BRITAIN, JAPAN AND U.S. AGREE ON CHINA

FOREIGNERS TO BE PROTECTED, IS DECISION

Want Guarantee Before Any Discussion Is Opened

RUSSIA WARNED

Chamberlain Tells Envoy That Violation of Trade Pact Must Be Stopped

By HERBERT BAILEY British United Press

LONDON, July 14.—The British have finally induced Japan and the United States to accept their viewpoint with regard to China, and are now agreed that China must afford ample protection for foreigners before there can be any discussion of the abolition of extra-territoriality.

The British have convinced the United States that Bohemian propaganda is playing a large part in the situation in the far east and that this is not the time to succumb to this propaganda which would facilitate the schemes which Moscow has set her heart on.

RUSSIA WARNED

Rakovsky had a 40-minute interview with Austen Chamberlain yesterday, and declared after the meeting that he was pleased with his reception, but it is understood that Chamberlain told Rakovsky bluntly that the British had ample evidence of Russian intrigues against them in the far east and that this constituted a violation of the trade agreement and must be stopped immediately.

GUNMEN ON 5TH AVENUE GET \$20,000 GEMS

Tie Up Girl and Man in a Jewelry Store Near Police Station.

SHOP WAS SCENE OF MURDER IN 1920

Young Robbers Leave by Elevator After Looting Safe at Noon.

NEW YORK, July 14—The jewelry firm of Barnett Robinson & Co., on the seventh floor of 543 Fifth avenue, a block away from the police Fifth avenue headquarters, was held up and robbed of gems worth \$20,000, shortly before noon, by two young men. It was in this building that Edwin W. Andrews, a jeweler, was murdered when receiving a \$50,000 robbery in 1920.

The bandits descended calmly by the elevator after looting the Barnett Robinson safe. They left behind them a girl clerk of the firm and a man client who entered while the robbery was in progress. Both were taken to chairs. The bandits showed knowledge of the place they were to rob. Ordinarily business is done by the entrance through a window in the partition separating the inside office from the entrance room. The first bandit who wore no disguise, presented himself at this window and smiled at Miss Sophie Kotler, 21 years old, who was in charge of the shop. He was a pleasant-looking boy, not far from her age, and he seemed to be sure Miss Kotler was alone.

"Now, open that safe, dearie," he said pointing to the safe and motioning with his revolver. He did not point it at her and spoke quite gently, the girl says. She opened the safe. The two men assured themselves that none of the drawers were locked. Then they took picture wire from their pockets, ordered the girl into a chair and they took her jewelry, but with some care not to hurt her. One of them produced a gun and stepped toward the girl. She screamed but they decided it was unnecessary. Then they rifled every compartment in the safe. Their haul consisted principally of emeralds and sapphires. As they prepared to depart a man appeared at the window and the door was opened. He was promptly covered by a revolver. One robber pushed the newcomer into the office.

"Put 'em up," said the man with the revolver. The newcomer obeyed. He was searched and a bracelet worth \$2,000 taken from his pocket. The new arrival was Alfred Edwards, 27 years old. He was employed by Charles T. Dougherty Co. Jewellers. He had been sent by the firm to return the bracelet which had been loaned to the Dougherty Company by Robinson. The two bandits quickly wired Edwards to a chair and the other bandit warning that there would be shooting if the man or girl made an outcry for ten minutes. Then they fled to the hall, pressed the elevator button and descended without attracting suspicion.

NOT YET 24, CLAIMS UNUSUAL RECORD

Enlisted in Canadian Army When 13; Goes 35,000 Miles Since January.

LONDON, July 14—Stephen William Harvey, who has just enlisted in the 10th Hussars (Prince Henry's regiment now at Aldershot) would probably be justified in describing himself as the most travelled and experienced young recruit in the British army.

Those are the principal events in his varied career, though he will not be 24 until next November. Joined the Canadian army at 13, and was for long the youngest member of the fighting forces. Won the Military Medal and the Cross de Guerra. Wounded twice. Went to Archangel with the Russian expeditionary force after the armistice. Imprisoned for nine months by the Bolsheviks. Nearly starved to death. Returned to Canada; travelled to Australia first class; "down and out"; nearly starved again; worked a passage on a Canadian vessel; became ill. Was landed at Fiji to recover. Again returned to Canada; worked his way across to Halifax, joined the Canadian navy. Invalided out after 18 months' service; worked his passage to England, shipped as a steward on the Anzani for Australia, afterwards sailed round the world, operated on at sea and nearly died again. Has traveled 85,000 miles since January 2 of this year. He is a fair, ruddy-faced boy, looking just a trifle older than his years, which is not surprising.

Water Powers Of Canada Described

Nesbitt, Thomson & Co., Ltd., have issued a 20-page, handsomely prepared booklet dealing with the development of water power in Canada in general and with the proposed issue of preferred stock of the Power Corporation of Canada, Ltd., in particular. Photographs and short informative paragraphs describe the companies in which the Power Corporation will have an interest. Those dealt with in this manner include Ottawa River Power, Ottawa-Rail Power, Manitoba Power, East Kootenay, Canada Northern Power, Ottawa-Montreal Power, Dominion Power and Transmission, Laurentian Power and Southern Canada Power. The last two pages are devoted to a general statement of the utility and romance which are inseparably linked with the development of Canada's natural resources.

MINERS EXPECTED TO HOLD FOR RAISE

Conference on U. S. Anthracite Wages to Be Resumed This Afternoon.

ATLANTIC CITY, N. J., July 14—The sub-committee of anthracite operators and miners, charged with working out a new contract effective September 1, will resume their labors this afternoon upon the arrival of Alvin Marlow, of Hazleton, selected to act as chairman at last Friday's session. Mr. Marlow who has presided over wage conferences for many years, will have a voice but no vote in the proceedings. The discussion today is expected to be crucial in nature and to center about the ability of the operators to pay the increase demanded by the union without seriously impairing the market for the product, and reducing the number of working days in the mines. The miners are expected to insist in their argument, presented last week, that profits of the operators are sufficiently large to permit granting of the increase asked without increasing the cost of fuel to the domestic consumer.

WEDDINGS

Bell-Whipple On July 1, at the Saint John Episcopal Church in Detroit, Rev. William Bellthard united in marriage Miss Beatrice D. Whipple, daughter of Mr. and Mrs. J. A. Whipple, West Saint John, and Rene J. Bell, formerly of Grand Falls, the bride wore a charming and artistic suit of blue and rust with accessories to match, and bouquet of bride roses. They were unattended. Since her arrival in Detroit the bride has been residing with her sister, Mrs. Gordon Ketch. Mr. and Mrs. Bell will reside at 4099 Olive Ave., Detroit. Among the many nice present was a generous check from the parents of the groom.

HOW TO KNOW APPENDICITIS

USUAL symptoms of appendicitis are pain, low down in the right side of the abdomen; tenderness at the seat of the pain; rigidity of the muscles; rise of temperature; vomiting and either constipation or diarrhea.

Appendicitis is the result of infection which usually extends from the colon to the appendix. This is proven by the fact that appendicitis sufferers frequently have been long sufferers from colitis, or infection of the colon.

When a person finds himself suffering from symptoms, suggesting appendicitis, he should go to bed at once, and take a large warm enema, and have hot applications made over the lower abdomen.

If the symptoms are not speedily relieved, that is within ten or twelve hours from the beginning of the attack, or if nausea and vomiting are present, an operation probably is required.

Delay in cases where the need of an operation is indicated is often extremely dangerous. Even when pain and perhaps other symptoms

Adventures of the Twins

BY OLIVE ROBERTS BARTON.
OVER SEVEN MOUNTAINS TO TWELVE TOES.

"I want you to go to Twelve Toes, the Sorcerer, and get me the most beautiful balloon in the world," said the Sour-Old-Woman to the Twins. "It has all the colors of the rainbow in it. Indeed, it belonged to the fairies in Rainbow Land, and one day when they were playing football with it, it rolled down the rainbow to the earth."

"So it is known then?" muttered the old woman. "Oh, well, it doesn't make any difference after all, I guess. Yes, it is true, my dears. I hope to get my fortune through a balloon. And as this balloon knows where the pot of gold is at the foot of the rainbow, I am sure it is the one I am seeking. When it reached the earth it burst four times and they say that everywhere it touched there is a pot of gold. The fourth bounce took it to the house of Twelve Toes, the Sorcerer, and he guards it like a dragon; if you can get it for me, I shall give you the key you are seeking—the key to the secret cupboard in Little Cave."

"We'll go right now," said Nick. "Come along, Nancy."

"There are three things you must watch out for," said the Sour-Old-Woman, "even if you do get the balloon. One Twelve Toes won't let you get far without putting something in your way—thorns, fire and wind most likely. All three are enemies of a balloon, and you will have to carry it very carefully."

"We will be careful," said Nick. "Come on, Nancy. Hurry up or we'll never get there."

The Sour-Old-Woman showed them the path and set off their rans.

"It goes over seven mountains," said she.

Seven Arraigned In Boston Club Disaster

BOSTON, July 13.—Seven men were arraigned in Suffolk Superior Court, before Judge Lummus, today, on secret indictments returned by the grand jury which last week investigated the collapse of the Pickwick Club building on July 4, in which 44 persons lost their lives. Six of the indictments charged manslaughter.

135 Out of 260 Moncton Students Pass High School Entrance.

Rev. H. D. Cormier Welcomed Back From Rome and is Presented Check.

MONCTON, July 13.—Out of 260 candidates who wrote the High School entrance examinations here in June, 135 were successful and 125 failed, according to the official statement given out today.

Mrs. Hazel Alward's department, Victoria School, led with a total of 387 marks out of a possible 1000. Allan Ramsay, of Mrs. Lawson's class, Aberdeen School, came second with a total of 360, and James Davison, of Sister Immaculata's department, Mary's Home School, was third.

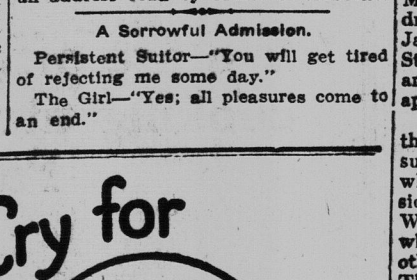

Rev. H. D. Cormier, pastor of L'Assomption parish, who has returned from a pilgrimage to Rome, was given an enthusiastic welcome in the auditorium of Sacred Heart Academy last evening by his parishioners, Rev. Edgar LeBlanc, acting pastor of L'Assomption church, presided and seated with him on the platform were Father J. D. Cormier, Rev. Father Levesque, Rev. Father Hudson, Rev. Father Pelletier, C. S. C., St. Joseph's and Rev. D. Legre, of Shediac. The L'Assomption Band, under the talented leadership of Ferdinand Malenfant, was also in attendance.

The presentation of a substantial check was made by J. J. Bourgeois and an address read by Henri P. LeBlanc, a Sorrowsful Administration.

Participant Cormier—"You will get tired of rejecting me some day."

The Girl—"Yes, all pleasures come to an end."

MAN BREAKS RIBS AND OTHERS SUFFER

WOODSTOCK, July 13.—An automobile accident attributed to careless driving and disregard for the safety of others occurred Sunday at Marve's Brook on the Consett Road, when a light touring car, occupied by Mr. and Mrs. Fred Grant and their two children, St. Stephen, was crowded off the road and over a five-foot embankment by an approaching car.

Mr. Leches, who was pinned under the car, was the most severely injured, suffering the breaking of two ribs, while Mr. Grant suffered body abrasions and nasty cuts about the hands. With the exception of Mrs. Grant, whose ankle was badly sprained, the other occupants escaped unscathed. The car was considerably damaged.

NO QUORUM.

There was no Board of School Trustees' meeting last evening owing to lack of sufficient members to form a quorum.

\$29,000 Is Voted For Schools In Bathurst

BATHURST, N.B., July 13.—The ratepayers of School District No. 2, held the annual meeting in the Grammar School this evening. The secretary, James J. Power, called the meeting to order and B. C. Mullins was appointed chairman. Trustee F. B. Bond submitted a report of the Trustees and advised that there be no change in the existing staff for the coming term. The board asked for an assessment of \$29,000, which was granted. The board also asked authority for an additional amount of \$10,000 to enable them to complete the new school building and this was also granted.

Dazzling, White Teeth

Here is the quick, new way dentists are widely urging

Make this unique test. Give your teeth high polish and fresh new color simply by removing the dingy film that coats them and invites decay and gum troubles.

THIS offers you a simple scientific test—one judged the most remarkable of all dental tests. In a short time you can work a transformation in their color and their luster.

Modern science has evolved a new and radically different method which successfully removes the dingy film that imperils healthy teeth and gums. Simply send the coupon. Don't think your teeth are naturally "off color" or dull. This will prove they are not.

Film—the enemy of beautiful teeth and healthy gums. Run your tongue across your teeth, and you will feel a film . . . a viscous coat that covers them.

That film is an enemy to your teeth—and your gums. You must remove it.

It clings to teeth, gets into crevices and stays. It absorbs discolorations and gives your teeth that cloudy, "off color" look. Gums by the millions breed in it, and they, with tartar, are a chief cause of pyorrhea.

Tooth troubles and gum troubles now are largely traced to that film. Old-time methods fall in successfully combating it.

New methods remove it. And Firm the Gums.

Now in a new-type dentifrice, called Pepsodent, dental science has discovered effective combatants. Their action is to curdle the film and remove it, then to firm the gums.

Ordinary methods fall in these results.

Harsh, gritty substances are judged dangerous to enamel.

Thus the world has turned, largely in dental advice, to this new method.

A few days' use will prove its power beyond all doubt.

Mail the coupon. A 10-day tube will be sent you free. Why follow old methods when world authorities urge a better way?

SAINT JOHN MAN WRITES OF CHINA

A. J. Lelacheur was in Reg-
ion Infested by
Pirates

Armed Men on Trains to Pro-
tect Passengers— Tells of
Much Strife in Land.

Relating interesting stories of his travels through different parts of China A. J. Lelacheur, formerly of Saint John, writes to friends in this city. His last letter was written in May and tells of a trip through the pirate-infested regions, from Hong Kong to Shanghai through Nankin, Peilin and Hankow.

The crack train of the Chinese railway, he says, was called the Blue Express, and consisted of two third class, two second and two first class sleepers. The trip covered 628 miles, and there were many delays on account of the poor condition of the motive power and the bad coal. All the cars, Mr. Lelacheur said, were built in the United States and were of steel. The sleeping cars were divided into compartments which hold six persons in the third class, four in the second and two in the first. The first class each had private wash rooms. The first class was much more comfortable than the standard American sleeping cars.

ARMED MEN ON TRAINS

On the run from Pientsin to Nankin 20 armed men traveled on the train as protection against pirates. The trains were equipped with search lights which played over the fields and along the sides of the train as it progressed.

Mr. Lelacheur traveled 80 miles in a sedan chair carried by four coolies, for which he paid \$3.50. He saw the great wall of China near Hankow.

Everywhere in China he saw soldiers of the different war lords, squabbling the area he controlled for the time being, for as much money as

he could get out of it, in the way of taxes. However, they were no fools and did not take enough to cripple the country entirely. While they fight among themselves, for possession of the goose that lays the golden egg, they are very careful not to kill her. Things are quiet at present, but some think that it is the lull before the storm, he said.

STEAMER PROTECTION.

When going by steamer from Hong Kong to Canton, Mr. Lelacheur said that the steamer had an iron grill all around it and around the engines to protect it from anticipated pirates. The navigating officers were all guarded with steel plates and the boat carried an armed guard of eight soldiers. No pirates appeared. It was necessary to travel by boat in this section, although two railways are operated, one under British rule and the other under Chinese. The latter is out of commission, Mr. Lelacheur said, because of the strife in the land. He said that Canton is a dirty city with narrow streets, which are rapidly being widened and will make part of the city modern. He said that there will be plenty of the narrow dirty ones left with all the renovation being carried on.

Visit to Saint John Pleases Auto Tourists

Dr. Mary C. Liebfried, Miss Iva H. Jackson and Ernest C. Liebfried, of Philadelphia, Pa., were in the city last night on an automobile tour, which will take them through Nova Scotia, Quebec, and other parts of Canada. They were at the Royal Hotel.

Dr. Liebfried said that they had greatly enjoyed themselves. They had disproved the assertion that the north-westerners were lacking in courtesy and hospitality and had found the people here only too glad to help them in any way. The climate had been an agreeable change from the excessive heat of Pennsylvania and they had found it most welcome. They were delighted with the country and with the roads, which they had found a great deal better than they had expected.

VISITING FIREMEN.

Among the arrivals in the city yesterday were Charlie Johnson and A. B. Smith, of Bangor, Me., fire department, who are enjoying a vacation, and after spending a few days here will go to Charlottetown.

GIRL KILLED WHEN THROWN FROM AUTO

Mary Gladys Wood Meets Sudden Death at Burden, York County.

FREDERICTON, July 13.—The inquest into the death of Miss Mary Gladys Wood, who was killed in a motor accident this afternoon at Burden, 18 miles west of Fredericton, will be held Friday night at 7 o'clock in the Fredericton police court room.

The witnesses who will be examined are Mrs. David Burden, of Prince William; Joseph Donnelly, of Lake George; Guilford Hammond, in whose car the victim of the accident was riding; Miss Carey, who was driving the car at the time of the accident; Samuel Moore, Dr. MacKenzie, of Prince William, and Dr. Brown of Fredericton.

The circumstances of the accident, according to reports, are that Mr. Hammond's car was coming toward Fredericton and turned out to pass a Ford, also coming this way. The Hammond car went too far to the right and then went to the left. The theory is that Miss Carey crowded the wheel and caused the car to overturn. The car went completely over alighting on its wheels but facing backwards.

The occupants of the car were thrown out. Miss Wood was killed in the fall. Mr. Hammond, who is a well known highway contractor, was severely shaken up and Miss Carey was more slightly injured.

REACTION IN SMELTERS IS MARKET FEATURE

Three and Half Point Gain of Yesterday Dropped at Opening Today

PRICES WAVER ON WALL ST. EXCHANGE

Firmer Money Situation Has Effect — Activity in Motor Shares.

MONTREAL, July 14.—Reaction in Consolidated Smelters, which dropped 3-1/2 to 92-1/2, the exact amount of yesterday's spectacular advance, featured the early trading on the local stock market this morning. It was easily the most active issue. Other leaders to receive considerable attention were Winnipeg Rails, unchanged at 50-1/2, and Howard Smith preferred, also the same at 104.

IN WALL STREET. NEW YORK, July 14.—In reflection of the firmer money situation, stock prices continued to waver at the opening of today's market, although considerable activity developed in the motor shares. Dodge common responded to the announcement of record earnings in the first half of the year by mounting two points to a new high at 31. Jordan Motors also moved up 2-1/4 points. U. S. East Iron Pipe opened 1-3/4 points lower.

CABLE TRANSFERS. MONTREAL, July 14.—Cable transfers 486.

Morning Stock Letter

NEW YORK, July 14.—The rise in call money funds, which has been an important feature of the market since the beginning of the week, has been a factor in the reaction in the stock market. The market has been characterized by a general decline in prices, with the exception of a few stocks which have advanced.

Current Events

NEW YORK, July 14.—Moon Motors, six months ended June 30, earned \$2.37 per share, against \$2.13 for the first half 1924. Net earnings Dodge Brothers, combined with those of predecessor company, six months ended June 30, \$16,487,811, against \$11,019,109 in 1924, first half balance, \$4.7 a common share. Net sales \$17,645,860, new high record.

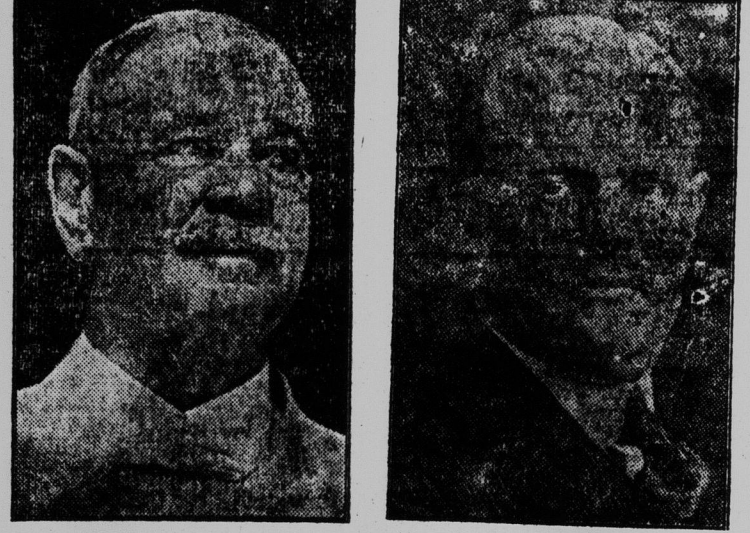

Brokers' Opinions

NEW YORK, July 14.—Houseman—strength of motor stocks and related securities is still the great market feature, we think, and one of the prime causes of the continued all around strength.

FALL FROM ROOF OF PICNIC CAR IS FATAL

MONTREAL, July 13.—Berthold Gignas, 22, died today in the Western Hospital from injuries he sustained yesterday, when he fell off the roof of a picnic wagon, on which he and a score of other pleasure seekers were driving through the country.

Judge Kavanaugh Calls to Service. Chautauque Speaker Sets Forth Opportunities of Canadians in This Respect. Judge Marcus Kavanaugh, for 30 years judge of the Superior Court in Chicago, gave a clarion call to service as "the secret of prosperity" in an address to Chautauque last evening. He touched on the common interest of the people of the Mississippi Valley with Canada, inasmuch as that section was pioneered by the Juit parents of Canada, and showed its relationship with Canada last evening. He urged all young people to save and to learn to spend money wisely for the right pleasures, as well as necessities, to read the best books, primarily the Bible, of which he quoted many passages and read illustrations during his address. Shakespear and many of the classics were named as being desirable for the uplifting of the mind and heart.

Hardware and Metal Journal Has Reference to Business at Local Exhibition. 'Hardware and Metal' Toronto, comments on hardware and metal market movements in its issue of July 11, as follows:— Mid-summer sales of hardware are maintaining volume which compares favorably with last year. Both wholesale and retail distributors indicate a slight increase for June over the same month in 1924. Building permits in different centres show continued activity in construction, which provides sales opportunities for tools and building materials. Canadian highways are flooded these days with automobiles from each province of the Dominion, and from many of the states to the south. This is being reflected in increased sales in gasoline, auto accessories, camping supplies, and sporting goods.

Human Ears Found. Driver of Paris Train Discovers Them in Box on Floor of Carriage. PARIS, July 13.—What are supposed to be human ears were found in an underground railway carriage here. The driver of the train, which had arrived at a terminus, was preparing for the return journey when he noticed a small box carefully wrapped up on the floor of the carriage. When opened the box was found to contain two ears, freshly cut off. The police were informed and a doctor was called. The doctor expressed the opinion that the ears were human, and possibly were those of an Algerian.

SEARCH FOR REID P. DISBROW ENDED. Man Wanted to Get Share of Estate Here is Found in Quebec Woods. Reid P. Disbrow, heir to some money and property from the estate of his half sister, Lydia Hutchinson has been found recently after quite an extensive search through several sections of this province and Quebec. The man was discovered working in the woods in Bonaventure county, Quebec, and notified of his good fortune. He came to Saint John but, as A. B. Gilbert, who is representing the estate in England, he left again until the estate comes up before the probate court. The hearing was first set for June 22 before Judge H. O. McInerney but owing to Mr. Disbrow's whereabouts then being undiscovered the matter was set over until July 27.

MACKMEN WIN FROM DETROIT AND GAIN IN PENNANT RACE

QUINN HOLDS DETROIT TIGERS TO FIVE HITS

Sisler's Homer Beat World's Champions 5 to 4

NEW YORK, July 14—The Mackmen were a game closer to the pennant making Senators today, while the Pirates continued to keep their distance from the Giants. In Philadelphia's triumph over Detroit, 4 to 1, Quinn held the Tigers to five hits.

Sisler's homer for the Browns in the ninth beat the world champions, 5 to 4, and permitted the Mackmen to pull up to within two and one-half games of the pack. The loss of Walter Johnson to Washington, caused by tonsillitis, was more acute than the announcement that Walter Rubeizer, southpaw twirler, had been suspended by President Ben Johnson of the American League for an argument with Umpire Giesel in a recent game.

Kent Greenfield, Virginia League product, limited the Cubs to four hits while the Metropolitans topped Chicago, 3 to 1. Perry made a homer with one on, in the seventh. Meanwhile the Pirates snatched a 4 to 2 victory from the Robins, in a ninth inning rally, which netted three runs.

The Phillies forced the Cardinals to yield, 3 to 2, after ten innings, on a double and a pair of singles. Hornsby hung up his 22nd homer, a 4 to 2 victory for the Braves downfall to Cincinnati, 4 to 1.

The White Sox beat the Yankees, 2 to 4, in spite of Gehrig's homer with Ruth on first in the fourth. Colonel Ruppert's scouts are reported to be ransacking the minor leagues for new material.

The Red Sox broke through to a 12 to 11 victory over the Indians, pinch hitter Cardy's homer with two on, on the sixth, winning Boston's margin.

MUCH INTEREST IN MOOSEPATH RACES

Events Are Expected to be Keenly Contested—Ladies Race a Feature.

According to comments among horse racing enthusiasts considerable interest is being manifested in the card to be staged at Moosepath Park tomorrow evening. One of the feature events will be a match race between "The Finisher," who has a best record of 215, and "Patches King," owned by Fred A. King. Although the former has a lower mark, the latter is rallying a favorite.

In the Men's Soft Ball League series on the West Side Play grounds last evening the Assumption team defeated the Ludlow's by a score of 10 to 2.

Royals Furnish The Two Hardest Hitters In City Amateur League

Along The Sport Trail

By RAY HANSEN

ALTHOUGH the race in the City Amateur League for championship honors is exceptionally keen and considerable rivalry exists between the clubs only two protests have been filed with the Board of Arbitration since the start of the series. This may be due to precautions taken on the part of the executive in handing down a ruling that any team protesting a game had to enclose \$5. If they won the protest the money was to be returned, but if they lost the sum was to be forfeited to the league treasury. It is only on rare occasions that any team has grounds for a legitimate protest and this in a case where an umpire renders a decision contrary to the rules. If it is a question of judgment it is absolutely useless to file a protest for not an arbitration board in existence will go contrary to an umpire's ruling. If an umpire is blind or is using poor judgment it is up to the league executive to get someone who is competent, but while he is officiating his word is final. There was never an umpire born who could satisfy everyone. There is a story told of a man going to witness a ball game in the South End and he was surprised to see the umpire sitting in the grand stand. When he asked the umpire why he was there he explained he had decided that as the grand stand was filled with umpires that was the proper place for him.

ASIDE FROM baseball the next big sport event will be the elimination race on Courtney Bay next Saturday to decide who shall represent Saint John at the Canadian Henley at St. Catharines.

FRIENDS in this city will be interested to learn that Dan Clancy, former star player with the Fredrickton team in the New Brunswick League, is now playing with Ben House's Bar Harbor team in the Maine League.

CLARK GRIFFITH, president of the Washington Senators, champions of the world, makes no bones about predicting that his team will again duplicate their feat of last fall. He contends that he has the best ball club in the American League. He backs up his prediction with the records of his pitching staff and he is confident that the veteran hurlers will continue to produce the goods. The club has missed Walter Johnson during the past few days as he was ill with tonsillitis. He is expected to be around again in a few days and taking his regular turn with Coveleskie, Ruther and Zachary.

SENATOR JAMES WALKER is right when he says that Jack Dempsey should either defend his title of heavyweight champion or retire. If he has lost interest in the ring then he should drop out for the good of the sport. There is nothing that will interest him as a non-fighting champion.

CLARK GRIFFITH, president of the Washington Senators, champions of the world, makes no bones about predicting that his team will again duplicate their feat of last fall. He contends that he has the best ball club in the American League. He backs up his prediction with the records of his pitching staff and he is confident that the veteran hurlers will continue to produce the goods. The club has missed Walter Johnson during the past few days as he was ill with tonsillitis. He is expected to be around again in a few days and taking his regular turn with Coveleskie, Ruther and Zachary.

MARRIED MEN WIN INTERESTING GAME

"Old Timers" Stage Come-Back and Defeat Single Men at Fair Vale.

An interesting game of baseball was staged on the Fair Vale diamond last evening between teams composed of the married and single men. The former demonstrated their superiority by vanquishing the bachelors by a score of 12 to 11. Storey and Stubbs formed the battery for the "Benedictines" and Stirling and McManus for the single men.

After the Game.

After the game it was found that the married team was a tower of strength to the "old timers." He caught one fly and then racing madly across the field nearly got another. He had a couple of grounders, but they were bounced through his legs by his ex-captain.

Ernie Stirling was sent to the outfield to catch flies, but he started in chasing mosquitoes and had to be shifted to another section.

Fred Gilliland had a prospective eye on new customers and forgot that he was sent to look a few flies.

George Bishop looked like some former big leaguer enjoying a vacation in the hinterland.

Clarence Hoyt, manager of the vanquished team, went racing around like John McGraw, but it was no use, his team was outclassed. He has an eye on the rising generation and may yet become a real manager.

SHERBROOKE, Que., July 13—Semi-professional baseball was counted out here today, when the management of the Sherbrooke Baseball Club decided to cease operations owing to the fact that the club is not receiving sufficient support from the fans to carry on.

It was announced previous to yesterday's game with Berlin, N. H., which Sherbrooke won by 11 to 2, that unless there was a sufficient crowd on hand, the management would resign. The crowd totalled only six hundred and consequently the meeting today, it was decided to discontinue baseball.

Sherbrooke had a semi-professional ball team for the past five years. Last year, they entered the Green Mountain League, with Barre, Vt., Johnsbury, Vt., Newport, Vt., Saranac Lake and Plattsburgh, N. Y., but lost about \$2,000 on the season's operations. A public subscription was taken up to wipe the debt, but as the club was going behind this year at the rate of \$200 a week, it was decided there was not the support to warrant operating the club any longer.

GOODRICH WINS FROM LOAYZA IN 2ND ROUND

NEW YORK, July 14 — Jimmy Goodrich of Buffalo, N. Y., won the world's lightweight championship last night when he administered a bad defeat to Stanislaus Loayza of Chile, when the latter succumbed to a well-directed right sent him crashing to the floor of the ring during the second round. Goodrich simply overwhelmed his rival by his superior strength.

Loayza's face was writhed in agony, but he slashed away at the battling and balancing himself by hanging on to the ropes and hitting with his free hand. The bout found him upright, but in an apparently bad condition. His handlers worked feverishly during the one minute rest between rounds and he came up, as he was reported to, with his head and arms aching.

NOTED FILM FOLK ARE SEEN AT UNIQUE

Doris Kenyon, Anna Q. Nilsson and Other Favorites in "If I Marry Again."

"If I Marry Again" which was screened for the first time last evening at the Unique theatre, deals with an age old question in a new interesting manner.

From this point the story moves to a powerful climax which ends in the wedding of old Jordan, who finally sees in the girl his son married a fine and noble character, worthy of the right to bear the Jordan name.

New Ince Photoplay Given Strong Presentation—Florence Vidor in Lead.

Thomas H. Ince's First National picture, "Christine of the Hungry Heart," is being shown at the Palace theatre.

Mae Murray Enchantress In Striking Picture at Imperial

Imperial Theatre opened the week yesterday with a bright, airy and fluffy production entitled "Circe, The Enchantress" from the pen of no less a literary notable than Vicente Blasco Ibanez.

Imperial offered besides this special Metro-Goldwyn feature a fine array of topical, scenic and comedy pictures with orchestral and singing novelties.

Christine is played by beautiful Florence Vidor. Olive Brook, eminent English actor, is cast as Dr. Montague.

SL RENO, Okla., July 14—Electric light service between Enid and El Reno recently was interrupted when a 6-foot snake climbed a 45-foot pole and wrapped itself around the transmission line.

"BUCK" JONES ON SCREEN AT GAITY

Is Seen in "The Arizona Romeo" One of The Best of His Pictures.

It is the consensus of opinion that "The Arizona Romeo" which is concluding a successful engagement at the Gaity Theatre, is one of the best Black Jones pictures that has been produced.

The same programme is being shown today, but tomorrow Anne Douglas Sedgewick's popular story "The Little French Girl" will be the chief attraction.

AN OLD COIN. Charles Thompson, 16 Autumn street, caretaker of the Winter street school, has in his possession a curious copper coin.

"THE NIGHT CLUB" AT QUEEN SQUARE

Raymond Griffith Has Lead in Picture That Provides Fine Entertainment.

In "The Night Club" Raymond Griffith is back, silk hat shining, shoes glistening, razor-like creases in his trousers, his cut-away coat faultless, a white carnation in his lapel.

Ray's sweetheart fits him. That's funny, too, but somehow Griffith manages to get sympathy again. The wild appearance—the audience hopes Griffith gives him just what he deserves.

Everything goes wrong. Women—tall women, short women, slim women, fat women, women of every description are seen tagging at his heels.

THE 1925 HOBART

A Hobart Vacation

FOR YOUR BOY OR GIRL

A Hardy Hobart would mean a glorious, a keenly enjoyable vacation for you or girl—a vacation brim-full of healthful exercise in the pure, sweet country air; dozens of trips which, if taken by train, would soon run into more than the moderate cost of a Hobart Bicycle.

An ideal mount is the Hobart Wheel, which is built in old England—and built for Canadian roads. Experience proves that for long, hard, steady riding, year after year, the Hobart excels.

THE HOBART WHEEL, for Men or Women, Boys or girls, costs but..... **\$50**

ON VISIT TO OLD HOME

John P. Fitzgerald and Family, in City From Edmonton—Succeeds in West.

Mr. and Mrs. J. E. Fitzgerald, King street east, are entertaining very welcome visitors—their son, John P. Fitzgerald, and his wife and family, who have arrived from their home in Edmonton, Alberta, to spend some weeks in Saint John. Accompanying them is Miss Evelyn Fitzgerald, daughter of Mr. and Mrs. Thomas J. Fitzgerald of Edmonton, who also were former residents of this city.

John P. Fitzgerald followed the same business as that in which his father had made his name in this city and has established himself well in the west. He left Saint John 10 years ago and took up work in Edmonton. While carrying on the practical side of the plumbing work he perfected himself in business education and success soon attended on his energy and application. He has made marked progress and now carries on an extensive business.

Since going west he made one visit home, some two years, some three here, but he has not been home now in 14 years and he finds many changes. A very hearty welcome is being given him by friends.

WANT SCHOOL AT BEACONSFIELD IN CITY'S LIST

Ratepayers Vote to Negotiate for Saint John Board Control.

UNION WITH CITY FINDS ADVOCATES

Report Shows Small School Surplus and Appropriation is Cut \$1,000.

The annual meeting of the ratepayers of Beaconsfield was held last evening in the school house. Charles O. Morris presided and G. Earle Logan acted as secretary of the meeting. A feature was the unanimous adoption of a motion appointing a committee to negotiate with the City School Board with a view of having that body take over and conduct the Beaconsfield school. The committee is composed of the trustees, Messrs. Fred W. Henderson, Dr. W. L. Ellis and W. O. Dunham, with Hon. J. B. M. Baxter, G. Earle Logan and Charles O. Morris. The retiring trustee, Fred W. Henderson, was re-elected for a further term of three years.

APPROPRIATION CUT.

The report of the auditors disclosed a small surplus. The appropriation was reduced from \$18,000 to \$17,000. It was resolved to ask the Board of Education to have the School Act amended to permit an interest charge of one-half of one per cent. a month on all arrears of taxes. The trustees and auditors were empowered to write off all uncollectable taxes, and to take immediate action to collect all other arrears.

Mr. Logan urged that action be taken to have the City School Board take over the active management of the school. He said that the school was operating under the School Act, which was meant for country schools. Beaconsfield, he said, should be a part of the city and its government, both school and parochial, had outgrown the present system. The school was overcrowded, and by linking up with the city it would have many advantages.

MOTION IS ADOPTED.

Mr. Logan then moved, seconded by George Maxwell, that the trustees and a committee from the meeting be appointed to negotiate with the city School Board to take over the active management of the school and that a special meeting of the ratepayers.

TO SPECIALIZE IN ADVERTISING WORK

Harry H. Richardson Resigns Newspaper Position to Engage in Business For Himself.

Harry H. Richardson, of the advertising staff of The Telegraph-Journal and Times-Star, has resigned to take up work as an advertising specialist. Mr. Richardson takes in to his new work the advertising experience of seven years, including service with the Journal newspaper and the present publications. A young man of energy and pleasant personality, he has gained friends readily and has established a valued business relationship with the commercial interests of the life of the city and province.

Mr. Richardson has been devoting thought and study to the new enterprise in which he has already made a start, and one of his first products was a tasteful booklet issued in connection with the opening of the Admiralty Beatty Hotel. His resignation from the Telegraph-Journal and Times-Star while sorry to lose him from among their number, wish him prosperity in the work to which he is now to devote his energies.

WILL WATCH FOR SCOW.

No further word has been received at the local Marine and Fisheries Department regarding the waterlogged scow which was seen in the bay in the basin last week. Shipping men feel that it has either broken up or sunk.

As Hiram Sees It

Mr. Hiram Hornbeam and The Times reporter sat on the verandah. A scarlet tanager alighted on the branch of a large maple. Swallows cleft the air in swift curves above the garden, where everything gave evidence of rapid growth. The song of a bird came from the grove. The meadows were spangled with daisies and buttercups, where in the evening the fireflies would float above the blossoms. A light breeze brought wholesome odors from field and tree.

"Now, sir," said Hiram, "I want to know if you got anything in town you kin enjoy like this."

"I confess," said the reporter, "that we have not. This is a little bit of perfection. I dislike very much to be compelled to leave it."

"The difference between country folks an' town folks," said Hiram, "that one is always fresh an' 'otter is dried an' smoked—yeh, sir."

"I know it," said the reporter, rising and expanding his lungs. "This is the life."

"Holler," said Hiram, "is makin' a strawberry shortcake."

"Fan me," said the reporter. "Joy sometimes kills."

FIVE SUBJECTS FOR CONFERENCE

Saint John to Stress These For Maritimes at Moncton.

Transportation, Taxation, Immigration, Industrial Development, Readjustment.

The committee of the Saint John Board of Trade to attend the Maritime conference at Moncton tomorrow met this morning and discussed very fully matters which they propose to bring before the conference. It was said that the Saint John committee believe that formal resolutions should not be submitted but that matters vitally affecting the welfare of these provinces should be discussed and then referred to committees for further study and the preparation of resolutions to be submitted at the national conference next fall in Toronto or Winnipeg.

The matters which the Saint John delegation will stress as most important are five in number, transportation, taxation, immigration, industrial development and readjustment of the economic basis.

In addition to the names published yesterday as representatives of the local Board of Trade to attend, it is expected that Hon. J. E. M. Baker, K. C. M. P., Mayor Potts, H. E. Robinson and A. M. Belding will go.

FORECLOSURE AND SALE ORDER MADE

Matter Before Judge Grimmer Has to Do With King Street Building.

The July sitting of the Chancery Court was held this morning with Mr. Justice Grimmer presiding. D. King Haren moved for an order of foreclosure and sale in the matter of Sarah E. Cave-Brown-Cave, Dr. Murray Larn and G. G. Harrison, trustees of the Nicholson Estate vs. Fred S. Whitaker et al. The property is situated on the south side of King street, and is at present occupied as the provincial government headquarters. The amount involved is \$16,124.81 plus taxes and water rates for 1925. An order was made accordingly, and the matter referred to a master for sale.

IS GIVEN CLUB BAG

Presentation is Made to Leslie Kerr, Trojans' Pitcher, on Birthday.

Leslie Kerr, pitcher for the Trojans' baseball club, was made recipient of a handsome club bag at the home of his parents, Mr. and Mrs. Sidney L. Kerr, 176 Duke street, last evening, after the team had been victorious in their game with the Royals. The occasion was his birthday, and he was honored by 25 of his friends of the team and supporters. Arthur Seney made the presentation on behalf of the company, who were entertained warmly by Mr. and Mrs. Kerr. Mrs. E. A. Mason and Miss Margaret Golding assisted in serving refreshments. Walter Golding, manager of the team, and Edward Cox, captain, made mention of his honor of his pitcher. Mr. Kerr responded with words of appreciation of their courtesy and thoughtfulness.
