400,000 ARE DESTROYED BY BURNING OF CITY OF HANKOW

Hundreds of Half-Burned Bodies in Ruins—Loss Estimated at \$50,000,000—Imperial Troops Took Part in Pillage—Foreigners Hear Horrible Tales of Brutality.

INSURGENT CAPTURE OF NANKING ONLY PARTIAL

HANKOW, Nov. 8.—Via Wuhu, Nov. 8.—The City of Hankow has been destroyed by fire over two-thirds of its extent. The lowest estimate of the loss is \$50,000,000. Four hundred thousand people are destitute. Hundreds of half-burned bodies lie among the ruins. Many of them are the bodies of women and children.

The customs house, the post office, and the American mission have been spared.

The city has been looted. The imperialists taking a hand in the pillage. Imperialist officers tried to check this work, and executed a number of the soldiers. Refugees were deprived of their loot on entering the British concession, cart loads of valuable furs, silks and jewelry being seized. It is suggested that the Red Cross receive the proceeds.

On Friday afternoon the consuls appealed to the imperialists to cease burning the town. A proclamation, which was issued immediately, declared that the rebels were responsible for the fire and ordered that these be checked. The following day new fires started in various quarters.

Looted School for Blind.

The David Hill Memorial School for the Blind, connected with the Wesleyan Mission, has been looted. While, in contrast, all the mission property in Wuchang, which is held by the revolutionaries, has been protected.

On Nov. 3 there was considerable gunnery practice, beginning before daylight. The imperialist battery behind Hankow moved to the southwest, in belated fulfillment of the promise to shift the line of fire from the concessions. This battery and another stationed on the plains engaged in a heavy duel with Hanyang Hill. The Wuchang forts used powder occasionally and joined in the defence of Hanyang. A few hundred of the revolutionaries

A NEW CENSUS

Strong Likelihood That New Count Will Be Taken in 1912.

OTTAWA, Nov. 8.—(Special.)—There is now every probability that the census of June last will have to be taken over again.

The World understands that the question has already been informally considered by members of the government, and the result is a very strong likelihood that a new count will be taken in 1912. A decision will be finally reached when it is shown beyond question that the census machinery broke down in June, and that the returns now in the hands of the chief commissioner are so hopelessly unreliable as to be useless. A thorough investigation will be made on the return of Hon. Martin Burrell to Ottawa.

The new census will likely be taken on the English system. In order to have such a recount it will be necessary to pass official legislation and vote money for the cost.

SCHOOLS IN BAD CONDITION.

From information furnished by his deputies, Chief Medical Inspector Struthers will report to the property committee of the board of education to-morrow that a number of the schools are poorly lighted, ventilated and in some instances, overheated.

Dr. McCullough, provincial M.H.O., thinks so well of the exhibit that he has offered to contribute \$100 in return for which he wants five sets of the cards. A reputable firm has agreed to furnish tooth paste to the pupils at five cents per tube.

WILL CONTEST NORTH ONLY.

The Toronto Reform Association executive meeting to-night. They may arrange for a candidate in one of the north seats, where a convention is already arranged, but further than that they will not go.

The Liberal party in Toronto is up against it.

Unless something unforeseen turns up, or somebody relents at the last minute, the Liberals will allow the election in this city to go practically uncontested.

The Conservatives will be left with a clear field, and may take advantage of the fact to settle for the time being at least, just what faction, or syndicate of faction, really is in control of the local situation.

ANXIETY IN JAPAN

TOKIO, Nov. 8.—The situation in China of a house divided against itself is causing great anxiety here. Many doubt the capacity of Premier Saionji's cabinet to cope with the delicate position in which the revolution in China places Japan.

The followers of Prince Katsura are actively at work trying to reinstate him in the premiership. The prince is now with the emperor, who is reviewing the military manoeuvres at Kishineu, and it is possible that he will be asked to resume office.

The ministry is now confronted with the difficulty of adjusting the financial program to the naval demand. The uncompromising attitude of the minister of the navy, Vice Admiral Saito, may precipitate the collapse of the government and the tendency in this direction will quite likely be utilized by the Katsura party to bring about the return of the prince to power.

More About the Great Cost of Living.

The main issue in this country, especially in this city, is the cost of living, and the tendency of the cost of living to increase much beyond any increase in wages. In other words, a man who is earning wages, or a salary, finds it harder to live now than it was some years ago. Many things have gone up double in price, but wages have not.

Speaking for the moment of the people who live in Toronto, the cost of living is exceedingly high. Many things are bought in the city at double the amount that is paid to the producer as first cost. Milk is an instance in point. In fact, the farmers are at the present time only getting four cents for their milk, and the dealers who sell it to the consumers are getting nine cents.

One cure for the evil is to let the people do something for themselves. There are thousands of people in Toronto who, if they could get a piece of cheap land near the city, and who could secure cheap and quick transit in and out of their work, or business, would buy a piece of this cheap land, keep their own cow and chickens, and perhaps, keep their own pig. There are hundreds of people in the suburbs who do this sort of thing, and they save a lot of money in the cost of living. A quarter of an acre of land has room for a house and garden and for a hen house, besides other buildings, and a man who can get in and out to such a place, say six miles from the city hall, for five cents each way, or less, and who has the disposition, can raise quite a lot towards the maintenance of himself and family in his garden, and he can raise eggs and chickens, and three or four of them can co-operate in the matter of a cow. These things are done in Europe and in some places in America, but cheap transit and cheap land are essential in this respect.

There is a section of the community in Toronto who do not want to see the people get out to the cheap land or the country. The thing in sight that will let the people out to the cheaper land is the tubes, and the surface railways owned by the street railway, and if we start to build the tubes and the surface routes, we will be able to take the people ten miles out for four cents, where they can get cheap land and still work in the city if necessary. But every effort as far to get municipal railways and the tube system in Toronto has been fought by the newspapers that represent the street car and electric interests and those interested in the radial lines. They want to make municipal ownership dear, while municipal ownership proposes to make it cheap and allow

What the North Wants

PORCUPINE, Nov. 8.—(From Our Man Up North.)—Both parties in the coming contest, in the north, are due for a little bending. Here are some of the things that will be asked for by the local populace:

1.—A reduction of fees to the prospectors in connection with all mining records.

2.—Lower freight rates on the T. & N. O. into the entire north country, and some kind of a supervision over transportation rates on the government road as well as on the private roads.

3.—A stronger mining code that will not permit wildcatting on the part of those who do nothing to create wealth in a new country.

4.—A liberal homestead act for the aid of settlers to make it possible for a man with a family to settle on virgin soil under primitive conditions. They want the land given outright to the settlers and not sold under a fee system.

5.—Right to cut and profit from the sale or use of all timber on the settlers' lands without paying fees to the government.

6.—A more liberal road-building policy with some of the funds that come from the mining sections.

7.—A very strict adherence on the part of all government health employees to the health act and necessary provisions made to carry out the health regulations in every settlement, such as in the north-ern mining towns wherein the localities are not organized and in a position to help themselves, before it is too late.

Meetings are being held among interested residents and in time candidates who are unwilling to subscribe to the doctrine of "more progressiveness in the north" and discard the plea that "anything goes in a mining camp," will hear from the interested ones.

CHAS. FOX.

ONLY REASONABLE

JIMMIE: I ain't scared to meet em'—but a feller's got to have a little time to think, hasn't he?

ROWELL TO RUN IN N. OXFORD

Dr. Mackay Retires in His Favor—Nominating Convention on Saturday—Dissatisfaction Expressed.

WOODSTOCK, Nov. 8.—(Special.)—At a meeting of the North Oxford Reform Association here to-day it was decided to accept the resignation of Dr. A. Mackay, M.L.A., who during the last two or three days has been urged upon to vacate his seat in this riding in favor of N. W. Rowell, leader of the opposition.

The meeting was held in private in one of the upper chambers of the Liberal clubroom, and those in authority had very little for publication regarding what business was transacted. It is understood, however, that all was not clear sailing in the meeting, and the debate regarding the resignation of Dr. Mackay became quite warm at times. More than one of those present, it is stated, expressed opposition to the move to bring Mr. Rowell into North Oxford.

After the meeting it was stated that a mass meeting would be held on Saturday, Nov. 11, when a new candidate will be nominated. It is needless to say that N. W. Rowell will be the chosen one.

Previous to the meeting, Dr. Mackay, who has represented the riding of North Oxford since the last election, made the following statement: "It can be considered no secret that I have been asked to vacate my seat in North Oxford. The opposition considers that North Oxford is a safe seat to offer to Mr. Rowell. They asked me to give way to him, and I have consented to do so, subject to the approval of the Liberals of North Oxford. The matter is being considered by the executive committee this afternoon, and if they endorse the proposed arrangement everything will be satisfactory to me."

MACKAY NOMINATED.

OWEN SOUND, Nov. 8.—(Special.)—At the Liberal convention held here to-day Hon. A. G. MacKay was the unanimous choice, and he will take the field in opposition to Mr. G. M. Boyd, the Conservative candidate. No other name was placed before the delegates. Addresses were delivered by Jas. E. Keenan, Owen Sound; C. W. Froudford, M.L.A. for Centre Huron, and A. G. MacKay.

The latter's address dealt chiefly with the charges contained in a writ issued against him some time ago. He also attacked the government's hydro-electric policy, and their course in dealing with the province's educational problems.

NOT THREE OF A KIND.

Joe Atkinson: Bob Fleming won't be surprised if John Ross joins us against the tubes. Bob Jeffrey: I've been hearin' the like myself. The People: Bats!

Registration in Toronto

Sir James Whitney yesterday said that the writs for the general election would be issued on Nov. 17. It was intended that they should have been issued on the 13th, but in order to allow of the final division of a number of voters' lists the 17th has been decided upon. This means that registration in Toronto will be held on Nov. 24, 25, 27 and 28. The election day will be the 29th.

P. O. EMPLOYEES DEMAND MERIT EXAMINATIONS

Complain That Liberal Appointees Were Shaved Over Heads of Better Men—Roman Catholics Favored.

Some of the Toronto postoffice employees are decidedly dissatisfied with the treatment meted out to them by the late Laurier government, and are asking the new powers that be to right the wrongs under which they are suffering.

Considerable of this unrest was shown by a letter recently sent by 23 senior clerks to Postmaster-General Beller, in which it was set forth that 23 junior clerks had been unduly and without merit examination promoted over their heads.

The postmaster-general replied that the matter would receive attention. This reply has been copied and sent to each of the Toronto members, with a request that they follow it up.

Strong letters will furthermore be sent to the various Conservative Associations in Toronto, as well as to the postoffice employees' executive in which it will unmistakably be stated that the methods of the late administration were of a high-handed order.

It is said that 50 per cent. of the Toronto postoffice positions have been filled with Roman Catholics. It is further said that in the last ten years the ratio of Catholics securing positions in the local head office and branches as against Protestants has been five to three.

Examinations Suspended. Previous to the Laurier regime every man entering the postoffice service had to pass a preliminary examination, and if he wished to become an inside clerk another examination was necessary. But when Laurier came into power these qualifying examinations were cast aside and men were entered into the service and over the heads of those who had duly qualified for responsible positions, without any examination as to their ability.

Among the occupying positions in the postal service, who it is asserted, have never qualified, is a son of Inspector Ross.

Let us hope as far as possible outside of the question, the complainants in the postoffice will put up a strenuous effort to hasten their decision and not favoritism.

BIG FIRE IN REGINA.

REGINA, Nov. 8.—One hundred and sixty thousand dollars is the estimated damage done by fire which to-night gutted the large warehouse of the American Abell Thresher and Engine Co. The entire contents of the building were destroyed, including a large number of separators and engines. The estimated damage is distributed as follows: Buildings, \$10,000; separators and engines, \$50,000; repairs, \$100,000.

J. E. STARR FOR JUVENILE COURT

Former Toronto Pastor Now at Allandale. Appointed at Salary of \$2400—Authority of Magistrate.

Rev. John Edward Starr of Allandale, formerly pastor of Berkeley-st. Methodist Church, has been appointed a commissioner, with the powers of a police magistrate, to constitute a juvenile court for the City of Toronto, especially authorized to deal with juvenile delinquents. The salary will be \$2400 a year.

The announcement was made yesterday afternoon by Sir James Whitney and the appointment is considered a popular one, as Rev. Mr. Starr has been regarded in many quarters as the best man for such an office. All his life Rev. Mr. Starr has been interested in boys and their welfare.

When quite a young man he was actively engaged in Y.M.C.A. work, long before he entered the Methodist ministry.

The newly-appointed commissioner has been pastor of several churches in Toronto. One of his first charges was Berkeley-st. Church, after which he went to Victoria, B.C. On returning to this city he was for three years pastor of Bathurst-st. Methodist Church and for another three years was at Crawford-st. Church. While pastor at Crawford-street he was connected with the Children's Aid Society a few years after its inception, and was for some time secretary and agent of the society. That was about 14 years ago. For the second time

TEARING DOWN J. E. L. POLES

Company Started Work of Removal, Anticipating City's Action.

The work of dismantling the Toronto Electric Light street lighting system has commenced.

"The men are out taking down the wires now," said R. F. Pack, manager of the T.E.L., last night. "They are taking down the poles also."

The mayor will ask the board of control to-morrow to order the T.E.L. to remove their poles, so he announced yesterday.

THINGS NOT EASY.

Hay and oats are scarce throughout the province, and farmers are facing the necessity of large purchases at high prices in order to put them thru the winter.

RUGS FOR MOTORING.

A motor trip this time of the year is just as pleasant as in summer and is the ideal "fresh air cure" for any ill, providing you are warmly clothed. Warm rugs are a necessity and the only "warm" rugs are contained in the catalogue of furs. The Dineen Company is showing a very special line including some reversible fur designs with heavy home-spun cloth linings, at from \$40 to \$50. All fur rugs, made from Black Goat, \$12 to \$15, Rock Bear Robes, \$25.

RESIGNATION OF BALFOUR WAS SURPRISE

Successor Will Likely Be Rt. Hon. Walter Hume Long—Caucus Called for Monday—Ex-Leader Will Remain in the House of Commons.

LONDON, Nov. 8.—The Unionist party is to swap horses while crossing the home rule stream. Arthur J. Balfour at an emergency meeting of the City of London Conservative Association this afternoon announced to his constituents his retirement from the leadership of the opposition.

Impaired health, increasing age and the desirability of the leadership passing into younger hands, were the reasons which he gave for this step in a speech which was marked by much feeling. But no one doubts that the increasing attacks against him by the ambitious younger Conservatives, particularly the tariff reformers, were the principal factor in inspiring his decision.

While a number of influential Unionists and would-be leaders, notably Austen Chamberlain and F. E. Smith, have been demanding his retirement from the leadership, few believed that Mr. Balfour would drop the helm at such an important stage of the party's fortunes.

Lansdowne Will Remain.

The announcement was a sharp surprise to all parties and made an immense political sensation. No sooner was Mr. Balfour's withdrawal known than reports were circulated that Lord Lansdowne, leader of the opposition in the house of lords, who shared in the attacks, would accompany his colleague to the background. But Lord Lansdowne issued a denial of this tonight.

Mr. Balfour will remain in the house of commons, although he would be elevated to the peerage if he so desired. While he is as spokesman, was recognized as the leader of the whole party, the leadership will now be divided, his successor sharing it with Lord Lansdowne. That successor doubtless will be the Right Hon. Walter Hume Long, who represents The Strand. A caucus has been called for Monday for the purpose of choosing a new leader. Mr. Long commands the confidence of the older and younger elements of the party.

Advanced tariff reformers favor Austen Chamberlain, and Sir Edward Henry Carson, Dublin University, and F. E. Smith, Walton division of Liverpool, cherish ambitions for Mr. Balfour's shoes.

Mr. Balfour's Statement.

Mr. Balfour was received in audience this afternoon by the King and informed his majesty of his decision. During the course of his speech before his constituents he said: "I desire to leave the position of heavy responsibility which I hold before I can be suspected of suffering from that most insidious of all diseases—that disease which comes upon those who, without losing their health or intellect, nevertheless get petrified in the old course they have pursued; whose authority grows because they have been so long in public service, or are great men of science, or eminent men of business, but who cannot deal with the problems which in this changing world are perpetually arising with all. Freshness and elasticity are desirable in those who have got to conduct great concerns."

"No man knows himself when that hour arrives. I am vain enough to hope that I have not reached that period. But I would be miserable if I ran the margin too fine."

Mr. Balfour deprecates the reports of party dissension. There were always animosities when the party was out of power. He believes it to be in normal condition, and declared that the country was fast tiring of sweeping change legislation. The party, he said, would soon return to power.

Deprecate Party Dissension. Many Conservatives contend that the question of his health was the only reason for Mr. Balfour's retirement. Some members of the Haldimand Club, which was reported to be working for that object, point out that the club adopted a resolution of confidence in Mr. Balfour and Lord Lansdowne only last Monday. They say that leading members threatened to resign if Mr. Balfour's retirement was made a plank of the club's program.

The Liberals and the adherents of the Irish party join the Unionists in regretting that the house of commons debates will lose a great share of interest when the figure, to whom followers and opponents alike conceded intellectual pre-eminence, is no longer in the forefront of the battle.

Dissatisfaction with Mr. Balfour as leader has long been growing among the tariff reformers, who criticized his apparent lack of convictions on that issue, and gained great impetus when he advised the house of lords to swallow the veto bill.

HAMILTON HAPPENINGS

DIVIDED CHURCH CANNOT GIVE A UNITED ANSWER

Striking Address of Silas McBee of New York at Big Laymen's Convention in Hamilton.

HAMILTON, Nov. 8.—(Special.)—The big laymen's convention, which opened its sessions at 10 o'clock this morning in the Centenary Methodist Church, with Bishop Clarke of Niagara presiding, was a success from the start.

Silas McBee of New York was the principal speaker this afternoon. He had been announced that Mr. McBee was a busy man. His address, however, was a success from the start.

In appearance, as well as in manner, Mr. McBee differed greatly from the ordinary speaker on religious subjects. He looks like a lawyer and to his manner, speaks like one. His address was a success from the start.

Some of his outstanding remarks, however, were: "The use of Christ by the church is the work of Christ must be the work of all."

"Love you can't have by yourself. You can't enjoy religion by yourself. You can't keep Christ to yourself. There is nothing in the religion of the heaven to-day to justify you or me in regarding anything to ourselves. The work is for Christ."

Need of Common Religion. "The great need of to-day is a common religion. A divided church cannot give a united answer."

"Unification and salvation are synonymous words, a receipt for a better understanding among the churches. Let the church bodies begin to work up all the virtues they can find in others, and dig up and repeat of all the sins they can find in their own. I have never found a church as bad as others think it, and I have never seen one conscious of all its corporate sins."

The central theme of the convention was that in order to do effective missionary work the Christian churches must unify themselves and present an undivided front to the people they wish to convert.

AA Great Meeting. The evening session demonstrated the interest which has been aroused by the men's missionary movement here. The hall floor of the spacious church was almost solidly filled and the galleries used by the general public, showed few empty seats.

The speakers were Lieut.-Gov. Gibson, E. E. Hodgins, K.C., of Toronto, a member of the national council of the men's missionary movement; Jno. A. Patterson, K.C., Toronto, and Rev. T. E. Edgerston, Toronto.

His honor the lieutenant-governor in welcoming the delegates made reference to the average man's weakness as regards the men's missionary movement. He thought that the sum given to the cause of missions could easily be quadrupled by the men of any church. "Who ever heard of a man making a sacrifice for worthy purposes and afterwards regretting it?" he asked. "If the money at the end of the day is the only thing that counts, the men's missionary movement has made unity of its deliberations."

E. E. Hodgins, K.C., expressed the opinion that the men's missionary movement will be judged on the outside by the men who are known to take part in the movement, while the men's missionary movement will be judged by the men it attracts to its deliberations.

John A. Patterson, K.C., dealt with the "Canada of to-day and to-morrow." He emphasized the need of missionary work. One A. A. Miller, clerk of the church, who was especially in the Northwest, was quoted, one home missionary had more influence than a detachment of police. "Churches are not to be a dream," said the speaker, "but whether or no, it is a fact that we have unity in the movement and the men's missionary movement has made unity of its deliberations."

He deplored the fact that missionaries were so poorly paid. Rev. T. E. Edgerston, Toronto, spoke on the subject of "Unfinished missionary work in new Christian lands." He pointed out that in the world there was an average of only one Christian minister to each 10,000 population, while 120,000,000 people were living in lands not touched by missionary work and 850,000,000 were only partially reached. The attitudes of the different religions towards suffering humanity he illustrated in the following way: "Hinduism—'You have another opportunity in the next incarnation.' Confucianism—'You should not have got in there.' Mohammedanism—'It is the will of God.' Old Buddhism—'Strive to forget.' New Buddhism—'Keep looking up.' Christianity—'Take my hand.'"

Peter Walcott, a foreigner, living at 191 North Sherman-avenue, was run down by a G.T.R. train near the Jockey Club early this afternoon, and was removed to the city hospital, where his right arm was amputated to-night. He will recover.

An inquest into the death of William Fairweather, who was killed at the bridge works yesterday, was begun to-day under Coroner Rennie, and was adjourned until Tuesday of next week.

Assistant Manager of Hydro. Herbert C. Barber, who is at present connected with the hydro-electric commission at Toronto, was selected as assistant manager of the Hamilton municipal power and lighting system by the hydro-electric board at a secret session this morning. Mr. Barber's appointment was recommended by Engineer Sifton of the local system. His salary for the first six months will be at the rate of \$1000 a month and will be increased to \$2000 a month after he has served six months.

Construction of transmission lines for the municipal plant is proceeding rapidly, and the city hall and Gore Park will be served in a short time. The board this morning placed an order with the Canadian Westinghouse Company for three transformers at a cost of \$1500.

The plea that the physician who attended his wife had agreed to do so for charity was not sufficient to prevent judgment being rendered against the doctor. The case, which was in division court this morning, was \$100 by Dr. James Leslie for professional services rendered.

DON'T WANT WHITE PEOPLE Indians Ask to Be Relieved From Undesirable Association With Them. OTTAWA, Nov. 8.—Claiming that an ancient proclamation of King George III. is being violated, Chief Joseph K. Gabriel, head of the Iroquois Indians of the Lake of Two Mountains reservation, arrived in the city last night, and to-morrow will seek an audience with His Majesty the Duke of Connaught, to the end that the commands of England's late sovereign may be obeyed and the Lake of Two Mountains Indians relieved from undesirable association with white people.

The chief was sent here by the Indians to intercede with the governor-general and the prime minister. Hon. R. Borden, to have the settlement of white people on the Lake of Two Mountains reservation discontinued. He claims that white people in large numbers are settling on the reservation, and that this is objectionable, both because of the association and the usurpation of the land from the Indians. He asserts that the majority of white people settling in this way are French-Canadians.

P. PROPOSES MOVING SIDEWALK Londoner Believes Scheme Superior to Cars in Tube System. Mr. Yorath Lewis, mechanical engineer, dropped a bomb on the board of control yesterday and suggested that a moving sidewalk instead of a car be used in the underground system. The proposal was met with a cold reception. Mr. Lewis said that the Adams-Lewis system would be better than cars. It is going to be tried in London soon, he said.

The scheme is a kind of tram propelled by a revolving shaft underneath the sidewalk. The shaft is driven by a motor. The shaft fits the grooves. At stations the spirals in the shaft become close together, which brings the car almost to a stop. No action was taken by the board with respect to the scheme.

DIED AT SON'S BEDSIDE Shock of Accident to Young Man Killed Mrs. William Barnes. Mrs. William Barnes, 9 Hook-avenue, dropped dead at the bedside of her son at the Western Hospital Tuesday night. Over a month ago the young man, who is 20 years of age, was struck by the railway yard at West Toronto. His mother has visited him almost daily at the hospital. Tuesday night she went to her son's bedside, and with this still lingering over her face, she lay down and died. Her death was the result of a shock of death, evidently induced by worry.

INSURANCE BROKERS ASSIGN Crown Will Probe Accounts Before Pressing Conspiracy Charge. Following the arrest upon conspiracy charges of General Manager Carroll and others at the Miller, Clark and Insurance Brokerage and Contracting Company, with offices in the Continental Life Building, have assigned to Louis Gordon, a former partner in the company, to look after the business of the company. The crown asked for a week's respite when they appeared in police court as usual, and when a time would be necessary to go through many books of account and other documents. The police said that it is likely that several other charges will be laid.

Premier a Busy Man. Sir James Whitney had intended to make a statement yesterday about the general political situation, and N. W. Rowell's platform for the Ontario Liberal party. The premier, however, was so busy all day that he hadn't time to give these matters any consideration. He will endeavor to issue a statement to-day.

Would Be Commissioner. C. Ernest Woolverton, landscape designer, of Grimsby, Ont., has applied for the position of parks commissioner here. He graduated from the School of Landscape Architecture in Boston.

Price Goes Up. The city has been offered the land on Davenport-road, west of Christie street, which it is proposed to make into a park, for about \$100,000. The value put on the land by the assessment commissioner was between \$45,000 and \$50,000. The land belongs to the Turner estate.

Toronto String Quartet

The Toronto String Quartet, in their first concert of the season, given last night, were greeted by an audience that completely filled the Conservatory of Music Hall.

It is difficult to speak too highly of the work done by the four young men, Frank Blachford, Roland Roberts, Frank Converse and Frederic Nicolai, who made up the quartet. In purity and beauty of tone, in precision and in scholarly and adequate interpretation, they are pre-eminent. It is not too much to say that their work recalls that of the famous Kreisler.

Last night's program opened with Haydn's quartet in G-minor. This was enthusiastically received, the second or large movement with its tender melody, making a special appeal to the listeners. If any criticism could be made of the playing of this number it would be that the minuet was taken at a slightly rapid tempo.

Mendelssohn's andante from op. 41, Glazounov's "Intermedium," with its stately "cello" movement, and the first of his own clever arrangement of the Russian "motto perpetuo" made up the second part of the program. So pleased were the audience with the playing of this last number and the skill with which it was rendered, that a repetition was demanded.

The last of the program, Raubachner's second quartet in A major, furnished the novelty of the concert. It was the first time it had been played in Toronto, and it was an interesting and slightly heavy composition in three movements, an allegro, an andante, and a vivace, which the audience seemed best pleased by the latter.

The concert was most successful, and an even larger audience may be expected at the next one, which takes place on Jan. 17, when the quartet will have the assistance of Russell G. McLean, the popular harpist.

H. J. M. THRU TRAIN TO PORCUPINE. New Schedule for T. and N. O. Railway Announced in Few Days.

Chairman J. L. Englehart of the T. & N. O. Railway Commission, left last night for his monthly inspection of the road. At North Bay Mr. Englehart will be met by Mr. J. G. McLean, Traffic Superintendent, and Mr. J. G. McLean, Agent for the Roadmaster Young. The party will then make a trip over the government railway together.

Arrangements are being completed for a new T. & N. O. train, which will be a five-hour wait at Englehart will be completed. The running of a train from Toronto to the gold fields of the Yukon is the subject of the commission's report. The report is not yet certain as to the exact date when the South Porcupine arrangement will be completed, but it will in all probability be a matter of only a few days at the outside. It is understood that the table will be ready about the 15th inst.

UNION B.N.K. Will Consider Shifting Headquarters From Quebec to Winnipeg. QUEBEC, Nov. 8.—The transfer of the headquarters of the Union B.N.K. of Canada from this city to Winnipeg will be considered at the coming annual general meeting of the institution. In an address to the shareholders, the president, Hon. John Sharples, has been sent out to every shareholder. It is stated:

"We have not 245 branches, of which 139 are situated west of the Great Lakes, and the result of experience fully shows the desirability of having more central supervision than is possible under existing conditions. As we have only two offices east of the Great Lakes, the shareholders are unanimously of the opinion that the best interests of the shareholders will be best served by removing the head office from the City of Quebec to the City of Winnipeg, which is about midway between its eastern and western operations."

LEPAIN-EDGE. The marriage of Miss Dorothy Edge, daughter of the late Rev. Joseph Edge and Mrs. Edge, formerly of Owen Sound, took place last evening at 6 o'clock at the residence of the bride's father, Mr. Edge, at 100 St. George-st., Toronto, to Mr. Arthur Lepain, of the same city. The ceremony was performed by the Rev. W. J. Ford of Toronto. The bride was attended by her sister, Mrs. Lepain, who is at home at 100 St. George-st., Toronto, on and after December 1.

SEVEN BODIES ON WRECK. FEMDEN, Germany, Nov. 8.—A freight steamer arriving from Hamburg to-day reports having sighted and rescued seven bodies were entangled. It is thought that the wreck was that of the unknown steamer which sank off Cuxhaven during the storm of last Monday. The steamer's officers also saw other wreckage floating in the North Sea.

Bargains in Player-Pianos. The reader of the late Rev. Joseph Edge and Mrs. Edge, formerly of Owen Sound, took place last evening at 6 o'clock at the residence of the bride's father, Mr. Edge, at 100 St. George-st., Toronto, to Mr. Arthur Lepain, of the same city. The ceremony was performed by the Rev. W. J. Ford of Toronto. The bride was attended by her sister, Mrs. Lepain, who is at home at 100 St. George-st., Toronto, on and after December 1.

When Traveling, Why Not Travel in Comfort? The Grand Trunk is the way—only double-track route to Niagara Falls, Buffalo, Philadelphia, New York, London, Detroit, Chicago and Montreal. The road is constantly being improved by experienced travelers. The day coaches are up-to-date in every detail. The dining and parlor cars are models of excellence. The Pullman sleepers (electric-lighted) insure a comfortable night's rest. Frequent and fast train service at all principal points. Full particulars, berth reservations, etc., at Grand Trunk offices, 100 King and Yonge streets, Phone Main 4293.

Miss Ethel Schreiner, Pittsburg, is visiting Miss Edith De Gruy, Delaware-avenue.

Mrs. P. D. Crerar is giving a dance for the Hamilton debutantes this evening.

Mrs. Fraser, who has been visiting her daughter, Mrs. Frank Anglin, at 100 St. George-st., Toronto, has returned to her home in Porcupine.

Dr. and Mrs. John MacInnes have returned from their wedding trip and are at home at 100 St. George-st., Toronto. Mrs. MacInnes will receive on Monday, Mrs. F. J. Smith of Russell Hill Drive is giving a tea on Thursday.

SOCIETY

Miss McLaughlin, Bedford-road, gave a tea yesterday afternoon to introduce her young sister, Miss Ione McLaughlin, who was looking very pretty in white satin veiled with embroidered chiffon, and carrying pink roses and lilies. Miss McLaughlin was wearing yellow satin, with a corsage bouquet of orchids and lilies. The tea table was arranged with a birch bark stand of small brown and yellow chrysanthemums and yellow shaded lights. Mrs. George Madden and Mrs. George Chisholm poured out the tea and coffee, assisted by the Misses Kathleen Harlow, Hattie Crawford, Kathleen Osgood, Kathleen O'Gorman, Hilda Walker, Alice Hamilton, Gertrude Kelly, J. P. and Miss McLaughlin's young sisters, and Miss Dorothy McMahon, the girls all wearing bouquets of brown and yellow chrysanthemums tied with green cords, the gift of their hostess.

Mrs. W. B. Anderson, who has been staying with Col. and Mrs. W. P. Anderson in Ottawa, has come to Toronto, where she will remain until the beginning of December, when she returns to the capital to join her husband, Major Anderson, who is coming up from Halifax about that time.

Mrs. George Bunting has left to visit her sister, Mrs. Alfred Boulton, in Pittsburg.

Mordkin and the Russian Ballet appear at Massey Hall this evening.

Hon. William and Mrs. Pugsley have left for Atlantic City, where they will spend a few weeks.

The Commodore and officers of the Queen City Yacht Club have sent out invitations for their annual at home, to be held on Nov. 17 at the Metropolitan Assembly rooms, College-st.

Mrs. Lionel Amaden, Howland-avenue, is giving a dance on Nov. 11, for her son, Leonard.

Hon. Robert Rogers, minister of the Interior, Mrs. Rogers and family, have arrived in Ottawa, and are occupying the Gormley residence, 133 Daly-avenue. Mrs. Rogers is leaving for New York on Thursday, and will be absent until the beginning of the week.

The Lord Nelson Chapter, I.O.D.E., is giving a dance at McConkey's on Nov. 15, for which tickets may be obtained from Miss Olive Mills, 89 Glen-Yonge-st., Mrs. Marjorie Fallowell, 10 Lower-avenue, and Miss Eleanor MacKenzie, 40 Admiral-road.

Mrs. Spencer Dale-Harris, formerly Miss Margaret Dasey, Toronto, will hold her bridal reception on Friday afternoon, Nov. 10, at 188 Milton-st., Montreal.

Mrs. W. H. Elliott, Walmer-road, gives twin bridge parties to-day and to-morrow.

Mrs. J. G. Carroll, St. George-st., gives a tea this afternoon.

The St. Simon's bazaar was a great success yesterday, and continues to-day.

Mrs. Alexander C. Stammers and her daughter are giving a tea this afternoon.

Mrs. James A. Knox, 540 Huron-st., will be the hostess of a tea this afternoon.

Miss Leah Fairbairn, Charles-st., gives a small telephone tea to-day.

Mrs. A. Jukes Johnson is giving a tea this afternoon.

Mrs. R. C. Davidson and Miss Grace Davidson are giving a tea this afternoon.

The Women's Guild of St. Simon's Church is holding its annual bazaar and sale of fancy work, etc., in the parish house on Wednesday and Thursday next, afternoon and evening. Afternoon tea will be served and Punch and Judy will be a feature. The fancy work is particularly good this year, and the doll table, under the direction of Mrs. MacGee, and her niece, Miss Hazel Kemp, promises to be unusually attractive.

The annual St. Hilda's sale will be held at St. Hilda's College, 9th, at St. Hilda's College.

Mrs. F. J. Dolan, Mrs. and Mrs. H. C. Tomlin and Miss Tomlin, are at Chalfont, Atlantic City, N.J.

The Heliconian Club is giving a reception at the King Edward on Monday afternoon for Miss Beatrice Forbes Robertson.

The first regular meeting of the Nivoli Club will be held Monday evening Nov. 12 at the house of Miss Irene McSweeney, 133 Dunn-avenue.

Receptions. Lady Clark will not receive to-day.

Mrs. George A. Cox not until the New Year.

Mrs. A. McMillan, 291 St. George-st., on Friday.

Mrs. George E. Neill (nee Proctor) post-nuptial, with her mother, Mrs. P. Proctor at 2 Bloor-st. East this afternoon.

SOCIETY

AMUSEMENTS.

PRINCESS Matinee Saturday. Mr. Louis Mann. In His Latest Success. ELEVATING A HUSBAND. By Clara Lipman and Samuel Shipman.

3 Days Starting Monday, Nov. 13th. Matinee Wednesday. MR. OSCAR HAMMERSTEIN. Mlle. Florence Webber. Naughty Marietta. Company of 75. Augmented orchestra.

Nov. 16-17-18 SEAT Mon. Nov. 13. Charles Frohman presents. ETHEL BARRYMORE. In the New Four-Act Drama. THE WITNESS FOR THE DEFENCE. By A. E. W. Mason.

MORE LIGHT AT CORNERS. Aldermen, Fearing Accidents, Ask Commission to Take Action. After Ald. Maguire had prophesied that some day there would be a serious accident at a street corner because of the poor state of the light at night, the civic fire and light committee yesterday passed its motion to ask the hydro-electric department to take steps to light all intersections more brilliantly.

"They should install lights at all intersections. There are going to be serious accidents all over the city if they don't," said Ald. Maguire. "There should be more lights, arcs or others, than there are at present."

"I can't see where the darkness comes in," said Ald. Dunn.

All over, alderman. My attention has been called by passengers and others to it. They say it is a source of great danger. Even at Queen and York-streets, where there are four arc lamps it is darker than it was with one arc lamp. Mr. Atkinson himself admits that the intersections are not properly lighted."

With regard to places in the city which are not at present illuminated by the hydro lights it was decided to ask the hydro-electric department

THURSDAY MORNING

HEBERT TRIAL BEGINS

Celebrated Mixed Marriage Case Will Be Carried to Privy Council.

MONTREAL, Nov. 8.—Preliminary proceedings in the trial of the famous Hebert marriage case began this morning with the evidence of Mrs. Hebert. She declared that she had been a Roman Catholic at the time of her marriage to Mr. Hebert, that she had been married before a Protestant minister and that she had been prevented from appearing in the case by the fear that Hebert would deprive her of their child in the event of a trial and that he had also offered her a sum of money to let the action go by default.

The evidence was given under the objections of Messrs. Cousins and Wainwright and motion will be made to-morrow to have certain portions of it struck out as illegal.

Argument in the case will take place next Monday morning when Mr. Eugene Hebert will be represented by J. E. Godin, K.C., and Aime Geoffroy, K.C., and J. J. Lefebvre, Dame Marie Emma Cloutier will be represented by G. Y. Cousin, K.C., and Wainwright, with A. J. Lovat as counsel.

It is expected that a great legal battle will commence to-morrow that will only end in the privy council.

BRINTNELL STANIS TRIAL

Wilkie Must Answer Charge of Murdering Wife—Other True Bills.

Four true bills were brought in by the grand jury in the criminal assize court yesterday morning. These were: William Curran, charged with attempted rape; Edward Wilkie, charged with the murder of his wife Ellen; Roy Brintnell, charged with fatally injuring Mrs. Sauter in Yonge-street by running her down with his motor car; and William Curran, charged with a grave assault.

Wilkie was arraigned and pleaded not guilty thru his counsel, W. A. Henderson. He will be tried at the conclusion of the trial of Rosell, which will probably continue for a few days.

PERJURY CHARGE THROWN OUT.

COBBOURG, Nov. 8.—(Special.)—Mr. Justice Latchford to-day, in dismissing the grand jury who brought in a report of "no bill" on the three counts of the indictment of the charge of perjury against Mr. Henry Hicks, declined to receive any presentation from them. There is considerable speculation as to whether any further action will be taken on the matter by the prosecution. Mr. Hicks left later in the day for his home in Cobourg. He is 70 years of age and quite feeble.

VICTORIES WERE HOLLOW

Schools Had No Opposition in Physical Training and Military Drill.

The following Toronto schools have been awarded honors without competition:

Physical training—Leslie-street, girls; Winchester-street, boys; Cling-street, girls; Broadview, girls; Park, girls; Carlton, girls; Stratcona, girls; Stratcona, boys.

Military drill—Dufferin school, Ogdens school.

No trophies or medals will be given to the above schools in this season's competitions unless the several companies reach the standard of excellence which will be satisfactory in the opinion of the judges at the time of competitions in December. Where there is only one entry, no prize will be given unless the standard of excellence is satisfactory.

The teacher of the winning class or company in each case will receive a gold medal. The school will receive a fine shield.

The competitions in military drill will be taken from squad and company drill. Of course neither Colonel Thompson nor Inspector Hughes can tell what section the judges will choose, but they will choose the same for all competitors of the same class of schools. The judges are to be named by the commanding officer of the district.

CONVOCATION AT TRINITY.

The annual convocation and general business meeting of Trinity College will be held in the college building on Tuesday and Wednesday, Nov. 14 and 15.

At the convocation the degree of Doctor of Divinity will be conferred upon the Right Reverend William Reid Clark, M.A., Lord Bishop of Niagara, who is the eighth in a series of convocations at present serving the church in the office of bishop.

The convocation sermon will be preached by the Rev. Canon T. M. A. D.C.L., rector of St. Paul's Cathedral, London, Ontario.

It is interesting to note the progress that is being made by the Grand Trunk Pacific R.R. and for the information of the public we publish the following particulars regarding this great Transcontinental Railway. The lines at present in operation are as follows:

Fort William Northwest via Winnipeg, Saskatchewan, Edmonton and Edson to Fitzhugh—147 miles.

Prince Rupert to Copper River—100 miles.

Canora via Yorkton and Melville to Regina—151 miles.

Tulford, Alta., to Mirror—70 miles.

There is also a total mileage of about 900 on other sections of the eastern division which is in partial operation by construction trains. The following lines are under construction:

Fitzhugh, Alta., to Copper River, B.C.—245 miles.

Regina, Sask., via Moose Jaw north-west—33 miles.

Regina, Sask., to International boundary—40 miles.

Young to Prince Albert, Sask.—120 miles.

Olsen to Battleford, Sask.—50 miles.

Mirror, Alta., to Calgary—124 miles.

Biggar, Sask., southwest—50 miles.

Alberta Coal Branch—60 miles.

Intake a Money Trap.

Up till Nov. 7 repairs to the intake pipe have cost the city \$18.47. Englebert Trust so reported to the board of control yesterday. Controller Hocken thought that was steep, but the mayor thought they were lucky to get it repaired.

News of the Railways

According to figures recently received at the Canadian Northern offices, the company has constructed 948 miles of new tracks this year in Saskatchewan and Alberta alone. The lines under construction in these two provinces total 1982 miles, so that in spite of this progress the company have yet only completed about half their mileage.

Figures also show that the Canadian Northern has 15,686 men engaged on the railway construction work in Canada. On the line now being constructed between Sudbury and Port Arthur, 350 men are employed, while about 300 men are working on the new Canadian Northern line thru British Columbia.

Prince Rupert, the Pacific coast terminus of the Grand Trunk Pacific Railway, is at present making great strides. A waterworks system is being installed at a cost of about \$50,000, \$100,000 of which will be spent this year. The city is also spending \$500,000 on the sewerage system, and another \$500,000 is being spent on rock cutting and street grading.

An order has been placed by the G.T.R. for 50 new first-class coaches and 25 standard baggage cars. This equipment will be placed in service on different divisions of the system as soon as delivery is made.

The Canadian Northern line from Vegreville to Calgary has been graded and the track laying operations are being pushed forward with all speed, and will likely be completed early in 1918. At the present time the site is being prepared for the erection of the new C. N. R. station in Calgary, which will serve as the terminal point in this line.

The first of the G.T.R. Pacific mountain hotels will be erected at Tiddley Creek, and the name of that place will be changed to Mietto Hot Springs. These springs are within seven or eight miles distant of the proposed hotel site, and are situated just beyond the Roche Mietto Mountains, to the west of the station.

One of the most difficult tasks in the history of Canadian railroading is being undertaken by the Canadian Northern on their line thru the Rocky Mountains to Vancouver. Between points known as Spence's Bridge and Wah-lachin, a distance of about three miles, the company are building four tunnels. One of these is 1500 feet in length, another 1000 feet, and two others are 500 feet long, making a total of 3500 feet in this section. More than 1000 men are employed on this work at the present time, and operations will be continued all winter.

It is announced that the Canadian Northern will have tracks laid on their main line from Edmonton to Pembina River this year. The distance is about 60 miles.

MASKED ROBBERS

Fled, Forging River With Water Up to Their Waists.

OGDENSBURG, N. Y., Nov. 8.—Three masked men with drawn revolvers walked in the office of the Ogdenburg Coal and Towing Co. here to-day and demanded that the clerks hand over the money in the safe. The money, amounting to several hundred dollars, was produced with considerable celerity and the robbers fled with it.

Two of them succeeded in getting away after a long chase by officers. During which several shots were exchanged as the men fled thru the woods and escaped by fording the Oswego river with the water up to their waists. The coming of darkness made further pursuit impossible.

The third bandit, who fled in another direction, was captured while he was trying to get across the Canadian border. Most of the stolen money was recovered.

ARE YOUR HANDS CHAPPED?

Zam-Buk Will Cure Them.

The particular danger of chapped hands and cold cracks (apart altogether from the pain) is that the cold is likely to penetrate and set up inflammation, festering, or blood-poison. Directly the skin is broken by a cut, scrape, or scratch, or chafed and cracked by the action of the cold winds and water, the one necessary precaution is to apply Zam-Buk freely.

The pure herbal juices from which Zam-Buk is prepared are so perfectly combined and refined that the immediate effect of the Zam-Buk dressing is soothing, antiseptic and healing. Pain and inflammation are allayed, disease germs expelled from the wound or sore, and the latter is quickly healed.

Zam-Buk is not only a powerful healer and skin purifier; it is strongly antiseptic and germicidal, and so forms the ideal protection for the skin against disease germs.

It quickly heals cold cracks, chaps, chilblains, cold sores, etc. Mrs. O. M. Phoen, Neuchatel, Alta., writes: "I must tell you how pleased I am with Zam-Buk. My husband had an old frostbite on his foot for many years, and had tried almost every known remedy without effect, but the first application of Zam-Buk seemed to help him so much that he persevered and the sore is now cured. We would not be without Zam-Buk in the house."

Zam-Buk is also a sure cure for piles, eczema, ulcers, abscesses, scalp sores, blood-poison, bad leg, eruptions, etc. Its purely herbal composition makes it the ideal balm for babies and young children. All druggists and stores sell Zam-Buk. 50c box or post free from Zam-Buk Co., Toronto, for 25c. Try also Zam-Buk Soap, 25c tablet.

Have You Got Your Coffee Pot?

Your grocer is only waiting for your order of 2 50c. tins of DALTON'S FRENCH DRIP COFFEE to deliver This Coffee Pot Absolutely FREE

We Give You All Of The Good Of The Coffee, and the means of Always Having Good Coffee.

Dalton's French Drip Coffee is not only the best in the world from the standpoint of health—it is also the most delicious. The special Dalton process of roasting and grinding—that makes Dalton's French Drip Coffee so good for you, also improves the flavor.

Nature covers the Coffee, just as she protects grains and nuts, by covering the kernel or heart with a tough skin or coat. This coat contains tannic acid and other bitter substances which are harmful to insects and not harmless to the human system.

Ordinary Coffee is ground with this tough coat, and boiling brings out all the rank, bitter flavor and indigestible fibre. No wonder ordinary Coffee, made in the ordinary way, upsets digestion and racks the nerves.

DALTON'S FRENCH DRIP COFFEE is free of these harmful substances and contains no chicory. After this Coffee is roasted and ground, a powerful air-blast removes the inner coating, leaving only the kernel or heart of the Coffee berry, rich in the essence which gives flavor and aroma to the breakfast and dinner cup. This is why Dalton's Coffee is never bitter—never upsets the stomach—never jangles the nerves—never is anything but the richest, most fragrant, most appetizing Coffee that ever came on the table. But Dalton's Coffee must be made right. This is why we give you this \$1.30 French Drip Coffee Pot FREE.

Dalton's French Drip Coffee

Boiling ruins Coffee. Boiling drives off the flavor, instead of developing it. The French Drip Process is the only way to make really good Coffee.

We have been on the lookout for a reliable, satisfactory, inexpensive percolator or Coffee pot for a long time and found just the right one over in Germany. Now you can have Dalton's French Drip Coffee made as good Coffee should be made.

We put up two special brands of Coffee—MILD and STRONG. You can't say which of the two you will prefer until you try both. Nor can you make good Coffee without this French Drip Coffee Pot.

Mild Blend

Strong Blend

It costs 50c. per tin.

Sold in 5c. and 10c. tins. If you choose your grocer is able to fill your order, write us mentioning the name and we will see that you are supplied promptly.

The particular danger of chapped hands and cold cracks (apart altogether from the pain) is that the cold is likely to penetrate and set up inflammation, festering, or blood-poison. Directly the skin is broken by a cut, scrape, or scratch, or chafed and cracked by the action of the cold winds and water, the one necessary precaution is to apply Zam-Buk freely.

The pure herbal juices from which Zam-Buk is prepared are so perfectly combined and refined that the immediate effect of the Zam-Buk dressing is soothing, antiseptic and healing. Pain and inflammation are allayed, disease germs expelled from the wound or sore, and the latter is quickly healed.

Zam-Buk is not only a powerful healer and skin purifier; it is strongly antiseptic and germicidal, and so forms the ideal protection for the skin against disease germs.

It quickly heals cold cracks, chaps, chilblains, cold sores, etc. Mrs. O. M. Phoen, Neuchatel, Alta., writes: "I must tell you how pleased I am with Zam-Buk. My husband had an old frostbite on his foot for many years, and had tried almost every known remedy without effect, but the first application of Zam-Buk seemed to help him so much that he persevered and the sore is now cured. We would not be without Zam-Buk in the house."

Zam-Buk is also a sure cure for piles, eczema, ulcers, abscesses, scalp sores, blood-poison, bad leg, eruptions, etc. Its purely herbal composition makes it the ideal balm for babies and young children. All druggists and stores sell Zam-Buk. 50c box or post free from Zam-Buk Co., Toronto, for 25c. Try also Zam-Buk Soap, 25c tablet.

BOWLING CLUB BESTS JAIL

Governor Chambers Tried to Block Route for Fertilizer.

Gov. Chambers of the jail, and the St. Matthew's Lawn Bowling Club, which is located on property close to the jail, clashed before the civic property committee yesterday. The club party committee yesterday, wanting the privilege of carting fertilizer via the one entrance to their property, across the jail grounds, and the governor opposed it.

Dr. Chambers said that the club had used the said property for a dumping ground for years and had injured the grass by driving over it. The committee decided to let the club cross the yard with their fertilizer.

A Favorite Night Flyer.

At 10 o'clock every night the Canadian Pacific fast express out of Montreal, with connections for Quebec, Halifax and New England points, thru electric-lighted sleepers are carried for Ottawa and Montreal, as well as new compartments cars for both points. The luxurious train equipment, speed, safety and admirable excellence of this service combine to make No. 21 one of the most popular trains out of Toronto.

Now It's Aluminum Comb.

Complying with the request of school nurses, Clerk of Supplies Kerr has made requisition for aluminum combs to be used when dressing sores on the heads of children. This comb may be sterilized, hence its use.

ALD. MCARTHY "COMES BACK"

Conditions at Isolation Hospital Worse Than He Publicly Pictured.

That what he had said at Bredin's Hall Monday night with regard to the isolation hospital had not overstated conditions there, was the assertion made by Ald. J. O. McCarthy yesterday.

He declared on Monday that the place was a death-trap. Yesterday he termed conditions there "abominable, if not criminal."

"Our ill-planned hospital has been years behind advancing medical science, and a lifetime behind in common decency and common sense," he said. "Dr. Hastings and his associates have done and are doing all that can be done to remedy abuses, and they have accomplished a great deal; but as he reported months ago we can never deal properly or efficiently with infectious diseases in the present buildings and staff."

"I have the utmost confidence in Dr. Hastings. My remarks on Monday evening were intended to justify the board of health in asking for funds for a new institution."

"A member of the council is reported as saying that my statements were highly colored. To color statements as regards our Isolation Hospital is not necessary. The plain statement of facts will bring the color blush of shame and indignation to the face of every humane and decency-loving citizen of Toronto."

BOWLING CLUB BESTS JAIL

Governor Chambers Tried to Block Route for Fertilizer.

Gov. Chambers of the jail, and the St. Matthew's Lawn Bowling Club, which is located on property close to the jail, clashed before the civic property committee yesterday. CROSS-COUNTRY RUNNERS AT ROSEDALE SATURDAY

Four Intercollegiate Teams Will Compete for Championship Over Distance of Seven Miles.

On Saturday morning at 10.30 o'clock the intercollegiate cross-country runners will start from Rosedale Leazes Grounds. The runners circle the track and then go out on the road, finishing on the track.

The distance is seven miles, and each team will be composed of five men, of which five count at the finish. The McGill University has already signified its intention of sending a team, and it is expected that teams will also compete from R. M. C., Queens and Varsity. This run, which is now an annual event, is creating considerable interest, and the result will be awaited with interest.

Hockey Notes.

Rugby Lehnman, for several years the crack goalkeeper of the senior and professional hockey teams, has been offered to play for the Vancouver, B.C., having wired his acceptance of an offer to play for the Vancouver city. It is understood his salary will be \$100 for the season. His going away will result in the professional team not organizing this year in Berlin.

Ray Marchand, star goalkeeper for the Junior Frontenac hockey team of Kingston, will play with the Cleveland team this winter.

Bouncer Brouse received an offer from Cleveland, but turned it down, deciding to stay at home and continue to play with Frontenac of Kingston.

Trap Shooting Season Opens.

The Stanley Gun Club will open for the winter season on Saturday, the 11th inst., at 2 p.m. All the members are requested to be on hand. Now is the time for hunters to start, and anyone wishing to take up this fascinating outdoor sport can get all the information he desires on the grounds. Experts are always on hand who are willing to coach the novice until he becomes familiar with the natural flight of the targets. Members from other clubs are always welcome. If you could not get away for Saturday, try the next best thing. There is no closed season for the day pigeon. The grounds are situated in the heart of the city, close to the city street, East King street, and take you to within five minutes' walk of the grounds. Follow the men with the gun bag.

Rough Riders To Make Change In Line Up

OTTAWA, Ont., Nov. 8.—There will very likely be a good deal of changing done in the line up of the Ottawa team to face the Argos here on Saturday. Eddie Gosselin will be back in the game and will take his old place at centre half, and Jack Williams going to full back. Johnstone will be moved up on the half line and will take Robertson's place, while there are also several shifts to be made on the line. The team have been practicing every night this week and will hold their final practice to-night, having only a light signal practice on Friday. All the men are in good shape and there will be no stock list for Saturday. Foot-Marty Wainwright, white and black team, will take the scullers into camp in good style when they clash and they are on the look out for Argos money.

The Argonauts were out in full force, and every confidence is expressed by the team that they will pull off a room over the Ottawa Rough Riders.

The Mulock Cup semi-final game between Senior B and Junior A will be played this afternoon at 2.30.

The Argonauts will leave for Ottawa by C.P.R. at ten o'clock Friday night, from the North Toronto station.

The Tigers will leave for Montreal on Friday morning by G. T. R.

Ottawa College players are all in great shape and will arrive Friday morning morning and have a light practice at Varsity field in the afternoon. Six games will be brought to the city, and 20 men will be used during the game.

It will not be necessary for Billy Foulds to play Saturday in order to qualify for Canadian final, as he has already played one game. He, however, may be in the game against Ottawa.

T.A.C. and Alerts have decided to play at the cricket field in Hamilton on Saturday, satisfactory arrangements having been arrived at. Hugh Galt and Jack Robbins are the officials, and the T. A. C. team will leave Saturday by 1.10 P.M. A special rate has been secured, and 50 seats will be reserved for the Toronto party.

The Ottawa team will be the same as on last Saturday, with Jack Williams holding down centre half.

Tom Glasco's Lads Are Here.

Patsy Drouillard, Tommy Hudson and Young St. Pierre, who met Billy Allen, Denny Dunn and Kid Moriarty at the National Sporting Club to-night, arrived last night in charge of their manager, Tom Glasco of Windsor. Dunn will be in from Cleveland this morning and an early train will bring Allen and Moriarty from Syracuse.

"My boys are in the finest possible condition," said Glasco, "and if we don't win all three bouts we will be surprised. No excuses such as broken hands, lack of condition or anything else will be offered. An even break in the refereeing is all we ask." The members of the N.S.C. will see to-night the best card of bouts ever offered in this city. The program calls for a 14, a 10 and a 6-round bout at 8.30.

The first contest will commence at 8.30. It is safe to predict that all those who saw Allen and Drouillard at the island last summer in what was then described as the best bout ever fought here will see the return engagement to-night. Charles Luce of Chicago, who won a number of good bouts in the Cape Breton during the summer, arrived from Sydney last night and will challenge the winner of the Flanagan belt to-night.

Prospects Good For Pete German To Play Saturday

In regard to the opinions that seem to be prevalent that Varsity Rugby authorities did not give the public proper show to secure tickets, it might be mentioned that the public got a better show this time than ever before.

Just as soon as the tickets were taken out that belonged to the season ticket holders, and the few that are reserved for the faculty and team, the balance were sent immediately to 188 Yonge street and due notice given in the morning papers.

Not a speculator secured a ticket, and 1243 tickets are now distributed among Toronto people. In fact, there is quite a room coming from several people closely connected with Varsity because tickets were not reserved for them instead of being handed over to the public.

Pete German may play on Saturday for Varsity. The band was taken off his arm yesterday afternoon, and it surprised the medical man who saw it so much that he said that German may be able to play on Saturday.

Dr. Barton of the Varsity Athletic Association stated yesterday that he wished to play a few seats for Varsity people who had failed to get them.

Varsity had an excellent workout at the stadium yesterday afternoon and put in one of the fastest half hour's work seen this year.

Lloyd Sifton was at right inside wing taking Cory's place and will undoubtedly hold down that position Saturday against Ottawa College.

Bob Grass was in uniform, but his knee is still very weak. He, however, ran a couple of times around the track and prospects of a speedy recovery look certain.

Cory with his arm in a sling, also ran a few laps around the track and while he will not be able to play Saturday, he intends to keep in shape in case he is needed if the team go into the Canadian finals.

Last night's practice made the Varsity team for Saturday look like the following: Flying wing, Macdonald; left half, Maynard (capt.); centre half, Ramsay; right half, Green; quarter, Campbell; scrummen, Currie, Bell and Knight; inside wings, Clarke and Sifton; middle wings, Taylor, Cruikshank and Jones; Thompson, inside wings, Heston and Sinclair.

It will be interesting to note how Father Staunton intends to work 20 players in the game on Saturday with Varsity. He evidently figures that six of his men will be hurt, since for no other reason but that of injury can players be substituted.

Both Art Moore and Ben Simpson were out in uniform for the Tigers last night, and, along with George Ballard, intend to qualify in Saturday's game against Montreal, so that if their team reaches the Canadian Rugby finals they will be eligible to play. Hamilton's first baseman, but such a weak little fellow that I traded him to Pittsburgh for Jake Beckley, who the Stucky City team Davis failed to make good because of his poor stock work and soon he drifted out of baseball to go into business in Philadelphia. Charley Carr was playing first base for the Athletics when they first began operations in the American League, and when Carr was injured one day Cub Stricker told Connie Mack that he would like to play for the Athletics. So Mack sent for Davis, who had been playing with semi-pro teams in Philadelphia and New York, and he started off hitting like a demon and he never stopped. He proved such a powerful stick that Mack kept him on the bag and let Carr go. Just how Davis got his batting eye so unexpectedly was a mystery until I asked him about it one day he said he couldn't tell the reason. "I just began hitting," he remarked, "and I guess I was a wonder. So I guess I am."

John Kling, the former Cub catcher, who was sentenced to the Boston Red Sox last summer, made a statement in the Boston Globe that he was in the hands of the Boston team. He was made manager of the Boston team instead of Fred Tenney who would retire because of his age. Kling was reappointed by President Russell and will remain at the helm. Kling as a catcher last season was in the line-up, and as Tenney has a fine young backstop in Kilduff, Huns fans say they'll not worry if Kling remains away.

Work on the new park of the Boston Americans has been going on steadily and will continue as long as the weather permits. The plant will be ready for occupancy in the spring and will bring larger than the club's former home on Huntington avenue. It is said that the new park will cost nearly \$200,000 and will have stands with room for 30,000 spectators.

The New York, Cincinnati and Boston Clubs in the National League are ready to make a strong fight for the re-election of President Russell at the annual meeting next month. While working to wheel Pittsburgh and Brooklyn into the win, the club is also working to get the St. Louis Club to be pledged to support Lynch if his vote is needed, which leaves Chicago and Philadelphia to be heard from. Gerry Herrmann says he believes that Lynch will receive a unanimous vote when the time comes.

The plant will be ready for occupancy in the spring and will bring larger than the club's former home on Huntington avenue. It is said that the new park will cost nearly \$200,000 and will have stands with room for 30,000 spectators.

Unpaid Hotel Bill Here Led to Charge of \$18,000 Theft.

Richard Leslie Freeman, a Boston broker, and a young woman were sent back to Boston by the local authorities in charge of police officials from that place who came to take him on a charge of theft of \$18,000.

It was alleged that he was given a loan of \$18,000 to sell for Donahoe stock worth \$18,000, worth of it and he disappeared August 28. The matter of his questioning at headquarters by Detectives Leonard and Archibald. He was registered with the young woman as W. Hill and wife. He left wife and two children in Boston.

STABBED POLICEMAN WITH PIN.

MONTREAL, Nov. 8.—Emphasizing her objection to arrest with vigorous jab of a pinpin, Aldina Fagan gave Constable Trudeau a serious wound in the wrist last night morning when he insisted that she accompany him from the corner of Mansfield and Laguerre streets to No. 8 police station. Locked in a charge upon him the prisoner, struggling madly, was obliged to use strenuous measures, finally succeeded in freeing her right hand, with which she promptly extracted the pin from her wrist and drove it into the policeman's back. The steel snapped and half the pin remained imbedded in the officer's flesh.

At the station the woman behaved in a manner bordering on insanity.

HIGH SCHOOL RUGBY LEAGUE DISCONTINUED

Meeting of Athletic Executive Held Decides on Question—Game Causing Too Much Rivalry.

At a meeting of the High School Athletic Executive, held last night in the Technical High School, the following resolution, in pursuance of a previous meeting of motion, was fully discussed and finally adopted.

Whereas organized Rugby football among the high schools, as conducted the last few years, has tended to strain and weaken rather than cement and strengthen the relations among the pupils and masters of competing schools; and Whereas football is fast assuming a position in the high school as a well-balanced educational system; and Whereas the time spent in training on the part of pupils and masters in charge is excessive, chiefly owing to the too lengthy period of time intervening between the beginning and the end of the football season; and Whereas, as football as at present conducted is for the few rather than for the many, in which respect the main aim and greatest good for the greatest number, is violated; and Whereas there is a tendency to attribute the blame for loss of time and interference with the regular school work to the masters who are in charge, rather than to the conditions under which the games have to be played; and Whereas the High School Athletic Executive, having done all in its power to manage the games with an eye single to the betterment of sport in general, now deems some change desirable and advisable; therefore

Be it resolved that the present system of organized Rugby, with its schedule and cup competitions, be for the present discontinued, and that some mutually satisfactory disposition be made of the cups in the coming season.

This does not mean football is banished from our high schools. Rugby will still be played by students, but the existing hard and fast system of inter-school schedules will be for the present abandoned.

HARRY DAVIS' CAREER
POOR HITTER AT FIRST

Arthur Irwin Let Him Go From the Giants Owning to Poor Stick Work—How He Got His Eye.

Arthur Irwin, the Highlanders' scout, tells an interesting story about the ups and downs and the sad career of Harry Davis, who has left the Athletics to manage the Cleveland Americans next year.

"When I was managing the Giants in 1898, I saw Irwin, who got Davis from the Pawtucket Club. He was a first baseman, but such a weak little fellow that I traded him to Pittsburgh for Jake Beckley, who the Stucky City team Davis failed to make good because of his poor stock work and soon he drifted out of baseball to go into business in Philadelphia. Charley Carr was playing first base for the Athletics when they first began operations in the American League, and when Carr was injured one day Cub Stricker told Connie Mack that he would like to play for the Athletics. So Mack sent for Davis, who had been playing with semi-pro teams in Philadelphia and New York, and he started off hitting like a demon and he never stopped. He proved such a powerful stick that Mack kept him on the bag and let Carr go. Just how Davis got his batting eye so unexpectedly was a mystery until I asked him about it one day he said he couldn't tell the reason. "I just began hitting," he remarked, "and I guess I was a wonder. So I guess I am."

John Kling, the former Cub catcher, who was sentenced to the Boston Red Sox last summer, made a statement in the Boston Globe that he was in the hands of the Boston team. Three Eastern League Ball Clubs On the Market

NEW YORK, Nov. 8.—The agitation over the efforts to sell the Newark Baseball Club, of which Iron Man Joe McGinnity and his partner, Henry Clay Smith, are the owners, has started a merry turmoil in the Eastern League, and the organization is looking on its foundation.

The revelations of the financial straits of the Newark Club, brought out by the recent transactions with William A. McManus, a Newark business man, who was willing to pay \$50,000 for the plant, only to be blocked by finding that McGinnity had given a five-year lease on the park privileges, have been followed by the plans of the Jersey City and Providence Clubs on the market, and the probable transfer of the Montreal franchise to Richmond, Va. These announcements were made simultaneously with the hurried departure of President Barrow from his vacation in the Canadian woods to his office in the St. James Buildings in this city.

The placing of the Jersey Club on the market came pretty much as a surprise, and it was brought to light by overtures made in Newark by Dr. James T. Little of Orange, N.J., to Frank Milhon, the Newark circle-bow promoter, to purchase the controlling stock of the Jersey City team for \$250,000. Milhon doesn't want the club, but he has turned the proposition over to some friends, who may form a company to buy the club.

Inter-Varsity League. The annual meeting of the Eastern League will be held in New York on the third week in December.

Royals' League. It was a great night of wood trundling in the Royals' League last night. St. Matthews split them for a 2-1 victory, and won all three. The scores: St. Matthews 180 167 215 65; Logan 130 115 171 59; Williams 130 115 171 59; Landarkin 130 115 171 59; McFarlane 130 115 171 59; Johnston 130 115 171 59.

KENTS WIN THREE GAMES IN BUSINESS LEAGUE

Good Rolling by Jewelers—Big Scores in Central and Royal Leagues—Results.

In the Business Men's League at the Toronto Bowling Club last night Kents Limited, won three games from the A. T. Reid Co. All of the jewelers rolled 60 or better with Walter Armstrong leading the way with a 500 total, which was high for the night. Altogether Kents never had a look in, still they all showed some class in spots, and after several more weeks rolling should be right on edge and ready to meet all comers. The scores:

Kents, Ltd.	1	2	3	T.
Stoughton	150	187	175	512
Ed. Tolley	181	171	175	527

Armstrong	183	156	205	544
Totals	879	871	852	2602

On Athenaeum Alleys.

The Athenaeum won three straight from the Alans in the A League last night. Bill Karrya, with 537, was high scorer, while Fred Wilks put in the big single game, hitting the wood for 224 in the last game.

The B League the Hickorys won the odd game from the Systems and are now the third place in the league.

The Burroughes won the first game from Saloon No. 4 in the Mercantile League, also the margin was only 4 pins. However, they fell away in the next two and the bar store team won both. Karrya was high man for the night, totaling 336, putting in a 240 game in the first and practically winning the game for his team. Little Freddie Stevens was again high man for the Eaton team, hitting the wood for 271.

The B.C.C. Co. won three games from the International Varsity Co. The scores:

MERIDIAN WINS HANDICAP AT LATONIA

Graver Hughes Led But Quit—
Manager Mack Pays Well—
—Other Results.

LATONIA, Ky., Nov. 8.—Meridian won the handicap at Latonia today from a field of three-quarter horses. Graver Hughes set the early pace but quit when the race came, and Meridian won, beating Cheryola by three lengths, with Little Father a length back. Swartz Hill captured the third, beat the second and beat the first race.

FIRST RACE—Five and one-half furlongs.

1. Big, 107 (Steele), straight \$42.20, place \$10.80, show \$4.40.

2. Rose of Jericho, 110 (Turner), place \$2, show \$2.00.

3. Aquino, 200 (Gooley), show \$2.00.

Time 1:30.24. Bouncing Lass, Byness, Clara Atkin, Salsela, Lucky White, and Land Queen also ran.

The original second race was declared off and the following substituted:

SECOND RACE—Six furlongs.

1. Font, 106 (Turner), straight \$11.00, place \$3, show \$2.30.

2. Royce, 109 (Lottum), place \$4.30, show \$1.50.

3. Amoret, 112 (Fain), show \$2.30.

Time 1:15.15. Winning Widow also ran.

THIRD RACE—One and one-eighth miles.

1. Swartz Hill, 100 (Koerner), straight \$10.00, place \$7.50, show \$3.

2. Nan Ferguson, 100 (Cook), place \$18.20, show \$7.00.

3. Supply, 100 (Skirvin), show \$3.50.

Time 1:52.14. Whirling Ring, Sugar Lump, Rash, Lotta Creed, Tiana, Canoe, Indian Maid and Effendi also ran.

FOURTH RACE—Six furlongs.

1. Meridian, 112 (Dugan), straight \$4, place \$2.30, show \$2.40.

2. Cheryola, 110 (Moore), place \$4.30, show \$2.50.

3. Little Father, 107 (Koerner), show \$2.50.

Time 1:14. Grover Hughes, Folly Levy also ran.

FIFTH RACE—One mile.

1. Manager Mack, 100 (Goose), straight \$10.00, place \$7.50, show \$3.

2. Frog Legs, 115 (Fain), place \$4.30, show \$2.50.

3. Kaiser, 106 (Turner), show \$3.50.

Time 1:45.15. Coy Lad, Nicks, Cloud Chief, Duval, True Blue, Broseau, Lady Lightning also ran.

SIXTH RACE—One and one-eighth miles.

1. John Reardon, 100 (Fain), straight \$12.00, place \$9.00, show \$4.10.

2. M. Miller, 112 (Dugan), place \$10.50, show \$3.70.

3. Tay Pay, 100 (Turner), show \$3.50.

Time 1:57.45. Starlet, Mocker, Console, Palencia also ran.

MARLBORO Results.

FIRST RACE—Seven furlongs.

1. Joe Rose, 123 (Fryer), 9 to 5, 7 to 5 and 7 to 5.

2. Dr. Barkley, 112 (Dennison), 4 to 5, 7 to 5 and 7 to 5.

3. Sir Evelyn, 122 (Estep), 5 to 2, 4 to 5 and 4 to 5.

Time 1:24. Old Erin, T. B. Spears and Lighthouse also ran.

SECOND RACE—Six furlongs.

1. Chippewayan, 112 (Williams), 6 to 1, 3 to 2 and 3 to 2.

2. Kibardin, 115 (Jackson), 6 to 1, 3 to 2 and 3 to 2.

3. Muff, 104 (Hopkins), 2 to 5, 1 to 4 and 1 to 4.

Time 1:24.54. Fines, Blanche Francis and Sir Edward also ran.

THIRD RACE—Five furlongs.

1. Republican, 117 (Grosser), 9 to 2, 9 to 2 and 9 to 2.

2. Fernon, 111 (Fairbrother), 9 to 2, 5 to 3 and 5 to 3.

3. Lesbois, 110 (Clement), 5 to 1, 3 to 1 and 3 to 1.

Time 1:24.54. Travel Light, Star Kirk, Polypog, Henock and Marshland also ran.

FOURTH RACE—Steeplechase, short course.

1. Gun Cotton, 113 (Tucker), 8 to 5, 7 to 10 and 7 to 10.

2. The King, 106 (English), 4 to 1, 5 to 6 and 5 to 6.

3. Garterman, 109 (Johnson), 4 to 1, 5 to 6 and 5 to 6.

Time 1:05. O. K. The Speaker, Helen B. Arano, Miss Hynes and Jiu Jitsu also ran.

FIFTH RACE—1-1/8 miles.

1. Duke of Bridgewater, 109 (Steinhart), 4 to 1, 7 to 10 and 7 to 10.

2. Hedge Rose, 106 (Estep), 4 to 1, 7 to 10 and 7 to 10.

3. G. Grant, 112 (Hanover), 5 to 2, 6 to 5 and 6 to 5.

Time 1:54. Quality Street, El Oro and Profile also ran.

SIXTH RACE—Six furlongs.

1. Black Baron, 108 (English), 5 to 1, 2 to 5 and 2 to 5.

2. Munkelton, 109 (Hanover), 4 to 1, 7 to 10 and 7 to 10.

3. S. Smith, 100 (Hopkins), 6 to 5, 1 to 2 and 1 to 2.

Time 1:14. Cloud, Teddy Bear, Starboard and Bat Masterson also ran.

The World's Selections BY CENTAUR

LATONIA.
FIRST RACE—Geo. Oxnard, Joe Diebold, Tourist.
SECOND RACE—Union Jack, Beach Sand, Star O'Ryan.
THIRD RACE—Free Lance, Tom King, Broseau.
FOURTH RACE—Stinger, Leamance, Font.
FIFTH RACE—Princess Callaway, Hazel Burke, Edda.
SIXTH RACE—John Furlong, Sam Barber, Discontent.

JAMESTOWN.
FIRST RACE—Excalibur, Lady McGee, Be.
SECOND RACE—High Flown, Gold Greth and Maxentius also ran.
THIRD RACE—Lad of Langdon, Anavri, Dreamer.
FOURTH RACE—Bourbon Beau, Martin W. Littleton, Anavri.
FIFTH RACE—Fantasque, Brandy, Wood Dove.
SIXTH RACE—Sager, Force, Maromara.

Goldcoats and Edwin L. also ran.

SECOND RACE—Two miles.

1. San Bede, 124 (Lynch), 5 to 1, 3 to 1 and even.

2. Vihalla, 144 (Allen), 5 to 5, 3 to 5, out.

3. Black Bridge, 144 (Noel), 3 to 1, even and out.

Time 1:10. Lizzie Flat and Dr. Heard also ran.

THIRD RACE—Five furlongs.

1. Coming Coon, 108 (Peak), 3 to 2, 3 to 2 and 3 to 2.

2. Kittery, 102 (McCahey), 4 to 1, 5 to 1 and 5 to 1.

3. Sadie Shapiro, 107 (Gordon), 11 to 5, 7 to 5 and 7 to 5.

Time 1:08. Norma Girl, Promised Land, Greth and Maxentius also ran.

FOURTH RACE—One mile.

1. Husky Lad, 90 (McCabe), 8 to 1, 5 to 1 and 5 to 1.

2. Bob R., 107 (Peak), 9 to 10, 1 to 5, out.

3. Madrigal, 100 (Byrne), 3 to 1, 5 to 1 and 5 to 1.

Time 1:11.5. Busy also ran.

FIFTH RACE—Six furlongs.

1. Mon Ami, 103 (Byrne), 9 to 10, 1 to 3 and 1 to 3.

2. Moncrief, 108 (McCahey), 11 to 5, 3 to 1 and 3 to 1.

3. Chilton Squaw, 100 (Ambrose), 8 to 1, 3 to 1 and 3 to 1.

Time 1:04. Stanley S., Jennie Wells, Woodland and Minnie Bright also ran.

SIXTH RACE—1-1/8 miles.

1. Service, 108 (Forehand), 7 to 5, 5 to 2 and 5 to 2.

2. Cubon, 103 (Ural), 4 to 1, 4 to 5, out.

3. Montgomery, 111 (Schuttiger), 5 to 6, 1 to 5 and 1 to 5.

Time 1:40.34. Eddie Graney also ran.

Jack Stahl to Manage Red Sox.

CHICAGO, Nov. 8.—Jack Stahl will be manager of the Boston Red Sox next year. He will also play first base.

This was announced on the return of Charles Comiskey and his thirty guests from the Comiskey hunting camp in Northern Wisconsin.

Christmas in Europe.

The rush for reservation on ships that will land passengers in Europe for Christmas is now on. Some of the popular steamers are already filled for December.

Intending passengers, especially stevedores, should secure their berths at once. A. F. Webster & Co., at the corner of King and Yonge streets, can ticket by nearly all the lines to Europe.

Jamestown Results.

FIRST RACE—Six furlongs.

1. Sherwood, 111 (Burns), 4 to 1, 7 to 10 and 7 to 10.

2. Penny Royal, 101 (Byrne), 3 to 1, 7 to 10 and 7 to 10.

3. Thrifty, 104 (Schuttiger), 10 to 1, 4 to 1 and 4 to 1.

Time 1:18. Double Five, Joe Galtens, also ran.

SECOND RACE—Six furlongs.

1. Sherwood, 111 (Burns), 4 to 1, 7 to 10 and 7 to 10.

2. Penny Royal, 101 (Byrne), 3 to 1, 7 to 10 and 7 to 10.

3. Thrifty, 104 (Schuttiger), 10 to 1, 4 to 1 and 4 to 1.

Time 1:18. Double Five, Joe Galtens, also ran.

THIRD RACE—Six furlongs.

1. Sherwood, 111 (Burns), 4 to 1, 7 to 10 and 7 to 10.

2. Penny Royal, 101 (Byrne), 3 to 1, 7 to 10 and 7 to 10.

3. Thrifty, 104 (Schuttiger), 10 to 1, 4 to 1 and 4 to 1.

Time 1:18. Double Five, Joe Galtens, also ran.

FOURTH RACE—Six furlongs.

1. Sherwood, 111 (Burns), 4 to 1, 7 to 10 and 7 to 10.

2. Penny Royal, 101 (Byrne), 3 to 1, 7 to 10 and 7 to 10.

3. Thrifty, 104 (Schuttiger), 10 to 1, 4 to 1 and 4 to 1.

Time 1:18. Double Five, Joe Galtens, also ran.

FIFTH RACE—Six furlongs.

1. Sherwood, 111 (Burns), 4 to 1, 7 to 10 and 7 to 10.

2. Penny Royal, 101 (Byrne), 3 to 1, 7 to 10 and 7 to 10.

3. Thrifty, 104 (Schuttiger), 10 to 1, 4 to 1 and 4 to 1.

Time 1:18. Double Five, Joe Galtens, also ran.

THURSDAY MORNING, NOV. 9, 1911

MR. ROWELL AND PROGRESS.

It will of course be charged by critics
of Mr. Rowell's new platform that he
has not been adverse from jumping the
other fellow's clothes, or stealing the
other fellow's clothes. The remark
would merely emphasize the fact of
the slight difference between the two
parties, the real difference consisting
in the degree of performance furnished
by either in comparison with the
amount of promise in the beginning.

To appreciate this it would be nec-
essary to go back to 1904 when the
two parties met in Toronto in conven-
tion, and drew up platforms to go to
the country upon. This was in the
second week of November, seven years
ago. In some respects Mr. Rowell's
program is not as advanced as that of
1904.

And there is nothing in the
new one that was not actual or po-
tential in the old.

Mr. Rowell's performance is
the result of opportunity, and there
is no use speculating upon what the
liberals would have done had they
had the chance they did not get. But
their present promise is not equal to
their past promise. When it comes
to promising Sir James can be quite
as effective as Mr. Rowell. It does
not appear that his past performances
will in any way handicap him with the
people.

Mr. Rowell has the chance of his life
in inaugurating a new deal in Ontario
politics. But if he is to regenerate
the party he is leading, and make it
new, with a right spirit and a cor-
rect heart, he must cut loose from the
old ideas and the old gang. If
the old gang won't allow him, then
the young liberals are still looking
for a leader, and awaiting the birth
of a new party. The facts might as
well be faced now, as at the end of
another session of futile opposition in
the legislature.

Mr. Rowell, we believe, has the
ability to lead a real liberal party.
But he cannot be a leader if he sub-
mits to the rulings and decisions of a
junta or cabal whose tendencies
would impair the reputation of the
most reactionary Conservative govern-
ment Ontario could gather together.

The welcome to Mr. Rowell as a
new leader came from those who hail-
ed him as a servant of the people. The
platform to which his name is affixed
is the work of those who hope to use
him merely as a means of getting into
office. The people do not mind very
much who is in office if they get pro-
gressive measures and good govern-
ment.

CHAIRMAN LEITCH.

Sadly handicapped tho he be by the
defeat of the council to annex North
Toronto, an error which may be re-
paired on Monday, the city must join
with North Toronto in resisting Chair-
man Leitch's attempt to turn Yonge-
street into a railway freight line.

Mr. Leitch, for the town, contends
that Mr. Leitch had no right to issue
a minority order of the board, and Mr.
Drayton has joined in the objection.
We cannot conceive of any other view
being taken under the terms of the act.
Sir James Whitney could never have
intended to impose a one-man board on
the province, and on the occasion when
Messrs. Ingram and Kitchin are indis-
putably right it would be absurd to say
that Mr. Leitch's opinion should be
allowed to outrange the public sense.

If Chairman Leitch is to represent the
corporation on the railway board, and
Premier Whitney desires him to do so,
the people ought to know it. If not,
Mr. Leitch is a decided misfit.

SIR JAMES AND TAX REFORM.

The statement from Mr. Frupp mem-
ber for Ottawa in the legislature
about to dissolve, which The World
suggested he might make, has been
forthcoming, and we reproduce it
elsewhere. It is a sufficient reply to
the critics of Sir James Whitney, who
will not allow that he ever opens his
windows to the east. Sir James' mot-
to is "Festina lente," and a great deal
has been achieved under that motto.
The history of the race indicates that
the more haste the less speed.

But the great point about a party
or a leader that hastens slowly is
that it does hasten, however slowly,
and actually does things done.
Broad generalizations are very fine
and stimulating, but specific perfor-
mance is what counts.

No one can object to the thorow-
consideration Sir James always insists
upon, when specific performance fol-
lows judgment.

THEORY AND FACT.

The Globe's editorial columns for
some time past have shown the same
weakness that we are familiar with in

The Mail and Empire, that is, to ful-
minate theoretically without regard to
the facts. Editorially The Globe thinks
"it would be supreme folly to pile the
management of the waterworks on the
shoulders of the city electric power
commission."

The man who runs the news columns
knows better and reports the excel-
lent results that have been attained in
London by combining the two services.
Hon. Adam Beck "warmly endorses
the plan," says The Globe reporter,
"and by following this policy London
has been able to save \$3000 to \$10,000."
Is The Globe afraid Toronto might
save some money, or where does the
"supreme folly" appear? The Globe
ought to get at the facts and stay
with them.

THE BEST TO BE HAD.

The Star gives a brilliant exhibition
of explaining the obvious upon unen-
derable grounds in an article on "The
Choosing of Mr. White." Mr. White
was chosen for the same reason people
buy The World.

KNOW-YOUR-CITY.

Syracuse (N.Y.) has begun a "Know-
Your-City" movement. Toronto needs
one badly. Even the aldermen have
not all been over every part of the
city.

Thousands of Toronto people have
never been in Queen's Park, nor in
High Park, nor in the new Palm
House in the Allan Gardens, nor
seen the view from the top of
Bathurst-street or Avenue road by day
or by night, or the mountains of Rose-
dale or the magnificence of the
Don Valley from Broadview-avenue,
or the glorious view of the whole city,
bay and island from Norway Hill.

There are hundreds of other spots
worth seeing for their beauty, and
scores for their historical interest. It
is hard to get the average money-
grubbing citizen to realize that he owns
a share in the whole city, and should
protect it and be proud of it.

A NOBEL PRIZE WOMAN.

Madam Curie is the worthy recipient
of the Nobel prize of \$40,000 for her
researches in chemistry. She is in fact
one of the world's greatest chemists.
The profession seems particularly well-
adapted for women: acute sense, great
patience and intuition being all
womanly attributes needed in labora-
tory pursuits. The immortal Marie
Curie proved in local university
circles that such feminine talent may
be widely distributed.

HYDRO-ELECTRIC SUCCESS.

Galt reports splendid results from the
hydro-electric power scheme. The
World took an active part in the agi-
tation for the adoption of the system.
We had faith in Hon. Adam Beck and
in Mr. F. W. Sothman, because their
statements were easily verifiable, and
if anything further was needed, the
corporation were so bitterly opposed
to the plan that there could be no
doubt it was more to the public in-
terest to adopt it.

And so, of course, has it proved. The
report just issued by Reeve Scott shows
that Galt has saved \$366,490 on what
the old company would have exacted.
The average charge has been seven
cents per kilowatt. There are 670 ser-
vices on the system. It is expected
that the rate will be lowered next
year.

WHAT CAUSES UNEMPLOYMENT?

Editor World: In your issue of Oct.
30, 1911, I read a letter, under the
heading of "British Social Conditions,"
in which E. M. Blanes free trade for
all the poverty which exists in Brit-
tain. I, the writer, am a German by
birth, but naturalized British subject.
I left Germany when 30 years of age
and spent 15 years in all parts of Eng-
land, so I claim to know something
of the social conditions as they exist
in these two countries. I saw a
large docks like Antwerp, Rotterdam,
Cherbourg or Hamburg, and see the
thousands of pitiful, half starved
looking men waiting for chance to
earn a copper, and when these men
are working on full time they never
earn more than one-half to two-thirds
as much as the British workmen re-
ceive only about two-thirds the pay
of the British, while the food that
the British worker consumes is en-
tirely out of reach of the masses in
Germany, such foods as wheat, bread,
beef and pork (owing to the high
tariff on these articles) in Ger-
many are rendered entirely prohibi-
tively to the average worker. Military
and naval service in Germany is com-
pulsory to everyone who is physically
able, and they receive for their services
cents a day and board. Compare this
with the pay of "Tommy Atkins" who
shines over Britain in her technical
education system and her state-owned
railways, whose earnings are con-
verted to the state exchequer for the
upkeep of military and naval ser-
vice, and reduction of taxation gen-
erally. But of going into the pockets
of about 150,000 shareholders at the
expense of about 45,000,000 peo-
ple, as the case in Britain.

I have traveled the whole world and
I have no place on this earth where
it is able to get so much value for
money as in free trade Britain.

There is always poverty in large
cities throughout the world. One needs
only to go over the border to Chicago
or New York to emphasize this. During
the recent Dominion election I saw a
poster in Toronto explaining the fact
that there were 4,000,000 people out of
work in the United States, and that
Yonge-street, and free trade
in the event of reciprocity passing,
Why protection causes unemployment
in the United States and free trade
causes it in England is a bit of a

mystery to me! Perhaps E. M. will
kindly explain this.

F. Weiser.
Gormley, Ont., Nov. 5.

INFANTRY MANOEUVRES.

Editor World: On Saturday the 4th

inst., at 5.30 p.m., my attention was

drawn to some imperfections in regu-
lating our street traffic. At the intersec-

tion of Yonge and Queen and Yonge
and Richmond-streets policemen were

stationed directing the traffic of ve-
hicles. The street was full of autos,

wagons, etc., were urged to cross as
quickly as possible—in some cases cars

More About the Great Cost of Living.
Continued From Page 1.

the people to get somewhere where they can do something themselves to reduce the cost of living. If the tubes are pushed forward, and the surface lines are pushed forward, then in two years from now a hundred thousand of the people of Toronto can be living in the suburbs in a way that will help them to greatly reduce the present extreme cost of living.

Let everyone, therefore, who believes in something being done to lower the cost of living, see that the tubes and surface railways are built, and are not blocked by the newspapers who are aiding and abetting the corporations.

One thing that comes up in this discussion is that if the government can interfere and reduce the cost of some things, why can't the government act in the matter of the high cost of living? It is a question that will help the people and children cheap school books, and milk, and other farm products, or rather, why can't we do something to abolish the enormous charges of the railway and middlemen, in connection with the cost of living. The thing can be done, and is done, every day in Europe by the different governments, and the city and local government, and must do something on this line. Has Sir James Whitney anything to his program in this respect, or has Mr. N. Wesley Russell anything in this respect, and what has the Hon. A. E. Kemp and the Hon. George E. Foster, who represent Toronto at Ottawa, got to say or suggest?

A possible solution of the difficulties which confront the consumer may be found in the story of the Ontario Civil Servants' Co-operative Association, which appears elsewhere in today's paper.

Harper, Customs Broker, McKinnon Building, 10 Jordan St., Toronto.

LEGAL AUTHORITY DEAD.
LONDON, Nov. 8.—Dr. James Williams, high sheriff of Flintshire, a contributor of over one hundred legal articles in successive editions of the Encyclopaedia Britannica and many in law magazines and reviewed here today. He was born in 1851. He was the author of a number of books on law, including "The School Master and the Law," "Wills and Succession," "Law of Education," "Banks as a Jurist," and "Simple Stories of Law," "Briefcase Ballads," and "Ventures in Verse."

Incognitable.
NIAGARA FALLS, Oct. Nov. 8.—(Special.)—Joseph Piccarelli, aged 17, who was given suspended sentence two weeks ago for stealing knives from the Ontario Silver Co., was today sentenced to six months in the central for the theft of an umbrella.

THE WEATHER
OBSERVATORY, TORONTO, Nov. 8. (8 p.m.)—In the western provinces the weather has been cold and wintry with light snowfalls; elsewhere in Canada generally fair and comparatively mild.
Minimum and maximum temperatures: Victoria, 42-44; Vancouver, 40-42; Edmonton, 20-22; Winnipeg, 22-24; Regina, 18-20; Calgary, 20-22; Port Arthur, 24-26; Sarny Sound, 24-26; London, 32-34; Toronto, 32-34; Ottawa, 32-34; Montreal, 40-42; Quebec, 32-34; St. John, 42-44; Halifax, 42-44.
—Probabilities—
Lower Lakes and Georgian Bay—
Clear, with gradually increasing to strong breezes and moderate gales; generally fair at first, becoming showery by night.
Ottawa Valley and Upper St. Lawrence—Fair to-day; showery on Friday.
Lower St. Lawrence, Gulf and Maritime—Fine; not much change in temperature.
Coast—Easterly winds, increasing to strong breezes and -ales; showery.
Manitoba—Cloudy and cold; light snowfalls on Friday.
Saskatchewan and Alberta—Mostly fair and decidedly cold; a few light local snowfalls on Friday.

WOMAN STRUCK BY CAR.
Mrs. Sarah Haines, 65 years of age, who lives at 163 Garesmont-street, in the Western Hospital in a serious condition, suffering from internal injuries sustained at 7.55 last night, when she was struck at Manning-avenue and Arthur-street by eastbound Dundas car No. 1546.
Mrs. Haines was crossing south on Arthur-street when, being deaf, she did not hear the approaching car and was struck by it. She was attended by Dr. McKay, who sent her to the hospital in the police ambulance.

REVISION OF BANK ACT.
MONTREAL, Nov. 8.—A meeting of the Canadian Bankers' Association will be held to-morrow, when the revision of the Bank Act will be discussed. It is understood that a committee will be named to confer with the new minister of finance, Mr. T. White, in connection with proposed amendments to the Bank Act. One of the questions which will receive particular attention is that of extending the time in which the bank note circulation may be increased by 15 per cent of the paid-up capital.

Free Skating Rinks.
There are plenty of free skating rinks this winter. For C. E. Chambers, acting parks commissioner, has announced yesterday that there would be a fall convocation with every unsupervised playground. Last year there were 21.

ROSELL CONFESSED HE GASHED MAN WITH RAZOR
But Whether His Victim Was the Murdered Cecil Isn't Shown—Much Confusing Evidence.

The crown's case in the trial of Francesco Roselli, charged with murdering Giacomo Cecil during a quarrel on Agnes-street on Good Friday last, April 24, was concluded yesterday afternoon after eleven witnesses had been examined.

The most damaging evidence was that of Andre Mele, one of these inculpated witnesses, who testified to the effect that while in the jail Roselli had confessed to him that he had slashed a man with a razor, at the same time giving him a thumb. He did not tell him who it was.

Detective Montgomery, who had been in the jail earlier in the trial, testified that Mele had repeated Roselli's confession to him.

In the evidence, Detective Montgomery stated that he saw a man stagger out of the alleyway at the side of 40 Agnes-street, and, thinking he was drunk, he went to him and caught hold of him, when he noticed a gash across his throat from the back of the neck to the centre of the forehead.

Chief Coroner Arthur J. Johnson, who performed the post-mortem, testified that the wound inflicted on Panzino could have been inflicted by a knife shown the coroner, which was found in the house, where Roselli's thumb was badly cut, and the other two had scalp wounds.

Chief Coroner Arthur J. Johnson, who performed the post-mortem, testified that the wound inflicted on Panzino could have been inflicted by a knife shown the coroner, which was found in the house, where Roselli's thumb was badly cut, and the other two had scalp wounds.

Chief Coroner Arthur J. Johnson, who performed the post-mortem, testified that the wound inflicted on Panzino could have been inflicted by a knife shown the coroner, which was found in the house, where Roselli's thumb was badly cut, and the other two had scalp wounds.

Chief Coroner Arthur J. Johnson, who performed the post-mortem, testified that the wound inflicted on Panzino could have been inflicted by a knife shown the coroner, which was found in the house, where Roselli's thumb was badly cut, and the other two had scalp wounds.

400,000 DESTITUTE BY BURNING OF HANKOW
Continued From Page 1.

are still in Hankow. Sniping riflemen on opposite sides of the Han River fought all day Saturday, and there has been similar fighting to-day, but steadily decreasing in volume. There is much open revolutionary talk among the imperialists.

Tales of Brutality.
Foreigners who have not been given the opportunity of witnessing the engagements except at a distance, are hearing horrifying stories of brutality. The imperialists have hanged men, and, failing to strangle them, tortured them to death, prodded them with bayonets or crushed them to death with stones.

The outrages against women cannot be told. Red Cross bearers have been killed or wounded. Soldiers on both sides have slaughtered their wounded enemies.

It has been ascertained last night that Yuan Shi Kai is in the neighbourhood. It is suspected that he went aboard a British gunboat, and it is reported that he has been interviewing republican leaders secretly.

A thousand revolutionary soldiers from Hui Nan reached Wuhan yesterday. It is believed that they will force the Republicans are collecting the customs dues. Secret societies, it is reported, are gaining control in Szechuan. The mobs at Hankow are violent.

Seized British Flag.
The revolutionaries commenced a fight last night, which was proceeding with two lighters of coal. It was suspected that the coal was destined for Admiral Sargent's gunboat. The revolutionaries made a demand for the captured boats, which were afterward restored by the revolutionaries.

Two thousand trained soldiers have arrived from the Foyang district. Kiang Shi. A night or two ago the guns sunk an imperialist gunboat, which was carrying a large quantity of munitions. The latter accompanied by torpedo boats.

Capture of Nanking Forts.
SHANGHAI, Nov. 8.—Latest advices received here to-day say that the attempt of the insurgents to seize Nanking has been a complete failure. The revolutionaries were repulsed at some points, but captured the armory forts behind the city. They lost more than one hundred men killed.

At the south gate 2000 imperialists joined the revolutionaries on receipt of 30,000 taels (300,000). The Manchou, Chang Chun, is still holding out. The foreign residents have either left the city or taken refuge in the consulates.

The revolutionaries are short of money and are partly dependent on the healthy citizens. Sixty thousand taels were abstracted by force from the coffers of one unwilling merchant.

A New Leader.
PEKING, Nov. 8.—A most interesting statement regarding the death of what was described as the Reformed party was made to-night from a source that in the past has been found trustworthy. It is that the main purpose is to keep unruly children from being landed in the industrial school or reformatory, and keep them under probation at home.

This act is constituted under the Dominion Juvenile Delinquents' Act of 1906, and the appointment of Mr. Starr as commissioner dates from the day the act is proclaimed in force in Toronto. It has been already proclaimed in Ontario, but can be made to apply to Toronto or any other city as soon as the provincial government petitions for the proclamation.

Attorney-General Foy stated last night that the petition for the establishment of a juvenile court in Toronto has already been sent to Ottawa, and would not doubt be attended to without delay. The act has been enforced in Vancouver, Winnipeg and several other cities in the Dominion for some time past.

The first children's court ever established on this continent was that of the city of Toronto, which was organized to deal with children's cases only.

How Law Works.
The main features of the Dominion Juvenile Delinquents' Act, now made a law in this province, are as follows: The offences of children under 16 years are termed delinquencies instead of crimes, and the aim is to separate young people under sixteen instead from the criminal elements, keeping them out of the streets.

Prohibition is to be used almost entirely in dealing with child-offenders. Agents of Children's Aid societies are given the powers of the police, and can supervise the home life, keeping the child under constant supervision and reporting to the court from time to time as to his progress.

Newspapers are prohibited from publishing the name of any child under sixteen charged with offences against the law, and no child spectators are permitted in the children's court.

PLAN TO ELIMINATE HIGH PRICES OF FOOD
Civil Service Association of Ontario Has Saved Its Members Hundreds of Dollars.

The high prices charged to the consumer for practically every kind of food commodity were the stimulus which originated the idea of forming the Civil Service Association of Ontario.

It was actually discovered that the cost of the necessities of life had increased during the past decade nearly 50 per cent.

The milk question is one case in point. Formerly the price was 6 cents a quart, and to-day it is 10 cents, practically a 66 per cent increase.

As regards cheese, the producer only receives 10-15 cents per pound, even with all the expense involved in its manufacture, while the retail price of cheese is 18 cents.

To try and eliminate some of this profit was what the founders of the Ontario Civil Service Association started to do.

A remarkable feature of the purchasing powers of the association is that while they can get cheaper rates they do not sacrifice quality.

The association will hold their annual meeting on Monday evening, Nov. 13.

J. E. STARR FOR JUVENILE COURT
Continued From Page 1.

Rev. Mr. Starr assumed the pastorate of Berkeley-st. Methodist Church and remained there four years. He went to Allandale two years ago and still resides there.

Powers of Magistrate.
The new commissioner will have practically the same powers as a police magistrate in matters pertaining to children under 16 years of age, and to those who commit crimes against children.

His main duty at present will be to organize the new court and get probation officers appointed who will be the work, which the court proposes to accomplish. It is the main purpose is to keep unruly children from being landed in the industrial school or reformatory, and keep them under probation at home.

This act is constituted under the Dominion Juvenile Delinquents' Act of 1906, and the appointment of Mr. Starr as commissioner dates from the day the act is proclaimed in force in Toronto. M. MIKAIL MORDKIN WITH BALLET TO-NIGHT
Imperial Russian Dancers' Principal Feature Will Be "Coppelia" Opera "Coppelia."

The rotundas of the big downtown hotels will this afternoon cast an atmosphere that will be decidedly Russian, for Mikail Mordkin and his all-star Imperial Russian Ballet will arrive by their own special train somewhere about noon, and the members of this large company will at once proceed to the hotels where accommodations have been reserved for them.

Mordkin without the corner of the good news that he had decided to present at Massey Hall to-night the best of the "Coppelia" opera, "Coppelia," and that he himself would play the role of Coppelia.

It was actually discovered that the cost of the necessities of life had increased during the past decade nearly 50 per cent.

The milk question is one case in point. Formerly the price was 6 cents a quart, and to-day it is 10 cents, practically a 66 per cent increase.
