Executer, Eng. Aug. 30.—Now that Poland has succeeded in gaining her freedom from the Russian military pressure, attention concentrates upon the action of her diplomats. Will Poland take advantage of her success and make peace or co-operate with General Wrangel in an endeavor to destroy the Bolshevik Government?

NEW YORK POLICE GET NICE INCREASE

Twenty Per Cent. Raise Granted the "Finest"—Morale of Force Better Since Increase.

(Copyright, 1920, by Cross-Atlantic.)

By RAYMOND G. CARROLL.

New York, Aug. 30.—For a week the New York police have been enjoying their 20 per cent wage increase. Its effect has been noticeable upon the morale of the force. Cops on patrol duty had their heads higher and there is less gruffness and more courtesy shown to citizens who call to their attention some violation of the law.

New York patrolmen are divided into seven grades. The three lowest grades formerly received \$1,400 a year. For these the increase was made 22 per cent, the minimum amount the police wage is \$1,760.

Eighty-One Years Old And Never Late At Office

COL. DENISON

Toronto, Aug. 31.—Col. George Taylor Denison police magistrate of Toronto, who celebrates his 81st birthday today, is more than forty years as magistrate. He has never been on second leave in going on the bench. He was appointed by the late Sir Oliver Howard in June 1887, since when about 650,000 cases have been handled in the police court here, mostly by the colonel. Of late years he has had three assistants, but still appears daily as chief dispenser of justice at the police court.

season and which would not be given too much weight, the plans for the celebration of the double anniversary indicate a purely Republican festival. The man containing the heart of Leon Gambetta, the founder of the Third Republic, is to be transferred that day to the Pantheon, the Westminister Abbey of France.

THE TRUTH ABOUT THE TARIFF

The Falsity of the Opposition Statements Shown up by Premier Meighen—The Tariff at the Present Time on Agricultural Implements is Lower Than it Has Been for Years, Notwithstanding All the Efforts of the Liberal Party to Prove the Contrary.

(Quebec Chronicle.)

The necessity and lack of justification of tariff criticism directed against the Government by Liberals and Farmers alike was strikingly disclosed on Tuesday evening by the Premier, Mr. Meighen, in his Truro address. If a falsehood is only repeated often enough and loudly enough many people will end by believing it and opposition speakers have been walking up and down the land inveigling against the tariff protective tariff and extolling the benefits of free trade—or some undefined substitute that is "just as good."

To meet the need of revenue when \$360,000,000 is required we now, before revision, have a tariff of about 23 per cent on dutiable goods. To meet the need of revenue when \$125,000,000 or less was required, they (the Liberals) had an average tariff over 15 years of 28.3 per cent on dutiable goods. Besides that we have added to the free list. To meet the need of making goods at home instead of buying from the United States, we have now, before revision, a tariff of approximately 15 per cent on all goods imported, both free and dutiable and that when the Canadian dollar is at a discount of 13 cents on the dollar.

In order to complete the exposure of such unfair opposition tactics, it is only necessary to make a comparison for which we are indebted to "La Minerve," of the duties proposed or imposed at different times on farm implements:

Table with columns: Implements, Present Tariff, Former Tariff (1870-1890), and Former Tariff (1890-1918). Rows include Binders, Mowers, Reapers, Ploughs, Sowers, Weathers, Manure spreaders, Harrows, Tractors, Separators, Farm wagons, Windmills, and Winnowers.

There is only one meaning, continue a tariff for the purpose of substantial revenue; and so levy the rates as to fairly protect the industries of Canada.

JOY FOR FRANCE IN NEW HOLIDAY

Will Celebrate 50th Anniversary of Third Republic and Armistice Day.

NOVEMBER 11 DATE CHOSEN

Events to be Fittingly Commemorated, But Royalists Whisper of Intrigue.

(Copyright, 1920, by Public Ledger Co.)

Paris, Aug. 30.—The third French republic will be fifty years old on September 4, but not as that day will it celebrate its anniversary year. The festivities have been postponed until November 11, and thereby hangs a tale, or even two.

In previous years the memory of the day when the republic was proclaimed by Gambetta has always been coupled with the sorrowful souvenir of Alsace and Lorraine, lost to France in that memorable year of 1870. The joy of September 4 was darkened by the custom of hanging crepe that day on the statue of the city of Strasbourg in the Place de la Concorde.

But November 11, 1918, brought back Alsace and Lorraine to France. What could be more fitting, then, it was argued, than that the celebration of the French birthday of the republic should be coupled with the triumph of the republic in wiping out the shame of the second empire? This argument found ready support and it was decided to celebrate the two events on November 11 this year.

But Paris loves an intrigue; and this is the second time for thirty years among the staunch supporters of the Third Republic many who profess to be its admirers in this postponement. They state their heads dubiously, make gloomy allusions to "powerful reactionary forces" in Parliament, and hint darkly of a possible monarchist coup d'etat as the real method by which the anniversary is to be celebrated.

The fact is that there is a Royalist party in France which has for its organ the daily Paris paper, L'Action Francaise, and for its prophets Charles Maurras and Deputy Leon Daudet, elected to the Chamber last year. This group has been outspoken in favor of the postponement of the anniversary from September 4, which L'Action Francaise calls "Sedantia," to November 11, "the day of the Revenge."

The Republicans conclude that whatever delights the Royalists may bode evil for the Republic. The Republican press of the provinces is particularly displeased with what they term a "royalist and anti-republican success." The peculiar situation created by the illness of President Doumergue adds to the inquietude of the Republicans. There are rumors that in the near future the resignation of the senators and deputies will be interrupted by a sudden summons to Versailles to elect a new president. There are more rumors that the Conservatives and Royalists are crowding General de Castelnau for the French White House and that they hope to catch the Republicans napping and put him in office before the opposition can organize its forces.

Since the Boulanger affair the Republicans have been resolutely opposed to the candidacy of any general for the presidency. They fear that it would be the first step toward the restoration of the monarchy, a repetition of the Napoleonic episode seventy years ago.

"Keep your eyes on September 4," counsels "Le Progress Civique," a liberal review, "for the two weeks before and after that day may be marked by events of great importance." To stem from rumors which always flourish in Paris during the summer

MEMORIAL SERVICE AT HAVELOCK, N. B.

Havlock, N. B., Aug. 29.—Sunday will long be remembered by the people of Lower Ridge Havelock, N. B. When the monument erected in honor of six of our sons who fell in the Great War was unveiled.

The monument stands in front of the church, and is of polished black granite, about 10 feet in height. The unveiling by two returned soldiers, Alden Thorne and George Perry, was very impressive. Appropriate speeches were made by the Rev. Capt. Corey and Rev. Mr. Hatfield. Rev. Mr. Bell was taken up by the hundreds around the monument.

The Rev. Mr. Hatfield in a very eloquent address took for his text the verse inscribed on the base of the monument, "Greater love hath no man than this, that a man lay down his life for his friends" (John xiii, 34).

The monument and tablet reflect much credit on the manufacturers, H. McGraw & Sons, St. John, N. B. Mr. Murray, representing the above firm, arrived here Friday and superintended the erecting.

**FLOUR MARKET REMAINS DULL**  
Bearish Sentiment Still Prevails and Buyers are Making Few Contracts.

Special to The Standard  
Minneapolis, Minn., Aug. 31—The Northwestern Miller, in its weekly review of the flour market, will say: Bearish sentiment still prevails in the flour market, and buyers are making few contracts, in the hope of still lower prices. Business is confined largely to replacing stocks, which are believed to be approaching the vanishing point, particularly in the East. There has been a fair export inquiry from Holland, and millers, as a rule, feel that they must set a price considerably above imports' ideas in order to protect themselves against unexpected contingencies. The average extent of the week's drop in prices, following the disturbed condition of the wheat market, was 15 to 20 cents for first patent grades. There was a slight recovery at the opening of this week.

## The Grand Circuit At Readville, Mass.

Rain Again Interfered Although Nine Heats Were Contested Before Showers Caused Postponement.

Readville, Mass., Aug. 31.—Rain again interfered with the Grand Circuit races at Readville today, although nine heats were contested before a heavy shower caused a postponement of the unfinished events until tomorrow.  
Bogalusa, which Charley Valentine drove to a new season's mark yesterday in the two-year-old division of the Horse Breeders' Futurity, won the final heat. The New York trotter, Worthy Chief, took the deciding session in the three-year-old trot, in which the Great Miss Morris was distanced in the second heat yesterday after taking the first.  
Although fifteen horses started in the \$1,000 event for 2:18 trotters, the race was rather easy for Baroness Cochato, driven by Lon MacDonald, who won in straight heats. Bonny Del was the pacemaker in each heat of the 2:19 trot and won handily, the 2:18 trot, in which the season's leading money winner, Peter Coley, was entered, and the Blue Hill for 2:16 trotters, were unfinished. Willie Irwin took the first heat of the 2:08 trot, but Peter Coley showed the way the next time out. Nedda was the best of the bunch in the first heat of the 2:08 trot.

**THE VOTERS' LIST.**  
Sheriff Wilson states that the last chance to get names on the voters' lists in the city is offered this week. Judge Armstrong will be in his chambers each day this week at 11 a.m. and 2 p.m. to hear applicants and that when his work is completed the lists will stand for two years. It is evident that there is a lot of names to be added to the lists, judging from complaints voiced at the last election and it behooves those who wish to exercise their franchise at the next general election, which will probably come within two years, to see to it that they are listed. Complete city lists are posted in the Court House, Germain street, and there are ward lists posted elsewhere. The county lists will also close next Saturday.

**ACCEPT CHALLENGE**  
The St. Peter's baseball team has accepted a challenge from the team from the Nashua Pulp and Paper Company, and will meet them in the first game of a series on St. Peter's grounds this evening at 6:45 o'clock.

**ROWING CHAMPIONSHIPS.**  
On behalf of the Commercial Club, Frank White has applied for the Maritime Province rowing championships, to be held somewhere about September 18. It is hoped the application will be granted, and this following the Rowford races on Labor Day, would be a great wind-up for a season that has been marked by a great revival of interest in aquatic sports in St. John.

## Fast Time Made At Houlton Meet

Rain Prevented Completion of Three Classes on Opening Day—Great Free For All.

Houlton, Aug. 31.—(Special)—Rain caused a postponement of the three races at the opening day of the Houlton Fair after two heats had been run off in the 2:13 and 2:22 classes, and one heat in the 2:30 class.  
Roy Volo, the Canadian horse, was in rare form today and took the two heats of the 2:13 with apparent ease. Alfred King, a Boston horse, won two heats in the 2:22 class. The summary follows:  
2:13 Mixed—Purse \$400 (Incomplete)  
Roy Volo, ch. s., by Norvolo (Litt) ..... 1

**Great Free-for-All**  
Everything is ready for one of the largest, and what is expected, the best race ever held in Maine, when on Friday afternoon next the fastest field of horses that ever raced in Maine will take the word in the Free-for-All from Starter Frank Power, of Halifax. The starters will be Zom Q. Baby Doll, Mary Bird, Ben All, The Prophet, Peter Farnen and Lay Graton. It is expected that all Maine records will be smashed, and the largest crowd that ever attended a local meet will be present. Many thousands of new spectators will come to the city from different parts of the state, as well as across the border in New Brunswick.

**THE VOTERS' LIST.**  
Sheriff Wilson states that the last chance to get names on the voters' lists in the city is offered this week. Judge Armstrong will be in his chambers each day this week at 11 a.m. and 2 p.m. to hear applicants and that when his work is completed the lists will stand for two years. ## Montreal Dogs Coming To Show

Class of Entries Being Received Are Best Yet—Sporting Dogs Will Predominate.

From present indications the meeting of the N. B. Kennel Club, which takes place next week at the exhibition grounds, will be one of the best that the dogs have ever had. Entries are pouring in rapidly, and while the number will be no more than the average, the quality of this year's entries surpasses all others.  
Sporting dogs will predominate at the show, and there are an unusually large number of pointers and setters entered. Fifteen pointers are assured which is a record number for dogs of this breed for down-east shows. Sixteen Irish and the same number of English setters have been entered. One of the features of the show will be the presence of three fine specimens of Russian wolf hounds. These "Bibbi" and "Abban Jim" have been entered from Montreal and will add greatly to the class of the show, as "Who Goes There" is one of the best-known dogs in Canada.  
There will be a big class of Airedales, about seventeen in all of this breed having been entered. Frederic fan fanciers are sending fifteen dogs or various breeds, while there are several coming from St. Stephen under the guidance of Percy S. Clark. Owing to the fact that a special cup was offered by the Kennel Club to Nova Scotia entries, the fanciers from our sister province have responded very well and will send along fifteen to eighteen dogs of different breeds. The entry list also shows a good class of fox terriers, both wires and smooths. The fairer sex will, no doubt, be interested to know that there will be present at the show several Pomeranians, Pekinese and French and Toy poodles. A full entry list is not yet available, as many of the entries are not yet in, but it will be published in a few days.

**Kid Williams Was Beaten in Halifax**  
Halifax, N. S., Aug. 31.—Kid Williams of Ireland tonight lost his first bout since coming to Halifax, when he met Frankie Olsen of Jersey City, in a 15-round contest. The limit, Olsen punched the hardest, but Williams was a much cleaner boxer. He outpointed his opponent and the decision was received with shouts of disapproval.  
Harry Jones won from Billy Parsons, of Glace Bay, the latter's seconds throwing the towel in the ring in the eighth round. Jones easily led in the first two rounds, but in the third Parsons took Jones clear off his feet with a blow to the side of the head. Parsons afterward tired, and went down a half dozen times in the seventh round, though he was quickly up again.  
Jones and Olsen meet Saturday night. Jeff Smith and George Robinson, who meet tomorrow night, were introduced from the ring.

**ENGLISH TEAM AT PHILADELPHIA**  
Philadelphia, Pa., Aug. 31.—The incoming cricket team from England scored 282 runs in the first innings of their match with the Frankford eleven today on the grounds of the Philadelphia cricket club. Frankford had scored 51 runs for a loss of seven wickets when play was called for the day. The match will be resumed tomorrow.

**SCOTCH LEAGUE GAMES.**

Lanark 3; Aberdeen 1.

**ACCEPT CHALLENGE**  
The St. Peter's baseball team has accepted a challenge from the team from the Nashua Pulp and Paper Company, and will meet them in the first game of a series on St. Peter's grounds this evening at 6:45 o'clock.

## Dan Harrigan Here On Visit

Former St. John Boxer Now of Fresno, California, Arrives After Absence of Seventeen Years.

Among the visitors who is at present in the city, and who is being warmly welcomed by old friends is Dan Harrigan, a former resident of the North End, and some years ago was rated as one of the best boxing artists in the maritime provinces.  
It will be recalled by some of the older lovers of the fist art that this is the same Dan Harrigan who over twenty-five years ago met Eddie Conolly in a hall out the Lock Leonard Road for ten or twelve rounds, and the large party who were present on that occasion will say that this bout proved one of the best battles that has ever been witnessed in St. John or vicinity. In fact it was one of Conolly's first real bouts. It was not long after this scrap that Conolly went to the States where he met some of the very best men across the border and became famous as a fighter.  
Harrigan did not care to wander far away, but at that time had to journey to the large cities in the States he would undoubtedly have made great headway in the squared arena. However he was satisfied to participate in some local bouts, and travelled through the provinces giving boxing exhibitions with some of the best provincial lightweights including Dan Littlejohn.  
It was while he was in Dalhousie that cupid proved a master over the ring artist and Mr. Harrigan was married. That was about seventeen years ago, and with his wife he travelled to Fresno, California where he settled to a quiet married life, and this is his first visit east since that time.  
When asked last evening by The Standard how he liked California, he replied that it is certainly a great country, the roses bloom the year round; no fog or snow, but the best of weather, and best of all he says he has the finest wife in the world and seven of the greatest children in North America.

**HALIFAX TEAM MEET ST. PETERS**  
The baseball season is not over yet by any means. Some of the best games of the season are promised when the Halifax Crescents meet the St. Peter's team on Saturday afternoon and two more on the holiday (Labor Day). The Crescents are the best team in Halifax. They defeated Amherst in two games in the N. S. championship series, though the games were taken from them on a technicality last Saturday. Saturday's games will be in the afternoon and evening, while on Labor Day there will be morning and afternoon games.

## Moosepath Meet Opens Labor Day

Ambrose P. Ryan and S. E. Rice Decide That There Will be Races Next Week.

The gloom that covered the face of every lover of horse racing when they learned yesterday morning that the proposed meet scheduled for Moosepath Park next week had been called off by those who conducted the races last week, was lifted late in the afternoon when it was learned that Ambrose P. Ryan and S. E. Rice, who are the lessees of the track had taken hold of the matter and decided to conduct the meet along the lines as originally planned. It is hoped by the rail birds and every one else that every class will be well filled, that every heat will be a horse race and that although old Moosepath held its largest crowd last Saturday, that this record will be broken for attendance next week. Local and other people from different sections of the province who are coming to St. John next week to attend the exhibition want to see horse racing and Messrs Ryan and Rice are to be complimented on putting on the meet.  
Yesterday morning Mr. Ryan said:

## Entries For The Maritime Events

Swimming Championships Will be Held at Halifax Next Saturday Afternoon

Halifax, Aug. 31.—Entries for the Maritime Swimming Championships to be held at the Waegwoit Club on Saturday of this week, close tonight. Among the entries received are some from Sydney and North Sydney and entries are expected from St. John as well as a large number from local clubs. The events on the championship programme are as follows:  
Fifty yards, open, any stroke.  
Hundred yards, open, any stroke.  
Two hundred yards, open, breast stroke.  
300 yards, open, any stroke.  
Springboard diving.  
The Maritime Association had leased the track from Mr. Rice and himself and as the association had called off the exhibition races Mr. Rice and himself had decided that they would run the meet themselves. He said the dates and classes would be as first planned and the meet would open on Labor Day.

## WHAT OTHERS SAY

### The Point of View.

(Toronto Daily Star.)

Charles Diamond, editor of the Catholic Herald, who has just completed a six months' sentence in Pentonville prison in England for publishing an article entitled "Killing No Murderer," relates some of his experiences. The prisoners held a debate fortnightly, and discussed the question of divorce. They voted against it, as too great facilities for divorce would be detrimental to the home of the country. Mr. Diamond noted that several prisoners serving terms for bigamy voted in the minority. He gave a lecture on journalism and found that the prisoners were almost unanimously of the opinion that the press gave too much publicity to proceedings in the criminal courts.

**Secret or Open?**  
(Halifax Herald.)

Looking at home, can anyone suppose for a moment that Hon. F. B. McCardy would be standing on the platform with him in Colechester, if the Premier had "nailed high protection" above the platform? Mr. McCardy has never been in favor of other than moderate protection—such protection as this country imperatively needs, and both must and will have, as long as we believe in governing it.

The only question is as to whether it would be better to have open friends of such protection in charge of the government, or to entrust the administration to avowed or secret enemies of such protection, and therefore, of necessity, enemies of the country's interests if not the country itself.

**More Provincial Police.**  
(Mail and Empire.)

We are glad to learn that the Ontario Government is considering the question of increasing the strength of the Provincial Police. Numerically the force is far short of what it ought to be. The thirty-five men who now compose it are, we believe, well qualified for the class of service they are called upon to render, but even the most efficient of them has not the ubiquity of the Wandering Jew, and cannot therefore be at two places hundreds of miles apart at the same time. Ontario is a big province. Though the portion of it under settlement is but a small part of the whole, there are points within that portion that are 500 miles apart. Raised to a strength of 100, the Provincial Police Force would still be small enough.

**Purpose is World Dominion.**  
(Chicago Tribune.)

The world cannot exist part proletarian and part democratic. One or the other scheme will prevail. The semi-Asiatic barbarians of proletarian Russia are extremists. They began by exterminating intellectual life in Russia. Intellectually meant knowledge, and knowledge meant expertise and power. It meant that the man with knowledge could control the masses, and until Lenin saw that if he exterminated every man in Russia who knew how to do anything, nothing would be done, the Chinese exterminators were killing off the professional and expert classes. When expertise was needed it was conscripted on pain of death. Military and naval experience have been conscripted, but the method of the revolution is destruction, and the purpose is world dominion.

## A GREAT EMPIRE-BUILDER.

H. R. H. the Prince of Wales is now on his way home from the Southern Seas after a somewhat strenuous time among the good people of that portion of the far-dung Empire which is to be found there. The Prince, since his capture of the hearts of His Majesty's Canadian subjects, and since his not less sanguine conquest of the admiration and liking of the neighboring and kindred people of the United States, has travelled far, and seen many and strange lands. His Odyssey among the islands of the South Sea and through the self-governing Dominions of the British Empire in Australasia has been followed with the closest attention. The public in the Old Land have marked with warm admiration the ardor and the understanding with which he has flung himself into the various interests and concerns—the sports as well as the more serious affairs—of our fellow-subjects in the Antipodes. In entering whole-heartedly into the life and work of the peoples of New Zealand and Australia, in sharing freely in their aspirations, their occupations, and their amusements, the Prince of Wales has broadened and strengthened the bases of loyalty and patriotism within the bounds of the Empire. In knowing all that is to be known, and in seeing all that is to be seen, he has not spared himself. He has discharged admirably all the official duties that have fallen to him, but he has also known how to break away from the formal and conventional, and to make himself personally familiar with the soul as well as the outer forms of the new type of British enterprise and civilization that has been planted on the other side of the world. Naturally such unassuming and protracted exertions, physical and mental, bring reaction, and reaction calls for rest and recuperation. It is therefore not in the least surprising that with "graceful reluctance" His Majesty the King has felt called upon to defer, for another year at least, the Prince's contemplated trip to India. To plunge at once into the labors and excitements involved in a State visit to British India, and to take part, under tropical conditions, in the scenes of fatigue and strain accompanying the opening of the new Chamber of Princes, Council of State, and Indian Legislative Assembly at Delhi would be to impose upon the Prince a test of endurance greater than even his politician's young powers could be trusted to bear. The decision to postpone his tour in India will be welcomed the more heartily because it will take him sooner home, and give his august father's loyal subjects there an earlier opportunity of testifying their grateful sense of the proof he has given since he sailed away of a growth of capacity, insight, and knowledge of men and things which is of the happiest omen for the future of the realm.

**MR. KING AND THE TARIFF.**  
Speaking at Renfrew a few days ago Mr. Mackenzie King said "a revenue producing tariff was needed to pay Canada's heavy national debt, but the tariff should be so adjusted and revised as to reduce the cost of living, to cheapen the cost of the implements of production, and at the same time not do injury to the manufacturers."

Thus Mr. King discovers a policy that is all things to all men. For the man on the street a tariff that will pay off the national debt; for the consumer a tariff that will reduce the cost of living; for the farmer duties that will cheapen his plant; and for the manufacturers a tariff that will do them no harm.

Everybody who wants anything is given it and nobody is hurt. Mr. King's magic tariff panacea, guaranteed to cure all ills, and perfectly harmless, will do the trick.

Was there ever a more dishonest attempt at vote-catching—even in the fiscal history of so-called Canadian Liberals? asks the Ottawa Journal. In the West (see the speech of Premier Martin) a cry of "down with Protection!" In Ontario protection for protectionists, free trade for free traders, cheap food for all, and lots of revenue thrown in. In the West and Ontario "forget the past," in Quebec the motto "Remember" (See Renfrew speech of Mr. Archambault).

**LABOR VS. LABOR.**  
The result of the balloting among the miners of Great Britain in the question of striking for nationalization of the coal mines, has resulted in a majority in favor of a strike. If one takes place, then will come the tag of war. It will mean the tying up of practically every industrial plant in the United Kingdom, with the consequent throwing out of employment of millions of working men. Is it to be supposed that these men will stand for this sort of thing? The nationalization of the coal mines is a matter outside of the range of practical politics at present, and is likely to remain so for some time to come. Neither is it a matter in which the ordinary working man is interested in the slightest degree. A question of an advance in wages, or for shorter hours or for better working conditions, he understands perfectly, but the nationalization of the mines is something that he will not consider absolutely necessary just now, and therefore he will not submit to be thrown out of work on that account. If a strike takes place it will be a war of labor against labor, and on the principle that a house divided against itself cannot stand, will probably come to an untimely end, as the railwaymen's strike did some time ago for similar reasons.

**DON'T DESPAIR.**  
"Don't despair just because things don't seem to right themselves as quickly as you expected they would" is the advice tendered by a philosopher. There is reason in what he says, too, when you come to think of it, because to give way to despair is precisely the most useless thing you can possibly do. It is the nature of despair to blind us to the way of escape, even when the way is fairly obvious.

Just keep on the alert, watching for a chance to come when you yourself, however insignificant you may seem to be, can do something to help.

You may remember that once a murene was able to release a lion from the net in which it was trapped. The chance of helping may come to you. Behind all the clouds that rise from the still seething world gleams the bank.

"Dat's all right, dat's all right, but

**THE NEED FOR ORGANIZATION.**  
We have on more than one occasion in the past few months urged the desirability of the Conservative Party in this country getting its organization into something like shape for practical work. So far, however, nothing seems to have been done in this direction. The story of the foot in the door in Virginia is but the lesson to be learned therefrom is just as applicable today as it ever was. We know that two elections are to take place in the near future, and although there does not appear to be any likelihood of their being called on immediately, it would be just as well to have the election machinery looked over, and put in working order. Like every other thing that is not in constant use, it has got a bit rusty, and when the time comes to put it to work, a good deal of energy will have to be spent in getting it into shape to work effectively, that might be spent more profitably advantage. The Conservative party in Nova Scotia found itself wiped out of existence after the late election, simply because it was not prepared for or expecting a contest just at that particular time, and was not organized to meet one. Too much cock-sureness at the last election in this province cost the late government both place and power; and if the apathy which is so evident among the members of the party at present, continues, the disaster of the last election will become a debacle at the next one.

**A CONSPIRACY AGAINST THE EMPIRE.**  
There are those who affect to see in the Sinn Féin agitation nothing more than a movement to secure the independence of a greater measure of self-government for Ireland. These people must either be very ignorant of the true drift of the movement and so misread its true significance, or they are deliberately misrepresenting it. It is not so much a pro-Irish movement as it is an anti-British movement. It is part of a conspiracy long

### Observe Annual Decoration Day

Order of Knights of Pythias Will Decorate With Flowers Graves of Departed Brothers Tomorrow.

Tomorrow the St. John members of the Order of Knights of Pythias will observe their annual memorial day, when the graves of departed brothers are decorated with flowers and a memorial service held in their honor. The services will be held, as usual, at Fernhill Cemetery Thursday evening. The address will be given by Past Chancellor James Moulson, who has performed this duty for a great many years.

The Knights will meet at the new home of the city lodges, Union street, at 6:30 p. m. and the parade will start at sharp six o'clock, going by way of Union, King, Charlotte, south side King Square, Sydney, Waterloo and Westmorland to the cemetery. Returning, the route will be, Marsh road, Brussels and Union to hall. Two bands will accompany the parade, the St. Mary's and Martello. Today and tomorrow morning the flowers will be received at Congregational Church, Union street, now the property of the city lodges, and a busy crowd of workers will be on hand to make up the bouquets.

The programme for the service is: Hymn, "Best Be the Tie That Binds," band accompaniment; scripture reading, Knight Rev. Dr. Hutchinson; address, Past Grand Chancellor James Moulson; Hymn, "Asleep in Jesus"; prayer, Knight Rev. Dr. Hutchinson. The graves to be decorated are:—

### All Ready For Big Exhibition

Final Arrangements Completed at Meeting of Directors Held in General Offices on Grounds Last Evening.

Final arrangements for the big exhibition, which opens here next Saturday, were completed at a meeting of the directors held last evening in the general offices on the grounds. The exhibition will be formerly opened by Lieutenant-Governor Pugsley at three o'clock on Saturday afternoon. Premier Foster will be present and will give an address, while Hon. Dr. Robt. Tweeddale, minister of agriculture, have been invited, and are expected to attend. They also will very likely give addresses.

**On Standard Time**

The full schedule of the exhibition will be conducted on Atlantic Standard time, as this is the time with which the visitors will be most familiar. In case anyone does not know which is Atlantic Standard time, it may be said that it is what is commonly known as old time. Accordingly the exhibition will be formally opened at four o'clock, daylight or city time. The fair will be open to the public from nine o'clock in the morning till ten o'clock in the evening, daily during the following week.

**Question of Lodging**

The question of lodging was also discussed at this meeting, and was deemed advisable to secure an emergency place capable of accommodating a large number in addition to the private houses already arranged for. More houses are being placed at the disposal of the committee daily, but many more are needed, as it is assured that the influx of visitors for this year's fair will be greater than ever before.

**Directors Pleased**

At the conclusion of the meeting the directors were shown through the buildings by hustling manager, Charles Robinson. Every one of them were amazed at the transformation that had taken place, and on all sides were heard words of praise for Manager Robinson and his staff. The decorations and lighting effects are on a more elaborate scale than ever attempted before, and all has been arranged with an eye to the artistic. The interior of the buildings are a scene of great activity, and while none of the exhibits have been completely set up, a fair idea can be obtained of what they will look like when completed. One can only say that the exhibition will be the best that has ever been held in the Maritime Provinces.

**Common Council Was In Session**

Commissioner Bullock was authorized at the council meeting yesterday afternoon to purchase 70 piles for repairs to the East Side ferry boats; Commissioner Jones to buy 100 barrels of cement at \$4.75 per barrel and a number of routine matters were disposed of.

Mayor Schofield presided and Commissioners Thornton, Bullock, Jones and Frink were present. The report of the committee of the whole as already published was adopted. The Canada Lock Joint Pipe Co. wrote in regard to the guarantee bond that they would prefer to take this bond out with the London and Lancashire Guarantee Corporation of Canada. Referred to the mayor and commissioner of water and sewerage.

A petition from the residents of Union street praying that they be relieved from further payments under the local improvement Act was referred to the committee of the whole.

The application of Irving G. Appleby for permission to erect an electric sign at the corner of St. James and Charlotte streets was referred to the Commissioner of Public Works and city engineer.

**Who Pays For Dead Horses?**

A communication from J. A. Barry on behalf of his client Thomas Hayes, regarding payment for a horse which he claimed the city had bought but which he later refused to accept and which has since died, was referred to the commissioner of safety and city collector.

A letter from J. A. Grant and Company endorsing the work of the federal employment office and requesting the re-opening of the St. John office, was referred to the mayor.

Commissioner Bullock's motion that deeds be issued under the common seal of the city to those who had purchased houses from the housing board, five in number, was adopted. In this connection the commissioner stated that he was preparing a report on the activities of the housing board which would be soon placed before the council. Of the twelve houses built, five had been sold and seven were for sale.

Commissioner Bullock moved that he be given authority to purchase 100 barrels of cement at \$4.75 per barrel. Carried. Commissioner Jones asked for authority to purchase five water meters, two four inch at a cost of \$360 each, and three two inch at a cost of \$85 each. Commissioner Thornton objected, and contended that tenders should be called. Commissioner Jones in answer said he had no objection to calling for tenders but it was a waste of time and public money. The motion to call for tenders carried.

**James Skene**  
The death occurred at Penfield on the 30th inst. of Mr. James Skene, in the 74th year of his age. He was born in Aberdeen, Scotland, and came to this country when quite a young man. He was a woolen manufacturer and carried on the business at York Mills, N. B., and at Penfield, N. B., having lived in the latter place nearly forty years. He was twice married. His first wife was Helen Myers of Aberdeen, Scotland, and his second was Elizabeth K. Poole of Penfield who is still living. Three children also survive. They are Alex. of McAdam, James W. of Augusta, Maine and Mrs. Wm. McPhail of Kincardine, N. B.

**George F. Dunham**  
The many friends of Mr. and Mrs. George Dunham will sympathize with them in the death of their infant son.

**John Alexander**  
The death of John I. Alexander, North End, foreman in the street department, occurred Monday evening. Mr. Alexander was in the employ of the city for more than twenty years, having been engaged first as a carpenter and succeeding to the appointment of foreman on the promotion of the late Albert Winchester to street superintendent about fifteen years ago. He was favorably known and respected by all the city employees, and his death will be a great loss to the city as well as to many friends. The funeral will take place from his late residence, Elmwood street, this afternoon, service to be held at the house at three o'clock.

**FUNERALS.**

The funeral of Mrs. William Sterling, whose death occurred Monday afternoon in the General Public Hospital, was held yesterday afternoon from the undertaking rooms of N. W. Brennan and Son. The service was conducted by Rev. Moorhead Legate and interment was in Fernhill.

**HORSEWHIPPED BY IRATE WOMAN**

Chicago, Aug. 31.—U. R. Daniels, 50 years old, secretary of S. W. **EAT and Get Thin**

This is turning an old saying face about, but modern methods of reducing fat have made this revision possible.

If you are overfat, opposed to physical exertion, fond of the table and its good things, and still want to reduce your excess flesh several pounds, go to your druggist for the Marmola Co., 56 Garfield Building, Detroit, Mich., and give him for (send them) one dollar, the following prescription for a trim, slim figure, by receiving a good size box of Marmola Prescription Tablets (compounded in accordance with the famous Marmola Prescription) after each meal and at bedtime, and you will lose your fat at the rate of two, three or four pounds a week.

Then continue the treatment until your weight is what you desire. Marmola Prescription Tablets are not only harmless but you are benefited to the general health. You don't need starvation diet or weakening exercises. Just go on eating what you like, leave exercising to the athletes, but take your little tablet faithfully and without a doubt that baby flesh will quickly take into itself wings, leaving behind it your natural, neatly clad, trim flesh and trim muscles.

INTEREST GROWS IN RAILWAY SHARES

The Cleavage Between Rails and Industrials Became More Clearly Defined Yesterday.

New York, Aug. 31.—The cleavage between rails and industrials, which has been the conspicuous feature of recent sessions of the stock market, became more clearly defined today.

Since the granting of increased freight and passenger rates, Commission Houses have observed a steady growth of interest in railway shares.

Outstanding features of today's inquiry comprised the preferred shares of St. Louis and San Francisco, St. Louis, South Western, Chicago and Alton, St. Paul, Baltimore and Ohio, Kansas City Southern, Western Maryland, Wheeling and Lake Erie and Seaboard air line, at gross advances one to three points.

Popular steels and equipments were relatively backward with oils, but the secondary motors and their accessories, also, shipings and kindred specialties were frequently the objects of market's pressure, contributing to the bearish irregular close.

Although total bank reserves were again drawn upon to meet heavy payments, call loans ruled at 8 to 9 per cent, against yesterday's maximum of ten per cent.

The upward movement in railroad bonds continued, with steelworks in other domestic issues, also the foreign front.

Old United States bonds unchanged.

Money Required Given as Big Cause of Falling off in British Emigration to Canada.

By FRANK TEWSON. (Copyright, 1920, by Cross-Atlantic.) London, Aug. 31.—Although, thanks to the Dominion's Soldier Settlement scheme, the emigration figures for Canada in 1920 compare more favorably with any other year, there is a keen feeling of disappointment as to the year's output.

It would be unfair to give comparative figures between the different provinces in view of the fact that they have no representative in London, while the Agent-General's office for a fourth has been in abeyance for nearly a year.

Of course, there are other causes which arrest emigration. Many people, even yet, have hardly recovered from the war, and cling to Ohio, still-waiting for that good time which they had been dreaming of. But whatever the reason, the fact remains that Canada wants men and if it would be emigrant is unable to raise the fare, something should be done to help him.

SMALL ATTENDANCE AT NORMAL SCHOOL

Applications for Admission Show Big Decrease Compared With Former Years.

Fredericton, N. B., Aug. 31.—The number of students who have applied for admission to the Provincial Normal School for the coming year, opening tomorrow, shows a big decrease compared with attendance in former years.

With a shortage, at present, in the number of teachers in this Province the falling off in the attendance at the Normal School is regarded as dictating even more serious conditions for the future.

DOES EVERYTHING THEY SAY IT WILL, SAYS ISNOR

Halifax Man Could Retain Nothing But Tea for Days at a Time Before Tanlac Removed His Troubles.

"I believe Tanlac will do everything they say it will, and it's helped me so much that I'm glad to give it my highest endorsement," said J. A. Isnor, well known resident of 37 MacArta Street, Halifax, N. S.

"For the past year or more, that is until I got Tanlac, I have been in a mighty bad rundown condition. I had no appetite, and often went for days at a time without hardly any nourishment at all except a little tea. I had headaches almost continuously, and such awful dizzy spells that I just had to lie down before I could get any relief. My nerves were so shattered that the least little noise would completely upset me, and at times I was almost driven to distraction. At night I was so restless that I would

He awake for hours unable to sleep, and my condition became so bad that it looked like I was going to have to give up in spite of all I could do. "I saw so much about Tanlac that I decided to give it a trial, and I want to say right here that it was one of the wisest moves that I ever made, for it has only taken five bottles of the medicine to put me back in splendid condition. I have such an excellent appetite that I now eat and enjoy three good square meals every day, and I'm entirely free from headaches and dizziness. My nerves are as steady as a clock, and at night I just sleep like a top. I have already put on nine pounds in weight, and I've regained all my strength and energy so I'll tell you, Tanlac has certainly been fine in my case, and I'm thoroughly convinced that it's the very thing for anyone suffering like I was."

Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro under the personal direction of a special Tanlac representative.—Adv.

BOLSHEVIKI LOSE SECRET DOCUMENTS

Lady Private Secretary De-camps, Taking With Her State Papers of Much Value.

(Copyright, 1920, by Cross-Atlantic.) By POLONIUS. Copenhagen, Aug. 31.—A beautifully gowned woman, confidential secretary to Litvinoff, the Bolsheviki ambassador, to Scandinavia, has disappeared, taking with her many secret papers from his safe. It is thought the documents are now in the hands of the entente secret police.

Litvinoff is furious, this affair following the revelations of the Bolsheviki wireless communications with representatives abroad. His agents are frantically searching for this girl, as he expects to be recalled to Petrograd. The girl is said to have been despatched in love with a handsome stranger she met some time ago.

By GEORGE AGNEW CHAMBERLAIN

(Continued from yesterday.)
Synopsis: Randolph, who is in possession of an income of ten thousand a year pending the finding of Miss Imogene Pamela Thornton, is thrown out of the money by the doctor and forced to seek a new way of life.

Over his shoulder he said with forced calm, "On what charge, officer?"
"Same old charge," replied the policeman philosophically, "drunken, disorderly, come along now, or I'll have to climb them steps so's we can roll down together."

"How did I know," demanded Mr. Flaherty, "that you were not unpleasant?"
"By your face," said Mr. Flaherty, "and by your eyes, which were looking at me as if you were looking at a piece of meat."

Take a young girl of about twenty who, in her childhood, was pampered by fortune in money, position, good breeding, and pets, turn her loose on the world at the age of ten with no prop but a faithful, sickly and destitute old nurse, left of her by a couple of years later, let the girl fend for herself as scullery-maid and was not through the understating stage that precedes the sudden bloom of unexpected beauty, give her a long succession of jobs secured "on her looks" and lost because she wouldn't lead her up to the crowded portal of despair and the long-drawn-out surrender that precedes the night of Mr. Robert Harvey Randolph's comfortable apartment and what will she do?

Even the unsuspecting Miss Thornton was puzzled by that halting locomotion in connection with what she knew of Mr. Randolph, but she added her two and two with the mysterious twenty minutes spent by that gentle man and the driver in the recesses of the cab, apparently to settle a difference in ideas as to the value of a waiting taxi, and decided that poor Mr.

NOTICE OF SALE

To Edwin N. Stockford, of the City of Saint John, in the County of the City and County of Saint John and Province of New Brunswick, Manager, and Florence J. Stockford, his wife, and all others whom it may concern.

TAKE NOTICE that there will be sold at Public Auction at Chubb's Corner, so called, Prince William Street, in the City of Saint John, on Saturday, the Second day of October, A. D. 1920, at the hour of Twelve o'clock noon, the following freehold property, namely:

Item: It took her twenty-one minutes by the clock to scrub out the memory of the scabby zinc bathtub for many years. Item: Twenty minutes to wash her hair. Item: Half an hour more to scrub her underwear and stockings. Assorted items: Various pauses during which she shamelessly looked at herself in a full-length mirror of such pure reflecting quality as had not crossed her path since she was a pup. After that, a long entrancing item called "drying her hair."

When all the rubbing is done, even to the last rivet where the dividing fragrant flood into two waves falling over the bosom and mercilessly knead the damp ends between folds of the driest bit of the towel, she drops that implement and runs into the big room where the dying open fire blinks its rod and tongue though it had been waiting for her.

Slumber meant nothing in Pamela's life. That statement should be taken in the sense of the common slang of the vulgar but, at its literal face, it was true. What is meant is that this young lady slept, it was like taking a chunk bodily out of life and putting it in warm storage. As a consequence, when the old-fashioned cock snore, which she had heard in the hour of nine in about two minutes, she opened her eyes and wondered through what maze of light and shadow she suddenly placed by broad and smiling day.

THE WEATHER

Toronto, Aug. 31.—The barometer is now high throughout the West and low from the Great Lakes eastward. Rain has been quite general today in the St. Lawrence Valley and showers have occurred in Saskatchewan and Western Ontario. Elsewhere the weather has been fine.

AROUND THE CITY

RETURNED TO CITY.—Sub-inspectors McAlmah and Saunders returned to the city yesterday after doing duty in Kings and Queens County.

GOOD PASSENGER LIST.—The steamer Governor Dingley arrived yesterday morning at 12.30 o'clock with 270 passengers and a good freight. She had a good trip.

TO CONDUCT MISSIONS.—The Rev. J. H. Healey, O. P., of St. Vincent Ferrer Church, New York city, will conduct a mission, assisted by another priest of the Dominican Order, in Holy Trinity Church next week.

EXAMINATION DATE.—The examination of candidates for the position of accountants for the Island Revenue Department will commence in the Centennial School on September 10, at 10 a.m.

IS RECOVERING.—Samuel White, of Wentworth street who received severe injury to his head when struck by a rock while at work Saturday, is recovering, but will be confined to his home for a week or two.

UP-TO-DATE LAWS.—Commissioner Thornton states that the building laws are being brought up to date. He explains that the present laws have no provision for garages, concrete structures, etc. The advances in construction will be taken care of under the new laws.

A BOLD THEFT.—A few days ago a complaint was made that some persons had stolen lanterns owned by the city and which had been placed near excavation. Some time Monday night or early yesterday morning two team loads of sand were stolen from a city scow in Lower Cove Slip.

A MOTOR PARTY.—A motor party from Fredericton arrived in the city yesterday and registered at the Dufferin. It included Dr. and Mrs. J. H. Gunter, Mrs. J. H. Richards, Master Ed Fitzandolph, Mr. and Mrs. W. D. Gunter and Master Pat Gunter.

REAL ESTATE DEAL.—F. E. Williams has purchased the land and buildings on Germain street, between Princess and Horsfield streets, from Lieut.-Governor Pugsley. The area is 80 feet by 180, and includes a vacant lot at the corner of Princess and Germain streets, a building on Germain street, and two buildings on Horsfield. Mr. Williams is not ready to give the public his plans in regard to the property.

SPORTS POSTPONED.—Frank White announces that on account of weather conditions the children's sports on the South End grounds will not be held this week, but will be postponed until after the exhibition when a real afternoon of sports will be held to close the season. The hundred yards dash will then be in good condition if the finishing touches can be given in the meantime.

THE HARBOR MATTER.—Beginning this afternoon the harbor commission discussion will be carried right along until it is disposed of one way or another, and development started by some one. Mayor Schofield states that so far as he is concerned he will not allow any other matter to engage his attention so as to interfere with the harbor commission discussion until that important proposition has been definitely settled. His Worship is firmly convinced that port development, both in the harbor and Courtenay Bay, should be expedited.

ANXIOUS TO DEVELOP TRADE

The Board of Trade yesterday received from Mr. Martinez, Mexican Commercial Agent, a request for information regarding the possibilities of cargo from this port for Mexico, as two steamship companies are anxious to develop trade between this country and Mexico and would like to use St. John in the winter season. Mr. Armstrong will forward the necessary information.

GONDOLA POINT MAN APPOINTED

Word was received from Ottawa last night that the civil service commission announced that Wm. Harold Hayes, of Gondola Point, Kings County, N. B., has been appointed to the position of plant disease investigator, Department of Agriculture. His territory will be the Province of New Brunswick.

MILK WILL COST 17 CENTS PER QUART THIS WINTER

Milk Producers Insist on 80 Cents Per Two-Gallon Can Which Will Result in Two-Cent Advance in City—Farmers Claim Feed Costs So High No Milk Can Be Produced Cheaper.

Milk will likely be 17 cents a quart during the fall and winter. The Kings County Milk Producers' Association has decided on a charge of 80 cents a two-gallon can, beginning today. The old price was from 64 cents to 70 cents. This means an increase from one and a half to two cents a quart on the part of the producers, and the city milk dealers will pass the increase on to the consumer. The price of milk during the summer months was 15 cents a quart, and adding an increase of two cents, the new price will be 17 cents a quart.

Claim Old Prices Low.—The decision to raise the price of the milk was made at a recent meeting of the producers of Kings County and the city milk dealers. J. H. DeLong, of Hampton, president of the Kings County Milk Producers' Association, told The Standard last evening that the producers could not supply during the fall and winter, the increase was absolutely necessary. The pasturing is dying out, and from now on the cattle will have to be stall fed. With hay at \$40 a ton and shorts over \$70 a ton, milk could not be produced at the old price, he said. He added that many of the producers wanted a much larger increase, some of them even wishing to put the price to the dealer at \$1. He said that cream would be increased in proportion.

Liquor Cases In The Police Court

Joseph Appleby Remanded to Jail on Charge of Supplying Liquor to Joseph Le Roch—A Traffic Case.

A charge of supplying liquor to Joseph LeRoch was preferred against Joseph Appleby in the police court yesterday by liquor inspectors Merry and White. The accused denied that he had supplied LeRoch, and also stated that he was not drunk himself, but was talking LeRoch home, as he was under the influence. The inspectors said they took Le Roch away from Appleby and proceeded to lock him up. He told them he got the liquor from Appleby, who was also arrested. The accused was remanded.

Two drunks, who had imbibed a quantity of Main street gin, supplied by a generous stranger in consideration of three bones and a half, were also remanded. Abraham Hughes, reported by Policeman Gibbs for driving past a street car while passengers were alighting and exceeding the speed limit at the foot of King street, was remanded. Edward Belyea, a conductor, stated that the accused went past the car at a fairly fast rate, while a young lady was alighting and that the car grazed her in passing. Postponed till Wednesday at eleven.

FEWER PICTURES WERE CONDEMNED

Favorable Report on Films This Year is Given by Chairman of Censors.

After the many severe criticisms which are frequently made on the character of motion pictures it is somewhat of a treat to hear a favorable report of the films. Dr. H. S. Bridges, chairman of the Board of Censors, says that this summer fewer pictures have been condemned by the Board than ever before and from some of the companies hardly a single film has had to be vetoed. If a picture has been condemned in Ontario and Quebec some of the exchanges do not bring it to this province, and this may account in some measure for the small number of objectionable pictures. The fact remains that those reels which the censors are viewing, four hundred this month, are of a higher standard than in the past.

MOTOR PARTIES IN FREDERICTON

Motor parties visiting Fredericton recently included the following: Mr. and Mrs. D. W. Ledingham, the Messrs. Ledingham and Miss A. Schofield; Dr. J. H. Barton, Mrs. Barton; Mr. and Mrs. J. H. Jackson; Mr. and Mrs. H. Jackson; Fred, Ralph and Leonard Jackson; Mrs. P. M. Maxwell; Mr. and Mrs. W. J. Westmore; Mr. and Mrs. H. W. Westmore; Mr. and Mrs. A. B. Farmer, Miss A. Farmer; Mrs. R. A. Cropley and A. H. Farmer; Mr. and Mrs. Frank Peters; Mr. and Mrs. G. A. Smith and Joseph Lang; Mr. and Mrs. S. A. Taylor; Mr. and Mrs. G. A. Lockhart; J. B. Currie and C. F. Dixon all of St. John; Mr. and Mrs. Alexander Fowler, Miss Patricia Fowler and Donald Fowler, of Rothesay.

TWO AUTOMOBILES IN A COLLISION

Yesterday afternoon two cars met on the corner of Sydney street and the South Side of King Square. There was quite a crash, and one of the cars was badly damaged. This is not the first accident that has happened on this corner this summer, and it is all on account of the auto driver taking the right-hand corner in turning south, while the car proceeding north on Sydney street is on the left and proceeds on the side of the street. What is really needed on this corner is a silent policeman, which will cause cars to make a wider turn and thus avoid any collision. Another corner where the traffic law is daily violated is on the corner of King Street East and Sydney.

HERE FOR PRISONER.—Chief Bishop of the Digby police force arrived in the city yesterday and leaves on this morning's boat for the town across the bay with a prisoner arrested on the charge of theft. The man was apprehended by the local authorities Monday night acting on the advice of the police of New Brunswick.

Served Notice On The City Council

If Meters Cost More Later Than Now Commissioner Jones Says He is Not to be Held Responsible

Commissioner Jones yesterday served notice on the city council that if the Venturi meters required for the water extension to Spruce Lake cost them twenty per cent more than they could be bought for now he would not be held responsible, his request for authority to buy having been referred to committee. The commissioner read a letter from the city engineer in which that official recommended the installation of two 24 inch Venturi meters on the Spruce Lake extension and that a 36 inch and two new 24 inch Venturi meters be purchased, the new meters to be placed on the Loch Lomond mains and the at present on the Loch Lomond mains to be transferred to Spruce Lake and the moved the recommendation of the city engineer be adopted.

Over Thousand Kiddies At Park

Journeyed to Rockwood Unaware That J. D. O'Connell's Treat Was Postponed Until Today.

Although threatening storm clouds caused the postponement of J. D. O'Connell's treat to the kiddies of the city until today, some thirteen hundred youngsters were not made aware of the fact and journeyed, dressed in their best, out to Rockwood Park yesterday afternoon quite prepared for the good time they have learned to expect from Mr. O'Connell who has become known to them as "the children's friend."

NORTH END FIRE CAUSED DAMAGE

Residence at 72 High Street Had Kitchen Guttered—Damage About Six Hundred Dollars.

Fire broke out at a few minutes after eight o'clock last evening in the upper flat of a two story wooden building at 72 High street, occupied by John F. Rooney and completely gutted the kitchen before it was brought under control by the firemen. The timber in the house was very dry and although the fire did not last for over fifteen minutes, it burnt fiercely in the limited area to which it was confined. The flames made their way through the roof, a large section of which was torn away in fighting the flames. The smoke was dense for a time but the single stream from the chemical was found sufficient to fight the fire.

RED CROSS SUPPLIES ARE BEING REMOVED

Will be Taken from Hazen Avenue Quarters to Prince Wm. Street Building.

Preparations are being made to remove the Red Cross supplies now housed in the school building on Hazen avenue to the premises formerly occupied by the D. S. C. B. on Prince William street next to the Board of Trade Building. This will be the Red Cross Depot and a temporary headquarters for the Provincial Society. Both departments in charge of the Red Cross at the Exhibition are being rapidly got ready for the opening and there will be present members of the Society who can explain the aims and value of the work.

THE POSITIONS WERE REVERSED

It has often been heard of the horse playing the good Samaritan to the automobile, and pulling it out of holes, but yesterday morning the positions were reversed, when, on the slipway of Main street, the driver of a truck belonging to one of our city merchants, came to the aid of a struggling horse which could not make headway up the hill near the Main street Baptist church. The load was slowly slipping down the hill, when the truck was backed up against the wagon and pushed the equipage up over the brow of the hill.

MANY CHILDREN WERE VACCINATED

While the greater part of the children who will enter the city schools for the first time this coming term have been vaccinated, there still remain a few who have not as yet secured the essential certificate of a successful vaccination from the medical inspector of schools, Dr. Mabel Huntington. The kiddies continue to visit her office, however. Six were vaccinated yesterday, bringing the total up to two hundred and fifty.

PRESENTATION AT CORONA FACTORY

Wm. Reid, the superintendent of the Corona Box Factory, was agreeably surprised yesterday afternoon at closing time, when he was presented with a handsome club bag, stamped with his initials. The presentation was made by Ernest Goss, on behalf of the employees.

Mr. Reid is leaving for Prince Edward Island in the near future, and although it is with great regret that the employees see him go, they wish him all success in his future occupation.

Anyone knowing John Keele, or relatives of his, please communicate at once with The Orchards, Bennington, Vermont.
