EDMUNDSTON ENTERTAINS

Grand Reception Given C. W. N. A. Delegates and Tourists Association—Pleasing Side Trip to Grand Falls

(Telegraph)

Edmundston, June 5.—The members of the New Brunswick Tourist and Resources Association attending the annual meeting to be held here tomorrow and the delegates to the convention of the Canadian Weekly Newspaper Association convention, which is being held at Ottawa on Thursday, Friday and Saturday of this week, arrived here about 6:30 this evening on the C. N. R. standard sleeper Lucerne. Immediately on arrival a dinner was tendered to the visiting newspaper men by the Edmundston board of trade at the Windsor Hotel. After dinner the members of the associations were taken for a drive about the town and surrounding country in automobiles provided by citizens of Edmundston. Expressions of admiration of the beautiful scenery were heard on all sides on the return of the party.

At 9 o'clock a reception was held in the Palm Hall, the guests being received by Mrs. J. W. Hall, Mrs. M. D. Cormier and Miss Agnes Hobart. Following this, the motion pictures of hunting and fishing in New Brunswick were shown at the Star Theatre by W. H. Harry Allen, of Penniac, veteran guide and president of the New Brunswick Guides' Association and a vice-president of the Tourist Association. Later a return was made to The Palm, where refreshments were served and a very enjoyable dance held. The newspaper delegates left for Ottawa after the dance.

Everything was done that could be done for the comfort of the travelers on the trip up. At Woodstock, which was reached about 11:30, the entire party left the train and embarked in automobiles for Hartland. Mayor P. R. Kelly met the train at Woodstock and escorted the visitors to Hartland, a distance of thirteen miles through very beautiful country.

The automobile party drove direct to the train at Hartland and at the railway station Mayor Kelly delivered an address of welcome. On behalf of the aldermen and people of Hartland he extended a very cordial welcome. He spoke of Hartland as the geographical centre of the county of Carleton, which the people of Hartland said was the banner agricultural county of the province. He made complimentary reference to the booklet recently issued by the Tourist Association and pronounced as true all that it contained concerning Hartland. He paid a glowing tribute to Fred H. Stevens, editor of the Carleton Observer and said that a newspaper was indispensable to a community which expected to forge ahead. He wished both organizations a pleasant and profitable trip and in conclusion thanked all for the interest they had manifested by consenting to motor through to Hartland.

Commodore J. L. Stewart, editor of the Chatham World, responded on be-

half of the visitors in a very happy manner. The party then returned to the train, where luncheon was served by some of the ladies of the Hartland Women's Institute. Cheers were given all round and the journey resumed.

At Grand Falls, where there was a stop of about twenty minutes, the party was taken in automobiles to view the falls and afterwards for a short drive about the town. The kindness of the people of Grand Falls was much appreciated. The comfort of the car provided by the C. N. R., combined with the never-failing courtesy of the C. P. R. officials, did much to mitigate the discomforts of travelling on a hot day. At Aroostook Junction the mercury stood at about eighty degrees.

At Edmundston the citizens turned out en masse to meet the party. The band was present and played as the train pulled into the station. The visitors were then taken in cars to their hotels.

Among the members of the newspaper party en route to Ottawa are: J. L. Stewart, of the Chatham World; J. A. Fisher, of the Pictou Advocate, and Mrs. Fisher; H. R. Arenburg, of the Progress-Enterprise, of Lunenburg and Mahone Bay; Fred H. Stevens, of the Carleton Observer, of Hartland, and Miss Stevens; A. R. Brennan, of the Summerside Journal; C. R. Olmstead, of the Victoria County News, of Perth, and Mrs. Olmstead; and Max D. Cormier, of Le Madawaska, Edmundston, and Mrs. Cormier.

St. John members of the Tourist Association here are: H. R. DeBrisay, E. A. Schofield, W. H. C. MacKay, A. L. Gibb, A. G. Currie, C. B. Allan and C. R. Cameron. Among others here are: F. W. Robertson, W. L. Lowther and H. C. MacFarlane, of Moncton, and W. Harry Allen, of Penniac.

IMPRESSIVE SERVICE ON WEDNESDAY

When His Lordship, Bishop Richardson Confirmed a Class of Six

The solemn and inspiring service of confirmation according to the ancient laws of the Church of England was conferred upon six candidates at Holy Trinity church on Wednesday evening, two of the candidates being adults. The church was nicely decorated and the chancel appeared beautiful. The service throughout was impressive indeed. His Lordship himself was afterward heard to remark that nowhere in the diocese could a rural parish put on a confirmation service in such a manner.

As usual the sermon of the gifted orator was at once simple and deep, powerful, thrilling, true to church history yet charitably taking in all branches of the Church of Christ.

A feature of the service that deserves more than special mention was the beautifully rendered anthem, "Sun of My Soul." It is not discounting in any degree the efforts of any others to say that there is no doubt this anthem was rendered in more truly a masterly style than was any ever before presented to a Hartland audience. The rector posess a rare

APPLICATIONS TO HANG SWIM

One Offers to Execute Swim for \$300
—Prisoner in Bad Mental Condition

No less than ten applications have been received by High Sheriff Albion R. Foster from points in the state of Maine, quoting a price to execute Benny Swim, who is condemned to die on July 15. A letter received from a nearby Maine town, concerning the execution, concludes with: "I will be pleased to do the work for \$300, etc." One very zealous New Englander drove up to the sheriff's office in a big touring car and asked for a private interview, which was granted. When the caller had announced his desire to perform the execution, the unusually placid sheriff informed him that his desire and those of other gentlemen from over the border, would not be considered for a moment and surely indicated a depravity that was unspeakable. The man was unceremoniously ejected from the office.

In speaking of the matter, Sheriff Foster said: "In nearly every mail I get a letter offering services for this execution and it is hard to believe that such moral degeneracy exists, as I consider men of the calibre degenerated in every sense of the word. This is a horrible affair and officers of the law fully realise their own position and the duties assigned them and which must be legally carried out."

Swim is in a deplorable state and is rapidly growing worse. He would never be known as the natty dressed and unconcerned prisoner that was in court only a few weeks ago. Every stitch of clothing has been torn off and he is absolutely naked. If he continues in this state much longer he will be put in a straight-jacket, as there is danger of his injuring himself. He seems lately to have acquired enormous strength and a few days ago, when Sheriff Foster, Deputy Moores and the death watch took him from his cell for a wash and general cleaning up he fought like a tiger, and the three officers are carrying pronounced marks of the encounter. The deputy sheriff nearly losing two of his fingers.

Dr. J. V. Anglin, of St. John, who was sent here by the department of justice spent three hours with the condemned man and will make an official report to the department. It is understood that Swim will be subject to further observation.

FINE RESULTS ARE OBTAINED BY THREE FAMILIES

HALIFAX WOMAN SAYS SHE GAINED 12 POUNDS, AND THAT HER HUSBAND AND LITTLE GIRL WERE ENTIRELY RELIEVED BY TAKING TANLAC.

"Since I was helped so much by Tanlac my husband and little girl have taken it with splendid results," said Mrs. Robert L. Allen, 56 Duke St., Halifax, N. S.

"For years I had such bad indigestion that sometimes even milk and toast hurt me. I never could eat fat nor fried food. My liver was out of order too, and I couldn't do a bit of my housework. I was nervous and dull, taking no interest in anything. After trying all kinds of medicine with no results, I got a bottle of Tanlac and I declare it helped me from the first few doses. I have gained twelve pounds and can easily do all my work. We all think Tanlac is just wonderful."

Tanlac is sold by all good druggists.

SOME FAMOUS GEMS.

They Usually Prove Fatal to Private Owners.

Stories of fatal gems are familiar to everybody, and when the famous blue Hope diamond was secured by an American family everybody wondered at their temerity. One death has already been recorded in the family of the McLeans, that of a youth killed accidentally after every precaution had been taken to preserve his life.

Only recently the largest diamond in the world which had for a time disappeared turned up in a jewelry store in Shanghai, China. This marvelous stone, weighing 102.69 carats and measuring more than an inch in width and having a depth in proportion, was once in the possession of Gaby Deslys, and has a mysterious and romantic history.

The jewel is centuries old and is said to have been worn in the jeweled turbans of famous court beauties, shone as the eye in the forehead of a goddess in a temple in Egypt, and to have played a part in the wars of the ancient world. Whatever its mysterious past, the next chapter will be written in ancient Peking. The purchaser of the stone made one visit to the store, inspected the jewel and bought it at once. The diamond was sold for \$50,000 and had been sold for \$75,000 if the color had been perfect and the shape, which was slightly square, round.

Within the past month, the gem collection of the American Museum of Natural History, New York, has received a remarkable necklace which was worn by a Visier of Morocco hundreds of years ago. Suspended from the necklace hang 35 pendants, in pine vertical rows, each row except the middle one containing four pendants. The middle row has only three. In the top row, the pendants are of gold, enameled in red, blue and green and set with large aquamarines surrounded with smaller aquamarines, garnets, diamonds and sapphires. The pendants in the third row are smaller. They hold garnets and aquamarines. The fourth row is made up of small crescents set with combinations of the stones already mentioned. From the centre of the crescents, the last pendants hang—tear-shaped bits of gold containing aquamarines.

The stones are roughly shaped and polished in the manner used in medieval jewelry, the settings following the somewhat irregular outlines of the central stones. Moreover, all the larger aquamarines which form the central stones show that they have been pierced, evidently to be strong together as beads, and indicate they must have belonged to a much older piece of jewelry. It would be interesting to trace the former tragic history of these large aquamarines. Undoubtedly a museum is a safer place for such historic pieces of jewelry than private hands, for it has become almost tradition that the possessors of famous gems live in constant fear and burning dread of uneasiness which more than offsets the delight of ownership, and no wonder, for history reveals that misery, death, revolutions, destruction of kingdoms have hovered over the unfortunate owners.

Verdict—After 200 Years.

The recent Bottomley vs. Bigland case was settled, contrary to expectations, inside an hour. Compare this with another case which has just been settled. It lasted four centuries.

The case was started in the sixteenth century in Italy, and involved an amount reaching the huge sum of \$530,000,000,000.

After defeating the French at Barletta early in the sixteenth century, Charles V. gave to his chief Master of the Horse, Hector Pleramosca Brothen, from mines, water courses, and great tracts of wood in the area of Calabria for his services in having defended the city.

But when it came to an actual settlement, there were obstacles, and the heirs of the Master of the Horse brought a suit to confirm their rights, which had been confiscated almost immediately after they were granted.

After four centuries of law—with frequent delays—the Naples Appeal Court has just confirmed the confiscation, and the disappointed heirs have no further court of appeal. No one can say they did not put up a good fight.

There Are Certain Families In England Who May Marry In Old Westminster Abbey

The wedding of the Princess Mary and Lord Lascelles in Westminster Abbey, and the extremely rare occasions on which the marriage ceremony is performed there, have raised some discussion as to what persons can claim this privilege.

Undoubtedly the Dean and Chapter of the Abbey have the final and decisive voice in this matter. They could, if they desired, even prevent any royal wedding from taking place there, so absolute is their power and control of the famous shrine.

But, on the other hand, there are certain people whom neither the Dean nor Chapter would ever oppose if they desired to be married at Westminster. The first of these is any member of the royal family. But only very seldom indeed have these demanded the right of marriage there. The last case was that of Princess Patricia of Connaught, who was wed in 1919 to Commander Ramsay, R.N., at the abbey. Before that wedding hundreds of years had elapsed since a royalty was married there.

It may be said with fair truth that any clergyman connected with the Abbey would have the right to de-lit the wedding, and that this claim would be admitted by the abbey authorities. Thus, not long ago Rev. Canon Westlake, who wedged a daughter of Rev. A. S. Raynor, master of the "King's Scholars" at Westminster School, in the precincts, was married in King Henry VII's Chapel—which is, by the way, the actual School Chapel, too.

Another notable cleric whose wedding took place whilst he was a member of the Chapter, was the present Bishop of Durham, then Canon Henry Benson. His marriage was celebrated at the High Altar of the abbey, as the princess' was, and not in the famous chapel already mentioned.

The next class of persons who have probably a good claim to be wedded at Westminster belong to families who have certain prescriptive rights, of extremely ancient standing, with the abbey, as regards marriage, christening, and burial. The families of the Dukes of Northumberland and the Marquises of Salisbury, together with a few other old peerages, come in here. This is no doubt the reason why Lady Beatrice Gore, who was a daughter of Lord Salisbury, asked leave to be married in the abbey, and her desire was granted.

Lastly, there is another section of the community which has the right to claim the use of the abbey for a wedding, if this is celebrated within a certain period. These are the "King's Scholars" of Westminster School.

Of course, nowadays no boy would be allowed to retain his scholarship there if he marries during his term at the school, which ends, roughly, when he is nineteen years of age. But in past centuries the married scholar was not entirely unknown in England's great schools. The Westminster "Scholars" are, by royal enactment, actually members of the Chapter at the abbey, and are duly admitted as such at an annual service held by the dean after each new election. Owing to this fact, they are believed by certain legal authorities to be able to demand successfully the right of being married in the abbey, just as, should they die whilst Scholars, they would have some claim to be buried in its precincts.

It is noteworthy that, though no actual Scholar could ever marry, nowadays, nevertheless, when "old boys" do ask to be allowed the privilege, it is seldom denied them, especially if they have resided within the abbey precincts, apart from their actual residence in college.

As witness the case where Mr. J. C. Gow, son of the late headmaster of Westminster, and formerly a Scholar, was wedded in the abbey a few years back in King Henry VII's—the School—Chapel.

Unexpected.

A young man who was recently married thought that as a pleasant diversion for his wife he would take her to a little lodging-house where he used to spend his holidays. He told her he particularly wanted to go there, as they served such lovely honey at every meal. The happy couple arrived just in time for tea, so the young husband secured his wife promptly to a table in the dining-room, then glanced round the board. There was no honey on the table, and none in the room. Very much surprised, he called a waiter. "Here," he said, "I am rather disappointed. Where's my honey?" The waiter, at a loss what to say, finally leaned over the table and said, in a stage whisper, "She doesn't work here now."

Only to Get Married.

An actor, desiring to insure his life, gave as a reference the name of a clergyman, upon whom accordingly he called a representative of the company.

"My dear sir," protested the minister, "my acquaintance with the gentleman is a very slight one."

"That's funny," exclaimed the agent, "because he told me he visited your church regularly."

"He does," was the dry reply. "He always gets me to marry him!"

Comparisons.

Richard: "I suppose when women go to the polling-booths they vote for the handsome men who are candidates."

Kitty: "What makes you think women will demand handsome men to vote for when you look at the kind that most of them marry?"

WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-Intoxication

Auto-intoxication means self-poisoning. Many people suffer from partial Constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood.

As a result, there is Headaches, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.

"Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.

No Appetite

Nervous exhaustion leads to distaste for food. The nerves of the stomach are weak, digestion fails, and you become generally upset and out of sorts.

The secret of complete restoration is in getting the nervous system fully built up.

Mrs. R. Cheney, 208 Richmond St., Chatham, Ont., writes:

"I was troubled with indigestion, which caused me many sleepless nights. I would be in terrible distress at times, and would get no relief for two or three hours. For sixteen months I ate nothing but Shredded Wheat biscuits, as I dare not eat anything else. I did not know what to do, as I had tried so many different remedies, as well as doctors' medicines, without gaining permanent relief. Finally I got some of Dr. Chase's Nerve Food, and while on the second box noticed that I was improving. I continued the treatment until I am now fully restored, and have returned to my regular diet. My husband has also taken Dr. Chase's Nerve Food with splendid results, so we are glad to recommend it to others."

Hall's Catarrh Medicine

Those who are in a "run down" condition will notice that Catarrh's medicine does much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier, and acts through the blood upon the various surfaces of the body, thus reducing the inflammation and restoring normal conditions. Circular Free. Railway News

Vancouver. — The C. P. R. have taken the lead in employing white laborers in preference to Orientals, 66 men being sent to Revelstoke division for track work through the Provincial employment bureau at Vancouver.

This step was a result of a conference recently between F. H. McVety, superintendent of the employment bureau, and F. W. Peters, general superintendent of the C. P. R. western district.

The Canadian Pacific Railway has made arrangements for the convenience of the travelling public whereby they may insure their baggage and personal effects while travelling by land or sea in any part of the world.

Policies cover the property of the insured against all risks of rail and water transportation, including theft and pilferage wherever the insured goods may be, except while in the permanent residence of the assured person.

Persons travelling may secure policies from the agents of the C. P. R. at the principal stations throughout Canada and the United States.

In addition the policies will be on sale in the baggage rooms at: Brandon, Man.; Brockville, Ont.; Calgary, Alta.; Edmonton, Alta.; Windsor St. and Place Viger Stations, Montreal; Moose Jaw, Sask.; Quebec Station and Wharf, Que.; Regina, Sask.; Toronto, Ont.; Vancouver Station and Wharf, B.C.; Winnipeg, Man., and Fort William, Ont.

One hundred and sixty-six of the passengers aboard the Canadian Pacific liner "Montrose," on her maiden voyage from Liverpool to Montreal have addressed a letter to Mr. G. M. Bosworth, Chairman of the Canadian Pacific Steamships Limited, expressing their appreciation of the new liner. The letter says:

"On the occasion of the maiden trip of the R.M.S. 'Montrose,' we, the undersigned passengers, from Liverpool to Canadian points, desire to express our great appreciation of the beauty and extreme comfort of the ship in all its details and arrangements for both private and public use.

"We also desire to place on record our great satisfaction with the courtesy, kindness, and never-failing efforts on the part of the Commander, Officers and Crew to make this voyage one of real pleasure.

"The catering and general service have been, as usual, up to if not exceeding C. P. R. standards.

"We therefore beg to congratulate the Company on having such a steamer as the 'Montrose' added to its fleet, and ourselves on having had the privilege of taking part in its maiden voyage."

The first Trans-Canada C. P. R. train of the season left Windsor Street Station, Montreal, at 5 p.m. Sunday, May 21st, and left Toronto at 9 p.m. on the same day.

This splendid train, carrying standard sleeping car equipment only, and making the fastest time between terminals of any trans-continental train in America, leaves Montreal, Windsor Street Station at 5:00 p.m., and Toronto Union Station at 9:00 p.m., Eastern Standard Time daily, consuming 88 hours between Toronto and Vancouver, and 92 hours between Montreal and Vancouver.

The schedules are so arranged that the train passes through all important points (commercial or tourist) at most convenient hour of en-training or detrainning, and during the portion of the trip through the Canadian Rockies open observation cars from Field to Revelstoke are special features. There is no extra charge made for this feature by Canadian Pacific.

Although this is the only de-luxe train run in Canada in which sleeping car passengers only are carried, there is no extra fare required to travel on same.

With the resumption of the full summer trans-continental service the Canadian Pacific will have at 8:00 a.m. every day thirty-six trans-continental trains moving on its rails at various points between Montreal and Vancouver (and 36 dining cars are serving breakfast), among which are included eight "Trans-Canada" trains—of all this vast fleet of high class trains the Trans-Canada is the "Premier Train."

The Trans-Canada is in addition to the "Vancouver Express" now operating, making two trans-continental trains daily between Toronto and Vancouver. Travelling by the Trans-Canada a business day is saved on the trans-continental trip as the business man has had his breakfast and is ready for business the second morning in Winnipeg, the third morning in Calgary, and the fourth morning in Vancouver. The Canadian Pacific will this summer have four trans-continental trains each way every day over the mountains.

BANFF WINTER CARNIVAL

(1) Indian Tepees arranged down the Main Street at Banff. (2) The Ski Slide at Banff.

In a setting of snow-capped mountains and sombre pines in the heart of the Rockies, Banff, Alberta, was at its best for the sixth annual winter carnival which opened on January 28th. Under ideal weather conditions the wonderful playground was gay and smiling for the event. Banff Avenue, the main street, was typical of the mid-west in the unique arrangement of tepees and pine trees. Each tent was gaily painted, Indian fashion with elk, bear, buffalo head and fantastic designs. Flags fluttered bravely in the breeze on the gay highway leading to the crowning feature, the monster ice palace. It is built at the entrance to the new bridge across the Bow river, directly in front of the prison. In a setting of snowy pines, the spectacular palace takes the form of an old English gateway, forming a great ice wall, 80 feet wide, across the street with drives through it wide enough to allow motors to pass. The central tower is 80 feet high, and the side towers are 12 feet high. About 500 blocks of ice, each 44 inches by 22 by 28, 960 pounds each were taken from the Bow river for the construction of the glistering gateway. Passing through the palace gates, roads lead to Spray Avenue to the C. P. R. Chateau, to the Cave and Basin, to Sulphur Mountain and to the Alpine Club of Canada.

Indian Tepees arranged down the Main Street at Banff. (2) The Ski Slide at Banff. The Sports Association, "Let's Go," was heartened to by people from Vancouver to Montreal was evidenced from the registration at the various hotels. Winter togethery was everywhere in evidence in the blanchet coats in their brilliant coloring, the furs, the moose-skin feet, the bright sweaters, sporting toques, toboggan costumes, ski-ing suits. There were Mounted Police in smart uniforms, pioneers in good old buffalo coats, Indians in gorgeously beaded costumes, the north, south, east and west all mingling in a happy-companionship in God's great out-of-doors.

Looking up Tunnel mountain it seemed that one of the most exhilarating of winter sports was planned for extra thrills. The slide was constructed on the natural slope directly down Cariboo street, a distance of about half a mile marked all the way by flags fluttering in the breeze, giving a bright note of color to the landscape.

Banff has become one of the most prominent ski-centres on the continent. The spectacular ski-hill on Tunnel mountain was the scene of some important events in which jumpers of international fame took part.

Snow shoe parties were one of the popular forms of sport and hike to the various favorite spots with

bonfire lunches in the mountain cabins were organized by the veteran snow-shoer, Mr. N. B. Sarnon. One and all declared that conditions were never better for this form of sport and it gave the visitors exceptional opportunity of enjoying the beauty of the mountains.

Skating Canada's crowning winter sport, formed important events on the large open air rink on the Bow river, with old Mount Rundle towering down on the merry male-ice. Hockey enthusiasts had a week of sport. Teams from Carstairs, Camrose, Bankhead, Calgary and Vancouver took part in the games.

A unique feature was the Packing contest in which several "old-timers" as well as Squawps from the Stony Indian reserve took part.

Miss Phoebe-Senkler, of Vancouver, Queen of the Carnival, was a guest of the association and took a prominent part in the festivities.

The variety of attractions kept everyone in the real carnival spirit—the wood chopping contests, the whippet races, the sleigh dog races, the trap shooting, the Indian pow wow when the Indians, old and young, were out in great splendor, kept carnival guests busy. It all led one to declare that in summer or winter robes, Banff, rich in color and conditions, is one of the world's most glorious natural playgrounds.

BAD ROADS

A chain is not stronger than its weakest link. The main-travelled highway between St. John and Edmundston for the greater part of its distance has in recent years had a great deal of money expended, and a large portion of the road is of distinct credit to the Foster government.

One portion of this important trunk line is, however, a disgrace to the most remote of back settlements. This is the portion between Woodstock and Florenceville. No highway in the province is more important, it not only forming an important link for tourist but being the means of connecting the chief towns of the province. The road should be put in fit condition with no delay whatever. It simply must be rebuilt at once.

MAGIC BAKING POWDER DEMONSTRATION

During last week the demonstrators of the Magic Baking Powder, manufactured by E. W. Gillette & Co., were at the stores of F. F. Plummer and Keith & Plummer. Mrs. Strang being at F. F. Plummer's and Mrs. Savage at Keith & Plummer's. Large numbers of house wives were interested in the making of cake by the use of this famous baking powder, and the Observer was amply remembered in generous samples supplied each day. The frosting on the cake made by the demonstration were all particularly fine quality and there is no doubt that Magic Baking Powder will have an increased and long continued sales.

MRS. ROBERT BEVERIDGE

Mrs. Robert Beveridge, Jr., of St. Elmo passed away at her home Sunday afternoon, June 4, after an illness of three days of hemorrhage of the brain, stricken Thursday afternoon while using the telephone and never again regained consciousness. Dr. Earle of Perth was at once called, also Dr. Rankine of Woodstock, but medical aid was of no avail. Mrs. Beveridge was a young woman full of life and hope and her death has come as a great shock to her many relatives and friends. Before her marriage she was Miss Belle Giberson, a daughter of Munzer Giberson and a granddaughter of Munzer Giberson of J. W. Witherly of Fort Fairfield. She leaves to mourn a husband and three children, also a large number of relatives. The funeral took place Tuesday afternoon, interment being made in the Arthurette cemetery. The sympathy of all go to the sorrowing family.

FORT FAIRFIELD NEWS

(Review)

The Department of Public Works for New Brunswick has let the contract for the building of a piece of road between Andover and Aroostook Junction. The people over in our sister province are complaining much of the condition of the road between Woodstock and Florenceville.

Mrs. Fred W. Foster and Miss Inez Foster went to Carmel a few days ago to visit the former's niece, Miss Daisy Curtis. Mrs. Foster has returned home, but Miss Foster will remain for a time, then going to East Corinth to visit relatives.

Mr. and Mrs. John Holman and Mr. and Mrs. C. R. Dillon visited Hartland, N. B., Sunday by automobile. While there they were guests of Mrs. Elizabeth Richardson and her son Arthur, the latter of whom remains in about the same condition as for some time past, remaining in bed a large part of the time.

REV. A. M. MCNINTOSH MAKES CHANGE

A. M. McNintosh of Clementsport, N. S., underdate of May 31: "I have received a call to the Baptist church at Springhill, N. S., and will take up my work there June 11. I have spent six very pleasant and, I trust, profitable years here, while I am leaving now with the universal regret of my people on the entire field. Yet I feel the change from three churches to a town, where I have one congregation, will be a grand change for me. My present pastorate is Clementsport, Dup Brook, Smith Cove—a very beautiful place—yet hard on account of the driving; etc."

[The above was recently received by the Editor.]

DO WOMEN WORK AS HARD AS MEN?

Yes. And They Must Keep Well and Strong

Two Interesting Letters

Toronto, Ontario.—"When my husband was called back to England in 1914 I took Lydia E. Pinkham's Vegetable Compound to strengthen me so I could work. I had a trouble that used to make me weak, but I am able to do my work now and am perfectly satisfied with your medicine. I still get it at the chemist's and I strongly recommend it to anybody I hear of suffering as I did. You may publish this if you wish."

—Mrs. E. Haskins, 895 Yonge St., Toronto, Ontario.

I Did Not Feel Like Working

"I was in a general run-down condition with a weak back and a tired feeling so that I did not feel like working. My mother was taking Lydia E. Pinkham's Vegetable Compound and recommended it to me, so I have taken it and my back is better and I am now able to do my work. I recommend the Vegetable Compound to my neighbors and you may publish my letter."

—Mrs. Josephine A. Giesler, Box 47, Carbon, Alberta.

Lydia E. Pinkham's Vegetable Compound should be taken when you first notice such symptoms as nervousness, headache, weakness and irregularity. It will help you and prevent more serious trouble. Give it a fair trial.

WORLD SHORTAGE IN TEA RESULTS IN HIGHER PRICES

During 1919 and 1920 the greatly increased production and unlimited shipping facilities resulted in enormous quantities of tea reaching every market of the world. A consequent drop in price was the result. To stabilize the situation, the tea growers of Ceylon and India agreed to curtail production 20 per cent in 1921. Since that time the demand has been constantly increasing and the price rising. The recent reduction of duty on tea entering England has further increased the demand, and the price is expected to rise accordingly.

TO-DAY

in medicine, as in every other necessity, the public is satisfied with nothing but the best. This explains the ever-increasing demand for Zam-Buk. Not only is this great balm the best household remedy to-day, but it is also the most economical.

Zam-Buk's superiority is due to the fact that it is all medicine, containing some of the coarsest animal oils or harsh mineral drugs found in ordinary ointments. Again, the medicinal properties are so highly concentrated that they contain the maximum amount of healing, soothing and antiseptic power, so that a little of this balm goes a long way.

Another reason why Zam-Buk is most economical. It will keep indefinitely and retain to the last its strength and purity. Best for skin diseases and injuries, blood poisoning and sores. All dealers, Etc. box.

AMERICAN COMMANDER HONORS CANADA'S DEAD

ON the occasion of his recent visit to Montreal to receive a degree from McGill University, General John J. Pershing, Commander-in-Chief of the United States Army, paid graceful tribute to Canada's soldiers who gave their lives in the Great War. At the end of the day, as he went to his private car in the Windsor Street C.P.R. Station, General Pershing took occasion to pay a visit to the bronze group erected to the memory of eleven hundred C.P.R. employees who died in the service of King and country.

At a Canadian Club luncheon during the afternoon, General Pershing had said:—

"I think no army that served in the world war suffered more than the Canadians; none were more gallant; none came home with greater laurels than those American representatives from north of the 49th parallel. I do not wish to draw any comparisons, but out of those 450,000 Canadians who went overseas to fight for liberty and justice about half were casualties. No army has a better record than that, and it is something of which Canadians and Americans are justly proud—for we are all Americans in a broad sense."

As the General approached the statue he stood to attention and saluted, and later on, with the greatest of good nature, agreed to pose in front of it for the benefit of the press photographers. General Pershing is accompanied by Colonel J. T. Lorne (right), and Major Marshall, his aide-de-camp.

LOCAL AND PERSONAL ITEMS

The pictures last week were better than ever, though not so well attended on account of weather conditions. The Journey's End on Wednesday was an excellent picture and "Cupid the Cow Puncher" with Will Rogers and Helena Chadwick, which was sent on Saturday as a substitute for the one advertised was a corker. On each evening we were given a comic for good measure. Come on Wednesday night and see what happens when one tries to follow his neighbor's lead, no matter what the cost in "Keeping up with Lizzie", one of Irving Batchellors funny stories.

Miss Mary Gallagher of Fredericton spent the holiday with her parents, Mr. and Mrs. S. T. Gallagher.

Bishop Richardson preached in the Episcopal church on Thursday eve and officiated at the confirmation ceremony of a half dozen candidates.

Friends of the late Glenn Nicholson will be sorry to learn of his death on Saturday morning at his home in St. Stephen after a short illness from heart trouble. Mr. Nicholson made numerous friends while principal of the school here during two terms in 1920-1921. Leaving here he was engaged at Plaster Rock but was obliged to resign on account of ill health. Deceased was about twenty two years of age.

William Lane of Winnipeg, who was principal of the school here in 1897, was calling on friends in town on Sunday afternoon.

G. E. Wilson and Wallace Goodspeed spent Wednesday in Woodstock.

Misses Faye and Mamey Burr spent

Monday at Aroostook Junction the guests of Mr. and Mrs. Robert White. Mr. and Mrs. D. E. Cliff and Mr. and Mrs. Wm. Bruce went to Newcastle for the holiday returning on Monday.

Mr. and Mrs. E. E. West and Mr. and Mrs. R. J. Clark spent Monday at Grand Falls.

Mrs. Cochrane of Woodstock is visiting Mrs. W. B. Stiles who has been ill.

Miss Eva Alexander is spending a few days with relatives in Jackson town and Woodstock.

Dr. and Mrs. F. M. Brown left on Monday for Philadelphia to be present at the closing exercises of Bryn Mawr College at which their daughter, Miss Vera Brown, graduates.

Mr. and Mrs. Roy Huggard have returned to St. John after a pleasant visit with Mr. and Mrs. James Crose.

Miss Gilmour returned to Bristol on Sunday.

Dr. Murray and Miss Marguerite Campbell spent Sunday with Mrs. R. W. Campbell.

On June 11, Rev. H. R. Bell will preach at Centreville, 11 a.m. and 7.30 p.m.; Carville, 3 p.m. Morning subject—"Moses's Religion". Evening subject—"Is there a personal devil?"

Special music. Come and hear.

On Sunday, June 11 (Trinity Sunday), Rev. C. R. Canham will preach at Centreville 11 a.m. (Holy Communion); Florenceville, 3 p.m.; Greenfield 7.30 p.m. Subject throughout the day "The Ever Blessed Trinity". Friday evening at 7.30, June 9, service of preparation for Holy Communion.

Better Roads Without Expense.

In districts where traffic has increased on the roads, more serious by the changes from horses to motor cars, road engineers are apt to be pessimistic about the heavy cost of bringing the road up to the higher standard necessary. In one British city, however, the road engineer has cleverly contrived to make the change without demanding any increase in the rates for road making and maintenance. The secret of his success lies in the skilful use of materials having a long life. He claims that a good water-bound road, eight yards wide, painted or sprayed with tar, can stand 400 to 600 tons of mixed traffic per day. For roads carrying 80 to 100 buses, tar macadam on a sound foundation is economically satisfactory; and on roads with 5,000 to 4,000 tons per day of mixed traffic, a similar surface is sufficient. In one case a road was laid with clinker-asphalt four years ago and shows no signs of deterioration although the traffic amounts to 6,000 tons per day.

First Sewing Machine.
The first sewing machine was invented by Thomas Saint, an Englishman, in 1790. It could sew plain stitches and was designed chiefly for sewing on leather.

Some years later a French tailor named Thimmonier brought out an improved machine for sewing on cloth. He started a factory, but a party of tailors, fearing that the machines would ruin their business, broke in and destroyed them.

In 1833, William Hunt, an American, introduced the first "lock-stitch" machine, but neglected to take out a patent, and the invention was a failure. A little later, Elias Howe invented a somewhat similar machine. Being unable to overcome the prejudice of American tailors, the inventor took his machine to England.

Bairnsfather.
The idea of "Old Bill," "Fragments from France," and "The Better Ole," said Captain Bruce Bairnsfather at the London Playgoers' Club rose from sheer pain. He sat in the mud and got so frenzied that his feelings broke out in picture form. He drew sketches of the sergeants and officers sitting round him, which the men stuck up in their dug-outs.

The colonel, the divisional commander and other officers, said, "E. B." got hold of his drawings, and it was bruited about that there was an eccentric lunatic in the trenches drawing pictures.

Perfectly True.

Mrs. Howe: "This paper says that mice are attracted by music; but I don't believe it."

Mr. Howe: "Why not?"

Mrs. Howe: "Because I never see any mice about when I play the piano."

Mr. Howe: "Well, that's no reason for doubting the paper's statement."

CARLETON CO. S. S. CONVENTION

will be held in the United Baptist church, Jacksonville, July 5 and 6, 1922. First session beginning at 7 p.m. on Wednesday, July 5 and three sessions—morning, afternoon and evening of July 6. Miss Alice M. Harrison, Secretary of the Children's Division of the Maritime Religious Educational Council, Rev. I. W. Williams at East Florenceville and a number of Carleton county S. S. workers will be present and give addresses on the various phases of our Sunday School Work as it affects our community, our business and our national life. All schools in the county are cordially invited to send two or more delegates and everybody is welcome to come and get and bring inspiration and help to the greatest institution in the world for the welfare and education of the coming generation of our Canadian people.

CLARK A. McBRIDE,
County Secretary.

THE REWARD OF CARELESSNESS.

Many fine homes have been lost by lightning, merely because rodding was one of the things their owners were going to do "some day." Loss of your home may be the reward of similar carelessness.

The Dodd System of Lightning Protection makes loss by lightning IMPOSSIBLE and is GUARANTEED in writing.

THE COST? Nothing compared with the possible saving.
