LABOR MEN DISCUSS MANY QUESTIONS

Meeting Held Last Night Was Particularly Heavy One.

There Was Good Attendance and Delegates Had Talk Fests.

The Trades and Labor Council had an interesting session in Union hall last night, at which many things of interest were discussed.

The Session—Roll Call
At the last meeting of the Council was decided to have a roll call at each meeting night. This was done last night.

Credentials Received
The following credentials were received from the Brantford Typographical Union No. 378 and accepted: Geo. Brayshaw, Geo. A. Moore, and George M. Crooks. This makes the full compliment to the Council. The other delegates are W. D. Reeves, R. G. Scott and Ira D. Scruton.

Strike in Hamilton
A communication was received from the Hamilton District Trades and Labor Council, notifying the council that the iron moulders and core makers in the city of Hamilton are out on a strike in the following foundries: Hamilton Westinghouse Company, Sawyer-Massey and the Dominion Steel Casting Co., and requesting that all iron moulders and core makers keep away from Hamilton.

Directory Scheme
The E. Little, representing the directory proposition which was recently considered by the council, in a communication which was read last night to the council to take up the directory scheme again. The communication was filed.

Hospital Work
The Women's Hospital Aid of the Brantford General Hospital wrote the council, asking for its aid and cooperation on tag day, which is being held Saturday. The request will be complied with.

The communication received from Women's Hospital Aid gave rise to a short but funny discussion. One of the delegates who has recently returned from the hospital, told of shortage of coats and other apparel that is worn by the patients. He said there was only four coats for some twenty patients. A delegate wondered what kind of consolation it would be to wear a coat after a foreigner who eats onions and uses garlic. A bright delegate informed him that the coats were probably washed.

CANADIAN TEAM SAILED LAST NIGHT

Bowlers For the Old Land Got a Happy Send Off.

BRANTFORD, June 5.—The members of the Canadian bowlers team to the Old Country collected in the city yesterday evening and entertained the Victorian contingent at a breakfast. The Ottawa contingent, which arrived during the afternoon, was met by the members of the Toronto and western players were met on arrival of the Grand trunk train. Friendly games were played at Westmount during the evening.

A large contingent of local bowlers, H. Brown, Vice-President of the C. Y. C., Toronto and A. C. McKeown of the High Park Club, Toronto were on board the Victorian to see the visitors off and in an informal manner wish them good luck and bon voyage.

Edinburgh Strike
EDINBURGH, June 5.—The strike threatened by 40,000 shipbuilders which was recently favorably settled upon, has been averted for at least a week as a result of a compromise between the men and employers. Another meeting will be held at the end of this period to consider propositions made by the employers.

The Fire Loss
INDIANAPOLIS, Ind., June 5.—The early to-day destroyed a portion of the Mait Motor Truck plant, causing a loss estimated at \$90,000,000. The chief loss, in addition to the value of the buildings, was in valuable stock-room. A large number of unfinished machines in the storage room also was destroyed.

France is Sufferer From Low Birth Rate

Figures Submitted To-Day Show That Natural Increase in Germany is Very Much Greater.

[Canadian Press Despatch] PARIS, June 5.—The question of the protection of women in France during motherhood, came up in the Chamber of Deputies to-day and gave rise to a lively debate. Deputy Fernand Engerand, in proposing a measure to compel employers to continue paying the wages of working women in case they are absent from their employment owing to motherhood, said that France and Turkey were the only European countries in which motherhood was not protected. The death rate among children who are put out to nurse

in France, he said, sixty per cent, while that among children nursed by their mothers was only 12 per cent. The number of births in Germany, he asserted, exceeded the deaths by 800,000 annually, while in France the excess was only 40,000. "If France had passed a measure of this kind twenty years ago," said Deputy Henri Schmidt, "the Chamber of Deputies would not be obliged to vote on a law compelling Frenchmen to serve three years in the army, nor to appropriate the many billions we are called upon to spend."

NEW SCHOOL MUST BE BUILT IN EAST WARD

At the meeting of the Public School Board to-night the question of overcrowding in the schools will receive consideration. Every school in the city is filled beyond the limit provided by the school regulations, and various expedients are being put in operation to relieve the situation. At King Edward school the halls are used necessary to rent other quarters. At Alexandra schools the congestion for class-rooms. At Victoria and Alexandria schools the congestion is particularly acute, and the only hope for permanent relief is the erection of a new school. The trustees to-night will probably move to have plans drawn up for a new school in the East Ward. This will mean that the ratepayers will be called upon to raise \$30,000 or \$40,000 for the purpose, and the only comment which can be made is that the expenditure is absolutely necessary.

Always Was A Patriot

Mother Frank, Who Adopted Ten Children, Passes Away.

AMSTERDAM, N. Y., June 5.—Miss Julia Frank, 72, known as "Mother Frank" is dead at her home in West Stoney Creek. She adopted and reared ten children and for forty years had attended Memorial Day services here and had decorated the grave of every soldier.

Miss Frank's sweetheart, a soldier in the Union Army, was killed at the battle of Bull Run and for more than fifty years she has kept a light burning in her window in anticipation of his return. She never accepted as authentic the report of his death. The farm where she has spent her life is bequeathed to an unmarried sister on condition that the light be kept burning for the soldier.

A Suicide

Louis Cleghorn, Toronto Man, Jumped Off a Bridge at Calgary

[Canadian Press Despatch] CALGARY, Alb., June 5.—Louis Cleghorn of Toronto, a stranger in Calgary, but evidently a man of affairs, hanged himself about nine o'clock Wednesday evening, drove to the middle of the Centre Street bridge across the Bow River, handed the chauffeur an envelope containing a \$10 bill, jumped into the river and was seen no more.

In the tonneau of the car was found a note which stated his name was not Mason under which he registered at a local hotel, but Cleghorn, and asking authorities to advise Mrs. Lewis Cleghorn of 55 McDonald avenue. The suicide is described as being well dressed, wearing a brown suit and hat. He was about 35 years of age. Cleghorn had been in the city several days according to the statement of the manager of the hotel at which he was stopping.

Killed by Jumping
NEW YORK, June 5.—Dr. Stephen O. Storck, 35 years old, one of the most prominent dentists in the city, and wealthy, was killed early to-day by falling or jumping from the eighth floor of an apartment house on West 58th street, where he lived with his wife and two children. The police reported the case as a suicide, but the family gave out no information concerning it. Friends said that over-work had unbalanced his mind.

CANADA WILL PAY HEAVILY FOR MISTAKE

England Cools Off With Canada's Refusal to Aid the Empire.

Investors Not So Favorably Impressed With the Dominion.

[Canadian Press Despatch] MONTREAL, June 5.—"I think that the course of action pursued by the Liberal minority in the House of Commons and the Liberal majority in the Senate to the naval bill, will prove extremely detrimental to Canadian financial interests. I have only recently returned from England, and it is already evident that recent political events have very materially cooled off the warm feeling for Canada existing among the British investing public. It is no longer correct to say that there is no sentiment in business, and that money is sent to Canada by English investors in preference to other fields merely because Canada offers better results. In reality there is a good deal of sentiment in the matter of making a choice between various investments. Now if our parliament had passed the bill and granted the paltry \$35,000,000 paltry that is compared with the enormous sums that other countries of no greater wealth must pay for defense, a sentiment very favorable to this country would have been created in the investing public of Great Britain."

Such were the opinions expressed by Mr. Edmund Bristol, K.C., M.P. for Centre Toronto, in an interview last night at the Ritz Carlton Hotel, where he is staying for a few days with Mrs. Bristol. Asked as to what he thought of an effort to bring on a general election, Mr. Bristol, speaking as a leader in the world of finance, and not as a member of the Conservative party, stated that he believed, considering the financial position of the Dominion at the present time, that a general election would be little short of a national calamity.

HIS WIFE DEAD CHILDREN SLEEP ON THE GRAVE

Extremely Sad Case of a Missionary, Who Was Called From His Family.

BROOKLYN, N. Y., June 5.—Rev. Jas. MacEwen, of Maxville, Ontario, a missionary of the Congregational Church, stationed at Bahia, Brazil, left the United States Immigration Station, at Ellis Island yesterday. Special transit privilege was granted him on account of ill-health to cross the United States with his sick children. Two months ago he went on a missionary tour to the back country in Brazil, 1,000 miles away from Bahia, leaving his wife in Bahia with five children. His wife was stricken with tropical plague and died. Rev. Mr. MacEwen was notified of her death by native runners and used all his money in a quick trip to Bahia. When he reached the home station he found two of the elder children, a boy of five and a girl of eight, asleep on his wife's grave. Mr. MacEwen, stricken with grief and broken down in health, left the buried wife at Bahia and embarked in the steamer on the s.s. Vestris, of the South American Line. On the trip to New York the first cabin passengers took up a collection of \$250 to help him. When he landed at Ellis Island he was held by the health officials because two of the children were sick. Special transit privileges were finally granted for the first time in two years by the Washington authorities and the minister and his children were allowed to start for Maxville.

She Gave Her Life
SOMERVILLE, Mass., June 5.—Realizing that she could not save herself, Miss Annie Cullen, an 18-year-old girl, who came to this country from Ireland two weeks ago, tossed to safety a baby she was carrying in her arms, an instant before she was crushed to death by a passenger train at north Somerville station last night. The child was unharmed. Miss Cullen in an attempt to avoid being struck by a freight train, stepped directly in the path of a rapidly approaching passenger train. The accident was witnessed by many persons who were powerless to help the girl.

Mad Suffragette is Still Unconscious

Woman Who Stopped the King's Horse is One With High Education—Hopes For Her Recovery.

[Canadian Press Despatch] EPSOM, Eng., June 5.—Emily Wilding Davison, the militant suffragette, who yesterday caused a sensation by leaping at the King's horse and seizing the reins at full speed in the race for the Derby, and who suffered terrible injuries, was still unconscious at noon today. The doctors in attendance at the local hospital, however, consider that there is more hope for her recovery. Miss Davison is one of the best known English suffragettes. She is a

young woman of high education, having taken the degree of bachelor of arts at London University, where she was a student in the final honor school. She is a citizen of London by birth but spends much of her time at her residence in the county of Northumberland. The police to-day notified the authorities of the Epsom Hospital that Miss Davison must be regarded as a prisoner. The surgeon in charge states that it will be several weeks before she is able to leave the hospital.

NO FOREMAN FOR SEWER DEPARTMENT

At the meeting of the Board of Works to-night action will be taken in regard to the purchase of a traction engine for the city. Ald. Suddaby was unable to say to-day what the recommendation of the committee would be. In connection with the appointment of a boss for the sewer department there is said to be nothing doing. It was announced to-day that while Ald. Sutch was considered the best man available for the job, the work under the two foremen was being carried out satisfactorily at present. One job is being done on Balfour and another on Rawdon street, and Ald. Suddaby, chairman of the board, believes that the two foremen will be equal to the task of looking after the work in future. He is strongly opposed to the appointment of a superintendent for the department.

Miller Will Be Free Friday

[Canadian Press Despatch] OTTAWA, Ont., June 5.—The Commons is spending the day cleaning up business in preparation for prorogation to-morrow afternoon. The Highways Bill was killed by Hon. Frank Cochrane moving non-concurrence in the Senate amendments. Premier Bowden announced the Government would probably make a grant to the peace centenary celebration of Britain and the United States did so. R. H. Miller, the state prisoner, in jail here since last February for contempt of Parliament, will be liberated to-morrow afternoon. It is understood that the movement for a \$1000 bonus to members has fallen through and that they will receive only the usual indemnity of \$2500. Parliament will have been in session 197 days to-morrow.

Britain Acts Canada Lags

[Canadian Press Despatch] LONDON, June 5.—The British Government has decided to lay down three battleships of the present year's naval program immediately instead of next March, as originally intended. This move is sure to be taken in consequence of the rejection by the Canadian Senate of the Canadian Government's naval aid bill to appropriate \$35,000,000 for the construction of three dreadnoughts for the British navy, according to Winston Spencer Churchill, First Lord of the Admiralty, in an announcement made in the House of Commons to-day.

Body Cremated
LONDON, June 5.—The body of Alfred Austin, the late poet laureate who died on Monday, was cremated at Golders Green to-day without any ceremony, but by permission of King George, a memorial service was held in the Chapel Royal, St. James' Palace, at the same hour, and was attended by members of the Austin family.

An Expensive Leg

SASKATOON, June 5.—A Canadian Pacific switchman named Stutz, has been awarded two thousand special and fifteen thousand general damages for the loss of his left leg, the fingers of right hand and an injury to his other leg. Other members of the train crew were responsible for the accident.

EXPECTATION OF HEIR OF ROXBURGHE GIVES RISE TO QUESTION OF TITLE

Expectation of an heir to the Dukedom of Roxburghe ten years after the marriage of Miss May Goelet, of New York, to the present Duke presents a problem as well as a surprise to London's lofty society. Upon the birth depends the question of whether the ancient title and estates shall be handed down in direct line or shall go to Lord Alastair Robert Innes-Ker, the brother of the Duke. Although the relationship between the two households is very cordial it is known that the Duke and Duchess are eager that their child shall be a boy, so that the title shall be his. The Duchess' friends have been told that a famous gynecologist has received a \$5,000 fee and has practically staked his reputation on his declaration that the heir shall be a male child.

FALLING OFF IN NUMBER OF MEMBERS

Report of Presbyterian Assembly Under New Moderator.

Amount of Funds Raised Showed, However, Half Million Increase.

[Canadian Press Despatch] TORONTO, June 5.—With the new moderator, Rev. Dr. Murdoch MacKenzie of Hontan, China, presiding, the second session of the general assembly of the Presbyterian Church opened in Massey Hall this morning with an attendance fully equal to that which followed throughout the proceedings of the pre-assembly congress, which closed yesterday.

The morning was largely devoted to the work of preliminary organization, committees being appointed, the program arranged and details settled with the object of expediting the work during the ensuing week of the assembly. The appointment of Dr. MacKenzie as moderator has proved very popular with the commissioners to the assembly and he was busy to-day acknowledging congratulations. Dr. MacKenzie was born in Scotland and since 1888 has been actively engaged in the missionary work of the church at Hontan, China.

The subject of home missions will be considered at a great mass meeting to-night and foreign missions will be considered at a similar public gathering on Friday evening. The ordinary business of the assembly will not be dealt with at either of these sessions. Applications from nineteen ministers of other denominations or other assemblies including some evangelists who had been ordained for admission to the general assembly, as fully qualified ministers were received and favorably dealt with this morning.

The reports which were presented for the consideration of the commissioners, included that of the committee on statistics which dealt in detail with the material state of all the presbyteries; that of the hymnal committee, the James Robertson Memorial fund committee and the committee reporting on travelling expenses of commissioners.

The statistics committee states that the Presbyteries report 168,000 Presbyterian families in the Dominion, 34,409 single persons. Allowing five persons to the family, this gives a total of 874,414 members of the church which the report contrasts with the 1,113,324 Presbyterians discovered by the last Dominion census takers and draws the inference that the balance, 240,910, are not actively connected with any congregation. Families reported show an increase of 4,223 and 15,808 individuals united on profession of faith.

"When we come to the financial side of the report, we come out of the shadows into the sun," declares the report in drawing attention to an increase of \$697,101, in the amount raised by the church for all purposes during the year, the figure being \$5,417,163.

He Made Good.

LEE, Mass., June 5.—A promise made 24 years ago was fulfilled yesterday when Charles Blonde received a check for \$50,000 from his brother Joseph Blonde of Anchio, Wyoming. He left Lee in 1889 to seek his fortune in the west and Joseph told Charles that he would make him a present if he prospered. In a letter accompanying the check, Joseph said that he had not forgotten his promise and that he had "made good."

CONVICT STOLE THE GOVERNOR'S CLOTHES

Trusty Negro Employed in Mansion Made Daring Escape.

[Canadian Press Despatch] JEFFERSON CITY, Mo., June 5.—Donning a good suit of clothes belonging to Governor Major Geo. Clemons, a Joplin negro who is serving two years in the pen for burglary, stole away from the convict mansion yesterday and is still at large. Clemons was employed with a number of other convict trustees in laying a water main. He had occasion to go into the basement to establish a connection. While there he hastily went upstairs, discarded his convict garb and decorated himself in the governor's suit. He then hid until nightfall and made his escape.

The governor's predecessor, Robt. S. Hadley, lost an \$86 dress suit in the same manner when he was the resident of the executive mansion. A white convict trustee, employed as an electrician about the mansion, stole away from his guard post on the governor's swallowtail and left for parts unknown.

In the Highest Degree Profitable

Some men figure that as the mercury climbs up sales will fall down. And figuring that way, fate is kind and does not disappoint them.

So there has grown up a commercial superstition that Summer is a dull season.

No greater fallacy has ever gone so long unchallenged.

Summer is a dull season for many lines—but there is no fundamental reason why it should be.

For instance, take a typical case—that of the Canadian wallpaper manufacturers.

They wished to secure their placing orders from the retailers before the early Fall—when American lines are offered. Through education by Advertising, they advanced the season to start the middle of June, instead of the end of August, and they now beat their foreign competitors to the market by nearly three months.

Perhaps you face a selling problem that education by Advertising will solve. Perhaps your Summer business needs the tonic of Summer Advertising.

As the mercury climbs up to its highest degree, increase, rather than slacken, your Advertising and selling efforts. You will find it profitable—in the highest degree.

Advice regarding your advertising problems is available through any recognized Canadian advertising agency, or the Secretary of the Canadian Press Association, Room 508 Lumsden Building, Toronto. Enquiry involves no obligation on your part—so write, if interested.

TECHNICAL EDUCATION

The important announcement comes from Ottawa that a report of the Royal Commission regarding Technical Education recommends an outlay of \$3,000,000 for that purpose in each of ten years.

- 1. The service in each province of an adequate supply of persons (instructors, demonstrators, teachers, executive officers), qualified to teach on industrial training and technical education.
2. The establishment or extension and management of class courses, schools or other institutions, or means for industrial training and technical education.
3. The provision of suitable and adequate appliances, apparatus and equipment for teaching purposes, but not including school buildings, furniture or consumable supplies.
4. The provision of scholarships to equalize opportunities to young people and other workers to profit by classes, courses, schools or other institutions.
5. The provision of experts with experience in industrial training and technical education, whose services for counsel would be available to the provincial and local authorities.
6. The service of central institutions when and where required to supplement the work carried on by the several provincial and local development authorities either by providing and maintaining or by assisting in providing and maintaining each central institution.
7. The promotion of scientific, industrial and housekeeping research, and the diffusion of knowledge therefrom.
To carry on the work throughout the provinces and the Dominion as a whole the commission believes that special machinery will have to be provided, and recommends six distinct organizations as follows:
1. Local urban industrial development boards.
2. Local rural development boards.
3. Provincial development councils.
4. Provincial development commissions.
5. A Dominion conference.
6. A Dominion development commission.

BRITAIN WILL BUILD THE SHIPS
The special correspondent of the Montreal Star in London cables the following remarks of Hon. Winston Churchill:
"Whatever Canada's decision may be, Great Britain will not, under any circumstances, fail in her duty to the overseas dominions of the Crown. These three ships are essential to the whole world defence of the Empire. If, for any reason, they are not forthcoming from Canada, we must supply them."
The Observer explains why they are essential. Without them the navy in 1915 would be one ship short of the bare 60 per cent, standard adopted by the Admiralty. Moreover, if adequate provision is made for the Mediterranean, the number of dreadnoughts available for home waters will fall far below the superiority of five squadrons to three which even Admiral Von Tirpitz accepts as a justifiable margin. Thus, even if the Canadian ships are forthcoming, the margin would be cut perilously fine.

What the Other Fellow Thinks.
Confidence in Sir James
London Free Press: The Liberals of Grey have resolved not to offer opposition to the return of Hon. I. B. Lucas, the new provincial treasurer. The compliment is to Mr Lucas and to the Government.
It is worthy of note that while Mr Rowell and his friends have been exerting themselves in questioning the policy of the Government and the honesty of some of its members, they have rarely availed themselves of the opportunity to test the

strength of the Government at the polls.
In North Lanark a straight Liberal candidate appeared and was defeated by upwards of 600 votes. In East Middlesex an independent candidate who was endorsed by Mr Rowell and in whose interest the Liberal leader spoke, lost his seat to the Government.
Grey county would be an excellent constituency in which the Opposition might present its charge that the Government erred in regard to the Proudfoot charges. But while Mr Proudfoot was in his own constituency endeavoring to justify himself for having brought these charges, the Liberals of Grey were deciding that there was no case on which they could reasonably appeal to the people against the return of a member of the Government.

Go-Ahead England
Philadelphia Saturday Evening Post: Trade in the western world is making a new high water mark. Never before was so much business done or so much money made. England, quite as much as this country—perhaps even more than this country—continues to smash records. Returns from three hundred large concerns, for the first quarter of this year, show net profits eleven per cent ahead of last year—which, in its turn was a record breaker. British observers of conservative tendencies are suggesting that this must be about the top of the boom.

PLAIN TALK
Sir James Whitney has the habit of saying what he means, and meaning what he says.
Speaking at Markdale in connection with the re-election by acclamation of Hon. Mr. Lucas, Provincial Treasurer, he is thus recorded:
The Senate of Canada, the majority of which are followers of Sir Wilfrid Laurier, and very properly and significantly led by the man who dragged the Province of Ontario down into the bottomless pit of corruption and despair, the Senate under that leadership has refused (I am not saying anything about the naval bill; I have not the time) to pass the legislation for the aid to highways, and has refused to give us, the people of Ontario, the bonus which the Dominion Government was ready and willing and anxious to give us. I will venture to say that there will be no doubt what the historian of the future will record with relation to this action by them.
And thank God, gentlemen—I say it reverently—we can get along in spite of the Senate.

Not Like the Dear Old Buggy
Harrison Review: A little red automobile that sails into town, quite frequently is the admiration of the swains and maidens. It is a single seat affair, just big enough for two. But, pshaw, children, it wouldn't be in it with a narrow seated buggy, as the driver has to pay all his attention to the machine, and can't even look sideways.

Birch and Beech
Ottawa Free Press: Birch and beech, on account of their cheapness are becoming more and more popular as the supply of oak and maple decreases. This statement taken from a bulletin soon to be issued by the forestry branch, Department of the Interior, Ottawa, on the wood-using industries of Ontario, is based on reports received from over 1,200 farms, and is therefore worthy of consideration.
The average wholesale price per 1,000 feet, board measure, given in the above bulletin for maple and oak flooring is \$22.82 and \$55.78 respectively.
The average price for birch and beech flooring, on the other hand, is \$19.71 and \$21.74 respectively, which represents quite a saving, especially when compared with oak.

MILITANT SUFFRAGETTES
The fanatical women in the Old Country of the Pankhurst stripe, who are seeking to secure by crime what, without much doubt, would have been largely theirs already by decent and respectable agitation, are still at it.
A crazy creature nearly got killed by attempting to seize the King's horse while the animal was in full pace as a Derby contestant, and Winston Churchill was howled down at a meeting.
It begins to look as if John Bull has been altogether too lenient with these cranks.
It is of the essence of true manhood to respect the gentler sex, but when they don't respect themselves or the laws of life and property, they ought to be treated accordingly.
Incendiarism, rowdiness, and other forms of blackguardism, should be stopped, and stopped hard, regardless of sex.
Such actions are not only a disgrace to womanhood in its best sense, but also to those other worthy women who legitimately desire to vote, and who have had this ideal set back for many years because of a shrieking and hysterical and Hooligan set of irresponsibles.

PARIS SCOUT RALLY

Dear Sir—I have not the advantage of knowing Anti-Jealous in the way he seems to know me, but he is certainly under a wrong impression as to the reason of my correction of your report of Tuesday; and in writing the way I did, my sole reason was to give fair play to all Brantford troops present, which did not seem to be the case in the original report, no mention being made of many of the troops present. If Anti-Jealous will look back at my report he will see this.

Perhaps my reference to the Headquarters Patrol and Paris "A" troop may be misleading. It was, however, no intention of mine to impart unfairness to the judges. They were the best possible in Ontario's scout world and gave the only possible decision, and we are all of us all Brantford Headquarters Patrol in bringing the shield to Brantford. But they are a "Patrol" (10 strong); Paris "A" is a "Troop" (30 strong), and my point was, Paris was the best "Troop" in all around work shown—not "Patrol". The judging was, I believe, of "Troop" and "Patrol" and the credit in winning this trophy by Headquarters "Patrol" is necessarily all the greater.
I may be known to our troops but the imputation of "officiousness" or "jealousy" is grossly wrong. I know something of Scout organization, but do not profess to more than my knowledge. I endeavor in a humble way to serve the best interests of the movement—the best movement on foot for the boys of our day—with a strong desire for fair play.
If I have offended "Anti-Jealous" or anyone else, accept the apologies of

SHE WAS HELPLESS FOR TWO YEARS

Why Mrs. Baldwin Recommends Dodd's Kidney Pills.

She Could Find Nothing to Cure Her Rheumatism Till on a Neighbor's Advice She Tried Dodd's Kidney Pills.
St. Walburg (Sask., June 2 (Special)—"I can truly recommend Dodd's Kidney Pills for any one suffering from rheumatism." These are the words of Mrs. W. A. Baldwin, a highly respected resident of this place.
And Mrs. Baldwin gives her reasons. "It is so rarely helpful with rheumatism for two years," she states, "I got medicine from the doctor, and tried several other remedies but nothing helped me. Then one of my neighbors advised me to try Dodd's Kidney Pills. I bought four boxes and they helped almost from the first. I have used nearly two dozen boxes and am nearly cured."

That rheumatism is one of the results of diseased kidneys is again shown in Mrs. Baldwin's case. She had headaches, stiffness of the joints and backache. Her sleep was broken and unrefreshing, and she was always tired and nervous. Her limbs swelled and she was always thirsty. These are all symptoms of diseased kidneys. When she cured her kidneys with Dodd's Kidney Pills, the symptoms vanished—and so did the rheumatism.

The wisest fellows, we think, are those who agree with us. Dress as prettily and speak as pleasantly to your own husbands as you would to other women's husbands.

That Scandal Over Marconi

[Canadian Press Dispatch]
LONDON, June 5 — The parlia-
mentary committee investigating the
scandals connected with the wireless
contracts between the Marconi Co.
and the British Government after sev-
eral secret sessions met in open ses-
sion to-day for the examination of a
new witness, named Salaman, on the
question of Lord Murray of Elibank's
dealing in Marconi shares and Sala-
man's testimony showed that Lord
Murray of Elibank had purchased in
April and May 1912 some 3,000 Amer-
ican Marconi shares at 3 1/4.
The Conservative newspapers of
London have recently started an agi-
tation to have the Marconi committee
discover Lord Murray of Elibank's
connection with the scandals. It is
pointed out in the press that he re-
signed his position as Liberal whip
in the House of Commons when the
Marconi contract first came up for
discussion in parliament and that he
was raised to the peerage on his re-
signation. He then went to America
on business, where he has since re-
mained maintaining silence concern-
ing the Marconi troubles.

MUSIC and DRAMA

which Mr. Jas J. Corbett was brought

Manager Weaver is highly elated
over being able to secure this play
for stock production and no doubt
the patrons will attend this play in

creating tremendous interest, as it
is giving the Brantford public an op-
portunity of seeing the world's great-
est stars. The pictures are all from
four to five thousand feet in length,
and the management have installed
two machines with two operators,
going away with all waits between
reels.
Owing to the great demand Sagar-
tha is being shown for a return engage-

Waterous, President of the Board of Trade, has called a special meeting of the board for to-morrow (Friday) night, in the City Council chamber, at 8 o'clock, when it is hoped that all subscribers will be present and others who may wish to join, as it is desirable to secure as many members as possible. Mr. George Humble was a recent motor visitor with friends in Galt.

Mr. James Winkler left last evening on a trip to Chicago and points west.

Miss Bertha Read, 26 James street, left Wednesday morning on a visit to her sister, Mrs. E. W. Stiles, Montreal.

There are rumors in Paris of revivals of pleated skirts, fish-wie laperies, tight corsages and tight elbow sleeves.

Twenty-five hundred wedding invitations have been issued for the wedding reception of Miss Nora La-sig, of Boston.

Early Victorian fashions, which included the poke bonnet are beginning to be almost as popular as late fashions in Paris.

Honorable William Paterson and Mrs. Paterson, who have been recent visitors in the city, left this afternoon for Picton, Ontario, where they will spend the summer months.

Many friends will be glad to hear that Mrs. George Kippax, Dufferin Avenue, who has recently been quite ill, is convalescing and now able to sit up for a little while each day.

Many friends will be glad to hear that Mrs. David J. Waterous, who has been a patient at the Brantford General Hospital for the last ten days, is up and about and returning to her home, 137 Park Avenue, to-day.

A most enthusiastic meeting of the Eagle Club workers of the W. H. A. was held at the residence of the president, 183 Eagle Avenue, yesterday afternoon, all reporting splendid progress along their line of work for Saturday, June 7, and the demand for souvenirs still growing—the utter change in the articles offered meeting with immediate sale in almost every instance—and purchasers feeling that they really have got their money's worth.

According to the ruling of Kansas City circuit judge Robinson "a young woman need not confine her attention solely to the young man to whom she is engaged, and, in fact, she may have as many admirers as she likes. He says in a specific instance: "That is not a material point—whether or not the plaintiff had other admirers. Under the law, the fact that the plaintiff was engaged to marry the defendant was no bar to her receiving the attention of other men."

In regard to what is being done by Tag Day Workers this week throughout the surrounding country, Paris and Moyle-Tranquility were visited yesterday by a bevy of workers, who returned last night reporting much success. To-day Mt. Pleasant, Burford and Cainsville are being covered; and to-morrow (Friday) Onondaga will be visited, the ladies either motor, driving or as in the case of Cainsville (a rest-by point and easy of access), walking, carrying the supplies with them, and meeting in almost every instance with unqualified success.

None but "eugenic" marriages will be permitted in Lynn, Mass., the first city in the country to adopt this scheme, and a board of clergymen representing the Congregational, Methodist, Universalist, Unitarian and Baptist denominations will meet this week to perfect the arrangements with this idea in view.

The action on this most vital social problem is the result of the stand taken by Rev. C. Thurston Chase, pastor of the Central Congregational Church, of Lynn. He declares that he will not marry couples who do not have physicians' certificates showing that both the woman and the man are physically fit to be married. "I have performed my last marriage ceremony in which it will not be necessary for the couple to furnish certificates vouching for their physical fitness," said Rev. Mr. Chase. "If every minister would take a firm stand in this matter it would be directly responsible for eradicating, to a great degree, many of the miseries of this country."

The treasurer Mrs. Henwood reported that she was in receipt of a cheque of one hundred dollars from Mr. E. L. Cockshutt. The Board of Management much appreciate the generous donation.

Dressmaking Ladies' Tailoring

With The Police

Russel Sipes, who yesterday vigorously denied the charge of having stolen some hair goods from Mrs. Sipes, this morning entered a plea of guilty.

"You see what you have done," said the magistrate, you committed theft and then perjured yourself. I feel confident that both these acts of yours were influenced when you were under the influence of liquor and I think that the very best thing that you can do is to here and now make a resolution never to touch it again."

The defendant pleaded for a chance and promised to leave liquor alone and go to Galt where his mother is sick. The magistrate gave the man his chance, but if ever he appears again he will be given a term at the Central.

Several young ladies appeared in the court this morning to give evidence against Ali Slamin, an Armenian, who was charged with following women on the street and insulting them. It was proven conclusively that the man had followed several girls and that in at least one instance he had insulted a married lady. The Armenian though an interpreter protested vehemently against the charge but the evidence was too strong for him and the Magistrate imposed a fine of \$25 and costs with an option of two months in jail. The magistrate in passing judgment warned the defendant against his actions and remarked that women had a perfect right to walk on the streets of Brantford, without an escort, and expect to be left alone. The chief stated that repeated complaints had come in from ladies who had been accosted by foreigners and that every effort was being made to locate the offenders.

Joseph Petie was fined \$20 and costs for refusing to tell where he got the liquor on the market last Saturday. The defendant told of having received the "skit" from a mysterious colored man. Magistrate Livingston did not believe the story, with the result that the fine was imposed.

Stanley Lee did not have the lights lit on his auto with the result that he was assessed \$5 and costs for his carelessness.

Harv Cowan drove to the city from Paris and left his horse tied to a post on Charlotte street from 3 o'clock in the afternoon until it was found by the police at nine o'clock in the evening. The magistrate could not understand the young fellow's action until the defendant admitted that he had gone to see "his girl" as he expressively put it, as he blushed from ear to ear.

"What did you do," asked the Magistrate.

RED SOX C VICTORY

Score Was 9-3 at Kane's Artillery Inning—Brantford

Amby Kane left London with one game out of three on the right side of the pennant, when his Red Sox ended a 9 to 3 score from London club there yesterday. Laughlin, who had been bad days previous to the day as an umpire, put touches to the third day marred what promised to be a ball game up to the fact. Both pitchers were engaged in a battle with one of Donovan, and one run one bingle was registered.

That Terrible Fight
With two men struck out in the fifth and Don with two strikes and two out the plate for the third retire the side but "the ball three" The French, exception to this and do mood gave the batter a walk.

Matteson Interred
Burrill doubled and Deneau, and when Tesch struck first base foul line Matteson rick and the police officer for the out of the game. Reidy to catch the remainder with odds against them, his were secured by the same inning and as a result.

Clackenger as a Pitcher
The calamity proved to be a success as the Brantford team, in the sixth, runs more in that frame. Sox were stopped with 1. London came back with runs in the seventh the game was called at 4.45 locals to catch a train.

London Adds Two
The two runs result base on balls to Heck, Clackenger's place in the score when Deneau bases. With one man out in the sixth, Reidy scored from third, who was out on a grounder.

BRANTFORD, CANADA, THURSDAY, JUNE 5, 1913

RED SOX CLOUTED BALL IN VICIOUS FASHION AND WON

Score Was 9-3 at London Yesterday—Heavy Hitting by Kane's Artillery Brigade Cinched the Game in the Sixth Inning—Brantford at Home To-day.

Amby Kane left London last night with one game out of three tucked on the right side of the percentage column, when his Red Sox took the big end of a 9 to 3 score from the London club yesterday.

That Terrible Fifth. With two men struck out by Chaput in the fifth and Donovan at bat with two strikes and two balls, Chaput cut the plate for the third strike to retire the side but "de muni" said "ball three".

Matteson Irdreded Out. Burrill doubled and Donovan scored, and when Tesch single to the first base foul line Matteson made a strenuous kick and the official ordered the police officer to take Matteson out of the game.

Clickenger as a Pitcher. The calamity proved fatal for the Tecumseh as the Brants played twice as well after they got the lead, and in the sixth they added two more runs off Chaput when outfielder Clickenger was sent into the box to stop the Brants, and considering he was not warmed up, twirled good ball.

London Adds Two in Seventh. The two runs resulted from a base on balls to Heck, who played in Clickenger's place in the outfield. He scored when Deneau hit for two bases.

Baseball like the game turned out to be yesterday before 800 fans will hurt the game in the Canadian League more than will appear on the surface, as umpires go to make or break good league ball, and the sooner competent officials are secured by the president the better.

BERLIN REVERSED TABLES WITH PETES

BERLIN, June 5.—Showing a great reversal of form, Keenan's cellar occupants broke their losing streak by taking the last game of the series with the Petes yesterday. The score was 3 to 1, and up till the ninth frame the White Caps were blanked. Kid Bradshaw pitched masterly ball, holding the visitors hitless up till the fifth. After this period they got but four hits. Berlin collected an even dozen safe plants, many of them scratch drives. Brodie allowed eleven, and after the seventh frame Sterling replaced him. Costly errors by the visitors helped them go down to defeat while the locals had a clean sheet in the field. Reenan and Hilliard hit cleanly in the ninth, and the former scored on Swartz's sacrifice fly, preventing a shut out.

HAMILTON TRIED BUT FAILED AGAIN

OTTAWA, June 5.—Though the Hamilton Tigers pulled off a sensational finish yesterday, the Ottawas managed to beat them out by 6 to 3. Good pitching and timely hitting by "Lefty" Rogers gave the Ottawas an early lead, it being 5 to 1 when the Tigers went up for the last time. Killilea and Fisher, a pinch hitter, were safe, and Johnny Murphy's grounder filled the bases. But Barlow's out scored Tyson, and Connie Murphy went down at first, leaving three on. Harris' base running and Rogers' hitting featured a hotly played contest. On one occasion the Ottawas chased three runners up and down the path, only to let all three arrive at their destination in safety.

The Royals line up will be changed Friday night considerably, and they expect to do things up in ship shape.

Juvenile Notes. The Beavers and Dufferins are battling for the honors this afternoon at O.I.B. grounds.

LOUIE COOKS GRABS ANOTHER

ST. THOMAS, June 5.—Louie Cook's Canadian Leaguers put another over on the Saints here yesterday. The game was a slugfest match throughout. Clements, for the home team was taken out in the fourth and replaced by Jacobson, who lasted an inning only. Baker finishing it. Ori's men made a grand ninth inning rally, scoring three runs before a man had been retired. Vickers was taken out and Behan substituted but the showed nothing, and Dorbeck replaced him, checking the rally. Schaeffer, the Guelph third baseman, was the particular star, getting six hits out of that many times up.

Joe Keenan appears to be making a big bluff at strengthening the Berlin team. He let Reidy and Bullock go and then signs up Schaeffer who could not hang onto a job with Ottawa and Guelph.

Unanimous!

Apparently every London scribe who sent out a despatch yesterday on the Brantford game, could not forget to say that O'Laughlin as an umpire was "rotten". From what the Brantford players said last night on their return the conclusion seems to be unanimous. Both teams apparently suffered and umpiring of that sort will do the game no good.

Junior Ball

Umpire Orr will handle the game between the Orioles and Climbers at Agricultural Park to-night.

Mr. Fred Westbrook, who it must be said, whether one wants to or not, is a pretty well known sportsman of this column with the greatest bicycle rider (high or low wheel) this country ever produced, the greatest trap-shooter, and the greatest lacrosse magnate, and the greatest in many other ways if one might recount all his activities before the sporting world, but we are going to tell Mr. Westbrook that: 1. He doesn't know baseball.

Foot Ball

A meeting of the Football Council was held in the Conservative Rooms last night. President Speechley presided over the meeting. Every Club in the league was represented and affairs pertaining to the League were discussed.

The Dufferin Rifles were awarded two points on account of the Dragoons defaulting their match last Saturday afternoon.

President Barrow notified President McCaffery of the Toronto Ball Club that Bill O'Hara had \$25 added to the fine given him by Umpire Quigley on Tuesday. This brought the amount up to \$35.

SPORTING COMMENT

The Canadian League race is a close one. Examine the standing.

We want three games in a row from St. Thomas this week.

Welcome Saints, thrice welcome, we believe we have chased the Jinx.

It is Hospital Day at the park on Saturday, and it is to be hoped that all of the Red Sox hospital list will be ready to enter the fray.

Brantford cannot remain in the same pace very long because Hamilton spurring toward the bottom, will leave no room for us.

London and Ottawa are fighting it out to-day. Whichever way it goes will help Brantford, providing we win.

The gold watch for the best all round player should include the player who is best able to stand up in the mud. Gabby Ivers says he declines to enter the competition.

In London on Tuesday, Chubby Coose threw over Ivers' head, smashing a lamp in an automobile. The next inning the owner placed a blanket over the good lamp and then sat on it. Then he lined up his friends in front of the car. All joined in a chorus to Chubby, "Come on, Coosey, throw it as far as you like." This is original rooting, which we like to hear about.

Just to show how good a pitcher he was, Harry Donovan went in yesterday at London and held the Kockneys to three hits. He beat London 9 to 3. With this reversal of form in mind, we rise to remark that whenever it was a muddy day, last to the game no good. Since O'Laughlin has been unanimously elected to the International Order of False Prentice Artists, The Tin Can Badge which goes to the members of such order should be applied to O'Laughlin by President Fitzgerald and that right off.

Lefty Smith had to return home from the fray at London. Two years ago he returned home from the same spot with a broken collar-bone, and he stayed home for some weeks. It is fortunate that the injury this time is not so serious. Smith will be making an effort in London looked good, in fact Lefty looked good for all the world like his old self. If Smith is capable of delivering the goods as he did here three years ago, the Red Sox will not linger very long in the mire. In all likelihood he will pitch against St. Thomas on Saturday.

A three day engagement is being opened to-day with the Canadian League leaders from the Railroad City. If Brantford can win the series there will be no fan in the city who will say that the Red Sox cannot win the pennant. St. Thomas has recently humbled by Guelph. At that the Saints are considered the best in the circuit on present form. They are only a matter of five and one half games ahead of the Red Sox, and if Brantford should take three of the series this week, look what it would mean. Surely the luck must turn. We are convinced that the present standing of the Brantford Club does not indicate their playing strength.

Mr. Fred Westbrook, who it must be said, whether one wants to or not, is a pretty well known sportsman of this column with the greatest bicycle rider (high or low wheel) this country ever produced, the greatest trap-shooter, and the greatest lacrosse magnate, and the greatest in many other ways if one might recount all his activities before the sporting world, but we are going to tell Mr. Westbrook that: 1. He doesn't know baseball.

2. He has never had either opportunity or inclination to know baseball.

3. He has a poor chance of ever knowing baseball, if he attacks the subject the same way as above mentioned.

In addition to the above, we wish

Big League Results

Jackson's Mighty Wallop on the Polo Grounds.
NEW YORK, June 4.—The Cleveland team again defeated the local American Leaguers yesterday, the score being nine to five. Chance used four pitchers to stop the fast western invaders, and Cleveland hit them all hard. The New Yorks also hit Blanding hard, but he was strong with men on bases, and twelve of the locals were left. In the second innings Jackson made one of the longest hits ever seen in New York, when he hit a ball over the right field wing of the grand stand. This is the first time this feat has been accomplished since the Brush Stadium was constructed in 1911. It completely outdistanced John Franklyn Baker's famous wallop in the 1911 world's series on this field. Score:

CHICAGO, June 5—Daring baserunning, coupled with bunched hits, yesterday enabled Chicago to shut out Boston, the first of the eastern teams to invade this city, 5 to 0. Overall as to fine form and hitting, the visitors only five scattered hits, Rudolph had three bad innings, in all of which the locals scored.

ST. LOUIS, June 5—St. Louis stopped the New York Nationals in a hitting streak by free and timely hitting. The score was 6 to 4 in favor of the locals. St. Louis' eleven hits were all made in the eleven innings Mathewson pitched. Witasek was air-tight for the two innings he occupied the mound. Griner pitching for the home team was hit hard, but he kept the hits scattered and was effective with men on bases.

CINCINNATI, June 5—Cincinnati went to seventh place in the pennant race yesterday by defeating Brooklyn 4 to 3, and Boston losing to Cincinnati 5 to 1. The first time Cincinnati has been out of last place since April 17, Cincinnati hit Curtis hard, and had the game won when he was taken from the box in the 4th. Stack, who succeeded Curtis, allowed only two hits and prevented the seventh place from being lost. Benton yielded four hits, but had one bad inning.

PITTSBURG, June 5—Philadelphia bunched hits off Camnitz in the seventh innings yesterday, scoring four runs in that inning. He had allowed three hits until the seventh. Alexander pitched steady ball, holding Pittsburgh to six hits and checking their winning streak, in which they had taken nine of their last eleven games. Fred Clarke again batted in a pinch, his second appearance in a championship game since the fall of 1911.

BOSTON, June 5—Chicago secured three runs in the first two innings yesterday, and as Boston was unable to hit Cicotte in the pinches, the visitors won, 3 to 1. Three pitchers were used by Boston. Two fast double plays by Cicotte, Weaver and Fournier were timely.

MONTREAL, June 5—Montreal made it three out of four with Buffalo, McGarry nesting Beebe in a pitching duel. Five of Montreal's hits were bunched in the sixth for the two runs which won the game. Murray led off in the sixth, but the next three men were easy outs.

WASHINGTON, June 5—It required but one inning yesterday for Washington to defeat St. Louis, the final score being 6 to 2. The locals drove Weilmann from the box in the third. Shotten had a perfect day at bat, making a single and working Engel for four bases on balls.

PHILADELPHIA, June 5—Philadelphia won its tenth consecutive game yesterday by easily defeating Detroit in a contest of many runs and twenty-nine men participated in the contest, the Philadelphia's making use of 14 and Detroit 15 men. Both Dube and Wyckoff were driven from the box, and House, who succeeded the former was taken out in the second to let High bat for him. Claus, a left hander, pitched fairly good ball from the third innings on. J. Bush settled down after relieving Wyckoff in the second innings, holding the Tigers to six hits in 7-2-3 innings.

PROVIDENCE, R.I. June 5—New-

ark won a fifteen innings battle from Providence yesterday afternoon by a 5-4 score, after one of the most sensational games on the local field. Dalton was wild and hit hard all the way, but was saved time after time by dazzling fielding, the Grays having 28 assists. Barger was in the finest form and held Donovan's men to nine singles, pitching 15 innings in the last eight innings. In the 15th Dalton singled, was sacrificed to second, and with two out, scored on Swacina's single.

YES, THERE WILL BE A PARADE

Barnum and Bailey Will Also Present Great Spectacle of "Cleopatra."

When the Barnum and Bailey Greatest Show on Earth visits Brantford on Tuesday, June 17, it will present a street parade on absolutely new lines. In no particular will this parade be like those of the past.

Before the circus began its season it promised a surprise in the way of street processions. It announced that it would present a pageant three times the length of any other and costing ten times as much. It is now fulfilling that promise to the letter. The open air spectacle represents three years' work. The best artists of Italy and France made the designs for the various vehicles, the costumes and the fantastic trappings. The best property and spectacle builders and master artisans of the great theatres of Europe put those designs into execution. They worked night and day for three years in the foreign work shops of the show in England. When the bills for all this labor were turned into the management they amounted to \$1,000,000. But the result of the work is worth it. The parade is beautiful beyond description. It is a parade of ten thousand wonders and novelties.

It has great value as a world's exposition. It presents all types of the human race, together with their costumes, tapestries, banners, flags, weapons, engines of warfare, statuary and paintings, carriages of state, mythology and idols. A complete street menagerie is displayed in open dens. There are herds of camels, dromedaries and elephants and 700 horses. The characteristic music of the world's peoples is represented by brass bands, barbarian orchestras, tom-tom players, and pipers, silver chimes, cathedral organs, siren pipes, chanters, derbies, castanet ballets and operatic choruses.

For the children there are fete days and kermis scenes, fairyland tableaux, depicting all the characters from Mother Goose, Alice in Wonderland, the Arabian Knights, the Water Babies and Robinson Crusoe. The tapestry and rug makers from Turkey and Persia. The costumes are from France. The laces are from Ireland. The scarfs, banners and flags are from Japan. The wagons, floats, palanquins, rickshaws, howdahs, palaces and thrones are made from the finest woods, carved by hand and burnished with pure gold. The harness is silver mounted. Zebras, llamas, camels, and elephants do the work of horses. There are 1,280 men, women and children in the line.

The show grounds of this big circus will be found an immense dynamo plant, generating power for all kinds of shops and supplying current for all the electric globes, arcs and beacons. There is also a post office, where mail is received every day from all parts of the world. The show carries its own barbers, dentists, lawyers, doctors, detectives and master mechanics. It has a hotel and dining room where 4,000 meals are cooked and eaten every day in the week. The train that pulls the circus from city to city is more than a mile in length. It travels in a single season about 40,000 miles, making stops at 200 different cities.

One entire section of the train is needed to transport the vast equipment of the spectacle "Cleopatra," which opens the performance in the main tent. The spectacle employs tons of scenery and properties and a great portable stage built so that it can be put up in sections, and packed away again at night on twenty flat cars.

There is nothing better with which and the day's toil that good laugh, unless it be two laughs.

"The Mystery of Agatha Webb"

By KATHARINE GREEN

CHAPTER IV. A MYSTERIOUS WOMAN.

This gentleman has some information to give. As he was returning home from the bedside of a sick parish-ener some little time before he had been run against on this very corner by a man rushing out of the gateway in a state of great agitation. This man held something in his hand that glittered, and though the encounter nearly upset them both, he had not stopped to utter an apology, but stumbled away into the darkness in a dazed and feeble way, showing that he was neither young nor active. The minister had not been able to see his face, but noticed the ends of a long beard, blowing over his shoulder as he hurried away.

Philemon was a clean shaven man. Asked if he could give the time of his encounter, he replied that it was after 11 and before 12, for he was in his own house by 12.
"Did you look up at these windows before leaving?" asked Mr. Fenton, for this interview had taken place in the presence of the dead.
"I must have, for I now remember they were both lighted."
"Were the shades up?"
"If not, or I should have noticed the ceiling of the room. I remember seeing nothing."
"How were the shades when you broke into the house this morning?" inquired Mr. Sutherland of the constable.
"Just as they are now; we have moved nothing. The shades were both down—one of them over an open window."

"Well, we may find this encounter of Mr. Crane's of decided importance."
"I wish I had seen the man's face," remarked the latter.
"What did the object look like you saw glittering in his hand?"
"I should not like to venture an opinion. I saw it but an instant."
"Could it have been a knife or an old fashioned dagger?"
"It might have been."
"Alas, poor Agatha! That money, something she so despised, should cause the death of a creature so grand and simple! Unhappy life, unhappy death! Fenton, I shall always mourn for Agatha Webb."

"Yet she seems to have found peace at last," said the minister. "I have never seen her look so contented." Then leading Mr. Sutherland aside he whispered: "What is it you say about money? Had she any considerable amount of it? I ask because in spite of her humble means of living she all ways put a generous donation on the plate, and I have received more than once during my platinate an unexpectedly large and anonymous contribution for certain charities. As it was always for sick or suffering children."

"Yes, yes. I have no doubt it came from her. She was by no means poor, though I myself never knew the extent of her means till lately. Philemon was a good business man once, but they evidently preferred to live simply, having no children living."
"They have lost six, I have been told."
"So the Porchester folks say. They probably had no heart for display or for even the simplest luxuries. At all events they did not indulge in them."
"Philemon has long been past indulging in anything."
"Oh, he likes his comfort, and he has had it too. Agatha never staid him."
"But why do you think her death was due to her having money?"
"She had a large sum in the house, and there are some who knew this."
"And he it gone?"
"That we shall know later."
As the coroner arrived at this moment the minister's curiosity had to wait. Fortunately for his equanimity no one had the presumption to ask him to leave the room.

The coroner was a man of but few words and but little given to emotion. Yet they were surprised at his first question.
"Who is the young woman who is standing outside there, the only one in the yard?"
Mr. Sutherland, moving rapidly to the window, drew aside the shade.
"It is Miss Page, my housekeeper's niece," he explained. "I do not understand her interest in this affair. She followed me here from the house and could hardly be got to leave this room, into which she intruded herself against my express command."
"But look at her attitude." It was Mr. Fenton who spoke. "She's crazier than Philemon, it seems to me."
There was some reason for this remark. Guarded by the high fence from the gaze of the pushing crowd without, she stood upright and immovable in the middle of the yard, like one on watch. The hood which she had dropped from her head when she thought her eyes and smile might be of use to her in the furtherance of her plans had been drawn over it again, so that she looked more like a statue in gray than a living, breathing woman. Yet there was menace in her attitude and a purpose in the solitary stand she took in that circle of board grided grass which caused a thrill in the bones of those who looked at her from that chamber of death.

"A mysterious young woman," muttered the minister.
"And one that I neither countenance nor understand," interpolated Mr. Sutherland. "I have just shown her the displeasure I feel at her actions by dismissing her from my house."
The coroner gave him a quick look, seemed about to speak, but changed his mind and turned toward the dead woman.

CHAPTER V. BLOOD ON THE GRASS.
The inquiries which followed elicited one or two new facts. First, that all the doors of the house were found unlocked, and, secondly, that the con-

HE NOW BELIEVES IN "FRUIT-A-TIVES"

Because He No Longer Suffers With Headaches

TAYLORVILLE, Ont.
"I was a sufferer from Fearful Headaches for over two years. Sometimes, they were so bad that I was unable to work for days at a time. I took all kinds of medicine, was treated by physicians, but yet the Headaches persisted.
A short time ago, I was advised to try "Fruit-a-tives" and I did so, with limited success, very little faith. But after I had taken them for three days, my Headaches were easier and in a week they left me.
After I had taken a box of these tablets, my headaches were quite cured. My appetite was always poor and my stomach bad—and now my appetite is splendid and my digestion excellent.
I had become thin and weak from the constant Headaches but now not only have I been cured of all these awful Headaches, but my strength is growing up once more and I feel like a new man."

IS "DEBORAH" QUITE IMMORAL

Case Was Heard Before Judge Morson in County Court This Morning.

TORONTO, Ont., June 5.—The alleged immorality of Legrand Howlands' much discussed play "Deborah," was the question in the county court this morning, when Judge Harrison began the hearing of an appeal from the decision of Police Magistrate Denison, who called the production an immoral one and imposed fines on the members of the company.
Rev. John Coburn, secretary of the committee of forty, a body of citizens giving their attention to moral conditions in Toronto, was the first witness called for the Crown in an attempt to establish the alleged undesirable character of "Deborah," and he was still on the stand at noon undergoing a severe cross-examination at the hands of H. H. Dewar, K. C., appearing for the company. Mr. Coburn said that after he had witnessed the play, which he considered decidedly immoral in its tendency, he explained the story of it to Crown Attorney Corley, who immediately sanctioned the prosecution.

She, pointing to the grass at her feet, said quietly, "See this!"

The next day, he said, the committee of forty unanimously endorsed his action.
In his cross-examination Mr. Coburn told Mr. Dewar that up to three years ago he had never witnessed a theatrical performance, and since then he had only gone to two plays outside of his attendance in the performance of his duties as secretary of the committee. These were "Julius Caesar" and "The Servant in the House," in both of which DeRone Powers played. He did not altogether disapprove of the theatre as an institution, and he defended his course in not prosecuting the companies which produced several plays in Toronto recently, in which he admitted there were situations and dances to which he took objection. For instance, in Gertrude Hoffman's show last week, he said, there was one dance which was "very bad," but of such a nature that it would have been very difficult to produce evidence of its nature convincingly before a court.
"If I had produced the wiggles as evidence I would certainly have prosecuted," he said, amidst laughter.
The case will probably continue at least all day.

The Parks Board and the Board of Works will meet to-night.
