Germans Have Lost Some More Submarines

Futile Effort to Close English Channel Is Made

SOUGHT TO MAKE BOAST GOOD

Intimation That Bremen Now is Not Only One About Which They Are Anxious—Trying to Reduce Disadvantage in Mercantile Tonnage

New York, Oct. 5.—The New York World publishes the following special cable from London, dated Oct. 3:

Although the fact is not generally known in England, nothing having been mentioned by any of the newspapers, the Germans last week sent available submarines to the English Channel. The object was to close the channel for once, in accordance with German boasts. But the British navy was quick to deal with this new menace, although the channel may have been closed to passenger traffic for a few days.

The Germans since have learned they cannot send submarines into the English waters with any more impunity than they send Zeppelins to London. The Bremen is not the only submarine whose whereabouts is causing anxiety in Berlin.

This is regarded, however, in naval circles as only one symptom of an intention on the part of Germany to resume her submarine campaign on a serious scale. It is openly asserted by shipping men that Germany's intention in this is as much to reduce her disadvantage in mercantile tonnage after the war as to inflict direct injury on Great Britain in the war.

Because of this, shipping men are declaring that Great Britain's only recourse would be to announce a tonnage tonnage in the peace treaty unless Germany desists.

CHRISTIAN BROTHERS' COLLEGE SUFFERS BY FIRE; TWO LIVES LIKELY LOST

St. Louis, Mo., Oct. 5.—A fire today destroyed the main building of the Christian Brothers' College. Two aged members of the college faculty are believed to have perished. An assistant nurse, who jumped from an upper window, was seriously hurt.

PROMINENT BREWER KILLED BY WOMAN IN HER HOME; THEN SHE SHOOT'S HERSELF

Cincinnati, O., Oct. 5.—Alphons Weterer, forty-nine years old, vice president and secretary of the Weterer Brewing Co. of this city, who it is believed is shot by Helen Houch, thirty years old, at the latter's home on Walnut Hills last night, died in the City's General Hospital early today. Miss Houch was found dead with a bullet wound through her right temple in the same room where Weterer was found with two bullet wounds in the head.

No one witnessed the shooting, but Miss Houch left a note which, the police and the coroner said, indicated that she shot Weterer and then herself. The party with Weterer for several months and charged that he had wronged her. She stated she had been keeping company with Weterer for several months and charged that he had wronged her.

A MISTAKE MADE

Protests have been made by members of the staff of a King street establishment regarding methods employed by a recruiting sergeant. The whole staff had stayed after hours on the evening of the arrival of the 103th, to cheer the soldiers as they passed. The men in the party were either married men or young boys, practically every one of them had members of his family at the front; several have sons who have been wounded and from their establishment more than 100 men have gone to the front. Under the circumstances they did not feel that they were proper targets for language addressed to them by the recruiting officer. It would be hard to find a group with a deeper personal interest in the war and in the interests of more of its return would be productive of better results.

HAS GONE TO HALIFAX.

Last night, E. Easton, who has been in the city for the last few weeks in charge of the recruiting for the 229th Railway Construction Corps, left this morning for Halifax. The recruiting is now in charge of Sergeant Miller.

Starving The Belgians To Bring Demand For Peace

London, Oct. 5.—(New York Sun cable)—Famine is at the doors of Belgium, because of the requisitions of the Germans on the conquered population, according to the Times correspondent at Louvain. Meat is practically unobtainable here, and butter very scarce. Potatoes have not been seen for some time, and prices are becoming impossible. Coffee is \$1.90 a pound, chocolate, \$2.40 a pound, and sugar seventy-two cents. The almost total disappearance of sea fish and the excessive cost of meat have made mussels a popular food. The correspondent says the object of the Germans in starving the Belgians is without doubt to induce them to demand peace.

HOWARD LOGAN OF ST. JOHN IS KILLED IN ACTION

Popular Young Man, Ball Player and Bowler

OTHER LOCAL CASUALTIES

Brother of Mrs. B. L. Gerow Has Made Supreme Sacrifice—Corp. Harry Adams, D. C. M., is Wounded

Mr. and Mrs. Howard Logan, 121 Millidge avenue, received a telegram from Ottawa this morning notifying them that their eldest son, Private Howard, had been killed in action on September 17. He was well known throughout the

respective duties of the road engineer and the city engineer again were the subject of a lively discussion at a meeting of the common council in committee this morning. Commissioner McLellan intimated that the way was being paved for more friction by the action of the commissioner of public works in seeking information about the grades in Clarendon street from the city engineer and announced that if there was any friction, he would move for the dismissal of the city engineer or an investigation of certain matters arising from the situation.

An application was received for the purchase of city lots at the foot of Orange street for the erection of a factory. Steps were taken towards seeing that emergency brakes were installed on street cars.

The use of the city ambulance by soldiers was the cause of some discussion. All the members of the council were present.

The first business before the council was the report of Commissioner Russell on the application of H. I. McCowan for two lots at the corner of Crown and Orange streets. Mr. McCowan had been offered a lease with the clause that the city would not be responsible for improvements valued at more than \$8,000. He wished to erect a factory there and offered to pay \$1,000.

Commissioner Fisher said that Crown street was being carried through and the property was growing more valuable.

The matter was left with the commissioner of public lands for a further report. The mayor drew attention to a recent accident to a street car in Mill street and asked if the city could not enforce the use of emergency brakes. After some discussion the matter was left with the commissioner of public safety to get a legal opinion and also to discuss it with the street railway company.

Commissioner McLellan asked for information about the progress of work in Clarendon street and Commissioner Fisher informed him that the grades were being determined by the city engineer and he was getting them confirmed by the city engineer.

Commissioner McLellan put on the division of duties between the engineers and it should be carried out. He continues I will move for the dismissal of Mr. Murdoch and I will give some reasons that may not be known now. I am surprised to find that the city engineer still is consulted regarding grades.

Commissioner Fisher replied that the road engineer was completing his grades and that he felt he had a right to get additional information anywhere he could to assist him in judging of the road engineer's work. This was causing no delay.

Commissioner McLellan's request the road engineer was completed the grades and that he had completed the grades and that they awaited only confirmation by the council. He wanted to know what lots the public works department wished reserved.

Commissioner Fisher promised the information. Commissioner Wigmore suggested that additional information be reserved there for the water works department, also so that the valuable lands held by the department in the middle of the city might be put to more profitable use.

Commissioner McLellan also urged that the public works department should remove their stables from King street east to leave the lots there open for the construction of a central fire station which would add to the efficiency of the city.

Commissioner Fisher promised the information. Commissioner Wigmore suggested that additional information be reserved there for the water works department, also so that the valuable lands held by the department in the middle of the city might be put to more profitable use.

Commissioner Fisher promised the information. Commissioner Wigmore suggested that additional information be reserved there for the water works department, also so that the valuable lands held by the department in the middle of the city might be put to more profitable use.

FRENCH MAKE FURTHER GAIN AND CAPTURE REMAINS OF ENEMY'S GUNS

British Artillery Continues Effective Work; Paris Reports Pressing Back of the Bulgarians

Paris, Oct. 5.—The Somme front last night the French made further progress in the direction of Morval. They captured nine 3 1/2 inch guns.

BRITISH REPORTS London, Oct. 5.—South of the Ancre (on the Somme front) there was intermittent shelling during the night," says today's official announcement.

"North of Scheldt Redoubt our artillery caused many casualties among the infantry on the move. A successful rifle was carried out by a London Territorial Battalion.

"The enemy attempted unsuccessfully to enter our trenches east of St. Etol." Enemy Lie Nailed

London, Oct. 5.—A despatch from Bucharest by way of Rome denies the statement of the German and Bulgarian war offices that Austrian monitors have destroyed the bridge across the Danube, over which the Rumanians passed to invade Bulgaria. It is said that the passage of troops, munitions and stores continues.

The despatch also says the battle in Dobruja is increasing in violence and that the Germans and Bulgarians are completing many young men who have given in their names will not do it.

Yesterday proved one of the poorest days of the campaign. Only ten were killed. Most of the meetings were in smaller centres.

The following statement shows the number of recruits so far: York 17, Sunbury 4, Queens 8, Charlotte 8, Carleton 17, Victoria 1, Madawaska 12, Resplendence 84, Gloucester 9, Northumberland 28, Kent 8, Westmorland 28, Albert 4. Kings 9, St. John 28, Total 202.

On the main battle line in Dobruja attempts by the Russian and Rumanian forces to advance have been frustrated by the artillery and by successful counter-attacks.

RUSSIANS WIN BIG VICTORY OVER THE TURKS

Potogor, Oct. 5.—Suddenly resuming their offensive in Turkish Armenia, west of Trebizond, the Russians, with the cooperation of the fleet, have inflicted a severe defeat upon the Turks, moving forward along a wide front. A fortified position in the River Kara Buras region has been captured and great losses inflicted upon the Turks.

PAYS VISIT TO SOLDIER COUSIN'S GRAVE IN FRANCE Charles Garnett, 140 St. James street, received a letter yesterday from his brother, Private William, who is connected with a headquarters staff, some where in France. He told of some exciting experiences since leaving for the front. He recently visited a town where his cousin, Private Cornelius Garnett's body was laid to rest, he passed away from injuries sustained while fighting in the ranks of the 26th. He is now in a pretty little cemetery and he promised to forward a picture of the grave. He wishes to be remembered to his friends.

THE AMERICAN BOAT The Eastern Steamship Company's liner Calvin Austin is expected to arrive this evening about 6 o'clock with passengers and freight from Boston via Portland, Lubec and Eastport.

Philet and Pherdinand WEATHER REPORT

Issued by Authority of the Department of Marine and Fisheries, R. F. Sturges, director of meteorological service.

Synopsis—The weather is fine throughout the domain and is becoming warmer in the western provinces. The storm which was near the coast of the Atlantic states has almost disappeared. Ottawa Valley—Moderate south to west wind. Fine and warm today and on Friday.

Fine and Warm. Maritime—Moderate to fresh west and southwest winds, fine and warm today and on Friday.

New England—Fair tonight; warmer in interior. Connecticut and western Massachusetts. Mild, fair, moderate south winds.

Germans Short of All Supplies But Food

Guns, Aeroplanes and Material Needed

A SENSATIONAL DOCUMENT

British Secure Instructions Given by Enemy Corps Commander—No Longer Regard Khaki Soldiers as "Contemptible Little Army"

War correspondents' headquarters in France, Oct. 4.—Germany is short of all sorts, but not food, according to a most sensationally interesting document that the British have captured, which is called the experiences of the fourth German corps in the battle of the Somme.

The document was written as instructions to the troops. It was drawn from the lessons of the battle by General Count Sixt Von Armin, the corps commander, who has been fighting opposite the British throughout the offensive.

This long detailed revelation of the inner thoughts of the German staff discusses the methods and shortcomings of every branch of the German army in view of the unexpected power and organization that the British have shown.

The document starts out by paying a tribute to the British infantry "which undoubtedly has learned much since last autumn's offensive. It shows great dash in attack. The document continues. The Englishman has physique and training in his favor. One must acknowledge the skill of the English in rapidly consolidating captured positions and their great tenacity in the defense of them."

Because the breach actions of so many German rifles have been clogged with dirt, General Von Armin suggests in the document that it would be advisable to fit a cover over the breach of the rifles, like that used in the British army, which can be easily unfastened and then brought from the rifle.

Explicit instructions are given in the document to the artillery to change their methods of placing batteries in villages and behind steep slopes, because of the British method of distribution of their artillery fire, which secures all obvious shelters. Owing to the terrific concentration of the British artillery fire, the document says that the British have placed on small groups of machine guns. Once the British lay a curtain of fire on a trench, it adds, the men had better evacuate it and lie down in the open.

Jack Coombs also expressed himself as confident of the outcome for Brooklyn. "If anyone believes Boston is going to ride right over us," he said, "he is reckoning without means of the stamp of Jake Daubert, Wheeler, Pfeffer, Marquard and Chief Meyers."

NOT ENOUGH RESERVED SEATS. Boston, Oct. 5.—With the first game of the world's series two days away, virtually every element in the local end of that event was in a readiness today. The champions divided forces today. One group, headed by Captain Jack Barry, went to Worcester to oppose the Philadelphia Athletics in a game arranged to assist a memorial fund for the victims of the Boston fire.

Others went again to Braves' field for light practice. Manager Carrigan said that the boys are in good shape, except for Foster and Barry. Whether either or both would be able to take active part in the series was still uncertain. Close followers of the team predicted today that Carrigan would carry over the series with Leonard as the pitcher.

Allotment of the 27,000 reserved seat tickets was finished early today, with probably more than 1,000 applications unanswered. The available reservations were over-subscribed so greatly that many persons who asked for a pair of seats were allowed but one, while others asking six and eight, in some instances obtained only a pair.

GOOD WEATHER FOR OPENING GAME.

Boston, Oct. 5.—Fair weather will prevail on Saturday in the opening game of the world's series here, in the opinion of the local weather bureau. "All indications today," it said, "are that conditions will be fair. Temperatures will be seasonable and winds moderate from the west. The outlook could not be better."

Today's Games National League: New York at Brooklyn, cloudy, 8 p. m. Boston at Philadelphia, cloudy, 8 p. m. No other games scheduled.

ST. JOHN MAN IN AUTO ACCIDENT

Fred Lane's Shoulder Broken and Ernest Shiels Has Ribs Fractured

Frederick, N. B., Oct. 5.—Ernest Shiels, traveler for the Imperial Tobacco Co., and Fred Lane, representing the Imperial Oil Co., were victims of an automobile accident near Vaß Buren, Me., last week. The front axle of their car broke and both men were thrown out. The top covering of the car was up at the time and saved them from death. Mr. Lane had his shoulder broken and Mr. Shiels suffered fracture of two ribs. L. W. Richardson has been appointed deputy registrar of probates for Charlotte, and Geo. H. Cockburn, deputy clerk of the county court.

The funeral of Abram Alward took place this afternoon with services conducted by Rev. A. F. Newcomb. There was a large attendance of relatives and friends. The pallbearers were: R. L. Phillips, Albert Kitchen, F. W. Taylor, Port H. E. Harrison and Dr. C. C. Jones.

SCOTCH AND IRISH WIN HONORS IN A BALKAN VICTORY

London, Oct. 5.—British troops yesterday captured the entire town of Yenikue, in Greek Macedonia, two miles to the east of the Struma. Scottish and Irish battalions especially distinguished themselves. The Bulgarians suffered heavy losses.

ANOTHER ZEPPELIN IS IN DIFFICULTIES

Esbjerg, Denmark, Oct. 4.—Fishermen report that at noon on Monday they sighted a partly submerged Zeppelin thirty-five miles northwest of the island of Sylt, in the North Sea. Several German destroyers and two large vessels were trying to keep her afloat.

LOCAL NEWS

Thomas Adams, of Ottawa, the town planning expert, will reach the city on Monday to direct the town planning scheme proposed for the city.

Miss Marjorie Gallagher was tendered a novelty shower last evening when a number of her girl friends gathered at the home of Miss Florence Dutton in Main street.

Following the wheat market advances the price of flour has now risen in the St. John market again. Manitoba flour is now selling for \$10.15 wholesale, and Ontario at \$9.20.

A new poleman has been added to the force of the local force—Lawrence E. Ward of Penzance, Charlotte county, a powerfully built man. He stands six feet two inches and weighs in the vicinity of 212 pounds.

The annual meeting of the Irish Literary & Benevolent Society was held last evening in the rooms, Union street, and the election of officers for the ensuing year resulted as follows: President, Joseph Kennedy; vice-president, James McGovern; secretary, A. C. Mahan; financial secretary, J. O'Brien; treasurer, R. E. Fitzgerald; Joseph Doody and Wm. Baxter.

That a campaign of personal solicitation be launched immediately in an effort to make up the local deficit in the Canadian Patriotic Fund was the decision arrived at yesterday at a meeting of the ways and means committee of the St. John branch of the fund.

Y. M. C. A. BUDGET \$12,000. An appropriation slightly in excess of \$12,000 was voted at a meeting of the finance committee of the St. John Y. M. C. A. to defray the general expenses of the association for the coming year.

There are two ways by which people who suffer from indigestion, appetite, sour stomach, flatulence, etc., can overcome the trouble. First, as practically all cases of the above are directly or indirectly traceable to acidity and fermentation, they can eliminate from their diet all foods which ferment and form acid, such as all starches and sugar and foods containing them, thus prohibiting bread, potatoes, fruits and most meats. About the only safe foods are gluten breads, spinach and small quantities of white meat of chicken or turkey. This diet is almost a starvation one, but it is sometimes quite effective. The second way, which appeals especially to those who like to eat hearty meals of good foods, is to eat whatever is reasonably digestible, neutralize the acid and stop fermentation by the use of a good antacid such as blaud's antacid, a teaspoonful of which in a little water immediately after eating or whenever pain is felt, instantly neutralizes the acid, stops the fermentation and permits the stomach to do its work without pain or hindrance. Owing to its simplicity, convenience and effectiveness this latter plan is now being adopted, instead of the old-fashioned, expensive, weakening starvation process. In this connection it is interesting to note that since the widespread use of blaud's antacid has been established, many druggists have arranged to supply it in 5 gr. tablets 2 or 8 of which are equivalent to a teaspoonful of the powder form and are much more convenient to carry.

Try This If You Have Dandruff. There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night, when retiring, use enough to moisten the scalp and rub it in gently with the finger tips. By morning most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple method has never been known to fail.

MORE BLACKMAIL ARRESTS

New Prisoners Accused of Being Connected With Big Syndicate. Chicago, Oct. 5.—Two more men and two women have been arrested by agents of the department of justice in a raid on a private apartment here and held in connection with the operations of the Great Black Mail Syndicate, which has recently brought to light by federal officers. Pursuing their investigation of the case of a wealthy merchant of Cedar Rapids, Iowa, who is alleged to have been hoodlums of \$15,000 by the syndicate, federal officials took possession of a packet of letters said to have been written by a private apartment here and held in connection with the operations of the Great Black Mail Syndicate, which has recently brought to light by federal officers. The four persons arrested are alleged to have been blackmailers whose names are withheld. Federal officers said opium smoking outfits and great quantities of habit-forming drugs were found in the apartment. Those taken into custody are: J. H. Golden, who said he was a real estate agent; Mrs. Grace Golden, his wife; John E. Lawrence, said to be a traveling salesman, and Mrs. Lawrence, his wife.

### CANADA MUST WAKE UP

More men are needed for the British armies. The need is urgent. The call has been sent forth from official headquarters. In Britain more men are to be taken for the army and their places filled by women. Sir William Robertson declares that the service of every man and woman must be utilized to the fullest extent. He says further: "We want more men and we want them now, and eventually we shall want all who can be spared."

What has this to do with Canada? The answer is that Canada has fewer men in her expeditionary ranks than she had two months ago, and that the number of casualties last month was greater than the number of recruits.

Well, what about Quebec? some one asks. The question is easily answered. No able-bodied man, fit and free to go in any part of Canada, can shoulder off upon Quebec his personal responsibility for the defence of his country. The moment any eligible man points his finger at Quebec he invites the pertinent question: "How about yourself? Are you going?"

Let it be granted that Quebec has not done as well in proportion to population as the other provinces. The same is true of the maritime provinces when compared with Ontario and the west. We can never get anywhere by recommitment and blame. There are local battalions to be filled. Whatever there may be calling for criticism in this or that direction is nothing compared with the urgent need of filling the gaps in the ranks. The chief business of Canada today is war, and the war must be fought to a finish if it takes every man of military age.

**SIR WILFRID LAURIER**  
At the outbreak of the war Sir Wilfrid Laurier pledged his support and the support of his party to the Borden government in whatever measures and whatever expenditures were necessary to enable Canada to give her full measure of support to the British cause. That support has been given heartily for more than two years. There has been perfectly justifiable criticism of the government from time to time, but never a suggestion that either men or money should be withheld. Sir Wilfrid Laurier has taken an active part in the recruiting campaign in the province of Quebec, and Liberals everywhere, though they were not blind to the fact that gross government and its officials all over the country, gave their sons and their influence and their money to uphold the honor of Canada.

These statements are indisputable. And now, in the third year of the war, the basic element of the government is pouring its venom upon the honored head of the Liberal leader, charging him with responsibility for the paralytic failure of recruiting in Quebec province. It is a thing for which Sir Robert Borden should hang his head in shame. He knows who are responsible for whatever indifference there is in Quebec province to Sir Wilfrid Laurier's appeals. The Nationalists are responsible. And who are the Nationalists? Several of them have been or are members of the Borden cabinet. Their leaders are Bourassa and Lavergne, the latter of whom boasts that he named members of the Borden cabinet and could himself have been a member. What have Borden and his Nationalist colleagues done to stimulate recruiting in Quebec? How many speeches have they made? What evidence have they given that they desire to co-operate with Sir Wilfrid Laurier in raising a new interest in recruiting in the province—or in any province?

### MR. THOMAS ADAMS

A visit to St. John by Mr. Thomas Adams, town planning expert for the Commission of Conservation, is always welcome, and it will be more so next week because he comes to spend the week in conference with the Town Planning Commission. St. John's town plan is to be considered and a beginning made of the work necessary to make it of practical benefit. This is the first Canadian city to have a comprehensive town-plan, although Nova Scotia leads in the adoption of a general town-planning act, which is described by Mr. Adams as the best yet enacted. When the war is over the questions of town-planning, better housing and better streets, with provision for recreation centres and playgrounds, will take on new importance, for an active period of civic growth may be expected within a reasonable period after the termination of hostilities. The questions of public health and public recreation have assumed a new importance in cities everywhere during the last few years, and they will continue to attract an increasing degree of attention. A proper town plan lies at the base of successful development, and there are few living men who have a wider knowledge or finer appreciation of the subject than Mr. Adams. He is much in demand in American cities, where his addresses have attracted a great deal of attention among people interested in better town-planning. But Mr. Adams is also a good-roads enthusiast and what he may have to say on that subject is certain to be not only of interest but of practical value in a city and province where the bad state of the roads has become a subject of the most lively discussion. The rule to apply in the case of Mr. Adams is this: When you get hold of a man who has practical information to give, get as much of it as possible and try to make use of it in a practical way.

### UNCLE SAM'S TROUBLES

The United States does not enjoy responsible government. If President Wilson were defeated in November he would still be president until March, and the remarkable situation to which this would give rise is thus explained by the Springfield Republican: "The immediate result of Wilson's defeat would be chaos in our democracy for no less than four months after election. A president is elected by the people in November, but no president takes office until the following March. De- feat Wilson and the White House throughout the coming winter might as well be a marble tomb so far as its occupant's influence with any of the beligerents or any of the foreign powers is concerned. No precedent for such a situation can be found in our diplomatic history. There never was such a war before; never in any previous war would it have been so important as in this that the diplomacy of the United States government should not be utterly paralyzed for a period of one-third of a year while a defeated president waited for his successor to assume the responsibilities of office. Had there been no issue raised as to the government's foreign policy, such an embarrassment would not necessarily arise in case a change of presidents were decreed, but in this instance we could not escape a confusion of possibly deadly significance, because Mr. Wilson as president could not go to his successor for instructions, nor would that successor suffer himself to assume responsibilities in the slightest degree before he possessed himself of the realities of power."

The Springfield Republican, ignoring its own name, or regarding it in a broad or sense, is a supporter of Wilson, and it conjures up grave foreign complications as certain to follow the election of Hughes to the presidency. It is surely a humiliating situation. The people are told that they must not elect the man they may possibly want, because after they did it he would be helpless for four months in a critical period of the nation's history. We do much better in Canada.

Germany is said to be short of guns, aeroplanes and war materials. Let us hope the report is true.

The drive toward Constantinople does not appear to have been more than a feint. The Roumanian army that invaded Bulgaria is said to have withdrawn.

### A NOTABLE BATTALION

(Moncton Transcript.)  
One of the battalions which recently visited Moncton had a formation that could do any city justice. This battalion was recruited in Medicine Hat. The men were of a noticeable physique, and on the final medical examination only twenty men were turned down by the medical board. The unit visited Moncton with an almost complete set of officers commanding, Lt.-Col. Nelson Spencer, was a former New Brunswick man, was also commander of Medicine Hat and a member for the province of Alberta. Besides the mayor, many other city officials, including the city clerk, treasurer, assessor, cashier, one of the aldermen, chief of police, store-keepers, auditor, one of the city's engineers, park superintendent, besides representatives of the city's carpenters, firemen and other branches of the civic work. A city boasting of this honor roll would certainly deserve a place among the red spots on the map.

## FAMILY DOCTOR'S GOOD ADVICE

### To Go On Taking "Fruit-a-tives" Because They Did Her Good

Roche, P. Q., Jan. 14th, 1916.  
"I suffered for many years with terrible indigestion and constipation. I had frequent dizzy spells and became greatly run down. A neighbor advised me to try 'Fruit-a-tives.' I did so and to the surprise of my doctor, I began to improve, and he advised me to go on with 'Fruit-a-tives.'  
"I consider that I owe my life to 'Fruit-a-tives' and I want to say to those who suffer from indigestion, constipation or headaches—try 'Fruit-a-tives' and you will get well."  
CORINE GAUREAU.  
50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

### LIGHTER VEIN

"Although Chugon has had a car for almost six months, he still seems to think a pedestrian has some rights."  
"How do you account for that attitude?"  
"It's very peculiar. It certainly shows a lack of self-confidence."  
"Miss Blank—So you went to the theatre last evening?"  
"Miss Crank—Yes, and had such a lively time."  
"Are any noted actresses in the company?"  
"Really, I did not notice."  
"The play was—let me see. Too bad! I forgot to look at the programme."  
"You don't know what the play was?"  
"No. You see, I was with a theatre party."  
"Was the public dinner you went to a success?"  
"It was the best dinner I ever attended. Every speaker who was down for a speech on the programme had consulted with me."  
"He—Was your father very angry when you told him of our engagement?"  
"She—Not particularly. He said he had been rather fortunate in the Stock Market of late and figured it was about time for his luck to turn."

### NOTHING SUCCEEDS LIKE SUCCESS

It is a glad and proper thing to be the originator of a new product, but it is not less a matter of public taste that has caught on to the public taste may be less than your finger nail, or bigger than your wrist, but it doesn't count—nothing really counts but this: That you have worked your way to the discovery of a commodity that supplies a known and felt want, and that the great wide-eyed public have spontaneously taken up your new production and made it a success.  
It has been exactly like that with H. P. Sauce. The delicious relish, made by the Midland Vinegar Company, of England, the largest firm of malt vinegar brewers in the world, has been an unqualified success from the first day of its distribution until now.  
H. P. Sauce, a thick, rich Sauce, compounded solely of most delicious Oriental fruits and spices, and pure malt vinegar. Its makers claim for it that there isn't another sauce to compare with it for true Fruity flavor, and judging from its already wide popularity, the general public have been quick to endorse the good opinion of the manufacturers.

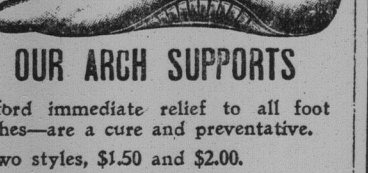

## Ask Your Dealer For Shoes Made in St. John

If the Shoes made by our own men and women wear well, tell your friends.  
New styles and finer lines are now being made.

**J. M. Humphrey & Co.**  
Manufacturers

## DO YOUR FEET ACHE?

Men, women, and girls who work in stores, offices or factories, and these occupations require them to be on their feet, usually suffer with foot pains, cramped toes, corns, bunions and callouses, or awakened by weak instep or weak and broken down arch.  
If it is not remedied flat foot develops and the pains become more severe and conditions more serious.

**OUR ARCH SUPPORTS**  
afford immediate relief to all foot aches—are a cure and preventative.  
Two styles, \$1.50 and \$2.00.  
Let Us Give You Comfort

**McRobbie**  
Foot Fitters 50 King St.

## Paint in the Fall

The Fall of the year is, by general consent, the most favorable time for painting the house. Owing to comparative dryness and the freedom from dust, on account of the stillness of the air, combined with the absence of small insects.

To insure satisfactory results use "Hand and Ring" Pure Prepared Paints  
They cover a lot of surface, wear well, work easy under the brush—and cost no more than good paint ought to cost.

## WE WANT EVERYBODY TO SEE THE Enterprise Perfect Double High Oven Range

The Range that appeals to every woman. No more stooping to bake or cook.  
It has two large ovens that can be used at the same time and with the same fire; hence a great saving in fuel. Both these ovens are at the right height to work; are fitted with Thermometers, and have doors to drop level with oven bottoms, and the lower one is fitted with a glass door, so contents can be seen at a glance without opening.  
The Warming Closet is double the usual size.  
The cooking surface is surrounded with Porcelain Enamel, keeping it beautifully clean.  
It is full of labor-saving devices, and for comfort, convenience and ease of management, surpasses anything ever produced.  
We cordially invite everyone, whether considering a purchase or not, to come in and look carefully over this splendid specimen of the Stove Makers' skill.  
It's something we are proud of and anxious to show. Let us demonstrate it to you. If you cannot call, send for circular.  
ENTERPRISE STOVES ALWAYS GIVE SATISFACTION

**Emerson & Fisher Ltd.**  
NON RUSTABLE  
**D & A**  
CORSETS  
Don't price a D & A until after you have examined and fitted it.  
Some women fear to try them because their price is low, but few who try them once ever go back to other kinds. For style, comfort and durability, these "Made-in-Canada" corsets compare favorably with imported makes selling at from \$1.00 to \$3.00 higher.  
Dunlop Corset Co., Quebec, Montreal and Toronto, makers also of the L.A. DRYA Corset.

## SIR WILFRID'S PLEA FOR CONCILIATION

(From Montreal speech.)  
"These problems, gentlemen, are of great importance, assuredly, but there is also another which is perhaps more agonizing at this moment at least, that is the future of our country from the point of view of the relations between the different elements composing our population. It is evident that amongst these elements there is at the present time some friction, some misunderstanding. There is nothing new in this. These conditions are periodical amongst us. They date back then to the time of the constitution of 1841, after the rebellion of 1837 and 1838.  
"But there then rose up a man who, by his goodness, his moderation, his tact, and his judgment, became the savior, not only of his race, but of the whole country, that man was the one whom you have honored by giving his name to one of your most beautiful parks, that is Louis Hippolyte Lafontaine. It was he who lifted up his country, bleeding as she was from the wounds received in the rebellion and the reprisals which followed it. It was he who placed her on her feet, dressed her wounds, restored her dignity. It was he, finally, who opened a new highway in making appeal to all good will amongst all the races, which appeal has brought the country to the high position which it occupies at the present time.  
"Co-operation of All Classes  
"Gentlemen, do you believe that Lafontaine, no matter how strong he was, could obtain this result by his own efforts? Do you believe that if he had been alone at the head of a minority he could do what he did? No. If Lafontaine was able to accomplish the reforms which he did accomplish and draw his country out of the unfortunate position into which she had fallen and make it enter upon a new era, he owed it to the co-operation, the help of Robert Baldwin and of the Liberals of Upper Canada. If Lafontaine had said at that time: 'No, we want no conciliation, no alliance. We want all or nothing, what would have happened?' If Lafontaine had taken that stand, God knows what would have happened, but I know that we would not be today the free race that we are.  
"The constitution of 1841 was full of defects. It was unjust on many points, contained flagrant injustices, and there were not lacking men, even the most eminent, who told Mr. Lafontaine that he ought to accept it. He did not follow this advice. He did accept it, and with the help of Baldwin and the Liberals of Upper Canada he drew out of following this line of conduct Lafontaine had said: 'No conciliation, no alliance, everything or nothing,' what would have happened? The reply is easy: We have had the proof of it in recent events.  
"Must Give and Take  
"If Lafontaine had followed this line of conduct there would have happened what most always happens in cases like that. If a minority—mark well my words, my compatriots of the French tongue, my compatriots of all races—if a minority takes for its motto, 'No conciliation, no alliance, nothing, nothing, nothing,' the results will always be the same, nothing, nothing, nothing.  
"Here is the lesson which we should draw from the life of the illustrious man L. H. Lafontaine. It is a lesson which we must follow. Like him, let us remember that there is no absolute right in this world, that the rights of each individual are limited by the rights of others. Following in his footsteps let us try, and on every occasion, for all time, to be firm in our purpose, moderate in the means of attaining and generous in the expression of our views.  
"This, gentlemen, is the line of conduct which I have endeavored to follow from the first day I entered public life—and that is over 40 years ago—and this motto which I learned from him whom I consider as the greatest of all the Canadians, no matter to what race they belong, I have always put into practice, and if it be permitted to me to say by saying that I will follow this motto to the end, to the end, to the end!"

**Forestry Men To Go To Montreal**

Overseas Soon—Promise of Recruits at Dipper Harbor—News of the Soldiers

The local detachment of the 242nd Forestry Battalion will leave on Monday evening for Montreal. It is reported that the unit will go overseas very shortly as it is now over strength. The recruiting for this battalion has ceased and Lieut. Blair, who has been in charge of the recruiting here, will leave shortly to rejoin his battalion.

It is reported that Captain A. D. Correll, who last year was commandant of the branch of the R. S. I. being here will in all probability be a member of the staff of the N. B. command this coming winter.

Recruiting  
William A. McManus of Hampton signed yesterday for overseas service with the 242nd Forestry Battalion and Harry Macaulay of St. John with the Field Ambulance.

A big recruiting meeting was held at Dipper Harbor last night and, although no recruits were actually secured, the names of twenty-eight young men were taken and it is expected that after the fishing season is over some of them will join the battalion.

Four Wounded  
The midnight casualty list contains the names of four more N. B. men among the wounded. They are: Jule Mally, Newcastle; Oscar White, Fredericton; Dorian Pond, Fredericton, and Albert Leclair, Balmoral.

Mrs. J. A. Morison, wife of Rev. Dr. Morison, received word last night to the effect that her nephew, Boyd Nichol of Fort William, Ontario, had been killed in action. He was nineteen years old and was a member of a Highland unit.

John G. Williams of the 140th Battalion has been promoted to be sergeant-tailor of the 242nd Forestry Battalion. The Chaplains

Major the Rev. G. W. Wood, of New Brunswick, recently wounded by a bullet, has rejoined his unit in the first division, though at the time of his injury reports were current of his death. Captain the Rev. A. P. Shafter is leaving France this week and is sailing for

**SMILE, BE HAPPY! TAKE CASCARETS**

Cheer Up! Remove the Winter's Poison From Your Liver and Bowels

Enjoy Life! Don't Stay Blistery, Sick, Headachy and Constipated

Spend 10 cents—feel grand! Tonight take Cascarets to loosen your liver and clean your bowels. Stop the headaches, bilious spells, sourness, gases, coated tongue, bad breath, sallowness and constipation—Take Cascarets and enjoy the nicest, gentlest "inside cleansing" you ever experienced. Wake up feeling fine. Cascarets is best cathartic for children.

Montreal soon. Captain the Rev. A. L. Sherry, Nova Scotia, Captain the Rev. A. Ketterson, Belleville, and Captain the Rev. Canon Headley, Port Arthur, have proceeded to the front on chaplain duty. Major the Rev. J. Pringle and Major the Rev. C. C. Owen have taken up duty with the hospitals.

In a recent cable from London it is stated that Lieutenant J. S. Henry of this province is a member of a recent draft of officers sent to France, and that Major Dunfield is assisting in recruiting.

**Sunday**

**The Corn Aches**  
You apply a little Blue-jay plaster. The ache ends instantly, and it never will return.

You can prove that in one minute. A million women prove it every month. A corn will never pain again after Blue-jay once goes on it.

**Monday**

**No Corn Pain**  
On Monday you won't know you have a corn. It is gently disappearing. You know that corn is done for. You know it won't come back. You may also know that soreness will not follow. For Blue-jay is a gentle and efficient.

**Tuesday**

**The Corn is Gone**  
In 48 hours Blue-jay ends 91 corners in 100. The other 9 per cent are tough corns which need another application. It is such as been the history of 70 million corns, since Blue-jay was invented. And any use will assure you that such results are certain. Prove that fact tonight.

**Blue-jay**

**CHAS. CHAPLIN**  
UNIQUE TODAY

The comedy scream of the season, "The Count," one of Chaplin's greatest successes, at Unique today. Other features: "Angels in Marble"; "Three Shows" afternoon and evening. Hours, matinee, 2, 3 and 4 o'clock; evening, 7, 8 and 9:15.

**The Star Theatre Offers Something Special in "His Majesty the King"**

This is an Exceptionally Good Production, Adapted From The Very Popular "Lives," "The King is Dead; Long Live the King"

The story of this feature-film tells how the heir to a throne, a mere child, is threatened with abduction, for the purpose of giving greater power to one of the nobles. How the little ruler was saved by his young sister, who carried him away on horseback forms a most interesting and unusual photoplay.

Glady's Huette, Thanhouser's charming leading lady, is the star in this special feature. The patrons who saw it last night were well pleased. The final presentation will be given tonight at 7, 8 and 9 o'clock. The balance of the programme consists of the Mutual Weekly and a Beauty comedy featuring Orval Humphrey. The European war pictures are of special interest to all Canadians as they give authentic views of what is now going on at the front.

For Friday and Saturday the Star will have the fifth chapter of "The Girl and the Game."

**Blue-jay**

**OBJECT OF ROBBERS WAS GOLD BULLION**

Hold-up Near Detroit Missed C. P. R. Train With a Fortune Aboard; Wrong Express Halted

London, Ont., Oct. 5.—The motive behind the hold-up and robbery of Michigan Central Express No. 14, from Chicago to New York, a few miles out of Detroit at midnight has become known to C. P. R. officials here. It has been found that the robbers actually intended to hold-up C. P. R. Express No. 20, which travels over the M. C. R. R. west of Detroit, and which should have preceded the Michigan Central train by a short margin. The C. P. R. Express, carrying a fortune in gold bullion, was a little late, however, and lost its customary position on the time card. Falling behind the M. C. R. Express it was thus saved from the robbers, who diligently ransacked the express and baggage cars of the train attacked, seemingly with a fixed purpose. It is believed here that they learned of the coming bullion shipment, and sought to intercept it. The gold, however, was quite intact, though closely guarded when it passed through London for Toronto and the east.

**BRITISH EXPENSES RISE FIVE BILLIONS IN YEAR**

London, Oct. 5.—Interesting figures are contained in a treasury statement, covering the six months of the fiscal year ended September 30.

The exchange balance sheet of that period shows:—Total receipts, £1,698,687,085 (\$9,843,435,425); total issues out of the exchequer, £9,710,194,015, an increase of nearly \$5,000,000,000 over the corresponding six months of last year.

Of the receipts only \$18,614,495 came from revenue, \$5,215,000,000 being money raised by the creation of a debt and nearly \$2,160,000,000 on credit of ways and means.

Revenue receipts show increases of \$308,000,000 over the same period last year, nearly \$95,000,000 of this being from property and income tax, and more than \$155,000,000 from duties on excess profits. The postal service showed an increase of \$10,444,000 and the customs an increase of \$35,000,000.

**MORE BREAD FOR GERMANY**

Larger Crops Insure the Maintenance of Increased Rations

Berlin, Sept. 29, (by wireless to St. John).—The larger harvest of this year has enabled the authorities not only to maintain the increased bread rations granted several months ago, for persons who have hard manual labor to perform and to provide an additional fifty grammes of flour a day for young people between 12 and 17 years old, as recently announced, says an Overseas News Agency statement, but has made it possible to insure the increased rations being maintained during the entire year to come. The authorities declare that these

**TO TRIFLE WITH CATARRH IS TO RISK CONSUMPTION**

Usually it comes with a cold. Being slight it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure at once, inhale Catarrhose. It destroys the germs of Catarrh, clears away mucus, cleanses the passage of the nose and throat. The hacking cough and sneezing cold soon disappear, and health is yours again. Nothing known for colds, catarrh and throat trouble, that is so curative as Catarrhose. It cures by a new method that never yet failed. The one dollar outfit includes the inhaler and is guaranteed to cure. Smaller sizes, 25c, and 6c, sold everywhere.

**TO FREE YOUR SKIN OF Hair or Fuss**

(Double Secret).

No toilet table is complete without hair or fuss can be quickly banished from the skin. To remove hairs you merely mix into a paste enough of the powder and water to cover the objectionable hairs. This should be left on the skin about 2 minutes, then rubbed off and the skin washed. When it will be found free from hair or bluish. Be sure you get genuine delatone.

**NOW A STRONG MAN**

My father has been troubled with Rheumatism for a number of years. He was advised by a friend to try

**Gin Pills**  
FOR THE KIDNEYS

He purchased a box, and after taking them for a week found that they gave him some relief. He then purchased three more boxes, which were the means of entirely relieving him. He is now a strong man in good health and able to attend to his daily work. For this great change all it did to Gin Pills cost him only 25c.

All druggists sell Gin Pills at 25c a box, or 4 boxes for \$1.00. Sample free if you write to: NATIONAL DRUG & CHEMICAL CO. CANADA, LIMITED Toronto, Ont.

THE DRY GOODS TRADE

Local representatives of the department of justice bank in Chicago some weeks ago an investigation concerning a proposed increase in the price of bread and reports from Washington said that there might be indication for violation of the anti-trust law if such a change should be made by a bakers' agreement.

BREAD AND WHEAT

Why are the American people asked to pay more for bread? For one reason, because the bakers are paying more for flour and certain other things that they must use. Those who look at market reports will see that since the first week of July the advance in the price of wheat has been fifty cents a bushel or nearly fifty per cent.

MONTEAL TRANSACTIONS

Up to 15 closed today. (J. M. Robinson & Sons, Montreal Stock Exchange.) Thursday, Oct. 5. Bank of Commerce—100 at 170. Merchants Bank—3 at 170. Braal—35 at 55%.

THE CONDITION OF TRADE

The weekly trade reviews of last week show conditions to be steadily improving in the United States, although holiday observations during the week and slight labor troubles had a dampening effect on manufacturing.

THE PRICE OF MILK

Something very much like a crisis seems to be developing in the milk business, and at almost any other time than now, when great emergencies are so numerous, the situation is not to be taken for granted.

FREE SAMPLE COUPON

Form for requesting a free sample of Pyramid Drug Company's medicine. Includes fields for Name, Address, City, State.

PRICES OF STAPLE FOODS ON INCREASE

Chicago, Oct. 5.—Staple foods, such as butter, eggs and cheese, have in the last year advanced nearly 50 per cent. in price on the Chicago market, according to reports from dealers, and even greater increases are shown in the price of potatoes, cabbages and onions.

WHY ARE WE ASKED TO PAY MORE FOR BREAD?

Why are the American people asked to pay more for bread? For one reason, because the bakers are paying more for flour and certain other things that they must use. Those who look at market reports will see that since the first week of July the advance in the price of wheat has been fifty cents a bushel or nearly fifty per cent.

CATARRH CANNOT BE CURED

With local applications as they cannot reach the seat of the disease, Catarrh of the nose, throat, and sinuses, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system.

SIR WILFRID LAURIE'S CLARION CALL TO QUEBEC

"If there are people who say we should not fight for England, I say that we fight under British institutions. We are a free country, and we must always fight for our country. I go further—there are people who say we will not fight for England, well you then fight for France! Ah, gentlemen, remember that it is not on England that Germany throws her forces."

**AMERICAN PROPERTY NOW HELD BY VILLA**

**Mining Lands Valued at Several Million Dollars Captured by Mexican Bandit; General Ramos Wounded**

El Paso, Texas, Oct. 2.—American-owned mining property, valued at millions of dollars, is in the possession of the Villa bandits at Cuernavaca, fifty miles southwest of Chihuahua City. Following the battle at Cusi Wednesday between Villistas and Carranistas, the Carranistas, under General Matias Ramos, who was slightly wounded, returned to Santa Isabel, thirty miles by rail from Cusi, leaving the town in the possession of the Villistas. Carranza officials at Chihuahua City claim the Villistas were badly defeated in the Cusi battle, but admit having retired to Santa Isabel, leaving the mining town in possession of the bandits. Reports received by local mining men are to the effect that Villa, at the head of three hundred men, marched into the town and captured it with the aid of most of the garrison, which revolted. A number of Carranza officers remained loyal, and were made prisoners by the mutineers. Villa gave the prisoners the option of joining his forces or of taking the consequences. Several officers remained loyal. They were not executed, but were horsewhipped, before their men and freed. Several hours later the town was at-

tacked by General Ramos with eight hundred men and the Villistas were dislodged and driven up the steep valley, three-quarters of a mile away, to La Buña Mountain, where the properties of the Cusi Mining Company are located. There another battle occurred. General Ramos, who was wounded in the fighting, then retired, marching to the Mexico Northwest Railroad at San Antonio, and entraining there for Santa Isabel. The Villistas recaptured Cusi. The mining properties at Cusi are the San Juan, Cusi-Mexicana, and the Cusi Consolidated Mining Company.

**GLYCERINE AND BARK PREVENT APPENDICITIS**

The simple mixture of buckthorn bark, glycerine, etc., known as Adler's, astonishes St. John people. Because Adler's acts on BOTH lower and upper bowels, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses of relief or prevent appendicitis. A short treatment helps chronic stomach trouble. THE INSTANT, easy action of Adler's is astonishing. J. B. Macpherson, druggist, corner Dock and Union streets.

**GOING AS NURSE**

Miss Ina Lockhart of Petticoat, who has been visiting relatives in Sydney, is spending a few days in Moncton. Miss Lockhart is a sister of Lieut. Frank Lockhart, who went overseas with the 26th and has been missing since April. William and Harry, of the 104th, are also brothers. Miss Lockhart is a graduate of the Newton Hospital. She will leave New York in the near future for service in France.

**SUBMARINES SANK 277 SHIPS**

**Last Four Months Germans Killed 84 on Unarmed Vessels**

Washington, Oct. 2.—Much more complete information of Germany's submarine activities, which supplements Lord Robert Cecil's statement in London has been received in dispatches from London. These show that between June 1 and September 24, 277 vessels of all nationalities have been sunk by submarines, of which fifteen were reported sunk without warning with the loss of eighty-four lives. Sixty-six neutral vessels were destroyed in the period. This fuller information brings out that the submarine activity has practically doubled in the last two months. In June, after delivery of the American note on the Sussex accepting Germany's agreement not to sink vessels without proper safeguard to lives on board, fifty-seven vessels were sunk, of which five were neutral, and six, including three neutrals, were sunk without warning with the loss of twenty-five lives. In July the total sunk fell off to forty-two, including nine neutrals, with two British sunk without warning, with the loss of forty-one lives. In August the total sunk more than doubled with the figures of 108, including twenty-six neutral vessels. Two allied boats were sunk without warning with the loss of three lives. The figures up to September 24 show a continuing high rate of destruction in the month, with a total of seventy-five vessels sunk, including twenty-six neutrals, with five allied boats sunk without warning with the loss of fifteen lives.

**Halifax To Have An Income Tax**

**Every Male Between 21 and 50 Years, Not Assessed for \$300 or More, Liable to a Tax of \$3 if He Earns \$700 or More**

Halifax, Oct. 2.—Halifax is to have an income tax though on a restricted basis as compared with some other cities in Canada and the United States. In the 1917 assessment will be included the estimate amount to be derived from this new source provided by an act of the legislature. It will be the first time in the history of the city that the new tax can be estimated for and the effect of it will be watched with much interest.

By an act of legislature every male person between the ages of twenty-one and fifty, resident in the city on the first day of August in any year, and who has so resided for not less than three months previous to that date, and not assessed, and who receives an income of not less than \$700 per year, is liable to a tax of three dollars.

This tax may be looked upon as a poll tax, but it is assessed and collected in a different way and is aimed to make those who have in the past to evade the poll tax, and to deal with those assessed and liable to a poll tax under the old act, on a more equitable basis. Those who are assessed for \$800 or over on either real or personal property will not be liable to pay a poll tax. In the past they were liable to pay a poll tax of five dollars. There were a great many who never paid it and it is only about half the amount estimated from this source was collected. The tax was regarded as unfair, in that many who paid other taxes had to pay a poll tax, while others got off scot free.

The proposed tax of three dollars is to be collected in the same manner and with the same remedies as the city rate upon personal property. It is unlikely that anyone will be able to escape it who is liable. In addition to the assessment plan to collect this tax, a general warrant may be issued for the collection of the tax by distress and sale of goods of the person named and for want of goods of such person whereon to levy he may be committed to jail. Any person so committed shall be entitled to all the privileges of a debtor imprisoned under civil process.

It had been originally proposed to make every firm or employer in the city liable for the tax of the employees. The plan was to empower the employer to keep the amount of the tax off the earnings of those whom he had in his employ liable for the tax. This was not considered fair.

Employers are required on request to furnish the assessor with the name of every person in his employ in receipt of a yearly salary or income of \$700 or over.

Lists have been already received from practically all business places in the city and is quite a large one.

An indictment is offered for those who pay promptly. If the tax is paid on or before the 30th day of September, the person paying it is a British subject, shall be entitled to a vote at the next ensuing election for mayor, councillor or alderman in the city; and the names of all persons who have so paid shall be added by the collector to the list of persons entitled to vote.

**NEED STRUCTURAL STEEL**

Contracts for \$500,000,000 Demand Material, Organization Asserts

Chicago, Oct. 2.—Contracts for \$500,000,000 have been let in the iron and steel industries as the first development of the biggest boom in the history of the Central Western States, it was brought out at the final session of the Structural Steel Society.

The society considered the situation as one that presented unprecedented prosperity for all workers, regardless of the outcome of the presidential election.

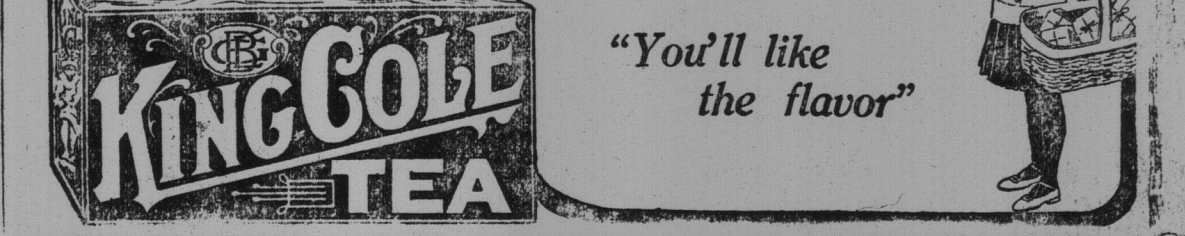

"Never at any time in our economic life has the United States experienced such an expansion of building," said President F. W. Ives of Decatur.

His summary was based on reports furnished by secretary A. L. Denniston of Rochester, Ind., to the effect that structural men throughout the country are unable to get sufficient supplies of iron and steel to construct bridges and steel skeletons for buildings, and to engage in the industries that require this material. Mr. Ives added:

"We sent a delegation today to Gary, Ind., to stimulate the mills to turn out more product. We have communicated with mills throughout the country the fact we must have structural materials to meet the great demand."

**Your Mother Will Be Pleased**

"You'll like the flavor"

**Britain Needs Many More Men**

The "man power distribution board" of Great Britain has announced that Great Britain is in urgent need of more men to maintain the forces in the field at the numbers already fixed and to maintain the supply of ammunition. They recommend that exemptions from service be limited further, that more women be employed in munition factories to free more men; that men engaged in private work be freed for military service; the extended use of women and men over military age and the release of men of military age now employed in military offices.

Sir William Robertson, chief of the Imperial staff, in an address yesterday strongly urged the need of more men. "We are not justified in expecting to win the war unless the service of every man and woman in the country be utilized to the fullest extent," he said.

The Canadian divisions between Thiepval and Courcellette have had another day of fighting.

The Serbians have forced the Bulgars to retire, the latter leaving a breach of eighteen miles in their lines. Much Serbian territory has been recovered.

The King of Greece has accepted the resignations of the entire cabinet and it is expected that Dimitroscopolis, former minister of justice, will be asked to form a new cabinet, including three Venizelos supporters.

MORE BREAD AND BETTER BREAD

**The Shadow of Death Hangs Over Belgium**

3,000,000 People are Living Within A Few Days of Actual Starvation

The situation in Belgium grows more critical with every passing week. The fate of women, children and old and wounded men, in steadily growing numbers, depends absolutely on the Belgian Relief Commission. If the food supplied by the Commission were cut off, the third day would find the weaker ones starving to death. Within two weeks 3,000,000 would be dead or dying, and 4,000,000 more would be suffering acutely.

Compare this with Canada—with our huge crops and busy factories—an abundance of food and plenty of money! Think of the average Belgian family! The fate is in the trenches—or dead. The mother takes her place in the lengthening bread lines, to get the meager rations served out by the Belgian Relief Committee. The children, thin and pinched, and clad in rags, wait for what she will bring home.

So long as contributions to the Belgian Relief Fund keep up, each will get three slices of bread and a pint of soup a day. If gifts fall off, some must go hungry, or starve!

You can save at least one from such a fate! \$1.00 a month—less than 4c a day—will do it. \$2.50 a month, in the hands of the Belgian Relief Commission, will feed an average family. Can you spare that much or more? Can you, with a clear conscience, withhold it? How many families will you undertake to feed till the war is over?

Whatever you feel you can give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

**Belgian Relief Fund**  
59 St. Peter St., Montreal.  
\$2.50 FEEDS A BELGIAN FAMILY ONE MONTH.

The schooner Sullivan Sawin, 559 tons, Captain McAllan, arrived in port from Sydney, C. B., to load shingles for the West Indies.

**MR. FLAHERTY IN MONCTON**

James A. Flaherty of Philadelphia, Supreme Knight of the Knights of Columbus, will arrive in Moncton this afternoon from Charlottetown. He will be met by a reception committee of the local council and escorted by auto to St. Joseph's College, where he will deliver an address. Tonight he will be entertained by the Moncton Knights.

**WINS A SHAWL**

The drawing for a shawl for patriotic purposes, under the auspices of Jewel Reheals Lodge, No. 6, took place on Wednesday evening. The one holding the lucky ticket was Mrs. Kindred, of Windward street, West End. The sum of \$19 was realized. The shawl was donated by Mrs. George Cuthbertson, a member of Jewel Lodge.

**ON THE RIVER**

The steamer Hampstead has been withdrawn from the St. John-Fredericton route and may not go on the river again this fall. It is said that the service did not warrant the running of two steamers by the company. The steamer Viking will replace the Hampstead. She left for Fredericton this morning.

**WINS FIRST PRIZE**

George M. White has received word that he has won a first prize for his teaching of physical training in the Tower School, Lancaster Heights, last year. A portion of the prize goes to school. Mr. White resigned his position as principal of the Tower School at the end of last term and enlisted with the 8th Field Ambulance unit, now stationed in the Immigration sheds in West St. John.

**LUDLOW STREET CHURCH**

A social and entertainment was held in the Ludlow street Baptist church on Tuesday evening, under the auspices of the Relief Society. The proceeds were devoted to church funds. The get-together services, which are being conducted in this church, are being well attended. Last evening Rev. P. R. Hayward delivered a forceful address on the "Investment of Life." Miss Jeanie Colwell was heard in a vocal solo.

**SYNOD COMMITTEES**

The final session of the quarterly meetings of the Church of England synod committees is being held today. At ten o'clock the committee of the incapacitated clergy fund met, at eleven o'clock the ordination candidates council met, and at twelve o'clock committee on the Education of Clergy, and at two-thirty the executive council. The attendance is especially good. Bishop Richardson, Dean Neale of Fredericton, Archdeacon Forsyth and Archdeacon Newham are among these here for the meetings.

**GLORIOUS DAY FOR TEA AND SALE AT BUNGALOW**

Under the auspices of the Soldiers' Wives League, a tea and sale is being held at "The Bungalow" at Pleasant Point this afternoon. The day is delightful and the event gives promise not only of success financially but also of being a very pleasant social affair. For the last two years the members of the league have arranged a Christmas treat for the children with daddies are overseas and the affair this afternoon is expected to provide funds to assist in carrying out similar plans this year.

Mrs. George F. Smith, president of the league, is chairman of the general committee; the tea tables are in charge of Mrs. W. W. White, Mrs. John E. Moore and Mrs. Stewart Skinner. Mrs. L. W. Barker, Mrs. Fred Schofield and Miss Edith Skinner, are looking after the candy table and the fancy table is in charge of Mrs. George McAvity and Mrs. Sherwood Skinner.

**FRANK JENNINGS MEETS FRIENDS OF OLD NO. 4 SIEGE BATTERY**

In a letter to his parents, Mr. and Mrs. P. L. Jennings of East St. John, dated September 17, Q. M. S. Frank X. Jennings writes that there were big things in the air. "Of course," he says, "I can not tell you about it but through the papers you can learn it out. At all events things of interest are happening and are going to continue to happen. I had the good fortune the other day to run across the old No. 4 Siege Battery now at English R. G. A. group. All are well. Amongst I saw Capt. Roy King, Lieut. Jack Fairweather, Phil McBride, Alfred Henderson, Arthur Ellis, Jack Morrissey, Don Macaulay and dozens of others."

**TRAINED BY JACK REDFERN**

The 219th, which holds the Borden shield as having the crack company of the Highland Brigade, has again added laurels to its name by winning first place in a hotly contested competition in first aid to the wounded.

On last Saturday, before thousands of spectators at Aldershot Camp in a unique exhibition of how stretcher-bearers work under fire on the battlefield, its squad of four men, consisting of Privates D. F. McGuire, Halifax; H. L. Porter, Acadia; R. C. Murphy, Halifax; and A. G. Penney, Berwick, won in open competition against three picked teams from the 18th, 180th and 183rd battalions.

The 219th men have been trained through the summer under the most efficient instruction of Q.M.S.I. Redfern, C.A.M.C., ably assisted by Sergt. P. M. Hamilton of the 219th Medical Office.

The 219th won by one minute and eighteen seconds over their closest competitor, the 183rd, who put up a close argument for the championship. This test reveals the splendid efficiency of the training which these men are receiving in first aid, and Capt. Churchill, M.O., has been receiving congratulations upon the success his men, since this proves that on the day of battle the wounds of the men will be attended to with the greatest of care and speed.

The stretcher-bearers of the 219th battalion made a 20-mile route march on Wednesday to Wolfville, returning by Port William and Belcher street. This is the longest route march yet taken with full packs, but no one fell out and the boys came back having had a good time and with pleasant memories of their kindly reception.

**Macaulay Bros. & Co., King Street, St. John, N. B.**

Stores Open at 8.30 a.m.; Close at 6 p.m. Commencing Sat., Sept. 2, Stores Open till 10 p.m.

**HALF THOUSAND MORE TROOPS SAID TO BE ON WAY HERE**

To Arrive From Valcartier Tomorrow Night is Report Today

Information was received in the city this morning that 500 soldiers and sixteen officers would arrive here tomorrow night from Valcartier. No official word had been received at the office of the New Brunswick command until noon today, although all arrangements are reported to have been made for their transportation on the G. R.

Just what unit or part of what unit they are could not be ascertained, but it is just possible that it is the 229th Railway Construction Battalion. A few days ago it was rumored that St. John might be the winter home for the 229th, providing the Irish Rangers in Montreal did not secure at least 100 recruits within two weeks.

The 229th Battalion's total strength is about 600. There is also yet unaccounted in Valcartier a Special Service Battalion which is partly filled up, but so far this unit coming here for the winter has never been suggested.

**LATER**

Later news is that the men are those that have been found physically unfit to proceed overseas at present.

**WALTER MCFATE DIES SUDDENLY**

Upper Golden Grove Farmer Well Known in the City

The village of Upper Golden Grove and vicinity was saddened this morning when it became known that Walter McFate, a prosperous young farmer of that place, had died suddenly, presumably from heart trouble. Mr. McFate was about his work as usual yesterday and arose this morning to commence his farming as was his custom. He had gone to the barn to see to the cattle and returned to the house, when suddenly he was overtaken, without a moment's notice, by death. He was thirty-three years of age and was well and favorably known both in the county and city. The news of his sudden death will be heard with deep regret by his many friends.

Mr. McFate leaves, besides his mother, Mrs. W. A. McFate, three brothers, William and John of Golden Grove, and Albert of this city, and four sisters, Mrs. George Johnson and Ethel of Golden Grove, Catherine in Boston, and another married sister in the west.

**IN HONOR OF FORMER ST. JOHN MINISTER**

Tablet at Fond Du Lac in Memory of Late Rev. Dr. T. G. Smith

The account of the unveiling of a tablet in Fond Du Lac, Wisconsin, which appears in a recent issue of The Daily Commonwealth of that city, is of interest to many here who revere the memory of that man in whose honor the memorial was erected. The article says: "A beautiful white tablet, the gift of Robert Powrie, on which the image of Rev. Thomas Gillespie Smith, who was pastor of the First Presbyterian church from 1867 to 1874, is done in bold relief, is to be unveiled at the opening of the morning services at the Presbyterian church on Sunday.

"Years of loving friendship between Mr. Powrie and Rev. Mr. Smith inspired the former to execute the piece of art, which is remarkable for its clearness and for its almost exact similarity to the photograph from which Mr. Powrie had to work.

"Surrounding the oval of the relief are these words, engraved in marble:—To the glory of God and in loving memory of Thomas Gillespie Smith, D. D., 1880-1899, pastor of this church, 1867-1874."

The late Dr. Smith was the minister of St. Andrew's Presbyterian church in St. John from 1883 to 1886 and still is fondly remembered by the older members of the church. While here he married Miss Zillah Rankine, daughter of the late Thomas A. Rankine of this city. Two of his daughters still reside here, Mrs. John B. Magee of Mecklenburg street, and Mrs. Allan W. Daniel of Rothesay. His youngest son, Lieutenant W. Fielding Smith is now at the front, a grandson went over with the first contingent and another has enlisted.

From St. John Dr. Smith went to Wausau, Wis., and later to Kingston, Ont., where he was financial secretary of Kingston University. His death took place there and his widow still resides in Kingston.

**OUTLOOK GOOD AT MOOSEPATH FAIR**

The St. John City and County Agricultural Society's annual exhibition is being held today at Moosepath. Very little was done in the morning, but towards noon large numbers began to reach the grounds from the city and county. With ideal weather and a large entry list the fair promised to be a great success.

This afternoon the horse racing was expected to draw many to Moosepath, and incidentally to the fair. Besides a class race for local horse, Pearl Pick and Billy the Kid were to trot a match race.

A farmer said to the Times today that in 1911 he secured a very highly bred Ayrshire calf from Upper Canada and entered it in the fair at Moosepath of that year. The calf took first place. He later sold the calf and it was taken to the C. P. R. farms at Fredericton Junction. Today in looking over the list of entries he found that the same calf, but now a cow, was entered in the present day fair. It is now owned by a well known farmer on the Marsh road.
