DON'T YOU KNOW

that Zam-Buk cures when other ointments fail? There is a reason: it is because the Zam-Buk method of healing is unlike that of any other ointment.

Ordinary ointments, which are composed of such coarse ingredients as animal fats and mineral drugs, never get beneath the surface skin. Zam-Buk, on the contrary, being composed entirely of herbal essences and vegetable extracts, is so refined that it has marvellous powers of penetration. This combined with its strong germ-killing properties, makes it possible for Zam-Buk to reach and destroy all the germs in the underlying tissues, which is where skin diseases have their roots. Until this is done a cure cannot be effected.

When the germs have been destroyed and the diseased patch thoroughly cleansed, the healing herbal essences acting upon the tissues promote the growth of new flesh. As the healthy tissue develops it builds itself up to the surface skin and complete and permanent cure is the result.

Zam-Buk is equally good for old wounds, ulcers, abscesses, ringworm, blood-poisoning, piles, boils, pimples, cuts, burns, scalds, and all skin injuries. All druggists and stores, or Zam-Buk Co., Toronto. 50c. box, 3 for \$1.25.

Canada's Issue of War Savings Certificates.

Ottawa, Jan. 11.—The Minister of Finance, Sir Thomas White, announced today the details of the coming issue of War Savings Certificates in connection with the campaign for national war-time saving, and further co-operation by public generosity towards war financing.

The War Savings Certificates will be issued in denominations of \$25, \$50 and \$100, maturing in three years. They will be obtainable from any bank or Post Office throughout the Dominion.

The issue prices will be \$21.50, \$43 and \$86 respectively. Thus for every \$21.50 now loaned to the Government \$25 will be returned at end of three years. The discount of three dollars and a half constitutes an interest return of over five per cent.

Provisions are made whereby the certificates may be surrendered at any time during the first twelve months at their purchase price, after twelve months but within twenty-four months at \$22.25; and after twenty-four months but within thirty-six months at \$23.25 for every \$21.50 originally loaned. Consequently the longer the certificates are held the higher the rate of interest return.

NOT A PINT OF OIL SECURED BY ENEMY.

Hugh and Costly Sacrifices Made in Roumania for Nothing

London, Jan. 13.—Colonel John Norton Griffiths' work in the destruction of Roumanian oil plants, which has received commendation in a British official report, is described in the Pall Mall Gazette, by a friend who has received letters from him.

"Griffiths' mission," says his friend, "wasn't unattended with personal risk. On one occasion he had to remain until the rear guard of the Roumanian army had retired before he could complete his work, which was so important that he would not delegate it to a subordinate. It was only by great good luck that the Colonel was not cut off and captured."

NOT A PINT OF OIL. "So far as the wells are concerned, Germany has made huge and costly sacrifices for nothing. All her victories will not yield her a pint of oil. Bores have been plugged, plants and machinery scrapped, refineries razed to the ground, and reservoirs destroyed. If, as is possible, the Germans anticipated this action on our part, in conjunction with our Allies and prepared new plants and other necessary appliances beforehand, it will still take them several months, supposing they retain possession of the wells so long, to procure a single gallon; and I learn that at a modest estimate it will take at least nine months hard work to get the oil fields into proper working order again. All the shallow wells were worked out long ago, and the reboiling of the deep wells will be a lengthy and costly job."

"The major interests in the Roumanian oil wells are held by British, American and German capitalists. The loss involved in the destruction will form another item in the bill for damages which Germany will have eventually to pay, and Americans, at any rate, are not likely to err on the side of under-estimating their losses. "It was pointed out that prior to Roumania's throwing in her lot with the Allies, Germany was drawing her principal supplies of oil from that country. Roumania's entry into the war was a most serious blow to Germany, more in a material than in a military sense, and it was remarked that this accounted in large measure for Germany's desperate efforts to crush Roumania quickly and obtain possession of the wells. The British mission frustrated this; it is a check to the Kaiser."

MOSCOW IS REPEATED. "I learn from my letters that the Roumanians with splendid loyalty to the Allied cause, prevented their vast stores of grain from falling into the enemy's hands. What they could not remove or render unfit for human consumption they destroyed. It was the story of Napoleon's capture of Moscow over again, with variations. The huge captures of grain announced in boastful bulletins throughout Germany existed only in imagination, and the big hauls of cattle and other live stock were equally shadowy and unsubstantial. The Roumanians, I judge from my letters were not caught napping, and it was a burlesque feast that awaited the Huns after their triumphal march through the temporarily conquered territory. The Roumanians carried out their part of the work as thoroughly as the British mission under Colonel Griffiths performed its share."

Cruel Reception—"How do you manage to keep your cook so long?" "My husband has promised her that if she is working for us when we strike he will buy her an auto." "But I did not know you had any car prospects?" "We haven't."

"If you can't pay your debts just declare a moratorium. And if you are late just turn the clock back."

"I think it my duty to tell you what 'Fruit-a-tives' has done for me. Three years ago, I began to feel run-down and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-tives', I thought I would try them. The result was surprising. During the 34 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-tives', and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

Died—At Eel River, N. B., sometime between the first of August, 1916 and Jan. 6th, 1917. "The School-board. Funeral will be announced later."

Although the writer has not heard of any actual deaths, the above board must be dead or else trying to imitate "Rip Van Winkle", if it can be judged by its actions in the above mentioned period, the only activity shown in the part of the above mentioned board is in collecting taxes and then a few only are called upon to perform that duty, while others are allowed to remain in arrears for several years. For the fall term one second class teacher, was secured (a very efficient teacher), but the primary department was closed, could not get a third class teacher and for the present term it is still worse, there is no teacher at all, and there are upwards of one hundred scholars running the streets.

When the school board, (which is composed of a Secretary and one Trustee, the secretary acting as trustee) is asked the reason for the actual condition of things the answer is that no teachers are available. How is it that other districts can always secure teachers? Simply because they are alive to their business, advertise in the newspapers, make efforts in that direction. I defy any man to show me that there was an advertisement put in any paper for a teacher in this district, but what can you expect of dead people, the consequences are that both of the departments in our school are closed.

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a 25 cent bottle of Danderrine.

If you care for heavy hair that glazes with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderrine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice wavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, break and die; then the hair falls out. Surely get a 25-cent bottle of Danderrine from any drug store and just try it.

MORE HONOR FOR CAMPBELLTON SOLDIER

Lt.-Col. A. E. G. McKenzie, D. S. O.
Made Acting Brigadier General of Canadians.

St. John, Jan. 13.—Lt.-Col. A. E. G. McKenzie, D. S. O., who has been the efficient officer commanding the famous 26th New Brunswick Battalion at the front, is now acting Brigadier General of the Fifth Canadian Brigade, while Major Douglas McArthur is the acting head of the battalion.

The news of the promotion of Colonel McKenzie reached the city last evening, and is one of the most important announcements of military concern that has been received in the city for many months.

It is also stated in authoritative circles that Colonel McKenzie is likely to be created to the full rank of Brigadier General in the near future.

The news of Colonel McKenzie's promotion is regarded locally not only as a tribute to his own incalculable worth, but to the magnificent work which his battalion has accomplished since they went into the trenches, nearly a year and a half ago.

Col. McKenzie is taking the place of Brigadier General MacDonnell who is absent on leave. General MacDonnell is a former Royal Canadian Regiment man and was for a time stationed at Fredericton.

Captain Gordon Johnstone, one of the returned heroes of the 26th, speaking of Acting Brigadier General McKenzie last evening said that his work at the front had been a revelation. When Captain Johnstone left the trenches in September last the acting brigadier was regarded as one of the outstanding figures in the entire Canadian army at the front and a man who would undoubtedly command a still higher place in the Canadian forces. "I cannot say too much in praise of Col. McKenzie," said Captain Johnstone. "In a very large measure he is directly responsible for the many achievements of the 26th. A brilliant military man, he has the genuine co-operation of every officer, non-commissioned officer and man of the battalion. He will undoubtedly go still higher."

The many local friends of Col. McKenzie, D. S. O., will rejoice in the announcement of his promotion to the acting head of a position involving such great responsibilities. Major McArthur's many friends will also be pleased to hear of his success in being given the acting command of such a splendid body of fighters as those comprising the famous 26th.

CANADIAN TOMMY

NEED NOT DRINK

London, Jan. 12.—Sir Robert Borden recently wrote Sir George Perley about the reported temptations for drinking offered young Canadian Soldiers in the Expeditionary Force.

Sir George Perley pointed out to the War Office that influential sections of no teachers are available. How is it that other districts can always secure teachers? Simply because they are alive to their business, advertise in the newspapers, make efforts in that direction. I defy any man to show me that there was an advertisement put in any paper for a teacher in this district, but what can you expect of dead people, the consequences are that both of the departments in our school are closed.

The War Office has now informed Sir George that rum is issued to troops only at the discretion of the general officer commanding, on the recommendation of the medical officer, and that when the order is issued for troops serving with the Expeditionary Forces in the Field, the individual soldier who objects, to spirits may be supplied with cocoa or chocolate instead.

400.00 Pounds of Powder Destroyed at Haskell, N. J.

New York, Jan. 13.—Four hundred thousands pounds of powder was destroyed by fire and explosion at the Haskell, N. J., plant of the Dupont Powder Company at 9.30 o'clock last night. Officials of the company declared after checking up the members of the night shift at the works, that only two men were missing. Twelve others were cut with flying debris, but none of them was seriously hurt. No estimate of the loss was obtainable.

INTERNATIONAL RAILWAY PURCHASED.

Arrangements Reported Complete for Taking Over Railway

St. John, N. B., Jan. 12.—One of the most important railway transfers that has taken place in New Brunswick in recent years, says The Standard is the acquisition of the International Railway by the Dominion government. This is the line of railway between Campbellton and St. Leonard, which was constructed by the late Thomas Malcolm.

Various rumours were in circulation about the city yesterday relative to the transfer, but The Standard is in a position to say that the government is the purchaser and the arrangements are complete for the taking over of the railway.

It is a well known fact that the railway has been under lease to the government for some time past, but the consummation of the negotiations for its purchase have just been terminated. Various figures are mentioned as the amount involved in the transfer, but nothing authentic has been announced in this connection. It would not be surprising, however, if the purchase price was between two and three millions of dollars.

WANT CANADIANS

FOR ROYAL NAVY

Men Joining Will Be Given the Same Pay as in the Army

Progress is being made with enlisting for the Royal Navy Canadian Volunteer Reserve, which is being carried on in Montreal, as well as all over Canada. Despite the great work the navy has done for the Empire during the first two years of the war Canadians had no opportunity of enlisting in the Royal Navy, unless they went home to Great Britain and volunteered, serving at the British rate of pay. This low rate of pay made such service impossible for men with families here although a number did enlist in this way, several hundred joining the Royal Naval Volunteer Motor Patrol and the Royal Naval Air Service.

With the enormous increase in tonnage in the Royal Navy since the war thousands of men are needed to complete the establishment. These men could easily have been secured in Great Britain, but with conscription in force, this would simply have robbed the army. The Admiralty, realizing that many men in Canada would rather serve in the navy than the army asked the Canadian Government to raise five thousand men for the King's Navy.

This was at once agreed to by the Canadian Government, as a part of Canada's half million men for the Imperial service overseas, with arrangements whereby men enlisting for sea

LETTER

This letter was received by Mrs. Steves from a soldier at the front regarding her son Robert who has missing since Sept.

B. Co., 5 Can. Batt.
Dec. 16th, 1916.

Dear Mrs. Steves:

I have no doubt you have been informed regarding your son Robert since you sent off his usual parcel, so I feel it my duty as Sergeant of his platoon to acknowledge the receipt of all his parcels. There was three parcels arrived here the other night for him also a few letters enquiring about him, so I will endeavor to reply to all. I may say that Bob (as he was best known by the boys in his Co.) was one of my best friends and was a great favorite with all the boys. I feel in writing to you, his Dear Mother, that your loss is also our loss and we extend to you our deepest regret, but I hope you will find comfort in knowing that he was a soldier bold and true and played the game right through to the last. I'm sorry to say I have no cheerful news that I can give you regarding Robert only what has come through the Battalion orderly room, that is, he has been missing since 26th Sept. Howard, his brother was one of my section and could give you some information regarding what happened on the 26th. I hear that Howard is getting along alright, will you please tell him to write me I would like very much to hear from him, he was a good lad. I have just been writing Mrs. Clark thanking her for the splendid parcel contributed by the girls of St. Stephen Church. It was really the best parcel I've seen yet. I divided it as equally as possible so that all the boys got something each. Hope they will write and thank them for their kind thought, believe me everything was well appreciated by all. When the parcels arrived all the boys that knew Robert seemed to say with one voice, "If only Robert was here to enjoy all the dainties from his many friends of his home town we would all have felt much better."

Now, Mrs. Steves I'm afraid this is all I have to say this time, will be only to please to give you any information possible. Please, pardon me taking the liberty of distributing his parcel's hoping this will meet your approval I can only once more thank you one and all for your kind thoughts of the boys at the front.

I am yours most sincerely,
SERGEANT D. GIBSON

service shall be given the same rates of pay and other considerations as the land soldiers with expeditionary forces. No sea experience is necessary, and men physically fit between 18 and 38 are given the unusual privilege of joining the Royal Navy at full seaman's rank at a wage many times that paid in the British Navy, while they are rated two ranks higher than that allowed ordinary green recruits.

A 'CHARGE FOR CASEY'

MEANS DEAD GERMANS

Returned Soldier Tells of Canadians' Love for Fallen Hero

ABOUT FORTY-SEVEN HOURS after arriving for the Western front to become officer in the 23rd Kilties Battalion, Sergeant George H. P. Babin, of Edmundston, and he will be the lieutenant in command of Madawaska county platoon.

Few Canada's soldiers have seen more fighting in this war than has Babin who enlisted at Penticton, B. C., at the outbreak of the war and went overseas with the 7th Battalion.

"Oh, we are not always so blood-thirsty on the Western front as you think," said Serg. Babin to an interviewer. "You know even soldiers get tired of killing and being killed and for a time we used to declare a sort of truce between 7 and 9 in the morning for the purpose of bringing in the wounded and carrying them back to the dressing station. Each side would use the white flag, which the Germans respected between hours. I have seen one of our subalterns talking to a German captain out in 'No Man's Land' in broad daylight and exchanging souvenirs," he said. "The shell fire did not cease, but that was going over us and it was not very dangerous."

When Casey Fell

Most veterans of the present war have in mind some particular officer to whom they look up and if that man is killed they mourn deeply because of it. In this case it was an officer of the 7th Battalion, known as Major Casey.

"Yes, Casey was one of the fighting race," said Serg. Babin. "He enlisted as a private, went to France as a Corporal, and rose to rank of a Major. He was a prince among men, and there's considerable 'blood' over on the western front at that. Well, in one big scrap Casey was killed. The boys knew he was killed but none had the nerve to break the news to the O. C. 'Where's Casey?' was the first question the colonel asked when he got in."

"He's killed," replied one of the boys.

"I didn't ask if he was dead or alive but I asked where he was," returned the battalion commander.

"Well, I guess he's out in 'No Man's Land' in a shell hole," one of the fellows replied.

Well, go get him," came the sharp answer. "I don't care a curse if it takes the whole brigade we've got to get Casey."

"Well, we obeyed orders and we got Casey. We found him lying dead in a shell hole with a bullet through his head, an explosive bullet at that. We carried him in and the hearts of the men who carried him I guess were a

good deal heavier than the weight of the dead man.

"Casey has been dead now for months but Casey still lives in the memory of the boys of the battalion; he will never die. 'Charge for Casey,' they say when they go over, and G—the German who gets in the way when we charge for Casey—well, he's listed as killed the next day in Berlin."

The Hun Way

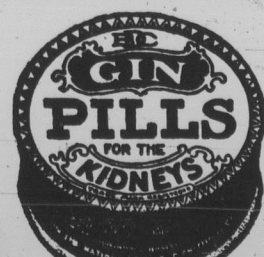

Serg. Babin has seen a great deal of fighting, but would tell you little about his own experience in connection with the use of the white flag for the bringing in of the wounded, he said:

"The Germans will take every advantage. I remember one week when our front line was battered almost level. There was one corner which held up, where the boys always got their rum rations served. It was a mighty good corner that when you were cold and hungry, and nearly frozen and wet to the waist. When we were bringing wounded the party would generally stop in the shelter of this corner for a moment. The Germans got wise to the movement and no sooner had the white flag, gone down than six coal boxes came across, direct hits on the only real shelter we had at the time, and we lost all our rum rations for a day or so. But that wasn't so bad as the time that we lost three or four of our best men who happened to be there at the time when the shells came."

SAYS WRIST WATCHES GET 'DRESSING TABLE COLIC' IF THEY'RE COLD

"Don't treat your wrist watch cruelly," said a watchmaker to a customer, "and then you won't be coming to me for repairs so often. This wrist watch of yours probably has 'dressing table colic' or 'mantelpiece chill.' Half the cases of snapped mainspring are due to those ailments."

"Wrist watch owners think that if their watch is exposed all day to the air it ought to be hardy enough to sleep on a mantelpiece or dressing table. But in the coldest weather the watch gets a certain amount of warmth from the wearer's wrist. What you should do is put your watch under your pillow at night. Watches need warmth and equable temperature even as we do."

ANOTHER MOVE UP

We are sure citizens in general will unite with the Graphic in extending heartiest congratulations to acting Brigadier General A. E. G. MacKenzie upon his promotion and hope that very shortly he will receive the permanent appointment. We should all be proud of this military record of a Campbellton boy.

A DISGRACE.

The condition of the passenger cars in use on the International division between St. Leonards and Campbellton is a disgrace to any railway, and should be promptly seen to. Monday night the express coming to Campbellton was very late. There was a large number of passengers, among whom were women and children.

We were informed by passengers on the train that the car was dirty, cold and ill lighted. Men were smoking in the same compartment in which were women and children, and the toilet room was not fit for a human being to enter.

At this season of the year we can understand a train being late, but when a supposed first class passenger car having a number of lamps is lighted by only two, and these not in the pink of condition, and fifth and dust are allowed to accumulate, then it is time some steps were taken to remedy the matter.

When the late Thomas Malcolm was managing the International a first class service was given, but since the government has taken it over it has gone from bad to worse.

Now that the government has purchased this road it is hoped some needed improvements will be made in the train service.

PROTECT THE BIG GAME.

There are now about four feet of snow in the Restigouche woods, and big game animals are practically helpless. They are in their yards where they stay in the winter unless molested.

In past seasons this is the time pothunters have slaughtered them and supplied the meat to the lumber camps throughout the district.

We presume the same thing is being done this year. In fact the first word of this has reached town.

We sincerely trust that the government wardens are alive to their duty, and are protecting the animals at this time, and that we will hear of numerous prosecutions of those guilty of breaking the law.

Our big game is one of our best natural assets, and if it is not protected will soon disappear from this territory.

We ask any reader who has knowledge of any illegal killing to report the matter to us. The source of such information will be kept secret by us.

DEATH OF GEORGE

R. CAMP, M. D.
At Sheffield, unday Jan. 14th, Dr. Camp passed into rest after about two months illness, aged 66.

George Rigby Camp was born at Upper Jemseg, Dec. 5th, 1852. He was the second son of John James and Emma McCurdy Camp. He grew up on a farm going to the country school for his early education. He went to the Gagetown Grammar school and gained himself for teaching. He attended the Normal School, Fredericton. He taught school for a number of years. He entered Bowdoin College in 1887 from which he graduated with honors. Previous to his taking this course, he studied with the late Dr. Foster McFarlane of Fairville for a number of years.

He began his medical practice at

SUCCESSFUL CARNIVAL FRIDAY EVENING

Many Attractive Costumes and Good Music for First Event

A most successful carnival, the first of the season was held at the Skating Rink last Friday evening. A very large number of skaters were in costumes and many spectators were present. The Campbellton brass band supplied a good program of music.

The prizes were awarded as follows: The most original prize, a beautiful travelling set, was won by two young ladies, Miss Jean Jardine and Miss Edna Farrer, who represented "Scotch Girls."

The men's prize, a set of military brushes, fell to Mr. Duncan Gallon who represented "A Canadian Soldier mounted upon the Kaiser's back."

The ladies prize, a beautiful jewel case, was won by Miss Yvonne Cantin, who represented "The Alliees."

The children's prize, a drawing set, was carried off by Catherine Andrew who represented "Red, White and Blue."

The funeral was held at the home, Jan. 16th, conducted by Rev. Joseph Ainsworth, his pastor. Interment was made in the cemetery at Mauderville.

ASTOUNDING REPORT FOR CAMPBELLTON.

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Alder-ka benefited her INSTANTLY. Because Alder-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold. A. McG. McDonald, Druggist.

MENTIONED IN THE DESPATCHES

Some New Brunswickers in The List

Another list of Canadian men mentioned in despatches by General Haig commanding the British forces in France, was given out last Saturday at London. Among the number are: Lieut.-Col. A. E. MacKenzie, Major J. A. MacKenzie, Major C. E. Fairweather, Capt. C. G. Porter and Capt. C. E. Leonard, all of the 26th Batt.; Lieut.-Col. C. E. Bent, of Pugwash, N. S.; Major L. W. Baker is also mentioned, but he is credited to the infantry. Major D. Stanley Bauld, a Halifax man, who is well known in St. John as a foot-ball, cricket and hockey player, is in the list, too, with other Maritime Province men.

FOUR, ACID STOMACHS, GASES OR INDIGESTION

Each "Pape's Diapepsin" digests 100 grains food, ending all stomach misery in five minutes.

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the whole world and besides it is harmless. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest and most harmless stomach doctor in the world.

Touching the matter of pensions for returned soldiers, public sentiment is very strong in favor of giving the men who have fought and bled the most generous consideration. There must be nothing hollow about the assertions made that we owe them a great debt. We must endeavor to pay the debt—Ex.

McLELLAN CUP GAMES

The curling match between North Sydney and Truro, for possession of the coveted McLellan Cup, which was to have taken place on Wednesday, was called off on account of bad weather, and will be played on the 17th. Bathurst curlers who were to play on the 17th will therefore not play until the 24th.

A SHELTER NEEDED

The residents of Glenoe and Glenlivet complain that there is no shelter for passengers desiring to take the train at Christopher Crossing on the I. N. R. They are obliged to wait in the cold or bother a nearby resident. There is a large traffic from this point and some provisions should be made to provide for it. The suggestion has been made that even an old box car body would be acceptable.

PRESENTATION

On Friday evening last after the usual devotional and business meeting of the Girls' Branch of the Women's Auxiliary of Christ Church, they were joined by the members of the Senior Branch when an address was read by Miss Lottie Scott, President of the Girls' Branch and a purse of gold was presented to Mrs. J. E. Purdie by Mrs. John Gilker, President of the Senior Branch. A pleasant social hour was spent.

FAREWELL SERVICES

Rev. J. E. Purdie will hold farewell services as follows: St. George's church Flatlands, Thursday evening, Jan. 18th at 7.30 o'clock.
Atoll Church, Sunday, Jan. 21st at 3.30 o'clock.
Christ Church, Campbellton, Sunday evening Jan. 28th at 7 o'clock.

A ROUGH EXPERIENCE

Last Friday night Mrs. A. K. Thompson left Campbellton on the Suburban to go to her sister's home at Black Point. The train was very late in reaching Dickie's siding, where she was to get off and by that time a very heavy storm was raging. Mrs. Thompson became bewildered by the storm and was completely astray when the train was backed up to a cowshed found by the train crew who after leaving her at this siding, where there is only a shelter, became alarmed and returned to see if she was progressing all right. She was taken on board and set down at Jacquet River station where she remained until next morning. Had the train crew not returned in all probability Mrs. Thompson would have become lost in the blinding snow storm.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Our visiting friends for the holiday season have all gone back and our village is as quiet as ever.

Miss Lulu LeBrocq and Miss Lydia Poirer have opened up their school. Mr. Jacobson's school is still closed for he has been sick we hope he will soon be well.

The Red Cross members met at the home of Mrs. John S. Allan on Wednesday Jan. 3rd. We notice the largest meeting for several months twenty members being present. Many pairs of socks and shirts were given in and several members paid their fees.

A very useful and pleasant evening was spent, refreshments were served. Mrs. Allan is one of our oldest Red Cross members. She attends most of the meetings, has knit many pairs of socks for our soldiers, and she is indeed doing her bit.

The Members were pleased to meet Miss Annie Allan at home although she has been teaching in Lorrerville, she is a very faithful member of our Red Cross Society.

We regret that Mrs. G. Brooks is very ill, our best wishes for her speedy recovery.

The weather is very bad heavy falls of snow which makes it very disagreeable.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75 cents.

"TO HELL WITH THE KAISER"

SAID HUN ON CANADIAN DIET

"The British army" said Mr. Irwin was undoubtedly the best fed in the world. He told of a German American captured by the Canadians on western front, who had for breakfast all the boiled beef he could eat, with bacon on the side.

"Do you eat like this every day?" asked the prisoner. "Sure," said the Canadian cook.

"Dinner too?"

"Oh dinner is better than this."

"How about supper?"

"That's the best meal of all."

The prisoner lit a cigarette and gave a contented sigh of satisfaction.

"Oh well, to hell with the Kaiser anyway," he said.

MRS. SLACK'S LETTER

To Mothers of Delicate Children

Palmyra, Pa.—"My little girl had a chronic cough and was so thin you could count her ribs, and she had no appetite. Nothing we gave her seemed to help her, until one day Mrs. Nelson asked me to try Vinol; and now she is hungry all the time, her cough is gone, she is stouter and has a more healthy color. I wish every mother who has a delicate child would try Vinol."—Mrs. ALFRED SLACK. We guarantee Vinol, our non-secret tonic to make delicate children healthy and strong.

DALHOUSIE

(Crowded Out last Week)

The annual meeting of the Dalhousie Social Club was held in the Club Rooms on Wednesday evening Jan. 3rd. The meeting was presided by Mr. C. H. LeBlond the retiring president. Mr. Murry McKay acted as Secretary. The following officers were elected for the coming year. President—A. G. Ferguson M. D. Vice-President—M. P. B. Troy, Secy-Treasurer—Mr. Murry McKay, Auditor—James Wallace. The Room Committee contains the following: James Wallace, John Edmonds, Wallace Sheehan. Those in the Literary Committee are: R. G. Mowat, H. Kierstead and Charles Stewart.

Word has been received here that Mayor L. D. Jones of the 132nd Battalion has left England for France.

The sad news was telegraphed here on Thursday that Mr. William Smith of this place had died at the home of his sister, Mrs. DesBrisay at Toronto.

Mr. Smith was harbor-master here for some years, he was also Parish Court Commissioner for this Parish. He was a much respected citizen of this town and a prominent member of the Dalhousie Social Club. He was also Church Warden in St. Marys Episcopal Church. His death came as a shock to his many friends here many of them having known him since boyhood. After going to Toronto he apparently improved in health and when returning to his room seemed well and cheerful but succumbed to an attack of heart failure about 4 A. M. the following morning. He was a son of the late Mr. Sherman Smith and is survived by four sisters.

The remains arrived here Saturday morning and lay in state in St. Marys Episcopal Church until burial. The funeral services were conducted by the Rev. R. J. Coleman at 2 o'clock.

The mourners were Messrs. Andrew and Frank Barberie, nephews of the deceased. The pall-bearers were Mr. James Duncan, Mr. Charles Stewart, Mr. A. C. McKenzie, Mr. John McLeod, Mr. Charles Powell and Mr. Donald McDonald.

Word has been received here that Lt. William Watt had returned to the firing line after recovering from wounds received last summer. Lt. Watt is a Dalhousie boy and went overseas with the 64th Battalion and was transferred soon after arrival in England.

The Dalhousie Superior School opened Tuesday with Principal Mowat in charge. Miss Wright of Rexton is teaching grades 3 and 4 in place of Miss Newcombe resigned. Owing to Miss Harquail's absence the primary department is closed but will reopen on her return.

Mrs. John Baldwin received word last week from two officers of the Canadian Army who are prisoners of war in Germany telling her that her son Corp. Gideon Baldwin of the 6th Canadian Mounted Rifles had been killed in action on June 2nd. Corp. Baldwin previous to enlisting was teller in the Royal Bank of Canada here was one of Dalhousie's most popular young men. This is the third Dalhousie boy who has laid down his life doing his bit for the Empire.

A very quiet and pretty wedding was solemnized on Tuesday at 2.30 p. m. at the Manse by the Rev. J. H. McLean. The bride was Miss Grace Alice Hamilton daughter of Mr. James A. Hamilton of Point La Nin and the bridegroom was Mr. John Lester Ward of Black Point son of Mr. Daniel Ward. The happy couple left on Tuesday evening for Springfield, U. S. A. where they will reside. Mrs. Ward is a graduate of Dalhousie School and is well known here. Her many friends wish her happiness and prosperity.

The first schedule game of the Dalhousie Curling Club was played on Monday evening between Mr. D. G. Stewart and Mr. W. A. R. Craig the score being 18 to 6 in favor of Mr. Stewart. The rinks were as follows:

B. McKay A. Arseneau
J. H. McLean S. Norton
M. McKay Louis LeBlanc
D. G. Stewart Skip W. A. R. Craig Skip

Miss Vina Bateman daughter of Mr. Jack Bateman of this place is seriously ill at her home. Her friends wish her a speedy recovery.

"CANADA'S BEST SHOEBACK MAKERS"

Where Are They?—The man who had made a huge fortune was speaking a few words to a number of students at a business class. Of course, the main theme of his address was himself.

"All my success in life, all my tremendous financial prestige," he said proudly, "I owe to one thing alone—pluck, pluck, pluck!"

He made an impressive pause here but the effect was ruined by one student, who asked impressively:

"Yes, sir; but how are we going to find the right people to pluck?"

NORTH SHORE BOYS ARE HIGHLY REGARDED.

Mayor Fish is in receipt of a very
interesting letter from Lieut.-Col. G.
W. Mercereau from Bramshott Camp,
England, dated Dec. 21st last. Col.
Mercereau had just come out of the
hospital, and says, at the time of writing
he feeling "pretty shaky" but that
the Mayor's letter has put new life in
to me.

This is an excerpt from Col. Mercereau's letter. "The breaking up of
our Battalion has been a hard blow to
all our officers, has nearly broken my
heart, and has been the chief cause of
my going to hospital. However, it
has been a strong tribute to us, and to
the kind of men the "

R. produces. There were many favorable
comments made on their physical
and soldierly deportment here as
well as at (name deleted by Editor)
by the officers, reviewing them
there; and some wonder expressed as
to where such a bunch of young stal-
warts was recruited and trained."

Newcastle Advocate

"His wife is a remarkable woman."

"Ho so?"

"She can look stylish in bonnets
that he likes."

Gib—"that man over there is mak-
ing a perfect spectacle of himself."

Dibbe—"for advertising purposes
no doubt. He's an optician."

might be right, and that we must "will
to power" can by the wildest stretch
of imagination be represented as
Christian; then we would be left dumb
and there would be no more reason to
object to this war. But if Christ's
teaching be accepted then we know
that this "gospel of peace" is absolutely
at variance with His "gospel of
peace" and we who believe in Christ
have got to view our past sins with
broken and contrite hearts as we
think that this war was made possible
because of the failure of the church
of God to live in accordance with our
professed beliefs. As professing Chris-
tians we had so little of the "other
world" spirit that we failed in humil-
ity and usefulness and love and meek-
ness, and have become worldly minded
and arrogant and selfish and luke
warm in our love, which in God's sight
is one of the saddest conditions, Rev.
III. 15-16.

Therefore God has allowed this aw-
ful chastisement to fall on us that we
may "consider our ways" and return
from "doing evil" and from our evil
ways. He is calling to us as churches,
nations and as individuals, return un-
to Me and I will return unto you.
Like as the Lord thought to do unto
us, according to our ways and accord-
ing to our doings so hath He dealt
with us." Lech I 2-6.

His judgments are in the earth are
we willing to learn righteousness?
God grant that we may confess and
forsake our sins and return to Him
with our whole hearts.

Thus far we thought of the dark
side and it may seem as if the title of
this article were very inappropriate;
but we desire to remind each other
of the old adage. "It is always darkest
the hour before dawn" and with
joyful optimism we answer when
asked; "What of the night?" "The
morning cometh," of this there can be
no doubt. There are signs of break-
ing day scarcely perceptible to the
weary, anxious, watchers, but they are
sure and increasing when Jacob was
left alone that night (perhaps the
most anxious and distressing he was
ever called to face) and becoming
more and more exhausted in that
struggle, he apparently had no thought
that the dark night was nearly
thru till the mighty Divine Wrestler
said to him "Let me go for the day
breaketh". He knew the signs of the
dawn were there, though Jacob knew
it not and when the day broke on that
weak but "princely" man he went for-
ward in the sunlight for we read that
"The sun rose upon him as he
passed over Peniel. What a sun rise!
May we dare anticipate a similar
burst of sun rise glory after the dark-
est night yet known in history? Yes,
God is God and changes not, and He
will speak peace to the nations.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach,
Sluggish Liver and Bowels—They
work while you sleep.

Furred Tongue, Bad Taste, Indiges-
tion, Sallow Skin and Miserable Head-
aches come from a torpid liver and
clogged bowels, which cause your
stomach to become filled with undig-
ested food, which sours and ferments
like garbage in a swill barrel. That's
the first step to untold misery—indig-
estion, foul gases, bad breath, yellow
skin, mental fears, everything that is
horrible and nauseating. A Cascaret
tonic will give your constipated
bowels a thorough cleansing and
straighten you out by morning. They
work while you sleep—a 10-cent box
from your druggist will keep you feel-
ing good for months.

After a careful survey the watch-
maker said, "I'm afraid, sir, the cost
of repairing will be double what you
gave for it."

"I don't mind that," said the soldier.
"Will you mend it?"

"Yes," said the jeweler, "at a price."

"Well," remarked Tommy, smiling,
"I gave a German a punch on the nose
for it, and I'm quite ready to give you
two if you'll mend it."

From the Moncton shops of the
Canadian Government Railways
there has recently been released the
first hospital car in Canada to be
used for the transport of our return-
ing wounded soldiers. One of the
coast-riding sleeping cars has been
converted into a hospital on wheels.

The seats on one side of the car
ordinarily used as lower berths, and
the men's smoking compartment
have been removed and five regula-
tion hospital cots installed. The
beds, braced so as to be perfectly
rigid, afford better opportunities for
the more skilful handling of the
patient than the ordinary sleeping
car berths and are of such a height
as to permit the occupant to have a
view of the country through what
he is passing without any unneces-
sary exertion.

Other and important features are
the double doors in the centre of the
car opening inward, thus permitting
stretchers to be carefully at-
tended to. Lockers for the storing
of medical supplies have been built.
There is also a small buffet where
hot water can be readily provided
and equipped for the serving of light
meals; in fact, all the requirements
so that when open they may act as
a screen to draft and view of the
beds nearby.

From the outside the purpose of
the car is made apparent, the nar-
row "Military Hospital" has been painted
in prominent letters and this is aug-
mented by the insignia of the "Red
Cross" on each end of the car. This

is "the first of a series" which the
Government Railways have been
called upon to provide. Another
car to be used in conjunction will
be an "all-bed" car. All the seats
will be removed, and as the end
doors will be widened, so as to per-
mit easy entrance or exit of stretch-
ers, the central doors will not be
necessary, thus providing room for
more beds. Each car will have a
nurse and an orderly and one doctor
will be in attendance to ever five
cars. The work has been under-
taken at the request of the Military
Hospitals' Commission, who are ex-
tending their activities by providing
for treatment and accommodation in
Canada of a large number of Cana-
dian wounded men in the Old
Country hospitals.
