REPORT OF DIRECTORS

—OF THE—

Montreal Amateur Athletic Association,

For presentation to the Annual Meeting, 18th May, 1885.

GENTLEMEN :

It is with feelings of the liveliest satisfaction that your Directors lay before you a summary of the growth and proceedings of the Association during the past year, which has been one of unparalleled success and progress hardly looked for by the most sanguine among us.

Financially and otherwise the past twelve months have shewn that the Association gathers strength as it grows older, and proves once more the truth of the old adage, that "nothing succeeds like success."

The Financial Statement which has been mailed to every member in accordance with the requirements of the By-Laws, shews some Four Thousand odd Dollars on the credit side; and our Capital Account now stands at \$13,688.10 : the Association has no liabilities beyond the \$9,000 mortgage on the Building, and the Estimated Outstanding Accounts, which must always be in suspense in a large concern of this kind ; representing undue bills for advertising, gas, competition prizes, etc., to meet which there is sufficient cash in hand ; and the sum of Four Thousand Dollars besides has been placed on special deposit in the Bank of Montreal, to meet the above mentioned mortgage, which falls due 5th March, 1886 ; by which date the light of last year's experience leads us to hope the balance of \$5,000 will have been accumulated ; so that the whole debt may be then cleared off, and the Association stand without a single liability by the unaided efforts of its own members, without extraneous assistance of any kind.

The fact should not be overlooked that in addition to the surplus shewn in the Statement, nearly \$2,000 have been expended on repairs and improvements to the Building, all of which has been considered and treated in the Books as part of the current expenses of the year.

These repairs, etc., have included the enlargement of the Billiard Room, purchase of three new tables, balls, cues, racks, wainscoting, seating, painting and tinting the whole room, repairing the rest of the tables, etc. ; painting and tinting the Gymnasium, purchasing a quantity of new apparatus, including a Home-Trainer for Bicyclists, cleats for Tug of War practice, more pulley-weight apparatus, dumb-bells, single sticks, etc. ; improvements to the dressing-rooms, new boxes, the insertion of registers from the furnace, painting and tinting. A new cloth and carpet for the stage, altering the front entrance, casing in the shooting gallery, and a new rifle, improving the upper end of the bowling alleys, new balls, pins, etc., and a new furnace.

Some old gymnastic apparatus of no further use to us has been donated to the "Mackay Institute," where it has probably already done much good.

The services of Mr. W. A. Doig were secured as Instructor of Gymnastics for the winter season, and your Directors consider the Association very fortunate in finding a teacher who manifests such an interest in his duties and his pupils that he has volunteered to continue his services gratuitously during the summer months, in order to keep his class together. The gymnastic season closed with a competition on 26th, 28th and 30th March, in which three prizes were offered, and which were won by the following members :

1st Class—E. C. P. GUY.

2nd Class—F. A. RODDEN.

3rd Class—C. G. HYDE.

A medal for physical development, under Dr. Sargent's system, was awarded on Dr. Gurd's Certificate to

H. A. HARRIES.

The thanks of the Association are due Capt. R. C. Adams and Mr. J. K. Reid, for flags loaned to decorate the hall.

In the Billiards Department the following handicap competitions were held, and resulted as given below.

3 BALL—1st Prize—	G. D. BAILLIE.

---------------	-----------	--------------	------------

In out-door sports, the usual handicap Spring Games were held on the 2nd of June, and the Fall Games on the 4th October. In addition, an all-round competition for the “Club” Championship, was held on the 16th August, won by W. Kerr. A Hare and

Hounds Run, was held on October 18th, and on the following Saturday, a Cross-Country Steeplechase to the Back River, the first two men, Messrs. D. D. McTaggart and W. Kerr being sent to New York, to represent the Association in the Race for the Cross-Country Championship of America, on the 4th November, which was won by McTaggart, Kerr a good third. Four medals were also given for a Team Race on Snow-Shoes to the Back River on 7th March, which was won by the Montreal S. S. Club. In the Carnival Drive the Association was represented by a very handsome car drawn by six horses. During the Session of the British Association the Geographical Section held their meetings in our Club House; this was one of the most important sections, and the officials expressed themselves in eulogistic terms on the accommodation afforded. During the winter the Bell Telephone Co. placed an instrument in the Club Rooms for the use of members free of charge.

The number of members who have canine companions, which they introduced to the Club House becoming very large the Directors found it necessary to prohibit dogs from entering the Building.

The Fraser Institute having come to terms respecting the books and shelving of the Mercantile Library Association, they have been removed from the Building, and at the present time improvements are being made in the Reading Room, a portion of which will be reserved for a Board Room and Secretary's Office, which, when completed, will make the Room very comfortable. New portfolios have been provided for the weekly papers, and fyles for the dailies, and several new additions to the list of journals have been made.

The Chess Club have found other quarters, and have removed their property from the Building. This was in consequence of the change in the By-Laws, discontinuing subscriptions to Departments of the Building, made at the special meeting on 26th March last.

The Roof has been covered with Sparham Cement this spring, and with the above improvements the Club House may now be said to be in first-class condition.

The usual petition against granting liquor licenses in this neighborhood was circulated in the spring, so far with the desired result.

Since the last Annual Meeting two new clubs have been admitted to affiliation, viz :—The Tuque Bleue Toboggan Club and the Montreal Football Club, and these additions to the already numerous attractions of the Association have no doubt materially assisted in producing the enormous increase in membership of this year, as shewn by the following table.

The increase in Association membership during the previous year was 95, or one fourth of this year's, and the total increase 176, or rather less in proportion.

Clubs within the Association now include the M. A. A. A. Dramatic Club, the M. A. A. A. Cinderella Club, the Montreal Hockey Club and the Montreal Fencing Club; to belong to any of which it is necessary to be a full member of the Association.

The Hockey Club, formed last winter, made a very successful debut, winning the Championship from the Victorias, as well as the Carnival Cup for which the Victoria, McGill, Crystal, Ottawa and Montreal football teams competed with them. The Cup has been presented to the Association.

The Dramatic Club gave two very successful entertainments, one in January and one in April, and deserved better audiences than attended on either occasion ; this is their third season.

The members of the Association organized a committee and gave an "At Home" on the 12th December, in the Club House, and the experiment resulted so favorably that a permanent organization for such purposes under the name of the "Cinderella Club" was formed, and they gave an "At Home" on the 6th March, which proved, if anything, a greater success than the first.

An Ethiopian Minstrel entertainment was to have been held in April, but had to be deferred till May from lack of time for preparation, it will therefore come under the next Annual Report.

The Fencing Club has also come into existence this year, and has every appearance of being a vigorous infant.

The caretaker, Geo. Crawford, who had given great satisfaction to the officials and members, left on the 1st May, and a new man has been engaged, who will, the Directors hope, after gaining a little experience, fill the position competently.

During their term of office your Directors have held 52 meetings attended as follows :

* Elected on affiliation of Tuque Bleue Toboggan Club, 24th Nov., 1884.

† Elected on affiliation of Montreal Foot Ball Club, 8th April, 1885.

The retiring Directors would recommend the incoming Board to continue the liberal policy which they have been governed by, in providing as many attractions and advantages for our members as possible, for the lowest possible expense, and would advise that the question of imposing an entrance fee on new members be laid over till we have 1,000 full paying members on the roll.

The whole respectfully submitted.

CHAIRMEN OF DEPARTMENT'S REPORTS.

MONTREAL. May, 1885.

To the Board of Directors of the M. A. A. Association.

GENTLEMEN :

It is my privilege and pleasure for the fourth time to present to you the Annual Report of the Gymnasium Department of our Association.

Agreeably to my recommendations of last year, the necessary funds were appropriated and expended in purchasing new pulley weight and other apparatus, repairing and decorating the hall, and fitting up the dressing rooms with new boxes, etc., and improving the heating arrangements, all of which has tended to increase our membership and place our Gymnasium in the position it occupies in this country to-day, namely, *second to none* as regards equipment and general fitness for the purposes intended, a statement our many visitors from other places have repeatedly endorsed.

While our experience in the matter of Gymnastic Instructors has taught us that it were better to be without any than to suffer the infliction of *so-called* instructors (?) whose ideas of the value of *muscle* apart from *brains* did not accord with our own, and while my recommendations in these respects were supported, the necessity of having some one who could intelligently take hold of the classes and conduct them so that members could get full benefit therefrom, without entailing unwarrantable expense, was ever before me.

At the beginning of the season, Mr. Wm. A. Doig, having applied for and apparently shown himself capable of filling the position, was engaged, and has proved himself the *right man for the place*, he having at once made himself popular and introduced several new features that enlisted the interest of members, especially beginners, whose improvement has been most marked. An unfortunate accident to his knee, early in December, caused his con-

finement in the Hospital for some weeks, and retarded the classes somewhat, but a committee of members appointed by the chairman, assisted in keeping them together until his reappearance.

There were 74 regular class nights in the six months (including Christmas and New Year and one other evening, January 29th, at which there were none present). The largest number present any evening, 50, the smallest, 2. The average attendance, 20. The total number of members attending and entered on the list, 115; many of these appearing but once however. The members attending 25 classes and over, are Messrs. C. G. Hyde, 54; J. B. McPherson, 54; F. B. Ness, 49; J. Turner, 40; Jos. Wilson, 39; G. C. Fletcher, 37; F. A. Rodden, 36; C. S. Reynolds, 33; P. Guy, 31; F. W. Stewart, 31; C. A. Reynolds, 30; H. A. Harries, 29; C. L. DeMartigny, 28; G. Barry, 27; F. Darling, 27; C. W. King, 25. Owing to Mr. Doig's enforced absence, and the outdoor and other attractions our Association offers, which tend to draw members away from the comparatively dry work of the Gymnasium, the average is not so good as might be, but it is on the whole very fair. The results attendant upon constant practice are apparent in the score sheet of the competition.

Medals were offered for competition as per schedule (A), and were won by

1st Prize, 1st Class,	E. C. P. GUY,	with 242 points out of 349 possible.
1st " 2nd "	F. A. RODDEN,	192 " " " "
1st " 3rd "	C. G. HYDE,	152 " " " "

The full list of scores (B) being hereto annexed.

A protest having been entered and proved against Mr. Wilson, for competing in the Caledonian Society's Games, last August, he was debarred, and under the By-Laws forfeited his membership. but as he claimed extenuating circumstances, his request for reinstatement to be laid before the Amateur Athletic Association of Canada, will likely be favorably considered.

A prize was also offered in connection with Dr. Sargent's system on certain conditions (C), and was awarded to Mr. Henry Harries, in conformity with Dr. Gurd's report (D).

I would strongly urge upon members, the desirability of securing such an advantage as the medical examination conducted by

Dr. Gurd will afford as a preliminary to any athletic work, (the fee of \$1.00 being a merely nominal charge), while to those who desire rational exercise on an intelligent plan the system is invaluable.

I have no particular recommendations to offer for the ensuing season, further than that the present arrangements be continued and that the Gymnasium be kept up in the most efficient manner possible, and the comfort and convenience of members desiring to use it studied in every way.

I would impress upon all our athletes, runners, football players, bicycle riders, and lacrosse men, the immense advantage a proper course of gymnastic training would give to one so equipped, in any athletic contest, over one who might not be so evenly developed, but also, taking higher ground, would remind them at the same time that gymnastics in such a case, and *as a rule* is only a "means to an end," and that the "end" and incentive should not be considered the mere winning of an "event" and its accompanying trophy, but the attainment of a harmonious and perfect development of the physique, and the incalculable benefits resulting therefrom.

Respectfully submitted,

SAML. M. BAYLIS,

Chairman Gym. Dept.

(A). GYMNASTIC COMPETITION.

To be held at the close of the season, March, 1885.

1st PRIZE—1st CLASS—GOLD MEDAL.

Open to all.

1st PRIZE—2nd CLASS—SILVER MEDAL.

From which former winners of prizes in gymnastics shall be debarred.

1st PRIZE—3rd CLASS—SILVER MEDAL. "Green."

Open only to members who have not prior to October 1st, 1884, taken part in gymnastic classes.

RULES.

1. Only those members who have attended at least twenty-five (25) regular classes after November 15, shall be entitled to compete.

2. Competitions in all three classes will be conducted simultaneously ; each competitor will be allowed 2 trials. Rotation to be decided by lot.

3. The competitions shall comprise exercises on the following apparatus. Indian clubs, dumb bells, jumping, vaulting horse, peg pole, rope, spring-board, parallel bars, horizontal bar, horizontal ladder, inclined ladder, rings.

4. The leads shall be selected by the judges at their discretion on the night of the competition, from a list to be supplied by the instructor of those exercises in regular use, and if necessary, he shall be requested to perform the feat himself.

5. In addition to these class exercises, competitors shall be allowed *two leads each* on any apparatus, including feats of strength and agility. Leads to be named and described, and may be refused at the discretion of the judges. Marks will be given for each exercise in proportion to its value, due weight being given to style, finish, etc., the competitor winning the highest number of marks to take the prize *in one class only*.

6. Two (2) judges shall have entire control of the competition and decide all questions. In the event of a difference between them the chairman of the department shall act as referee. The decision of the judges shall be final.

(D).

April 24th, 1885.

S. M. BAYLIS, ESQ., Chairman Gymnasium Committee.

DEAR SIR,—I have the honor of submitting to you the following report of the examinations recently held for the prize offered to the class who have been following the method of Physical Development, as recommended by Dr. Sargent of Harvard University.

Mr. Harry Harries took first place with twenty points, Mr. J. T. Dwyer second with eighteen points. Both these gentlemen have made highly satisfactory general improvement as shewn by increase in weights, measurements, and strength.

For the benefit of those who may wish it, I may state briefly the special features of Dr. Sargent's system.

Each individual's heart and lungs are first medically examined, next, measurements of height, weight, size and strength of limbs, capacity of chest, etc., etc., are taken. The family and personal history is inquired into, to find out if there be a tendency to any weakness. After these points have been considered, exercises principally upon Dr. Sargent's Special Pulley Weight Apparatus are then prescribed to suit each case.

Respectfully submitted,

D. FRASER GURD, M.D.,

Medical Director.

MONTREAL, 8th May, 1885.

To the President and Directors of the M. A. A. Association.

GENTLEMEN,

I have much pleasure in presenting a report of the Billiard Room Committee for the past year.

Last summer extensive alterations were made in this department, the room being enlarged by the removal of the partition at the entrance; the old seats were taken away, and a wainscot with seat attached was put all around the room, the whole being painted and varnished, the walls tinted, and the ceiling white-washed.

Pictures have been tastefully arranged on the walls, and several minor decorations add much to the appearance of the room.

Three new tables were purchased, and three old ones have had new cushions and cloths put on, one carom table was made into an American pocket table, and the English table was recovered, and repaired generally. With these additions and alterations, we have now eight tables in first class order, viz : 3-4½ x 9 carom, 3-5 x 10 carom, 1-5 x 10 American pool, and 1-6 x 12 English pocket table.

Although the out-door attractions during the winter have been very great, the interest taken in this department has not diminished, the attendance being far larger than in previous years, and notwithstanding our increased facilities, the demand for tables has been greater than we can accommodate.

In January last the collector of Inland Revenue took action against us for having billiard tables in use, without procuring a license from the Provincial Government, the matter was contested on the ground that the tax was intended to apply to those who kept tables as a means of deriving a profit, and therefore, did not apply to institutions such as ours, who kept the tables merely as a source of recreation for their members. But, notwithstanding the able manner in which our honorary solicitor conducted the case, judgment was rendered against us.

We have held the usual handicap tournaments which have resulted as follows :—

Respectfully submitted,

MAJOR FREEMAN,

Chairman.

MONTREAL, May 13th, 1885.

To the Directors of the Montreal Amateur Athletic Association.

GENTLEMEN,

In presenting its Annual Report, the Out-Door Sports Committee cannot congratulate the Association on the very active interest taken by the members in the different features which characterized its work during the past year.

On Saturday, June 7th, 1884, the Annual Spring Handicap Games took place on the Lacrosse Grounds. Out of an entry list of 68 there were but 23 of our members. The programme comprised fifteen events, of which our men won seven first and seven second prizes.

On Saturday afternoon, 16th August, 1884, the Association Championship competition for the best "all round" athlete took place. Mr. Wm. Kerr won first place, with 22 out of a possible 30 points. The summary of this competition will be found under its proper head.

On Saturday afternoon, October 4th, 1884, the Annual Fall Games took place on the Club grounds. By the organization of the Amateur Athletic Association of Canada, the honor of presenting the championship programme has departed from us, but we take pleasure in stating that past championship meetings, held under our auspices, received the hearty endorsement of the new Association at its inaugural meeting. Owing to the fact that athletic games were being held in New York on the same day, we were *minus* the presence of our American cousins. Out of 13 events, our members won 4 first and 3 second prizes. The summary is appended.

On Saturday afternoon, 25th October, 1884, a Cross Country Steeple-Chase to the Back River took place, to determine our representatives in the American Championship Cross Country Steeple Chase to be held in New York on 4th November. There were 9 competitors, and the race was won by D. D. McTaggart in 45 min. 52½ sec.; with Wm. Kerr second, in 46 min., 56¾ sec. Your Committee has much pleasure in stating that the former of these gentlemen won the American Cross Country Championship, and the latter, third place.

On Saturday afternoon, 7th March, 1885, gold medals were offered for a Cross Country team race on snow shoes, teams to consist of not less than four men. Invitations were sent to all the Snow Shoe Clubs in the country, but only the following accepted the same:—St. George, Le Trappeur, Argyle and Montreal Snow Shoe Clubs. At the last moment the "Argyle" withdrew, two of their team failing to fyle an appearance. The race was won by the "Montreal," with five out of the six leading men.

Your Committee would again urge upon the Directors the necessity of providing such hurdles as will do the Association credit; this matter was suggested by your Committee in a former Report, and samples of hurdles presented, but their purchase was deferred for want of sufficient funds. Now that the Association is in such a prosperous condition this want should be immediately supplied, so that at our Spring Meeting the critical eye of our patrons, or the symmetrical limbs of our athletes, may run no risk of disjointure by a glimpse at or a fall over the present uncouth apology for hurdles. Patterns might be taken from the English style of hurdle, which is made from osiers or rushes. Either of these would make a light, handy article, and be less dangerous than any other style. We trust the incoming Committee will take up this matter thoroughly.

Respectfully submitted.

H. W. BECKET,

Chairman.

THE ANNUAL SPRING [HANDICAP] GAMES were held on Saturday afternoon, 7th June, 1884. The weather was most delightful and the attendance of spectators large.

The following were the officials present:—

Referee—

Judges at Finish—Rev. Jas. Barclay, Wm. L. Maltby and A. W. Stevenson.

Timekeepers—H. W. Becket, R. B. Ross and Jas. A. Taylor.

Starter—Thos. L. Paton.

FALL MEETING.

The Fall Meeting took place as usual upon the Lacrosse Grounds on Saturday afternoon, 4th October, 1884. The Association was unfortunate in having wet weather, and in consequence a limited number of spectators. The absence of the American Athletes was due to the fact that the American Championship Games were being held in New York on the same day, we were favored however by the presence of several athletes from Ontario, who assisted very materially in the success of the sports. The entry list was small, but select.

The following were the field officers present.

- Referee—Fred. Stancliffe.
- Judges—Capt. John Low, J. K. Whyte, A. Grant.
- Starter—Thos. L. Paton.
- Time-keepers—J. A. Taylor, T. A. Adkins, H. W. Becket.

MONTREAL, 16th May, 1885.

To the President and Directors of the M. A. A. Association.

GENTLEMEN,—

As Chairman of the Club and Reading Room Committee, I beg to submit the following Report for the year just terminated.

I regret to say that owing to the stand taken by the Trustees of the Mercantile Library Association, the Reading Room has not been kept up in such a manner as to reflect credit on our Association; and finding it impossible to come to any amicable arrangement with the Trustees regarding our claim for the care and use of the Room, it was deemed advisable to put the matter in the hands of our solicitor, Mr. McGibbon; and I am pleased to state that, through his efforts,

a settlement was come to, whereby, on receipt of the sum of \$500, our claim was settled, and all the property of the Mercantile Library has been removed from the building. It having been decided by your Board to use the money paid by the Mercantile Library in putting the Reading Room in good order, repairs have been commenced; and I trust ere long this department will be in such a shape as to compare favorably with the other branches of the Association.

In addition to our former list of papers and magazines, we have added during the year the *Pictorial World*, *London Truth*, and a few other papers, which I think will be of benefit to the members.

The Club Room has been well patronized by the members; and I am pleased to state that a large number of valuable pictures and other trophies have been donated to the Association by the kindness of some of our members, to whom the thanks of the Association are due. Amongst the donations received, I would especially mention the pictures of the "Toronto Team," "Argonaut Crew," "Montreal Juniors Champion Team;" "Old Montreal and Hochelaga Teams," and our Champion Athletes, Ross and McTaggart; and amongst the trophies, the District Champion Flag, 1884, and Medal, and Hockey Cup.

A telephone has been placed in the Club Room, which has proved a great convenience to the members.

All of which is respectfully submitted,

JAMES K. WHYTE,

Chairman Club and Reading Rooms.

MONTREAL, May 8th, 1885.

To the Directors of the M. A. A. Association.

GENTLEMEN,

It gives your committee much pleasure in reporting that there has been quite an improvement in the Bowling Alley and Shooting Gallery departments during the season just closed, the interest being greater than for some years past, the scores made being quite as good if not better than former years.

The Record Prizes offered by your Board being quite an inducement to competitors to try and hold the Records as long as possible.

The "Baylis Trophy," in the Shooting department, perhaps brought out more competition than there has yet been in this department, and as will be seen by the winners' list was won by Mr. Geo. Tooke, with a score of 43 points out of a possible 50 points, after a very keen competition kept up during the entire season.

The following are the winners :—

TEN PINS, (Handicap.)

	Average per string.
October 29—Fred. Cushing—Scratch.....	156 $\frac{1}{3}$ pins.
November 13—H. H. Henshaw....	143 25-168 “
January 8—F. Cushing.....	184 “

COCKED HAT, (Handicap.)

November 1—J. G. Ross.....	82 20-102 “
December 4—J. Baillie.....	82 25-107 “

LARGE TARGET.

December 2—M. Freeman.....	70 points.
January 6—G. W. F. Carter.....	69 “

SMALL TARGET.

December 16—G. W. F. Carter.....	41 “
----------------------------------	------

RECORD PRIZES.

10 pins, won by F. Cushing, April 27..... 211 pins.
 Cocked hat, won by J.C. Buchanan, April 18..... 40 "
 Large Target, " George Cooke, February 22... 74 points.
 Small Target, " George Cooke, December 11... 43 "
 "Baylis Trophy," Small Target, won by George Cooke,
 December 11, with 43 points.

The net proceeds show a marked increase over last year. The bowling alleys have a credit of \$100.00, compared to \$40.00 last year; and the shooting, \$60.00, as compared to \$13.00.

A set of new balls, 2 sets of 10 pins, 1 Remington rifle, 22 calibre, have been added during the season, as well as several much needed improvements, which were necessary for the better accommodation of competitors and members.

In conclusion, your committee would suggest that some arrangement be made for the better lighting of these departments, and that the present mode of giving Record Prizes be continued.

The whole respectfully submitted,

T. L. PATON, *Chairman,*

J. G. B. DILLON,

FRED. CUSHING.

ANNUAL REPORT
OF THE
MONTREAL LACROSSE CLUB

FOR THE SEASON OF 1884.

ANNUAL REPORT
OF THE
MONTREAL LACROSSE CLUB,
FOR THE SEASON OF 1884.

MONTREAL, 1st April, 1885.

GENTLEMEN :

This is the fourth occasion on which I have had the pleasure of presenting the Report of your Committee to the Annual Meeting of the Club,

At the Annual Convention of the National Amateur Lacrosse Association, held last April, Mr. Angus Grant, of ours, was elected President.

Desired changes in method of deciding the Championship by a series of matches, and of deciding matches by a majority of games won in a given time, were not carried at the convention ; and owing to the protracted session, a proposition to allow 2nd Twelves of 1st class clubs to compete for Intermediate and Local Championships was not brought up.

At a meeting of players and Committee on 16th April, Messrs. F. C. A. McIndoe and W. Cairns were appointed Field Captains ; the latter, however, declined to act ; and at another meeting held 14th May, Mr. R. B. Ross was elected in his stead.

After considerable correspondence an arrangement was made with the Toronto Club to fix a maximum of \$250.00 for the expenses

of each club when visiting the other ; this was done with a view to encourage a reduction in the travelling expenses ; as all over the \$250.00 must be borne by the visiting club. It was intended to have a display of fireworks on the evening of the Queen's Birthday, but the weather was so unfavourable we had to postpone till the following Monday, which, no doubt, contributed to the non-success (financially) of the event.

The first match of the season was played on our grounds on the 17th May with the Caughnawaga Indians, whom we defeated by 4 games to 1. The following members formed the white team :—F. C. A. McIndoe, captain, W. J. Cleghorn, goal-keeper, R. A. Elliot, point, W. D. Aird, cover-point, T. F. Trihey and A. G. Gardner, defence field, D. Paterson, centre, W. Griffin, R. Whyte, N. J. Fraser, home field, A. E. McNaughton, A. G. Grant and T. L. Paton, home ;—umpires, C. W. Hagar and J. Scullion ;—referee, John Lewis.

Paton took first game in $2\frac{1}{2}$ minutes ; McNaughton, the 2nd in $1\frac{1}{2}$ minutes ; the Indians, the third in 30 seconds ; Griffin, the 4th in 25 minutes ; and Paton, the 5th in 18 minutes.

Messrs. Aird, McNaughton and Paterson played specially well. On the Queen's Birthday the Montrealers again tackled the dusky redskins, with a different result, being defeated by 3 games to 1.

Our team was as follows :—F. C. A. McIndoe, captain ; R. Whyte, goals ; W. J. Cleghorn, point ; W. D. Aird, cover ; T. F. Trihey and E. Elliot, defence ; W. O. Griffin, centre ; D. Paterson, J. Paterson and N. J. Fraser, home field ; A. G. Grant, T. L. Paton and A. E. McNaughton, home ;—referee, F. Riepert ;—umpires, John Lewis and John Canadian. The Indians took the first 3 games in 10, $8\frac{1}{2}$ and $32\frac{1}{2}$ minutes ; and Aird took the 4th in seven minutes. After the first two games Cleghorn went in goals and J. Paterson was moved up to home.

Messrs. Aird, Patersons, Cleghorn, Griffin and Trihey showed up well ; but the Indians were playing a very strong game.

On the 31st May we met the Toronto Club at Rosedale to play for the championship, which they had taken from the Shamrocks in the Fall of 1883.

The opposing teams were as follows :—

Referee : MR. W. K. McNAUGHT.

Umpires : MESSRS. T. DARLING & D. PATERSON.

Toronto took the 1st game in 2 minutes 20 seconds. Montreal the 2nd in 30 seconds. Toronto the 3rd and 4th in 28 and 10 minutes. During the 3rd game D. Paterson was hurt, and the long rest which ensued gave the Western men a breathing spell before play was resumed, and in a short time in a scrimmage at our goals the ball was poked through; the last game was accidentally taken by one of our own men. Ross McKenzie was a tower of strength to the Torontos.

On the 25th June (St. Jean Baptiste celebration,) we played an exhibition match with the Shamrocks, who took the 1st, 2nd, 3rd and 5th games in 5, 6, 7, and 28 minutes; A. E. McNaughton, for our side, taking the 4th in 25 minutes. Mr. J. Lewis acted as referee, and Messrs. Hagar and Stevenson as umpires. Our team was as follows :—F. C. A. McIndoe, captain; P. Gorman, W. J. Cleghorn, A. G. Gardner, W. D. Aird, N. J. Fraser, R. A. Elliot, R. Whyte, A. E. McNaughton, F. Dillon, W. Griffin, F. Larmonth and T. L. Paton.

On the 28th June we played the Indians again with the following team :—Captain F. C. A. McIndoe, P. Gorman, W. J. Cleghorn, A. G. Gardner, E. Eliot, N. J. Fraser, J. Louson, W. Griffin, F. Dillon,

On Dominion Day a mixed team of our boys visited the Metropolitan Club at Ottawa, and defeated them in 3 straight games at the Rideau Hall grounds, in 6, 3 and 25 minutes. Our team was as follows:—Captain, F. C. A. McIndoe, R. Whyte, W. J. Cleghorn, E. Elliot, N. J. Fraser, A. G. Gardner, W. Griffin, F. Dillon, J. Baird, W. D. Aird, J. Paterson, E. Sheppard and T. L. Paton;—referee, Mr. Kavanagh;—umpires, Messrs. McNaughton and ———

On 12th July we played the Shamrocks a practice match on our grounds, which resulted in a draw;—Shamrocks taking 1st, and 3rd games in 15 and 20 minutes, and Montreal 2nd and 4th in 1½ and 2 minutes;—referee, Mr. John Lewis; umpires, T. Moffat and J. Detmers. Our team consisted of Captain McIndoe and Messrs. G. Aird, W. G. Cleghorn, A. G. Gardner, E. Elliot, N. J. Fraser, F. Dillon, D. Paterson, F. Cains, J. Paterson, W. D. Aird, T. L. Paton and R. A. Elliot.

On the same afternoon the Buffers and Duffers met, and the former inflicted a crushing defeat in 3 straight games on their unhappy opponents.

On the 19th July our representatives paid a second visit to Toronto to struggle for the pennant, which they captured and brought down to Montreal. Mr. W. K. McNaught again acted as referee, and Messrs. T. Darling and N. Delisle as umpires.

The teams were as follows:—

Montreal.		Toronto.
F. C. A. MCINDOE,	<i>Captain,</i>	R. B. HAMILTON

Toronto took the first and fourth games in ten minutes each. Billy Aird took the second in 14 minutes; Tom Paton the 3rd in 39 minutes; and Archie McNaughton the 5th, and won the match and championship in one minute. This was the first time for many years our club had held the championship, having played all round it and defeated the holders of it while we were outside the association, and was the signal for great rejoicing, and a number of the members went up to Cornwall to welcome the victors.

At the suggestion of Mr. Angus Grant, each player on the team and the Captain were presented by the club with a gold medal, which is to form a precedent for all future championship matches won: only one gold medal to be given, however, to each player, subsequent victories to be chronicled by a clasp.

The Shamrocks had a challenge in for the championship which we had to take up, and the 2nd August was fixed for playing it off on our grounds; as will be well remembered, the match was played under protest against P. Green one of the Shamrock team, and before, probably, the largest crowd of people ever assembled on any lacrosse field.

Mr. John Lewis was appointed referee, and Col. F. Bond and Mr. Jno. S. Hall umpires.

The teams were as follows:

Montreal.		Shamrock.	
F. C. A. McINDOE,	<i>Captain,</i>	M. J. POLAN

The match resulted in a most disastrous defeat in 3 straight games in 1, 14 and 13 minutes; and the Council of the National Association having decided the protest case against us, the championship and pennant went to the Shamrocks.

On the 11th August the Metropolitans of Ottawa paid us a return visit, and we again defeated them in 3 straights with a mixed team, composed as follows:—Captain, R. B. Ross; George Aird, W. J. Cleghorn, E. Elliot, P. Gorman, D. Paterson, N. J. Fraser, F. Cains, J. Graham, A. E. McNaughton, W. D. Aird, J. Baird and R. A. Elliott. Referee, T. Carlind. Umpires, D. D. McTaggart and M. M. Pyke.

On the 2nd September, comparatively without practice, our team defeated the Caughnawagas 4 straight games in a complimentary match tendered to the British Association, at that time in session in the city. On this occasion Captain Ross led the following team to victory:—E. Elliot, W. J. Cleghorn, G. Aird, E. Sheppard, N. J. Fraser, J. Louson, W. Griffin, J. Paterson, D. Paterson, W. D. Aird, A. E. McNaughton, and T. L. Paton.

On the 13th September our team was to have gone to Cornwall to play the local club; but of the team picked only Messrs. Fraser and Paton went, with three second-twelve men, two juniors and 4 members of the Lancaster Club were picked up on the way.

Nothing more was ventured upon till the 11th October, when the Toronto Club visited us here, to play the first of a couple of home and home matches; and we defeated them by 3 games to one, with the following team:—E. Elliot, W. J. Cleghorn, A. Cameron, E. Sheppard, A. C. Gardner, N. J. Fraser, J. Paterson, W. D. Aird, A. E. McNaughton, W. Geraghty, T. L. Paton, and R. A. Elliot; F. C. A. McIndoe, Captain; Messrs. W. J. McMaster and F. Nelson acted as umpires; and Dr. Hutchinson, as referee.

Robbie Elliot took the 1st and 4th games in $\frac{1}{2}$ minute and 25 minutes; and Jack Paterson the 3rd in $24\frac{1}{2}$ minutes; Dickson, of the Torontos, took the 2nd game in $13\frac{1}{2}$ minutes.

On the 18th October our team met the Torontos on the Rosedale Grounds, and were defeated by 3 games to 1. Taking the 1st in 15 minutes, and losing the next 3 in 40, 2, and 15 minutes. Messrs. T. Darling and A. H. Sims acted as umpires; and Mr. W. K. McNaught as referee.

The team that represented Montreal comprised, Captain McIndoe and Messrs. T. L. Paton, W. D. Aird, A. Cameron, E. Sheppard, A. G. Gardner, N. J. Fraser, T. Carlind, W. Geraghty, W. Hodgson, R. A. Elliot and A. E. McNaughton. Our defeat was caused by the refusal of two players selected on the team to play at the last moment.

This closes the record of a very peculiar season, the salient points of which are the winning of the Championship, and the handsome balance of \$1,318.66, which we carry to the funds of the Association; as you will see from the Treasurer's statement.

During their term of office your Committee held thirty-nine meetings; attended as follows:—

H. W. Becket, <i>President.</i>	34
G. R. Marler, <i>1st V.P.</i>	30
W. Cairns, <i>2nd V.P.</i>	33

The Membership Roll now contains 937 names, including 78 life members;—an increase of 374 since this date last year; more than five times the increase during the previous 12 months.

The whole respectfully submitted,

ANNUAL REPORT
—OF THE—
MONTREAL SNOW SHOE CLUB,
FOR THE SEASON 1884-5.

GENTLEMEN :

It is with extreme gratification that your committee present to you their Annual Report, being the Forty-third Annual Report of the Club's doings.

The past season stands unrivalled in the Annals of the Club. Never before has such an interest been taken in this most enjoyable pastime.

Little did the "twelve" who in 1840 tramped once a week five or six miles out of town and then back to that famous Café on St. James Street, near St. Peter, kept by L. Tetu, dream that they were founding a Club which now consists of 886 paying, 86 life members, in all 972, and ranks as one of the greatest institutions in the city, but such was really the case, and to these gentlemen of a bygone age we tender our most sincere thanks.

Our first tramp took place on the 19th November, when 197 members walked out to Lumpkin's by the Cote des Neiges road, and were there entertained to the usual supper by the President and the Vice-Presidents.

Our first tramp on shoes took place on Wednesday evening, the 17th of December, 92 members tramping over the mountain.

During the season we took 17 Wednesday evening tramps, with an average attendance of 174, and the largest muster at any tramp was 532 on the night of the Carnival Torchlight Procession. Our first Saturday afternoon tramp was taken on the 20th of December.

At 3.45 p.m. 62 members left the gymnasium and tramped to St. Laurent, where they met 24 others who had arrived at the same destination by some means unknown to snow-shoers, making a muster of 86, all of whom were entertained to an old-fashioned dinner by Mr. Ben. Tooke at his factory.

During the winter we took 8 Saturday afternoon tramps, with an average attendance of 55. The average number of trampers was 34, and largest muster 130, on Saturday the 28th of February, when the members were entertained to dinner by Mr. Haig Sims at Peloquin's, Sault-au-Recollet. During the season the following places were visited, viz:—Sault-au-Recollet three times, St. Laurent twice, Lachine, Longue Pointe and St. Johns once.

On Wednesday evening, the 21st of January, the Annual Green Steeplechase was run. Nine competitors started, the race being won by Mr. W. Kerr in 21 m. 44½ s.

This race was started from the Club House, instead of the old place.

On Tuesday afternoon, the 27th of January, the Carnival Steeplechase over the mountain took place with the following result, viz:—

1—R. Larkin,	Emerald
2—A. W. Ross,	St. George.
3—J. Baird,	Montreal.
4—S. D. Jones,	Emerald.
5—D. D. McTaggart,	Montreal.

Owing to the watch of one of the timekeepers stopping the time made in this race could not be accurately obtained.

On Wednesday evening the 28th of January the Carnival Torchlight Procession took place.

The following Clubs took part, viz:—St. George, Athletic, Maple Leaf, Argyle, Wolseley, Emerald, Le Canadien, Cowansville, Frontier (Rouse's Point,) and Montreal (Whipping in,) in all about 1500 snowshoers, of which 532 were members of the Tuque Bleue. On the return of the procession from the mountain, the members of the Tuque Bleue marched to the Queen's Hall, and gave a very successful concert in imitation of an evening at Lumpkin's. Although the

concert did not commence till 10.30 p.m., the hall was filled with a very appreciative audience. The following remark being made by the Montreal *Herald* about the appearance of the members upon the stage :—

“The reclining position of the members of this vigorous organization on the stage was really picturesque and attractive to a degree that must be witnessed, as no pen description would do it justice.”

On Thursday afternoon, the 29th of January, the Carnival Drive took place, the M. S. S. C. having a very tastefully decorated sleigh, emblematic of snowshoeing, drawn by six horses.

In the evening 102 members mustered at the Club House and marched to the Champ de Mars, where they assisted in the inauguration of the Condora, after which they proceeded to the Drill Hall and took part in the Snowshoers' Concert got up by the East End Carnival Committee.

On Saturday, the 31st of January, the Carnival Snow Shoe Races took place on the Shamrock L. C. Grounds. There were eight open events, of which the Montreal won 4; St. George 2 and Emerald 2.

On Wednesday evening, the 4th of February, the Annual Club Steeple-chase was run. Five competitors started, the race being won by Mr. J. Baird in 21 minutes 20 seconds.

On Wednesday evening, the 11th of February, the members entertained their lady friends at Lumpkin's, when a very enjoyable evening was spent. There were about 150 ladies present, a large number of whom tramped over the mountain.

On Saturday, the 14th of February, our Annual Races took place on the Lacrosse Grounds.

The weather was beautiful and the track in excellent condition, but the number of spectators was very small.

The following is the result of the races, viz. :—

In the evening the Annual Dinner was held in the large dining room in the Windsor Hotel; 154, including guests, sitting down. The chair was occupied by Mr. G. R. Starke, and the vice-chairs by

Messrs. J. K. Whyte, T. L. Paton, W. H. Whyte, R. D. McGibbon and A. W. Stevenson. Amongst the guests present were U.S. Consul-General Stearns, Romeo Stephens, A. B. Chaffee, John Low, C. W. Radiger, C. P. Davidson, W. L. Maltby, and the Presidents of the different Snow Shoe Clubs. One pleasing feature of the dinner was that every living ex-President of the Club was present.

Wednesday evening, the 18th of February, was a gala night with the members, it being the occasion on which the life-members had a grand re-union. Amongst those present were Romeo Stephens, Wm. G. and H. E. Murray, Wm. Stanley, Col. Hutton, W. H. Rintoul, Fred. Matthews, H. Baby, H. R. Ives, C. Selby, A. Cassils, Lt.-Col. Whitehead, and a large number of others. Later in the evening we had a visit from Messrs. S. L. Clemens (Mark Twain) and G. W. Cable, who, after being introduced to the members, were seized by half-a-dozen of the most herculean, and initiated by being sent up to explore the smoky regions at the top of the hall. Mark Twain, in a brief speech, afterwards, remarked that he would remember the blanketed and tuqued snowshoers as long as he lived, and the sensations of the initiation after he was dead.

On Saturday afternoon, the 7th of March, the Team Race to the Back River took place. Three Clubs entered teams, viz.: Montreal, St. George and Le Trappeur. The race was won by the Montreal team, with the St. George second and the Trappeur third.

The following was the result:—

1—J. G. Ross,	Montreal,	38 m. 41½ s. (Best on record.)
2—R. Starke,	“	39 m. 31 s.
3—A. W. Ross,	St. George,	40 m. 16½ s.

On Thursday afternoon, the 19th of March, the Open Steeplechase over the mountain for the Lumpkin Medal took place, with the following result, viz.:—

At the St. George Races Mr. J. G. Ross won the Hogan Cup, the second time, it thereby becoming his property. At the Emerald Races he made the best time on record for two miles, *i.e.* 11 m. 52 $\frac{3}{4}$ s. At the Canadian Races he made the best time on record for one mile, with regulation shoes (1 $\frac{1}{2}$ pounds,) *i.e.*, 5 m. 42 $\frac{1}{2}$ s. And at the St. Charles Races, in the five-mile race, he lowered the record at three miles from 20 m. 48 s. to 20 m. 18 $\frac{1}{2}$ s., and finished the five miles in 33 m. 49 $\frac{1}{2}$ s.

The following table gives the result of the open competitions which took place at the Annual Races of our sister Clubs :—

On Saturday, the 21st of March, twenty-five members, led by the 2nd Vice-President, Mr. T. L. Paton, tramped to St. Johns. At

10 o'clock a.m. the members left the Club House, and after six hours tramping, Monette's was reached, where a very pleasant time was spent. The members returned to town by train in the evening. The following list gives the names of the trampers :—

Angus Grant,	G. A. Neville,	F. C. A. McIndoe.
W. L. Maltby,	H. Cameron,	J. Wallace.
T. L. Paton,	A. O. Weaver,	F. H. Ruhe.

W. McNab,	F. Engelke,	J. Costigan.
H. F. Gibbs,	C. Lamothe, (St. George,)	

We have, at last, done away with the supper at Lumpkins, and now rent the large hall at so much for the season; the amount of the rent being raised by collecting a small fee from each member present at the tramps on Wednesday evenings.

It is our sad duty to record the death of two members, who were generally found tramping with their club-mates on Wednesday evenings and Saturday afternoons, we refer to the late Messrs. John E. Fallon and John C. Hendrie, who were drowned on the 31st of May, while boating on Lake St. Louis.

During the winter your Committee held 17 meetings, which were attended as follows, viz :—

A. Grant,	9	N. Fletcher,	9
G. R. Starke,	14	N. J. Fraser,	14
J. K. Whyte,	12	G. W. Gardner,	16

The thanks of the Club are due to Messrs. A. Grant, G. R. Starke, F. Cushing, J. H. Wardlow, W. L. Maltby, C. J. McIntyre, R. J. Tooke, and A. B. Chaffee, for prizes presented during the season.

All of which is respectfully submitted,

REPORT OF THE COMMITTEE
OF THE
MONTREAL BICYCLE CLUB,

TO THE SEVENTH ANNUAL MEETING, APRIL, 1885.

The retiring officers have much pleasure in presenting the usual yearly report, for the season of 1884, to the 7th Annual Business Meeting of the Montreal Bicycle Club.

The opening meet of this season was held Saturday, 26th April, when 32 men rode out to Blue Bonnets. The roads were in good condition and it is to be hoped that the same state of affairs may exist this year at the same date. The closing meet was held Saturday, 11th October, when 6 of our riders wheeled out to Lachine.

Between these dates the Club turned out 71 times—25 fixtures having been cancelled owing to unfavorable weather.

The mileage for the season was 829 miles, and the rides were attended by a total of 784—making an average of, say, 11.

The largest muster was 64 members.

“ smallest “ “ 2 “

The longest ride was 63 miles.

“ shortest “ “ 3 “

Of the 71 rides held during the past season—

- 19 were on Mountain Park or round the Mountain.
- 14 “ round Mount Trafalgar and both mountains.
- 10 “ out to Blue Bonnets.
- 8 “ out to Lachine.
- 8 “ round the City.
- 6 “ out to the Back River.

The great interest taken in the affairs of the Club is well evidenced by the fact that there was a total attendance of 552 members at our 26 weekly business meetings of the Club held during the past season, making an average of over 21.

Racing continues to be in favor with our active riders, new men appearing on the track from time to time, but the want of a suitable and convenient track, puts an effectual extinguisher on any hope of this branch of our sport becoming as general as it otherwise would, if we had at our command a track fit to ride on. We have only to hope (and work) that before long we may have a race course second to none in Canada. Until such a track is ours, we need not think to induce outside riders to take part in our Race Meetings.

The large number of events that came off in 1884, would render a complete list of them too bulky for this report, suffice it then for us to mention only the chief events.

At the head of the list stands, of course, our Spring Meeting held Saturday, June 21, at the Montreal Driving Park.

It might be mentioned here that the object of your Committee in holding the meeting at this place was in order to get a track more suitable for cycling than the one on the Lacrosse grounds. This expectation was fulfilled—only in part, while the attendance was not such as to encourage another venture at the same place, at least for the present.

* Elected June 12, 1884.

A principal feature of this meeting, and one not very creditable to us, was the fact that out of 10 first prizes, outsiders carried away six.

A new feature of this event was the throwing open of all the events on the programme, that is, having no strictly club races.

This, we believe, is the first time any club in Canada has done such a thing and although the result turned out somewhat unsatisfactorily, yet we would recommend to the incoming Committee that the same course should be adopted during the coming season, should any race meeting be held.

The exhibition of fancy riding given by Master Georgie Nash at this event was a great treat to the spectators, and must have opened the eyes of the "Outer Barbarians" to the capabilities of the Bicycle. The field officers for the afternoon were as follows :

Referee—W. L. Maltby, Esq.

* Judges—Messrs. Angus Grant, G. R. Starke and Perceval Tibbs.

Starter—T. L. Paton, Esq.

Timekeepers—Messrs. H. W. Becket, Capt. Low and J. A. Taylor.

Clerks of the Course—Messrs. M. Freeman and J. L. Gardner.

Scorers—Messrs. H. S. Tibbs and J. W. Davis.

The events were as follows :

One Mile, (4th Class), five starters.

Won by G. R. Angus, in 3.39 ; J. R. Scales, second in 3.54 $\frac{5}{8}$.

Half Mile, (in heats), 3 starters.

Won in two straight heats by G. S. Low, in 1.36 $\frac{1}{4}$, and 1.45 $\frac{1}{4}$; J. F. Campbell, (T. Bi. C.) a good second in both heats.

Three Miles, for Roadster Machines weighing 35 lbs. or over, 5 starters.

Won by P. E. Doolittle (T. Bi. C.) in 11 min. ; M. F. Johnston (T. Bi. C.) second, 20 seconds later.

One Mile, (3rd Class,) 4 starters.

Won by J. G. Ross in 3.42; J. T. Gnaedinger, second in 3.49.

Half Mile Dash, without hands, 4 starters.

Won by P. E. Doolittle, (T. Bi. C.,) in 1.54; D. B. Holden, second in 1.59.

One Mile, (1st Class,) 4 starters.

Was won by C. F. Lavender, (T. Bi. C.,) in 3.15; G. S. Low, second in 3.15¾.

One Mile, Sociable Tricycle.

Was won by the Merrill Brothers, in 4.45½; Messrs. Lane and Smyth, about 10 seconds later.

Two Miles, (2nd Class,) 5 starters.

Won by M. F. Johnston, (T. Bi. C.,) in 7.20; J. G. Ross, 1½ sec. behind him.

The Fancy Riding Competition, 3 entries—was won by Oliver Brunel, (W. Bi. C.,) P. E. Doolittle, (T. Bi. C.,) second.

Five Mile, (1st Class,) 5 starters.

Won by C. F. Lavender, (T. Bi. C.,) in 17.41; P. E. Doolittle, second, in 17.45.

As stated before, the attendance at this event was so unsatisfactory that your Committee would recommend to the incoming officers the extreme inadvisability of holding another Race Meeting until such time as a suitable track can be procured in a locality that will ensure at least a decently paying gate. As most of you are doubtless aware, application was made last June to the C. W. Association to hold their meet for 1885 in Montreal—after our experience of the Spring Meeting, your Committee decided that it would not be to the best interests of either the C. W. Association, or our own Club to have the meet here, and the application was accordingly withdrawn.

Next in importance to the Spring Meet stands our 4th Annual Road Race (handicap) which was held this season—again to Valois on Saturday, July 26, by special invitation from the residents of that very hospitable watering place.

It was a great success, out of 23 entries, 20 faced the starter, and of these 20, 18 reached Valois on their wheels. The other two, Arthur and Maslin, breaking their machines, necessitating their finishing, one on the train the other on the ambulance. Capt. Low acted as judge at the finish, and your secretary as starter. The prizes were 7 in number, presented by your Committee, and the prize winners were as follows :

1st	W. McCaw,	(2 min. handicap),	I. 6.30
2nd	W. J. Farquharson,	5 " "	I. 11.
3rd	{ J. B. Ostell, } Sociable, 15	" "	I. 21.15
	{ H. S. Tibbs, }		
4th	D. B. Holden,	6 min. "	I. 12.20
5th	G. S. Low,	Scratch,	I. 6.25
6th	J. T. Gnaedinger,	4 min. handicap,	I. 11.
7th	J. R. Scales,	6 " "	I. 12.

The scratch man's time was 3 minutes and 25 seconds better than that made in 1883.

A most enjoyable evening was spent after the competitors had reached the winning post, and we all returned home fully satisfied with our afternoon's outing

As a slight return for the many kindnesses received by our Club from the Valois residents your Committee donated a certain amount for prizes for their annual regatta, and as some of our members wished to express more fully their appreciation of their kindness, a scheme was mooted of having a Bonnet Hop at the Boat House, the Club to act as host on the occasion. This was carried out September 6th, in a manner that reflected great credit on the committee, Messrs. J. B. Ostell, L. J. Smith, J. R. Scales and C. E. Thurston, who had the affair in hand.

You have all no doubt seen and admired the handsome Standard purchased by your Committee last season, if not, you have only to turn your admiring eyes to the wall where it hangs in all its glory.

Our Club was favored with more visits from outside wheelmen during the past season, than in any in its history. Chief among these visits stands, of course, that of the "Niagara to Boston Tourists," on Monday, July 21st, to meet whom Messrs. Tibbs, Low,

Ostell, McCaw and Hill started to ride to Cornwall, and succeeded in getting as far as Lancaster, where they were stopped by the rain. Messrs. Tibbs and Ostell rode a sociable on this occasion.

The Second Annual Meeting of the Canadian Wheelmen's Association was held last year at Toronto. A goodly number of our members attended.

W. G. Ross won the Five Mile Championship, and at the business meeting, H. S. Tibbs was elected President of the Association.

On Tuesday evening, August 19th, by kind invitation of Lt. Joyce, the Club was entertained at his residence at Outremont, where a very pleasant time was spent.

Your Committee decided to offer mileage prizes for each month of last season, and also prizes for attendance at morning practice, but the latter was abandoned after the first month's experience as the attendance was unsatisfactory, A. T. Lane and J. R. Scales tied on morning practice, each having attended all but one.

G. H. Hill won the mileage prize for May with a score of 155½ miles.

Lt. Campbell,	June,	score	135	miles.
Capt. Low,	July,	"	179	"
C. E. Thurston,	August,	"	104	"
J. R. Scales,	September,	"	79	"

The Victoria Skating Rink was engaged for three mornings in the week for one month, at a cost of \$10.00, for drill practice.

These practices were so well attended that your Committee recommend the incoming officers *not* to lend any financial aid to the formation of any future Drill Squad.

An application was received from several young riders, asking for permission to form a Montreal Junior Bicycle Club, this was granted on certain conditions, but these conditions have not so far been all complied with.

As strong objections against our present style of head gear were raised from time to time during the past season, several sub-committees on hats were appointed, but the samples selected by them were for one reason or another rejected. Your Committee

have decided on a new style of fore and after cap, sample of which is on the table, which they have adopted and now submit as the Club hat. Price, with havelock, \$1.15.

The Directors of the Association have granted the use of the large hall for Bicycle practice on Wednesdays, when we hope you will all attend and bring your friends with you.

Before closing we would call your particular attention to the fact that we have now in Canada an excellent cycling paper, published in London, Ont., called the "Wheelman."

It should be the duty of every Canadian Wheelman to support this paper, of course the larger the list of subscribers the more its sphere of usefulness will be enlarged, and the more return will each cyclist get for his \$1.00.

An extract from the regular accounts of revenue and expenditure, which, with balance sheet, will be presented with those of the affiliated clubs to the Annual Meeting of the Association in May, is on the table.

Your Committee would recommend to the consideration of the incoming officers the advisability of selecting one night of the week for a special ride to some point, not too far off, say Blue Bonnets, and adhering to that night and place all through the season.

This report would be incomplete were mention not made of the trip down from Toronto by Mr. McCaw, who left Toronto, accompanied by Mr. G. S. Wait, on August 26th, and wheeled as far as Cornwall where he was forced to take the train owing to the wet weather, unexpected business engagements caused Mr. Wait to abandon the trip shortly after leaving Toronto and "Sandy" very pluckily kept on alone.

The whole respectfully submitted on behalf of the Committee.

ANNUAL REPORT

OF THE

Montreal Junior Lacrosse Club

FOR THE SEASON 1884.

GENTLEMEN,—

Another season has passed away, and it is again my pleasant duty to present to you a report of the work done by our Club during the past season, the fifth in its history.

Early in the season the Montreal Club kindly granted us the use of the two dressing rooms in the east-end of the Grounds, which we had altered into one, and in which we had several new boxes and a shower-bath placed

You will notice by the Treasurer's statement, shortly to be read, that the income from subscriptions is considerable in advance of last year; also that we have a larger balance on hand.

The season opened earlier than usual, our first practice taking place on 19th April, and the following week saw all our players in the field. This promptitude on the part of the players removed the difficulty which we had to contend with in previous years, viz.: our inability to have a full team in condition before one or two matches at least had been played; which was owing to some of our best players absenting themselves from practice until late in the season, thus weakening our team either by their playing said matches when not in condition, or necessitating by their absence our completing team with inferior players; which was very discouraging to those players who were in condition by having commenced practice earlier. This also led to continued changes in the *personel* of our team and their positions; in fact, in previous seasons we seldom, if

ever, played two matches in succession without making some change, while last season we played every match with the same men, who thus became accustomed to their respective positions in the field and the duties they involved; each match giving them more confidence in each other, a certain amount of which is necessary to the success of any team, and can only be had by long practice and the playing of many matches together. The removal of this difficulty tended in a large measure towards making last season the most successful in the history of the Club. We played fourteen matches; won 10; lost 1, and 3 drawn; played in all 43 games; won 33, and lost 10; which were divided as follows:—

1st	Twelve	played	7	matches	—won	5	; lost	1	, and	1	drawn.
2nd	“	“	6	“	“	5	; “	0	, “	1	“
3rd	“	“	1	“	“	0	; “	0	, “	1	“

By the above you will see that we had enough players to place three teams in the field; also, that our 2nd twelve played six matches—against one in the previous season,—and did not suffer a single defeat. This should be very encouraging, as it shews that we have very good material growing up.

As you are aware, we were successful in winning the District Championship on 31st May, and in holding same throughout the season; we were also awarded the Local Championship Flag presented by the National Lacrosse Association, for which we were to have played a match with the “Thistle”—Champions of Eastern Quebec,—but owing to the latter’s inability to meet us, did not take place; which we regret very much.

May 24th saw us in Cornwall, where we played our opening match with the local Club, and suffered a defeat of three straight games. Our players were, Messrs.

J. Findlay,	W. Pierce,	W. H. Brady,
A. Cameron,	W. Pingel,	R. Bell,
R. Norman,	T. Carlind,	J. G. Cornell,
J. Michaud,	A. Ritchie,	Wm. Geraghty,
	Capt. J. K. Whyte.	

May 31st we crossed sticks with the Junior Shamrocks for the District Championship, and as our men had been practising hard

since their match in Cornwall, were in fair condition, and played with much more confidence, and proved too much for their opponents; winning three games to the latter's one, thus securing the much coveted title, "Champions." The following wore the scarlet and white :—Messrs.

Jno. Findlay,	Robt. Bell,	Wm. Rodden,
Allan Cameron,	Wm. Pierce,	J. G. Cornell,
R. Norman,	Tom. Carlind,	Wm. Hodgson,
Jas. Michaud,	Andy Ritchie,	Wm. Geraghty,
	Capt. J. K. Whyte.	

Umpires, Messrs. N. Fletcher and P. McKeown; Referee, Mr. F. Lally.

July 5th we again met the Junior Shamrocks on our Grounds for the District Championship, and were again successful in winning three games to their one. The play was much better than previous match. The following composed our team :—Messrs.

J. Findlay,	R. Bell,	W. H. Brady,
A. Cameron,	W. Pierce,	J. G. Cornell,
R. Norman,	T. Carlind,	W. C. Hodgson,
J. Michaud,	A. Ritchie,	W. Geraghty,
	Capt. J. K. Whyte.	

Umpires, Messrs. W. J. Cleghorn and T. Prior; Referee, Mr. G. R. Marler.

June 21st, our 2nd twelve played their opening match with the 2nd Athletics, and were successful in winning three games to their opponent's one; the match was very well contested, and lasted for over two hours

July 26th, our 2nd twelve again crossed sticks with 2nd Athletics on our grounds, and treated them the same as in previous match, winning three games to one. Our players were.—Messrs.

— Bremner,	C. R. Taylor,	C. King,
W. Elliott,	A. Paterson,	W. Herbert,
J. McDougall,	H. McKenzie,	W. Hamilton,
R. Simpson,	F. Rodden,	A. Gauthier,
	Capt. R. Norman.	

August 2nd, our 1st twelve played and defeated Le Voltigeurs in three straights, in 3, 9, and 11 minutes, respectively. Our players were:—

J. Findlay,	R. Bell,	T. Carlind,
A. Cameron,	W. Pierce,	A. Ritchie,
J. Michaud,	W. Pingel,	W. Hamilton,
W. Brady,	J. G. Cornell,	W. Geraghty,
	Capt. J. K. Whyte.	

August 9th we crossed sticks with the "Sherbrooke" team on our grounds, and were victorious; taking three straights in 9, 7, and 5 minutes, respectively. Our players were:—

J. Findlay,	W. Pingel,	W. L. Rodden,
A. Cameron,	W. Pierce,	J. G. Cornell,
J. Michaud,	T. Carlind,	W. H. Brady,
R. Bell,	A. Ritchie,	W. Geraghty,
	Capt. J. K. Whyte.	

Immediately after the above match our 2nd twelve played and defeated the Mount Royals in three straight games. Our players were:—

Wm. E. Findlay,	R. Simpson,	W. Herbert,
Wm. Elliot,	H. McKenzie,	W. Hamilton,
Jno. McDougall,	W. Wilson,	C. Little,
C. R. Taylor,	F. Rodden,	A. Gauthier,
	Capt. T. Carlind.	

On the same day our 3rd twelve made their "debut" in a match with the "Thistle," which resulted in a draw, our opponents taking one game. This is the first time since the Club was organized that we have been able to place a 3rd team in the field, which shews that the interest in our national game is increasing among our younger members, which we trust will continue. Our team was composed of,

A. Paterson,	L. Brodie,	C. King,
McKenna,	E. C. Eaton,	W. Laurie,
A. Murphy,	G. Moffatt,	E. McCaffrey,
N. Coupland,	A. Paterson,	W. Cooke.

August 23, our 2nd twelve met the "Crescents" on our grounds, and defeated them in three straight games. The play was very good on both sides, especially on our home. The following wore the scarlet and white :—

J. McGolderick,	C. R. Taylor,	F. Rodden,
W. Elliot,	H. McKenzie,	W. Herbert,
J. McDougall,	W. Wilson,	W. Hamilton,
R. Simpson,	C. Little,	A. Gauthier,
	Capt. R. Norman.	

August 30, our 1st twelve crossed sticks with the first twelve of "Athletics," and were successful in winning three straights. Our players were, Messrs.

J. Findlay,	W. Pingel,	W. Herbert,
A. Cameron,	W. Pierce,	J. G. Cornell,
J. Michaud,	T. Carlind,	J. M. Dougall,
R. Bell,	A. Ritchie,	A. Gauthier,
	Capt. J. K. Whyte.	

September 6th, we were again called upon to defend the District Championship by our old opponents, "Junior Shamrocks," who proved themselves worthy of their name, as the match was the hardest we had to play during the season ; resulting in a draw, each side taking two games, when the time agreed on by the two Captains to stop was expired. Our team was composed as follows :—

J. Findlay,	R. Norman,	W. Pierce,
W. Brady,	J. G. Cornell,	A. Cameron,
R. Bell,	T. Carlind,	W. Herbert,
W. Geraghty,	A. Ritchie,	J. Michaud,
	Capt. J. K. Whyte.	

Umpires, N. Fletcher and P. McKeown ; Referee, S. M. Baylis.

September 6th—Immediately after our 1st twelve's match our 2nd twelve played the "Mount Royals" a return match, and again defeated them in three straights. Our players were :—

J. McGolderick,	H. McKenzie,	C. Little,
W. Elliot,	W. Wilson,	E. McCaffrey,
J. McDougall,	C. Chipchase,	F. Rodden,
R. Simpson,	F. Stewart,	A. Gauthier,
	Capt. J. W. Woods.	

September 13th—Our 2nd twelve played a match with the "Maple Leaf," which resulted in a draw ; our side taking one game, when we had to give the grounds to the Britannia Foot Ball Club, time being up. Our men were :—

J. McGolderick,	C. Chipchase,	F. Rodden,
W. Elliot,	C. Little,	F. Stewart,
C. R. Taylor,	H. McKenzie,	E. McCaffrey,
R. Simpson,	A. Paterson,	A. Gauthier,
	Capt. T. Carlind.	

A Lacrosse match was arranged with the "Crescents" and our 2nd twelve, to take place on our grounds September 20th, but owing to the inclemency of the weather was indefinitely postponed.

December 13th—A meeting was held in the Gymnasium, to present each of our 1st twelve with a gold band ring, with the letters M. J. L. T., 1884, in gold letters, as a token of the Club's appreciation of their brilliant victories during the past season. The presentation was made by the President, Mr. T. L. Paton, Capt. J. K. Whyte, Secretary J. W. Woods, Mr. J. G. B. Dillon, of the "Montreal," and Mr Sam. Struthers, of the "Toronto" Club, and responded to on behalf of the team by Messrs. Cameron, Norman, and Bell. The following were the recipients of rings, Messrs.

Jno. Findlay,	Robt. Bell,	W. H. Brady,
Allan Cameron,	Wm. Pierce,	J. G. Cornell,
R. Norman,	Thos. Carlind,	W. C. Hodgson,
James Michaud,	Andy Ritchie,	Wm. Geraghty.

The thanks of the Club are due to Mr. J. G. B. Dillon for his liberal donation towards presentation to team ; to the "Montreal" Club for the many liberties they allowed during the past season ; and to the M. A. A. A. for the use of their Club Room, in which we held our meetings. During the season 103 members paid their subscriptions ; making an increase of 18 over previous season.

All of which is respectfully submitted,

ANNUAL REPORT

OF THE

TUQUE BLEUE TOBOGGAN CLUB

SEASON 1884-85.

The work of the season
began in December when the sleds were started and calls made
being what makes it so. The snow was in the
mountain was not high to the summit, and even the
increased traffic on several occasions. The
we should have had one or two more sleds if we had
the first Toboggan Race ever held by any Club were held
without exception on January 27th at our club, and although the
winter was very bad snow falling in clouds the public interest was
in your number, and proved by the fact that they took in the pro-
ceedings that our Club had in it the elements of a successful winter
interest.

2ND ANNUAL REPORT

OF THE

TUQUE BLEUE TOBOGGAN CLUB.

MONTREAL, May 28th, 1885.

GENTLEMEN,—

In presenting this the Second Annual Report of the Tuque Bleue Toboggan Club, your Committee have to report the affiliation of the Club with the Montreal Amateur Athletic Association, which was completed last November, a move which has been productive of the most beneficial results to our Club, as well as to the Association; not only has our Club been better patronized, but the interest in it has been greater than last year. The Club had a membership at the close of season 1883-4 of 532, and the past season 465, outside of the M. A. A. A, which has 842 members; therefore we have 1,307 members who are entitled to the use of our slides. The work of the season began in December, when the slides were erected, one extra chute being added, making in all five. The accommodation in the previous season was inadequate to the demand; and even last year, with our increased facilities, on several occasions—notably in Carnival week—we could have kept one or two more slides fully occupied.

The first Toboggan Races ever given by any Club were held under our auspices, on January 17th, at our slide, and although the weather was very bad, snow falling in clouds, the public turned out in great numbers, and proved by the pleasure they took in the proceedings that our Club had in it the elements of a successful drawing interest.

The result of the races was as follows:—

	Winners.
No. 1, Single,	J. E. BULMER.
“ 2, Lady and Gentleman,	W. and MISS YOUNG.
“ 3, Load as you please,	JAMES PATON.
“ 4, Long jump,	A. DUBE, 37 ft. 11 in.
“ 5, High jump,	JAS. PATON, 4 ft. 5 in.

We are pleased to state that the Club had three weeks sliding immediately after the wet period, before any other Club.

The addition of the electric light to our slide was a move in the right direction, and was, no doubt, the means of attracting many to our hill who would otherwise have stayed away.

During the season we had a water-pipe brought up to the top of the slide, which saved a great deal of time in icing the chutes, and was found to work well, as our hill was fast and smooth throughout. The erection of a new shed for keeping toboggans was also a good idea, and appreciated by the members. The laying out of a sleigh drive by the Ground Committee was a good move, and during Carnival week especially afforded many an opportunity of witnessing the sport; all these items necessarily increased our expenditure, which is ably dealt with in our Treasurer's Report.

During the season, we are sorry to say, there were a few slight accidents, which it behoves the next Committee to endeavour to lessen in future, so as to keep in our Club the younger members. The danger lay at the end of the slide, and could be obviated to a certain extent by the erection of a wooden platform to turn the toboggans off in a curve to the west.

To the Ground Committee, Messrs. Jas. Paton and J. L. Wiseman, we are indebted for much valuable assistance.

We have also to thank the gentlemen members for services rendered, especially during Carnival week.

Our season's work closed in the beginning of April, which, taking from December, gave us nearly four months sliding.

Respectfully submitted,

ANNUAL REPORT

OF THE

MONTREAL FOOTBALL CLUB,

SEASON 1884.

The season of 1884 was a very successful one for the Montreal Football Club. We were able to secure a number of new members and to increase our resources. Our first match was played on the 15th of September, and we were victorious. We then played a number of other matches, and were successful in all of them. MONTREAL FOOTBALL

REPORT

FOR

1884.

GENTLEMEN :

The 14th Annual General Meeting of the Montreal Football Club was held in the Montreal Gymnasium, Monday, March 30th, Mr. R. Esdaile in the chair.

Never has the Club had such a successful season as that of 1884. The practices have been well attended ; the membership has increased ; and as nearly all the new members have been playing members it has had the effect of making the Club very strong in every way.

For the last two seasons, 1883 and 1884, not a single match has been lost.

During the season 1884 the Quebec Rugby Union was formed, and ties were arranged for Clubs in the Province of Quebec. In Ontario they also formed an Ontario Rugby Union.

We won all our Quebec matches, thus winning the championship of Lower Canada.

On November 6th, Thanksgiving Day, we went up to Toronto, to dispute with the Toronto Football Club the title of Champions of Canada. We won the match by 30 points to nothing, thus holding the right of calling ourselves "Champions of Canada."

In January, 1885, the Committee decided to lay the question of affiliating with the M. A. A. Association before the Club, and at a special meeting held on Thursday, March 28, 1885, it was unanimously resolved to affiliate.

ANNUAL REPORT
OF THE
MONTREAL HOCKEY CLUB

SEASON 1884-85.

ANNUAL REPORT
OF THE
MONTREAL HOCKEY CLUB
FOR SEASON 1884-85.

MONTREAL, 20th May, 1885.

GENTLEMEN,—

I have much pleasure in presenting the Report of your Committee on the first season's work.

A meeting of members of the Montreal Amateur Athletic Association was held at the Club House on Friday evening, 28th November, 1884; Mr. T. L. Paton took the chair, and explained that the meeting was called with a view of forming a Hockey Club in connection with the said Association; and it being the unanimous opinion of the members present that such a Club was advisable, the meeting proceeded to form a Constitution and Code of By-Laws, and to elect Officers for the year; which resulted as follows:—Mr. Thos. Fraser, President, Mr. W. D. Aird, Vice-President, Mr. F. W. Barlow, Hon. Sec. and Treasurer, with Messrs. J. G. Ross, F. M. Larmonth, Wm. Hodgson A. E. McNaughton and T. L. Paton as Committee.

The membership of the Club is only 19—a small number—but I trust it will be largely increased next season.

The first season of the Club has been a very successful one, and notwithstanding all the trouble and inconvenience the Club had to contend with—in the way of getting ice to practice on—I think we can show a very good record.

The season commenced with the Victoria Rink Tournament, and it fell to the lot of our team to play against the McGill Club on

the Victoria Rink ice, on Tuesday evening, 20th January—play for two half hours,—which resulted in our favor by two goals to none.

The following composed the team—T. L. Paton, F. M. Larmonth, W. D. Aird, Wm. Hodgson, D. McIntyre, R. A. Smith, and F. W. Barlow.

It was decided by the Carnival Out-Door Sports Committee to have a Carnival Hockey Club for a silver cup, to be presented to the Club winning the greatest number of games; and our Club entered a team to compete with the others. And on Wednesday, 28th January, our team played their first game in the Tournament with the Montreal Foot Ball Club, and gained a victory by 6 goals to 1.

The team was the same as played with McGill on the 20th January.

On Friday morning our same team played their second game in the Carnival Tournament with the Ottawa Club. Play two half hours, resulting in a draw of one goal each; play was resumed for an additional half-hour, which also resulted in another draw of one goal each: making two goals each in the hour-and-half; it was then decided that play should be stopped, and that the Carnival Committee should decide when the match should be played off. The Chairman of the Carnival Out-Door Sports Committee decided that the game should be played off on Saturday morning, at 8.30, and at about 9 o'clock the two teams faced each other again. Play to be two-half-hours; and at the end of the two-half-hours neither side had obtained any advantage of the other, and after a few minutes rest the teams were again called out to play an additional half-hour; and after twenty-eight minutes play, Aird put the puck through the Ottawa goals, and scored again for our team. The game was again started, and on time being called, no more games had been taken; thus our team won after a very hard fight.

On Saturday afternoon, by order of the Carnival Committee, our same team played the final game with the McGill Club. Play was for two-half-hours; and was won by us by one goal to none, thus winning the Carnival Cup with the same team as played in the morning.

On Friday evening, 6th February, our team played the final

game in the Victoria Rink Tournament with the Victoria Club. Play two-half hours ; and was won by our team by one goal to none. The team was the same as played all along, in fact, the team was not changed during the season. After the above game both teams were entertained by the Directors of the Rink in their rooms ; the mugs were presented to our team, viz : one to each player.

I trust the good record of the Club for last season will increase the membership for next season, and induce some new players to come out. The greatest drawback last year to the team was getting the necessary practice with so limited a membership.

Respectfully submitted,

FRED. W. BARLOW, *Hon. Sec.-Treas.*
