## COUN. BELLE-ISLE'S RESOLUTION GONE.

Famous No Enforcement of Prohibition Law Resolution Wiped Off Book.

A meeting of the Town Council was held Monday evening. His Worship Mayor McKay presiding. Coun. Wallace, Belle-Isle, Patterson, Moore, Blissett, Chamberlain, St. Onge and Duncan being present. The minutes of the previous regular and several special meetings were read and confirmed.

A communication from the Secretary of the N.B. Union of Municipalities, stating that the annual meeting would be held in August at St. John and asking that a delegate be sent and the annual fee be sent, was read.

Coun. Blissett moved that the annual fee be remitted. Carried.

The N.B. Workman's Compensation Act Board wrote asking assistance in a Safety First and First Aid educational campaign which it is desired to carry on in New Brunswick.

On motion this matter was referred to the Education and Improvement committee.

The resignation of Coun. Chamberlain from the Public Property and Streets committee was read and accepted.

Mr. Theo. Dickie wrote as follows: To Mayor and Councillors, Gentlemen:

I notice that the Mayor has taken exception to the Chairman of the Public Property and Streets Committee employing me for a few days to assist in the finishing of the Town's Concrete sidewalks, on the ground that I am a high-priced, expensive workman.

May I be permitted to say that in twenty years this is the first time such a charge has been made against me. I have been employed by many leading firms throughout our County and last fall, on recommendation of the Fidelity Insurance Co. Boiler Inspector, I was engaged for several months by a large firm in Nova Scotia at \$1.00 per hour, all expenses and board paid.

I was also employed by Price Bros. at a like sum. Both firms spoke highly of my cement and brick work; also of my supervision of the men.

It does appear to many of our rate-payers and myself that the construction of our sidewalks should at least have been offered to our resident workmen, under inspection of our Town Engineer and according to specifications, in common with others. I am prepared to do, I will give bonds that the work will be satisfactory in every respect. It would appear that it is much easier to pledge economy than to practice it when in office.

I trust the Coun. consider local men and the tax-payers before sending our money out of Town.

Yours truly,  
Thomas Dickie

His Worship said that Mr. Dickie's statement was hardly correct. He was not put off the job because he was a high priced man, but because he had

## BIG TURNOVER AT NEW CARLISLE.

Orange Lodges Hold Big Demonstration there on July 12th.

The special train carrying members of the different Orange Lodges to New Carlisle on Tuesday was crowded and from all the surrounding country many members had motored or driven to New Carlisle. The weather was the usual 12th of July brand, warm and fine. The order of march was the longest ever witnessed in New Carlisle and a most enjoyable, orderly time was spent by all. The Campbellton contingent arrived home about one o'clock Wednesday morning.

been hired by the Chairman of the Public Property and Streets committee after the Coun. had at a regular meeting decided to engage Mr. Lushie.

Coun. Belle-Isle moved that the communication be placed on file.

Coun. Wallace said that Mr. Dickie had been hired before Mr. Lushie arrived.

Coun. Belle-Isle said the Mayor's statement was absolutely correct. Council had hired Mr. Lushie, while Coun. Wallace had hired Mr. Dickie.

The Chief of Police Adams wrote asking for the usual two weeks holiday for himself and Officer Smith. Referred to the Police and License committee with power to act.

Dr. Donnelly wrote applying for position of meat and milk inspector. Laid on the table.

Mr. M. B. Dixon wrote in reference to further grant of \$50,000 for use under Housing Scheme, enclosing Contracts for signature of Mayor and Town Clerk.

Coun. Belle-Isle moved that Mayor and Town Clerk be authorized to sign same. Carried.

The Clerk stated that he had received seven protests from rate-payers in reference to their assessments.

Coun. Blissett asked if these people had followed out the by-laws relating to assessment and made their protests within the prescribed time to the Assessors.

The whole were referred to the Assessment and Appeals committee.

Supt. W.J.S. Walsh tendered his resignation from the Water and Sewerage Department to take effect as soon as possible. Laid on the table.

Coun. Wallace tendered his resignation as a member of the Assessment and Appeals committee. Resignation accepted.

Mr. R. R. Beebe, C. E. wrote applying for position as Town Engineer, Superintendent of construction, etc. Letter laid on table.

Departmental accounts were then passed.

The monthly reports of the various departments were read and after discussion placed on file.

Coun. Belle-Isle from the Assessment and Appeals committee reported that the committee had taken into consideration several applications for reduction of taxes, but so far recommended no changes.

## WOODSTOCK'S TAX RATE AGAIN LOW.

What Business Like Management Does For Woodstock.

The tax notices for this town are being delivered. The assessment rate is \$1.52 a \$100; last year it was \$1.66 a \$100. It takes \$96,500 to run the town every year; of this amount \$24,000 goes to schools; \$21,500 to ordinary schools and \$2,500 for vocational training—\$12,500 for water and light. However we are wisely governed and in a far better financial condition than other towns.

Below is the assessment rate, (note the rate land population of the four North Shore towns as compared with Woodstock.

Campbellton, assessment \$5,495,039; rate, \$2.00; warrant, \$100,000; bonded debt \$514,000; population 6,425.

Chatham, assessment \$2,159,000; rate \$4.50; warrant, \$100,000; bonded debt, \$401,550; population 5,000.

Bathurst, assessment \$1,573,950; rate \$2.60; warrant \$48,338; bonded debt, \$194,000; population 4,000.

Woodstock, assessment \$4,200,000; rate \$1.62; warrant \$96,000; bonded debt, \$251,000; population, 4,000.

Woodstock has made a very gratifying showing under the town manager system.

Report received and adopted.

The matter of Supt. Walsh's resignation was taken up.

Coun. St. Onge, chairman of the Water and Sewerage committee said Mr. Walsh wanted to be relieved as his work was interfering with his private business.

Coun. Blissett moved that Supt. Walsh's resignation be accepted. Carried.

The Council took up Mr. Beebe's application.

Coun. Belle-Isle moved that the Council engage Mr. Beebe, and that agreement be entered with him. Carried unanimously.

Councillor Wallace moved that Mr. F. A. O'Leary be appointed a constable. Carried.

Coun. Duncan suggested that electric power be installed on rock crusher, stone procured from Sugarloaf and crusher kept busy during the summer months. The town would then have sufficient crushed stone to carry on all paving work.

Coun. Moore moved that the Public Property and Streets committee look into the matter and report at next meeting. Carried.

The matter of the appointment of a meat and milk inspector was allowed to stand.

Coun. Moore asked if the water and Sewerage Department was making plans for the required number of fire hydrant on Lansdowne Street.

Coun. St. Onge—Yes.

Coun. Belle-Isle read a letter from a resident of Roseberry Street complaining of the fire hazard of certain shacks owned by Messrs. A. and R. Loggie.

## PORTABLE MILL BURNED ON I.N.R.

Lynch & Fournier's Lumber Mill Near St. Quentin Burned.

Reports have been received here that a portable mill owned and operated by Lynch & Fournier, near St. Quentin, on the International Railway division, on the Canadian National Railways, was destroyed by fire during the week-end. The fire originated in the mill-yard or about the mill and the Department of Lands and Mines have been advised that the flames were put out without spreading to the forests.

PRESENTATION TO MR. CHAS. ALEXANDER.

The many friends of Mr. Chas. A. Alexander will be interested in a pleasing little incident which took place in the Firemen's Rooms last evening when he was made the recipient of a fine Smoking Stand, presented as a mark of their appreciation of his faithful work and services by the players and supporters of the Campbellton Hockey Team.

The presentation was made by Mr. Ray Matthews, who tried to convey in a few well chosen words the esteem in which Mr. Alexander is held by his associates.

The genial "Charlie" although taken completely by surprise responded in hearty, style to the many cries of "Speech, speech."

Mr. Alexander as Manager of the Team was the guiding light and pilot through the many storms of the past tempestuous season and it is indeed gratifying to note that the boys have seen fit to honor him in this way.

GRADUATES OF THE CAMPBELLTON COLLEGE

The following students have graduated at the end of June—Misses Bessie McKinnon, Hilda Tyler, Esther Travers, Mary Doyle. At a previous examination Miss Ida Fairservice was the successful candidate.

OCTOBER 10th REFERENDUM DATE.

Vote on Importation Will Take Place in New Brunswick.

A proclamation has been issued in the Canada Gazette appointing Monday, October 10th election day in New Brunswick, on which votes may be taken against prohibition; that is to say, "that the importation and the bringing of such liquors into such province may be forbidden." Such votes will be taken as defined and provided for by the Dominion Elections Act, between the hours of 8 o'clock in the forenoon and 6 o'clock in the afternoon of that day, and by ballot.

Ex. Sheriff James E. Stewart has been appointed returning officer for Restigouche and Madawaska.

## MEETING OF THE MUNICIPAL COUNCIL

Semi-Annual Session Held At Dalhousie on Tuesday—Little Business.

The regular Semi-Annual Session of the Campbellton Municipal Council was held at Dalhousie on Tuesday, July 12, 1921.

The minutes of the previous meeting were read and approved. The Council then adjourned until 1:30.

**Afternoon Session.** Council reassembled at 2 o'clock.

Minutes of previous session were read and approved.

The Sec-Treas. read the following communications:

From the Secretary of the N. B. Union of Municipalities calling attention to the fact that the annual convention would be held in August, and asking that the Annual fee be remitted.

On motion the Secretary-Treas. was authorized to remit the Annual fee and on a further motion Coun. W. D. Duncan was named as the delegate to attend the convention.

A letter in re the taxes on the temporary Hotel Dieu Hospital, owned by W. McIntyre was read and on motion exemption was granted.

Albert Pele, wrote asking the Council to provide for his wife and family as he was committed to jail for making home brew.

This brought up the matter of enforcement of the prohibition act and aroused a warm discussion.

Coun. Murchie said that stills were running in parish of Durham making home brew wholesale and nothing was being done. But an Inland Revenue officer, who was probably half full himself wanted to make a name for himself so he arrested two half-baked fellows who had a small quantity of home brew in the cellar, but who did not make a business of selling it. He recommended that the jail doors be opened and that these offenders be permitted to go free.

Coun. Duncan said that he had two cases of a similar nature. Two heads of families who had been convicted under the Prohibition Act left families with no means of support. He spoke of one case where a man had been convicted under circumstances which left doubt as to the justice of the conviction, yet there was no chance of appeal. The law was an unrighteous one and not according to British fair play.

Coun. Murchie moved, seconded by Coun. Miller that the Sheriff be notified that the municipality would not be responsible for board of prisoners in the event of their being taken into custody for Revenue or Prohibition laws while the fines go to the different governments.

Coun. Duncan thought this was going too far. He favored taking matter up with the government first.

Coun. Barberie thought that this matter was beyond the council's control.

Coun. Wallace moved in amendment that Coun. Duncan be delegated to interview the governments in this matter. Not seconded.

The Deputy Provincial Secretary wrote re loan to the Restigouche District Board of Health. The amount advanced was \$254.00.

Coun. Murchie moved that the account be not entertained.—Carried.

M. A. Kelly, Esq., wrote in reference to Geo. Ross, Constable, account for taking prisoner to Dorchester, \$39.75 had been offered Ross but he had refused same.

Sec-Treas. explained that \$39.75 was the amount allowed another constable for similar work and should be enough.

Coun. Arsenau moved that Geo. Ross be tendered \$39.75 for services.—Carried.

The Committee to whom was referred the matter of increase of salary to Registrar recommended \$100 increase if revenue of office was sufficient to pay this.

Recommendation adopted.

The Committee to procure information in reference to a Municipal Home reported as follows:

Dalhousie June 5th 1921.

To the Warden and Councilors.

We your committee appointed at the Annual Session of the Municipal Council in January to consider the advisability of the establishment of a Municipal Home beg to report as follows:

That we have obtained much information and have several sites which with other facts we wish to lay before you for your consideration.

Your committee desires however more time to go further into the matter and prepare a full report for submission at your January session.

**JOHN DICKIE, Chairman.**

Mr. John Connors addressed the Council upon the need of such a home.

Coun. Wallace also spoke strongly in favor of such an institution and read extracts from the financial report of Kings county.

Because the present Council's term is about over it was thought wise to adopt the Committee's report only.

Coun. Gillis moved that Mr. M. A. Kelly be requested to take up matter of Fred Ferrant and John Arsenau, who are confined in jail for violation of the Prohibition law and their families are in want and applying for relief from the parish and that Coun. Duncan be authorized to take up the matter with Mr. Kelly.—Carried.

Coun. Gillis moved the following resolution:

Whereas the Canadian National Railways have discontinued the train known as the West Suburban, which served the people of the Matapedia Valley to Campbellton arriving at that

## OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

MISS ANTOINETTE BOUCHER.

817 Dorien St., Montreal.

"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good."

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

point about 9 o'clock in the afternoon and leaving at 9:30 for its return journey.

And whereas this train served a large number of said residents who have no other means of reaching Campbellton during the daylight hours and returning the same day.

And whereas this train being a mixed one carried a full load of freight the passenger service being given at a very low cost. Also we find that a very large number of passengers travelled by this train as the ticket records show.

Therefore resolved that this Municipal Council in Semi-Annual session convened hereby request the management of the C. N. R. taking into consideration the above facts, restore said service which has been enjoyed for many years, at the earliest possible time.

Carried unanimously.

Coun. Murchie moved that Thos. Stevens be appointed a measure of wood for the county.—Carried.

## ACADIA SEMINARY CONSERVATORY

Additions to Staff of Conservatory of Music are Announced.

Mr. William Arthur Jones, the well known Welsh Oratorio and Concert Tenor, has been engaged by the Acadia Seminary Conservatory of Music to take charge of the Voice Department for the season 1921-1922.

Mr. Jones comes direct from New York where he has held important Church positions and has taught a number of years. He has studied in London Eng. and New York under such well known teachers as Walsford Jones, Vernon Hughes, (teacher of Evan Williams,) Herbert Witherspoon and Leo Braun, with whom he is studying and coaching during the months of July and August.

Mr. Jones has made several successful concert tours through the States. He has a beautiful tenor voice and has won the Tenor Soloist's Prize in competition at the Welsh Eisteddfod held at Utica, New York, for the past eight years. He has conducted for a number of years the famous Cambrian Male Chorus and the Union University Glee Club.

Mr. Jones will be assisted in the Vocal department by Miss Louise Berghuis Krak, of the Hague, Holland. Miss Krak has studied with some of the best teachers in Europe. She has the natural soprano, which she uses remarkably well. She is a successful teacher of wide experience and has made concert tours in Switzerland and Holland. She speaks German, Dutch, French and English fluently and is a woman of fine family and excellent personality.

The Principal is also glad to announce that Miss Beatrice Langley, so well and favourably known to Acadia Seminary by patrons and public, is returning to take charge of the Violin Department in the Conservatory. Her ability as a Violinist, a Teacher and as an Orchestral Conductor are so universally known through the provinces that comment is unnecessary.

Mr. Frank Marsh, Jr., Director of the Conservatory, has also secured as his first assistant in Pianoforte, Miss Marion Gay, Miss Gay is a graduate of New England Conservatory in both the Normal and the Artists Course. During the last year she has been teaching successfully in the Conservatory and has been especially recommended to Acadia by Mr. Trowbridge.

Mr. Marsh, whose direction of the Conservatory during the last year has been so successful is to be congratulated on the exceptionally strong staff which he has been able to associate with himself. Other important appointments will be announced later. But with the present staff the success of the coming year's work is assured.

**10 Years of Eczema — A Sample Cured Her**

Are you reading the weekly Canadian letters, telling stories of how you skin diseases and how cure was effected?

Here is part of a letter from Mrs. Henry Huxley Black Lake, Que. Write her if you desire.

"Ten years of eczema on the face. Tried all the medicine in the east. A sample of D. D. D. cured me, etc."

The proof of the pudding is in the eating. When a prescription for skin disease has letters of cure and endorsement from nearly every city and town in the Dominion, surely it is enough to convince the most skeptical.

Relief from itching torment is immediate. Just try one bottle of D. D. D. today on our positive guarantee. \$1.00 a bottle. Try D. D. D. soon too.

SHORT PATRIDGE SEASON.

St. John, July 8th.—At a meeting of the government held here an order of council was passed placing the partridge season from October 1 to October 20. Not more than six birds may be taken any one day or twice during the season.

POPULAR RESORTS.

The Jellett beach at Cross Point a very popular bathing resort the days. Each afternoon large numbers of people are seen and enjoy a swim when the tide suits. Many people also bathing at the lower end of town and even off the wharves. Lack of any dressing facilities is keenly felt. We hoped the matter of providing swimming facilities would be taken up by our council, but nothing has been done.

HOT PERIOD.

For the past two weeks the weather has been the warmest experienced here for some years, ranging from 95 to 96 in the shade during the day, the nights are cool enough to sleep comfortably. The continued hot weather and the lack of rain is proving a veritable growing crop. Forest fires are also springing up as the sun was very hot last week. Bathing is being hadly through the whole district.

## "Experience Teaches"—

Twenty four million dollars was paid to beneficiaries by the Life Insurance Companies in Canada last year, and thirty-one million dollars was paid to living policy-holders.

Of the 11,450 policies which became claims:—

850 policies were in force less than one year.  
1,700 less than two years.  
2,100 between three and five years.  
2,450 between five and ten years.  
2,800 between ten and twenty years.  
2,200 more than twenty years

and all of these persons were in good health when they applied for Life Insurance.

Life is very uncertain, as last year's death claims show, and, on the other hand, insurance money has brought untold benefit to thousands of homes and individuals.

## FALLEN HEROES

## ARE HONORED

War Memorial is Unveiled—  
Notable Addresses were  
Delivered.

(By Margaret Grant MacWhirter.)

Thursday, July 7th, was a memorable day in the annals of Gaspe when between three and four thousand persons assembled to do honor to the men of Gaspe and surrounding districts who had made the supreme sacrifice in the Great War.

Early in the spring of 1919 six ladies met and decided that a fitting memorial should be erected for the men of Gaspe. It was decided that this memorial should be in the form of a monument, and the plan was carried through to a successful termination.

The officers and members of the War Memorial Committee, viz.—Mrs. Harris Calhoun, President, Miss Ida Carter, Secretary, Miss Gertrude Le Boutillier, Treasurer, Mrs. Louis MacKenzie, Misses Muriel Richmond and Lulu Lindsay are to be congratulated on the efficient manner in which this has been accomplished.

From Shipheal around the bays of Douglstown a large number of soldier lads had fallen in the defence of the Empire, and their names will be remembered and revered as long as this memorial shall remain.

In the two churches of Gaspe, Anglican and Roman Catholic memorial services were held at 11 a.m. on Thursday.

In St. Paul's Church the services were under the direction of the Rev. J. W. Wayman, M. A., Rector the order of service being exceedingly beautiful and suitable with special music by the choir.

Mr. Wayman was assisted by Revs. Messrs. de Grouchy and Horner and Mr. Reynolds, minister of the Methodist church.

In his address Mr. Wayman spoke of the enduring memory of all present. He strongly emphasized the thought of self sacrifice and by illustration showed that to real blessing cannot be imparted without a loss to self, even to the shedding of blood.

"There is no gain except by loss; no life except by death." There should also be a note of joy and of thanks giving, for these soldier heroes had not come to an untimely end, neither had their time of service been cut short; they, with many more were a band of immortals who surround their King. Those who are absent are often nearer than those who are seen. They may be here to day, in spirit. We feel how the barrier is pierced by their passing. They were men of bravery, and are in their Father's hands and He knows and He cares. We also are committed to a life of self-sacrifice, on behalf of the things for which they laid down their lives. We cannot add to their glory but we can dedicate ourselves to the same ideals and thus the empire shall have a new birth. Our dead had a vision and for their sakes we must offer ourselves a living sacrifice.

The presence of the guard of soldiers and the Royal Canadian Garrison Artillery Band added to the solemnity of the service.

His worship Mayor Valpy read the address of welcome and Mrs. Calhoun, President of the War Memorial Committee, also read an address of welcome.

The ceremony of the unveiling of the monument was performed in the afternoon. The St. Lawrence Fusiliers had sent their colours by Col. Pineault, a guard of soldiers and twenty-four members of the Royal Canadian Garrison Artillery Band with their Band Master, Mr. O'Neil were in attendance.

Major General Sir David Watson, C.M.G., C.B.E., Legion of Honor, unveiled the monument the last Post was sounded and in an eloquent, impassioned address Sir David Watson spoke to the listening people. He said how much he appreciated the honor which they had shown him by inviting him to be present for this solemn function. The fallen heroes were his own comrades, and it brought sad memories.

Today they met to honor those brilliant boys whose memory will live forever. He remarked that Canada is proud of the service rendered in the war and has no adequate compensation to offer to those who lost their lives to conquer a military machine trained for forty years. To succeeding generations war memorials such as those unveiled today will keep alive to the boys of Gaspe the spirit of pluck and heroism.

He spoke also of the sea-faring characteristics of the Gaspe people, their kind hearts and hospitable homes. He tendered his sincere thanks to the ladies who had invited him to be present at this historic event.

Mr. Apedale in a few pleasing remarks said that he was the bearer of messages from Col. Price and Col. Scott, who had been unavoidably prevented from attending.

Col. Pineault, officer commanding

He paid a glowing tribute to Canada's share in the Great War, showing that as she shared the empire's glory, so she felt glad to share her dangers.

The speaker referred to the fact that the first Canadian Contingent had sailed away from Gaspe Bay and then a new chapter in Canadian history was begun. In a rapid but most interesting summary he told how again and again when all seemed lost and the greatest anxiety was felt in every heart the news came that somewhere and somehow the line was being held by the Canadians. He told how General Foch had declared that at Vimy Ridge only the most reliable troops must be left in charge and the Canadians must not be moved if the coal fields of France were to be saved. Thus it was at Passchendaele and the situation was saved.

Sir David Watson paid a most touching tribute to the women of Canada, blessing them for all the comforts they had sent the fighting men. He concluded with a tribute to the privates—the Tommies, who always endured and won every British victory.

At the conclusion of the Major-General's speech, twenty four white clad maidens in pairs ascended the steps and laid their beautiful floral offerings at the base of the monument.

Rev. Mr. Wayman spoke of the fact that every sphere of military life had a representative in the Gaspe soldier—in air, on sea and land; in quality they were second to none. Rev. Mr. Wayman was competent to speak of the Gaspe men for he was their pastor and on the out-break of the war had accompanied them as their chaplain; thus to his heart very specially dear were those brave fallen heroes.

Major Sirois, President of the G.W.V. Association was the next speaker and took the line of the great example which our dead soldiers had given to all. He asked permission to address the audience in French, which he did in an eloquent manner, and eloquencing the dead showed that there were no deserters in Canada.

Hon. Frank Carrell, Legislative Councillor for the District of Gaspe came next on the programme.

He spoke of the beautiful and picturesque surroundings—and taking a backward glance reminded his audience that the people of Gaspe were descendants of the United Empire Loyalists. The difficulties of pioneer life were gone, and to day by rail, telegraph and telephone Gaspe was in touch with the outside world. He prophesied that in the future the world would have to reckon with Gaspe. He reminded them that it was no surprise that the descendants of such pioneers should shoulder their part on the fields of France.

Today they met to honor those brilliant boys whose memory will live forever. He remarked that Canada is proud of the service rendered in the war and has no adequate compensation to offer to those who lost their lives to conquer a military machine trained for forty years. To succeeding generations war memorials such as those unveiled today will keep alive to the boys of Gaspe the spirit of pluck and heroism.

He spoke also of the sea-faring characteristics of the Gaspe people, their kind hearts and hospitable homes. He tendered his sincere thanks to the ladies who had invited him to be present at this historic event.

Mr. Apedale in a few pleasing remarks said that he was the bearer of messages from Col. Price and Col. Scott, who had been unavoidably prevented from attending.

Col. Pineault, officer commanding

the Military District in a few well chosen words said he came to the parents of the dead heroes congratulations, thanks and sympathy for the services rendered by their sons, and not exceeded by any country.

His Worship Mayor A. D. Valpy in accepting the roll presenting the monument to Gaspe by the War Memorial Committee pledges himself during his tenure of office to see that the memorial plot should be kept in perfect order and further to use his influence to see that it should continue to be preserved.

The monument is of grey granite, with the figure of a private soldier of four years' service with both hands grasping a cross on which is inscribed "In Flanders Fields", and below a bunch of everlastings. On each Fallen Heroes No. 3 as a 7m See side are inscribed the names of the fallen soldiers.

The inscription is as follows:—  
"In proud and grateful memory of the men of Gaspe who gave their lives for justice and right in the Great War 1914-1918."

"These laid the world away  
Poured out the red sweet wine of youth,  
Gave up the years to be of work and joy  
And that, unhoped serene that men call age."

The sculptor has immortalized the sad, far seeing eyes which seem to pierce behind the veil, and facing the harbour of Gaspe which was so dear to the hearts of those Gaspe heroes.

The monument is the work of the Thompson Monument Co., of Toronto, Ont., and cost \$5000.00 (Five thousand dollars). A central plot on the side of the rising ground 50x75 ft. was presented by Messrs. Robin, Jones & Whitman. This has been raised in three terraces and enclosed. Money was raised without difficulty, by the voluntary contribution and entertainments. An endowment of \$500.00 will provide for the upkeep of the monument plot. The arrangements of the grounds cost \$700.00.

On either side of the monument towards the rear of the plot is a captured German gun, being war trophies from the Dept. of Militia and Defence. Two Machine guns are yet to be placed.

The people of Gaspe deserve to be congratulated on the successful function of Thursday and will not forget the indefatigable efforts of the Rector, Rev. Mr. Wayman, M. A. President of a branch of the G. W. V. Association as the Committee of undaunted public spirited, efficient ladies.

Perhaps there were few places more actively engaged than Gaspe's great hotel—"Baker's Hotel" of widely known fame. Here the illustrious guests were entertained.

The demand has grown to such large proportions that Mr. Baker has increased his accommodations by the addition of the beautiful commodious house "One Ash Inn." This charming home like summer resort is practically full of summer tourists, but the hungry visitors on Thursday were fed, and in addition to the regular guests, five hundred meals were served at Baker's Hotel. All the restaurants including the Jacques Cartier Hall were filled to the extent of their capacity.

It is an open secret that Major-General Sir David Watson in a very sincere manner complimented the management of Baker's Hotel on the good service and the attention tendered to all. This, however has ever been the watchword of the proprietor, John Baker, Esq., and his able staff of assistants.

Notwithstanding the large number of people in town there was perfect order and quietness. Nobody forgot why they had come. The excellent band concert finished the proceedings of a day not soon to be forgotten by the people of Gaspe.

## GASPE HONORS HER HEROES

Gaspe Citizens Unveil Monument to Soldier Boys Who Fell Over There.

The War Memorial monument erected at Gaspe near Bakers Hotel, funds for which were raised by the ladies of that town and the surrounding district during the past two years, was unveiled recently with appropriate ceremony. Following services in the different churches in the morning, a march past of the officials accompanied by the Guard of Honor and the R.C.G.A. band from Quebec, a military inspection was made by Major General Sir David Watson. Major A. D. Valp then delivered an address of welcome which was followed by an address from the President of the War Memorial Committee, after which the monument was unveiled by Maj. Gen. Sir David Watson.

A panegyric to the fallen heroes of the district was made by Major (Rev.) J. W. Wayman and speeches were then delivered by the guests of the Committee, the Hon. Rodolphe Lemieux, M.P., and the Hon. Frank Carrel, M.L.C. for the Gulf District.

When the monument had been officially presented to the town by the president of the War Memorial Committee last Post was sounded. The Royal Canadian Artillery Band then played a number of selections.

Accident To Train.

Owing to a slight derailment of a freight engine and a flat car east of New Carlisle the Matapedia Express on the Coast Railway, carrying the R. C. G. A. band from Quebec to Gaspe for the unveiling of the War Memorial was held up until midnight. During the evening the band rendered a musical programme on the municipal square which was thoroughly enjoyed by the whole population. Refreshments were served to the members of the band and a public vote of thanks was proposed by Rev. Major Bookland.

The Hon. Frank Carrel in his speech to the people of Gaspe said:

Hon. Mr. Carrel Speaks.

"In being present with you to-day to do honor to those gallant lads of Gaspe, who made the supreme sacrifice in the late world war, my mind reverts to the patriotic spirit of the first settlers of this picturesque peninsula, those French and English pioneers, facing the hardships of colonization, and who not infrequently were called upon to defend their primitive homes and small clearings.

"There were no facilities of communication, to summon help. There were no means of retreat to cover excepting in the wilds of the primitive forests, from where they sometimes watched the complete destruction of their homes. Those hardy and courageous settlers did not know the meaning of danger, defeat or despair."

Great Traditions.

"You the present generation of Gaspeans have descended from that little band of first settlers, reinforced with those united Empire Loyalists, who gave up their all to live under the flag of their choice. Side by side, you have grown up together, cultivating and developing this beautiful

spot, perhaps the grandest of any part of the Dominion. Roads and railways have taken the place of the Indian paths and trails and telegraphic communication have brought you into touch with the outside world.

But the same undaunted courage and indomitable grit of those first settlers is evidence today in the present generation which has developed and retained the traditions and old time spirit of their forefathers. It was this spirit which was so self-assertive in the late war, and it is this spirit, that will yet prove to all Canada, that Gaspe is to be reckoned with, in the commercial, political and economic extension of this great Dominion of ours and of the Empire as a whole.

From Brave Stock.

"From such a race was it any wonder that at the first call to arms, when Canada realized that the Empire was imperilled by a huge monster of murder, that the descendants of that stalwart band of early settlers responded in such large numbers, that no question was left in the minds of this country, that Gaspe did her duty, and did it well!"

"Was it any surprise that those brave lads who crossed the seas to fight in the defence of their homes and families, should be found in the thick of the shell-swept areas?"

"So we are here to-day to honor the memory of those brilliant soldiers of Gaspe, whose deeds of courage and heroism will live forever. Tho' lost to sight, to memory dear, Thou ever will remain."

Lauds Heroes' Mothers.

"What more glorious end than that of giving one's life for such a cause? True! sorrow, sadness and desolation are left behind, in the homes of those boys who will never come back, but as life and years roll on we can picture the feeling of gratitude, and sense of pride, which must come over even the mothers of those boys, when they look out into the world and see it at peace."

Mr. Carrel concluded by saying: "May I add my small personal tribute to the good women of Gaspe and the surrounding district, who have raised this tablet to their dead heroes for the honor of being with you today."

Our Legislative Councillor, I greatly appreciate the opportunity of joining with you in this historic event in the history of Gaspe."

## EXHIBITION PLANS WELL UNDER WAY

Prospects Indicate Bigger and Better Show This Fall.

The work of putting the exhibition grounds in shape for the big September exposition is well under way and so much work was encountered that the crews have been increased. The cattle sheds are being enlarged, as a much larger live stock exhibit than last year is expected. H. A. Porter, manager of the exhibition, has lately returned from Ontario, and while at Waterloo was in touch with the Brown Swiss Cattle Association officials, who told him they had heard a great deal about the excellence of the accommodation for cattle at the St. John exhibition and intimated that they would send exhibits. If a final decision is made a special prize will be offered for this group. Prize lists for cattle, which are larger this year than last, show that more money is being devoted to cash prizes than to cups.

The main building space is rapidly filling up. A revision of allotments for space has been made. The number of refreshment booths has been cut down to make room for more industrial exhibits. The women's department will crowd out the tea room for which there will be no space in the eastern wing.

Owing to some disappointing results in connection with the amusement feature of last year's show, the management have been in direct communication with several feature firms, and have already engaged the services of a ballonist and a parachute jumper. The advertising policy has been greatly enlarged to interest the people outside the province. In this way, it is expected that many former New Brunswickers will return to their native province to attend the affair. Advertisements already are appearing in all the maritime papers, as well as in those farther afield. Excursion rates again are in effect on the railways for the first time since war days, and it is anticipated that this will aid in bringing much larger numbers of visitors from outside points.—St. John.

The numerous friends of the Honorable Charles Marcell, M. P., for Bonaventure, Que., and Administrator of the City of Montreal, will learn with pleasure that he has rebuilt his country residence at Carleton, which was destroyed by fire last July. The work was begun in the first days of May, under the personal supervision of Mrs. Marcell and has been completed. The residence is one of the finest on the Coast of Gaspe. Mr. Marcell and Miss Marcell are occupying it. Mr. Marcell hopes to be able to spend a few weeks there at the end of July and in August; in the meantime, owing to his seasonal duties at Ottawa and his municipal duties at Montreal he has only been able to pay flying visits.

Mr. and Mrs. John G. Ahern have gone for a motoring tour to New York and Atlantic City for a month, and will visit Carleton later in the season.

GASPE.

Gaspe, July 12th. A very pretty marriage took place at St. Paul's church, Gaspe, yesterday, when Miss Olga Carter, second daughter of Mr. and Mrs. A.T. Carter, of Mount Pleasant, Gaspe, was united in the holy bonds of matrimony to Mr. Cyril Williams of Montreal. The bride was attired in white satin trimmed with pearls and wore a beautiful veil, looking up the aisle leaning on the arm of her father, and carried a beautiful bouquet of white roses. She was attended by her sister, who was beamingly gowned in pale green organdie, with a black picture hat trimmed with pink roses, and also carried a bouquet of white roses. The groom was accompanied by the bride's brother Mr. K. J. Carter. After the ceremony many prominent guests followed the bride party to the beautiful home of Mr. Carter where a reception was held. The entrance of the house being hardly accessible for the number of automobiles there congregated. Among the guests were Rev. J.W. Wayman, Dr. and Mrs. McCartney, Mrs. J.A.D. Annett, Mr. and Mrs. J.J. Annett, Miss Carpenter, Mr. and Mrs. Valois, Mr. P.G. Hyman, Miss M.H. Annett, Mr. H.S. Lounde, and many others.

The music at the church and house was ably rendered by Miss M.H. Annett. The happy couple left for Montreal where they will take up their abode, stopping at way places enroute.

**BIG APPLE CROP**

While the continued dry weather is causing much damage to grain and field crops the indications are that the apple yield in the St. John valley will be one of the heaviest in years. At the St. John Valley nurseries at Burton there are four thousand trees all heavily laden and on the Highway farm at Kingsclear there are nearly as many and the yield promises to be nearly as heavy. The Gilman orchard at Kingsclear and the Dunphy orchard at Douglas are also looking well and promise a big yield.

**PHYSIOLOGICAL ACTION OF TANLAC EXPLAINED**

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but thousands of people ask the question: What is Tanlac? Why its phenomenal success? Why do we hear so much about it? And why has this preparation so far out-stripped all other medicines of its kind?

The answer to these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country. Ten ingredients in Tanlac. Altogether, there are ten ingredients in Tanlac; each of which is of recognized therapeutic value.

In referring to one of the more important ingredients of Tanlac, the Encyclopedia Britannica says: "It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to other of the general tonic drugs contained in Tanlac, the 15th Edition of Potter's Therapeutics, a standard medical text-book, states that "they impart general tone and strength to the entire system including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a run-down condition, uses the following expression: "It is highly esteemed in loss of appetite during convalescence from acute diseases."

There are certain other elements in Tanlac which, because of their influence upon the appetite, digestion, assimilation and elimination, improve the nutrition and vital activity of all the tissues and organs of the body and produce that state of general tonicity which is called health.

The United States Dispensary makes the following comments regarding another ingredient: "It may be used in all cases of pure debility of the digestive organs or where a general tonic impression is required."

There are certain other ingredients described in the Dispensary, and in other standard medical text books, as having a beneficial action upon the organs of secretion, whose proper functioning results in a purification of the blood streams passing through them. In this manner, objectionable and poisonous ingredients of the blood are removed and the entire system invigorated and vitalized.

**Tonic and Body Builder.**

Tanlac was designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, however, it is a powerful reconstructive tonic and body builder, for it naturally follows that any medicine that brings about proper assimilation of food and the thorough elimination of the waste products must, therefore, have a far-reaching and most beneficial effect upon the entire system.

**WEEKLY PAPERS ARE THE BEST**

More People Read the Advertising Columns of the Country Weekly Papers.

Addressing the dry goods section of the Retail Merchants' Association, at its annual convention here T. M. Humble, a well known advertising writer of Toronto, placed emphasis on the value to merchants of weekly newspaper advertising.

"Every reader of a newspaper is a possible customer," he said, "Newspaper advertising costs less per actual thousand of people reached than any other form of publicity, not counting the prestige of your name appearing in a reputable newspaper. There never was a time in merchandising when newspaper advertising was more necessary or potent in its power to get business. Newspaper advertising is the surest, the cheapest means of reaching the greatest number of people."

If the merchants of Campbellton wish to reach the purchasing public they must have their announcements regularly in the local weekly papers.

Impressions of the Trip With the Canadian Weekly Press Association Party.

Mount Robison.

On leaving Jasper station our train penetrated further into the magnificent vastness of the Rockies. On all sides were mountain peaks some above the clouds, nearly all snow capped. Here it was that the construction engineers had their greatest struggle to overcome the barriers of nature, and the roadbed hugs the mountain side, or crosses a roaring mountain stream by bridge, so high that one could hardly see the bottom, or dashes through the shoulder of a mountain by means of a tunnel. And along this pass through the mountains was penetrated one of the greatest wastes of public money. Here two great trans-continental railways, the G. T. P. and the C. N. each built separate roadbeds one upon each side of the river. Roadbeds costing millions of dollars one of which has been abandoned as the rails have been removed. This not for a few miles but for hours and hours we could see the abandoned roadbed with its costly tunnels, bridges and embankments.

Before sunset we arrived at Mount Robison, which is the highest and most majestic peak of the Canadian Rockies. Its altitude is 15,069 feet.

The sun was shining quite clearly but Mount Robison was only visible for about half of its majestic height as light clouds slowly moving from west to east were banked far down. These sometimes raised slightly so that some of the snow covered top could be seen. After a half hour stop our train proceeded upon its journey and amid the fastness of the mountains it was soon night.

**Kamloops, B. C.**

Wednesday, June 8.—When I awoke this morning I found the train standing still and when I turned out I was met by the information that we were held up by a wash-out a few miles further on. But it was a beautiful summer morning, with the bracing mountain air fairly pulling one out of doors.

Blue River was the name of the station, although we could see no river, but later by walking back about a mile discovered a small stream which was bank high. June and July are the time of flood in the mountain rivers, as we were to learn later in the day.

We were informed that it was possible we would remain there until noon, and to pass a pleasant hour or two, ball teams were formed and an exciting game was soon under way. It was a very realistic game as the umpires were frequently chased off the field and the spectators made many unpleasant remarks about the pitcher's arm. In the middle of a very exciting period shortly before 10 o'clock our engine whistled the blow the recall and we were shortly on our way about ten hours late, but everyone happy.

The scenery from Blue River to Kamloops and beyond was magnificent. It is impossible for one who has not gone over the route to conceive the vastness of the mountain peaks, the depth of the valleys with the rivers of silver threading their way among the hills. The little mountain streams tumbling down the mountain sides from the snow line to join rivers which flow on to the ocean. It was one of these streams, swelled by the rain and the warm sun melting the snows which got out of bound and washed out a small wooden bridge causing our delay. The construction crew had considerable difficulty in replacing it.

However when we passed over, the little stream had again returned to bounds and gave promise of good behavior.

The railway follows the North Thompson river and the scenery is very wild and rugged. A few miles below the washout the river, which was swollen to unusual volume by the rain and melting snows, races along and then thunders through a canyon which is known as "Hell Gate." The railway follows the river very closely, the waters lapping the embankment, in many places only the top of the fence being above the water and one shuddered to think what might happen if the rushing water should undermine the roadbed and the track slide into that roaring stream.

Here the train makes slow progress as the engineer feels his way around

**YOUNG WOMEN AVOID PAIN**

This One Tells How She Was Benefited by Taking Lydia E. Pinkham's Vegetable Compound.

Regina, Sask.—For two years I suffered from nervous pains and hysteria as I was unable to get around. My mother had me take Lydia E. Pinkham's Vegetable Compound, and I am much better and able to go about all the time, which I could not do before. I recommend Vegetable Compound to my friends if I know they suffer the same way, and you may publish my letter if it will help anyone. As I have it with me. —Miss L. G. Black, Regina, Sask.

I have a friend who suffers as Miss Blackwell did, or from irregularities, painful periods, backache, sideache, dragging down pains, inflammation or ulceration would only give the famous root and herb remedy a trial they would soon find relief from such suffering.

It hardly seems possible that there is a woman in this country who will continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial after all the evidence that it continually being published, proving beyond contradiction that this great old medicine has relieved more suffering women than any other medicine in the world.

For special advice women are asked to write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of forty years experience is at your service.

curves and along cutting, one side being the mountain while the other the river.

At Wire Cade we stop for a few minutes and car five has group picture taken, the first and most successful group picture of the trip.

As we follow the North Thompson river the valley broadens out and many fine farms are passed. On the best of these we noticed irrigation ditches and learned that when irrigation is resorted to wonderful crops are raised. On one farm we observed men planting potatoes while in the next field haymakers were hard at work making the first crop of hay, and it was Wednesday, June 8th, and sometimes three crops of clover are taken from irrigated lands.

Soon Kamloops Junction is reached and then the short run into Kamloops. As our train was late we were obliged to cut our stay to about two hours.

When the writer stepped from the train he was handed a telegram which proved to be from our friend Austin McDonald stating that he was on his way by motor from Vernon, seventy miles distant, to meet our train and to watch out for him. Hardly realising when the auto containing Austin and a friend, dust covered but smiling as usual, came to a stop at the depot. After a very warm greeting a party of three were invited to see the town and surrounding country, which we certainly did.

Kamloops is situated at the junction of the north and south branches of the Thompson river, and here we witnessed the phenomenon of the river, but two colors. The water flowing out of the North Thompson was red with clay, while that of the South Thompson was the usual green of mountain rivers, and for a considerable distance each river pursued its different course.

Here too we noticed that the soil was abundant crops of grain, vegetables and fruit, irrigation must be resorted to.

Our first glimpse of British Columbia was at Kamloops, and a party embarked on our train for Vancouver many wore this beautiful sweater.

Our stay was too short to hear of Austin had to say in favor of the Okanagan Valley and its great fruit raising possibilities, but we left feeling that Austin was just a little bit homesome for the salt, cooling breezes of the Bay of Chaleur which blow about the cottage on the beach at Upper Charlott during the warm summer evenings, when the fair maids of Campbellton are wont to congregate to escape the heat and dust of the city.

This was our first stop in British Columbia and by the way some of the men gang "There's a wee Deuch and Doris" we were led to suspect that perhaps Doris had been discovered in Kamloops. But we all had a good time and as this was to be our last night on the journey to the coast, we celebrated by a sing song and promenade through the various cars, Vancouver to-morrow.

## COUN. BELLE-ISLE'S RESOLUTION GONE.

(Continued from page 1.)

After discussion the matter was left with the Fire Protection committee to take necessary steps to have matter remedied.

Coun. Moores moved that the Town chemical tanks on the fire truck were not satisfactory.

Coun. Moores moved that whereas the equipment had not proven satisfactory and as it is guaranteed no further payments would be made until inspected and defects remedied. Carried.

Coun. Moores moved that whereas the Fire Equipment Co. of Montreal had failed to supply suitable ladders

and if that portion of the order can be cancelled, that the Fire Protection committee be authorized to purchase necessary ladders. Carried.

Coun. Chamberlain said that as he had voted for the resolution moved by Coun. Belle-Isle at the meeting of February 28th he now wished to move that the said motion be rescinded.

Coun. Belle-Isle said that for some time he had felt that Coun. Chamberlain had been growing cold. That he was not as friendly as formerly. He thought perhaps the former chairman of the Public Property and Streets committee might be responsible for this change. He (Coun. Chamberlain) had been a very earnest supporter of the resolution, nevertheless he thought it was a mistake to take it off the minutes. The resolution had been the means of awakening the citizens to a more active interest in the enforcement of the act, and he was sure that act was better enforced since the resolution was passed.

On the vote being called the following vote for the rescinding of the motion: Chamberlain, Patterson, Wallace, Moores, Bissett, Against: Belle-Isle, Duncan, St. Onge.

On motion Coun. St. Onge was added to the Public Property and Streets committee in place of Coun. Chamberlain resigned.

On motion Coun. Moores was added to the Assessment and Appeals committee in place of Coun. Wallace resigned.

The Coun. then adjourned.

S. S. PICNIC.

A crowded train with Sunday School pupils from all the Protestant Churches left this morning for a picnic at New Mills. This is the first union picnic since 1914.

## Quick and Reliable Local Service for Bearings

The Bearings Service Company of Detroit announce the establishment of a local authorized agent to give Bearings Service to garage-men, repair men and owners of motor cars, motor trucks and tractors in this vicinity. With the establishment of this local agency it will no longer be necessary to lay up a machine for a long period of delay pending the receipt from a factory of bearings for replacement or repair.

We can provide this kind of service on either Timken, Hyatt, or New Department Bearings, the latter being interchangeable with other makes of ball bearings.
