OPENING NOTICE

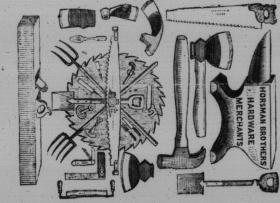

To Visitors to the Guelph Central Exhibition.

HARDWARE

To the Inhabitants of Guelph and County of Wellington and others

I take this method of letting you know that on Monday, 14th September, prox., I will open my New Store, Upper Wyndham St., Guelph, when I will submit for the inspection of the general public the contents of over 1,800 cases and bales of Fancy and Staple Dry Goods, bought by myself personally in the best producing markets of Great Britain and United States. The variety of styles and fabrics in each department that will be open for inspection at my New Store on and after 14th September, will be such as cannot fail to meet with the good tasts and full approbation of an appreciating public. From my long experience in the mercantile business (over thirty-seven years), twenty years of which have been spent in the town of Guelph. I feel satisfied you have fresh in your memories the war that I commenced in this town against high prices, and fought for your interests daily, with a vigour that crowned my efforts with success. I am persuaded that again my presence is required by the great mass of the people of the County of Wellington in order to regulate the trade of the Town of Guelph, in Fancy and Staple Dry Goods, and it is with pleasure that I now announce to my old friends and patrons, that it will afford me unbounded pleasure to renew with them the happy moments that we have had together for the mutual benefit of each other; and I can pledge my faith that I will devote my best energies and abilities to guard the rights and interests of all those that may favour me with their patronage. At all times the public may depend upon having the best of attention in my New Store, that nothing but sound, good and honest goods will be kept for sale by me; that in opening out a business for the public, that all and every article will be entirely new; that in every instance goods will be offered at such reduced prices as will at once satisfy every one; that my new establishment is going to be conducted on the same principles as that of my old, viz., the best goods at the lowest possible prices, quick sales, small profits, and re

FANCY DRESS GOODS.

This department is full to overflowing, and in it will be seen the newest novelties, designs and fabrics produced. The prices will surprise the purchasers, as cheap prices, rich styles, and good goods are combined in this department. Every lady who wants to appear in the fashion of the day will be fully suited.

MANTLES, JACKETS, AND POLONNAISES

Special attention of the ladies is requested to this department. Everything that the ingenuity and skill of mankind could bring to bear, with good taste is here represented. The novelties on exhibition in this branch of my business will surely be appreciated. An early call, specially in this line, will abundantly repay the intending purchaser.

SHAWLS.

This department will present an inviting appearance, and well worthy of a visit from ladies who favour the comfort that is imparted by a good shawl to its wearer. Class are almost entirely worn for this season, and occupy the first rank in the wardrobe of Her Royal Highness the Princess of Wales, and our noble and most Gracious Queen affectionately admires not only the brilliancy, richness and designs of this elegant part of a lady's costume, but loves the country and the people who produce them.

French Merinos, Thibet Cloths, Paramatta Cloths, Serges, Black Lustres, Tweed Dress Material for Costumes, and the various makes of Fall and Winter Plain Dress Goods

Are in large abundance, and present to the purchaser so fresh and new an appearance, and at the same time so nable in price than confidence will at once be placed in the goods, with the highest satisfaction to the purchaser. All new and fresh goods.

FAMILY MOURNING GOODS.

I have specially attended to the selection of the various kinds of goods! required in this department, and I an confidently say to those requiring to purchase mournings, that at my New Store everything in that line will be found, and at a great reduction from ne ordinary prices charged. I have the best *Black Crapes* to be found in the *Dominion*.

HOUSE FURNISHINGS.

I have a most complete stock of everything that can reasonably be asked for in order to make a home comfortable, and I will guarantee that parties desirous of furnishing a home will find that I will offer an inducement of fully 15 per cent, to them, and in addition they will get nothing but new, fresh, good and desirable goods. "No time for the moths to get about them." A CALL IS REQUESTED TO THIS

STAPLE DEPARTMENT.

Here will be presented to the view of the visitor to my store the largest stock of heavy Staple Dry Goods to be found in Ontario. During the panic in the United States I bought, direct from the producers, immense quantities of 36 in. Grey Cottons (the best goods to be tound in Canada), Bed Tickings, various qualities, Blue and Brown Denims, Cotton Grain Bags, Cotton Batting and Waddings, Quaker Flannels, &c., and at panic prices. Indeed the Farmer, Mechanic, the Lawyer, Doctor, Labourer, or any other individual can at my New Store procure anything in Staple or Fancy Dry Goods that is made, and all new, fresh, seasonable and good. "No old shop-keepers to palm off." Quite a saving can be effected by buying at my New Store. Quick sales and small profits is the motto of John Hogg.

CLOTHS AND TWEEDS.

This is a most notable department in my store. I have bought the finest lot of Canadian Tweeds, and from the best producer in the Dominion. I bought at the bottom prices, and I will give my patrons the benefit. Call and see. I will satisfy you that you are saving money through me.

READY-MADE CLOTHING.

In this department I deem it but fair to the community to say that it is high time that a check be put upon the ridiculous high prices that they have lately been paying for ready made Clothing, and poor stuff at that. I have had made specially for my own trade and to my own order, the most attractive and stylish lot of Men's and Boys' Overcoats, Men's and Boys' Pen Jackets, Men's and Boys' Suits of all the various classes of desirable and durable goods made for the Fall and Winter Trad's. I will give an excellent suit of Coat, Vest and Pants, equal in cut and make to any that can be cut and made by the best cutter in Guelph for \$12 and up. Call and see, 25 per cent. saved to the purchaser by calling at my new store. All new goods and fresh goods. No old stuff:

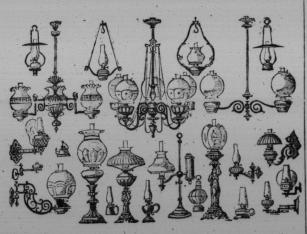

Carpets, Blankets, Sheetings, Quilts, Counterpanes, Towels, Damasks, Repps.

This Department requires more real knowledge and taste to be bestowed upon it probably than any other Department in the Drapery business. I can confidently solicit from the public a call in order merely to be enabled to endorse my statements regarding the excellency of the goods here to be seen. My Carpets are unquestionably the finest selection in Ontario. The patterns, colours, and designs, are exquisite. Indeed, my Kidderminster Carpets are equally as rich in design and colour as the best Brussels or Tapestry to be found, and in order to be fully able to have my taste suited, I spent considerable time in going from one manufacturer to another, but I persevered and accomplished my object in securing the finest selection of Carpets to be desired. My prices will be extremely cheap. The goods all new, fresh and good, and such as any housekeeper would be proud to have. The other goods—Blankets, Sheetings, Quilts, Counterpanes, Towels, Damasks, Repps, Lace Curtains, Blinds, Window Hollands, &c., &c., &c., &c., are the best that the Home Markets ofter, and as you know are all new, fresh, and the latest productions. Quite a saving will be effected by buying at my New Store. To enumerate anything like my Whole Stock would occupy too much space, also too much of your valuable time. Suffice it to say that in every denomination of Fanoy and Staple Dry Goods my New Store will be supplied to the fullest extent. No pains or trouble will be spared to meet the wishes of my patrons, and the visitor to my Establishment will be well repaid in the advantages that will be placed within their reach, by not only having an opportunity of procuring the newest goods, the latest styles; but the best goods offered in Ontario, and at the lowest possible profit. An Early Call is solicited.

Yours truly,

AND

MISCELLANEOUS. MISCELLANEOUS.

We must not forget to notice a curiosity we came across in our travels, being no other than an autograph letter from Sir Watter Scott, to Miss Phin, a sister of James Phin, Esq. of Waterloo, who was jon intimate terms with the great poet and novelist. It is dated Abbotstord, Oct. 29th, 1830, and cerue into Mr Phin's hands through the courtesy of his two brothers, and is bequeathed by him to his son James.

Our old friend John Saunders, of Guelph, shows nine of his pretty ralking canes, which are beautiful specimens of carving in wood.

H. Stannought, of Brantford, shows good samples of his black and carmine inks.

THE FIRE ARTS.

The collection of paintings is not large, but among those shown are not a few—professional and amateur—which are well worthy of notice. Among the professionals, Chas. Chapman, London, has four very rich, well executed landscapes—one a river and mountain, seene being specially good. J. B. Smith, Montreat, and J. Griffiths, Westminster, as well as Mr. Chapman show superior fruit and flower pieces. In some of these we remark the rich and natural coloring, the faithful delineation, and the de'exte shading.

Among the amateurs in oil we notice a well executed marine view (co. ied) by Miss Palmer, which presents a somewhat peculiar combination of colors. Among the cil portraits is a very excellent likeness of his mother by John Dat. Jeson. For an amateur who has done but little at portrait painting the 'likenessi's wonderfully correct, the coloring delicate and natural and the finish admirable. We would adv. se him to take to painting altogether, for he would make his mark if he persevered.

Chas, W. Reynolds, of Guelph, has

a lady—is done with care and the expression imparted to the features is good.

Miss Westmacott. of Toronto, and Miss Strickland, of Oshawa, exhibit some really good pieces. Miss Murchy, Guelph, has two very fair pieces.

Miss Harland shows a neatly executed pen and ink sketch; August Doerner, Preston, a faithful copy of Neapel; Miss Strickland gives excellent pencil sketches of some of the Queens of England whose lives her sister has so well written; Miss L. Mickle and Miss Lizzie Torrance, Guelph, show two good colored crayons; Mrs. Ainley, Guelph, shows some very delicate painting in velvet.

W. Marshall, photographer, Guelph, has some superb specimens of photographs. Four of these are photo-crayors—two life size, and one—large—is touched off in India nuk. The fidelity to nature is observable in all of these and in some cases the liknesses are in duplicate—one set colored and the other pla'n. They are very beautiful and remarkably good likenesses. He has three photographs in water colors, also a collection of plan photographs—different sizes, and a case of views. These are done in the highest style of the art, and are exceedingly creditable to Mr. Marshall, the artist, and equal to the finest work done in Montreal or Toronto.

Thos. Hunter, Galt has two cases of very superior plain photographs—all well executed and artistically finished.

Cut flowers, bouquets, etc., occupy all of one side in this department, and make a very creditable display. The bonquets are particularly noticeable for their varity and beauty. There are four nice bouquets of everlasting flowers. The collection of coxcombs is noticeable for the size and richness of some of the plants. The foliage plants also show well, and the variety of colours form quite a contrast. There are five very excellent collections of annuals in bloom. Mrs. L. Parkinson, Eramosa, takes the first prize for the prize f

J. Garnham, Guelph, exhibits a curiosity in the cotton plant, which is in flower, and Geo. R. Readwin and Mrs. Thomas, Eden Mills, show very fine specimens of the ice plant, Mr. Reawin also show some curiosities in rock mountain corn, houseleek, sugar loaf peas and Windor beans, Wm. Harvey, Guelph, shows a pretty variegated evergreen.

There is a very excellent assortment of plants in pots, mainly, in fuchias, geraniums, stocks, oleanders, etc.

HARNESS AND LEATHER.

The competition in this class is principally among our local manufacturers, but the display is very good. James Knowles, Rockwood, shows an assortment of collars comprising those for the heavy working down to neat collars for carrisage horses. Henry Schlimm, Listowel, shows two sets of single carriage harness, well made and neatly finished, and is opposed by Jos. A. Tovell, of Guelph, who makes a good display in this class.

In leather, Henry Ferdinand, Waterloo,

od, as also several oil dressed deer skins, which are worthy of special remark. Henry Stricker, Drayton, shows sides of upper leather, grained calfskins, upper frained leather, and two dressed dog skins. The collection by Peter Mennie, of Elora, is large and creditable, comprising fifteen specimens of tanned leather. Among them we notice two specimens of skitting for saddles. J. & E. Wissler, of Salem, show fourteen specimens of tanning. The samples of betting, as also the calfskins and kipskins, reflect credit upon the manufacturers.

Reform Demonstration in Harriston.

The Retormers in and about Harriston are making preparations for a Grand Reform Demonstration, which is to come off in that village in the early part of October. The Hon. Mr. Mowat and other members of the Ontario Government have promised to be present.

Francois Pierre Guillaume Guizor.

—One of the events of the day is the death, at the age of 87, of the veteran statesman, journalist and historian whose name heads this sketch. Beginning and ending his career in the midst of stirring times, his influence in the political world of France was very great, while his writings, although lacking the quality of liberality in sentiment, have been so numerous and withal of such a public character, that they will live. Guizot was born on the 4th of October, 1787, and at an early age was sent to Geneva, where he mastered both classical and modern languages. From Geneva he went to Paris, hoping to be called to the Bar, and here he met and in 1812 married Pauline de Menlan, editor of a magazine called the Publicist, but many years his senior. To his wife Guizot owed his introduction into political career, Mademoisell de Menlan being acquanted with the chiefs of the Royalist party in France. Three years before his marriage, Guizot had published his first work—a dissertation on the French language—which was followed, at various times during his life, by about twenty-five others. Among the books handed down by this prolific writer are a translation of Gibbon's "Decline and Fall," a "History of the English Revolution," "Lectures on the History of Civilization," and "Critical Notes and Essays upon Shakespeare." In 1812 the year of his marriage—he obtained the Chair of Modern Science in the Sarbonne, and on the accession at Louis Phillipe he took the position of Minister of the Interior. During his married life his house was the resort not only of the principal men of France, but of other countries. His wife died in 1827, after fifteen years of wedded life, and although Guizot lived until 1847

ROOFING

AGENTS WANTED IN EVERY TOWN.

A Roof may be covered with a very cheap—shingle, and by application of this slate may be made to last from 20 to 25 years. Old roofs can be patched and coated, looking much better and lasting longer than new shingles without the slate, for ONE THIRD THE COST OF RE-SHINGLING.

The expense of slating new shingles is only about the cost of simply laying them.

The Paint is Fire-Proof

EXTREMELY CHEAP!

Two gallons will cover over 100 square feet of shingle roof, or over 400 of tin or iron.

No Tar is Used in this Courposition, therefore, ii does not effect the water from the roof, if turned off from the cistern before the first few rains. On Decayed Shingles it fills up the holes and pores, hardons them, and gives a new, substantial roof that will last for years. Curled or Warped Shingles it brings to their place and keeps them there. It fills up all holes in tun or felt roofs, and STOPS THE LEAKS. The color of the slate when first applied is dark purple, changing in about a month to a light uniform slate colour, and is, to all intents and purposes, SLATE. The Paint has a very Heavy Body, but is easily put on, and, although a slow dryer, rain will not affect it in the least one hour after applying.

ROOFS EXAMINED. ESTIMATES GIVEN.

And when required will be Thoroughly Repaird.

Accident to an Engine Driver.—) a Wednesday, while a way freight train was running east, near Norval Station, the engine driver, Patrick Shay, was leaning out to catch some signal given from the rear end of the train, when his foot slipped, and he was thrown off the train, severely bruising his head, 2nd breaking an arm and leg. He was brought back to Georgetown, where Dr. Starr was quickly in attendance drossing the wounds, assisted by Dr. Higgie, of Brampton.

Fon nice new satchels, pocket books, wallets, money purses, and wallets for holding bills, Day's bookstore is the place. Day has just what you want, and he sells cheap.

Good Price.—Mr. James Parkinson of Eramosa, sold his farm of 153 acres, to to Mr. Joseph Carter, of Rockwood, for the handsome sum of \$8,000.

"Hi! where did you get thim trousers?" asked an Irishman of a man who happened to be passing with a pair of remarkably short trousers. "I got them where they grew," was the indignant reply. "Then, by my conscience, said Paddy, "yov've pulled them a year too soon."

A Highlander one day was looking at a print from a picture by one of the old masters, in which angels were represented blowing trumpets. He inquired if the angels played on trumpets, and, being answered in the affirmative, made the following pithy remark:—"Hech, sirs, but they maun be easily pleased wi'music, I wonder they dinna borrow a pair o' bagpipes."

My eves have been carefully examined

My eyes have been carefully examined by Dr. Franks, from that examination, alone, he at once, at the first and only trial, selected a pair of his spectacles, which suit my vision perfectly easy and comfortable, both-by day and night, for any length of time at one sitting, and are far better than any others I ever used. Signed by TIME REV. ANTHUR PALMER, M.A., Rector of Guelph, and Archdeacon of Toronto.

Dr. Franks has suited my sight so accurately from an examination of the eye alone, at the first attempt, with the first pair of his Uniform Focus Spectacles he adjusted to my vision, that I recommend them with pleasure.

George S. Herod, M.D., Guelph.

I believe the improved spectacles adapted to my vision, by Dr. Franks, to be the best I ever had, I can see perfect, by by day or night even at the most minute employment, for any length of time, with a comfort I have not had with any other spectacles. They were the first and only pair he tried.

Rev. Tros. Warnbore, Presbyterian Church, Guelph.

We feel pleasure in adding our recommendation, of Dr. Franks' Uniforn Focus Spectacles, and his scientific method of adjusting them to the sight, with the first pair he tries. From an examination of the eye alone, he suited us to perfection.

Miss. Todington, Guelph.

Mrs. WM. BROWNLOW, Guelph.

The spectacles Dr. Franks adjusted to my eyes, were the only pair he tried. They give me as good-sight as ever I had, because I now see as well as I ever

ROBERT BURNS, Grocer, Guelph.

We, the undersigned, have much pleasure in recommending Dr. Frank's Uniform Foeus Spectacles, and his scientific way of correctly adjusting them to the sight, that is, from an examination of the Eye only, with the first pair in tries, which he did in our case, giving us better sight than with any spectacles we ever used.

E. NEWTON, Guelph.
WM. PICKARD, Sr., Guelph.
ORAS. RAYMOND, Sewing Machine Manufacturer, Guelph.

The admirable method of adjusting Spectacles to the Eye with the first pair he selects, from an examination of the Eye alone, was fully demonstrated in my case by Dr. Franks. He gave me the best sight I ever had with spectacles.

STEPHEN BOULT, Architect, Guelph.

I recommend Dr. Franks' Uniform Focus Spectacles as the best I ever had. He merely examines the eye, and suits it with the first pair he selects.

REV. WM. F. CLARKE, Cong. Minister' Guelph.

With every satisfaction I state that Dr. Franks suited my eyes with his Uniform Focus Spectacles, so very perfectly from an examination of the Eye alone, with the only pair he selected, and recommend them to all needing optical aid.
