smith, 88.

Second race, Bladenburg Steeplechase, about 2 1/2 miles—Follow On 155, Russell Sage 150, Northville 149, Oleroso 147, Port Loring 109, Orphan Lad, Saly K., Montfort 107.

Third race, Grand Colossus, 7 furlongs—Tonrenne 115, Smiling Tom 110, Loring 107, Orphan Lad, Saly K., Montfort 107.

Fourth race, 6 furlongs—Belle of Jessamine, Lady Tarantula, Water Grass, Ava, House Pocus, Winifred A., Baby Will, Hiera, Winning Hand 103, Ruby Star 98.

Fifth race, 1 mile and 60 yards—Tarrac 118, Arctur 116, Arantur 113, Lotus 107, Sobornette Belle 107, Cedarstone 90, Monterey 97, Bulwark 90, Holloway 88.

Sixth race, 1 mile and 60 yards—Tarrac 118, Arctur 116, Arantur 113, Lotus 107, Sobornette Belle 107, Cedarstone 90, Monterey 97, Bulwark 90, Holloway 88.

Seventh race, 1 mile—Mattie, Minnehaha, Field Lark 98, Waterlark 96, Snow-castin Maid 99, Incolthrift 100, Trenoia, St. Noel, Falkland, Athena, Lady Lavish, O. Henry, Waterson 92, Adesoo 100, Gypsy 104, Piratite 103.

CANADIAN COLLEGIATE RUGBY FOOTBALL UNION MEETING

Officers Elected and Schedules Adopted. Thrown-In Optional With Teams—Minor Amendments Adopted.

The annual meeting of the Canadian Intercollegiate Rugby Football Union was held last night at the King Edward, with President Etherington of Queen's in the chair, and the following delegates present: R.M.C., E. C. Darling, T. Warren, G. S. Brown; Ottawa College, C. J. Jones, G. A. Bagn; Trinity College, S. W. Hornbrook; Ross A. Jamieson; Queen's, A. B. Turner, E. L. Penneck, F. J. Donovan; Varsity, J. A. Sifton, F. H. Montague, A. W. McPherson, K. G. Ross; McGill, G. S. Waugh, J. W. G. Greer, A. C. Pratt; McMaster, C. W. New, G. B. Tompkinson.

Nothing was done with the reserves case, this matter being in the hands of the C. J. A. U., who were notified a week ago. It is hardly likely that anything will be done, however, as it is a bona fide student at Varsity. The following motions carried: In future sent to the press, and no one but officials and the press will be allowed on the touch line. A suitable and emblematic of the inter-collegiate championship will be provided by president and secretary. Clubs will be notified to provide stop watches.

The throw-in rule was changed to meet the ruling of the "Scrimmage" in the yards in, after having first notified the referee. This means that the man can either throw in the ball or scrimmage it, but must first notify the referee. Players will still be allowed to kick, as usual, on the wing, but will be penalized if they do so. It was amended the rules and constitution so as to conform with rules of C. J. A. U., such rules to be considered as being in force for the present season. It was moved that a letter be sent to the C. J. A. U., recommending that a by-law be placed in their constitution to the effect that they notify a playing union as to the eligibility of a player. The following officers elected: Hon. president—Dr. G. W. Myka, Queen's; President—Dr. B. Wright, Toronto; First vice-president—G. J. Aitken, Ottawa; Second vice-president—A. C. Pratt, McGill; Secretary-treasurer—A. D. Turner, Queen's.

Representatives—McMaster, C. T. Hollman; R.M.C., C. F. Carro; Bishop, W. Love; Trinity, E. A. Baker. The following is the schedule for 1907 for the senior, intermediate and junior series, as drawn up by the meeting last night: Senior—Oct. 12—Queen's at Ottawa, Toronto at McGill; Oct. 19—McGill at Queen's, Ottawa at Toronto; Oct. 26—McGill at Ottawa, Ottawa at Queen's; Nov. 2—Queen's at McGill, Toronto at Ottawa; Nov. 9—Queen's at Toronto, Ottawa at McGill; Nov. 16—Toronto at Queen's, McGill at Ottawa. Intermediate—A—Oct. 12 Bishop at McGill II.; B—Oct. 12, R.M.C. at Varsity II.; C—Oct. 12, Queen's at Varsity II.; D—McMaster at Trinity; E, Varsity II. at McMaster. Junior—D—Oct. 26, A at B; Nov. 2, B at A; Nov. 9, D at C; C at D; A—Oct. 26, Queen's at R.M.C. II.; Nov. 2, R.M.C. II. at Queen's II.; B—Oct. 26, Varsity III. at McMaster III.; Nov. 2, McMaster III. at Varsity III.; C—Nov. 9, A at B; B at A.

An Unfortunate Mistake. Owing to an oversight of Secretary Daniels of the Varsity Football Club, the certificate for meeting a second-year student at S. P. S., was not sent to secretary McLeod of the union. Now Varsity want to claim a changing game on this technicality. It was Secretary McLeod's duty to forward a list of certificates of the visiting teams to the club secretary. This he failed to do, and therefore, Varsity were unable to check over the certificates. However, the C. J. A. U. have the matter in hand, and a decision may be handed out any day. The result may be that the player ineligible to play, but the unfortunate mistake may cause a little friction.

Queen's at Varsity To-day. Queen's and Varsity play this afternoon on the athletic field and a great game should be the result. Queen's beat Ottawa College last Saturday by 31 to 0, and are confident that they can make it more than interesting for the champions. Ottawa beat Varsity at home by 5 to 4, but the locals played away below their real form. There will be no doubt as to the outcome of the teams from last Saturday. The game will be called at 2.45, with Dr. Etherington of Queen's in the chair. Queen's arrived in the city yesterday afternoon and are quartered at the Arlington. The teams will likely line up as follows: Varsity: Full back, Southam; halves, Les, Paule, Kennedy; quarter, Gordon; scrum-half, Scrimshaw; inside wings, Bickford, Pearson, Lalley, Hall, Munro, Thomas. Queen's: Full back, Crawford; halves, Campbell, Williams, MacDonnell; quarter, Ferguson; scrum-half, Donovan; inside wings, Arthur, Cooke, Irwin, Baker, Boyd and Fraser.

Hamilton v. Montreal. Hamilton, Nov. 16.—Final arrangements for the Canadian championship Rugby game between Avars and Montreal have been completed. The event will be held in Hamilton, and divided as to the outcome of the match. There has been considerable betting at even money. The Hamilton team is expected to win, and will be in its regular position at centre-half. Don Lyon is as fine as a fiddle, so that when the team steps on the field to-morrow every man will be in first-class shape. The teams will line up as follows: Tigers: Back, Tope; halves, Moore, DuMoulin, Simpson; quarter, Bullard; scrum-half, McCarthy; full-back, Murray; wings, McKenna, Barron, Isheter, Burdick, Marriot, Lyon. Montreal: Back, Sifton; halves, Allison, Craig, Russell; quarter, Gordon; scrum-half, Roberts, Lessor, Davidson; wings, Kingston, Savage, Kelly, Noseworthy, Murphy, Miles. Spines: Marshall and Craig for the Tigers; Molson for Montreal. The game will start at 2.30, and the game will be played with as little delay as possible.

Before the big Rugby game this afternoon Queen's soccer team meet Varsity in the final game for the championship. Varsity will line up as follows: Back, Evans; halves, L. McLaughlin, Green, McCarry; quarter, Douglas; scrum-half, McLaughlin; full-back, Bryce; inside wings, J. McCardy, McDonald; middle wings, Frost, Walker; outside, Roger, Spohn. Queen's will pick their team from the following: Moran, McKenzie, Penneck, McKie, H. McKenzie, Lawson, Baker, McDonald, Ellis, McGuinn, McLaren, Houser, Scrimshaw, Young, Morphy, Sweeney, Bruce.

Montreal Team in Town. Montreal football team and supporters arrived in the city yesterday afternoon. They stayed at the Queen's last night and went on to Hamilton this morning. The team ended their week's training by attending Mass.

Hounds Meet To-day. The hounds will meet at "The Kennels" Scarborough, to-day at 2.30, weather permitting.

ASSOCIATION FOOTBALL

Scots and Thistles Play Game Over Construction of Cars Responsible for Small Casualty List—Train at 55-Mile Clip.

The Scots and Thistles play off their undecided league game to-day at Broadview's grounds. After the unfinished game some weeks ago, and the display of both teams the football public should be out in full force to this game. A win for the Thistles will land them the championship and a loss will make them feel. The only change in the Scots team will be Parcell for Row del. The champions will be strengthened by having Waldron at back. The game will start sharp at 3.30 p.m. Referee, W. A. Hanna. Teams: Scots: Goal, A. Hume; backs, E. Humphrey, Whelan, half-backs, Parcell, E. Gibson, P. Gilding; forwards, G. Humphrey, G. Heston, G. A. McPherson, R. McLeod.

Thistles: Goal, Galbraith; backs, Waldron, Campbell; half-backs, Murchie, McLeod; forwards, King, Hamilton, R. Gillespie, Hodgkinson, Morgan, W. B. Chalcraft & Co. will pick their team from the following in another game with the Crompton Carriage Co. on Varsity lawn to-day: Goebel, Worden, Arnold, Willmet, Gilchrist, King, Hamilton, Stewart, Clark, Gardner and Squire. Broadway request the following players to be on hand at 2.30 to-day: For their game with Metropolitan on the Don Plaza: French, Abbott, Young, Boyd, Christian, Freeman, Wooley, Rumble, Kerby, Lawson, Micht. To-day Dovercourt will be visitors to the St. Clements at Leslie Grove. The following players are requested to be on hand at 3.30 for St. Clements: H. Muckelston, H. P. Rodon, C. Coombes, E. Jewell, W. Kennedy, G. D. W. Leppel, F. M. C. Coombes, W. Muckelston, W. Underwood, R. Muckelston.

Bain of St. Paul's, Manager Byron Tribe of College Club requests the following players to turn out for their game to-day with St. Paul's on Garrison Commons, foot of Strachan-avenue, at 8 o'clock: G. Pringle, D. Read, B. Burdige, G. Kaler, J. Turner, G. H. Heston, W. Leppel, F. M. C. McClelland, W. Cornell, A. Longbottom, A. Willard, J. Thompson, N. Triller. All players are specially requested to be on hand. The manager of the Toronto football league requests all players to meet at Broadview-avenue to-day at 2 o'clock. They play British United at Stanley Barracks at 3 o'clock. Referee, H. Heston. The Euclys play a final football game with St. Paul's Club for championship of the Y. M. C. A. series Saturday at 4 o'clock on the cricket grounds. In the exhibition grounds just west of the manufacturing buildings the following players are requested to be on hand early: L. Lloyd, H. McMillan, W. Johnson, F. Robinson, F. McLeod, G. G. Y. Spohn, W. Marshall, G. B. Sproul, E. Belknap, F. Knudsen, H. Wolford, A. Jessiman, A. Langton, W. R. Lindsey.

Mulock Cup Series Revised. The Varsity football executive met yesterday afternoon and revised the Mulock Cup Series for the following season: A, Nov. 19—Junior Arts at Senior School; B, Nov. 21—Vics at Junior School. Seniors—C, Nov. 23—Senior Arts v. winners A; D, Nov. 23—Winners B and C.

O.H.A. CONVENTION TO-DAY.

Very Few Delegates in the City—Notes.

At a late hour last night very few O. H. A. delegates had arrived at the convention to-day. As none of the big officers are being contested, the enthusiasm is not as great as in previous years. It looks as if a small convention to-day. Quite a number of amendments will be put before the meeting, the most important being the residence rule, and the amendment to restrict one club to one vote, no matter how many delegates the club has entered in the association. The meeting will start at 9 o'clock sharp in the Grand Hotel, the most important business of the day. The series of the O. H. A. this year will likely be divided into two districts—Kingston, Peterborough and one Toronto to be held in the city. The districts are: Guelph, Berlin, Stratford and two Toronto teams in the west. The Toronto delegates will represent Guelph senior and intermediate teams at to-day's convention, and J. J. Roberts the juniors.

Wingham Hockey Club.

Wingham, Nov. 16.—The Wingham Hockey Club has been organized for this season. The club had at present the Northern League trophy and are determined to defend it for another year. The club is composed of the following: J. J. Swartz and F. J. Taylor; manager, L. Kennedy; secretary, G. Moore; treasurer, W. W. G. Heston; committee, J. D. Jansley, E. O. Heppenstein, J. McLeary, H. C. McLean; representatives to the Northern League meeting, L. D. Wilson and H. C. McLean.

Hockey Game on Rogers.

At the Grand Hotel last night, the first hockey team played a friendly game with the graduates, the locals winning, 4-3. The winning score stood in a favor of graduates. Harry Bergeon, who was professionalized by the O. H. A., played for the graduates. Teams: Grad: Goal, Johnson; point, Corbeau; cover, August; rover, Wright; centre, McLeary; left wing, Jansley; right wing, H. K. G. Granites (4)—Goal, Gill; point, Symon; cover, Crawford; rover, Gold; centre, Landert; left wing, Brown; right wing, Bergeon.

Ed. Gould of Exbridge.

Ed. Gould of Exbridge, the best rover in the province, is a candidate for the O. H. A. executive, as representative of the Middle division. He has been captain of the senior Middle team for the last three years, and has the respect and appreciation of an excellent executive officer. His popularity in North Ontario is unexcelled. His ability as a player is unquestioned. He should be elected.

The Toronto Arena.

The plans for the new Annual-street rink or the Toronto Arena, are for a combination artificial ice palace, horse show building and amusement garden. The floor space is about 299 by 100 feet, with an adjustable floor, arched seats and of course no gallery. Everything in connection with the driveway, seating, boxes, etc., are the most modern. It is the intention to start building operations early in the spring. Manager Milne is reported to have secured a franchise in the professional International Hockey League and will start with the season of 1907-1908.

EIGHT INJURED IN WRECK SPLIT RAIL THROWS TRAIN

Construction of Cars Responsible for Small Casualty List—Train at 55-Mile Clip.

Woodstock, Nov. 16.—(Special.)—With three-quarters of an hour lost time to make up, the Chicago-Niagara York express on the Grand Trunk, bowling along at fifty miles or more an hour, was derailed about one and one-quarter miles west of Woodstock at 4.45 o'clock this morning.

The locomotive did not leave the tracks, but the coaches did. Two coaches went over the embankment into the ditch, and one overturned over, yet not a single fatality has to be recorded, nor even a very serious injury. The escape of the passengers, when the possibilities of the wreck are realized, borders on the miraculous.

The derailment occurred just west of the C.P.R. diamond. The cause is not yet ascertained, but was probably due to a spreading rail, or the breaking of an axle. There was a baggage and express car, two day coaches and two Pullman sleepers, with about fifty passengers on board. The engine and forward trucks of the first baggage car were not derailed, but the rear truck left the track. The second baggage car ran about 100 feet and landed over on its side. The two coaches following left the track, the second one turning over. Both sleepers left the track, but did not turn over.

The trucks of the ditched cars were completely embedded in the earth. The substantial construction of the coaches saved the passengers, although all the glass was broken, when the casualties were summed up they were found to be comparatively trivial. The injured are: Edward Wilkinson of Toronto, brakeman, back injured; Frank McCormick of Toronto, conductor, bruised and lacerated; Charles Hicks of Buffalo, knee injured; Mrs. Hicks, three ribs broken; J. E. Smith of Rochester, scalp wounds; Mrs. Smith, hip injured; Edwin Skinner, Lapeer, Mich., head injured; Peter Jorgenson, Memphis, Neb., left hand badly lacerated.

Pilcky Conductor.

Conductor McCormick was in the narrow passageway running alongside the smoking compartment, and although badly cut up, he crawled along over the benches in the car and turned out all the lights, thus preventing any danger of fire in the wreck. All the doctors in the city were sent for and were soon on the spot, but had little to do, fortunately. Mr. and Mrs. Smith are at the hospital. Wilkinson's home is in this city, at 1100 Ave. in Toronto. He is well known as hockey player.

The "Ham Truk" musical comedy troupe, en route from Toronto to Detroit to New York. None were hurt, but some lost pieces of jewelry. A special train was made up at London and carried the passengers to Sunnyside, where they were met by a pension bridge, from which place conductor McCormick went to his home in Toronto.

Accidents from Hamilton and London were brought and the tracks will be cleared early to-morrow morning. Supt. Brownlee and Division Supt. McLeod are here to-day. Several of the engineers of the train was Thos. Buckpitt of Sarnia Tunnel and the fireman George Pee of the same place.

NOT BADLY HURT.

Frank L. McCormick, conductor of the wrecked train, returned to his home in Toronto at 4.45 o'clock yesterday afternoon. His injuries consisted of a bruised back and a slight wound on the head. He was too sick to give an account of the accident last night. His one anxiety is that he may not be able to go to Niagara Falls to-morrow to take No. 4 on to Chicago on the return trip from New York to Toronto. Brakeman Wilkinson lives at 522 Front-street, Toronto. Mrs. Wilkinson left for Woodstock immediately on hearing of the accident. Wilkinson's parents live in Woodstock.

Canadian Rails Inferior

There have been a considerable number of run-offs lately thru broken rails. It has not been confined to one railroad, but nearly all have suffered. This fact was mentioned to a railroad man this morning. The reporter suggested that the trouble might be caused by the railroads using rails of too light weight. The weight of engines and cars has increased a great deal faster than the corresponding increase in the weight of rails. "This was not the cause of the series of accidents. I don't think that's right," he answered. The rails used were plenty heavy enough. If the quality were good. The rails used are made in Canada, and are not first-class quality. I don't know what kind of rails they are manufacturing now, but the American rail is much superior to the Canadian article. They will have to make better rails, or they will lose a lot of trade. It is getting to be a serious problem."

Toronto Lacrosse League.

The Toronto Lacrosse League will hold its final meeting for 1906 at the Grand Hotel on Monday evening next at 8 o'clock. In the absence of President W. J. Wardsworth, who is at present in New York, Vice-President Targat will occupy the chair.

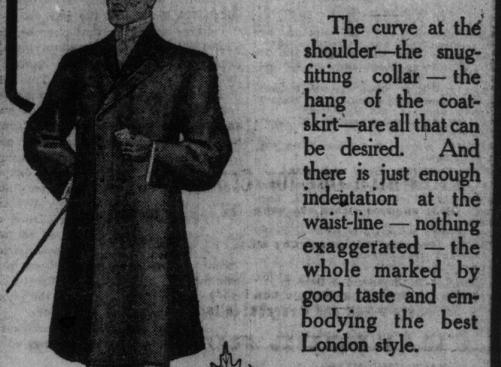

Long Shot First at Derby.

London, Nov. 16.—The race for the Derby Cup and 200 sovereigns, a mile and six furlongs, was run at Derby, and was first, 23 to 1. Great Scot, 9 to 1. A second, and Golden Measure, 8 to 1. Third, twelve horses ran.

Particularly Correct is the "Plastic Form" Frock-Coat

Better none than a Frock-Coat with wrong lines. The man who realises the importance of having those difficult lines—that cut which makes or mars the garment—appreciates the perfect style of the Frock-Coats he finds in the "Plastic Form" Parlors.

The curve at the shoulder—the snug-fitting collar—the hang of the coat-skirt—are all that can be desired. And there is just enough indentation at the waist-line—nothing exaggerated—the whole marked by good taste and embodying the best London style.

These Frock-Coats are, indeed, triumphs of tailorship. And prices are moderate.

Plastic Form Parlors

93 Yonge Street, Toronto.

"MILNES" PEA COAL

BEST VALUE IN THE CITY. TRY A TON. HEAD OFFICE, 79 KING STREET EAST | Phones M. 5597-5598

THE MILNES COAL CO., LIMITED

STORM WORST IN YEARS SWELPS BAY OF FUNDY Several Coasting Vessels Blown Ashore by Eighty-Mile Wind.

St. John, N. B., Nov. 16.—(Special.)—The storm here last night was one of the worst in years, and telegraph wires and poles were blown down in many parts of the city. It was particularly heavy in the Bay of Fundy where great damage was done to coasting vessels. Several were driven ashore. In some cases the crews had a narrow escape from drowning. It is believed more serious disasters are still to be heard of. The wind blew nearly 80 miles an hour, and the sea was great.

BODIES FLOAT ASHORE.

Point Judith, R.I., Nov. 16.—The battered bodies of three members of the lumber-laden schooner Lugano, which was wrecked on the rocks here last night, came ashore to-day. The schooner is a complete wreck.

IN DISTRESS.

Atlantic City, N.J., Nov. 16.—The local Egg Harbor life-saving station, about ten miles north of here, reports a three-masted schooner, the Lydia H. Roper, anchored seven miles off shore, flying signals of distress. The schooner's sails are blowing away and the vessel lies in a dangerous position.

Steamer's Rough Voyage.

St. John's, Nfld., Nov. 16.—With two of her crew severely injured, her steering gear disabled, and otherwise seriously damaged, the steamer Dundee arrived here to-day after a terrible voyage across the Atlantic. Owing to the condition of her steering gear the steamer narrowly escaped going ashore while trying to make port last night. The Dundee sailed from Dunfries twelve days ago for Montreal, and the voyage was a constant battle with wind and sea.

Lashed to the Mast.

Boston, Mass., Nov. 16.—False Spit, a drunken ledge near Boston Light, caused the wreck of the schooner Mary E. Newton last night, the crew saving their lives only by lashing themselves to the mast stumps until help arrived after daylight. Captain E. M. Aylward of Melrose and a crew of three men suffered greatly from exposure during the night, and were exhausted when rescued by a tug. The Newton had a cargo of coal.

ACT OF NEWFOUNDLAND LIKE VEILED REBELLION

Fisheries Question No. of Importance, 5738 Glasgow Paper. (Canadian Associated Press Cable.) London, Nov. 16.—The Glasgow Herald says the proposed penalization of colonial fishermen by Newfoundland for acting in accordance with an imperial treaty, looks uncommonly like an act of veiled rebellion, and adds: "What the imperial government has to provide for is the welfare of the empire as a whole, and the fisheries question and New Hebrides squabbling are of no great importance in themselves."

LEAPS FROM BRIDGE TO DEATH

Despondent over the death of his wife, Charles Mollroy, aged 45, and employed by the Canada Foundry Co., jumped off the C.P.R. bridge in Rosedale, near the Reservoir, early yesterday afternoon. He had been threatening self-destruction for some time past, and when he did not show up at work in the morning enquiry was made and it was found that he had left home as usual. The police were notified and later in the afternoon B. Robertson of the Reservoir reported that a young couple who were taking photographs had discovered the body of a man underneath the bridge. The corpse was identified as Mollroy and Coroner Young decided that an inquest was unnecessary. The depth would be about 50 or 60 feet and death must have been instantaneous. He leaves four young children.

FELL OFF MOVING CAR.

John Binne of 148 Sheridan-avenue jumped from a fast-moving Lambton trolley last night. He was taken to the surgery of Dr. Mason at Toronto Junction, where some bad cuts in the face and a very bad gash in his forehead, which required several stitches were attended to.

JOHN GATTO & SON

November Sale Continued

Household Linens

Several hundred pairs of fine Scottish and Canadian Wool Blankets, at 15 per cent. to 20 per cent. below current prices.

A large collection of Grey Coat Fabrics. Tweeds, Chevots, Homespuns, etc. for Ladies and Misses' Coats, 54 to 56 inches wide.

Special Attention to Mail Orders.

JOHN GATTO & SON

BANK INVESTIGATION

Continued From Page 1.

Head office Inspector of the bank, was on the stand all morning.

Mr. Corley: About inspecting branches, was that done weekly?

As well as it could be done. The reports were addressed to the general manager. The president read them out at the meetings. It could not have been more thorough.

He said the head office was not supposed to make loans. He never inspected the head office which was cut off from him.

The court: Well, if no loans were made thru the head office there was not much need of inspection?

The head office had the command of money in the National bank account, and with the Toronto branch, not at all important that the head office should be inspected. It is the key to the situation. The only way you could get knowledge of the whole institution is thru the head office leaders.

Mr. Caldwell said that coins, cash and funds from outside would be received at the Toronto branch, not at the head office. He was allowed to inspect the head office bonds. The majority of the items appearing in the government reports, he said, were only to be verified thru the head office accounts.

Mr. Corley: "Do you mean to say that when Mr. Cockburn agreed with you that there should be an inspection of the head office you went back to Mr. Cockburn and told him Mr. McGill had put you off, and that was the end of it?"

The President's Promise. "No," Mr. Cockburn said he would see to it. "Mr. Cockburn was senior to Mr. McGill, and I was junior; I was under the general manager."

"Did you make it clear to Mr. Cockburn that Mr. McGill had prevented an inspection?"

"Yes, I left with that understanding."

"Yes, you ever try to get any information from Mr. Epple or Mr. Chenoweth, or anything like that?"

"No, that would not be considered proper for me to do as a manager."

Mr. Caldwell declared there "was every appearance that everything was all right." The president was very careful to see that "about to crumble."

The court referred to the evidence of Mr. Holland, the former manager, and asked if there was any indication that the bank was "about to crumble."

"There was nothing irregular in the branches. The bank was quite an earner for the past few years."

"So far as you could say, the bank was solvent?"

"The profits were greater than the losses, weren't they?"

"We didn't have there were losses of \$300,000 or \$400,000, but the bank was an earner, and we thought the bank could meet it. And we had the rest of \$700,000."

"If the head office had been all right, you could have met the losses?"

"Yes, there was nothing to indicate impairment of capital."

Mr. Corley: "How did McGill stop you? By merely saying he would see you later? Did you see him?"

"For two or three weeks before the annual meetings."

"That was done on two annual occasions?"

"Your recollection is that you spoke to him before the annual meeting and he put you off?"

"Yes."

As to the losses, Mr. Caldwell explained that about \$30,000 had been lost in bad debts by the Aurora branch, and \$25,000 or \$30,000 in the Lindsay branch.

The New York End of It. At the opening of the afternoon enquiry Magistrate Denison asked the crown attorney what the crown intended doing with respect to investigating the New York end of the bank's stock dealings. Mr. Corley replied that he had discussed the matter with the attorney-general and that something would be done as soon as the names of the parties involved were obtained. The magistrate rejoined that "things had been found in the Ames account." There was no saying what might be found in the others.

Mr. Caldwell was again placed on the stand. He stated that he had been in the service of the bank as assistant accountant in 1883, and in 1885 was made manager of the

counts, of which he knew nothing, as he had no chance to look at them. No one ever certified whether the bonds were there or not.

Mr. Caldwell stated that items of exchange bought in New York would not come directly under his observation in inspecting the Toronto branches.

However, the accounts would show, as the head office would be debited with the paid amount and the commission. "Did not a million dollars go out that way?" asked the magistrate.

"It may have, spread over a long period of time."

"An inspection is not like an audit then?"

"No. We did not take the time to go further."

Mr. Corley: Do you mean to say a constant drain on the bank funds can be made thru the head office and an inspector of your bank not know it?"

"We would not know."

Mr. Caldwell assented to the magistrate's suggestion, that if an amount on the books was found to balance with some other account, inspection went no further.

The Banking System. "We are constantly being told that we have the most wonderful banking system in the world," commented the court sceptically.

Mr. McKay: Mr. McGill is not on trial either for the system of the Bank Act or of the Ontario Bank.

"It's important to see whether the money would go by one man or whether others would know of it," retorted the magistrate.

The witness said that before annual meetings Mr. McGill gave him a list of bonds to ratify, but he (Caldwell) did not see the head office books. He was not aware that any margin speculation was going on. He admitted to the court that he had never figured out just how the bank stood.

"If you had added the assets and liabilities you would have found a large amount at the head office, for which there were no securities that you know of?" asked the court.

"No, I could not have arrived at a statement without access to the head office books."

Mr. Caldwell professed inability to understand \$108,000 shown to have been added to the current loan column of \$823,318 for February, 1901.

"Have you ever complained about not having access to the head office books?"

"Mr. Cockburn and I had a conference. We had some suspicion that there might be losses from speculation."

The witness asked McGill several times before annual meetings to be allowed to see the books, but was put off by the manager saying "That will do later."

"There were rumors that the general manager was preventing stock broking offices. It was only suspicion," explained Mr. Caldwell, who said he had not pressed McGill because it was not proper to do so for a general manager to resent interference.

Caesar's Wife. "Then a general manager is supposed to be above suspicion?"

"Yes, the whole thing is based on confidence. If you don't have confidence you can't do business."

Mr. Caldwell said that to make government inspection effective the head office and branches would have to be gone over at the same time, and a large staff would be required as some banks had 20 branches. The head office could only be inspected by taking the balances of the branches of a certain date and comparing them with the head office.

"We had good reason to have confidence in Mr. McGill. Everybody had. We relied on this monthly check, if that had been done as faithfully as the work in the branches this trouble would not have occurred," he stated.

Mr. Corley: "Do you mean to say that when Mr. Cockburn agreed with you that there should be an inspection of the head office you went back to Mr. Cockburn and told him Mr. McGill had put you off, and that was the end of it?"

"No," Mr. Cockburn said he would see to it. "Mr. Cockburn was senior to Mr. McGill, and I was junior; I was under the general manager."

"Did you make it clear to Mr. Cockburn that Mr. McGill had prevented an inspection?"

"Yes, I left with that understanding."

"Yes, you ever try to get any information from Mr. Epple or Mr. Chenoweth, or anything like that?"

"No, that would not be considered proper for me to do as a manager."

Mr. Caldwell declared there "was every appearance that everything was all right." The president was very careful to see that "about to crumble."

The court referred to the evidence of Mr. Holland, the former manager, and asked if there was any indication that the bank was "about to crumble."

"There was nothing irregular in the branches. The bank was quite an earner for the past few years."

"So far as you could say, the bank was solvent?"

"The profits were greater than the losses, weren't they?"

"We didn't have there were losses of \$300,000 or \$400,000, but the bank was an earner, and we thought the bank could meet it. And we had the rest of \$700,000."

"If the head office had been all right, you could have met the losses?"

"Yes, there was nothing to indicate impairment of capital."

Mr. Corley: "How did McGill stop you? By merely saying he would see you later? Did you see him?"

"For two or three weeks before the annual meetings."

"That was done on two annual occasions?"

"Your recollection is that you spoke to him before the annual meeting and he put you off?"

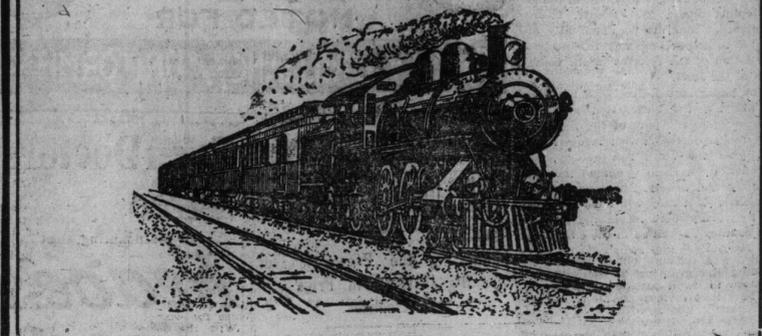

"Yes."

As to the losses, Mr. Caldwell explained that about \$30,000 had been lost in bad debts by the Aurora branch, and \$25,000 or \$30,000 in the Lindsay branch.

Come to Toronto at Our Expense!

Toronto is the best shopping town in Canada—in some respects the best on the Continent. In order to give out-of-town customers the same shopping privileges as city people we have arranged a special concession of

Railroad Fares Refunded

during November, based on the amount of your purchase at this store. Anyone coming 50 or 100 or 200 miles will get a rebate for their round-trip transportation in proportion to the goods they buy here.

Full particulars have been advertised so very extensively we take for granted everybody knows. Out-of-town people can come to Toronto at our expense and do their Christmas shopping. Offer holds good for November only. No time to lose.

Dineers Canada's Leading Furriers. 140 YONGE ST., TORONTO.

Cuban Plantations, Limited

Head Office: - - Berlin, Ont. President, Dr. D. J. Minchin; Vice-Pres., Fred Diver; Treas., A. J. Roos; Sec., W. M. O. Lochead; Managing Director in Cuba, W. J. Sargent (late of Bancroft, Ont.); J. Enoch Thompson, Land Commissioner, Toronto.

THIS COMPANY has purchased twenty square miles of rich land in the Province of Santiago, of which several miles front on the Cuba railroad. There is a station, siding, large store and several other buildings on the property. This land was personally selected by three of the shareholders, who satisfied themselves that it combined the three requisites for a successful colony, viz, good land, good drinking water and good shipping facilities.

It is situated by rail sixty-five miles from Nipe, the immense harbor which Sir William Van Horne is developing to rival Havana, and is fifty miles by rail from the important Seaport of Gibara or thirty-five miles by direct road. Nipe is twelve hours nearer New York than Havana.

A comfortable hotel will be built before sending down any settlers, where free lodgings will be provided while they select their land.

PRESENT PRICES \$20 PER ACRE.

HARBOR ST. EXTENSION CARRIES IN WORKS BOARD

Will Cost \$110,000 of Which City Pays \$64,000—City Hall Notes.

The board of works recommended yesterday that a bylaw be passed for the extension of Harbor-street from Clinton-street to Ossington-avenue, at a cost of \$110,000. This amount includes the cost of a bridge, which the engineer estimates will cost \$62,000. It was further recommended that the property holders benefiting by the extension bear 41.89 per cent of the total cost, and that the balance, amounting to \$58,948, should be borne by the city.

With a speech of some length by himself, and considerable discussion on the part of the board, Ald. Harrison's motion, that the board of control put themselves in communication with the Toronto Street Railway, so that some understanding should be reached about the widening of the street for the use of the modern cars, was carried.

Mr. H. Williams applied for permission to have a street called Dalton-avenue, running from Bloor-street to Louthier-avenue, east of Brunswick-avenue, accepted by the city as a public highway. He had a plan to show that the block of ground could not be laid out to advantage with a greater width than 50 feet, the width of the new street.

Two Late Now. No arrangements for permanent pavements under the new tracks on Queen and King-streets, will be made this year with the Street Railway Co., owing to the lateness of the season, was the decision of the board of control yesterday, after a private conference with the city solicitor.

It was also decided not to take over from the Dominion Government the buildings which they might erect on the seven acres of Garrison Common, leased back from the city, at the termination of the lease, although the government claims that this is stipulated.

The board will ask the legislature to grant the city permission to use the 40-acre west of Dufferin-street, which was acquired for park purposes, as part of the exhibition grounds.

Major Collins made another protest about the running of street car lines thru the Old Port. After considerable discussion it was decided to visit the spot with the Historical Society.

Heaven Be Praised. City Engineer Rust will see that the wooden sidewalks all over the city are repaired immediately.

The city will provide the St. James' Cathedral tower clock with three new dial faces at a cost of \$225.

In reply to the indictment of the assize grand jury that the Toronto Jail was in the worst possible state, Property Commissioner Harris issued a statement yesterday, in which he says that "the finding of the grand jury is incorrect, and the language of the indictment extravagant, unjustifiable and altogether wrong in asserting a condition as existent, which, to

There is no other expense—absolutely none. Simply enclose your ten cents, silver or stamps, in your letter, at our risk, and the full dollar package of MAN MEDICINE, carefully packed in plain wrapper, will reach you by return mail. This is a square deal, men. We say, "MAN MEDICINE is great—it is worth more than money to weak men—it will add pounds to your horse power—it will cure you." We will prove it, however. So we take the hundred cents' risk to your ten cents' risk. PROVE IT TO YOU. That's fair. It means more than dollars and dimes to you—it means life, vigor, power, strength.

the knowledge of the corporation, does not actually obtain." He claims further that the city did everything possible at the beginning of the year to improve ventilation and heating, and that the inspector of prisons has made no complaint. The statement goes on: "There may be personal discomfort and inconvenience to the prisoners of the jail, but a penal institution is not one designed or maintained with a view to providing particular creature comforts and conveniences. So far as the cleansing of the prison and the fittings are amenable to the concerns of the city, which comes solely under the jurisdiction of the governor and officials, who are appointed by the government and paid pointed by the city, and if there be any laxity in this connection the governor and his subordinates are entirely responsible therefor, the city having no jurisdiction over such officials, so far as the performance of their duties is concerned."

VICTORIA COLLEGE HAPPENINGS

Should Specialists Be Invited to Functions—A moot Question.

Last night the freshmen of the class of 1910 were the hosts, at a reception given to the graduates and undergraduates of Victoria College. The members of the first year were out in mass to support those of their number who had charge of the getting up of the function, and a large crowd from the upper years showed by their presence their interest in the new work.

A considerable discussion is going on around the halls of Victoria, as to whether or not specialists should be invited to attend college functions. Recently the Women's Literary Society passed a resolution that none but undergraduates of the college be permitted to wear gowns, or class pins, and attend class receptions of the senior dinner. This has caused a good deal of difference of opinion among the members of the different years. Most of the classes have postponed taking any action in the matter.

The feature of the open meeting of the Literary Society to-night will be a debate between '08 and '09 on the subject, "Resolved that there is more opportunity for the advancement of the young man in Canada than in the United States." The second year, supporting the affirmative. The debaters for the second year are F. C. Moyer and J. Arroy, and for the other side, Messrs. Cues and Domm. A number of musical selections will be given, and the prizes in the tennis tournament presented.

The members of the Rugby team are training hard under the supervision of Captain Jimmie Lamb for their game next week in the semi-finals of the Mulock Cup series, and the Vic fellows will give the Junior School a good run for their money. Bob Pearson of Varsity I comes out occasionally and gives the men the benefit of his advice.

It has been definitely decided to hold the convocation, the main function of the year at Victoria College, to which all outsiders are invited, on Dec. 7.

Mr. Kelso Home Again. J. J. Kelso, superintendent of neglected children, has returned from the meeting of the American Humane Association at Chicago.

He was the only delegate from Canada to the conference, which was largely attended by Americans.

Mr. Kelso spoke of the current laws, and was supported in his view that they were not a success.

The discussion of juvenile courts was a feature of the meeting.

JEWIS TO GET PERMISSION TO "SPREAD" WITHIN PALE

Premier Stolypin's Organ Forecasts Program of Govt. Anticipating Protest of Reactionaries.

St. Petersburg, Nov. 16.—Premier Stolypin's organ, The Russia, to-day published a long article, apparently intended to prepare the way for the promulgation of the reforms in the condition of the Jews.

The paper stated that with the view of allaying the anticipated storm of protest upon the part of the reactionists the projected Jewish reforms will not give the Jews full equality, nor permission for them to spread thru the country and acquire the lands of the peasants. But they will have the right to live everywhere inside the pale, in the country as well as in the cities, and the restrictions imposed on Jewish merchants and artisans will be relaxed, including the granting to them of permission to dwell outside the pale.

The article reviews the Jewish problem since it was acquired with Poland, 130 years ago. It declares that the forcible concentration within the pale of 5,000,000 Jews, or 11 1/2 per cent, of the population, is a failure, and has not prevented the most dangerous elements, the Jewish intelligentsia and plutocracy, from penetrating into Russia over the golden bridge, while poverty has stricken the residue. The article reviews the Jewish problem since it was acquired with Poland, 130 years ago. It declares that the forcible concentration within the pale of 5,000,000 Jews, or 11 1/2 per cent, of the population, is a failure, and has not prevented the most dangerous elements, the Jewish intelligentsia and plutocracy, from penetrating into Russia over the golden bridge, while poverty has stricken the residue.

Too long has the problem been bandied about from commission to commission until it has assumed its present acute inflammatory character, which is finding expressions on the one side with the bomb of the Jewish masses, and on the other side by anti-Jewish excesses.

WELLYER HAS SOME MEDALS.

Says Victories in Cuba Should Give Him Promotion.

Madrid, Nov. 16.—King Alfonso has been hastily recalled to this city from his hunting expedition. It is believed that a cabinet crisis is impending.

War Minister De Luque is resisting the pretensions of Generals Weyler and Polavieja to the field marshalship, vacant owing to the death of Count De Weyler. The Polavieja has made their claims on their victories in Cuba and the Philippine Islands.

NEW ONTARIO HOTELMEN LIKE IDEA OF MONOPOLY

Supporting the Proposition for Big Increase in Price of Licenses.

Rainy River is another of the municipalities which has decided to submit a bylaw to the electors to raise tavern license fees from \$350, the minimum figure fixed in the act of last session, to \$1000.

The hotelmen are not in opposition, but actually favor the passage of the bylaw, which, it is expected, will easily be carried. The attitude of the hotelmen is said to be due to their desire to maintain the restricted number of licenses in Northern Ontario fixed by the government, which renders the individual licenses more valuable.

The valuation of hotel premises is increased to an extraordinary degree by the granting of a license, and a number of the municipalities think they ought to share in this increment through increased license fees.

Comparatively worthless premises included in the sale of a license recently in the north country were rated at \$3,000 on this account—a figure which would be creditable to Toronto.

The idea was good, but the remedy was crude and unpalatable, and a large quantity had to be taken to get any effect.

Nowadays we get all the beneficial effects of sulphur in a palatable, concentrated form, so that a single grain is far more effective than a tablespoonful of the crude sulphur.

In recent years research and experiment have proven that the best sulphur for medicinal use is that obtained from Calcutta (Calcutta Sulphur) and sold in drug stores under the name of Stuart's Calcium Wafers. They are a series of busy sessions.

An informal discussion of the Health Act, with the object of proposing changes at the legislature next session, occupied some time.

Dr. J. A. Amyot's report as provincial bacteriologist, detailing 275 examinations, including 115 diphtheria swabs and 606 analyses of water. These examinations have increased from 137, in 1898, to 275 last year, and up to date this year 7900. The knowledge that they are made free has gone abroad among the medical profession, with this effect.

In cases of infectious disease, the result of an examination is at once telegraphed to the doctor concerned.

ED. MACK'S DILIGENT STAFF. "What you want. How you want it. Delivered when you want it."

There are four clerks in the Semi-ready Wardrobe at 81 Yonge-street, and in the finishing rooms about five expert journeymen tailors are kept busily engaged in putting the finishing touches to the suits and overcoats sold by the four salesmen on the floor below.

With the very large stock I carry, it would not be possible for me to carry the complete Semi-ready line, but when I tell you that 500 suits can be made from this stock of English worsted at \$20, and yet each suit be for a man of different size and physique type, you can understand the reason why "explained" Ed. Mack, in his store at 81 Yonge-street.

By my system I can fit a man by mail if he will give me his weight, his height and his expanded chest measure.

But we have the great Semi-ready shop behind us, and within a fortnight we can have any special size wanted, any special goods desired, made in the shops and delivered in the finished style, which no custom tailor can exactly copy.

But the Semi-ready system is "what you want, how you want it, delivered when you want it."

Send your name and address to-day for a free trial package and see for yourself exactly.

F. A. Stuart Company, 57 Stuart Building, Marshall, Mich.

Footballers' Special to Hamilton. Special trains for Hamilton at 1 p.m. and 1.15 p.m. on Saturday next, via Canadian Pacific. Return tickets only \$1.00, good going on these trains only, returning, all trains Saturday, Sunday and Monday. Secure tickets early at C. P. R. city ticket office.

Stomach Trouble. If your stomach is ailing, if your food distresses you and fails to feed you, you ought to try Vita-Gra. Sent on thirty days' trial. See offer on page 9.

John Macdonald & Co., Limited Wellington and Front Streets East, Toronto.

CAN'T GET ENOUGH ENGINES C.P.R. ORDERS IN ENGLAND

Railways Find it Difficult to Secure Motive Power—The Freight Car Scarcity.

Three C.P.R. way freight trains were delayed for over two hours yesterday on account of there being no locomotives. The shortage of steam power on both railroads is becoming serious. A locomotive is entitled to eight hours' rest out of every forty to keep it in good running order. Now an engine and a new crew is put on and out she goes until she breaks down and needs repairs. Both railroads are building engines as fast as they possibly can, but the demand far exceeds the output. All the American locomotive companies are filled up with orders and have refused to take further business for a time. It is said the C.P.R. have placed an order for twelve engines with an old country firm, to be supplied as quickly as possible.

IMPOSSIBLE TO STOOP OR BEND

SEVERAL DOCTORS COULD DO NO GOOD. PAIN IN BACK AND KIDNEYS.

People often say, "How are we to know when the kidneys are out of order?" The location of the kidneys, close as it is to the small of the back, which is not affected materially by other organs, renders the detection of kidney trouble a simple matter.

Doan's Kidney Pills

The note of warning comes from the back. Backache is the signal sent out by the kidneys the minute they become overtaxed. Those who heed the warning when it first comes, usually have but little trouble. The danger lies in delay. A few doses of Doan's Kidney Pills taken in time, often saves years of suffering, and in many cases life itself. They stimulate the action of the kidneys, enabling them to perform their duty perfectly.

JUMPS 5 STOREYS TO DEATH

With Umbrella as Parachute, Young Woman Ends Her Life.

New York, Nov. 16.—Holding an umbrella over her head, a young woman hurled herself from the fifth storey window of a house in East 64th-street yesterday. Before she had fallen 20 feet the umbrella turned inside out. Her head struck a railing and she was crushed to death.

STARVING, GO TO BED.

Russian Peasants in Sore Straits to Offset Pangs of Hunger.

St. Petersburg, Nov. 16.—The crop reports received here from 71 provinces and districts of Russia show the yield of wheat to be 15,079,000,000 pounds and rye 38,255,000,000 pounds, which is 9,588,900,000 pounds below the average.

PLATT TO RETIRE.

Aged Senator Reported to Intend Quitting Public Life.

New York, Nov. 16.—The Evening Post editorially published the following: "Thomas C. Platt's resignation from the United States senate is ready for filing with Governor Higgins. Senator Platt, it is reported, has decided to retire altogether from public life. The legislature, meeting in January, will have to select Platt's successor, and if the resignation is delayed until congress takes its Christmas recess, it will be to prevent an ad interim appointment."

SCHOOL CHILDREN OF TORONTO HAVE \$53,000 ON DEPOSIT

BANK INVESTIGATION

Continued From Page 7.

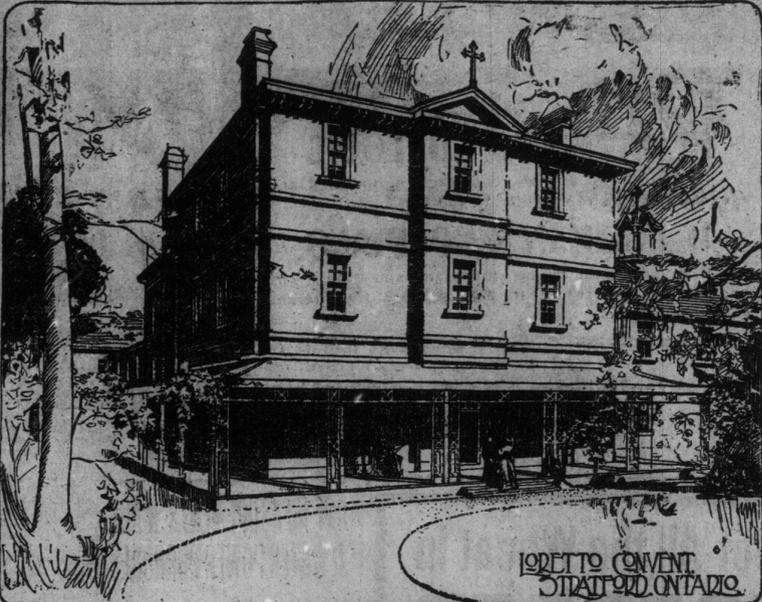

"Well, the time was a little trying just then."
"For the Ontario Bank?"
"Yes."
"All of the branches, except one, were in pretty bad shape?"
"They were not in satisfactory shape."
Mr. McKay asked the witness if he had not told McGill at the outset that he needed a good deal of courage to take up the assets in that condition.
Mr. Caldwell owned the truth of this. A better confidence had come with the advent of the new manager, but still it was soon found necessary to write off \$300,000 of the bank's stock, while the opinion of some of the officers was that the cut should have been even greater.
"There were certain accounts that looked at that time a good deal worse than they turned out to be," explained Mr. Caldwell.
The magistrate asked if bad debts to that amount were struck off, and the witness replied that the amounts were kept on the books in anticipation of recoveries. The accounts were

"nursed" along, the "things generally were a little gloomy."
Young Branches Are Costly.
Asked whether some of the branches were not losing more than they were making, Mr. Caldwell said that was the case with all banks that had young branches.
"The Ontario Bank did suffer losses?"
"There were a number of them."
To the court the witness said his impression was that the bank was earning as much as it was losing.
Mr. Caldwell gave information as to the status of the different branches in 1905, when his last inspection was made. He admitted that the branch at Cornwall and the Yonge-st. branch were not then in shape to be taken over as good by any other bank. The Port Arthur branch had an "element of risk. Some accounts were known to be bad. The Montreal branch was in unhealthy condition. The Fort William branch had few bad accounts, but it would not have been policy for any other institution to take it over without weeding them out.
The inspector volunteered the statement that he had then drawn up a valuation, showing that it would require about \$400,000 to clear the bank of deadwood, but as to bad debts, it

had been said that the bank which never had a loss in this way was not a good one. He explained that doubtful debts had not been written off because that would kill them, while they might still have vitality.
"There's no use in killing them until they're dead," suggested Mr. McKay, waggishly, with which sentiment witness agreed.
Mr. Caldwell then read a list of the branches, with his estimate of the condition of each. Those that were rated good were the Allinton, Aurora, Bowmanville, Buckingham, Collingwood, Carleton-place, Eglington, Fort William, Holstein (sub-branch), King City (Kingston), Lindsay, Port Hope, Mid-dlebrook, Stratford, Tweed, Toronto, Waterford and Warsaw branches. The Montreal branch was in "rather bad shape"; at Mount Forest there was an "element of loss," otherwise there was good business; at Ottawa there was a large loss; at Petrolia a "large element of loss," and at Port Arthur there were accounts that should have been wiped out. Losses had been made on the Queen-street branch, but had been pretty well provided for; at Sud-bury, too, there had been a few losses.
The court summed up that there were about 25 good branches, and four that could not have been taken over with advantage.

A Matter of Bonus.
Mr. McKay hammered away for some time in an effort to force the admission that the bank would not have had to bonus any other bank to the extent of from \$300,000 to \$400,000 to have it take over the branches on an equitable basis, but to this the inspector would not agree. The earning power, he said, had to be considered. Besides, some of the losses were exceptional ones made in prosperous times, and would have been avoided with proper care. He admitted that the earning power was not so great in 1896 or 1897. The cut in the stock had, however, placed them in "fairly good condition." Under pressure, Mr. Caldwell was unable to name a single branch which he could then have recommended any other bank to take over.
As to his own status, Mr. Caldwell said he might be considered as having been an inspector of the head office, but was away a good deal. It was elicited that the general ledger and securities ledger were stored away in lockers in the vault, and he had no access to them. He was not able to examine these books, while in use in the bank during the day, as this would be regarded as interference.

It thus transpired that these books were never inspected. Mr. Caldwell asked McGill a number of times to be allowed to see them, because President Cockburn had spoken to him about it, but the manager always deferred the opportunity.
The witness was asked if, in his talk with Mr. Cockburn, in which suspicions of speculative transactions were voiced, the apprehension was not as to losses, and it was admitted that this was so. He disclaimed having knowledge, in 1902, that speculative stocks were held, and when shown a summary of such stocks, dated that year, he said he was unaware of having seen it before.
"Did you ever inspect the securities ledger at all till after the insolvency of the bank?"
"I said before that statements were produced by Mr. McGill of the securities," he said he held," said Mr. Caldwell, who referred to the fact of having once opened a book in his presence, in which were the securities claimed to be held. The witness had given it only casual inspection.
When Discovery Was Made.
Frank H. Pope, chief clerk, was then called. The magistrate advised him that he might obtain protection in his evidence, but Mr. Pope replied that he did not desire to avail himself of the privilege. Mr. Pope testified that he entered the bank's files in Bowmanville as a clerk fifteen years ago. After

LORETTO CONVENT STRATFORD, ONTARIO.

Another Noted Educational Institution Adopts

BELL PIANOS EXCLUSIVELY

Following the installation of Bell Pianos in most of the prominent musical institutions throughout the country, the well-known

Loretto Convent, Stratford,

decided to dispense with the pianos that they had in use and use nothing in their institution but BELL PIANOS fitted with the "Illimitable quick-repeating action." The Mother Superior in a recent letter to the Bell Co. says:—

"We have great pleasure in testifying to the merits of the Bell Pianos, their tone is exquisite and the quick illimitable action is perfect. We shall be pleased to recommend the Bell Piano to anyone desirous of purchasing a first-class piano."

Bell Pianos are made, guaranteed and built to last a lifetime by the largest makers of pianos in Canada.

KAY'S Famous for Fine Furnishings. KAY'S

A GOOD TIME TO BUY BRASS BEDSTEADS

A large consignment of All-brass Bedsteads from leading makers will go on sale on Monday morning. Included in the lot are some distinctly novel and very handsome designs. The prices we quote are another attraction, for, owing to a great increase in the cost of raw material, manufacturers are advancing their prices, and when present stocks are exhausted we shall likely have to follow suit. A good time to buy is now.

The range of prices covered by our present offerings is indicated in the list below. There are about forty different patterns to select from:

- No. 7-9K—All-brass Bedstead. A neat and tasteful design, with 1-inch tubing. Cast corner-pieces. Double or single sizes. Price. \$19.00
- No. 45K—All-brass Bedstead. A favorite pattern. Tubing 1 1/2 inches in diameter. Bow foot. Full double size, 4 ft. 6 in. Price only. \$24.00
- No. 8-3K—All-brass Bedstead. Similar in design to No. 45K, but with 1-inch tubing. Double or single. Price. \$20.50
- No. 5722—All-brass Bedstead. Polish finish, 2-in. continuous tubing. Extra high head and foot ends. Full double size, 4 ft. 6 in. Special value. Price only. \$41.50
- No. 916—All-brass Bedstead. A very massive design. Two-inch square tubing, with spiral uprights. Full double size, 4 ft. 6 in. Price. \$115.00
- No. 8-8K—All-brass Bedstead. A simple design, with continuous pillars; 1 1/2 and 1 1/4-inch tubing. Double or single sizes. Extraordinary value at \$29.00
- No. 6007—All-brass Bedstead. Satin finish. A novel and very effective pattern, with 2-inch tubing and low head and foot ends. Size 3 ft. 6 in. Price only. \$26.00
- No. 9716—All-brass Bedstead. Satin finish, 2-inch continuous tubing. A particularly handsome bedstead. Full double size, 4 ft. 6 in. Price. \$50.00
- No. 1225—All-brass Bedstead. 1 1/2-inch square tubing, satin finish; oval knobs. A most stylish pattern. Full double size, 4 ft. 6 in. Price. \$78.00

AS TO CHRISTMAS GIFTS.

It is not a bit too early to begin planning what to give, and you will find that our First Floor, with its grand display of Pottery, Bric-a-brac and Fancy Furniture, will afford you a multitude of happy suggestions.

JOHN KAY, SON & CO., Limited
36 AND 38 KING STREET WEST.

being shifted to various other branches & Co., and a smaller amount marked as due from C. Head & Co.
When Directors Met.
Mr. Corley: Well, you called their attention to these accounts. What was said or done at the meeting?
"They said before they would believe any such statements they must be furnished with more information, and that the first step to be taken was to telegraph to the president, and that they couldn't do anything before he returned. The inspector was then called in and asked to go over the books and verify. He said it was unnecessary, and the meeting then adjourned till after dinner."
"What did the inspector mean by saying it was unnecessary?"
"The inspector said that if the accounts on the list were in existence, we might as well close our doors."
The magistrate asked why they wouldn't appear all right as debts owed the bank, and Mr. Pope replied that there was nothing to show what the securities were.
Mr. Corley: What did the inspector mean by saying the bank might as well close its doors?
"He meant that if that amount of money had been out for three years without interest, the money was lost."
"There were no entries as to dividends?"
"There were on some."
"Would it not indicate, if there were no entries as to dividends, that the money had been lost?"
"Yes."
"Did the inspector make any inspection?"
"I don't think he did."
Magistrate Denison asked if the Ames account had been discovered, and the witness replied in the affirmative. Nothing was subsequently said to any of the firms with which the accounts were shown to exist.
Was a Great Surprise.
Mr. Corley: Were the directors surprised?
"Very much surprised. They didn't believe me."
"They didn't seem to know the Ontario Bank carried accounts of that kind?"
"No, they didn't seem to know."
To Mr. Corley the witness replied that he and Mr. Chenoweth had obtained access to the books thru the possession by the latter of a key to the locker.

DR. CHASE'S OINTMENT
Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding, and protruding piles. See testimonials in the press and get your money back if not satisfied. 50c. at all drug stores or BOWMAN, BATES & CO., Toronto.

FOUR SECRET DISEASES THAT WRECK MEN

Nervous Debility
Do you feel that you are not the man you once were? Do you feel tired in the mornings and easily exhausted? Do you have difficulty in concentrating your thoughts? Do you notice a loss of ambition? If you suffer from any or all of the above symptoms you certainly do not desire to remain so. What you want is to be made strong and vigorous mentally, as Nature intended.
WE CURE IT IN 30 TO 60 DAYS.
Quick results. Lasting cures.

VARICOCELE
This is an enlarged condition of the veins (usually more noticeable on the left side), caused by excesses, bicycle riding and dissipation. In time it saps a man's physical and sexual strength, if neglected.
WE CURE IT IN 60 DAYS.

Blood Poison
may be either hereditary or contracted. The former causes eczema, rheumatic pains, scrofula, etc. The latter begins with a small eruption, followed by sores in the mouth and throat, which have the appearance of white patches, spots or sores on the body, face or scalp, falling hair and eyebrows, and later on other terrible symptoms, such as paralysis or locomotor ataxia, cancerous growths, decayed bones and flesh.
WE CURE IT IN 90 DAYS.
Symptoms disappear quickly.

4

STRICTURE
causes a partial or complete closure of the urinary canal, due to a disease improperly treated, strains and the injudicious use of instruments, such as sounds or by strong injections.
WE CURE IT IN 30 DAYS.
by absorption. No pain, no operation.

WE DO NOT TREAT ALL DISEASES, BUT CURE ALL WE TREAT OR MAKE NO CHARGE

We want every man who requires medical aid to read carefully what we say here, and if he is desirous of obtaining our opinion, he may have it FREE for the asking, either in person or by mail. If you cannot call, write for Question Blank and particulars regarding our New System to-day. Every case guaranteed or money refunded. No risk. Consultation Free. Books Free. If unable to call, Question Blank sent for Home Treatment.

Drs. KENNEDY & KERGAN
COR. MICHIGAN AVE. AND SHELBY ST., DETROIT, MICH.

"Had you ever seen these accounts before?"
"I knew about some of them."
"Did you ever speak to Mr. McGill about them?"
"No."
Mr. Pope told the court that he had discussed with Mr. Chenoweth certain phases of the situation for perhaps a year.
"It wouldn't have done any good. He would likely have told me that it wasn't about them?"
"No."

TWO BASELESS RUMORS.

Heistman Co. Foremen Didn't Quit; Painters at Parliament Buildings.

The following letter, signed by the seven foremen who it had been stated, had jumped their job, speaks for itself. 'We, the undersigned, of the Gerbard Heistman Co. Company, say in contradiction of the report contained in The World of Nov. 16, to the effect that we had left the employ of this firm, that it is not correct. We have not resigned, and do not intend to do so, and we also beg to state that the work in our different departments is being done in the same high grade manner for which the Gerbard Heistman Co. company has always been noted. (Signed) Henry Gunther, Hugh Macgowan, Wilfrid W. Demery, James Russell, Anthony Heistman, Augustus Moolenaar and Walter Evans.'

TWO OF CREW DROWNED.

Blideford, Maine, Nov. 16.—The captain and cook of the two-masted schooner Marshall Gerrin of Deer Island, Maine, were drowned, and the schooner became a total wreck, in the gale last night off Wood Island Light. The third member of the crew escaped. The dead men were Herbert P. Bray and Wm. Jarvis of Deer Island.

AND HE LOST.

Albany, N.Y., Nov. 16.—William Randolph Hearst, Independence League and Democratic candidate for governor, today certified to the secretary of state that he had spent \$256,370.22 in promoting his candidacy. This was divided as follows: Independence League, \$138,870.22; Democratic state committee, \$57,600; traveling expenses, \$500.

Not Full Majority.

Concord, N.H., Nov. 16.—The official vote for governor at the recent election, announced to-day, shows that Charles M. Floyd, Republican, lacks 178 votes of a necessary majority of all the votes cast, and under the constitution the legislature will choose between him and Nathan C. Jameson, Democrat, the next highest candidate. This legislature will be strongly Republican.

PIMPLES, BLACKHEADS

Get Rid of All Your Face Troubles in a Few Days' Time With the Wonderful Stuart Calcium Waters.

Trial Package Sent Free.

You cannot have an attractive face or a beautiful complexion when your blood is in bad order and full of impurities. Impure blood means an impure face, always. The most wonderful as well as the most rapid blood cleanser is Stuart's Calcium Waters. You use them for a few days, and the difference tells in your face right away. Most blood purifiers and skin treatments are full of poison. Stuart's Calcium Waters are guaranteed free from any poison, mercury, drug, or opiate. They are as harmless as water, but the results are astonishing. The worst cases of skin diseases have been cured in a week by this quick-acting remedy. It contains the most effective working power of any purifier ever discovered—calcium sulphide. Most blood and skin treatments are terribly slow. Stuart's Calcium Waters have cured boils in 3 days. Every particle of impurity is driven out of your system completely, never to return, and it is done without deranging your system in the slightest. No matter what your trouble is, whether pimples, blackheads, rash, tetter, eczema, or scabby crusts, you can solemnly depend upon Stuart's Calcium Waters as never-failing. Don't be any longer humiliated by having a splotchy face. Don't have strangers stare at you, or allow your friends to be ashamed of you because of your face. Your blood makes you what you are. The men and women who forge ahead are those who will choose blood purifiers. Did you ever stop to think of that? Stuart's Calcium Waters are absolutely harmless, but they are so mighty satisfying to you, even at the end of a week. They will make you happy because your face will be a welcome sight not only to yourself when you look in the glass, but to everybody else who knows you and talks with you. We want to prove to you that Stuart's Calcium Waters are beyond doubt the best and quickest blood and skin purifier in the world—so we will send you a free sample as soon as we get your name and address. Send for the sample you will not rest contented until you have bought a 25c box at your druggist's. Send us your name and address today, and we will at once send you by mail a sample package, free. Address P. A. Stuart Co., 51 Stuart Building, Marshall, Mich.

RECORD RUN OF C.P.R. MAIL. 80 HOURS FROM VANCOUVER

Despite 15 Hours Delay, Overseas Limited Reaches Quebec Ahead of Schedule.

Quebec, Nov. 16.—The Canadian Pacific Overseas Limited, carrying the China mail, arrived here this afternoon at 3.39 o'clock, having made the record trip across the continent. The actual running time between Vancouver and Quebec, 3080 miles, was 73 hours and 59 minutes.

The train left Vancouver at 9.40 p.m. Monday, having been delayed 8 hours and 40 minutes, owing to the late arrival of the Empress of China, which had encountered rough weather, and had a further delay of 6 hours in the mountains, but notwithstanding this great handicap Quebec was reached 21 minutes ahead of scheduled time. There were several stopping runs on the different divisions—the run over the four ranges of mountains having been made at a rate of over 28 miles an hour, and across the 840 miles of prairie between Calgary and Winnipeg at the average speed of 46.1-2 miles an hour. Between Winnipeg and Fort William, where the running was impeded by the work of double-tracking, 42 miles an hour was attained, and the whole run from coast to coast was made at the rate of 32 miles an hour. For a long distance run of over 3000 miles this is something to the credit of the Canadian Pacific Railway.

The main case was C. B. Foster v. F. B. Allan, head of the City Laundry Co. Dr. Foster had purchased a leasehold property, No. 97 to 111 West Adelaide-street, from Allan for \$19,350. A deposit of \$600 was paid, with a promissory note for \$184.75. The premises housed several small manufacturing concerns, and machinery for generating power for the tenants in the building. The annual expenditure in connection with the building was not to exceed \$8400, while the annual net income was represented to be not less than \$6000.

WAGES PAID BY U.S. CONCERN

Coppersmiths in Corby Distillery Prosecuted Under Alien Labor Act.

Belleville, Nov. 16.—The alien labor law case, in which the Corby Distillery Company is concerned, was continued this afternoon. All the alien coppersmiths were examined, and all testified that they were sent here from Cincinnati and received their pay from the American Copper Company of that city. Mr. Porter, for the prosecution, said he wished to examine Messrs. E. H. and M. B. Davis, of the Corby Company, but they were not yet present. The magistrate then adjourned the case for a week.

Sugar Company on Trial.

New York, Nov. 16.—The trial of the American Sugar Refining Company, charged by indictment with having violated the Elkins Act in the acceptance of \$28,000 rebates from the New York Central Railroad in the spring of 1903, was begun to-day.

Farewell to Mr. Talbot.

Cannington, Nov. 16.—Last night, at the Queen's Hotel, the citizens of Cannington and vicinity tendered to Harry D. Talbot, Cannington's late postmaster, a farewell supper on the eve of his departure for the Northwest.

Editor Jeffrey Speaks.

London, Nov. 16.—Editor Jeffrey of The Galt Reporter addressed the Canadian Club to-night on municipal ownership.

Dies in Washington, D.C.

Belleville, Nov. 16.—(Special)—Allan Huffman, a former Belleville hotel-keeper, died this morning in Washington, D.C.

Gold Story a Myth.

North Battleford, Sask., Nov. 16.—It turns out that the story of a gold strike at Biring is a fake. There was a rush to the vicinity, and the samples shown were judged to be worthless.

The Bank of Nova Scotia has issued a writ for \$5000 against A. A. Dickenson, manufacturer and Dr. John Ferguson, on a demand note dated March 23, 1906.

On September 4, C. R. Elliott alleges he sustained loss due to the negligence of the Toronto Railway Co.'s servants, as a result of which he wants unstated damages. He has issued a writ at Osgoode, and the case is now in the hands of the Supreme Court.

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in Preserving Health and Beauty.

Costs Nothing to Try. Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the germs and impurities that are present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables. Charcoal effectually clears and improves the complexion; it whitens the teeth and, further, acts as a natural and eminently safe cathartic.

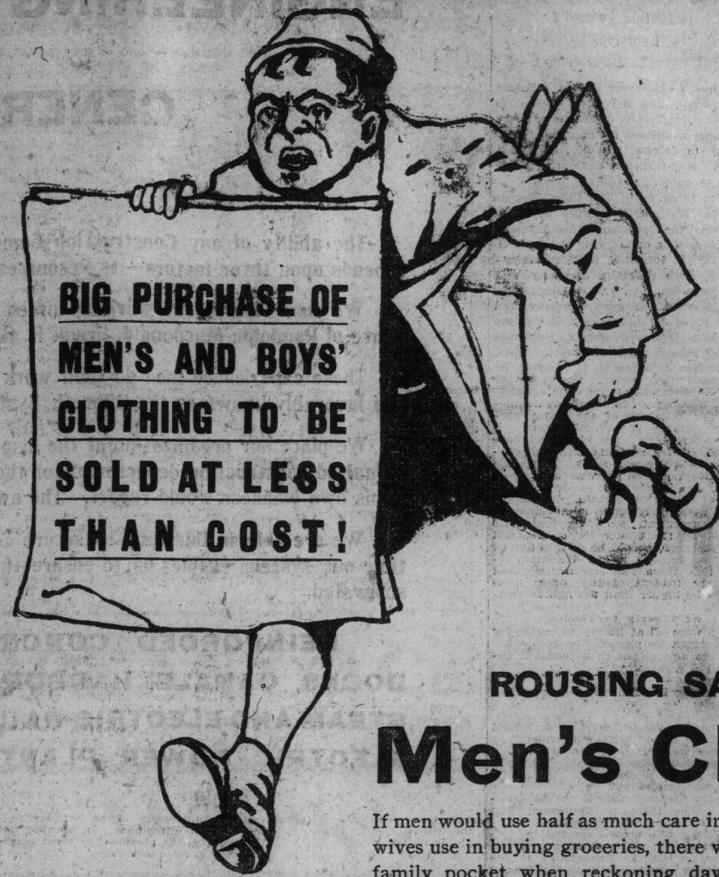

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered willow charcoal, and other harmless antiseptics in tablet form, or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much-improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: 'I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but 25 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets.'

ANOTHER JAMIESON TRIUMPH

Clothing manufacturers are busy now on Spring and Summer styles, and anyone caught with a surplus of Winter goods expects to sell at a loss. We ran into such a chance the other day, and bought for spot cash the entire overstock of a well-known maker. It would be easy enough for us to hold for an extra profit, but the Jamieson rule has always been to sell as low as we can, and give customers the benefit of any money we save. That's why Saturday promises to be a red-letter day in the history of this store. The bargains advertised below are positively without equal in Canada, and are not likely to last long.

ROUSING SALE OF Men's Clothing

If men would use half as much care in selecting clothing as their wives use in buying groceries, there would be more money in the family pocket when reckoning day comes. In spite of the increased cost of materials and labor, we're selling good dependable clothing for less money now than ever before, and the climax of all bargain-giving comes on Saturday. We never remember a time when your money would accomplish more than with these specials for to-morrow:

- 366 pairs Men's Tweed Effect Cottonsade Pants, in two shades of a good grey, with a thin stripe, size 31 to 42, side and hip pocket. Hundreds selling at \$1.99. Sale price... 85
242 pairs Men's Fancy Tweed Pants, all in good dark shades of a soft tweed, will make a splendid business pant, cannot be bought under \$1.99 and \$2.50. Sale price... 1.25
96 Men's Imported English and Scotch Tweed Suits, single-breasted, with square and military fronts, mostly dark patterns, in good winter weights, sizes 35 to 42. Regular \$9.00 and \$10.00. Sale price... 4.75
49 Men's Overcoats, long swagger style, with and without belts, lined best Farmers' Italian, good padded shoulders, and silk velvet collars, in sizes 35 to 44, in medium shades of grey and neat browns, \$4.50 qualities. Sale price, to clear... 4.95
Just 31 Men's S. B. Tweed Overcoats, good medium grey, with black stripe, full length, lined Farmers' Italian, silk velvet collars, sizes 35 to 44, in medium shades of grey and neat browns, \$4.50 qualities. Sale price, to clear... 5.95
130 Men's S. B. and D. B. Heavy Scotch Tweed Overcoats, with and without velvet collars and belts, in five shades of greys and heather mixtures, full length, and padded concave shoulders, sizes 35 to 44, sold at \$12.50. Sale price... 9.75

Boys' Clothing at Less Than Cost

Once before this season we discounted the entire trade with Handsome Clothing for Boys at less than cost of manufacture. This special purchase gives us a chance to do big things to-morrow. These bargains speak for themselves:

- Boys' Two-piece Suits, in pleated coats and Norfolk styles, in good strong domestic and imported tweeds, in sizes 22 to 28. Regular \$2.75 to \$3.50, special, Saturday... 1.99
Boys' Two-piece Suits, in Russian and Brownie Norfols, in Scotch tweeds and worsteds, in sizes 22 to 28. Regular \$4.50 to \$5.50, special, Saturday... 2.99
Boys' Three-piece Suits, in single and double-breasted styles, in Scotch tweeds, in heather mixtures, in sizes 28 to 33. Regular \$4.50 to \$5.50, special, Saturday... 3.95

FURNITURE MEN ARE FREE AGREEMENT WASN'T ILLEGAL

Criminal Conspiracy Not Proven is Justice Teetzel's Decision.

With the statement that a criminal combination had not been shown to exist, Justice Teetzel in the assize court yesterday dismissed the charges of conspiracy to defraud the city, on which four firms of furniture dealers were being prosecuted.

These firms were: The Chas. Rogers & Sons, Limited; the Office Specialty Company, the Canadian Office & School Furniture Co., and G. N. Reynolds & Co. E. F. B. Johnston, K.C., represented the Office Specialty Company and Mr. Reynolds, Mr. G. T. Blackstock, K.C., the Chas. Rogers Company, and J. E. Jones of DuVernet & Jones, the Canadian Office & School Furniture Co. of Preston. H. S. Strathay, K.C., and Crown Attorney H. L. Drayton represented the crown. The charges were an outcome of the civic enquiry. There were only two witnesses heard—Manager Wildman of the Office Specialty Company and W. B. Rogers.

In reference to the city hall contracts, witness said his firm had consulted with Messrs. Mackie, Reynolds and Rogers when it was decided to supply each other with goods required, and all tender for certain portions. Mr. Strathay referred to a clause in their agreement, providing that \$310 should be the tender for chairs, and that the profit should be divided among the four firms, but Mr. Wildman denied that there was any arrangement that the tenders of the other firms should be higher than the figures mentioned.

At Liberty to Tender.
"We were all at liberty to tender for any amount we pleased," he declared. "Were you to put in a tender?" enquired Mr. Strathay.

"Yes," "Was the Rogers Company to put in a tender?"

"Yes," "Was the Canadian Office & School Furniture Co. to put in a tender?" "They were if they wanted to."

"Now you are going back. Were you all to put in tenders?"

"If we wanted to."

Justice Teetzel: That is not the question. Was there an agreement that each of you should tender?"

Witness: We were expected to. Mr. Strathay: When you put in the tender for all the furnishings to the city, were you aware that the Rogers Company was to put in a tender at a lower figure? Yes or no to that.

"No."

"And there was no arrangement that that should be done?"

"No."

"You know that Rogers was to tender on the basis of that agreement?"

"Not as to the amount."

"Now what did you get out of that?"

"Mr. Rogers bought a share of the furniture from us."

"And what else?"

"Well, some years later Mr. Rogers paid us a proportion of the profit on the chairs."

This money (\$314) had been paid while he was away sick, and he knew nothing of the fact until it had come out in court.

To Justice Teetzel he denied straight that he knew Rogers was to put in a lower tender, nor did he know the figures of the other tenders until opened by the city. Of six tenders, two from outside firms were higher than those of the defendants.

A Visit From the Judge.
At the request of Mr. Johnston, Mr. Wildman related how Judge Winchester had telephoned him one evening that he was coming down to see some bookcases and to talk with the manager. When he came he was accompanied by Crown Attorney Drayton.

"Did you show him any bookcases?" asked Mr. Johnston, and witness replied that he had not.

Mr. Johnston: "Then did Mr. Winchester, for he was only acting at that time as an investigator for the city, ask you about this contract?"

"Did you tell him anything?"

"I told him all I knew about the matter."

G. T. Blackstock asked the witness if he had held a consultation with him (Mr. Blackstock) or with anyone else representing Mr. Rogers over the matter. He added that the one embarrassing point in connection with the tender was that it bulked together so many varieties of furniture, which no one firm could supply.

William B. Rogers, secretary-treasurer of the Charles Rogers & Sons Co., corroborated the evidence given by him at the investigation before Judge Winchester as to the arrangement between the four defendants. He admitted that it was understood that his tender would be the lowest, but that there was an arrangement to that effect.

Mr. Blackstock: "If one of these other tenderers had put in a tender on a lower figure and secured the contract, what figure would you have furnished your portion at?"

"For \$650."

"And that could have so tendered?"

"Well, not without my thinking that they had broken faith. No matter what the others think, I felt that I should get the contract. I fully intended from the first to put in my tender at the lowest possible figure and expected the contract."

"But what I want to ask you is this—was there a specific agreement that they would tender higher than you?"

"I think that as to such an agreement I can say no, but I fully expected to get the contract."

"Yes. You would have been disappointed if you had not got it?"

"Yes."

No Crime Shown.
Mr. Blackstock then submitted that no defence was necessary and Justice Teetzel concurred.

Mr. Strathay argued that the four defendants all put in tenders and that the amounts of these tenders were agreed upon so as to make it appear that they were bona-fide tenders, and that this in itself was evidence of a desire to deceive someone.

"Well, is that a crime?" asked the justice. "It does not seem to me that the evidence puts the defendants within the criminal class. The evidence falls short of showing criminal combination. There was no restraint of trade nor was there any effort to prevent any other firms than these four from tendering. The evidence goes to show that the agreement was merely to fix the prices at which they each supply their portions of the goods."

"I find that the crown has not made out a case of conspiracy to combine in restraint of trade," continued the judge, "and I must therefore find the defendants not guilty on that count, and I suppose in view of that the crown will not feel disposed to press the case on the second indictment."

In view of the evidence given," replied Mr. Strathay, "I must say it appears that the city got very good value for its money and we certainly could not make out a case to the opposite."

DOMINION ENGINEERING & CONSTRUCTION CO. LIMITED, GENERAL CONTRACTORS

The ability of any Construction Company to successfully carry on widely scattered works of great magnitude depends upon three factors—Its Resources, Its Organization, Its Methods.

We have four great working forces upon which to draw for skilled Superintendents, Engineers and Foremen: Those of Randolph Macdonald, Frank B. Gilbreth, John A. Aylmer and that of the firm of Ross and Holgate.

These experienced men do their work in our organization under the system developed by Mr. Gilbreth and widely and favorably known as the Gilbreth System.

We place our organization at the disposal of owners for a fixed sum. That is, we act as a fully equipped and organized construction department for the owner. This department reports to him the same way that any department in his own business would report. The owner thus secures his work at cost, plus the sum he pays for our services.

We are able, in this way, to secure Speed, Efficiency and Economy of construction for any owner. At the same time our system enables us to ensure the same reliable results on any number of works, no matter how widely separated.

REINFORCED CONCRETE STRUCTURES, FACTORIES, MILLS, DAMS, DOCKS, CANALS, HARBOR WORKS, HYDRAULIC POWER DEVELOPMENTS, STEAM AND ELECTRIC RAILWAYS AND TERMINALS, COMPLETE STEAM AND ELECTRIC POWER PLANTS.

DIRECTORS:
RANDOLPH MACDONALD, CONTRACTOR
ROBERT A. ROSS, MECHANICAL ENGINEER
HENRY HOLGATE, CIVIL ENGINEER
FRANK B. GILBRETH CONTRACTOR
JOHN A. AYLMER, CONTRACTOR

SOVEREIGN BANK BUILDING. MONTREAL

ONTARIO BANK DIRECTORATE

Two Names Suggested for New Board Should Prove Acceptable.

"Yes."

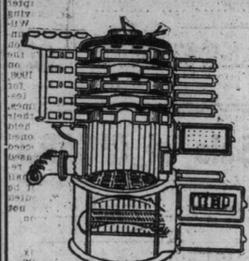

As the directorate of the Ontario Bank has resigned and a new board is to be elected at the shareholders' meeting in December, efforts are being made by shareholders to secure strong representatives with this in view. It is understood that quite a number of shareholders, large and small, have been bringing considerable pressure to bear to get the consent of H. C. Hammond and E. R. Wood to permit their being nominated at the meeting for membership on the new board. It seems to be considered that if gentlemen of their high character and with experience in financial matters can be induced to take hold of the situation there will be general confidence restored and the assurance felt, that the very best will be done in the interest of the unfortunate shareholders.

The task is confessedly not an inviting one, and the right sort of men can scarcely be expected to assume it unless on the one ground of public spirit," was an opinion heard yesterday. Both the gentlemen named, however, are eminently qualified. Mr. Hammond having years ago satisfactorily discharged similar duties with reference to the winding up of the Federal Bank and both are closely touch with the general financial situation.

In connection with the collecting of proxies, Cephas Goode was unofficially made to intimate that there was a struggle going on between the shareholders' committee and the Montreal Bank. This is not the case, although the Bank of Montreal is, of course, securing proxies for use at the annual meeting. Still, there is no "war" on, nor does a semblance of a contest for supremacy.

Services will be preached to young men to-morrow in Elm-street Methodist Church as follows: C. Jeff McCombe at 11 a.m., subject, "The Man With An Idea," and Rev. T. E. Bartley at 7 p.m., subject, "The Young Man's Glory." Miss Gladys Patterson of Boston, Mass., will sing at the evening service.

Healthful Home Heating

A house cannot be evenly heated by a warm air furnace. The pipes on the exposed side of the house will not "work." The current of warm air cannot be coaxed into the upstairs rooms where the register has been closed.

How much heat is lost, how much coal is wasted, where the tin pipes pass through a cold cellar?

What causes so much dust to settle upon the furniture in a house heated by warm air? Is it dust from the ashes in the fire-pot, or is it floor dust, that has accumulated in the registers?

In any case it is not healthy.

A small size SOVEREIGN Hot Water Boiler, with SOVEREIGN Radiators, will give uniformly better results with less expense for coal. It is a system that will keep a house evenly heated in the most severe and blustery weather. It provides hygienic heating, without gas or dust. It does not vitiate the air.

The SOVEREIGN Hot Water System is not complicated. The boiler is as simple as the water front in a kitchen stove.

Take this matter up with your dealer or write us.

The TAYLOR-FORBES CO., Limited

Toronto, Guelph, Montreal,

Also makers of SOVEREIGN Radiators.

ask you about this contract?"

"I told him all I knew about the matter."

G. T. Blackstock asked the witness if he had held a consultation with him (Mr. Blackstock) or with anyone else representing Mr. Rogers over the matter. "Well, is that a crime?" asked the justice. "It does not seem to me that the evidence puts the defendants within the criminal class. The evidence falls short of showing criminal combination. There was no restraint of trade nor was there any effort to prevent any other firms than these four from tendering. The evidence goes to show that the agreement was merely to fix the prices at which they each supply their portions of the goods."

"I find that the crown has not made out a case of conspiracy to combine in restraint of trade," continued the judge, "and I must therefore find the defendants not guilty on that count, and I suppose in view of that the crown will not feel disposed to press the case on the second indictment."

In view of the evidence given," replied Mr. Strathay, "I must say it appears that the city got very good value for its money and we certainly could not make out a case to the opposite."

This Is One of Dr. McLaughlin's Men of Might

Men Who Have Regained the Vigor of Youth, Who Have Attained the Highest Standard of Physical Manhood.

I can take a man who is thin, puny and unenriched in appearance and pour this electric life into his body every night for a few months, with the proper exercise to draw it into the muscles and bones, and I can add twenty-five pounds to his weight, double his strength and vitality, and restore him to health and strength, as I have often done. Look at the men who have worn my Belt and you will see men of force, men of power and confidence, men who respect themselves and are respected and admired by their fellow-men.

Do you want to feel like that? Then wear this grand life-giving appliance for two months at night. It will charge every nerve with electric life, and you will feel like a two-year-old. It pumps steam into your run-down body, drives away pain and renews youth.

Do you want to feel like that? Then wear this grand life-giving appliance for two months at night. It will charge every nerve with electric life, and you will feel like a two-year-old. It pumps steam into your run-down body, drives away pain and renews youth.

The Richest Mining Camp

OFFER THE BEST BUY To the Public

\$100,000 of Stock at \$1.00 Per Share.

Is GILPIN Cobalt Mining Company's Stock,
Capital Stock, \$500,000, in shares of \$1.00 each.
WHAT WE HAVE ON ONE ACRE.

This stock is part of the original issue made by the Company. It has not been watered. Although the Company have since acquired 80 additional acres adjoining, they have not raised their capital issue, as they were not floating a stock-jobbing proposition, but a mine.

The Directors of this Company are the original men and discoverers of the property.

The late JAY GOULD once said to a friend: "When you invest in the stock of a company don't look for the best, for you will never find it. Look for a good one and then do it quickly. Don't wait to see if it pans out all right, for that is where you lose your opportunity. When you have waited to see if it pans out you will have to pay a premium on the stock and you will have lost the biggest advance on value. You must make money on your judgment and your foresight, and not on demonstrated facts."

We have advertised facts about the Gilpin property for the past ten days. We have recommended it to our clients as a stock that should sell at \$5.00 per share on merit. We will not offer it much longer.

If you want it send your order and we will do our best for you.

This map was filed with the Provincial Government

In the original prospectus and sworn to by the directors.

The Company own 120 acres of mining lands, have seventeen veins from 3 to 18 inches uncovered, are sinking two shafts; two more to be started at once; have a low capitalization; \$150,000 still in treasury; will be handled on Boston and New York curb shortly, giving a good market for sale or purchase at any time.

BANK INVESTIGATION
Continued From Page 11.

my business," explained the witness, who disclaimed having had any positive knowledge that things were wrong. He had simply drawn conclusions.

Mr. Pope was examined about sums remitted to New York in the absence of McGill. He said the manager had given him instructions to do so, and that the sums ranged from \$500 to \$10,000. These were sent to the brokers.

Mr. Corley: In whose credit?

"In some cases to the account of the Ontario Bank; in some cases to that of C. McGill."

It was incidentally drawn forth that the general manager's address at Saratoga was the Union Hotel.

"That isn't a Sunday school convention town," commented the crown attorney sagely.

For the benefit of the court, Mr. Pope reassured that the directors were "much surprised." Their view was that they couldn't be charged without knowing more than they did. It was decided that nothing should be done till the president returned, and that the general manager should not be spoken to in the meantime. He understood, however, that a request was made of Mr. McGill that he submit the books.

Mr. Pope said he had not refused to remit further sums to New York in McGill's absence. He thought about \$1000 had been sent.

Mr. McKay Not Informed.

On the important point of the date upon which the hurry-up meeting of directors was called the witness wasn't precisely sure, but thought it was Sept. 1.

"It was agreed we had to sing the statement or the facts would become known to the public before arrangements could be made," said Mr. Pope of the preparation of the government report for August. It was got ready about Sept. 10, and Mr. McKay was asked to sign it, but was not enlightened as to the suspicion entertained because he "was too old to be told of it."

"Did he know it was false?"

"No; most certainly not," asseverated the witness with marked emphasis.

He intimated that Mr. McKay's weight of years had brought mental feebleness so that he would sign statements without questioning their nature.

The court asked why \$516,000 had been written off on Sept. 10, and whether McGill said anything about it at the time. Mr. Pope didn't think so afterwards, but were dated back to Sept. 10.

"Did the directors know that large losses had been made?"

"No, sir," said Mr. Pope, who reported to the magistrate that Mr. Mc-

Suckling & Co.

Liberal terms.

TEMISKAMING AND NORTHERN ONTARIO RAILWAY COMMISSION

TENDERS FOR MINING LEASES

Sealed tenders, addressed to the undersigned, and endorsed "Tender for Mining Lease," will be received at the office of the Commission, 25 Toronto-street, Toronto, up to twelve o'clock noon on Wednesday, the nineteenth day of December, 1900, for mining leases for 999 years of the following portions of the right-of-way of the Temiskaming and Northern Ontario Railway:

PARCEL 1.—That portion of the right-of-way lying between Mileage 90 and Mileage 95.

PARCEL 2.—That portion of the right-of-way lying between Mileage 95 and the southerly limit of the lands described in respect of each parcel, may be examined at the office of the undersigned, at the office of the Temiskaming and Northern Ontario Railway, being Mileage 101.

PARCEL 3.—That portion of the right-of-way lying between the northerly limit of the lands mentioned in the said lease to the Right-of-Way Mining Company, Limited, being Mileage 101 to Mileage 108.

PARCEL 4.—That portion of the right-of-way lying between the northerly limit of the lands mentioned in the said lease to the Right-of-Way Mining Company, Limited, being Mileage 108 to Mileage 115.

Forms of tender and of proposed leases (reserving a rental of \$1 per annum, plus 25 per cent. of the gross value at the mouth of the mine of all ore mined), and full information, and plans showing location in respect of each parcel, may be examined at the said Toronto-office of the Commission.

The tenders must be made on the forms supplied by the Commission for the purpose, and signed with the actual signature of the tenderer, and must be accompanied by the actual cash deposit of \$1000, which shall be held by the Commission, and shall be returned to the tenderer in full, if the tender is not accepted, and shall be applied to the purchase of the lease, if the tender is accepted.

In the case of each parcel, the party whose tender is accepted will be required to promptly execute a lease in form satisfactory to the commission, failing which his deposit will be absolutely forfeited to the Commission.

The cheques sent in by unsuccessful tenderers will be returned to them.

An accepted tender does not bind itself to accept the highest or any tender.

H. W. PEARSON, Secretary-Treasurer.

Toronto, 16th November, 1900.

Papers inserting this advertisement without authority will not be paid for same.

EMERSON'S NOTICE TO CREDITORS

Notice is hereby given that the said Emerson, Charles, late of the County of York, in the County of York, married woman, deceased.

Notice is hereby given, pursuant to Section 38 of Chapter 129, R. S. O., 1897, that all persons having claims against the estate of the said Charles Emerson, deceased, who died on or about the 28th day of July, 1900, are required to send, by post, prepaid, or deliver, to the undersigned, the Administrator of the estate of the said Charles Emerson, deceased, a statement of their claims, and the nature of the securities, if any, held by them, and after the third day of December, 1900, the Administrator will proceed to distribute the assets of the estate of the said Charles Emerson, deceased, having regard only to the claims of which he shall then have notice.

Dated this 15th day of November, A. D. 1900.

ALLAN CASSELL & DEVEREAUX, Solicitors for the said Administrator.

MORTGAGE SALE

Under and by virtue of the powers contained in a certain mortgage, which will be produced at the time of sale, there will be offered for sale, by public auction, by the undersigned, at 87-89 King-street east, in the City of Toronto, on Saturday, the 24th day of November, 1900, at the hour of 11 o'clock in the forenoon, the following property, namely:

All and singular those certain parcels or lots of land and premises situate, lying and being in the City of Toronto aforesaid, and which may be more particularly described as follows, that is to say:

Lot No. 3, on the north side of Allcock-street, in the City of Toronto, as shown on the plan of the said lot No. 3, registered in the Registry Office for the City of Toronto as Plan No. 4, and the easterly part of lot No. 4, on the north side of Allcock-street, as shown on said Plan No. 4, that portion of the said lot No. 4 being described as follows: Commencing at the southerly angle of said lot No. 4, thence along the north limit of the said lot No. 4, thence northerly and parallel to the easterly limit of lot No. 4 to the northerly limit thereof, thence easterly along the northerly limit of lot No. 4 one foot to the northeast angle of said lot, thence southerly along the easterly limit of said lot No. 4 to the northerly limit of Allcock-street, and the place of beginning.

There is also to be erected on the lands a three-story solid brick building, which is to be erected on the lot No. 3. The property will be sold subject to two mortgages, one for \$10,000 and interest, and the other for \$5,000 and interest, which there is said to be due \$4000 and interest.

Terms of Sale: Thirty per cent. cash at time of sale, balance within ten days.

For further particulars apply to Norman G. Boyd, 36 York-street, or his solicitor, Lewis Charles Smith, 15 Toronto-street, City of Toronto, or to

CLAUDE HENDERSON, 87-89 King East. Dated Nov. 3, 1900. 600

NOTICE TO CREDITORS

All creditors and others having claims against Joseph Phillips, carrying on business as The National Publishing Company, or against The National Publishing Company, are required to send, by post, prepaid, or deliver, to the undersigned, the Administrator of the estate of the said Joseph Phillips, deceased, a statement of their claims, and the nature of the securities, if any, held by them, and after the third day of December, 1900, the Administrator will proceed to distribute the assets of the estate of the said Joseph Phillips, deceased, having regard only to the claims of which he shall then have notice.

Dated this 15th day of November, A. D. 1900.

ALLAN CASSELL & DEVEREAUX, Solicitors for the said Administrator.

ADMINISTRATOR'S NOTICE TO CREDITORS

Notice is hereby given, pursuant to the Revised Statutes of Ontario, 1897, Chapter 129, Section 38, that all persons having claims against the estate of James J. Wilson, late of the County of York, in the County of York, deceased, who died on or about the 28th day of July, 1900, are required to send, by post, prepaid, or deliver, to the undersigned, the Administrator of the estate of the said James J. Wilson, deceased, a statement of their claims, and the nature of the securities, if any, held by them, and after the third day of December, 1900, the Administrator will proceed to distribute the assets of the estate of the said James J. Wilson, deceased, having regard only to the claims of which he shall then have notice, and the said Administrator will not be liable for the claims of which he shall not have notice at the time of such distribution.

Dated this 8th day of November, 1900.

JOHN F. KELLY, Administrator.

Catarrah is not a Luxury OR A NECESSITY.

Catarrah makes a man ridiculous—it makes him dangerous and sick. It is pretty sure to lead to consumption, pneumonia or at least a throat affection. You cannot afford either, but you can afford the cure for it. It is Dr. Agnew's Catarrh Powder. It relieves a cold or catarrah, or cures a headache in 10 minutes. Don't hawk and squawk to your friends, but cure yourself by the use of this remedy.

Dr. Agnew's Ointment relieves eczema in a day. 35c.

THREW THE LOAD AWAY, BUT WAS COLLARED WITH THE TEAM.

John Reed is a farmer. He was driving into Toronto yesterday with a load of grain and stopped at Islington for a few minutes.

While he was away from the wagon a man who gives his name as Jerry Kelly, a well-dressed man, came down the street and annexed the rig. He started for the city, and on the way amused himself by throwing the grain overboard. Reed borrowed a horse and started in pursuit. He overhauled his man, and County Constable Scott took him in charge. Kelly was locked up at Toronto Junction.

RAN OFF WITH LOAD OF GRAIN

The design has been published of the coat of arms so graciously granted by His Majesty the King to the Province of Saskatchewan. It is beautiful and so appropriately designed. On the top of the picture is a red lion, so designed as to look at first glance like a prairie fire. The twists in his tail are made to resemble the Souris River, and his right paw reaches out with claws extended like the great railway corporations. Our chief industry, grain growing, is represented on the lower part of the shield by three sheaves of grain tied with baby nappies to show that grain growing is still in its infancy. The whole picture is spattered over with imitation of typhoid fever germs. What the devil the thing as a whole stands for is hard to tell, but it is intended to adorn the top of government stationery, and members of the legislature will write to their relations in Ontario on paper bearing the wonderful adornment.—Estevan Mercury.

BURIED UNDER MASS OF ROCK.

New York, Nov. 16.—Following a moment later the explosion of a blast in the Mahattan end of the Pennsylvania Railroad's East River tunnel today, tons of sand and rock tumbled down, filling an excavation which had been hastily vacated by a gang of workmen. One man, a "healing boss," had missed his footing and falling to the bottom of the pit, was buried by the mass.

Hours afterward the body was recovered.

NOTICE IS HEREBY GIVEN THAT

Notice is hereby given that the said Smith & Frame of the City of Toronto, Electricians, have made an assignment under R.S.O., 1897, Chap. 137, and amending acts of their estate, credits and effects to the undersigned, for the general benefit of their creditors, and a meeting of creditors will be held at the office of the undersigned, at the City of Toronto, Thursday, November 22nd, at the hour of 2 o'clock in the afternoon, to receive a statement for the ordering of affairs of the estate generally, and creditors are requested to file their claims with the assignee on or before said date.

Notice is further given that after the 20th day of November next the assignee will distribute the assets of the debtors amongst the parties entitled thereto, and he will not be responsible for the assets, or any part thereof, so distributed, to any person whose claim he shall not have had notice.

WILLIAM C. BULLOCK, Assignee, 33 Toronto-street, Toronto.

NOTICE TO CREDITORS

Notice is hereby given, pursuant to R. S. O., 1897, Chap. 129, Sec. 38, and amending acts, that all persons having claims against the estate of the said Catherine Mulhally, who died on March 16th, 1900, are required to send, by post, prepaid, or deliver, to the undersigned, the Administrator of the estate of the said Catherine Mulhally, deceased, a statement of their claims, and the nature of the securities, if any, held by them, and after the third day of December, 1900, the Administrator will proceed to distribute the assets of the estate of the said Catherine Mulhally, deceased, having regard only to the claims of which he shall then have notice.

Dated this 10th day of November, 1900.

H. E. SAMPTON, Owen Sound, Ont.

ELATED POLICE OVER A YEAR.

Buffalo, N.Y., Nov. 16.—Francis E. Marrin, one of the principal figures in the Storey Cotton Co. failure in Philadelphia, in 1900, was arrested here tonight in the lobby of the Genesee Hotel.

Marrin disappeared from Philadelphia on March 17, 1900, when the post-office department raided the Storey Cotton Co., and since then he has been in Europe. He came back to America but a few weeks ago.

FATHER OF 34 DEAD AT 65.

Boston, Nov. 16.—(Special.)—Seventy-five per cent. of the business houses of Ottawa have agreed in favor of early closing.

NOTICE TO CREDITORS

Notice is hereby given, pursuant to Section 38 of Chapter 129, R. S. O., 1897, that all persons having claims against the estate of the said Charles Patrick Graham, late of the County of York, in the County of York, deceased, who died on or about the 28th day of July, 1900, are required to send, by post, prepaid, or deliver, to the undersigned, the Administrator of the estate of the said Charles Patrick Graham, deceased, a statement of their claims, and the nature of the securities, if any, held by them, and after the third day of December, 1900, the Administrator will proceed to distribute the assets of the estate of the said Charles Patrick Graham, deceased, having regard only to the claims of which he shall then have notice, and the said Administrator will not be liable for the claims of which he shall not have notice at the time of such distribution.

Dated, 7th October, 1900.

HEARN & BLATTERY, 46 King-street West, Toronto.

COBALT --- O'Brien and McCormick Properties Find New Owners---COBALT

NEW FEATURE ADDED TO THE MINING MARKET

Green-Meehan Included in the List of Quotations - Cobalters Are All Active.

The volume of transactions in the mining market today was greater than any previous day since the opening of the market. Heavy transactions occurred in the favorite stocks, and the business would have been much heavier if the New York curb had been dulled by the buoyancy of the Wall-street stocks. The features of the market were the demand for the Green-Meehan among the list of stocks quoted. The latter stock is in hands of some of the strongest local financiers and a big future market is predicted for it. The stock sold today at 100, but the offerings around that price were very limited. Silver Leaf was in heavy demand today, but a big market for the stock is predicted in Boston where the controlling interests reside. The price advanced over three points here, but scarcely kept pace with the quotations at Boston. Trethewey, Foster and Silver Queen were firm early in the day, but profit-taking from those cautious of getting into more recent issues caused a small reaction towards the close. Peterson Lake recovered from yesterday's overnight and sold at 28, but yesterday's low price of 30. Red Rock was operated by inside interests, and the attention of the market is being paid by outside investors. The liquidation of Foster was easily absorbed, and the decline there was a market-making operation. The re-selling in Silver Queen was attributed to disappointed investors, but an announcement of dividend has not yet been made. The market at the close showed no loss of tone, although some prices were not the best for the day.

Another Dividend for Hudson Bay.

The largest and final dividend for the present on the Temiskaming & Hudson Bay property was declared on Wednesday. The present dividend declaration is at the rate of 4500 per cent. of \$45 on each dollar of stock outstanding. The dividend has now been paid to the extent of 3200 per cent. to Hudson Bay shareholders, and that will now have to be paid to them. This fulfils the motto for the time being. The total of dividends paid to the Hudson Bay shareholders is about \$2,000,000, and is part of proceeds of the Silver Queen mine.

Want Control of Trethewey.

C. C. McCullough leaves at the end of this week for New York in connection with the Trethewey property. Mr. McCullough has been importuned by Americans to sell considerable of the Trethewey stock to them, but as the whole of the capital was underwritten by Canadians, all requests have been refused. Falling in the attempts to get in on the original underwriting, New York capitalists are now anxious to secure control of the company, and are preparing to buy handsomely for the privilege. It is doubtful whether control can now be obtained, but Mr. McCullough's mission to New York is to look into the matter.

Advances With Each Turnover.

The way Cobalt properties are being turned over at advances is illustrated by the Mack claim. The property was sold at \$100,000, and with two succeeding transfers, the price has now reached \$275,000. The price is being advanced by bidding for the property, and the price will likely be very much higher before the proposition is available to public subscription.

Are Not Out to Sell.

New York, Nov. 16.—Replying to a bulletin from Pittsburgh, in which it was made to appear that the properties of the Cobalt Consolidated Mining Company had been sold to a wealthy Toronto syndicate, a local representative of the company said that while negotiations looking to a deal were in progress, they had not been consummated.

Exploration Company.

New York Commercial: The United Cobalt Exploration Company, with a capital stock of \$10,000,000, divided into 1,000,000 shares of \$10 each, is offering for sale 5,000,000 shares for subscription at par. Grant Hugh Brown is the syndicate manager.

The Two Options on Silver Leaf.

The announcement of the sale of the Silver Leaf property had a strong influence on investment sentiment in the stock in today's market, blocks of the shares changing hands at about a three-point advance. The stock was also in keen demand at Boston and New York. The issue is now viewed as a Boston proposition, and as this is the first Cobalt to be owned in that locality, very high figures are being predicted for the shares from the demand that will result from this sentiment. Translated today that a prominent Toronto capitalist holds the same option on the control of the stock as do the Boston people, but the local financier's claim is only good should the American payment be made. A full payment, which has to be made by noon on Saturday, the Toronto party is hoping that the deal will fall thru, but his wishes have not the slightest chance

of being gratified. It is being argued that the Silver Leaf is equal in value to Lawson, which it adjoins, and for which \$2,000,000 has been offered. On such a basis of calculation the shares of Silver Leaf would be easily worth double of the present selling price.

Torontonians Buy the McCormick.

Cobalt Silver Mining Company has changed hands. Captain Sharpe of Uxbridge, managing director, was in the city yesterday and put the deal thru to the handsome advantage of the shareholders. The company was incorporated Dec. 15, 1905, with a capital of \$200,000. It possesses 172 acres, 92 of which are in Coleman Township, in the Groulx Lake area. Some 17 tracts have been opened up, and the mine is considered one of the best in the non-shipping class. It is understood that Mr. Fox of Ross, the well-known broker, represents the purchasing parties.

New York Curb.

Charles Head & Co. report the close and transactions on Cobalt and other mining stocks at New York curb to-day as follows: Silver Queen closed 3 1/2, high 4, low 3 1/4; Foster closed 2 1/2, high 3, low 2 1/4; Peterson Lake closed 28, high 30, low 27; Red Rock closed 3 1/2, high 4, low 3 1/4; Trethewey closed 30 to 30 1/2; McKimley closed 3 1/2, high 4, low 3 1/4; Nipissing closed 30 to 30 1/2; Colonial Silver closed 5 to 5 1/4; New Trethewey closed 2 to 2 1/4, high and low 2 1/4; 1000 Trethewey closed 10 1/4 to 10 3/4; Cumberland closed 12 1/2 to 12 3/4, high 13, low 12 1/2; 500; Granby closed 13 1/2 to 13 3/4; United Copper closed 7 1/4 to 7 3/4; Furusac closed 4 1/4.

Wills & Company
(WEEKLY BULLETIN.)

Toronto, Nov. 17, 1906.

The past week has been one of great activity in both the share market and the purchase and sale of properties in the Cobalt district. The investing public are partially beginning to realize the great value of this wonderful district, and to that end they are now purchasing in a cautious way shares in the various mining companies that show any likelihood of being dividend-payers. There are a great number of these in this camp, and also a great number of "wildcats."

If you will take your broker's advice and deal only with reputable brokers, you will make no mistake in buying into this camp. You must beware of British Columbia stocks that are being offered in guise of Cobalt securities. Also be careful of any smelting propositions that are offered. We have warned you before in the past, smelters, and take this opportunity to warn you again. Smelting propositions that are a success will not offer any stock to the public, if it is too good a thing, as there is no speculative venture about it. You might have an opportunity of purchasing some of the best producing properties in the camp, and should be quite sure in the past prices as Buffalo, McKimley-Darragh, Silver Queen and others.

BEAVER in litigation, not worth the money, if there was no litigation. The shareholders of the Trethewey Company ratified their change of par value of shares from \$5 to \$1. This has been quite active in the past week, and has advanced materially, now selling around \$10.

RED ROCK could not be sold at any price a month ago. Now it is selling at \$28 to \$30. May go a little lower, but is certainly a good purchase. **MCKIMLEY-DARRAGH**—This is coming down, and will drop some further. The property does not justify the price, it sold as high as \$4.00 and is now \$3.45.

SILVER QUEEN up to \$3.50, now around \$2.80. A good purchase.

THE WORLD'S WONDER-CAMP

is located at Manhattan, Nevada. Although barely nine months old, the amazing values shown and the wonderful areas of rich ore already blocked out have astonished mining experts everywhere and brought a rush of investors that has been almost without precedent.

The cream of this great district is owned by

The Manhattan Nevada Gold Mines Company

whose holdings include eight full claims, and a number of valuable leases. Five months ago the stock of this Company was placed on the market at 12 1/2 cents per share. The price has steadily advanced because of the wonderfully fine showing made and still further advances may be looked for at an early date.

A limited amount of the treasury stock is now offered at

30 CENTS PER SHARE

The sales of stock of Manhattan Nevada have been extremely heavy, and prospective customers are warned that the present allotment is limited.

Every share of stock is protected fully by our \$3,000,000 Trust or Guaranty Fund. Investors, therefore, have the opportunity to make immense profits on an absolutely safe investment.

Forward your order at once and get the benefit of the 30-cent price.

MINING STOCKS

There are no investments which require more careful selection than Mining Shares. The services of an expert's advice more often than not means the difference between a loss and a profit. The Canadian Mining News Depot has correspondents in every mining camp in Canada and a special representative at Cobalt. We are prepared to furnish reliable and confidential information on any stock or company for the fee of \$2.00. Engineers' special reports on any district or property also contracted for. Prospectuses prepared. Information furnished upon mining laws and details of company promotion explained.

World Office, Friday Evening, Nov. 16.

Quietness prevailed in the Toronto stock market today. The usual sections of the Coal-Steel fight had no marked influence on either the market generally or the specific issues involved. Prices generally held the list were unchanged, and there was almost an entire absence of speculative operations. The limited amount of offerings continues to sustain prices, as in very few instances do they outweigh the buying power. The action of the New York market is a factor entirely without influence, and no attempt is being made to bring about a response to the buoyancy in evidence on the bigger exchange. Much more freedom is reported in the money market, but the Cobalt issues absorb about all the speculation that is left among local traders. A dragging dulness ensued on the exchange through the whole day and the close was absolutely spiritless.

Ednis & Stoppard report the close on:

Lake Superior, 16 bid, 17 asked
Lake Superior Bonds, 64 bid, 66 asked.

Indications are that money rates will be fairly easy between now and the end of the month.

Rapid Transit commission orders Interboro to operate service as far as 157th street.

Federal government asks court to dissolve Standard Oil Company.

Good demand for New York Central in loan curd and some inquiry for St. Paul.

Interboro surplus for last year \$361,657.

Brooklyn Union Gas again passes its dividend.

New York Central found guilty of rebating by U.S. circuit court.

Indications point to a return of currency from the interior. The increasing volume from now forward, with balance in New York's favor early in December.

London Copper metal advanced 5 shillings.

The U.S. Steel Corporation has advanced the price of steel bars and bar products \$2 a ton.

U.S. Steel-Net earnings for November are estimated at \$15,000,000. This would make, with the estimated October earnings of \$14,500,000, a total of \$29,500,000 for these two months, against \$27,227,211 in the corresponding period of 1905, and \$14,907,621 in 1904.

Joseph says: London, Rock Island feature. The apathy of the outside public hardly be explained. Nevertheless the trend of the speculation is upward and upward. Keep long of the low-priced issues. There will be a strong bull tip in notes on the long side of Rock Island and M.K. & N. common. Buy them. It is insisted that Hamilton has secured position of solvent Smith's St. Paul, paying \$250 per share for the stock. St. Paul is a buy on little dips. Speculation: Buy Union Pacific and Southern Pacific. Buy National Biscuit and Distillers.

Discussing the phenomenal rise in Hudson Bay shares in London, the New York Journal says: London is again appearing excited, trading in Hudson Bay stock at \$500—the par value is \$300—is reminiscent of the Corporation's episode. The shares of a South African gold flotation soured to \$12,500 per share. To-day they are worth what they were in 1905. The stock of Jefferson M. Levy predicts \$750 for Hudson Bay. Carl Hansen of Coronation syndicate has not yet returned to Montreal to what his stock might rise to.

New York, Nov. 16.—We continue comparatively bullish on the stock market but would not buy on the bulges. To-day will witness professional opposition to the improvement, owing to the expectation of a money rate in the carry-over to Monday, and the somewhat dubious outlook for the bank statement to-morrow.

We regard U.S. Steel, Union Pacific, A.C.P., S.P., L. & N., and Atchafalaya among the best purchases. We would take them on any reaction. A strong bull tip is noted on Rock Island. Philadelphia tips Reading, but it must first take the 147 to 148 opening stock. B. & O. has been selected for investment. In fact all the Harrison issues have been exceptionally well taken. Further realising of the time for the market but it may still be bought for turns when reactionary. —Financial News.

New York, Nov. 16.—J. J. Hill, who arrived in town to-day, was present at a meeting of the executive committee of the Northern Pacific, which was in session about an hour and a half. After the meeting it was stated officially that only two matters were considered and that Mr. Hill did not come to town especially to attend the meeting. It is intimated that within the next few days there will be important developments in connection with the plans that have been under way for some time to give the Great Northern a large bonus in connection with the one deal made with the U.S. Steel Corporation.

While the price movement in Reading to-day has been very erratic, the underlying tone of the stock has been decidedly strong and on moderate recessions now being appears in large volume. We have every reason to believe that important developments are in progress here, regardless of the course of prices through the balance of the list are expected to see Reading sell very much higher during the next 30 days.

The buying in Missouri, Kansas & Texas, both common and preferred, is to a large degree for foreign account. Altho there have been considerable purchases for the control of this road, on earnings alone the Kansas & Texas stock should appreciate in market value. The September report shows an increase, net, of \$22,000 over 40 per cent.

Baltimore & Ohio was one of the exceptionally weak issues this morning, declining a point on comparatively few sales. The lack of support offered for the morning must not be taken as an indication of any failure to appreciate the value of this stock on the part of the bull investors.

cash by direct exchange from the interior of \$736,200. The banks lost to the sub-treasury \$746,000, leaving the net result of the traceable movements of money outside of the local changes virtually a stand-off.

Domestic Failures.

Dun's Mercantile Agency reports the number of failures in the Dominion during the past week, in provinces, as compared with those of previous weeks, and responding week of last year, as follows:

Province	Nov. 10-16	Nov. 3-9	Nov. 3-9, 1905
Ont.	1	2	3
Que.	1	1	2
P.E.I.	1	1	1

London	1,234,388	1,516,772	1,122,569
Calgary	1,323,662	1,122,569	—
Edmonton	847,294	1,022,436	—

Railroad Earnings.

Canadian North. Railway gross earnings for the week ending Nov. 16, 1906, \$10,100; corresponding period last year, \$137,000; increase \$56,900.

Bank of Montreal.

The annual statement of the Bank of Montreal issued to-day shows profit account of \$1,970,976, which, with balance forward of \$2,269,831, and \$1,440,980 was paid in dividends and \$1,000,000 added to rest account, leaving a balance of profit and loss carried forward of \$3,679,831.

On Wall Street.

Marshall, Spader & Co. wired J. G. Beatty at the close of the market:

In detail the strength of the market today was less confined to speculation and was more generally distributed with strong evidence that the buying was by investors. It is believed that the time is ripe for accumulations of active stocks, as well as speculative, about which news items have been published. Late Erie annual report, pending developments. To-day's trading included strength in New York Central and Erie, as well as good buying of a retail shares and Reading and the market displayed a strong tone with an advancing tendency throughout the session. The market was held in hand during the afternoon by realizing and the action of certain issues like St. Paul, which appeared to give evidence of selling pressure, based on details of recent rumors regarding its Southern Pacific affiliations.

Ednis & Stoppard wired to J. L. Mitchell:

The market to-day has broadened materially and various leading issues exhibited notable strength. Profit-taking in some stocks, which have been leading the advance, was in evidence, but on all slight recessions there was demand for everything offered and the number of buyers was in large part by outside parties pointing to cash gains in the bank statement to-morrow, the banks having added to their holdings through receipt of over \$1,000,000 from interest payments. The first movement of the kind since the week ending Aug. 2. The Wheeling & Lake Erie annual report, the M.K. & N. report for September and increased gross results of Mexican National for the first three months of 1906, with an advance in price of steel bars by the Steel Corporation were items of favorable tenor. There is strong impression that the Reading dividend will be increased at the coming meeting. United States Rubber has held firmly during the recent break in prices. The earnings power of this issue, taking an official estimate of earnings of Rubber Goods as a basis for revenue due from that source, is approximately 10 per cent. and as the General Rubber Company recently organized in interest of U.S. Rubber contemplated selling crude rubber to other manufacturers besides supplying the present concern with material at very lowest costs, the outlook is for much better returns accruing to benefit of Rubber common.

The president of American Woolen states that there is no reason for withholding a share of profits of the company from common stockholders.

The new preferred stock issue entails increase of \$700,000 in preferred requirements of the company. The company has surplus of \$10,972,847, has no bonded debt, and book value of the common stock is estimated at \$72 per share.

Gross receipts have increased every year since organization in 1860. We are in a bull market of no ordinary proportions.

This store holds its place in the fur trade by having no doubt whatever about its furs. This business is not dependent on facts furnished by manufacturing furriers — our knowledge is of the furs themselves. We avoid worry by handling only such furs as we can thoroughly recommend. In regard to

Christmas FURS

why not buy now instead of waiting for the holiday rush? It is a matter that requires good judgment and careful selection, and ought never to be hurried. All furs bought for Christmas-giving will be stored free of charge until wanted.

AND HE LOST.

Albany, N.Y., Nov. 16.—William Randolph Hearst, Independence League and Democratic candidate for governor, today certified to the secretary of state that he had spent \$256,370.22 in promoting his canvass. This was divided as follows: Independence League, \$198,870.22; Democratic state committee, \$57,500; traveling expenses, \$500.

There are not so many "frills" in the making of men's clothing to-day as there were in the "olden" days—but men are just as particular for good style—character and individuality—

Along with these indispensable qualities we put woollens of unquestionable quality—bought at the "looms" in England and Scotland by our Mr. R. J. Scare—

Make a test for yourself on specials like these—to order—

HEAVY RAIN AND CHINOOK CREATES HAVOC IN WEST

Six Persons Have Been Drowned and Two Hundred Square Miles of Territory Are Under Water.

Seattle, Wash., Nov. 16.—A heavy rainfall on Wednesday, 2.48 inches, in four hours, and a chinook wind, which melted recent fresh snows in the Cascade Mountains, coming simultaneously, are the cause of the heaviest and most disastrous floods in the history of the Puget Sound region.

The valleys of the White, Duwamish, Cedar, Green, Stuck, Black and Puyallup Rivers are under water, flooding 200 square miles of territory. This includes practically every acre of land lying back of the eastern shores of the Sound and extending from Seattle to Tacoma.

The power plant at Electric is submerged and Seattle and Tacoma are dependent on their local auxiliary stations for power to run street cars and provide electric lights. The local plants, however, have fuel enough to operate several days.

All traffic over the Northern Pacific and the Tacoma-Seattle Interurban Traction is at a standstill. A week will be required to repair the damage to the road, after the water subsides. These low lands are thickly occupied by small towns, hop fields and dairy farms. The damage done to fields and herds will run into hundreds of thousands. Seattle's milk supply comes from them, so this city will be without milk for days.

Six Drowned.
Six persons have been drowned. To the north, the Skagit, the largest river in the state, is on the rampage and railroad traffic in that direction is also at a standstill. The greatest loss, by the streams to the north has been done to the lumbering interests, where millions of feet of logs and shingle bolts have been carried into the Sound and out to sea.

High tides, combined with the floods, have converted all the river deltas, which are great tracts of fertile farms, into muddy torrents. Hundreds of farm houses and villages are submerged to the second storeys and many people are homeless.

The loss to the Northern Pacific alone will run nearly \$150,000 and the total loss in the district will run to a half million. The drowned are:

D. W. Kellner, drowned Sunday near Auburn; two unknown men, employed as log-runners at Bloomhucets Camp, about a mile and a quarter south, on the Green River; J. C. Viles, drowned in the White River, east of Orilla; Patrick Cullane, drowned in the White River, east of Orilla; Patrick Costello, missing, between Bellevue and Seattle, where he was believed to have met his death at some point north of that place.

Worst Over.
No rain has fallen in the flood district since an early hour on Thursday morning and while in some places the overflooded territory is as deeply covered with water as at any time since the freshet started, the feeling throughout the valleys to-day in general is that the worst is over and that if conditions which now prevail continue for another 12 hours, all further danger will have passed. From up-river points that is to the southward of Auburn along Green and Stuck Rivers, some reports from the streams are optimistic, but north of here in the lower country adverse advices are still to be received.

"NIPISSING" INTERESTS GET CONTROL OF O'BRIEN

Important Mining Transaction Which Seems to Have Been Consummated.

Something is doing in the O'Brien properties of Cobalt.

E. P. Earle, president of the Nipissing Mines Company, and W. B. Thompson, board member of Hayden, Stone & Co., of New York, both heavily interested in Cobalt, were at the King Edward yesterday for a few hours, leaving for New York again at 5 p.m.

Messrs. Ferland & Russell of the Joint O'Brien and J. E. O'Brien of the O'Brien mine, were also in the city and at the King Edward.

Messrs. Thompson and Earle were closeted for hours with somebody interested in the O'Brien properties, and David Fasken was present as counsel. To Mr. Fasken is given the credit for ending the litigation over the O'Brien properties, and his recent visit to New York was in connection with the assumed transfer of the properties.

It is surmised, owing to the departure of Messrs. Thompson and Earle for New York last night, that the O'Brien interests have been taken over by the Nipissing people, that the Canadian participants in the deal will be the same as those represented in the Nipissing, and that mining operations on the O'Brien will be pushed with renewed vigor.

It is expected that Messrs. Thompson and Earle, with others of their associates, will return to Toronto early next week, and that new enthusiasm will be spread among Cobalt stocks.

She Was Wild With Pain.

From Willow Creek, Ont., Miss E. Dineen writes: "A few years ago I was drenched with rain and got lumbago; it was like a steel rod piercing my back. I also had earache and was just wild with pain. I applied bating soaked with Nerviline to my ear and rubbed on Nerviline for the lumbago. That rubbing relieved and in a few hours I was well. No other ailment could do this." It's the penetrating power of Nerviline that makes it superior to all other liniments. Nothing beats it. 25c. at all dealers.

Fatally Hurt in Hunt.
Ingersoll, Nov. 16.—(Special.)—Word was received here to-day that Henry Herron of Avon, a short distance from here, who was injured while hunting deer near Burk's Falls, was not likely to recover. Mr. Herron belonged to the Black Creek Hunting Club, of which several Ingersoll men are members.

SUITS

Can you always tell when you are getting an all-wool, well tailored suit? Isn't it worth a good deal to you to know that what you are buying is all it is claimed to be? The only way to know that, is to know you are buying in a straightforward store. Our reputation for quality is a guarantee.

HYMAN CASE DISCUSSED MUST RESIGN, SAY M.P.'S

Belief is That Premier Will Waste No Time Over Him.

Ottawa, Nov. 16.—(Special.)—Members of parliament have begun to arrive in the city, and the talk of the hour among them is the position of the Hon. Charles Hyman as regards the premier.

It seems to be the consensus of opinion that the minister of public works must resign both his seat and his portfolio.

It is said that only a convenient opportunity will be awaited, but that Sir Wilfrid Laurier, who has dispensed with the services of such strong men as Sifton, Tarte and Blair, will waste no time over Mr. Hyman.

GIRL SMOTHERED BY GAS PARENTS MAY NOT LIVE

Two Sons Did Not Realize Condition of Stricken Ones Till Late in Afternoon.

Deseronto, Nov. 16.—Gas escaping during the night was the cause of death by suffocation of the only daughter of Mr. and Mrs. Jack Wright of this town.

The family, consisting of Mr. and Mrs. Wright, two sons and one daughter, aged about 21, retired as usual last night, the two sons sleeping in the upper flat. This morning the boys were around the house but appeared to be dazed thru inhaling the gas, and it was 3 o'clock this afternoon before they recovered sufficiently to realize the condition of the rest of the family.

A doctor was immediately summoned, but when he arrived he found the daughter had been dead for some time; the father and mother are now in a very serious condition, with but slight hopes of their recovery. An inquest will be held.

CRUSHED IN BRICK MACHINE.

Brantford, Nov. 16.—(Special.)—Edward Gains, colored, was killed this afternoon instantly while working on a brick pressing machine in the Brantford Brick Company's yards. The man climbed up the machine in order to see how many forms there were still to be pressed, and fell, his head being crushed between a lever and a support on the machine. No one saw the man fall. He was found very shortly afterwards and was dead.

SURELY THIS IS NOT SO M.L.A.'S WORD FOR IT

Dr. Jessop Says Cabinet Ministers Are Personally Interested.

St. Catharines, Nov. 16.—(Special.)—Dr. Jessop, M.L.A., made rather an important statement at the smoker of the Riondon Hose Company of Merriport on Wednesday night.

Chief Dick Clark of the village fire department, and first president of the Ontario Volunteer Firemen's Association, referred to the efforts of the association to secure government support for a bill requiring the insurance companies to pay a percentage of their receipts to the support of the organization, and then the time came for the Conservative M.L.A. to speak.

Dr. Jessop said the bill had been introduced by Mr. Fraser, passed its first reading, and was then withdrawn, for the reason that almost every member of the cabinet was connected with the insurance companies of the province, and consequently it was not to their interest to get it thru.

Dr. Jessop thought Dr. Jessop must have made a mistake. Surely those gentlemen (the "Whitney cabinet") felt it more incumbent upon them, to serve the electors.

WAITRESSES GET FORTUNE.

Seven Million Dollars Left by Relative 57 Years Ago.

Wellesley, Mass., Nov. 16.—Agnis Quirk, the pretty pantry maid at Pomeroy Hall, and her sister, Florence, a waitress at Cazenove Hall, have just learned that they are heirs to \$7,000,000 left in Scotland fifty-seven years ago by Kennedy McLean, a distant relative.

The fortune would have reverted to the crown if not claimed within the next three years, and the sisters learned of their good luck just in time. They are not carried away by their good fortune, but are retaining their positions until they learn definitely that the money awaits their coming, and they will then journey to Scotland.

The girls declare they will live simply and try to do good with the fortune.

CANADIAN MOTOR CARS.

Following is an extract from a report of D. H. Ross, Canadian commercial agent for Victoria, South Australia, West Australia and Tasmania, Sept. 22, 1906:

"Canadian motor cars were exhibited this month at the Royal Agricultural Shows in both Melbourne and Adelaide. The models exhibited were the luxurious touring class, which are so popular in countries of immense distances such as Australia. The cars are fully equipped, of splendid appearance and distinctly high-grade in every respect. Orders have already been taken for a number of cars, but for the moment, the proposed Commonwealth preferential duty of 20 per cent, on cars made in Great Britain, as against 30 per cent, has precluded the completion of several contracts."
