More Brave Local Soldiers Give Lives

H. J. Gaynes Follows His Brother in Giving Up All

R. J. Grant Is Killed

E. F. Mully Makes Supreme Sacrifice—G. W. Kirk Missing And Believed Killed—Gunner J. Ralph Machum's Wound—Sergt. F. M. McHarg in List of Wounded

Mr. and Mrs. W. M. Gaynes of 5 Frederick street have given three sons to the colors, two have been killed and the third is still fighting in France. This morning official word came to the family that their second son, Pte. Harold Joseph Gaynes, was killed in action on May 1. Pte. Gaynes was a bright young man and readily made friends. His brother, Pte. William, was officially reported killed in action last September. Both brothers were with a famous New Brunswick regiment. There survive their parents, four sisters, Mrs. Martin of Forest street, Misses Mary, Kathleen and Josephine, at home, and three small brothers, Michael, Lionel and Ronald. All the members of this family that are physically fit are in uniform. W. M. Gaynes, the father, is employed with King & McDonald, wholesale grocers. Pte. Florian Gaynes is overseas with the Field Ambulance.

Pte. Russell John Grant has been officially reported killed in action on April 9, according to official information received by his wife, at her home, 209 Brussels street, this morning. Pte. Grant was twenty-six years of age and previous to going overseas he was with George Dick, coal dealer in British street. He leaves his wife, mother, Mrs. S. E. Grant of St. David's street; three sisters, Mrs. Gordon McDonald, Mrs. E. Burns of Bayfield, N.B., and Mrs. V. M. Mallett of New Hampshire and one brother, H. C. Grant, of this city. Mr. Grant had a letter from his husband recently and at the time of writing was in the line of action.

5. W. Kirk, High Street
The home of James A. Kirk, of 77 High street, was saddened this morning upon receipt of a telegram from St. John informing him that his son, Pte. George William Kirk, was officially reported missing and believed killed in action on April 9. The news came as a great shock to Mr. Kirk and family, and the sympathy of a host of friends will go to them in their hour of sadness.

Private Kirk left here with a well known battalion, and on the morning of April 9, he volunteered to go to the front with a draft. He was in his twenty-second year and was one of the best known and most popular young men of North End.

Prior to enlisting, he was working with his grandfather at Baywater. He was formerly employed with Manchester, Robertson, Allison, Ltd., and was highly esteemed by his employers and fellow employees. Besides his parents, he has two brothers, Murray and Harold, and one sister, Mildred, all at home.

W. L. Craft, Harrison Street
William Craft, of 73 Harrison street, received a telegram this morning notifying him that his son, Pte. William Livingston Craft, was reported wounded on April 20. No particulars were given. He left here with a New Brunswick battalion, and upon his arrival in England was transferred into another well known battalion, then fighting with the Canadian forces in France. Prior to enlisting, he was employed in the T. H. Eastbrook Co., Ltd., tea warehouse, and was a native of Newfoundland, had been killed in the trenches he suffered from a stroke and later from trench fever.

Sergt. F. M. McHarg
That his son, Sergt. Frederick M. McHarg had been admitted to Brockton hospital in Woodville, Eng., on May 3, suffering from concussion in the leg, was the message contained in the telegram received by George McHarg of 24 Portland street this morning.

This is the second time that Sergt. McHarg was wounded. On October 19, 1914, he sustained three bullet wounds in his left arm and was in a hospital in England for six months. After returning to the trenches he suffered from a stroke and later from trench fever.

Sergt. McHarg left here with a battalion in the first Canadian contingent. He crossed to England as a private and won his way to promotion to the rank of sergeant. At the first of the war he understood that he has been decorated for gallantry displayed while in action.

Gunner Machum's Wound
Mrs. Alice Machum of this city, received this morning the effect word that her son, Gunner J. Ralph Machum, a member of a local siege battery, had been slightly wounded in the left leg

MAY WHEAT HAS SOARED TO \$319

Chicago, May 11.—Highest peak in wheat prices were again overtopped today. The best explanation obtainable is that scattered buying on the part of houses with eastern connections produced more than sufficient volume to counter-balance available offerings. Opening quotations, which ranged from half cent off to three cents advance, with May at 3.18 and July at 2.47 1/4 to 2.49, were followed by a sharp general advance carrying May to 3.19 and July at 2.52 1/4. September made a still greater jump of 5/8 to 3.14 and touched 3.15.

TRIBUTE TO REV. W. R. ROBINSON

Expressions of general regret were heard on all sides this morning when it became known that Rev. W. R. Robinson had tendered his resignation as secretary of the Children's Aid Society. The police report Mr. Robinson's departure and that of his resignation as secretary of the Children's Aid Society. Mr. Robinson had been working with the police and both had exchanged some valuable services and information. "He was the chief," said one of his valuable time to his work, and even that without remuneration.

MRS. WILLIAM SHORR

The death of Mrs. William Shorr occurred suddenly on May 7 in St. Andrews. She was in her 78th year and leaves three sons, Henry of McAdan Junction, Wilfred of St. George, and Walter at home; and two daughters, Mrs. Douglas Seaman of St. George, and Mrs. Walter E. Whelpley of Atholter, B.C. The funeral was held on last Wednesday, Rev. Geo. H. Elliott officiating.

SEEKS BIRTH RECORD

George Patrick Cody, now located in Panama, Republic of Panama, has written to the mayor asking if proof of his birth can be secured here, as his papers were all destroyed by fire recently. He was born in St. John on March 16, forty-two years ago. A brother sailed with the William Thomson & Co. communication is addressed to "His Honor, The Mayor of Carleton."

GETTING BETTER

The condition of Captain William Pitt, quartermaster of the 82nd C. D. F., who was recently operated on for appendicitis in the military hospital in St. James street, is much improved. It is expected that he will be about in the course of a few days.

GIVEN A CHANCE

Following closely upon remand into jail this morning of Otto Bostwick, on charge of non-support of his wife and five small children, was brought into court again a little before noon. His wife was present. The man was allowed to go under suspended sentence upon his own promise to make amends and look after his family.

DEATH OF CHILD

The death of Reta Cosman, daughter of Mr. and Mrs. Joseph Cosman, 157 Rotherly avenue, occurred this morning after an illness of but four days with pleuro-pneumonia. She was five years old. Besides her parents, she is survived by one sister, Doris, at home.

BANK CLEARINGS

The St. John bank clearings for the week ended Thursday, May 10, were \$2,196,626; for corresponding week last year, \$1,895,788.

THE NEW INSPECTOR

I. W. Woods of Welsford, who was recently appointed post office inspector, was on duty today familiarizing himself with the workings of his department. Many friends called on him and extended congratulations. Mr. Woods was introduced to the staff by the assistant superintendent, Alexander Thompson. The kindly feeling which prevailed, he said, made him feel perfectly at home.

GORKY PREDICTS ANOTHER CRISIS

Russian Writer Continues Anti-British Outbursts

DUMA MEMBERS LOYAL

Cheer President's Declaration Against Separate Peace—Correspondent Says Mlulokoff Is a Stumbling Block

London, May 11.—A Petrograd despatch to the Daily Express says: "Maxim Gorky whose anti-British outbursts and assertions that Dr. Paul Mlulokoff, the Russian foreign minister, is in the pay of Anglo-French capitalists daily mark the columns of his newspaper, New Life, foreshadow another political crisis in which the council of workmen and soldiers' delegates will endeavor to retrieve their position. The council is very angry at the course of recent events."

DUMA AGAINST SEPARATE PEACE

Petrograd, May 11, via London.—Thursday being the anniversary of the opening of the first duma, an extraordinary session of delegates and ex-delegates was held at the Lauride Palace. The members of the provisional government and foreign diplomats were also present.

Prolonged applause greeted a speech by President Rodzianko, in which he re-iterated his idea of a separate peace. There was an enthusiastic demonstration later on when he proclaimed the loyalty of Russia toward her Allies.

OBJECT TO Mlulokoff

London, May 11.—The Petrograd correspondent of the Daily News, discussing the question of a coalition ministry in Russia, foresees the possibility that the country might actually be possible so long as Foreign Secretary Mlulokoff remains in office. The correspondent asserts that the democratic elements will not be content so long as the country's foreign affairs are in the hands of a man who frequently demonstrates views which are regarded as anti-democratic.

Trouble Here

Petrograd, May 11, via London.—Twelve members of the council of workmen and soldiers' delegates, including the president, have gone to Schlesburg to report to a district committee in declaring itself an autonomous unit.

THE MATTER OF COALITION

Petrograd, May 10, via London, 1111.—The British Red Cross attacking Germans east of Arieux and south of the Souchez river last night. The matter of coalition, appears to have been the subject of a discussion in the House of Commons. The speaker of the House has been asked to make a statement on the subject of the coalition ministry.

What was established yesterday morning namely, that the government had been abusing the trust of the House of Commons in any case and not attempt to attend.

THE ZEBRUGGE ATTACK

Australian, via London, May 10.—Delayed—English airplanes bombarded Zebbrugge early this morning. At the same time a flotilla of torpedo boats was observed from Flushing bombarding the Belgian coast.

FUNERALS

The funeral of Captain William H. Gayton took place this afternoon from his late residence, 28 Harrison street. Interment was made in Cedar Hill, after services at the house and grave.

The funeral of Mrs. Sarah V. Little took place this morning from her late residence, 80 St. Paul street. Services were conducted by Rev. F. H. Westworth. The body was taken to Norton for interment.

Phelix and Pseudonym

Phelix and Pseudonym. The two names were used by a man who was arrested in connection with the recent case of the household, and in recent years the three surviving daughters have made their home in Oronotto. The two now left are Mrs. James Rowan and Miss Ellen McCaffrey. Miss Elizabeth was of gentle, kindly manner and numbered many friends at home and in Fredericton and St. John. She visited this city almost every summer and always was a welcome guest at her friends' homes.

ONE OF FLEEING GERMANS BADLY HIT IN SEA FIGHT

Hot Firing as Runaways. Speed For Home Pursued by the British

Amsterdam, May 11, via London.—A German torpedo boat was badly hit in the battle between German and British destroyers early yesterday morning, according to the Flushing correspondent of the Telegram. The correspondent says that a very hot battle took place near the North Hinder Lightship. Great flames were seen and the firing could be heard in Flushing and elsewhere in Holland. The Germans passed North Hinder at great speed about 4.30 o'clock. The British pursuing and both sides firing rapidly. One of the German boats was seen to be severely damaged. The British followed their quarry until near the mine field off the Flemish coast, the Germans taking refuge in Zebrugge. On Thursday night the signals were being sent up from Zebrugge and the searchlights were flashing continuously.

French Win Another Position In West; Germans Use More Of Their Reserves

Paris, May 11 (noon).—French troops captured a German position in the region of Chevret last evening, according to an official statement issued by the war office. Heavy counter-attacks by the Germans were repulsed.

Paris, May 11.—Four fresh German divisions have been observed on the Alsace front since May 7, says an official summary of the operations of May 4 to 6. The statement adds: "This is irrefutable proof of how rapidly these effective are being used up. German losses in these three days exceeded all estimates."

VARYING VIEWS ON THE IRISH BY-ELECTION

Daily Telegraph Correspondent Relates to Rumor That Redmond May Give Up Leadership

London, May 11.—The Daily Telegraph commenting on the result of the South Longford election refers to the severity of the blow for the Nationalist party and continues:

"It scarcely falls with less force upon all in the country who have hoped against hope through all the error and tragedy of these last years for the attainment of an Irish settlement and the removal of the outstanding failure of self-government in the record of our self-governing empire."

The extreme Unionist view, as expressed in the Morning Post, is that the present situation is a step towards the retention of any link between Ireland and Britain.

The liberal at-home rule press, on the other hand, lays the blame on the Unionists. Thus the Daily Chronicle says: "Our liberal at-home rule press, which is now indisputably the sentiment of the whole of the country, is in a state of indignation at the retention of any link between Ireland and Britain."

The Daily Telegraph's lobby correspondent writes: "The situation is not improved by the rumored desire of Mr. Redmond to retire from the leadership on account of his health. There is some curiosity as to whether the term of Mr. Redmond's resignation is valid. It is contended that if the indictment under which he was convicted charges a misdemeanor only if a felony it can do so."

According to one statement he will be declared disqualified from taking his seat, but it is assumed that Mr. Guinness, like Plunkett, will ignore the House of Commons in any case and not attempt to attend.

The Times correspondent in Belfast telegraphs: "It is more determined than ever to support Mr. Redmond in the leadership of the party, a section which is opposed to all connection not only with Great Britain, but with the British Empire, and whose only ideal is complete isolation as a small republic."

Many in St. John today learned with regret that Miss Elizabeth McCaffrey had passed away at her home in Oronotto, where she had been ill for some time. Miss McCaffrey was a daughter of the late Mr. and Mrs. Thomas McCaffrey who were among the pioneers in the settlement of Burton, near Oronotto. They were of sturdy Irish character, industrious, upright, pious people and their name represented the best qualities of heart and mind. The heads of the family have long since passed to their reward, together with other members of the household, and in recent years the three surviving daughters have made their home in Oronotto. The two now left are Mrs. James Rowan and Miss Ellen McCaffrey. Miss Elizabeth was of gentle, kindly manner and numbered many friends at home and in Fredericton and St. John. She visited this city almost every summer and always was a welcome guest at her friends' homes.

To the bereaved ones the sympathy of all will go out. The funeral will be held on Saturday morning at ten o'clock in the Vincent de Paul church where Rev. C. P. Carleton will celebrate high mass of requiem. Interment will be in the little country churchyard near the sacred edifice.

POLICE COURT

Otto Bostwick, arrested yesterday in Fredericton by Detective Briggs on a warrant, was before the court this morning on charge of non-support of his family. The oldest child is under ten years of age. The prisoner entered a plea and was remanded until his wife can come to court. She is now reported to be quite ill. There were no arrests yesterday in the city.

SINKING MORE SUBMARINES

Number Put Out of Action Has Grown in Last Few Days

French Authority Says Means of Fighting Them Increase Daily—Norwegian Steamers Held up in Spanish Waters, Escorted Outside and Sunk

Paris, May 11.—Both French and British statistics on submarine sinkings during the last week show a certain improvement in the situation, says Marcel Hatin, a usually well-informed writer on the subject. He adds: "I understand that our means of fighting submarines is increasing daily and, without giving details, I can say that the number of submarines put out of action in the last few days has risen in a very satisfactory manner."

London, May 10.—(Delayed).—The Norwegian steamers Tjoga and Leikanger have been sunk by German submarines ten miles off the northwest coast of Spain. According to information received here the submarine halted the steamers in Spanish waters and escorted them beyond the territorial limits, where they were sunk.

The Tjoga was a vessel of 3,275 tons, built in 1908. The Leikanger measured 3,225 tons net. Both vessels were engaged in the American trade.

Austrians Lose 13.
New York, May 11.—A news agency despatch from Washington says: "Thirteen Austrian submarines have been sunk in the Mediterranean in the last three weeks by Italian naval forces. This was learned here officially today."

ITALIAN MISSION TO UNITED STATES ARRIVES

Reaches New York Unhindered—Canada's Finance Minister in Balfour Party in the Metropolis

New York, May 11.—Members of an Italian mission to the United States reached this city yesterday unharmed. The Italian mission is headed by Enrico Arlotto, minister of maritime and railway transportation in the Italian cabinet. Besides Mr. Arlotto, the mission is composed of General Guglielmotti, representing the Italian army; Commander Vannutelli, representing the navy; and Gaetano Pietra, of the transportation department; G. Parolo, of the department of industry and commerce; and the Italian minister of agriculture.

These men have come on the same errand that brought the British mission to Washington in a few days to begin its conference with the British war commission, headed by Minister Balfour, is expected to arrive in this city at 2.30 this afternoon. They will land at the Battery. The same programme that attended the arrival of the French commission will be followed. The British mission will be escorted to City Hall, where the mayor will receive them. Then will follow a reception in the governor's room in City Hall and speeches by the mayor, chairman Joseph H. Choate and Mr. Balfour, after which the visitors will be escorted by mounted policemen to the residence of Vincent Astor.

Mr. Astor will be host to the British envoys during their short visit. For the trip to New York from Washington the U. S. government has provided a special train. The British mission included Mr. Balfour, Lieut. General Bridges, Rear Admiral Sir Dudley R. S. De Chair, Sir Eric Drummond, Ian Malcolm, Col. Heron and Sir Hardman Lever. The party accompanying them included Sir Cecil Spring-Rice, British ambassador; Sir Thomas White, Canadian minister of finance, and an escort of U. S. government officials, headed by Assistant Secretary of State Phillips.

London, May 11.—(via Reuter's Ottawa Agency).—Lord Derby, secretary of state for war, speaking at a luncheon today, said that it would be underestimating the number to say we had eleven allies, because we could no longer look upon the commonwealth and the dominions as simply dependencies of Great Britain. They were the firmest allies any country could have.

What kept them together? Not Downing street or the politicians. Politicians come and go. What did keep them together was the monarchy and the king to whom this country and our great dependencies look, and rightly, as the proper head of a great country.

THOMAS CORR

Friends today learned with regret of the death of Thomas Corr, which occurred after a lingering illness. He was about seventy years of age and for years was a trader in the city. Mr. Corr was the last of his family. The late Michael Corr of the city staff was a brother. The funeral will be held from 121 Brussels street tomorrow morning to the Cathedral.

REFUSE TO PUT CHINA INTO WAR WITH GERMANY

Peking, May 11.—After a riotous session lasting through Thursday night, the house of representatives refused to pass a resolution declaring war on Germany.

The House of parliament was surrounded by a mob which demanded war, making threats of violence. Under the orders of Premier Tuan Chi Jui, troops finally dispersed the mob. The premier addressed the house, urging a declaration of war. He was denounced by members of the press is opposed to the war party, urging parliament to resist military pressure on the ground that it threatens the republic.

HEARSAY EVIDENCE

Federal Inquiry Into Charge of Stoning of Troop Trains in Quebec

Quebec, May 11.—Colonel Wigle, with Colonel Ostell and Major Barkley, continued yesterday afternoon in Fredericton, a federal inquiry into the charge that troop trains had been stoned at Fraserville and that soldiers were abused at that place. At yesterday morning's session no witnesses had come forth to establish specifically the stoning of troop trains, and yesterday afternoon one came out with a sworn statement. A federal inquiry into the charge that troop trains had been stoned at Fraserville and that soldiers were abused at that place. At yesterday morning's session no witnesses had come forth to establish specifically the stoning of troop trains, and yesterday afternoon one came out with a sworn statement.

H. R. White, manager of the bank of Montreal in Fredericton, said he was told that stones had been hurled at a troop train. The president of the commission asked Mr. White to procure the mission asked Mr. White to procure the stoning of the train but Mr. White did not wish to make it known that he had not witnessed the incident.

What was established yesterday morning namely, that the government had been abusing the trust of the House of Commons in any case and not attempt to attend.

MACHINE GUN DRAFT Twenty-five members of the machine gun draft, under command of Lieut. J. K. Scammond, returned this morning from Halifax, where they took a special course in machine gun work. The unit still is in need of about ten good men. One recruit was secured this morning, Charles Henry Cooper, a Canadian boy, who has been living in the United States for the last few years.

WEAK AND TIRED WOMAN Tells How Vinol Made Her Strong St. John women who are weak, run-down and suffering from the consequent effects of such a condition, will be interested in Mrs. Odell's letter. She says: "I am a farmer's wife and was all run-down, weak, tired and suffered from indigestion, and sometimes it seemed as though I could not keep around and do my household work. I had taken many medicines without benefit. One day I saw Vinol advertised, and made up my mind to try it. I have taken four bottles and have gained seven pounds in weight. I feel stronger, and feel many times younger than before." Sarah Odell, Lockport, N.Y.

THE REASON Vinol builds up weak, run-down women so quickly is because it explains a delicious, and most successful tonic, beef and cod liver peptone, iron and manganese peptone and glycerophosphate, in a mild tonic wine. We want to say to every weak, run-down, overworked woman in St. John that we will return your money if Vinol fails to help you as it did Mrs. Odell. FORTY-FIVE YEARS OLD

Just when a man or woman is nearing the half century mark the discovery is made that nature does not make repairs to health unaided as in younger days. The kidneys for instance once out of order do not right themselves. As a consequence the usual sequel to derangement of the kidneys is acute inflammation, which indicates its presence in the small of the back; Rheumatism in one of its many forms; Lumbago or perhaps inflammation of the bladder; Brick-dust deposits or other kidney and bladder troubles develop. The man or woman becomes a slave to aches and pains, although relief can be obtained by those willing to take advice or profit by example. Hundreds have found the remedy for kidney and bladder trouble in Gin Pills. Some have heard about Gin Pills from friends who have been cured, others read our newspaper announcements. Some wrote for free sample; others bought from their dealer on our guarantee of money back if not benefited. Gin Pills too, relieve Constipation and its attendant ills.

You, man or woman of 45 and beyond, you need the help of Gin Pills to promptly restore your kidneys and remove pain. Surely it is worth a trial. Sold by all druggists and dealers everywhere at 50c per box, or 4 boxes for \$2.00. If you wish to try a free sample, write to the National Drug and Chemical Company of Canada, Limited, Toronto.

Battalion Finances The N. C. O.'s and men of the 217th Battalion have been more fortunate than those of the average battalion as far as their financial affairs have been conducted. Soon after their arrival in the city Lieut.-Col. Gillis, officer commanding, submitted a statement of the affairs of the battalion to a committee of officers and men representing the battalion. The statement was found correct in every respect. A distribution of \$2,000 was made among the N.C.O.'s and men at that time. In addition to the balance on hand a second distribution of upwards of \$1,000 was made on Thursday afternoon. In addition to the balance on hand a balance which will be used to meet any requirements that may arise. The men are highly pleased with the manner in which the affairs of the battalion have been administered by the officers.

Severed Arm Replaced A man who is working at the British Royal Ordnance works in London, one of the most remarkable operations ever performed. His arm was cut through completely in two places and a portion was taken out. The severed arm was replaced, and the limb is now in working order. The patient is now in the hospital at the Middlesex Hospital, who about four months ago performed the operation, which was so successful that although the arm is about two and one-half inches shorter than the other, it can take up to some extent. He can now use a cup of tea with that arm and raise it to his lips.

TRUJMAN HORSMAN IS DROWNED IN WEST Moncton, N. B., May 11—A telegram from A. D. Horsman of Cranbrook, B. C., brings word that his brother, Trueman Horzman, was drowned yesterday at Cranbrook. He was about thirty-eight years of age and went west several years ago. He was engaged in lumbering. He was a son of Albert Horzman, of Lake's Mountain, and is survived by his wife and three children.

PULLMAN LEAVES RAILS A Waterville, Me., dispatch says that a Pullman car on the rear end of the Boston-St. John express left the rails and was dragged across the Kennebec river bridge between Winslow and Waterville early on Thursday. One or two passengers were thrown from their berths but no one was injured. Members of the train crew were unaware of the accident until the car took a switch on the left side of the bridge and nearly overturned the car ahead. The cause of the derailment was unknown.

ARBOR DAY Today is arbor day and throughout the city schools special exercises are being held. Owing to the weather it was impossible to do any outdoor work. This afternoon in the high school, William McIntosh, curator of the Natural History Society gave an instructive illustrated lecture on trees.

PROHIBITION WINS IN COURT

Fredricton, N. B., May 11—Mr. Justice Barry this morning gave judgment in the appeal in the case of C. Edward Long, appellant, and the king on the information of Samuel Raymond, respondent, stating that he was of the opinion and also that there were abundant authority to support the opinion that the extension of liquor license to the appellant by the liquor license commissioners of Victoria county was improper and involuntarily granted, and that it cannot be buttressed up by invoking the aid of the language of section 196 of the prohibition act. His Honor further said that the sale of liquor by the defendant on May 11, having been admitted, was an offence against the prohibition act of 1916, and the conviction must be affirmed. The appeal was dismissed with costs to be paid by the appellant to the respondent. His Honor taxing such costs at the sum of \$10.

His Honor in his judgment took the ground that the primary and actual object of the intoxicating liquor act of 1916 was the suppression of the traffic in intoxicating liquor in New Brunswick, and it was the duty of the judge to make such construction of the statute as shall, if possible, suppress the mischief aimed at and advance the remedy. Even where the usual meaning of the language falls short of the whole object of the legislature, a more extended meaning may be attributed to it.

P. J. Hughes, of Fredericton, appeared for the respondent, and Thos. J. Carter, of Andover, for the appellant.

SUFFRAGE IN FRANCE (Halifax Echo) The French women who have been for eleven years fighting for recognition as full citizens of their country now their full victory has been given by the promise, made by the parliamentary committee on suffrage, that the end of the war will open all municipal elections to women who have passed the age requirement to be set by amendment to the suffrage bill already approved in committee. In accepting the measure the committee announced at the same time its decision that women could not serve as senatorial delegates. The struggle of the women of France for equality at the polls began in 1906. After a series of minor triumphs, wrested one by one by continuous effort in 1914 they had succeeded in influencing parliament to grant the right to vote at municipal council elections. The war put all matters aside but itself, and for more than two years the cause of woman suffrage was obscured by the problem of national defence. It is the problem of reconstruction after the war which has again brought it to the fore. This reconstruction, it is averred, will be impossible without the concerted help of the women. Besides, sentiment is strong for rewarding the great work done now for the war by the women, the "home front" victory, by the grant of the vote. In September, 1915, a shell fragment smashed a part of his upper arm between the shoulder and the elbow, and cut into his body, driving out a portion of his ribs. He was taken up by the Germans and eventually sent home with a batch of wounded prisoners and brought to Millbrook Hospital. His case was brought to the notice of a distinguished surgeon at the Middlesex Hospital, who about four months ago performed the operation, which was so successful that although the arm is about two and one-half inches shorter than the other, it can take up to some extent. He can now use a cup of tea with that arm and raise it to his lips.

MY DOCTOR SAID

"There's Nothing So Good for Scalds & Burns"

when I told me I was using Zam-Buk for my little son who had been badly scalded by boiling water over himself," writes Mrs. Albert Sawyer of Midland, Ont. She continues: "I called in a doctor, who gave me some ointment, but it did not seem to ease the child's pain, which was intense. I, therefore, discontinued it, and commenced applying Zam-Buk. This wonderful balm eased the pain almost as soon as applied, but to make sure I was doing the right thing, I called in a second doctor. When I told him what I was using, he said 'That's right—just continue the Zam-Buk treatment; there's nothing so good for scalds and burns.' "I persevered. The soreness was soon all drawn out, and healing commenced. New skin gradually began to form over the sore places, and it was not long before the scalds—although so deep—were completely healed. "While Zam-Buk is excellent for such serious burns and scalds, as in the above case, it is just as necessary for the little accidents which are of far more frequent occurrence in every household—a scald from the kettle or from boiling fat, a burn from an iron or from a great deal of suffering, which can easily be avoided if Zam-Buk is applied at once. An application of Zam-Buk to a wound as soon as sustained, prevents any possibility of festering or blood-poisoning. Mothers should never be without Zam-Buk for their children's injuries. Children who have once had Zam-Buk applied will cry for it again, because they know it ends their pain. Zam-Buk is not a mere ointment, but an up-to-date herbal balm—the greatest healer known to science. It is composed exclusively of vegetable oils and herbal extracts and is 100% medicine, which accounts for its success in chronic cases of eczema, ringworm, scap, sores, boils, abscesses, bad legs, blood-poisoning and piles. All druggists and stores sell Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

When Will the Stars and Stripes Be Unfurled in France?

When it comes to the question of an immediate expeditionary force to France, there seems to be a division of public opinion. Opponents of the idea argue that our trained soldiers are at present more needed here to train the new armies we are raising, and that for the moment our ships can accomplish more by taking food to our Allies. But the other view finds eloquent advocates among our press, and Washington despatches seem to indicate that the administration has been converted to it by the arguments of the French Commission. Marshal Joffre addressing the American people through the correspondents urges us "to let the American soldier come now."

In THE LITERARY DIGEST for May 12th, you will find all phases of the Government's war activity at Washington covered in an intelligible comprehensive way. The full force of public opinion as indicated by the newspaper press is presented in all its shades.

"The Digest"—the Busy Man's Bible, the Doubting Man's Dictionary

Those of us who are busy, and which of us is not in these superstitious times, frequently sigh over the arid wilderness of irrelevant information through which we have to struggle in our daily papers in order to obtain those diamonds in a dust-heap, the items of vital news for which we are seeking. THE LITERARY DIGEST not only sifts the news, but derives its resume of the news not merely from a single paper, which would be to retain the latter's view-point, but from a weekly gleaming of all the worthwhile publications of the world, recording the result without comment or partiality, adhering to no view-point but reporting all. The facts of the day, focused from all points, are yours in "The Digest."

THE WAR NEWS

Today's cables tell us that a great drive in Macedonia has begun. The Allies are striking hard along a hundred mile front. This is welcome news from a quarter from which encouraging reports have long been anxiously awaited. The news is the more welcome because of the unfortunate situation along the Russian front, where action has been paralyzed as a result of the Russian revolution. There is still cause for a good deal of anxiety over the Russian situation. It may be hoped that Gen. Sarrail has the men and the guns to enable him to drive steadily forward on the Macedonian front.

On the French front the advantage is still with the British and French, and the constant bringing up of new German divisions proves that von Hindenburg is using up his reserves and suffering very heavy losses. The disagreeable fact remains that he is not retreating, but stubbornly fighting for every inch of ground. However, we have this assurance from Major General Maurice, the British military director:

"We have kept on going, and we are going to keep on going. The Arras offensive is much bigger than the Somme, and our next offensive will be bigger than Arras. Regarding the German casualties, it is impossible, of course, to give figures, but there is no disputing the fact that they have been terrible and incomparably larger than ours."

The latest reports on the submarine campaign show a decrease in the loss of ships, and this is also an encouraging feature of the general situation.

Bad crop reports from England should further stimulate the production campaign in Canada, as a most necessary war measure.

THE SUBMARINE

The St. Louis Republic sounds a cheerful note in regard to the menace of the submarine. We quote:

"The old saw about there being no lock that some burglar cannot pick needs considerable modification to make it correspond with the facts, for in the race between constructive and destructive genius sometimes one is ahead and sometimes the other. At this moment the destructive submarine is far ahead of the shipbuilder, and preparations to meet that situation are going forward on the theory that the submarine will continue to hold the mastery, but that is a working theory only. It may not be a fact, indeed, the fact is probably otherwise for human ingenuity made the submarine for human ingenuity made the submarine, and human ingenuity is certainly equal to itself. The invincible forts built before the war were battered to pieces and gave place to invincible trenches, which are also being hammered off the land-scapes of France. There is a day coming for the invincible submarine."

Of course the burning question of the moment whether the day of triumph over the submarine will come quickly enough to save the Allied armies and the British and French people from suffering greatly because of a shortage of food and other supplies. The general situation appears more hopeful than it was a few weeks ago, but the need of a rapid and great increase in the number of ships to carry supplies is very urgent, and calls for prompt action in Canada as well as in Britain and the United States. Increased production must be accompanied by a supreme effort to provide the means of carrying supplies to the war zone.

HELPING THE GERMANS

A great campaign for the Patriotic Fund is on in Halifax. The Echo says: "All the requests of those collecting for the fund were not met with the success that so worthy an object merited as witness the following: One of the committee visited a merchant who flatly refused to contribute on the grounds of being not in the least interested. Another when asked to contribute stated that he had read the report of the Sunday evening meeting, but that the object of the fund did not appeal to him. This flat refusal somewhat nettled the collector, and he asked the refusing party if a German bomb would interest him; which sally received no response."

To the credit of the city the Echo says such cases are rare. It is amazing that there are any. If ever there was cause to ostracize a man it is when he refuses to respond to such an appeal as that of the Patriotic Fund. He is in spirit a German.

The Standard's efforts to bear up in adversity deserve a degree of compassion. When it tells us that the provincial opposition is far superior to the government in point of ability we know that it is doing its little best to cheer the drooping spirits of Mr. Pinder and his colleagues in the house. When it warns temperance men to keep their eyes on Frederick and the proposed amendments to the prohibition bill it is trying in its humble way to make them forget the grating whisper on the eve of the elections which brought the liquor interests over to the side of the Murray government on election day. Its references to Mr. E. S. Carter are made under the inspiration afforded by that paragraph in

the governor's speech which refers to a Valley Railway investigation. Mr. Carter has had something to do with the promotion of investigations, and what these revealed prompts the Standard to do what it can to discredit him in advance of any further activities along that line. Of course the speech from the throne does not satisfy the Standard. Nobody expected that it would. Meanwhile the government will go on with its programme, and the people of the province will continue to rejoice that a new government is in power.

The Children's Aid Society of this city can hardly hope to get as an agent, even one devoting his whole time to the work, one who will be able to do as valuable work as that which Rev. W. R. Robinson has done as a labor of love. Regularly fitted by temperament and training, prompt to act and quick to decide, and with a remarkable capacity for work, Mr. Robinson has not spared himself, and the value of his work for many months past is beyond computation. The records of the Society show it. The press reports from month to month have been revelations of conditions not suspected by the citizens at large and of remedial work that went to the root of the trouble in cases involving the welfare of hundreds of neglected or dependent or delinquent children. Mr. Robinson's counsel will still be of value to the Society, but the work to be done had long since gone beyond what any man in his position could do with safety to his own health.

Forest protection pays large dividends. It is the duty of every good citizen to take every precaution when in the wilderness in order that he may prevent the possible spread of fire. A moment's carelessness or thoughtlessness may do an immense amount of damage to the forest lands, and while destruction by fire is swift, it takes many years for trees to grow again. The sporting season is at hand. Let every angler and visitor to forest haunts bear these facts in mind.

"Our meals for the trip consisted of bully beef, hard tack and water," writes a St. John soldier who lately returned to France after having been in England, wounded. He made no complaint about this fare, but rejected to get back to the front. When we are asked at home to do something to increase production, or eliminate waste, let us not forget the lads who are fighting on simple fare and doing it with the will and the vigor that carried them over Vimy Ridge.

Labor organizations in Canada are beginning to voice the universal feeling that the federal government should consider the high and ever-increasing cost of living, and take some practical steps to improve the conditions. There is very little hope of action by the present government, which is always waiting for something to happen, instead of giving the country the leadership the war crisis demands.

Many retail merchants of the city and their employes propose to save daylight and get that extra hour four days per week by early closing. The movement seems likely to be approved. A wise use of the extra hour would make for health and gardening.

Mr. Mesereau and Mr. Le Blanc made an excellent impression by their well considered remarks in moving and seconding the reply to the speech from the throne, in the provincial legislature.

GIANTS HELD HITLESS FOR FIRST TIME IN SEVENTEEN YEARS

Digging into old baseball statistics invariably always brings to light some strange records. For instance the other day when George Mogridge pitched a no-

hit game against the Boston Red Sox, it was discovered that it was the first time a Yankee heaver had twirled a hitless game. We have gone into the records further and discovered that Lardner, who beat the Giants last week, and in turn was beaten by them on Monday, is the only pitcher who had been able to hold McGraw's team for nine innings without a hit during the last seventeen years. Lavender did the trick in 1916. Previous to that old Deacon Phillippe, who was afterwards with the Pirates, while with Louisville, beat the Giants without a hit in 1899. It has

been remarked since there have been four no-hit games already this season that such feats are becoming common. However, the fact that only one Yankee heaver has ever twirled a no-hit game and that the Giants have only been held hitless on one occasion in the last eighteen years so that hitless games are really rare and remarkable pitching feats.

They Run in Clusters
No hit games have a curious way of running in clusters. Since 1901, the year the American League blossomed out as a major organization, there have been

thirty-seven no-hit games in the two leagues. There have been only two seasons, 1909 and 1913, when no hitless games have been pitched. The greatest number twirled in any one season since 1900 was six in 1915. Back in 1884, eight were pitched during the season. The longest stretch between no-hit games in the National League came between the game Nap Rucker pitched on September 5, 1906, and September 6, 1912 (just four years later) when Teraura held the Phillies without a hit in Philadelphia. The longest period in the American League in which no hit games were pitched came from September 21, 1905, when Dinien of Boston, held Chicago hitless, to June 30, 1908, when Cy Young of Boston, pitched a no-hit game over the Yankees.

RHEUMATISM PAIN

The exact cause of rheumatism is unknown, though it is generally believed to be due to an excess of uric acid in the blood. It may be also said with equal truth that no remedy has been found which is a specific in all cases. In fact the literature of rheumatism shows that there are but few drugs which have not been given a trial. In the hands of one observer we find that a certain drug has been used with the most satisfactory results. Others have found the same remedy clear positive facts that every method of relief is tried by the administration of some remedy to relieve the pain and quiet the nervous system and Dr. W. S. Schullitz has found that anti-kamnia tablets should be given promptly over all other remedies for the relief of the pain in all forms of rheumatism. These tablets can be purchased in any quantity. They are also unsurpassed for headaches, neuritis and all pain. Ask for A-K Tablets.

HAVE PURE BLOOD

Hood's Sarsaparilla Makes Pure, Rich, Red Blood

Your heart works night and day without a pause. It is the strongest pump of the circulation of your blood. It is of the utmost importance that it should do its work well. The quality and quantity of your blood have much to do with its action. If this fluid is pure and abundant, your heart and other vital organs act with more energy than when it is defective in quality or deficient in quantity.

Hood's Sarsaparilla makes the blood pure and abundant. It is the one old reliable medicine, that has been sold for forty years, for purifying the blood. There is no better blood remedy, appetizer, stomach tonic. It embodies careful training, experience and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.

W.S. Loggie Calls For Coalition

During the budget debate, which was continued in the commons yesterday, Hon. J. W. Crothers, the opening speaker, made his apology for the labor department. He said he had increased the number of fair wage officers from two to six and these men, stationed in various parts of the country, had done splendid work in preventing strikes.

W. S. Loggie of Northumberland, expressed regret that the government had not been able to fulfill its promise to send 500,000 Canadians to the front. He said the government was responsible for the failure and expressed the personal view that the time had arrived when they should form a coalition government.

When the debate ended J. G. Turfiff of Assiniboia, offered an amendment calling for parliament ratification of the free wheat order-in-council which was voted down by a vote of 31 to 40.

Advance in Macedonia
The British war office reports the capture of enemy trenches on a front of three miles in the Lake Doiran region in Macedonia.

As a result of Major E. C. Weyman's wounds, he has had to have one of his legs amputated.

FOR INCREASE OF FOOD PRODUCTION

Frederick, May 11—The demand for seed grain has exceeded the supply purchased by the department of agriculture. The tardiness of the late Murray administration in resigning after its defeat at the polls made a difficult situation all the more difficult for the incoming government.

At the meeting yesterday of the provincial committee, appointed at the increased production conference, the following executive was appointed:—E. A. Schofield, St. John; A. E. Trites, Salsbury; G. E. Fisher, Chatham; W. W. Boyce, Fredericton; Charles Shaw, Harland; B. R. Violette, St. Leonard's. These with Hon. J. F. Tweeddale and W. R. Reek will have control of the campaign.

Addresses were delivered by Secretary Reek, Major L. P. D. Tilley, G. S. Fisher of Chatham; J. H. Scovell of St. Stephen; Dr. W. S. Carter, E. A. Scho-

field, J. T. Prescott of Sussex, and C. J. Osman of Hillsboro.

A nominating committee was appointed to nominate members for the executive committee for the province with respect to the increased production campaign. The committee consisted of Dr. W. S. Carter, George E. Fisher, and C. J. Osman, who chose the executive shore.

Hon. J. F. Tweeddale, minister of agriculture, occupied the chair. D. McKeen of Sussex, acted as secretary.

Congregational Reunion.
A reception and congregational reunion was held last evening in the First Presbyterian church, Carleton, under the auspices of the Ladies' Aid Society in connection with the anniversary observances. J. R. Cameron presided. The speakers of the evening were—Rev. Dr. Morrison, Rev. J. H. Jenner, Rev. William Townsend, Rev. G. F. Scovell, Rev. J. H. A. Anderson, Rev. F. W. Thompson and D. C. Clark.

Rogers of South Medford, Mass., and Mrs. Killam; one son, John F. Sargent of Manchester, N. H., and two brothers, John Murphy of Hoyt Station and Robert of Walsford.

Dog vs. Kettle. "I'll learn ye to tie the kettle to the dog's tail," Tommy's mother yelled in her wrath. "It's not our dog," cried Tommy. "No, it's not our dog," said his mother, but it's our kettle."

WOMEN'S AILMENTS

Young girls building into womanhood who suffer with pains and headaches, and whose face is pale and blood water, will find Milburn's Heart and Nerve Pills build them up.

Women between the ages of 40 and 50 who are nervous, subject to nervousness, feeling of pins and needles, smothering feeling, shortness of breath, palpitation of the heart, and a host of other ailments, find relief in the use of this trying time of their life by the use of this remedy.

Milburn's Heart and Nerve Pills have a wonderful effect on a woman's system, making pains and aches vanish, bringing color to the pale cheeks and sparkle to the eye.

The old, worn out, tired out, languid feelings give place to strength and vitality, and the again seems like living.

Milburn's Heart and Nerve Pills have a wonderful effect on a woman's system, making pains and aches vanish, bringing color to the pale cheeks and sparkle to the eye.

FINE OF \$1,000 FOR BREACH OF ONTARIO TEMPERANCE ACT

(Toronto Star) The heaviest fine recorded in Toronto police court since September 16 was levied by Magistrate Denison today against Carman Thompson for a breach of the Ontario temperance act—\$1,000 or four months in jail.

At the first mention of the crime of selling, and the first word or two of evidence, his worship commenced to say, as usual, "It will be \$200—Wait a minute, your worship, I am going to prove that he is not making any more than P. J. Cox is making in the munition plant. I am going to prove what P. J. Cox would pay for stock and implements to start farming, which is as follows:

Table listing items and prices: Binder \$140.00, Mower 75.00, Rake 35.00, Trolley 50.00, Disc 30.00, Roller 50.00, Plow 25.00, Wagon 75.00.

Editor of the Toronto Star: Please permit me space in your columns to answer the letter of P. J. Cox, saying that the farmer is making large profits. In the first place, he says he got three dollars a day and board, and is still not satisfied, and I am safe in saying the farmer does not make it every day, either. He also says that he can prove the farmer is making large profits, but I can prove that he is not making any more than P. J. Cox is making in the munition plant. I am going to prove what P. J. Cox would pay for stock and implements to start farming, which is as follows:

"The street cars haven't been as crowded lately as usual." "That so?" "Oh, yes! Why, coming to the office this morning I had only one person on each foot!"

Men Like Our Shoes

It's astonishing how many men like our Shoes and Shoe Service so well that they always come here for Shoes and call this their Shoe Store! Of course, there is a reason for it and the Style and Excellence of our Shoes are our best argument!

Come, See The New Spring Models We've Shoes for the man who considers Comfort and Durability—first!

We've Shoes for the younger man who wants the very limit of style. There are leathers of Gun Metal, Café, Vici, Patent Colt, Russia, etc. There are beautiful New Colored leathers in Browns or in Mahogany shades. Some with colored tops in two-toned effect, lace or button.

Regardless of the strong advance in the cost of shoes, we still offer our trade Good Shoes at Moderate Prices and the Best of Values at Any Stated Price.

The Power Behind the Strong

Dr. Ferdinand King, a New York City Physician and Medical Author, says: "There can be no strong, vigorous, iron men, nor beautiful, healthy, rosy-cheeked women without iron—Nuxated Iron taken three times per day after meals will increase the strength and endurance of weak, nervous, run-down folks 100 per cent. in two weeks' time in many instances. Avoid the old forms of iron which may injure the teeth, corrode the stomach, and thereby do more harm than good. Take only organic iron—Nuxated Iron." It is dispensed in this city by Wasson's Drug Store and all good druggists.

The Legislature

Fredericton, May 11.—In the legislature yesterday afternoon the adoption of the speech from the throne was moved by D. Messersieu and seconded by A. T. LeBlanc.

Mr. Messersieu, one of the new members of the house, representing Sunbury, in moving the address, spoke with eloquence and ability. He lacked the nervousness which sometimes characterizes the remarks of a member who is making his first appearance and he showed conclusively that he has speaking talent of a high order.

A. T. LeBlanc, of Restigouche, is always known as an eloquent talker. He is one of the brightest Acadian orators of the province, and speech-making seems to come naturally to him. Like Mr. Messersieu, he did not extend his remarks to any great length but dealt with the paragraphs of the speech in a way that showed how well he was acquainted with the subjects he was talking about.

The leaders of the opposition then moved the adjournment of the debate, which was made the order of business for today.

All the members of the house were present with the exception of Hon. J. B. M. Baxter of St. John county.

Opposition Organizes
At a meeting of the opposition party Dr. Taylor of Charlotte county was elected permanent chairman of the caucus. J. L. Peck, Albert county, was elected secretary; F. L. Potts of St. John and L. Alkali in Shampoos

If you want to keep your hair looking its best, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just a pure and gentle soap, and it better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of soft, creamy lather, which rinses out easily, removing every particle of dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get unadvised amounts of all any pharmacy. We very cheap, and a few ounces will supply every member of the family for months.

Hotel yesterday afternoon and the state dinner was given at nine o'clock.

Superior, Wis., May 11.—The schools of Superior will furnish a junior agricultural army. Fully 3,000 boys are to be marshalled to attack the high cost of living.

An elaborate plan has been formulated whereby hundreds of acres within the corporate limits will be under cultivation. Arrangements are also being made to "enlist" girls.

The young gardeners will be divided into shifts on the same plan as the assignment of soldiers to guard duty, each shift taking turns in working the tract. Land, seed and farming implements all have been donated.

Labor Demands Federal Action

Mass Meeting to be Held in King Square to Protest Against Cost of Living and Government Neglect

At a meeting of the trades and labor council last evening, a resolution was adopted indicting the government for failure to recognize and relieve the most unbearable living conditions and calling upon the federal government to take over control of all necessities of life. The council decided to hold a public meeting in King square to discuss the subject.

The resolution adopted was as follows: "Whereas the cost of living is continually increasing, and

"Whereas it had in the opinion of the wage workers reached the high-water mark, but is still increasing daily, and

"Whereas the wages paid to the workers are entirely inadequate to keep pace with such an unprecedented advance in the cost of commodities, and

"Whereas in the opinion of the wage workers the government of this country has not seen fit to take measures to prohibit the speculators and combine from cornering the food markets and thereby causing untold misery and almost starvation to the wage earners and their families of this dominion, and

"Whereas the governments of other dominions have recognized the necessity at the beginning of the war to protect the interests of the wage earners by controlling prices of the necessities of life, thereby enabling and encouraging the workers of these dominions to bring this war to a successful issue, and

"Whereas in the opinion of the wage workers of this city the government of this country has utterly neglected to take action to safeguard the interests of the wage workers; therefore be it

"Resolved that this Trades and Labor Council make arrangements to call an open mass meeting of the wage earners of this city at an early date as possible to protest against the ever increasing and prohibitive cost of living.

"And be it further resolved, that we demand that the federal government immediately take over and control all of the necessities of life."

Military Camp in Lancaster

Plans for Huts on Gypsy Settlement Read to Replace Exhibition Quarters—Many Casualties Reported

It is understood in military circles that the exhibition building will be abandoned as a home for our soldiers, owing to the difficulty in heating it. The military department will build huts on the city land on the Gypsy Settlement road, and the troops will be quartered there. It is understood that the plans for the camp are much along the lines of those in England.

Six recruits.

Six recruits were secured in the city yesterday. They were as follows—H. Pater, Cecil Howard, S. Rowley, St. John, No. 9 Siege Battery, Harold Montrose, Dundee, Scotlan, Canadian Engineers; Arnold Fowler, Hampton, 62nd C. D. F., and Morris Johnson, London, England, Dental Corps.

Casualties.

The midday list contains the names of eight New Brunswick men. They are as follows—Killed in action, F. L. Fortmore, St. John; F. Cool, Tracadie, N. B.; died of wounds, J. D. Paterson, St. John; wounded, P. J. Adams, St. John; L. Stone, St. John; K. S. Kennedy, Hampton; G. H. Hayter, St. John, and A. Johnson, Fredericton.

Arthur Ripley, son of Robert P. Ripley, Moncton, was killed in action April 28. Gunner Ripley was employed with the Dominion Express Company at Moncton prior to enlistment.

Mrs. Alex. Ayles, of Moncton, has received word that her husband, Alexander Ayles, has died of wounds. Before enlisting he was employed with the I. C. R.

Mrs. Benjamin G. Parks, of Robesay, has received letters from the chaplain and nurse in France who attended her brother, Private John Raymond, telling of his death from wounds. Private Raymond was a native of Northfield, England. He has two sisters residing in Birmingham, England, and a brother with the British forces in Egypt.

Mr. and Mrs. W. W. McKiel of Brown's Falls have been advised that their son, Lance Sergeant Harold H. McKiel, has been wounded.

Word has been received in the city to the effect that Sergeant-Major W. F. Mason, who went overseas with a local infantry battalion, has died as the result of wounds.

Mr. and Mrs. Levi McElwaine, of Pinder, York county, have been advised that their son, Private Frederick McElwaine, who went overseas with the 11th Battalion, is reported "missing," believed killed in action.

Deserter Sentenced.

Leonard Peever, a deserter from the 20th Battalion, was yesterday sentenced in A. H. H. to a two years term in the penitentiary at Dorchester.

Resigns From Children's Aid

Rev. W. R. Robinson Gives up Office of Secretary—Expressions of Regret

The Children's Aid Society of St. John last night accepted with profound regret the resignation of its secretary, Rev. W. R. Robinson. Ever since the society dispensed with the services of an agent last summer the work has been done voluntarily and without a cent of remuneration, and at times even at financial cost to himself, by Mr. Robinson, in addition to his duties as secretary. The monthly reports showing the deplorable condition of child life in St. John and the very large amount of valuable work done were really a record of the work done by Mr. Robinson in conjunction with the police, but even these reports, which were such a revelation to the citizens, did not convey anything like a full statement of the work he has done.

In January last Mr. Robinson pointed out that in justice to his congregation and himself he could not go on, but there seemed no way of filling his place, and the work went steadily on accumulating. The society last night with great reluctance accepted his resignation as secretary.

Letter of Resignation.

His letter of resignation follows: "To A. M. Holding, President, and Members of the Board of Management of the Children's Aid Society of the City and County of St. John. Dear Co-workers,—It is with profound regret that circumstances over which I have no control compel me to tender my resignation to you as secretary of our society. Since the organization of the society I have had the honor to be your secretary, and words fail to express the keen delight and joy that has been mine in co-operating with you in a small way in helping along this the greatest work of the day. The work of this office has grown to such gigantic proportions that I find it impossible to do justice to the same, and care for my church and congregation, who have been very indulgent to me in the past few years in this connection. Early in January I asked to be relieved of this work as my health was giving away under the increased demands upon my time and energies. Of late it has been felt more burdensome and to continue it as at present against the counsel of my medical advisors, in justice to my family and the church of which I am pastor, I must ask that this resignation be accepted. I remain, Yours most sincerely, W. R. ROBINSON.

The president expressed his keen sense of personal regret and sorrow at the severance of official relations with Mr. Robinson and paid a warm tribute to the invaluable work he had done. The same sentiments were feelingly expressed by M. E. Agar, W. Frank Hatheway, T. H. Eastbrook and other members of the board, who expressed not only their regret but also their continued astonishment from month to month that one man would accomplish so much work as had been done by Mr. Robinson. The motion accepting his resignation was coupled with an order that the president have recorded upon the minutes an expression of the board's appreciation.

There was a long discussion of the situation which now confronts the society, and the president was finally authorized to appoint a committee with power to act to secure a new secretary and an agent, or an official who would combine the duties of both, as they might deem most desirable.

Monthly Report.

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."

—Mrs. ALLIE B. TIMMONS, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once children, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

USE THE WANT AD. WAY

Dr. Beck, The Well Known Eye Specialist and Doctor Judkins, The Medical Author, Publish Astonishing Report on Wonderful Remedy To Strengthen Eyesight

Say it Strengthens Eyesight 50% in One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home.

New York.—Dr. Beck, a New York state eye specialist, and Dr. Judkins, a Massachusetts physician, were asked to make a thorough test of the popular eye remedy, Bon Opto. Their reports were most interesting. Here they are:

Dr. Beck reports: "When my attention was first called to the wonderful eye remedy, Bon Opto, I was inclined to be skeptical. I made it a rule to test every new treatment which is brought to my attention. Having specialized in eye work for the past twenty years, I believe I am qualified to express an intelligent opinion on remedies applicable to the eyes. Since Bon Opto has created such a sensation throughout the United States and Canada, I welcomed the opportunity to test it. I began to use it in my practice a little over a year ago and I am frank to say that the results obtained in my office for it will sound incredible. I have seen other physicians with whom I have talked about it. I have had many individuals who had worn glasses for years for near-sightedness, eye-sightlessness, astigmatism and other eye weaknesses, tell me they have been dispensed with them through the adoption of the Bon Opto principle. Many eye troubles can be traced directly to muscular contraction and relaxation and since Bon Opto method tells how to exercise and since Bon Opto makes the eye muscles to study Bon Opto principle, give it the same careful attention that you give to the muscles of your body, you will find it no doubt in my mind they will come to the conclusion I have, namely, that the Bon Opto method opens the door for the cure of many eye troubles which have heretofore been impossible to cope with. The treatment is so simple in its application that it can be used at home by anyone of average intelligence. In my own practice I have seen it strengthen

caused by overworked, tired eyes which induced Bore headaches. I have worn glasses for several years, both for distance and for close work and without them I could not read my own name on an envelope or the typewriting on the machine before me. I can do both now and have discarded my long distance glasses altogether. I can count the fluttering leaves on the trees across the street now, which for several years have looked like a dim green blur to me. I cannot express my joy at what it has done for me.

It is believed that thousands who wear glasses can now discard them in a reasonable time and multitude more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by the use of this prescription at home. Here is the prescription: Go to any active drug store and get a bottle of Bon Opto tablets. Drop one Bon Opto tablet in a fourth of a glass of water and let it dissolve. With this liquid bathe the eyes two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation and redness will quickly disappear. If your eyes bother you even a little, it is your duty to take steps to see them now before it is too late. Many hopelessly blind might have saved their sight if they had cared for their eyes in time.

NOTE—Another prominent physician to whom the above article was submitted, and who is well known in eminent eye specialists and widely practiced by them, says they had long known of this remarkable prescription and many times stated through overwork or mist glasses, it is one of the very few prescriptions that should be kept on hand for regular use in cases of eye trouble. Bon Opto referred to above, is an official preparation, the fact being guaranteed by the manufacturer. The manufacturer guarantees it to strengthen eyesight in one week's time in many instances or refund the money. It is distributed by all good druggists in the United States.

Watsons Drug Store sells it.

WILL SEND G.T.P. RAILS TO FRANCE AT ONCE

Ottawa, May 11—Another request for rails for military purposes in France has been received by the Canadian government from the British authorities. Three hundred miles of rails is wanted, which is about the same amount as was sent some time ago.

Hon. Frank Cochrane, minister of railways, has decided to take up trackage of the Grand Trunk Pacific west of Edmonton, where that railway parallels the Canadian Northern. The rails will be shipped as soon as possible.

It is understood that the twelve thousand American engineers who are to cross at once to France will lay the Canadian rails ordered.

NEW BRUNSWICKERS WIN HONOR AT DALHOUSIE

The results of the examinations at Dalhousie Law School shows that New Brunswickers are upholding the standing of former years. Miss Francis Fish, M.A., daughter of ex-Major Charles Fish of Newcastle, and a graduate of U. N. B., leads her class of second year in no less than four subjects and was second in two others. Clovis Hetherald, a native of College Bridge, Westmorland county, and a graduate of St. Joseph's College in 1915, leads his class in Agency and Dominion Statutes and secured first division honors in four other subjects. Rev. D. LeBlanc, who until recently was stationed in Moncton but is now a member of the C.S.C. order in Canada and is teaching at St. Joseph's at present, is an uncle of Mr. Richard.

CANADIAN SOLDIERS AT TEMPERANCE MEETING

London, May 11—A large number of Canadians from the training camps were present at the annual meeting of the Royal Army Temperance Association today when the Duke of Connaught expressed pleasure at hearing that many of them were pledged as members. He hoped that they would return to Canada and set a splendid example.

Sir Hamar Greenwood, in a strong speech, said that a wave of temperance, which was irresistible, had swept over the world since the outbreak of the war, and would ultimately result in the whole world banning alcohol. There was no insobriety in the army and navy, he said, it was the civilian population which kept the brewers going, and the politicians

were afraid to interfere. Referring to the camp canteen question he said that the Canadians had a fair ground for complaint, and, though as a soldier he did not question higher commands whether right or wrong, he hoped that this matter would soon be remedied.

Regarding the non ration, Sir Hamar thought that this was a question which might be safely left to the discretion of those in command.

Among the Canadians who are going to take the platform in the series of meetings during the next ten days to strengthen prohibition in Great Britain, are Archbishop Lloyd, Major H. I. Horsely of Ottawa, and W. D. Bayley of Vancouver.

Why Pay the Price of "Made to Measure" Clothes Without Getting Them?

YOU don't have to wear "ready-made clothes"—we have convinced thousands of men that \$15 will buy a suit or overcoat made to measure of British woven fabric and built exactly to your taste and your body measures.

It is entirely unnecessary for any clothes buyer to accept a substitute for custom tailor service—if you are buying "ready-made clothes," you are not saving one penny under the cost of a genuine made to measure suit or overcoat.

Made To Your Measure

IN accepting a "stock size" ready-made, you are sacrificing made to measure fit, style and individuality, without gaining a copper to pay you for the sacrifice. Our enormous Dominion-Wide Tailoring Business answers the question—we tailor a hundred suits to the average tailor's one, huge output at a small retail margin—that really tells the story of those remarkable suits and overcoats at \$15 Made to Measure.

THINK FINES TOO HEAVY FOR SOME BYE LAW VIOLATIONS

There was a strong expression of opinion in the police court this morning by Police Magistrate Ritchie and some prominent citizens that fines which legislation calls for in by-law violations are too large and exact too much from the ordinary man under present day war conditions and with the daily increase in the cost of living. In the case of a man charged with having no rear light on his automobile after night the lowest fine that can be imposed is \$50, and the maximum reaches well into the hundreds.

The by-laws that are violated more frequently than any others appear to be those which involve the \$10 fine. "Ten dollars is a lot of money to be paying in fines, especially these days," was the expression of the court and undoubtedly was agreed to by those upon whom the penalty fell.

The case of Dr. A. E. Baxter, set over from Wednesday, was taken up and a fine of \$10 was imposed. The physician raised the question of the penalty being unjustifiable. He was charged with allowing his car to stand on King street longer than allowed by law. The law gives thirty minutes.

Charles Jones, allowing his horse to graze at the corner of King and Charlotte street, was fined \$10. Policeman McLeese made the report. The man pleaded ignorance of the law, but the court said that was no excuse. "Lawyers said not to know the law," remarked the magistrate, "and even outside some say judges do not know the law, but still the law is there and we are punished if we do not adhere to it. Ignorance is no excuse."

Arthur Smalley, reported for going from Dock street into Mill without sounding his horn, said that he had attempted to do so, but the horn would not respond. It was out of order and was now repaired. The case was set over until Monday. Policeman McNane made the report.

G. T. Anthony gave a satisfactory explanation as to why his rear light was out one night last week while motoring through the city. A fine of \$50 was allowed to stand. Policeman Hayes made the report.

WIDE INTEREST IN PRODUCTION OF LARGER CROPS

Becoming Chief Issue Throughout the Province

WORK FOR THE SCHOOL BOYS

Some Features of the Arrangements Discussed—Farmers Will Have to Pay For Service of Young Lads—Other Benefits For The Boys

The campaign for increased food production seems to be becoming the big issue throughout the entire province. Mayor Hayes, who returned from Fredericton last evening, said this morning that the interest which is being taken in the food problems in St. John is duplicated in other parts of the province and the gathering at Fredericton emphasized this interest.

Referring to the plan for using the services of school boys to assist in farm work, His Worship said today that he understood that there was hesitancy among the boys since they have learned more of the terms under which they are expected to work. At first the boys had expected that it would be their school holidays, a period of about two months, which they would be expected to devote to the work and the intimation that they will be expected to work for four months has made them take the matter much more seriously. Some of the boys also are inclined to look dubiously at the clause in regulations which reads as follows:

"It is understood that volunteers shall not be at liberty to change work or employers without the consent of the chairman of the local committee. Failing to comply with this condition will entail forfeiture of certificate upon which their year's standing depends."

Some of the lads feel that this is an undue restriction of their liberty and that they should be given the same freedom that older persons have in making arrangements to work or to quit.

The Other Side

In explanation of the plans, James Gilchrist, who is superintending the arrangements for the work of the boys, said that the length of time the boys would work would be a matter for individual arrangement. He considered four months a short enough season if they are to prove of real value to the farmers and he thought a five month season would be better.

With regard to the rule against changing from one employer to another, except with the permission of the local committee, he thought that some regulation of this nature would be necessary, both to safeguard the farmer and also in the interest of the boys themselves. If any legitimate reason for a change arose, he did not think there would be any difficulty in securing the consent of the local committee.

In reply to a question about remuneration for the boys, Mr. Gilchrist said that the idea of the promoters of the plan had been that the boys would work without pay but that he had assured them that this was neither necessary nor desirable. The farmers who want help are willing and anxious to pay for it. Boys even of twelve years of age can make themselves very useful in many ways around a farm and he thought the minimum pay allowed for the young boys would be about \$5 a month, in addition to their board, and that as high as \$15 a month would be paid to the older boys. This, also, would be arranged according to the circumstances in each case.

Mr. Gilchrist is an enthusiast about the plan, not only because of the great aid the boys may be in increasing food production, but also because of the benefit the city boys would derive from a summer spent under farm conditions. From his own observation, he knows of the improvement it worked in the health of the average boy and in the development of initiative and independence.

CITY PLANS ITS SPRING DRIVE AGAINST DIRT

General Clean-up Campaign on Four Days of Next Week—City Divided Into Districts For The Purpose

A general clean-up campaign for the city has been planned by Commissioner Fisher for four days next week. The Board of Health is co-operating in the work and is stirring up householders who have allowed refuse to accumulate too much rubbish. During the clean-up campaign the refuse of all kinds will be removed by the city teams, with the exception of ashes and similar material which the householders are obliged to attend to, irrespective of the civic effort. The public collection is for the purpose of going farther and removing refuse which may not be offensive under the board of health regulations but which would be better out of the way. With so many back yards enclosed from public view, matter is more liable to accumulate than in cities where the exposure of the yards to public gaze has its effect in creating a stronger general sentiment in favor of tidiness.

The work will be carried on in different sections of the city on Tuesday, Wednesday, Thursday and Friday of next week. The city trucks and teams will be used; other vehicles will be hired and the commissioner would also welcome contributions of the use of teams for this public service.

Collections will be made in the various parts of the city, as follows:—

Tuesday—In the district from Sheffield to King streets, inclusive.

Wednesday—North of King street to City road and Pond street, not including the latter streets; also, in West St. John from St. James to Charlotte, inclusive.

Thursday—District bounded by West street, City road, Marsh bridge, Rockland road, Elm and Portland streets; in West St. John, from Charlotte to the middle of Duke.

Friday—All west of Portland street and north to Newman's Brook; in West St. John, from Duke to Water street.

Material to be taken away must be placed on the sidewalks; all loose material to be placed in barrels or boxes. As the teams will start at seven o'clock it will be necessary to have the refuse on the edge of the sidewalk before that hour to be sure of being in time for the collectors.

ST. JOHN REPRESENTED IN AUDIENCE AT GREAT OVATION FOR JOFFRE

Mr. and Mrs. E. A. Smith of this city were among 15,000 persons who crowded the immense Coliseum at a tremendous ovation to Field Marshal Joffre of France on the occasion of his visit to St. Louis. Mr. and Mrs. Smith were in St. Louis at the time of the visit of the French commission to that city and secured seats in the Coliseum close to the speakers' stand. A souvenir programme prepared bears the crossed flags of the United States and France on the cover. On the entrance of the French commissioners, the audience arose and joined in the singing of the Marseillaise, led by a chorus of 2,000 children. Of the scene one paper says: "Cosmopolitan St. Louis last night in one voice paid its tribute to the French commission in demonstrations unprecedented in the history of the city. It was a spontaneous, hysterical crowd of men and women, whose cheers rocked the Coliseum. The auditorium was ablaze with the Tri-color and the Stars and Stripes. Flags in the crowd seemed like a tidal wave of colors."

Canadian Barge Burned.

Ogdensburg, N. Y., May 11—Local representatives of underwriters were notified today that the steam barge Lloyd S. Porter, of Montreal, was burned to the waters edge at North Fairhaven last night. There was no loss of life. The Porter was a wooden boat of about 900 tons capacity, and ran in the coal trade between Lake Ontario and Quebec ports.
