THE CHAPMAN CONCERTS.

"I'd sell my shirt to hear those people," was the remark of a musical enthusiast who heard the rehearsal of the Chapman company at the Opera house this morning.

Nothing to compare with the orchestra has ever been heard in St. John. Mme. Bouton sang two songs this morning. Those present were enraptured.

At the close of this morning's rehearsal at the Opera house a local committee of musical people was formed by Mr. Chapman to participate in his festival next season. The response to his request was prompt and hearty, so delighted were the people with this morning's work.

SPLENDID FIREWORKS.

The morning papers publish a full list of the fireworks to be shown on the occasion of the royal visit. The display will far eclipse anything ever seen in St. John, and much of it will be made from scows moored in the harbor, so that it will be plainly visible from the whole water front. It will include the very latest things in such displays, and the patriotic ideas will predominate in the designs and colors. The description of the twenty different displays takes up a column of space in the papers.

WILL SOON BE HERE.

There are only fourteen working days before the arrival of the Duke and Duchess of York. Evidently the work of preparation for whatever is to be done in the way of decoration must be pushed with vigor. St. John cannot hope to compete with Quebec, Montreal and Ottawa in display, but what is done should be done with thoroughness.

Daniel Routley, well known for years along the water front at Reed's Point, where he worked about the pilot boats, fell into the water a few days ago and contracted a cold which ended in pneumonia. He died at the hospital today. Mr. Routley was 42 years old.

POLICE COURT.

Six Drunks on the Last for His Honor This Morning.

Six drunks were arrested on Saturday at various hours, and of these only one found rest in the jail until this morning. The one was Adam Armstrong, and he carried about his person a sum sufficient to purchase his release. The money was so effectively concealed that the police were unable to find it, but Adam had no difficulty in putting his hand on it when the proper moment arrived. He failed to appear in answer to his name this morning, and the deposit was forfeited.

Four of the other five pleaded guilty to the charge against them, and were fined eight dollars or thirty days each. Among these four sat Alex. Digne, who has broken his record by successfully avoiding the police since June 17. And he says he would still have been at his job on him.

The fifth applicant for mercy was Henry Gloom, who emphatically denied the delicate insinuation that he had been burdened by too much liquor. Henry addressed the court, stating that no good man has any claim "with de cops." They arrest anyone who is going about his business, and if he isn't drunk they make him that way. Henry was remanded until tomorrow in order that he might procure witnesses, but when this disposal of his case was made, he changed his mind about being drunk and admitted that he had taken one drink of hop beer "an' 't leaves a man's stomach in an awful state." He asked the magistrate to let him off for five dollars, which amount he would pay at once in order that he might get back to work. The five was accepted.

J. NELSON PARLEE DEAD.

As the Result of a Gunning Accident at River du Loup.

J. Nelson Parlee, of Main street, died last night at River du Loup from the effects of a shooting accident. His brother, Herbert Parlee, of Victoria street, received a despatch late last evening to the effect that Nelson was badly hurt and advising him to come back at once. This morning the following messages were received: "Your brother died at twelve last night. Kindly wire instructions." "Death the result of a gunning accident."

No further particulars have as yet been received. Mr. Parlee, who was well-known about the city as secretary of the Ship Laborers' Society, and early last spring went to River du Loup to work for Donald Fraser & Son, taking with him his wife and family. A week or two ago on account of the prevalence of fever he thought it best to bring his family back to St. John, and accordingly did so a few days ago. He was in visiting his friends. He returned to his work but a few days ago, and the news of his death has been a great shock to his many friends in the city.

Mr. Parlee was one of the late Nelson Parlee, and a native of Millstream, Kings Co. His mother, now Mrs. Long, resides on Harvey street. Besides his wife, formerly Miss Brewer, of Fredericton, Mr. Parlee leaves three young daughters.

The body will be brought home by to-morrow's Quebec express. His brothers are William and Herbert, of Victoria street, Charles, of Metcalf street, Alfred, engineer at Briggs' Corner, Frederick, a farmer at Millstream, and one sister, Mrs. C. Manning, at Millstream.

PREACHERS' MEETING.

Rev. G. M. Campbell presided at the Methodist preachers' meeting this morning. The other members present were Rev. Messrs. Steel, Shenton, Selar, Delistadt and H. Penna. Rev. W. Lodge of Hampton was present and gave an address dealing with his work. Reports were received from the churches. A number of the Sunday schools observed yesterday as Rally Day.

Rev. Dr. Steel conveyed to the meeting greetings by letter from Rev. Mr. Fisher, president of the conference, who has been attending the Ecumenical conference in London, and who wrote that he expected to take his work in Moncton again next Sunday.

PLAN OPENS TOMORROW.

Tomorrow morning at nine o'clock the plans for the Jessie MacLachlan concert of Oct. 7th, 8th and 9th will be opened, and the great interest felt in these events will then reach a climax. Remember that Miss MacLachlan's selections for the first two concerts will be entirely Scotch, and for the third English and Irish. Madame Van Duyn, the New York contralto, and Leo Altmann, the violinist, will not use numbers of a national character. Thus a pleasant variety is given to the programme. The great Scotch singer appears at Truro, Amherst, Moncton and Sackville this week, and at last place the houses are already practically sold out.

U. N. B. SCHOLARSHIP.

The Carleton county scholarship at the U. N. B. has been won by Matilda Fawcett (colored) of Woodstock; York, Annie G. Purdy, Fredericton; Kings, Clarence Stevens, Sussex; Charlotte, Martha Osborne, Milltown; Northumberland, John McNaughton, Black River. There are 109 students.

SHALLOX AT OTTAWA.

The Citizen says: "Ottawa is reeking with smallpox." It declares that the serious character of the outbreak has been concealed in view of the royal visit.

Judge Barker has granted a summons to A. J. Gregory, of Fredericton, for administration in equity of the estate of the late Wesley VanWart. The summons is returnable on Nov. 5th.

Paine burned to death, but Boudreau is still alive, but badly burned. Only a heavy fall of rain saved the village from becoming a prey to the flames.

MRS. MCKINLEY.

CANTON, O., Sept. 29.—Mrs. McKinley had two drives again today. On account of dismal weather and the rain of yesterday and nearly all night, the outing was confined to the streets in the city. It was said at the McKinley home tonight that there has been no material change in her condition and that she continues to bear up remarkably well.

Secretary Cortelyou returned from Cleveland tonight, where he was yesterday to consult with Col. Myron T. Herrick on certain matters connected with the estate. Besides administering the estate of the president, Mr. Cortelyou and Judge Day are to take charge of the business affairs of Mrs. McKinley. She has considerable property herself, aside from the estate left by her husband.

THE MCKINLEY ISLANDS.

NEW YORK, Sept. 30.—A suggestion which is meeting with favor is to change the name of the Philippine Islands to the McKinley islands, says the Washington correspondent of the Tribune. It is intended to bring the suggestion before the next congress. A part of the scheme embraces the idea of bestowing upon the different islands and provinces the names of the men most prominently identified with the acquisition and management of the islands. For instance, the members of the commission which negotiated the Paris treaty would be thus honored, as well as the names of Admiral Dewey, General Lawton, Governor Taft, General Otis, Root and others.

MILLWAUKEE, Wis., Sept. 29.—Genl. MacMahon of the 1st band of the National Soldiers' Home, speaking for the board, said today:

BARKIN. BAHAMA WRECKED.

The barkentine Bahama, Capt. Anderson, from St. John for Hillsboro, consigned to the Albert Mfg. Co., is bottom up in the Petitcodiac river near Hopewell Cape. She left Partridge Island Saturday morning, had a rough trip up the bay, and entered the river with difficulty. It was not full tide, and she grounded on the Middle Grounds. Capt. Anderson and his wife, the cook and his wife and some of the sailors got ashore in a boat and walked to Hopewell Cape. The boat with the other sailors was upset just as it cast clear, and Theodore Muller was badly hurt. They were taken off by a boat from the shore. The rising tide carried the vessel up stream, and the abb tide carried her down again till she struck on the ledge. She is almost a total wreck. The Bahama was owned by Alfred Potter of Canby, N. S. She was 355 tons gross and 321 net register, 123 feet long, 32.8 beam and 11.9 hold. She was built in November, 1892, as a tern schooner, and was afterwards changed to a barkentine.

J. Willard Smith received a telegram this morning, asking that a tug be sent up to save the vessel if possible. If the weather clears, as now seems probable, he will do so, but there seems little hope of saving her.

Mrs. Marie Parkhurst, formerly of Bangor, whose marriage to Prince Joseph Rospigliosi of Rome, has just been announced, is well known in St. Croix society circles. A few years ago she was the guest of the Misses MacNichol, daughters of the late Archibald MacNichol, in this city—Calais Times.

Pa—It's because your father never gets a chance to use it—Tit-Bits.

THE 1, 2, 3 OF IT.

The merchant makes every effort to get the best possible goods, so buy them at the lowest possible price.

He puts more or less work into arranging them in his store.

He invests capital in the purchase of these goods, which must remain idle until they are sold.

All this is done, and no returns can be expected until the goods are in the customers' hands, sold and delivered.

The quickest way to accomplish the selling is to tell the public that you have the goods for sale—and the quickest way to tell the public anything is through the columns of the daily paper. That's where they look to find out what is going on.

If one, two, three, four, or five per cent. will transfer your goods into cash at a profit, would it seem wise to hesitate about doing the requisite advertising?

You can reach the majority of the buying public in St. John no better way than through the Daily STAR. Talk is cheap—but facts are facts—and it's a fact that advertising in the STAR pays. Every day furnishes fresh proof of this assertion.

Why not realize on your idle stock of merchandise?

Do it the quickest way.
