Members of the Golden Green Training Corps, who provide their own equipment, learning to shoot in London in compliance with Lord Kitchener's famous order.

SAVED WARSAW FROM HORRORS OF BOMBARDMENT

Spirited Work of Russian Troops Wins Headquarters Praise

ANOTHER HOPE BLASTED

Letters on Prisoners Show German Intention to Have Been in Warsaw Between Oct. 15 and 17—German General Among The Prisoners

Petrograd, Oct. 22—The official news bureau in a statement reviewing the fighting around Warsaw, says: "The Russian troops displayed exceptional energy in coming to the defence of Warsaw and saving the city from a German bombardment. The Russian concentration was effected with greater swiftness than was called for by strategic reasons."

"Documents taken from prisoners captured during the fighting near Warsaw, show that the Germans were confident of entering that city, between October 15 and 17. The Siberian regiments arriving at Warsaw were immediately sent to the front, but not before they were warmly hailed by the population, which was greatly impressed by the martial appearance of these young soldiers. During their bayonet charges at night, in the forest of Motchilovsk, the Siberian troops took many prisoners belonging to the 21st German Corps."

"The 17th German Corps, with some reserve troops, attempted to push forward in the region between Honie and Prouchov, and suffered severely. It was there that the Siberian troops, together with other Russian forces, inflicted terrible losses on the enemy. Many villages in the vicinity were taken and retaken in hand to hand fighting. "In engagements near Kostienka, the Caucasian regiments also gave proof of extraordinary courage. For eight days these regiments were fighting on the left bank of the Vistula, in marshes where the trenches were constantly under water. Here they sustained the fire of the enemy's heavy artillery, but all the German attacks were repulsed. Several regiments suffered severe losses and one regiment had three commanders seriously wounded, one after the other. "The direction of the great battle going on to the south of Przemysl which has been under way for six days is in the hands of General Broussiloff. The Austrian losses have been enormous. Many prisoners have been taken including both Austrians and Germans."

A General Captured London, Oct. 22—A despatch from Warsaw to Reuters says: "Numerous parties of German prisoners are continually arriving. Among the latest batch is a general, who had been brought in with the troops of the Emperor William."

WESTERN BORN IN FIRE GRIP London, Oct. 22—A Reuters despatch from Batavia, Java, says: "A serious fire is devastating the whole region of Western Borneo. Dense smoke clouds are obscuring navigation on the route from Java to Singapore. The light-houses are inoperative. The Java, China and Japan lines, the despatch adds, is some days delayed and it is feared the boats have been wrecked on a bank in the straits in consequence of the smoke."

PROMINENT COLLEGE MEN ENLIST AS PRIVATES IN THE SECOND CONTINGENT

Saskatoon, Sask., Oct. 22—Among those enlisted as privates in the second Canadian overseas contingent from Saskatoon, are Prof. R. J. Bateman, B. A., and Prof. Louis Bebeau, M. A., of the University of Saskatchewan; J. E. Rainey, pursar at the university, and Frank McLog, barrister, son of Judge McLog.

LOOKED FOR GOOD NEWS IN OFFICIAL STATEMENT TODAY

Sturdy Stand of Allies Against Fierce German Attacks Augured Well

Paris, Oct. 22—The latest despatches from the battle front in France and Belgium told just enough to make the public want more. Positions having been everywhere maintained against the onslaughts of the enemy, today's official statement of the War Office was the object of hope on the part of the French. Meanwhile the fighting forces, before resuming the contest, sought anew to discover the weak spot in each other's lines. Napoleon's maxim "do not attack in the front the positions you can obtain by turning," is apparently a manoeuvre which the Germans are adhering to in what appears to be a supreme effort. In this battle of the North, the allied armies, supported by an English squadron, have thus far withstood repeated fierce attacks from the enemy.

NOW BELIEVE MONTREAL EXPLOSION AN ACCIDENT

Death List Now Two and Two Women and Babe May Be in Ruins

Montreal, Oct. 22—The mystery of the disastrous explosion in a Frontenac street tenement on Tuesday night has not yet been solved. The supposed Austrian bomb thrower, whose dead body was picked up at the scene of the wreckage, was believed to be a Russian who is said to have been a boarder in Nickel's portion of the tenement, and on friendly terms with all the inmates. It is now thought the explosion may have been the accidental discharge of dynamite stored in the basement by one of the laborers who lived in the tenement. Police Inspector McLaughlin, who has been working on the case, appears to regard the wreckage as due to an accident. A second death, that of Mrs. Morris Jurinsky, whose legs were amputated in Notre Dame hospital on Tuesday night, occurred yesterday morning. Mrs. Sarah Gilbert, both of whose legs also were amputated, is still in the hospital, but is recovering. It is believed that the bodies of two Jewish women and a baby are in the ruins.

GIFT TO MONCTON PASTOR AND HIS BRIDE

Moncton, N. B., Oct. 22—In Wesley Men's League last evening the young people of the church surprised Rev. Percy Fitzpatrick, pastor, and his bride, and presented them a handsome parlor cabinet on behalf of the Young Ladies' Mission Circle and the Carson Bible Club. The presentation was made by Lloyd Murray and an address was read by Miss Lizette Cochrane. An impromptu musical and literary programme followed.

GUNNERS ON THE BRITISH SHIPS MAKE SHOTS TELL

Superb Marksmanship In Fighting on Belgian Coast

FIGHTING DESPERATE

Some Villages Shelled by Both Allies and Germans - Five Hundred of Enemy Dead in One Place - Reinforcements From Liege

London, Oct. 22—A despatch to the Daily Mail from Dunkirk says that the British naval bombardment has been destroyed the town of Zyre, which the Germans held in force. The house occupied by the German headquarters staff was blown to bits. The naval marksmanship, according to the despatch, was superb. A British signalman in a stationary balloon, was shot by the Germans. London, Oct. 22—The correspondent of the Times at Boulogne, under date of Wednesday, describes the desperate fighting of the last week, in which the Germans have been driven back from village to village to the outskirts of Lille. He says: "The destruction has been terrible. Some of the villages have been shelled both by the allies and the Germans, and many non-combatants have been killed. A whole family was found dead in one house. In one of the villages 400 Germans were found after the fighting. The cartridges in their possession, it was noted, were of the old Snider type, with a large lead bullet. "During the attacks, the allies had only time to make rough trenches two feet deep and were obliged to lie in them at full length."

London, Oct. 22—The Amsterdam correspondent of the Daily Chronicle in a despatch dated Wednesday, concerning the fighting of the Belgian coast, says: "For three days British warships have been bombarding the German troops, who are trying to reach Newport. With the co-operation of the French artillery, the Germans were driven back on Middekerke, where the invaders are encamping themselves. "The Germans today bombarded Newport from Meriskerke. Their attack was vigorously repelled by the allies and the warships. The battle is not yet decided. Many villages have been set afire."

London, Oct. 22—German reinforcements, mostly marines, with two 17-inch howitzers, have arrived in Antwerp from Liege, according to a Rotterdam despatch to the Daily Mail. The reinforcements are going in the direction of Bruges.

UNITED STATES WANTS BRINDILLA FREED; SEIZED BY BRITISH

Washington, Oct. 22—The United States has protested to Great Britain against the seizure of the American steamer Brindilla, now at Halifax, as unjustifiable, and demanding her immediate release. IS AT HALIFAX. The Furness line steamer Tobasco, from London, arrived at Halifax on Wednesday evening at six o'clock.

KINGS COUNTY VOTES \$2,000 TO PATRIOTIC FUND; \$1,500 TO BELGIANS AT FINE MEETING

National Anthem and Tipperary Figure in Municipal Council Session--Councillors Give Fees to Hampton Red Cross

Hampton, N. B., Oct. 22—At a special session of the Kings County Council this morning with the warden, E. A. Flewelling, in the chair, a grant in aid of the patriotic fund and a grant to the Belgium relief fund were discussed. Every parish was represented by councillors and local rate-payers also were present, with a delegation of the local Red Cross branch, including Mrs. J. A. McAvity, Mrs. J. J. Ryan, Mrs. J. E. Angevine, Mrs. R. A. March, Mrs. C. J. Horseman and Mrs. G. M. Wilson. E. M. Sprout, on behalf of the local committee, made a strong appeal for the grants and was followed by E. Allan Schofield. He also urged consideration of a grant for war fund upon which the Red Cross and other societies might draw. Councillor F. E. Sharpe in a fervent patriotic address concurred with a motion that the council retire for fifteen minutes to talk over the matter and decide upon action. Just before noon the council again assembled and two resolutions were adopted, first instructing the secretary-treasurer to forward \$2,000 to C. B. Allan, St. John for the Canadian Patriotic Fund, authorizing him to draw on the secretary-treasurer for a further sum of \$1,500 as required; second, that the secretary-treasurer forward to Mayor Frink, St. John, \$1,500 for the Belgium relief fund. Three cheers and a tiger were given by the Hampton men present. On motion of Councillor Sharpe, the fees of councillors were presented to the Hampton branch of the Red Cross society. The council adjourned singing "God Save the King" and "It's a Long Way to Tipperary."

BOTH FUNDS PROGRESS WELL; MAN TO TAKE CHARGE OF BELGIAN AID

The local branch of the Canadian Patriotic Fund is now down practically to a systematic working basis and is running smoothly. Although the St. John representation in the Canadian expeditionary forces amounted to nearly 500 men, only 108 families have so far applied for relief, but, although they are not coming so fast as at the inception of the movement, applications for aid are being received almost daily. For the guidance of those looking after the relief work, a system is being worked out by which a detailed account of each of the beneficiaries can be ascertained at a moment's notice. The fund was exclusively by means of an alphabetically arranged envelope system, each envelope containing a card showing name, rank and address, number of family and circumstances of the soldier and his beneficiary. With the assistance of the secretary, Mr. Allan, and Senator Thorne, Alexander McMillan, of the firm of J. & A. McMillan, has made and presented to the fund a double indexed book, on which will be kept the accounts of disbursements. There has been some misunderstanding in regard to the families of volunteers for home defence, and their participation in the benefits of the Patriotic Fund. Some of these cases came before the local committee, and a communication was addressed to the local treasurer, asking for a ruling. He replied that the fund was exclusively for the families of those men who were in active foreign service, stating that the men on home (Continued on page 2, sixth column)

MISTRESS OR MAID? Whose Story Will Jury Believe in Carman Murder Trial?

Mincola, N. Y., Oct. 22—Unimportant witnesses were expected to be placed on the stand today, when counsel for Mrs. Florence Conklin Carman, charged with the murder of Mrs. Louise D. Bailey, began the presentation of their case. It is almost certain that Mrs. Carman's evidence will be held until the last when her denial of her former maid's testimony will be fresh in the minds of the jurors when they retire to consider the evidence. The defense has subpoenaed twenty witnesses. Mrs. Carman entered the tiny courtroom on this, the fourth day of her trial, expecting to take the stand this afternoon as her own chief witness. Presentation of the state's case, it was thought would be concluded today. Frank Farrell, a Bowery character who was fired across the Carman house to the rear, was recalled to the stand for a continuation of his cross examination when court convened this morning. As on preceding days, the courtroom was crowded with women.

PRELIMINARY CASE CLOSED AT COLLINS' REQUEST AND HE IS SENT UP FOR TRIAL

Daniel Collins, charged with assaulting Michael Marcus, was committed for trial this morning on his own request. The prisoner, whose limit for being on remand had expired, was brought before the magistrate, who further remanded him. Collins, however, was not satisfied with this and asked that his case should be disposed of so far as the police court was concerned, as he had already been in jail for several days. He intimated that he would rather be committed for trial without any further hearing as his earnings were not present. The prisoner persisted and was committed. A youth of sixteen was arrested on September 21, charged with escaping from custody at the Boyd Industrial Home, was further remanded as were three sailors who were before the court yesterday charged with being drunk and disorderly.

VALCARTIER STORY SIFTED, OFFICIAL INVESTIGATORS SAY IT IS UNFOUNDED

Ottawa, Ont., Oct. 22—An official investigation has been held by staff officers of the Valcartier Camp into rumors regarding alleged wasteful destruction of superfluous clothing, supplies, etc. when the troops left the camp. The report of the investigating officers states that there is no justification for the rumors. Only worthless articles, including some civilian clothing in dirty condition and some articles of obsolete pattern of uniform were burned. The report states that no articles of government property, "possibly," says the report, "these men resented it and retaliated by persistently spreading the rumors alluded to."

KAISER'S SON-IN-LAW MISSING; BELIEVED HE IS A PRISONER

London, Oct. 22—Anxiety is felt in Brunswick as to the whereabouts of Duke Ernest August, the German Emperor's son-in-law. The duke, who was leading a squadron of Hussars on the French front, is reported to have been made prisoner. His wife, Princess Victoria Louise, is about to leave for the Kaiser's headquarters. It is reported that the British steamer Cormorant, of Cork, has been sunk by a mine in the North Sea.

JAPANESE WARSHIPS SEEK GERMANS

Tokio, Oct. 22—A Japanese squadron, it is officially announced is seeking the German fleet in the neighborhood of Hawaii. WAITING FOR GERMANS TO COME OUT Honolulu, Oct. 22—Standing just outside the three mile limit, her searchlights constantly illuminating the entrance to Honolulu harbor, the Japanese battleship Hizen kept patrol last night, while anchored in the roads, the German warship Geyer awaited the verdict of port officials as to how long she may remain in the harbor for repairs. While the port officials have been uncommunicative, regarding this time allowance, two reports have gained credence. One is that the repairs will be completed within a few days, when she must leave port, and face the enemy lying in waiting without; or, it is reported, she will be ordered to leave the harbor late yesterday fully coalled and provisioned, fourteen days out from Yokosuka, a naval depot near Yokohama. Her commander, Captain Yawamaki, when instructed by Rear Admiral Moore to preserve neutrality, said he would do so, and also declared that he had no intention of entering the harbor.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis—A very pronounced high has developed north of the Great Lakes and, together with a falling barometer in Newfoundland is causing a westerly gale in the Gulf of St. Lawrence. Unseasonably warm weather prevailed yesterday from Ontario to the Maritime provinces, but the temperature is now falling, with northerly winds.

Maritime—Strong north and north-westerly winds, becoming cooler. Friday northerly winds, fine with night frosts. New England Forecasts—Fair and cooler tonight; fair Friday; moderate north to northerly winds.

Chicago, Ills., Oct. 22—John Lundgren, opponent of John Levedowski, who was killed in a boxing bout between the pair at Tolleston, Ind., last night, was arrested here today. "It must have been heart trouble," as we had scarcely begun to mix things when I knocked him out," said Lundgren, who left Tolleston before the fall termination of the fight was known to him.

Knocked Out in the Prize Ring and Dies Chicago, Ills., Oct. 22—John Lundgren, opponent of John Levedowski, who was killed in a boxing bout between the pair at Tolleston, Ind., last night, was arrested here today. "It must have been heart trouble," as we had scarcely begun to mix things when I knocked him out," said Lundgren, who left Tolleston before the fall termination of the fight was known to him.

WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—"After my first child was born I felt very miserable and could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, step elastic, and I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work."—Mrs. A. F. KRAMER, 1574 Electric Avenue, Lackawanna, N. Y.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration, Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

LOCAL NEWS

Fifty dollars was raised for the Belgian relief fund at a very successful picnic held at Red Head last evening. John Daiseil was chairman and James Duffell auctioneer.

Fantomas is coming! Fantomas, the Man in Black

For bargains in Auto Tires see page 10.

Old fashioned molasses peppermint drops 12c. a lb.—Phillips' Stores, today.

Rev. J. A. Francis, D. D., of Boston, arrived in the city yesterday to assist in a mission at the German street Baptist church. He spoke last evening on "The Light of the World."

FALL SUITS
Our \$10.75, \$13.50 and \$16 fall suits are a combination of suit excellence and low prices—Wiesz's Cash Stores, 248-247 Union street.

Who's coming to the Gem next week? Who? Fantomas, the Man in Black.

THE BEST
The most hygienic, the lightest, the best ventilated stay in corsets is Spirella. A trained corsetier will call at your home upon request. Phone Miss "Henry, 66 Sydney street. L.F.

Hugh Joyce narrowly escaped death yesterday afternoon when a sloven, attached to a four horse team which he was driving, was struck by engine 628 at the Bay Shore crossing. The sloven which was loaded with sand, was destroyed and the loss will amount to about \$70.

Arthur Johnson and Lottie Briscoe, "movie" favorites, at Gem Friday and Saturday in new serial "The Beloved Adventurer."

READY? AYE READY!
To fit up your children with school boots,—our own make or ready made. Let us have the old boots to put into good shape.—Brinde, 227 Union street. Phone 161-21. L.F.

MILLINERY!
500 Ladies' felt hats at 80c. each. Why not get one? They are at Bussen's, 207 Union street, Opera Block.

Like a story of detectives and mystery—The Man in Black, Gem, next week.

A public meeting under the auspices of the Trades and Labor Council will be held in Oddfellows' Hall, corner Union street and Hezen avenue, Friday evening, Oct. 23. You are invited.

Rev. Dr. Herridge, preaching in St. David's church at the Presbyterian mission service last evening, said that the moral reformer was always sure to meet with protests and that, when social customs of the day which lower the standard of intelligence and corrupt morals were attacked, every frivolous pleasure seeker would cry out "Let us alone."

LADIES SAMPLE COATS.
Another lot just arrived to sell at about 25 per cent less than regular prices. Price range \$7.00 to \$25. No two alike. Call and see them.—Charlotte street, Wilcox's, corner Union. 10-24.

GIRLS' SAMPLE COATS.
Girls' coats that are worn from \$5 to \$7, to fit from 6 to 14 years; your choice at \$3.75 and \$4.25, at Charlotte street, Wilcox's, corner Union. 10-24.

WILCOX'S MEN'S SUITS.
Our men's blue and black suits at \$12, \$15, and \$18 are the best that can be made for the money. We make them to order at the same price. If we cannot fit you with a ready-made suit and see them, it will pay you. Charlotte street, corner Union. 10-24.

Try the Union Wet Wash. Phone 1862 for quick delivery. L.F.

WHY IS IT?
The husband asks his wife why is it that Wilcox's ladies' coats are so much cheaper than the coats in other stores in town? It's easy for them, when you know why. They sell mostly sample coats at about 25 per cent less than regular prices. 10-24.

CHILDREN'S WEEK.
"Photos are most happy reminders to relatives and friends at Xmas time. Read about our "Children's Week" in this issue. The Reid Studio, cor. Charlotte and King streets. 10-23.

DON'T WORRY
As there is no need of it, no matter how much short in funds you are, you can always get your clothing at \$1 per week at Brinde, the house of ladies' and gentlemen's clothing, boys' suits, furs, etc.—185-187 Union street.

LARGE PHOTO FREE.
One of those beautiful large photos of your child given away next week. Call up Main 1897 and ask about it. The Reid Studio, corner Charlotte and King streets. 10-23.

STRONG SHOES
Made in St. John and guaranteed good by J. M. Humphrey & Co. About one hundred styles—name stamped on soles. c. o.

If your grocer tries to substitute another fat for "SALADA" you may be sure his object is to obtain larger profit than "SALADA" shows him, and you can be just as sure that the other fat will be inferior in flavor and strength, and remember that "SALADA" Vitas are free of dust. All Pure Virgin Tree Leaves.

DO NOT LOOK GOOD
Fine linen, bright china and cut glass do not look good on your white table cloth with old black, shabby silverware. Here's help. Old silverware repaired and replaced to look like it did on your wedding day.—J. Gromlans, 24 Waterloo street.

Dear Death in the Falls
Through the heroic efforts of Joseph Vail, Walter Humphrey, Eric Campbell and John McCallum, all West Side fishermen, Diver H. E. Poland of the West Side, with a young man and a ten-year old lad named Bennett, were saved from death in the whirlpools of the falls yesterday. They were out in a motor boat when the engine became disabled and they were drifting into the rapids. The four fishermen succeeded in getting a line to the motor boat and a rowed against the tide until Victor Cobham arrived in another motor boat and towed them to safety.

Hints on Hair Health

Stop our treatment, we will either stop your hair from falling or pay for the treatment ourselves.

Dandruff is a contagious disease caused by a microbe, which if not removed causes baldness. This microbe often comes from comb or brush belonging to someone else.

If you are troubled with dandruff, itching scalp, falling hair, or baldness, we believe that Resall "93" Hair Tonic will do more than anything else to remove the dandruff, destroy the germ that causes the scalp to be unhealthy and stop falling hair, and, if there is any life left in the roots, also promote growth of new hair.

We believe that probably 65 per cent of the cases of baldness could be overcome if people would only use Resall "93" Hair Tonic for a reasonable time, as directed.

We don't want you to take our word for this. We want you to test the merits of Resall "93" Hair Tonic on your risk. If you use it and it does not give satisfaction, just come back to us and tell us, and we will immediately hand back to you the money you paid for it. You promise nothing, and your hair will be taken for it.

We are dependent upon your confidence and patronage, and we would not make these claims, or make this offer, if we did not believe that Resall "93" Hair Tonic is the very best hair dressing ever made. Two sizes of bottles, 50c and \$1.00.

You can buy Resall "93" Hair Tonic in this community only at our store.

The Rexall Stores 100 King, 473 Main, 599 Main.

PROV. HOSPITAL SUPPLIES

The commissioners of the Provincial Hospital have awarded contracts for the supplies for that institution as follows: Dry goods—Manchester, Robertson Allison Limited; butchers' meat, O'Neill Bros.; soft coal, Harvey Walton; hard coal, R. P. & W. F. Starr; drugs, George A. Biecher; shoes, Woodbury & Bissell; bread, J. & W. Shaw; groceries, St. John Mercantile Company, Limited. In all cases, it is announced, the lowest tender was accepted.

Two Years in Prison.
Toronto, Oct. 22—Charles Hall, alias Heman, was sentenced to two years in prison yesterday by Judge Costeavorth on a charge of forging bills of lading bearing the name of Charles Watkins, for 45,887 bushels of wheat, and of disposing of them to the W. D. Matthews Company for \$45,000.

How To Get Rid Of Dyspepsia

"If you have dyspepsia, indigestion, sour stomach, belching, distress, after eating, heartburn, or any other stomach trouble due to hyperacidity (the usual cause of stomach troubles), you should take no medicine to act upon the stomach itself. That is positively not the way to cure the trouble. Again, you should not half starve yourself by going without the nutritious food that you need to rebuild waste tissues. Some foods are not good for people even when in perfect health—very rich, sweet, highly seasoned dishes. Avoid these, but eat fairly substantial meals of plain foods. Eat slowly. Even if you drink nothing but water, you should not drink with meals. Drink before and after eating, digestants. If you follow the foregoing simple instructions it is probable that you will not need any medicine at all except, if you want to call it medicine, a little antacid after meals. The best antacid is ordinary bismuth magnesia, which can be purchased at any drug store. This is not to act upon the stomach, but to neutralize or counteract the excess acid so the stomach can digest the food normally. Take a teaspoonful of bismuth magnesia in a little cold or hot water after each meal. You should get immediate relief, even if your case is severe. Careful, moderate eating and the use of bismuth magnesia should put your stomach in normal condition in a short time. If you have not allowed dyspepsia to advance to the extreme stage of developing stomach ulcers.

Oily skin and shiny nose

How to correct them

That bug-bear of so many women—an oily skin and shiny nose—has various contributory causes.

Whatever the cause in your case, proper external treatment will relieve your skin of this embarrassing condition.

Begin this treatment tonight

With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub into the pores thoroughly—always using an upward and outward motion. Rinse with warm water, then with cold—the colder the better. If possible, rub your face for a few minutes with a piece of ice.

This treatment with Woodbury's will make your skin fresher and clearer the first time you use it. Make it a nightly habit and before long you will see a decided improvement—a promise of that lovelier complexion which the steady use of Woodbury's always brings.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

Do this today—now! Tear out the illustration of the cake below and put it in your purse as a reminder to get Woodbury's and try this treatment. Tear out the cake now. Take it to your druggist today. Begin tonight to get the benefit of this Facial Soap. For sale by Canadian druggists from coast to coast, including Newfoundland.

Woodbury's Facial Soap
Made in Canada by The Andrew Jergens Company, Ltd. Toronto, Ontario

\$100 Reward, \$100

The reader of this page will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Cancer. Hall's Cancer Cure is the only positive cure now known to the medical fraternity. Cancer being a constitutional disease, requires a constitutional treatment. Hall's Cancer Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative power that they offer One Hundred Dollars for any case that it fails to cure. Address: J. CHENEY & CO., Toledo, O. Sold by Druggists.

Take Hall's Family Pills for constipation.

The Evening Times and Star

ST. JOHN, N. B., OCTOBER 22, 1914.

The St. John Evening Times is printed at 27 and 29 Cornhill Street every evening (Sunday excepted) by the St. John Times Printing and Publishing Co. Ltd., a company incorporated under the Joint Stock Companies Act.

TRAIN THE MEN.

It is the duty of Canada to get the largest available number of men under military training as soon as possible, in order that all who go to the front may have had some previous drill.

THE WAR NEWS

Today's war news confirms that of yesterday, both in relation to the success of the allies in France and Belgium and that of the Russians in Poland and Galicia.

In the east the Germans, who had expected to enter Warsaw last week, have been driven back with loss, and are being pursued by the Russians.

PROVINCIAL REGIMENTS

Mr. Lloyd George would approve of the organization of a French-Canadian regiment, a Nova Scotia regiment or a New Brunswick regiment.

It does not seem much for the Prussian junker, but in military matters the Prussian military junker is no fool.

Another part of the same speech, dealing with the character of volunteer soldiers, the chancellor said: "Cromwell's Ironsides were most of them quiet farmers and artisans, and had never wielded the sword in their lives, and never contemplated wielding one, and yet after probably less training than Lord Kitchener's new army can get, they were about the finest warriors in Europe of their day.

REV. DR. HERRIDGE

It is the gift of the orator that he can gather up the thoughts that are in the minds of men, half formed if they be, co-ordinate them, and give them such eloquent expression in clear and thrilling words that they gather greater force, and make a far more lasting impression upon the minds of all.

oration delivered before the Canadian Club yesterday by Rev. Dr. Herridge will not soon be forgotten by those who listened. There was nothing bombastic or truculent about his references to the war. His address was the serious expression of sane thoughts concerning Canada's duty, as well as Canada's opportunity.

Dr. Herridge very properly dwelt upon the effect of this war in breaking down prejudice. In this country, he said, we are no longer gits or Tories, Catholics or Protestants, French or English; but Canadians united in a great task.

LOYAL AUSTRALIA

Canadians will be interested in the sentiments expressed in Australia in relation to the war. The Labor Party won in the recent federal elections in Australia, and it is worthy of note that this party gives its enthusiastic support to Britain in the war.

The decision of the British commandant to open the canteen for the Canadian soldiers will not be interpreted as a suggestion that they are in need of what is called "Dutch courage."

Scottish assemblies in St. John will not be quite the same without the presence of Mr. Andrew Malcolm, who for so many years contributed to the pleasure and entertainment of the members. Mr. Malcolm was in the best sense a good citizen. He was especially prominent in connection with Sunday School work, and was a strong advocate of the cause of temperance.

Accidentally Shot

Edward McCoy, the thirteen year old son of Arthur McCoy, of Lower St. Mary's, was accidentally shot yesterday by his brother, Lloyd, aged twelve. The boys were out shooting and the younger one was behind carrying a high power rifle. He tripped and fell and the gun was accidentally discharged, the bullet receiving the bullet in his throat. He died almost instantly.

OWES HER LIFE TO "FRUIT-A-TIVES"

Cured Both Stomach Trouble And Headaches

Palmerston, Ont., June 20th, 1913. "I really believe that I owe my life to 'Fruit-a-tives.' Ever since childhood, I have been under the care of physicians and I have been paying doctor's bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help.

Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked the reason. I replied 'I am taking 'Fruit-a-tives.' He said, 'Well, if Fruit-a-tives are making you look so good, go ahead and take them. They are doing more for you than I can.'

MRS. H. S. WILLIAMS.

"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

LIGHTER VEIN.

"A lawyer advertised for a boy. A boy duly presented himself, and the lawyer said to him: 'Well, my lad, what qualifications have you for a place in a lawyer's office?'

"I can—er—I can lie, sir, the boy answered."—"Buffalo Commercial."

What is a gusher in an oilfield?" asked little Peter.

"That man who writes the company prospectus?"

An old Scotch farmer, who had been bespeckled all his life, was about to die. His wife felt it her duty to offer him such consolation as she might, and said, "Sandy, you are about to go, but I will follow you."

"I suppose so, Jean," said the old man weakly. "But so far as I am concerned, you needna be in any extraordinary hurry about it."

"And now, my friends, we shall soon all know what I personally have often wondered—what are Keats?"

Nurse Girl—O, ma'am, what shall I do? The twins have fallen down the well!

Fond Parent—Dear me! How annoying! The twins have fallen down the well! The last number of the Modern Mother's Magazine; it contains an article on "How to Bring Up Children."

A somewhat choleric gentleman, while waiting for his train, entered a barber's shop to be shaved. The barber was very deliberate in his movements, and the slow manner in which he applied the lather got upon the guest's nerves.

"Here! for Heaven's sake, hold the brush still and I'll wiggle my head."

Mr. Malcolm was a prominent business man, and took an active interest in many public affairs. He was a native of Balfron, West Lothian, Scotland, and was in his seventy-second year. While he enjoyed the best of health until August, Mr. Malcolm had been confined to the house with stomach trouble since that time.

Mr. Malcolm was a good dictionarist and recited with fine effect many poetic tributes to Scottish valour and Scottish character. He was also a keen carter. He was a man of unquestioned integrity and highly respected as a man of the business community.

The death of Mrs. Bridget, widow of John Collins, occurred yesterday at Whitehead, Kings county. She was a daughter of the late John Gilfoyle, formerly of Douglas avenue. Three sons, William of Lambert Lake (Me.), Arthur of Mapleton (Me.), Frank of this city and one daughter, Mrs. Fred Walker, of Everett (Mass.), survive.

Robert Butler, of this city, died yesterday morning, leaving his wife, two sons and one daughter in Providence (R. I.), and two brothers, John and James, in St. John. The funeral will take place today from the residence of his brother James, 211 Sydney street.

Fifty miners trapped in a cave-in in the shafts of a mine near Webb City, Mo., were recently led to safety by a blind track mole. It made its way unhesitatingly over the path, having become accustomed to it by trudging over it unseeing for many years.

Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.

RECENT DEATHS

Andrew Malcolm. It was with deep regret that the city learned of the death of Andrew Malcolm, which occurred yesterday afternoon after an illness of eleven weeks.

Mr. Malcolm was a prominent and useful citizen whose passing cannot easily be filled. In his private life, his commercial dealings and in his public activities his high standards won for him the respect and esteem of all who knew him and his loss will be sincerely mourned.

Mr. Malcolm was a prominent business man, and took an active interest in many public affairs. He was a native of Balfron, West Lothian, Scotland, and was in his seventy-second year. While he enjoyed the best of health until August, Mr. Malcolm had been confined to the house with stomach trouble since that time.

Mr. Malcolm was a good dictionarist and recited with fine effect many poetic tributes to Scottish valour and Scottish character. He was also a keen carter. He was a man of unquestioned integrity and highly respected as a man of the business community.

The death of Mrs. Bridget, widow of John Collins, occurred yesterday at Whitehead, Kings county. She was a daughter of the late John Gilfoyle, formerly of Douglas avenue. Three sons, William of Lambert Lake (Me.), Arthur of Mapleton (Me.), Frank of this city and one daughter, Mrs. Fred Walker, of Everett (Mass.), survive.

Robert Butler, of this city, died yesterday morning, leaving his wife, two sons and one daughter in Providence (R. I.), and two brothers, John and James, in St. John. The funeral will take place today from the residence of his brother James, 211 Sydney street.

Fifty miners trapped in a cave-in in the shafts of a mine near Webb City, Mo., were recently led to safety by a blind track mole. It made its way unhesitatingly over the path, having become accustomed to it by trudging over it unseeing for many years.

THE LITTLE LADY TYPIS

She sits beside the clicking key All day to play the harmony Of business on the type machine, While many a duty in between Calls her in flight across the room, With all her rosy cheeks alight.

In spring or summer, winter, fall, Responsive to the utmost call, She fills a place no other can, The friend of business, help of man, The saving grace of mart and mill, The lady typist fills the bill.

A queen, a sovereign, ruling those Who win or lose in business' throes, Alert, awake, alive to chance, She makes the old typewriter dance, And keeps her temper, all the while Spreading on troubled wave her smile.

A man whose trousers bagged badly at the knees was standing on a corner, waiting for a car. A passing citizen stopped and watched him with great interest for two or three minutes; then he said: "Well, why don't ye jump?"

Hints for the Cook

Walnut Pudding.
One-half cup molasses, one cup raisins, one cup chopped walnut meats, two cups whole wheat flour, one round-egg teaspoon baking powder, one cup milk.
Have your kettle ready with boiling water, butter your mold, place in your butter and steam three hours. Serve with hard sauce.

Almond Macaroons.
Half a pound of almonds, blanched and pounded with a tablespoonful of essence of lemon until a smooth paste. Add an equal quantity of sifted white sugar and the beaten whites of two eggs. Work well together with a spoon. Dip your hand in water and work them into balls the size of a nutmeg. Lay them on white paper an inch apart, then dip your hand in water and smooth them. Put them in a cool oven for three-quarters of an hour. Coconut can be grated and used in place of the almonds, and thus make coconut macaroons.

For bargains in Auto Tires see page 10.

WAR GEOGRAPHY.
Armentieres—A prosperous mining town, with 28,000 inhabitants, about fifty-four miles from Calais. It is situated on the Lys river, near the Belgium frontier.
Arras—Situated on the right bank of the Scarpe, about half way between Calais and Amiens. It is the chief town

of the department of Pas-de-Calais, and carries on an important grain trade. It was here that the French and English, after the battle of Agincourt, in 1415, signed their treaty of peace. Through the middle ages the town was noted for its tapestries, but their manufacture has completely died out.
Soldau—A German town of 8,700, about five miles from the southern frontier of East Prussia, and a strategic railroad junction. A big battle was fought here in the winter campaign of 1906.

GOOD SLEEP GOOD HEALTH

Exhausted Nerves Fully Restored by Dr. Chase's Nerve Food.

When the nerve force expended in the day's work and in the act of living is not replenished by restful sleep at night you have cause to be alarmed, as physical bankruptcy stares you in the face. This letter directs you to the most satisfactory cure for sleeplessness.

Mr. Dennis Mackin, Maxton, Sask., writes: "I have just finished using the sixth box of Dr. Chase's Nerve Food, and I must say that when I commenced using it my nerves were so bad that I could scarcely get any sleep. I would lie in bed nearly all night without sleep, and has built up my nervous system wonderfully. I now enjoy good, sound sleep, and instead of feeling tired in the morning I am strong and healthy, and well fitted for my daily work."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50; all dealers, or Edman-son, Bates & Co., Limited, Toronto.

Beautiful Hints of Beautiful Models

Beautiful heads are rarer than beautiful faces.

Julia Burns

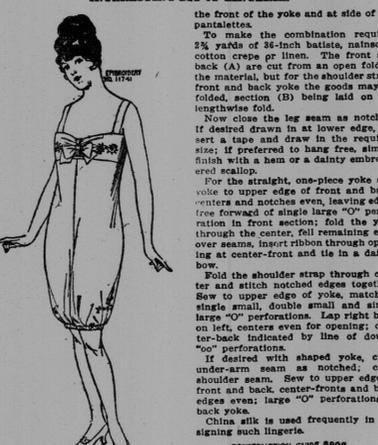

(By Idah McGlone Gibson.)
There is a kind of beauty that is in much demand by artists and often it is the kind that is not particularly noticeable in a crowded drawing room, or in the street.
This peculiar loveliness is possessed by Julia Burns, and consequently she is a very popular model. She has the beautiful rounded chin and eyes set wide apart and generally regular features that appeal to the artist of every nationality and clime.
Miss Burns has particularly beautiful hands. "What do you do to keep them so soft and white?" I asked.
"I give them an olive oil bath at least once a week and I wear gloves whenever I go out doors," she answered.
The olive oil bath that Miss Burns gives her hands is made by stirring fine

Easy & Practical Home Dress Making Lessons

INTERESTING BIT OF LINGERIE.

the front of the yoke and at side of the pantallettes.
To make the combination requires 2 1/2 yards of 36-inch batiste, nainsook, cotton crepe or linen. The front and back (A) are cut from an open fold of the material, but for the shoulder strap, front and back yoke the goods may be folded, section (B) being laid on the lengthwise fold.
Now close the leg seam as notched. If desired drawn in at lower edge, insert a tape and draw in the required size; if preferred to hang free, simply finish with a hem or a dainty embroidered scallop.
For the straight, one-piece yoke sew yoke to upper edge of front and back, centers and notches even, leaving edges from forward of single large "O" perforation in front section; fold the yoke through the center, fall remaining edge over seams, insert ribbon through opening at center-front and tie in a dainty bow.
Fold the shoulder strap through center and stitch notched edges together. Sew to upper edge of yoke, matching single small, double small and single large "O" perforations. Lap right back on left, centers even for opening; center-back indicated by line of double "O" perforations.
If desired with shaped yoke, close under-arm seam as notched; close shoulder seam. Sew to upper edge of front and back center-fronts and back edges even; large "O" perforations in back yoke.
China silk is used frequently in designing such lingerie.

BOYS' CLOTHING DEPARTMENT

Manchester Robertson Allison, Limited

ON OVERDOING IT

"The tendency of the age," says a modern philosopher, "is to overdo everything."

The same thought has occurred to the writer many scores of times, when, after swallowing a very moderate allowance of some sauce, he has been left with a palate apparently given over to an endless stinging and burning sensation, calculating to make a man forswear the use of any sauce whatever.

Have you ever been served that way? Ever suffered that way? Ever vowed eternal abstinence from sauces? Forget that suffering, break the vow, and try H. P. Sauce, a truly delightful composition. Neither too thick nor too thin, too hot nor too cold, too sweet nor too sour. This sauce, which has been christened "H. P." in honor of the Houses of Parliament, is to be procured of all grocers, and it is in every respect a revelation of what a perfect sauce should be.

We have it from the manufacturers, the Midland Vinegar Company of England, the largest malt vinegar brewers in the world, that this most truly welcome addition to our tables is compounded from the choicest Oriental fruits and spices blended with pure malt vinegar by "a secret process."

We gladly accord the Midland Vinegar Company enthusiastic praise of their "process." H. P. is a sauce so deliciously blended that no flavor predominates aggressively over the others, and so skillfully combined that it never separates, there initiated, though never in the opinion of the writer, emulsified.

For the letters H. P. and a picture of the British Houses of Parliament on the label for a sauce as good as this will often be in no sediment, and therefore requires no shaking.

It is imperative, when buying, to look for the name of the manufacturer.

Knew the Reporter.
The managing editor was disappointed and he told the city editor so.
"Why didn't you print that story Young Pounder turned in last night?" he wanted to know.
"The one about the crazy man scattering money through the downtown streets. That was a good story, and full of interest. It would have been exclusive, too, I see the other paper hasn't printed it yet."
"Well, I didn't print it because I thought it one of Pounder's fakes."
"What made you think so?"
"It stands to reason. If it had been true, Pounder would have been following him yet."

The biggest mushroom found in Maine in years was discovered the other day by Adelbert Nickerson on Bigelow Hill in Snowhogan. It weighed 6.2 pounds and measured nearly 18 inches across.

Daniel's for Underwear

Women's and Children's

If you have never tried the celebrated "Cecot" Underwear, try it this Fall. You cannot do better. Every garment perfectly finished. Loose, elastic knit, that clings warmly to the figure; guaranteed unshrinkable. Merino finish, 35c; Pure Wool, 75c per garment and up.

A NEW WEAPON

WAR GEOGRAPHY

Ghent—The capital of East Flanders, is situated on the Scheidt and the Lys, which flow through it in several arms. It is about 150 miles from Ostend, and about the same from Antwerp. By the Scheidt it is connected with the ocean, and ocean vessels of moderate size can dock in its port. Ghent is the "Flower City," exporting annually whole cargoes of camellias, saffrons, laurel trees and other hot-house plants. Industrially it is famous for its linen and cotton goods, and iron foundries. At present the population is more than 200,000, if the large suburbs of Ledeburg, Gentbrugge and Mount St. Amand are included. The turbulent, independent spirit of the people has been a problem, through all the city's long history, to the various rulers who claimed that part of Flanders. In 1540, for instance, Emperor Charles V of Austria, had a powerful citadel erected near the gate just to keep the citizens in check.

WAR DICTIONARY

Ferran—A French word frequently used in the war despatches referring to a region or tract of land considered with reference to its special fitness for military operations.

Naval Screen—A fleet formation very similar, in principle, to the various fleets are being kept out of over-night range of the swift German destroyers and submarines. But ahead of the great Dreadnoughts, England has pushed a broad screen of destroyers and cruisers, which are keeping constantly in touch with Germany's outermost sea line. The casualties to the British fleet so far, have hit only this "screen," which is, in theory, 300 miles ahead of the main fleet.

Giving Pa Notice.
"I understand that you have called to ask for my daughter's hand?"
"Oh, no, nothing like that."
"Then?"
"She and I settled all that. What I have called for is to find out what part of the house you are going to turn over to us when we get married?"

British soldier holding earthenware jar taken from the body of a dead German. The jar contains gasoline used to fire houses.

GIRLS! LOTS OF BEAUTIFUL HAIR NO DANDRUFF--25 CENT DANDERINF

Hair Coming Out? If Dry, Thin, Faded, Bring Back Its Color and Lustre

difference how dull, faded, brittle as scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—your surely can have beautiful hair and lots of it if you will just try a little Danderine.

Within ten times after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No

DRESSMAKING

DRESSMAKING done by the day. Viola Edgar, 56 Sydney street. 17754-10-27

Health and Beauty Helps

(By Mrs. Mac Martyn) Sue L.: I always recommend quinine to put vitality and luxuriance into anyone's hair. It will promptly remedy the dandruff and itching scalp; it costs little and you can prepare it at home. From your druggist get one ounce of quinine and one-half pint of alcohol. Mix and add one-half pint cold water. This makes enough tonic to last a long time. Apply to your scalp twice a week. This is fine to prevent falling of the hair and premature loss of color.

Daly: Don't worry about being too "plump" when there is such a simple, easy way to reduce flesh without dieting or any strenuous exercise. Get four ounces of paraffin from your druggist and mix it in one and one-half pints of hot water. Take a tablespoonful before meals. This is harmless and inexpensive and I think you will find a beneficial change within a week.

Leonora: There is no virtue in an egg shampoo. The slimy animal matter clings to the strands and clogs the pores of the scalp. Try this simple shampoo: Get some castor oil from your druggist and dissolve a level teaspoonful in a cup of hot water. It leaves the scalp stimulated and cleaned, and the hair beautiful soft and fluffy.

Polly: You do not need to send abroad for the new, perfect substitute for face powder. Make it yourself at home, by dissolving four ounces sparmax in one-half pint of hot water. This is the simplest, purest lotion for making the skin soft and naturally fair. It stays on closely, and gives a youthful freshness. When on it seems part of the face.

Fanchou: Certainly eyes are harmed by bella donna, but this home-made tonic will clear away the film which it is strengthening and resting. Anyone can prepare it by dissolving an ounce of cobaltine in one-half pint of clear water. Use eye cup or put a few drops in each eye once a day. Its brightening effect is immediate.

BRITISH AND GERMAN CRUISER COMPARED

Now that the Heligoland fight has been British and German cruisers exchanging broadsides, naval journals are discussing the relative merits of the two national types. For years Germany has been building what the German admirals staff terms "small cruisers." These cruisers can be distinguished by their bearing the names of towns—Leipzig, Karlsruhe, Emden, Magdeburg, etc.—and are all of small or moderate size, great speed, and light armament. British cruisers are not standardized in the same way; but of late years the Admiralty has been building some very fast ships, some larger, some smaller than the German "small cruiser," but all more heavily armed.

ASH BIN TELLS STORY

The ash bin tells the story of the kind of coal you burn, and as useful as fuel. Classy clean coal, of a quality to give the best and easiest regulated heat is the kind sold by the Consumers' Coal Co.

SALVATION ARMY AND KITCHENER'S SOLDIERS

Preparing For The Cold Weather Time in Training Camps With winter approaching it is getting cold under canvas now, especially at night, and the hundreds of thousands of men forming Lord Kitchener's army, as well as the tens of thousands of territorial who are undergoing training at various military encampments in Great Britain will have to seek more substantial and more effective shelter.

WANTED FOR FOURTEEN YEARS ON MILLION LARCENY CHARGE, CAUGHT IN TORONTO

Toronto, Oct. 21.—Dr. C. C. Flower, formerly of New York and wanted for the past through the United States for a grand larceny of \$1,000,000, having sold stock in wild cat mines in New York, was arrested here by officers of the Toronto Police Department.

BAPTISTS' TRIBUTE TO LATE HON. H. R. EMMERSON

At the Maritime Baptist Convention the following tribute was paid to the late Hon. H. R. Emmerson, M. P. Hon. Henry R. Emmerson, M. P., D. C. L., LL. D., born at Marguerite, N. B., 1854, died at St. John, N. B., Oct. 18, 1914, aged sixty years.

What are Pepp's?

Pepp's is the name bestowed upon a new scientific preparation put up into tablet or pastille form, which provides an entirely new and effective treatment for coughs, colds and lung and throat troubles generally. Did it never occur to you as peculiar that when you have a cough or a cold, or any chest trouble, you should apply medicine—not to your lungs, but to your stomach?

THE TWO PASSAGES

When you breathe through your nose, you breathe through the two passages, the nasal cavity and the oral cavity. The nasal cavity is the passage through which the air enters the lungs, and the oral cavity is the passage through which the air enters the stomach.

The Children And the Apples

There are dangers in even so excellent a public service as an apple campaign. I have become so enthusiastic about our Canadian apples and the necessity of having everyone know them and eat them, that I overlooked the possibility of having some people eat too many. But last night the danger was brought home to me in an unexpected way.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to Flush Kidneys and Neutralize Irritating Acids Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night.

SPY HIDES SKETCHES IN WOODEN LOG

The German police have discovered stolen sketches of a man's wooden log in the first authentic cruiser action of the war. The sketches were found in the hollow interior of a log which had been used to conceal important papers and rifle bullets stolen from the barracks. He says that he had stolen them in the interests of a French secret service bureau in Geneva.

MAY HAVE LED TO LOSS OF THE HAWKE

London, Oct. 22.—An elaborate wireless apparatus has been discovered in a private house situated near the seaport of Kirkcaldy, on the east coast of Scotland. The discovery is all the more complete as the house in which the apparatus was found had an uninterrupted view of the Firth of Forth and it is believed that frequent communication with the German war vessels in the North Sea from this point resulted in the destruction of the British cruiser Hawke.

COOPER MONEY IN SASKATCHEWAN

Saskatoon, Sask., Oct. 22.—Only in a few of the larger stores is copper money used as yet in this city. The lowest general currency is five cents. More than a year ago, the board of trade made a strong effort to secure the general introduction of the copper which, however, was greeted with ridicule. Now, however, the city council has taken the matter in hand, and as a commencement imported a carload of new cents from Winnipeg. In future, odd cents will be given at the City Hall when they are called for in the change of those paying taxes, etc. The banks will probably follow suit later; then the stores and finally the copper shall have established itself permanently. It appeared to the council as rather an anachronism that during quiet times the five cent piece should be the lowest medium of exchange. It is felt that the innovation will have some beneficial effect upon the cost of living.

COOKING ON MARCH

Of cooking on the march, one recalls a recipe of Charles XII, which may apply to the men in the field. Given a fat hen, then, Charles was always sure

COOKING ON MARCH

of a good dinner. The fowl was larded, trussed, and stuffed with butter. Then, to quote Mr. Huxford, "a piece of hot steel was inserted into its belly. It was then shut up in a tin box, which was wrapped in a woollen cloth and strapped on a soldier's back. In a few hours when the march came to a halt, there it was, the story of the Tartars who cooked their meat by the galloping on horseback by using it as a saddle."

COOKING ON MARCH

Mr. Emmerson's tastes and abilities easily marked him for a distinguished career. For a number of years he represented Albert county in the N. B. legislature and during that time was first a member of the government and later the opposition. In 1906 he entered the broader field of federal politics, representing Westmorland county in the House of Commons until his death. For some years he filled the important and responsible position of minister of railways in the dominion government, in office or out of office, Mr. Emmerson was a prominent figure on the floors of the House of Commons, never shirking his full share of its labors. He loved his country with a passionate love and to his service he gave unstintingly of the best years of his life. Strong party man though he was, Mr. Emmerson carried no personal enmities. He therefore made a large number of friends and many political foes as well as political friends.

COOKING ON MARCH

Mr. Emmerson was a man of large powers, large possibilities and strong passions. If sometimes he went down before the onslaught of these last, let us think of his motto: "I have fought against them which was worthy of the best manhood. Let us remember today his greatness and his inspiring patriotism. These are the things that make life worth while."

COOKING ON MARCH

Dr. Chase's Ointment will relieve you at once of any ordinary cure you can get, all kinds of rheumatism, neuralgia, sciatica, etc. It is a sure cure for all these ailments. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

ALLIES GAINING GROUND ON EAST AND WEST FRONTIERS

Both French and British pay tribute to the valor of the Belgians, who, with the allies, are holding back the German advance along the North Sea coast.

These British monitors, the Severn, Hunter and Mersey, with six-inch and other heavy guns, are shelling the Germans in the vicinity of Ostend, where it is said, terrible execution has been done, and machine gun detachments have been landed from these vessels and are assisting in the defence of Nieuport.

An American commission, headed by Herbert C. Hoover, of California, and composed of Americans resident in London and Brussels, will, by reason of an agreement reached between Belgium, Great Britain and Germany, take under its charge the care of hundreds of thousands of Belgians who are threatened with starvation in their own country.

Optimistic reports, from the Russian viewpoint, came from Petrograd, where it is officially announced that the German troops have been driven from the roads leading to Warsaw and are in full retreat, having left their wounded on the field of battle.

Similarly the Russians report that the advances of the Austrians in Galicia have been stayed.

Sasebo, the naval port of Japan, reports that the Japanese have destroyed the military equipment and seized large quantities of gold and munitions of war on the German islands recently occupied in the South Seas.

By order of the Russian emperor the students of the universities and high schools have been called to the colors.

JAPANESE ACCOUNT FOR TWO AUXILIARIES. Rome, via London, Oct. 21—11.15 p. m.—The Japanese embassy in Rome tonight gave out the following communication received from Tokio:

"We have found two auxiliary cruisers of the enemy. One sank herself, the other we captured."

AWAKENING LAND DEMAND IN WEST. Saskatoon, Sask., Oct. 21—"When peace is restored," said Sir Thomas Bligh recently, "emigration from Europe to the newer countries, where land can be obtained on moderate terms, will doubtless be on a large scale; and Canada should profit very substantially by the incoming of new settlers and the consequent increase in production."

And, it would almost seem that coming events in a certain measure cast their shadows before, so far as the United States is concerned.

This is because people there are only beginning to realize that the agricultural repertoire of this west is by no means restricted to wheat, oats, barley and flax. They know now that it extends to all manner of fodder crops—including alfalfa—a fact which finally removes every obstacle formerly advanced against dairying, animal husbandry and every line of diversified agriculture.

In the past, golden grain and cheap land were the inducements we offered to intending settlers; but our appeal attracted mostly the agricultural gamblers who aimed to buy land cheap and in a few years sell it dear and clear out.

In the interval, such people worked about six or seven months annually at the corner store, and raised their children on canned milk. Today, however, Western Canada appeals to the great body of genuine agriculturists in the United States and elsewhere; to the men who would not farm without stock; to whom merely grain growing is utterly unattractive; who abjure canned goods and whose tables have always been generously provided with the diverse products of their own raising. And in the United States alone there are thousands of such people for every one of the other class. Hence it is that never in the past has this west appealed to anything like so large a community—a community composed of the very people we want and can do best for.

Within the last nine months the C. F. R. Company's Land Department has negotiated 28,872 sales of land to actual settlers.

WHAT IS SHRAPNEL? Shrapnel is really flying cannon, which shoots its charge while in flight or explodes on contact. Its speed of many thousands of feet a second is produced by a pressure of from 80,000 to 85,000 pounds a square inch from the powder that expels it from the gun.

ONLY CONSULTS MAY IMPORT LIQUOR. The first European Parliament to enforce tetralism was that of Iceland, where a law was passed two years ago prohibiting the importation or sale of intoxicating liquor. One effect of this measure was to deprive the foreign consuls at Reykjavik of their drink, so they protested to the government, pointing out that such a deprivation constituted an infringement of the rights of diplomacy. Permission was thereupon granted the consuls to import beer, wine and spirits, provided these fluids were consumed only on the premises to which they were consigned.

Moreover, the total amount imported by each consul must not exceed 800 litres in a year, and the quantity required must be imported in one consignment. Only the representative of France and Norway benefit by this concession. The other consuls are unpaid, and being natives of Iceland, were expressly excluded from their benefits.

Bobbie and Elsie were told that there were two apples on the table for them. Being taught to consider each other first, Bobbie said: "Take your choice, Elsie."

"No," said Elsie, "you take your choice." Each kept insisting that the other take the first choice, until finally Elsie broke the deadlock by taking the bigger apple. Instantly Bobbie's eyes flashed and he exclaimed wrathfully: "Put that back and take your choice."

HERR LEUTNANT

The Changeless German Mind in Captivity

Arrogant and Officious Even Under Kindly Treatment by French Captives—Letters Disclose Some Phases of War

Bordeaux, Sept. 22—Even in captivity the Prussian officer maintains that aristocratic arrogance which proves him, among other things—to aristocrat. Having been admitted to a barrack-yard around which about fifty German prisoners were taking their exercise, I was at once struck by the bearing of two men pronouncing apart from the others, obviously conscious of superiority over their surroundings; their keepers and their companions in misfortune. As they came nearer I saw that one was a cavalry major and the other an artillery lieutenant.

The major, a thick set man with a heavy jaw and a superb imperial moustache, was a good example of the type of militarism, whose arch-enemy is the Kaiser. The younger officer was tall and slim, with the ray face of a Franklin above a long angular body; a worthy representative of the Herr Leutnant class, whose perfect type is the crown prince. With their tight-fitting uniforms and high boots they remind one of caricatures in the famous German periodical "Simplicissimus." One of whose mottoes was "The Kaiser alone dines, the other eats, all others feed."

"Coffee as usual," said the dapper French corporal in charge of the Senegalese Guards. He proceeded to tell me how the lieutenant had complained only that morning of being disturbed in his cell by the constant passing of people down the corridors—and had demanded that this should cease forthwith. The same young officer said to the attendant who brought him coffee as late on the morning after his arrival in Bordeaux: "Take it away, my good fellow, and remember in future that I always drink black coffee first and milk afterwards, but never café au lait."

The major, it appeared, had an authority on modern war according to the precepts of the great German general staff. On one occasion he explained such exploits as the shooting of women and children and the burning of villages were fully covered by the instructions of the self-same general staff, who sought to prove by the obscure methods of Prussian professionalism that "the pitiless use of necessary violence by the conquerors is often the best thing possible for the conquered."

"Punish them as they deserve!" said the French corporal in charge of the Senegalese Guards. He proceeded to tell me how the lieutenant had complained only that morning of being disturbed in his cell by the constant passing of people down the corridors—and had demanded that this should cease forthwith. The same young officer said to the attendant who brought him coffee as late on the morning after his arrival in Bordeaux: "Take it away, my good fellow, and remember in future that I always drink black coffee first and milk afterwards, but never café au lait."

It seemed almost sacrilege for a humble British journalist to approach such beings, but finally I mustered sufficient courage to ask the French corporal to see if he would grant me an audience. But my hopes were dashed when, after an interesting lecture on strategy from the major were dashed to the ground when the may-cheeked Herr Leutnant took my card, threw the pieces on the ground, and said: "A reporter from London. Acht! Ask him why the English papers are telling such lies about the war."

Another captive officer in the barracks was named Blucher. Since his arrival at Bordeaux he had spent most of his time in telling everybody he met that he was a descendant of the Blucher whose timely arrival at Waterloo sent Napoleon to St. Helena.

For most part, said the French corporal, the German soldiers themselves were good fellows, though some showed no gratitude for the kind treatment and liberty accorded them. I chatted with one of two and found they knew nothing of the battles they had fought in, but only that they had lived on next to nothing for more than a week when the German line of communications became defective. One man—a Heastian—admitted that there had been atrocities.

"But why burn? Why loot? Why kill old men, young children and women?" "We must," he replied, and added that once, when his regiment was in a large Belgian village, they were told by a priest that they were free to do as they liked, without restriction, for three hours. I asked what happened, but he was silent.

Most of them were delighted to talk about their families, and said they hoped, for the sake of their wives and children, that the reports of an impending famine in Germany were untrue. My guide said that many wrote home nearly every day.

"I have asked me if we thought the Allies would be victorious." "Undoubtedly," he replied, "but I don't know who will become of the empire?" "Perhaps it will be divided up as it was before 1870." "Then we shall be a real kingdom again and be free?" And then, after a pause, "That would be too splendid."

On some of the prisoners were found short diaries of their adventures. It was shown one entry in that of a Bavarian, which read: "August 24—After five days of short rations we have at length found all we want in a Bavarian, made some women give me good food, plenty of beer, a pocketful of cigars, and a few boxes of the ornament I was completely cured, and can recommend this highly to all sufferers from this disease. You have my permission to use this letter for the benefit of others."

Mr. James M. Douglas, Superior Junction, Ont., writes:—"For about six years I suffered from scales, and suffered not work for two or three days at a time, so great was the suffering from pain in itching. Doctors treated me in vain, and I tried many treatments before I came across Dr. Chase's Ointment. Two boxes of Dr. Chase's Ointment cured me, and for several months I have had no return of this annoying ailment."

There can be no doubt that Dr. Chase's Ointment is the most effective remedy obtainable for every form of piles. 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto, very easily here. Three of the men will

everything else I wanted. But this is not the good time we shall have in Paris. But the prize document was a letter taken from the scornful lieutenant. It was written to his fiancée, and described the battle of Sharpei in bloodthirsty though sanctimonious terms, suggestive of Mr. Punch's classic version of the letter written by Wilhelm I. to his consort after Sedan.

Glorious to God, my dear Augusta. We have had another bustle. Ten thousand Frenchmen sent below. Praise God from whom all mercies flow.

I was only allowed a short glance at it, and the only passage I can remember is, "We did our duty nobly, and slaughtered thousands. My guns must have dispatched scores of the French to hell. If God remains good to us, and we do this a few more times, I shall be home in time for our marriage to take place before Christmas."

AMERICANS IN MONTREAL TO GIVE TWO ARMORED MOTORS. (Montreal Star) The movement to raise a force of Americans, living in Montreal, to aid in fighting the empire's battles in Europe, has assumed fairly definite shape, and it is now proposed to equip and send to the front two armored motor cars, such as have already been used in Belgium with tremendous effect.

A wealthy American, living in the United States and interested in the Montreal movement, has practically promised to furnish the two armored automobiles to be manned by Americans resident in this city. The type of car proposed is somewhat larger than those furnished the British Army by Hon. Clifford Sifton and his associates. Each will carry three machine guns.

To man the war cars sixteen men will be required, and these will be obtained very easily here. Three of the men will

have to be chauffeurs, although it is stated that before the cars will be sent to the front every man of the two crews must master the secrets of operating the automobiles, and also must learn how to handle the machine guns. Pending definite news in regard to the looking much will be done here in the way of organization, beyond keeping the lot in a general way for efficient members of the crews.

Murray E. Williams, of the firm of O'Brien & Williams, brokers, who was the first to suggest the formation of an American force here, said today, in speaking of the new move: "We think that the armored automobiles will be more efficient than a regiment, and much less trouble to equip and send to the front. These cars have already demonstrated their efficiency in the present war, and they are capable of being operated over comparatively rough ground, as well as on roads. There will not be the slightest trouble in getting a crew of Americans in Montreal to handle them."

SOME MARVELS AT THE KRUPPS WORKS. An account of a recent visit to the "World's Work" for October. Among other marvels described is the famous steam hammer "Fritz," the giant of the looking in a general way for efficient members of the crews.

Murray E. Williams, of the firm of O'Brien & Williams, brokers, who was the first to suggest the formation of an American force here, said today, in speaking of the new move: "We think that the armored automobiles will be more efficient than a regiment, and much less trouble to equip and send to the front. These cars have already demonstrated their efficiency in the present war, and they are capable of being operated over comparatively rough ground, as well as on roads. There will not be the slightest trouble in getting a crew of Americans in Montreal to handle them."

Other equally famous machines are the hydraulic shears, which cut through three inches of solid armor-plate as if it were cheese. Enormous bending presses of 10,000 ton pressure bend armor-plates to any shape desired, with infinitesimal loss of strength. The firm has its own works, makes its own gas, and generates its own electricity. The gasworks supply more gas for the factory-town than is used annually in Munich, namely 25,000,000 cubic metres. And yet the 40,000 gas jets distributed all over the establishment do not suffice for illuminating purposes, and electricity in the shape of 8,000 arc lamps and 80,000 incandescent lights has to be pressed into service. More than 400 steam boilers generate the steam for the 8,000 different machines and the 2,000 electric motors at work. More than 600 miles of cable and wire and more than 800 telegraph stations and twenty telegraph stations are required to facilitate communication throughout the works.

GERMAN PAPER LIES

Britain Overrun and Ravaged Like Belgium Letter From English Woman Who Was in Berlin Shows Extraordinary Methods of Keeping Up The War Spirit

The species of "news" which is being given the German people to buoy up their courage during the present war was shown by a letter received a few days ago by J. F. Haskell, of Haskell & Elliott, Toronto, from his sister-in-law who has resided in Germany for some years. In her letter she wrote that she had returned to England, but so alarmed was she when in Berlin at the reports in the German papers that London was threatened and a large part of Great Britain overrun by German troops just as Belgium had been, that she had decided to leave her luggage and valuables in Berlin, as a safer place than London. On arriving at the British capital, however, she was more than delighted to learn that the German papers had at least somewhat exaggerated the situation.

In her letter to Mr. Haskell, his sister-in-law said that when the war broke out she had been living in the country, and immediately went to Berlin, where she then she found a great deal of unemployment, and committees had been formed to help the people who had been thrown out of work. Already more than 2,000 girls who had worked in factories in Berlin had been deprived of their work, and were in such a position that soup kitchens had to be opened for their relief.

Then came word that British women and children might leave Germany, and, with 500 others, she went through, traveling via Holland, where they were very well treated. The British men in Germany were not so well treated. Those between sixteen and forty-five were not allowed to leave and were herded together in a building which Mr. Haskell's correspondent described as a stable, where they had to sleep on loose straw and were given one cheap blanket apiece. Many of these were men of good class, tourists, or people who had been living in Berlin, and they suffered a good deal under this rough treatment. The older men were sent to these detention camps, but were allowed to live as they pleased, provided they reported to the police three times a week.

Some of the women refused to leave preferring to stay near their husbands, and these were looked after by a committee through the American consul, who allowed them about \$2 apiece a week, just enough to keep them from starving. What alarmed Mr. Haskell's relative the most was the reports in the German papers as to the terrible conditions in England, which was described as overwhelmed by disaster. Imaginary reports of speeches by cabinet ministers and other leaders in English public life were given, saying that no respectable man would join the army and that it had been filled with the scum of the streets. Other German newspapers published alleged despatches that another mutiny had broken out in India, that Egypt was in revolt and that the empire was breaking up, while German troops were ravaging England and London itself was threatened. All these statements were believed by Mr. Haskell's sister-in-law, since she could get nothing but German newspaper

MORNING NEWS OVER THE WIRES

The government had fully intended to have an election in Canada is shown from the fact that the official printing bureau had been given a rush order to print the voters' lists. Harvard University has declined to accept the resignation of Prof. Munsterberg, of the chair of psychology, saying that they still stood for free speech and would not accept money to abridge it. The resignation had been tendered because of the possibility of Harvard's losing a bequest of \$10,000,000 from an Englishman who threatened not to give it because of Munsterberg's pro-German utterances. The I. C. R. and C. P. R. have agreed upon the Valley Railway facilities for the route into Fredericton. It will go in from the south by double-tracking a portion of the C. P. R. tracks. Wm. C. Hopkins, chief assistant to the immigration inspector at Vancouver, B. C., was killed yesterday by a shot from a revolver fired by a Hindu. It is said that he was a victim of a vendetta declared when the Hindus were refused admittance to Canada some months ago.

Hire Special Train. The U. N. B. football team, accompanied by the college band, so called, the college girls and other supporters will travel by a special train to Sackville for the Mount A-U. N. B. football game on October 29. They will go over the I. C. R. to McGinney and then travel by G. T. P. to Moncton, where they will take the I. C. R. to Sackville.

TORONTO PLAYER

Patterson, a big, husky scrimmage man of the Argonauts. This is his first year with the seniors, but he played for two years on the intermediate team. Inside Information. Madge—You shouldn't say he's a confirmed bachelor unless you know. Marjorie—But I do know; I confirmed him.

INQUEST WILL LEAD TO RECOMMENDATIONS FOR SAFETY FIRST MOVEMENT

The jury inquiring into the death of Ernest Pitt, of Pokok, finished taking evidence in Temple Hall last evening and returned a verdict that he had died with death by "exposure in the water, having been thrown from a deck scow which he was assisting to unload from the other. Evidence last night was given by John Cowie, of Fairville, marine engineer—Alex. McAllister, John McGovern and J. A. Gregory. At the close Dr. Roberts said he intended placing before the city commissioners in the near future practical suggestions for the safety first movement.

The hard-working fancy goods dealer had vainly ransacked his whole shop in his efforts to please an old lady who wanted to purchase a present for her granddaughter. For the fifteenth time she picked up and critically examined a neat little satchel. "Are you quite sure that this is genuine alligator skin?" she inquired. "Positive, madam," quoth the dealer. "I shot that alligator myself."

"It looks rather soiled," said the lady. "That madam, is where it struck the ground when it fell off the tree."

RECENT RAIN BROUGHT GOOD CHEER TO THE WESTERNERS

Saskatoon, Sask., Oct. 22—Frequent and unusually heavy rains have fallen generally over this entire district in one day almost two inches having been registered. This good instalment of moisture is exceedingly welcome after the unusually dry season which resulted in the exhaustion of practically all moisture accumulated in the land by previous years of good tillage, and which has now been restored to a full normal. Further, these rains, although somewhat unseasonable, have fortunately come at a time of the year when evaporation is negligible, and when in the absence of frost they are absorbed into the land to be safely retained there for the benefit of next season's crop. Without them, it is generally conceded that a merely average precipitation in 1915 could scarcely produce what might be termed a full crop. Consequently, anxiety has given place to much hope and confidence.

He was the son of a wealthy manufacturer and had just returned from abroad. His father, a brusque, matter-of-fact man, surveyed his offspring, who was tugged out in the latest London fashion, with distinct disapproval. "Young man," he blurted out, "you look like an idiot." Just at that moment, and before the youth had time to make a fitting reply, a friend walked in. "Why, hello, Billy, got back, have you?" he exclaimed. "By George, how much you resemble your father." "So he's been telling me," said Billy, quietly.

RECRUITING ORDERS NOT YET RECEIVED

Rumor of Negotiations to Have Cavalry Unit in Second Contingent

Officers of the local militia are still awaiting orders from the headquarters of the 6th division at Halifax to proceed with recruiting. There are a few minor matters which have to be dealt with before the orders are sent here from Halifax. They pertain, it is understood, only to the mobilization of a battalion of infantry, with the necessary army medical and army service requirements, and do not mention the muster of a cavalry detachment. Negotiations are now under way, according to very authentic rumors, concerning the establishing of a cavalry unit with the second contingent from Canada and definite advice from the British War Office are expected very soon.

Meanwhile every unit in the city is actively engaged in drilling, and recruiting is progressing very favorably. The active campaign in the interests of recruiting will not be begun, however, until the orders to this effect are received, and when they do reach here the local militia officers will be found with the enlistment rolls well started toward the muster of the New Brunswick regiment.

MESSRS. MCGICOLL AND MCTIER OF C.P.R. ARE IN THE CITY TODAY

Arriving on the Montreal train today in their private car "St. Andrews," were D. McNeill, vice-president, and A. D. MacTier, general manager, of the C. P. R. H. C. Grout, Atlantic division superintendent, accompanied them in his private car, "Metagama," which he was using whilst Mr. "Roseberry" is undergoing repairs.

Mr. McNeill and Mr. MacTier declined to say much concerning the C. P. R. plans here for the winter. Immediately upon their arrival they proceeded to West St. John where they spent the greater part of the remainder of the day inspecting the Canadian Pacific properties. The announcement of the first of their winter sailings by this company for St. John was already been made in the Times. Messrs. McNeill and MacTier will leave this evening on their return to Montreal.

ARRESTED IN HALIFAX

Theft Charge Against Parker McCanaghy, Said to be St. John Man

Halifax, N.S. Oct. 22—Parker McCanaghy of St. John was arrested here yesterday afternoon by Policeman McDonald, on charge of stealing a \$10 bill from a Russian seaman, who has just returned from Hudson Bay. McDonald says he saw McCanaghy grab the money from the hand of the Russian and placed him under arrest on the spot. McCanaghy was convicted today and remanded for sentence.

BALL AT CAPITAL

Proceeds For Patriotic Fund—More Aid For Belgians

Fredericton, Oct. 22—Arrangements have been made to hold a ball in the legislative buildings on the evening of November 4, in aid of the patriotic fund. An energetic committee has the matter in hand. Men's tickets will be sold at \$2, and ladies' fifty cents.

A very successful meeting in aid of the Belgian fund was held last night at Burt's Corner. Judge Wilson and Councillor Harry Smith were among the speakers. The sum of \$19 was collected and a committee was appointed to gather contributions of farm produce. A. R. Slipp and W. J. Osborne addressed a similar meeting at Harvey Station.

A turkey, donated to the Belgian fund by Mrs. S. J. Dorcas, of Kingsclear, was disposed of by lottery for \$22 realized.

Fredericton, Oct. 22—It is scarcely likely that there will be an inquest into the death of Edward McCoy, victim of yesterday's shooting accident on Little River road. He was in his fourteenth year and was the eldest of five children. The funeral will be held tomorrow.

LEFT IN SORRY PLIGHT

Aaron Benjamin, a respectable looking young man, appeared before the magistrate this morning charged with being drunk in the I. C. R. yard and was sentenced to pay \$5 or go to jail for two months. He said he had been robbed of \$50 and had no money to pay his fine. He had in his possession a ticket for Boston which he said would be out of date by the time his sentence had expired and coupled that he might then be a public charge. He was told that he should have thought of the consequence before he took the first drink.

Benjamin was arrested last evening by I. C. R. Policeman Scovil Smith. He said he was waiting for a train to take him back to his home in Boston.

What Kind of Advertising is Best?

The kind that will sell YOUR goods and add to your reputation. The kind that makes sales and makes character. The kind that individualizes your "product" and "your business"—that brings its personality before the public. The kind that is "truthful," "square" and "intelligent."

What is the best medium? The daily newspaper, because it holds its franchise from the people, is read by the people, and has the confidence of its readers. Manufacturers who want to know the best way to reach the public are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

A CLOSE CALL

Bullet Hits Little River Man Just Over Eye

SHOT FIRED BY BOY

Playing With 22 Calibre Rifle He Sent Shot at Target on Door on Other Side of Which Was Alonzo Bond

Alonzo Bond, of Little River, escaped death by a fraction of an inch in a shooting accident that occurred in his home this morning about seven o'clock. With a bullet lodged in his skull just above the left eye he was hurried to the hospital this morning and the missile extracted. It is not expected that the results will be serious.

Some children who were visiting at the house were playing with a 22 calibre rifle and had attached a target to a door in the house and not knowing that Mr. Bond was on the other side, one of the boys pulled the trigger. The bullet passed through the door and struck Mr. Bond a glancing blow over the left eye. Another boy, however, and who would have struck him in the eye.

A telephone message was sent immediately to Dr. F. F. Dunlop, who hurried to the scene. He found that the bullet was still lodged in the victim's forehead and after stopping the flow of blood he brought the patient to the hospital, where the leaden missile was extracted and the wound dressed. The bullet was found to be a .22 long. Had it struck Mr. Bond directly from in front instead of at an angle it might have caused serious injuries or death. He is now at his home and it is expected that he will not be inconvenienced by his rather close call.

WINTER PORT MATTERS

St. John Scores First Goal Says a Halifax Newspaper

(Halifax Echo).

St. John has scored the first goal in the winter-port "game." The latest Canadian Pacific steamship service posters disclose the fact that the company's new liner Missanabie will sail from St. John, N. B., on December 15 direct to Halifax. As is well known, the steamer Missanabie has taken up the service of the ill-fated C. P. R. liner Empress of Britain was some time ago abandoned by the admiralty and has not yet been released. It is presumed that, should she be allowed to return to her regular service this winter, she will make St. John her terminal port.

The recent announcement that the White Star liners Atlantic and Laurentic will return to the Canadian service makes the outlook most pleasant from the Halifax point of view.

The one and only trip made by a White Star liner to St. John, the famous voyage of the Teutonic last year, was sufficiently discouraging to prevent a repetition on the part of that line. It is safe to presume that the Canadian Northern line which was requisitioned and the two Royal boats will make Halifax their terminal winter port this season. If this report becomes a fact, then Halifax and St. John will so far as the two C. P. R. and the two Royal liners are concerned, be in about the same position as they were in 1913. The only difference will be that the C. P. R. liners may omit their former call at Halifax, both east bound and west bound, for the mails.

As for the Allan line there is now only one of the three ships engaged in the Montreal-Liverpool service. All the other Liverpool boats, including the Alsatian and Calgarian, are, so far as is known, still under admiralty orders. The Glasgow service still continues in full swing and it is doubtful whether any attempt will be made during the coming season to take boats from this service direct to Halifax on the Liverpool mail route. The freight service is, of course, of particular importance under the existing war conditions, and the number of Allan boats on the winter Boston to Glasgow, Portland to Glasgow and Philadelphia to Glasgow service will all probably be allowed to remain.

Should any of the larger and faster of the Allan boats be released from admiralty service, it is to be hoped that they will make Halifax the terminal port for their regular mail, passenger and freight service.

STONE CHURCH TEA

The ladies of the junior branch of the W. A. of St. John's (Stone) church are giving an afternoon tea in the school-room this afternoon in aid of the Red Cross Society. The room has been decorated with scores of pictures relating to the war and the soldiers of the allies, clippings from various newspapers, magazines and pictorials, and arranged in groups. Among the collection is an enlarged sketch copied from Punch, entitled "The Glory of a Lion is in its Mane." The shading on the sketch made to represent the mane of a lion is so arranged as to form the words Canada, Australia, New Zealand, South Africa and other colonies. Flags of all nations affected by the war, with the exception of the German flag, are displayed in all parts of the room. The decorations are greatly admired, and Miss Annie Hipwell, who was in charge of the work, is being highly praised on the interesting collection so well arranged.

A program of readings, recitations and patriotic musical selections rendered. A small charge was made for admission, and half of the proceeds will be donated towards the work of the Red Cross Society.

OTTIE WHITE HEARD FROM

Friends of Otie E. White, who is with Canada's first contingent, will be glad to know that a cable has been received from him stating that he arrived safe and well. It was dated Oct. 20, and sent from Devonshire.

Are You Getting the Best Clothing Obtainable for Your Money?

How are you?
Do you get all that's coming to you in the way of fabric, workmanship and style?
Or are you accepting ordinary clothes thinking you are getting the best?
These are serious questions for most men.
To be able to answer them satisfactorily means much in these days of the high cost of living, when every expense presents a more or less difficult problem.
But you can answer them satisfactorily.
You can be absolutely sure that every dollar you spend for clothing will bring back even more than a dollar's full value.
Buy at Oak Hall—That's the answer. Being manufacturers our clothing goes direct to you with no middleman's profit to pay, and you get the best clothing made at the same prices that other stores pay at wholesale.
MEN'S SUITS.....\$6.00 to \$35.00
MEN'S OVERCOATS.....10.00 to 40.00
