Scandal in Quebec Legislature is Big Topic of Discussion at Ottawa

Taft Spoke to Students—Sir James Whitney Has New Malady—Ontario Government Asked for \$100,000

QUEBEC SCANDAL OVERSHADOWS EVEN TARIFF ISSUE AT OTTAWA GRAHAM IS DOMINANT FIGURE

Opposition at Ottawa, Tho Seriously Disturbed by Quebec Situation, Seem Bent on Pressing Cheaper Food Campaign—Conservative Caucus May Decide for Free Wheat.

OTTAWA, Jan. 28.—(Special.)—The political situation is more than interesting. The debate on free wheat in the house is remarkable for the effective arguments made in its favor, and for the fact that the other side is an un-defended cause. No one speaks against free wheat. Several strong government supporters are for free wheat, but evidently they have decided to wait and see what the government will do with the proposition when they bring down the budget.

From the few words dropped by Hon. Robert Rogers this afternoon there is not much to be expected from the government. What may move them will be the talk in the Conservative caucus, where the matter will be up, but a few straight speeches in the house from western Conservative members would change the situation.

The opposition are evidently bent on other amendments in favor of cheaper food. Lower tariff on agricultural implements and perhaps for an increase in the British preference.

Spotlight in Quebec.

But even free wheat is only secondary in interest compared to the scandal in the Quebec Legislature, now being unfolded, and to the newspaper charges going on in Montreal. Sir Hugh Graham seems to be on top and to have got Hon. W. S. Fielding into his service. The consolidated Herald-Telegraph may be a Liberal organ. It will also be a Graham newspaper. The scandal is a source of danger to individual members of the Liberal party, if not to the party itself.

The Toronto Globe and The Montreal Star are both demanding that the situation be probed and the guilty ones punished. Sir Lomer Gouin must be greatly perturbed, especially if it be the fact that the whole scandal arose out of the attempt of the Montreal Tramways to get a renewal of their franchise and that Sir Lomer had decided to refuse it. His friends are being damaged by an organization created by Lorne McGibbon to head off the extension of the franchise.

Everyone here believes that the charges in Quebec are substantially true, but that the means used to trap the members were not of a creditable character. A strong argument will be made to the sentiment of the public that it was not a square game.

The Montreal Star of tonight hints

Eva Booth Seriously Ill

NEW YORK, Jan. 28.—(Can. Press.)—Eva Booth, head of the Salvation Army in this country, who for more than a week past has been ill in the Salvation Army barracks here after a nervous breakdown in Elmira, was reported tonight to be in a grave condition. She suffered an attack of influenza, which developed into pleurisy and tonsillitis. Intestinal troubles have complicated her case, giving grounds for anxiety.

LAI D CHARGES IN UPPER HOUSE AT QUEBEC

Bergevin and Berard Accused by Newspapers in Presence of Crowded Galleries—Macnab and Nichols Ordered to Appear Before Special Committee Today.

(Special to The Toronto World)

QUEBEC, Jan. 28.—The appearance of Messrs. Nichols and Macnab of The Montreal Daily Mail at the bar of the legislative council, Quebec, tonight, provoked a lively scene in the house, whose galleries were crowded by an excited public. In reply to the speaker, Hon. Mr. Ferguson, the newspaper men repeated the statements they made last night in the legislative assembly, only in this instance the accusations of corruption were directed against two members of the upper house, Hon. Messrs. Bergevin and Berard. It was alleged they had accepted bribes for promoting the decoy bill of the Montreal Fair Association.

The house arose, however, in regard to Hon. Messrs. Gilman and De Varennes, two other members, who were alleged to be implicated in corruption. The house wished to fix responsibility for accusing the two in named upon Messrs. Macnab and Nichols, but they firmly reiterated that what The Daily Mail said was that Mr. Mousseau, member of the assembly, had told Mr. Hyland, promoter of the bill, that payments were to be made to Messrs. Gilman and De Varennes. The house was abruptly adjourned at ten o'clock and Messrs. Nichols and Macnab were ordered to remain at the bar.

When the house resumed at 11 o'clock Mr. De Varennes asked: "Have

SIR JAMES HAS A NEW TROUBLE

Disorder Has Developed in His Left Knee, But Its Seriousness is Not Yet Known.

A development in Sir James Whitney's struggle for life, which was first noticed yesterday afternoon, is giving his physicians some concern. Inflammation has made its appearance in the left knee, accompanied by some swelling and redness. This condition was noticed at one time during the Premier's stay in New York, and was there ascribed to rheumatism. It passed away very soon.

The latest bulletin from Sir James' bedside is given below:

10:30 p.m.—"Sir James Whitney has rested well today, sleeping quietly for two or three hours. Some swelling and redness appeared in the left knee this afternoon and there is some fever. He is taking nourishment well."

Dr. McPhedran.

Discussing this bulletin last night Dr. McPhedran said that it indicated that Sir James had been infected with a new disorder, the seriousness of which he could not judge.

"Infection is the thing most to be feared in the case of a man in Sir James' condition," said Dr. McPhedran. "I sent out the bulletin you received in order that should any change for the worse appear tomorrow the public would be prepared."

"Apart from this new disorder, Sir James looked better yesterday than he has for some time."

Important Seat Sale Announcement.

The inimitable acrobatic comedians, Montgomery and Stone, with the third brilliant star, Elsie Janis, will be at the Princess Theatre next week in the wonderful musical fantasy, "The Lady of the Slipper." The advance sale of seats, which opens at the theatre this morning, promises a bargain-day appearance.

Senator Ross Coming To General Hospital

Hon. Sir George Ross, who has been seriously ill in Ottawa, was placed on board the train for Toronto last night and will reach the General Hospital at 7 o'clock this morning. He will be conveyed to the General Hospital in the H. Ellis private ambulance.

At the same time, The Telegraph re-

lates that a very delicate and difficult situation has arisen for the Imperial government.

"It is useless to deny," says The Telegraph, "that it is a new thing for British subjects to be deported in this summary fashion by one of the Dominion governments, and, if as alleged, the deportation is illegal, it will be difficult for the Imperial government to acquiesce, without a request for an explanation and for justification."

Enthusiasm, cordiality and spontaneity of welcome were conspicuous notes in the reception accorded ex-President Taft at the open meeting in Convocation Hall last evening, under the auspices of the Literary and Scientific Society of the University of Toronto.

Eight o'clock was the hour appointed for the gathering, but long before this the scheduled time long lines of eager and expectant candidates for admission had formed before the two entrances, reserved, one for ticket-holders and the other for the less fortunate.

Before 8 o'clock the hall was practically filled, but later, after the guest of honor and his attending entourage had taken their places, some who doubtless feared disappointment were rewarded by finding seats in the rear. The audience was largely composed of students.

The interval of waiting for the arrival of Mr. Taft and party was enlivened by volunteries on the organ, played by Mr. Ernest MacMillan, and

BOTHA'S COURSE CREATES DANGER

Deportation of British Subjects Recognized as Stirring Up an Awkward Question.

LONDON, Jan. 28.—(Can. Press.)—The question of the legality of the deportation of the South African labor leaders aroused searchings of the heart here, even among the papers which are most ready to applaud Premier Botha's "vigorous and courageous action." The Telegraph, in an editorial, which does not hesitate to accuse Bain and his colleagues of having started a revolution and failed, seeks, in common with the other Conservative morning papers, to justify Gen. Botha on the ground that he faced the danger of a native rising.

HID CASH WHEN WAITER CAME INTO ROOM

Mousseau Showed Ready Presence of Mind, It is Alleged, When Awkward Discovery in Chateau Frontenac Seemed Imminent—Was Astounded at Over-Generosity.

(Special to The Toronto World)

MONTREAL, Jan. 28.—The Daily Mail tomorrow will publish further evidence of corruption in the promotion of the private bill of the Montreal Fair Association in the Quebec legislature.

The story again relates to J. Octave Mousseau, member of the private bills committee of the legislative assembly. The scene is in the room of Mr. Hyland the detective, at the Chateau Frontenac, where Mr. Mousseau is being entertained once more to a modest wine supper. He called to collect the balance due under the agreement for promoting the bill in the assembly. Mr. Hyland, however, was out of funds apparently, for he said he would have to go down to Montreal and draw on Mr. Sampson, his colleague. "But," he said, "I must have the balance when the bill was thru the house."

"Well," explained Mr. Mousseau, "the measure is thru the assembly now, and we must do something for the fellows there."

Present of \$1000.

Mr. Hyland says he gave Mr. Mousseau \$1000 in bills of five hundred dollars each, telling the chairman of the private bills committee that the money was for himself, and that the additional funds he would bring from Montreal would be for "the other fellows."

"I am astounded at your over-generosity," exclaimed Mr. Mousseau, expanding himself in his chair. He placed the bills on the table at the side of the plate, and just then a waiter knocked at the door and entered abruptly. Mousseau immediately dropped his table napkin over the bills.

"He came rather too soon," he remarked to Mr. Hyland.

"Ah, well," said the financier, "I see you were equal to the occasion."

It is said that these payments brought the total amount paid to Mr. Mousseau up to \$1150.

ONTARIO CABINET MAY GIVE AID IN CRISIS

Civic Deputation Ask for One Hundred Thousand Dollars to Tide Toronto Over Two Bad Months—Demonstration of Unemployed Held Yesterday.

The provincial government is prepared to take a part in relieving the unemployment in Ontario thru the large number of men out of work. Following an appeal from the workless army in Toronto, the numbers of which are increased daily by recruits from all parts of the province, the cabinet last evening issued a statement favoring the general trend of the request for co-operation. Whether a money grant will be advanced depends on the results of an immediate investigation of existing conditions. If the city desires to set men at work house-building upon civic lands without an approach to the ratepayers, a detailed proposal will be welcomed.

The conference with the cabinet, in addition to representatives of the unemployed, included Mayor Hocken, Controller Simpson and Church and President Watt of the organized labor interests, each of whom urged the government to take some immediate action.

The suggestions in summary were that the city be allowed to place men at work upon city property in the building of huts or shacks. The cabinet was asked to veto the statute calling for the sanction of a public vote, and to advance \$100,000 to relieve the present distress. This sum, on a basis of ten dollars per month to each of the 5000 unemployed, would serve for the coming two months and pass the crisis.

City Doing Its Best.

The mayor stated that the city had done all possible and put a great many to work on sewers and other work which was not needed at present. The government might take extraordinary or temporary measures in the same direction. It was a matter of provincial importance and all cities were waiting to see the result.

The action of the federal government was quoted by Controller Simpson.

NO FREE WHEAT, ROGERS HINTS REPLYING TO LIBERAL URGINGS

Final Pronouncement is Delayed, However, Until Finance Minister Delivers Budget Speech—Western Farmers Forced to Dump Wheat on British Market.

OTTAWA, Jan. 28. (Special.)—

The entire sitting of the house today was devoted to discussing the amendment to the sitting moved by Dr. Neely, the Liberal member for Humboldt, urging the government to at once remove the duties upon wheat and flour imported from the United States, and thereby secure free access for Canadian wheat to the markets of the United States. Strong arguments in favor of free wheat were presented by Liberal members from the west, including Hon. Frank Oliver, Mr. McCraney, Levi Thompson of Qu'Appelle, Sask., and Dr. Molloy of Provencher.

It was a matter of comment that the Conservative members from the west took no part in the debate. Indeed, so far as the government was concerned, it was an undefended case. Hon. Robert Rogers contented himself with saying that tariff changes should only be announced and discussed in the budget debate, and clearly indicated that the wheat and flour duties would not be removed, at least at the present session.

Higher Prices in United States.

Dr. Neely presented a strong case for the west. The western farmer, he said, had a poor crop in 1913, and a poor price in 1912. To make any money he had to have the American as well as the British market, and a market to which he could have access after the close of navigation. All the members who discussed the subject at all agreed with Dr. Neely in saying that prices were higher and freight rates lower in the United States. The matter, they said had now simmered down to the question: Shall the western farmers be allowed to export their wheat or export themselves?

Mr. Thomson declared that the Canadian miller paid the farmer a lower price

for his wheat, and yet sold his flour at a higher price than the American miller.

"Ignore Signs of Times."

Dr. Neely, in opening, said that, apparently, the ministers of the crown had spent their time during the parliamentary recess at some place where they had no access to the newspapers. They seemed to have no knowledge of the great fiscal revolution which had occurred in the United States. Instead of summoning parliament in extra session to deal with the problems presented by the passage of the Underwood tariff law, they had neglected to call parliament together at the usual date.

Western Canada last year had grown an enormous crop of grain. Two million bushels of wheat had been forwarded from the head of the lakes at the close of navigation, and the greater part of this had gone to American ports. It was important, said Dr. Neely, for many reasons to give the western farmer free access for his wheat to the American market. Our crop for 1913 in the west was 205,000,000 bushels. Allowing 60,000,000 for home consumption and assuming that the British market could absorb 80,000,000 bushels, the farmer of west-

Twenty-Nine Marmot Coats Must Sell in Three Days

Seldom has such an advantageous opportunity presented itself to the women of Toronto and district of buying a handsome model marmot coat at the unprecedented figure of \$125. These coats were formerly priced from \$175 to \$200, and are wonderful value at the clearing price quoted above. The sale of the fur market makes the prospect of buying at closer prices remote. It would be advisable to inspect them before our show becomes too limited.

POOR OLD BILL!

BUSINESS IN CANADA CHECKED BY BIG CONTRACTION IN LOANS

Shrinkage of Nearly Fifty-Nine Millions Shown in December Statement Causes Unfavorable Comment at Ottawa—Conservatives Hint That Bankers Are Playing Politics.

OTTAWA, Jan. 28.—(Special.)—The statement of Canadian banks for December issued today furnishes food for reflection upon the causes which led to the business depression from which Canada suffered. Compared with a year ago, there is a decrease of nearly fifty-nine millions in current loans in Canada. Such a tremendous withdrawal of money must have had a serious effect upon business conditions in this country and the opinion is quite freely

expressed among conservative members of parliament that political reasons have been at the bottom of the situation. If that is so, it may be expected that the matter will be discussed in parliament at an early date.

Compared with November, the December statement shows decreases of upwards of twenty millions, both in total assets and liabilities, and a large decrease in paid up capital due to the liquidation of the Sovereign Bank.

RATEPAYERS WANT STREET CAR LINE

Ward Seven Deputation Will See Board of Control Today.

TWO OTHER PETITIONS

Fill in Bloor Street Gully and Build Sewers by Day Labor.

The executive committee of the Ward Seven Ratepayers' Association has decided to form a deputation to wait upon the board of control today, and present a petition asking for three things, which, in their estimation, are the chief needs of West Toronto. They are the following: 1. To have the street railway purchased and Chief Justice Meredith's previous decision regarding the matter, the committee are going to ask the city to arrange with the gully in Bloor street to Pacific avenue, if the purchase proposal is adopted, to ask that the city will pay the suburban company for the expense incurred in laying the tracks, and that the price already asked for the physical assets of the circuitous line be returned to the ratepayers. There is, however, under the circumstances, a possibility that the request being granted. The other two petitions are more reasonable. One will urge the city to fill in the gully in Bloor street in order that a car line may be run through it as soon as possible, and the other asks that the construction of sewers in ward seven be proceeded with at once and by day labor.

Govt. South, E. A. rector of Rev. T. Beveridge's church, has been forced by ill health to take a month's vacation. During the past year under doctors' orders. EAST YORK

The monthly meeting of the East York Police Association was held Tuesday night in St. Nicholas' Toronto, and a good crowd was present. Considerable discussion on police matters took place. Practically every one of the members bore the loss of their comb. In the recent zero weather, while serving duty on the streets, they were subjected to the cold, and many were absolutely frozen to death, others were almost frozen by the cold.

EAST TORONTO

Residents south of Queen street found the smell of gas so strong in the water that they were very reluctant to use it to any great extent for drinking or cooking purposes. The gas, which is connected with the water is not known quantities in that neighborhood last night showed that some residents were not troubled in any way by the odor of the gas. The water company's complaint that the town hall and retail merchants have been asked to attend. Contralor Simpson and Alderman Wantless will give aid.

WESTON

Complaints have been received by the authorities that there is much danger of shooting in the west end part of York County. It is alleged that the purpose of the city go out there for their sport with a reckless disregard for the safety of the public. Many people have had narrow escapes, and the county constables have instructions to use drastic measures to put a stop to this nuisance.

NORTH TORONTO

The committee of works at their meeting on Friday will consider a new plan, which it is claimed, will save two or three million dollars on the North Toronto sewerage system. The plan involves the construction of a combined system of storm and domestic sewers to take the place of the present separate systems in the northern sections of wards two and three. The cost of the combined system is estimated at three million dollars, as against six million dollars for the separate system.

Commissioner Harris is in possession of all the details, and it is thought the committee will adopt this plan.

At the present time the northern portion of the St. Clair district around the city limits resembles a lake, potatoes having to "ride" their water, which has no means of flowing away, owing to the want of drainage. Contrasting this section of Toronto with that portion south of St. Clair where sewers are being put down on Glenholm avenue, where there is not a house on the street at present. Rosemount avenue, in the St. Clair section of Toronto, up to the present, has no sidewalks, and the residents have to walk in the roadway. The contract for the laying of the sidewalks was awarded Oct. 10, and the people living on the avenue would very much like to know the cause of the delay. It is also outside the city limits, where work was in progress last December.

Local residents of Rosemount avenue will have to wait some time for a sidewalk. It is estimated that the sidewalk on Glenholm avenue is about one-third of a mile long, and will be completed in about two weeks. The work is being done by the firm of J. L. Rogers, of St. Clair street, who has been successful in securing the contract.

OPPORTUNITY KNOCKS

What an opportunity Warden Cameron of York County has if he will only seize it! It is true that compared to most men who attain the dignity of warden of a county, he is a young man, but surely that is in his favor. Today, if you ask what he intends to do about police reform, for instance, will no doubt answer: "Well, I'll decide on something one of these days, but it would hardly be right for me to say much just now. I'm just a young fellow, and there are a lot of more good heads and ideas in this county."

That is true, and it is nice of him to say so, but after all he is the warden. Surely no one is more entitled to start a movement for reform in York County than the warden.

If he raises the banner of immediate and complete reform in any department of county administration, he will find a host of warm supporters in his council who have just been waiting for something of that kind. There is a sense in which the warden of York County is the "prime minister" of the county.

It is not the county council as the prime minister of Canada, and what the warden thinks and does, or what he does not think and does not do means quite a lot to the taxpayers in the County of York. Mr. Cameron admits the necessity for police reform. A round dozen of the members of the council are of the same opinion. Others are undecided, mainly because they have not been in close touch with the conditions in the neighborhood of Toronto, which make it necessary. They look to the reformers who do know the conditions for information, and when convinced of the whole truth they will be convinced of the right of the warden.

There are hundreds of young men in the County of York who wish they had the warden's opportunity to make a name for themselves by being the first to start a movement for reform which will undoubtedly sweep the province.

QUEBEC SCANDAL OVERSHADOWS LAID CHARGES IN UPPER HOUSE

(Continued From Page 1.)

The report of the government's enquiry into the construction of the Transcontinental Railway will show gross and unnecessary waste of public money to the extent of forty million dollars. If this is so, more money is stored for the Liberals. But they go right on fighting, trying to get the Quebec reform, on cheaper food, on an appeal to the people of the west.

The issue on the vacant high commissionership in London all points to being offered to and sought by Robert Rogers. There is no doubt that both he and his immediate family would like the honor, but it is also true that many Conservative members want to keep him in the front row of the fighting force. Hon. Mr. Meighen, the minister of finance, would, when the solicitor-general, would, in case Mr. Rogers went to England, take his place in the cabinet and in the struggle in the cabinet and in the fighting line, Mr. Bennett's policy is willing also to come into the game.

Mr. MeLeod, the new member from New Brunswick, must be in training for a cabinet seat, but Mr. Cochrane is not ready to withdraw from the railways portfolio. Mr. Cochrane might prefer to go back to Ontario in some capacity later on, but he is strong, because he is on guard, and he will be on guard for some time. He has not yet finished his work.

FAKE POLICEMAN WANTED BY POLICE

Runs Away With Another Man's Wife and Two Children.

Calls Headquarters Tells Detective He Was in Office a Few Days Ago.

A much-mixed-up case of an alleged runaway wife and "fake" policeman is now occupying the attention of the local police department. During the last few days Detective Levy of the juvenile court has been at his wits' end in his endeavor to discover who the "policeman" is.

Up till a couple of weeks ago, Mr. and Mrs. H. Webb and their two children occupied rooms at 158 Broad street, and the "fake" policeman, however, who claimed to be a policeman, one day saw a sensation by displaying the table revolver, regulation handcuffs, and police accoutrements, and declaring he was going to lock up Mrs. Webb's husband for an alleged insult offered another lady boarder. He eventually thought better of it, however, and the policeman, however, came when the star boarder, policeman ran away with Webb's wife, taking with him the two children.

Detective Levy traced them to Ontario street, and learned they had only two days ago removed to 158 Broad street, Tecumseh. Plainclothesman Ward called at that address last night in search of the constable, but again the birds had flown.

A day or so ago the alleged constable, or detective, he claimed to be, telephoned Detective Levy and said he understood he wanted him. Detective Levy said he did, and told him, if he was any kind of a man, he would come up to his house. The other man refused to do so, and Detective Levy, therefore, in the same business as Detective Levy. He made the startling statement that at the time Detective Levy was making enquiries at police headquarters concerning the runaway he was standing right beside him in the police office.

Referring to a remark made by President Falconer regarding his return to Yale, Mr. Taft said: "The truth is I had not made quite a success with the present generation, so I thought I would try the next."

He had visited the wonderful collection of buildings in connection with the university and saw they had adopted the federal system. This evoked the admiration of Mr. Taft. He stated the sagacity of those who had created the Dominion, the sagacity which united so many in the solid government.

Mr. Taft then read a comprehensive address on "Popular Government." The subject was the importance of the United States and ought to be of interest to Canada, which is only separated by an imaginary line. What interests the minister is that every one ought to be of interest to the eight millions of the other. Changes were going on there which in a short time might appear here, he began earlier, we are the older sister, you may profit by our mistakes.

RUSSO-AMERICAN BANK FOR TRADE PROMOTION

Group of Russian Financiers Made Application to Finance Minister.

ST. PETERSBURG, Jan. 28.—(Can. Press.)—Informal overtures were made today by a group of Russians to the ministry of finance, with the view of obtaining a charter for a Russo-American bank, intended to promote trade between Russia and America. The applicants intimated that they were acting in concert with large American banking interests.

The reply given was to the effect that no discussion of the matter could be entertained until securities representing half the amount of the capital of the proposed bank aggregating \$2,500,000 had been deposited either in St. Petersburg or abroad.

As far as information obtainable from official quarters goes, no deposit has yet been made nor has formal application for a concession.

FRANCE WATCHES HAITI.

PARIS, Jan. 28.—(Can. Press.)—The French consul at Port Au Prince, Haiti, was instructed by the foreign office today to telegraph to the commander of the French cruiser Condor now in Mexican waters, to hasten to Haiti should the situation caused by the situation there and the flight of President Michel Arcebe become worse.

FRANCE TO CULTIVATE COTTON IN MOROCCO

Proposal Made With View to Limiting Exports From United States.

PARIS, Jan. 28.—(Can. Press.)—France's national duty is to develop the cultivation of cotton in Morocco so that the country shall not be so dependent on the United States for that product according to Louis Barthou, former premier.

In the course of a debate in the chamber of deputies today M. Barthou suggested that a sum of \$250,000 or \$500,000 should be devoted to this purpose yearly. No further action, however, was taken in the matter, although the chamber voted the issue of a loan of \$46,000,000 for public works in Morocco.

EQUAL FRANCHISE IN BOHEMIA.

LONDON, Jan. 28.—(Can. Press.)—A special despatch from Vienna says that the Austrian premier has informed the leaders of the German and Czech parties in the Bohemian diet that the Austrian government proposes to alter the Bohemian constitution in such a way as to enfranchise women.

MILITANTS' RAID PROVED FAILURE

Scene Rapidly Shifted From Downing Street to Bow Street.

LONDON, Jan. 28.—(Can. Press.)—Militant suffragettes today made a bold attempt to break into a meeting of the British cabinet council sitting at the official residence of Premier Asquith in Downing street.

An automobile belonging to the Women's Social and Political Union, the militant suffragette organization, with a woman driver at the wheel, and filled with suffragettes, dashed from Whitehall into Downing street before the line of police could bring the car to a halt.

When the driver refused to obey the order of the police inspector on duty to retire from the street the entire party of women was placed under arrest and taken across Whitehall still in their car to police headquarters at Scotland Yard.

Great Excitement.

The women's automobile was decorated with placards protesting against the forcible feeding of suffragette prisoners and demanding that the cabinet cease the "torment of women in English jails."

The unexpected raid caused great excitement, and a huge crowd soon gathered about Downing street. The women were later arraigned at Bow street, where three of them refused to give their names and were

RECALL GLADSTONE IS LABOR'S DEMAND

British Leaders Indignant Over Deportation of South Africa Strikers.

GLASGOW, Jan. 28.—(Can. Press.)—Resolutions strongly condemning the government of the Union of South Africa for the deportation of labor leaders who had been prominent in the recent strike, and demanding that the British Government recall Viscount Gladstone, the governor-general, were passed unanimously today by the annual labor conference, sitting here.

Heated speeches were delivered, in which denunciations were expressed of the "violation of the most elementary rights of British citizenship" by Gen. Louis Botha, the premier of South Africa.

James Ramsay MacDonald, a socialist and labor member of parliament, described the South African Government's action "a very cynical conclusion to the South African war."

Another comment loudly applauded was: "It is a worse scandal than that of Chinese labor," referring to the South African Government ordinance by which Asiatic laborers were brought to South Africa under contract at low wages to work in the mines, but which was later repealed.

Twelve Thousand Miles From Ceylon yet every package of "SALADA" TEA sold in Canada has the flavor, strength, and fragrance of the tea as it leaves the plantation in Ceylon.

THE GARDEN CONDUCTED BY **RACHEL R. TODD, M.D.** Some Alpines Suitable for "Carpeters"

While many rock gardeners do not wish to see the rough surfaces of the rocks completely hidden beneath living green and bright blossoms, there are on the other hand, quite as many who desire the rocky ledges to be entirely hidden as quickly as this may be accomplished.

Ourselves do not think that this is always nature's way. A rough brown surface exposed here and there but lend an attraction to the mass of Alpines covering the rocks.

Before choosing your "carpeters" you should take into consideration the fact that by a judicious selection of plants for this purpose it is possible to obtain a distinct succession of bloom, commencing very early in the spring and running very late into early winter.

Some of the very hardy Alpines bloom so early that the flowering time is even earlier than that of the snow-drops. It is not an unusual sight by any means to see great mats of golden yellow, faint clouds of feathery lavalva, or gorgeous clumps of glowing purple appearing as if by magic upon the cold surfaces of your boulders as early as March, or even in mild stretches of February.

To gain these effects, however, you must plant your Alpines with a careful forethought and a definite end in view. The Alpines that flower earliest of all others are those belonging to the Cruciferae, or mustard family.

The Arabis are very well-known here, having been successfully grown by many amateurs for some years. Of the Arabis plants, there are several splendid varieties, the bloom of which ranges in color from white, single and double, thru the various shades of purple from the palest pink to palest purple, violet almost crimson and into the dark purples.

Both Arabis and Aubretia are quite low growing, seldom attaining their highest being more than four to six inches tall.

Superintendent Ferrier of Industrial School Urges Deportation in Such Cases.

Efforts to abolish overcrowding at the Mimico Industrial School are being made to accomplish something. A new idea is to deport juvenile immigrants who are sent there.

In reporting to the board yesterday afternoon, Superintendent Ferrier said that about twenty per cent. of the boys when received were either physically or mentally deficient.

There is now a resident staff of thirty-two at the school. The Herbert Mason memorial swimming pool, costing \$600, was opened on Christmas Day. Christmas trees were in each of the six cottages on the evenings of Dec. 22, 23 and 24.

Turkish Cookery

PUBLISHERS claim that there are twelve thousand cookery books now on our market, so it would not seem as tho there could be room for another, yet new ones appear constantly.

These are really new combinations of food to us westerners, tho to the Armenians, Egyptians, Greeks, Persians and Hebrews they represent the climax of good eating.

Cracked wheat may be used in place of rice. When the cereal is done and most of the stock cooked away, flaked fish and tomatoes may be added. Tomatoes and onions are also liked with the rice.

Fried spinach is a new style to most of us. Boil it as usual and drain. Season with salt and pepper and spread it in a frying pan, add two tablespoon spoons of butter, and when this has melted pour on three eggs slightly beaten.

Potatoes Baked in Olive Oil—Choose a baking pan with a tight-fitting lid and in it place a third of a cup of oil (or butter), the juice of one lemon, one small bulb of garlic cut fine, one bunch of chopped parsley and a half a cup of water.

Tomatoes may be added if liked.

1500 CHILDREN MUST BE HANDLED WITH CARE

Fifteen hundred and fifty-four public school pupils will be reported to the management committee of the board of education this afternoon as mentally abnormal.

Two hundred pupils are reported defective, 254 as being on the border line between normal and defective, and 1103 as requiring special attention.

A proposition for adequate special training for the school children in question will be made to the management committee today.

MARION GAYNOR WEDS AND SHE'S BUT SIXTEEN

Daughter of Late Mayor of New York Bride of Magnate's Son.

NEW YORK, Jan. 28.—(Can. Press.)—Sixteen-year-old Marion Gaynor, fourth and youngest daughter of the late Mayor W. J. Gaynor, was married here today to Ralph Heywood Isham, 23 years of age, son of Henry Heywood Isham, New Jersey capitalist and president of the Marletta, Columbus and Cleveland Railroad.

The wedding came as a surprise to friends of the family, but it was explained that no formal announcement of the engagement had been made because of the recent death of the city's executive. For the same reason only members of the family were present today.

Did You Hear Tetrizzini?

If so, 'twill be a fleeting, though cherished pleasure, and but serve to stimulate your desire to hear her again and again, at will, that you may linger over her exquisitely liquid notes and catch every inflection and shading of her marvelous voice.

Hear Her at Will

One way, in fact, the only way, to keep Tetrizzini and Ruffo always with you is

On The Victrola

And while you have not the charm of the singers' presence, you have all the magnetism of their splendid voices, with their delicate shading and magnificent color.

We cordially invite you to visit our showrooms and hear these great artists on the Victrola at your leisure, and judge for yourself whether or not one of these instruments is worthy of your home.

A large and commodious Victor department, with ten private sound-proof rooms, and a capable staff ensures prompt attention and every comfort.

THURSDAY MORNING, JAN. 29.

WAITING FOR THE YELL.

The Telegram is still away back in July of last year debating the pros and cons of letters and reports that have been superseded by subsequent information and decisions. Fault is found with Mayor Hocken for trying to discover whether a reasonable price was put upon the Toronto Electric Light Company by the vendors, but no credit is given the mayor for trying to find out through Engineer Couzens and Mr. MacKay whether the price that was reasonable to the company would be profitable to the city. There are two elements to be considered if a purchase is really to be made. But the Telegram does not want a purchase made and naturally sticks to one side of the facts.

It does not follow that a price which is advantageous to the seller must be disadvantageous to the buyer. What is certain is that the city will not buy at a loss, and that the company will not sell at a loss. Every man who buys and sells knows that both sides may benefit by a bargain. The Telegram, however, seems to have had a different experience, and appears to believe that the city is bound to suffer. We have already said that we prefer the opinion of the experts in this matter to that of the Telegram. How very elementary the business sense of the Telegram is must be evident to the reader of the leading editorial in The Telegram last night, which we reproduce:

IMMEDIATE.
IMMEDIATE MUNICIPAL OWNERSHIP of the Toronto Railway and Toronto Electric Light systems. IMMEDIATE MACKENZIE OWNERSHIP of this city's cash and credit to the extent of \$21,000,000.

The Telegram would have us all believe that the board of trade inspires and admires this kind of thing. It is not very long since the Telegram told us that Mackenzie would sell the city bonds away below par. If he is going to sell them away below par how will he increase the city's \$30,000,000 to \$31,000,000? And how will he own the city's credit if he discounts it? And if he discounts it for less than \$30,000,000 how will he get \$31,000,000 out of it? And if he pays his stockholders how will he keep it?

And if the city gets \$30,000,000 worth in return for its cash and credit who is going to suffer?

We pause for another yell in reply.

HIS YEAR'S TASK.

President Gundy of the board of trade has made it his task this year to get the parks and boulevards system of the city into such shape that there will be no possibility of a retrograde posterity looking backward and saying things. In his inaugural address Mr. Gundy indicated his intentions and the scope of his hopes, and will, he anticipates, be able to commit the city to something like organized action.

The proposal for a forty-five-mile driveway clear round the city has been in the air for a considerable time, but few realize that half the work is practically arranged for. Of the remainder it has been stated that a large portion could be secured by gift from property owners, and reasonable options on much of what would remain. Three years ago, as Mr. Gundy asserted, not a foot of the land required had been secured. Today one-half of what is needed has been assured. It should not take more than another three years to get the rest.

Mr. Gundy advises the board of trade to press for the appointment of a parks commission such as are at work in other cities, and the co-operation of the city council would, of course, be necessary to make the project a success. We trust the city authorities and the board of trade will be able to get together and deal with the matter in a practical way. The co-operation of the board of trade would render much easier for the city the settlement of a problem which every year of delay makes more difficult.

AN OCEAN WATERWAY.

That the opening up the great inland waterways to ocean-borne commerce would be an enormous advantage is too evident to need argument. What is new is the proposal made by United States members of the international waterways commission that it should be a matter of joint concern by Canada and the United States and that its cost should be borne by them on the basis of proportionate benefit. This opens up many important questions, not the least of which is how far any

arrangement of the nature indicated would interfere with the supremacy of the Dominion within its own domain. The proposed waterway will be largely through Canadian territory and the admission of joint control might, and probably would, result in complications.

Not the least of the benefits that would result from the opening of the great lakes to ocean-borne traffic would be the effect it would have on the rates of land transportation. In Great Britain a comparatively small island, water transportation has compelled the concession of thru rates by land from one coast to the other, not altogether to the advantage of inland industries. This is one of the results of having land transportation under private control, and so far as an ocean-waterway is concerned it will certainly be opposed in both countries by the interests that think they will be injuriously affected. But in this, as in all other matters, the general interest should be the paramount consideration.

THE COMING PARCEL POST.

So far as can be gathered from the preliminary announcement, the postmaster-general has devised a parcel post system which will not only meet the present need, but is capable of future extension and extension along natural lines. With an area greater than that of the United States, Canada has only about one-twelfth of the population, and the problem of an efficient parcel post system is therefore much more difficult to solve, with due regard to the matter of expense.

The great point of acceptance of the principle, and if public support is as immediate as was that accorded in the United States, the matter of better meeting the public demand will increasingly impress the Dominion Government and parliament.

Mr. Pelletier is attributed the hope that the parcel post will operate as a very material link between producer and consumer. That it will certainly do and all the more rapidly and effectively if the government is prepared to afford aid in that direction. Much can be effected by postal organizations, but in the United States the departments of the postoffice and of agriculture are co-operating for the purpose of reducing the high cost of living. This they propose to do by the dissemination of information among buyers and sellers within accessible distance. The provincial governments might well undertake this duty to the mutual advantage of both producers and consumers.

DAIRY FARMS.

If farmers do not increase their incomes it is not from lack of production on the part of the Federal and Provincial Departments of Agriculture. From the dairy branch of the Dominion office comes a memorandum calling attention to the fact that the results of the dairy herd competition given at the recent convention showed a yield of 7,317 pounds of milk or 214 pounds of fat per cow, or the same convention a chart was displayed indicating that some dairy farms are producing comparatively little milk. One, indeed, was listed as giving a yield of only 125 pounds of milk per acre.

The memorandum states that with a dairy farm growing corn, oats, clover and alfalfa, and having pretty good pasture, it ought not to be difficult to produce 2,000 pounds of milk per acre and at the same time increase the fertility of the soil. By adopting a proper system an income could be earned of over \$30 per acre instead of the insignificant average of \$5.75 per acre cultivated, including pasture, given officially as the return from 5,000 cows in Ontario. The department advises the weeding out of poor cows and is prepared to supply forms free which enable them to be detected.

BRITISH STREET RAILWAYS.

From the annual return recently issued by the board of trade department of the British Government it appears that the street railways and light railways open for traffic in the United Kingdom now cover 2662 miles, or nearly ten times the mileage open in 1879. The capital expenditure has increased in the same period from roughly \$21,000,000 to \$396,000,000, the number of passengers from 148,000,000 to 3,226,000,000 and the net receipts from \$1,150,000 to \$27,900,000. Of this mileage 1818 miles are owned by local authorities and 1617 miles are operated by them or by other local authorities leasing from them.

Of the 256 undertakings, 171 belong to the municipalities and 115 to private companies or other parties. During the year ending March 31, 1913, the net receipts from municipally owned and operated systems amounted to \$20,000,000 on the year's traffic. From this over \$6,000,000 was applied towards the reduction of debt and \$2,700,000 in relief of rates, while carrying \$3,700,000 to reserve and renewal funds. Four public undertakings and seven companies showed an excess of working expenses over gross receipts. These official figures should afford convincing evidence that public ownership and operation of street railways has been a success in the United Kingdom, accompanied as it has been by cheaper and more efficient service and better conditions of employment.

THE R. S. WILLIAMS & SONS CO., LTD

ANNOUNCE FIFTH ANNUAL PIANO CLUB

Gives 250 People Opportunity to Secure Splendid Instruments on Very Easy Terms

CELEBRATE THEIR 65TH BIRTHDAY AND NEW BUILDING ANNIVERSARY

The R. S. Williams & Sons Co., Limited, of 749 Yonge street, who just completed one of the most remarkable and successful anniversary events ever held in Canada, have announced their fifth annual piano club, a Saturday evening event, under the club plan anyone can purchase a piano on payment of \$5.00—with weekly payments of only \$1.25. This includes a one-year exchange privilege, a protective insurance clause, a beautiful stool to match, two tunings and a five-year guarantee. The regular value of the instrument is \$380. The club price is \$287.50. Thus, it can be seen that in addition to the remarkably easy terms, there has been a generous saving of \$92.50, \$15 cash and \$2.50 weekly privileges and social concessions.

Players—numbering 250—have been purchased. During the first week the management hopes to be able to give purchasers a choice between mahogany and walnut finishes, but can not guarantee this after the first few days.

The club books open for membership Friday, January 31st, at 9 a.m. The Williams Company announce that for the convenience of the public they have moved their warehouses open Wednesday, January 29th, evening, during the continuance of this club.

Owing to the great demand and increasing popularity of Player-pianos the Williams Company have included 50 of these instruments in their club plan, and are offering an 88-note player-piano, with all modern improvements at \$425.00, for \$142.50, \$15 cash and \$2.50 weekly, including most of the regular club privileges and social concessions.

ELECTRIC CARS COLLIDE

BUFFALO SUBURBAN LINE

Motorman Killed and All of the Seventy-Five Passengers Badly Shaken Up.

BUFFALO, Jan. 28.—(Can. Press.)—Two crowded suburban cars on the Buffalo, Lake Erie and Western Railroad collided head-on at high speed at Lackawanna today. John Doyle, one of the motormen, was crushed to death and all of the 75 passengers on the two cars were severely shaken up. Several suffered slight injuries from flying glass.

The accident was caused, according to railroad officials, by Doyle's neglect to set a block signal, and the fog hid the cars until it was too late to avoid the collision. The vestibules of both cars were wrecked.

ATTEMPTED HOLD-UP ON PASSENGER TRAIN FOILED

Four Bandits on B. and O. Railway Frustrated by Press of Numbers—One is Captured.

ZANESVILLE, Ohio, Jan. 28.—(Can. Press.)—An attempt to rob Baltimore and Ohio passenger train No. 105 was frustrated near here this morning by a press of numbers.

Four men boarded the train at Bellefonte, Ohio, and when near here one of them attempted to rob a woman passenger, while the other three demanded money from other passengers. Persons in the train went to the woman's assistance in such numbers that the robbers were captured, while the police station the man gave as his name as Harry Warner, but refused to tell anything about himself.

HENRY CLAY BARNABEE

Master of Mirth in Music.

America's Master of Mirth is the loving title given to Henry Clay Barnabee, known in America and Europe as one of the most active singers of opera roles of his time. "He was the original Sheriff Nottingham in 'Robin Hood,' and played Sir Joseph in 'Pinafore' the first time it was presented in America. He was over sixty years old when he sang 'The only man who could sing 'The Coward' and 'The Loving Heart, Trust On,' written for him by Gottschalk, the famous composer. Shortly after the civil war Mr. Barnabee began playing with the Boston Museum Company, and later began his work as an entertainer, making a circuit of minor towns and cities, combining music and declamation. Mr. Barnabee was a leading spirit of the old Boston Idea Opera Company, which continued for many years as one of the most popular musical organizations ever known to American opera lovers. In his eleventh year he completed a remarkable book of 'Landscape Entitled "My Wanderings," which met with an enormous sale. In later life he retained his splendid quality of voice, still singing many of the songs which he made famous. "The Loving Heart, Trust On," and others of the Barnabee songs are to be found in that beautiful volume "Heart Songs," now being distributed by Messrs. A. F. Webster and Son, 53 York street.

GRAND TRUNK AT PANAMA-PACIFIC EXPOSITION.

The Grand Trunk System has received word from the chief of architecture of the Panama-Pacific International Exposition, that the design submitted for the Grand Trunk building during the year which takes place at this great event, is approved. The information is of great importance as being the first of the proposed Canadian Railway Buildings that will be erected in the west side of the main palaces at the exposition. The location of the building is on the north side of the exhibition grounds and faces on the ferries from Francisco Bay and the west side of the machinery palace. The building is to be placed in the group of the exhibition buildings, which is the general scheme of the exposition. DOMINION BANK

HAD GOOD YEAR

Excellent Reports Read at the Forty-Third Annual Meeting.

DIVIDEND 14 PER CENT.

Eight New Branches Opened for Business During the Year.

Reports presented at the forty-third annual meeting of the Dominion Bank, which was held yesterday, show that despite the general financial and commercial depression throughout the world during the past year, the bank had most successful business, and the report is most gratifying in every department. The result of the business done during the year was that the net profits of the year were \$950,402, after deducting all charges and making full provision for bad and doubtful debts. The premium received on new capital stock was \$311,344, making a total of \$1,261,746. The total dividends at the rate of twelve per cent, on the bonus of two per cent, amounting to \$116,176. The total distribution to shareholders, including a dividend of \$2.00 per share, or \$1,145,570, was \$1,145,570. The balance of profit and loss carried forward was \$447,688.

Sir Edmund Ouel, president of the bank in his annual address, stated that during the year the bank had followed a policy of conservatism, without, however, interfering with the funds of legitimate borrowers. Profits were good and the bank was a further increase in the net earnings. An issue of \$1,000,000 of new capital stock was made, resulting in a whole of which was taken up.

Eight new branches were opened during the year, and very satisfactory progress was made with the new head office building at the corner of King and Yonge streets, Toronto.

BED OF RIVER GATINEAU NOT PUBLIC PROPERTY

Privy Council Allowed Appeal—Province of Quebec is Loser.

LONDON, Jan. 28.—(C. A. P.)—The privy council today allowed an appeal in the case of David MacLearen v. the Attorney-General of Quebec. The main issue was whether the bed of the River Gatineau is navigable and floatable, and whether the bed forms part of the crown's domain. The provincial government has granted Edwin and William Hanson waterpowers adjoining the river, and the government accordingly was interested in defending the validity of this grant.

The privy council judgment was long and involved, and while recognizing the importance of the case, their lordships could not recognize the success of the appeal would close the River Gatineau to the public.

Chicago Ball Park The Size and Rental

CHICAGO, Jan. 27.—The Federal Baseball Club has obtained a hall park in Chicago. Charles Weegman, president of the Federal League Club, and Wm. M. Walker have leased from Edmund J. Archambault of Milwaukee the block of land on the east side of North Clark street and Seminary avenue, for ninety-nine years, from Jan. 1, at an annual rental for the first ten years of \$18,000, for the second term of ten years \$18,000, and for the remainder of the term \$20,000. The tract comprises 327,000 square feet, or a trifle over eight acres. The average annual rental is \$19,333, which, capitalized on the basis of five per cent, is equivalent to a land valuation of \$387,500. The lease was negotiated by Willoughby & Co.

DESERTING THE RANKS.

CLEVELAND, Ohio, Jan. 28.—Baseball headquarters today received a report that Wheeler Johnston, first baseman for the Cleveland American League team, had signed with the Federal League. This would make four Naps to jump to the outlaws—Falkenberg, Blanding and Kahler, pitchers, having gone over, according to admissions made at headquarters here today.

Jack Oraney, Nap left-fielder, over the telephone from St. Thomas, Ont., today admitted he had received a flattering offer from the Federals, but would not accept it.

M. F. Bramley, former president of the Cleveland Federal League Club, returned from New Mexico today, and said he had a site for ball park for the Federals in Cleveland, and in case the Toronto backers could not go thru with their proposition, Cleveland would have a Federal League team again in 1914.

PROVINCIAL BOUNDARIES ZONES FOR THE PARCEL POST SYSTEM

Pelletier Makes Clear Explanation of Workings of Service—Local Rates Will Apply for Twenty Miles From Each Postoffice—Farmers Will Benefit.

OTTAWA, Jan. 28.—A memo explaining the methods and working of the new parcels post system was issued by Hon. L. P. Pelletier today. It says:

"After considering carefully every phase of the parcel post question, the postmaster-general decided to adopt the zone system in fixing parcel post rates on account of the great area over which distribution has to be made in Canada, and the relatively sparse population of the Dominion.

"If a flat rate were fixed that would not entail too great a loss to the department in carrying parcels from one end of the Dominion to the other, or even from the centre provinces to the extreme east, the rate would be too high for comparatively short distances or even between points within the same province, and the only practical plan appeared to be the zone system, under which the rates are graduated according to the distance a parcel will have to be carried.

"On account of the geographical position of the provinces of Canada and their being approximately the same size when the three Maritime provinces are considered as one it was found that the provincial boundaries would be the most convenient to adopt as the limits of the zones, and consequently the rates were fixed by provinces. This makes the system a very simple one, much easier to follow than the zone system based upon mileage alone.

"The first or local rate is five cents for the first pound, and one cent for each additional pound or fraction thereof, up to four pounds, and two cents for each subsequent pound up to eleven pounds within a radius of twenty miles from the place of mailing, irrespective of radius from the place of mailing, irrespective of provincial boundaries.

ST. KITTS VOTERS AGAINST BONUSSES

Bylaw to Grant C.N.R. Hundred Thousand Dollars Badly Defeated.

ST. CATHARINES, Jan. 28.—The property owners of St. Catharines declared against railway bonuses today when they voted down a bylaw to grant \$100,000 to the Canadian Northern railway, to build the line from Toronto to the Niagara River thru St. Catharines, by 74 to 420, less than half of those on the lists exercising their franchise.

Sufficient opponents of the bylaw gained seats in the council to prevent the industrial commissioner from arranging an organization to carry the measure, and Mayor Petrie paid a personal visit to the polls and warned the officials against allowing any irregularities.

The bylaw was actively opposed by those who unsuccessfully tried last year to pass a bylaw to have the city build a viaduct from the main section of the city across the old canal to the Grand Trunk station.

A bylaw to aid the Consumers' Rubber Tire Company, by the gift of a site and fixed assessment, was voted upon today and also defeated, the majority of 33 not being sufficient to carry it.

PRINCE EDWARD'S WARDEN.
PICTON, Ont. Jan. 28.—(Special.)—Horace S. Collier was elected warden of Prince Edward County today.

THE DUFFERIN COUNTY TRAGEDY

This photograph, which was taken last fall, is said to be the latest of the Simpson family, and one of the few in existence. It shows the fine, prosperous-looking home of one of the most highly respected families in Dufferin County. From left to right are: Margaret Simpson, the only body, and Mrs. Simpson, the mother of the young man, who succumbed two hours after the tragedy as the result of five bullet wounds. In the center is High Constable Marshall of Orangeville.

REALIZED CRIME THEN ENDED LIFE

Hemorrhage Cuminating in Pressure on Brain Probably Caused Dufferin Tragedy.

(Special to The Toronto World)
ORANGEVILLE, Jan. 28.—According to an opinion expressed to The World by Dr. T. H. Perry, who examined the body of Edgar Simpson, who ended his life after killing his parents, the young man became temporarily insane thru pressure on the brain caused by a hemorrhage. The doctor also expressed the belief that Simpson had regained control over himself, and realizing the extent of his crime, and the probable consequence, took his own life in remorse.

Dufferin County has turned from an aroused populace to one full of sympathy. Margaret Simpson, the only surviving member of the family, still requires constant medical attention, as the strain of yesterday's calamity is having a severe effect. It is said that the perpetrator of the deed had recently purchased an additional two hundred cartridges for his rifle, and that when the house was searched, barely more than a hundred loaded shells were found. However, this is not taken as an evidence of premeditation of the crime, as the young man was very fond of hunting.

PRISON FARM FOR MIDDLESEX

LONDON, Ont. Jan. 28.—(Can. Press.)—There is a strong probability that action will be taken at the present session of the county council towards securing an industrial farm in Middlesex to which prisoners may be sent instead of to the county jail as at present. The suggestion was contained in a report by R. W. Bruce Smith, inspector of prisons, submitted at the opening session of the council this afternoon.

SMALLPOX AT WILKESPORT

COURTRIGHT, Ont. Jan. 28.—(Can. Press.)—Smallpox has broken out at the small village of Wilkesport, in Sombra Township, and as a result, schools and churches, as well as the residences of the afflicted ones, are under quarantine.

The family of Chief Jacobs, on Walpole Island, have contracted smallpox and are under quarantine. Dr. Cathcart of Port Lambton is in charge of the Indians on the island, and is doing everything in his power to see that every precaution is taken to prevent the disease from spreading.

LARGE ADDITION TO SAULT'S STEEL PLANT

(Special to The Toronto World)
SAULT STEEL, MARIE, Ont. Jan. 28.—Vice-president J. Fraser Taylor of the Lake Superior Corporation gave out a statement today to the effect that his company has decided to let the contract at once for the construction of another open hearth furnace at the big steel plant. This is the first step in the company's proposed scheme to spend upward of three million dollars on extension to the plant. It will mean the doubling of the present capacity of the plant and the employment of a large number of hands. The new furnace, it is estimated, will roast in the neighborhood of two hundred thousand tons of steel per month.

WANTS MONEY FOR DEEPENING RIVERS

Perth Asks Kent to Join Agitation for Diversion of Ten Million Grant.

(Special to The Toronto World) CHATHAM, Jan. 28.—An aged man named W. H. Waring, a resident of Wallaceburg, dropped dead on the street near Harrison Hall this afternoon. Waring was being brought into Chatham to be placed in the county house of refuge. He was in charge of Chief of Police Countess of Wallaceburg and was taken to Dr. C. R. Charter's office to get the papers which would admit him to the institution. Chief of Police Countess of Wallaceburg was just left Dr. Charter's office when suddenly Waring without any warning fell over dead.

At the meeting of the county council today a request was received from the County of Perth asking Kent to join in a movement to have the ten-million-dollar grant made available for the purpose of deepening the streams and rivers of the province. This work is usually done under the drainage law. The motion was introduced to petition the counties of Elgin, Middlesex, Oxford, Perth, and Kent and the cities therein located proportionately responsible for taking care of the flood waters of the Thames River till they reached the outlet in the lake.

The annual meeting of the Dover Municipal Telephone Company was held yesterday when the reports showed the company to be in good shape. The company is considering a proposal to purchase the two Bell telephone lines that are run thru the township to add to its system. The deal will likely go thru in a few days.

Action Said to Be Due to Operations of Woman Customs Inspector at Border.

(Special to The Toronto World) SARNIA, Jan. 28.—The home of David Devlin, in the south part of the town, was entirely destroyed by fire at an early hour this morning. The man had gone to bed, leaving the fire going pretty strong. Devlin was awakened by flames which were burning up the mattress on which he was sleeping, and he escaped thru the front door with only a burn on his neck and on his hand. The furniture is a total loss.

ESKIMOS SKILFUL IN THE HUNTING OF SEALS

Fine Art Exhibited in Handling Harpoon and Line and in "Playing" the Catch.

The Eskimo is said to be a skilful huntsman, and especially in the capturing of seals does he display considerable ingenuity. Whenever the seal hunter has gone to the trouble of splitting a fine spear handle he does not wish to break it, so the point, explains a writer in The Southern Worker, is put on with a "toggle" or joint.

When the line does break the seal hunter is put on with a "toggle" or joint. When the line does break the seal hunter is put on with a "toggle" or joint. When the line does break the seal hunter is put on with a "toggle" or joint.

National Trust Company, Limited

Annual Meeting of Shareholders

The Sixteenth Annual General Meeting of the Shareholders of the National Trust Company, Limited, was held in the Company's Board Room, 20 King Street East, Toronto, on Wednesday, the 25th day of January, 1914.

Before the proceedings of the meeting were begun the Vice-President, Mr. J. W. Flavelle, was in the chair, and Mr. W. E. Rundle, the General Manager, acted as Secretary to the meeting.

The policy of the Directors in investing largely in farm mortgages will give the Company a steady income and a high rate of interest, and it is a policy which has been approved by the Shareholders.

The Secretary read the Sixteenth Annual Report of the Directors and the Financial Statement, as follows:— The Directors have pleasure in submitting herewith their Sixteenth Annual Report, showing Statement of the Assets and Liabilities of the Company as at 31st December, 1913, together with the Profit and Loss Account for the year ending on that date.

Respectfully submitted, J. W. FLAVELLE, President.

Financial Statement, 31st December, 1913. ASSETS: Real Estate Mortgages, Bonds, Debentures and Stocks, etc.

LIABILITIES: Capital Account, Reserve Fund, etc.

PROFIT AND LOSS ACCOUNT. For Year Ending 31st December, 1913.

Approximated as follows: Quarterly dividends Nos. 53, 54, 55 and 56, at the rate of 1 1/2% per annum.

The President said: In moving the adoption of the Report, I have pleasure in being able to present to you the record of another year of substantial progress.

On behalf of the Directors I take this opportunity of expressing appreciation of the service rendered to the Company by the Resident Directors at Montreal and the Advisory Board at Winnipeg.

The General Manager spoke as follows: The net earnings for the year 1913 amounted to \$252,022.76, or 16.80 per cent upon the capital, an increase of 0.8024 over the preceding year.

With a paid-up capital of \$1,500,000, and a Reserve of the same amount, not only are the Shareholders placed in a strong position, but the clients of the Company are also afforded substantial security and protection in any business they entrust to its care.

NEWS FROM THE CITY HALL

WILL TURN INSANE FROM JAIL DOORS Chambers is Willing to Help City Guard Against Imposition.

CIVIC HOURS TOO LONG Controller Says There Are Old Men Working Thirteen Hours Daily.

To relieve congestion in Toronto jail the police commissioners will be requested to instruct Chief Grasset to transfer direct from the court to the central prison everyone committed to that institution.

It is against the law to commit to the Toronto jail anyone who has been committed to the Ontario Reformatory or a hospital for the insane.

Governor Chambers contended that the city is to blame for the insane being in Toronto jail, as the provincial government is pledged to maintain a house of detention if the city will provide a building.

Two years ago the city council appropriated \$100,000 for a building, and since then has been waiting in vain for the government to co-operate.

PROGRESS MADE IN SOUNDING THE AIR Balloons of Modern Device Able to Effect Wonderful Investigations.

The limit to which manned balloons can ascend is about 30,000 feet, but a sounding balloon lately sent up by the University of Toronto reached a height of 42,100 feet, or nearly twenty-three miles.

This apparatus, called a "meteorograph," combines several instruments in one. It has an accurate chronometer for time, an aneroid barometer for height or atmospheric pressure, a metallic thermometer for temperature, a hair hygrometer for relative humidity and an anemometer for wind velocity.

MUSIC HAS GREAT INFLUENCE ON HAIR Hirsute Stimulation Brought About by the Action of Sounds.

The eleven per cent. of all musicians are bald, it appears that this is the result of exposure to the wrong musical vibrations. M. THE DOMINION BANK

PROCEEDINGS OF The Forty-Third Annual General Meeting of the Shareholders.

THE FORTY-THIRD ANNUAL GENERAL MEETING OF THE DOMINION BANK was held at the Banking House of the Institution, Toronto, on Wednesday, 28th January, 1914.

Among those present were noticed: G. N. Reynolds, H. G. Horton, J. J. Foy, M.L.A., James Watt, A. Foulds, W. C. Harvey, A. M. Nanton, Winnipeg; E. Burns, R. Wilkinson, James Matthews, Chas. B. Powell, C. Walker, Sir E. B. Oser, M.P., H. W. Hutchinson, Winnipeg; D'Arcy Martin, K.C., Ham.

The Secretary read the Report of the Directors to the Shareholders, and submitted the Annual Statement of the Affairs of the Bank, which is as follows: TO THE SHAREHOLDERS.—The Directors beg to present the following statement of the result of the business of the bank for the year ended 31st December, 1913.

The year 1913 was one of general financial and commercial depression throughout the world, which conditions became more accentuated during the closing months of the year.

Primrose and Dockstadler. "Sit Down, You're Rocking the Boat" and "Father is Working in the Movies Now" are two of the classics that Law Dockstadler will sing at the Royal Alexandra Theatre next week during the engagement of the Primrose and Dockstadler minstrels.

"The Lady of the Slipper" is the story of "Cinderella" brought up to date. Mr. Dillingham as usual is secretive about the details of his offering, but the circumstance that three of Toronto's favorite laugh makers—two sets of stars and their comedienne— are the principal artists announced should be sufficient to draw a crowd to the box office of the Princess when the sale opens today.

"Ready Money" Coming. Coming almost direct from its extraordinary engagements in New York and Boston, "Ready Money," the comedy of love, romance and thrills, will be presented for an engagement at the Grand Opera House for one week commencing Monday evening, with matinee on Wednesday and Saturday, under the management of William A. Brady, Limited, the first time anywhere at less than a dollar fifty scale of prices. The idea of the comedy is original and charming and full of romantic interest, quite apart from the solid money interest that might be indicated by the title of the comedy.

A Pageant Exposition. Mrs. Charles H. Ashdown of Herts, England, Mistress of the Robes for the Pageant of St. Albans, will direct a Pageant Exposition in The Margaret Eaton Hall, on the evening of Friday, January 30, at 8 o'clock, under the distinguished patronage of Mrs. H. S. Stratton, Mrs. Eaton, Mrs. H. D. Warren, Mrs. Maurice Hutton, Mrs. Arthur Van Koughnet, Mrs. J. C. Eaton and

Mrs. Hartley Dewart. The beautiful historic costumes to be worn on this occasion will represent the dress of seventeen centuries, and the music that of the same periods.

CLOWNSHIP Coming to Shea's. Manager Shea has a varied bill at Shea's Theatre next week, commencing with a chorus of twenty has its place as the headline act. This is Jesse Lesley's latest offering and musical comedy, "The Musical Mystery," with Messrs. Ceballos and Victor Stone and Miss Desmond as the principals at the piano. George Spink and Miss Mabel Gabeau preside.

MONTGOMERY AND STONE AND ELISE JANIS. Three stars together in "The Lady of the Slipper" is the announcement of the Princess for the week beginning Monday, Feb. 2. The musical fantasy has just concluded long engagements in Chicago and Boston following a full season's run at Charles Dillingham's Globe Theatre in New York.

Mr. Dillingham as usual is secretive about the details of his offering, but the circumstance that three of Toronto's favorite laugh makers—two sets of stars and their comedienne— are the principal artists announced should be sufficient to draw a crowd to the box office of the Princess when the sale opens today.

"Bowerly Burlesques." There is more than the ordinary amount of merriment to the "Bowerly Burlesques," which will be seen at the Gaiety Theatre during the coming week. Not only has the cast been strengthened to a great extent, but the general make-up of this season's offering exceeds all previous efforts of this genial attraction.

Quinlan Opera Company. The program of grand opera to be given in English by the Quinlan Opera Company when it comes to the Princess Theatre next week is definitely announced. It has been carefully selected by Mr. Quinlan with a view to completely representing the resources of his great organization, and to meeting the higher musical taste of Torontoites. It will be as follows: Easter Monday, April 13, Verdi's "Aida"; Tuesday, Wagner's

FEAR COLD WAVE IN WHEAT BELT

Bulge at Chicago Reflected Apprehension—Corn Sold Up Sharply.

CHICAGO, Jan. 28.—A fear that a predicted cold wave might bring disaster to the winter crop had a good deal to do today with a bulge in the price of wheat.

Wheat displayed firmness from the start. Inadequacy of snow protection over autumn sown fields made the chance of a hard freeze a serious menace.

Temporarily the provision market suffered from a bearish construction placed on the government live stock figures and because of a break in the price of hogs. The property unloaded, however, found its way into strong hands.

ST. LAWRENCE MARKET. Receipts of farm produce were 100 bushels of grain and 20 loads of hay.

CATTLE MARKET EXCEEDINGLY DULL

Sheep, Lambs, Calves Steady—Hogs Higher on Wednesday.

Receipts of live stock at the Union yards were 51 cars, comprising 493 cattle, 1956 hogs, 88 sheep, and 208 calves.

There were about 500 fresh arrivals of cattle, with fully 300 left over from Tuesday, made about 800 cattle on sale.

Trade was again very slow, as there was only a limited number of buyers. Prices ruled about steady with Tuesday's quotations and quality considered.

Receipts of sheep, lambs and calves were light and prices remained about steady. Hogs were again firmer.

Butchers—One load good choice butchers', 1270 lbs., sold at \$3.15; good butchers', \$7.25 to \$7.40; medium, \$7 to \$7.25; common, \$6 to \$6.50; choice cows, \$8.50 to \$8.75; good, \$8 to \$8.25; medium, \$5.50 to \$5.75; cow, \$7; good bulls, \$8 to \$8.50; common bulls, \$5.50 to \$5.75.

There was a light delivery of stockers and feeders. Prices remained steady. Choice steers, \$7 to \$7.25; good steers, \$6.50 to \$6.75; stockers, \$5.50 to \$5.75.

A moderate supply of milkers and springers sold at firm prices, ranging from \$95 to \$90; the bulk selling at \$95.

Veal Calves—Receipts of calves were light, not being enough to supply the demand. Choice calves sold at \$10.50 to \$11.50; good, \$9 to \$10; medium, \$7.50 to \$8.50; common and rough, \$5.50 to \$6.50.

Sheep and Lambs—Receipts of sheep and lambs were light, only 88 lambs, but there were some heavy lambs held over from Tuesday.

Hog prices were higher. Selects fed and watered sold at \$9.25 to \$9.50, \$9.75 weighed off cars, and \$9 f.o.b.

Rice and Wheatley sold five cartons of live stock; 1 load steers at \$7.00; 3 loads butchers' cattle at \$7.00; 1 load of lambs at \$7.75; 1 load of sheep at \$6 to \$7; heavy ewes, \$5.50 to \$6; rams, \$5.25 to \$5.50; heavy lambs, \$8 to \$8.75; good to choice lambs, \$9 to \$9.50.

An Invitation. You are invited to attend our Free Exhibition of the most remarkable painting ever made of the City of Toronto. This great painting, made from an elevation over the water front, shows the entire city with practically every building. The \$19,000,000 Harbor Improvements as they will appear when completed, all transportation and terminal facilities, the big skyscrapers, business blocks, and manufacturing plants, and the thousands upon thousands of beautiful homes for which our city is famous. It depicts what a great and growing metropolis we have all helped to build, and of which all Torontonians feel justly proud. The painting reveals a more comprehensive idea, a better understanding of the entire city and its surroundings than anything yet seen. Open from 10 a.m. to 9 p.m. If you care to leave your address, we will later mail you a handsome full color engraving of this painting, fit to frame. Ladies Invited. The Exhibition Is Entirely Free The Toronto Arcade Victoria Street Entrance Dovercourt Land, Building & Savings Company, Limited

CATTLE DRUG ON MONTREAL MART

Supply Unexpectedly Large and Demand Small—Meats Unchanged.

MONTREAL, Jan. 28.—The supply of cattle today was much larger than was generally expected by the trade, as there was very little improvement in the demand from butchers and packers, and a easier feeling prevailed in the market and prices were generally lower, but even at the lower range the trade was slow.

CHICAGO LIVE STOCK. CHICAGO, Jan. 28.—Cattle—Receipts, 18,000; market best heaves steers, others steady. Beeves, \$6 to \$9.50; Texas steers, \$6.50 to \$7.50; stockers and feeders, \$5.40 to \$6.90; hogs, \$7.75 to \$7.90; pigs, \$6 to \$6.75; dairies, \$3.50 to \$8.65.

WOMEN WILL FIND MORE NEWS OF INTEREST TO THEM IN THE WORLD'S MAGAZINE PAGE EVERY MORNING THAN IN ANY OTHER PAPER.
