XIII No. 156

ST. JOHN, N. B., WEDNESDAY, APRIL 4, 1917

TWELVE PAGES—ONE CENT

Hon. W. E. Foster, New Premier, And Strong Cabinet Are Sworn Into Office

Messrs Byrne, Veniot, Murray, Smith, Tweeddale, Robinson, Dugal and Roberts in Government—Hon. Mr. Foster is to run in Victoria County, Mr. Burgess Resigning

HON. WALTER E. FOSTER (Special to Times)

Fredericton, April 4.—His Honor the Lieutenant-Governor and Premier W. E. Foster arrived in the city this morning and the latter immediately announced the composition of his new government as follows:

- WALTER E. FOSTER, premier and president of the council. JAMES P. BYRNE, K.C., attorney-general. EARNEST A. SMITH, minister of lands and mines. ROBERT MURRAY, K.C., provincial secretary-treasurer. PETER J. VENIOT, Esq., minister of public works. J. FLETCHER TWEEDDALE, Esq., minister of agriculture. HON. C. W. ROBINSON, minister without office. L. A. DUGAL, Esq., minister without office. W. F. ROBERTS, Esq., M.D., minister without office.

Premier Foster has followed the example of at least two former premiers, Hon. Messrs. Blair and Robinson, in having nine men in his government, which is thoroughly representative of nearly all those sections of the province which returned members supporting the new administration.

THE MEN OF THE CABINET

The premier himself is well known, not only in St. John, but throughout the province, as a foremost man of business and one, besides, who has always taken a keen interest not only in the public affairs of his own community, but in provincial matters as well. He is one of the youngest men who has ever assumed the important office of premier of the province, and perhaps the only one who has not been in the professional ranks. His business training both in banking institutions and in one of the largest enterprises of commercial life, will stand him in excellent stead in giving to the province of New Brunswick a business-like administration.

The Attorney-General

Hon. J. P. Byrne, who has just lately been created a king's counsel, is one of the most prominent Irish Catholic barristers in the province. He was born in Kings county, and is still a young man who has made his mark in his profession. Mr. Byrne was in the legislature from 1908 till 1912, and returns to it again this year with an enormous majority from the County of Gloucester. The legal business of the province will be well handled by him.

Hon. E. A. Smith

Hon. Ernest A. Smith, the new minister of lands and mines, comes from Westmorland county, a native of Shediac, where he has large business interests. He has always been prominent in the political affairs of Westmorland, but came into special notice of the public in the by-election in the spring of 1916, when he defeated Hon. P. G. Mahoney, who ran after being appointed minister of public works. Mr. Smith has had large business experience, and should bring, and no doubt will bring, a long experience to his aid in conducting the affairs of so important a department as that of lands and mines.

Provincial Secretary

Hon. Robert Murray, K.C., is a well-known barrister of Chatham, Northumberland county, and comes into the new government with an excellent reputation in his own county and wherever he is known. The office of provincial secretary-treasurer needs the care that such a conscientious Scotchman can give it.

Hon. Mr. Veniot

Hon. Peter J. Veniot, the new minister of public works, will find opportunities for the use of that tremendous energy which has characterized his work in political life, and especially in opposition. Mr. Veniot is an Acadian who was born in the county of Kent, removed in

early life to Pictou, Nova Scotia, where he had opportunities to acquire an excellent English education, which stands him in good stead when addressing an English audience. To hear him speak as he does, so eloquently, one could hardly imagine he was of French descent. He talks in both languages, however, with equal fluency. For many years he has been an active political leader in the county of his adoption, Gloucester.

Mr. Veniot was in the legislature four or five years in the eighties, and resigned because of a serious accident he sustained at that time in acting as fireman in a conflagration in the town of Bathurst. He was defeated in 1912, but in the election of last February was returned by an enormous majority, his opponents losing their deposits.

Hon. Mr. Tweeddale

Hon. J. Fletcher Tweeddale is one of the prominent farmers of Victoria county, and is well fitted to accept the post of minister of agriculture. He, too, has had much experience in legislative work, having been in the legislature assembly for a considerable period before 1912. He is a man who has always led an active life, and has that energetic method that spells success. He can be depended upon to give careful and conscientious attention to the affairs of his department, that is so important to the great majority of the people of New Brunswick.

Hon. C. W. Robinson

Of Hon. C. W. Robinson, little need be said. He has for nearly a score of years been a commanding figure in the best political life of New Brunswick. Had his personal interests been less absorbing or demanded less of his attention he would have been leader of his party today, but at the provincial convention in 1916 Hon. Mr. Robinson, with that straightforwardness which always characterized him, felt that he was not giving the time and attention to opposition party affairs that they demanded and he insisted that a new man be selected for the position.

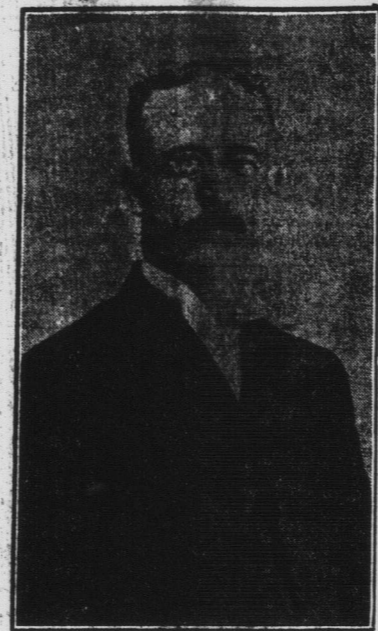

Premier Foster is fortunate in having Mr. Robinson a member of his government, even without portfolio. It is an open secret that had Mr. Robinson desired an important position in the government he could have had it, but he has always felt that a public man should not permit his private business to interfere with his attention to the public interests and the ministrations without portfolio will not make such insistent demands upon his attention.

Hon. Mr. Dugal

J. A. Dugal, the hero and the idol of the people of Madawaska, and it may well be said, of the Acadians of New

Hon. James P. Byrne.

Hon. P. J. Veniot.

Hon. E. A. Smith.

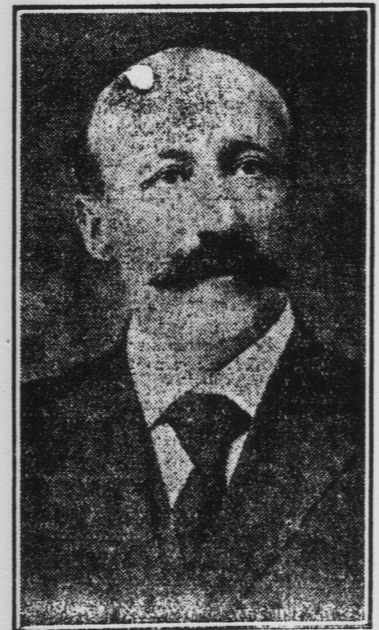

Hon. J. F. Tweeddale.

Hon. Robert Murray.

Hon. C. W. Robinson.

Hon. L. A. Dugal.

Hon. W. F. Roberts, M. D.

Brunswick, is one of the most modest gentlemen who ever sat in the legislature. Where he lives he has always been honored. Mr. Dugal's reputation in New Brunswick for sturdy honesty and unflinching courage became known in the spring of 1914 when he stood in his place in the house and preferred charges against the then premier, J. K. Fleming, the investigation into which resulted in the downfall of the premier and still later in the downfall of those associates of his in the government and in the legislature who stood behind those transactions which the electors of New Brunswick condemned.

Mr. Dugal and his associate, Mr. Pelletier, stood two to forty-six against what they considered to be fraud and corruption in public life and their stand there has been endorsed by the people and there should be no prouder man in New Brunswick today than this new Acadian minister who goes into Premier Foster's government without portfolio.

Dr. W. F. Roberts of St. John, the remaining forerunner member, is one of the popular men who succeeded in overcoming government influence in the city. (Continued on page 8, third column)

FOUR BOGHE PLANES WERE DESTROYED BY N. B. AVIATOR

Joseph Richards, of French Flying Corps Reaches Here, Seriously Wounded

DECORATED BY LA BELLE FRANCE

Three Months in the Air He Made His Presence Felt at Western Front — Relates to Times Reporter How He Brought About Destruction of Enemy—Quantities of Gold Picked From German Skulls

From New York to France, four German aeroplanes sent crashing to the earth; himself wounded; decorated for gallantry by the French government, and back home again in a tabloid, the story of the meteoric career of a young

Aviator Joseph Richards

New Brunswick aviator—Joseph Richards, by name, who arrived in the city last night.

Young Richards was born at Molus River, Kent county, twenty-three years ago. Being of a mechanical turn of mind he went to Boston as soon as he reached maturity and there became a chauffeur. But driving an automobile was not the height of his ambition and often as he guided his car through some crowded thoroughfare of the Hub, he built air castles of the time when he would become an aviator.

He little dreamed, when war broke out, that it would present the very opportunity for which he so earnestly hoped. Nevertheless it did, and some months ago he began a course in flying at the school of an air pilot. A month later found him tossing on the Atlantic en route to France.

On reaching France he was attached to the French flying corps at St. Nazaire. His education was not complete and he continued to receive tuition in France in order to secure an air pilot's license.

His First Pot.

One evening in January, as dusk was rapidly gathering, a German aviator winged his way over St. Nazaire. Everything was quiet in the line and the aviator officers gave young Richards the opportunity of taking a machine and chasing the enemy flier.

A Second One.

Day after day, thereafter, he was in the air. First scouting behind the lines; then off on a night raid; then a long fight to Paris, but on every mission showing remarkable ability and pluck.

The scene of his second success was also over St. Nazaire. Three German machines had come over the lines to reconnoitre. As many French machines rose to give battle and there followed a fight, in which his machine was the Jules Verne type look tame in comparison. Playing his machine gun constantly and at the same time guiding his aeroplane, Pilot Richards placed the second notch in his hatchet handle when he brought another German to earth. The enemy machine landed a wreck, but the occupants, a pilot and a photographer, were not killed. They were captured and much valuable information prevented from falling into German hands.

Notch No. Three.

The third machine he brought down was over the Lorraine district. This time Richards had a photographer with him. Three French planes were coming in after an excursion over the enemy lines when the photographer through his

FRENCH PATROLS AT THE OUTSKIRTS OF ST. QUENTIN

Further Gains Made by Nivelles's Men East and West of the River Somme

Paris, April 4.—The French statement at noon today follows:— East and west of the Somme our troops continued to make progress over the whole front attacked by us yesterday. Beyond Dallon, French reconnoitering parties pushed forward as far as the southwestern outskirts of St. Quentin. Northeast of Castres our troops reached a line south of Grugies. On our right the village of Mont-Sur-Oise was captured. Everywhere the enemy was subjected to a violent artillery fire, especially in the region of Essigny.

South of the Ailette the fighting was continued on the outskirts of Laffaux and in the village, which we penetrated in spite of violent resistance of the enemy over every yard of ground. South of Vauvey, German counter-attacks were broken up by our fire, which inflicted heavy losses on our opponents.

"We easily repulsed two attacks on small posts northeast of Pronnes and east of Auberville.

"There is nothing to report on the remainder of the front."

GRAVE SCANDAL IN AUSTRIA; THREE MINISTERS OUT

London, April 4.—The Austrian ministers of justice, war and finance, have resigned after the revelation of a grave scandal connected with army supplies, according to a dispatch to the Exchange Telegraph Company from the Hague, which quotes German newspapers as its authority.

According to the dispatch the three ministers assisted Dr. Franz, formerly director of the Vienna Deposit Bank, to escape the consequences of having illegally sold foodstuffs to the army at exorbitant prices. The affair is said to have caused a tremendous sensation in Viennese political circles.

PENSION OFFICE TO BE OPENED HERE WITHIN A FEW DAYS

J. K. L. Ross, chairman of the board of pension commissioners, is in Halifax making arrangements for the opening of a district office of the pension board in Halifax. He hopes to have it opened in about ten days. The board have completed arrangements in regard to the scale of pensions and are now establishing the district offices which include St. John, Halifax, Barrie, Calgary, Hamilton, Kingston, London, Montreal, Ottawa, Quebec, Regina, Vancouver, and Winnipeg.

Word has been received here that the office of the board will be opened in this city in the course of a few days and negotiations are now being made for an office in Prince William street near the location of the Canadian Patriotic Fund.

There are six classes in the scale of pensions decided upon.

Glasses saw a German plane returning to his lines. Richards' machine was immediately taken out of the prescribed route and by skillful manoeuvring and the photographer managing the gun, the German, who was making his way home, never reached his goal, but found rather a grave in French soil.

The Last Flight.

The last flight in which Richards participated and last German machine he brought down for which he was decorated, affords a demonstration of the cleverness of the French aviator corps and the pluck of this particular Canadian flyer.

The wide fields, out in the open country, behind the French lines were being made a rendezvous for German airmen, who landed there unnoticed and from this vantage ground carried on observations. Three German machines were particularly troublesome. If the French went over this air in pairs the trio of Hunns would not give battle, but a single machine from the French headquarters usually received short shrift at the hands of the lurking enemy.

Richards Volunteered

Finally the French staff decided upon a ruse whereby the Germans might be trapped. Orders came down that one aviator would fly over the rendezvous. The Germans thinking him alone would give battle and he would immediately fly toward his own lines, to be met by reinforcements, and with numbers equal, an effort would be made to destroy the enemy machines and their occupants.

Richards heard the plan explained. The daring and promise of adventure which it promised attracted him, and he immediately volunteered to go out in his machine and act as a decoy at the same time knowing that the mission was a most dangerous one.

This offer was accepted and it was not long before his engine was purring and the machine making its last flight, headed in the direction of the rendezvous of the Germans. On arrival there Richards was pleased to find that but two of the Germans were there, the other was absent, as he later learned, scouting along the water front.

The German aviators, seeing a lone French aviator, immediately rose like eagles after their prey and gave chase. Richards turned the nose of his plane towards home and the chase was on.

What was the New Brunswicker's dismay, on looking ahead he saw the third lines when the photographer through his

MR. WHITLOCK IS WORN OUT

American Minister to Belgium Reached Berne This Morning After Trying Time

Berne, Switzerland, April 4. (via Paris)—Brand Whitlock, American minister to Belgium, reached Berne at six o'clock this morning looking worn and weary. He admitted feeling extremely nervous and fatigued after the tremendous strain under which he has been working, especially during the last few weeks. The party left Brussels on Monday night on a special train.

BASUTO CHIEFS TO SEND LABORERS FOR EUROPEAN SERVICE

"King's House Afire and Duty of All Good Firemen to Quench the Flames"

London, April 8. (via Reuter's Ottawa agency)—A Capetown dispatch says:—"A special session of the Basutoland council convened to discuss the high commissioner's appeal for more war labor overseas concluded satisfactorily yesterday. The appeal embodied a scheme for the recruiting of native labor controlled by the Basutoland council.

GERMANS LOSE BALLOON, FOUR OFFICERS AND SOME MAPS

London, April 4.—A large German balloon has landed near Climbrieham, a Swedish town on the Baltic, having been driven by contrary winds out of its course to the eastern front, according to a Stockholm dispatch to the Exchange Telegraph Company.

Four German officers, who were passengers in the balloon, have been interned at Stockholm. Maps and photographic apparatus which they carried were confiscated.

WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service

Synopsis.—The disturbance, which passed off the Atlantic coast yesterday has increased in energy and has caused very bad weather in the maritime provinces. Another disturbance now over the southern western states is likely to move to the Great Lakes. The weather continues quite cold in the western provinces and cool in Ontario and Quebec.

Ottawa Valley.—Fine today; Thursday easterly winds, fair at first, rain before night.

Fair and Cool

Maritime.—Strong winds and gales, north and northwest with occasional rain or sleet. Thursday strong north-west winds, fair and cool.

New England forecasts.—Fair tonight. Thursday unsettled, moderate temperature, fresh north-west winds, diminishing.

Good Things Coming to Theatres of St. John

HOUSE PETERS AND "THE HAPPINESS OF THREE WOMEN" AT IMPERIAL

No picture that Imperial has shown in a long while contains the scenic merit, unique story-value and clean, elaborate exterior and interior settings that "The Happiness of Three Women" displays—a Morocco-Paramount billed for tonight and tomorrow.

CHARLIE CHAPLIN AT UNIQUE TONIGHT

Charlie Chaplin will be seen at Unique tonight in what was conceded to be his best Mutual comedy, "The Count." This in addition to regular programme.

ALL NEW AT GEM

There's an all new bill at the Gem for tonight—two entertaining vaudeville acts and a de luxe picture in five acts, "True Nobility," a grand subject treated artistically by big American stage people.

THEFTS ADMITTED

A Case of More Than Ordinary Interest in Police Court

That "I have stolen various articles for the last four years in the different places in which I have been employed," was part of a statement that Charles B. Hanna made to Detective Thomas Barrett and William Duncan following his arrest yesterday on a charge of theft and submitted to the police court this morning when the case was commenced before Magistrate Ritchie.

BALLIN SAYS PEACE BY JULY

A despatch to J. M. Robinson & Sons, from New York says:—"London cables say that Albert Ballin, head of the Hamburg American Steamship Co., expects peace by July 1. He has ordered all captains of the line to be at Hamburg on that date.

Notices of Births, Marriages and Deaths, 50c.

BIRTHS

HOYT—On March 4, to Mr. and Mrs. Charles D. Hoyt, a daughter.

DEATHS

HANLEY—In this city on the 3rd inst., Bernard W., eldest son of John and Margaret Hanley, in the 10th year of his age, leaving his parents, two brothers and three sisters to mourn.

HOOD—In this city on the 4th inst., Annie, beloved wife of William C. Hood, leaving, besides her husband, three daughters to mourn.

MCLAUGHLIN—In this city on Tuesday, April 3, 1917, Charles J. McLaughlin, son of Margaret and the late John H. McLaughlin, leaving his wife and two children, mother, one brother and two sisters to mourn.

(Moncton and Greenfield, Mass., papers please copy.)

Funeral Thursday afternoon at 2:30 o'clock from the residence of his sister, Mrs. H. J. Sheehan, 22 Richmond street. Friends and acquaintances invited to attend.

An Easter Message

EASTER is the recognized Announcement Day that Spring has come with its newly awakened nature dress, and promise of brighter, happier experiences. And so we find people generally following the lead of spring, and on Easter Day lay off winter garments that have served their purpose and take the newer styles and fabrics more fitting to the season to be.

And this is particularly true of Footwear. An old suit looks better if you brighten up with a new pair of shoes, and no matter how natty the rest of the costume, to feel well dressed the shoes must be right.

OUR EASTER-TIDE MESSAGE TO YOU

is to give us an opportunity this year to demonstrate our ability to sell the best lines of Boots and Shoes for less money.

No Ladies' Costume is complete at Easter without new Footwear, and our showing embraces the very latest of the season's styles at prices that are considerably lower.

LADIES' HIGH CUT BOOTS

In either black, brown or grey. The last word in Footwear vogue. Our Prices, \$3.25, \$4.50, \$5.00, \$5.35 to \$6.50

IN TWO-TONE EFFECTS

Vici Kid with white kid tops. \$6.00, \$6.50 to \$8.50

Look in Our Windows and Compare Prices With Other Dealers

MEN

African Brown Calf Bal, the newest shade, Neolin sole, rubber heel. This line represents one of our best values at Lowest Price, \$6.00

MEN

Gun Metal Calf Boots, blucher cut, Goodyear welt, high toe. At a Special Easter Price, \$5.00

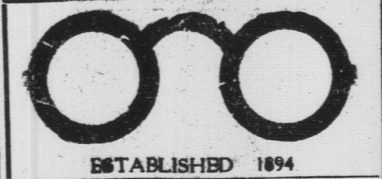

Other Lines from \$2.50 to \$6.50.

Levine's Two Shoe Stores "WHERE THE SAME COSTS LESS" 96 Charlotte St. 81-2 Brussels St.

THAT TIRED FEELING

Relieved by Hood's Sarsaparilla, Which Renovates the Blood. That tired feeling that comes to you in the spring, year after year, is a sign that your blood lacks vitality, just as pimples, boils, and other eruptions are signs that it is impure; and it is also a sign that your system is in a low, run-down condition inviting disease.

MRS. MARGARET BIRD The death of Mrs. Margaret Bird of Ipswich, Mass., a former resident of this city, took place on last Monday. Mrs. Bird removed to the United States about twenty years ago. She leaves two small children; four sisters, Mrs. Frank Lane, of this city; Mrs. A. A. Coates, of Glen Falls; Mrs. Hayden, of Quincy, Mass., and Mrs. Dort, of Newbury, Mass., and one brother, Oscar, of Ipswich.

CANADIAN AGAIN IS A CHAMPION

Amateur Bouts in Boston — Milwaukee Heavyweight the Star

Boston, Mass., April 4.—The national amateur boxing champions, as determined by nearly six hours of hard and close fighting in the last rounds of an annual title tournament last night, are: One hundred and eight pound class, Tom Fall, Lowell, Mass.; 115 pound class, Earl Baird, Seattle, Wash.; 125 pound class, Thomas Murphy, Kansas City; 140 pound class, Daniel O'Connor, Boston; 156 pound class, Eugene Brousseau, Montreal; 175 pound class, Ted Jamieson, Milwaukee, Wis.; heavy weight class, John Gaddi, New York. Twice in the first round class Gaddi, who he eliminated in the semi-final, he opposed Gaddi, heavyweight victor, in the final bout of the 175 pound class. Gaddi to the mat with blows from the broken hand and in the succeeding rounds held Gaddi even in their frequent exchanges.

PERSONALS

Charles A. Benet left last evening for Baltimore.

Miss Jean McLeod, daughter of Mr. and Mrs. C. L. McLeod, Amherst, left on Saturday for Providence, R.I. A telegram received by her mother announces her safe arrival in the American city. Miss McLeod spent two days in St. John en route, the guest of Mrs. Arthur L. McLeod, Elliott row.

Mrs. E. H. Davidson is in the city from Moncton because of the death of her brother, Chas. J. McLaughlin.

ST. JOHN RIVER LOG DRIVING COMPANY

Fredericton, April 4.—At the annual meeting of the St. John River Log Driving Company in St. Mary's this morning, estimates submitted by operators showed that about forty million feet of logs are expected to pass through the booms this season. The following were elected: President, J. Fraser Gregory; director, John A. Morrison, A. H. Randolph, F. C. Beattie, H. Usher Miller; boom manager and secretary, Walter Jackson.

Mrs. Harry Fradsham of St. Mary's, charged with keeping a disorderly house, was sentenced at the police court this morning to one year in jail.

R. F. Randolph has received word that his son, Robin, of the Bank of Montreal staff, is ill in Montreal with typhoid fever.

PROBATE COURT

Before Judge Freeze in the probate court of Kings county, administration of the estate of James Stephenson, late of Evansdale was granted to Edward S. Stephenson of Saint John. There was no real estate, but personal estate of the value of \$4,500. Kenneth A. Wilson, proctor.

THE BEACONSFIELD SCHOOL

In reply to a remark to the Standard by a member of the Beaconsfeld school building committee that he would like to see the names signed to the petition against the new school building, one of the signers asks "The Times" to say that the names may be seen at any time, and will be found to be in a majority such as should prevent the construction of the building.

MRS. WM. C. HOOD

Many will learn with regret of the death of Mrs. William C. Hood, which took place at her residence, 74 City road, this morning, after a lingering illness.

WEDDED IN BANGOR

Bangor Commercial—A quiet wedding which took place at the parsonage of the Chestnut street Methodist church in Portland recently was that of Miss Mildred M. Hodges, 14 Emmons street, Portland, and Byron E. Matthews of Campbell, N. B. They were accompanied by a few personal friends. The single ring service was used. Stanley H. Sharpe was the best man and Miss Louise Knudsen, maid of honor. After an extended wedding trip Mr. and Mrs. Matthews will be at home to friends at Campbell after the first of May. Rev. C. O. Mills officiated at the wedding.

Extradition Proceeding

Moncton, April 4.—Chief of Police Riboud has received a telegram stating that the papers have been completed in Washington in the Thomas extradition case. Thomas will be again arraigned on Saturday.

AFTER TINKERING with the Automobile your hands need SNAP SNAP cleans your hands quickly and thoroughly—removes grease, grime and stains of all kinds and keeps the skin smooth and soft. 15c. everywhere. 55

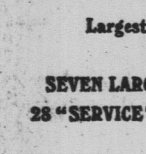

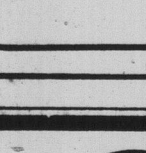

Millions of colds start with wet feet, which could and should be prevented by wearing rubbers.

Every shape and size of shoe can be trimly fitted, and made to last a great deal longer, by a pair of rubbers bearing one of these Trade Marks:

"JACQUES CARTIER" - "GRANBY"
"MERCHANTS" - "DAISY"
"MAPLE LEAF" - "DOMINION"

THE BAPTIST MINISTERS
(Maritime Baptist)

The following from The Watchman-Examiner will be of interest to many of our readers: "At the First church, Lowell, Mass., nearly 200 new members will be received on Easter Sunday as the result of the second intensive, personal work campaign conducted by Pastor Archibald."

Rev. W. H. Cann, after nearly seven years of service at Sackville has resigned, and has accepted a call to Hillsboro.

Rev. L. J. Tingley will take up his work as pastor-evangelist under direction of the Home Mission Board of New Brunswick about May 1. His family will probably reside at Apohaqui.

Rev. T. M. Gillan has resigned the pastorate of the Lakes Mountain field and will close his work there in the immediate future. On March 28 friends from Steves Mountain and Berry's Mills gathered at the parsonage and showed their appreciation of their pastor's labors by presenting to him a generous purse and an address.

We are informed that a recent note in this column regarding Rev. R. E. Durkee was somewhat in error. Pastor Durkee has been warned by his physician that he must give up preaching, at least for a time on account of throat trouble, but the churches are unwilling to part with him. They have offered him a leave of absence for six months, but he, wisely, feels that this course might not be in the interest of the churches. On account of the solicitation of the people he has not yet presented his resignation.

The Boston Post of March 16 says: "Rev. W. J. Twort of the Winter street Free Baptist church, of Haverhill, has just celebrated the fiftieth anniversary of the first sermon he preached, when he was but twenty-one years of age, in a church in London. Rev. Mr. Twort enjoys fine health and looks forward to enjoying many more years of active work." Some years ago he attended several Free Baptist yearly meetings in Nova Scotia where he made many friends.

Many will hear with a sense of personal loss of the death of Rev. J. K. West, who for many years labored faithfully and successfully in Nova Scotia.

You Can Make Excellent Cake With Fewer Eggs

Just use an additional quantity of Royal Baking Powder, about a teaspoon, in place of each egg omitted.

This applies equally well to nearly all baked foods. Try the following recipe according to the new way:

CREAM LAYER CAKE

Old Way	New Way
1 cup sugar	1 cup sugar
1/2 cup milk	1/2 cup milk
2 cups flour	2 cups flour
2 teaspoons Royal Baking Powder	4 teaspoons Royal Baking Powder
3 eggs	1 egg
1/2 cup shortening	2 tablespoons shortening
1 teaspoon flavoring	1 teaspoon flavoring

Makes 1 Large 2-Layer Cake

DIRECTIONS—Cream the sugar and shortening together, then mix in the eggs. After mixing the flour and Royal Baking Powder together, add to the mixture and add it all to the mixture. Gradually add the milk and beat with spoon until you have a smooth pour batter. Add the flavoring. Pour into greased layer cake tins and bake in a moderately hot oven for twenty minutes. This cake is best baked in two layers. Put together with cream filling and spread with white icing.

Booklet of recipes which economize in eggs and other expensive ingredients mailed free. Add to Royal Baking Powder Co., St. Lawrence Boulevard, Montreal.

Time used is Atlantic standard.

An alarm from box four brought the fire department to Peters street last evening, to extinguish a small blaze at No. 28, owned by the Maher estate.

Arthur M. Gregg, secretary for boys' work at the Y. M. C. A., reports 815 boys enrolled—206 school boys, eighty-two business boys and thirty-two boys who are in a position to pay only part of their membership fees. The total is an increase of sixty over last year.

Sheriff O'Brien of Nelson, N.B., who is in the city, says that 82,000,000 feet of lumber will be brought out of the southern branch of Miramichi river this spring. He estimates that the total cut on the river this year will be about 150,000,000 feet.

Mrs. E. Atherton Smith delivered her lecture on "Belgium, Then and Now," at East St. John last evening. A large number listened with rapt attention. W. F. Burditt presided. Mrs. Smith organized the workers after the lecture so that they might assist in self-denial day activities.

The members of the Willing Workers of German street Baptist church held a supper and social last evening at their fortnightly meeting. Mrs. Edward A. Redding was convener of the social committee, assisted by Mrs. Roy Fenwick, Mrs. Jack Earle, Mrs. Mort, Mrs. Fisher, Mrs. Vaughan, Mrs. D. Hunt, Mrs. W. C. Cross, Mrs. Harold Rising, Mrs. H. G. Marr and others.

Bearing the marks of an engagement with a German submarine, which she finally sank with her small gun, a British transport freighter reached port last night. The engagement took place about ninety miles off the coast of Ireland. The submarine popped up unexpectedly and gave battle, but the gunner on the merchantman succeeded in scoring a direct hit. One shell fired by the submarine, grazed the side of the merchantman, but did no material damage.

She Praises Them For She Found Them Good

WHAT MRS. TREMBLAY SAYS OF DODD'S KIDNEY PILLS

She Had Bad Kidneys, She Took Dodd's Kidney Pills, and They Brought Health and Cheerfulness.

Tremblay Settlement, Gloucester Co., N.B., April 3.—(Special).—Every corner of Quebec has some one ready to tell of splendid results secured from the use of Dodd's Kidney Pills. In their thirty years of relief work among the sufferers from sick kidneys they have found their friends everywhere. Mde. Pierre Tremblay, of this place, is one of them.

"I praise Dodd's Kidney Pills," she says, "because I found them good. I had bad kidneys. I took Dodd's Kidney Pills and they cured me. I think Dodd's Kidney Pills are the best of all kidney remedies."

The reason so many people so cheerfully bear testimony to the benefit they have received from Dodd's Kidney Pills is that they make a person healthy all over.

Dodd's Kidney Pills make healthy kidneys. Healthy kidneys strain all the impurities, all the seeds of disease, out of the blood. With pure blood coursing through the body every part of it finds energy and cheerfulness.

Miss L. Grant of A. B. Hovey & Co., Boston, has been engaged by Amour's, W.E., for the head milliner of their new millinery department. 4-8

He passed away suddenly on March 24, at the home of his daughter in Everett, Mass. His last pastorate among us was at Port Mouton, where he spent six years. It is but a little more than a year since he left this field, going from there to the home of his son, who is an honored pastor in Maine. He was seventy-two years of age.

Rev. J. M. Smith began his second pastorate at Port Rowan, Ont., on March 18, after seven and a half years of successful service at Yarmouth North and Brooklyn, N.S. During that time sixty-six were received into the churches, forty-four of these by baptism. A farewell social was held by the churches on the evening of March 9, and a substantial purse of gold from each church was presented to the retiring pastor and his wife. The men's class in connection with the Brooklyn church also presented a framed picture of the class. On the following day a further presentation was made to him on behalf of the Yarmouth Young Men's Booster Club, of which he had been the secretary-treasurer.

WORLD'S GREATEST TELESCOPE AT MOUNT WILSON

Work on the 100-in. reflecting telescope at the Mount Wilson observatory, Pasadena, Calif., is approaching the final stage, and within a few months, possibly by July, will be completed. The instrument will be the largest stellar camera in existence and will collect twice as much light as any other telescope. From a scientific viewpoint it is an experiment in certain respects. But for the measurement of the heat radiation of stars and the spectroscopic study of the faintest objects it will yield results commensurate with its size, according to George Ellery Hale, director of the observatory.

The instrument, contrary to the impression held by some, is not designed to settle the question regarding the canals of Mars. There is reason for hoping, however, that it will extend the visual boundaries of the universe by making possible the photographing of many millions of stars existing beyond the range of the most powerful telescopes in present use.

An article in the April Popular Mechanics Magazine gives the reader a glimpse of some of the difficulties encountered in the construction of the big telescope. Four pages of pictures, all of remarkable interest, accompany the article.

Five of the largest loose-leaf books in New England, with covers five feet long and twenty inches wide, are being made by a Lewiston book binder. These huge books were wanted by Chandler Barron, a Lewiston civil engineer.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, APRIL 4, 1917

The Evening Times and Star

ST. JOHN, N. B., APRIL 4, 1917.

The St. John Evening Times is printed at 27 and 29 Centenary Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the laws of the Dominion of Canada.

A BOND OF UNITY.

Another bond of Anglo-Saxon unity was forged when President Wilson presented his message to Congress. None will rejoice more than Canadians over the new relationship. Ever since the war began the people of Canada have wondered how it was possible for their great neighbor to the south to remain out of a war that began with the violation of Belgium, and has ever since been marked not only by violation of treaties and of international law but of all the dictates of humanity. It was, of course, recognized that with a very large German population and a great host of people whose chief desire was that the United States should be enriched by the war, while at the same time the country was wholly unprepared for war, the position of President Wilson was one surrounded by great difficulties. The time came at last, however, when the patience of the American people was utterly exhausted, and the president himself was forced to see that neither neutrality nor armed neutrality would longer become a self-respecting nation, which claimed to stand for justice and liberty in the world.

It has been said that the United States could do very little, even in the event of her going to war. The same might have been said of England, so far as her army was concerned, two and a half years ago; but we have seen wonders performed since the summer of 1914. The American people are inventive and resourceful. They have a powerful navy and immense resources in men. They have boundless wealth. They are, moreover, a proud people, and once in a while they may be relied on to put forth every effort to the end that the part played by the United States shall be worthy of their power and their great resources.

The news from the United States will now have far greater interest for Canadians. It will not, hereafter, be necessary to place the ban upon certain American newspapers entering Canada. Their case will be attended to by our American people. A new spirit of comradeship between ourselves and our neighbors will be developed. Since Canada has been for two and a half years in the war, there is much that her neighbors may learn from her experience. It has been suggested that Canadian officers who have had experience at the front may be of great use in the mobilization and training of the American army, and there can be no doubt that Canadian methods of raising and administering the Patriotic Fund will be of value.

There will be ample time before this war is over for the training and transport of an American army to the front. Of course a sharp eye must be kept on Mexico, which is full of German agents, who will do all in their power to entrench Mexico and the United States in war. There is little likelihood of their success, but they will be a constant source of anxiety. In the event of trouble with Mexico it will be interesting to note the attitude of the South American republics, which may think they have some cause for jealousy of the United States, but have undoubtedly cause to fear a triumphant Germany. There is, of course, an element in the United States which is opposed to war, but when Congress has made its decision the voice of protest will be silenced by the overwhelming demand of the people that the nation prove worthy of its traditions. In the greatest war of all time, involving the very future of civilization, the American republic has at last taken its place on the side of righteousness, and its action cannot but tend to shorten the struggle.

SAVE THE CHILDREN.

While we are yet without medical inspection in St. John the medical health officer in Toronto is beginning to give attention to the health of children who are not of school age. It has been found that many of the minor physical defects found in school children are developed before school age. On this point Dr. Hastings says:—

"Statistics show that a large number of children, healthy in all respects at birth, become, within five years, physically defective, and that municipalities are required to restore them as far as possible to their previous state of health at a later period at no small cost. One examination of 600 children, for instance, showed that up to one year old three per cent had adenoids, 8.4 per cent from one to two, 20 per cent from two to three, 39 per cent from three to four, and 48 per cent from four to five. Enlarged tonsils, existing in less than 7 per cent of those under two years old, were present in nearly 81 per cent of those between four and five. Our object in looking after children who are under school age is two-fold. (1) To remedy the home conditions which are so often indicated by their state of health, and (2) to preserve and improve the state of health itself, so that the children may enter school without the handicap of physical defects."

When we read of what is being done in other cities, and examine the statistics, we ought to become very impatient and wholly dissatisfied with ourselves. There is in St. John an unnecessary

waste of child-life in earliest infancy because there is no maternity hospital connected with our general public institution. Because there is no medical inspection and no school nurse, physical defects are developed in the children and are permitted to go on developing after placed upon the fact that we have to make good the ravages of war. How can it be done better than by taking such action as will guarantee to every child a fair start in life? This cannot be done if we fail to provide a maternity hospital, and add medical inspection and school nurses.

Premier Foster has chosen his cabinet, and is now in a position to take up the task of putting into practical effect the policies his party advocated while in opposition. Of course, there are by-elections to be held, and there will be some further delay on that account. Those newspapers which have been finding fault with Mr. Foster for not announcing his cabinet on the day he was summoned by the governor seem to have forgotten the number of days that elapsed before Mr. Hasen announced his cabinet in 1908. Of course, these critics are not thinking at all of the public interest. They are disgruntled, and cannot refrain from purely factional criticism.

Colonel Roosevelt stopped off at Washington yesterday between trains and went to the White House to congratulate President Wilson on his message to Congress. It was his first visit there in seven years. Though he did not meet the president he dictated a statement before leaving Washington which ought to be pleasant reading. Moreover, Colonel Roosevelt asks the opportunity to raise a division for immediate service at the front. He should not be denied.

A few years ago Senator La Follette was looked upon as a statesman whose future presented great possibilities, but of late he has been steadily losing ground in public confidence. His factious opposition to the assertion of American rights, and indeed of human rights, in relation to the war, makes it certain that his usefulness for the present has been destroyed.

The Standard prints some correspondence from Woodstock in which a member of the Liberal party is represented as saying that he had bled for his country "on the war-like and contended field of Sussex." Are there not some heroes on the Conservative side who have not yet got farther than Sussex or Fredericton?

The Murray government was guilty of the gross impropriety of awarding the contract for the Perry Point bridge to a contractor who had been defeated. Premier Foster very properly insists upon looking into that matter before the work proceeds. The record of the old government in relation to important contracts was not such as to inspire public confidence to any great extent.

From this time forward we may expect the Central Powers to be always ready for a peace conference. Knowing that their case is absolutely hopeless, and their profession of a desire for peace will be quite sincere. The insincerity will lie in their boasts that they can continue the war indefinitely.

Great Britain warmly welcomes the United States into the war. The people realize in the words of Lord Bryce that, "Never has better blow been struck for domestic freedom than that which America is now dealing to the last of the despotisms that remain in Europe."

The American people will soon have enough experience with German traitors to understand fully the character of the people against whom the British and their allies have been fighting on the fields of France and Belgium.

The establishment of a bacteriological laboratory in connection with the local Board of Health, to be in charge of Dr. Melvin, will supply a want that has long been felt. Indeed there is need of such a laboratory for the whole province.

There is just a possibility that Friend Weather will encourage self-defence for the benefit of the Belgians, the soldiers, and the sailors by insisting upon the continued use of winter clothing instead of Easter finery.

With the British driving from the north and the French from the south the town of St. Quentin must very soon fall into their hands. Both British and French gained further ground yesterday.

Heroic Remedy
The physician to whom the Irishman had applied for relief from a stomach ailment asked on the occasion of his last visit:—
"Have you been drinking the very hot water an hour before each meal, as I directed? If so, how do you feel now?"
"Doc," said the Celt, "I tried hard to do it, but I had to quit. I drank for thirty-five minutes, and it made me feel like a balloon!"

LIGHTER VEIN

Backhand Blow
Crawford—So your town is not going to carry out that much-needed reform after all?
Suburbs—No. You see the committee that investigated and recommended it spent all the money that was available for the improvement.

Early Lesson in Ornithology
Squire (to rural lad)—Now, my boy, tell me how do you know an old partridge from a young one?
Boy—By teeth, sir.
Squire—Nonsense, boy. You ought to know better. A partridge hasn't any teeth.
Boy—No, Sir, but I have.

Far Enough Away
Mother—I hear that Harry Smith is the worst boy in school, and I want you to keep as far away from him as possible.
Tommy—I do, Ma. He is always at the head of our class.

Magnificent Opportunity.
I don't see any sense in referring to the wisdom of Solomon," said the man smartly. "He had a thousand wives."
"Yes," answered the woman, tartly, "he learned his wisdom from them."

TERRIBLY SICK WOMAN
Surgical Operation Thought Necessary, but Lydia E. Pinkham's Vegetable Compound Saved Her.
Madison, Wis.—"I was a terribly sick woman for over three years. I suffered with terrible pains in my back and was about to have an operation just try Lydia E. Pinkham's Vegetable Compound. So I let my friend say to me, 'Before having that operation just try Lydia E. Pinkham's Vegetable Compound.' The operation wait, and my husband bought me the Vegetable Compound and it has made me a well woman and we have a lovely baby girl. We cannot praise Lydia E. Pinkham's Vegetable Compound enough, and I hope this letter will lead other suffering women to try it."—Mrs. BENJAMIN F. GARDNER, R. F. D. No. 5, Box 22, Madison, Wis.
There must be more than a hundred thousand women in this country who, like Mrs. Blake, have never had what you call a "cure." Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself. All women are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

SENUSSI, RIDDLED BY ARMORED CARS, FLED FROM FIGHT
Wonderful Trip of 400 Miles Into Egyptian Desert Made Recently—Foe Outnumbered British by 25 to 1
British Headquarters in Egypt, Feb. 5. (Associated Press correspondence).—In the recent raid of the Egyptian armored car column on the Senussi, an Arabic order of Mohammedans, the crews of the cars traveled 200 miles into the Libyan desert, fought a stubborn and well-fought battle for twenty hours, and, during the night, twenty-two men in the cars remained within 500 yards of a foe outnumbering them fully twenty-five to one. The story of the raid is told by the British official eye witness.

TO QUICKLY RELIEVE SORENESS AND INFLAMMATION
Rub in a few drops of Absorbine, Jr. It is surprising how promptly it penetrates and acts—how clean and pleasant it is to use and how economical, because only a few drops are required to do the work.
In addition to being a dependable liniment, Absorbine, Jr., is a safe, powerful, trustworthy antiseptic and germicide which doubles its efficiency and its uses.
When applied to cuts, bruises, and sores, it kills the germs, makes the wound aseptically clean and promotes rapid, healthy healing. It allays pain and inflammation promptly. Swollen glands, painful varicose veins, wens, and bursal enlargements yield readily to the application of Absorbine, Jr., as it is sold by leading druggists at \$1.00 and \$2.00 a bottle or sent direct post paid.
Liberal trial bottle postpaid for 10c. in stamps. W. F. Young, P. O. D. F., 817 Lyman Bldg., Montreal, Can.

WAS TROUBLED WITH SHORTNESS OF BREATH
When the heart becomes affected, there ensues a feeling of choking sensation, a shortness of breath, palpitation, throbbing, irregular beating, smothering sensation, dizziness, and a weak, sinking, all-gone feeling of oppression and anxiety.
The nerves become unstrung, you dread to be alone, have a horror of society, start at the least noise and are generally fatigued.
On the first sign of the heart becoming weakened or the nerves unstrung, Milburn's Heart and Nerve Pills should be taken. They are just what you require at this time. They regulate and stimulate the heart, and strengthen and re-gain the whole nerve system.
Mrs. C. M. Corrier, Buctouche, N.B., writes: "Since two years ago I was troubled with a shortness of breath, and sometimes I could hardly breathe. I bought a box of your Heart and Nerve Pills, and after taking it I noticed such a change that I kept on taking them until I had used four more boxes, when I was cured."
Milburn's Heart and Nerve Pills are 50c a box, three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CREDIT TO MR. ROWELL.

The Montreal Daily Star quotes Sir William Peterson, principal of McGill University, as saying that N. W. Rowell, K. C., leader of the Liberal opposition in the Ontario legislature, was the first to suggest that 500,000 men should be sent overseas. "If I am not mistaken," Sir William is quoted as saying, "that number was named not by any member of the present government, but by a man for whom all have the greatest respect, N. W. Rowell, leader of the Liberal opposition in Ontario."

ASK BACKWARD PROVINCES

The following letter has been sent to the premiers of Quebec, New Brunswick, Nova Scotia, Prince Edward Island and a similar one to the premier of Newfoundland:

"The National Canadian Suffrage Association herewith ask you to extend the franchise to the women of your province. We believe that by your doing so you will confer far-reaching benefits on the people, and that you will place your province side by side with the other progressive and freedom-loving ones of the present government, but by a man for whom all have the greatest respect, N. W. Rowell, leader of the Liberal opposition in Ontario."

Cleanly Floors With Less Labor

you can throw away the old-time floor-cloth, which so often brings wet hands, sore, aching knees, and, too often, bad colds.

Self-Wringing Mops

which hold firmly, a good serviceable mop, is provided with a wringing device, which saves wetting the hands, having, also, a long wooden handle that makes dusting needless. The Self-Wringing Mop can also be used with duster for cleaning ceilings, walls, easements, high furniture, etc. Price, complete, 40c.

HOUSECLEANING HELPS

Including Brooms..... From 35c. to 85c. each

ENTHUSIASTIC GATHERING OF LOCAL LIBERALS

Association Made Permanent at Gathering in Manor House — S. E. Elkin, Chairman

There was an enthusiastic gathering at the Manor House last evening when organization work in connection with the formation of a permanent association of the City and County of St. John was considerably advanced. Those present included the members of the Liberal executive and the chairmen, vice-chairmen and secretaries of the various city wards; also the opposition candidates for St. John city in the last election. The chairman of the executive, S. E. Elkin, in his official capacity, was the host of the evening and covers had been laid for sixty-seven, of whom sixty-five were in attendance. The gathering showed that the spirit of Liberalism is very much alive here and, when it was announced that the Liberal Association of the City and County of St. John was to be a permanent organization, there were loud cheers and the approval of the representative gathering present was shown in unmistakable manner. It was a splendid gathering. Enthusiasm was the keynote of the evening. The speeches were short and after the good things on the table had been disposed of a general conference was held in which opinions were expressed and ideas advanced, the unanimous opinion of the meeting being that the formation of such an association was a step in the right direction and would be productive of much good.

A special street car left the head of King street soon before 6 o'clock and at the Manor House the chair was taken by Mr. Elkin about 6.30 p.m. There were also present Dr. W. F. Roberts, W. E. Scully, J. A. Sinclair and W. H. Barnaby. Hon. W. E. Foster sent his regrets. Owing to important business he was unable to be present.

Dr. W. F. Roberts.

The tables having been cleared away, Dr. W. F. Roberts, the successful Liberal candidate in the city, was called upon to speak. He was greeted with rousing cheers and he thanked the gathering for the splendid reception accorded him. He recalled the old adage that in union there is strength and that a house divided against itself must fall, and then said that the meeting of the evening was a splendid example of the union of the Liberal party. He complimented the association in having Mr. Elkin for its president and said that he looked forward to great things now that the association was to be put on a permanent basis. Not only in a political sense but also in a social sense, he continued, would the association be a big factor. The Liberals of the city and county would get to know each other better.

Times have changed a bit and many of the older Liberals are no longer able to step forward, but the association would have the effect of bringing forth the younger men, and thus would Liberalism and the principles for which it stands be advanced. On resuming his seat Dr. Roberts was given three more cheers and a tiger.

Mr. Elkin then said that there had long been a need for such an association for the Liberals of the city and county. The keynote he said is to carry the organization on and forward. The Liberal party has assumed power and will run things clean in the province and with such a determination, he said, there is no good reason why the party should not stay in power as long as it wished to. It is proposed to put the association on such a basis that not only the work of organization may be attended to but that the Liberals of the city will have a social centre where they can drop in and smoke and talk and spend a sociable evening, the executive having under way plans whereby smokers and entertainments may be given so that it may really be a big club to which all Liberals will be welcomed. The time had come for the Liberals to put the association on a permanent basis. He said that the Liberal party had assumed power and will run things clean in the province and with such a determination, he said, there is no good reason why the party should not stay in power as long as it wished to. It is proposed to put the association on such a basis that not only the work of organization may be attended to but that the Liberals of the city will have a social centre where they can drop in and smoke and talk and spend a sociable evening, the executive having under way plans whereby smokers and entertainments may be given so that it may really be a big club to which all Liberals will be welcomed. The time had come for the Liberals to put the association on a permanent basis.

Mr. Elkin expressed regret that the lack of space would not permit of a larger number being present but, he said, this was essentially an organization meeting and one that had been perfected the plan of making the association a social as well as a political club would be carried out. Mr. Elkin then asked for suggestions as to the location of rooms suitable for the needs of the association. Several places were mentioned and it was finally agreed that the matter should be left in the hands of a committee with power to close for suitable quarters.

Mr. O. Skinner moved, seconded by W. H. Barnaby, that the thanks of the meeting be extended to Mr. Elkin and this was carried, while all stood and sang "For He's a Jolly Good Fellow."

The meeting was brought to a close with the singing of the National Anthem.

The officers of the association are—Hon. W. E. Foster, honorary chairman; S. E. Elkin, chairman; J. D. P. Lewin, vice-chairman; W. A. Lockhart, treasurer; and W. M. Ryan, secretary.

It is expected that within a few days the location of the quarters of the new association will be announced. It is proposed to make its headquarters a centre to which all Liberals are invited and, judging from the spirit of enthusiasm manifested at the rally of last evening, great success is to be expected for the movement. The enthusiasm and good feeling shown last night augured well for the future.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD

If Little Stomach is Sour, Liver Torpid or Bowels Clogged.

Mothers can rest easy after giving "California-Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Children simply will not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "fruit laxative." Children love it, and it can not cause injury. No difference what ails your little one—if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California-Syrup of Figs," then look carefully and see that it is made by the "California Fig Syrup Company." We make no smaller size. Hand back with contempt any other fig syrup.

reports had to do with the matter of by-laws, entertainments, organization, etc. They were submitted and clearly explained by the many respective chairmen and each report was generally discussed. Many suggestions for the betterment of the plan were made and accepted. It was a general open meeting in which everyone present had a say. The reports, after being in some cases read in accordance with the wishes of the meeting, were adopted so that, today, the Liberal Association of the City and County of St. John is a reality.

Mr. Elkin expressed regret that the lack of space would not permit of a larger number being present but, he said, this was essentially an organization meeting and one that had been perfected the plan of making the association a social as well as a political club would be carried out. Mr. Elkin then asked for suggestions as to the location of rooms suitable for the needs of the association. Several places were mentioned and it was finally agreed that the matter should be left in the hands of a committee with power to close for suitable quarters.

Mr. O. Skinner moved, seconded by W. H. Barnaby, that the thanks of the meeting be extended to Mr. Elkin and this was carried, while all stood and sang "For He's a Jolly Good Fellow."

The meeting was brought to a close with the singing of the National Anthem.

The officers of the association are—Hon. W. E. Foster, honorary chairman; S. E. Elkin, chairman; J. D. P. Lewin, vice-chairman; W. A. Lockhart, treasurer; and W. M. Ryan, secretary.

It is expected that within a few days the location of the quarters of the new association will be announced. It is proposed to make its headquarters a centre to which all Liberals are invited and, judging from the spirit of enthusiasm manifested at the rally of last evening, great success is to be expected for the movement. The enthusiasm and good feeling shown last night augured well for the future.

RECENT DEATHS

Harold M. Cunningham.

The death of Harold M. Cunningham, son of Mr. and Mrs. Shubael Cunningham, of 240 Millidge avenue, occurred yesterday afternoon at 5.30 o'clock. He was a bright little fellow of eight years of age. He leaves, besides his parents, one sister, Olive, at home.

Rev. W. F. Wilson.

Toronto, April 3—Rev. W. F. Wilson, D. D., pastor of Elm street church and one of the best known Methodist divines in the dominion, died this evening at his home, 42 Broadbanc street, from pneumonia.

He was born in Toronto in 1857. He held many churches in Ontario, but chiefly in Toronto.

Charles F. Cody.

The death of Charles F. Cody occurred last night at a late hour at his home in Cody (N. B.). Mr. Cody had reached the advanced age of 88 years. A life long resident of Cody's, the late Mr. Cody was the son of the late James Cody and was, on his mother's side, of Loyalist descent. He was born at Cody's and had been engaged in a general business for a great many years. Of late Mr. Cody had not been in good health and his death was not unexpected. He had been retired for some time. One son, Frederick, who conducts the business at Cody's, and one daughter, Mrs. Penwick Crawford, of Cody's, survive. The late Mr. Cody was twice married, his first wife being Miss Barbara Armstrong, of Cody's. His second wife, who survives, was Miss Mary Robinson, of the Narrows. A brother, George R. Cody, died last November and two brothers are living, W. S. Cody, of the North End, and Dr. Peter Cody, who is in the United States. Two sisters, Mrs. Samuel Moore, of Cody's, and Mrs. Thomas Perry, of Newcastle, also survive. Mr. Cody was a prominent member of the Church of England and was one of the best known men of the province.

BRITAIN'S BEER TRADE CAUSES GREAT WASTE

"Strength-of-Britain" Organization Putting Up Big Fight for Suppression of Brewing Business Until War is Over — Prohibitionists Oppose State Purchase

London, April 4—Under an order issued by Lord Devonport, food controller, the annual output of beer in the United Kingdom is now limited to ten million barrels, as compared with twenty-six million barrels allowed for the year ended March 31, 1916. At the same time the supply of wines and spirits that may be taken out of bond is reduced by fifty per cent of the amount taken out in 1916.

Issuance of this order is at the first blush regarded as an indication that the intentions with which the government was credited of introducing a measure of state purchase have been abandoned. State purchase of the beer and spirit industry in England and Wales alone would entail expenditure of a capital sum round about £300,000,000. Total prohibitionists are strongly opposed to state purchase, which they regard as a scheme invented in the interests of brewers and distillers.

"Strength-of-Britain" Campaign.

The "Strength-of-Britain" movement, which is gaining supporters daily, has been holding a series of extremely successful meetings throughout the country. It has a strong card in the recent food restrictions, and warnings of ministerial spokesmen as to the difficulty of maintaining the food supply of the country owing to a reduction in tonnage. The "Strength-of-Britain" orators pointed out that the drink trade has been using shipping equal to a fleet of sixty ships of 5,000 tons working all the time, had consumed more food than the whole British army, and that the weight of the food and other stuffs carried about for it in ships and trains had been equal to the solid material carried by the air-

ANOTHER WOMAN TELLS

How Vinol Made Her Strong

Beallsville, Ohio.—"I wish all nervous, weak, run-down women could have 'Vinol.' I was so run-down, weak and nervous I could not sleep. Everything I ate hurt me, and the medicine I had taken did me no good. I decided to try 'Vinol,' and before long I could eat anything I wanted and could sleep all night. Now I am well and strong, and in better health than I have been for years."

—Mrs. Anna Hillison, Beallsville, Ohio.

We guarantee Vinol for all run-down, weak and debilitated conditions.

HAD BOILS For Six Months B. B. B. DROVE THEM AWAY

When the blood becomes impure the very first symptoms which manifest themselves are a breaking out of various forms of skin trouble such as boils, pimples, sores, etc., and to get rid of these troubles you must cleanse the blood thoroughly with a good blood remedy.

The best blood cleansing remedy on the market today is Burdock Blood Bitters. Thousands of people from one end of Canada to the other have used it during the past forty years, and have nothing but words of praise for its cleansing properties.

Mr. Rufus Beers, Upper Main River, N. B., writes: "I want to say a few words about your medicine, Burdock Blood Bitters. I had boils for over six months and sometimes was so bad I could not work. I tried lots of cures but nothing would drive them away for good until I took B. B. B. In a short time I was all better. It is a handy medicine. I keep it in the house all the time."

Burdock Blood Bitters is manufactured only by The T. Millburn Co., Limited, Toronto, Ont., but so well and favorably it is known that there are many imitations on the market. See that our name appears on the wrapper.

The Liquid Wash for Skin Disease

We have witnessed such remarkable cures with this soothing wash of oils that we offer you a bottle on the guarantee that unless it does the same for you, it costs you not a cent.

E. Clinton Brown, Druggist, St. John, N. B.

DON'T LET WIFE DIE OF LOCKJAW

Warn her against cutting corns because they can be lifted out.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women who are unable to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns are usually lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called Resorcin. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn. The corn will be lifted out and soon the entire corn, root and all, lifts out without pain.

This is a sticky substance which dries and shrinks up the corn without inflaming or even irritating the surrounding tissue or skin. Cut this out and pin on your wife's dresser.

APPORTIONMENT OF WAR LOAN

Ottawa, April 3—That the subscriptions to Canada's victory war loan totalled \$266,748,800 of which \$80,000,000 was received from the chartered banks and \$18,121,000 represented conversions from the 1915 war loan issue, was the statement made by Sir Thomas White, minister of finance tonight. The amount of debenture stock which will be surrendered in payment of subscriptions is \$5,983,000. The number of subscriptions to the loan exceeds 40,500 which is more than 3,000 more than in the case of the loan of last year. Subscriptions of less than \$25,000 represent a total of \$82,880,000.

Sir Thomas confirmed the previous announcement that the subscription of \$80,000,000 made by the chartered banks will not be accepted, this being unnecessary in view of the fact that the subscriptions exceed the \$80,000,000 asked for by one or more hundred million dollars.

The allotment of subscriptions will be on the following basis:

(1) \$36,000 and under will be included in full.

(2) From \$35,000 up and including \$100,000 the first \$25,000 in full. The remainder eighty per cent.

(3) From \$100,000 up to and including \$1,000,000, the first \$25,000 in full. The remainder seventy per cent.

(4) In excess of \$1,000,000 the first \$1,000,000 the same as number three and the remainder forty-five per cent.

Sir Thomas explained that this will result in subscriptions from \$35,000 to \$800,000 receiving an average of eighty-

CANADIAN ENLISTMENTS

Ottawa, April 3—Enlistments in the Canadian Expeditionary Force totalled 7,068 for the month of March, bringing the total enlistments since the outbreak of war up to 407,802. The total number of recruits for the last half of March was 4,418, or a little more than double the enlistments for the first half of the month. The total for March is 1,019 less than for February, but 56 more than for January. For the first three months of the year enlistments have totalled 22,792, a average of 253 per day.

ORGANIZE TO GET FRENCH TRADE
Reconstruction Of Cities Behind The Line Of Battle
Big Demand For Steel

American Agent, on Return From France, Gives His Views on Conditions There—New System of Trade as Result of War

The French people are not only planning for complete reconstruction of the factories and cities destroyed by the war, but they are carrying on this work at present immediately behind the firing line, according to the reports of American representatives of manufacturing interests who have been returning from Paris. An agent of the American Steel Export Company of New York, G. S. Thompson, recently returned from France, in his view, the only way for a foreign country to establish itself firmly in the French market is by co-operation and far-sighted organization amongst groups of kindred industries.

It is known that great activities will be evident in the war in the devastated areas of France and Belgium, reconstruction work, but it is little realized, according to Mr. Thompson, that this work is proceeding as rapidly as the territory is recovered, and that reconstruction follows right in the wake of the advancing army, the repair of damage and the rehabilitation of factories proceeding right up to the firing line.

Wide Variety of Needs.
"There is probably not a single steel and metal product that is not required from time to time, running all the way from nails and wire to complete and massive mechanical and electrical work. Aside from the equipment and stocks actually destroyed, vast quantities of French machinery and tools have been recovered, and the reconstruction follows right in the wake of the advancing army, the repair of damage and the rehabilitation of factories proceeding right up to the firing line.

Market for America's Steel.
"The actual market in France for American steel products cannot be gauged merely by the extent and needs of France alone for the reason that, due to the absorption by France of great quantities of Russian securities, the French banking interests are in a position to purchase the placing of many Russian orders. The magnitude of Russian business opportunities has become in America today almost a byword.

War's Influence on France.
"Several of these syndicates, while not government enterprises, have government recognition and will be aided and stimulated by the great governmental organizations now carrying on the war on strictly ultra-modern American business lines and on a scale vastly than any corporation activities of which we know. These syndicates will order complete plants, possibly every item needed for the reconstruction of a whole town, its bridges, approaches, railway stations, factories, street car and lighting plants, water pumping and piping systems, etc.

One of the most interesting psychological effects of the war on the French population in general has been the business training received by all classes in the operation of the great war machine. "Another interesting and psychological manifestation of French commercial methods is their addition to highly specialized organizations in the supplying of their needs for products of every description. The French people long ago arrived at the conclusion analogous to one also attempting to cover many lines. A striking example of this is the large department stores in Paris which are supported almost exclusively by foreign trade, such as the American tourists and English visitors. The French themselves when desirous of certain articles will go to the specialty shop handling just that commodity."

QUARTER MILLION WORKERS

VOLUNTEER IN ENGLAND

UNDER CHAMBERLAIN PLAN

Clergy Coming Forward Freely - One Man Gives Up \$15,000 a Year for Wages of \$3 a Week

London, March 30 - The number of volunteers under Neville Chamberlain's National Service scheme is about 250,000 to date. Under his scheme Mr. Chamberlain can find no use for post-time workers - each volunteer is required to give his whole time at a minimum weekly wage of \$3, plus living and traveling expenses, and to go where he is sent.

The clergy of all denominations are coming forward very patriotically. In the diocese of Hereford 100 Anglican clergy out of a total of 380 have enrolled for national service, many in munition works.

Among the volunteers is Sir James Bell, town clerk of the city of London, who is temporarily stepping down from his position of \$15,000 a year to undertake clerical work at \$3 a week. Sir James is about fifty years old, and a very distinguished municipal lawyer.

Much of the work being done by national service volunteers is giving great satisfaction. But it is found that the best workers, by far, are those who were engaged in regular work at the time of volunteering. Men who had retired from business, even if only for a year or two, are far less effective, and, in many cases, quite unemployable.

As an instance of the smartness of many volunteers, it is reported that a

RESOLUTION OF THE SENATE ADOPTED BY HOUSE COMMITTEE

Favorably Reported for Passage—Senate Earlier in Session in Order to Expedite Matters

Washington, April 4.—The house foreign affairs committee today accepted the senate's war resolution in place of its own and favorably reported the resolution for passage.

MEANS BLOCKADE WILL BE TIGHTER

London, April 4.—The Daily Chronicle today prints conspicuously a statement that it is the expectation, as a consequence of the United States participating in the war that the blockade will be immediately tightened.

EARLY SITUATION TODAY IN WASHINGTON

Washington, April 4.—The senate met at ten o'clock this morning, two hours earlier than usual, in order to expedite consideration of the war resolution and the leaders planned to keep the senate in continuous session until a vote was reached.

On the house side, the foreign affairs committee met at the same hour to consider the resolution and was expected to report it to the house promptly under a special rule.

While the leaders in the two houses had given no definite indication early today how long debate would be allowed to continue, it was plainly evident that congress was in no mood to permit undue delay in acting on the resolution.

Chairman Flood and other members of the house foreign committee predicted passage of the resolution by the house before night, while senate leaders hoped to get action by night or tomorrow morning at the latest.

The other two German planes were subsequently brought down by Richards' companions, who arrived on the scene just as he was making his final dip toward the water.

The question of the "pilgrimage of patriotism" was augmented by additional arrivals and they urged the senators and representatives to stand by the president.

The question of finances to meet the war with Germany will be taken up as soon as congress acts on the resolution.

Chairman Kitchen of the house ways and means committee plans to call his committee together when estimates of the amount of revenue that will be needed are received.

The administration's war plans, which include military, economic and financial measures, were gone over in detail by the president with his cabinet yesterday.

German View Berlin, April 3.—Via London, April 4.—"President Wilson's message is not surprising," says the Tagblatt. "But do the people of the United States have the same view? That is hard to say."

"German policy now pays the penalty for failure to conclude a Bryan treaty with the United States such as Great Britain and other great powers made."

"If such an agreement existed the United States would be compelled to submit even the most important questions to a commission for investigation before breaking off relations. Such an investigation would take at least a year. It is not possible that President Wilson would have availed himself of such a way out of a serious situation."

"President Wilson must realize that the results of his action will be far greater for the United States than for us. It means the end of the policy of avoiding entangling alliance which, since the days of Washington, has been an article of faith. It is a change from provincialism to world citizenship, involving participation in European affairs."

"The proclamation of the policy of imperialism which heretofore has been fought hardest by the Democrats is now complete. The effect on internal affairs of the United States cannot be avoided."

"But we shall not appraise too lightly the consequences for us of the entry of America into the ranks of our enemies. The possibilities of injury to us by the sending of an expedition to the western

front or by co-operating with the so far insufficient British fleet may be restricted, but any accession of strength to our enemies is undesirable, no matter how small. Nor do we forget that the union, with 100,000,000 persons, is the richest nation in the world. Nor must we overlook the morale effect on France and Russia."

FOUR BOCHÉ PLANES WERE DESTROYED BY N. B. AVIATOR

(Continued from page 1.) German aeroplane coming rapidly toward him from the other direction, on its return journey to the rendezvous. Here was a hot corner indeed. Two machines behind sending a fusillade of bullets after him, and in a moment the whistling of the bullets in the other direction told him that the approaching German had opened fire. It's easier to shoot down one machine than two," said Richards, when relating his experience to a Times' reporter, "so I turned my attention to the approaching German."

"Oh, but didn't he come down easy," added Richards, and he chuckled in glee as he treated himself to a mental picture of the tumbling Boche. Then his boyish face grew stern, and he said, "Although I tumbled one of them, the two fellows behind were giving me trouble. I was shot in the back already and a few minutes later a machine-gun bullet severed my gasoline feed pipe and the engine stopped. I knew that I would have to look sharp for a place to alight."

The country over which Richards was flying was rough and hilly and there was little choice of a landing place. Down he came, although in control of his machine. The aeroplane landed on the rough ground, and before it had bumped along many yards, it struck an obstacle and crashed like a child's paper kite, in the debris of his wrecked plane, and when extricated by his comrades was found to be seriously injured.

A Successful Quest The other two German planes were subsequently brought down by Richards' companions, who arrived on the scene just as he was making his final dip toward the water.

The question of the "pilgrimage of patriotism" was augmented by additional arrivals and they urged the senators and representatives to stand by the president.

The question of finances to meet the war with Germany will be taken up as soon as congress acts on the resolution.

Chairman Kitchen of the house ways and means committee plans to call his committee together when estimates of the amount of revenue that will be needed are received.

The administration's war plans, which include military, economic and financial measures, were gone over in detail by the president with his cabinet yesterday.

German View Berlin, April 3.—Via London, April 4.—"President Wilson's message is not surprising," says the Tagblatt. "But do the people of the United States have the same view? That is hard to say."

"German policy now pays the penalty for failure to conclude a Bryan treaty with the United States such as Great Britain and other great powers made."

"If such an agreement existed the United States would be compelled to submit even the most important questions to a commission for investigation before breaking off relations. Such an investigation would take at least a year. It is not possible that President Wilson would have availed himself of such a way out of a serious situation."

"President Wilson must realize that the results of his action will be far greater for the United States than for us. It means the end of the policy of avoiding entangling alliance which, since the days of Washington, has been an article of faith. It is a change from provincialism to world citizenship, involving participation in European affairs."

"But we shall not appraise too lightly the consequences for us of the entry of America into the ranks of our enemies. The possibilities of injury to us by the sending of an expedition to the western

RHEUMATISM usually yields to the purer blood and greater strength which SCOTT'S EMULSION creates.

Its rich oil-food enlivens the whole system and strengthens the organs to throw off the injurious acids. Many doctors themselves take Scott's Emulsion and you must stand firm against substitutes.

HON. W. E. FOSTER, NEW PREMIER, AND STRONG CABINET ARE SWORN INTO OFFICE TODAY

(Continued from page 1.) of St. John. He is a physician who is well known and who has taken a great interest in the affairs of his own town and particularly with regard to the question of public health and will bring to the government a knowledge and experience in those particulars that should be very valuable.

Promptly at eleven o'clock the governor, Premier Foster and the members chosen for his government assembled in the council room where Joseph Howe Dickson, veteran clerk of the executive council, assisted by R. W. L. Tibbitts, deputy provincial secretary, administered the oath of office.

The oath of allegiance was given first and then that concerning service to the province and the secrecy of council proceedings. The premier and members of the government then signed the roll and His Honor addressed them. In well chosen language he pointed out their duty to the province and to him as the representative of the king and his duty to them as representing the people.

Premier Foster replied briefly and congratulated them in order.

The ministers then called upon their several departments and at noon went into their first session as executive councillors.

Hon. Mr. Foster will run in Victoria, Mr. Burgess resigning in his favor. Writs for the bye elections will be issued at once.

The first week in April seems to be an eventful one in the political history of New Brunswick. Three years ago in that week Mr. Dugal laid his charges against the premier, which resulted in the overturn of the government on February 24. This first week in April three years later, a new government, with Mr. Dugal one of its members, assumes office.

Police Court In the police court this morning two prisoners were fined \$8 each or two months in jail for drunkenness. John Walsh pleaded not guilty to drunkenness and interfering with people in the street. Policeman Gorman said that he noticed the prisoner coming along Main street at about supper time under the influence of liquor. He picked up some potatoes from a basket in front of Harrison's grocery store. The policeman told him to put them back. This he at first refused but later complied. The defendant told the court that "we were getting such had potatoes these days that I merely picked one from the basket in order to test the others. I wanted to see if they were good." He was remanded to jail.

BIRTHDAY PARTY. Mr. and Mrs. Wm. Lobb, 254 City road, gave a birthday party last evening in honor of their six-year-old daughter, Ida Helen May. Some forty young friends had a most enjoyable time of it.

The Wheat Market Chicago, April 4.—Opening wheat quotations, which ranged from 1/4 off to 1 1/2 up with May at \$2 to \$2.01, and July at 1/8 to 1/2, were followed by slight additional gains in some cases, but afterwards a general tendency to react, although fluctuations were rapid and wide.

TWO ARRESTS IN ROPE CASE

Theft, One Charge; Receiving of Stolen Goods, the Other — A Midnight Police Incident

Another case of theft was unearthed by Inspector Thomas Caples and Sergeant Joseph Scott early this morning, and as a result Charles Cobham was before the police magistrate on suspicion of theft of 357 pounds of rope from shipping firms; and Hyman Jacobson, scales junk firm of Goldberg & Jacobson, was charged with receiving stolen goods, knowing it to be stolen. B. L. Gerow appeared for the men.

Caples said that about one o'clock he met Cobham at the corner of Britain street and Reed's Point. He and the inspector engaged in conversation on the sidewalk and Cobham was waiting for some one since nine o'clock. The witness left him and proceeded along Prince William street. At the Custom House he met Jacobson. "You're out early," said the inspector. "Yes," replied Jacobson, and continued on. He later met Sergeant Scott and they became suspicious. They returned to the junk shop at Reed's Point. The witness saw Cobham in the shop with Line Steamship Company, two to the Allan line, one to the C. P. R. and the other was given to me. Two others, I don't know who owns them."

Both statements were allowed subject to objection offered by Mr. Gerow. The latter said that they were not the precise words of the defendants and should be thrown out. "It is not a proper statement," said Mr. Gerow. The magistrate ruled otherwise.

Sergeant Scott said that he met Inspector Caples about 1:10 o'clock this morning and proceeded with him to Goldberg's junk shop, run by the defendant, Jacobson. He gave practically corroborative evidence and said he was present with Inspector Caples when the two statements were made.

Mr. Gerow asked for the dismissal of both prisoners. He said that there was no foundation of theft in the case against Cobham.

The court said that the case for the crown was not completed. Further evidence will be heard for Cobham. Mr. Gerow then asked for bail. This was denied by the court, as no value could be placed on the goods. The case yesterday for two o'clock tomorrow afternoon.

SAYS INTERNED GERMAN SHIPS MAY BE SEIZED

Montreal, April 4.—A staff correspondent of the "Star" in New York sends the following despatch: "Although it is impossible to secure any information on the subject, either from the latest dispatches or the British consulate, I learn that all preparations have been made for the seizure of every German ship in the harbor here immediately on the passage of the war resolution by congress."

"I am informed that present plans are to place the 20,000 ton Vaterland and the other 109 ships interned in New York and other American ports in service between the United States and the Entente Allies, thus greatly relieving the tonnage shortage."

AUTOMOBILE CASES. Before Police Magistrate Ritchie this morning E. G. Horn was fined \$10 for exceeding the speed limit in Main and Mill streets on Monday last and also with rounding the corner of Mill and Main street in his auto at a faster rate than the by-law allows. Policeman Hoag testified.

H. M. Smith was fined \$10 on a report by Policeman Henriksen, for driving on the wrong side of Pond street. He pleaded guilty.

G. R. McKean was fined \$10 for allowing his auto to stand in City road near the Victoria rink, for a longer period than allowed by law.

WAR NOTES The Germans do not see any hope of an offensive on the Riga front, because of the spring thaw.

Berlin says the Allies have lost heavily in reconnoitering work in the west. Labor troubles have broken out in the big Vulcan shipbuilding works in Hamburg, Germany.

Senator Lodge says the United States should seize the German ships now in American ports and use them to replace ships that Germany has sunk.

It is reported that German agents have been fomenting revolt among the colored people of the Southern States.

Petrograd admits that German troops have forced a crossing of the Stokhod River, in Volynia, after pressing back the Russians. Some of the Russian detachments suffered heavy losses.

THE TROOPS COMING HERE Information was received in the city this morning to the effect that more than 1,500 troops from Upper Canada will be quartered in St. John. The first battalion arriving here will be quartered in the exhibition building, the old quarters of the 188th, Canadian Buffs. The unit following will be quartered in the dairy building, and 250 men of the Army Service Corps unit arriving, is to be quartered on Partridge Island.

"WE HAVE CHOCOLATTA EVERY NIGHT

and, believe me, a mess tin full of Chocolatta and French Bread and Butter makes a meal fit for a King."

Gunner H. S. Merson, 34th Battery, R. C. H. A. In a letter from "Somewhere in France," January, 8, 1917

Chocolatta has gone across "big" with the boys in the trenches. It not only makes a wonderful stimulating drink for the long, dreary hours, but also nourishes and renews the strength such as no artificial drink could possibly do.

Chocolatta is scientifically correct. There are no better foods known to man than chocolate, milk and sugar—all are nourishing, wholesome and of wonderful food value. Chocolatta contains the essential elements of brain and muscle energy. Chocolatta averages higher in actual food value than 90 per cent. of the foods eaten by men and women in everyday life.

Chocolatta has made good, has proved itself under the most severe tests.

The extract quoted in our heading is only one of hundreds received from France in the last few months. Men all along the line are asking for Chocolatta. Your man at the front will be glad to have Chocolatta.

It comes ready prepared for serving. All you need is to add boiling water and your Chocolatta is ready.

For sale by all good grocers at 25c. and 50c.

CHOCOLATTA THE NUTRIENT FOOD CO., TORONTO

NEW SURGICAL USE FOR SAUSAGE SKIN In cases of stricture of the esophagus, which is the canal through which food passes to the stomach and which is situated behind the windpipe, it is very important to secure an early diagnosis. The April Popular Mechanics Magazine tells of a new method, reported by a New York hospital physician, which gives a clear outline of malignant strictures and is also a readily applied aid in the treatment of moderate cases. A small length of sausage skin, which is the fibrous coat of the intestine of the hog, is thoroughly washed and treated with formaldehyde and glycerin, then formed into a bag by tying one end with silk floss, the other end being slipped over a rubber tube and tied. The bag, which is now only a string, is then easily swallowed by the patient with the aid of a little water, and a thick bismuth mixture is allowed to flow into it, after which X-ray pictures show the outline of the stricture clearly.

FOOD ECONOMY In your next grocery order include a package of Grape-Nuts. Taste its snappy flavor—the rich flavor of whole wheat and malted barley. Sense the satisfying comfort of a hearty food upon a contented stomach. Realize its full nourishing value as you use it day after day—the sustaining power it gives brain and body for work or play. Then remember that in spite of advance in price of most other foods, Grape-Nuts is still sold at the same low price as formerly. Nowadays every table should have its daily ration of Grape-Nuts.

Bob Long Week Apr. 2nd to 7th From COAST to COAST Watch for the Bob Long Boy in Your Dealer's Window Dealers everywhere are celebrating BOB LONG WEEK. RASH ON BABY CAUSED PAIN

Itched Very Much. He Was Always Scratching. Cuticura Healed Him.

"My baby was suffering with scaling and crusting of the skin and scalp which caused a good deal of pain. The breaking out was in a red rash on his face which was sore and itched very much, as the child was always scratching till it would bleed. I thought I would try Cuticura Soap and Ointment and I used about one box of Cuticura Ointment and two cakes of Soap when he was healed."

LOCAL NEWS OF SOLDIERS

Mrs. Robert Landry of Chatham, has received word from Ottawa to the effect that her husband has been killed in action. He went overseas as a member of an infantry battalion. He leaves his wife and four children.

Lieutenant W. G. McGinley, who went overseas with an infantry battalion, was transferred to a unit in France, and after a short time in the trenches was wounded, writes that he is rapidly recovering and at the time of writing was going to London and from there he expected to return to France. He says that he attended a party at Buckingham Palace and there met the king personally and was talking to him for about five minutes.

Usurping All Pleasures. Vexation and grief struggled for mastery in Gertrude's soul. "Mother, do come out and speak to Freddy," she said. "He's treading on the ants in the garden."

U. S. AGENTS ARREST SUSPECTED GERMANS

Two Taken in South Berwick, Me., and Third Held on Charge of Fraud in Obtaining Passports.

New York, April 3—George Born, formerly of Wilkesbarre (Pa.), was arrested here tonight by agents of the department of justice upon a charge of fraudulently obtaining a passport from the United States consul at Hull (Eng.). His purpose, it is alleged, was to obtain credentials which would permit him to travel through England and return to this country. Government representatives were reticent regarding the case, but seemed to regard the arrest as an important one, and they asked that bill be fixed at \$5,000. Born was unable to find a bondman.

South Berwick, Me., April 3—C. M. Litman and M. Zeley, Germans, were summoned to the Portsmouth navy yard for a hearing today as a result of the seizure last night by government officers of a radio outfit discovered upon their farm.

STEAMSHIP SUNK; FIVE OF CREW KILLED

New York, April 3—The British steamer Stanley, of 3,987 tons gross, from Newport News, March 7, with a cargo of grain for Cherbourg, was sunk by a German submarine without warning, on March 21, and five members of her crew were killed. Fifteen survivors of the ship reached here today on the steamer Port Albany. Two other members of the crew, one an American, died of exposure in open boats. Two boats were lowered from the Stanley was hit. The one containing the captain and eighteen men drifted away from the boat which contained the men picked up by the Port Albany and has not been heard of since.

THE SOLDIERS' CLUB

The committee in charge of the work at the Soldiers' Club met at the club yesterday at noon to hear reports and make plans for forwarding the aims of the institution. The president, Mrs. G. A. Kuhring, was in the chair and a number of the patriotic and other affiliated societies were represented.

Soldier Son Goes Down by the Sea, in which Canadian women everywhere were assured of the kindness and loving care their soldiers would receive in the city of St. John, and other members present spoke of many messages from abroad testifying to the way the hospitality of St. John had touched the hearts of soldiers from many parts of Canada. A new battalion is reported to be on its way here and the usual preparations will be set on foot to give them the customary welcome in connection with the citizens' committee. The gift of socks for the 165th Battalion on their departure was reported upon, and special thanks given to Mrs. Lege for kind assistance. Work for returned soldiers was referred to but it was felt that at present there was nothing further the club could do, being at the disposal of those responsible, for any help at any time, for soldiers coming back from overseas.

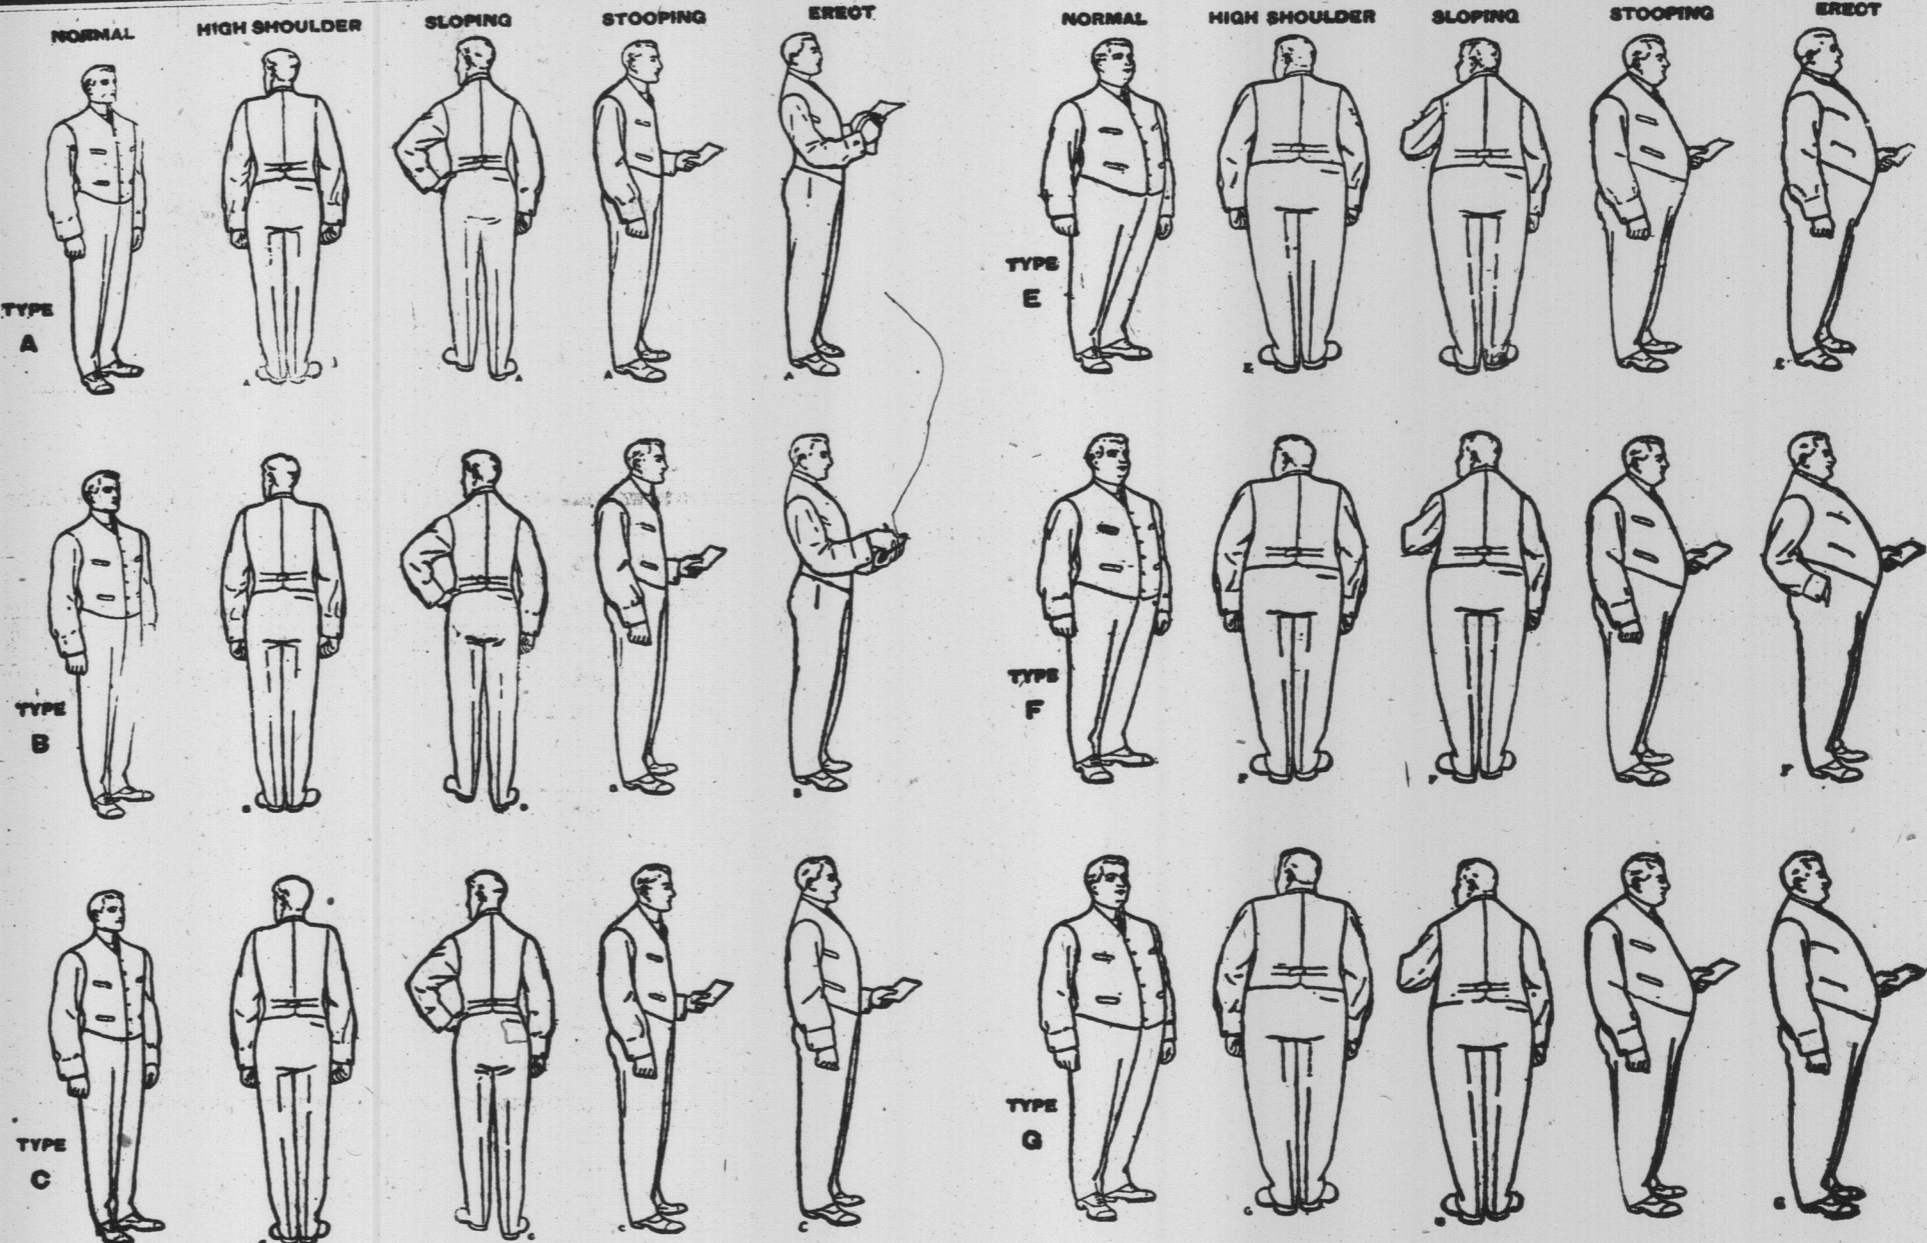

A Cure For Drunkenness Within The Reach of All

That Alcoholism is a disease is now recognized by Science. No man in his senses brings disgrace and ruin on himself and family through choice. Alecura stops the craving for drink, builds up the system, steadies the nerves. It is guaranteed to cure or benefit or money refunded after a fair trial. Alecura No. 1 can be given secretly by any wife or mother wanting to restore a dear one to health and usefulness. Alecura No. 2 is the voluntary treatment. Can be had at our store, only \$1.00 per box. Ask for our Free Booklet about Alecura. E. Clinton Brown, 217 Union Street, St. John.

thousands of men using the club constantly, and many of the easy chairs and couches had not been new in the first instance. She begged therefore that a strong appeal be made to the patriotic citizens of St. John for gifts of strong arm chairs and rocking chairs, so that the club may be made comfortable and attractive. She also asked for permission to have some furniture repaired. This was granted. Mrs. Barker was complimented on the good order of the building.

E. L. Rising reported in addition to donations of \$185.25 reported in January, he had received \$140 towards the cost account from interested friends. Thanks were tendered to him and to kind contributors.

Petrograd, April 3, via London, April 4—Professor Boris Bakhtetieff has been appointed vice-minister of trade and industry.

There are Thirty Physique Type Figures Which is Yours?

Every figure here shown can be correctly and precisely fitted in a genuine Semi-ready Tailored Suit.

Men generally may be grouped into seven figure classifications. Select the figure shown on this chart which represents you.

The unequalled skill of Semi-ready designers, backed by experienced expert tailors, will give absolute comfort and good appearance.

Freakish designs are taboo. Fashion for gentlemen depends upon the beauty of line, correct design and an expression of good form.

Type A shows the ideal or normal figure for a man of short stature, and the four figures are the variations of high shoulders, sloping shoulders, stooping figure and very erect carriage.

Type B is the man of average height, from 5 feet 6 to 5 feet 11 inches. There are more men in Canada who fit into this type than all others combined.

Type C shows the ideal tall figure, and in this class garments are designed to fit men from 5 feet 9 to 6 feet 2 inches, with every proportion just right.

Type E is the short, heavy figure, just as the Type A shows in its smaller sizes the ideal short slender figure.

Type F is the average short, heavy figure, with large waist measure. This is made to fit men from 36 breast to 50 inch breast and 52 inch waist.

Type G is the ideal tall stout or heavy man, he who weighs from 170 to 240 pounds and who measures from 41 inch breast and 41 waist to 50 inch breast and 50 inch waist.

In each type are shown the variations or sub-divisions, an X-ray normal garment can be quickly altered to fit these variations by the Semi-ready system.

BULGARS ATTEMPT TO SPREAD DISCONTENT AMONG SERBIANS

London, April 4.—A dispatch to Reuters from army headquarters in Macedonia says that the Bulgarians have been dropping circulars into the Serbian lines from aircraft. Those state that "because of the discontent of the Russian people with the Anglo-French alliance and their ardent desire for peace, a revolution has broken out in Russia, which has overthrown all authority and the emperor. The dispatch says that the Serbian soldiers are fully informed as to the cause of the Russian revolution and that Serbian aviators are now throwing circulars into the Bulgarian lines telling the truth of the situation in Russia."

GERMANS SLAY JUMBO TO ADD TO THE MEAT SUPPLY IN DRESDEN

Berlin, April 3.—(New York World).—Elephant steak will soon be an available delicacy for the Dresden epicure according to a report received here. Jumbo, a giant trick elephant, has come under the butcher's cleaver and Dresden's meat supply has been increased two tons thereby.

A well known "meat tavern" acquired Jumbo's carcass for 8,000 marks (about \$2,200) and a telegram to the Berlin Gazette concludes: "The flesh will be made serviceable for human nutrition."

FORMER CHIEF SECRETARY FOR IRELAND DEAD

London, April 4.—Baron Alberton of Chapel Allerton (William Lewis Jackson) died in London today. Born in 1840, he was a member of the House of Commons for Leeds for more than twenty years up to the time he was created a baron in 1902. He was formerly financial secretary of the treasury and was chief secretary for Ireland in 1891-92.

The Man In The Street

It is evident that people not satisfied with this climate would never make arctic explorers.

The spring is here and well along, but who would ever know it, if it were not for the calendar.

A reward offered to the person who can figure out the exact number of days the sun has shone since last October. This information is required by the man in the street in order that he might find out whether or not it is more profitable to buy a rain coat or a fur coat.

Some of the ladies who were out early this morning attending sales gave a good exhibition of their abilities in the "hop, skip and jump" class.

"The woman was old, and feeble and grey; and bent with the chill of a winter's day," but in spite of these things she pressed onward without faltering. Like the mariner adrift on a raft, she had spiced—a sail.

There is a certain class of people who will be pleased to hear that in future they will be allowed to travel in style. A few days ago it was announced that the commissioner of public safety intended purchasing a motor patrol wagon. While we all like the sound of the purr of the engine as it glides along, the comfortable cushions, and the pleasing sensation of travelling at a good rate of speed, we would fain enjoy it under different conditions.

The man in the street would much prefer that some one else tried out the comfortable cushions, while he made a note of the incident.

While passing through Fairville the other day some visitors were surprised to see some miniature falls. It was not a representation of Niagara, however, but the work of "Old Sol," who was on the job helping some of the tarry tenants remove the snow which accumulated on the sidewalks. The little rivulets were flowing off the concrete sidewalks and wending their way to the low lands.

Since the advent of the new year we have witnessed the passing of the ambulance, and in the near future hope to see the last of the patrol wagon. The next in line is the picturesque conveyance of His Majesty's mail.

The average hunter looks forward with the keenest anticipation to the coming of the season when he can shoulder his rifle and take off in quest of big game. During the many months when his activities are confined to blissful pipe dreams he forms plans for a vacation in the tall timber. Recently a local huntsman completed work on an invention to trap bears and had been demonstrating its worth to some friends in his place of business. He left the trap in the office that night and when he arrived the next morning he was surprised to see a bear caught in its mummy embrace. The bear, however, never prowled through the woods, nor feasted upon the tender carcass of some smaller animal. It was only a Teddy bear.

LANCER-CORPORAL F. H. EVERETT IS KILLED IN WAR

Sad News Comes to Wife and Little Girl

DEED ON MARCH 22

Myer Levine of St. John Wounded in Leg and is in Hospital in France—Telegram Received by Young Soldier's Mother

"Deeply regret to inform you that Lance-corporal Francis Henry Everett, officially reported killed in action March 22, 1917," was the sad news which came to the home of Mrs. Lillian M. Everett, No. 21 St. Patrick street, this morning. Mrs. Everett was deeply disturbed over the distressing tidings that a loving husband and dear father of one little girl is no more. But his name will be written in the book of fame with those many heroes who have died for their country. Lance-corporal Everett came to St. John with his wife and little girl from the west in 1913. At the outbreak of the war he was made a sergeant and during the recruiting campaign for a battalion here, he was made a sergeant-major of "A" company.

With his regiment he went to England and was later on drafted into another New Brunswick battalion, with which he was fighting at the time he was killed in action. He was thirty-six years of age and leaves his wife and one little girl in this city. His parents are living in the west. The family came from England to Canada some thirteen years ago.

One of the Hebrews from St. John who joined the army service, has been wounded, in the person of Private Myer Levine, son of Mrs. Ethel Levine, of 85 Lombard street. That he is a Jew is shown by the fact that he is adopted country is indicated by the fact that he attempted to have his services accepted for overseas duty twice before his desire was satisfied.

Private Levine offered with the 104th Battalion, but owing to his being physically unfit when he was rejected. Not satisfied with being turned down, he again applied and that time was able to pass all the required medical tests. He crossed to England and when the first draft from his regiment was taken to France, Private Levine was chosen as one to go.

The morning his mother was advised from Ottawa that he had been wounded in the right arm by gunshot, and had been admitted to a general hospital in Etaples on March 24. He is only nineteen years of age.

BREAK IN UNION STREET MAIN IS BEING REPAIRED

Found This Morning—Commissioner Fisher Will Urge Establishment of Comfort Stations

A break occurred in a six inch connecting pipe this morning in Union street. The break was discovered about eleven o'clock and a gang of workmen were placed on the job immediately. The connecting pipe leads from the sixteen inch main, in Union street, to the hydrant opposite the Opera House.

It was found necessary to shut off the main for a short time. The water works department expects to have the necessary repairs effected by tomorrow morning. It is a matter of some inconvenience to the business district, but the inconvenience is being experienced by the householders and business houses in Union street, because of the break.

Comfort Stations Urged.

At the next meeting of the common council Commissioner Fisher will urge the establishment of comfort stations throughout the city. He will press for the establishment of such a station in Market Square, in all probability on the grass plot facing King street.

Although he has not yet outlined the whole scheme, he said this morning that one feature would be waiting rooms, which indicates that the buildings, if they were to be a combination for the convenience of pedestrians.

Repair work is being carried on rapidly in Douglas avenue. Broken stone is being used to a large extent and the roller will be called into action there in the near future. The work of cleaning the mud off Union street, West End street, is being pushed forward with energy. Near the head of Rodney wharf the mud is being hauled off and broken stone will be spread. North from Rodney street nothing is being done just yet, pending a decision regarding the raising of the street car rails there.

HOME NURSING CLASS PASS EXAMS. IN MOST CREDITABLE MANNER

Perfect Marks Are Made by Two—An Opportunity for Service at Hand

The marks of the large class instructed in the principles and practice of home nursing by the late Dr. F. J. Hogan have been received. As a result of the thorough examination conducted by Dr. A. F. Emery, Dr. F. L. Kenney and Captain Logie, thirty-seven young ladies succeeded in qualifying and are awaiting certificates of proficiency. This is pronounced by Doctor Emery an exceptionally good class. Miss Florence Estabrooks and Miss Dorothy Jones received 100 marks. Miss Lois Colston, Miss Dorothy Bayard and Miss Jennie Kee, ninety-eight. Some others followed very closely. Twenty-seven out of thirty-seven made perfect marks in bandaging, an important subject.

The names of the fortunate students are: Miss Florence Estabrooks, Miss Dorothy Jones, Miss Lois Colston, Miss Dorothy Bayard, Miss Jennie A. Kee, Miss Bessie A. Wilson, Mrs. Alex. Fowler, Miss Beale Babbitt, Miss Louella Chipman, Miss Ethel Lewis, Miss Ruth Coster, Miss Grace McKim, Miss Marjorie Staples, Miss Elsie Hall, Miss Mrs. Mabel Magee, Miss Olivia Maxwell, Miss Harriet Hazen, Miss Helen Corbett, Miss Alice Murdoch, Miss Helen Watters, Miss Dorothy Robinson, Miss Grace Estey, Miss Margaret Bolton, Miss Nora Knight, Miss Hazel Dunlop, Miss Dorothy Smith, Miss Irene Barber, Miss Gertrude Fleming, Miss Jennie Robinson, Miss Elizabeth Vera Pike.

Much valuable assistance has been rendered in the Convalescent Home and the Military Hospital by those who were members of these classes in the past. As time goes on, more and more help will be needed and it is earnestly hoped that many who have been able to take advantage of the facilities of the association, and the kindness and generosity of the physicians who have given their invaluable services in the courses of instruction, will feel an obligation to make some return for the benefit received by the care of the soldiers. This is the principal aim and object of the association in organizing so many of these classes in St. John and elsewhere.

Those whose time is their own may perhaps consider this.

DEMOCRATS WON CHICAGO ELECTIONS

Chicago, April 4.—Complete returns today from yesterday's aldermanic election shows that the Democrats won twenty-two seats in the city council, the Republicans twelve and the Socialists two, giving the Democrats almost a two-thirds majority in the council with forty-three votes to the Republicans' twenty-four and the Socialists' three. The Democrats net gain yesterday was eleven. The Democrats also elected the city clerk and city treasurer.

PROCEEDS OF SALE

It was found this morning, when the receipts of the sale held last week in the Seaman's Institute by the Ladies' Auxiliary had been realized. This will be devoted to the needs of the institute, casual than those of last year.
