## MEIGHEN HAD REAL REST ON OCEAN VOYAGE

Danced, Played Bridge and Shuttlecock Most of the Way Across the Pond.

## BABY IS NAMED AFTER THE PREMIER

Recreation Varied by Reading Books on Anglo-Jap Treaty and the Constitution.

Liverpool, June 14.—(By Grant O'Leary, Canadian Press staff correspondent.) After a voyage of seven days Premier Meighen landed at Liverpool this afternoon and shortly afterwards boarded a train for London. The trip across was uneventful except for one day's delay by fog and ice bergs and the Prime Minister proved himself an excellent sailor. When President Wilson crossed to Europe to attend the peace conference he was shielded from the ordinary passengers by an impenetrable barrier of secretaries and officials.

Mr. Meighen, however, refused to be hedged about by any like divinity and from the first day out he entered into the various activities of ship board with avidity. Among the first on deck in the morning, he spent a great deal of his time playing shuttlecock, a game which he has played considerable time. In the evening he was among the most enthusiastic of dancers, and later in the night would disclose his Parliamentary upbringing by playing the second worst game of bridge on the boat.

Mr. Meighen, however, refused to be hedged about by any like divinity and from the first day out he entered into the various activities of ship board with avidity. Among the first on deck in the morning, he spent a great deal of his time playing shuttlecock, a game which he has played considerable time. In the evening he was among the most enthusiastic of dancers, and later in the night would disclose his Parliamentary upbringing by playing the second worst game of bridge on the boat.

On Sunday the stork alighted on the ship leaving a beautiful boy to a Canadian mother and the child was christened William Meighen Smith, in compliment which the Premier repaid by personally visiting the mother and conveying a suitable gift. But it was not all play, for on the way over the Premier found time to go thoroughly into the position which he intends taking at the Imperial conference. He read and re-read Duncan Hall's recent but already well known study of the constitutional question, and he also studied the Anglo-Japanese Alliance treaty from every conceivable angle and incidentally assisted Hon. Dr. Talmie, Dominion minister of agriculture, who was also a passenger, in preparing a statement to be presented to the British authorities on the cable embargo question. Premier Meighen was met by W. L. Griffith, of the office of the Canadian High Commissioner in London, and was welcomed to Liverpool by the Lord Mayor, Mr. Russell.

## New Glasgow Miners Bar The Press

Only Report of Annual Convention of Dist. 26 to Appear in a Labor Weekly.

New Glasgow, N. S., June 14.—The press was barred from attendance at the annual convention of the United Mine Workers of District 26 by a resolution passed by that body here this afternoon after several hours debate. President Robert Baxter, announcing the decision, said that the only reports of proceedings available to the public would be printed by a labor weekly. Delegates will not be permitted to give out any information in connection with the convention.

## Dills At Vancouver

Halifax, June 14.—Mr. and Mrs. Frank Dill, a pair of transatlantic hikers, who started out from Halifax 131 days ago to walk to Vancouver, reached their objective this afternoon. Acceptance by Dill and Barkman of a challenge issued yesterday by Jack Behan for a walking race from Montreal to Halifax on the way home, has induced a group of Halifax business men to offer three prizes of \$500, \$300 and \$200 for the event.

## F. B. SCHOFIELD CHOSEN

Quebec, June 14.—The Wholesale Grocers' Convention closed this afternoon. Hugh Bion, of Toronto, was elected honorary president, and Armand Chapt, Montreal, vice-president. The executive committee includes: F. B. Schofield, St. John, N. B.; J. P. Edgett, Moncton; M. Dwyer, Halifax; E. W. McCulloch, Truro; and W. H. Aitken and N. Rattenbury, both of Charlottetown, P. E. I.

## What Chance Has America If Gt. Britain Cannot Do It?

Denver, Colo., June 14.—Warning against any agitation that might disrupt the United States labor movement, James H. Thomas, British labor leader, told the American Federation of Labor convention today that it could not solve the Irish problem. "For one hundred years we in England have been confronted with the problem of Ireland and if we at home cannot solve that problem let me ask how do you, 3,000 miles away, expect to solve it?" he said. Mr. Thomas, who is President of the International Federation of Trade Unions, addressed the convention as a fraternal delegate from the British Trade Union Congress.

## KAISER'S TRIAL DATE ASKED IN FRENCH SENATE

M. Duplantier Wants to Know What Steps Are Being Taken in the Case.

TREMENDOUS TUMULT STARTS WITH QUESTION Matter Will be Revived When Premier Briand is Able to be in the House.

Paris, June 14.—Senator Duplantier put before the French Senate today an interpellation on "what measures the French Government intends to take concerning execution of the treaty of Versailles relative to bringing William Hohenzollern, ex-Kaiser of Germany to trial for his crimes against humanity." The senator asked that a date for discussion of his interpellation be fixed immediately. Amid a tremendous tumult Alexander Barad, who was presiding over the Senate, ordered the session adjourned until the next day. The senator's protest, which was not heard until Premier Briand, who did not attend the session, was present.

## OPPOSE PREMIER FOSTER

Ottawa, June 14.—Commenting tonight on the disparaging remarks of Premier Foster of New Brunswick about Canada's commercial activities in Great Britain, the department of trade and commerce states that the High Commissioner for Canada in London was not particularly associated with the department. He represented Canada as a whole and his work is semi-diplomatic.

## DEAD MAN WAS AN AMERICAN

Dublin, June 14.—Thomas Rush, who was shot to death Sunday evening at Lisnac, near Castlereagh, by Crown forces, was a pensioner of the American Army, it was officially stated today. He returned to Ireland fourteen months ago and probably was a United States citizen, it was added.

## ALLEGED BANDIT FELL FORTY FEET IN FLIGHT

Broke His Leg When He Jumped Into Tree Where Limb Broke.

New York, June 14.—A man suspected of a \$11,000 hold-up in the Bronx today, was chased along an elevated structure until he jumped into a tree and crashed 40 feet into featherbed Lane when the branch on which he had alighted broke. He was taken to a hospital seriously injured. The holdup occurred on Jerome avenue at high noon, when Stephen Flannery collector for a chain of grocery stores, was ordered by an armed bandit to hand over his thousands. He obeyed but called two policemen, who gave chase.

## GOMPERS SAYS GERMAN LABOR CAUSED FIGHT

A. F. of L. President Insists It Could Have Prevented the Great Disaster.

## FAILURE TO ACT WAS GREAT OFFENCE

Gompers Outlines War Activities of the Federation in Canada and United States.

Denver, June 14.—Blame for the recent world war was placed squarely on the shoulders of organized labor in Germany by President Samuel Gompers in an address to the American Federation of Labor convention today. "I hold, and I accept full responsibility for what I am about to say," said President Gompers, "that the organized labor movement of Germany failed miserably at the critical hour. "If it had taken the situation in hand it might have meant the destruction of a few thousands but it would have stopped the war. The failure of the labor movement of Germany to act at a time of crisis is faithlessness to common cause."

## LOWTHER FAVORS OVERSEAS HEADS FOR DOMINIONS

Tells Empire Club of Toronto That Empire Would be Helped by Such a Scheme.

## ADVISES FREQUENT TALKS TOGETHER

Dominions Must Meet at Regular Intervals in Order to Afford Best Progress.

Toronto, June 14.—Hon. James W. Lowther, former Speaker of the British House of Commons, addressing the Empire Club here today, expressed the opinion that each of the Dominions should have a minister resident in London, England, for the purpose of advising the British parliament of conditions and movement in the Dominions.

## TRUE BILL IN BARRY MURDER

Trial of George E. Loder Will Begin Today at Pictou for Crime.

Pictou, N. S., June 14.—After deliberations lasting for several hours the grand jury at the criminal trial sitting of the Supreme Court which opened here today found a true bill against George E. Loder of Summerside, P. E. I., charged with the murder of an aged resident of Pictou, Daniel Barry. Loder's trial will open here tomorrow. Mr. Justice Russell presiding. J. W. Macdonald of Pictou and Douglas Graham of New Glasgow acting for the defence and D. D. Macdonald of New Glasgow for the prisoner by appointment of the court. The court room was packed during today's proceedings.

## Sleeps On As Trunks Are Derricked Away

Unintown Man Fails to Awaken Until After His Savings of \$2,100 Vanish.

Dublin, June 14.—So stupidly did Steve Mahlik sleep that his trunk was not disturbed during the time required for the removal, by the use of a block and tackle, of two trunks from his room. Unluckily, the trunk containing all the money Steve possessed, about \$2,100, Mahlik had no knowledge of the disappearance of the trunks and his money until he awoke at 6 a. m. The trunks were in too much of a hurry to remove the pulley and ropes. The empty trunks were found about 200 yards from the Mahlik home.

## Cattle Embargo

London, June 14.—Hon. Duncan Marshall, minister of agriculture of Alberta, continuing his evidence before the cattle embargo commission today said that the Prince of Wales has started a pedigree farm in Alberta. His cattle came from England while disease existed. He himself saw one of the Prince of Wales' heifers on his own farm that would do credit to his master, and although it was in a country free from disease for a quarter of a century that heifer could not be sent to England even for exhibition.

Sir Hamar Greenwood, chief secretary for Ireland, was replying, repudiating Mr. Devlin's accusations, when John Joseph Jones, labor member, shouted: "Three cheers for the assassins." This provoked an uproar. Coalition members crying: "Turn him out."

### REASONS FOR MOVE

"I think that there are two main principles that should be followed in the matter of the relationships of the Dominions and the Mother Country. One is the complete autonomy of both the dominions and the United Kingdom. The other, I believe, is that any suggestion of change in the relationships of the dominions and the United Kingdom—and I think there must be some changes as time goes on—must come from the dominions themselves."

### PROVINCIAL AND LOCAL POLICE OF OTTAWA RESTRAINED FROM MAKING ANY SEIZURES

Ottawa, June 14.—The validity of liquor exporters doing business in the Province of Ontario is to be tested in the courts. An interim injunction restraining provincial and local police officers from seizing warehouse liquor stocks in Ottawa, was granted today by Judge Gunn, on the application of Mr. W. L. Scott, and Mr. Geo. Kelley, acting on behalf of Wm. G. McIntyre, liquor exporter from Ontario and the Great West Wine Company of Ottawa. The injunction holds good until Saturday when a motion will be made before a Supreme Court judge in weekly court to make it permanent.

### COMPLETE AUTONOMY FOR ALBERTA MINERS

Calgary, June 14.—Full and complete autonomy to be restored to Alberta and Western British Columbia miners, District No. 18, United Mine Workers of America, whose charter was suspended in 1910 when the One Big Union leaders got control. This was fully foreshadowed at the opening session of the convocation of miners of this district here today with the passing of a resolution accepting conditions laid down by the international executive board of the United Mine Workers of America and the "pledging of support and cooperation to the end that harmony and co-operation between the various branches of the organization may be obtained."

Fired Five Bullets Into Assailant to Save Her Honor When Alone in House.

## VICTIM THREATENED TO MURDER FAMILY

Judge Apparently Quite Satisfied With the Verdict Rendered in Montreal.

Montreal, June 14.—The jury in the court of King's Bench late this afternoon completely exonerated Concetta Barucco, wife of Antonio Francesca, for the slaying of Salvatore Marandoli in her home on Caselsis street on March 31 last. Marandoli was a boarder in the Francesca home and had threatened to kill Mrs. Francesca, her husband and her children, should she not accede to his advances.

## WOMAN WHO SHOT ENEMY

In an effort to defend her honor Mrs. Francesca shot him dead, five bullets being later found in his body. Mr. Justice Monod in summing up said he had no hesitation in saying that the only verdict that could be brought in was one of not guilty, if the jury could find that the accused was sufficiently justified in what she had done. The jury then retired and brought in a verdict of not guilty.

## LABOR MEMBER SPEAKER NAMES

Wild Scene in Commons as Labor Member Cries "Three Cheers for the Assassins."

London, June 14.—A scene occurred in the House of Commons tonight, Joseph Devlin, who represents the Falls Division of Belfast, moved adjournment to call attention to the lack of discipline of the Crown forces in Belfast Sunday morning. He charged that the Crown forces, acting in concert by pre-arranged plan, were dragging men from their homes and assassinating them.

## Canada's Open Shop Drive Fails Declares Tom Moore In Review of Building Trade

Winnipeg, Man., June 14.—"President Gompers' declaration that the 'open shop' campaign has been crushed in the United States is equally applicable to Canada," said Tom Moore, President of the Canada Trades and Labor Congress, who left for Ottawa this afternoon, following a six weeks' trip through the West. "This has been true of the building industry more especially in the East where every method has been adopted to smash the unions without success. It has been unsuccessfully tried in Winnipeg, but the builders were not able to get it through the joint council of industry. They were openly advocating open shop methods but were masquerading under the optional form of agreement" which was merely camouflage.

## COAL MINERS IN BRITAIN CANNOT AGREE ON PEACE

Some Refuse to Vote on New Proposals, Because Strike Was Called Without Approval.

## RUSSIAN ATTEMPTS ON BRITAIN FAILURE

Leader Advises All to Drop the National Wage Pool and Admit Defeat.

London, June 14.—Unfavorable reports concerning the attitude of miners from the forest of Dean, Lanarkshire, Cheshire and Welsh coal fields on the new proposals of the nine owners and which the men are to ballot on are being received. The Nottingham miners have decided to abstain from voting on the ground that they were called out on strike without being consulted. On the whole, however, the optimistic feeling is being maintained that the two-thirds majority required to continue the strike will not be obtained.

## AGAINST THE SOVIETS

In the course of a speech today, Joseph Birkin, a notable North York labor leader, thanked God for the failure of the extremists among the miners, who thought to Russinize the country. The demand for a national wage pool had been a political idea from the first, he said, so why did the leaders now waste time taking a ballot instead of admitting defeat? The leadership among the miners certainly seems to have become nervous, as witness the decision in many district councils not to give the men advice concerning the ballot. The speaker formally ordered him to withdraw. Mr. Jones left the House, shouting: "Good night all you assassins."

## TWO SHIPS BRINGING 11,000 CASES OF SCOTCH

Most of it Destined for Ontario and Western Canadian Cities But Some for N. B.

Montreal, June 14.—The Saturnia of Anchor-Donaldson Line which docked here yesterday from Glasgow brought over a cargo of six thousand cases of Scotch whiskey which is practically all destined for Ontario and the West; most of it for the cities of Toronto, Peterboro and others in Ontario. Another Anchor-Donaldson liner, the Cabotia, sailed yesterday from Glasgow for this port with about 5,000 cases of Scotch whiskey, of which a large proportion is said to be for this province.

## STRAWBERRY CROP BIG

Hamilton, Ont., June 14.—Some indication of the quantity of strawberries picked in this district on Monday is to be found in the statement issued at noon today by the Niagara Peninsula Growers' Limited. This organization announces that 3,640 crates of berries had been picked by the members of the association on Monday and all marketed by the sales department of the new co-operative concern. The Niagara growers will make their first shipment to the United States tomorrow.

## ONE MAN KILLED AND TWO OTHERS BOUND TO TREE BY THE GANG

Newton, N. J., June 14.—One man was killed and two others kept bound to a tree for several hours in the mountains in a daring hold-up today by six masked men, who succeeded in getting away with an automobile truck load of silk valued at \$20,000. The hold-up occurred at Cat Swamp, seven miles from here, about 10 o'clock. The man shot and killed was Charles Kostka, aged 35, an engineer of Andover. He was passing the scene of the hold-up on his motor cycle. The highwayman not wanting him to spread the alarm, ordered him to stop. Instead he put on speed and tried to pass them. The bandits opened fire, two bullets piercing Kostka's chest and another striking him in the shoulder. He fell from the motorcycle dead.

## CONFERENCE CONSIDERING ITS PASTORS

Two New Brunswick Ministers to Leave Methodist District and Two to Enter It.

## FOUR PROBATIONERS TO BE RECEIVED

Several Preachers Wish to be Restored to Ranks of Active Workers Again.

Sackville, N. B., June 14.—The ministerial session of the New Brunswick and Prince Edward Island Methodist conference opened tonight with Rev. D. H. Chown, president, in the chair. Devotional exercises were conducted, prayer being offered by the Rev. H. Miller and the Rev. D. J. Wason. The roll call showed thirty-five ministers present.

Official notice was given of the transfer out of the conference of the Rev. A. Lucas and the Rev. W. H. Barraclough, and into the conference of Rev. K. G. Fulton, from the Nova Scotia conference, and Rev. E. Tilton, from the Bay of Quinte conference. Rev. Mr. Tilton goes to the Central Methodist church in Moncton this year.

## COMMITTEE ON RELATIONS

A committee of conference relations was appointed, composed of the Revs. S. S. Howard, J. J. Pinkerton, H. Miller, G. A. Ross, C. K. Hudson, C. W. M. Glendinning and F. Fitzpatrick.

It was recommended that the following ministers be restored to active work: H. Penna and A. K. King. The following were recommended to superannuation relationship: Dr. R. W. Weddall and the Revs. T. Hicks, S. O. Webster. The recommended cases will be dealt with by the committee appointed.

A letter was read from the Rev. Benjamin Chappell, a former member of the conference, requesting that he again take his place as a member. The committee to deal with the case is Dr. Steel, the Revs. H. Johnston and G. M. Young.

## CASES OF STUDENTS

The case of probationers was taken up. The following candidates were received as probationers for the ministry: George Russell Fitzpatrick, Robert Henry Baxter, George Reading Arthur G. Haberlin.

It was recommended that the Rev. E. E. Fyche be received in full connection and ordained. The following candidates were recommended to continue their studies: George A. Elliott, W. F. Liaton, Chester M. Brown. The Rev. J. W. Howe was given leave of absence.

On motion of the Rev. H. E. Thomas, a committee was raised up to make a fitting record in regard to the removal of the Rev. W. H. Barraclough and the Rev. A. Lucas, the committee to report to the annual conference. Committee: The Revs. F. A. Wightman and J. M. Rice.

Quite a discussion arose over the question of giving permission to meet apart for special work. Permission was given to Revs. H. S. B. Stronhard and H. A. Goodwin, the latter to engage in social service and evangelism.

## FIRST DRAFT OUT

The working committee has been at work all day. The following stationing has been done, subject to possible changes: St. John Centenary—Rev. H. G. Fulton. St. John Edmund—Rev. H. K. Thomas.

### LOYD GEORGE ADOPTS POLICY OF "LYING LOW" OF "LYING LOW"

Resting in Wales But Keeping "An Ear to the Ground" in Political Affairs.

### DOMESTIC SITUATION IS VERY INSECURE

Women Taking More Active Interest in Elections and Voting Against Gov't.

London, June 14.—Premier Lloyd George is in Wales to assist at the wedding of his second son, Gwilym, to the daughter of a merchant named Jones, and incidentally to complete his active part in the work which he has been taking at Chequer. Many people in London are saying that the British premier is "lying low," waiting to see how some of the problems which confront his government shape themselves.

At the moment the disposition is to see things in a very black light. The home industrial situation has cleared a little, with the prospect of a settlement of the coal strike, and hopes are held out that the cotton workers and engineers' strikes will be ended soon, but a new element of serious trouble is seen in the Government's decision to decontrol the agricultural industry, which will result in sweeping cuts in the wages of farm-hands. There is also talk of the railwaymen growing restive under the possibility that their stipends may be reduced in August.

The domestic political situation is obscure. The recent by-elections have been won by opponents of the government on platforms which, to say the least, indicate profound dissatisfaction with some aspects of governmental policy. Other elections expected to be equally unfavorable to the Coalition, are coming on.

Women throughout the country have been impressed by the cry that the government is spending money wastefully and have begun to vote in large numbers. The surprising result of the elections in St. George's, West End London division, where the Coalition candidate was routed, is ascribed entirely to the fact that the female voters went to the polls almost to a woman.

In towns most of the present indications are in favor of an increased labor vote and in the counties the government is thought to have alienated the agricultural laborers. Decontrol, it is argued, may have pleased the land owners and the tenant farmers, but for every owner-farmer with a vote there are scores of agricultural laborers, each of whom has a vote to cast, and every one of whom is threatened with a reduction in wages when decontrol comes into force.

In the north country there is a rapidly growing demand for a return to Liberalism.—Gladstonian and Asquithian Liberalism, to use phrases currently employed there.

Where it is asked, is the Coalition going to turn for support? There are rumors at Westminster that the politicians who support the Coalition are casting about for ways and means of making their own pieces secure in case the government should be fain to go to the country. Every body is speculating as to what would be the Coalition ticket in the event of a general election. Nobody ventures on a definite reply.

The elephant has so acute a sense of smell that it can detect a human being at a distance of 1,000 yards.

### Approach To City In Bad Condition

American Motor Party Think Marsh Road from One Mile House is Very Bad.

An American automobile party, who has been touring the northern part of the province, arrived in the city yesterday and proceeded on their return to the States. They claimed to have had a delightful trip and enjoyed the wonderful scenery, and said that on the whole the highways were found to be in pretty good condition until they approached the city and then the going rather rough from the one mile house in. They speak in the highest terms of their eastern tour and are surprised that there is not a greater number of automobile parties touring east instead of going to States of Maine resorts or to points in upper Canada. Good roads are needed to attract the automobilists and the greater number of tourists, the greater the amount of money is left in the province. The stretch of road mentioned as being in bad condition is the Marsh road from Birn St. to One Mile House, and it certainly needs immediate attention, as it has been very rough for the past few years and not only makes automobile travel very uncomfortable, but unless treated over at a very slow rate of speed there is a great danger of damage being done to the cars.

Much needed work will soon be under way on Brussels street, and it would undoubtedly be a good thing if no time was lost in placing one of the two main approaches to the city in good condition as early as possible.

### Try Magnesia For Stomach Trouble

Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried peppin, pancreatin, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bismarcked Magnesia—not the ordinary commercial carbonate, citrate or milk, but the pure Bismarcked Magnesia which you can obtain from practically any drug-gist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little Bismarcked Magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the Bismarcked Magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

### Cases Dealt With In Police Court

George Stanton on Liquor Charge—John T. Elliott for Passing Bogus Cheques.

A liquor case in which George Stanton, the defendant, is charged with having liquor in his possession other than his private dwelling, was set up in the police court yesterday. Inspectors Journey and Henderson told of finding glasses which smell of liquor in the accused's beer shop; of a man who hanted the front entrance had always disappeared within at their approach, and of once hearing him cry out to Stanton "Dunp it." The case will be resumed today at noon.

Overloading Horses. Edward Dunphy, teamster, and John O'Brien, shipper were fined \$50 each for overloading a horse. The teamster was fined for overloading a horse of his own; O'Brien was fined for overloading a horse of another person. O'Brien said he had been working as shipper for C. H. Peters but a short while, and was not aware he was overloading the horse. S. M. Wetmore represented the S. P. C. A. The fine was allowed to stand.

Passing Bogus Cheques. Frank S. Purdy, Wall street; Irving D. Appleby, St. James street; H. H. Coleman, Winter street; B. T. Hamilton, Mill street, and Don Maskevitch, gave evidence against John T. Elliott for passing bogus cheques. His practice was to bring in the check on Saturday evening, get the money, and then get possession of the check again on Monday before it could be deposited in the bank. The one which accused asked Appleby to cash had Malcolm McKay's name signed to it. The check which Elliott presented to Maskevitch was for the amount of \$170. When Elliott found he could not get the whole amount, he got witness to let him have \$15, with the check as security, but never went back to claim the property, which proved valueless.

The case was postponed until today when two more witnesses will be heard.

### Principal Objects To Girl's Short Skirts

Sends One Home and Orders Others to Let Out a Tuck or Two.

Albany, June 14.—When is a school-girl's skirt too short for scholastic propriety? That question, which already is puzzling the managers of the Oswego State Normal School, is to be passed to the State educational authorities at Albany. The controversy began when Dr. Jas. G. Ribbs sent a girl home because he thought her skirt was too short, and ordered four others to let theirs out a tuck or two.

Friends of the girls declare the women teachers are jealous, and one member of the board of managers has said that the board, rather than Dr. Ribbs, is the proper authority to censor such matters.

Meanwhile the timely clear vision of young men students are enjoying the situation and hoping that, if necessary, possible inches below the knee will be designated as the skirt limit.

### IN THE LABOR REALM

#### Boston Composers Refuse To Go Back

I. T. U. and Local President Ignored When They Tell Men to Return to Work.

Boston, June 14.—Newspaper composers who walked out of morning and evening newspaper offices here last night, and today, voted at a meeting tonight not to return to work until a committee of the men this afternoon demands for a wage increase were granted. This action was taken after Sylvester J. McBride, president of Boston Typographical Union 15, had told the men they had made a mistake in going out and urged them to return to work.

Wage Scale Asked. Michael Wall, who presided, told the meeting that the wage scale desired had been presented to the publishers by a committee of the men this afternoon but that the publishers had declined to treat with them. The scale he said called for \$1.20 an hour for day workers, \$1.25 for night workers and \$1.45 for the "jobster shift."

Papers Are Smaller. All evening newspapers were published today, but most of them had fewer pages than usual. Preparations were made for the publication of all morning papers tomorrow. The Boston Newspaper Publishers in a statement tonight said that International Typographical Union officers and the president of the local union had ordered the men back to work, but that the large majority of them had refused to return.

IN IMPROVING. Reports from the General Public Hospital state that Alma King, injured Sunday night by an automobile, is improving steadily.

Only a stupid woman doesn't know when to get stupid.

#### Capital And Labor Must Bridge Gulf

No Use Blinding Oneselves to Its Existence Says Tom Moore.

Winnipeg, Man., June 14.—"We cannot conscientiously blind ourselves to the reality that a measurable gulf separates the workers and employers of today," said Tom Moore, president of the Dominion Trades and Labor Congress, speaking to local trade unionists last night. "There is a class of industrial leaders who evidently wish to ignore the true state of affairs. Unless these evils depart from such selfish tactics and make sincere efforts to bridge the gulf they may discover too late that harmonious settlement cannot be effected."

Mr. Moore made the above remarks in dealing with an address delivered by S. R. Parsons, ex-president of the Canadian Manufacturers' Association, at the annual meeting of the organization recently. Mr. Parsons was quoted as declaring there was very little difference existing between the industrial boss and the workers.

#### Herald Press Men Quit Their Positions

Refuse to Do Any Work That Helps the Master Printers of Toronto.

Montreal, June 14.—Fifteen job printers employed by the Herald Press, Ltd., went on strike today when given work to do which came from a Toronto shop, where the men were on strike. It is against the union rules, a member of the union stated, to undertake orders from firms where the men have struck.

ONLY ONE DRUNK. The Central Police Station housed one drunk and two protectionists last evening.

#### LABOR STRIKE ENDING

New York, June 14.—Local branches of the marine engineers' beneficial association today voted to abide by the agreement which would end the nationwide marine strike in effect, many weeks.

### Car Was Driven At An Excessive Rate

Coroner's Jury in the Hazlett Case So Finds—Car Driven by Guy Anderson.

Fredericton, N. B., June 14.—The coroner's jury inquiring into the death of the late Fred Hazlett of Devon, who died from injuries received when a run-running car on which he was being given a drive, crashed into an electric pole and then hit a tree at the foot of Forest Hill on May 20th, brought in a verdict last night which set forth that the car was being driven by Guy Anderson of this city, who disappeared the night of the fatality, at an excessive rate of speed "entirely inconsistent with existing conditions. The jury also recommended that a speed limit for motor vehicles within the city of Fredericton be established by law and rigidly enforced and that signs defining the speed limit be placed on all roads leading into the city.

The verdict was brought in about midnight, after the evidence of several witnesses had been taken, including Joseph Toner, who had been in the car and who had since been laid up as the result of a slight fracture of the skull and other injuries sustained in the crash.

Toner denied knowledge that the car was loaded with liquor and said that at any time he had looked at the speedometer on the trip it had not registered more than 25 miles an hour; other witnesses had estimated the speed of the car as high as 65 miles an hour.

### Used Slides To Aid Red Cross Campaign

Hampton, June 14.—Some interest in the Public Health Campaign has been aroused in this vicinity by illustrated lectures on the Nature, Prevention and Cure of Tuberculosis. Slides for this purpose were procured by Miss Rudlock from the Canadian Red Cross Society of Toronto. The lectures were given by Dr. Wetmore, Medical Inspector of Schools, in the Consolidated School and again before the Women's Institute at Heston.

A. Upham three schools met in the Public Hall and at Nauwigewak the school building was used. At Clifton the lectures were given at the home of the Women's Institute and were largely attended. The lantern was loaned and operated by Rev. C. Lawrence. Some extra slides of general interest were borrowed from the Natural History Society of St. John. This use of slides for imparting instruction in health matters appears to have aroused considerable interest. The slides are available for use in any part of the province on request at the Red Cross Depot, Prince William street.

### IS YOUR STOMACH SOUR? DO YOU BELCH GAS?

If you have sour risings from the stomach, feel bloated and uncomfortable, just try twenty drops of Nerviline in sweetened water. Relief will come quick. Nerviline dispels the gas, sweetens the stomach, makes you fit and fine in a few minutes. As a general household remedy for many of the ills that constantly turn up, nothing is more useful in every home than a 35 cent bottle of good old "Nerviline."

### FORGERY IS CHARGE

Moncton, June 14.—C. McKee, clerk in the D. S. C. R. here and formerly of Fredericton, was committed for trial today on the charge of forgery. It is alleged that the accused signed the name of the superintendent of the local employment bureau to certificates setting forth that returned men were out of work and in need of assistance. In some of these cases, it is alleged, the parties whose names were used were not out of employment and did not receive the assistance. The defence is that different parties in the D. S. C. R. office were signing the superintendent's name to certificates.

### MONCTON COUNCIL CHANGES

Moncton, June 14.—At the meeting of the City Council tonight S. E. Forbes was appointed chairman of the Board of Assessors in place of W. H. Price who recently resigned to become manager of the Central Trust Co. Aid. Celine Melanson was appointed Assistant City Clerk, the position vacated by Forbes. Dr. A. E. Fryer was appointed School Trustee in place of H. Zely Bell whose term of office expired May 31st.

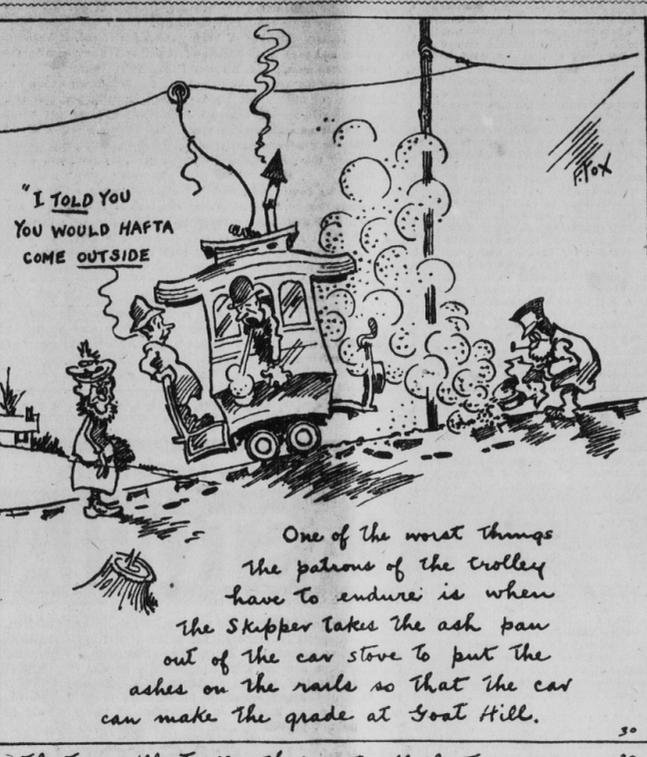

### BAIL IS FORFEITED.

Fredericton, N. B., June 14.—The Bail of F. W. McDonald, of Vanboro, Maine, who failed to appear for a second trial after a jury with one exception had agreed to his guilt on a charge of stealing liquor from the C. P. R. while in transit from Montreal to St. John, was declared forfeited today by Mr. Justice Crockett, at king's bench court.

The bail amounted to \$2,000 and the bondsmen were James M. Scott, of this city, and John McDonald, of Vanboro.

### CANCEL BEER LICENSES.

Vancouver, B. C., June 14.—A by-law to cancel the beverage licenses of beer and near beer was passed by the city council last night. This change will be law at midnight to night.

One of the worst things the patrons of the trolley have to endure is when the Skipper takes the ash pan out of the car stove to put the ashes on the rails so that the car can make the grade at Goat Hill.

### "Esperanto" Crew Get New Schooner

Gloucester, Mass., June 14.—Captain Thomas M. Beahan, skipper of the International Fisheries research vessel "Esperanto," which was wrecked at Sable Island, N. S., recently called out of Gloucester again today at the helm of the schooner Aviator. With him was Leah Goble, cook of the "Esperanto," and other members of the shipwrecked crew. The Aviator will complete her drydock at Shelburne, N. S., where she will pick up two of the "Esperanto" crew, who went to their homes there.

### An Aid To Wearing This Season's Fashions

(Helps to Beautify)

Here is a simple, unflattering way to rid the skin of objectionable hairs: with some powdered deodorant and water make enough paste to cover the hairy surface, apply and in about 2 minutes rub off, wash the skin and every trace of hair has vanished. This is quite harmless, but to avoid disappointment be sure to get the deodorant in an original package.

### AUTOS IN COLLISION.

Chatham, June 14.—A small auto owned and driven by Wm. Whalen, of Chatham, hurrying to catch the Cham-

### ham ferry and a big touring car owned by Mr. Buchanan of Tabusintac, which had just left the ferry on the north side, had a head on collision last night at the ferry road corner.

Mr. Whalen's injuries necessitated his removal to the hospital, but they are not serious. Both cars were badly damaged.

### TAKES PIGEON SHOPPING.

Flamington, N. J., June 14.—As Mrs. Peter Markee, who resides here, was on her way to a store a short time ago, she was overtaken by her pet pigeon, which accompanied her on the rest of a long shopping tour. Now, when Mrs. Markee starts on her errands, the pigeon goes along. While the woman is in the store, the bird remains outside, uncomplainingly. The pigeon is white, and is 13 years old. It is well trained.

### Many At Funeral of Chatham Chief

Mass Sung in St. Michael's Cathedral by Mgr. O'Keefe in Presence of Friends.

Special to The Standard.  
Chatham, June 14.—The funeral of the late Alderman Thomas H. Fitzpatrick, whose death took place Sunday evening following a paralytic stroke on Friday, was held this morning. The cortege was one of the largest seen in Chatham for some time, showing the esteem in which he was held. The hearse bearing the flower-covered casket was preceded by a large number of the members of the three Roman Catholic fraternal societies of which deceased had been a valued member, viz., K. of C., A. O. H. and C. M. D. A., and by the members of the town council. Following were the mourners: Members of the Chatham fire department, of which he had for many years been the chief; members of International Longshoremen's Association and Pulpworkers' Union and citizens on foot, in carriages and autos. In addition to the large number of townspeople there was also present many friends from Newcastle, Nelson, Douglastown, Loggieville and the surrounding country. The pallbearers were W. A. Skidd, Fred Moar, Geo. M. McDade, W. J. Connors, of Chatham; Charles Morrissey, M. L. A., and Stewart Demers, of Newcastle. Requiem mass was celebrated at St. Michael's Cathedral by Mgr. O'Keefe, and interment was in St. Michael's cemetery. The floral tributes and spiritual offerings were very numerous including wreaths from Canadian Northern Railway employees, labor organizations, fire department, the Mayor and Aldermen and citizens.

### PREPARING FOR CAMP.

Fredericton, N. B., June 14.—Lt. Col. Sparring, general staff officer, and Major Lawson, engineering officer, are here from No. 7 district military headquarters at St. John today making arrangements for the opening of the training camp here for the York regiment (infantry) and the New Brunswick dragoons.

The camp will open on Monday, June 20, and continue until Tuesday, June 28th and will be held at the O'Dell property on the Woodstock Road.

It is expected that upwards of 500 officers and men will be under canvas when the camp gets under way and there will be between 150 and 200 horses engaged as well.

### Historic Church At Pt. De Bute Re-Opens

Erected on Site of the First Methodist Church in New Brunswick.

Point de Bute, N. B., June 14.—Rev. W. H. Barraclough, pastor of Central Methodist Church, Moncton, occupied the pulpit of the Methodist Church here on the occasion of the re-opening of the church after a thorough renovating. The Point de Bute Church is a historic one in Methodism. The present building is the successor to the first Methodist Church in New Brunswick, of which the Rev. Wm Black was the pastor. The parsonage occupied by this pioneer Methodist minister is still the property of the N. B. and P. E. I. Methodist Conference. It was erected about 160 years ago by the great, great grandfather of Major Chaplain of Moncton to John Wesley.

ST. JOHN, N. B. WEDNESDAY, JUNE 15, 1921

MAGNA CHARTA DAY

It seems to have suddenly dawned upon a section of the American people that the German and Irish hypenities in their country are and have for years past, been endeavoring to create and feeling between the United States and Great Britain. It seems to have taken these good people quite a long time to find out, what the British and Canadians have been pretty well aware of all along, and they have not failed to call attention to it, both in the Press and as occasion afforded, in public addresses, without achieving very much success in bringing about a change of tactics. It has occurred to some Americans now that a better understanding between the two nations ought to be brought about, and they have therefore inaugurated a movement to play off Portland with the Grand Trunk against St. John with the Canadian Pacific? And if not, of what value does the Portland line become?

THE DOMINIONS AND IRELAND

An inquisitive member of the British Parliament, who asked whether the coming conference of Premiers would discuss the Irish situation, received the diplomatic answer that the members of the conference could do as they wished. There is little probability that any of them will so wish Mr. Lloyd George is not likely to feel that members of the conference can tell him anything that he does not already know on the Irish question. Even the Australian Premier, Mr. Hughes, who is usually disposed to consider a wide range of subjects as falling within the sphere of his attention, will hardly be tempted to ask for an Irish day on the agenda. Our own Premier, it is safe to say, will not feel that he has a mission to settle the affairs of Erin. There is, fortunately, no doubt as to Canada's attitude in relation to Ireland. Again and again the Canadian House of Commons has placed on record its sympathy with the Home Rule movement. But that was a Home Rule movement that, happily, has almost become extinct. It was the Home Rule movement of Gladstone and Campbell-Bannerman, of Asquith and John Redmond. Sad to say, that constitutional movement, rejected by many British statesmen who today are obliged to endorse its principles, is no longer powerful. It has been submerged by the policy of the Sinn Fein party, which today is dominant in the South and West of Ireland.

A small section of the Canadian people, who allow their praise-worthy zeal for all things Irish to outrun their discretion, are supporting the Sinn Fein movement. The mass of the Canadian people would, we believe, if opportunity for such an expression of opinion came, renew their declaration of sympathy with the efforts to give Ireland a liberal measure of Home Rule within the British Empire. Canada would still support constitutional Home Rule, but not the dismemberment of the Empire. The Canadian Premier, we may be sure, will give expression to that view if the question arises at the conference. But he will probably feel that no good can come at present from raising the subject.

FAILED AGAIN! Ottawa, Ontario: A man had fallen in. Everything but his feet and head had floated away. He was found by a fisherman who had been out fishing. The man was badly injured and was taken to the hospital. He died a few days later.

THE GRAND TRUNK The Grand Trunk is proving a very paying (?) investment for Canada. Its earnings for the week ending June 7th were upwards of \$106,000 less than for the corresponding week of last year. At this rate it looks as though the appropriation of \$106,000 for the Grand Trunk, Grand Trunk and Grand Trunk Pacific, will not be very much in excess of their needs. The greater part of the Grand Trunk revenue is derived from international traffic, and this feature has to be borne in mind in dealing with the future of the road.

A BIT OF VERSE MOTHER'S CROSS. An Acrostic. Mourning clouds will pass mother dear, Over our path shadows oft appear. The clouds will weep and the skies will clear, Heaven heals our heartaches with a tear. Eternity the story will tell, Re-echo the tale, how heroes fell. Securing heaven, thro' gates of hell.

Speakers tonight and on Sunday in the Better Understanding Movement, should not fail to impress upon their hearers the necessity for an immediate change in the Rule of the Road, just to show our American visitors that we are willing to go to any lengths to accommodate and oblige them, whether our own people like it or not.

I SEE IN THE STANDARD

Jan Christian Smuts of South Africa will be one of the outstanding characters at the Premiers' Conference next week in London. He was born on a farm in the western province of Cape Colony, his father being a politician as well as a ranchman, representing Malmesbury electorate in the Assembly at Capetown. He worked as a small boy in the fields, leading a team of draft horses by a rope. On the field, he learned to rough it, often having to cook his own food. He was given elementary teaching at home, until, at the age of twelve, he was sent to a small school at the village of Riebeck. At sixteen, he went to Victoria College at Stellenbosch, and five years later won a scholarship that took him to Cambridge at Cambridge. He took both parts of the Law Tripos at once and was placed first in the first class in each, besides winning a first prize.

Was With Kruger. At the age of 28 he was state attorney for the Transvaal, receiving his appointment from Oom Paul Kruger. In the middle of 1890, the differences with Britain had become acute. Smuts accompanied Kruger to his interview with Lord Milner at Bloemfontein. He played a leading part in the final negotiations with the British agent at Pretoria.

Benny's Note Book

Us fellows found a puppy this afternoon, being a funny looking different colored puppy with wobbly habits, not looking as if it would look any good when it grew up on account of how it looked already, and Pads Simkins sed, O, heers a good chance for somebody to adopt a dog, a puppy is the best kind of a dog to adopt because by the time they grow up they think they were born in your house, we dont you adopt it, Sed? You saw it feat. I would, only I got a dog thats the only reason I dont. If I adopted another dog, my fox terrier Toddy would get jalls as anything, he thinks he's the only dog belongs in our yard, sed Sid Hunt, we dont you adopt it, Benny?

My fathers thinking of buying me a dog, I sed, if he bawt me a dog and taen came home and found this one he mite get diskusted, Id adopt him all rite if my father wasent thinking about buying me a dog. Wech pop did say something about getting me a dog once about 3 years ago, and Skinny Martin sed, Well I tell you the only reason I dont adopt him, we got a cat home and it gets so nervous every time it sees a dog it would probably be a nervous rock if it had to see one around all the time, thats the only reason I dont adopt it, we dont you adopt it, Artie?

Which my cuzin Artie was jest starting to say wey he would if he could only he couldnt wera automobilee stopped and the man got out and went around to the front of it to make it go agen and I sed, I tell you wat, fellows, lots give it a good home, enyways, lets put it in the back of that automobilee and wen the man gets home and finds it he'll be so surprised he'll adopt it. Being a grate deer, and Pads Simkins pickt the puppy up and threw it on the back seat and jest then the automobilee started to sound as if it mite go, and the man quick got in and it did, us fellows all yellt after it, Heray, heray, and the man waved his hand as if he thawt we thawt he was grate because he made it go agen, only wen he got home he probably found out different.

**Declines to Hear Two Divorce  
Cases With That Object in  
View.**

Anderson, Ind., June 14.—Circuit Judge Kittinger today refused to try the divorce cases of William Muncey and Gorman Huffman, steel workers, who, it is said, plan to trade wives. The judge announced his decision was caused by the commandment "Thou shalt not covet thy neighbor's wife." The judge, a former minister, added that he believed a fair exchange of robbery except as applied to wives. Both complaints, the court announced, will be certified to some other judge outside of Madison county. The Munceys and Huffmans were neighbors. The men work side by side at the steel mill here. The pairs are now living apart.

**Premier Foster Back  
From European Trip**  
Does Not Favor Reopening of  
New Brunswick Office in  
London—Had Good Trip.

Hon. W. E. Foster, who returned recently from Europe, talked interestingly yesterday of his trip and stated that while he had enjoyed himself very much while away, he had nevertheless returned home a bigger booster for Canada than ever. Conditions here, he said, were much better than in England and would continue to grow better as time went by. He was more than ever convinced that Canada was the land of opportunity and our young men could do nothing better than stay at home and develop the limitless resources of our land. The Premier is not in favor of reopening the provincial office in London, and states that at present Nova Scotia and British Columbia are the only provinces to have separate offices. While in London he attended the organization meeting of the Canadian Chambers of Commerce, which has been formed to bring together the business men of Canada and England. Mr. Foster said that a great deal of the enjoyment of his stay in London was due to the courtesy and attention shown him by John Howard and Mr. Wade, representatives of Nova Scotia and British Columbia respectively. Through them he was afforded the opportunity of being present at many interesting gatherings. "While the Province of New Brunswick has been criticised for not having better quarters in London," the Premier said, "it was even more noticeable to find that the Dominion of Canada has not a building of its own in London. The high commissioner's office is in a building of no prominence whatever and the Canadian immigration office is housed in the building of the province of British Columbia. Australia has a splendid building in one of the most prominent and frequently travelled streets of the metropolis."

**RUXATED IRON**  
Helps make rich, red blood  
and revitalize weak nerves  
**WEAK NERVES  
AND THIN BLOOD**  
RUIN HEALTH OF THOUSANDS WITHOUT  
THEIR EVER SUSPECTING THE REAL  
CAUSE OF THEIR TROUBLE—  
IRON STARVATION

An enormous number of people who ought to be strong, vigorous and in the prime of life are constantly complaining of weak nerves, headaches, pains across the back, disturbed digestion, shortness of breath, palpitation of the heart, a general "run-down" condition, melancholy, bad memory, etc., all as a result of iron starvation of the blood. There are 20,000,000,000,000 red blood corpuscles in your blood and each one must have iron. Without iron your blood also loses its power to change food into living cells and tissue, and nothing you eat does you not get the full strength out of it and as a consequence you become greatly weakened both in body and mind. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Over 4,000,000 people annually are using Nuxated Iron. It will not injure the teeth nor disturb the stomach, because it is organic iron like the iron in your blood and like the iron in spinach, lentils and apples. Your money will be refunded by the manufacturer if you do not obtain satisfactory results. Beware of substitutes. Look for the word "Nuxated" on every package and the letters N. I. on every tablet. Sold by all druggists.

**SELF-RULE FOR ARABS.**

**NO DECREASE IN DRUNKS.**

Montreal, June 14.—The first month of the operation of the new liquor law in Montreal has not resulted in any decrease in the number of drunkness, but an increase. The number of cases reported in May were 194, an increase of 191, over the month of April. During May there were 2,315 arrests, while 225 children were returned to their parents, 133 autos were reported stolen, of which 70 were recovered.

**Tent Caterpillar  
Not The Army Worm**

One of Leading Entomologists  
of Province Gives Explanation  
Regarding the Pests.

"It is the tent caterpillar and not the army worm which is playing havoc with trees in various sections of the province," said one of the province's leading entomologists yesterday. He expressed much surprise at the inertia of the Government in instructing the public in the best manner of fighting the pests. It was a well known fact he said, that the slightest bruise to a caterpillar prevented its development into the next stage. Bearing this in mind it would be a comparatively easy matter to station men with large corn cob brooms at railway crossings where the pests are said to have gathered in such large numbers. By simply brushing them off the road bed with the coarse brushes, they would be injured to such an extent that they would never produce, and in this way thousands would be actually destroyed, and as each female lays from two hundred to three hundred thousand eggs, the germination of millions would be prevented.

**Weddings**

**Ruske-Long.**  
A wedding of interest took place in the Douglas Avenue church yesterday morning at seven o'clock when Miss Margaret Long, daughter of Mrs. Margaret Long of Exmouth street, was united in marriage to John Campbell Ruske, assistant manager of the Ford Motor Co., St. John branch. The ceremony was performed by Rev. J. C. B. Appel. Mr. and Mrs. Ruske left on the Digby boat and after an automobile trip through the Annapolis valley will return to St. John. They will reside at 33 Wright street.

**Thorne-Chase.**  
Last evening in Queen Square Methodist church, Miss Nina B., daughter of Mr. and Mrs. George A. Chase, 50 Harrison street, and A. Troop Thorne, son of Mr. and Mrs. M. J. Thorne, 18 Simonds street, were united in marriage by the Rev. Neil MacLaughlin. The bride wore a navy blue tulle-tricot travelling suit, with gray squirrel stole and hat to match and carried a shower bouquet of roses and sweet peas. The bride was given away by her father. During the ceremony Miss Nina Brown rendered "Oh, Promise Me," Mrs. J. C. St. John, president of the organ. The church was decorated with lilacs and ferns. The young couple left last evening on a wedding trip to New York and other American cities. On their return they will reside in this city. The bride was the recipient of many beautiful gifts.

**Montgomery-Corbett.**  
Moncton, N. B., June 14.—The marriage of Miss Irene Corbett, daughter of the late Mr. and Mrs. Thomas Corbett of this city, to Walter K. Montgomery, son of Mr. and Mrs. J. J. Montgomery, Moncton, took place this morning at St. Bernard's Church, Rev. Father Savage officiating. The ceremony was held at 10 o'clock. Mr. and Mrs. Montgomery left on an extended motor trip through the provinces. They will reside here.

**Hegan-Stead.**  
A wedding of much interest will take place this morning at ten o'clock in St. Paul's church, when Miss Edith Hegan, daughter of Mr. and Mrs. George B. Hegan, Hazon street, will be married to Basil Stead, of Ottawa, son of the late Thomas and Mrs. Stead. The wedding will be a quiet one, relatives and intimate friends being invited to attend the ceremony.

Miss Hegan, who is a graduate of a New York hospital, served with distinction overseas and was awarded the Royal Red Cross. She was in Petrograd during the outbreak of the Russian revolution. She spent some time in Labrador at Dr. Grenfell's Mission. On her return from overseas, the Loyalist Chapter, I. O. O. F., of which she is a valued member, made her a life member of that chapter. Miss Hegan is one of the most popular among her very large circle of friends and will be wished much happiness in her new home in Ottawa.

Mr. Stead was formerly a resident of St. John, but left here a number of years ago, and since then has resided in Toronto and Ottawa. He has many friends in the city who will offer congratulations and good wishes.

Attending the wedding are the groom's mother, Mrs. Thomas Stead, of New York; Mr. and Mrs. Bancroft Braine, of New York; and Austin Stead, of Montreal. Mrs. Baine is the groom's sister and Austin Stead a brother.

**Funeral.**  
The funeral of Mrs. Catherine Murray was held yesterday morning from her late residence, 25 Harding street, to the Church of St. John the Baptist, where requiem high mass was celebrated by Rev. A. W. Moohan. D. Relatives were pall-bearers. Many spiritual offerings were received. Interment was in the new Catholic cemetery.

The funeral of Mrs. Patrick Driscoll was held yesterday morning from her late residence, 10 Somerset street, to Holy Trinity for high mass of requiem by Very Rev. J. J. Walsh, V. G., D. P. The funeral was attended by many and many floral and spiritual offerings were received. Relatives were pall-bearers. Interment was in the old Catholic cemetery.

The funeral of Miss Ella M. Seely, was held yesterday afternoon from her late residence, 152 King street, West St. John, to Cedar Hill. Services were conducted by Rev. Isaac Brindley and Rev. Dr. J. A. Morrison.

The funeral of Mrs. Peter C. Murray was held yesterday afternoon from Tabernacle Baptist church to Fern Hill. Rev. A. J. Tedford conducted service.

Service in connection with the funeral of Mrs. James S. Porter was conducted yesterday afternoon at her late residence, 197 Millidge avenue, by Rev. R. P. McKim. The body was taken to Whitehead, where interment was made from St. Paul's church.

**Mrs. W. B. Fairweather.**  
In Boston yesterday, Laura, widow of W. Beecher Fairweather and daughter of the late Albert and Helen McCleery of Grey's Mills, Kings County, N. B., passed away. She is survived by one son, Albert, and by five brothers—Watson and Gordon in Boston, Oakley and Herbert of St. John, and Ivory on the homestead at Grey's Mills. Her husband was a native of Springfield, Kings County. She had lived in Boston for about ten years. The funeral will take place on Friday afternoon from the residence of her son, Watson, 276 Lexington Ave., Boston.

**Mrs. Jan Radford.**  
Montreal, June 14.—The death occurred on Saturday at her home, of Mrs. J. C. Radford, in her 84th year. Born in Glasgow in 1834, Mrs. Radford, formerly Miss Jane McCandless, came with her husband and family of seven young children to this city in 1872. The late Mr. Radford was appointed first health inspector, a position he held until his death in 1892.

Mrs. Radford was for many years a member of the Montreal Women's Club, the Local Council of Women, the Y. W. C. A. and the W. C. T. U., being at the time of her death honorary president of the Montreal North District W. C. T. U. She was the founder and for some time president of the Home for Friendless Women and the Art Decorative Society. She founded and operated for a number of years an employment bureau for domestics. Mrs. Radford was a member of the First Baptist Church and was active in the missionary work and circles of that denomination. She is survived by six of her seven children.

One to Three Point Advance on Favorite Speculative Issues Listed There.

## RAIL SITUATION VERY CONFLICTING

Profit Taking Put Mexican Oils Back Five Points Near End of Session.

New York June 14.—Stocks today recovered somewhat from their prolonged depression various speculative favorites extending yesterday rally by from 1 to 3 points. Equipments, rubbers, food specialties and some of the rails, however, lost 2 to 3 points. Sales amounted to 755,000 shares.

The market's unsettled tone was laid to the tenuous position of the short interest. There were no surface indications of public interest. Sentiment was favorably influenced by retention of several important railroads and industrial dividends. Exchange of call money was another sentiment factor, the rate dropping from six to five and a half per cent. for the first time in more than two months.

Helps Downward Slide  
On the other hand postponement of action on the common and preferred shares of Chicago, St. Paul, Minneapolis and Omaha and conflicting news regarding prospective dividends on Northern Pacific, Great Northern and New York Central contributed to the uneven movement of rails.

## Raw Sugars

New York June 14.—The raw sugar market was weak today and prices declined to the basis of 4.00 for centrifugal, the lowest level recorded in over five years, under continued pressure of Porto Ricans. There were sales of 24,500 bags of Porto Ricans afloat and prompt shipment.

## GRAND TRUNK LINES.

Montreal, June 14.—Various lines of the Grand Trunk Railway system were criticized at today's session of the arbitration board. Mr. Somers, consulting engineer took the stand and said that between Buffalo and Detroit the service was very slow, while there is an excellent service by the Michigan Central, which carries nearly all the traffic.

Between Buffalo and Chicago, however, its line is longer than its competitors. The Jackson-Richmond line is being leased for traffic. Mr. Somers said the Fort Huron line, continues the witness, goes through good territory, but the Grand Trunk serves very few of the industries there.

## Montreal Exchange Is Much Stronger

Quebec and Toronto Railway Stocks Were Favorites, Moving up to High Ground.

Montreal, June 14.—The market on the local stock exchange today was a much stronger affair although weakness in certain stocks was evident. Price movements were wide, ranging from 3 1/2 points lower to 3 points higher. Spanish River common and Steamships preferred were in the latter category, being both up three and a half points to 21. Outstanding in weakness was Riorion which sold down to a new low of 19 1/2 and closed at ten representing a net loss of 3 1/2 points. Among other papers, Howard Smith was down a point to 73; Brompton lost a point at 39; Abitibi held at 33; Laurentide was down a fraction to 84, and Price Brothers and Wayagamack were unchanged.

In the Utilities  
In the Utilities, Quebec Railway and Toronto Railway were favorites, the former moving up a point to 29 and the latter a point to 75. The balance of the group was inclined easier though Abitibi held its ground at 33. Power lost a small fraction at 82. Among the steels British Empire was steady at 9 for the common and 25 1/2 for the preferred. Steel of Canada was steady at 82 and Iron was off 1 3/8 points to 26 1/8. In the balance of the market stronger stocks included Bell Telephone which gained a point at 103 and Breweries which gained a fraction at 52 1/8. Bonds were active but showed a strong tone. Total sales, listed, 7,621; bonds 141,200; rights 476.

## RATE OF EXCHANGE

Ottawa, June 14.—The rate of exchange in connection with shipments of freight between points in Canada and the United States from June 15 to June 30 inclusive will be 12 1/2 per cent. and the surcharge will be seven per cent. according to an announcement by the Board of Railway Commissioners today. The rate of surcharge on international passenger business will be based on 12 per cent. exchange.

## GOSSIP AROUND THE MARKETS

The Toronto City Council has authorized Finance Commissioner Ross to issue debentures for \$10,000,000, part to be used in rehabilitation and operation of the Toronto Street Railway system and balance of slightly over \$2,000,000 to cancel the issue authorized last February.

Dividend declarations at Montreal include Ogilvie Flour Mills, Ltd., 10 per cent, payable July 2 to record June 21. Ottawa Light, Heat, and Power Co., Ltd., 1 1/4 per cent, payable July 1 to record June 24.

In regard to rumors that the preferred dividend of Canada Steamships will be passed in the fall and that the London financing has been abandoned, President Norcross stated that the London financing for about 1,000,000 pounds would be finally settled within a week or so when a definite announcement would be made, as regards the preferred dividend, he said there was no reason that he could see why it should be passed.

Further low levels were created for the Riorion issues in the unlisted market at Montreal yesterday, although the amount of liquidation was trifling. From 19 1/2 at the close yesterday the new preferred sold down to 16 for a board lot, while one bid lot sold at 14. At noon the bid price was 17 with 18 asked. The common sold down to 2. Sales reported by the Montreal stock exchange were: Car Notes, 269.25 at 77 1/2. Tram and Power, 5 at 10, 55 at 10, 70 at 10. Riorion, 10 at 2 1/2, 10 at 2 1/2, 60 at 2 1/2, 2 at 2. New Riorion Pfd, 5 at 18.5 at 14.5 at 14 1/2, 25 at 16, 5 at 18.

New York funds in Montreal, 12 1/2 per cent premium. Sterling in New York, demand, 3.76; cables, 3.76 1/4. Montreal, demand, 4.22 1/2; cables, 4.23 1/4.

The result of the Sales Tax for the last month at the old rates, was made public the other day by the Minister of Customs and Inland Revenue, and it is worth while to examine the returns for the last month, in which it was in force, it is evident from this comparison that there has been a big falling off in the proceeds of this tax rate, and this fact suggests speculation as to what will be the results of the new tax in the year now current.

The rate of surcharge on international passenger business will be based on 12 per cent. exchange.

## No Cut Prices Slogan of Wholesale Grocers

Allege Healthy Trade Depends Upon Fair Distribution of Selling.

Quebec, June 14.—"No cut prices," was the slogan imparted to the Canadian Wholesale Grocers' Association at today's session of their annual convention by O. J. Moore, chairman of the International American Wholesale Grocers' Educational Committee. In elaborating his slogan, Mr. Moore declared that one of the most disturbing factors which had led to instability in American business was the attempt of certain business men to get all the business instead of their fair share.

Entitled to Profit  
Furthermore, he maintained that every merchant was entitled only to a fair share of profit and that when this was departed from it usually resulted in destroying mutual confidence in business.

Wholesale grocers should be above the level of "Oriental rug dealers," he asserted and all members of the Association should realize the dignity of their commerce. The profits were not overly large but a solid margin was to be made.

Mr. A. C. Pyke, Secretary-Treasurer of the Association presented a resolution submitted by the Winnipeg Wholesale Grocers' Association, that manufacturers' agents and grocery brokers should not sell for their own account. This was said to be harmful to trade stability.

## Take \$25,000,000 To Maintain The G. T. P.

Line Well Built But About Hundred Years Ahead of Time Says Expert.

Montreal, June 14.—That it would cost \$25,000,000 for maintenance and extraordinary maintenance between now and 1925 to put into permanent working condition the Grand Trunk Pacific Railway, was the evidence today of J. J. Sullivan, for many years assistant engineer for the Canadian Pacific Railway and now consulting engineer at Winnipeg, given before the Grand Trunk Arbitration Commission sitting to enquire into value of the Grand Trunk system prior to its acquisition by the Dominion Government.

Line Well Built  
Generally speaking he gave it as his view that the line was well built, although in his opinion it was constructed a hundred years ahead of the present time. The \$25,000,000 could not be paid out of earnings and there were no funds in sight to provide for such expenditures, so that the amount would increase to that extent the burden being taken over by the Government with the Grand Trunk system.

VANCOUVER MAY REQUIRE BONDS FROM MOTORISTS

PEDESTRIANS' LEAGUE TAKES MATTER UP

Agitation for More Drastic Penalties for Infractions of Law Growing.

Vancouver, June 14.—There is a strong possibility that before long every Vancouver driver will be called upon to post a personal bond which could be used to indemnify any person injured owing to the driver's carelessness or carelessness of the subject.

As a result of the large number of automobile accidents in Vancouver, where the killings last year averaged one every 17 days, or one person for every 6,000 population, a Pedestrians' Safety League has been formed.

In the opinion of members of the Pedestrians' Safety League, payment of an occasional \$5 or \$10 is neither here nor there with the owner of an automobile, and they are pressing hard to have public utility of endangering public pushed more severely.

During the past few weeks there have been a number of spectacular fatal accidents in the case of big touring cars whizzing around Stanley Park at 3 a. m. skidded and crashed into a tree, killing one and severely injuring another.

REPORT WAS EXAGGERATED.

Vancouver, B. C., June 14.—The alleged underhand attempt by Davy Jones to rob the provincial government of ten thousand cases of Scotch aboard the steamer Spectator by sucking the vessel beneath the 44 ft. Mexican coast, has been exaggerated, Captain H. Owen reported on arrival here. The captain said it was true that volcanic disturbances in Mexico caused an earthquake which was felt by the big steamer, but the story of being drawn into Davy Jones and spewed forth again because Davy did not like the taste of whiskey was without foundation. A special report of the occurrence has been handed in by the officials to offset misleading reports.

AROUND THE CITY

W. C. T. U. MEETING. At the meeting of the W. C. T. U. held yesterday afternoon, a short devotional service was held.

ENJOYABLE DANCE. A most enjoyable programme of dances was held in the R. K. Y. C. house last evening under the auspices of the Millageville summer club.

BUSINESS OPPORTUNITY. The Board of Trade yesterday received a communication from a Japanese firm asking to be put in touch with the makers of machine needles and hoisery machinery.

HOLIDAYS START JUNE 30TH. It was announced at the Board of School Trustees that the public schools will be closed for the summer vacation on June 30.

CAUSE OF DELAY. In connection with the proposed installation of hydrants in Beaconsfield, it was stated at City Hall yesterday morning that there will be some little delay on account of the necessity of having T connections manufactured.

WORK AT NEWMAN BROOK. The Department of Water and Sewerage is having plans prepared for the construction of a reinforced concrete arch over the Newman Brook at the site of the present bridge on Adelaide street.

TWINS ARE DEAD. Sympathy felt last week for Mr. and Mrs. Wallace Clark, of St. Garden street, when one of their twin boys, Wallace Alexander, died, will be renewed and intensified today because the second of the twins, Walter Berry, was taken by death early yesterday morning. They were sixteen months old.

TEACHERS BEING EXAMINED. The examination of teachers to qualify for their licenses yesterday commenced yesterday morning in Central school and will continue until the evening of Thursday, June 16. The examination is being conducted by S. A. Worrill, inspector for St. John county, and some twenty are in attendance.

WELL STRIPPED. The big Chalmers car which recently ran over the bank near the eastern end of the bridge at the falls, and was badly broken up, is still lying in the harbor mud. When the insurance claim is adjusted there will be little left of the automobile, as it is reported that about everything worth moving has been stolen.

VISITING IN CITY. Geo. B. Dunn, Hamilton, Me., an extensive holder of timber lands in the Pine Tree State, is in the city. He was formerly a resident of this city when he was interested in shipping and the lumber business. Mr. Dunn expresses the opinion there will be but little activity in the lumber business through Maine's timber section the coming season because of the uncertain condition prevailing.

VACATION TRAVEL ON. The vacation season travel to the maritime provinces may be said to have fairly started this week with many arriving on the Boston trains of Monday and Tuesday, and the Boston boat yesterday. The most of those arriving this week were destined to points in Nova Scotia. A few were seeking resorts along the St. John river going out on the Valley train Tuesday afternoon.

WILL THEY ADOPT IT? One of the sights on the street yesterday, attracting attention, was a stranger parading around with a monkey perched on his shoulder with its arm entwined about his neck. The man was said to have hailed from the West Indies, and was endeavoring to introduce a new fad to the attention of the lady faddists of the city.

SHOWERS FOR BRIDE-ELECT. A number of friends of Miss Kathryn Cusack gathered at her home in Waterloo street Monday evening and tendered her a novelty shower. The evening was enjoyably spent in music and games and the party broke up about midnight.

Many friends gathered at the home of Mrs. John Koller, 3 St. David's street, Monday evening, and tendered to her daughter, Miss Pearl Miller, a novelty shower. The shower was in honor of Miss Miller's marriage, which is to be in the near future.

Dancing at Seaside Park Monday, Wednesday and Saturday evenings. Weather permitting, Jones orchestra.

Most Successful Sessions In History

N. B. Pharmaceutical Assn. Received Reports, Discussed Important Matters.

After one of the most successful and busiest sessions in the history of the annual meeting of the New Brunswick Pharmaceutical Association was brought to a close last evening, following the election of the executive and council for the ensuing year.

Discussion. The chief matter for discussion on the opening of the meeting in the Natural History Society's rooms in the afternoon was the entertainment of the members of the Canadian Pharmaceutical Association who will meet here in convention in August. There will be representatives present from all the Canadian cities extending from Halifax to Vancouver, and as it was felt the honor of the New Brunswick Association would rest on the hospitality extended to their brother druggists from the other provinces, considerable thought was given to an embryo programme.

Reports Considered. Reports of the officers of the Maritime Pharmaceutical College at Halifax, which is affiliated with Dalhousie University, were considered by the meeting. The association owns a half interest in the Pharmaceutical Institution, Col. B. D. F. MacKenzie, of Chatham and E. Clinton Brown, of St. John were appointed representatives to the C. Ph. A. meeting in August.

The Election. The election of the council for the ensuing year was then proceeded with and resulted as follows: G. O. Spencer, Moncton, president; Geo. T. Coupe, St. John, vice-president; Willard Mahony, St. John, treasurer; W. B. Rodd, Moncton, secretary; E. R. W. Ingraham, St. John, registrar.

Additional members of the council, Col. J. B. D. F. MacKenzie, Chatham; E. Clinton Brown, St. M. Wemmers; E. R. W. Ingraham, H. J. Mowatt, all of St. John; J. MacD. Cook, Moncton and A. W. Coombs, North Devon.

Conciliation Board In Session Today

Will Begin Hearing Witnesses in Dispute Between N. B. Power Co. and Employees.

At 10 o'clock this morning, the Conciliation Board, which is composed of Messrs. J. J. Donovan, of the Longshoremen's Association, and J. J. Langbein, of the Maritime Milk Producers' Association, met in the City Hall to begin the hearing of the dispute between the New Brunswick Power Company and its employees. The board was presided over by Mr. J. J. Donovan.

The union men rejected all propositions put up by the management, and a strike of the men seemed imminent. The board is expected to continue its work until the dispute is settled.

Plans Now Changed. With the sitting of the arbitration court, the company has been stopped from putting into effect its plans scheduled for today. The 1920-21 schedule and working agreement will continue effective until such a time as the conciliation board has returned its finding. The court's verdict, however, will not be binding upon the company, and nothing may come from the board's deliberation to be of any material assistance in arriving at a friendly settlement of disputes, was the opinion expressed last night.

Fourth In Class of 93 Graduates

Dr. C. Leonard Emerson Made Great Showing at McGill—Arrived Home Yesterday.

Among those who graduated at McGill on Monday was C. Leonard Emerson, son of John Emerson, assistant post office inspector of this city. Ninety-three students received degrees of M. D. C. M., and Dr. Emerson graduated fourth in his class with aggregate honors for the year. He arrived at his home, West St. John, yesterday, and is receiving the well merited congratulations from his friends.

Dr. Emerson graduated as a B. A. from the University of New Brunswick in 1916. He intends attaching himself to a hospital in New York.

Progress Made In Arena Proposition

Location and Type of Construction Settled Upon at Meeting Yesterday.

Another step marking progress towards the securing of the much desired arena for winter sports was taken yesterday afternoon when representatives from different organizations interested in the project gathered at the Commercial Club to talk over the question pertaining to the proposition. The following organizations were represented: Y. M. C. A., Y. W. C. A., South End Improvement League, West End Improvement League, Commercial Athletic Association, Hardware Clerks Athletic Association, The Y. M. C. L., St. Peter's Young Men's Association and the North End Improvement League were not represented.

Location Settled. The questions considered were the type of building to adopt, the location, cost of land and building, and best method of financing the undertaking. The location most generally approved was on the street, the lot formerly occupied by the Wilson foundry. This lot has a frontage of 120 feet, with a depth of 150 feet.

It was the opinion of the representatives present that steel posts, steel trusses, stanchions and girders should be used in the frame work, the sides boarded in and the whole covered with patent roofing. The structure to be adopted will give a skating surface 156 x 100 feet, with a seating capacity of 1,800 and standing room for 400. The arena will give 10 to 35 laps to the mile. The estimated cost of location and arena is placed at \$7,000.

The meeting authorized H. R. McLehann, secretary of the Commercial Club, to draft a resolution embodying all the details as to location, type of structure, etc., to be presented to the various organizations for their consideration. The representatives will meet again on Tuesday next with the view of their organization. The financing, construction and operation of the building will be left in the hands of a committee representative of the different organizations.

It is proposed to issue stock to raise the funds for the work. Each organization interested to solicit sales and share in profits in proportion to the stock sold. A certain surplus from the business done at the arena will be set aside each year to establish a sinking fund, the outstanding stock to be retired as soon as possible.

Meetings To Discuss Harbor Commission

Mayor Arranges for One Meeting a Week—Secretary of Montreal Com. Coming.

Mayor Schofield announced yesterday afternoon that he had arranged for the holding of one meeting a week, after next week, for the purpose of giving the citizens an opportunity to discuss the harbor commission proposition, and he would be glad to hear from any persons who might wish to speak, either for or against, and he would make the necessary arrangements for them to be heard. It is the intention, he said, to hold the meetings in the North and West Ends as well as in the city proper.

PRESENT STATE OF MILK SITUATION

Pacific Dairies Agree on Price—No Further Action Till Meeting of Producers.

According to Roy Stockton, of Sussex Corner, who is representing the Kings County Milk Producers in the present controversy, the Pacific Dairies, one of the largest milk concerns in the city, have agreed to pay the farmers fifty cents per quart for their quart cans during June and July. The smaller dealers are still paying from forty cents upwards, and no action will be taken until the calling of a general meeting of the producers, after that the lid may close down suddenly and tightly.

LANGBEIN CASE.

The testimony of J. J. Donovan, of the Longshoremen's Association, in the Langbein case, was completed in the police court yesterday. After finishing the review of the books he told of what took place when the shortage in the accounts was discovered, mentioning how Langbein had done everything to make it easy for the union officials, how when the shortage was discovered by the auditor, Mr. Reiker, time had been allowed Langbein to clear up the matter and not until that time had elapsed did the union put the matter in the hands of the police. The case was again postponed until Thursday, and in the meantime an attempt will be made to settle the matter out of court.

Time Extended For Removing Stalls

Council Decides on May 1, 1922, as Date—Money Voted for Band Concerts.

The bylaw relating to stalls in restaurants was read a second time yesterday at the common council and further amended to provide that the time for removing stalls already erected may be extended until May 1, 1922; the housing board was given authority to sell the remaining house blocks and curbing for Brussels street; the paving of Dufferin avenue decided on and a sum voted for band concerts yesterday.

The report of the committee of the whole, as published yesterday, was adopted.

A communication from Donald Lynch with reference to a retaining wall in front of his property, Mount Pleasant, was referred to the commissioner of public works for a report.

Restaurant Stalls. Commissioner Thornton moved the second reading of the bylaw relating to stalls in restaurants with an amendment that in the discretion of the commissioner of safety any stalls now erected might be allowed to remain until May 1, 1922.

On motion of Commissioner Thornton the usual fourteen days holidays was granted the employees of the health department.

On motion of Commissioner Bullock A. J. Mulcahy and James McKinney were reappointed port wardens.

On motion of Commissioner Frink tenders were awarded as follows: Asphalt, Imperial Oil Co., \$23 per ton; granite blocks, B. Mooney & Sons, \$86 per thousand for ordinary and \$140 for special; curbing, Granite Street Paving Co., \$2 per foot for straight and \$2.25 for curved.

The paving of Dufferin avenue under the local improvement act, at a cost estimated at \$9,273, was approved, work not to be commenced, however, until the street had been deeded to the city.

Mayor Schofield brought up the matter of band concerts and on motion of Commissioner Frink the sum of \$600 was voted to be used for that purpose, the concerts to be given in various portions of the city.

Officer Sheds Light On Drowning Report

Chase Boys from Motor Boats—One Falls Back from Wharf to Boat.

The police are now convinced that no drowning accident occurred Monday in the slip at the foot of Duke street. Officer Colwell sheds some light on the whole affair and seems to clear up a situation that for a time had a tinge of mystery.

At just about the time the Nicholson had rushed to his parents and very much excited told of a drowning. Officer Colwell was driving from the wharves and motor boats a crowd of youngsters who were all playing there. One lad, the officer says, was jumping about the motor boats, beat it for the wharf, jumping across boats to reach it. In his hurry to scramble to the wharf he lost his grip and fell back to one of the motor boats, but soon regained the wharf and hustled to obey the officer's order to "beat it."

At that time, Mr. Colwell says, two young lads were playing on Waterloo street where they could see what was taking place and it is believed Donald Nicholson, who gave the alarm of a drowning, was one of them who took his cue from seeing the boy fall back to the wharf to the motor boat. To confirm the opinion that there was no drowning is the fact that no boy has been reported missing to the police department and the whole commotion caused resolves itself into an outburst of a boy's vivid imagination.
