FARMERS WANT U.S. BOARD ON WHEAT PROBLEM

Deputation Interviews President With Request for More Laborers.

STEPS ALREADY TAKEN

Wilson Warns Agriculturists of Need for Utmost Efforts.

Washington, Feb. 8.—Delegates to the federal board of farm organizations, representing sixteen national farmers' societies, in session here, called on President Wilson today and urged that he appoint a commission of nine from their number to serve as an intermediary between the government and the farmers in solving agricultural labor and other problems.

The delegation presented a memorial making various suggestions concerning the handling of farm problems and the exemption of farm labor from military service.

"I cannot, of course, off-hand answer so important a memorial as this, but I need not tell you that it will receive my most careful and respectful attention. Many of the questions that are raised here are matters of very deep and constant concern with us for months past, and I believe that many of them are approaching as successful a solution as we can work out for them, but just what those steps are I cannot now detail to you. You probably are familiar with some of them."

"I want to say that I fully recognize that you gentlemen do not mean that your utmost efforts will be dependent upon the acceptance of these suggestions. I know you are going to do your best in all circumstances, and I expect upon you with the utmost confidence in that. There has never been a time, gentlemen, which tested the real quality of folks as this time is going to test it, because we are fighting for something bigger than any man's imagination can grasp.

SYSTEMATIC SABOTAGE

Industrial Workers of the World Responsible for Many Plots.

Washington, Feb. 8.—Industrial Workers of the World on the Pacific coast have planned wholesale destruction of industries and shipping, and other interference with prosecution of the war, it was said today at the department of justice. The indictment issued at Sacramento by a federal grand jury is the result of recent investigations by government agents who discovered that leaders were plotting systematic sabotage.

The investigation was a direct result of the recent attempt to blow up the governor's residence at Sacramento. Agents discovered a federal grand jury in that section of the country had planned to foment strikes among workmen engaged in war industries, destruction of fruit trees and crops, and to a lesser extent the destruction of ships being built in yards along the coast.

DIVERT MORE WHEAT

C. N. R. to Unload at Saskatoon Shipments from West of Warman.

Winnipeg, Feb. 8.—Order number 30 of the board of grain supervisors for Canada orders that the Canadian Northern Railway Company unload into the government elevator at Saskatoon for account of the Wheat Export Company all cars of wheat shipped east from the Carlton, Shellbrook, Sturgeon, River, Vermilion, Edmonton, Battle River, Alliance and Butterfield (points west of Warman) subdivisions on its lines.

The Wheat Export Company, Limited, will pay a diversion charge of one cent per bushel in addition to the fixed price for all wheat so diverted. This order does not apply to cars of wheat which are at present in transit consigned to flour mills.

"This order covers the movement of wheat on the Canadian Northern Railway as above, from Feb. 8, 1918, to Feb. 23, 1918, inclusive, unless sooner withdrawn."

SEVERELY CONDEMNS GERMAN PROPAGANDA

Ex-Mayor Blankenburg of Philadelphia Attacks Prussian Junkerism.

New York, Feb. 8.—In an open letter made public here today, Rudolph Blankenburg, former mayor of Philadelphia, endorsed the aims of the friends of German democracy, and severely condemned the German propaganda which, he declared, was intended to divide the American people.

"Prussianism, Junkerism, militarism, are the inveterate foes of all liberalizing tendencies," the letter said. "They should be thwarted in every legitimate way, and the friends of German democracy should be heartily supported by America and Americans."

"One of the main weapons of the German autocrats, as far as our country is concerned," the former mayor added, "has been the assertion of the kaiser's government that the United States would never wage war against the German Empire on account of the loyalty of our twenty million inhabitants of German blood to the land of their fathers. . . . This propaganda has been fostered by a subsidized and subsidized press, and swallowed by the German people like gospel truth."

"To combat this erroneous idea and to affirm the unqualified loyalty of the German blood, and thus to demolish one of the props of Prussian Junkerism, is one of the aims of the friends of German democracy."

SETTLEMENT LIKELY

Hopeful Spirit Prevailed at Conciliation Board at Stratford.

Stratford, Feb. 8.—A general spirit of hopefulness between the Grand Trunk and federated trades was shown by representatives of both sides at the board of conciliation today. Discussion of clauses in the schedules presented by the men will last till Monday.

The men have been granted a nine-hour day and recognition of the government committee, and a promise has been made regarding overtime.

FOILED PUBLISHING OF HEARST CABLES

French Foreign Minister Stopped Scheme of Bola to Influence Public.

ATTEMPTED FRENCH LOAN

Paris Treason Trial Reveals Loan of Money to Press Correspondent.

Paris, Feb. 8.—At the trial of Bola Pasha for treason today, P. S. Bertelli, a Hearst newspaper correspondent, testified that Bola had loaned him money which he offered to repay thru Captain Bouchardon when he (Bertelli) heard that Bola was under suspicion. Bertelli told the court that this money now was deposited at the sequestration office.

The witness described the meeting of Senator Charles Humbert, who controlled The Journal, and M. Mouthon, editor-in-chief of The Journal, and now a witness for the government, which meeting was arranged at the instigation of Bola and at which was discussed an exchange of news between The Journal and the Hearst papers. This proposed exchange, however, fell through because the minister of foreign affairs was opposed to the proposition, the witness said.

Bola attempted in America to raise a French loan, which had great prospects of success, Bertelli testified, and he added that he was urged by Senator Humbert to interest himself in this movement which, however, came to nothing.

The chamber of deputies today gave a vote of confidence in the government following an interpellation by the Socialist deputies, Renaudel and Motet, regarding the organization of military justice. The vote was 395 to 113.

The interpellation was provoked by correspondence between the war office and the military governor of Paris as to the possibility of granting the application of an officer to be transferred to the post of president of the court martial at Paris or Marseilles. The Socialists claimed to see in the incident a disposition on the part of the government to tamper with the composition of the court that would try one of the cases of treason now under investigation.

GRAND JURY INDICTS ALLEGED PLOTTERS

Fifty-five Persons Charged With Conspiring Against U. S. Government.

Sacramento, Cal., Feb. 8.—An indictment charging fifty-five persons with conspiring with William D. Haywood, secretary of the Industrial Workers of the World, and others to hinder the execution of laws of the United States in the prosecution of the war with Germany was returned today by the federal grand jury.

Forty-six of the persons indicted are held in custody here. Nine others reside in or about San Francisco.

Separate indictments charge William Hood and G. F. Voelter, named in the conspiracy indictment, with illegal transportation of dynamite. These men were arrested in connection with the attempted dynamiting of Governor Stephens' home recently.

Soon afterward I. W. W. headquarters were raided, and before the police were thru 55 men had been arrested.

General charges in today's indictments include alleged obstruction of the selective draft act, causing strikes and encouraging sabotage, and fixing at from \$2,500 to \$5,000. Frank H. Lattie, lynched at Butte, Mont., last year, was named among others as persons with whom the men indicted here had entered into conspiracy.

Frank Kelly, wanted in Chicago in connection with the L. W. W. cases, was indicted. He had been in custody here. Louis Torg, under indictment in Chicago, also was indicted here.

LEADER OF OPPOSITION

George Hoadley, Member for Okotoks in Alberta Legislature, Elected.

Edmonton, Feb. 8.—At a meeting of the council of the provincial government this afternoon it was decided to appoint Norman L. Hardy acting deputy minister of railways and telephones, to succeed the late ex-deputy minister, W. J. Harmer, who this week was appointed to a senatorship for Alberta, together with the late leader of the opposition, Edward Macdonald.

Another move of significance was made in legislative circles today with the selection of Geo. Hoadley, member for Okotoks as the seasonal leader of the opposition. The post of season whip was given to H. H. Crawford, member for Strathcona.

May Export Peas From Canada Unless Cannery Show Reason

Ottawa, Feb. 8.—Announcement was made by the food controller's office today that a very considerable surplus of seed peas remains in the hands of the Canadian dealers. These are not being purchased freely by Canadian canners, and the dealers have urged that they be granted the privilege of exporting such surplus.

If representatives of the canning trade do not, on or before Feb. 20, show cause why these peas should not be exported the food controller is prepared to grant export permits.

WILL PUT CATTLE ON THE FREE LIST

Order-in-Council, Will Not Officially Passed, Will Be For Twelve Months.

Ottawa, Feb. 8.—Following a meeting of the cabinet council tonight it was stated that the proposed order-in-council placing cattle on the free list would apply for twelve months. The order-in-council has not yet been signed by the governor-general, as there are no details, it is announced, which will be available till tomorrow.

PATRONAGE SYSTEM TO BE ELIMINATED

Hon. T. W. McGarry Gives Notice of Measure to This Effect.

PURCHASING AGENT Services of Best Man for Position Will Be Secured.

In 15 minutes the business of the legislature for yesterday's session was concluded, and the house stands adjourned until 9 o'clock Tuesday afternoon, in observance of the order of the Hon. Controller Magrath, having as its object the conservation of coal.

A step towards the elimination of the patronage system was taken when Hon. T. W. McGarry introduced a bill to appoint a purchasing agent for the province, and in explaining the measure he said the services of the best man available would be secured.

Until such time as the suitable person is found the act would not come into force.

The striking committee, one to assist the Speaker in the care of the library and one to direct expenditure for art purposes, were selected on motion of the premier.

On Tuesday Premier Hearst will move a resolution of confidence in the arms of it eulogies and of appreciation for the achievements of the Canadian soldiers at Vimy Ridge, Fresnoy, Hill 70 and Passchendaele.

Alberta House Adjourned

Will Allow Premier to Attend Provincial Conference at Ottawa.

Edmonton, Feb. 8.—At the end of the sitting of the legislative assembly of Alberta this afternoon adjournment was taken by the premier to attend a conference at Ottawa Feb. 15 of the provincial premiers with the Dominion Government, when questions of federal and provincial importance will be discussed.

The announcement of the premier at the conclusion of the day for the debate on the address, which had been moved by William Ives of Peace River and seconded by Dan Morkeberg of Innisfail, came as a surprise to most members.

Premier Stewart explained that the decision had only been reached a few hours before he made the announcement, and he informed the house that both Premier Brewster of British Columbia and himself had tried to get the conference postponed until March. He had not been aware, he said, of the conference until the legislature had been summoned.

FACTORIES WORKING FOR U.S. MAY IGNORE HEATLESS DAYS

Deputy Fuel Controller Issues Statement on Eve of General Shut-Down—Order Will Be Rigidly Observed.

Ottawa, Feb. 8.—C. W. Pearson, deputy fuel controller, issued the following statement today: "From reports received from all over the area affected by the fuel regulations it is perfectly clear that the fuel closing order will be rigidly observed. In view of the moderation of the weather it is now evident that the saving in fuel will be considerable. There is a report from the south of the line that much milder weather has set in and that within a few days the movement of coal will become more normal. The closing order will, it is expected, remain in building up coal stocks to some extent and will help the country over what it is hoped may be one of the final periods of acute scarcity that we are likely to experience."

"While the Canadian order is somewhat more drastic than that enforced in the United States, the result may be that no further closing orders will have to be resorted to unless the unforeseen should happen again. As a special concession to the United States, a number of factories turning out mitts, gloves, woollens, etc., for the American army, which use high power have been permitted to continue operating but most of the war supply plants in Canada will observe the order. The terms of the regulations, thanks to the wide publicity given them by the press, now seem to be reasonably well understood. All government offices not regarded as absolutely essential will be closed during the heatless days. Decision to this effect was reached by the government at a cabinet meeting tonight."

ITALIAN AIRCRAFT RAID AUSTRIAN REAR LINES

Ton of Explosives Dropped Over Enemy Aviation Ground at Motta Di Livenza.

Rome, Feb. 8.—There was considerable artillery fire along the Italian mountain front between the Brenta and Piave yesterday, although unfavorable weather affected the operations of both the artillery and the infantry, the war office announced today. Italian aircraft carried out an effective raid on the rear of the Austrian lines, dropping a ton of bombs. The text of the statement reads: "Artillery and infantry actions were considerably intensified with by the unfavorable weather. Between the Brenta and the Piave our small calibre guns made very effective concentrations of fire against the enemy lines north of Monte Solero, and several lively encounters occurred at advanced posts in the area north of Monte Grappa and the Alma basin."

The bodies of one of our airships, after a difficult trip, reached the hostile aviation ground at Motta Di Livenza, dropping a ton of explosives with very good results and returning safely."

ENEMY TO OFFER RUMANIA TERMS

Amsterdam, Feb. 8.—A telegram from Berlin quotes The Boersm Gazette as saying that as a result of conferences held at Berlin an agreement had been reached regarding peace terms to be offered by the central powers to Rumania. The report is confirmed by The Essener Allgemeine Zeitung, which says that Rumania can secure compensation in southwestern Bessarabia for the annexation of the Province of Dobruja by Bulgaria. The newspaper suggests that Rumania and the Ukraine make common cause against the Russian Bolsheviki.

ENEMY RAIDS REPULSED

Quite Spirited Local Fighting Reported in French Official Statement.

Paris, Feb. 8.—The war office statement issued tonight says: "North of the Chemin des Dames and in the Woerth region near Flirey we repulsed raids by the enemy against small posts and inflicted losses upon the assailants. There were quite spirited bombardments during the day on the right bank of the Meuse and at various points in the Vosges."

"Eastern theatre, Feb. 7: There were reciprocal artillery engagements in the Vardar and Dolina sectors. West of Monastir the Serbians repulsed an enemy reconnaissance in the direction of Dobropolje."

JELlicoe SAYS SUB. MENACE WILL BE KILLED

But Britain is in For Bad Time for Few Months.

OVER BY LATE SUMMER

About August, He Says, the Menace Will Be Killed.

London, Feb. 8.—Admiral Sir John R. Jellicoe, former chief of the naval staff, speaking at Hull today, said he was afraid "we are in for a bad time for a few months, but by late summer—about August—I believe we will be able to say the submarine menace is killed."

Admiral Jellicoe then continued: "I won't say before August, because I always notice when we have an optimistic speech from the premier or any high official it results in a disaster about the next day. I have told the premier often enough not to make optimistic speeches about submarines, because I have found the next morning I had to go over to the war cabinet with a very long list of losses."

"I would ask them not to make any more optimistic speeches until August, when they can make as many as they like."

Admiral Jellicoe said the reason for the recent losses in the Irish Sea was that there is shoal water on each side of that sea, at the bottom of which a submarine could sit and remain when hunted. The difficulty of keeping submarines in their home ports, he added, was accentuated by the shoal water in and around Heligoland Strait.

GERMAN SPY DISCOVERED ON A DUTCH LINER

Admitted He Was Coming to U. S. to Introduce a New Code.

RECEIVED LARGE SUM

Twelve Sheets of Paper Covered With Letters and Figures Found.

An Atlantic Port, Feb. 8.—A German spy was reported tonight to have been found among forty first and second cabin passengers of the Dutch liner Nieuw Amsterdam, who earlier in the day were detained by federal agents for examination. After 12 thin sheets of paper, covered with letters and figures of a code, had been found upon him, the man is said to have broken down and to have confessed that he was in the pay of the German Government, and had come here in order to furnish spies now operating in this country with the new code. He is also said to have stated that he received a large sum of money for undertaking the mission, but refused to give the names of the persons to whom the code was to be delivered.

The man was said to be a naturalized American citizen of Dutch or German origin.

Since the arrival of the Nieuw Amsterdam here on Thursday elaborate precautions have been taken to prevent German spies on board from communicating with the shore. Only government officers were allowed to meet the ship, and when the vessel docked it was guarded by 100 sailors and marines, and rope barriers were stretched between the passengers leaving the ship and persons waiting to meet them.

Every person on board was thoroughly searched before he was permitted to pass the barriers and communicate with those on shore, and after all had been searched 37 men and three women, it was stated, were detained for further questioning. It was among these the spy was found.

The purpose of the spy in coming to this country was to re-establish communication between the German spy system here and the German Government, which had been impaired by the ability of the American intelligence officers to read existing codes, it was reported.

DEPARTMENTS ASK FOR MORE MONEY

Works and Street Cleaning Sections Increase Their Estimates.

NO CAPITAL CHARGES

Even Urgent Improvements Are Left Until After the War.

Works Commissioner R. C. Harris is asking \$2,387,958 to run his department during 1918.

The estimates of the street cleaning department also show an increase, amounting this year to \$919,879, as against \$816,908 last year.

Table with 2 columns: Department Name and Amount. Includes Roadway section, Sewer section, Railway and bridge, Water works, Marine section, Civic railway, Garage, Insurance, Workmen's compensation, Special items, War expenditure, Payment of wages, Protection, Cut to the Minimum.

In addition to the above there are a number of items, totaling \$58,440, which are proposed but not authorized.

In his report, Mr. Harris states that the estimates have been cut to the minimum and that the maximum of efficiency cannot be expected from the amounts mentioned.

The increase in the estimates of the street cleaning department is due to the fact that this department was in operation only nine months in 1917, but is working 12 months in the year now.

Thursday the Special Day for Women

THAT'S the day on which THE GLOBE publishes its weekly feature, "The Homemakers' Page." It is additional to the daily Woman's Page, conducted by a staff of trained writers, and which has given Canada's National Newspaper pre-eminence among women.

What Women Like About Canada's National Newspaper

WAR NEWS—First in the hearts of the women of Canada is the war. By them, just as much as by busy men, THE GLOBE'S "War Summary" is looked for daily, as the most complete and concise review of the day's war despatches.

DOMESTIC NEWS—While neither THE GLOBE'S space nor its readers' time is wasted on non-essentials, no happening of general interest in Canada is overlooked.

WOMEN'S ORGANIZATIONS—THE GLOBE has enjoyed the special attention it has given to the activities of their various organizations. Ontario's progress toward woman suffrage has been assisted materially by THE GLOBE.

HOUSEWIFE HELPS—The practical element in the make-up of THE GLOBE'S special department for women, is emphasized by "Mrs. Baylow Goes to Market"—careful women all over the Province follow the market prices through this well-known feature.

SAURDAY FEATURES—Music, The Drama and Literature are among the special Saturday features that so many women appreciate. The serial story and the Young People's Page also appeal to a large proportion of women readers.

FASHIONS AND ADVERTISING—Due prominence is given in THE GLOBE to the ever-changing dictates of fashion, while big store advertising serves a kindred purpose. An inquiry by a woman investigator revealed the fact that a high percentage of readers was guided in their buying by THE GLOBE'S advertising columns.

THE CENSORSHIP—One reason why 89 per cent of THE GLOBE'S delivered to city homes remain in those homes all day is because Canada's National Newspaper is a safe paper for all the family. The innocuous and the irrelevant are barred from the columns of THE GLOBE.

THE home life of the Canadian people has been honestly reflected by THE GLOBE since 1844. Every Canadian woman should be a reader. Your subscription is invited through your newsdealer or direct. \$4 per year, by mail; \$5 delivered.

ORDER TO-DAY

Feet Frozen, Life Despaired

Doctors Said Operation Was the Only Hope — But This Man Saved His Life and Toes at the Same Time.

Cookstown, Feb. 8.—There has been a great deal of suffering from frost bites on account of the extreme cold this winter. This recalls the case of Mr. Wm. Waiters, who was so severely frozen a few years ago that the doctors despaired of his life unless he would submit to an operation for the amputation of his toes. Here is Mr. Waiters' sworn statement: Sworn statement of Wm. Waiters, Cookstown, Simcoe County, Ont. "On December 24, 1910, I had my feet severely frozen. Gangrene set in and the doctor said I would have to have three toes amputated. There turned black. Some friends told me I would be foolish to have them taken off and the doctor gave me forty-eight hours to live, saying that I was practically committing suicide, and refused any treatment unless I submitted to the operation. I applied Dr. Chase's Ointment persistently and used the Kidney-Liver Pills to carry the poison out of my system. I kept up this treatment for four months and can positively say that they cured me. Except from the loss of the nail from the big toe, my foot is perfectly sound, whereas if I had followed the advice of the doctor I would have become lame for life. This statement was sworn to before Mr. D. Hopper, Notary Public, on Jan. 1, 1915. Dr. Chase's Ointment, 50c a box, at all dealers or Edmontson, Bates & Co., Limited, Toronto.

LET a woman ease your suffering. I wish you to write, and let me tell you of my simple method of home treatment. Send you today's free trial, post-paid, and put you to touch with women in Canada who will gladly tell you my method has done for them. If you are troubled with weak, nervous, aching, headache, dizziness, backache, constipation, coming down, irregular, or irregular, bloating, sense of falling or giddiness, desire to cry, palpitation, hot flashes, dark rings under the eyes, or a loss of interest in life, write to me today. Address: Mrs. M. Summers, Box 65, Windsor, Ont.

SOLDIERS AND LABORERS FAVOR CLOSER HARMONY

Each Side Waiting Upon the Other to Take the Initial Step in Getting Together.

The general feeling among both the returned soldiers and the representatives of labor relative to an affiliation of interests is mutually agreeable, but, according to interviews with men of both sections of the community, this feeling is marred to some extent by an equally strong feeling that the other should make the approaches to this end.

J. S. HAMILTON & CO. Wine Manufacturers BRANTFORD - ONTARIO.

feel satisfied that they have a great future.

Various statements were submitted by Mr. Hanna to uphold his contention of the growth of the eastern district.

In 1897, 133,000 bushels of grain were handled by the C.N.R.

and in 1916, 131,978,000 bushels were moved.

Describing the growth of the elevator and terminal he gave the following figures: In 1902 the elevator capacity was 2,357,600 bushels, and the terminal capacity was 1,800,000 bushels.

In 1917 the elevator capacity was 3,459,000 and the terminal capacity was 1,555,000 bushels.

The third annual statement ending June 30, 1917, showed the gross earnings were in excess of any previous year, amounting to \$46,496,076.

Working expenses were \$31,929,408; net earnings, \$14,566,668; fixed charges, \$14,607,805, showing a deficit of \$41,138.

Mr. Hanna explained this great loss. "The total mileage that had been added was 1300," he said. "And in consequence we were loaded down with new mileage just at the beginning of operation, and the net income was loaded down with the fixed charges. Another trouble was the increase in fuel, material of all kinds, and labor. The total savings for these items alone would have amounted to \$4,224,322, so that instead of a deficit we should have had a surplus of \$1,154,068."

Sir William Meredith asked if the statements given by Mr. Hanna included the abnormal price for freight due to the war.

"Unfortunately we had an agreement with the government to give service up to three per cent. of the subsidy that we had received," said Mr. Hanna.

"Then you had been paid in advance," said Sir William.

"In any case the country has had fair value for every dollar subsidy given us," replied Mr. Hanna.

"What about the scrap value of your bridges today?" asked Mr. Butler.

"We could sell them today for more than they cost new," answered Mr. Hanna.

The hearing will be resumed Monday morning.

CUT THE GAS SUPPLY GIVEN FOR FACTORIES

Ontario Railway and Municipal Board Takes Step to Conserve Fuel for Domestic Purposes Only.

No time has been lost by the Ontario Railway and Municipal Board in exercising its power conferred by the legislature in regard to the handling of the natural gas situation in Kent County and touching Chatham and Wallaceburg.

By an order issued yesterday morning the use of gas from wells in Kent County is prohibited, except for domestic purposes.

Essential industries including bakeries, dairies, etc., may continue using the fuel, and supply is given to the Chatham Steam Heating Company.

The order comes into effect Monday, Feb. 11, and remains in force until April 1, with a rider to the effect that after the expiration of ten days any surplus may be distributed as the board may deem best.

Hamilton and other points, the far removed from the wells, are affected by the order.

WILL MEET THRESHERS

The committee of the county council appointed to meet the threshers to discuss the provincial act relating to traction engines on public highways, will meet next Thursday morning at 10:30 in the county buildings.

An effort will then be made to see what steps will be necessary to have the threshers comply with the law.

FLOUR MILLS ALONG LINE

Referring to the flour mills in Canada he stated that 51 per cent. of the total capacity of all these mills in Canada was to be found along the lines of the C.N.R. system.

Of the total output of the lumber industries in Canada the C.N.R. was connected with centres from which 30 per cent. came.

"That does not mean that you handle 30 per cent.," said Justice Harris, "but that you are in a position to do so if you get it."

"Yes," said witness. Fifty-three per cent. of the total capacity of the paper mills in Canada could also be handled by the C.N.R.

"But have you the actual figures showing what you really do handle?" asked Justice Harris.

"We can get that," said Mr. Butler. Eastern Lines Not Liability.

In speaking of the lines in the east Mr. Hanna stated that there had been an erroneous impression created that this section of the C.N.R. was a liability on the whole system, but he stated that this was due to ignorance.

He gave the following figures relating to the Niagara, St. Catharines and Toronto line: 1905, gross earnings \$182,100, expenses \$85,990, net earnings \$96,110; 1906, gross earnings \$140,744, expenses \$91,612, net earnings \$49,132; 1907, gross earnings \$165,839, expenses \$105,400, net earnings \$60,439; 1908, gross earnings \$160,415, expenses \$112,464, net earnings \$47,950.

These figures were previous to the acquisition of this line by the C.N.R. "When the line between Toronto and St. Catharines thru Hamilton is opened," said Mr. Hanna, "the value of that whole line will be amazing, and we know with the amount of business that the two lines operating cannot handle it, and that to do this the completion of that system is necessary."

The following figures for the 45 miles between Brockwell and Westpool were also submitted by Mr. Hanna: 1907, gross earnings \$62,023, expenses \$27,067, net earnings \$34,956; 1908, gross earnings \$65,837, expenses \$30,181, net earnings \$35,656; 1909, gross earnings \$57,768, expenses \$33,305, net earnings \$24,463; 1910, gross earnings \$59,865, expenses \$37,911, net earnings \$21,954.

The gross and net earnings of the lines in question for several years.

Acquired Small Lines.

"What we can say of the eastern lines is this," said Mr. Hanna. "Having regard to the development of the traffic over these various little lines we now own, it was the most logical thing for the C.N.R. to acquire them. They have done all they could reasonably be expected to do, and we

HALIFAX CARPENTERS' WAGES.

Organizer Tom Moore of the Brotherhood of Carpenters wrote Wednesday from Halifax stating that the carpenters had signed an agreement with the Builders' Trades Association granting the carpenters a stated schedule of 45 cents an hour.

This was five cents in advance of the schedule prevailing last year. The secretary of the local union was asked yesterday how it came about that there was such a difference between the wage schedule prevailing in Halifax and that under consideration for carpenters in Toronto.

He replied that no wage schedule in one city could ever be considered to represent conditions and needs of workers in other cities, and that the figures for Halifax had no bearing upon those considered in Toronto.

STEAL TO PREVENT FREEZING.

Admitting that she told her boy to steal coal, because she and her baby were freezing to death, the mother of Jimmie Ranger, who with Willie Nalmski, was up in the county police court yesterday, was severely reprimanded by Major Brunton. The two boys were charged with stealing coal from a coal dealer, named Isaac, at Mount Dennis. They were let off on suspended sentence, but were warned if they did not go to work they would be either sent to the Mercer Institute or flogged.

Kitchener Light Commission Reports Profits for Year

Special to The Toronto World. Kitchener, Feb. 8.—At a special meeting of the light commission here this afternoon the annual reports for the various departments were received. It was pointed out that the high price of coal has made the manufacture of gas more expensive, but in spite of this fact the commission was able to show a gross profit in this department of \$4804.25. In the electrical department a net profit of \$12,457.76 was shown.

B. C. HAS DEFICIT.

Receipts Were More Than Two Million Less Than Expenditures. Victoria, B.C., Feb. 8.—The public accounts of British Columbia for the fiscal year ending March 31, 1917, were brought down in the legislature yesterday, showing a revenue of \$9,978,317, a deficit of \$2,172,534. This compares favorably with the previous year's deficit of \$3,558,968. The largest item of revenue came from timber royalties and licenses, which totaled \$1,759,469. The personal property tax brought in the largest annual total in the history of the levy in the province, \$291,412.93 being received from this source.

KEPT AUTOMOBILE ON TWENTY A WEEK

Many Sentences Passed in Sessions on Those Tried Last Week.

Sentence was passed yesterday on those convicted during the sittings of the present sessions. Thomas Goldsmith, who shot a girl who resented his attempts to kiss her, was sentenced to two years in the penitentiary, the judge telling him it was lucky he was not tried for murder.

James E. Hopkins, one of the assistant managers at the T. Eaton Company, was found guilty of stealing from the company. He received \$20 a week pay, but kept an automobile. The judge told him no man could run a car on that salary and properly support a wife and family. He was sent to jail for three months.

Six months in the reformatory was the sentence on the two youths, Lloyd Stead and Joe Davies, in the Flying Corps, who held up and robbed a Jew.

J. A. Stutt, criminal negligence, fined \$10. Rufus Chambers, theft and receiving, suspended sentence. Gordon Gardner and Gordon Richardson, theft and receiving, suspended sentence.

Pat. Watters, theft and receiving, five years in the penitentiary. Jos. Burke, assault, fined \$100. Edward Gold, theft and receiving, thirty days.

Peter Henry, receiving, thirty days. Albert Le Barge, theft, six months. Jas. Lowden, criminal negligence, fined \$100.

Louis George, forgery, three months. T. F. Chadwick, criminal negligence, \$100. Alvin Fleming, theft and receiving, six months.

Max Hanzakos, uttering false document, one month. Wm. Major, attempt to defraud creditors, three months.

HORSE STEALING ALLEGED.

A. L. King Recognizes Horse on Street as Belonging to Him.

Alleged to have stolen a horse and wagon, Harry Beaver, a Russian Jew, living at 100 D'Arvy street, was arrested last night by Detective Walter McConnell of Court street station.

According to the police Beaver claims to have bought the horse and wagon from a boy for \$40, and denies stealing it. The horse and wagon are the property of A. L. King, 68 Lombard street, and were taken from the corner of King and Bay streets early yesterday morning. The wagon and horse were sold by Beaver separately, the horse being recognized on the street by the owner. Beaver is held on a charge of theft until he can produce the boy he claims to have bought them from.

WORKMAN IS INJURED.

While thawing out a manhole at Belsize avenue and Cuthbertson crescent, William Carpenter, 272 1/2 Yonge street, a city employe, was struck on the forehead when the heavy castiron lid, being taken by accident by the owner, fell on his forehead. He received a gash across the forehead which took thirteen stitches to close. He was assisted to Dr. Pringle's office nearby by W. G. Walton of the Hydro Electric Company, who witnessed the accident.

REV. R. S. MACARTHUR ARRIVES.

Rev. R. S. MacArthur, who for 40 years had been the minister in a prominent New York church, and president of the Baptist World Alliance, arrived in Toronto yesterday to take a temporary position in the Walmer Road Baptist Church in the absence of the pastor, Rev. John MacNeil, who is overseas. Dr. MacArthur is a Canadian by birth.

MILD WEATHER COMING.

Those in Toronto who feared the recurrence of a storm of a month ago, may rest assured that milder weather is in store for them. The "probs" are for snow, with higher temperatures, and the storm which was rushing across the continent from Texas has evaporated like the South Sea bubble of yore.

DIED AT CAMP BORDEN

Well-Known Citizen of Guelph a Victim of Scarlet Fever.

Special to The Toronto World. Guelph, Feb. 8.—Word was received today of the death at Camp Borden of one of Guelph's well known and popular business men, in the person of Cadet William Clarence Tanner, architect, of the firm of Tanner and Tanager. He joined the Royal Flying Corps in December last and went into active training at Camp Borden. He contracted scarlet fever, and took a turn for the worse three days ago.

BOYCOTT ONTARIO.

Obscure French Weekly Advocates Steps to Boycott of Business Relations.

Montreal, Feb. 8.—Le Franc Parleur, a French weekly of this city, favors the boycott of Ontario, and claims that whereas the Province of Quebec sells Ontario boots and shoes, corsets and some tobacco, Ontario in return provides with cigars, farming implements, threshing machines, stoves, etc., and adds, with reference to a boycott, these words: "Indeed this is the most formidable cry which we could throw into the face of fanatical Ontario, for they already feel the contractions of their pockets, and commercial and industrial Ontario is becoming uneasy. The fanatics are not in the majority, but they are the most noisy. The people are in need of being shaken up, and to be able to do anything we must use the best means at our disposal, which is the boycott."

LETTER CARRIERS HOLD SUCCESSFUL CONCERT

Two Thousand Members and Friends at Massey Hall to Hear Good Program.

Two thousand members and friends of the Federated Letter Carriers' Association of Canada attended the annual grand concert of the association at Massey Hall last evening and appreciatively snored a notable band of instrumentalists, vocalists and entertainers. Among those artists and bodies engaged in the evening's festivities were the Regimental Band of the 48th Highlanders, under Lieut. Slater, which rendered a number of patriotic marches and airs; the well-known trio, Boris Hamburg (cellist), Georges Vignetti (violinist) and Austin Connors (pianist), who played several selections from Caesar Franck, Arenski, Bizet, Aulin and Chopin, Godard and Paganini; Miss Ruth Thoma, whose aria, "Visti d'Arte," from "Tosca," brought forth considerable applause; Frank Oldfield, rendered famous thru his rendering of "Suzette by the Sea," sang his favorite solo, and the baritone solo, "Arm, Arm, Ya Brava," from Juda's Macabees, as well as several encores, and the comedian, Eddie Piggott, who, by virtue of light singing changes effects, became a "posie" one moment, a sergeant-major just returned from the front and an epitaph artist. The concert proved the greatest success of the annual held by the association.

FELL OFF SLIGHTLY

Earnings of Wayagamack Pulp and Paper Company for the Year. Montreal, Feb. 8.—Earnings of the Wayagamack Pulp and Paper Co., Ltd., for the year ending Nov. 30, 1917, show a slight falling off as compared with 1916, the total before depreciation allowance and interest being \$966,349, against \$979,362 the previous year. In 1916, however, the company deducted \$90,000 from surplus account for the business profits tax, while the tax for 1917 was provided for before showing earnings. With allowance for the unknown tax factor in 1917 it is possible that the profit might show up slightly in excess of those for 1916. The surplus balance, after an increased allowance for depreciation, payment of bond interest and the deduction of \$72,388 for stamp duty on the company's limits, was \$513,955, against \$604,724 the previous year. The company's financial statement shows that on Nov. 30, 1916, the total surplus stood at \$687,274, and from that there had been deducted \$247,245 as an adjustment of surplus from previous years. There is no explanation as to this adjustment of surplus.

ALIENISTS EXAMINE ALLEGED MURDERER

Trial of Charles Gerbig for Wife Murderer Will Commence on Monday. Special to The Toronto World.

Kitchener, Feb. 8.—Charles Gerbig, who is being held at the county jail here charged with murdering his wife by cutting her throat on Dec. 1 at their home on Simeon street, will be tried first for his sanity, according to a statement given out this afternoon by Crown Attorney Bowly. The crown, it was stated, had secured two of Ontario's most expert alienists. Both have examined Gerbig in his cell at the jail and from what can be learned it is believed that they have agreed that the alleged murderer is in his right mind. The Gerbig trial will be opened on Monday next, the date of the spring assizes.

In addition to the Gerbig case there are three cases of sedition, Herman Odorousky and Isaac Neuhaur, of this city, are charged with having uttered seditious words, as is also Paul Leistner, of Hespeler. The assizes, from the number and importance of the cases, will be the most important and perhaps sensational ever held in the history of the county. Justice Maclean will preside.

QUEEN CITY RINKS WIN FIVE GAMES

Second Half of Preliminary Reduces Teams to an Even Thirty-Two.

The single rinks curled down to an even 32 last night on keen ice with several close contests. John Rennie came thru, defeating W. E. McCurry by one. Joe Wright beat I. H. Crosby by four, scoring five on the 14th and last end. Arch Patterson beat Harold Beatty on an extra end, the fourth being dead, no stones on the rings. Toronto suffered most, losing four to three, each from Granites and High Park. Queen City scored five wins, Lakeview four, Granites three, and Toronto, High Park and Aberdeen one each. West Toronto lost the only game played and still has one in the list.

SOLDIER BOXERS IN BIG TOURNAMENT

Four C.O.R. Units Will Provide Men, With Final in Brantford.

Abig boxing tournament is under way between the four C. O. R. units in Military District No. 2. There are four of these units, being quartered in Niagara Falls, Hamilton, Brantford and the two units at the Exhibition Camp. The Niagara, Hamilton and Brantford units will stage their preliminary tournament on Monday night at Hamilton, and the final tournament will be held at Brantford on Wednesday night, the 13th. The western units, comprising the 1st and 2nd Depot Battalions, 2nd C. O. R., claim that their boys are going to make a clean up, but Capt. Lou Scholes, who will take the boys of the 1st and 2nd Depot Battalions, 2nd C. O. R., to Brantford, says there will be nothing to it, but his boys.

McLEAN CHAMPION DEFEATS ED. LAMY

Captures Professional Skating Honors at Saranac Lake, Winning Three

Saranac Lake, N.Y., Feb. 8.—Bobby McLean of Chicago won the professional speed skating championship of Saranac Lake in the 40-yard, half-mile and three-mile races. He defeated Ed. Lamy of Chicago in all three events, held yesterday and today. McLean also won the 200-yard and mile events, held yesterday and today. The competition was to have taken place in the afternoon, but owing to the ice not curling ring it was transferred to the morning. Cobourg won from Port Hope, Colborne and Cobourg. In the morning Cobourg won from Port Hope, Colborne and Cobourg, thus carrying off the cup. The score was as follows:

HOCKEY MENU TODAY'S GAMES

Will Not Play Their Senior Games in London-Kitchener Conflict.

London, Ont., Feb. 8.—After carefully going into the matter, it was decided by the Hamilton Hockey Club and the London Military Hockey Club, members of the Ontario Hockey Association, that they will not play their senior games scheduled for Wednesday night, Feb. 13, at Hamilton, owing to the fact that the Hamilton Hockey Club is unable to secure a referee for the game. The Hamilton Hockey Club is unable to secure a referee for the game, owing to the fact that the Hamilton Hockey Club is unable to secure a referee for the game.

HAMILTON AND LONDON MAKE AN AGREEMENT

Will Not Play Their Senior Games in London-Kitchener Conflict.

London, Ont., Feb. 8.—After carefully going into the matter, it was decided by the Hamilton Hockey Club and the London Military Hockey Club, members of the Ontario Hockey Association, that they will not play their senior games scheduled for Wednesday night, Feb. 13, at Hamilton, owing to the fact that the Hamilton Hockey Club is unable to secure a referee for the game.

ARGUMENT BY PRESS WAS THE EXCITEMENT

Hamilton, Ont., Feb. 8.—Kitchener came thru with a clean bill in the senior O.H.A. group when they defeated Hamilton by a score of 10 to 6 in the last league game of the season. It was an exhibition game, being a practice game with each side playing in order that they might put Jimmy Preston in their nets.

GROUP HONORS FOR DE LA SALLE OUTFIT

Outplayed Aura Lee Nearly All the Way in Junior Fixture.

The champions have fallen. De La Salle staged a real come-back last night and won the local Junior O.H.A. group honors by downing Aura Lee, 4 to 2. There was not a question about which was the best team, and Bill Marsden, the Aura Lee coach, was the first to congratulate the winners and tell them that they were the best team.

DEFEATS CUBAN CHAMPION.

Chicago, Feb. 8.—Angie Kleckcher of Chicago won the world's championship of three-cushion billiards from Alfredo de Oro of Cuba, by securing fifty points to De Oro's 126, for the entire match.

COMPANIES INCORPORATED.

Ottawa, Feb. 8.—Incorporation has been granted to the following joint stock companies: Weddells Limited, Brantford, Ont., \$100,000; William Brodie, Ltd., Montreal, \$100,000; Century Coal and Coke, Ltd., Montreal, \$1,500,000; Dr. Strandberg's Medical Co., Ltd., Toronto, \$100,000; The Prisoners of War Society, Toronto, no share capital; Mrs. McNeill Lumber Co., Ltd., Montreal, \$40,000; relief work for the victims of the war in Montreal, no share capital; The Shaw Brick Company of Canada, Ltd., Montreal, capital stock \$1,600,000.

GIVEN BAR TO CROSS.

Special to The Toronto World. Danville, Q. Feb. 8.—Lieut. Merrick McCracken of this town has twice won the Military Cross for bravery. He won the honors at Vimy Ridge and Passchendaele. He has been awarded a bar to the first cross in lieu of the second. He is now the holder of a Military Medal won by him some time ago.

SOCCER NOTES

Followers of soccer in Toronto will be sorry to hear of the death of Mrs. Lorimer, wife of Mr. David Lorimer of the O.H.A. Country Club. Mrs. Lorimer passed away early yesterday morning. Our country players and members send Mr. Lorimer their sincere sympathy.

TWO SENIOR GAMES SCHEDULED TODAY

Ernie Collett, goalie for the Crescent O.H.A. senior team, is now a member of the Royal Flying Corps. "Ernie" was sworn in yesterday and joined the mechanical department. This does not mean that the Half Moons will be without the services of Collett. He will be here for the remainder of the winter senior club. The latter play St. Patrick's tonight at the Arena, and they have to win to stay in the running for the group title. They have lost two games to Denials, they still have two more to play with the Allan Cup holders, and expect to win them both and thus tie up the group. The St. Patrick's are out to win tonight, and thus register their initial victory. There are many fans who figure the Irish just about good enough to hand the Half Moons a trouncing.

KITCHENER WITHDRAWS.

Kitchener, Feb. 8.—The scheduled game between the Stratford and Kitchener intercollegiate basketball league teams was not played here tonight, owing to the locals having withdrawn from the league. The Kitchener team was unable to secure the bus for the game, and the game was postponed. No game will be played by the Kitchener young ladies this season.

PORT HOPE LEAGUE.

Special to The Toronto World. Port Hope, Feb. 8.—A town hockey league has been organized here, consisting of the various church teams and the boy scouts. A schedule has been arranged and some good sport is expected to complete the season.

SOCIETY CONDUCTED BY MRS. EDMUND PHILLIPS

The Canadian Aviation Aid Club dance, which took place last night in the Masonic Temple, Yonge street and Davenport road, was the most successful of the year. Everything was beautifully managed by the committee, which was a very capable one. The supper which was arranged in the basement, was a war-time one of brown bread, war bread, and butter, water ices, coffee and cake without kingly, and the table was very pretty with silver and daffodils, contributed by the committee. The big ball-room was hung with flags and the platform was like a big trophy of flags with groups of palms at each side of the orchestra. Mrs. Charles Beatty, Mrs. Stuart Strathy and Mrs. Sprout received just inside the ball-room, Mrs. Beatty wearing a smart black satin gown with corsage of black tulle with a suggestion of gold thread embroidery, a rope of pearls, a diamond chain ending with a bow of diamonds and pearl and diamond earrings; Mrs. Strathy was in black with white lace on the corsage and a bouquet of black and white flowers and a diamond necklace; Mrs. Sprout wearing black with tulle of jet and ropes and ornaments of pink coral; Mrs. W. B. MacLean black tulle with silver gupure at the hem and more diamonds and ornaments. Mr. Charles Beatty, Mr. W. B. MacLean and Flight-Commander Sprout were also present. General and Mrs. Logie, the latter looking very handsome in black velvet with silver and black tulle and diamond ornaments. Miss Mary Logie wore white satin and tulle; Miss Hendrie was smart in black tulle over silver tulle with a blue sash and band to match in her hair, and pearl necklace; Col. and Mrs. William Hendrie are in Ottawa.

Joseph Short Succumbed to Gas Poisoning and Mrs. Short is in Hospital.

Joseph Short, 6 St. Andrew's street, was found dead in bed at 4.30 yesterday afternoon and his wife lying unconscious beside him from the effects of gas poisoning. The discovery was made by the landlord, who, smelling gas, went to investigate. He immediately called Policeman Malness, who, after giving first aid, had the woman sent to the Western Hospital, where she is being nursed. The body of the man was removed to the morgue. An inquest will likely be held. A defective gas jet was responsible for the leakage.

ALL RAILWAYS HAVE PILES OF SLACK COAL

Fuel Controller Has Many Messages Telling of Hoarding.

A large pile of snowed-in coal alongside the C.P.R. tracks on the old Government House property at the corner of King and Simco streets has attracted the attention of numerous passers-by lately. That some people have been fully appreciative of its value for fuel purposes is demonstrated by the fact that wagon tracks lead to and from the hummocks of coal. This pile covers a length of several hundred yards.

CHEAPER FISH FOR WESTERN PROVINCES

Canadians Must Consume More Fish, to Export Beef and Bacon.

ONE POUND WEEKLY

Dominion's Business Founded on Export of Fish, So Must Increase Production.

Cheap fish for western provinces has been the problem the fish commission of the Dominion food controller's office has been trying to solve for some time.

The commission has succeeded in placing on the market the several varieties of flat fish, which include the various species of flounders, halibut, sole and ood at about 10 cents a pound to the consumer.

Halibut a Luxury. The cheap fish from the Pacific will not cost further than herring. The halibut is not included in the 10 cents a pound, as this fish is a luxury.

Two hundred thousand pounds of this cheap fish from the Pacific will be marketed this month in the western provinces. The effort will be made to increase this to 500,000 lbs. a month.

Caradians Eat Fish. Prior to the outbreak of the war Canada consumed 29 lbs. of fish per person per year.

Canada's catch during the season of 1915-16 was 12 1/2 lbs. per person. This means all kinds of fish within the Dominion, including the Pacific and Atlantic.

One of the great industries of Canada is fish, and her exports of fish is very important.

The aim of the Dominion fish commission is to increase production, keep up exportation and increase consumption.

What is the result? The result of the efforts of the food controller's fish commission, to Ontario consumers is to require eat one pound of fish every week.

NUMEROUS CREDITORS OF PERMANENT LOAN

Statement May Not Be Available Until Latter Part of Next Week.

A statement showing the creditors of the Dominion Permanent Loan Company may not be ready until late next week.

The list he remarked, is likely to be a large one, and it is thought that an examination thereof, the work is one of difficulty.

It is recognized that the vital point to be determined is whether the company's securities can be marketed without a loss of large proportions.

The opinion in financial circles is that the railway line which Spokane cannot be deemed anything like a quick asset, and it is thought that the plan of nursing the line for some years may be found advisable.

The claims against the C.P.R. are all alleged to form a part of the assets of the company, are for subsidies or portions of subsidies granted by the Dominion Government, and are for the same reason, way, but the department at Ottawa has made no statement in this connection.

The sale of the property by the Dominion Permanent to the C.P.R. was incorporated into an agreement, which deals with the relationship of the Kettle Valley Railway and the Spokane and British Columbia Railway, as well as the cash considerations of the deal.

The records at Ottawa show that a subsidy of \$2,747,500 was paid by the Dominion Government to the C.P.R. for the Kettle Valley Railway, now entirely owned and operated by the C.P.R.
