DEATH TOLL 32 IN STEAMER EXPLOSION

LIST EXPECTED TO REACH 45; MANY SCALDED

Terrible Scenes Attend Fatality On Naragansett Bay

NO REPORT HEARD

Most of Victims Were Trapped Between Decks, Caught Without Warning

NEWPORT, R. I., Aug. 19.—The death of three more victims of the Mackinac excursion steamer boiler explosion brought the total list of dead to 32 at noon today, with several additional deaths expected momentarily. Two are missing and 48 were seriously burned by escaping steam, when a boiler in the engine room exploded at 5:57 o'clock yesterday afternoon. The boat was passing the Newport Naval Training Station, in Naragansett Bay, bound from Newport to Pawtucket, with 677 excursionists aboard.

Physicians at the hospital stated that they expected the death list to amount to at least 45 within the next few hours. It will be days, they said, before the more seriously injured are out of danger. The majority of the dead and injured were trapped on the first and second decks when the boiler exploded. No report was heard, and those on board said that their first warning was the escaping steam, which came in such volumes that they were unable to breathe. The accident happened within a stone's throw of the naval hospital, less than 100 yards from shore, otherwise the casualty list would have been trebled, passengers on the boat said today.

PATCH OFF BOILER

The excursionists, most of them from Pawtucket, were returning from a vacation voyage to Newport. A patch on the boiler, which had been placed just before the departure of the boat, gave way, exploding the boiler and throwing the passengers into a chaotic state. Captain Thomas McVey of Pawtucket, skipper of the stricken vessel, said the most serious damage was done in an hour, its full speed, and was loaded to its capacity.

Passengers who described the scene, said it was one of tremendous confusion, but no panic developed. A distress call immediately sent out by the wireless operator and launches from the 40 naval ships at anchor, in the Cove rushed to the rescue.

Passengers on the two lower decks, were the victims, observers said, estimated.

Prominence of News in Paris Papers Indicates Importance Attached to Settlement

BRUSSELS, Aug. 19.—The Belgian Department of Finance today began its study of the agreement reached at Washington for the funding of this country's obligations to the United States. It is understood that at least 48 hours must elapse before the effect of the agreement will exercise on Belgium's finances can be judged and an opinion rendered as to whether it is considered satisfactory or not.

Great interest is shown by the Belgian press in commenting on the news of the agreement reached.

PAPER SKEPTICAL

Vingtieme Siecle emphasizes the conditional character of the proposed arrangement, and recalls the manner in which the American Senate refused to honor the signature of President Wilson, to the peace treaty. The paper questions whether Belgium is to be congratulated on the terms reached at Washington even if the concessions outlined are accepted.

COMMUNIQUE LATER

During the forenoon the Belgian foreign ministry received the first official cables dealing with the arrangement reached in Washington, thus confirming the analysis published in the morning papers. A communique is to be given out when more complete details are received.

PARIS ATTITUDE

PARIS, Aug. 19.—The news of the settlement of the debt question between Belgium and the United States, arrived in Paris too late for publication except in the briefest form, in late editions of a few of the morning newspapers.

The prominence these journals give the news, however, indicates the importance they attach to it.

pecially those amidships, near the boiler room. Those on the top deck for most part, escaped with minor injuries.

RUSH FOR RAILS

Immediately there was a rush for the rails. Two men are known to have jumped overboard, and were picked up by passing boats. Others climbed to the gunwales and attempted to reach the top deck. Helping hands were lowered to aid them in their rush to safety.

Those who saw the disaster ashore, described a large burst of black smoke which shot from the steamer. This was followed by the steam which escaped the ship to such a degree that she could not be seen from shore.

As Capt. McVey beached the ship, the navy launch sent out by the battleship Wombling, the scout cruiser Denver and Raleigh, the tender Dolphin and scores of torpedo boat destroyers swarmed about her.

HOSPITAL FILLED

Inside the hospital two wards were prepared to receive the victims. So swiftly did they come that many were placed on the floors outside. A moaning and screaming victims, walked by groups of all denominations, giving spiritual aid. The more seriously injured were all in a separate room, and it was here that the Catholic priests walked from cot to cot giving their visits to some but seconds before death came.

QUORUM PRESENT TO GREET PRINCE

Argentine Congress Burial Political Hatches in Greeting to Heir. By J. B. POWERS. United Press Staff Correspondent. BUENOS AIRES, Aug. 19.—Argentine's beautiful capital today continued its fête in honor of the Prince of Wales.

The Prince's popularity has penetrated into the halls of Congress. So it happened that the Congress greeted him yesterday afternoon with a quorum present which, to the person unfamiliar with Argentine politics may seem quite the routine thing. Not so, however, the most zealous deputies to which goes sometimes for months without a quorum and balks even the efforts of the most zealous deputies to gather one together. But for the Prince of Wales cabinet crises and political quarrels have been submerged in one united outburst of cordiality.

The Senate President Elpidio Gonzales welcomed the Prince with words of friendliness and the Prince to the delight of his hearers, thanked him in a few words of Spanish.

PYTHIANS PLAN INCORPORATION

Committees Appointed to Look After Federal and Provincial Legislation. Canadian Press. FREDERICTON, N. B., Aug. 19.—The Grand Lodge, Knights of Pythias, Maritime Division, in thirty-ninth annual session here today, decided to proceed with the promotion of legislation for the incorporation of the order in the Maritime Provinces on a permanent establishment basis, similar to that enjoyed by other fraternal orders.

Committees were appointed to promote the necessary provincial and Dominion legislation. The establishment of the order on a corporate basis will be in the protective interests of the order, which was threatened in this regard recently by the attempt made by a group of colored applicants for a Dominion charter at Ottawa.

A grant of \$500 was made today by the Grand Lodge towards the financial support of the Pythian Senator, the official publication of the Maritime Division. Amendments were made to certain of the by-laws, and considerable routine business disposed of. The Grand Lodge proceeded this afternoon, immediately after recess, with the election of officers.

Formal resolutions of thanks and appreciation were adopted this morning expressing the appreciation of the Grand Lodge for the visit of the Supreme Grand Chancellor, John Ballantyne of Boston, Mass., and B. A. Horton, of the board of control.

Dr. N. G. Treuman. The funeral of Dr. Nelson Gore Treuman, of Salem, Mass., who was drowned in the Saint John River near Keegan on last Monday, was held yesterday afternoon from Centenary church. Rev. R. G. Fulton conducted a most impressive service and spoke highly of the deceased. A quartette from the church choir rendered the hymns "Lead Kindly Light" and "Now the Laborer's Task is O'er," and Mrs. Blair McLean presided at the organ. The church was crowded with the large number of saddened friends and acquaintances of the deceased, and the profusion of beautiful flowers testified to the fact that he was well liked in this city. Interment was in Fernhill cemetery.

The funeral of Thomas P. Kearns was held yesterday afternoon from Chamberlain's King street east funeral parlors, where service was conducted by Rev. C. Gordon Lawrence. Interment was in Fernhill.

The funeral of Mrs. George Andrews and Mrs. Phair Mason, of Saint John, are the guests of Sherriff and Mrs. J. B. Hawthorn, Fredericton.

Mrs. Earl Penny left this morning for Everett, Mass., called there by the serious illness of her sister, Mrs. F. L. Keane, formerly Miss Mary Pratt, of this city.

Miss Bertha Leonard, who has been visiting her mother at 95 Rothebay avenue, has returned to Montreal.

Miss Irene Appt, daughter of Mr. and Mrs. Anderson Appt, of 171 Bridge street, will leave on the S. B. Prince Arthur on Friday evening for Boston. She will be accompanied by her uncle, Lambert Seely, of Hartford, Conn. Miss Appt will visit relatives in the New England States.

Mr. and Mrs. C. C. Harrod and daughters, Misses Mildred and Lillian, are spending a few days with Mr. Harrod's parents, Mr. and Mrs. Andrew Harrod, of West Saint John, after having motored here from Montreal.

GOOD PROGRESS IN CITY STREET WORK

Commissioner Frink Tells of Operations in Several Parts of City. Commissioner Frink said this morning that the Public Works Department was making good progress with its programme of work for this summer. The work of paving the track section on Indianstown hill had proved greater than was expected, but would be completed soon. The section of Metcal street between Egin and Albert streets had been given considerable attention and quite an improvement made here. Recently several houses had been erected there and it was felt the street should be given some attention.

Among the works to be undertaken in the near future, he said, was the improving of an approach to Seely street from Gooderich street, and also from Prospect street, and repairs to the entrance to the public gardens.

A new sidewalk has been placed on the south side of St. James street, between the Westworth and Phil. Men are busy now preparing the foundation for the restoration of the fountain at the head of Rodney wharf, West Saint John.

Had Good Outing. Soldiers from Hospitals Given Happy Afternoon and Evening at Westfield. A very happy time was the report from an outing given the soldiers patients of Lancaster and East Saint John hospitals at Westfield yesterday, through the kindness of the Westfield Red Cross and Mrs. C. E. L. Jarvis, who gave the use of the beach at her property. Rev. Mr. Palastone, president, and the ladies of the Westfield Red Cross branch were indefatigable in their work for the pleasure of the men. Games were provided and enjoyed, there was a motor boat trip on the river, a bountiful supper was provided and a big bonfire was built in the evening.

Assisting at the beach were Mrs. E. L. Jarvis, Murray Jarvis, Mrs. Lingley, Mrs. Dibbles and Walter Leonard. Those in charge express indebtedness to the following for the provision of automobiles to take the soldiers to and from the scene of the outing—Mrs. James F. Robertson, Thomas Bell, Thomas McAvity, Mrs. Sherwood Skinner, Mrs. F. B. Ellis, Mrs. L. V. Curren, Mrs. J. W. Anglin, Mrs. L. P. D. Tilly, Mrs. E. E. Taylor, Mrs. J. B. M. Baxter and Mrs. J. H. Doody.

HOLD GARDEN PARTY. The united congregations of Golden Grove and Goldbrook churches are holding a garden party today on Moosepath Park. According to early reports a large number were testified to the fact that he was well liked in this city. Interment was in Fernhill cemetery.

T. P. Kearns. The funeral of Thomas P. Kearns was held yesterday afternoon from Chamberlain's King street east funeral parlors, where service was conducted by Rev. C. Gordon Lawrence. Interment was in Fernhill.

The funeral of Mrs. George Andrews and Mrs. Phair Mason, of Saint John, are the guests of Sherriff and Mrs. J. B. Hawthorn, Fredericton.

DOHERTY SENT UP FOR TRIAL IN ALBERT CO. MURDER TRIAL

Witness Testifies Victim Dared Accused to Fight Him—Evidence Given That Prisoner Told Man, Slain Later, to Come Out if He Wanted Battle.

HOPEWELL HILL, Aug. 18—Lawrence Doherty, charged with the murder of Howard R. Cairns, of Harvey, Albert county, on the night of Aug. 11, was today sent up for trial at the next session of the Supreme Court...

The first witness, Mrs. Mary Ann McKinley, mother-in-law of the slain man, said she lived in Harvey, the members of her household, including besides herself, her brother, Dennis Daley, John Fenton, a boarder; Howard Cairns, her son-in-law, and the latter's son and daughter, George and Gladys, 19 and 16 years of age respectively.

WIFE A RELATIVE. Cairns' wife had been dead 16 years. These people were all making their home there on Aug. 11, the day of the tragedy. She knew the accused, Lawrence Doherty, who lived at Broad River, Albert county. His wife was a grand niece of witness and had always made her home with witness until she went away with Doherty, who took her to his home and afterward married her.

Doherty or his wife never had visited witness' home until Tuesday, Aug. 11. They came there together about 7 o'clock. She was not expecting them. They told her they had come for Mrs. Doherty's trunk. Witness got supper for them. Witness and Gladys Cairns were present when she came, Howard being upstairs and Mr. Daley in another room. Mr. Fenton was also upstairs.

WENT OUT TOGETHER. About half an hour after supper Doherty and Cairns went out. They had been drinking. After half an hour or more Doherty came back alone. She heard him before he came in calling Cairns bad names. Later Cairns came in and asked Doherty if he was as good a man as when he was outside. Doherty replying that he was. Both were in fighting mood and witness told them to go out doors; she would not have them fighting in the house. They then went out, Doherty saying to Howard to come out if he wanted to fight.

FOUND VICTIM. Gladys Cairns' daughter went to the door with a light but soon returned and went upstairs crying. Witness saw no weapon of any kind with either of the men. Witness said she went out doors and saw "Howdy" lying down with his face covered with blood. Doherty was standing by him and said two or three times "I am afraid I killed him." There was blood, she said, on Doherty's shirt. To Mr. Sherren she said "Howdy"

SAW FATHER FALL. When standing in the door, she said, she saw the two men together with their hands going on and returning to the door a little later saw her father fall. John Brewster, a neighbor, told of being called the night of the tragedy and finding the body of Cairns in pools of blood. The accused was there and witness said he asked him what he had done to Cairns. Doherty replied that he did not know. On the close of the case for the Crown the prisoner was asked if he had anything to say and declined, on the advice of counsel. Mr. Sherren gave notice that he would make application for bail. During the examination today there was a large number of spectators present. The prisoner had a seat alongside of his counsel and did not seem to be particularly perturbed during the proceedings.

MINISTER RETURNS. Rev. F. T. Bertram, pastor of the Carleton Methodist church, with Mrs. Bertram, arrived home yesterday after a pleasant vacation spent in Boston. Mr. Bertram was taking the course for the degree of Bachelor of Religious Education at Boston University and will complete the course with home study. He will resume his duties at the Carleton church next Sunday.

FROM HOSPITAL TO CAMP AT FAIR VALE

Little Patient Taken For Building up—Some Gifts Are Received. Little Winnifred, Junior Red Cross patient, who has been in the General Public Hospital since April, will go out to the Lady Byng camp at Fair Vale today to join other children who are regaining health and vigor in the camp routine of outdoor life.

Dr. J. E. M. Carnwath, the next witness, who made a post-mortem examination, told of visiting the home of Mrs. McKinley, arriving there about 1:00 a.m. Aug. 12. John Brewster met him at the road with a lantern and witness went up into the yard where Howard Cairns' body was lying on the ground about 15 or 20 feet from the house. The man had been dead about half an hour and was lying on his side with his face turned down.

CHEEK BONE SHATTERED. There was a deep wound in the inner corner of the left eye by the side of the nose. He saw Lawrence Doherty there while he was in the yard. Witness went to Albert and brought the coroner, Dr. S. C. Murray, back. The witness described in detail the holding of an autopsy and the nature of the wounds. Both cheek bones were fractured, that on the right side being shattered to pieces. The right frontal bone was fractured and there were wounds on the body. Internal examination of the head revealed both clotting blood and fluid blood. The wound near the eye had penetrated the head nearly five inches.

None of the wounds, witness said, were clean cut and were evidently made by some blunt instrument. A piece of plank shown the witness in court could not have possibly made the deep wound mentioned, he said, but could make such wounds as were found. Any one of several of the wounds was sufficient to cause death.

Cladys Cairns, daughter of the victim, who did not give evidence at the inquest, told of the night of the tragedy and said that Doherty, when he came into the house alone after he and Cairns had been out together, remarked that he had blood on his shirt. "Howdy" would come back while he (Doherty) was there and said if he got one crack at him he would not need another. Her evidence otherwise was similar to that of Mrs. McKinley.

Admires Efforts in Attacking Vice and Eradicating Social Abuses.

LONDON, Aug. 18.—A striking tribute to the Salvation Army was paid by the Maharajah of Patiala, who is now visiting London, when he inspected the men's hostel provided by the Army in the poorest quarter of London.

SOLDIER HIMSELF. The Maharajah said, "Gentlemen, I am a soldier myself. It has been my pride and privilege to serve the King-Emperor upon the field of battle in many countries and on several continents. I admire the sympathetic efforts of the Salvation Army in attacking vice, eradicating social abuses and uplifting the unfortunate. My faith is not your faith, but through this there is a jewel. No matter what our creeds may be, we can all join in the name of our common humanity to relieve suffering and extend a brotherly hand to those whose misfortunes are greater than ours."

NOBLE WORK PRAISED. "The Salvation Army is doing much for my country, I am glad to testify to this and pay my tribute of admiration for its selfless noble work."

THE TRANSCONTINENTAL AND THE PORTS.

The Maritime Provinces will not with interest the argument submitted to the Railway Commission by Quebec interests. The Quebec Harbor Commission, which secured a grant of \$3,000,000 at the last session of Parliament to increase harbor facilities, is asking the railway board to see that the National Transcontinental is used as it was the intention of Parliament that it should be used when the money to build it was voted.

anxiety among friends of the administration. Not for the sake of gratifying his foes, but in order to set the minds of his friends at rest, the Premier should take the country into his confidence. If there is to be no election this fall then a whole lot of political gunpowder is being wasted.

As a matter of fact the federal election campaign is already launched. In not a few constituencies nominations have already been made, and organization is beginning. All three parties are acting on the assumption that the probabilities all favor an early contest.

SWIMMING THE CHANNEL. Miss Gertrude Ederle, the plucky and able young American swimmer who was beaten by the English Channel with the aid of adverse weather conditions yesterday, will no doubt follow the example of Miss Lillian Harrison, the Argentine candidate, and try again.

For more than half a century many famous swimmers have attempted this feat. Some of them tried it long before the day of Captain Webb, but he was the first to achieve success. Fifty years ago this month—and it won him a gold medal and commanding world fame. Some years later he sacrificed his life attempting to swim the rapids at Niagara, a feat which none has accomplished. His success in swimming the Channel led to scores of other attempts, and some where successful, including Burgess, an Englishman, who swam over in 1911. Others who were successful included Sullivan, an American, and Triabachchi from the Argentine.

Miss Ederle, who is a very rapid swimmer, had hoped to make the crossing in sixteen hours. It took Captain Webb twenty-one hours, and Burgess, who scored sixteen failures, finally succeeded and had covered sixty miles when he landed, so far had he been carried from the straight line by winds and tide.

And So He Shot Him

How many admirers of Scott, asks a Toronto Globe reader, have explored the riches of "The Tales of a Grandfather"? They are not, as the name might imply, suitable for children only. In fact, Sir Walter, in the preface, avowed that he had deliberately adopted a style somewhat beyond the easy and immediate comprehension of a child as tending to stimulate curiosity and encourage exertion. There is material here which would have made plots for a hundred more Waverley novels.

The Gully Man. (Capper's Weekly.) The minister had come to Sunday dinner, which necessitated the killing of a hen on short notice. After dinner, while sitting on the lawn, a brood of chickens kept coming in, chattering plaintively and time and again the small boy of the family drove them away. Finally, exasperated, he gave them a big shoo, and added: "You needn't come around me chattering. There sets the man that et yer maw!"

Canada's output of newspaper for the last six months was almost equal to that of the United States mills, and evidently the time is near at hand when Canada will definitely assume the leadership. Production increased by about twelve per cent, as compared with the corresponding six months of last year. It is to be noted that while the principal market for Canadian newspaper is still found in the United States, the Canadian mills are gradually increasing their sales in other countries. It is expected that the Australian trade agreement will mean a great gain in this respect.

John Robert Clynes, who was a member of the Labor Government, says that the fiery talk of mutiny and revolution on the part of the British Communists "belongs to an age which is past, and their utterances arouse more amusement than concern." He speaks for the more sane element of the Labor party. Britain's revolutions are gradual and peaceful, but the increased activity of the Communists is arousing public indignation. It does not cause alarm, but it courts rebuke, and the Government will have widespread public support.

INSPECTING ON MARITIME TOUR

A. Gibson, Dominion Entomologist, Tells of Work to Save Crops

Fighting Insect Pests - Several Stations are in Province by Sea.

Completing an inspection tour of the Maritime Provinces stations of the entomological branch of the Dominion Department of Agriculture, Arthur Gibson, Dominion entomologist, arrived in the city yesterday and is registered at the Admiral Beatty. Mr. Gibson expects to return to Ottawa this evening.

While in the Maritimes, Mr. Gibson inspected the research laboratories at Wolfville and Kentville, N. S., and at Fredericton and also the inspection port stations at Saint John and Halifax. Mr. Gibson reported last evening that at the present time there is a great number of various kinds of caterpillars damaging fruit trees in the Maritimes. Orchards throughout the Maritimes are being used for demonstration purposes and the fruit growers and farmers are instructed in the various ways of destroying the pest.

SAVING CROPS. The value of the work carried on by the entomological branch of the Federal Department of Agriculture may be realized when it is considered that insects destroy annually in Canada more than \$100,000,000 worth of farm crops. As a result of discoveries made by officers of the department, millions of dollars' worth of crops have been saved and great progress is being made by the department, Mr. Gibson asserted.

At the inspection ports of Halifax and Saint John, Arthur Finnamore being the department's representative at this port, all plant produce such as foreign countries are inspected. This inspection work is for the purpose of keeping destructive insects out of the country. Diseased plants are destroyed immediately when detected.

TASCHEREAU DEFENDS U.S. DEVELOPMENT

Declares Aluminum Corp. Will Make World Centre of Saguenay Dist.

SAYS NOT ENOUGH OF AMERICAN CAPITAL

Would Be Difficult to Get \$75,000,000 From Canadian Investors.

QUEBEC, Aug. 19.—The Duke interests were merely developing a property that they had owned for many years, and for which they had paid \$2,000 a quarter of a century ago, is the intimation in an official statement issued here last night by Premier Taschereau, in connection with the projected power development at Chute a Caron by the Aluminum Corporation of America.

Mr. Taschereau, in his statement, defends the Chute a Caron project which promises great development for the Saguenay district and also involves the spending of \$75,000,000 by the Duke-Davies interests.

Mr. Taschereau asks if the Canadian paper industry would have such an outlet to the United States, unless United States capital for a project like the Chute a Caron scheme by the Duke-Davies interests.

U. S. CAPITAL. "Americans who invest capital in our industries, are interested in seeing that they have a market," Mr. Taschereau advances, "and you know that the Canadian market is insufficient to accommodate all that we produce."

Says Blondes More Vigorous; Race Gets Darker and Weaker

LONDON, Aug. 19.—England has discovered with surprise that the six young Englishwomen who swept all before them in the international sports contest at Brussels are pronounced blondes.

Scientific authorities say that, so far as the Anglo-Saxon type is concerned, the victorious woman athletes is overwhelmingly the blonde rather than the brunette.

These six young Englishwomen, says Professor W. Pyecraft, director of the anthropological section of the British Natural History Museum, "are the survivors of the active, vigorous, native

Nordic stock of the British Isles. "They ought to be good athletes, for their forefathers came from the most vigorous race, both mentally and physically, known to history."

"They lived outdoors lives; they were raiders and hunters, and their descendants ought naturally to excel in outdoor sports of every sort."

"But they are dying out through intermarriage with brunettes and through living in crowded cities under artificial conditions. Some authorities think that within two generations, the United States will contain no blondes, except a few immigrants. That means that the United States, like England, will grow indifferent to outdoor sports, preferring the pastimes of the darker races—dancing, salety and night-life."

one hotel man here has had a towel returned to him from Birmingham, Ala., with the following explanatory letter:

"I am returning to you a towel which I found in a hotel down here in Birmingham. Since I thought it did not belong there any more than to me I carried it away with me as a souvenir but I feel that I should not have it in my possession, so am returning it to its rightful owners."

"Jesus is coming back to earth again to live as close to God as possible, as His coming is not far distant."

"A worker for the Lord." The manager, taken by surprise, returned the towel with his compliments.

MUNCIE, Ind., Aug. 18.—Fear that the long arm of Gerald Chapman, convicted killer, might again strike in revenge caused the police today to take extraordinary precautions to protect the witnesses summoned to testify at the coroner's inquest into the murder of Ben Hance and his wife.

Police guards were afforded witnesses and the testimony at the inquest was held secret.

Some New York Styles Seen In Shops Along Fifth Avenue

NEW YORK, Aug. 18.—(United Press)—A glimpse at the shop windows of Fifth avenue acquaint us with the high lights of fall styles. No one can be sure at present which styles will become popular with women wearers.

Back-fares are being featured on many frocks and coats which have straight-lined front effects. Some frocks suggest the normal waistline by using the bolero front effect with the corners left the bolero embroidered in gold or color.

Colors most important for street wear seem to be pencil blue and burnt brown. All browns are popular. Facelias tones trim some of the darker blue frocks, forming the narrow cuffs and stand-up collars.

Colors for evening gowns remain pastel. Wraps, however, run to scarlet, vivid greens, and colorful brocade effects.

Work Begun at Mount Saleve—Station is Gift of Hindu Millionaire.

LONDON, Aug. 18.—A company of French engineers have just begun work on the last section of a road from Crussilles, in Haute Savoie, to the top of Mount Saleve, where the world's largest observatory is to be built.

Mount Saleve, which is 4,500 feet high, overlooks Geneva, and the observatory, which will cost \$6,250,000, is being erected and presented to the French nation by Assan Dina, a Hindu millionaire, and his wealthy American wife, formerly Miss Mary Wallace Shillito of Cincinnati.

The observatory will be equipped with the world's largest telescope—105 inches in diameter—in addition to several specially designed telescopes of fifty and sixty inches.

Mr. Dina, who is an engineer and scientist, chose the site because Mount Saleve, though comparatively low in altitude, is an isolated peak enjoying clear atmospheric conditions for the greater part of the year.

A powerful wireless station is to be installed to send weather reports all over the world.

Mr. and Mrs. Dina are personally superintending every detail of their generous scheme, which is receiving the hearty support of the French government.

SALESMANSHIP. WICHITA, Kan., Aug. 18.—A drugist here placed a large sign, printed in red letters six inches high, in his window, advertising to the world: "Wanting 100 Bed Bugs."

The sign aroused considerable interest and was not wanting in results. To a friend the drugist explained the mystery.

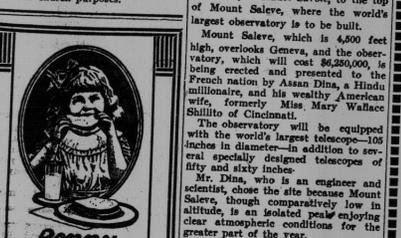

The fact is," he said, "I haven't the slightest use for bed bugs. But when any one brings some in its gumbly, I give them a sure chance to sell him something with which to get rid of the pests."

MUTT AND JEFF—THE LITTLE FELLOW COMMANDS ADMIRATION IN THE MOVIE STUDIOS

By "BUD" FISHER

MUTT, I MADE UP MY MIND THAT 'PULL' AIN'T INCEDED IN THE MOVIES AND TODAY I'D PROVED TO MY SATISFACTION THAT I HAD THE RIGHT DOPE!

BUT WHY THE CHILLY LAYOUT?

THAT'S JUST IT! I SHAVED OFF MY BRUSH AND DANNED THIS KID SCENERY! I MEAN I WENT TO THE STUDIOS INCORPORATED AND ACTED LIKE A SIX YEAR OLD!

DOUG FAIRBANKS AND DOLLY CHAPLIN WANT NUTS OVER ME AND SLIPPED ME A 'BUCK!

FING, WE 'EAT TONGHT!

MARY PICKFORD AND GLORIA SWANSON THOUGHT I WAS CUTER THAN JACKIE COUSAN! MARY SAID - 'WHAT AN ADORABLE CHILD!' THEY HELD ME IN THEIR LAPS AND KISSED ME!

I'M TALL FOR A KID BUT I MAY GET AWAY WITH IT AT THAT!

BELGIAN DEBT SETTLEMENT IS STIMULATING

New Highs and Stock Increases Result in Wall Street Market

BRAZILIAN FEATURE IN MONTREAL TODAY Price Advances to High Record and 2,000 Shares Change Hands.

Canadian Press Despatch. NEW YORK, Aug. 18.—Encouraged by the announcement that Belgium and the United States had reached an agreement for the funding of the former's war debt to this country, the market for the rise resumed their operations with increased confidence at the opening of today's stock market.

BRAZILIAN FEATURE. MONTREAL, Aug. 19.—Trading in the local stock market this morning was quiet, with a few shares of 2000 shares coming out and the price advancing to the new high activity in this issue, during the past several days, is attributed to the expectation that the dividend will be raised to a 5 per cent. basis over the present rate of 4 and to the generally satisfactory condition of the Milrats.

International Co. Seeks To Buy Canadian Utilities

NEW YORK, Aug. 19.—Negotiations are pending for the acquisition of additional public utility properties in Canada by the International Utilities Corporation, according to information in Wall Street. While details are withheld, it is known that a prominent officer of the corporation is in Banff, Alberta, for this purpose. Gas resources of the International Utilities Corporation in Alberta are already large, the newest well drilled in the Viking field measuring 8,200,000 cubic feet open flow per day, the largest producer in that field up to date.

Pan American Express transport sold to Anglo-American Oil entire outstanding capital stock of British Mexican Petroleum excludes American properties in which British Mexican formerly interested. Oil and Gas Journal estimate domestic crude oil report output last week at 2,100,000 barrels daily, decrease 56,000 daily from preceding week.

NEW YORK, Aug. 19.—The activity in the Brazilian yesterday was marked by buying of impressive nature. One favorable sign is the absence of any stock offerings from London, which would seem to indicate a favorable attitude toward the stock in that market, which is, perhaps, the best information center in the world on Brazilian's financial and economic affairs. London on occasion has been known to be a big buyer of Brazilian, and some see the possibility of a renewal of such interest.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN.

"BREAD" NOW AT IMPERIAL THEATRE

"Bread" was the most talked-of novel of last season; and is also one of the most talked-of photoplays of this season. It gets right under one's skin and holds you in the spell of its vivid picture-ization of the problem that faces every woman today—the problem of her economic freedom. At the Imperial again tonight and tomorrow.

Personal Notes Of Baptist Interest

The following items are from the Maritime Baptists: Rev. Merritt L. Gregg was the preacher at Charlotte street church, Saint John West, on Sunday, 12th inst. preaching with much acceptance to the congregations. Mr. Gregg has been for some years pastor of the Parkdale church, Toronto. James Lewis, one of the successful candidates in the city of Saint John, in the provincial elections on the 10th instant, is a highly respected member of the German street Baptist church, Saint John. Mr. Lewis may be expected to stand firmly for the enforcement of the Prohibition Act.

Dog Chokes While Eating Toy Balloon

LONDON, Aug. 19.—A small dog was choked to death here by a toy balloon. The dog attempted to swallow a deflated toy balloon it found in the streets. The balloon stuck in its throat and made it cough. The coughing inflated the balloon, blocking the air passage in the dog's throat and killing it by asphyxiation.

Reported S.S. Empress Japan May Be Sold

SAN FRANCISCO, Aug. 19.—Negotiations are pending for the sale of the old Canadian Pacific trans-Pacific liner Empress of Japan, which has been idle at Vancouver, B. C., for three years. It is reported that the prospective purchasers intend to increase the vessel's passenger accommodations if the deal is consummated. No information is available as to the intended disposal of the ship.

Little Times-Star Ads Give Another Striking Instance of Their Value. A lady who advertised a stove in the "For Sale" column of the Evening Times-Star states that the stove was sold to the first applicant before 6 o'clock on the day the ad was published. There were no fewer than 20 other callers, all anxious to purchase a stove like the one advertised. There were also dozens of telephone calls. It is believed that just at the present time there is an exceptional good market for second-hand furniture and stoves, probably on account of many families preparing to move into the city after spending the school vacation in the country.

Giants Hold Pirates By Victory Over Chicago

NEW YORK, Aug. 18.—Under a fusillade of clouts which drove two pitchers to the showers, Washington mounted to within a single game of first place in the American League yesterday by trouncing Cleveland, 7 to 4, as the pacesetter Athletics took the count from the Browns, 7 to 6.

ONE OF THE real baseball classics of the season is at hand. Tonight the Water Department team and the Saint John Baptist club will clash in the first of a three game series to decide the championship of the City Senior League.

AQUATIC FANS will regret to learn that the chances are very slim for any rowing races being held here this year. The members of the Rowing Club have definitely decided that they will not hold a regatta because their four oared shell was badly damaged and they were unable to make satisfactory arrangements to have it repaired.

Along The Sport Trail

IT IS SURPRISING the change one good fight will make in the rating of a boxer. Until his fight with Jimmy Slattery, Dave Shade was considered a fair boxer, but now many think him a better man than Champion Mickey Walker. If he ever gets into a slug with Mickey the chances are that Dave will be at least "shaded."

THE SHOWING of the athletes in the recent championships held on the grounds in Gilbert's Lane was gratifying. It just goes to show that we have material in this city which can compare favorably with any in the Dominion. The showing of Malcolm, Rubin, Bayly and Donahue was a real feature. In Malcolm Saint John can boast of one of the best, if not the best, shot "heavers" in Canada.

Babe Ruth also sent the sphere on a four-base journey for the Yankees, his twelfth homer of the season, against Detroit, starting the Yankees on the way to a 2 to 1 triumph. Boston Red Sox were easy for Chicago with Ted Lyons on the mound, the White Sox hurler posting his seventeenth win of the season, 4 to 2.

Along The Sport Trail

THE first game of the series between the Water Department team and the St. John Baptist club for the championship of the City Senior League will be staged on the East End diamond this evening. The game is to start not later than 7 o'clock, and if possible nine full innings will be played.

NEW BRUNSWICK TENNIS TOURNAMENT BRINGS SOME NEW CHAMPIONS

SENSATIONAL PLAYING WAS FEATURE OF FINAL MATCHES

J. P. McInerney and Miss Jean Knight Spring Surprise and Carry Off Honors In Mixed Doubles—The Results

THE New Brunswick tennis championship tournament, which was held on the Rothersey courts, was brought to a close yesterday. It was conceded to be one of the most successful staged in many years, and the various titles were won only after long and bitter struggles. While the work of all of the champions was masterful and consistent, that of J. P. McInerney and Miss Jean Knight in winning the mixed doubles was outstanding. They were pitted against P. J. Hallisey and Miss Frances Frith, champions in 1924, and after dropping the first set came back strong and won the second and third.

Phil Hallisey and Hazen Short retained their title in the men's doubles by turning back James E. Porter of Andover and J. Harold Drummie of Drury Cove after a well-contested match.

Miss Lois Fairweather and Miss Margaret Henderson captured the ladies' doubles by a victory over Miss Margaret and Miss Alice Tilley.

MISS LOIS FAIRWEATHER (LEFT) AND MISS MARGARET HENDERSON Who won the ladies' doubles. Miss Fairweather also won the singles title.

MISS JEAN KNIGHT AND JAMES P. MCINERNEY, OF THE RENFORTH CLUB, CAPTURED THE MIXED DOUBLES TITLE BY DEFEATING PHIL HALLISEY AND MISS FRANCES FRITH AND P. J. HALLISEY, IN THREE SETS LOSING THE FIRST 6-4, AND THEN TAKING THE SECOND AND THIRD 6-3, 6-4.

They had an easy victory over Miss Margaret and Miss Alice Tilley, who were finalists in the other section of the draw. Their good net work and superior speed were too much for their opponents.

Hazen Short and P. J. Hallisey took three straight sets from James E. Porter, of Andover, and J. Harold Drummie, of Drury Cove, in the final of the men's doubles championship, the scores being 6-3, 6-3, 7-5. Both Short and Hallisey made more errors than in their usual game, while Porter and Drummie made some sensational plays that helped them greatly in taking so many

RUNAWAY SALLY ATTAINS STARDOM

Once Trained by Police Now Hailed With Honor in Home Town.

HOLLYWOOD, Aug. 19.—Several years ago Sally Rand, corn-fed and only pint-size, ran away from a Kansas City boarding school to become an actress. Police trailed the diminutive beauty without success, the matron of the girl's finishing school she had attended was horrified, and Sally's mother was heart-broken. Today Sally is on the paved highway to film fame. Kansas City is proud to reclaim her, and her mother has forgiven the runaway daughter. Sally has been elected for stardom by both Cecil DeMille and Mack Sen-

nett, Hollywood's greatest "daddy" of baby film stars. Sennett picked Sally from the surf and gave her a start before the cameras. One look at Sally in a bathing suit, and in stunts from a diving board, convinced the ace of comic film producers that the girl was a potential star.

As a Sennett bathing beauty, Sally began her film career under the same direction as Gloria Swanson, Charlie Chaplin, Louise Fazenda, Mabel Normand, Marie Prevost, Wallace Berry, Lew Cody and other screen players now flickering in the movie firmament. "Sally Rand is the most beautiful girl in America," DeMille proclaimed after signing the little actress to a long-term contract. "She is young, pliant, athletic and intelligent—possessed of a trim type of film fascination which should make her a star of the first magnitude."

THE DAILY RACE FOR THE BATH ROOM AT OUR BOARDING HOUSE (By one of the inmates.) When I first came here I set my alarm clock at 7 a. m., which would mean I'd have plenty of time for a shave before breakfast. But I was wrong. I never got a chance to get in the bathroom. Then I shoved 'er over to 6 a. m. But my next-room neighbor was a lighter sleeper than I. So, when he heard the bell, he'd get 3 seconds start and beat me to it. Bathing, morning or evening, was a gamble, with the odds always favoring the cause of those nearest the bathroom. The race may not always be to the swift, but speed helps when you want to bathe. I joined a gymnasium and trained on the running track, specializing in the 20-yard dash. And although my trainer said I'd qualify for the championship, I couldn't beat the bathroom hogs in the boarding-house. At last I got tired of it. I was setting my alarm clock now at 4 a. m., but I lost out on the bathroom race just the same. So I put an ad in the paper—Wanted to Rent, a room with board in a private family; must be next door to bathroom. Why, it was only the next day that I found a peach of a place, but I suppose the others are still holding their daily bath-room marathon. I wonder why they don't "tumble" and send an ad to the Times-Star

Yes, we know they are Mother's problems first; she has to be sure to get the right things at the least outlay, but after all, it's generally Daddy who has to dig up the money.

And our problem is to provide the things Mother likes — at prices to please Daddy.

Our problem is all worked out and we are ready for the examination test. Check these over.

50 x 2 - 78. Ho! Ho! What an easy sum, and what an awful mistake! That's right, Tommy, but Mother will need Stockings for you and it will be no mistake to her. Ask her and see. Two Pairs of 50c. Stockings Tomorrow for 78c. Fine Black Cotton, in one-and-one rib, sizes 7 to 11.

6 x 10 - 38. Yes, Johnny, that's bad arithmetic; but that's the way we will "figger" tomorrow—Six 10c. Handkerchiefs for 38c.

2 x 150 - 258. Teacher would give us a bad mark for that; but Mother knows it's good marking for her—Two Boys' \$1.50 Shirts for \$2.58.

1350 - 20% = 1080. This is a much harder problem, but we think we have it right. How is it, Boys? Regular \$13.50 BOYS 2 PANT SUITS for 20 p. c. off—Tomorrow \$10.80

A very special purchase brings this fine value in time for school opening. Two Pant Suits in styles you boys will be proud to wear. Qualities that will delight Mother and a saving in price that Dad will be thankful for.

A great assortment of Boys' New Fall Suits—all the way from \$7.50 right up the ladder to \$18.00—and super-value on every rung.
