American Note Is Called A Bombshell

United States Stands Out in Favor of Jugo-Slavia in Fiume Matter — Comment of London and Paris Press.

Fiume, Feb. 17.—Annexation of Fiume to Italy is now "impossible" was an admission made to the Associated Press correspondent here today by Captain Gabriele D'Annunzio, whose forces have been holding this city for several months.

Washington, Feb. 17.—Emphatic denial that President Wilson had threatened to withdraw the treaty of Versailles and the American-French treaty from the senate if the Adriatic question was settled without consulting the United States, was made today at the White House.

Washington, Feb. 17.—Decided objection to recognition of a settlement of the Adriatic question on lines repugnant to those agreed upon in the treaty of Versailles and not reconcilable with the principles embodied in the fourteen points of President Wilson was expressed by the United States in the recent note to the Allied governments.

The note was not a threat to withdraw from participation in European affairs, but said that this country could not be a party to the disposition of Fiume agreed upon by the Allies, without consulting the United States and consequently would not concern itself with the questions involved, including the policing of the Adriatic, if the settlement were enforced on the government of Jugo-Slavia.

Washington, Feb. 17.—Beyond the general statement that the United States adhered to the original proposition of a supreme court in Paris settling Fiume and the lines of the treaty of Versailles and Trieste and the adjacent country to Italy, there never has been any official statement of the United States' position regarding the Adriatic issue.

It is understood, however, that the States' position regarding the Adriatic is unalterable opposition to the application of the terms of the treaty of Versailles which would have given Italy jurisdiction over Dalmatia, though not over Fiume, and that all of the notes have indicated the purpose of the United States government to adhere as closely as possible to the lines of the original settlement, based as it was supposed to be upon the principle of self-determination and of ethnological adaptation as set out in President Wilson's original fourteen points.

London and the News.
London, Feb. 17.—President Wilson's note has furnished London political and newspaper circles with a surprise and interest surpassing that evoked by the Lansing-Lansing correspondence.

In reply, Mr. Lloyd George, as an American family affair, toward which foreigners should be merely spectators. It is a matter of course as a determined party in the peace negotiations as his orders for the George Washington to be prepared to take him home from France and the afternoon papers displayed striking headlines in which "bombshell" was a favorite word. If not a bombshell it was an entirely unexpected ruffling of the waters about the parliament houses where it appears to have assumed that so long as the United States had not even a representative at the conference table, her voice would not be heard in the debates.

The general spirit of the conference shown in the results of its first week in London sessions seems to be conciliatory and to tend toward compromise. The same spirit may animate its correspondence with Washington.

Paris, Feb. 17.—President Wilson's note on the Adriatic question is not considered in French circles as an ultimatum, it was declared by a foreign office official.

On such partial information as was obtainable yesterday, the Paris press construed the note as meaning that France and Great Britain must change their attitude on that question or the United States would withdraw from all connection with European affairs.

The official view, however, is that rather than a renewal of direct negotiations by the United States, the reply to the allies represented in the press here as a categorical maintenance of their attitude by Great Britain and France was described by the foreign office official merely a continuance of the negotiations with the view of finding the best possible early solution of the difficulty.

In semi-official quarters it was stated tonight that the allied reply to President Wilson's memorandum regarding the Adriatic settlement will assure the president that the allies' proposal of January 19 is not unfavorable to the Jugo Slavs.

The note will be brief, consisting of about 150 words, and according to these quarters will say, "It is recognized that the allies cannot settle the question without the cooperation of the United States, inviting the president to present a solution to the Adriatic problem."

Discussing editorially President Wilson's note and the reply the Temps today says the entire Adriatic question had been placed in a state of suspense again by President Wilson's memorandum and that "much patience and tact are necessary on all sides." The newspaper continues—"It goes without saying that none of the three allied governments wishes to give the United States any motive or pretext for withdrawing from European affairs."

"The cabinets at London and Paris do not consider their proposal of January 20 as unfavorable to the Jugo Slavs as President Wilson appears to lie, but at any rate, if they have undertaken to formulate a plan it is because the government of the United States was no longer taking part in their deliberations and because the problem of the Adriatic cannot remain indefinitely in its present state."

"If President Wilson is irrevocably determined to reject the proposal of January 20," continues the Temps, "Great Britain and France cannot insist on its adoption. But they have signed the treaty of London and they profess to hold for treaties a respect that President Wilson evidently does not disapprove. They could not prevent Italy from executing the stipulations to which they

TALK OF A DRY DOCK AT SYDNEY

Sydney, N. S. Feb. 17.—The Sydney Daily Record yesterday stated that the Dominion Steel Corporation is seriously considering the construction of a dry dock and shipbuilding plant in Sydney harbor. The proposed site is at South Bar where the company owns land. The site is the most desirable in the harbor as the land is low and conditions are excellent for dredging. Although the company officials at Sydney say they have no knowledge of the scheme it is probable that the dredging of the site will begin in the near future. It is understood that the company intends to dredge out the South Bar basin which was undertaken by the government. The dredging is to be done by the company's own machinery and it is proposed to construct a dry dock for the purpose of repairing steamers for installation of machinery and putting in fittings. The South Bar has a natural breakwater protecting the harbor from the violent north and northeast gales and is within easy reach of the steel plant and the city by both land and water.

AWARD AGAINST FITZGERALD IN DIVORCE CASE

London, Feb. 17.—(Canadian Press)—Award of £1,000 sterling to be paid within fourteen days, was given yesterday against Major Robert Fitzgerald, who came over with the Canadian forces and has been assistant provost marshal, in a divorce case in which he was respondent. The petitioner was an officer in the Army Service Corps.

OTTAWA MAYOR AND COUNCIL TO GET MORE PAY

Ottawa, Feb. 17.—The city council tonight in the initiative of a gun battle in the streets of Connelville, Graham and the state trooper fell together outside the former's home in East Francis avenue, riddled with bullets from a revolver fired over a case of mistaken identity.

NOTHING OFFICIAL

French Government Does Not Know of Dissatisfaction in U. S. Over Ambassador.

Paris, Feb. 17.—In official circles it was said yesterday that the French government had no knowledge of any rumors or hints of discontent at Washington with Jean Jules Jusserand, French ambassador to the United States, as reported recently in some American newspapers. The government, it is said, knows nothing about the alleged dissatisfaction with its ambassador, further than the reports of it.

Wilson Steadily Improves.

Washington, Feb. 17.—President Wilson continues to show improvement and was up early today, shaving himself and going about his usual routine.

Boston, Feb. 17.—Wallace F. Robinson, financier and philanthropist, died at his home here last night in his eighty-eighth year. He was one of the organizers and a director of the United Shoe Machinery Company.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "kill me a groundhog." "If you kin tell me where to find one after these here storms I might do it," said Hiram. "Just what was you thinking of doing with a groundhog?" "R-r-revenge!" cried the reporter. "Gonto pain it off on somebody as deer meat?" queried Hiram. "Certainly not," said the reporter. "I want revenge on the animal itself. It came out and redicled an early spring." "So the papers said," observed Hiram, "but you can't believe half you see in these papers. I want to see the groundhog there for me. I have reason to believe the papers were right. In the face of such weather we are having, the promise of an early spring was no joke. It was utterly devoid of humor. It was a malicious assault upon the feelings of a suffering people. It raised up hopes to see them dashed to the snowdrifts. I fell on the ice yesterday and got a messenger from Mars. In fact I saw stars as well as planets. I have no doubt the shock was noted by the groundhog in his lair, and set him chucking to himself. Therefore kill me a groundhog and let it be so." "Why don't you kill the feller that didn't clear the sidewalk?" queried Hiram. "If he left a log-buck there for you to stumble on he's a sort of joker too—ain't he?" "There are too many of 'em," said the reporter sadly. "I would need a machine gun."

Is War Secretary To Be The Next To Go?

Report Says Baker Has Tendered Resignation, But He Will Neither Confirm Nor Deny

Washington, Feb. 17.—Still shaken by the sensational developments of the Wilson-Lansing break, Washington yesterday was filled with persistent rumors that Newton D. Baker, secretary of war, and one of the men mentioned as a possible successor to the former secretary of state, had tendered his resignation to President Wilson or was about to do so.

Although the White House itself insisted that there was no foundation for these reports, Mr. Baker himself refused positively to affirm or deny them, or to discuss the matter in any way.

It is known, however, that the secretary of war feels keenly the circumstances surrounding the enforced resignation of Mr. Lansing from the cabinet, and considers himself equally responsible with the latter for the action of the cabinet in holding meetings during the president's illness.

INFLUENZA REPORTS ARE IMPROVING

Ten New Cases Here and 29 Recoveries

Epidemic Rapidly Subsiding in Canada, Say Federal Health Authorities at Ottawa—Disease is Ravaging Japan.

There are still some new cases of influenza being reported to the board of health, four new cases yesterday afternoon and six this morning being reported. This brings the total up to 188. Twenty-nine have recovered. No deaths were reported this morning. Eight patients are now in the emergency hospital but not seriously ill.

Subsiding, Says Ottawa. (Canadian Press.) Ottawa, Feb. 17.—Epidemics of Spanish influenza, throughout Canada, are rapidly subsiding, according to federal health authorities. While the outbreak in some centers has been fairly sharp, it has not been nearly so bad as in 1918. Eighty-five per cent. of cases have been new ones. Ontario has been the worst sufferer, with Manitoba a good second.

Lieutenant-General Sir Arthur Currie, who is suffering from an attack of influenza, is better and will probably be able to return to his office at military headquarters within the next few days.

Montreal, Feb. 17.—The total of influenza cases for Sunday and Monday, as reported to the city health department, was 225, with seventeen deaths. Dr. Boucher said last night that the influenza was not increasing, these figures being the lowest for any two days since Feb. 9.

The superior board of health of the province of Quebec sees no justification as yet for closing theatres and churches, and putting a ban on public gatherings.

Quebec, Feb. 17.—Dr. C. R. Paquin, head of the Quebec civil health department, said yesterday that nineteen cases of influenza had been reported to the department, but none of them had yet developed into pneumonia.

Sweeping Japan. Victoria, B. C., Feb. 17.—Influenza is sweeping Japan and causing a tremendous number of deaths, averaging 300 a day, according to M. Hirota, who arrived here yesterday on his way to Seattle to assume the post of Japanese consul. M. Hirota says that the epidemic has spread throughout the country, but is working its greatest devastation in Tokio.

Hoped in Ontario. Toronto, Feb. 17.—"We are confident that the peak of the 'flu pneumonia epidemic has been reached," said Dr. J. O. Hastings, medical officer of health for Toronto, last evening, notwithstanding that he reported 141 deaths over the last week-end from influenza and pneumonia as against fifty-five deaths the previous week-end.

AMERICAN SAILORS AND PEOPLE OF BARBADOS FRATERNIZE

Bridgetown, Barbados, Feb. 17.—Admiral Wilson in command of the United States Atlantic fleet, which has been here for some time, gave a reception on Sunday in honor of the people of Barbados. Later four of the United States ships left for Colon. A most marked friendly feeling was manifested between the American sailors and the British people of this island during the visit of the United States ships.

DOG TRAINS TO BRING OUT THE FURS

Winnipeg, Feb. 17.—Seventeen of the best sleigh dogs in Selkirk and Gimli have been shipped to the far north, to be used in hauling furs from Port Nelson on Hudson's Bay to the railway connections at The Pas. The dogs were bought by a large fur trading company from Selkirk. It is expected that two trips from the Hudson's Bay to The Pas will be made with the dogs before spring.

WOMEN DELEGATES AT REPUBLICAN CONVENTION.

New York, Feb. 17.—For the first time in the history of the Republican party several scores of women will participate in the state convention which will open in Carnegie Hall on Thursday night to name four delegates at large to the Republican national convention. Miss Mary Garrett Hay may be one of the delegates at large.

U. S. EXPORT TRADE IS HIT BY EXCHANGE

New York, Feb. 17.—Steamship men and marine insurance brokers here report that a material slump in exports to Europe has resulted from the foreign exchange with accompanying restrictions as to financing bills of lading. Many steamships have been compelled to leave with partial cargoes.

Chicago, Feb. 17.—The statement that the export trade of the American meat packers, the largest single industry in the United States, has practically ceased as a result of the foreign trade situation, was made in a bulletin issued yesterday by the institute of American meat packers. Beef exports ceased some time ago, and during the last month pork exports have also dried up.

In explanation the bulletin says Great Britain has severed most of its supply of exchange and other reasons, will pay no more from this side of the Atlantic. The result of the export decline has been a substantial reduction in the wholesale price of meat, but this does not seem to have filtered down to the retailer as yet.

In the Chicago yards steers sold for \$11.50 to \$12.50 per cwt. last Saturday as against \$20 a year ago. Other meat prices show corresponding drops.

WOULD LIMIT PRESCRIPTIONS

Edmonton, Alta., Feb. 17.—Alberta Social Service League asked the provincial government yesterday to limit the number of prescriptions for liquor to be issued by doctors to twenty-five a month and that the amount be eight ounces of liquor.

They also request the provincial government to petition the dominion government to arrange for the holding of a referendum on a provincial importation of liquor, according to the amended Canada Temperance act, and that such referendum be taken simultaneously with those taken in other provinces.

MEXICO CENTRE OF COMMUNIST BUREAU?

Amsterdam, Feb. 17.—A central communist propaganda bureau for the western hemisphere will be established in Mexico, in accordance with a resolution passed at a secret international communist conference held here early in February, according to the Handesblad.

SAY READING HAS OFFER OF POST AS AMBASSADOR TO U. S.

Washington, Feb. 17.—Private advices received here from friends of Lord Chief Justice Reading are that he has been invited to accept a permanent appointment as British ambassador to Washington and that he has now the offer under consideration.

KILLED IN RAILWAY YARD AT MONCTON.

Moncton, Feb. 17.—Herbert Moeckel of Moncton, a temporary employe of the C. N. R., was killed this morning in the railway yard here while shoveling snow. He was run over by a shunting engine.

Montreal, Feb. 17.—Ernest Bertrand has been chosen by the Montreal Reform Club as Liberal candidate for the election in the St. James division of Montreal.

UNHAPPY MOTHER HELD FOR MURDER

Killed Little Daughter and Meant to End Her Own Life.

New York, Feb. 17.—Mrs. Emily Margaret Favre, formerly of Chatham, Ontario, who shot and killed her twelve-year-old daughter last week at their room in a hotel here, was held without bail for the grand jury, charged with murder in the first degree. Her attorney's request that she be transferred to the Tombs in a taxi cab was refused, and she had to make the trip in a police van.

The Hiram prison was very fashionably gowned women friends have been visiting here bringing fruit and delicacies.

Mrs. Favre told police officials that she was born in Chatham, and that her father was Samuel J. Sutherland, who was in the lumber business in that city. Fourteen years ago she was married at Chatham to Seymour Favre of New Orleans. He took her to New Orleans, where two years later her baby was born, and about the same time she was divorced from Favre. Her father left her a good income when he died, and she had also received financial help from a brother. Unsuccessful investments caused the loss of her income, and she led her to kill the little girl, intending afterwards to kill herself.

ULSTER DELEGATIONS VISIT TO BOSTON

Boston, Feb. 17.—The Ulster delegation placed a wreath at the base of Bunker Hill monument yesterday in memory of the Irish who fought in the American revolution. The delegation visited the state house, where Wm. Coote, M. P., and Rev. Alexander Wylie Blue made brief addresses in the senate and the house.

Mr. Coote was introduced to Governor Coolidge and the other New England governors, who were in conference on the coal situation.

WEATHER REPORT

Issued by authority of the Department of Marine and Fisheries, R. F. Stewart, director of meteorological services.

Synopsis.—Pressure is quite low in Ontario and Quebec, and highest in North Pacific states. Light snow falls have occurred from Saskatchewan to the maritime provinces. The weather has become very cold again over Lake Superior.

SOCIETIES' ACTION RE MYERS' HISTORY

Fredericton, N. B., Feb. 17.—Fraternal societies in the Maritime provinces are protesting against the continuance of Myers' history as a text book in the schools of New Brunswick. Graham Orange Lodge of this city last night passed a resolution demanding the immediate withdrawal of the book. This afternoon the provincial executive of the Imperial Order of the Daughters of the Empire is meeting here to prepare for the provincial convention in April and action will be taken on the resolution passed last week by Sir Howard Douglas chairman, demanding that the dominion executive of the order take action regarding the book.

CLAYTON CARROLL DEAD AT BORDER (Special to Times.)

St. Stephen, N. B., Feb. 17.—The death of Clayton Carroll aged twenty-four son of Mr. and Mrs. Fred Carroll of Moncton, occurred last night. He had been employed with Clark Bros. for the last year or two. He took a cold, which was followed by pneumonia, resulting in his death. He leaves his wife and one brother and father, three sisters and two mothers in Moncton.

Jules Cambon Retires.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

THEIR CROWNING EFFORT

Originality, Quality and Scenic Effect the 1920 Attempt Will Be Truly Wonderful.

For catchy songs, snappy choruses and bubbling wit and humor, the annual Revue of the Loyalist Chapter, I. O. O. F., has always been famed, but this year's attempt, the "1920 Revue" promises to exceed anything heretofore undertaken.

From the time the curtain rises on the beautiful and elaborately staged program, until the closing chorus of the final number, the programme is a continuous succession of delightful surprises.

Huge reptiles turning into fairy butterflies; Orpheus and his Lute; gallop of song and beauty, in solos and choruses and The Country Footers' Album, are only a few of the many attractions offered.

The closing number—a high class musical skit, "Oh, Omar, You're Awful" with its magnificent Eastern setting, is not only a "scream," but bids fair to outclass anything in vocal talent staged here for many years.

Two nights only, Monday and Tuesday, Feb. 16 and 17, at the Imperial Theatre, starting at 9 p.m. sharp. The seat plan is on view in the Imperial lobby from 10 a.m. to 9 p.m. A few good seats are yet to be had for either night. Positively no matinee as yet for either night. 2-18.

SOME GOOD ACTS AT OPERA HOUSE

Famous Manuel Romaine Will Perform—Other Attractions Should Make Big Hit.

One of the feature attractions on the new bill at the Opera House tonight will be Romaine, Powers and Delmore, in a novelty comedy singing skit, "The Midnight Marauders." Mr. Romaine is the famous Manuel Romaine of the Edison phonograph records and he should make a great hit while here. Another act which should make a big hit is that of Sebini and Grolini, who will present a rapid comedy variety act, introducing juggling, cycling, boomerang, dancing and contortion work.

Musical Chief, in a comedy musical offering, is bound to be popular as musical acts are always well received by Opera House patrons. Mildred Arlington and Company, in creations of Terpsichore and melody, should also be well received, while Mason and Dixon, in a comedy singing and talking skit, should meet with popular favor. The programme would indicate that a real treat is in store for patrons. There will also be another interesting episode of "The Black Secret" featuring Pearl White.

CHAPLIN AND DALTON AT THE UNIQUE. There are newer Chaplin subjects than "The Floor Walker," now being shown at the Unique, but probably none better.

ter. The popular Charlotte street theatre has contracted for what are called the twelve Chaplin classics, and will present them monthly. These are reissues of his wonderful comedies made some time ago for the Mutual Film Corporation, which he has ever since tried unsuccessfully to equal or excel. Dorothy Dalton in "Other Men's Wives" one of her best society drama successes, in conjunction with Chaplin, provides an excellent double offering, which should attract business to the Unique this week where they will be shown until Saturday night.

GREAT CHANCE TO SEE TWO GOOD SHOWS AT ONE SITTING.

The Imperial has a splendid Marguerite Clark comedy on for today (Monday) and the evening only show is being put on, starting at 7 o'clock. Patrons of the Loyalist Chapter Revue, which commences at 9 o'clock, can therefore take in the picture bill and be on hand for their other performance as well. Their tickets will be lifted in the auditorium and seats according to reservations located at once by the ushers.

THURSDAY EVENING.

Sciapfro Concert Thursday evening at 8:15, St. Vincent's Theatre.

Noted Russian violinist will be heard here Thursday evening, Feb. 19, under the auspices of the St. John Society of Music.

Members of the society admitted on presentation of their certificates.

A few tickets for the benefit of pom-pom-ers are now on sale at the under-mentioned stores:

AN INSPIRING NEW DECALOGUE. Some Suggestions for Canadians as to How They May Improve Conditions.

The Canadian Reconstruction Association submits the following ten recommendations for Canadian trade: 1. Buy Canadian products. In doing so you develop the home market, encourage factory expansion, provide employment for new populations, and create bigger and better markets for all kinds of farm produce. New factories, expansion of old factories, greater production means more workers, and better agricultural markets mean national progress. 2. Import only necessities, and only if similar Canadian articles or substitutes are not available. With Canadian money at a discount from 10 to 15 per cent, exchange with the United States is costing Canadian consumers between \$75,000,000 and \$100,000,000 a year. 3. Produce to the limit in field and factory. Increased production means new wealth and is essential to the success of any effort to reduce imports and promote export trade. 4. Co-operate, conserve, specialize, standardize. These are the means to maximum production of high quality goods at minimum cost. 5. Develop export markets. Foreign business gives stability to trade. It reduces unit costs, benefits domestic consumers, affords employment to factories and workers in times of depression, and corrects adverse exchange by improving the trade balance. 6. Utilize Canadian services. Ship by Canadian carriers through Canadian ports. Patronize Canadian railways, Canadian steamships and Canadian banks. Place insurance in Canadian companies. Employ Canadian architects, engineers, scientists and other experts. Spend vacations in Canada. 7. Manufacture raw materials to final stages in Canada. Hundreds of millions of dollars are lost annually to the dominion, and especially to Canadian wage earners, by the exportation of raw materials and semi-manufactured products. 8. Use science for the determination and development of natural resources. Industrial research will reveal new wealth, improve industrial processes, and help to relieve our economic dependence upon outside resources for fuel, iron and other essentials. 9. Make good workmanship and maximum production labor standards. Quality should be the hall-mark of Canadian products. 10. Be fair to capital. Canadian money should be encouraged to invest at home and foreign capital attracted to promote Canadian industrial expansion.

Much Brass Stolen. Chatham World: A store room in the Miramichi Lumber Company's barking mill, Chatham, was broken into the other night and about \$250 worth of brass castings carried off. The burglars smashed two locks in breaking into the room.

Abolish Special Privileges. Ottawa Citizen: Even with the tariff removed, it is possible that combines in restraint of trade should find means to operate. It is well to remember, too, that competition under certain circumstances may be more costly than co-operation. Government can help to the extent of eliminating special privileges, however, and without special privileges the combines in Canada would exercise little influence on prices.

LLOYD GEORGE AND CANADA'S STATUS IN THE LEAGUE

(Canadian Press Despatch) Ottawa, Feb. 1.—An interesting side light on the attitude of Great Britain toward Canada's rights to a vote in the League of Nations is furnished in a letter written on September 1, 1919, by David Lloyd George, premier of Britain and made available for publication today in view of its particular interest at the present time. The letter in question, which was written to a Canadian correspondent, reads in part as follows: "We have much to learn from one another and much to learn to do in common. Especially is this so now that Canada, with the other dominions has been accorded national status at the Peace Conference."

AN INFLAMMATORY DOCUMENT TAKEN FROM BOLSHEVIKI (Canadian Press Despatch) London, Feb. 16.—An inflammatory document of the most important character has been seized on the person of a Bolsheviki agent arrested here on the way to the United States, it was learned today. The document consists of a letter addressed, "to our American comrades," and signed by M. Bucharin, president of the Third Internationale of Moscow, declaring the time to be ripe for the operation of a communist party in the United States.

The programme given in the communication is first, the establishment of a government of workers, soviet; secondly, the overthrow of the capitalists and the management of the factories by the workers; and thirdly, the seizure of the workers of the food supply organization.

GREAT BRITAIN IS TAKING NO RESPONSIBILITY (Canadian Press Despatch) London, Feb. 16.—Andrew Bonar Law, the government spokesman, said in the House of Commons today that Great Britain had informed the Baltic states, Finland and Poland, that the question of peace or war with Soviet Russia was one they must decide on their own responsibility. Great Britain taking no responsibility in the matter.

Mr. Bonar Law made this statement in reply to a question as to what steps had been taken by the Allies to encourage the Russian border states to make peace with Soviet Russia.

London, Feb. 17.—Black and White were the names of the bride and a bridegroom of a North London wedding. The name of the best man was Brown.

Children and Music

FEW GROWN-UPS fully realize what music means to children—only a child holds the key to those elfin lands of delight—the fairy realm of a child's imagination, peopled by brave knights and proud princesses. Good music is as necessary to children as healthy exercise. A little one dancing to a merry tune, or listening open-eyed to wonder music that brings with it its picture of fairies and silver castles, is an exquisite thing to see. Such music is provided by the

COMMENDATION FOR WORK OF THE TRAVELERS' AID

The board of directors of the Y. W. C. A. at its regular meeting in the King street building, yesterday, heard with pleasure that the work of the Travelers' Aid was being appreciated and that both the King street home and the recreational centre in King street east were becoming more and more essential to the life of the girls of the city. Mrs. John A. McAvity, the president, was in the chair and led the opening devotional exercises.

The report of the recreational centre referred to the fact that as yet no physical director had been procured, though efforts in this direction had been unceasing. Miss K. Mox Matheson, the general secretary, is now taking charge of the physical director's work and of the recreational centre work also. From new gymnasium classes were reported to have been formed, two for ladies and two for high school girls, making a total enrollment in the gymnasium classes of 508.

At the C. G. I. T. rally in the building, there were 400 girls present. The report spoke also of the recreational centre as gaining constantly in its attraction for the girls.

The campaign for sustaining membership and for support from the business firms was reported on and it was said that only about one half of the objective had been reached but that the canvass was not yet completed.

The King street home report told of 899 meals served in the cafeteria during the month and was in other respects also very satisfactory.

Miss Hoyt gave her report of the work of the Travelers' Aid, which told of 816 trains and twenty-six boats met, of 105 persons taken to the Travelers' Aid Home, employment found for four and 129 helped in other ways. At the transient home 188 meals were served and 168 beds provided during the month.

A letter from Mrs. Olivia Myles informed the Y. W. C. A. that Mrs. Myles' mother had left a sum of money, the interest of which was to be given to the association each year. This gift was accepted with gratitude and it was decided that the money should be placed in the special fund that is kept for emergency calls.

The Y. W. C. A. decided to seek affiliation with the Local Council of Women and to throw open its building.

HERE IS THE PROOF.

"19. For the purpose of acquiring land and purchasing, constructing, extending and improving wharves, dry docks, elevators, warehouses, railways, bridges and other accommodations and structures in the harbor, in such manner as the corporation deems calculated to facilitate trade and increase the convenience and utility of the harbor, and for the purpose of repaying the principal of money borrowed therefor, the corporation may, with the approval of the governor-in-council, borrow money at such rate of interest as it finds expedient for the said purpose, issue debentures for sums not less than one hundred dollars or twenty pounds sterling, payable in not more than forty years, which debentures may be secured upon the revenues and property receivable or controlled by the corporation. Such debentures may be sold at such rates and on such terms as the corporation deems advisable.

"20. The principal interest of the sums of money which may be borrowed by the corporation under this act, and the principal and interest of the debentures to be issued under the authority of this act, shall be repaid out of the revenue arising out of the rates and penalties imposed by and under this act for and on account of the harbor or out of any other revenue vested in or coming to the corporation."

"The above extracts from the harbor commission act show that the burden of the interest and sinking fund for all moneys expended for the construction of new wharves, elevators, etc. in St. John harbor under the proposed act 'shall be repaid out of the revenue' of the harbor.

"None can be so stupid as to misunderstand the meaning of the sections quoted. However much the government may spend in Halifax and at other ports and charge it to the whole country, this act provides that whatever is spent in St. John must be repaid out of the revenue of St. John. For every new expenditure a new sinking fund and new interest charge would have to be added to the revenue to be exacted. That is what the act says and there is no relation between the paragraph quoted and a previous one which provides that if the harbor commission does not pay the city the purchase price for facilities already existing the government will come to the rescue. That previous paragraph (11) relates only to the money to be paid to the city of St. John for what it gives up to his majesty. There is no provision for capital expenditure on new works at the country's expense. The harbor revenue must bear that burden.

THE PUBLIC SCHOOLS.

At a recent educational meeting in Ottawa Dr. John Noble in a paper on better schools made a plea that may well be considered by school authorities everywhere. He said:—"The church, to attract people, has beautiful windows and soft carpets, they hire a beautiful soloist. In the old days when it wasn't a sin to drink the students spent thousands in plate glass and mirrors to attract. Well, make your schools just as attractive. Have a swimming pool, teach not only the girls, but the boys to dance. Put on theatricals, keep your playgrounds open all the year round, and encourage every sport among them. Every school should have an auditorium and a gymnasium. Every child should be taught manual and domestic art."

THE COLONY PLAN.

The State of New York has made a very interesting and successful experiment in the care of feeble-minded boys and girls in colonies instead of the ordinary institutions previously provided. It is found to be much cheaper, and results in making a larger proportion of the sub-normal self-supporting, and developing such powers as they possess to a far greater degree than was believed to be possible. In an article in the January number of Mental Hygiene Dr. Charles Bernstein superintendent of the Rome State School, says that "not only have these colonies proved beneficial to the persons placed in them, furnishing a means for their restoration under supervision to society as useful members, but they have saved the state thousands of dollars, and have been the means of making places at institutions for the coming years for some means of caring for those unfortunate other than confining

Rippling Rhymes
Walt Mason
(Copyright by George Matthew Adams.)
RETIREMENT.
The blindest bard that ever was, "All day I punch my lyre; and passing neighbors often pause, and say, 'Why not retire? You have a bundle put away, so let your lyre be done; you now are leered, bent and gray, and need a long repose. So put away your ancient harp, and can the rhythmic wheeze, and emulate the fussy sharp who basks in gilded ease.'" And still my trusty harp I swat, as I have done so long, and every day attempt to trot upon the peaks of song. For when a man lays down the harp, and says he wants no more, and joins the fading bunch that drools around the Blue Front store, he advertises to all men, to everyone's ear the racking choir before a dollar's fire, and long while whisks made of hair—I won't give up my lyre. I'll never see the day, I trust, when I'll be satisfied to sit around the house and rest and some peak hobby-ride. For years to come, I have the hunch, I'll write my Rippling Rhymes, and make Bill Shakespeare and that bunch take in their blooming signs.

CANADA—EAST AND WEST

NO TIME TO START
—MORE PRICE-LIFTING
(New York World.)
The refusal of Director General Hines to meet the demands of the railroad brotherhoods for still another increase in freight rates is subject to the decision of the president. But there is no reason to suppose that this decision will be greatly influenced by the refusal.

These labor orders are of exceptional intelligence in both membership and leadership. We cannot, therefore, believe that the laborers will be a general strike in the face of the facts which confront them. But if their answer to the pending railroad bill is to refuse to accept arbitration on their own demands is to be a strike, there will arise a public sentiment for anti-railroad strike legislation which will be irresistible.

SAME OLD TORVISM.
(Halifax Recorder.)
There are articles appearing in the Times and other papers, advocating a union of what they term the "moderate elements in the nation," for the purpose of defending the national policy. These articles bear all the earmarks of emanating from a common source, and on doubtless the product of the high protectionist elements in the country. In the face of high and rising prices, and the fact that the population desperately in need of relief from the terrible cost of living, the high tariff is a menace to the nation which must be met by a firm alliance of the low tariff people and the free traders in the country. Liberals, particularly those from Paris, and the cable added that the knights, to celebrate the event, were giving Captain R. W. McKay and his crew of the Casey a tour of the Loughbrack battlefields.

When the Casey was launched she was too eager to get into action—a falling of the K. C. secretaries at the front during the war. She burst from her bonds and broke the bottle of special Hog Island wine on her nose. But Mrs. Smith of St. John, aboard the vessel, hoisted up the bottle and did the trick as the Casey slid into the water. She was the first to be launched, and she was with the traditions of the noble work for which she was named, both her, and also her own individual record of speed with safety in the face of the stormiest week the Atlantic has had in many months.

MONTREAL PLAYGROUNDS.
The Montreal Playgrounds Association held their annual meeting last week, and the benefit of these breathing spaces to the children was emphasized and plans for extending the work as much as possible during the coming year were discussed. There are five playgrounds in the city, supervised by trained workers. John Bradford addressed the meeting on the benefits of the playgrounds to the children and Dr. Gadbois commended the work accomplished by the local organization. Miss Laing, of the University Settlement, emphasized the necessity of playground work.

BOSTON SUIT OVER ESTATE OF PAUL KEITH
(Boston Globe)
Counsel for the executors of the estate of Paul Keith appeared before Judge Conroy, the Supreme Court today in support of their motion to compel John F. Cronan to elect which of two suits against them he relies upon. Judge Conroy, after listening to arguments and numerous citations both for and against the motion, reserved his decision.

At the time of the agreement B. F. Keith was advised from Paul and Mr. Cronan that he succeeded in inducing the father to become reconciled with his son and transfer to him his theatre properties. As these theatres are valued at \$15,000,000, Mr. Cronan claims to be entitled to \$3,000,000. Mr. Cronan in his answer to the suit contended that Mr. Cronan cannot enforce an oral agreement to the effect that the members of the old government would be relieved of the statute of frauds, requiring such an agreement to be in writing. Mr. Cronan then entered a demurrer to the Superior Court which contains two counts. In the first count he seeks to recover a contract set out in the bill in equity, and in the other count claims damages for services rendered.

DEATH AT CHISHOLM FROM WOOD ALCOHOL.
Sheriff Special Medical Examiners Dr. George Pratt and Dr. Bell were investigating at Chisholm, Maine, late Tuesday night from Farmington to investigate the death of Thomas Dufresne, a baker. It was thought his death was due to drinking a mixture of wood alcohol and liquor, similar to that which has caused so many deaths in Massachusetts, New York and other states. This is the first suspected case in Maine. Dufresne was forty-six years old. He was born in Canada and had been in Chisholm for two years in the bakery business. He had built a fine business here. He came to Chisholm from Lewiston and formerly was in August for nine years, following the same line of business.

His wife died four years ago in Augusta. He leaves nine children, six of whom are in Canada, four boys and two girls, the youngest four years old. Six children are in the United States. The three children are a daughter, Gabrielle, aged twenty-five years, a son, Henry, who is twenty years old, and who has assisted his father in the bakery, a daughter, Loretta, who has been in Massachusetts. The family was about town Tuesday, delivering bread at the stores. In the middle of the afternoon he was taken violently ill at his home. Dr. Thomas Crockett was called, but nothing could be done. He had all the symptoms of wood alcohol poisoning. Death came at 6 o'clock.

The family was reluctant as to where Dufresne secured the liquor, but it was ascertained that he had bought it from a man named in the neighborhood of forty-one miles.

WESTERN AIR SERVICE.
Winnipeg, Feb. 17.—An air service to be utilized for forest patrol, mail service and police patrols over sparsely populated districts of the west, will be established in the near future, according to Major McLaren of the Imperial Air Board. It is proposed that an airplane with twelve machines will be built at Calgary and a similar programme has been drawn up for the Peace River district.

A Patron of Sport.
(Montreal Herald.)
The late Edmund Sheppard, better known as "Ed," was one of Montreal's best known sportsmen and business men. Mr. Sheppard was president of the American Bank Note Company and was well known in connection with many sporting enterprises, having been president of the Arena Company, past president of the M. A. A. A. and was a member of the St. James' Club, the Engineers Club, the Montreal Hunt Club, the Montreal Jockey Club, the St. Lambert's Country Club and several other sporting organizations. He was also chairman of executive and one of the organizers of the Montreal Horse Show Association and president of the Turkish Bath Company. He was sixty years old.

PENSION IN SIGHT, BUT DEATH CAME

Winnipeg, Feb. 17.—George Sanderson, 79, a native of Scotland, Winnipeg's first paper picker, "died in harness" on Feb. 16. He collapsed in the street and was conveyed to the hospital, where he died. For more than twenty-five years Sanderson had been a familiar figure in the streets, being regarded as a "hand mark" by old-time residents. He had been recommended for a pension, and his retirement was only a matter of weeks.

RECENT DEATHS

Friends in this city of Walter Quinn will be sorry to learn of his death which occurred on Sunday in Boston. His brother, Harry Quinn, who received a telegram last morning announcing the sad news, left for Boston on last evening's train.

Before leaving this city about three years ago Walter Quinn was employed as a plumber for several years with George H. Williams. After going to the United States he worked as a brakeman and was seriously injured two years ago, never fully recovering from the effects of the accident. He was thirty-one years of age and leaves three sisters, one brother and one half-brother. The sisters are Mrs. Herbert Peters, Mrs. George Davis and Mrs. Bianchi, all of Boston. The brother, is Harry Quinn, of this city and the half-brother is Robert Wilson, of Somerset street. Mrs. Richard Noyes of Colborne street, is an aunt. The interment will take place in Boston.

Boston, Feb. 16.—Louis C. Elston, a music critic, teacher and author of national reputation, died on Saturday evening, aged seventy-one years. He was a member of the faculty of the New England Conservatory.

Parsons, N. S., Feb. 16.—The death of Sarah, wife of David D. Layton, occurred at her residence in Parsons on Saturday, February 14, after four days' illness from influenza at the age of sixty-one years.

The death occurred in Houlton, recently of Mrs. Vahit Downes. Mrs. Downes was born in St. David's, Charlotte county, in 1822, the daughter of Benjamin Whidden. She was the widow of Judge H. R. Downes.

The death took place yesterday after some weeks' illness of Mrs. Susan M. Hare, widow of George Hare, a former well known resident. Mrs. Hare was a daughter of the late Thomas Merritt. Two sons and three daughters survive. The sons are Charles J., of Montreal, and George S., city engineer. The daughters are Mrs. G. E. Barbour and Mrs. J. Lee Day and Miss Sara W. Hare, of this city. A sister, Mrs. Nesbit, resides at Ottawa. A large circle of friends will learn with regret of the death of Mrs. Hare.

Moncton, N. B., Feb. 16.—(Special)—The death of Miss Nellie Williams, daughter of William Wilkins, of Salisbury road, occurred at Montreal on Sunday. Miss Williams was twenty-two years of age and had been a resident of Moncton or vicinity since coming to Canada from England about nine years ago. About two months ago she left for Montreal, where she had been employed. Influenza was the cause of death. She is survived by her parents, three sisters and nine brothers. The sisters are Violet, Hilda and Lilian, at home. The brothers are George and William, of the C. N. R., this city; Sidney, St. John; Edward in England; Kenneth and Albert also in C. N. R. employ at Moncton; John Ralph and Ernest at home.

David Hall, for fifteen years on the St. John police force, died on Saturday at his home in Bangor. Mr. Hall was eighty years of age and had been a resident of Bangor for thirty-six years. He leaves his wife, Mrs. M. Hall, and a daughter, Mrs. Ernest Thompson of Bangor. He was a member of the Loyal Orange Lodge.

The death of Mrs. Rhoda A. Welch occurred on Saturday at Dixby, N. S., aged seventy-two years. She was formerly of Westport.

The death of Mrs. Rachel Morehouse occurred on Sunday in Salsburg, Mass. She was the widow of Charles E. Morehouse of Dixby, N. S.

Mrs. Levi Rice died recently in Tower City, North Dakota. She was formerly of Smith's Cove, N. S.

Miss Gertrude Armstrong of St. George, N. B., is dead in West Union, Mass. She was thirty-four years old and a daughter of Mr. and Mrs. Russell Armstrong of St. George.

James McMann, aged seventy-five years, died on Sunday at his home in Milltown, N. B.

Samuel P. Mandell died in Boston on Saturday. He was for seventy-two years associated with the firm of C. F. Hovey & Co., dry goods merchants, in Boston, and was president of the Boston Transcript Co.

Aged ninety-four years, Mrs. Prudent Spinney died on Saturday at her home in Upper L'Etang.

Michael Noonan of Fredericton, died there yesterday, aged thirty-five years. His widow and two sons survive.

Dr. Arthur E. Lewis of Plymouth, Mass., assistant United States immigration inspector at Yarmouth, N. S., died yesterday after a two months' illness, aged sixty-three years.

To Quickly Remove Ugly Hairs From Face

(Beauty Notes)

Beauty-destroying hairs are soon banished from the skin with the aid of a delatone paste, made by mixing some water with a little plain powdered delatone. This is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed to remove the remaining delatone. This simple treatment banishes every trace of hair and leaves the skin without a blemish. Caution should be used to be certain that it is delatone you buy.

First Showing of Women's New Spring Suits

STYLES ARE PRACTICAL AND BECOMING AND REVEL IN SMARTNESS

The new models embody ever tasteful fashion touch approved by the new season. Never were suit styles more appealing. Come in and see the latest variations.

SERGES, TWEEDS, TRICOTINES AND GABARDINES are equally popular for spring wearing. Loose backed coats straight or belted are again in demand, and skirts still emphasize the slender silhouette.

GREY TRICOTINE is used for one most charming suit. Coat is pleated front and back, has two large pockets and is belted with narrow cross-over belt. Collar is roll shawl style with over-collared of Baromette Satin to match. Skirt is of medium width and has two small set-in pockets.

Another very stylish model is developed in **NAVY GABARDINE** with fancy cut vest of White Serge. Large pockets in coat and skirt are trimmed with white pearl buttons. Collar is in popular shawl style, and Coat is belted in with very narrow black leather belt.

An inspection of these new Suits will reveal many more novel and interesting style ideas.

THEIR HONEYMOON CLIMBING MOUNTAIN

Vancouver, B. C., Feb. 17.—Miss Phyllis James, daughter of Mr. and Mrs. A. F. James, and W. A. D. Munday, both of Vancouver, were married recently by Rev. C. C. Owen, and left immediately to spend their honeymoon on Mount Dam, on the North Shore. Both are enthusiastic mountaineers and Mr. Munday is second vice-president of the British Columbia Veterans' Weekly. Mrs. Munday has climbed many of the most difficult peaks in the Vancouver district.

DRURY RETURNED.

Milton, Feb. 16.—Premier E. C. Drury was elected in Halton county today by a majority of 2,259 over Edward J. Stephenson, of Toronto, the returned soldier who opposed him. The election of Mr. Drury was no surprise here notwithstanding that Mr. Stephenson at his final meeting on Friday night predicted that he would defeat the premier by 2,000 majority. The soldier candidate had no organization behind him, but was actively supported by individual returned men.

Reports of the Forward Movement Inter-church Financial Campaign

The returns from the forward movement campaign given below are for the week ended Saturday night. The figures for the congregational church are not available, the percentage of the objective being given. The Anglican returns for Prince Edward Island are not known here as they are included in the totals for the diocese of Nova Scotia. The Baptist figures for Alberta have not been received.

Ontario—Anglican, \$1,022,938; Baptist, \$429,538; Congregational, \$8.92 per cent; Methodist, \$2,412,799; Presbyterian, \$1,605,869.

Quebec—Anglican, \$298,000; Baptist, \$48,131; Congregational, 120.40 per cent; Methodist, \$906,190; Presbyterian, \$182,519.

New Brunswick—Anglican, \$90,000; Baptist, \$100,000; Congregational, 22.66 per cent; Methodist, \$102,000; Presbyterian, \$95,550.

Nova Scotia—Anglican, \$74,000; Baptist, \$92,000; Congregational, 37.9 per cent; Methodist, \$199,736; Presbyterian, \$198,256.

Prince Edward Island—Baptist, \$1,325; Methodist, \$42,648; Presbyterian, \$18,000.

Manitoba—Anglican, \$40,754; Baptist, \$82,130; Methodist, \$160,700; Presbyterian, \$69,000.

Saskatchewan—Anglican, \$40,754; Baptist, \$20,600; Methodist, \$308,700; Presbyterian, \$102,000.

Alberta—Anglican, \$26,006; Congregational, \$4.54 per cent; Methodist, \$39,000; Presbyterian, \$29,200.

British Columbia—Anglican, \$108,486; Methodist, \$100,897; Presbyterian, \$106,000.

Rev. Canon R. A. Armstrong reported last night that the total amount subscribed by the Anglican diocese of Fredericton in the forward movement campaign according to last evening's returns was \$7719. The Anglican church in this diocese expects to raise \$10,000.

The returns of the districts are as follows: St. Jude's church, \$7,010.25; St. Luke's church, \$4,554.51; Sussex, \$2,400; St. John's, \$600; Fairville, \$1,488.25; Waterford and St. Mark's, \$200; Christ church, Fredericton, \$6,616; St. Anne's church, Fredericton, \$2,144.80.

The Methodist returns for the city and Fairville up to last night were: Queen square, \$4,800; Centenary, \$72,300; Exmouth street, \$3,570; Portland, \$4,500; Carleton, \$3,300; Zion, \$700; Fairville, \$2,867; Carmarthen, \$214.

The Baptist forward movement in the St. John group has achieved a splendid success. This group is comprised of the churches of the city, Fairville, Grand Bay and Robbsey. The objective was \$20,000 and it has already been exceeded by several thousand dollars. Up to Sunday night the churches had reported as follows: Germain street, \$14,226; Main street, \$7,175; Charlotte street, \$3,400; Ludlow street, \$1,315; Tabernacle, \$1,325; Central, \$2,400; Victoria street, \$900; Waterloo street, \$250; Fairville, \$1,100; Grand Bay, \$394; Robbsey, \$101; special, \$1,000.

"EMPRESS OF CANADA" MAY CARRY PRINCE ON MAIDEN VOYAGE

London, Feb. 14—It is announced that the great new C. P. O. S. liner Empress of Canada, now being built, is to inaugurate the North Atlantic service by a tour around the world. Although the date of completion of this, the largest and most palatial vessel of the fleet, is not certain, owing to labor conditions, it is hoped, if possible, to synchronize the inaugural voyage with the Prince of Wales' trip to India in about a year's time.

FASHION DECREES SHORTER SKIRTS

Shall Come No Lower Than One Inch Below the Knee, is Paris Statement.

Paris, Feb. 17—Dame Fashion, having apparently reached the limit in evening gowns, has now decreed that skirts for day wear shall come no lower than one inch below the knee next season. Fourteen inches is the regulation length.

Judging by the showings of models by the most prominent couturiers, while there is considerable variety in cut and texture, the main rule followed by the designers of next season's gowns is that woman's form must be revealed as much as possible.

While gorgeous materials are generally used, rough goods have been employed by one house for a "house maid gown" designed to meet the present economic crisis, which often forces the fashionable matron to cook her own breakfast and dust the parlor.

Money is no object, especially in un-derecholing, the prices of which rise in direct ratio to the fineness of the garments. Fifty dollars a pair for stockings is not considered expensive, provided they are of the "invisible" variety.

Several houses have provided a sensation by going back to sleeves, or rather an excuse for sleeves, which, owing to the lack of backs in the gowns and just above the elbow, leave the upper arm uncovered in order to exhibit the heavy Egyptian slave armlets, which are rivaled on the arm by a jeweler, and cannot be detached.

POTATOES AS CURRENCY.

Poles Using Them as Means of Payment Now.

New York, Feb. 16—How would you like to be paid in potatoes? Can you imagine going shopping with a bag of potatoes, giving a couple of dozen big ones for a hat or pair of shoes, and getting a lot of little potatoes in change?

Or fancy handing the conductor a potato for a train ride, or giving so many tubers to get into the movie. This is the accustomed thing in certain parts of Poland, where potatoes are the standard currency.

In the district around Grodno the Red Cross reports that all the local help employes in warehousing or in the activities of the field units are remunerated in a weekly wage of potatoes. They are glad to get paid that way, because potatoes, being a stable article, do not fluctuate like the various types of paper money that are in circulation. About twenty pounds of potatoes is regarded as a fair weekly wage for an ordinary laborer.

AND STILL YOU SHIVER!

Pile on all the clothes you can - and still you shiver! That is because your food is lacking in real nutritive elements, or is not perfectly digested. Bodily warmth comes from perfect digestion of real food. Shredded Wheat Biscuit is a real food. It is 100 per cent whole wheat prepared in a digestible form. It gives natural warmth in a natural way. Two Biscuits with hot milk (or hot water) make a nourishing, satisfying meal for a few cents.

HOLD A MUMMY AND CAN'T LET GO

London Rector and Vestrymen Embarrassed by Relic Exhumed After Fire.

London, Feb. 17—An English mummy, to which the name of "Old Jimmy" has been irreverently given, is basking in the limelight of the press. The Rev. B. Saunders Lloyd, rector, and the wardens and vestrymen of the ancient City Church of St. James, behind the Mansion House Station. They have it on their hands and can get no trace of its origin or age, and they wish to dispose of it.

It first came to the attention of the church authorities in 1906, when the great fire of London, whose ruins covered 896 acres, consumed the old church. In overhauling the vaults about that time the mummy was taken upstairs to be shown to the curious, and it was overlooked when the vaults were resealed. A special box was made for it, and it lay in a dark corner of the church for generations. Occasionally it was shown to special visitors, members of the royal family among them.

Now the church authorities feel that it is entitled to decent burial and they have no place to put it. In any case, they hope to get rid of it, as it has given the old church an uneasy reputation.

Car Fares in West.

Regina, Sask., Feb. 17—Regina is now the only city in the province where the five-cent fare is charged on street cars. Saskatoon joined the high cost of riding procession when cash fares were advanced to seven cents.

THE BOYS CLUB.

The Editor of The Evening Times-Star, Sir—Christmas seems to many persons a long way past. I fear the thought and spirit it engenders is gone too. Christmas day stands for three important and delightful things, perhaps the most. The love of God, the importance of ourselves, and the tremendous and awful sanctity of every man's own inside.

Christ sanctified the home and fire-side, making them religious, the first man to do this. We should learn that as some one has said, "Better finance maternity till a boy is eighteen than finance an execution of the product of the streets at twenty-five." Already we have turned from nineteenth century philosophy that none should function in family life till they could afford it, to the new doctrine that the community must follow Pharoah's daughter in financing maternal care of the child. A preacher said lately in one of the city pulpits: "It is my opinion that when some fifteen of our citizens can subscribe, as they did, one million dollars or more for Victory bonds, they should at least provide for the Boys' Club in this city a building and equipment at a cost of one-half year's interest on that amount. Their failure to do this probably will cost them or their posterity many times the value of their investment, to say nothing of the suffering involved. Neither should they get any sympathy when this comes to pass."

It should be known that of 600 boys who in seven years were members of this club, but two went wrong, whilst sixty went overseas to help our great fight for liberty and righteousness. ONE WITH THE BOYS.

WAS CONVICTED OF HIGH TREASON.

London, Feb. 14—A General News despatch from Athens reports the conclusion of the trial of members of the former Greek general staff which had been accused of acting in behalf of the German interests during the war. Col. Metaxas, chief assistant to the staff, was convicted of high treason for surrendering Fort Rupel to the Bulgarians, and was condemned to death.

Road Work in West.

Regina, Sask., Feb. 17—Out of 800 municipalities in the province there are only six which have not taken up the offer made last year by the Saskatchewan government, providing for the payment of grants to municipalities for the maintenance of main highways leading to market towns.

Are You a "Light Sleeper"?

If you don't sleep soundly, there's something wrong somewhere. Maybe it's your bed.

Nobody is a "light sleeper" naturally. Give your body and nerves a chance to relax, and you'll sink into a sound, deep sleep.

You'll get rid of all your fatigue poisons and wake up feeling and looking fresh and fit.

But do you ever relax?

If your bed has a loose joint, if it rattles or squeaks, if your spring creaks every time you turn—you can't get deep, sound sleep. You may get up even more tired than when you went to bed.

FOLKS who have been light sleepers and heavy dreamers all their lives, sleep soundly on a Simmons Metal Bed, with Waldorf Box Spring—and Simmons Mattress and Pillows to complete the equipment for restful sleep.

The Simmons Metal Bed is noiseless. It locks firmly at the corners. The corner locks are made of pressed steel—have much longer bearing surfaces than the average—fit true and snug—not a creak, rattle, or feeling of unsteadiness.

It is perfectly rigid—feels and moves like one solid piece.

The Simmons Pressed Steel Corner Locks are protected by basic patents—exclusive with Simmons Limited, not to be duplicated or imitated.

And these patented corner locks have made possible the

Three-piece Bed—the new Simmons idea—the spring forming a single unit with the side rails.

Simmons Waldorf Box Spring really does what you have always wanted a spring to do.

It invites complete relaxation.

It supports the body at ease on fine resilient spring coils—each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

Simmons Waldorf Box Spring is covered with ticking of the finest grade and great wearing qualities in new and attractive designs.

It fits firmly on the bed—never sags or humps, never loses its resiliency.

And Simmons Mattresses and Pillows are in every way worthy

to go with Simmons Metal Beds and Waldorf Box Springs.

If you want to sleep, you want the Simmons Metal Bed, Waldorf Box Spring, Simmons Mattress and Pillows.

Your leading merchant has Simmons Beds—in all sizes and styles. In brass, and enameled in colors and in natural wood effects.

They cost no more than ordinary beds.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established beautiful and authoritative designs in Metal Beds.

MAYBE you're one of those folks that never sleep soundly unless you have a bed to yourself. You'll be glad to know that Simmons Limited, are making a specialty of Twin Beds.

The best people everywhere are welcoming separate beds. There's no disturbance of one sleeper by the restlessness of the other. Coughs, cold or sore throat are not communicated.

There's no loss of vitality—when children sleep with old people or the weak with the robust.

If you care to write us, we'll tell you where to get Simmons Beds, Waldorf Box Springs, Simmons Mattresses and Pillows in this community.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

LOCAL NEWS

IS VERY ILL.
Friends of Hon. Dr. Roberts will regret to hear that the condition of his little daughter Lucille is critical. She is suffering from pneumonia and scarlet fever.

FOR MAYORALTY.
In reference to a paragraph in a morning paper saying that he might be a candidate for a commission, H. H. Maclean stated this morning that he would be a candidate for the mayoralty.

AT ST. PETERS.
A quiet wedding took place in St. Peter's church on Feb. 15, when Rev. Edward Scully, C. S. R., united in marriage Louis Smith and Romaine Victoria Earle, both of this city.

R. B. BENNETT ON METAGAMA.
The C. P. O. S. liner Metagama sailed this morning a little after 9 o'clock for Liverpool with a large general cargo and more than 1,000 passengers. Among the cabin passengers was R. B. Bennett, K. C., of Calgary, formerly of New Brunswick.

SOUTH END RINK.
The South End skating rink has suffered from the storms of the last week, and the skating season is over for the older people of the South End all winter.

THE FIRE ALARM.
It is expected that the fire alarm system will be in working condition this afternoon. This morning all the boxes were working and the bells sounding in the homes of the call members. They expect to have the big bell line repaired this afternoon.

BRIDGE AND DANCE.
The Hampton Court Chapter of the L. O. E. K. at Halifax held a bridge and dance at the home of Mrs. Fred M. Sprout last evening. A large crowd attended and several even many of the older people of the South End were enjoyed. Refreshments were served and the party broke up about midnight. A substantial fund was realized for the benefit of the chapter.

CHALCEUR ENCOUNTERS STORM.
The Royal Mail Steam Packet liner Chalceur arrived in port this morning about eight o'clock. She had a rough and the British West Indies. She ran into a severe storm Sunday night and was delayed several hours in addition to making her had on board thirty-three first, seven second and thirteen third-class passengers; also 740 pounds of molasses, and a large general cargo.

WAS AGAIN LATE.
The Sussex suburban train was late again this morning. This time the cause was lack of steam. The train was late last evening for the same reason, yet the engine was used this morning to bring the train to the city, but on getting as far as Bloomfield it was impossible to go farther and a freight engine was used to bring the train to the Halifax test was four hours late reaching the city this morning on account of the recent storm using things up along the line.

CARLETON FIRE.
A still alarm was sent in to No. 6 fire station this morning at 11 o'clock for a fire in the residence of James E. Beatty Princess street, West St. John. The firemen quickly responded and after some hard work succeeded in extinguishing the blaze. The fire originated in a paragon in the cellar of the house near the furnace and worked up the chimney by the stairs which made it difficult for the firemen to get at, but before great damage was done they had put the fire out.

A PLEASANT TIME.
The Y. P. A. of Carleton Methodist church held a successful Valentine tea and social last evening in the school room of the church. Miss Marguerite Barrett, vice-president of the literary and social department of the association, had charge of the programme, which was delightfully rendered. The school room was appropriately decorated and the programme, in which a large number of past papers were enjoyed by all. Readings by Miss Grace Allingham were featured. Refreshments were served and a social half hour closed a very enjoyable evening.

SURPRISE AND PRESENTATION.
Friends assembled last evening at the residence of Mrs. J. H. McAuley, 28 Adelaide street, in honor of a surprise presented with an address by J. Sherwood in behalf of the gathering. Among those taking part in a musical program were Harry Rose, Nathan Ruben, Miss Muriel Hawker, and Walter Kinsella. A toast in honor of Mrs. Kinsella was enjoyed, with dancing, games and refreshments.

DEATH OF MERLYN COMEAU.
A telegram received by Mrs. Louis Comeau, 28 Elliott road, yesterday brought sad news—announcement of the death of Merlyn Comeau, in Detroit, Mich., where he had been a patient in hospital for the last two years. He was but twenty-four years of age, son of the late Nicholas Comeau and nephew of the late Louis Comeau. He was a young man of exemplary character, and a patient sufferer. Mr. Comeau for five years was a student at the Sacred Heart College in Carleton, N. B. He joined the American army during the war but was unable to go overseas, because of his health. His death is the seventh in a short time among Mrs. Louis Comeau's family and connections and many friends will sympathize with her in her new sorrow.

PLUNGED TO HER DEATH.
Acroplane "Stunt" Woman for Movies Was Killed.
San Francisco, Cal., Feb. 16.—While a film camera in another airplane clicked, Mrs. Ethel Broadwick, thirty, plunged 2,000 feet to her death here. Mrs. Broadwick, acroplane "stunt" woman, was demonstrating a parachute patented by her husband. The device failed to open. Charles Broadwick, her husband, stood watching her.

As the young woman dropped she was seen to struggle with the apparatus. She landed on her feet, but her body was crushed.

BILLS BEFORE COUNTY COUNCIL

Nurses' Home, Indiantown-Lancaster Ferry and Police Protection for County, Among Matters to Be Dealt With.

Several matters regarding proposed legislation were taken up at a committee meeting of the municipal council, held in the county secretary's office this morning. The meeting will be continued this afternoon. Warden Bullock was in the chair.

The first matter dealt with was a bill relative to the nurses' home. After some discussion the first and second sections of the proposed bill were struck out. These provided for the conducting of a training school connected with the hospital and that the school be under the direct control of the commissioners. The remaining sections have to do with the erection of the home, the issuing of bonds, in payment and the annual assessment for maintenance of the home.

Another bill provided for the provision and operation of the Indiantown-Lancaster ferry. Another bill was introduced to enable the municipality to secure sites for industrial purposes and provide for the expropriation of private property.

A bill was read relating to the rates and taxes in Lancaster and has to do with the assessment on horses and power vehicles and provides for the obligation of payment of penalties for damage done to the highways.

Another bill of importance to people in the outlying districts in the county was an act to provide police protection for the county, the establishment of police districts by resolution and to arrange for assessments to meet the expense of constables.

An amendment to the hospital act was also read. This related to the St. John County Hospital and provided that the county secretary may negotiate a loan, when no funds are on hand to meet the claims of the hospital against the county.

These bills, if passed upon in committee, will be brought before the meeting of the municipal council this afternoon.

MAGISTRATE SPEAKS ON THE LAW RE STRIKES

While waiting for the resumption of a case in the police court this morning the magistrate said he wished to make public the law regarding strikes. He spoke of a man who follows a person working in a strike's place. He says one cannot call the worker names nor follow him as that might lead to a disorder as was the case when Harris a plumber, was murdered a few years ago. Sub-section C of section 501 of the criminal code the magistrate read as follows: "Any person who persistently follows another person about from place to place is liable to a large penalty." The penalty as stated in the statute is \$100 or three months in jail.

POLICE COURT

In the police court this morning, Mrs. Laura Golding, colored, aged twenty-one, alias Bessie McIntyre, who was arrested in Halifax last week and sent back to this city on the request of the detective department, was charged with stealing an overcoat, suit of clothes, a hat and pair of boots, valued at \$48, the property of Frank Jackson, colored, 59 Chatham street. She pleaded guilty.

It came out that she was keeping house for Jackson and last week she disappeared, taking the clothes with her and went to Halifax, where she dressed in men's clothes. The detectives asked that she be remanded for examination as to her mental condition.

Edward MacKay, Austin Gavin and Edward Arsenau, were charged with fighting in the street and being drunk. They pleaded guilty and said they had been at a party, Falconer Corner and Coughlin gave evidence. A fine of \$20 or two months in jail for fighting and \$5 or two months for the drunkenness was imposed on each. They were given in charge of Inspectors McInish and Kerr, who questioned them as to where they got the liquor, and as a result of their efforts MacKay was charged with supplying liquor to Gavin, and the latter was charged with drinking in public. Both pleaded guilty, but were reluctant to tell where they obtained the liquor, but said they paid \$5 for it. They were remanded to try to think of the man's name.

One man charged with drunkenness pleaded guilty and was also sent into jail to think of the name of the one who supplied him.

DEATH OF F. E. LAW

The death of Frederick E. Law, a well known citizen and business man of the city, which occurred this morning at his home, 79 Mecklenburg street, has occasioned much sympathy for the members of his family in their bereavement, from a wide circle of friends by whom he was held in highest esteem. He had been in failing health for some time and for the last three weeks had been confined to bed. Mr. Law, who was sixty-four years of age, was a native of this city and had for years conducted business as a broker and commission merchant in North Market street, where in his dealings he won respect for his uprightness.

He is survived by his wife and four daughters, Mrs. S. B. Taylor of New Haven, Mrs. W. B. Stewart and Mrs. H. W. Wilson of this city and Miss Made at home, and one sister, Mrs. S. J. McLean of Dorchester, Mass. Mr. Law was a man of quiet tastes, who devoted himself largely to his family and home. He was not a member of any society but belonged to Queen Square Methodist church. His funeral will be conducted on Thursday afternoon at 2:30 o'clock from his late home, 79 Mecklenburg street.

HUNDRED MEN FROM HALIFAX

Here to Help Clear Out C. N. R. Yards, Where Situation is Bad.

The mild weather of today was welcomed by those at work in clearing away yards after the recent storm. The situation at the C. N. R. yards was said to be just about as bad as it possibly could be. A gang of 100 laborers arrived here today from Halifax, sent by L. S. Brown, general superintendent, with instructions to clear the yards of lumber and other material lying in the way. There are six local gangs at work in the island yard trying to clear the hundreds of cars which are piled in the ice there, while extra gangs are engaged in clearing the tracks to the Ballast Wharf, Sugar Refinery and harbor front.

Shipments and receipts of local freights which have been delayed during the last ten days are now going forward at a better rate with the extrating of between 200 and 300 cars for local markets. General Yard-master Thomas McPherson has been sent to St. John from Montreal to take charge of the yards working here and to put the terminals again in working order.

PERSONALS
Mrs. Robert Osborne, 233 Union street, west, is reported slightly improved today. George B. Jones, M. L. A. of Apshe, was in the city today. J. D. McKenna, of Sussex, editor of the Kings County Record, was in the city today on business. W. P. Griffiths of the railway mail service left last evening for Ottawa. William Tansley of the C. P. R. left last evening for Montreal.

Miss Vera Henchey and her brother Michael, of Quebec, are guests of Mr. and Mrs. Leo McLaughlin, 254 Douglas avenue. They came here to attend the funeral of their brother, Bruce Benedict, C. S. R., of St. Peter's Rectory.

"Not A Threat" But Not Far From It, Made By Wilson To The Allies

Informed Them United States Might Have to Consider Withdrawing Versailles Treaty from Senate — "Most Brutal Menace," Says French Paper — Allies' Reply Decided On.

Washington, Feb. 17.—President Wilson in his "memorandum" to the Allies concerning their proposed Adriatic settlement, informed them that the United States might have to consider withdrawing the treaty of Versailles, if the Allies went ahead with their plans without the consent of the United States.

This statement was made officially here today with the further statement that the American position was outlined not in the nature of a threat, but as a statement of a situation created "not by an act of the American government, but by an act of the British, French and Italian premier," which would place the United States in the position, if it were a party to the treaty of Versailles, of subscribing in the past to rights of sovereignty and other agreements to which it was opposed by the United States.

The paper points out that the Allies are "on the horns of a dilemma." London, Feb. 17.—The Allied supreme council has completed the draft of its answer to President Wilson's Adriatic memorandum, and will hand it to Ambassador Davis tonight for transmission to Washington.

PROSECUTION OF PRICE BROS. TO BE BEGUN

Ottawa, Ont., Feb. 17.—Prosecution of Price Bros. for alleged failure to supply the newspaper ordered for the Montreal Star and the Herald and other papers will be undertaken by the federal government in consequence of a request just made by the Board of Commerce. NO SIGN OF THE BROWN TAIL

Fredericton, Feb. 17.—Parties which have been out during the winter in connection with the brown tail moth survey conducted by the Dominion entomological service, have come in. J. D. Todhill, in charge of the service, said today that no sign of the moth was seen in the area. The total absence of brown tail moth is attributable to unfavorable weather conditions, and to the accumulative effect of the campaign against it in New Brunswick for some ten years.

Tasook moth caterpillars, which were very noticeable in some towns in 1919, did little damage in 1920. William Burns of Fredericton, and Miss Alice Hawkes, daughter of Mr. and Mrs. Henry Hawkes of North York, were united in marriage by Rev. M. J. Murphy, in St. Anthony's church, Devon James Owen was groomsmen and Miss Josephine Goodie bridesmaid.

Ten Gallons of Rum

Moncton Transcript—Ten gallons of "old rum" would make a beverage for many, and last many a few months. This was the collection reported over the week-end when a traveler possessing two suit cases became frightened, evidently the railway city and for his friend "Suit-cased John," leaving it so that the C. N. R. police gathered in and in turn handed him over to the local police. This morning he occupied a dignified position in the local court awaiting extradition to St. John. The liquor it is believed was consigned to Newcastle but the owner or those in charge must have "smelt the rat" as they left the liquor and as it reached the city was taken care of by the C. N. R. police.

U. S. AIR WORK IN WAR FAILURE

Startling Report by Washington Committee Made Public Today.

Washington, Feb. 17.—The war department spent \$1,031,000,000 for aviation during the nineteen months of the war, with the result that only 213 American made planes, all these being of the D. H. 4-observation type, reached the front. Fatalities among American air force were comparatively higher than those of any other power, a report shows it and it declares that inferior planes and insufficient training were the reasons. "The statistics show that in proportion to the number engaged five times as many American flyers were killed, as compared with other branches of the service," the report says. The report charges Secretary of War Baker, John R. Ryan, Major Gen. G. O. Spurre, Col. E. A. Deeds, and Col. Disque, in charge of the various branches of aviation work, with failure of the United States to be a factor in the air and with the "wasting of many millions."

Dental science has now traced most tooth troubles to a film. To that slimy film which you can feel.

That is what discolors—not the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

The film is clinging. It enters crevices and stays. No ordinary tooth paste can dissolve it. A soapy tooth paste makes it more viscous.

So, despite your brushing, much film stays. Night and day it does its damage. It is the great tooth wrecker.

Science now has found a way to combat that film. The fact has been proved by many clinical tests. The method is now advocated by leading dentists everywhere.

For daily use it is embodied in a dentifrice called Pepsodent. And we are mailing 10-Day Tubes so that every home may try it.

Do This and See

We urge you for your own sake to write for this 10-Day Tube. See the results for yourself.

Pepsodent is based on pepsin, the digester of albumin. The film is albuminous matter. The object of Pepsodent is to dissolve it, then to constantly combat it.

Pepsin must be activated, and science has discovered a harmless activating method. The usual method is an acid, harmful to the teeth, so pepsin long seemed impossible. Now everyone may apply it, morning, noon and night. And the evidence is that this invention brings a new dental era.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

Compare results with the methods you use now. Then judge for yourself what is best. Cut out the coupon now.

Look in 10 Days
Note how the teeth glisten. You can see that the film is gone.

Annual Meeting Being Held This Afternoon

A Lot Accomplished That Cannot Be Detailed - Regret at Death of R. W. W. Frink - Reports from Several Branches.

The thirty-ninth annual meeting of the Society for the Prevention of Cruelty to Animals is being held this afternoon. Reports of interest were presented in which chief interest centered locally in that of S. M. Wetmore, secretary, who gave a comprehensive review of the work of the year.

Secretary's Report.

The annual report of S. M. Wetmore, secretary, was as follows: In submitting the thirty-ninth annual report of the work of the society for the year past, while I cannot report any new work accomplished, may say that quite a large amount of work has been done in a quiet way. One cannot enter into all the details of the society's operations, or give any adequate idea of the care, patience and judgment which our work demands. We take as few cases as possible into court and when we can get any good results without resort to law, we strive for success in that way.

Our president, D. Carleton Clinch, is taking a very active part in the work of the society, and his knowledge of the horse and love of it should be treated, is a very great assistance to us in our work. Every one knows him to be a thorough and competent judge of a horse, and other animals, and I feel we were very fortunate in getting Mr. Clinch as our president.

Officers appointed in his place in that section of the county.

Cruelty Punished.

Speaking generally of our work, I think it can be said to be fairly good, and if we do not solve all the difficult problems which come up we manage to do some good, and we appreciate very much the assistance given us by the ladies and gentlemen who so generously help us for the pure love of doing good.

One case of cruelty I might mention which caused several trips to Anagnone, and quite a bill of expenses was that of a horse being ill-treated and over-worked by its owner, a man from Cornhill, Kings county. Several people at Anagnone, seeing the condition of this horse, applied to Newton De Boo, D. V. M., for his valuable advice, and for the many times he has examined horses for me.

I have always found him ready and willing to assist us in any way he can in this work. To the chief of police and his officers I wish to extend my very best thanks for the great help they have given me in my work. Always ready and willing to render any assistance they can to suppress suffering and for many cases in which they acted for me when I could not be reached, or when out of the city.

Respectfully submitted, S. M. WETMORE, Secretary.

Fredericton.

The report from Fredericton follows: To the President, other officers and members of The S. P. C., Saint John: Ladies and Gentlemen: It is my duty to present the annual report of the Fredericton Branch, and I shall be brief.

Loss of Mr. Frink.

Since our last annual meeting we have met with a very great loss in the death of R. W. W. Frink, who was elected as president at the annual meeting of Feb. 21, 1914. Mr. Frink took a very deep interest in the work of the society. He was regular in attendance at all its meetings, and always ready and willing to assist me in any way to suppress acts of cruelty. In many of my calls out of the city he went with me, and his good judgment was of great value to me in my work.

Words of Praise.

Our very best thanks are due to the ladies who have established the Animal Rescue League who are doing so much for the comforts of the dogs and cats. I have had many calls from people who

in cases where they wish to have their dogs or cats either cared for while they are away or in cases of old or disabled ones to have them humanely destroyed, and have only to report it to the league when they at once attend to it. They also, when called upon, will send for any deserted or injured cats and dogs, and if found to be suffering or unfit for further use, will humanely destroy them.

By this means very many stray or deserted dogs and cats are saved much suffering.

I wish to extend my very best thanks to J. King Kelley for his valuable advice given me in my work, also for his time given at cases at court and particularly the case referred to at Anagnone, which he having spent a whole day there, and I wish to thank Dr. G. R. Bowyer, V. S., for his valuable advice, and for the many times he has examined horses for me.

Branch Reports.

Reports from branches were as follows: F. M. Thompson for Hillsboro writes: "I am very glad to be able to report to you that during 1919 there was little evidence in this county of cruelty to dumb animals. There was one case, however, which came under my sight of the cruel whipping of a horse. I found it necessary to lay an information before Magistrate Blight against the

owner, and I am sure that I will be able to do so in the future."

A report was made to me in December of a wounded moose lying by the roadside in the lower end of the county. I was in doubt as to my jurisdiction in the case of a wild animal, but got in communication with the Hon. Dr. Smith, who advised what was to be done. Beyond this I am glad to report that no other cases of cruelty came to my attention.

"I am not sure that I will be able to do so in the future."

The report from Harcourt was as follows: "Your letter received and I thank you very much for the information you have given me. I have secured a new member, Mrs. Jack Wathen, and am enclosing her fee, also my own. Wishing the society all success for the coming year, believe me, Yours respectfully, RITA B. FAIRBANKS, Newcastle."

The following letter from Newcastle was read: "Yours of Feb. 27 to hand and in reply would state that the branch of the society is dead. We have not had a meeting for years but if there are any members who wish to attend to them, there were none during the year 1919. Would like to attend a meeting just to get it all over with. This is my busy season and I have to work overtime. Wishing you a happy and prosperous New Year, I remain, Yours truly, E. P. WILLISTON. All-Her had owned seven laundries. After-ill but be cleaned up a lot."

and I am pleased to be able to assure you that our society continues in a useful and prosperous career.

At our recent annual meeting the secretary-treasurer, Miss Jeanette Beverly, who is one of the pillars of our organization, was able to report the books in excellent shape, all bills paid and a credit balance in the bank of \$178.89. Our revenue during the year was \$208.61 and expenditure \$128.72. Our membership keeps up to the average, and our agent, James Roberts, was active during the year. Unfortunately, he is now laid aside by an illness that is likely to permanently unfit him for further duty, but we have been fortunate in securing as his successor William Hughes, a gentleman who, we feel sure, will make good.

Following are the officers for the current year: President, L. C. MacNutt; vice-president, Mrs. A. V. Rowan; secretary-treasurer, Miss Jeanette Beverly; solicitor, J. E. P. Winslow; veterinarian, Dr. G. C. McCoy; agent, William Hughes; executive committee, Mrs. L. C. MacNutt, Mrs. W. P. Keenan, Mrs. A. V. Rowan, Mrs. W. C. Crockett, Miss Edith Gregory, Mrs. C. K. Palmer, Rev. J. S. Sutherland, J. W. Spurlin, J. H. Fleming, G. N. C. Hawkins, Geo. A. Taylor, and Dr. G. C. McCoy.

In conclusion I desire to express the regret which the members of our society feel at the lamented death of your president, Frink, whom I was glad to count my personal friend for many years.

Wishing you continued success, Yours very truly, L. C. MACNUTT, Pres. F'lon Branch.

Fredericton, Feb. 6th, 1920.

The balance sheet for Fredericton for the year ending December 31st, 1919, was:—

ZAM-BUK

This illustrates but one of the many uses to which Zam-Buk, the great herbal balm, is daily put. Accidents will happen, especially where there are children. Mothers should never be without Zam-Buk. Zam-Buk is the best "First Aid." Its strong antiseptic properties kill all germs, preventing blood-poisoning and inflammation. Its rich, herbal essences quickly ease pain and build up new healthy tissue. Zam-Buk is entirely different from all other ointments. It is purely herbal and contains no poisonous coloring matter. Take no substitute. See the name on every box before paying.

ZAM-BUK HEALED SEVERE CUT Mrs. J. E. Bierworth of Canaduff, Sask., writes: "My little son cut the end of his finger. As it was such a severe cut, I was going to take him to a doctor, but in the meantime to ease the pain, I applied some Zam-Buk. This stopped the bleeding and gave him such relief that he ceased crying and seemed quite at ease. I therefore decided to see if Zam-Buk would heal the wound. Next day I replaced the dressing, and continued to do so each day, using nothing but Zam-Buk. Complete cure resulted."

THE FIFTIETH ANNIVERSARY

Just fifty years ago this winter Dr. Pierce gave to the world his famous "Favorite Prescription" for the distressing weaknesses and complaints of women. For many years he had been in the active practice of medicine and his specialty was the diseases of women. Later he desired to give this to the public, and he received a trademark protection from the United States patent office for this medicine, which is an herbal, "temperance" prescription with all the ingredients printed on the bottle wrapper.

In his every day practice in the early days he also used a tonic and alterative for the blood, which was so universally beneficial that he determined to place this medicine in the drug stores of the United States and Canada where it could be readily procured. This he called his "Golden Medical Discovery," which he had prescribed many years for the stomach, liver and blood. Both these medicines met with instant success, and during the past half century have sold in greater quantities than any other proprietary medicines. Neither of Dr. Pierce's medicines contain alcohol and both are herbal extracts of native medicinal plants. For the past fifty years forty-eight million bottles have been used by the American public, and they are today the standard tonics for men and women. They are now put up in tablet as well as liquid form, and sold by every druggist in the land. A trial package can be obtained by sending 10 cents to Dr. Pierce's Invalids' Hotel in Buffalo, N. Y. Write Dr. Pierce's if you want free confidential medical advice. All Dr. Pierce's medicines are made at branch Laboratory in Bridgeburg, Ont.

RAILROAD MEN ELECT OFFICERS FOR COMING YEAR

(Canadian Press Despatch.)
Montreal, Feb. 16.—At a meeting held here on Saturday, of the Canadian Brotherhood of Railroad Employees, the following resolution was passed:
That this general committee, representing the clerks, freight handlers, etc.,

on the eastern lines of the Canadian National Railways, members of the Canadian Brotherhood of Railroad Employees, demand that the grand officers and organizers of the Canadian Brotherhood of Railroad Employees cease their activity to amalgamate the Canadian Brotherhood of Railroad Employees with the International Brotherhood of Railroad clerks, freight handlers and express employees until the International Brotherhood discontinues its present methods and drops its avowed stand to place a schedule of rules on the Canadian railways less favorable to the Canadian Brotherhood than the schedule of rules now in effect.
Election of officers resulted as follows:
C. E. Cole, Montreal, re-elected chair;
many L. E. Lefevre, Toronto, vice-chairman; B. Cummings, Moncton, secretary.

RUMANIAN GIRL'S GALLANT RECORD

Was Killed in Action Though
Previously Disabled by
Wounds.

New York, Feb. 16.—The story of the bravery and sacrifice during the war of sixteen-year-old Ekaterina Teodorovna, the Rumanian Jean d'Arc—a girl scout who was killed in action, was told here by Major Lévis D. Teissman, military attaché of the Rumanian legation at Washington, in an address before the Manhattan Council of Boy Scouts.
The major, who is head of the Boy

Scouts of Rumania, said that at the beginning of the war his country had 60,000 boy and girl scouts.
When the Rumanian army was mobilized, Ekaterina, donned boy's clothes and enlisted in the 8th Company of the Eighth Regiment. After going through innumerable engagements, both of her legs were shattered by shell fragments, and her sex was discovered.
The king heard of her heroism, and commissioned her an honorary lieutenant in the 53rd Regiment. She pleaded to be allowed to return to the front and her request was granted. She was killed in action a few days later.

Farmers Cut Their Lumber.
Winnipeg, Man., Feb. 17.—Farmers in the Dauphin and Swan River districts have set up a large number of portable saw mills this winter to cut lumber for their own use.

CANADA'S TRADE AS RECORDED FOR LAST TEN MONTHS

Ottawa, Feb. 16.—The grand total of Canadian trade for the ten months, ending January 31, 1920, was \$1,982,694,810, as against \$1,975,112,978 for the same period in 1919. For January alone the trade total was \$225,096,920, as against \$194,000,150 in the previous January.

The imports to the end of last month included merchandise valued at \$291,721,502 admitted free and dutiable goods valued at \$542,800,246 on which duty collected has been \$148,017,555, as against collections of \$181,577,763 for the corresponding ten months of the previous year. In the latter period the imports were \$842,100,988 free and \$488,475,754 dutiable.
The exports during the ten months ending January 31, 1920, were \$1,039,794,049 domestic, excluding \$88,878,213 of foreign origin, as against \$1,008,587,543 of domestic and \$89,922,498 of foreign for the previous year.

A special meeting of the municipal council will be held at 2.30 this afternoon to consider tenders for the erection of a nurses' home at the General Public Hospital.

THE STORM

Ottawa, Feb. 16.—Driving snow into deep drifts and reducing the temperature to the neighborhood of zero, a north-westerly gale which began on Saturday morning brought with it the severest storm of the winter.
Train service has been discontinued to an extent not experienced this year. Battling against drifts which have blocked the tracks over a large area, trains struggled into Central station to last hours late. Many have been cancelled others are as much as twelve hours behind time. Street railway traffic has been maintained only at the cost of a maximum expenditure of energy and every available piece of storm fighting apparatus on both steam and electric railways has been called into commission.

WAR BARED NEED FOR PSYCHIATRY

Mental Ills Found to Be Prevalent — Dr. Pearce Bailey Suggests Remedies for Conditions Revealed During Struggle.

The applicability of ordinary law of what was discovered through the neuropsychiatric examinations in the army about the prevalence and nature of nervous and mental diseases was discussed last week at the final session of the third convention of the Society for Mental Hygiene, at the Waldorf-Astoria Hotel, New York, in a paper written by Dr. Pearce Bailey, chairman of the New York State Commission on Mental Defectives. According to Dr. Bailey, the neuropsychiatric examinations disclosed an astonishingly large number of men suffering from nervous and mental diseases or defects. As compared with other groups of diseases, the nervous and mental group stood fourth in order of frequency, rejection for these causes being exceeded only by rejections classified under diseases affecting eye, ear, nose and throat, bones and joints, heart and blood vessels.

"The nervous and mental group had a sanitary and economic importance its relative standing by no means indicated. Many of the purely physical disqualifications, while making soldiering impossible, were in fact minor and did not imply an inferiority on the part of the individual which would prevent him from competing on equal terms in many civil occupations. In contrast to that, rejection for nervous causes not only implied an economic inferiority, but also—and this especially in the most numerous class, the feeble-minded—that the individuals were actual hindrances to civilization and were prone to increase rapidly their kind.

"Up to May, 1919, the army returned to the civil community approximately 70,000 men unfit for military service because of nervous or mental disease. Such persons are not only ineffective themselves, but they make other men ineffective. It is in them that mental contagion, which leads up to hysterical health of the country, but still more, it concerns the country's morale. No real reconstruction for them can take place until the problem they present is understood by the non-medical community. Doctors must ascertain the true nature and extent of the disease from men who are not able to describe it.

"The mobilization demonstrated a degree of feeble-mindedness in this country which takes most thinking men by surprise. There were more mental defects which rejected at draft boards and camps, or discharged soon after enlistment, than any other neurological or psychopathic patients. They constituted 29 per cent of all neuropsychiatric rejections among whites, and 48 per cent among blacks. More were among drafted men than among those who were inducted, and more in certain states than in others. The total number exceeded 24,000.

"Throughout the country the incidence of feeble-mindedness among drafted men was 6 per 1,000, which is probably below the incidence rate in the total population. In certain sections large numbers of them were foreign born. For example, 31 per cent of those from New York had come to this country as immigrants, although our laws are specific in excluding this class.

"And yet all other psychopathic personalities lead naturally to the subject of delinquency, as the psychopathic make-up is so largely represented among offenders. It would be interesting to know the proportion of the mentally diseased or defective, without mentioning the purely psychopathic personalities, among the inmates of our

MARTIANS MUST WAIT LONG WHILE

Light of 766 Trillion Candle Power Needed Before They Could See It.

Any dotting person who plans to guide a weary wanderer from Mars by placing the poetic candle in the window will better abandon the idea. It can't be done. The little Martian would be lost in the deep and vast void with not one twinkling to guide his airy footsteps.

"This figure is given by Dr. Clarence E. Fernald, professor of experimental psychology at Bryn Mawr College, which is now seeking a \$2,000,000 endowment. Dr. Fernald's best known authority on light in its relation to vision. He reached his conclusion by laboratory experiments which confirmed the deductions made by the searchlight experts of the Sperry Gyroscope Co., who believe that it doesn't mean a thing.

"The engineer's figures check up remarkably with the estimates made by the searchlight engineers, who pointed out that it was unusual that experience based on actual experience give the same result as careful laboratory work under ideal conditions. Calculations made by George B. Crouse, department engineer, and P. R. Bassett, physicist, of the Sperry company, showed that candle power is visible at 46 of a mile, while Professor Fernald's estimate, based on the minimum candle power visible to three metres, shows a candle power to be visible at 56 of a mile. The difference is accounted for by absorption, for which Professor Fernald may not have made allowance.

"The engineer's figures were also predicted on the supposition that the Martians have telescopes with a light gathering power of 4,000, which is much less than the light gathering power of the large telescopes on earth. But Professor Fernald's figures were based on the assumption that the Martians had telescopes with a light gathering power of 100,000, which is much less than the light gathering power of the largest telescopes on earth. Will that Boy of Yours Make Good?

That boy of yours has great possibilities. The chief factor in his success is good health. The chief factor in his good health is cleanliness inside. Keep his mind keen and his physical force ever increasing through the proper elimination of waste matter and intestinal poisons from his system. By an entirely new principle Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system. Nujol prevents constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. It is absolutely harmless and pleasant to take—try it. Nujol is sold by all druggists in sealed bottles only bearing NUJOL trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, N. Y., for Booklet, "Thirty Feet of Danger."

PRONOUNCED THE BEST YET

This is Verdict of Large Audience Which Saw Loyalist Chapter Revue - Fine Costumes, Catchy Music and Original Settings.

Seldom has a St. John audience at the close of an entertainment been so unanimous in praise of performance and performers as was that which enjoyed the 1926 Revue of Loyalist Chapter, I. O. D. E. last evening at the Imperial. There were three great merits to the Revue. The first was a delightful variety, the second an entire absence of the customary long waits between numbers, and the third the almost professional skill with which the participants assumed the varied roles. The costuming and stage effects were as attractive as any ever presented at an amateur performance in St. John, and the music admirably fitted scene and theme. The last half of the programme, in one scene, which was conceived and the dialogue written by Walter H. Golding was at once musical, dramatic, thoughtful and gorgeous in scenic effect. Mr. Golding is to be congratulated. Indeed, St. John is to be congratulated on the beauty, grace, cleverness and historical ability of its young people.

Chapter surpassed all its predecessors as a successful production and Mrs. Heber Vroom and her chapter have every reason to rejoice in that success. Miss Mary White as Miss Vanity the prodigal, "giving away the whole blooming show" was regal yet pert. The transformation dance which turned a wearily strange dragon to fitting and dainty dancing butterflies was exceptionally picturesque and novel. Dr. Percival Bonnell, kindly substituting for Miss Rhona Lloyd, who was unable to appear, delighted his audience with his rich voice. Elmer Belding in lettered and frowsy raiment presenting himself most plausibly as candidate for mayor of St. John because he had not succeeded in anything else was greeted with hearty laughter. Mildred's dressing table was something entirely new and it took well. The four dancers, Miss Kathleen Sturdee as the demure powder, Miss C. Campbell as the frolicsome rouser, Miss Dorothy Blizard as the rapturous moth and Miss C. McConville as the waiting flame were exceedingly pretty and graceful.

PAIN GONE! RUB SORE, RHEUMATIC ACHING JOINTS

Rub pain away with a small trial bottle of old "St. Jacobs Oil". Stop "dosing" Rheumatism. It's pain only, not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot" and by the time you say Jack Robinson—out comes the rheumatic pain and distress. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and doesn't burn the skin. It takes pain soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia. Limer up! Get a small trial bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment, you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

"Girls are like the weather to me"

sung by Harold Turner was a pleasing little number. In turn girls representing weather's changeable moods engaged his attentions and danced about him. Their costumes and dancing were both charming. A most up-to-date feature of this song was the sudden walk out of the orchestra which left the singer and chorus to finish to the accompaniment of one flute and a base viol which was not deterring. The sandwich quartette in which four doleful sandwiches sang a melancholy tale of St. John's quest to the tune of "Old Cock Robin" kept the audience in continual laughter.

The old favorite "Potygraph Album" was presented with new and still more life-like sitters. Their postures and costumes could not have been, of their kind, more perfect. Mrs. Marie Furlong Coleman as the irrepressible Rebecca was excellent. O. Omar, You're Awful, tracing the adventures of four travellers searching for a shirt quencher and stumbling on Omar's court was a gorgeous spectacle. The dresses and setting were most exquisitely devised. During the tantalizing interval when Omar makes the travellers watch and take part in his entertainment and wait for their promised wine, some very wonderful dancing and some beautiful singing charm the court. DeWitt Cairns as Omar grandly imposing. George W. Currie as Mogul saluted with profound dignity. Sidney Young as Affanah was sprightly and ready. Cliff McAdam, as the English traveler acted and sang well. Thomas Guy as the Scotchman was droll in his speaking parts and his singing was pleasing. L. LeLacheur as the New Yorker gave a clever representation. C. McDermid, the Canadian handled a minor part well. Miss Valde Fenton as Glorvina was splendidly attired and sang with the sweetness that has made her a general favorite. Miss Angus Anderson in dance was the epitome of lightness and grace and her song was rendered pleasingly. Mrs. L. LeLacheur's rich contralto voice was heard with delight in "I'll sing thee songs of Araby."

PIMPLES ON FACE CUTICURA HEALS

Caused Disfigurement, Itchy and Burning, Had Restless Nights.

"My face came out in little pimples that were sore, as I scratched them constantly, and then they turned into scales, causing much disfigurement. The skin was so itchy that I irritated it by scratching. The burning was fierce, and I had many restless nights. This trouble lasted about a year before I used Cuticura Soap and Ointment, after using three boxes of Soap and two boxes of Ointment I was healed." (Signed) W. Byrnes, St. Basile, Que., Nov. 23, 1918. Make Cuticura Soap, Ointment and Talcum your daily toilet preparations. Soap 25c, Ointment 25c and 50c. Sold throughout the Dominion. Canadian Leppic Ltd., Montreal, P. Q. Cuticura Soap shaves without lather.

The keynote of the production was laughter, laughter and to the tune of catchy music. The programme was as follows. Prologue, Miss Mary White. Transformation Dance: The Misses Olive Golding, Marion Belding, Clara Melick, Edna Waters, Marion Curry, Lucile Wilson, Marion Henderson, A. Campbell, Winifred Blair. Vocal Solo: Prologue, P. Pagliacci, Dr. Percival Bonnell. The Ideal Candidate, Mr. Elmer Belding. "Mildred's Dressing Table": Powder Puff, Miss Kathleen Sturdee; Rouge, Miss Constance Campbell; Moth, Miss Dorothy Blizard; Flame, Miss Catherine McConville. "Girls Are Like the Weather to Me": Solist, Harold Turner. Girls: Fair, Miss Clara Melick; Stormy, Miss Angus Anderson; Warm, Miss Marjorie Robertson; Mild, Miss Phyllis Kennedy; Rainy, Miss Louise Holly; Gales, Miss Constance Campbell; Cloudy, Miss Jean White; Hot, Miss Olive Golding. The Sandwichee Quartette: Messrs. Harold Turner, Elmer A. Belding, Leslie Craigton, George W. Currie. Courty Potygraph Album (shown to the new preacher by Rebecca Sparks Peters); Cast—Rebecca Sparks Peters, Mrs. Marie Furlong Coleman; Rebecca's brother, Miss Jean White; Rev. rant Pittenger, A. Gordon Rainnie, Sister A. P. Phipps; Mrs. Ronald McAvity; Dan Twigg, William A. Lockhart; Marie Burgtresser, Mrs. Allan McAvity; Mary Pennington, Mrs. Harold C. Schofield; Tracy Sedwick, Heber Vroom; The Twin Sisters—Kate and Ursula O'Brien, Mrs. D. F. Chisholm and Miss Elizabeth Furlong.

Muscles Mean Nothing

has no equal as a nerve food, blood maker and invigorator. It is an excellent remedy for depression and despondency. Read what Mr. E. L. Rising, of the well known St. John firm of Waterbury and Rising, has to say: "I have used Hawker's Nerve and Stomach Tonic in my family for years, and consider it has no equal as a blood builder and appetizer. It was especially beneficial to my children after an attack of fever. Yours truly, E. L. RISING."

At a well attended meeting of the Clerks' Association, last evening, in the Natural History Society rooms, a petition was drawn up to be presented to the city council, asking that body to agree to the closing of all stores at 6 o'clock every evening and at 1 o'clock on Saturdays all the year round. It was announced at the meeting that the managers of the larger retail stores in the city had been interviewed on this subject and they had expressed their assent if the smaller stores would fall in line. In lieu of Saturday afternoon the clerks are agreeable to have the stores open on Friday night during the busy summer season but during the rest of the year they thought that the stores should not be open on any night. In the absence of the president, H. Westford, the vice-president, was in the chair. A committee composed of Archibald Cameron, with power to add, was appointed to place this petition before the council on Thursday. Mr. Campbell said that he had already talked to several of the commissioners on the subject of closing and they seemed favorably inclined towards this scheme. One of the lady members of the association who returned from Vancouver a short time ago where she was employed in a store, said that the clerks in that city had obtained what the St. John clerks were now asking for. It had been put to a vote of the people there and they had decided in favor of doing their week-end shopping on Saturday. It was decided to hold the minstrel show during the second week in April and rehearsals are to start this week. H. D.
