Reds Demoralized In Report  
From Fighting Ground  
Decisively Beaten, With  
Heavy Losses — Estimate  
of 40,000 Casualties and 50,000  
Taken Prisoners.

Warsaw, Aug. 25.—Kolno, an important town near the East Prussian frontier, north of Lomza, has been taken by Polish forces which have been sweeping rapidly northward in pursuit of the demoralized and fleeing enemy in great disorder.

Reports from various fronts, particularly the northern sector of the line, indicate that the Bolsheviks are demoralized and fleeing everywhere in great disorder. Gen. Solonkowski, minister of war, has issued a statement declaring that the Soviet armies have been decisively leading everywhere, adding that of 280,000 Bolshevik troops participating in the offensive for the capture of Warsaw, more than 140,000 have been accounted for, and that nearly all other detachments have been shot to pieces. He estimates the number of prisoners at 50,000, and the number of other Bolshevik casualties at 40,000.

Two Cossack regiments have crossed into East Prussia northwest of Mlawka to escape capture, according to announcement, and there are indications that Soviet infantry units, numbering many thousands of men, have also taken flight across the frontier at various points. The remnants of the fourth Bolshevik army is surrounded near Mlawka, and while disorganized, is endeavoring to make its way eastward. It attacked a Polish Siberian brigade near Chorzele about twenty miles north of Praszka, but was repulsed, losing many prisoners.

Agrees With U. S.  
Paris, Aug. 25.—The French foreign office announced today that the French government was in entire accord with the U. S. government that the Polish army should remain within Poland's ethnographic frontiers. It was added, however, that these were not yet determined.

London, Aug. 25.—A dispatch to the Exchange Telegraph from Berlin says the Deutsche Allgemeine Zeitung publishes a report that the Russian northern army has commenced a counter offensive which appears to have partly succeeded.

Paris, Aug. 25.—Premier Millerand of France, acting as president of the supreme council, has telegraphed Sir Reginald Tower, allied high commissioner at Danzig, inviting him to assure to Poland complete liberty in the importation of war materials through Danzig, provided for in the Versailles Treaty.

London, Aug. 25.—There is not the smallest prospect of the Minsk negotiations resulting in a swift conclusion of peace, but all ethnographical Poland soon will be cleared of the Bolshevik forces, says the London Times' Warsaw correspondent.

Warsaw, Aug. 25.—Polish victories over Soviet armies which invaded Poland apparently have not affected the Bolshevik forces. A wireless despatch from Minsk yesterday by Foreign Minister Sapieha asserted: "The Bolsheviks at today's meeting continued to retain their success of manner."

The foreign office announcement said the Soviet delegates are continuing to put difficulties in the way of Polish communications with Warsaw.

London, Aug. 25.—A French courier arrived at Danzig on Monday and began unloading munitions for Poland, says a despatch to the Times, but on representations from Sir Reginald T. Tower that he could not be responsible for the consequences, the unloading was suspended, pending decision by the Allies.

Reds' Statement  
London, Aug. 25.—Polish and Russian fighting with alternating success from Bratystovka southward to Wlodawa, according to an official Moscow statement.

East of Lemberg, Soviet operations are said to be developing successfully. In the neighborhood of Halicz fighting is proceeding. The statement asserts that fighting favorable to the Bolsheviks continues in the left bank of the Dnieper in the region of Kershon, south Russia.

GET BACK SOME  
OF STOLEN BONDS

New York, Aug. 25.—About \$1,000,000 of \$2,500,000 worth of securities stolen by dishonest messengers from Wall street in financial houses have been recovered, so it was announced yesterday by S. S. Myers, counsel for creditors in bankruptcy proceedings against Jules W. (Nicky) Aronstein, alleged "master mind" of New York's \$5,000,000 bond theft plot. Myers' statement followed postponement until September 10 of examination of Aronstein before a United States commissioner.

POLES REJECT  
RED TERMS IS  
REPORT THAT  
ENGLAND HEARS

London, Aug. 25.—Poland's reply to the peace terms presented by the Russian Soviet delegation at Minsk amounts to a flat rejection, says the Manchester Guardian's Minsk correspondent. "Out of the fifteen Russian demands," he continues, "only one, that relative to demobilization, is accepted, and that only on condition that Russia will take the terms relative to Russia, that Russia must demobilize at the same time. Poland disbands her forces."

COURT CASE OVER  
PIN OF VALUE

Dock Street Dealer Defendant  
— Morning Police Court.

In the police court this morning Isaac Williams was charged under the pawnbroker's act with unlawfully detaining and refusing to deliver to William L. Wright a valuable diamond and pearl stick pin after money and interest had been tendered for redemption of it. W. L. Wright, shipper in the Atlantic Sugar Refinery, said that the accused is the proprietor of a second hand shop in Dock street and last fall he went into the store to get a loan and Max Williams, a loan, loaned \$200 with a diamond and pearl stick pin as security. In about three months Mr. Wright said he redeemed the pin and soon afterwards wanted another loan of \$200 and gave the same pin as security. He said he saw Max Williams wearing a pin similar to his on one occasion.

A case against W. C. Speight, charged with selling gin in his beer shop without a license to do so, was resumed but again postponed for a week.

A case against Victor Pleasant, charged with being drunk and accosting young girls in Pond street, was again postponed until tomorrow afternoon. E. S. Ritchie acted for the defence.

Four men charged with drunkenness pleaded guilty and were remanded.

As Hiram Sees It

"Hiram" said the Times reporter to Mr. Hiram Hornbeam, looking out from the veranda, "short, fumbling hills have developed a great fascination for me. That mass you see appeared to me at first to be but one range, until one day that thick light and shadow revealed one range behind another. This morning the land fog revealed still another depression, and now I know there are at least two valleys between us and that highest peak. These hills are as changeable as the face of a woman."

He has seen them in sunshine and in shadow, or, as now, part of them in shadow and the higher peaks gilded by the dawning sun. I have seen the mists creep over them, and yesterday I saw them drenched with rain while none fell here. Captain Stevens is today giving an exhibition flight at Berwick, N. S. The entries for the exhibits, some of which are very well filled, are being closed in a day or two.

Mr. Porter has received a wire from Colonel McClelland, C. C. of the 9th Royal Highlanders of Canada, saying that the regimental band of that unit would be unable to be present at the convention. The Psychology  
of the Board  
of Assessors' Office

There is evidently a keen student of psychology in the office of the board of assessors at city hall, judging by the method of arrangement of the chairs there for the use of the citizens who have been appealing to the board regarding the amount of their taxes.

The line of chairs extends from the outer hall to the office door and inside they stand side to side along two walls and up to the gate where, one by one, those who have any objection to make pass into the sanctum sanctorum where the assessors sit in stern judgment.

The first few chairs are of the plain knockabout variety—sturdy of limb and hard of seat—a fitting environment for those who may feel rather strongly regarding the total of their bills. But, note carefully.

Off the rougher seat, the appellant progresses in turn to highly polished mahogany office chairs which cannot but tend to calm some of the wrath that his soul knows. But to cap the climax comes one of those old-fashioned arm-chairs in ample proportion, with deeply padded seat into which the waiting citizen sinks luxuriously, and before the gate is opened and "You're next" is whispered sweetly into his ear, he has regained most of his usual calmness and—well, there you are.

CORK'S MAYOR  
UNCONSCIOUS IN  
LONDON PRISON

Last Rites of the Church Administered

Dublin Mayor Appeals to  
British People — Resolution  
of Moderates in Conference.

London, Aug. 25.—Terence MacSwiney, Lord Mayor of Cork, who has been a hunger strike in prison here since being removed to this city, died at grave removal, was still conscious this morning.

Apparently, however, his condition was consistently critical, as Father Donnelly, his private chaplain, administered the last sacrament.

London, Aug. 25.—Redmond Howard, a nephew of the late John Redmond, has telegraphed King George urging clemency for the Irish hunger strikers. The Lord Mayor of Cork was in London yesterday afternoon. Mrs. MacSwiney visited her husband again yesterday morning and found him bordering on unconsciousness. His daughter, Miss Mary MacSwiney, telegraphed Premier Lloyd George, saying that if the mayor died "his relatives and the people of Ireland will hold you and your government responsible for murder."

Throng at Mass.  
Cork, Aug. 25.—Activities in commercial houses and factories were halted between 10.45 and noon yesterday while the workers were attending mass. This action was taken under the direction of the joint labor and civic council of action, who declared its purpose was "to show that there are greater powers than purely physical ones." The prayers of the "millions" continued the appeal of the council, "will rise to heaven to give succor to those suffering in British dungeons." The churches were unable to accommodate the throngs of worshippers.

Plea for His Life.  
Dublin, Aug. 25.—The Lord Mayor of Dublin through the Freeman's Journal has issued a plea to the British people for the life of Lord Mayor MacSwiney, "not in the name of Ireland, but in the name of all humanity."

Dublin, Aug. 25.—The Lord Mayor yesterday received a telegram from Mrs. MacSwiney in London, saying: "Terry is dying rapidly. Cannot something be done in Dublin? Tell all his friends." The Lord Mayor communicated with the commander in chief of the Irish forces, who replied that the case of Mr. MacSwiney was out of the hands of the Irish executive.

Tuesday's Conference.  
Dublin, Aug. 25.—Resolutions suggesting a truce between opposing Irish factions and declaring it was "possible for the British government to secure peace in Ireland by an immediate and binding offer of full national self-government, to be accepted or rejected by specially elected representatives of the people of Ireland" were passed last night at a conference of Irish moderates. The meeting was marked by fiery oratory on the part of several speakers, but there was no disorder.

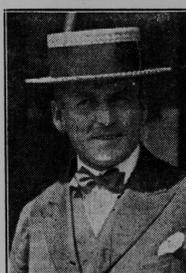

GIRL ATTACKED;  
HELP COMES AND  
ASSAILANTS FLEE

Quebec, Aug. 25.—(Canadian Press) While taking snapshots from the levee fields overlooking the St. Lawrence River here last evening, Miss Bella Healdon of Sherbrooke, who is boarding in this city, was attacked by two men. Her screams attracted young men on the waterfront, and they saw her trying to fight off her assailants.

The shouts of the young men on the wharf apparently saved the girl, as her attackers fled. The police were notified and found the girl hysterical, but both men had disappeared. They expect to make an arrest today.

Aime Leblanc, who was supposed to have secured a loan of some \$20,000 from Patenaude's money, denied receiving it. Amherst, N. S., Aug. 25.—(Canadian Press)—A railway accident of serious consequences was narrowly averted early this morning when the Boston express was struck by a string of box cars that had crashed into a siding in Macdonald car train yard. The engine and one mail car were derailed. There were no casualties. An auxiliary train from Montreal had the track cleared by noon.

BEAVERBROOK ON  
MERGER MISSION?

Reported He Has Big Pulp  
and Paper Combination in  
View.

Montreal, Aug. 25.—Lord Beaverbrook, of the London Daily Express, is expected here from New York tomorrow. It is said that he is in Canada in connection with his pulp and paper merger.

The entry of English capital into the pulp and paper industry of this province has not only stimulated the buying of stocks in many operating companies, but there is not the least doubt that negotiations are now in the course of process for the purchase of the controlling interest in one or two other large pulp and paper companies in Quebec by other than the Northcliffe interests. In Great Britain, and this fact may give rise to the rumors of further amalgamations.

GENERAL ADVANCE  
IN EARLY MARKET

Oil Shares Were Only Ones  
Holding Back This Morning  
in Wall Street.

New York, Aug. 25. 10.30.—Oil shares especially the Mexican group, were the only laggards in the general advance of prices at the opening of today's stock market. Yesterday's rally made further substantial headway, the shorts again being driven to cover, particularly in rails, steels and equipments. Preliminary quotations for foreign exchange made no material response to the more favorable character of advances from abroad.

Noon Report.  
The market steadied after the first hour, prior to which steels, oils and equipments cancelled part of their initial gain. Investment rails helped to stabilize prices, further buying being noted in investment transcontinentals, Chicago Northwestern, Norfolk and Western, and several of the cheaper issues, such as St. Louis and San Francisco, Texas Pacific, Missouri, Kansas and Texas. St. Paul preferred and New Haven. Shipments threw off their recent depression, Atlantic Gulf and American International scoring substantial gains. Sugars, tobaccos and metals were distantly higher, but the usual industrial leaders were comparatively dull. There was a moderate rally in remittances to London.

Lucerne, Aug. 25.—Premier Lloyd George in a statement today concerning the case of Lord MacDonnell of West Cork, in Brixton Jail, London, said in substance that, whatever the consequences, the government could not take the responsibility of releasing MacDonnell. He declared he regretted MacDonnell had decided to starve himself but said if he were released all other hunger strikers would have to be released.

"A law which is a respecter of persons is no law," he said. "If the cabinet therefore departed from its decision, a complete breakdown of the whole machinery of law and government inevitably would follow."

News Notes About Prominent Baptists

Rev. H. Alford Porter, of Atlanta, Ga., has been appointed by Dr. J. W. Bronner, of Los Angeles, during August.

Rev. C. O. Howlett and family, of Bath, are enjoying a four weeks' automobile trip through the New England States.

Rev. Gildon Swain is spending a few weeks in St. John, where for many years he made his home. After a few more weeks of rest he will be ready to take up work on a compact field, where the work would not be too heavy.

The churches on the Centreville, Carleton county, field are evidently determined not to remain long without a pastor. Last Wednesday a unanimous call was extended to Rev. H. R. Bell, of Acadia, with the class of 1904, and he is now pastor of the Montauk Avenue church, New London, Conn.

Rev. W. V. Higgins and Mrs. Higgins are spending some weeks at Ottawa with their son before leaving Canada on their return to India.

SCHOOL SUBJECTS FOR CONFERENCE HERE. At the conference of the chief superintendent of education with the principal of the Normal school and inspectors, to be held here, the following will be considered in addition to any subjects that may be suggested: Special difficulties which may have arisen in each inspectorial district. County fund drafts withheld in each district. Recent changes in school law; needed changes. Minimum salaries act. Change in text books. Course of instruction. Normal training. The status of assistant teachers. Third-class teachers in districts above \$20,000 in valuation. Is the time ripe for a trustees' convention? The value of the work of household science supervisors in the schools. Should the standards for entrance to Normal school and university be raised? How shall we increase the number of candidates for teachers' license.

A Three Month's Trip Abroad

Suppose you sail a week from today. The first thing you think about—the first thing you discuss with your wife—the first thing you do—is to provide ample funds from which wife and family can meet household expenses while you are away. Other matters might claim your attention, but family affairs would receive special consideration. Sooner or later—maybe suddenly—you will sail out into the unknown—start on that journey from which no traveller returns. Now, man to man, are you satisfied with the provision you have made for the support of your wife and kiddies after you're gone? Sit down now and write us to explain how an Imperial Accelerative Endowment policy will meet your family's expenses in case anything should happen to you; and how it will provide an income to support yourself in comfort should you live to old age. We'll send the information by return mail.

REPORT IRISH MIRACLES

Cures Said to Have Been Worked Before Bleeding Statures.

Belfast, Aug. 25—Intense excitement prevails in Templemore, County Tipperary, the scene of the recent murder of Police Inspector Wilson, over what are reported to be remarkable manifestations of healing.

The church, correspond of a local newspaper says details of what he describes as a "miracle," which he says began yesterday evening and still continues.

"About six o'clock," he says, "all the statues and holy pictures in the house of Thomas Divan, a news agent, began to bleed. Crowds of awed people witnessed the strange manifestation, and wonderful cures are being effected.

"A crippled soldier, who was carried down to Divan's on crutches, with a leg which had been badly shattered by shrapnel in France, walked back from the house with full use of his limbs. He had been three years in a hospital. A little girl, a victim of consumption, was borne into the house, and she, too, was cured.

"People are thronging to Templemore to see the cures, news of which are being discussed throughout Tipperary."

28 STOWAWAYS ON BOARD SHIP

Vessel Had Crew of Twenty-Two — After Being Jailed the 28 Broke Out.

New York, Aug. 25—Captain Perpules of the Portuguese steamer Morning discovered after he had been at sea some days that there were 28 stowaways on board. His crew is only 22. He touched at New Bedford, where the 28 were jailed.

The stowaways waited until the jailer had gone to bed. Then one among them produced a button-hook, unlocked the jail door, and the 28 departed, leaving the jail intact.

The next morning the citizens of New Bedford, who don't get a chance every day to see 28 stowaways, arrived early at the jail only to find the cage empty. Greatly disappointed, they "rased" the police chief until he became indignant, and arrested the officers on the ship, charging them with complicity in the escape. But there was no proof against them, so they were released.

Sealed in the dairy counties, it reaches you sweet, pure and wholesome

**Infant Feeding** Carnation Milk is admirably suited for this purpose. Our booklet gives complete directions noted by Baby Specialists. Consult your family Physician.

Contrast Carnation methods of delivering milk with any others you know.

The spotless Carnation condenseries are located in Canada's dairy centres.

The pure "whole" milk comes in from the dairy farms—every day.

Immediately part of the water is taken away by evaporation. The rich milk then goes into clean, new containers and is sealed.

Then sterilized to insure absolute purity.

In this safe form Carnation Milk is delivered by grocers in every community.

It is protected against contamination.

It is not exposed to taint.

You can keep it safely on your pantry shelves—ready to use whenever you need fresh, sweet, pure milk.

Carnation Milk is the only milk supply your home needs.

It is really more, for it serves as both cream and milk.

Fresh from the can, it has a creamy consistency (due to the evaporation process). It is used as cream for coffee and tea, for cereals, for fruit, etc.

By adding an equal part of water to Carnation Milk you restore its natural consistency. You get "whole" milk—not separated or skimmed milk—but rich, wholesome milk, like they use on the farm.

Not a particle of preservative, sugar or other substance is added to Carnation Milk.

It is simply milk, for table use, for children to drink, for cooking, for Baby's bottle.

Phone your grocer for a supply. He is the Carnation Milkman.

The Evening Times and Star

ST. JOHN, N. B., AUGUST 25, 1920.

THE WAR SITUATION.

The Polish counter-stroke has given the war situation a curious and unexpected turn which provides good grounds for hoping conditions ahead will be much better than could reasonably have been hoped for two weeks ago.

Liberal and National, which leads the Times to observe: "One hears the envious sighs of those who are trying to rebuild at the factory a Republican party that shall be both conservative and liberal, radical and reactionary; that shall have a home for Borah as well as one for Barnes; that shall be both for the League and against it at the same time, with an appeal equally irresistible to Herbert Hoover and Hiram Johnson. Both these great conservative-liberal two-ringed moral shows are rooted in the same principle, the protective tariff."

Curiously enough the hope of a settlement appears now to lie in restraining the Poles from taking too much advantage of their military successes and in getting both sides to agree upon the establishment of the boundary fixed by the League of Nations. The Polish victory has been compared by military critics with the first battle of the Marne, but they do not anticipate that the parallel will hold in the sense that years of warfare will follow the present Polish successes.

Unquestionably the Polish campaign of late has given a visible sense of relief to the Allied world, though it is clearly recognized that the tension and the trouble are not yet at an end. Events in the war zone are still causing intense anxiety in Great Britain, not only because of the complicated nature of the situation between Poland and Russia but because of Britain's heavy responsibilities elsewhere, chiefly in Mesopotamia and Egypt where things have been going far from well.

A welcome feature of the recent news is the indication that the threatened engagement between Britain and France is disappearing, and a point has been reached where it may be taken for granted that the Entente will hold. British and French co-operation was the keystone of Allied success during the great war, and its continuation is necessary in order that Poland may live and that no effective combination by Germany and Russia shall be permitted to endanger civilization.

It may be that the civic tax rate has given a chill to the enthusiasm of those who have long been insisting that the old court house should give way to a new building, practically on the old site but of a character fitted to meet the needs of a real civic centre. At all events little has been heard lately of the building upon which thousands gaze from week to week.

Apparently most citizens have ceased to wonder how long the wreck will stand untouched. The city is facing the need for greater expenditures for schools, for hospital accommodation, for streets, and for other purposes, and with the tax rate where it stands now there is no doubt that the cost of a new civic building on the old court house sites presents a serious problem. Nevertheless the time has come when lack of a definite line of action can scarcely improve matters. Nor will delay improve the argument that an attempt at restoration or repair of the present building would satisfactorily meet the issue. Autumn is almost here, and perhaps the best now to be expected is that the municipality will evolve before next spring a plan for rebuilding the court house in accordance with municipal needs. As matters stand the damaged building daily confronts the citizens as a striking example of unfinished municipal business.

Hon. Mr. Meighen's difficulty in attempting to persuade the country that his party really embraced the real Conservatives and the real Liberals of Canada has attracted the attention of the New York Times, which discovers an "intellectual kinship" between Mr. Meighen and Senator Harding, the Republican candidate for the presidency. The Times regards Mr. Meighen as bolder than Senator Harding, but it finds in his speeches much of the Harding touch. It might well have been Senator Harding, the Times suggests, who said as Mr. Meighen recently did to an audience: "I put the question to you, are you going to be a nation builder or a nation wrecker?" This is merely Mr. Meighen's way of begging the question. He thus seeks to give the impression that by giving the Conservative party a new name he has gathered all the earnest and sound Canadians under his banner and that all the dangerous and destructive forces are in the ranks of his opponents. He repeatedly described the new party as Conservative,

JOACHIM. A prince of stately pedigree, whose medals were a sight to see, observed with weariness and pain how at his wife the world's disdain was leveled, and he cried: "Shooat vait! My noble name I'll vindicate; I'll show men that the kaiser's sons are not all worthless sons of guine. I've had in mind, for quite a time, some action splendid and sublime; our reputation to retrieve, and knocking enemies to peeve. Now, watch my curval! Observe my toam! Good night, punk world, I'm going home! And then he took his trusty gat, and shot himself below the hat. And when I heard the ghastly news I had a season of the blues. For I had long regarded Jo as one fond of empty show, who'd treat his evenings shooting craps. I could not see that in him dwelt one virtue worth a tonnet's pelt. I often belid him up to scorn as showing that the nobly born are worse than useless if they lack a spinal column down the back. But now, by one great splendid act, by one sublime display of tact, this price has shown where I was wrong; he had one virtue, true and strong. Convinced he'd never make a hit, he knew when it was time to quit.

CANADA—EAST AND WEST

London Happenings of Other Days. CAPTURING THE ARGUS. In the month of August, 1815, when the United States and Britain were at war, a naval engagement took place in the English Channel between the United States and Britain. The Argus was the American vessel, for months she had been ravaging the coast of the English and French coasts. She had landed the United States minister of Brittany and had received orders to prey on commerce as long as possible before returning to American waters. It was too hazardous to attempt to carry all her prizes—about twenty in number—into French ports, so all but five the Argus took were destroyed. Two she gave up to her prisoners, one reached a French port and two were recaptured in their attempt to arrive in France.

PRISON RECORD ON ARM. New York, Aug. 25.—(By Canadian Press)—Henry Stevenson, a piano player, pleaded guilty in a Brooklyn court yesterday to stealing an automobile fire extinguisher and was asked by Justice French if he had ever been convicted before. In reply Stevenson rolled up his sleeve, displaying on his forearm the tattooed legend, "Workhouse 1817." In addition he admitted having done time in "recept" before. "Well, you will be able to add that now, any also 'Workhouse 1817,'" said the judge. "Four months hard labor."

**J. B. Jardine Stunned by Explosion of Auto Service Station—Three Others Killed**

J. B. Jardine, secretary of the Toronto Harbour Commission, had a narrow escape from serious injuries and possibly death, at Syracuse, N. Y., last week, when a 2,000 gallon gasoline reservoir exploded within a few feet of where he was standing. Mr. Jardine was standing beside an automobile which had just secured fuel at a gasoline service station

when the explosion occurred, and how he escaped, being buried by the debris is a mystery. He was removed to his hotel immediately afterwards and later in the day was stated to be suffering from shock. The explosion resulted in the death of three men, and eleven others, besides Mr. Jardine, were injured. In company with W. R. Austerlitz, of Syracuse, Mr. Jardine had called at the station for gasoline and he was just entering the motor when the explosion occurred. The blast was heard for miles around and debris was scattered over a large area and resulted in a suspension of traffic in this part of the city. Doctors who attended Mr. Jardine stated that he was temporarily stunned but escaped serious injuries and was suffering solely from the shock.

## The Allen Theatre Enterprise

**Across an Atlantic of Adversity to a New World of Pictures**

Canada moves on toward great things, while just beyond to-morrow lie even greater opportunities to be achieved.

If any intangible thing may be named in connection with the progress of the Dominion it might be called the giving of things Canadian a distinct and recognized identity. Canada has commenced to put her trade-mark on the things which are hers by right of discovery and development.

In the evolution and upbuilding of the motion picture as a factor in our national life, the institution known as the Allen Theatre Enterprises has played a vital and outstanding part.

From the days of the first little Allen Nickleodeon, when the pictures shown might be properly described as "shakin' pictures," until the present time, when the Allen Theatres extend from coast to coast in Canada to the number of more than sixty, when Allen Theatres become factors in the entertainment of the people of Great Britain and the United States—there has been the aspiration and the determination to sail a clearly-laid course to the ultimate in Allen achievement, with a Canadian craft and a Canadian crew.

It has been a voyage of discovery, a constant facing and mastering of the problems of storm and calm, a period of oft-changing fortunes—always with the compass of public opinion pointing true, challenging the vision and good judgment of those at the helm—

But always with the greatly gratifying knowledge that a readiness to serve and to achieve beyond the ordinary was surely rewarded, and with the richest of all rewards, public confidence.

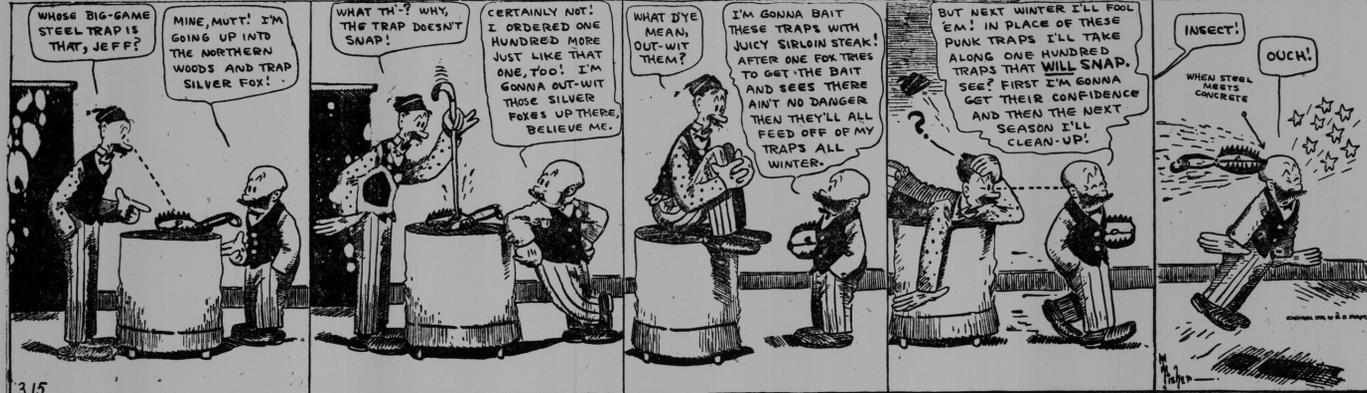

Every great growth has begun in obscurity. To bring to achievement such an institution as the Allen Theatre Enterprises entailed much in effort, sacrifice, struggle and everlasting sticktoitiveness. But upon the foundation laid will be reared a structure worthy of its name and of the country.

It will be the purpose of a series of advertisements, of which this is the first, to reveal to the public the structural plan, the policies and the aspirations of Allen Theatre Enterprises, and to open the opportunity for an association even closer than that which now exists.

We look to the past with gratitude and to the future with high hopes for the chance to achieve.

### ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain—How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Lance-Corporal H. B. MIDDLEY, M.M., Royal Fusiliers, British Expeditionary Force.

"I am writing of the splendid results I received from Phosferine. I used it in Salonika, and I am sure I found it the only thing to keep away Malaria Fever, as well as do my nerves good."

I cannot speak too highly of Phosferine, and I am continually recommending it to my comrades, who also have found good results."

Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Rheumatism, Aching Joints, Lumbago, Sciatica, Neuritis, and for Headache, Neuralgia, Toothache, Earache, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.

There is only one Aspirin—"Bayer"—For exact say "Bayer" Aspirin is the trade mark registered in Canada of Bayer Manufacturers of Monoclonal Aspirin. While it is well known that Aspirin is a Bayer product, it is not so generally known that the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

### How to Beautify a Summer Soiled Face

It's really a simple matter to renovate a face soiled by sun, wind or dirt. Ordinary mercurized wax, used like cold cream, will transform the worst old complexion into one of snowy whiteness and velvety softness.

Many skins wrinkle easily with every wind that blows, with heat, worry, etc. An excellent whiter, because it tightens the skin and strengthens relaxed muscles, is a wash lotion made as follows: Powdered saffron, one ounce, dissolved in which hazel one-half pint. This gives immediate results.

GROGGER MAKES A CLAIM TO MILLIONS

Estate of \$43,000,000. Said to Have Been Left by a Bishop.

Montreal, Aug. 25.—A claim to a \$43,000,000 estate, now in the hands of the United States government, the heirs to which have been advertised for several years, was yesterday placed in the hands of Lyon W. Jacobs, K. C., by the Hon. Charles J. Hughes, U. S. district judge at Montreal. The estate, it is said, was left by Mr. Horowitz's father, the uncle being a bishop of the Catholic church. There is a long romance connected with the case which terminated in the death of the bishop, who died leaving an estate of \$43,000,000. The United States government has ever since been looking for the heirs to the estate. Mr. Horowitz says he is in possession of documents proving that he is a second cousin to the dead bishop. In the meantime the claimant to this \$43,000,000 estate keeps a small grocery store in this city.

POSTAL WORKERS FOR 44-HOUR WEEK

Don't Like Uniforms, Too Much Like Germans' - Against Sympathetic Strikes.

Edmonton, Alta., Aug. 25.—Strict adherence to the forty-four hour week was decided upon by the Amalgamated Union of Postal Workers at a convention here yesterday. Some criticism was made regarding the color and cut of the uniforms supplied to transfer men at the railway stations. It was contended that they bore a very striking resemblance to the German field uniform. The feeling was that there should be an immediate change, overalls being recommended in lieu of anything else. The present arrangement for sick pay for postal workers was voted extremely satisfactory. The conference decided to delete a clause in the constitution allowing members to participate in sympathetic strikes. It is the intention, according to officers, that the public shall not suffer in any form through any strikes but at the same time the association will use all legal means to maintain the dignity and utility of the organization, to the betterment of working conditions for the employees of the postal department and the adequate service of the general public. The question of superannuation was also dealt with and was also the attitude of the association in relation to the legal means to be used in the event of a strike. The postal workers have placed themselves on record as being in favor of the legitimate principles of the organized labor party.

THE DOG IN ACTION

Moscow, Aug. 25.—Leon Toukachewski, commander-in-chief of the Red armies on the Polish front, in an interview, said: "Our enemies backed Poland. They backed Denikine. They backed Kolchak. They are now backing Wrangel. They hope with 40,000 men to whip 600,000. As soon as I have finished with the Poles I shall shake Wrangel from Russian soil as a dog shakes a flea from its back."

ASK LEGISLATURE TO HELP SOLDIERS TO BUY HOMES

Winnipeg United Veterans Pass Resolution - Want Money at Low Interest Rate.

Winnipeg, Man., Aug. 25.—The following resolution was passed at a general meeting of the Grand Army of United Veterans in Winnipeg recently: "That in view of the fact that many of our comrades are struggling under a heavy and unfair burden in having to pay the present high rates of interest on house property and also in view of the fact that they did not have the advantages of high wages that prevailed during the war, and believing that they are thus placed in a unfair position, we therefore call upon the provincial government to immediately enact a measure to create a fund for the purpose of buying new homes for returned men, and also to pay off existing mortgages on houses already bought. The money to be loaned at a low rate of interest on terms not exceeding five years. It is the opinion of this meeting that this measure would materially assist the returned men in re-establishing themselves and it is very necessary that immediate action be taken in this matter."

"That it having come to our notice that a large number of soldier settlers are being forced to vacate their farms and homesteads through their inability to support themselves, their families and their stock, in the early stages of their careers, owing to their being insufficiently provided in the act, giving the provincial boards the authority to supply funds for feeds, seeds, living expenses, necessities and minor expenses during the first period of operations and compensation the only alternative left to the administration of the Soldiers' Settlement Board, being the eviction of occupants and the salvaging the stock implements, etc.

"It is resolved that the Soldier Settlement Board be amended to allow the provincial boards ample powers to arrange credits for any soldier settler who, finding themselves in such financial straits, may be permitted to apply for and receive such assistance as will enable him to overcome his temporary difficulties, always providing that his record as a soldier and his general character warrants such assistance."

A still alarm was sent in yesterday afternoon for a small fire in the ally adjoining J. Clark & Sons, Ltd., 17 Grand street. The alarm, which was in some rubbish, was quickly extinguished.

VETERANS ASK TAX EXEMPTION ON THEIR BUILDING

An additional revenue of about \$150 a year was predicted by T. H. Bullock, secretary of the Grand Army of United Veterans, in the passing of the revision of the Indian tax by-law, which was passed by the common council yesterday afternoon. The revised law calls for an increase in payment from the river steamers of about \$300 a year and a smaller increase from the tugs which may be doing business in the Indian river in October.

Consideration was given to the application from the Grand Army of United Veterans for an exemption from taxation on the property of Wellington Row, but no action was taken.

There was some discussion over the application of Chester, Beveridge, a returned soldier, who wished to have the lease of his fruit and candy stand at North St. John, assigned to a Greek. The rental for the stand is \$250 a year and is paid monthly in advance. The original proposition was in October.

Upon recommendation of Mr. Bullock permission was given to the superintendent of the ferry pool the remaining balance of the ferry account to provide for the necessary piling and repairs to the east side ferry approaches.

Mr. Bullock was given permission to call for tenders for seventy pieces of piling, from fifty to sixty feet long to be used in repairing the east side approaches to the ferry.

Ernest Fulton was appointed additional constable in the city of St. John and Mayor Schofield was authorized to prepare the necessary data for a half-page advertisement in the special advertising number of the London Times, the space to cost \$275.

PROPERTIES OF OVERSEAS MEN ARE OFFERED FOR SALE

Assessors in the several parishes of the county are confronted with a difficulty which has arisen from the number of properties owned by men who have served overseas, which are liable to sale through arrears in taxes. A case is cited where one man from the county enlisted in the first year of the war and served until after armistice. In the first two days, which was increased to 82 a day in his third year. The separation allowance assigned pay which his wife received evidently was not enough to pay all the bills of the household, for the property has been advertised as in arrears for taxes and is liable to sale.

J. King Kelley, the county secretary, said yesterday that it did not seem entirely fair to sell the property of a man who had served more than four years defending the properties of others. The law was quite clear on the point that case was the one means of restitution, he said, but the assessors in each parish have all the necessary powers to provide relief for such emergencies.

RETAILERS UNLOADING.

The situation in the sugar market in the city is still an interesting subject. No change was made yesterday, wholesalers, refinery and retailers, maintaining their previous quotations. In some cases the grocers were underselling the wholesalers and the variety of retail prices often made a trip to another district of the city well worth the thirty housewife's time. Twenty-four, twenty-five, twenty-six and twenty-seven cent quotations were for sugar in packages but the other quotations were for bulk sugar. The wholesalers quoted the same rate of \$24.10 per 100 pounds and the refinery also retained its previous quotation of 24 per 100 pounds in car lots.

PYTHON GRAND LODGE.

About 300 delegates of the Maritime Grand Lodge, K. of P., are in session at Woodstock and their deliberations commenced yesterday in Castle Hill. A large representation of Pythian sisters also held a session in the I. O. O. F. hall. Included in the amendments recommended were that the minimum for the subordinate lodge ranks be 200, that all lodges be requested to insure all their lodge property and that the grand lodge create a relief fund for the carrying on of humanitarian work. James Moulson, St. John, keeper of records and seals, made a report.

Chicago, Aug. 24.—Charges that 887,000 appropriated by the British Parliament for entertainment purposes at the British Embassy in Washington had "found its way into the Democratic National Committee" were made today by Congressman Fred A. Dempsey to Fight at 187.

Benton Harbor, Mich., Aug. 23—Jack Dempsey, who will meet Billy Mike of St. Paul here on Labor Day, expects to go into the ring weighing 187 pounds, his weight when he won the title from Jess Willard. This he said at the conclusion of his workout yesterday. Last night he weighed 190.

JACK DEMPSEY, CHAMPION AS HE LOOKS TODAY. The great fighter posed specially at his training quarters at 57th street and 8th avenue, New York, where he has been training. Fourteen months out of the ring apparently has done Dempsey little harm.

so far as condition goes, for his work yesterday gave the impression that he is boxing with the same speed and endurance that characterized his training for the Willard match. THE RETURN OF LACROSSE

Canada's National game is fast returning to its place among summer sports and it has been given wide support in and around Toronto. The largest crowd since the Lacrosse days previous to the war was assembled at Scarborough Beach on Saturday, August 14, and witnessed a stirring and exciting struggle between the Mattlands of Toronto and Excelsiors of Beaumont, the latter being victors. Picture shows Beaumont's storming Mattlands' goal.

USED FOR FIRST TIME HERE AT THE MOOSEPATH RACES

Pari-mutuel machines will be introduced in the betting ring at the Maritime and Maine circuit races opening at Moosepath tomorrow. This will be the first time this method has been used at races in St. John. The amendments to the so-called Miller Bill, which governed racing before the war, passed at the last session of the dominion parliament especially defined the pari-mutuel as a legal form of betting, regulated the charges to be made and the profits which can be taken by the operators. On the upper Canadian tracks where the big running meetings are staged the machines are now used practically exclusively and on the Maritime and Maine circuit the popularity of this form of betting has been steadily growing. The amount which was bet through the machines running up to thousands of dollars at the Fredericton meeting in the last week in July. Operators are not entitled to retain anything but a percentage of the money bet and the odd cents. The operators are merely stake holders, not book-makers and the public make the odds by the play or in other words the odds are sold at \$2 each or whatever rate is in vogue, is the favorite and the odds on the horse or "field" that wins as compared with the total sale on the heat with the commission take next.

LEROY CAUGHT; IS ARRESTED ON VESSEL AT RIO

Wanted for Murder in Trunk Mystery Case Will Be Turned Over to Detroit Officers at New York — Woman's Nude and Mutilated Body Was Found in Trunk in June.

Rio Janeiro, Aug. 25—Eugene Leroy, wanted by the police of Detroit in connection with the murder of a woman supposed to be his wife, was arrested on board the British freighter Dryden, which arrived here late yesterday. Leroy was placed under arrest at the request of United States authorities here, and while the Dryden is in port will be guarded by four members of the maritime police. The ship will later proceed to Buenos Aires and from that port will sail for New York, where Leroy will be turned over to officers from Detroit.

New York, Aug. 25—The "trunk murder" mystery in connection with which Eugene Leroy was sought by detectives all over the United States and in Canada and Mexico, has ramifications which extend from New York to Michigan, Mississippi and Alabama. A few minutes after an employe of the American Railway Express Company here had discovered the nude and mutilated body of a young woman in a trunk stored in the unclaimed baggage warehouse, police of New York and Detroit began following the trail of evidence which led to the identification of the victim as Mrs. Katherine Lou Jackson, of Patine, A. C., New York, a lightweight, and F. De Genaro, of the Paulist A. C., New York, a flyweight.

Results of the boxing finals in which Canadians participated last night were: Flyweights—Walter of South Africa, beat Graham of Ontario, on points. Welterweights—Bert Schneider of Montreal beat Ireland of England in extra time on points.

Malin of England beat Pradhomme of London, Ont., on points. Both men gave a poor display.

Is Knocked Out, But Wins. A peculiar accident happened at a boxing match in San Francisco recently. Jimmy Ryan and Johnny O'Neill were fighting and the exchanges, just before the end of the fourth and final round, O'Neill shot a dandy to the stomach and Jimmy went down like a shot. Billy Snialham, old-time fighter, was the referee and started counting Ryan out. At the count of six the gong sounded ending the fight. Referee Snialham, with the sanction of two judges, awarded the verdict to Ryan, notwithstanding that he had been knocked out and was still out when the decision was being rendered. O'Neill had been beaten on points up to the finish and the referee could not take into account the knockout after the final bell rang at the count of six.

Increased Cost of Fishing. Vancouver, B. C., Aug. 25—Fishermen in British Columbia are faced with another and serious advance in the price of nets and net twine. A net, which has sold for \$300 up to the present time will henceforth command \$450. The scarcity of the basis of the twine has given as the cause for the increase.

Many fishermen declare that they will be unable to follow their craft this fall on account of the lack of capital to finance high-priced nets, unless there is an improvement in the market for salted dog salmon in the Orient.

James Arthur received a bad gash in his head yesterday afternoon when an automobile in which he was riding struck a telegraph pole at the corner of Canterbury and Princess streets. He was finally able to go to his home.

CRICKET TEAM TO TOUR U. S.

New York, Aug. 24—(By Canadian Press)—Revised dates for the United States tour of the Incaquill cricketers of England, coming over to play a series of matches with teams from New York, Philadelphia and other cities, have been announced. The itinerary of the British team has been made public by Edgar C. Challenger, chairman of the States Cricket and Tennis Club, who is in charge of arrangements for the international matches. A preliminary schedule was previously announced, but it was abandoned in order that the English cricketers might have an opportunity of seeing more of Uncle Sam's domain, instead of hurrying through their games and going back home.

The Incaquill team will arrive on the Paronia on August 27 or 28. Their New York date at Livingston, Staten Island, has been definitely fixed for Wednesday and Thursday, September 22 and 23. The New York Halifax Cup team will have a day's game with the visitors on Wednesday September 8, at Haverford, Pa. A thoroughly representative team will be selected by the States Cricket Club's committee for the match at Livingston, which is expected to be the banner of the entire series.

The complete schedule for the visitors, as revised is as follows: August 31 and September 1, Frankford C. C. at St. Martins, Philadelphia; September 3 and 4, Philadelphia C. C. at St. Martins, Philadelphia; September 5 and 7, Merton C. C. at Haverford, Pa.; September 8, New York Halifax Cup team at Haverford, Pa.; September 10, 11 and 13, All-Philadelphia at Haverford, Pa.; September 14 and 15, Germantown C. C. at Mannheim, Philadelphia; September 17, 18 and 20, All-Philadelphia at Mannheim, Philadelphia; September 22 and 23, New York at Livingston, Staten Island.

Olympic Boats. Antwerp, Aug. 25—All the three United States boxers who reached the finals in the boxing championships at the Olympic games won their bouts last night. They are Edward Egan, light heavyweight, the University of Pennsylvania, and champion of the American expeditionary forces; Samuel Moberg, of Patine, A. C., New York, a lightweight, and F. De Genaro, of the Paulist A. C., New York, a flyweight.

Results of the boxing finals in which Canadians participated last night were: Flyweights—Walter of South Africa, beat Graham of Ontario, on points. Welterweights—Bert Schneider of Montreal beat Ireland of England in extra time on points.

EXHIBITION WEEK HORSE RACES GET IMPETUS

The directors of the St. John Exhibition have decided to guarantee one of the purses for the races to be held at Moosepath during exhibition week by the Maritime Racing Association, which has named September 6, 7 and 8 as the racing dates during the fair.

This action is taken to show that the directors have placed the stamp of approval on the efforts of the Maritime Racing Association to revive harness racing in St. John and it is believed the races will attract many people to the city during exhibition week. The Commercial Club have also been asked to guarantee a purse as part of their campaign to revive interest in sport of all kinds in St. John and it has been suggested that a purse of \$1,000 for a free for all here during exhibition week would insure a race that would bring large crowds to St. John.

Entries for the St. John exhibition races will close today with J. D. Black, secretary of the Maritime Racing Association, whose headquarters are at the Royal Hotel. There will be at least \$8,500 in purses and the classes arranged are—Free for all pace, free for all trot, 214 trot and pace, 216 trot and pace, 218 trot and pace, 220 trot, 221 trot and pace, 224 trot and 227 pace. It is expected that most of the horses now at Moosepath Park for the races which will open tomorrow, will remain there for the second meeting, and entries from some additional stables have already been received.

Those who look for a decided drop in the price of clothing are going to be disappointed. But that doesn't mean that value would be lacking.

**DIED IN TEXAS.**  
The death of Mrs. Abbie Potter, wife of the late Allen Potter, formerly of St. John, occurred suddenly at her home in El Paso, Texas, on July 18. Mrs. Potter was formerly of this city and had many friends who will regret to hear of her sudden death. She leaves three sisters, Mrs. Henry Baker of Chico, Cal., Mrs. John Calder of Alberta, and Mrs. Fred Sears of Moncton. One brother, Fred Williams, of Moncton, also survives.

**MAY HAVE BIG OARSMEN HERE**  
Plan to Have Bob Dibblee and John O'Neill Race Hilton Belyea.

That citizens of St. John may in the near future be treated to a real championship rowing race is evident. An agitation is being set on foot by Bob Dibblee of Toronto, one of the leading oarsmen in the world, and John O'Neill of Halifax, former champion here to race Hilton Belyea for the championship of Canada. The proposal is to have them during a regatta to be held in Exhibition week. There is also talk of bringing St. Mary's and the North West Arm four-oared crews here to compete against the McInnis, Stackhouse and St. John Power Boat four-oared crews. The proposed aquatic events would undoubtedly attract wide interest not only in the maritime provinces, but also in upper Canada and if they materialize would be a big attraction during exhibition week.

**TAX PAYMENTS CONTINUE TO POUR IN TODAY**  
Today, the last day of the discount period for the payment of city taxes, was another strenuous one and all morning the money continued to flow in a steady stream into the city treasury. Up to closing hour last evening about \$870,000 had been received from taxpayers, but it is expected that today's receipts will be a record one and more than a million dollars will be in the treasury before night fall. The moneyed mail received by the city chamberlain this morning was very heavy, containing great many of the local business people's contributions, which come in usually towards the close of the period. The total assessment is between \$1,600,000 and \$1,700,000.

**JACK HAY IS MISSING AGAIN**  
Jack Hay, 13-year-old son of George Hay of 205 Carmarthen street, who on other occasions left his home to the great worry of his parents, is away again. Yesterday something occurred that promised to draw punishment upon him and when it became known this morning his clothes were taken away and should return from work. He got hold of his overcoat, however, and when not observed slipped away about 11 o'clock with it over his under clothes. The coat is black. He wore a brown cap but no shoes or stockings. His parents are anxious for news of him and hope any one seeing him will send them word.

**PILOT BOAT IS SECURED**

The Monarchy Bought at Pleasantville—Now on a Trial Trip in Bay.

The Monarchy, a fine seventy-nine ton registered schooner, has been purchased by the government for the St. John service and is at present on a trial trip down the Bay. She was bought from Josiah Lohanes and others of Pleasantville, Lunenburg County, N. S., and is 105 feet over all, with twenty-two and a half foot beam. Before she was taken over she was placed on the marine slip in Lunenburg and examined and found to be in good condition. Specifications are now being prepared for some changes in her house, which will be necessary also for the installation of a powerful gasoline engine. These improvements will be made at the completion of the trial trip and she will be made ready for the winter service.

**NOT GUILTY**  
Matchett Was Acquitted Today in the "King's Teeth" Case.

In the County court this morning before His Honor Judge Armstrong the jury in the case of Walter Matchett charged with theft of articles valued at about \$250 from the dental clinic in the army returned a verdict of not guilty. Evidence was given similar to what has already been published in this case from the County court records, concerning the visit of the accused to the clinic and the articles in question, a quantity of gold used in fillings and some false teeth described as the "property of His Majesty the King" being missing soon afterwards. Matchett denied having stolen the goods.

The prosecution was conducted by C. H. Ferguson while Wm. Ross appeared for Matchett. It was shown that some fifteen people had access to the key which opened the clinic where the goods in question were, among whom was Matchett, who had formerly been in the service and who had been overseas for some three years.

The court adjourned until this afternoon when the case of Mrs. Annie Baxter of Brussels street was to be tried another charge of theft in which the accused is that some cloths valued at about \$15 was stolen from a neighbor.
