ROUMANIANS REPULSE GERMANS IN TRANSYLVANIA

ITALIANS PRESS ON TO ATTACK ENEMY AGAIN

Ally's Troops Carry Positions Between Austrians' First and Second Lines.

GAIN TOWARD TRENT

Counter-Drives of Foe End in Total Failure Everywhere.

Special Cable to The Toronto World.
London, Oct. 15.—On the third day of their big offensive the Italians made considerable progress on the Carso Plateau, capturing ground between the first and the second line of the enemy and they captured strong Austrian positions between Sette Croci and Monte Rotte in the Pustulja region of the Trentino, it was announced by the war office at Rome today.

The fighting was violent on the Julian front. The artillery action raged with great intensity and the Austrians again strove to regain their captured trenches, especially at Sober, near Gorizia, and at points south of Novovilla and towards Peak 144 on the Carso. These efforts were all defeated.

After this fighting the Italians pressed forward to further assaults, and they advanced their front to the western slopes of Monte Pecinka and the first houses of Lovizza and Hudilic, taking 400 prisoners.

Japanese Liner Goes Ashore While on Way to Seattle

Seattle, Wash., Oct. 13.—The Osaka Eshosha Kaisha liner Panama Maru, inward bound for Seattle from the Orient, went ashore on Thompson's Spit, one and one-half miles from Diamond Point quarantine station, near Port Townsend, in a dense fog early tonight.

Mexico City, Oct. 13.—Emilio Orozco, of the Zapata forces, who has caused much trouble in the state of Mexico, was captured in the nearby hills today with 12 of his men. They were summarily shot.

German Aeroplane is Seized on Landing in Switzerland

Berne, via Paris, Oct. 13.—A German aeroplane which landed near Solothurn because of lack of gasoline was seized by the police, and the machine and aviator were interned. Another German aeroplane came down on Swiss territory last night near Lake Constance, but succeeded in escaping over the lake to German territory.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

DAY by day, after the long winter of preparation behind their lines, and of stonewalling on their front, the allies are pressing forward somewhere or other, and they are making changes in the war map that Imperial German Chancellor Von Bethmann-Hollweg has on his table. When they have modified it to their satisfaction they will present it to the chancellor as a basis for concluding peace, and they will not take any evasions or equivocations from him, or for an answer. Before Verdun the French are now firing 100 shells to every one fired by the Germans. On the Picardy battlefield the British fired five million shells in August, with their factories working at only one-third of their output, and so far in October, foggy weather has precluded that sustained intensity of fire, an immense accumulation of projectiles is being made, so that when they reopen the drum fire in preparation for an advance, the volume of their bombardment will exceed all past experiences.

The latest advance of the British forces in Picardy was on a front of a mile and one-half, extending from a point north of Gueudecourt to a point north of Les Boeufs, taking 150 prisoners. This action drew considerable hostile shelling on those two points. The British army now occupies a valley in front of a small ridge, which the Germans are defending before Bapaume, and progress has to be

BRITISH CARRY RIDGE LOOKING OVER BAPAUME

General Haig Now Makes Direct Push for Important Town.

LE TRANSLOY NEXT

Record Number of Raids Proceed in Ypres-Armentieres Sector.

By ARTHUR S. DRAPER.
Special Cable to The Toronto World.

London, Oct. 13.—With the heights overlooking Bapaume firmly in their grip, the British are making a direct push for the town. The ridge which blocked the way to the Bapaume approaches has been surmounted at several points, and also severe fighting will come before the town is won, many obstacles have been cleared.

Advancing northwest of Gueudecourt and between Gueudecourt and Les Boeufs, Haig's troops are now ready to begin the attack on Le Transloy, the sole fortification that separates the British from the Bethune road. This village is very heavily fortified, but the possession of the low heights to the west lightens the task considerably.

Record French Raids.

A record number of trench raids—fourteen in all—have been made in the Ypres and Armentieres sectors. Advances from the front state that these enterprises, carried on constantly during the night, are demoralizing the German nerve in equal degree with intense bombardment.

The greatest allied effort is being made where the line swings southward near the Peronne-Bapaume road. The immediate objective of this drive is Salloy. Here the French attacked six times, but were unable to advance Berlin reports. There is no indication of such heavy fighting in the Paris statement.

Battle Still Rages.

Apparently a battle of a larger scale than that reported in the allied statements is going on along the Somme front. Berlin, for example, tells of an effort of the British and French to break their line near the Bethune road. This, the German statement says, was hurled back with heavy loss for the attackers.

But in this connection it must be recalled that Germany has been inclined to exaggerate the scale of the fighting in the west, that the holding of her ground might seem a more notable achievement. But whether fighting on a large scale is going on now or not, it is certain to be resumed before long. For the allies hold the advantage in position and shell power.

PARENTS' CONSENT NOT NEEDED IN ENLISTMENT

Chief Justice Lemieux Gives Decision in Regard to Minors.

MUST SERVE ANYWHERE

Contention Advanced by Lavergne is Declared to Be Null.

Quebec, Oct. 13.—In dismissing twelve writs of habeas corpus taken by parents of minors who enlisted without their parents' consent, Chief Justice Sir Francois Lemieux holds that a minor can only be relieved for cause of lesion alleged and proved, and that enlistment with its usual consequences—draftboards, etc., cannot cause a soldier who in legal parlance is called lesion.

The contention advanced by Armand Lavergne that enlistment in expeditionary forces to be sent outside Canada is null, the learned judge says: "The militia act (R. S. C. cap. 41, sec. 69) enacts that the governor-in-council may place the militia or any part thereof on active service anywhere in Canada, and also beyond Canada, for the defence thereof, at any time when it appears advisable so to do by reason of emergency.

On this particular point will not be amenable to repeat with the most worthy of our public men, among whom are authorities of some repute on constitutional law, that from the moment Great Britain is at war, her colonies are equally at war. The fact that the allies have captured all of Germany's colonies since the opening of hostilities is a striking case in point.

HUNDRED FRENCH SHELLS FOR ONE HUN PROJECTILE

Defender of Verdun Points to Overwhelming Superiority Attained.

Paris, Oct. 13.—Gen. Nivelle, commander of the French forces at Verdun, in talking with Walter Hale, an artist, and H. O. Beatty, director-general of the American Relief Clearing House of New York, at his headquarters during the shelling of German trenches by the French on Tuesday, remarked that the French were throwing more than 100 shells to one thrown by the Germans and that soon they will be doing better than that. The defender of Verdun said that his army had had its bitter struggles, but that now, if there should be an attack, it would be broken by the French. Beatty and Hale watched the cannonade for two hours at night from the ramparts of Verdun.

U. S. DESTROYERS SEARCH FOR SUBMARINE BASES

Atlantic Coast From Newport to Canadian Line Under Scrutiny.

Washington, Oct. 13.—Destroyers from the Atlantic fleet are making a search of the Atlantic coast from Newport to the Canadian line to investigate reports of hidden submarine bases or wireless stations. Admiral Mayo, commander of the fleet, reported to the navy department today that he had ordered the search, but did not disclose either the source of the reports on which he acted or the places where illegal radio plants or bases were said to have been discovered.

ROUMANIANS BEAT GERMAN ASSAULTS

Cavalry Repulses Six Attacks on Customs Station at Frontier.

DRIVE FOE TO RETREAT

Allies Maintain Ground in Engagement on Transylvanian Front.

Bucharest, Oct. 13, via London.—The repulse of a systematic attack at several points along the Transylvanian front is announced in today's war office statement. At the customs station of Crasna, in the Tarlang valley, to which the Roumanians retired from the Buzcov valley, the Roumanian cavalry frustrated six attacks by hostile infantry, says the statement which reads:

"North and northwest fronts: In the upper valley of the Oltuzul, west of the frontier, an enemy attack was repulsed and our cavalry has driven back in the Magyaros defile, to the west of Mitza, six attacks by enemy infantry on the customs station at Crasna.

New Method of Battling The Armed Highwayman

Special to The Toronto World.
Windsor, Oct. 13.—A new method of grappling with bad-kept-up men was tried with success by A. E. Clay, deputy superintendent of the Metropolitan Life Insurance Company here. He says it turned out that the highwayman was a money. While going along Canada avenue late last night, he said, he pulled his revolver to see if the highwayman was stepped out from behind a tree and showed a revolver in his face, and "hands up" was ordered. Clay pushed the gun aside and continued on his way. He held his hand, when he recovered from his fright, and the highwayman was arrested. The police have been furnished with a description.

Useless to Close Schools During Disease Epidemic

Special to The Toronto World.
St. Thomas, Oct. 13.—The convention of teachers of East and West Elgin which has been in session in St. Thomas for the past two days was brought to a close this evening. Dr. S. Silcox, principal of Stratford Normal School, gave an instructive address on "The Problem of Time." Dr. J. Hill, of the Institute of Public Health, London, gave a talk on "Public Health in the Schools." He stated the system of closing the schools is useless in the case of an epidemic, but that the sick children should be kept at home.

Men From Greek Fleet to Be Converted Into Army Corps

Athens, Oct. 13.—King Constantine has decided to turn the men of the navy into an army corps. The officers and crews of the ships which were delivered over to the entente allies are being formed into a regiment.

DESSERTION AND THEFT.

Special to The Toronto World.
St. Thomas, Oct. 13.—James Potts, alleged deserter from the 133rd Battalion, was today arrested at Rodney, Ont., by officers from Norfolk County. The officers found him hiding under a straw stack. Potts is also charged with breaking jail at Simcoe, where he was confined for stealing a horse and buggy.

FOE'S PROGRESS IS GIVEN CHECK BY ROUMANIANS

Falkenhayn Meets Reverses at Some Points in Transylvania

OBSTINATE RESISTANCE

Allies Given Time to Redeem Blunder Made by Bucharest.

By ARTHUR S. DRAPER.
Special Cable to The Toronto World.

London, Oct. 13.—The Roumanians have stemmed the advance of Falkenhayn's troops at some points on the Transylvanian front, but are still being rolled back at other points. The Roumanians have discovered that the best means of combating the enemy is with cavalry. King Ferdinand's horsemen, supported by Cossacks, hurled themselves against the advancing columns of Teuton six separate times in the Magyaros defile west of Mitza, and each time broke through and rolled back the enemy. The customs station at Crasna was the goal of these furious assaults, but it was still in the hands of the Roumanians when the Teutons gave up the attempt.

In the valley of the Buzcov, on the upper Oltuzul, near the western boundary, at Pradel, south of Kronstadt, and at Canel, north of the Red Tower Pass Falkenhayn's fierce attacks were broken by the sturdy resistance of the Roumanian troops and by the destructive fire of their batteries.

Checked in Sweep.
The Austro-Germans have not been checked in their forward sweep through the upper Maros Valley and in the Georgy Mountains on the northern part of the front, and they have cleared the three important valleys of the Gyergyo, Mezek and Celk in eastern Transylvania of all Roumanian forces. The gateway into Roumania are still in Roumanian hands. Everywhere the Teutons are meeting the most desperate resistance in their attempts to smash their way into the territory. This is the encouraging feature to the allies. The longer Falkenhayn's troops are prevented from pouring in thru the Alpine and Carpathian passes and invading Roumania, the more promising become the chances of the allies of redeeming the blunder, which Bucharest is acknowledged to have made in plunging recklessly into Transylvania. Russian troops and officers are being rapidly transferred from the Dobruja, and supplies and munitions are being sacrificed on other fronts in order to meet the imperative demands of the defenders of Roumania.

New Full Co-operation.
It is apparent that such moves alone will check Falkenhayn's carefully planned and engineered drive. He has shown in many ways that no amount of pressure on the Teuton lines on other battlefields will deter him from prosecuting his offensive at all costs. The danger to which Roumania is exposed has been realized by the allies in time to save Germany's newest foe from the fate of Belgium and Serbia, provided Roumanian will help work out her own salvation, according to the common plans.

The effect of the thinning out of the Roumanian lines in the Dobruja already is being felt, but not to an important extent. The Bulgars advanced today in the centre of the Dobruja front and captured the village of Nativova. Elsewhere the allied lines held firm. Constanza again was made the target for shells from enemy sea-planes, several fires being caused by the raid.

GERMAN AGENTS TRY TO KILL MAJOR BALFOUR

Unknown Motorists Shoot at Him While He Sits at Dinner.

Special to The Toronto World.
Windsor, Oct. 13.—Answered by Major T. B. Balfour's success as recruiting officer for the Canadian Dragoons at Amherstburg, German agents from Detroit, it is believed, made an attempt on his life last night by firing at him as he sat at dinner in the home of Lord Wright, farmer, of Malden road. The bullet embedded itself in the wall near where he was sitting, and Wright rushed to the door just in time to see a motor leaving the front gate. The machine carried no lights. This is the second attempt at the assassination of Major Balfour, the other being while he sat in his office at Amherstburg barracks, less than two months ago. He believes some threats to "get him" are being attempted.

Three Electric Pumps Test Capacity of Waterloo Wells

Special to The Toronto World.
Waterloo, Oct. 13.—Three electric motor pumps have been installed at the local wells and for the coming seven days these will be run all day to test the quantity of surplus water available for Kitchener. The test will prove satisfactory if \$100,000 acre to supply Kitchener from the Brudenell wells will be dropped and the city will buy the water from Waterloo.

GREEK KING IS GLOOMY IN HIS VIEW OF WAR

He Professes to Believe That Roumania Will Be Overrun.

London, Oct. 14.—"When a high diplomatic personage besought King Constantine to change his policy," says the Daily Telegraph's Athens correspondent, "the king replied: 'I prefer to lose my throne rather than endanger Greece. I am convinced that in 15 days Roumania will exist no more. If Greece went into the war then, after the conquest of Roumania, the irresistible German forces would be directed against Greece and she would share the fate of Serbia and Roumania.'"

GERMANY DEFENDS TYRANNICAL ACTS

Deportation From Occupied Territories is Legal, Says Helfferich.

A "WAR NECESSITY"

Employment of Population of Lille Held to Be Justified.

London, Oct. 13.—Dr. Helfferich, the imperial vice-chancellor, defended the German deportation from occupied territories before a committee in the reichstag, says a Reuter despatch from Amsterdam. He said the labor problem was most pressing in face of the scarcity of labor in Germany, and the government was unable to renounce labor from occupied territory. There could be no question, he said, as to the utilization of unemployed labor, even in the interest of the occupied territory themselves. Of course, international laws had been observed, but passive resistance could not be tolerated, and German action must be regarded in the light of a war necessity.

Case of Lille.
Dr. Kruger, director of the foreign office, also contended that the employment of the population of Lille was in accordance with all land war regulations. As Germany was unable to export foodstuffs thither, he said it was necessary to exploit the agricultural ground in the occupied territory, and since the municipalities could not be voluntarily induced to furnish labor, the military authorities were obliged to interfere. He asserted that there might have been unavoidable blunders, but the legality of the measures was incontestable.

FIERCE FIGHTS RAGE

Allies Maintain Heavy Pressure at Many Points Against Enemy.

Special Cable to The Toronto World.
London, Oct. 13.—After making progress north of Gueudecourt, and Les Boeufs on a mile and a half front the British spent the day in consolidating their positions and in shelling the Germans at Le Transloy and Bapaume, an important road centre. This latest stroke has given them control of the low ridge behind which the Germans had massed men and guns in order to resist the British advance.

Potato Harvest in Germany Has Proven Disappointing

Amsterdam, via London, Oct. 13.—President Von Hatzfeldt of the food regulation board, admitted in the Reichstag that the potato harvest in Germany had been disappointing, according to the Konigsberg Volksstimme, stating that the shortage was due to a lack of seed potatoes left over from last year. President Von Hatzfeldt, however, announced that the authorities were taking counsel on steps deemed necessary, and in the meantime all trade in seed potatoes would be forbidden.

GREECE YIELDS ONCE AGAIN TO ALLIES' URGING

Control of Greek Police One of Series of New Conditions.

KING'S NEW PROPOSALS

Greece to Abandon Neutrality if Integrity is Guaranteed.

London, Oct. 13.—"Admiral Du Fourmont, commander of the Anglo-French fleet," says a Reuter despatch from Athens, "yesterday addressed a supplementary note to the Greek government demanding on behalf of the allies the control of the Greek police, the prohibition of Greek citizens from carrying arms, the stopping of sendings war munitions to Thessaly and the lifting of the embargo on the transportation of Thessalian wheat. The Greek cabinet sat with the chief of the general staff until midnight, discussing the note. The council was resumed in the morning when all the demands of Admiral Du Fourmont were accepted.

"The British minister here has visited M. Zolotas, the new Greek foreign minister, whereby his entente recognizes the new cabinet."

GREEK KING PROPOSED

Athens, Oct. 10, via London, Oct. 13.—"Delayed—King Constantine motorad from Teslo, his summer residence, this evening and called and attended a meeting of the crown council, to which he presented the report of Prince Andrew, his brother, who has just returned from a visit to the king's capitals. The king discussed the terms which Greece's progress in the entente with a view to rendering neutrality should take and declared his conviction that Greece's future depended upon his joining the entente. He expressed a readiness to do so, but demanding more than a guarantee of the integrity of Greece and such material assistance in equipping the army as would be essential to Greece's participation in the war of real value to the allies.

Must Guarantee Integrity.
Discussing a telegram from M. Romanos, the Greek minister to France, on Sept. 30, reporting a conversation with Premier Briand, the sovereign pointed out that the three conditions which the French premier offered informally did not include a guarantee of integrity, and he expressed the opinion that Greece's participation in the hostilities was impossible without an official pledge to this effect from the governments of Great Britain, France, Italy and Russia.

Awaits Allies' Reply.

The monarch stated further that he was not disposed at this time to be dissatisfied with the entente, but that even upon discussing Greece's territorial aspirations, to which Premier Briand referred, but he felt that a war cabinet which formed should have a character to the majority of the country, with-out which any full mobilization would be impossible. The king asserted that in view of the probability that the entente governments would reply shortly to Greece's first tentative proposals, he did not consider it necessary for the new government to take any steps before the receipt of a reply. The cabinet members present at the council fully approved of King Constantine's course.

CHURCHES AND PICTURE THEATRES WILL HELP

Much Support Has Been Promised Red Cross Campaign for Funds.

MANY MINISTERS MEET
Will Appeal From Pulpits to Their Congregations on Sunday.

The old Nordheimer Building, 15 East King street, is the centre of the British Red Cross appeal, from which lines of great activity extend all over the city as final organization is completed before launching the big three days' campaign which commences next Tuesday.

Yesterday fifty clergy, of all denominations, were present at a meeting in the headquarters, President R. S. Copeland was in the chair and addresses were delivered by Sir Edmund Walker, Premier Hearst, Mayor Church and W. S. Dinick, the campaign organizer. The clergy were asked to appeal to their congregations from the pulpits on the coming Sunday and to open the churches next Thursday for the collection of funds. The meeting was very enthusiastic and the hearty support of the clergy was secured.

The latest committee has visited the various moving picture houses to ask for the support and co-operation of the theatre managers. Permission was asked to have colored slides run during the campaign and collection boxes placed in the theatre lobbies. The Motion Picture Association will discuss the matter at a meeting on Tuesday, and decide on how they can support the appeal.

To Mrs. M. E. Davies of 11 Prince Arthur Avenue, belongs the credit of bringing in the first subscription, one of \$50, which was handed in yesterday morning. She was followed by Mrs. J. E. Scollard with a subscription of \$25. Ten other subscriptions totaling \$162.11, were received through the day, although the campaign does not open until next Tuesday.

At a noon meeting of the Rotary Club, in the Carls-Rite Hotel, yesterday, 450 members were addressed by Sir Edmund Walker and Messrs Copeland and Dinick. The Rotary Club is giving the campaign whole-hearted support and has appointed 11 members to act as captains.

YVETTE GUILBERT GIVES EXCEPTIONAL PROGRAM

Renders Charming Selections From Repertoire to Appreciative Audience.

Unique and exceptionally charming was the program given at Massey Hall last night by Madame Yvette Guilbert and her assistant artist, Emily Greaser and Gustave Ferrari. The wonderful versatility and graceful Yvette opened her repertoire with two carols of the fifteenth and sixteenth centuries, the first "Le Voyage de Joseph St. Marie a Bethlem," and the second "La Passion." These two selections were of an extremely devotional character, in which the incidents of the journey to Bethlehem and of the sad road to Calvary were dramatically portrayed. In these numbers the artist wore a heavy train of black satin, heavily embroidered in gold, and an upper garment resembling an eastern chaouabe of fine scarlet cloth, also embroidered.

The costumes of Madame Guilbert were a feature of the evening, and in the second group, in which she sang "The Song of the Moyn Age," she wore the high Watteau like cap and enveloping veil of black and gold worn during the period. Later, in the Chanson du XVIII. Century, she wore a dainty costume of the time of Marie Antoinette. Humorous sketches and other phases were exemplified in the selections given, and always with the perfection and exquisite grace which are the trademarks of Yvette Guilbert. Her songs with explanations in English, later complimented her audience by assuming they understood her voluble and expressive mother-tongue.

The violin selections of Emily Greaser were rendered with a mastery of technique than won her several recitals. Her finest number was the Faust Fantasy, by Sarasate, which was given with good bowing and fine singing quality. Gustave Ferrari was one of the finest and most sympathetic accompanists who have appeared here for some time. The audience was most appreciative, and recalls were frequent.

Methodist Mission Board Is Planning Great Advance

The general board of missions of the Methodist Church decided yesterday upon a great advance policy which would take eighteen months to fully work out. A financial objective of \$800,000 in 1917 and 1918 was fixed upon, and this year the church as a whole will be thoroughly organized in order to prepare for this great increase. It is an advance of \$100,000 over the amount now raised.

A simultaneous missionary campaign throughout all Canada and an "every Methodist" campaign will take place next fall after a year's thorough organization.

The general board of the following: Rev. S. J. Mervin, D.D., president; A. Carman, D.D., general superintendent; James Allen, M.A., general secretary; J. H. Arundel, D.D., general secretary; J. W. Plavala, D.D., Hon. Justice; Camp Laren; Hon. E. J. Davis, M.P.; Hon. Mr. C. A. Austin, M.P.; Mr. W. H. Goodwin, Mr. G. H. Wood.

Other members: Rev. S. J. Mervin, D.D.; G. N. Hazen, B.A.; W. H. "White," S. W. Deane, D. N. McDaniel. The place of meeting for 1917 was left with the executive to decide.

WEEK-END MOTOR TRIP.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

(Continued From Page 1.)

made in small sections, as during the operations in August. The German trenches are constructed on the reverse slopes of the ridge, as the French trenches are that held out so successfully before Verdun, and this condition ahead requires careful going, with possibilities of accidents, such as befell the Canadians.

The Italians are sweeping forward with uniform success towards their goal. They are forcing the enemy to make his choice between continuing the military gamble against Rumania and sacrificing Trieste, Pola and other Austrian naval bases on the Dalmatian shore, and with them the advances between the first and second lines of the foe's defences on the Carso Plateau. The Italians are also continuing their northward drive into the Tyrol and towards Trent, a movement full of possibilities, for one in the port of Trent leads through Trent and the Tyrol into southern Germany. Somewhere about Munich the Italians and the French from the Rhine could effect a junction. This event of course would come in the closing days of the war.

The great air raid of the allies against the Mauser rifle factories at Oberdorf, on the Neckar, suggests further possibilities and probabilities against German munition plants in the interior. Four tons of high explosives as released over the Mauser works is capable of making a big hole in the ground where the factories stood.

A supplementary demand was served on Greece by the admiral-in-chief of the allies' fleet yesterday. It insisted on the handing over of the control of the Greek police to the allies, the cessation of the export of arms to Thessaly, the prohibition of carrying arms by Greek citizens and the lifting of the embargo on the shipment of grain from Thessaly. After an all-night session with the king, the Greek Cabinet complied with this ultimatum. The allies then formally recognized the new ministry.

Obscurity still hangs over the situation in Transylvania. The Rumanians have probably completed their retirement behind the lines of the Alt. This manoeuvre was dictated by common prudence in order not to fight the enemy with rivers in the rear of the army. The real operations so far have partaken of a concentration of Rumanian forces to give battle. Armies cannot always fight a pitched battle as soon as their advanced guards come in contact, and it is therefore necessary for one or the other to retire. The one that retreats is the one that adopts the offensive-defensive form of warfare; that is, the form of warfare adopted and prosecuted by the allies. Therefore the Rumanians have withdrawn in conformity with this policy to the positions that they have seized in the Transylvanian Alps. By so doing they are taking the advantage of natural position. In the absence of German claims of many prisoners taken it can be seen that no great battle has yet been decided and that all stories of disaster circulated have come from German, and therefore discredited sources. Meanwhile the Rumanians continue to repulse systematic attacks by the Germans at many points on the mountain frontier.

The Sunday World

An exceptionally interesting and highly pleasing Sunday World is promised for tonight. Its stories are bright and cheerful, its special articles of more than usual merit, its comic pages full of fun and interest. A section a feature showing life at Camp Borden as the camera man saw it.

Among the items will be found: Special articles on women munition workers and the woman in charge, with five pictures showing what the woman does in the plant; a section on writing, and what your signature tells of yourself; how one city has eliminated the sale of narcotics; latest in fashion-tips from film stars; ideas in teaching children in the first grades; inside workings of the German Government, showing how the Kaiser has been able to control so long; The Wood Drake—the third in a series of nature stories by Archie McKishnie; how mesmerism has been used by criminals in Toronto; the Indian paintings by Paul Kane; Canada's great timber wealth and some thing of the revenue it means to this country; the last Sunday at Camp Borden; explorers and frontiersmen who have had thrilling adventures; how Toronto is moving the motor; the theft situation; special page by Hew Trill on the British navy and why recruits are being asked for from Toronto on Sunday; sketch of Capt. Hon. Rupert Guinness; The New Minister's Marriage—another Millersville yarn; page of sporting news, an attraction to all fans; events in the motoring and motorcycle world and instructive articles relating thereto; Sir-Frederick Williams Taylor interviewed on return to Canada from a visit to the front; a review of the week's war events by W. H. Stewart; the latest happenings in the field of music; moving picture section containing programs for the coming week; some of the stars to appear in Toronto, theatre gossip, bookings, who's who and why on Toronto stage; and still more.

SUNDAY'S SOMME FIGHT REQUIRES EXPLANATION

Officer Who Ordered Canadian Attack Blundered, Says Col. Denison.

Twenty-seven recruits applied for service at the depot in the armories and of this number 15 were attested. Lieut-Col. W. C. Darling was in command of the 48th Highlanders' Regiment last night. There was a large gathering of civilians at the armories to hear the concert given by the brass and pipe bands. Following the drills the regiment held a parade thru the down town streets.

Speaking of the recent fighting on the Somme, Col. G. T. Denison, police magistrate, stated yesterday that last Sunday attack north of the Somme leaves much to be explained. "A British officer I think was responsible, although it is quite possible that one of our Canadian officers ordered the attack. Whoever he was, I think he should have led the van with his men. The whole thing is a terrible piece of news."

NORWAY

Federal and Provincial Governments Denounced

At a largely attended meeting of the Norway Conservative Association, held on Thursday night, there was some strong criticism of the Dominion and Provincial Governments, the former in respect to the building of the Lindsay arsenal and the latter on its failure to impose and enforce the nickel taxation. There was a lot of vigorous denunciation of the two governments generally, and a good deal of talk about the formation of a third party. A. Dunnet, president, was in the chair.

YORK TOWNSHIP

Township Will Use Schools To Collect for Campaign

At a special meeting of the York Township Council, called by Reeve Griffith to consider the British Red Cross campaign, it was decided to make the school sections the medium for collecting the offerings. The municipality will be divided into five sections. The council did not approve the plan of the Canadian Northern Railway for the loop line between Duncan Station and a point on the C.P.R. The proposed route gives a level crossing on Eglinton avenue, whereas by moving the line 400 feet an excellent overhead crossing can be obtained. The Dominion Railway Board meets in the city in a few days, when it is hoped that the application will be dealt with.

Battle of Queenston Heights Celebrated by the U. E. L.

The United Empire Loyalists' Association of Canada held their first meeting of the season in celebration of the Battle of Queenston Heights, October 13, 1812. A representative audience assembled in the evening in the Central Y.M.C.A. when eloquent addresses were delivered by the president, Lieut.-Col. F. Col. Belcher and Alida Johnson. Col. MacQueen at the close of his remarks referred to the present war and gave a fine rendition of Dr. Wilfred Campbell's impressive poem "The Battle of Langensack." Mr. Allen Johnson gave interesting incidents of the war of 1812-14 as related to him by his grandfather, Chief Smoke Johnson, who took part in all the important battles.

Christmas Cards For Soldiers Overseas

A Supply Which They May Send From the Trenches or Camps Where Such Cards Are Not Procurable

MANY SOLDIERS overseas will wish to send greetings to their friends at Christmas time. But not to all will cards for the purpose be easily available. Wherefore this practical suggestion from the stationery department of sending a supply of such cards to your son, brother or husband who may be located "somewhere in France" or in some remote camp in England.

These greetings are featured in immense variety in card and folder styles, embellished with initial, a glimpse of landscape, or patriotic decoration, and inscribed with some fitting bit of sentiment. They range in price—including envelopes—from \$1.50 per dozen up to \$15.00 per 100.—Main Floor, Albert and James Streets.

Here's Something New and Charming Jewelry Set With Japanese Pearls

THE Japs—clever people that they are—have succeeded in "assisting" Nature in such a manner as to produce from their own pearl-oyster reserves a pearl with the rich creamy lustre of the rare and costly Indian pearl. And behold it in the jewelry department—beautiful to look at and inexpensive to buy.

You may see it lying in its original form in the mother-of-pearl of an oyster shell, and in its finished state set into some dainty pendant, earring, or scarf pin.

The pendants are 10k gold, designed in charming filagree and lace-like effects, showing single Japanese pearls surrounded by groups of smaller gems. Price—on fine chain—\$12.00.

Earrings showing single Japanese pearls set in 10k gold, in styles for pierced and unpierced ears. Price, \$9.00 a pair.

Scarf pins in various delicate settings of 10k gold—\$8.00.

Exceptionally Extensive in Scope, Immense in Variety, and Truly Remarkable in Values

COMPARABLE only to the huge special selling of like character which was a notable feature of the Spring season in the suit department, this colossal offering of Winter coats has taken literally months of preparation and planning to achieve. Even in normal times the values would be extraordinarily good, and now, when the cost of woollen fabrics has advanced materially, such values are little short of marvelous. There are dozens and dozens of styles, all closely following the lines of latest mode and showing much that is new in design and in trimming. Thus:

STYLE FEATURES—Redingote, Russian blouse, belted and loose effects with a tapering line from shoulder to hem—these are to be seen in tremendous variety, all showing a voluminous ripple and swirl at the hem. The belts in such models as are belted take various forms, some being wide, some narrow, some at the front, some at the back only, and some double. Collars, which are so distinctive a feature of the new season, are all large, the wide square collar, the round cape, the Directoire, crush—convertible, dividing the honors between them, but all of them of extraordinary dimensions. Many are banded with fur or with plush or velvet.

COLORS—Brown, myrtle and hunter green, navy blue, mole grey, tan, black and green mixtures.

MATERIALS—Wool velours, pebble chevots, beavers, Whitney cloths, chinchillas, velour chevots, Kersey cloths, novelty tweeds, "Salts" and "Listers" plush, velvet cords, broadcloths.

Illustrated Below Are a Few Typical Styles and Values

Chinchilla cloth, grey, black, navy and brown. \$9.75.

Reversible tweed, grey mixtures and brown mixtures. \$10.00.

Magnificent Model Coats From Paris, London and New York
Specially Priced \$33.50 and \$37.50
ON SALE AT 2 O'CLOCK

IN conjunction with the great selling of coats on Monday there will be featured at 2 o'clock in the afternoon a great price-attraction in imported wraps. Here are some of the names you will see embroidered on the labels inside their collars—Framet, Charut, Bernard, Jenny, Douillet, Lavina, Brandt, Bradley. And such names, high as they stand in the world of fashion, will alone carry conviction of the wonderful values, the elegance of cut, and the supremely smart designs to be found in this collection. The materials, too, are of superlative quality—plain cut Bolivia cloths, wool velours, velours du nord, and, in the case of the more elaborate coats for afternoon and evening wear, panne velvet, satin and metallic broadcloths. The linings are beautiful—in tint and texture—soft, shimmering satin crepes, poplins and broadcloths, many of them printed. The graceful lines of the Redingote, the chic flare of the new loose coats, and the artistic draping of Russian and dolman-like models, are featured, their beauties frequently enhanced by voluminous cape, Directoire or square collars of fur and enormous cuffs to match. Divided into two groups and specially priced at \$33.50 and \$37.50. —Third Floor, James Street.

Whitney cloth, navy, grey and brown. \$10.00.

Velvet cord, green, taupe and black, the collar banded with plush. \$12.75.

Beaver cloth, green, brown and navy, collar inset with velvet. \$13.50.

Beaver cloth, green, brown, navy and black; dyed opposum on collar. \$15.00.

Velvet cord, green, taupe and black; collar and cuffs edged with black Russian wolf, \$15.00.

Kersey cloth, brown, navy and grey, collar edged with black fur. \$15.00.

French velours chevot, navy and black, lined throughout with black satin, collar edged with black Manchurian. \$17.50.

Lister's plush, lined throughout. \$14.75.

Salt's plush, raglan sleeve, 45 inches long, lined throughout. \$16.50.

We Prepay Shipping Charges on All Orders of \$10.00 or Over to Your Nearest Station in Ontario and Eastern Provinces on Both Mail Order and City Purchases

Black ponyette, lined with colored satin. \$22.50.

Salt's plush, 46 inches long, collar and bottom bordered with black Manchurian fur. \$25.00.

The remarkable values in this gigantic selling of coats are made possible through the wide scope and immense resources of our great range of factories. The latter have co-operated with us, heart and soul, with the result that the coats are offered at prices less, actually, than the amounts for which manufacturers could, in the usual way, make up the materials alone.

This is Interesting

WHEN Rupert Brooke visited Canada the year previous to his death at Gallipoli, he was photographed with our own poet, Mr. Duncan Campbell Scott, in the latter's garden at Ottawa. Again they are associated in name and personality by the books of verse from their respective pens which stand together among the new publications, namely, "Lundy's Lane and Other Poems," by Duncan Campbell Scott, and "The Collected Poems of Rupert Brooke." These may be had in the Book Department—see reviews of them on the bulletin board there—priced \$1.10 each.

The fashionable craze for Paisley effects is charmingly exemplified in certain new chiffons which glow with the reds and yellows of the celebrated Scotch shawl. In some of them green is the predominant color, in others navy blue or brown. For a bodice for the Autumn suit of wool velours, serge or broadcloth such chiffon promises delightful results. It is 40 inches wide, and 23.50 a yard. It is shown in the Silk Department, on the second floor.

"Package Number 4," at the new Overseas Depot, seems particularly well worth drawing to your attention, if the sending of parcels to some soldier in the trenches is one of your special concerns. It contains a box of Overseas cake, a tin of chicken, half a pound of shelled almonds, a package of Chiclets, six packets of soup, and two cakes (one pound in all) of Overseas chocolate—all for the sum of \$2.00. The postage to France on such a parcel is 22 cents; to England 34 cents.

Any energetic person who may be planning an entertainment of a patriotic nature will doubtless be glad to hear of four excellent little plays written by Edith Lelan for boys and girls of varying ages. They bear these titles respectively: "The Making of Canada's Flag," "A Canadian Fairy Tale," "The War on the Western Front," and "The Key of Jack Canuck's Treasure-House." They are priced 25 cents each and may be obtained from the Book Department.

Lieut. Athol MacFarlane has been wounded in the right shoulder at the Somme. His home is at Victoria, B.C., and he was attending the Toronto University where he enrolled 18 months ago with the Mounted Rifles.

Serjt. Adam Haining was killed in action on Sept. 15. He enlisted with the 58th in May, 1915, and on going overseas was sent to the front with the 25th Battalion. He was a street car conductor, and his mother and married sister live at 576 Palmerston avenue.

Pte. Andrew Milligan, 121 Macpherson avenue, died of wounds at No. 9 Casualty Clearing Hospital on Sept. 28. Milligan landed in France on Sept. 25 with a draft of 60 men from the 92nd Highlanders.

According to information received from Ottawa by his wife, Pte. S. S. Crouch, 82 East Gerrard street, has been wounded in the right leg. This is his third wound. In June he received a bullet wound and was shot in the left leg a few days ago.

Francis F. Murphy was removed to the second general hospital at Bristol on Oct. 4 with a gunshot wound in the hand. He enlisted with the 53rd and was formerly a newspaper man.

Pte. J. F. DeLaplante, 82nd Battalion, has been wounded. His wife and relatives live at 96 Kenilworth avenue. Enlisting with the 75th Battalion, Pte. John F. Scholes is wounded. He lived at 512 Wellington street and is unmarried.

A Scotchman by birth, Pte. William Maxwell, reported wounded, went overseas in August, 1915, with the 58th. He lived at 12 Bridgeman street.

Pte. C. Cooper, wounded, saw much severe fighting during the time he was in the trenches. His home is at 785 Ossington avenue and he enlisted with the 39th Battalion and was drafted into a first contingent unit.

Just eleven days after Pte. Robert J. Ross entered the trenches he was killed. He enlisted on May 17 with the 92nd Highlanders, and his wife, who lives at 34 Bishop street, was informed by Ottawa that he died on Sept. 25.

Percy Pendleton, reported wounded, enlisted a year ago with a pioneer battalion, which was only a short time here. His kin are at 289 Symington avenue.

ROYAL WELCOME GIVEN SPORTSMEN AT CITY HALL

Men Are Home on Last Leave Before Going Overseas—Praised by Mayor.

On their arrival from Camp Borden late yesterday afternoon, members of the 180th Sportmen's Battalion were given an enthusiastic welcome in front of the city hall. The front of the hall was decorated with flags and a sign over the main arch expressed welcome to the battalions.

Mayor Church, on behalf of the city council, and citizens, welcomed the battalion. He said the sportmen of Canada had not hesitated in joining the colors and were rendering splendid service. He was proud of the splendid showing of the Sportmen's Battalion, saying it was one of the best and most efficient units that had been raised in the city.

Lt.-Col. Greer, in thanking the mayor and citizens for the splendid reception, said that it was a great honor for his battalion to be sent overseas after seven months' training, when some units had been in training for seventeen months before leaving.

At the conclusion of the reception Mayor Church, on behalf of the units at Borden, presented a medal to Capt. T. C. Flanagan for his services as director of athletics.

SOMME PICTURES ARE NOT HORRIBLE

London Press Unanimous That They Should Be Presented Unchanged.

SENTIMENTALISTS AT WORK

"Don't Humiliate Germany" Movement Asks That They Be Pruned.

London newspapers were practically unanimous in declaring that "The Battle of the Somme" official motion pictures should not be tampered with when they are presented to English audiences. The chief question, aside from military considerations, however, was whether the actual portrayal of war was too grim for realism. All the journals asserted that nothing should be done to the pictures to destroy any part of their realistic presentation.

It has been decided by censorship boards in Ontario that the pictures, notwithstanding the scenes of bloodshed, are not too horrible to be witnessed by the province.

As a result the films will be shown at the Regent Theatre for one week beginning Monday, October 16, under the auspices of The Toronto Daily World.

When General Sherman said that war was hell, he spoke what was a truism to every soldier and world which knew that side of war which is concerned with broken hearts and ruined homes, agreed with him.

But the world did not know war at first hand; the question was, should it be enlightened so far as the moving picture camera could accomplish that feat. Should those who worked or waited, or most of all, those who were not giving the maximum of effort in support of those actually fighting, be shown in a more intimate and nearer way than even before. Something—but not by all means all—of what these last were suffering in the cause of justice and of freedom.

The judgment of authority was given in favor of this revelation and the nation has endorsed it. It was no question of making a show of death or suffering for the recreation of pleasure-seekers, nor have the pictures been shown ever been accepted in that spirit. They are to the vast mass of the nation a sacred thing for they show something of the greatest sacrifice that man can make—the giving up of life itself, and all that it holds dear in a noble cause.

But then came sinister rumors of an attempt, by means of subtle influence, such as we have learned to know well in this war, to get certain scenes removed from the films that the nation should see. It was understood, are not those which deal with the charges of our troops under fire and in which men are seen to fall, perchance, to rise no more; there are the scenes which might be considered offensive to German or pro-German sentiment. It was asked, these scenes had been at work once more thru the medium of our sentimentalists and whether this underground agitation was another phase of the "Don't Humiliate Germany" movement that was so sternly repressed by public opinion at the opening of the conflict.

The English public, however, would stand no tampering with the films which are now to be shown in Toronto. They have already been carefully edited, they contain absolutely nothing which it is unfit that the nation should see and as they are now, so they must remain. The beginning of the terrible combat on the Somme, an actual battle in progress, artillery actions, mine explosions and charges into the enemy trenches is shown in the official pictures.

The films include five sections dealing with the preparatory action from June 25, to June 30, and at attack on July 1, and every phase of the action is marvelously depicted. The Battle of the Somme in motion pictures is the greatest production of this kind the world has ever known and it rivets the attention of audiences wherever shown. The film will be presented to Toronto audiences for the first time on Monday, Oct. 16, when The Toronto World will display the film at the Regent Theatre.

RAILWAY BOARD AWARD LOOKS LIKE COMPROMISE

Splits Up Difference Between Suburban Railway and Toronto.

The Ontario Railway Board handed down judgment yesterday in the case between the Toronto Suburban Railway and the city, in which the board decided that the company, in extending its tracks along Devonport road from the Bathurst street to the C.P.R. tracks, must lay the tracks according to the city's standard on that part of the road which has been asphalted, but where the lighter rail and ballast of broken stone for the part of the road still macadamized.

The company contended that under its old agreement it had the right to construct the whole of this extension with the lighter rail and broken stone ballast, while the city contended that in view of the possible extension of the asphalt paving the whole length of this part of the road the company should construct the whole of the

track according to the city's standard. Thus the judgment would appear to be a splitting of the difference.

How Many More Mergers?

We have now a score of banks where we had, not so long ago, half a score more.

What will it be when they get down to six? And the tendency is in that direction.

We want more small banks with head offices scattered all over Canada—not centred in Montreal and Toronto.

And we want national currency in place of bank currency.

Also a great state bank that will rediscunt for the other banks, including a lot of smaller banks.

The new party will deal with these problems. It will have banking laws that will increase the banking facilities of the country, give the banker a good chance to make money, and ask them only to increase their service to the public in return for their privileges.

Commandeering of Wheat

The Montreal correspondent of Financial America in the chief topic of discussion in the Canadian grain trade is "Will Great Britain commandeer the Canadian wheat crop?"

That something of the kind may be done is taken for granted. Last year all the wheat in terminal elevators and being loaded in vessels at the head of the lakes was suddenly commandeered by the Dominion Government, and considerable excitement followed.

The government had to lend most of the wheat back, and did so under agreements which resulted in their getting not the wheat itself, but a small cash forfeit in lieu thereof. The real purchaser turned out to be the Italian Government, and delivery was so long delayed that in some quarters the suspicion lingers that it was never made at all.

Commandeering by the British Government will be a different matter altogether. The admiralty will see to delivery, and the commandeering will probably cover the whole crop.

A year and a half ago The World ventured to suggest the nationalization of the entire Canadian wheat crop. We believe the Dominion Government could finance the situation with national currency, and that the imperial government could be relied upon to purchase the greater part of the crop at a fair price.

That "union will be the destruction of the Presbyterian Church." The Presbyterian Church as a distinct organization will disappear, and will continue to live as a constituent element in the United Church of Canada.

The river when it joins the sea ceases as a river, but becomes part of the sea. The bride at the altar surrenders her maiden name, but continues in the fuller and richer relationship of wifehood. A name is a designation but not an entity. The entity abides quite independent of the name.

We still believe that production would be best encouraged by guaranteeing the farmer a fixed price. He is as often hurt as benefited by an era of speculative prices. Last year's commandeering did him no particular good, although it may in part have been designed to head off the western demand for "free wheat."

The prospect of this year's commandeering has disorganized the market to some extent, but on the whole has had a tendency to keep up the price. The grain men are confident that the commandeering will be at the price at which the market closed on the preceding day.

The Presbyterian who has steeled himself to shoulder with Methodist or Congregationalist in the trenches, whose blood has mingled with the soil

One thing the city council did right was the rescinding of the motion refusing insurance to Toronto soldiers enlisting in other than Toronto units. In many cases these men had no option.

This has been especially true of the artillery and other corps outside the infantry. A Toronto soldier is a Toronto soldier, no matter what unit he may belong to, and the city council has no right to discriminate between one man and another in a matter so vital.

There is all the less reason for such discriminating since the various battalions are by no means permanent units, and although a man may enlist in a Toronto battalion he cannot tell to what he may be transferred before he crosses the water, or where he may be drafted when he gets to England. The main point now settled is that Toronto insures her soldiers.

A point of great importance was raised by the Trades and Labor Council in the resolution calling upon the Dominion Government to nationalize the cold storage plants by owning and controlling them.

What the council really wanted to get at was the high cost of living, to which cold storage facilities have undoubtedly contributed materially.

There will be the usual outcry from vested interests, and we shall be told that thirty millionaires have a right to hoard up food if they wish, and turn an honest penny by selling it when the demand is satisfactory.

Probably there would be no complaint if the thirty millionaires were satisfied with an honest penny. He rarely stops at a penny. Profits are figured on a much more lucrative scale. Prices have practically been doubled within a few years. The commoner necessities articles of diet, bread, meat, potatoes, milk, butter, eggs, have all doubled in price or more than doubled, and there is not the least doubt that cold storage is largely responsible.

We fear that owning and operating the cold storage warehouses might not better the situation at all. In fact under proper national ownership the cost of operation would be so much cheaper that the advantage would be with those who used the warehouses. The government would have to provide that prices would be reduced to the public. Perhaps the government could do this at once without waiting for the nationalization of cold storage warehouses.

This is the idea behind the further resolution of the council requesting the Dominion to compel the sale of perishable goods after two weeks in cold storage.

Cold storage was never intended to be a means of starving the people or raising prices to famine rates. It has been recognized by scientific men that whenever a new factor or condition is introduced into nature the equilibrium of the whole complex organization is upset and there is, no saying where the disturbance may not reach. It is the same in social and economic life. The cold storage idea was a good one, and might have cheapened food by preserving it by carrying it over from times of abundance to times of scarcity. Another plan was adopted and the thirty millionaires multiply his profits.

The following is part of a lengthy letter addressed to us by Rev. Dr. Alex. Macgillivray. We regret that space prevents us giving more than three of the points with which he deals, but these three in principle cover the rest.

It contains under display headings a two column report of a meeting of the Presbyterians in the province of Saskatchewan, who are opposed to the formation of "The United Church of Canada," thru the union of the Congregationalist, Methodist and Presbyterian churches. According to the report, there were from outside Regina, from all of this great province, three ministers in charge, the financial agent of a boys' school and one layman.

The principal address was by Rev. W. G. Brown, B.A., of the neighboring Province of Alberta. Among the points emphasized and to which I make answer were: "The union committee of the assembly is unrepresentative. It is sufficient to say that this committee was chosen by the assembly that by a vote of four hundred and six to ninety, decided for union. It contains pastors whose names are household words in university, students, college principals, editors and laymen prominent in the professional and business life of our land. That "union will be the destruction of the Presbyterian Church." "NOT A TIME FOR INTERVENTION"

of France, will not think it a hardship if spared to return, to sit side by side in the same sanctuary and mingle his praises with those of the same comrades who stood by his side and mingled their blood with his in defence of liberty and righteousness.

The time is calling, may I urge, for a yet more distinct and authoritative expression of Christian conviction and purpose. Many of us believe that this conviction will find expression more adequately in the "United Church of Canada."

The time is calling for a conservation of men and means to the end that Christian service, like every other service, be both efficient and effective. We are having now in connection with the various branches of the Christian church, men engaged in what is not a man's job, two, sometimes three, occupying a place that should be better occupied by one. Practically we are having rival little causes drawing on the church's resources, when one cause would be more than self-sustaining, and the resources that are now being used and in a measure wasted, might be applied to the opening of new fields and the expansion of the Kingdom.

We are now perplexing the foreigner that we are anxious to Christianize and Canadianize by our manifold sectionalism. The United Church of Canada will be able to meet him with a united front and concentrated energy and bring to him the Gospel message of peace and good will.

There are great days awaiting us—days of reconstruction, readjustment and assimilation—days so big with opportunity that to give time, thought or feeling to what is sectional or sectarian, or to neglect of what is national and Christian, would be little short of a crime. Christ sent us not to found or perpetuate denominations, "but to preach the Gospel, and it is written: 'He that gathereth, let him glory in the Lord.'"

MONTGOMERY IN BELLEVILLE JAIL.

Suspected of Murdering Brother, and Trial Commences Tuesday.

Special to The Toronto World, Belleville, Oct. 13.—Joseph Montgomery, of Madoc Township, who is under arrest on suspicion of murdering his brother, Walter Montgomery, was today brought to Belleville County Jail. On Tuesday next at Madoc Village the preliminary trial will take place.

"Alabama" Fred Tolliver Is Wanted in Lansing, Mich.

Special to The Toronto World, Chatham, Oct. 13.—"Alabama" Fred Tolliver, a southern dandy, who outdistanced a Ferris Marquette train in a long hike from Sarnia to Chatham, where he was later arrested on a charge of stealing a suitcase from a baggage car, containing a conductor's outfit, will be taken to the border by the authorities and handed over to the American police. "Alabama" is wanted in Lansing, Mich., for burglary. Sentence was suspended on him here, and arrangements were being made to deport the youth when the word was received from the Lansing police.

KITCHENER BOYS' CLUB.

Special to The Toronto World, Chatham, Oct. 13.—D. Campbell of Waterloo, at a meeting of the organized social workers this evening, gave an excellent paper on the post-war settlement of the boys' club, which strongly advocated the movement toward the establishment of a Kitchener boys' club. The idea met with the approval of the present and steps will be taken to hasten the erection and equipping of such an institution.

THEFT AND WOUNDING.

On a charge of theft from and attempted murder of Max Amakosky, a Russian, 55 Elm street, about noon yesterday, Salvador Amorogoso, who told the police he hailed from Montreal, was arrested by officer 55.

WILLSPROBATED

Application for probate of the will of her husband, Thomas Rackstraw, a barber, who died in Toronto Oct. 3 last, leaving an estate valued at \$3225, has been made by Mrs. Susan Rackstraw, the sole beneficiary and executrix of the estate.

William Henry Charles, who died in Toronto on Feb. 24, 1907, left an estate valued at \$1750. Application for the administration of the estate has been made by the Imperial Trust Co. on behalf of the widow, Mrs. Mary Ann Charles, and her daughters, Sarah, Henrietta, Susan and Caroline, each of whom will receive one-sixth of the estate.

William H. Moss of Cedarvale, who died as the result of wounds sustained while fighting in France, left an estate valued at \$1500. Mrs. Florence Moss, his wife, is bequeathed a life interest in the property, and upon her death the remainder is to be divided among her three children, John, Florence and Norah, who will share equally.

BAR THEM FROM CANADA.

Montreal News: The action of the British Government in barring the Hearst News Service from the use of the official press bureau and from the use of all other mail and telegraphic facilities will be universally approved outside of Canada.

This embargo, however, only applies at present to the British Isles. The Hearst newspapers are still free to enter Canada and are sold freely in the streets of Montreal. There have been many protests against this. But so far, the government has remained inactive. It remains to be seen whether the results of this inaction are certainly not accepted by the vast majority of Canadians, who cannot see why various insignificant sheets should be forbidden from circulation, while the far more dangerous Hearst publications are permitted to be peddled in every city in the country.

The action of the British government gives the Canadian government an excellent lead. The garbling charges against the Hearst people is an offense against Canada just as much as against Great Britain. It is, in fact, an offense against the whole of the British Empire.

There is still time for Canada to put herself right in the matter, and any action taken in that direction will certainly meet with the approval of the country.

REICHSTAG HEARS PLAINTIVE WAILS

Russia and Britain to Blame for Great War is Assertion.

HUNS QUITE INNOCENT

"Moral Guilt" Established to Satisfaction of Berlin Newspapers.

Berlin, Oct. 13, via wireless to Sayville.—German newspaper comment on yesterday's debate in the reichstag alludes to the fact that all the parties put forward their recognized leaders and their best speakers, placing the discussion on a high level. Summarizing the comment upon the remarks of Herr Naumann, the Radical leader, and Dr. David, the Socialist leader, regarding the origin of the war, the Overseas News Agency says:

"Both these members recalled how on July 30, 1914, the atmosphere seemed to be cleared by the understanding reached in London between Foreign Secretary Grey and the German ambassador, Prince Lichnowski, with the assent of the Russian ambassador. A further step towards the maintenance of peace was taken when the German chancellor obtained from Austria-Hungary an acceptance of this program. But it is pointed out that this work was undone by the Russian mobilization, which could have been prevented with great ease, if Great Britain had acted toward Russia in the same manner as Germany did toward Austria-Hungary, the world war would have been avoided. Since Great Britain and this work and since the Russian war party, therefore felt itself supported by England, war became unavoidable.

"The newspapers unanimously agree that the facts thus stated settle the question of moral guilt."

Two New Notaries Public For Toronto Are Appointed

The Ontario Gazette for this week contains copies of two long orders-in-council prescribing the terms and regulations on which beaver and other may be taken. In addition to the order permitting the taking after Nov. 1, as previously published.

The incorporation of the Canadian Defence League is announced, with William Hamilton Merritt, Donald A. Cameron and Rufus S. Hudson as provisional directors and head office in Toronto.

John B. Moriarty and Ernest G. Bennett, of Montreal, are gazetted commissioners to take affidavits in Montreal for the Ontario courts, W. K. Murphy, Toronto, and James E. McClelland are made notaries public. Kitchener has taken the place of "Berlin" in the name of the Berlin Rubber Manufacturing Company.

Chatham Has Had Fifteen Fires in Less Than Week

Special to The Toronto World, Chatham, Oct. 13.—An epidemic of fires which started last Sunday and which has already resulted a total of nine, was supplemented by three more last night, the most serious of which was the outbreak which occurred in the warehouse of Jerry O'Brien, a local cigar manufacturer. Nearly all the raw tobacco was saved, the building, however, was almost completely destroyed. The fire is believed to have been of an incendiary nature.

SEEKING PAROLE FOR DART.

Special to The Toronto World, Chatham, Oct. 13.—Friends of Henry Dart, alias George Cushman, who escaped jail here on March 14, 1914, while awaiting a hearing on a charge of forgery, and who was later arrested in Hamilton on a similar charge, are endeavoring to secure a parole for the prisoner, who is now serving a sentence in the Kingston Penitentiary.

The Percentage of Grade Stallions Has Dropped

The percentage of grade stallions in the province has dropped six per cent since 1913, chiefly owing to the working out of the Ontario Stallion Act, according to the report of the stallion enrolment board just issued.

In 1913 the percentage of grades enrolled was 36 per cent. This year it is only 30 per cent, having dropped steadily. The act provides for the elimination of the grade in 1918.

This year in the province there are 2721 horses enrolled and 825 of them are grades. York has the highest number of pure bred, 115, being followed by Middlesex with 110. Peel has the highest percentage of pure bred with 90 per cent.

MME. GUILBERT SINGS HISTORY OF FRANCE

Famous Artist, Visiting Toronto, Tells Tales of Heroism.

LAST SPRING IN PARIS

Left the War Zone One Year Ago to Work in America.

Yvette Guilbert is thrice endowed. She possesses the rare and beautiful voice of a great artist, she fairly radiates with a personality born of genius.

Although she has been in New York since last January, scoring triumph after triumph in her picturesque recitals of French folk songs.

"It was spring when I left Paris," said Guilbert, "I was ordered to England because of poor health, the result of that first terrible winter.

Mme. Guilbert is warm in the praises of her countrymen and women. One is almost fascinated by her musical voice, her quaint mannerisms, her sad, eloquent eyes when she leans easily forward to tell the story.

"I saw a great mass—'crowd' you call it here—forming in front of the steps. There were thousands of soldiers drawn up, and then I saw them forming a procession down the wide stone steps, gleaming in the warm spring sunshine.

When Mme. Guilbert arrived in New York it was an unexpected treat. Her adoration England, and would love to have stayed there, but it was so damp that I suffered with my rheumatism."

"I arrived in New York without any advertisement to give one recital. It was forced to give me one. It was wonderful in the manner in which the great American public received by work. And they were so appreciative of the songs relating to the early history of France."

"Ladies wonder, really Yvette Guilbert has ability that commands attention; she has personality that inspires understanding, her language is foreign to the great majority of her audiences, and she is an artistic who has won world-renown with her beautiful songs of medieval France."

PLAYS, PICTURES AND MUSIC

ALBERT BROWN IN "THE BLACK FEATHER." "The Black Feather," a play of war diplomacy, in which the author, a sparkling comedian, Albert Brown, is starring this season, returns to the Grand Opera House for three days, commencing Oct. 28.

"WHEN DREAMS COME TRUE." "When Dreams Come True," the first musical comedy written by Philip Barry, is being offered at the Grand Opera House next week, the first time here at the theatre. The three acts of "When Dreams Come True" are entirely different in outline, the first carrying some dramatic touches, the second being farcical, and the third having musical and dancing features.

PADEREWSKI'S RECITAL. Following is the program which will be given by Paderewski at his recital at the Grand Opera House on Tuesday, Oct. 17: Chromatic Fantasia and Fugue (Bach); Sonata, Op. 57 (Beethoven); allegro and andante in minor, Allegro non troppo, presto; Fantasia in C major, Op. 47, in three parts (Schumann); (a) Ballade in minor, (b) Nocturne in F sharp major; (c) three Etudes, Nos. 12, 7, 3, Op. 10; (d) Valse, a flat major, Op. 24 (Chopin); Crecienne Fantasia (Paderewski); Midsummer Night's Dream Fantasia (Mendelssohn-Liszt).

STRONG BILL AT STRAND. A program of quite exceptional strength has been arranged for the first half of next week at the Strand Theatre. The headlines will be "The Half Million Bribe," the master criminal photo-play of the day. The cast is headed by Nell Shipman, William Dunlop and George Hearn. The bill will also include a delightful comedy, "Some Liars," with Ben Turpin.

HIPODDROME. For next week the Hippodrome management offers a five-part wonder-play entitled "The Half-Million Bribe." The five musical numbers are: "Brightening," dancing and instrumental; "The Col. Diamond and his grand-daughter essay modern and ancient dances." Dan Packard offers a bright monologue, "Nash and Brash," in "Just One Night," have a gleaming sketch in "Duh-Pee," smart songs and sayings; Bray and Gray, sing.

HENSHALL IS EXPECTED TO WORRY CURLY BROWN

Rival Track Managers Will Clash at Havana—New Orleans Opening.

(From The Collier News Bureau.) Chicago, Oct. 13.—According to information furnished me by Judge Joseph H. Murphy, general manager of the Business Men's Racing Association at New Orleans, January 1 will in all probability be the opening date of the racing at the fair grounds track. The attempt of Curly Brown to open the City Park track, according to the same source of information, seems to have ended as futilely as those in closest touch with the situation predicted they would and Brown will undoubtedly leave all that he can attend to in saving his own hide at Havana, where he will meet with most strenuous competition on part of the new race track promoted by Charles T. Henshall and his associates.

CHASED THE WHOLE CREW.

Reno, Nevada, Oct. 13.—After a thorough investigation into the race run by the horse Delaney, when apprentice rider, G. Seda, gave him a suspicious looking ride, Leeds confessed to the stewards that he was approached in his room at Hatfield, an owner of St. Hartman, a San Francisco business man, offering him the purse for his employer and \$200 for himself to pull the horse, but the rider claimed that he refused to accept the proposition. The affair looked bad, however, and the Nevada stewards warned E. J. Rafferty, Tom Hatfield and the staff of the track and denied Hartman all privileges.

WATCHING SALE OF MEDICATED WINES

License Board Will See That Liquids Are Not Sold as Beverage.

DRUGGIST CAN JUDGE

Able to Note Character of Customers and Frequency of Purchases.

To occasional enquiries the license board replies that decisions as to the legality of medicated wines does not lie in its province. That depends upon the possibility of using the wine as a beverage, a matter for the courts to decide.

Vice-Chairman Dingman pointed out yesterday that druggists are in a peculiarly favorable position to judge on this matter, as they are able to note the character of purchasers and the frequency of their purchases and to conclude therefrom whether the wine is being used for medicinal or beverage purposes. "The board is glad to observe that druggists are concerning themselves with this question and the fact is creditable to the profession," said he.

The board has received a letter from a scientific man stating that in an examination made by him in England most of the brands there and most of those sold in Canada were found to differ very little from port wine and to have very little medicinal value.

"The board," said the Druggist, "will continue a watchful policy on this subject, and it is possible that more prosecutions will follow on the basis that the articles which form the subjects of these prosecutions are rather produced for the beverage than for the medicinal effect."

HELP THE MISSIONARY PRIEST IN NORTHWEST

Meeting of Catholic Church Extension Auxiliary Consider Reports.

Representatives of every parish in the city were present at the open meeting of Catholic Church Extension Auxiliary held in St. Michael's Hall, when His Grace Archbishop McNoll was present, and Miss Hoskin, president of the women's auxiliary, was in the chair.

Miss Hoskin told of the objects for which they worked, the principal being to assist the missionary priest in the north west and in isolated districts. To this end councils had been formed in five of the parishes of Toronto and it was the hope to extend the plan to other parishes.

Since the inauguration of the work seven years ago, over \$12,000 had been collected and expended by the auxiliary and in addition the altar supplies, twelve chapels had been built at a cost of five hundred each, seven of these by the auxiliary and five by the parishes.

The archbishop told of conditions in the west known to him by personal experience, and Rev. Fathers Minahan, Hayes, C.S.B. and Carey, C.S.P., made short addresses. Rev. Robert McBrady, C.S.P., was also present.

Musical numbers were contributed by Miss Angela Tone Breen and by Miss Maud Landy.

C. H. Short and Bertha Moreau Charged With Manslaughter

Chas. H. Short and Bertha Moreau appeared in the women's court yesterday on a charge of manslaughter, in connection with the death of Mrs. Sarah Horn, who died Thursday night from injuries received when run down by a motor car in which they were riding. They pleaded not guilty and were remanded till next Tuesday.

A DIFFERENCE WORTH NOTING.

No other tire has the anti-skid, quick-stop feature which Dunlop Traction Tread gives for so long a time. Notice how quickly the non-skid features of other tires disappear. With "Traction" the corrugations remain until the tire is practically worn out. Have you considered "Traction" from this standpoint?

PART 1

PREPARATORY ACTION, JUNE 25 TO 30

Showing the activities before Fricourt—Mamez. Similar action took place along the entire British front in Picardy. Hidden batteries were pounding the German trenches for five days before the attack of July 1st—4.7-inch guns were giving the enemy no rest—6-inch Howitzers in action shelling the German first-line trenches of Mamez—Canadian 60-pounders added to the din of gun fire—Shrapnel bursting over their trenches kept Germans astir—Church service evening before attack—Firing "plum puddings for Emperor Bill" from trench mortars—Bombarding the Germans with 9.2-inch Howitzers—Shells tearing up the enemy's deep dugouts.

PART 2

A meal in camp on the evening of the great advance—Moving up the troops—Operating a 15-inch Howitzer ("grandmother") by Royal Marine Artillery, firing shells weighing 1400 pounds—Terrific concentrated bombardment of German trenches the morning of the attack, July 1, 1916—Fixing bayonets and passing through the communication trenches to first line—Just before the attack. Blowing up the enemies' trenches by a huge mine. Wiring the crater—Firing machine guns from parapet—Shrapnel bursting over first-line German trenches.

THE GREATEST MOVING PICTURE IN THE WORLD

One of the Great British Guns That Have Revolutionized War. (A "Cut" From the Official War Film of the Somme Battle)

PART 3

THE ATTACK

At a signal, along entire 16-mile front, the British troops leaped over the trench parapets and advanced under heavy fire. A sunken road in "No Man's Land"—Advancing up a captured trench—Rescuing wounded British Tommies under fire—Bringing in British and German wounded on stretchers during height of battle—Lancashires, relieved after successful attack, bring in the first prisoners—Royal Field Artillery move up through dead and dying Gordons and Devons after their glorious charge at Mamez—An unsuccessful German counter-attack—Arrival of the wounded and the scene at the field hospital.

PART 4

Nerve-shattered German prisoners arriving—German curtain fire just outside Minden Post—Clearing battle-field of snipers.

PART 5

THE DAY AFTER

The wrecked German dugouts—Views of shattered trenches and villages and effects of British shell fire—Clearing up—Advancing the artillery—Troops move "up" to continue advance.

BEGINNING MONDAY AFTERNOON, OCTOBER 16th, The Toronto Daily World will present the most remarkable moving picture which has ever been produced, being an actual photographic official record of the British victory at the Somme on July 1st, 1916, with a comprehensive view of the awful bombardment on June 29th and 30th which preceded the infantry advance. The World in showing these sensational pictures does so in the confident belief that they graphically illustrate the biggest "news story" of the day and record in imperishable form for all loyal British folk to see, the glory of our soldiers and the sacrifices they are making for us and for the cause of humanity and civilization.

THE PICTURES OF "THE BATTLE OF THE SOMME" released by the war office for public exhibition in honor of Britain's heroes at the front, created a perfect sensation in England and throughout Great Britain. A million people saw them in London alone during the first few days. Fifteen hundred copies of the film have been printed, the greatest order since the invention of the motion picture. The first copy to arrive in Toronto will be given its initial presentation Monday afternoon at 12.15 o'clock, under the auspices of The Toronto Daily World.

THE FILM OF "THE BATTLE OF THE SOMME" consists of 5,500 feet of action. All superfluous matter was carefully cut by the film editors of the British Topical Committee, acting under authority of the war office. Sir Douglas Haig states that the picture is correct and authentic as it now stands, and the British Government have decreed that once released for exhibition it must not be tampered with, even though it show the horrors of war as well as the heroism. The soldiers have suffered and sacrificed—it is for us to bear witness to their honor and glory. "If this film does not end war, God help civilization," declares Mr. Lloyd George.

A CONTINUOUS PERFORMANCE at the Regent Theatre will start at noon Monday and continue every afternoon and evening all week. The film requires an hour and a quarter to show. By this means the greatest possible number of people will be able to see this wonderful picture, and, to encourage this, popular prices, ranging from 15c to 35c, will be charged for admission. Suitable music will accompany the pictures, and the people of Toronto, who take this opportunity, will have an experience they will never forget, being second only to that of those who took part in the battle.

SIR SAM HUGHES RAPS NEWSPAPERS

Statements in Some Journals, He Says, "Tipped With German Gold."

VISITS CAMP BORDEN

Parade Called Off as Weather Conditions Were Unfavorable.

By Staff Reporter.

Camp Borden, Oct. 13.—Two events of importance here today were the visit of Lieut.-Gen. Sir Sam Hughes and the departure of the 157th Simcoe County Battalion.

When General Hughes arrived at the camp at 10.30 a.m. and left four hours later for Lindsay. Weather conditions for Sir Sam's visit were decidedly unfavorable.

It being both rainy and cold. The parade of 20,000 troops was cancelled on this account. General Hughes was met at the depot by Major-General W. A. Logie, Col. S. G. Newburn, A.A.G., Col. H. C. Bickford, G.S.O., and other staff officers.

In the party accompanying Sir Sam to Camp Borden were Lieut.-Col. J. G. Langton, Hon. Lieut.-Col. T. A. Duff, and Major H. M. Daly, assistant to the judge advocate general.

The visit of Sir Sam was taken up in a private conference at camp headquarters, luncheon with the staff officers, and in two short tours. In the morning escorted by Major-General Logie, Col. Bickford, Col. "Bob" Low, and Major Barry, camp engineer, he was shown the waterworks pumping station, the new sedimentation plant and visited the 1st Brigade area of which Col. W. C. Macdonald is brigadier.

Sir Sam saw the men of the 173rd Hamilton Highlanders getting their noon-day meal, and stood by the "cook-house door" while the men passed by in line to receive their portions of meat and vegetables.

In the afternoon Sir Sam and party inspected the 2nd Brigade of which Col. J. A. Currie, M.P., is brigadier. When General Hughes was seen today by The World representative his greeting was "Oh, yes, the 'World's' running a third party."

In answer to a query as to whether any new units were to be authorized from the City of Toronto his reply was that he had not had time yet to consider the matter. Sir Sam said the present method of raising complete battalions with distinctive names such as "O.O.R." or "Buffs," had been "satisfactory" and more effective in gaining recruits, owing to the "spirit of camaraderie" which it created.

General Hughes said there was no truth in the story that he had held up the departure of a steamer from Liverpool for 16 hours. The real fact was that he had boarded the steamer sooner than some other passengers, and then had to wait ten and a half hours for the boat to start. He thought the time of a steamer's departure was always subject to orders from the admiralty.

During his interview with the newspaper men Sir Sam twice hinted at some of the statements in Canadian papers being "tipped with German gold."

Left For East.

Lt.-Col. D. H. McLaren's crack 157th Simcoe County Battalion left Camp Borden this afternoon for a point east. Although there was a heavy rain, both during the battalion's march to the depot and during the complete send-off, hundreds of men in khaki lined the route to the station, and the 17th Simcoe and 122nd Buffs playing, acted as an escort.

The departure of the 157th Battalion was witnessed by Lieut.-General Sir Sam Hughes, who was the first unit which in leaving camp has had this honor. Major-General Logie and the divisional staff-officers were all at the station when the 157th departed, and

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to dye this mixture was to make it at home, which was messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

led the cheering when the two special troop trains drew out.

A few minutes before the 157th left for the station the battalion was visited by General Logie and the divisional staff. Sir Sam addressed the battalion, saying that in going overseas he knew it would conduct itself as other units in the past had done and uphold the reputation gained by the Canadians at the front, a reputation equaled only by the British Guards' regiment. He hoped to meet the 157th overseas.

At the close of his speech three cheers were asked for General Hughes, by Lt.-Col. McLaren, the 157th's commander. The men responded with great heartiness.

Nursing Sisters Selected. The following nursing sisters have been selected for duty overseas with the Queen Alexandra Imperial Nursing Service: Miss Nellie Bowman, 114 Beverley St.; Miss Ida D. Hannaford, 29 Waverley road; Miss Minerva Dewar, 281 Sherbourne St.; Miss Clara Wilson, 60 Howard St.; Miss Laura M. Conlin, 680 Christie St.; Miss Hettie Crowe, 121 Woodbine Ave., all of Toronto; Miss Una B. Emery, 1994 Christie St., and Miss Annie E. Knowles, 2 Lyman St., both of St. Catharines; Miss Margaret MacLeod, 68 Manitoba Ave., Hamilton; Miss Pearl L. Morrison, Grand Valley; Miss Dorothy Hamilton, Delhi St.; Miss Helen E. Brown, 758 George St., Peterboro.

Seven officers, and fourteen other ranks, of the Canadian army dental corps, left for England yesterday. Capt. W. J. McEwan will be in charge of the party.

Capt. J. W. Barton, chairman of the medical board, who has been making a special re-examination of the members of all battalions in camp, stated that the inspection of the 157th Battalion by McLaren and 2nd Brigade Battalions was completed today, those being the last two units to be examined. In the 122nd Battalion a considerable percentage of the men were found to be suffering from rheumatism and poor feet.

Movement of Troops.

Headquarters announce that the movement of troops to winter quarters will take place on the following dates: Divisional Cyclists will leave Niagara Camp for Exhibition Park, Toronto, on Oct. 16.

220th York Battalion leave Niagara for Exhibition Camp Oct. 17.

Greater Personal Efficiency the Duty of the Hour

More than twenty-five hundred of the finest, fittest and readiest of Toronto's heroes fighting for us in France, have (of their own accord) gone overseas from the different branches of the City's Young Men's Christian Association. More are joining the ranks every week. It is a tremendous sacrifice and a tremendous strain upon the Y.M.C.A. membership, though cheerfully made, but we want at least one new member to take the place of each man who has gone overseas.

The Y.M.C.A. has extended the full freedom of its facilities to all soldiers whether members or not. During the 1915-16 season, the physical features such as baths and gymnasium were used by 141,345 soldiers! Rejected recruits numbering 284 were made fit for active service!

Although the Y.M.C.A. has been referred to as one of the greatest recruiting forces in all Canada, each and every one of its recruits freely and without restraint makes the choice for himself. Right heartily are we proud of our glorious boys in France!

How the Y.M.C.A. Enhances Efficiency

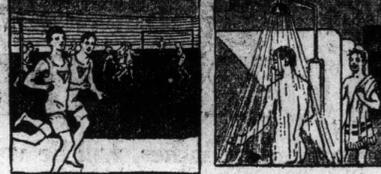

The heavy drain upon Y.M.C.A. membership makes it possible for many hundreds of men to avail themselves of the opportunities afforded by the Association for equipping themselves to the highest possible degree of effectiveness—physically, socially, mentally, etc.

Young Men's Physical Department. All physical classes are carefully graded. Business men's and boys' exercises are just what are needed—no more, no less. The young men's work is

Within six months he had a good working knowledge of the language given him offhand by his associates. The Y.M.C.A. has set many a worthy young man on the high road to greater efficiency.

Facing Canada's Problems

The sacrifice of the nation's manhood in these critical times imposes upon those who are obliged to remain at home the duty of making themselves as efficient as possible to meet the increased responsibilities that rest upon them as citizens of Canada. Never were these responsibilities greater than now, and they will be still greater when we begin to cope with the vast unknown problems that will face this country upon the return of peace. Join the Y.M.C.A. and make yourself more efficient.

more active and consists of supervised calisthenics and games calculated to build up the whole body, and not merely for a great show of muscle. The gymnasiums are complete in every respect.

The Business Men's Department

Can any business man, realizing the duty of the hour, think of a more pleasant and effective way to increase his efficiency than by joining the hundreds of business and professional men now taking advantage of the invigorating, health-building exercises of this popular department!

DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says We Can't Help But Look Better and Feel Better After an Inside Bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, forms toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, and putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion also those who wake up with a coated tongue, bad taste, nasty headaches, bilious spells, acid stomach or constipation should begin this prescribed hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanse the outside, so hot water and limestone phosphate act on the inside. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the pores do.

COMPANION OF GIRL WHO SAVED LIVES OVERLOOKED

Correspondent Writes That Miss Lulu McSherry Gave Valuable Aid.

Editor World: In this morning's edition I notice Miss C. Apted is about to be rewarded for her part in saving the lives of three Hawke boys from drowning in the Humber, and beg to state that there has been some mistake in overlooking her companion, Miss Lulu McSherry, 342 Berkeley street, who threw the life belt and hung on to the boys while Miss Apted rowed ashore. I feel sure you will see that Miss McSherry gets the public acknowledgement due her, as the Toronto World is always first in giving credit where due. If you enquire from Miss Apted of the Hawke brothers you will find this statement correct. Hoping, dear sir, you will give this gentleman attention at once.

Sir Wilfrid Laurier Has Been Won to Women's Suffrage

While speaking to the members of the Women's Canadian Clubs of Ontario in London, Sir Wilfrid Laurier announced that he had been won over to the cause of woman suffrage. "I do not think that woman suffrage will achieve all the good its exponents claim for it," said Sir Wilfrid, "but I am sure it will not result in all the bad its opponents expect from it; but as we witness the glorious part that noble woman is taking in service and sacrifice for the highest and best in civilization, my personal conviction is that there is no reason why she should be denied the right of the ballot if she wants it."

HOLD ECONOMIC DAY.

At a meeting of the ladies' auxiliary of the Divisional Cyclists at which Mrs. Ambrose Small, the president, was in the chair, arrangements were made for an economic day and a dance. The auxiliary is only a month in existence, but has already raised a hundred dollars in the treasury which the members hope to increase to a thousand before the end of the month.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box 29, W. 65, Windsor, Ont., will send free any mother her successful home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with the difficulties by day or night.

THE VITAL TEST.

Accidents may be minimized by the use of the quick-stop anti-skid Dunlop Traction Tread Tires. Will your present tires stand you in good stead when you want to make that quick stop that may mean so much to someone else's life or your own?

McIntyre Report to Make Good Showing

R. E. Kemerer in his market letter says: "The forthcoming quarterly statement of the McIntyre Company will embody results and information which cannot be proved more gratifying to shareholders. This statement will show a total production, including Jupiter ore treated, of approximately 25,000 tons, while the production of the McIntyre itself will appear as an increase of some \$15,000 or \$18,000 over the previous quarter. There has been a steady growth in the profits of the McIntyre Company during the past year; the production in the final quarter of last year was \$74,435, in the first quarter of this year \$97,125 and in the quarter ending June 30, 1916, \$122,004; the quarter just ended will, as stated above, show approximately \$125,000, so that the production of the company is almost double that of a year ago.

Rumor of Recurrence of Submarine Activity Causes Reaction. Chicago, Oct. 13.—Prospects of an active call from Great Britain for wheat higher today, also something of a bullish reaction took place in the afternoon owing to news of a declining acreage. The market closed unsettled, with wheat higher, with December at 1.18 1/2 and May 1.17 1/2. Corn gained 1/2 to 3/4, and finished 1/2 off and provisions varying from 1/2 decline to a rise of 1/4.

DRIFTING ON VEIN

By Special Correspondent. Cobalt, Oct. 13.—Ore, variable in value but very good generally, is being developed in the vein McKinley-Darrah struck in the lake winze at the 800-foot level three weeks ago. Where found the vein was in the keel, but the drift was quickly out of it and into the conglomerate, where the values staid a little. The drift is about forty feet on the vein.

REPORTS AND BALANCE SHEET

For Year Ended August 31st, 1916, Presented to the Shareholders at Fifteenth Annual Meeting, Held at Montreal, Que., October 12th, 1916.

DIRECTORS' REPORT

A Balance Sheet showing the Assets and Liabilities of the Company, also Profit for the year, is submitted. The Company's accounts have been audited by Messrs. Creak, Cushing and Hodgson, Chartered Accountants, whose report is presented herewith.

The sum of \$4,600 was added during the year to the Company's Pension Fund, which now amounts to \$115,900. The Company's system of country elevators in the Northwest has been increased during the year by 21 buildings, making a total of 183 elevators, of territory. The Company's four mills, elevators and other properties are in first-class condition. All charges for repairs and renewals have been written off and the plants maintained at the highest standard of efficiency.

The usual dividends were paid during the year on the Preferred and Common Stocks, and a bonus of four per cent on the Common Stock was provided out of the year's earnings on October 2nd, 1916, making a total distribution of twelve per cent on this issue. All of which is especially submitted.

(Signed) C. R. HOSMER, President.

Addressing the Shareholders present, Mr. W. A. Black, Vice-President and Managing Director, said:

It is with pleasure we are again able to present you with a very satisfactory statement. Notwithstanding the fact that since our last meeting the Government war tax was imposed and was retroactive for a year (which will necessitate our paying a very large sum), we have been able to provide for these taxes out of the year's earnings, pay our holders of Common Stock an increased dividend, and carry forward \$138,570.12 to the credit of Profit and Loss Account, which now stands at \$844,230.62.

While the earnings show an amount of 25 per cent on the Common Stock, it must be remembered that our reserves, represented by Contingent Account \$1,250,000, and Profit and Loss balance as on August 31st, 1915, \$512,000.50, and that taking this into consideration it makes the return 18 per cent.

While we were not so fortunate in having a large amount of wheat to sell at such enhanced prices, as happened last year, we were more fortunate in that in average years in our purchases. We also profited largely in the increase in returns which we received from our investments in business other than flour milling. Our interest charges for borrowed money have been much less, owing, of course, to the large Capital now invested in our business which has been accumulating for some years past out of surplus earnings.

Our mills are now fully employed, and have orders ahead to keep them running for some time. In the Northwest it is less than half of last year, the yield as an average little short of what it usually is, and the prices are very much higher. At this date last year October wheat was 85 1/2 cents per bushel; today it is 104 cents. The high prices were in effect before the farmers had actually marketed the new crop, so that they will reap the full benefit, and the return to them at a whole, will be little, if any, less than the previous year, and with the very high prices prevailing for all farm products, the country should be established on a most substantial basis.

Like many other manufacturers, we have been handicapped by the absence of a large number of our employees who are doing duty at the front; but are confidently looking forward to the successful conclusion of the war at no distant date.

DIRECTORS AND OFFICERS

The following gentlemen were elected Directors of the Company for the ensuing year:— Sir Montagu Allan, C.V.O., Mr. W. A. Black, Mr. Charles Chaput, Mr. George E. Drummond, Mr. C. B. Gordon, Sir Herbert Holt, K.B., Mr. C. R. Hosmer, Mr. A. M. Hanson, Mr. R. Shirley Ogilvie, and Messrs. Creak, Cushing and Hodgson were appointed Auditors.

Soldiers' Provision Boxes

Here's the quickest and most satisfactory way to send provisions to the boys at the front.

The Robert Simpson Co., Limited, has arranged through its London office to supply boxes at what are London prices. These English boxes are put up in London, England, and sent direct from there to the trenches.

Each week end boxes will be ordered by cable, and the order followed by letter, giving all addresses and instructions.

We are glad to offer this good-will service to all who are remembering their loved ones now at the front.

Orders will be taken in the Grocery Department, Basement, where duplicates of the boxes the soldiers will receive may be seen and inspected.

The prices are: Box No. 1, \$1.60; Box No. 2, \$2.60; Box No. 3, \$1.65; Box No. 4, \$3.00; Box No. 5, \$2.85; Box No. 6, \$3.60; Box No. 7, \$5.00; Box No. 8, \$7.35.

We cannot accept phone orders.

Warm Chinchilla Overcoats Just Like This Picture, Today 12.00

We've got 100 of them--and owing to the situation of the makers we got them for away less than they are worth--certainly we couldn't get any more to sell at anywhere near this price. They are made of warm navy blue chinchilla, lined with heavy twill mohair, double breasted, belted back, shawl collar--a handsome winter overcoat, just like the illustration. Sizes 36 to 44. In a most unusual offer at 12.00

Here Are Three Other Overcoats That We Consider Extra Good Value

Fall Overcoat at \$13.50
Made from an Oxford grey English cheviot cloth, in a smart single-breasted fly-front Chesterfield style, one that can be worn for any occasion. It is nicely tailored and finished with fine twill mohair linings. Sizes 35 to 44. We recommend it as a good dressy coat of special merit at the price. Special Saturday 13.50

Burberette Overcoat \$22.00
It serves a double purpose, being a choice Fall weight Overcoat, and one that will turn the ordinary shower. A fine texture tan Burberette cloth, made in the swagger English slip-on style with Raglan shoulders and loose box back. Lined throughout with a fancy check worsted material. A carefully English tailored coat. Sizes 35 to 42. Priced 22.00

A Winter-Weight Slip-On
This is a handsome coat made from a heavy English wool coating, in a medium shade of grey in a faint diagonal pattern. Cut in the fashionable double-breasted slip-on style, with satin lined sleeves and shoulders. Beautifully tailored and finished--it has the character of a high-class custom-tailored garment, and is a value that cannot be excelled. Sizes 34 to 40. 24.00 Price 24.00

Young Men's First Long Pant Suit

These suits are all better than the price would indicate. They consist of a collection of odds and ends, including sizes from 32 to 37. The materials are English tweeds, in greys, browns and fancy mixtures. Every suit in the lot is good fitting, tailored carefully in a fashionable single-breasted style. We're clearing these suits out Saturday at 9.95

Young Men's Very Smart Suit for \$20.00

For a handsome, serviceable winter suit, young men are advised to make their selection from our \$20.00 line. One beauty is a seal brown English tweed. The coat is a single-breasted sacque with soft roll lapels, shoulders and collar that hug the form, and will hold their shape. Gracefully shaped cuff bottom trousers. Sizes 34 to 42. A suit for the real good dresser. Priced Saturday at 20.00
