

# PROCEIT

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MARCH 10, 1921

## THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

### Turnover Plan Speeds

Co-operation among members of the sales force is essential to the realization of the maximum amount of business, in the opinion of H. F. Proctor, proprietor of the Market Shop, one of the largest blouse shops in Seattle, for Proctor gives a liberal share of the credit for the remarkable development of his business to the co-operative spirit developed among his employees.

One of the fundamental planks in his platform of co-operation concerns the "turning over" of a prospective customer from one salesgirl to another. Proctor proceeds on the theory that customers may not "take to" one salesgirl who would be unsuccessful in selling her, while if she was "turned over" to another salesgirl at the psychological moment, a sale will probably result.

While the salesgirls at the Market Blouse Shop receive a bonus on sales made over a stipulated amount they have some to recognize the value of the "turning over" plan and they carry out the suggestions with telling effect.

A customer enters the Market Blouse Shop and the salesgirl whose turn it is to wait upon her approaches and inquires what she wishes, escorting the customer to the particular section where the goods she is interested in are kept. Negotiations proceed, but the salesgirl, as the result of her schooling, observes that she is not making headway with the customer. A sale is slipping, possibly because her particular brand of relationship does not appeal to this particular customer. The salesgirl recognizes the situation and casually invites another girl to meet the customer with the remark, "I believe this lady will be able to show you just the very blouse you desire, as she is in charge of this section."

Now there may be little or no foundation for the statement about "being in charge," but this does no harm and it may stimulate the customer's interest in the goods if she considers she is talking to some one in authority, irrespective of the fact that the girl described as such is merely a salesgirl on the same plane as the others.

Proctor has emphasized to his employees that they should not consider that they have "turned over" a customer to another salesgirl, but, on the other hand, that they are the more efficient when they become good students of human nature and can recognize when their personality does not appeal to that of a certain customer.

### Dramatizing Cases

#### Draws Many Photo Fans

The Robert Johnson store in Wilkes-Barre, Pa., has shown its retailers how to sell cameras by turning one of its windows into a miniature theatre.

As passersby glance at the display they get the idea that they are looking at a stage on which the curtain has just fallen. From the retail world and the possibility of putting up a structure that would house stores, was suggested to Mr. Johnson, who has a store in Wilkes-Barre, Pa., and a shoe store, a woman's wear establishment, a music shop and a building on the corner of the street.

### Notices of Births, Marriages and Deaths, 50 cents.

### DEATHS

NEVINS—On March 9, Charles Nevins, leaving one sister to mourn.

### IN MEMORIAM

DUNHAM—In loving memory of our dear daughter, Dolie, who died March 10, 1920.

### PARENTS, BROTHERS AND SISTERS

SCHLEICHER—In loving memory of our dear beloved son, James Otto, who died March 10, 1920.

### FATHER, MOTHER

HASTINGS—In loving memory of Mrs. Margaret H. Hastings, who departed this life March 9, 1920.

### HUSBAND'S DAUGHTER AND SON

TAYLOR—In loving memory of George Pearce Taylor, who passed away on March 10, 1921.

### LATE SHIPPING

Mrs. Charles L. Heffer and daughter desire to express their heartfelt gratitude for the many tokens and acts of esteem and kindness, with which they were showered before and since their late bereavement. Words fail to express their appreciation of the help and thoughtfulness of their many friends in this time of trial.

day long. Parker's Boys' store got a few more of the same. Parker's store had been careless and neglectful of their personal appearance suddenly became Beau Brummels in costume. They were a few years older parents would have attributed the change to girls. There was no mistake this time. It was rabbits.

Trade was decidedly brisk at Parker's boys' store that Easter week. Large crowds were attracted daily to the rabbit window. As soon as a boy bought \$5 worth of goods at the department store, he was admitted to the display window and given his choice of any rabbit there. His choice after his favorite bunny costume, a pair of cotton, underwear, excitement. Business men on the other side of Second street frequently "saw-walked" across the busy thoroughfare to watch the fun for a few minutes.

Just as the management of the store was complaining itself upon the success of the innovation, rumblings of discontent were heard. Young girls in the store were not to be trifled with. They wanted rabbits. Peace was restored in the big Parker family, when it was announced that the girls' store would have a similar event Easter week, 1920.

The cost of rabbits, as did almost everything else, went up during the following twelve months. The store decided to confine its offer to boys and girls who bought dresses or coats or suits and coats. At that time it was almost impossible to buy any garments for children for less than \$7.50.

The store in 1919 led O. C. McClure, display manager for the store, to arrange an unusually elaborate display for the event last spring.

Rabbit week has now become an established custom. But it helps. After all, while talking a product makes an impression, there is nothing like showing what the product will do. A display that does that will get a better chance to sell people than a talking man.

Thus, when a certain soap was advertised, the store had a display of Park, Cal., two doll dresses were used. Both were placed on a neat little rack and the store manager, who was in charge of the window of the soap. While one of them was spotted, the other gave the appearance of having been used.

The dresses were suspended from a rack that reached across between two pillars, which were hung from the ceiling by a plank. A sign across the top fitted into slots in the ceiling, and the sign read "BEFORE USING—AFTER USING."

This is the story of the soap. The store manager, who was in charge of the window of the soap. While one of them was spotted, the other gave the appearance of having been used.

### WESTFIELD COUNTY CLUB

As previously announced, the Westfield County Club will hold their dance of the season at the Gardens, Tuesday evening, April 19th.

### METAGAMA HERE;

#### THE EMPRESS TO LEAVE TOMORROW

The C. P. O. S. liner Empress arrived off the Island at 2 o'clock this morning. She has 280 passengers, 43 cabin and 808 steerage passengers on board in addition to 1,400 tons of general cargo, 2,000 bags of mail and 985 packages of parcel post.

### EXPECTED WILSON

#### TO DOUBLE THE GYPSUM OUTPUT

Hillsboro, March 9.—There is considerable activity in mining work in Albert county just now. At Hillsboro, where more men are employed in mining work than anywhere in New Brunswick, except the Grand Lake coal regions, the Albert Manufacturing Company of which Hon. C. J. Osman is president is enlarging their plant, so that the output of gypsum and gypsum products will be about doubled. One or two of the smaller companies are increasing their output. At Albert Mines the site of the former Albertite production, men are seeking the vein of the mineral which is generally believed to be quite as rich as the one formerly mined. The company president is confident that the proportions of the mineral will be increased for the purpose of extracting ore from extensive beds of shale that exist in that district.

### DEATH OF R. ROY EVANS

R. Roy Evans died this morning at his home, 181 Leinster street, after six weeks' illness. He was a son of Mr. and Mrs. Richard Evans of 85 St. Andrew's street, and was well known and respected. His death was a great shock to his relatives and friends, and his bereavement will be extended to the bereaved family. His parents, he is survived by his wife and two children; one brother, Frank, of Halifax; and six sisters, Mrs. Baxter, Mrs. David Lawson, Mrs. A. O. Fitch, Mrs. George Lawson, Misses Ruby and Grace, all of this city. He was a member of the local fire department for some years, and when news of his death was received this morning flags on the various stations throughout the city were flown at half-staff. Mr. Evans was also an active member of the Knights of Pythias. His funeral will take place on Sunday afternoon at 1:30 o'clock from his late residence.

### MONCTON TO HAVE

#### A LABOR TEMPLE

Moncton, March 9.—The following officers were elected for the ensuing year tonight by the Moncton Amalgamated Central Labor Union president, Robert W. Nicholson, vice-president, Fletcher C. Wilson (re-elected); recording secretary, J. A. Robinson (re-elected); treasurer, J. A. Robinson (re-elected); and secretary, E. J. LeBlanc. The central body decided to issue stock to build a labor temple, the site of which has been purchased. The new local of the International Railway and Steamship Clerks was admitted to membership. A labor committee of five is co-operating with like committees from the Rotary Club and Women's Council regarding playgrounds for city children.

### FREE

#### A Real Live Bunny For Easter To Each Boy Who Spends \$5 In Our Store For Boys.

Junior members of Davenport's population flocked about that window all day long. Parker's Boys' store got a few more of the same. Parker's store had been careless and neglectful of their personal appearance suddenly became Beau Brummels in costume. They were a few years older parents would have attributed the change to girls. There was no mistake this time. It was rabbits.

### GOOD THINGS COMING

#### TO THEATRES OF ST. JOHN.

### DON'T MISS BIG

#### SCOTCH REVUE

### Musical at Opera House is

#### One of the Biggest Attractions of Season—Other Vaudeville Offerings Also Good.

Those who have not as yet enjoyed the great Scotch musical revue, which is being presented in the Opera House by Jack Wyatt and his clever group of Scotch lads and lassies, would not fail to attend either of the two performances this evening. It is a real treat, direct from the theatre of the Heather and has been making a decided hit. The costumes worn by the participants are gorgeous and the singing strong and tuneful and the dancing typical of the Highlands.

In addition, Jerry McAuliffe appears in a programme of comedy songs, parodies and stories; Burke and Burke present a comedy sketch, "The Messenger Boy and the Actress," which is dealing with humor and mirth; Commodore Tom, a trained pony, gives a brilliant performance, which includes making a popular hit; McGrath and Deeds appear in a skit combining comedy and class singing. There is also another episode of borrowed selections, fervently breathing prayerful themes, music which did much to inspire the beautiful picture. Humorous receive its final presentation tonight at 7 and 8:45 p. m.

### RE-ORGANIZE

#### CAPITAL G. T. V. A.

(Special to Times.) Fredericton, March 10.—The G. T. V. A. re-organization, which was a large meeting last night at which some 500 people came in for criticism, was held at the home of Mrs. Arthur H. Maugerville, and one daughter, Mrs. Corey of Maugerville; one sister living in Minneapolis and four grandchildren.

### WINNERS

Last week the following held Golden Peace Coupons which won prizes: Mrs. E. H. Powers, 249 Rockland Road, \$5.00.

### CHANGES IN

#### IMMIGRATION REGULATIONS

### Ban Against Central Europe

#### —The Application of the Money Clause—Skilled Labor.

Ottawa, March 10.—(Canadian Press.)—Some striking changes in the regulations governing the admission of immigrants to Canada are reported to be under consideration by the cabinet. Those which are expected to be passed include: (1) the money clause, which is said to maintain or increase the money regulations at present in force and will admit only bona fide farm workers and domestic help.

Immigration from the British Isles, France or the United States will, it is reported, not be hindered by the new regulations, but the bars will be kept up against immigrants from Central Europe.

It is understood that some provision will be made for the relaxation of the money regulations in the case of a firm laborer who is coming to Canada with definite employment arranged for. The same, it is understood, may be made to apply to persons coming to immediate relatives, as in the case of a wife coming to join her husband, or children coming to Canada to join their parents.

An important clause, it is understood, will be included in the new regulations. In the case of mechanics of all classes, the proposal is said to be to admit only men for whom there is an actual demand in any line of work.

#### OPENED TODAY

### Activities of Year by Government

#### Reviewed in Speech From Throne.

Charlottetown, P. E. I., March 10.—Review of the activities of Premier John H. Bell's Liberal government was given prominence in the speech from the throne at the opening of the provincial legislature today by Lieutenant-Governor Hon. Murdoch McKinnon. The opening ceremonies were carried out with the usual pomp and circumstance.

With reference to educational work carried on by the government during the last year the lieutenant-governor said that the salaries of teachers had been increased and the number of vacant schools in the province had greatly decreased. The establishment of the agricultural and technical high school was also mentioned.

Some of the features of the work undertaken by the department of agriculture during the year were detailed such as the holding of a provincial horse show, the establishment of a lime stone crushing plant and the importation of crushed lime stone at reduced freight rates, purchase of export hullers for the encouragement of island growers, increased grants to exhibition associations, resulting in a large exhibition of live stock, grants to school fairs, generous prizes to dairymen and assistance in the importation of high class dairy animals and sheep.

It was announced that during 1920 a satisfactory beginning had been made in the work of improvement of the highways of the province. In spite of the high cost of labor and material some sixty miles of the worst stretches had been brought into good repair.

The R. M. S. P. Chandler is due to leave Bermuda tomorrow morning for St. John. William Thomson & Co. are the local agents.

The steamer Canadian Planter is expected to complete loading cargo and sail for Australia on Monday. The steamer Canadian Raider is expected to sail on Saturday for London and Cardiff.

### IN WALL STREET

New York March 10.—High grade investment rails were subjected to renewed pressure at the opening of today's stock market. Selling of those rails at average declines one point was doubtless prompted by indications of a country-wide revision of wages and salaries to meet prevailing economic conditions. Shipments also were lower. Atlantic City preferred stock declined to 92 1/2, a new low record. European oils were conspicuously strong, however. Shell declined to 16 1/2, a new low record. The concurrent strength of British exchange suggested some relaxation of the tension in the foreign situation.

### NOON REPORT.

Selling of rails continued with little interruption during the afternoon session involving every division of that group. Great Northern Canadian Pacific, Union Pacific, New York Central, D. & H. Norfolk and Western, St. Paul, Common and preferred shares of the Rock Island and St. Louis Southwestern system fell 1 to 1 1/2 points. Among industrials and specialties losses of 1 to 2 points were sustained by Republic and United States Steel, Anaconda Copper, General Asphalt preferred, and Sears Roebuck, the latter declining to 16 1/2, a new low price for the year. Exchange on London rose appreciable over its early advance as call money was unchanged at 7 per cent, although the supply seemed less plentiful.

### CATCH BASINS WERE

#### CHOKE-NECKS OF SOME HOMES FLOODED

Catch basins in Harding street, City Road and Douglas avenue overflowed last night during the storm and the cellars of some homes were flooded. Numerous telephone calls were sent to Commissioner Jones and he set forth to ascertain the cause of the trouble. He found that the catch basins were clogged with debris, which was washed from the streets and out of back yards by the heavy downpour.

The commissioner said even that this trouble could be avoided if yards were kept cleaned and less rubbish thrown in the streets. He said that his department had made every effort to afford relief and would do all possible to prevent a re-occurrence.

The force of the water rushing along the gutters was so strong that large cobble stones were loosened and carried to some distance.

The Evening Times and Star

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

FEDERAL INCOME TAXES. What is Parliament going to do about the federal income tax law as amended in 1919? Those whose income is sufficient to render them liable to the federal income tax will this year have to pay two years taxes at one time, for the 1919 bills in many cases are not passed, or very recently passed, and those who submit income statements soon are required to pay at least twenty-five per cent. of the tax in advance, and those who are able would probably prefer to pay the full amount rather than pay six per cent. interest on the deferred balance in addition to the trouble of making subsequent payments.

A COSTLY CAMPAIGN. It cost more than ten million dollars to conduct the last Presidential election in the United States. It should have cost no such sum, and thousands of thoughtful citizens of the republic are beginning to ask why so much money was paid out. The special Senate committee investigating the expenditures has reported that the Republicans spent nearly four times as much as the Democrats who got along with the modest sum of \$2,297,770.

Will the N. B. Legislature be wise this year and limit the debate on the address? At Ottawa, and in the Ontario Legislature this year the needless length of the opening debate caused much adverse public criticism. At Fredericton this year the eloquence which usually occupies the first week of the session might well be curtailed. The opening is late, and many of the legislators will naturally favor a short and business-like session. The opposing forces could readily agree to limit the opening debate.

WANTS SHARE OF LIQUOR REVENUE FOR MUNICIPALITIES. Quebec, March 10.—(Canadian Press)—That municipalities should have a share of the revenue which the government will get from the control of the liquor traffic in this province, is the view held by Arthur Sauve, leader of the opposition who has announced his intention of bringing up this question in the assembly.

DEATH RECALLS ORGANIZATION OF POLYMERPHAN SOCIETY. The death of Charles Nevins recalls the organization of the Polymerphian Society, which was founded in April 1888 for the purpose of celebrating the centennial. Mr. Nevins was first president and the society soon had a membership of about 500. Mr. Nevins was also a member of the original Ashburn Fishing Club and of the old "Double X" Life Club.

GROUP GOVERNMENT IN THE MANITOBA HOUSE. Winnipeg, March 10.—The group system of government was seen in operation in the Manitoba legislature yesterday when all factions gathered for discussion of the financial affairs of the province, with a farmer member presiding, with a farmer member presiding, with a farmer member presiding.

HELP MOTHERLAND PAY THE WAR DEBT. Jamaica Votes \$850,000 Annually for 40 Years. Kingston, Ja., March 10.—The legislative council yesterday passed a measure providing for an appropriation of \$850,000 annually for forty years to help in the liquidation of the mother country's war debt.

WOMEN AS DIPLOMATS. Would Perfect Understanding Between Nations. London, March 10.—Professor Winifred Cullis, speaking on "Women as Diplomats" at the English-Speaking Union, Charing Cross road, said that women must assist in interpreting the points of view in the government of those nations, now that they had a voice in the government of those nations.

LIGHTER VEIN. Cheerful. He is a man we love to praise I sing of Henry Hiram Hayes, He always smiles his way along, And never knocks when things go wrong.

Exactly. "My dear," remonstrated her husband, "don't you cook much more for dinner than you can use?" "Of course," retorted his wife, "if I didn't how could I economize on the left-overs?"

Higgins got home one night to learn that his wife had given birth to triplets. Overjoyed, he went to the office the next morning and recounted the rare and wonderful thing that had befallen him. His employer congratulated him, and the next day Higgins was sent for. He hurried to the office again to find the entire force assembled there. A handsome silver cup stood on the table and his employer presented to him in recognition of the triple blessing he had bestowed upon his country. Higgins took the cup, and said "Thank you very much, sir. Excuse me, sir, but is this cup mine permanently or do I have to win it three years in succession?"

A billiard-marker was told by his employer that he must be more careful in the matter of chalk. "Can't help it, sir," the youth replied. "I know the gent's as pockets the chalk, but they are our regular customers, and you wouldn't like me to offend 'em, would you, sir?" "Well, no, not exactly," was the reply, "but you might give them a gentle hint, you know?"

The marker promised to do so, and a day or two later, on observing a player pocket a piece of chalk, he approached the culprit and remarked: "You'll excuse me, sir, but I'm connected in any way with the milk trade?" "Why, yes," returned the player, "it do happen to be." "But what of it?" "I thought so," rejoined the marker, "by the amount of chalk you carry away, 'by loss likes enterprise." He told me give you a gentle hint that if you wanted a bucket of water now and then you could have one with pleasure."

PASSENGERS TO THE UNITED STATES TO PAY SURCHARGES. (Canadian Press Despatch) Ottawa, March 9.—In a judgment issued today the board of railway commissioners grants the application of the railway association of Canada for permission to make surcharges on passenger tickets to be paid by the United States. This means that Canadians purchasing passenger tickets to United States points will be required to pay, not only the usual price of the tickets but an additional amount to cover the difference in value between Canadian and United States money. The order will go into effect on March 15.

ALIVE WHEN THROWN INTO THE RIVER. Doctor's Evidence at Trial of St. Pierre in Edmundston. Edmundston, March 9.—No new facts were brought out at the second day's trial of William St. Pierre charged with the murder of Miss Minnie Stevens, in the afternoon Herman Savage, chief of police testified as to finding the body. Most of the evidence of finding the body and hair pins. Dr. Sornany told of the condition of the body when found. Journey was made to find the body. All town witnesses were excluded on the ruling of the judge at the request of A. T. LeBlanc of Campbellton, for the defence.

50,000 FARM HOLDINGS USING HYDRO POWER. Slogan for Western Ontario Farmers' Clubs Given by Prof. Wood. Thorndale, March 10.—"I hope to see fifty thousand farm holdings, large and small, in western Ontario using hydro-power for all purposes within the next ten years." This was the slogan offered by Prof. Wood to a large public gathering held under the auspices of the Thorndale Farmers' Club.

THIRD MURDER IN TWO DAYS. Chicago Bandits Hold Up and Kill Man Near His Home. Chicago, March 10.—Five bandits yesterday used the strap to death Arthur Wittich, after attempting to hold him up near his home on the south side. Wittich was the third man to be shot down in this city in two days, two being killed Tuesday, where a bitter political feud had raged, in the 19th Ward.

STRANGLER HIMSELF. Youth Emulating Performer is Hanged in Strap. On arriving home from school at Biddeford, England, Leonard J. Bracher, eleven, went to one of the rooms and soon afterwards was found hanging by a strap from the handle of the door. He was in a crouching position, his knees not touching the ground. He could not account for the tragedy, except that the boy was fond of laughing, and frequently used the strap to laugh the cat. On the day before the tragedy a woman went through an exhibition of being tied with a rope to the neck of a vessel on the quay and getting free while suspended in mid-air.

PROTEST AGAINST EXTENSION OF TIME. At a public meeting held in Grand Falls last night, which was attended by nearly 100 people, a unanimous protest was issued against any further extension of time being allowed the company which has been given the rights of water power development in that area. It was decided that a delegation should wait upon the legislature. Mayor Collins of Grand Falls was chairman of the meeting.

GOVERNMENT MAY HAVE TO BORROW SOME. Strain on Announced Decision of Premier and Finance Minister—The Situation. (Special to Times.) Ottawa, March 10.—The announced decision of the prime minister and of the finance minister that there would henceforth be "no borrowing", is being put to a heavy strain these days. There are prophets who say that the government cannot come to the other end of the fiscal year 1921-22 without borrowing. Customs revenue receipts are expected on the present basis to be \$40,000,000 less than they were last year, and an increase in tariff duties would only lessen the revenue by shutting out more imports. And yet the government have not lessened the duties to any extent without being chastised by its friends.

In all probability the government will borrow for all capital expenditures which there is an excuse for thinking can be repaid at some time. In this category will come railroad betterments and equipments, advances to settlers under the soldiers' land settlement act, and the housing loans. In this way it is estimated that the government, instead of having to finance \$900,000,000 for 1921-22, will be able to finance something a good deal less than half a billion dollars. Even so, the receipts this year will not be more than \$450,000,000, and being subject to dropping somewhat, will be reinforced by resources of taxation. Even with a modified borrowing policy along the lines anticipated, the government will have to cut out, to introduce acceptable taxation proposals which will turn the trick.

Case of Alleged St. John Men. Robert White Held in Bangor on Charge of Attack on Timothy Burke. (Bangor Commercial.) Robert White, of St. John, N. B., was held under \$1,000 for the May term of the superior court by Judge Blanchard in Municipal court Monday morning, probable cause being alleged against him for assault and battery upon Timothy Burke of St. John, N. B. Ball was furnished and the defendant released. White was arraigned in court Tuesday, March 1, as the result of a drunken row at the Bancroft House in which Burke received severe blows presumably from a mauler's hammer and was taken to the Eastern Maine hospital, where it was found that he had some bad bruises on the head and a laceration of the lip. On account of Burke's condition alone being unable to present at the hearing on Tuesday, the case was continued until Monday at nine o'clock. He was represented by Daniel W. Nason, Esq., who waived examination for the respondent. Burke's condition was such that he was able to appear in court Monday and he was brought down from the hospital in the patrol.

WOMEN AS DIPLOMATS. Would Perfect Understanding Between Nations. London, March 10.—Professor Winifred Cullis, speaking on "Women as Diplomats" at the English-Speaking Union, Charing Cross road, said that women must assist in interpreting the points of view in the government of those nations, now that they had a voice in the government of those nations. She suggested that women should be sent out on special missions, or that a woman councillor should be attached to each Embassy. Unfortunately, she said, many Ambassadors were strongly opposed to such suggestions, but she was confident that the inauguration of such positions for women was the only way to perfect understanding between the nations.

# POOR DOCUMENT MC 2035

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, MARCH 10, 1921

## N. B. FARMERS AND DAIRYMEN GIVEN INTERESTING DATA

Major Barnett, Prof. Trueman, G. B. Rothwell, Hon. P. J. Veniot and G. R. Taylor Address Convention—Minister on Road Problems.

The New Brunswick Farmers' and Dairymen's Association in session in Fredericton, got through considerable business yesterday. Addresses of a most interesting nature were given and some very profitable discussions took place.

The association at the afternoon session voted upon the resolution laid over from the day before to the effect that the meeting in 1922 be held in Moncton instead of Fredericton, and carried it unanimously. It has been many years since the annual convention has been held in a place other than Fredericton.

During the afternoon, the convention heard a most interesting address from Major Barnett of St. John, representing the Soldiers' Settlement Board. Professor J. M. Trueman of the Nova Scotia Agricultural College of Truro, spoke on pasture and oats, peas and vetch as silage. G. B. Rothwell of Ottawa, Dominion Animal Husbandman, discussed hog raising in connection with dairying.

Professor J. M. Trueman of the Nova Scotia Agricultural College, spoke upon O. P. V. as silage. He emphasized the necessity of roughage in silage. In Nova Scotia experiments had been carried on. Pasture, hay and turnips had been the great crops for stock feed in the maritime provinces. The first two always would have to be used but for turnips a substitute might be obtained. Corn was the best silage but was not a sure crop in the maritime provinces.

Experiments at Guelph had shown that 450 pounds of grain, 557 pounds of hay or 1896 pounds of silage would produce one hundred pounds gain in cattle. Pasture was valuable and should have a little fertilizer applied at intervals. Wood ashes and basic slag were the best fertilizers for pastures.

Forage for the winter months was always important. In the past the main dependence had been on hay and turnips. Corn preserved green in the silo made a succulent and palatable feed, and a large amount could be grown per acre. A substitute, a mixture of oats, peas and vetches, had been tried in the maritime provinces and was found to be satisfactory.

The average yield per acre on the college farm at Truro for the last seven years had been 10.5 tons and of corn for six years 10.1 tons. The mixture, the speaker said, showed an excess in dry matter over the corn, and the dry matter was richer in protein and ash, two constituents very valuable for milking cows.

He compared the mixture with turnips, saying that a thousand bushel crop of turnips gave 450 pounds of dry matter per acre against 6,400 in a ten ton crop of this mixture. The expense of raising turnips was greater than the mixture.

If silos were used generally stock could be increased twenty-five per cent. The total cost of silo and cutter was \$600. The speaker said the sunflowers as silage contained more water than the silage of the silo. At first cattle did not like it but later the amount of milk given increased. Sunflowers might have a future as silage. However, experiment would show that.

Professor Trueman was opposed to alfalfa or sweet clover. G. B. Rothwell of Ottawa, Dominion Animal Husbandman, discussed "Hog raising in connection with dairying."

A gas or oil water heater will give you hot water INSTANTLY whenever you want it. You will not consider the small cost when you think of the great service.

MAY WE NOT QUOTE YOU?  
Philip Grannan Limited  
561 Main St.

The Farmers' and Dairymen's Association tonight heard a brief but instructive address from Hon. B. A. Veniot, minister of public works, who discussed roads. The minister was heartily received and his declaration against statute labor in lieu of taxation and his desire to do away with it was applauded to the echo.

F. C. Eford, of the poultry division, gave an interesting talk on poultry keeping. He was followed by G. R. Wilson, minister of agriculture, who discussed the matter of the poultry industry in the province. Hon. P. J. Veniot, minister of agriculture, said that he wished on behalf of his Acadian compatriots to thank the English-speaking section of the association for the liberality displayed in throwing a section open to the French-speaking people. He knew of no action which would do more to cement relations between the people of the two racial strains of the province.

Good roads were one of the chief interests of the farmers. He asked for their co-operation in the construction and maintenance of the highway. This was a farmers' parliament. Its deliberations should extend beyond the cultivation of the soil. They should go as far as the system of transportation. The convention should not disperse without passing a resolution on transportation matters.

The minister said that New Brunswick was the only province which did not have a municipal road tax. There was a road tax in the province amounting to \$224,000. Of that \$21,000 was defaulted and \$88,000 was worked out in statute labor. Of the latter there was a return of not more than \$20,000. Within ten years unless there was a change in conditions the province would have to resort to increased taxation for roads. A quarter million dollars was in arrears, although the rural districts were clamoring for better roads. There would have to be a change in spirit.

If he had enough of the forty-eight members of the legislature with sufficient backbone to stand behind him he would wipe statute labor off the book. (Applause.) President Magee—"It is the members of agricultural societies who oppose statute labor. Those who do not belong support it."

Hon. Mr. Veniot said that in that case the agricultural societies should pass resolutions against statute labor and he would put up a fight himself on the floor of the house. (Applause.) In 1918 a law was passed enabling any road district to vote for or against statute labor. Out of 664 districts but fifty-five voted for statute labor. Had the bird been the best system in Canada. It was the fastest population which was for statute labor.

Preservation of roads after construction was important. Running at large of cattle was a great detriment to new roads. It was also a source of danger for the province contained 11,000 motor vehicles of which 6,582 were in rural districts. It was up to municipal councils to pass by-laws prohibiting cattle running at large.

By the end of 1921 there would be 14,000 motor vehicles in New Brunswick or one for every twenty-six people. The danger would be greatly increased. Hon. Mr. Veniot asked for his hearers to discourage the blocking of road ditches in any manner he wished any shortcoming on the part of his officials to be reported. He did not want frivolous complaints but any with weight would be investigated.

The minister explained the distinction between trunk highways and secondary highway. The federal government in preparing its system of aid to highways made that classification. Some times there appeared to be no difference. For instance one road between Fredericton and Woodstock was classed as a trunk road while that on the opposite side of the St. John river was classed as a secondary road. Since 1919 the secondary and branch roads had received expenditure from the automobile fees. In 1920 those fees amounted to \$198,000. In 1921 they might total \$300,000.

Last year \$350,000 from the motor vehicle fees was spent on the roads. Forty per cent would be refunded. New Brunswick was the only province able to take advantage of federal aid in 1919 and get a refund for that year. A proposition was that the municipalities should assume responsibility for some of the branch roads. The province would be willing to pay dollar for dollar. New Brunswick had a road mileage of 18,000. It was greater than that of the state of Maine. It was too great and should be reduced.

In conclusion he could say that he knew some of the roads were bad. His hearers did not have to tell him for he had been over them all.

## N. B. CENSUS HEADS NAMED

(Canadian Press Despatch.)  
Ottawa, March 9.—The returning census commissioners for New Brunswick were announced today: Charlotte, John McGibbon, St. Stephen; Gloucester, Edward De Grace, Shippegan; Kent, Premette Johnson, St. Paul; Northumberland, Frederick Heckbert, Chatham; Restigouche-Madawaska, James E. Stewart, Campbellton, and Leon R. Belanger, Edmundston; Royal, Hon. James A. Murray, Sussex; St. John-Albert, W. S. Dawson, St. John; Victoria-Carleton, W. W. Melville, East Florenceville; Westmorland, George B. Willett, Moncton; York-Sunbury, Albert E. Ashford, Fredericton.

## LIQUOR LOOPHOLE IN U.S.

(Canadian Press Despatch.)  
Washington, March 9.—The United States government is without authority to prohibit or limit the manufacture and sale of liquors, wines, or beer for non-beverage purposes, according to an opinion by the attorney general, made public today.

The opinion expressly says that there must be no limitation on the use of liquors, except that prescribed by congress, in limiting the sale of spirituous liquors to one pint for ten days.

The question of limitation thus, the opinion said, is left to the good faith of the physicians.

## RECENT WEDDINGS

Dalgleish-Wheelock.  
News of a wedding of much social interest in St. John and elsewhere in the province has been received from Shanghai, China, Mr. and Mrs. Ayscough of that city announce the marriage of their sister-in-law, Lois Hazen Wheelock, to Mr. Henry Dalgleish, on Friday, February 4, 1921, at Holy Trinity Cathedral, Shanghai.

The following is taken from the North China Daily News, Shanghai, February 4: At H. B. M. Consulate General and afterwards at Holy Trinity Cathedral by the Rev. Rev. Dean Synnors, Robert McEwen, eldest son of the late William McEwen and Mrs. Dalgleish, to Lois Hazen Wheelock (nee Grimmer) only daughter of the Hon. Justice and Mrs. Grimmer of St. John (N.B.).

A host of friends in New Brunswick will tender congratulations.

## TO PRESENT CHAIR TO CANADIAN HOUSE

Speaker of British Commons Will Visit Dominion for Purpose.  
London, March 10.—The Canadian Associated Press has been given to understand that the Right Hon. James W. Loewther, speaker of the British House of Commons, hopes to proceed to Canada about the middle of May to present the new chair which has been given to the Canadian people for the speaker in the parliament building at Ottawa by members of the United Kingdom branch of the Empire Parliamentary Association. The chair is now on view at Westminster. It is a replica of the speaker's chair here. This is the third gift of a similar kind which has been sent from England to Ottawa. The chairs and commons are Sir Charles Wakefield, when lord mayor of London, and his sheriffs, Sir George Touché and Sir Samuel Head, gave a new chair.

## APPEAL TO PRESIDENT AGAINST WAGE CUT

Omaha, Neb., March 10.—A wage conference of delegates of the amalgamated union cutters and butcher workmen's union in session here yesterday decided to appeal to President Harding to help prevent wages reduction from going into effect in the packing industry until the matter can be investigated by the secretary of labor.

## Washable Fabrics

Anticipating Your Needs For Spring Sewing

The season for tubables is practically in sight. Blouses, Lingerie, Children's School Clothes, and Graduation Frocks will soon be earnestly needed.

A glance at the dainty washable fabrics showing here will make you want to begin your Spring Sewing at once.

Among the assortments you will find: Voiles in rich dark color blendings. Some are flowered, others are plain with handsome embroidered or printed borders. Nothing prettier could be found for smart afternoon frocks for women and children.

Ginghams are showing in the big plaids so much favored for Children's Dresses; also in an assortment of small checks and stripes of various widths for Women's House Dresses, Aprons and hosts of other uses.

Plain Organdies—The latest word for very dainty frocks. You can choose from such delicate shades as pink, sky, maize, Nile and orchid; also plain white.

Romper Cloths and Galateas are the best things possible for Boys' Suits and Blouses or serviceable Rompers. Nothing better to wear and keep their appearance. Showing in stripes and plain colors.

Crepe Serges will be found ideal for Spring and Summer Sport Skirts. They wash well and are correct in weight.

For Graduation Frocks we are showing now a splendid assortment of very fine

Voiles and Organdies.

(Wash Goods Section—ground floor.)

## WILL TAKE UP WOMAN'S BODY

Further Examination in Case of Mrs. Berry—Trial of Husband Postponed Until Friday.

Moncton, March 9.—Ezekiel Barry, of Forest Hill, Albert County, who was arrested in connection with the death of his wife, Minnie Berry, appeared before Magistrate J. W. Gaskin this afternoon in Gunningville. The accused was remanded until Friday afternoon next at one o'clock, when witnesses from Eight will be called. It is announced that the body of Mrs. Berry is to be disinterred. T. T. Goodwin is appearing for the prosecution and James Friel, K. C., is representing accused.

According to what was learned at the coroner's inquest, on the night of December 11, 1920, the late Mrs. Berry remained until a late hour. Her husband said that he was of the opinion that his wife had something on her mind that was more than ordinarily restless. On the following morning that of December 12, she arose, according to her husband, at about 6:30 and proceeded to a spring about one hundred yards distant from the house, to procure water. Mr. Berry says he arose shortly after and saw his wife go to the spring, which is practically a self-made well in the midst of a small brook. He wondered why his wife did not return, and after eating his breakfast, which was self-own statement, went to the spring and saw an object in the water. Mr. Berry said he found his wife's body and had her hauled to the house on a hand truck, assisted by his son about thirteen years of age. On the way, or shortly afterwards, he went to the home of Mr. G. I. Prosser and asked that Mrs. Prosser come to his house to look after his wife's body. Mrs. Prosser complied with the request and said that shortly after she arrived at the house the clock struck 8. Mr. Berry called Coroner J. B. Babkirk at Elgin, and the latter arrived on the scene about 10 o'clock. A jury was empanelled and after hearing the evidence, a verdict was brought in to the effect that accidental death could not be found. When the coroner arrived the body was alleged to be limp and still warm. The coroner found upon the head of the woman several large wounds or bruises from which there was a slight blood issue. It was these facts that caused the coroner's jury to further investigate the case. The facts were communicated to the Clerk of the Peace, H. Lester Smith, and the arrest of Barry to Ottawa. The chairs and commons are Sir Charles Wakefield, when lord mayor of London, and his sheriffs, Sir George Touché and Sir Samuel Head, gave a new chair.

## RECENT DEATHS

Miss Nora Thompson.  
The many friends of Miss Nora Thompson will be shocked to learn of her death, which took place at Westmount, (P. Q.) on Saturday evening after a few hours of pleuro pneumonia. Miss Thompson, although having a severe cold, was able to be out on Friday evening, but pneumonia developed on Saturday, causing her death a few hours later. Her many friends who spent the summer as she did at Woodman's Point, will sincerely mourn the loss of one of the brightest and most genial of their number. The deepest sympathy goes out to the bereaved family.

Archie Cheivers.  
Moncton, March 9.—(Special)—Word was received in the city, last night, of the death in Truro of Archie Cheivers, father of Mrs. Cecil Burden of this city. Mr. Cheivers had been ill for some time. He is survived by his wife and three daughters. The daughters are Mrs. Joseph Gasper of Truro, whose husband is employed in the C. N. R. office at that place; Mrs. Cecil Burden of Moncton, and Miss Isabelle, residing at home.

Mrs. Burden left on Monday and was at her father's bedside when death occurred. Mr. Burden on hearing the news of the death of Mr. Cheivers left this morning for Truro.

Robert Page McGowan.  
The death occurred at Mac's Bay on Monday of Robert Page McGowan, youngest son of John T. McGowan, of Mac's Bay, after an illness of pneumonia, aged twelve years and seven months. The funeral took place on Tuesday when the body was interred in Dipper Harbor cemetery. Rev. J. H. A. Holmes of this city, assisted by Rev. Mr. Harvey of Charlevoix, conducted the funeral service and the pallbearers were Little school friends of the lad. He leaves to mother, besides his parents, one sister, Annie, and one brother, Gordon.

John Windsor.  
The death occurred recently of John Windsor, Nigadoo, aged 72 years. Mr. Windsor carried on for many years a large canning business in Gloucester County and a general store in Pettit River. Besides his wife he is survived by five daughters, Mrs. C. W. Falconer, Newcastle; Marion, of the J. H. Dunn Hospital, Bathurst; Grace, graduate nurse of Moncton; Ruth of the Cambridge Hospital, Cambridge, (Mass.) and Roberta, at home.

## FUNERALS

The Late Mrs. R. W. Grimmer.  
St. Stephen, March 9.—(Special)—The funeral of Mrs. R. Watson Grimmer was held this afternoon and was largely attended. Rev. F. H. Holmes, of the Methodist church, officiated at the services and music was provided by a quartette consisting of Mrs. Falconer, Miss Wry, Mr. Love and Miss Wry. Four brothers of Mrs. Grimmer acted as pallbearers. The large attendance at the funeral and the great number of floral tributes testified to the esteem in which Mrs. Grimmer had been held. The late Mrs. Grimmer was a native of St. Andrews and was fifty-six years and five months of age at the time of her death.

## MARRIED IN MONTREAL

Montreal, March 10.—Last evening in the First Baptist church, Miss Lydia Graham Rice, daughter of the late Mr. and Mrs. Joseph Rice, of Cape Breton was married to Edward Holgate of Sherbrooke. Rev. D. W. Perry, of Sherbrooke, officiated, assisted by the Rev. M. E. McCutcheon. Mr. and Mrs. Holgate left for Toronto and Niagara Falls. They will reside in Sherbrooke.

## SEEKS INFORMATION.

Mrs. Elijah M. Spears of 106 Saratoga street, East Boston, has written to T. M. Burns, registrar of births, deaths and marriages, asking information of a man named Baker who came to St. John gate left for Toronto and Niagara Falls at the time of the American revolution.

MONTREAL MAN FEELS 20 YEARS YOUNGER NOW

It's Certainly Great to Be Eating and Sleeping Again Like I Did Years Ago, Says Robillard - Praises Tanlac.

"Yes, sir, Tanlac has fixed me up in great shape and I feel as fine as I did twenty years ago, back when I was in my forties," said Edmond Robillard, a well-known showmaker living at 244 de la Koclie St., Montreal, recently.

MRS. J. B. TRAVERS HEADS MUNICIPAL CHAPTER, I. O. D. E.

Local Chapters Now Have 366 Members; \$15,250 Raised During Year; Opportunity Awaiting Organization is Emphasized.

At its second annual meeting yesterday afternoon the St. John Municipal Chapter of the Imperial Order of the Daughters of the Empire heard satisfactory accounts of a year of steady progress and success. A strong executive was elected to carry on the work in the coming year and votes of thanks were given to the retiring members who had piloted the organization so efficiently.

The secretary's report was read in part as follows: Resolutions passed at the chapter meetings dealt with the routine of business and recommended that each member of the order should give \$1 on Empire Day towards the war memorial.

The treasurer, Mrs. T. H. Carter, reported total receipts \$2,398.83, total expenditures \$1,820.00 for a Victorian Order nurse, \$2,263.23, and a balance on hand amounting to \$121.10. To the war memorial \$8,270.11 had been contributed.

The chapter is greatly indebted to the Hon. W. E. Foster for the use of the government rooms. Our recent, Mrs. Adams, attended the annual meeting of the national chapter at Calgary. To her our thanks are due for the handsome gavel used at our meetings.

Mrs. Heber Vroom read an explanation of the war memorial and told of the noble value of education. She urged the members to see that the memorial had their full support and that there be no slackening of effort to maintain ideals of justice and liberty which had been preserved at such a cost in the great war.

ASKS FOR BETTER HOUSING CONDITIONS IN B. C. Victoria, B. C., March 9.—Better housing conditions and more stringent enforcement of laws relating to health and the protection of women, especially wives, are urged in the first annual report of the Superintendent of Neglected Children, which has been presented in the legislature.

ability to attend and to impress upon themselves the need for a change.

At this point Major Gregg, V. C. M. C. of Sussex, was introduced and he spoke of the endeavor to bring British films to Canada to establish a better understanding within the Empire and to give a more patriotic tone to motion pictures in Canada.

GUESTS' PET SNAKES HONORED AT DINNER

Women Undecided Which Kind Have the "Loveliest" Touch Worn About the Throat.

New York, March 10.—Snakes and lizards which crawled about the tables in the Cafe Boulevard at the annual dinner of the Beagle Study Society, were of more interest to the guests than the food and the speakers, who eulogized the snakes and lizards.

PUT BOYS ON HONOR AND FIND IT WORKS WELL. Victoria, B. C., March 10.—Making boys into useful citizens is a problem that has been successfully solved by British Columbia, according to a report from the Provincial School for Boys, tabled in the legislature.

HERBS USED IN MEDICINES. A Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in English gardens.

PROBLEMS OF THE HOUSEHOLD BUDGET. Mrs. E. C. Weyman gave a helpful, practical and interesting talk on the household budget at the meeting held in connection with the household economies course of vocational training classes last night.

PLATINUM PRODUCTION IN BRITISH COLUMBIA. Victoria, B. C., March 9.—(Canadian Press Limited)—That production of platinum in British Columbia is on the point of becoming an important industry is the opinion of S. J. Marsh, a prominent mining man, who says that investigations which he has conducted for many years have disclosed that one of the principle platinum deposits in the world is in the Fraser river and three of its tributaries—the Oyeuel, the Willow and the Cottonwood rivers. A plant is being built and it is expected that reduction will be begun this spring, said Mr. Marsh.

The real authority on Beds, Mattresses and Springs built for sleep is Simmons Limited.

Simmons Limited is the maker of these fine Simmons Beds—built for sleep. And in Mattresses and Box Springs you will find nothing quite so restful as the ones built by Simmons Limited.

Free Booklets on Sleep!—Write us for "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep," and "Yours for a Perfect Night's Rest."

It is filled neither too tight nor too loose—just right to stay right. A Simmons Box Spring is always flat and resilient—never sags or humps. Your spine rests level—body and nerves relax. Simmons Mattresses and Box Springs are great favorites all over the Dominion. Your dealer will show them to you—a fine choice of models and prices.

**ANCIENT BREWERY**  
SITE TO BE SOLD

Founded So Long Ago That Date Cannot be Fixed With Certainty.

London, March 10.—The historic site in Thames street of the City of London Brewery, known since the days of Queen Elizabeth as the city brewery in the City of London, is for sale. It occupies nearly two acres adjoining Cannon street, and has a considerable river frontage. The date of the foundation of the brewery is so remote that it is difficult to fix the year. There are proofs in his chronicles. "At the West end of Church of Allhallows," he says, "the moor goeth down a lane called Hay Wharfe lane now lately a great Brewery house was builded there by one Pot. Henry Campian, Esq., a beer brewer used it and Abraham, his sonne now possesseth it."

The Calverts, a family of brewers celebrated in the annals of the trade for the quality of their porter, were the most notable men who brewed beer with Thames water on that site. In 1760, Sir William Calvert was the fourth brewer in London, and Calvert and Seward, of Whitecross street, were the first, the former brewing 51,785 barrels, and the latter 74,704 barrels in that year.

Little of the old buildings remain save an old mill loft, and a part of the wall of the old Waterman's Hall, which had been burnt down in the Fire of London, in 1666, rebuilt on the site of the Allhallows.

**DODD'S KIDNEY PILLS**  
FOR ALL KIDNEY DISEASES  
RHEUMATISM, GRAVEL, BRONCHITIS, DIABETES, BACILLARY DYSENTERY, AND ALL OTHER KIDNEY AFFECTIONS.

N. S. STEEL AND COAL STATEMENT

Montreal, March 10.—The annual statement of the Nova Scotia Steel and Coal Company, Limited, to be submitted at the yearly meeting of shareholders this month, shows combined profits from income and revenue from investments, after provision for government taxes amounting to \$2,876,850, an increase of \$182,780 over those of 1919, but a decrease of \$1,150,740 from the 1918 level. Surplus applicable to common stock dividend requirements amounts to \$1,039,407, against \$96,976 in 1919. The 1920 results were the equivalent of 6.98 per cent on the common, presently on a five per cent basis. In 1919 it was 6.75 per cent, and in 1918 nearly seven per cent.

Current assets for 1920 were \$10,915,218, against \$9,663,069 and current liabilities were \$4,446,856, against \$1,318,924 in 1919.

President D. H. McDougall, reviewing the operations for the year, says that the overseas outlet for coal secured early in the year proved some very attractive contracts, but these were mostly nullified by the federal government's embargo on coal exports. As to the iron and steel situation, the president says that the steel plant at Sydney Mines was shut down in the middle of November, and conditions, to date, have not warranted the re-opening of the plant.

The output of coal for the year was 888,845 tons, against 893,965 in 1919.

Every man must judge for himself as to whether he can make his old hat do for Spring—

The saving is only a few dollars at most. Hardly worth while if one has to feel just a little shabby all the time.

Stand squarely in front of the mirror, put on your old hat and look at it.

Then drop into the nearest good hatter and try on one of the new Spring Stetson models.

### DEPRESSION SAVE IN ITALY

U. S. Consuls' Business Reports—Conditions in Great Britain.

Washington, March 10.—Continued business depression in Europe, with the exception of Italy, is reported by United States consuls in a monthly cable survey of the world economic conditions issued yesterday by the department of commerce.

Signs of improvement were seen in the Far East, but little change was noted in South American countries.

Both exports and imports are decreasing in Great Britain, the survey said, contributing to unemployment. Payment of heavy taxes was regarded as a cause of the tightness in the money market and British banks were said to have loaned two-thirds of their resources to finance private enterprise.

WOMEN AS MAYORS

St. Paul, Minn., March 10.—Two women were chosen mayors in the village and town election in Minnesota on Tuesday. Mrs. D. C. Pierce was elected Mayor of Goodhue, and Mrs. Mary Sirin was chosen to a similar office in Winton.

COMPROMISE ON THE SPLITTING OF NEWFOUNDLAND OOD

St. John's Nfld., March 10.—A compromise on the question of marketing Newfoundland codfish in Portugal was effected yesterday between the government and exporters.

The government agreed to cancel all regulations affecting sales in Portugal and the exporters consented to withhold further shipments until April 3, after which date all government regulations will cease.

### Crystal Beach Picnic Grounds

We have had placed with us for sale the above popular outing resort, formerly known as Day's Landing on the St. John River. This is one of the beautiful spots on the big stream, having one quarter mile of water front and one of the best sand beaches on the river also Government wharf, being one of the best spots.

Property also includes two hundred acre farm with barns and buildings; live stock, including four head of cattle, two horses. There is also farm machinery, etc.

We offer this property at \$5,000, which is a real bargain. The opportunities are unequalled as besides having a splendid farm with plenty of firewood and timber, the picnic grounds have always afforded a good source of revenue and has all kinds of possibilities for the future.

OBJECT OF SURVEY OF CITY'S BOY LIFE WAS DISCUSSED

What is to be the object of the survey of boy life to be made in the city at the end of this month? The question was asked by several of the members at the meeting of the committee and the ward conveners held last night in the board of trade rooms, with E. J. Terry presiding.

Reports of ward conveners appointed at the previous meeting told of satisfactory progress made in obtaining canvassers. The St. John Power Boat Club, not having sent in a list of workers up to that time, reported that it would name at least thirty shortly.

Mr. Stevens spoke of the possibility of establishing a juvenile department of the federal bureau of labor as one result of the survey or of exposing any infractions of the factory law, or discovering any flaw in the school system.

The various ward conveners presented local problems which were fully discussed and many practical suggestions were given. Deep interest in the success of the survey was manifested and it was evident that the workers would enter on the undertaking with energy and enthusiasm.

The plans considered all aimed at having the survey completed by March 31. While it was thought that the last two days of March would be required to complete the survey, workers were assured that there was nothing to prevent them getting a bit ahead of time if those who were to help them were limited as to the time at their disposal each day.

BURY FINDS DEATH DUE TO ACCIDENT

That Thomas Mallory came to his death on March 2, 1921, at the General Public Hospital and that death was due to a fracture of the skull caused by falling out of a sleigh on the Marsh road on the night of Feb. 27, 1921, was the verdict returned by the coroner's jury at the inquest held in the court room, Germain street, last night.

Dr. Abraham Sparan, an interne at the hospital, said that Mallory had been admitted to the hospital on the evening of Feb. 29, in a conscious but irrational condition and suffering from a fractured skull and black and blue swelling on the left side of the head.

Dr. H. L. Abramson, of the hospital, who performed the autopsy said that, in his opinion, death had been due to concussion of the brain caused by a fractured skull.

Mrs. M. J. Hanington, 342 Paradise row, with whom Mallory boarded, told of seeing men carry him to his room after he had been injured. She knew he drank but he was not an excessive drinker, she said. Mallory had not spoken to her, she said, from the time he was carried in on Sunday evening until the following evening when he asked her the time.

James Crawford, 58 Middle street, who helped to remove Mallory from the sleigh to his bed, and Charles H. Bigney, who boarded in the same house with Mallory, both gave evidence to the effect that Mallory had been unconscious from the time of his removal from the sleigh until the following morning.

Dr. G. O. Baxter said he was called in to see Mallory on Monday evening and found him unconscious. When the doctor attempted to turn Mallory over he gave evidence of suffering. Later he showed signs of recognizing the doctor. Seeing the black and blue mark around his eye the doctor asked him who had hurt him but he did not seem inclined to say who or what had hurt him. Con-

A Brush Twenty Minutes - And Newness

To-night a brush, twenty minutes of fun, and the old straw hat you thought no more about will become again the dainty creation.

"The Magic Touch"

Colours straw hats old or new. Its application is neither fussy nor bothersome, and you have sixteen beautiful shades from which to select.

Bottle and brush are sold for twenty-five cents. If you are unable to obtain any desired color of this product from a convenient dealer, please write to us direct and we will arrange to have you supplied.

A. Ramsay & Son Co. MONTREAL Toronto Winnipeg Vancouver

considering Mallory pretty badly hurt the doctor ordered his removal to the hospital.

Albert T. Webb, motorman, 24 Adelaide street, told of passing the sleigh coming towards the city whilst he was driving a car in the opposite direction. Thinking that the sleigh might strike the car he stopped the car, opened the door and looked out, but was satisfied that the sleigh had not struck the rear step of the car.

James Clancy, 68 Murray street, barber, said he met Mallory by appointment at Stanley street and City road on Sunday morning, Feb. 27. They went to McNamee's Lake to fish. Mallory had a party, filled bottle of gin and told Clancy that he already had drunk something that morning.

Mallory was in a fit condition to drive. Clancy had a couple of drinks out of the bottle during the day but could not say whether it was good liquor. When they arrived at the Three Mile House, the sleighing became poor and Clancy got out and walked.

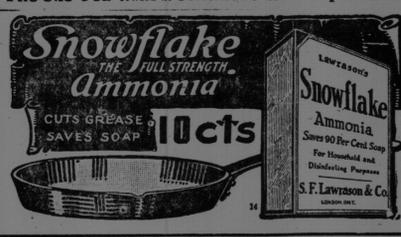

Between the Three Mile House and the old fair grounds Mallory fell out of the sleigh three times. He had been talkative at the first part of the return trip, but seemed "dopey" towards the latter part. It was near the old fair grounds, on the city side of the Avity plant in the Marsh road that Mallory fell out of the sleigh for the third time. Clancy said that he thought that in falling this time Mallory had

There are several ways

of using "commonplace tea", but the cheapest and best way is to "Junk It", then you will readily realize what it has cost you and determine to never again use any but

"SALADA"

The one Tea with a continent-wide reputation

and found Mallory lying on the road. He felt his pulse and found it strong. He told James Clancy, who was with Mallory, to take him home. He said Mallory did not appear to be under the influence of liquor.

James Clancy, 68 Murray street, barber, said he met Mallory by appointment at Stanley street and City road on Sunday morning, Feb. 27. They went to McNamee's Lake to fish. Mallory had a party, filled bottle of gin and told Clancy that he already had drunk something that morning.

Mallory was in a fit condition to drive. Clancy had a couple of drinks out of the bottle during the day but could not say whether it was good liquor. When they arrived at the Three Mile House, the sleighing became poor and Clancy got out and walked.

Between the Three Mile House and the old fair grounds Mallory fell out of the sleigh three times. He had been talkative at the first part of the return trip, but seemed "dopey" towards the latter part. It was near the old fair grounds, on the city side of the Avity plant in the Marsh road that Mallory fell out of the sleigh for the third time. Clancy said that he thought that in falling this time Mallory had

AT NEGRO'S GRAVE Funeral of Former Slave Attended by Mayor and Council.

Atlanta, Ga., March 10.—The mayor and city council of Douglas, Ga., led a procession of 100 white people to the negro cemetery where a white minister preached the funeral services at the grave of "Uncle Cy" Carwell, a former slave, whose death at the age of eighty-seven years caused general sorrow in the community, where the faithful old negro was born and led, according to the eulogy of the minister, an "upright and honorable life."

TO KEEP LOAFERS OUT OF SHEDS TO STOP PILFERING

An understanding whereby the ship on the berth would have control of the shed it was using to the extent of keeping undesirable and unemployed men off the premises was reached at a conference at which methods to stamp out the pilfering from cargo from its point of departure from the west side docks were discussed in Mayor Schofield's office yesterday afternoon.

Mr. Bullock also said that most of the lawlessness had not been reported by the steamship companies to the police. He said that pilfering was not confined to the docks alone but was continuous from the cargo from its point of departure. He said that in Antwerp the police had authority to fire on anyone caught stealing from cargoes.

THE POLICE COURT

The case of Ernest Dixon, charged with stealing various articles, the property of the C. N. R., was again taken up by J. A. Barry, counsel for the defence, and D. King Hazen, representing the railway, addressed the court. It was pointed out that the case had been set over in order to procure a witness, but so far this man could not be obtained and the case was set over until March 21, when it is hoped that the necessary witness will be on hand. The accused was allowed out on \$1,000 bail with two sureties of \$500 each.

The case of Everett Cowan, against whom a charge was laid by the S. P. C., was again postponed until Friday. J. King Kelly, K. C., appeared for the S. P. C., and J. A. Barry for the defence.

UNEMPLOYMENT HAS BEEN LESSENERD

The Associated Charities, at its regular monthly meeting held yesterday afternoon at 117 Germain street, passed a resolution to the effect that all members present deeply regretted the loss, through death, of Mrs. James Gerow, who had been a much valued and most faithful member of the organization for many years. The secretary was asked to convey this expression of regret to the near relatives. W. S. Fisher, the president, was in the chair and the routine business was transacted. The secretary's

report showed applications received from 1611 requests for employment from thirty-seven; requests for maids, thirty-five; seeking relief, twenty-six; relief procurer, twenty-five; visits made, ninety. It told also of several cases where relief was greatly needed and should be given. The board authorized assistance being given in these cases. There was said to be rather less unemployment since the opening up of the new work in the city park. Much sickness was said to be responsible for a great deal of the distress.

"DIAPHALENE" REGD.

For Dainty Underwear

"DIAPHALENE" gives you the sturdy wear of cotton, and the softness, daintiness and silky finish of silk, at a price that makes it a real economy to use for Underwear.

necessary for the locals and the Aristocrats to replay the game of law. The night, which ended in a draw. The final league fixture will be played on Friday night when Vancouver will meet Victoria in Victoria.

The Allan Cup

Montreal, March 10.—That McGill hockey team, champions of the Quebec Amateur Hockey Association, will go into the semi-final of the Allan Cup series was assured last night when word was received from the officers of the Ottawa district that the winners of the Ottawa district would defeat McGill in the scheduled game to be played at the arena here on Saturday night.

The champions of the Ottawa district is still undecided, and as a winner will not be returned until later it was decided by the league to default the game against McGill.

The McGill team will now play with the winners of the Ontario district, which will be determined tomorrow night, and the winners of the McGill-Ontario game will journey to Winnipeg to play off with the western defenders of the trophy emblematic of the amateur championship of the Dominion.

The game will be played in Toronto on Tuesday night, and the team winning must be ready to leave on the next day for the west.

Word was received in Montreal yesterday that President Sterling, of the Canadian A. H. A., had set the dates for the final games of the Allan Cup for the final games of the Allan Cup series. The dates decided on for Saturday, March 19 and Monday, March 21. The games will be played in Winnipeg.

The annual meeting of the association will be held on Friday, March 18, in Fort Garry Hotel, Winnipeg.

**BILLIARDS.** Cochran Leads Belgian

Detroit, March 10.—By consistent playing in last night's block of 8,600 point 18-2 billiard match, Walker Cochran defeated 68 points ahead of Edouard Horeffoed, European champion. The score was 1,900 to 1,732.

**FOOTBALL.** British Games.

London, March 10.—Results of association football games played today were:

First Division.

Everton, 2; Manchester United, 0.

Manchester 2; Tottenham, 0.

Second Division.

Cardiff, 3; Barnsley, 2.

Third Division.

Southampton, 2; Northampton, 1.

**THE RING.** Al Roberts Defeats Gunboat Smith.

New York, March 9.—Al Roberts, of New York, knocked out Gunboat Smith, of California, in the tenth round of a twelve-round match here tonight. Roberts weighed 182½ pounds and Smith 178.

**BASKETBALL.** Y. M. C. L. Girls' Games.

Miss Warner's team won from Miss Corkey's team, 8 to 2, in the Y. M. C. L. Girls' House League last evening, and Miss Cronin's team won from Miss Melville, 5 to 1.

**WRESTLING.** Wrestling Will Try "Comeback."

New York, March 10.—Jack Curley's next wrestling show at the Savoy-theater will be on March 14.

In addition to the star bout between Joe Stecher and Stanislaus Zbyszko, there will be other matches of national interest. John Peck is to appear and the match-maker is now trying to obtain a fit opponent for the latest Nebraska wonder.

**Seattle For Play-off.**

Seattle, March 10.—By defeating Vancouver here last night, 4 to 2, the locals earned the right to participate in the next game of the championship of the Pacific coast for the Stanley Cup. The game will be played in Vancouver on next Monday night.

By virtue of Seattle's win last night, Victoria was eliminated from participating in the play-off and it will not be

## ST. JOHN SKATERS BRING TROPHIES

With seven provincial skating championships, eight silver cups and seven gold and silver medals, the eight skaters who wore the colors of the Y.M.C.I. in the provincial skating championships at Moncton on Tuesday night, returned to the city yesterday.

The most extensive collection in the lot was amassed by Frank Garnett, the new provincial champion, who has four silver cups for the four first places he won in the provincial races, and a gold medal won at Moncton on Tuesday night. He is the highest point winner in this season and a year's hold on what is presented to the finest skating trophy ever presented in Canada, the cup donated by the Eaton Company's Moncton branch for points. This cup stands two and a half feet high and is beautifully engraved. It becomes the permanent property of the man winning it three times, not necessarily in succession.

Garnett seems to have made a wonderful showing in Moncton. He won the 200 yards, took second in the 400 yards, after stumbling about thirty feet from the tape when he was in the lead, and won first in the half mile, mile and three mile events.

W. K. Stirling, who accompanied the Y.M.C.I. team to Moncton as trainer and manager, said last night that Garnett is only beginning to show his real speed. He took the distance events quite handsly, he said, and seemed to have a lot of spare speed left.

Garnett skated in only one senior event before going overseas, so that this year is practically marks his second season in provincial races. He has taken part in thirty-three races this year, but when allowance is made for the twelve of them which he skated at the Am. Canadian national and international meets, when he was devoting a good deal of his time to the care of Charlie Gorman, who, he thought, and thought rightly, had a chance of winning a championship.

Garnett's showing in the remaining twenty-one races is splendid. Out of

honors in the 440 yards for boys, four skated unattached, did well also, winning the second place in the senior 800 yards. Hilton Belyea got second in the three mile event and Murray Bell and C. Nixon, although not among the point winners, creditably represented their home town.

**THROWING BALL GAMES TO BE MADE A FELONY**

Albany, N. Y., March 10.—Baseball players in New York State will have to "play the game straight" or face jail on a felony charge. Baseball gamblers, who heretofore try to profit by offering bribes to influence a player to "throw a game," will also face jail on a felony charge.

This was decided when the assembly passed the bill introduced by Senator Kavanagh of Saratoga. The measure has already passed the upper house and now goes to Governor Miller, who will approve it.

A similar measure introduced by Assemblyman Merrigan of Albany, which, however, would make bribe offering to or acceptance by a baseball player a misdemeanor, will be killed.

### LOCAL NEWS

**HOME FROM BOSTON.**  
J. E. Tigue returned to the city today from Boston, where he has been attending a meeting of the International Longshoremen's Association.

**BETTER CONDITIONS.**  
The board of health reports a falling off in notifiable diseases. Scarlet fever and diphtheria are the only two notifiable diseases of which there is record in the city at present.

**BANK CLEARINGS.**  
St. John bank clearings this week were \$2,665,809; last year, \$3,177,079; in 1919, \$2,901,548. Halifax clearings this week were \$3,182,269, and in Moncton they were \$1,486,014.

**A PRESENTATION.**  
A pleasant evening was spent at the home of Mr. and Mrs. H. Allaby, Main street, Fairville, on Tuesday evening when friends gathered there for the purpose of wishing Mr. and Mrs. Geo. Burns all good luck in their new home in the Middle West. They will leave for Saskatchewan in the near future. Rev. W. Townsend presented to Mr. and Mrs. Burns on behalf of the many well-wishers a traveling bag. The party broke up about twelve o'clock, after an evening of enjoyment with games, dancing and music.

### SOME HOPE FOR MR. TWEEDDALE

Base of Skull Fractured and Condition Serious But Not Hopeless.

Messages received in the city today agree that Hon. J. F. Tweeddale, who was injured at his home in Arthurton, as reported yesterday, is in serious condition, though today there was expressed some hope that he might recover.  
From his physician, Dr. Earle of Perth, came word that Mr. Tweeddale's skull was fractured at the base and that while his condition was very serious it was not regarded as hopeless. At best, however, it would be five or six weeks before he could be around.

The liquor commission, of which Mr. Tweeddale is chairman, was to have met on April 1, but this meeting now will likely have to be deferred.

### SOME WORD ABOUT APPROPRIATION FOR THE HARBOR

The secretary of the board of trade received a telegram yesterday from Hon. R. W. Wignmore in which he stated that it was intended to make an appropriation of \$1,250,000 for work at Courtenay Bay and general harbor works. A special appropriation will be made for work on the Negro Point breakwater.

### AN ASSESSMENT MATTER IN PARISH OF LANCASTER

Question of Valuation of Horses and Automobiles for Taxation.

A meeting of the Parish of Lancaster Highway Board, the board of assessors and the councillors of the parish was held in the office of the county secretary, J. King Kelley, yesterday afternoon and continued until eleven o'clock. The assessment of the Parish of Lancaster was the subject of discussion, more particularly as it is affected by an act passed at the last session of the legislature directing the assessors to prepare a separate column in the assessment roll for automobiles and horses. A difficulty has arisen over the clause in the act which directs the assessors to assess automobiles and horses at one third of their actual value.

It was said that it was not the intention of the county council that this clause should have been inserted in the act, that the councillors for the parish intended that the assessors should fix a fair rate for horses and automobiles and that they should be the judges of what was fair. In order that the assessment might be completed within the time allowed in order to avoid much litigation which it was feared that clause might bring about, Amador W. Anderson of the highways board was appointed to interview the premier and seek to secure from him an undertaking that legislation will be introduced and passed at the coming session of the legislature giving effect to the views of the councillors, assessors and the highway board of Lancaster.

### IT CAME WITH A VENGEANCE

Four-fifths of an inch of rain fell in twenty minutes last night. The total rainfall of yesterday and last night amounted to an inch and one tenth and the greater part of the precipitation came in two heavy showers. The first at about 8.15 in the evening brought a downpour of a tenth of an inch in a few minutes and the second commencing at 9.55 and lasting until 10.15 was a regular torrent. In that time four-tenths of an inch of rain fell. The streets were well washed by the heavy storm and this morning the bright sun shone on bare surfaces that had been covered with packed ice for many weeks.

### THIS MORNING AT FARMERS' CONVENTION

Question of Marketing—The Position of Wool Growers in New Brunswick.

Fredericton, N. B., March 10.—Miss Hazel McCain, supervisor of the Women's Institute branch of the department of agriculture, addressed the N. B. Farmers and Dairywomen's Association this morning on the work of the Women's Institute, detailing some of the work accomplished in the province.  
George E. Sanders, officer in charge of the Dominion Entomological Laboratory at Annapolis Royal, N. S., spoke on potato sprays and spraying. He was followed by A. G. Turney, provincial horticulturist, who gave some experiences of his own with potato spraying and dusting.

A. B. McDonald, Dominion livestock representative of Nova Scotia, said that in the past too much attention had been paid to the production end of farming, while on the marketing end of the job the farmers had fallen down, and he deplored the fact that no co-operative method of putting livestock on the market in the maritime provinces to obtain the highest price possible had been carried on. Of all the beef, mutton and pork raised in the maritime provinces eighty per cent. was consumed by the people of the provinces, while twenty per cent. had to find an outside market.

A. E. Trites, president of the N. B. Wool Growers' Association, said that last year had been a poor year for the wool business. He read the latest report of the Canadian Co-operative Wool Growers' Association dealing with the disposal of the Canadian wool during the last season. He said that the New Brunswick wool had been sold at the highest prices in the market, but New Brunswick was being sacrificed by the west, as the settlement for the wool had been held up until one million pounds of western wool had been disposed of. The suggestion of the maritime wool growers' association, he said, was a good one and one well worth considering, the only question being as to whether enough farmers interested in wool growing would subscribe sufficient stock.

### AWAY TODAY TO AUTHORS' MEET

Rev. H. A. Cody to Leave for Montreal This Afternoon—Speaks of Objects of Meeting.

Rev. H. A. Cody will leave this afternoon for Montreal where he will attend the convention of Canadian authors on Friday afternoon and Saturday morning. They will be entertained at a banquet at the University Club on Friday evening. Mr. Cody expects to return to St. John on Sunday morning. In speaking of the calling of the convention Mr. Cody said that while it had long been felt that there should be in existence some means of co-operation for the followers of the author's craft in order to gain for them greater influence there was at the present time an added need of such an organization when the Dominion parliament was to consider copyright legislation.

The preliminary committee which arranged the convention consisted of Stephen Leacock, chairman, J. M. Gibbon, F. W. Wallace, J. J. Hartell and B. K. Sandall, secretary. It was hoped to obtain the active support of a large number of Canadian authors in Canada and the United States, and a large attendance at the convention was expected. Mentioning a few of the authors that he thought would attend, Rev. Mr. Cody named Arthur Stringer, Bliss Carmen, Sir Arthur Currie, Prof. Arthur McMeachan, Dr. George H. Locke, Prof. W. P. Allison and Duncan Campbell Scott.

### BOWLING MATCH.

In a match game played on Victoria alleys last evening between a team from the N. B. Telephone Company and one from R. P. & W. F. Starr Ltd., the former won by a total pinfall of 1225 against their opponents' 1209. The scores follow—

N. B. T. Co. Ltd.	Total	Avg.
Stevens	69	77
E. Till	83	80
Wheaton	86	78
Worden	73	93

## Beauty in the Dining Room

And would you not feel a thrill of enjoyment and pride in being the possessor of a suite of furniture that attracts the attention of everyone who steps inside your home—that through sheer beauty of line and finish stands out, or dominates your Dining Room?

If these are Furniture ideals, you will find them here to your heart's content.

An unusually refined and graceful line of Dining Room Furniture is now here and if you are now, or if when you are, contemplating the purchase of a dining room set you will make this store's selection your first visit we know you'll go no further.
