# **COMMERCIAL COLLEGE.**

Duamess edu action will aid us to satisfy. I wish it were possible to give every young man who is going to take charge of a farm, or a factory, or a mechanical establishment of any kind, or to enter into commercial pursuits, the elements of a busi-ness education. Business colleges mean that there are wants which pre-existing institutions were not ahaped or calculated to meet. I say prosperity and success to business colleges... Horacc Greeky.

OUR course is interesting and instructive; and is adapted not only to the educated, but to those whose training has been neglected.
