Mrs. Helen G. Bishop against Washington Irving Bishop, the mind reader. If your cough keeps you awake and rest-less by night, take Ayer's Cherry Pectoral and obtain immediate relief. This remedy allays inflammation, heals the pulmonary

organs, induces sleep, and restores health. The sooner you begin the better. Robert T, Lincoln, of Illinois, has been nominated as United States Minister to England.

"When the spring-time comes," we usually find ourselves drowsy and exhausted, owing to the impure and sluggish state of the blood. To remedy this trouble, take Ayer's Sarsaparilla, the most powerful, yet safe and economical, blood-purifier in existence.

There are 2,033 pictures of criminals in the "Rogues' gallery" of the Boston po-

The safe Plan.

When suffering from a troublesome cold, a backing cough, hoarseness, asthma, bronchitis, or other forms of throat or lung troubles, is to use Hagyard's Pectoral Balsam to loosen the phlegm and soothe and heal the inflamed mucous surface. It cures where others fail. A burglar, arrested in Boston lately

had on his breast an Indian ink picture of a gravestone, on which was marked: "In memory of my father and mother." A Cure for Lumbago. That painful complaint can be quickly cured by the right remedy. Miss Mary Jane Gould, of Stoney Creek, Ont., says: "I was troubled with lumbago, and could not get relief until I used Hagyard's Yellow Oil, one bottle of which cured me entirely."

The Vienna Tayblatt announces that an attempt was made to wreck a train on which were the Czar and Czarine, travelling from st. Petersburg to Gatschina.

A Frightened Mother.

"My little girl 4 years old, frightened me one night by a croupy cough, but I gave her a dose of Hagyard's Yellow Oil, which relieved her at once, and she slept well all night. I have since used it in several cases of croup, frost bites, etc., and find it always reliable. Mrs. Eva Bradley, Virden, Mar. 200 bbls. Potatoes.

Aurthur Kruschaurki, aged 14, and heir to \$80,000, has disappeared from Chicago. His fathor believes he has been abducted for the purpose of extorting a

Speaking of clothing, a witty editor writes: "We have seven suits on hand at present. The cheap half wool suit that we have worn since last winter, and six which will be sold low at [small advance for the characteristics]."

The Blood is the Life. And on its purity largely depends the general health. No one is free from danger, and nine-tenths of humanity actually do suffer from one form or other of impure blood. No one remedy has such a wide range of curative power as has Burdock Blood Bitters—that best of all blood purifiers and tonics.

Mr. Henry Chaplin is said to be "the best dressed man" in the British parlia-ment. He is one of the tallest men in the commons, where the average of stature is high, and his gaiters are said to "form a bright spot of color below the gangway."

Ulcerated Stomach.

'For three years I was unable to work, suffering from ulcerated stomach. Medical aid having failed, I was told to try Burdock Blood Bitters, of which 7 bottles made a permanent cure. This was two years ago, and I feel that I have to thank B. B. B. for being alive and well to day." Mrs. Ross Ann McCloskey, Marmora, Ont.

For delicate, sickly Children Scott's Emulsion is unequalled. See what Dr. C. A. Black, of Amherst, N. S., says: "I have been acquainted with Scott's Emulsion of Cod Liver Oil, hypophosphites, for years, and consider it one of the finest preparations now before the public. Its pleasant flavour makes it the great favorite for children, and I do highly recommend it for all wasting diseases of children and adults. Put up in 50c. and \$1 size.

It is figured out that the railroads of the world are worth \$300,000,000,000, or nearly one tenth of the wealth of the civilised nations, or more than a quarter of their invested capital, and that all the ready money in the world would buy only about one-third of them.

I saw how it was he supposed m ged, a mortifying construction t upon the language of a man who stored him to life; yet a few momenta reflection taught me to see the reasonableness of it, for unless he thought me crazy he must conclude I spoke the truth, and it was inconceivable he should believe that he had lain in a frozen condition for eight-and-forty years. I stirred the fire to make more light and sat down near the furnace. His appearance was very striking. The scar upon his forehead gave a very dark sullen look to his brows; his eyes were small and were half lost in the ducky hollows in which they were set, and I observed an indescribably leering, curning expression in them, something of which I attributed to the large quantity of liquor he had years ago-" swallowed. This contrasted oddly with the respectable aspect he took from his baldness—that is, from the nakedness
