PROVINCIAL ELECTIONS ON AUGUST 14th

Legislature dissolved on Monday and all Parties Preparing—The Returning Officers Named—Candidates in Field.

The Saskatchewan legislature was dissolved on Monday and a proclamation issued announcing the general elections for the province on August 14th, with nominations one week previous, Aug. 7th.

The announcement came as a surprise to all parties, even to supporters of the government. As a result the government will not have the warm support from its friends that it would otherwise expect. Both parties are now right into the fight.

The Liberals have an office in the Darke block where yesterday they had a big shipment of literature stored which arrived from the east. We understand they are having a telegraph wire installed for their party use.

The Provincial Rights party also got busy at once and the completion of the organization in the constituencies not fully covered will be rushed at once. A convention for Regina City will be held on Thursday evening. This party already has men in the field as follows:

- 1. Weyburn—Geo. Boisichel.
- 2. Swift Current—W. D. Smyth.
- 3. Moose Jaw County—Darrel.
- 4. Others will be in the field before the end of the week.
- 5. The returning officers for the different constituencies are announced as follows:
- 1. Pipestone, A. B. Potter, Montgomery, P.O.
- 2. Last Mountain, Malcolm Currie, Goran, P.O.
- 3. Hanley, Frederick Riley, Hanley, P.O.
- 4. Touchwood, G. M. Atkinson, Wishart, P.O.
- 5. Hetherby, W. J. Smith, Fielding, P.O.
- 6. Moose Mountain, J. S. Chambers, Grenfell, P.O.
- 7. S. Qu'Appelle, Robt. C. Sanderson, Indian Head, P.O.
- 8. Prince Albert City, Frank W. Hallday, Prince Albert, P.O.
- 9. Prince Albert County, Wm. H. Hutchinson, Prince Albert, P.O.
- 10. Moosomin, David Miller, M.D., Wapella, P.O.
- 11. Saltcoats, Samuel John Mufford, Rothberry, P.O.
- 12. Pelly, J. J. Wallace, M.D., of Kamsack P.O.
- 13. Athabasca, W. H. Goodfellow, Prince Albert P.O.
- 14. Humboldt, Jos. I. Werner, Watson, P.O.
- 15. North Qu'Appelle, Thos. N. Bee Lemberg, P.O.
- 16. Arm. River, R. G. Seelering, Crail, P.O.
- 17. Saskatoon City, Jos. H. Holmes, Saskatoon P.O.
- 18. Moose Jaw County, John Bastedo, Moose Jaw, P.O.
- 19. Saskatchewan County, W. J. Gold, Langham, P.O.
- 20. Swift Current, Robt. R. Anderson, Swift Current.
- 21. Regina City, Frank J. Reynolds, Regina, P.O.
- 22. Regina County, R. A. Carman, Halden.
- 23. Weyburn, Paschal E. Metheral, Weyburn.
- 24. Souris, Andrew A. Lushart, Carnduff, P.O.
- 25. Francis, W. G. Francis, Francis, P.O.

THE CROP PROSPECTS ARE EXCELLENT

Tour of Wm. White and Winnipeg Men Through The Wheat Country—120,000,000 Bushels of Wheat is the Estimate.

The main topic of conversation in all places these days is the growing crops. Everyone is interested in this year's crop. A successful harvest means much in the restoring of financial confidence. The banks are anxious for a good harvest to clear up a lot of paper. The railway companies are also much interested as they have to get their rolling stock in shape. To size up the crop Second Vice President White of the C.P.R. toured the wheat belt last week in company with several Winnipeg gentlemen. On the tour R. L. Richardson, who was one of the party writes for the Winnipeg Tribune as follows:

The west is certainly a wonderful country. Even the people who live in it have little or no conception of the greatness and unlimited resources. Four days spent in an observation car drawn by a swift running locomotive, serves to convince one, at least to some extent, of the wonderful development and marvellous possibilities of the west. When it is remembered that such a sweep around the circle and only securing a glimpse of the fringe, it is calculated to produce thoughts about the future and the figures pertaining to total production that makes one dizzy. It would be a dull and laborious task to trace in the ordinary way over the immense district covered and report upon the crop, but when the task is reviewed by the comfortable accessories of official travel with the flower of the service as host, and every facility for observation and study, including maps, etc., is provided, and the talk ensemble is relieved by good company, entertaining, instructive and inspiring story, to say nothing of a beautiful profusion of fragrant flowers, the product of the magic prairie, ever before you, the case is entirely different.

On the invitation of Mr. White, 2nd vice president of the C.P.R., a party consisting of Sir Daniel McMillan, Mr. G. J. Bury, Andrew Keh, manager of the Western Canada Flour Mills, Geo. V. Hastings, general manager of the Lake of the Woods Milling Co., W. A. Black, manager for Ogilvie's Mills; J. T. Arundel, acting general superintendent and the editors of the Winnipeg dailies, left Winnipeg early Tuesday morning for the purpose of viewing the standing crops, making an estimate of the probable yield, sizing up the facilities for handling the same, and in a general way viewing the crop situation.

The special train carrying the party consisted of Mr. Whyte's private car, "Manitoba," Mr. Bury's car, "Champlain," a baggage car and a swift engine, which was in charge of the well known and reliable engineer, James Stuart, who drove the engine throughout the entire trip. W. B. Anderson was the fireman. Conductor E. S. Ward was in charge, and Messrs. J. Adrain and W. J. Johnson were attached to the crew. "Courtney," the well known artist, was in charge of the cuisine department.

During the trip a distance of 1,728 miles were covered and sometimes the train ran at a speed of 85 miles an hour. The run throughout was not attended by any mishap, although great speed was maintained and often upon the branch lines.

This fact testifies to the universally good condition of the road bed by the branch lines as well as the main line. The main line is in as good condition as any road on the continent. Special care has been taken to maintain the excellence of the main line, especially in view of the enormous strain that is likely to be placed upon it in connection with the moving of the present crop. One of the objects of the tour of inspection was to see that the roundhouses, the rolling stock, switches, yards and everything pertaining to the operation of the road was in the best condition to cope with the expected rush of business.

THE CROP
It would be superfluous to enter into any details with regard to the conditions of the crop. Speaking generally, it is excellent. The area under cultivation is enormous. As one sweeps over the prairie, he is struck with the contrast between the conditions now and ten or fifteen years ago. Instead of finding an occasional wheat fields and great expanses of virgin prairie, as was the case some years ago, the situation is reversed. There are miles upon miles of waving grain and an occasional stretch of uncultivated prairie.

The first day was consumed inspecting through southern Manitoba, via the Deloraine branch, and on to Estevan. While the crop in this portion of the country was, generally speaking, pretty good, quite a number of fields were noticed that were not up to the average. In some cases it appeared as if the fields needed rain, but the downpour that followed shortly after the train swept through corrected this situation. It was quite evident that the farmers had not been doing their duty with regard to the removal of weeds, as very many fields exhibited evidences of slovenly farming.

From Estevan the train moved north over the Soo line to Moose Jaw. Some light crops were noticed between Estevan and Weyburn, although there were thousands of acres of first class wheat. From Weyburn to Moose Jaw the crop was generally fine. On Wednesday the train moved over the Arcola line from Regina down to the Souris country and then up to Brandon. With a few rare exceptions the crop along this stretch was found to be in good shape and the yield will be heavy. The following day the party ran over the Kirkella branch clear up to Saskatoon. Along the Qu'Appelle valley the crop did not appear to be as advanced as was observed in some other portions of the west, but on towards Saskatoon some of the best crops that were noticed during the trip were found. There is wonderful development through that district, stimulated no doubt, by the active construction of railroads. A pleasant stay was made at Saskatoon, where the enterprising citizens of that bustling metropolis did everything in their power to interest and entertain the visitors. There is no doubt that Saskatoon, located as the city is in the centre of a wonderful productive region, has a bright future before it. Passing from Saskatoon to Regina some very fine fields were observed.

For the Housewife!
FOR CLEANING CARPETS USE SUFFICIENT "YOUNG TOM"
to make a pailful of rich suds. Take a sponge or woollen cloth (sponge preferred) dip into suds and squeeze until reasonably dry; wipe over surface of carpet, covering a small area at each time, then after thoroughly rinsing in clean water take sponge and go over soaped surface thus removing all traces of soap from the carpet. Sponge over the whole carpet in this manner and you will find that you have it thoroughly clean.
Makes Carpet Look Like New
"YOUNG TOM" Washing Powder

SPLENDID STOCK

At the Provincial Fair—Lieut. Governor Opened the Show on Tuesday—Good Crows

The first provincial fair opened yesterday with fine weather and a good attendance. The exhibition was declared open by Lieut.-Gov. Forget at 1.30 in front of the main building. The exhibit of stock is splendid and surpasses that of any former show. The machinery section is also well filled and attracts a good deal of attention.

The main building is a disappointment. While it is all filled yet in many cases it has not the exhibits that should be there. There are too many hawkers and not enough exhibitors. The exhibits of local men are too few; however, the prices for space was raised and that may account for the change from past years. The platform attractions are good and many good speeding events are on the card. We will give a list of the prize winners in our next issue.

South Qu'Appelle has cancelled its exhibition which was to have been held on July 30 and 31st. The reason given is conflicting excursions to the Indian Head experimental farm.

IMPOR... TO... Something Right! Sure in Mind-Voters. It should be voters' lists to be in courts not be used for Aug. 14th, and to inform ever The preparation however will necessary for that they are through they are in this election appointed who same manner lists are prepared elections. Two must be posted division eight If they in a place appointed tion, a copy of posted in the p to each of the p be a written no and time at w may be found f ding names on the At any time o polling day, a c added to the l the enumerator, find the names o on the lists the ject within the qualified voter sion is not on t he will still h on taking the o If anyone is a candidate in s vision than the sion, he should cation from the e polling division, qualified voter f sion, on produc case he will be the poll at whic three certificates any polling divi follows: Male age, who are birth or natural Indians or Chine in the provin for and in the e three months, in the date of the J is the 20th of J

IMPORTANT TO VOTERS

Something for Provincial Right Supporters to Keep in Mind--Qualification of Voters.

It should be borne in mind that the voters' lists which are now supposed to be in course of preparation will not be used for the general provincial general elections to be held on Aug. 14th, and care should be taken to inform every voter of this fact. The preparation of the voters' lists, however, will still go on and it will be necessary for our friends to see that they are properly prepared, although they are not going to be used in this election, enumerators will be appointed who will make up lists in the same manner as the enumerators' lists are prepared for the Dominion elections. Two copies of these lists must be posted up in each polling division eight days before polling day. If there is a post office near the place appointed for the polling station, a copy of the lists must be posted in the post office. Attached to each of the copies of the lists will be a written notice stating the place and time at which the enumerator may be found for the purpose of adding names to the lists, or objecting to names on the list.

At any time up to two days before polling day, a qualified voter may be added to the lists on application to the enumerator, and if our friends find the names of unqualified persons on the lists they have a right to object within the same time. If any qualified voter for the polling division is not on the list on polling day he will still have the right to vote on taking the oath of qualification. If anyone is acting as an agent for a candidate in some other polling division than the one in which he resides, he should apply for a certificate from the enumerator of his own polling division, stating that he is a qualified voter for that polling division, on production of which certificate he will be entitled to vote at the poll at which he is acting. Only three certificates can be granted for any polling division to the agents of any one candidate.

The qualification of voters is as follows: Male person 21 years of age, who are British subjects by birth or naturalization, who are not Indians or Chinese, and have resided in the province for at least one year, and in the electoral division for three months, immediately preceding the date of the writ of election, that is the 20th of July.

The Crop Prospects Are Excellent

(Continued from page 1.)

The next day was spent in inspecting the crops north of the main line in Manitoba, the special running over the Rapid City line and around by Minnedosa, and finally through the far famed Portage Plains.

The general conclusion was by all odds the highest crop that has ever been reaped in this country will be harvested within the next two months, unless some act of God prevents it.

Various estimates were made en route, of the wheat product of the three provinces, and it was the consensus of opinion that it would not be less than 120,000,000 bushels.

Interviews were held with leading people at many points throughout the west. A feeling of optimism was discovered in every case. Money has been scarce for a year or so, but at present the crop prospects are being discounted and money is flowing more freely. With the gathering of the harvest, the general opinion is that the stringency will soon disappear.

The C.P.R., in view of the situation, is taking pretty active measures to meet the anticipated emergency. A number of branch lines are being extended, and this will add materially to the capacity of the company. On the Moose Jaw-Lacombe line, 120 miles beyond Moose Jaw will be operated. The Kirkella extension will be operated for freight purposes as far west as Wilkie, which is 123 miles beyond Saskatoon. The Sheho line will be extended until it makes connection with the Kirkella line at Lanigan. The new lines from Reston to Wolseley and from Stoughton to Weyburn will be completed before the crop is ready to move.

The best that the company has ever done in the past was to move 400 cars a day. With the great percentage of locomotives and rolling stock that has been added this year and with more than half the section between Winnipeg and Port Arthur double tracked, the company is confident that they can move not less than 600 cars per day, which will be in excess of one million bushels. It will be seen that the company will be doing 50 per cent. better than it ever has done in the past.

On the arrival of the party in Winnipeg after the trip, the most cordial thanks were extended to Mr. Whyte, who as a host cannot be expected on this or any other continent.

IMPORTING REGULATIONS

Regarding Stock which is Being Imported into Canada for the Improvement to Stock.

On July 1st there came into effect new regulations regarding the customs entry of animals imported into Canada for the improvement of stock. Heretofore all certificates of registration which were apparently genuine were accepted by customs officers for the purpose of free entry. Under the new regulations either a Canadian certificate of registration or an import certificate as the case may be must be presented.

Canadian certificates of registration must be presented at the port of entry for the following classes and breeds:

CATTLE: Shorthorn, Ayrshire, Hereford, Galloper, French Canadian, Aberdeen-Angus, Red Polled, Jersey, Guernsey and Holstein.

Horses: Clydesdales, Hackney, Percheron, Shire, Thoroughbred Belgian and French Canadian.

PONIES: Shetland, Welsh, New Forest, Polo, and Riding, Exmoor, Connemara and Hackney.

SWINE: Yorkshire, Berkshire, Tamworth, Chester White, Poland China, Duroc Jersey, Essex and Victoria.

SHEEP: Shropshire, Lincoln, Oxford Down, Dorset, South Down, Hampshire and Leicester.

The Canadian records for all above mentioned breeds with the exception of that for Holstein cattle are conducted under the Canadian national records, Ottawa. The Holstein records is located at St. George, Ont.

In making application for the registration of an imported animal the foreign certificate of registration in addition to the usual application must be forwarded.

There are from time to time animals imported into Canada of breeds for which there are no Canadian records, but which are recorded in books of record of one of the following recognized foreign associations:

Horses: Suffolk Horse Society of Great Britain; Cleveland Bay Horse Society of Great Britain and Ireland; Yorkshire Coach Horse Society of Great Britain and Ireland; the American Morgan Register Association;

American Saddle Horse Breeders' Association; American Trotting Horse Register Association; Commission des Agriculteurs de France (French draft); Commission des Stud Book des Chevaux de Dem-Sang (French Coach); Landwirthschaftlichen Hauptverein für Ostpreußen (German coach); Zuchtverband des Süddeutschen Zuchtgebietes (German coach); Verband der Züchter des Oldenburger eleganten Schwere Kutschpferdes (German coach); Verband der Pferdezüchter in den Holsteinischen Merschen, (Oldenberg).

Cattle: Highland Cattle Society of Scotland; Kerry and Dexter Herd Book (Dublin, Ireland); Sussex Herd Book Society (Great Britain); Polled Durham Breeders' Association (United States); National Polled Hereford Breeders' Association, (United States).

Swine: Large Black Pig Society, (Great Britain); Suffolk Sheep Society, of Great Britain; Kent and Romney Marsh Sheep Breeders' Association, (Great Britain); Cheviot Sheep Society (Great Britain); Wensleydale Longwool Sheep Breeders' Association (Great Britain); Black Face Sheep Breeders' Association (Great Britain).

Goats: British Goat Society. Asses: Societe Centrale d'Agriculture des Deux Seves (France); Stud Books of Jacks and Jennets of Spain.

To secure free customs entry for an animal so recorded it is necessary to forward to the Canadian National Records, Ottawa, the foreign certificate of registration. The accountant of the Canadian National Records will return to the importer the foreign certificate to which will be attached an import certificate which will be authority to the customs officer to admit the animal duty free. A nominal charge will be made by the National Record for this service.

If further information is required such will be supplied on application to the "Accountant" National Live Stock Records, Ottawa.

Mrs. Marble, after the death of her husband, went to Mr. Stone (a dealer in headstones), and consulted him in reference to an inscription. She said: "Put on it: 'To my dearest husband,' and if there be any room left, 'we shall meet in heaven.'"

Entering the cemetery and going to her husband's grave, she noticed the headstone, and quickly rushed to see how he had engraved it. The poor widow's heart beat with pain when she read the following on the tombstone: "To my dearest husband and Mr. Stone: 'If there be any room left we shall meet in heaven.'"—Port Chester Record.

HON. F. W. G. HAULTAIN
Leader of the Opposition in Saskatchewan

AUTY SEEKERS

and not very smooth, and a number of fine wrinkles are forming under the eyes; and while the upper part of the nose is not so bad, the wings of the nostrils have tiny red lines, and the pores are enlarged.

The neck-oh dear! it is dreadful. The skin is loose under the chin, and the brown patches on it, and it is generally scabby-looking in front, both throat and upper part of chest.

I am not exactly neither am I very strong. I am taking cod-liver oil for my liver; and do you think it is doing the work you advise, and how do you buy it, and is it put up for any particular firm?

Perhaps you think it silly of me to be so anxious about these things, but I have five lovely boys and girls, and a husband who loves me very much, and they are all so pleased when I look particularly well that, if I do not look fresh-looking, I feel it a duty.

I know you must be very busy, but if you will please let me know as soon as possible, I will begin your treatment immediately.

I am quite in sympathy with your wish to keep yourself young and attractive looking for the sake of your husband and children. I am giving you the formula for Dr. Vaucaire's remedy.

As you will see, he advises the use of malt in connection with it. I scarcely think you will find it necessary to take a tonic while using the remedy, and malt, as they both act on a tonic to the general system. For the following massage movements, use a good skin food. Take one side at a time.

Thrust the tongue under the line so as to hold it firmly up in connection with the cushion of the hand. Smooth the line with this cushion just as you would smooth a wrinkle out of a piece of silk or satin—gently, but firmly, and with many movements—and then repeat and twist the muscles gently all around it in such a direction as will tend to fill up the crease. Do not hold the hand.

Massage will also be good for the skin of your face. Do in the morning give your formula for a good bleach for your face. Do in the evening give living—drink quantities of water, be careful to eat wholesome food, take some form of exercise and get plenty of fresh air.

Dr. Vaucaire's Remedy for the Bust.
Liquid extract of cod-liver, 10 grams; Macassarine of lime, 10 grams; Macassarine of iron, 10 grams; Macassarine of zinc, 10 grams.

The dose is two wineglassfuls with water before each meal. Dr. Vaucaire also advises the drinking of cold water during meals.

Provincial Rights

Regina County Convention

A Convention of Provincial Rights supporters in the constituency of Regina County (formerly Lumsden District) will be held at the

Borden Club Rooms
Cornwall Street, Regina

THURSDAY, July 30
1908, at 2 o'clock p.m.

For the purpose of Nominating a Candidate and completing organization.

"GOD SAVE THE KING"

"A Kingly Gift"

EARL GREY'S APPEAL
On behalf of Needy Consumptives
Strong words of Canada's Governor-General

At the official opening of the King Edward Sanatorium for Consumptives, near Toronto, His Excellency delivered an address that must have an important bearing on the future of the sanatorium movement in Canada. We quote:—

"The proceedings this afternoon commenced with a beautiful and reverent prayer from your old friend, Dr. Potts. He prayed that the light of the Lord might shine upon us. That prayer is abundantly answered. He also prayed that the White Plague might be removed. Well, whether that prayer will be answered or not depends upon yourselves."

"Is it not a standing shame and reproach to the governments and individuals that there is not more care taken by the people of Canada to protect themselves against the curse of consumption?"

On his way out to the King Edward Sanatorium, so named by permission of His Majesty King Edward VII—the Governor-General's car was stopped in its progress outside the Canada Cycle & Motor Co. by a large crowd of its employees. A contribution of one hundred dollars was handed the Governor-General, a donation to the Toronto Free Hospital for Consumptives.

"'Twas a kingly gift" said His Excellency in making acknowledgment. "I will tell the King."

Addressing the large audience that attended these opening exercises, referring to this event, Earl Grey said:—

"Ladies and gentlemen, when the workmen of Canada are setting an example of this character, I hope you will not be slow to follow, and I trust that the example of the Canada Cycle & Motor Co. may be followed, as I am sure it will, in every factory and manufacturing industry throughout the land."

We carry these words to the people of Canada in our appeal to-day on behalf of the

Muskoka Free Hospital for Consumptives

An institution that has never refused a single applicant admission, because of his or her inability to pay. Seventy-five patients can be cared for to-day. Accommodation could be provided for three hundred if the required money were forthcoming.

To make this possible, our appeal is for \$50,000, to be used in extension of buildings and maintenance of patients.

Where will your money do more good?
Every community and every individual is interested.

His Excellency Earl Grey has shown his interest and sympathy in the work at Muskoka for needy consumptives, by accepting the position of Honorary President of the National Sanitarium Association.

Contributions may be sent to Sir Wm. R. Meredith, Kt., Chief Justice, Osgoode Hall, Toronto; W. J. Gage, Esq., 84 Spadina Ave., or J. S. Robertson, Sec'y-Treas., National Sanitarium Association, 247 King Street West, Toronto, Canada.

GOVERNMENT FRIENDS MADE FAT PROFIT

Three townships of Indian Lands in Algoma Bought from Government at Small Figure and Re-sold at a Profit of over \$91,000—No Conditions Attached.

Ottawa, July 15.—The government's management of Indian affairs has had the searchlight turned on it recently by the opposition and sufficient has been discovered to show that it was as extravagantly and prodigally administered as the marine and militia departments. J. E. Armstrong, East Lambton, severely arraigned the methods adopted by the minister of the interior, and he was followed up today by A. E. Boyce of Algoma, who exposed a deal in New Ontario by which friends of Sifton secured a profit of a trifle over one thousand per cent. and over with the present government, indeed it seems as if a profit of anything less than a thousand is desired.

Mr. Boyce spoke of the sale of Indian lands in the three Algoma townships of Fisher, Haviland and Tilley. The lands totaled 29,301 acres and were sold for \$9,017.50. The patent was granted absolutely free of conditions and the lands were sold by patents for \$101,830, or a profit of \$91,813.

These patents were W. C. Wilson of Brandon, A. E. Philp, a former law partner of the Hon. Clifford Sifton and is still, it is said, associated with Mr. Sifton in private business. Dawson Reesor is a prominent Liberal worker in Brandon. A letter of April 20, 1906 was read stating that application was put in the name of A. H. Gale at the wish of Mr. Sifton.

The deal exposed by Boyce was put through in those Elysian days when Sifton and the big four ruled supreme and unmolested. The fortunate speculators were W. C. Wilson of Brandon, A. T. Philp a former law partner of Sifton's, and D. A. Reesor, a well known Liberal worker of the Brandon district. A. F. Gale, who gave his address as Oxford, England, acted as stool pigeon for the two and put in the original application, it being afterwards transferred to the townships affected were Haviland, Tilley and Fisher.

The initial step in this peculiar affair was taken July 25, 1899, when A. H. Gale, who gave the address of Oxford, England, made application to the Indian Agent at Sault Ste. Marie, to purchase the three townships. On July 27, 1899, the Indian agent at the Soo, forwarded Gale's application to the department. The next heard of the affair is March, 1900, when W. F. Wilson, Brandon, wrote Deputy Minister Smart, enclosing application to purchase these same townships, subject to the following conditions:

- (a) Erection of a saw mill with a capacity of from three to five million feet per annum.
- (b) To place a number of settlers on the land found fit for settlement.
- (c) Price to be ascertained by valuation.

The affair was not making the progress Wilson wished, and on April 20, 1900, he wrote from Brandon to Deputy Minister Smart, asking him to hasten an answer to his application. In this letter Wilson refers to the original application dated July

PROVINCIAL NEWS

Prince Albert, July 16.—The board decided to build the new high school by day labor. The tenders received were away above the architect's estimates. The central school here was built this way and the result was very satisfactory. Chas. Hamilton was appointed superintendent of construction. The excavation is already done. The school is to cost eighty thousand dollars and will be finished by May next year. The city council struck a rate tonight of nine and one half mills. The rate last year was fourteen mills.

Mr. B. Rothwell, an old timer of the Melfort district had a very narrow escape yesterday morning. He was walking alongside the track on the way to town and did not notice that the C.N.R. work train was coming up behind him. The engineer whistled, but as Mr. Rothwell is rather deaf he did not hear the warning signal and before the engine could be stopped it struck him, knocking him to one side. A number of people ran to the spot thinking he had been killed, but it was found that beyond a few bruises and a bad shaking up he was alright.—Melfort Moon.

Dr. Todd professor in McGill university intends paying a professional visit to Grenfell some time during the latter part of July for the purpose of studying the more obscure diseases of domestic animals. The doctor is particularly anxious of obtaining all possible information on Swamp Fever, so as to submit it to specific investigation and if possible discover a remedy. Those who have had experience with and suffered loss through this or any other obscure disease of horses and cattle are asked to communicate with Mr. B. P. Richardson with whom Dr. Todd is in communication. Such a visit will be a very important one, and all possible assistance should be given Dr. Todd in his work.—Grenfell Sun.

The case of J. F. Cairns of Saskatoon, summoned for conducting a lottery, was sent up to the higher court by Magistrates Turner and Jackson last week. The case is purely formal one, evidence being submitted for trial in a short time. Jas. Stratton for the defence wanted a summary trial, but the magistrates submitted the case to the attorney general and was informed that they had no jurisdiction. Accused was admitted to nominal bail. The scheme complained of consisted of giving each purchaser of a dollar's worth of goods a coupon for a drawing, the articles drawn for running from a heavy team worth \$500 or a trip to Europe, to a suit of clothes of the value of \$20. The prosecution was taken at the instance of other merchants who saw trade going past their doors. The case will come before the judge in December unless a speedy trial can be arranged.

An interesting discovery, says the Lashburn Comet, was made on Tuesday of last week, when men employed on the grading of the Battle River Hill unearthed the remains of a large fish, petrified and embedded in the rock. The creature was found at a height of seventy feet above the present water level, and fully a quarter of a mile from the banks which now confine the battle river. Unfortunately, it was not possible to remove it from its bed of rock intact, and as a result many of the employees of the grade are carrying round the broken pieces on each of which the scales are quite visible. Some light has been thrown on the ancient history of that stream, and we consider fairly establishes the proof that what is now a river of almost insignificant, flowing in a comparatively narrow channel, was once a noble water course, probably filling the valley from bank to bank. At what remote period of the earth's history this was, it is only possible to conjecture, but presumably it may have been at the end of the glacial period many millions of years ago.

THE TORTURES WOMEN SUFFER

Can be Relieved by Keeping the Blood Supply Rich With Dr. Williams' Pink Pills.

A woman needs a blood building medicine regularly just because she is a woman. From maturity to middle life, the health and happiness of every woman depends upon her blood, its richness and its regularity. If her blood is poor and watery she is weak, languid, pale and nervous. If her blood supply is irregular she suffers from headaches, backaches, sideaches and other unpleasant distress which only women know. Some women have grown to expect this suffering at regular intervals and to bear it in hopeless silence. But women would escape much of this misery if they took a box or two of Dr. Williams' Pink Pills to help them over each critical period. These pills actually make new blood. They help a woman just when nature makes the greatest demand upon her blood supply. They have done this for thousands of women throughout the country, why not for you?

Mrs. Joseph Kinney, Gilbert's Cove, N.S. says: "For ten years I suffered from nervousness and those troubles that make the lives of so many women one of almost constant misery. At times I would be confined to my bed for weeks. I spent sleepless nights and seemed to lose all courage. I tried several doctors but they failed to give me any relief. The last doctor I consulted told me frankly that he could not undertake my case unless I would undergo an examination. It was then I decided to give Dr. Williams' Pink Pills a trial. After taking six boxes I was much improved in health, but I continued to take the Pills for a couple of months more when I felt like a new woman, and was enjoying such health as I had not experienced for ten years before. I have had no return of this trouble since, but I have used the Pills once since that time for the after effects of la grippe and the result was all I hoped for. These are plain facts from my own experience and I have always felt that I cannot too strongly recommend Dr. Williams' Pink Pills to the many women who suffer as I did."

You can get these Pills from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

At a meeting of the Scotchmen held in the Oddfellows Hall last Friday evening a Caledonian Society for Regina was formed. The following officers were appointed for three months to draw up a constitution and prepare for the next general meeting: President, W. M. Ballantyne; vice pres., J. H. Kelly; secretary, J. Arnott; treas., A. Wyllie; committee, McCallum, Adams, Alexander, Cowie and Eadie.

Minard's Liniment cures Diphtheria.

Many throughout the province took advantage of our low rate Subscription Offer and have secured the paper to the end of the year. Realizing the present financial condition we have decided to make another offer, and from now until Dec. 31st, 1908, we will send THE WEST to any part of Canada for Only 25 Cents

Tell your friends to see us when they are in at the Exhibition this month.

Don't forget that we are still headquarters for up-to-date Printing, and our prices are moderate.

The West Co., Ltd. 1772 Rose Street Box 394, Regina

States officials and the sheriff from Minot arrived in town last week. The witness was brought into town and it was evident that he brought to bear upon him, in spite of assurances to the effect that accessory before the fact and despite he would not be proceeded against as accessory before the fact and despite the efforts to frighten him by placing him in the cage, he would not return to the States under any conditions. That there was a murder in certain and that the body of the murdered man lay hidden in the cellar of the brothers for three days before it was removed beneath a pile of potatoes is known although it cannot be proved. That the man seeking police protection witnessed the murder and that the old man was strangled is reasonably certain. If the star witness disappears mysteriously it will not be surprising, and anyway they are most undesirable specimens to have at large in the country.

Got 23 months. P. Nicola, who tried to pass a raised cheque on A. E. Matheson got 23 months in Prince Albert prison. There was not sufficient evidence to convict in the opinion of Judge McMillan. Then the prisoner went into the witness box and admitted the crime. He said he had got the cheque for \$29.70 for working on the C.N.R. near Saskatoon and had raised it to \$59.70. Nicola is a cute one. First he was a Frenchman, but when Chief Forsyth got an interpreter, he was an Italian. When an Italian interpreter was secured Nicola was half Italian and half French and couldn't talk either very well. He finally consented to talk Italian and was his own undoing. The attempt to alter the cheque was very crude.—Prince Albert Times.

Wanted to see life. Fired with a desire to see the world and life with a big "L," the most prominent citizens of "The Hub" lit out yesterday on the noon train. Who the instigator of the scheme was is wrapped in mystery, but the long finger of coincidence points more or less unerringly to the eldest of the trio, who has been unconnected with similar escapades before. The names of the historic trio are Bobbie Chubb Elmer Hune and Byron Lamb, and their combined ages can't be very much over forty. Anyway, they had a real lovely time planned out. First of all they drew out of the bank, or rather, Hugh Chubb did, about \$288. This they divided between them, the two older boys getting about \$100 apiece, and the one to whom the cash belonged about the odd \$88. They then stealthily packed their grips and hid them to the depot. Arrived there they bought tickets for Winnipeg and had gotten on the train before anyone was aware of what was in the wind. That they expected to be up against something is evidenced by the fact that having divided the money, which the young financier drew from the bank of Hamilton in the morning, they proceeded to hide it in their boots. What was the ultimate destination of these adventurous spirits is unknown they had bought tickets for Winnipeg, but it is reported that Fargo or some such pleasant spot was their final destination. Any way they were out to see the world. Alas for the best laid schemes even of youths.

Heading off a Risk Gas is liable to puff out of the front door of any furnace unprovided for gas escape. "Sunshine" Furnace has Automatic Gas Damper directly connected with smoke pipe. Gas pressure sways damper sufficiently for it to escape up chimney (see illustration), but heat doesn't escape. What does "Sunshine" Gas Damper mean to "Sunshine" Furnace? Means protection to the furnace parts against evil effects of gas. What does "Sunshine" Gas Damper mean to "Sunshine" householder? Means furnace can be operated without fear as to "puffing" gas; furnace can be left without doubt as to whereabouts of gas. What does "Sunshine" Gas Damper mean to "Sunshine" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "let off" gas—when there's top-birds parts of heat-energy to one part of gas passing up chimney—draft can with all safety be opened, and coal saved for another day's duty. FEDERAL BUSINESS COLLEGE Bank of Ottawa Bldg., Regina One month's salary pays the entire cost It is not necessary, nor is it wise for young people to spend years of the best portion of their lives in preparing for professions which are not so remunerative as is the work for which they may prepare in a few months. The majority of our graduates receive as much for their services in one month as would pay the total amount of their college fees. Our courses form a short cut to business success. During the last six months the Regina Federal Business College has placed more than sixty students in excellent situations; with initial salaries ranging from \$50 to \$60 per month. Every capable student is guaranteed a good situation upon graduation. The Federal Schools are open the year round and students may enter for instruction at any time. Free catalogue. Write today GEO. S. HOUSTON, Manager

THERE IS ENVY BURLINGTON BROS. THE TAILORS SCARTH STREET Lloydminster, Sask. July 16.—A body of a man was found floating in the Saskatchewan river north of here so badly decomposed as to be unrecognizable. It was dressed in a bathing suit, was five feet four inches tall, weight about one hundred and sixty pounds, age uncertain. It was believed to have floated from Edmonton or some other town west. The police are investigating. The body is believed to be that of one of the two men recently drowned at Edmonton.

QUEBEC PAGEANT The Order of Events at the Old City—What Takes Place Each Day—The Procession and the Scenes. The official program of the Quebec Tercentenary celebration, which has just been issued, is as follows, with order of the procession and scenes of historic pageants on the Plains: Thursday, July 16—Arrival of the advance British fleet of six men-of-war. Sunday, July 19—"L'Association Catholique de la Jeunesse Canadienne Francaise" will do honor to the memory of Champlain at the foot of his statue, in the afternoon. Monday, July 20—Mounted heralds-at-arms and men of the watch will appear in the streets, costumed as in the time of Champlain. The heralds will proceed through the city, stopping at all important places and will make official announcements in connection with the celebration, the arrival of official guests, the program of the following day. Evening—The congress of the French speaking physicians of North America will open. Tuesday, July 21—Arrival and reception of official guests, and of the French and American fleets. Afternoon—Performance of the Pageant on the Plains of Abraham. Evening—Concert in the drill hall, and performance of Pelicien David's symphonic ode, "Christophe Colomb." Wednesday, July 22—H.R.H. the Prince of Wales will arrive in the afternoon escorted by a naval squadron, and will land at King's wharf. Evening—Military bands at Dufferin Terrace, Victoria park and Boulevard Langeher. Special meeting of the Royal Society of Canada in honor of Champlain. Second performance of the symphonic ode, "Christophe Colomb." Thursday, July 23—3 p.m. arrival of Champlain on his ship the "Don de Dieu." At 4 o'clock presentation of the civic address of welcome to H.R.H. the Prince of Wales, and other official ceremonies commemorative of Champlain and the founding of Quebec. Review of the historic procession in front of the Champlain monument. Evening—Illumination of the combined fleets and of the surrounding country and a great display of fireworks on the Heights of Levis, opposite the city. Friday, July 24—Morning, review on the plains of Abraham before H.R.H. the Prince of Wales, and dedication of the Quebec battlefields. Afternoon—Performance of the Pageant on the Plains. Evening—Official ball at the Parliament house, given by the government of the province of Quebec. Saturday, July 25—Afternoon—State performance of the Pageant on the Plains. Lacrosse match on the Q.A.A.A. grounds by two championship teams. Evening—Band concerts on the Terrace in the Victoria Park and at the Boulevard Langeher. Concert de gala at the drill hall. Sunday, July 26—"Messe Solennelle" on the Plains of Abraham. Service at the English Cathedral at which H.R.H. the Prince of Wales will be present. Monday, July 27—Afternoon—Regatta in the harbor in front of the city. Performance of the Pageant on the Plains. Evening—Naval display at night by the ships of the fleets in the port of Quebec. Tuesday, July 28—Morning—H. R. H. the Prince of Wales will visit Victoria park and plant a tree in commemoration of his visit. Afternoon—Children's fete and day fireworks on the Plains. Naval and military gymkana. Reception of his honor and Lady Letice at Spencerwood. Evening—Historical costume ball at parkham house. Wednesday, July 29—Departure of H.R.H. the Prince of Wales. Afternoon—Performance of the Pageant on the Plains. Children's fete and day fireworks at Victoria park. Evening—Civic reception at the city hall. Thursday, July 30—Parade of the National societies, and Canadian and other clubs and associations, as well as independent military bands, both Canadian and foreign. Evening—Great display of fireworks at Victoria park. Friday, July 31—Last performance on the Plains. ORDER OF PROCESSION Order of the historical procession through the streets on Thursday, July 23: 1. The men of the watch and heralds at arms. 2. Jacques Cartier, accompanied by 110 sailors, preceded by a cross with the arms of France. 3. Francis I., King of France, and his court. 4. DeMonts, Champlain, Pontgrave, the three chiefs of the expedition, followed by the crew of the Don de Dieu. 5. Henry IV., Sully and the court of France. 6. Dollard and his sixteen French comrades at Long Sault. 7. Discoverers and founders of the towns of Joliet, LaSalle, Maisonneuve, etc.

8. Cavalcade, representing De Tracy, with his suite composed of 24 guards and four sailors of the Regiment of Carignan-Salieres. 9. Dufuth and the courtiers de bois. 10. Frontenac, with the sovereign council, and his guards and gendarmes, and the militia men of Robineau de Beaucourt, of Iroquois and other chiefs. 11. Mile de Vercheres accompanied by brothers and followers and groups of Indians. 12. Montcalm and Levis at the head of their regiments, the LaSarre, Languedoc, Bearn, Guine, Royal Rousillon, Berry, Marine troops, Canadian militia and Indian allies. 13. Wolfe and Murray and their regiments, Amherst's, Anstruther's, LaCelle's, Kennedy's, Bragg's, Ottawa's, Louisbourg Grenadiers, Scotch Highlanders, and Royal American. 14. Guy Carleton and the principal officers of the regular troops and the Canadian militia, defenders of Quebec, 1776. 15. De Salaberry and his 300 Voltigeurs de Chateaugay. N.B.—At the head of each group, pages will walk with banners giving date and short description of group. SCENES (All of which are produced at each performance.) 1595—Scene I. The village of Stadacona. Indian festivities; Jacques Cartier plants a cross on the bank of the river. Scene 2. The gardens of Fontainebleau. Jacques Cartier at the court of Francis I. Second Pageant 1608—Scene I. The Louvre. Champlain receives his commission from Henry IV. 1620—Scene 2. Madame de Champlain comes to Quebec. Third Pageant 1639—Arrival of the Hospitaliers and Ursuline Nuns; they are welcomed by the governor, Hault de Montmagny, Knight of Malta, Mother Mary of the Incarnation and the Indian children. Fourth Pageant 1660—Dollard des Ormeaux and his companions at arms at the Long Sault. Battle with the Iroquois. Fifth Pageant 1665—Mgr. de Laval ceremonially receives M. de Tracy, lieutenant-governor of Louis XIV. Sixth Pageant 1670—Daumont de Saint Lussan takes possession of the western country in the name of the king of France. Seventh Pageant 1690—Frontenac receiving the message of Sir William Phips at the Chateau St. Louis. Eighth Pageant 1759 and 1760—Montcalm and Levis Wolfe and Murray, with their respective regiments in a parade of honor, marching and counter marching on the Plains. General salute of the troops answered by the guns of the warships. Grouping of all the historical characters of the possession and the pageants. Grand Finale Performance of pageants will take place on July 24, 25, 27, 29, and 31, from 5 to 7 p.m.

***** Farmers AND PORK Commissioner Stevens Outlines a System for Carrying on a Pork Packing Plant Before Alberta Farmers. Edmonton, Alta., July 15.—"Let the government establish a pork packing plant on a system closely similar to that of the government creameries; let such plant be on an export basis since there is no disadvantage in competing with the product of the Ontario plants except in the matter of freight rates; take the general live hog market minus the freight rate from Edmonton to Montreal, as a standard of the prices for Alberta hogs, deduct 4 cents per pound from the above price as the cost of operating and marketing the product of the plant, and let this be the advance price handed to the farmer for his hogs; allow for a margin of 10 per cent. of revenue of the plant to be used in educating the hog raisers in producing the best class of hogs, or to be used as a sinecure of war against private concerns in case strenuous competition should render this necessary; then at the close of the year divide any profits over and above these disbursements to the patrons of the plant according to their patronage." In the above concise manner Live Stock Commissioner Stevens focused, before the pork commission the opinions of Alberta farmers demanding government assistance. "What size of a plant would be necessary?" asked Chairman Wallace. "About 100,000 would erect a plant with a capacity of 400 hogs a day," replied Mr. Stevens. "How do the Montreal prices compare with the Edmonton prices?" "Hogs in Montreal bring \$6.75 per cwt. when the price in Edmonton is \$4.50. The freight on live hogs to Montreal is 94 cents a cwt., but in case of a through rate to the British market the rate would be less." "Should the government request a guarantee of patronage?" "It seems that some guarantee would be necessary and personally I would be favorable to it," answered Mr. Stevens. "The commission is adjourned until July 21, when it will meet in Cardston."

Edmonton, Alta., July 15.—"Let the government establish a pork packing plant on a system closely similar to that of the government creameries; let such plant be on an export basis since there is no disadvantage in competing with the product of the Ontario plants except in the matter of freight rates; take the general live hog market minus the freight rate from Edmonton to Montreal, as a standard of the prices for Alberta hogs, deduct 4 cents per pound from the above price as the cost of operating and marketing the product of the plant, and let this be the advance price handed to the farmer for his hogs; allow for a margin of 10 per cent. of revenue of the plant to be used in educating the hog raisers in producing the best class of hogs, or to be used as a sinecure of war against private concerns in case strenuous competition should render this necessary; then at the close of the year divide any profits over and above these disbursements to the patrons of the plant according to their patronage." In the above concise manner Live Stock Commissioner Stevens focused, before the pork commission the opinions of Alberta farmers demanding government assistance. "What size of a plant would be necessary?" asked Chairman Wallace. "About 100,000 would erect a plant with a capacity of 400 hogs a day," replied Mr. Stevens. "How do the Montreal prices compare with the Edmonton prices?" "Hogs in Montreal bring \$6.75 per cwt. when the price in Edmonton is \$4.50. The freight on live hogs to Montreal is 94 cents a cwt., but in case of a through rate to the British market the rate would be less." "Should the government request a guarantee of patronage?" "It seems that some guarantee would be necessary and personally I would be favorable to it," answered Mr. Stevens. "The commission is adjourned until July 21, when it will meet in Cardston."

Local and General

Mr. and Mrs. A. H. Ross of Melita are visiting friends in Regina.

Born, at Regina on Sunday, July 19th, to Mr. and Mrs. F. G. Arnold a son.

W. Owen left on Saturday's train for Toronto where he will spend a couple of months.

A successful masquerade carnival was held at the roller rink last Thursday evening.

The first prize in the Bridge festival competition for western Canada was won by Calgary.

Waddell Bros. fruit and confectionery store and lunch counter opened again for business on Monday.

The Dominion House progeued on Monday. It is not likely that there will be another session before an election.

Miss Florence Parker, a former teacher in the Regina schools, is visiting in the city. She is now engaged at Calgary.

Norman Moody, son of John Moody, of this city, is renewing acquaintances in the city, and taking in the fair with his horses.

Chief Justice Wetmore, accompanied by his daughter-in-law, Mrs. J.A. Wetmore is at present on a vacation to the Pacific coast.

The contract for the abutments for the steel bridge to be built across the Qu'Appelle river near Lumsden has been awarded to Synder Bros.

The annual picnic at Tregarva will be held this year on Wednesday, August 5th, at the grove on the farm of Johnson Seed, sec. 4-20-20.

The catering privileges at the exhibition grounds was awarded to Capt. Harrison, and he is as busy as a miller these days supplying the wants of the inner man.

G. S. Houston has been elected first vice president of the Western Canada Real Estate Association. The organisation meeting of this association was held in Winnipeg last week.

The Doukhobor from Yorkton who is in the guard room at the R.N.W.M.P. here refuse to eat anything except peanuts and fruit, and says he will starve himself if not sent back to his friends.

R. O. Humphrey of Craik, was in the city yesterday. He has been having trouble with one of his legs, and his physician had him appear before the medical convention that his case might be discussed.

Dr. Munroe, of Saskatoon, is in the city attending the convention of medical men. He believes that Saskatoon city and Saskatoon district will send Provincial Rights men to the next legislature.

E. MacGlashen of Hutchinson & MacGlashen, architects, left yesterday morning for Weyburn to supervise the laying out of the new McKinnon Block, for which his firm has completed the plans.

The city has made a grant of \$250 to the Saskatchewan Rifle Association for the purpose of putting on a Regina match at their annual shoot which is to be held Tuesday, Wednesday and Thursday of next week.

At a meeting of the city council held on Monday evening the contract for the market building was let to Wilson and Wilson, the price being \$15,495 including heating. The work, however is not to be proceeded with till further notice.

A sad death occurred at the home of Mr. and Mrs. W. A. Wilson when Mrs. R. G. Wilson, of Renfrew, Ont. who has been visiting there, died after a brief illness. Accompanied by her young son, she had only been in the city for a few days.

The contract for the new collegiate institute building has been let to Wilson and Wilson. Their figures on the general contract were \$93,937. There are certain extras which will bring the contract price up to about \$106,982. The building is to be completed by July 1, next year.

A meeting of the Saskatchewan Provincial Musical Association will be held in the public committee room in the City Hall, Regina, on Thursday next, 23rd inst. at 2 p.m. We may say that already seven chorals societies in the province have signified their intention of joining this association so that the prospects of our having a successful Sangerfest in Regina next summer are most promising.

The first issue of the postage stamps specially designed to celebrate the tercentenary of the founding of Quebec have been placed on sale. There are eight denominations in the series and are sized double that of the ordinary two cent stamp. The half cent, brown, has pictures of the Prince and Princess of Wales; the one cent, green, Cartier and Champlain; the two cent, red, the King and Queen; the five cent, steel gray, Champlain's house; the seven cent, olive, Montcalm and Wolfe; the ten cent, light purple, Quebec in 1700; the fifteen cent, orange, the start of the early discoverers of the west; the twenty cent, brown, the arrival of Cartier at Quebec in 1535.

G. M. amable of Moose Jaw is in the city today.

Jesse Bratt, of Bratt's Locke, is taking in the fair.

A large convention of medical men from all parts of Saskatchewan is being held in the city this week.

The garden party which was to have been held at Dr. Seymour's this evening, has been cancelled owing to the illness with diphtheria of Arthur Seymour.

John Brodt & Co. have taken the contract for excavating for the new parliament buildings from P. Lyall & Sons, at a figure which is a little higher than half the usual price.

Mr. W. O. Smyth, a member of the legal profession, was selected as the Provincial Rights candidate for Swift Current county at a representative convention held in Swift Current on Tuesday evening.

Teachers' Certificates.

Important changes have been effected in the regulations of the Department of Education respecting the course in training for teachers' certificates. Formerly, persons holding Standard VII or VIII Diplomas were granted permission to take a course in training for second or first class certificates without having taken the training for third class provided they had attained the prescribed age limit.

Under the present regulations, all persons who have obtained their second or first class diplomas (former standards VII and VIII) and who have attained the prescribed age limit, shall be required to take the course in training prescribed for third class certificates. In addition they will be required to have one year's experience in teaching before being qualified to enter the provincial Normal School for training for second and first class certificates.

Persons who obtained their Standard VII or VIII Diplomas prior to granted by the Department standing September 1, 1907, or who have been equivalent thereto, will, however be permitted to enter the provincial Normal School for training for second or first class certificates under the previous regulations which did not require the preliminary third class training.

Sessions of the Normal School for training for third, second and first class certificates will open at the provincial Normal School, Regina, on August 24th. The third class will continue in session until September 30th, and the second and third class until December 23rd.

In the case of a sufficient number of applications are received it is the intention of the department to hold local sessions of the Normal School for training for third class certificates at various centres in the province on or about December 1st. Of these sessions due announcement will be made later.

Kennell.

The farmers are busy at road work now, doing the local improvement work.

The crops are looking good in this district, but need rain to keep them going.

J. L. Ewing is busy drilling for water at present. We hope he is successful.

Wm. Wagner has got water on his farm at a depth of 175 feet, with 16 feet of water.

The farmers are pretty well through with their plowing and are busy harrowing their land for next year's crop.

July 14th.

Death of Jas. Hicks.

The death occurred at Hicksville last Saturday of a pioneer of that district in the person of James Hicks. The late Mr. Hicks came west from Prince Edward county, Ontario, eighteen years ago and settled in the district and besides successfully pioneering, earned for himself the respect and esteem of his fellowmen.

Deceased leaves a wife and five sons.

The funeral was held on Monday at Fairview cemetery.
