FREDERICTON JULY 3, 1880.

The readers of this journal are hereby informed, that **Fredericton is the Capital of New Brunswick**, and that York Point, and Marsh Bridge, and Reed's Castle, and MacEvoy's, and the old Bell Tower, and Partridge Island, all remain just as they were!

A St. JOHN paper to-day, the **News**, under the caption Cabinet Changes says—
There is talk of Mr. Chapleau shortly succeeding Mr. Mason in the Privy Council, of Mr. Caron succeeding Mr. Baby to be appointed a judge, of Sir John taking the Presidency of the Council, and of Mr. Daly or Mr. Costigan succeeding Mr. O'Connor, likely to be appointed to the Chief Justice, ship of Manitoba.

The **News**, we regret to say, is not a very good authority on Ottawa matters. The story it publishes above is the old story renewed: but a good deal of it may turn out true. That a large portion of Canada look to Mr. Costigan as the coming Post Master General there is little doubt; how any one would think for a moment that there is any Cabinet honor in store for Mr. Daly is quite more than we are able to understand. Mr. Daly may be estimable in private life and social circles, but he has yet to earn his public laurels.

Cabinet offices are not usually conferred on men of theories, but on men of deeds. No, some man who has fought side by side with the Conservatives from first to last, who has borne with them the heat and burden of the day, will get that. Some man like Mr. John Costigan, say, who has stood by their side from the first; never turning back, and true to his party in the dark hours of the Pacific scandal as in their palmiest days. A very large number of the people of Canada know Mr. Costigan, and look up to him as a representative man; very few people outside of Halifax know Mr. Daly—both are Roman Catholics—and almost as few look to him as deserving of Cabinet honors. Mr. Costigan's rights cannot surely be much longer deferred.

As will be seen by our report, Mr. P. McPeake, our worthy fellow citizen, resigned his position as City Auditor Thursday evening. Mr. McPeake held the position for 11 years, always with credit to himself, and to the satisfaction of the public. It is a good deal for him to be able to say that in that time no one ever tried to supplant him. In a few days he enters upon a position which he so well deserves, and which is a just tribute to the high regard in which he is held by all classes of our community. We are glad to see the Council appointed Mr. J. F. McMurray in Mr. McPeake's place. The selection is an excellent one, and while there is not very much pay attaching to the office there is a good deal of trust, and we therefore congratulate our friend Mr. McMurray.

The Attorney General and the Chief Commissioner joined the Surveyor General yesterday at Newcastle. The Government trio then started for Tracadie to surrender the Lazaretto management, and the lepers, into the hands of the Agricultural Department, Ottawa. The Local Government is to be congratulated for getting this matter off our hands; the Dominion Government is to be thanked for taking it off.

There are few in Canada who have not heard of Sandford Fleming. Almost simultaneous with the mention of railroads in this country his name was heard, and upon railroading he has been for a long time—for quite too long a time—looked up to as an oracle. His railroad theories are of the antiquated order, and he is insufferably extravagant. He never cared how much a road might cost provided he could get it built according to his own ideas. Both Canadian parties reposed a great deal of confidence in him, and either was loth to dismiss him, even when newer, and cheaper, and better modes of railroading were being adopted all around us. But the time came when even Fleming had to go. He was first removed from the Chief Engineership, and appointed Consulting Engineer. He declined this; and then as was quite natural began to abuse the Government, ostensibly for wrong doing in public matters, in reality for doing what they should have done long ago, dismissing an extravagant and antiquated engineer.

We are rather of the opinion that it is much better to lead than to drive. Mayor Gregory should have allowed the dignity of his high-toned Council to suffer for once, and if he did nothing else, treat the petition of the firemen with common courtesy. He chose rather to join issue with the firemen, and so at the next fire we will have the beautiful spectacle of firemen turning out to do their duty against their will, and only spurred on by the good sticks of the law. It must occur to Mayor Gregory that there is many a way of choking a dog besides choking him with butter—and that acting within even his interpretation of the law as firemen, is one thing, but doing the duty of firemen according to the firemen's notion is quite another.

DR. TANNER of New York has undertaken to fast for forty days and forty nights. The physicians say he will first go crazy and then die—the latter disaster overtaking him between the seventh and ninth days. Yet at latest accounts, and the Doctor had then fasted seven days, he was talkative as ever, and tossed about on his cot smart as a cricket. The lines began to deepen on his face, and his eyes looked pinched. Several visitors were with him yesterday. We would not recommend any one to visit the Dr. alone, because it is only natural now that he has far less horror of cannibalism than he had some time ago.

SENATOR O'DELL crept into town to-day to pay his taxes. He starts away in the morning a little after daylight. He will be back this time twelvemonth. Mr. O'Dell is Senator for this city.
A weekly publication in this city attacks Senator O'Dell pretty strongly on every occasion that arises. The reason is the proprietor of that paper—we now refer to Mr. Julius L. Inches—wishes himself to be made a Senator. We suppose, however, the Dominion Government are thoroughly in their senses.

The Government of Canada advertise in some of the leading English papers for 4000 agricultural laborers and navvies. They promise "assisted passages" to agricultural laborers and their families, and to female domestic servants. They offer Free Grants of fertile lands, and recommend application to Thomas Grahame, Canadian Government Agent, 20 Chiswick street, Carlisle.
THERE was a fire alarm this afternoon and no firemen to turn out. Policemen Roberts and Kingston pulled the engine out on the street, and then went out to ask the citizens to lend a hand. The alarm came from Kirby's corner, and was caused by chimney sparks. We are in a pretty stew surely—and all on account of the Mayor's solicitude for the dignity of the City Council.

BENNETT, the murderer of Hon. Geo. Brown, has made up his mind to die. When he was asked yesterday by his counsel to sign a petition asking a commutation of his sentence, he refused, saying he preferred death even on the scaffold to imprisonment for life. This is cowardice rather than courage.
TILDEN's heart is with the Democrats though they accepted Hanlock. He contributes a campaign check for \$100,000. None of this is intended of course for the uses of bribery and corruption.

The Provincial Secretary went down to St. John to-day; but he will return on Saturday. There is no Government member now that we know of in the city.
It is stated that Sir John A. Macdonald, Sir Charles Tupper, and Hon. J. C. Pope will sail for England on Saturday next, on public business.
Mr. J. B. Robinson was sworn in Governor of Ontario to-day.

The "Edward M. Patchell," spoken of in our New York telegram, as being connected with the robbery of bonds, was a clerk in the British North America Bank here a little over two years ago.

The dove brings the peace branch from Buenos Ayres. The instruction among that fiery people has been suppressed,—*pro tempore*.

A COMMUNITY of the Jesuits expelled from France are going to take charge of the Roman Catholic College at Charlottetown, P. E. I.

We have to hold over some interesting matter till next. The best is a Parisian law suit.

THE FLORENCE NIGHTINGALE OF THE NURSERY.

The following is an extract from a letter written to the German Reformed Messenger, at Chamberburgh, Penn: A BENEFACTRESS.

Brown's Household Panacea.

Is the most effective Pain Destroyer in the world. Will most surely quicken the blood, whether taken internally or applied externally, and thereby more certainly RELIEVE PAIN, whether chronic or acute, than any other pain alleviator, and it is warranted double the strength of any similar preparation.

MUCH SICKNESS.

Undoubtedly with children, attributed to other causes, is occasioned by Worms. Brown's Vermifuge Comfit, or Worm Lozenges, although effectual in destroying worms, can do no possible injury to the most delicate child.

DELICATE WOMEN, Palefaced, Sickly Children, the Aged and Infirm, alike are benefited by the Strengthening and Blood Making Power of Hamilton's Quinine Wine and Iron.

THE HORRIBLE UNSIGHTLY, BLOTCH, ECZEMA, and the Sallow, COLORLESS COMPLEXION can be QUICKLY and EFFECTUALLY replaced by a CLEAR HEALTHY SKIN. The remedy is CERTAIN and EASILY PROCURED, and is simply "Hamilton's Quinine Wine and Iron," taken according to directions, one bottle and is convinced. Price 50 cents per bottle; 6 for \$2.50. For sale by all druggists.

Close confinement in poorly ventilated work rooms, and want of proper exercise, are often unavoidable, but tend to produce dyspepsia, want of energy and loss of appetite. In such cases Hamilton's Quinine Wine and Iron is the best medicine to use.

Diarrhea in children is often attended with the most serious results. Hamilton's Blackberry Cordial gives relief at once and cannot harm the youngest infant. Price, 25 cents.

Fire. After the fire alarm today, the two policemen had to haul out one engine, the other got pulled out at all. After the fire they like a huge useless trip to the engine house.

Election of Officers. At the regular weekly meeting of St. Dunstan's T. A. Society, held at their hall on Thursday evening last, following officers were elected for the ensuing quarter:

James McGee, President; A. G. Martin, Vice-President; Peter Farrell, Financial Secretary; W. W. Corbett, Recording Secretary; J. H. McLaughlin, Treasurer; Geo. R. Perks, Sergeant-at-Arms; John E. Librarian.

COUNCIL MEETING.

THE USUAL GYRATIONS AND ABSENCE OF ORDER.

THE MAYOR REJECTS A PETITION BECAUSE IT IS UNDESIRABLE. THE FIRE CAPTAINS ALL TENDER THEIR RESIGNATIONS, BUT HIS WORSHIP WILL COMPEL THEM TO ACT.

The regular monthly gathering of the Mayor and Aldermen of this city took place in the basement of the City Hall on Monday evening last.

Mr. P. McPeake's resignation as city auditor was presented and accepted. Three names were put up, but Mr. J. F. McMurtry received the appointment.

The city treasurer then submitted the balance sheet to July 1st. The following transfers were made: \$2000 from ordinary revenue to city hall; \$3000 from same to fire department; \$1000 to roads and streets; \$1000, funded debt, and \$1000 to alms house.

Burchill moved the following resolution: Resolved—That the road committee be authorized to make arrangements with a view to macadamizing Queen street from Regent street to Ketchum's bridge, and from Westmorland street to Northumberland street, and to repair King street from Smythe street to Balduf bridge. The expenditure not to exceed \$1000.

As a matter of course, Ald. Guter moved in amendment the money be expended in the city proper—the right have said proper—of course Guter's amendment was lost.

Wheeler presented a report from the Administration of Justice committee, which was accepted.

Ald. Clinton who is to be deeply commended, wanted to know why the flag was not hoisted on the flag staff of the City Hall on Dominion Day.

Wheeler, Chairman of the City Hall Committee, informed Clinton that the flag was loaned to the I. O. O. F. Bazaar.

Wheeler moved that the flag be loaned to the I. O. O. F. Bazaar, and that it be hoisted on the flag staff of the City Hall on Dominion Day.

Wheeler moved that the flag be loaned to the I. O. O. F. Bazaar, and that it be hoisted on the flag staff of the City Hall on Dominion Day.

To which Ald. Guter replied: "I heard that some party had removed the small scales from the market to the Engine House of the City Hall, and I at once procured a key and ejected those scales."

We may say it looks much like as if they were persecuting Ald. Clinton for the fact! However— Macpherson moved that the care of the market be put in the hands of the city proper—the right have said proper—of course Guter's amendment was lost.

Wheeler moved that the salary be \$100. We are reporting business just in the order it was transacted.— [En.] but Kearneyism lost for once, and the original motion triumphed.

An Alderman moved that the large scales in the upper market be removed to the lower market. Lost.

Another loss to Tammany! His Worship Alderman-Mayor Gregory then read a petition from Mrs. John Bartlett, who fell and injured herself at the corner of Queen and Carleton streets, and praying for indemnification. It was referred to the road committee.

Petition of John Hanlan referred to assessment appeal.

His Worship read the resignation of Captain McPeake, Hawthorne and Pollock, as Captains of "Alexandria," "Sisily" and "No. 4." The resignations were accepted.

His Worship, who seems to prefer the compulsory service of the firemen and Captains to do with good will, and pleasure in duty. He read from the city charter that "the City Council can appoint any man of the corporation to any office or position and if he declines to accept the office he can bring him before the Police Magistrate and have him fined for such refusal."

There then arose a bewildering din of voices, above which no particular voice could be heard, and a number of a sea shore in a storm, where a lot of small gulls (lick'aces) wrangled and screamed railing the clerks, while above them on a crag sat the sea eagle, his eyes gleaming like lightning.

The more they talked, the more "confusion more confounded," till eventually the aldermanic proclivities of the Chairman came again to the front in the form of a motion, which in substance was—

That the several Captains be notified that they postpone their resignations, and that in the meantime they be expected to attend to duty until their departments are adjusted in a satisfactory manner between themselves and the Fire Committee.

This was carried.

Ald. Wilson read a communication from John Woodward, stating that he would take 25 per cent of the miscellaneous licenses collected by him in the year in lieu of his present salary of \$100. His proposition was accepted.

His Worship read a communication from the estate of M. Moran, stating that he would relinquish all claims on the estate, that is, all claims for unpaid taxes, and he would also relinquish back to the city if they would pay for improvements. Referred to a special committee.

Burchill moved that a gas lamp be placed at the corner of Charlotte and St. John streets. Lost.

Guter moved that the gas lamp in front of Judge Fisher's be hereafter extinguished. Lost.

Clerk's report on ground rent on No. 3 Engine House is now due, and a cheque for \$10 was ordered.

The Council disbanded sine die.

St Stephen, July 3, 1880.

absent in the south of Europe. Had she been present we would have learned more about those festive evenings at her ladyships' aristocratic abode, and some of us would have been pleased to hear that Lambert Pasha's French bank notes, \$1,000 paid to her ladyship, according to his statement, for two nights lodging were all right and square. It is rather startling though to hear that those innocent favorites were kept up till seven o'clock in the morning; but we must assume that West-end card parties do not break up at bedtime. I may explain that Lady Sunbright's entertaining hostess, Embril Pasha, "is an amateur actress of more than amateur ability." She is the wife of a baronet and her parties and assemblies, when she is in town, are "swellish" in the extreme. Now that the trial has ended in favor of the defendant, "Labb" will be cock-a-whoop on the subject of gambling and gamblers.

ALPHA. Police Inspector Byrnes, to-night, arrested Lawrence R. Jerome, jr., son of the well known banker and sporting man, and Edward M. Patchell, manager of the banking house of Gay, Bevan & Co., on a grave charge. A messenger boy in the employ of Brayton, Ives & Co., was sent out, last Saturday, to deliver stocks valued at \$87,300. He returned saying that he had lost the package on Wall Street. Mr. Ives, who is president of the Stock Exchange, reported his loss to the police. After a long search the securities were traced to the possession of the prisoners. Both are unmarried young men and familiar with the ways of Wall Street, Jerome being engaged in the stock business. After their arrest, the stocks were found in Patchell's office, and it was admitted by the young men that they knew to whom the securities belonged. They intended to send them to Europe and have them negotiated there. The manner of obtaining possession of stocks was not divulged.

GRAND FALLS

OF THE
UPPER SAINT JOHN
FOR

SPORTSMAN AND TOURIST

THIS Book just published at the "Reporter" office will be found useful not only to those to whom it is especially dedicated, but to all persons who are not acquainted with the Upper St. John, and who are interested in the features of scenery and progress of that interesting country. The Book, whilst the haste in which it was prepared will have operated against its perfection, will be found tolerably accurate, in scenic description especially, when it is considered that many of the places to which the author has devoted his most graphic pen, which he has clothed in waving verdure and coarsed by merry laughing rivulets, were inspected in mid-winter, when two feet of snow covered the ground, and when the smooth-voiced waters were bound in fetters of ice.

The book will be for sale at all Book-stores at
15 Cents a Copy.

Wholesale rates can be ascertained at "Reporter" office, Fredericton, June 26. "SMALL PICA."

CAN BE CURED**

IS A FACT ATTESTED BY THE HIGHEST MEDICAL
AUTHORITIES IN THE WORLD.

A careful observance of the laws of health, and the systematic and persistent use of Scott's Emulsion of Cod Liver Oil with Hypophosphites of Lime and Soda will accomplish this result. This preparation has all the virtues of these two most valuable specifics, in a form perfectly palatable, and acceptable to the most delicate stomach, and we make the unqualified statement that Scott's Emulsion is being used with better results than any other preparation of the kind. It is agreeable to the most delicate stomach, and is prescribed by more physicians for Consumption and the diseases leading to it, than any other remedy known to medical science. The rapidity with which patients improve on this food medicine diet, is truly marvellous.

GENTS, - I have frequently prescribed Scott's Emulsion of Cod Liver Oil with Hypophosphites during the past year, and regard it as a valuable preparation in scrofulous and other wasting diseases, we can consider it our most reliable agent, in a perfectly agreeable and elegant form.

Messrs. Scott & Bowne: - Gentlemen, - Within the last year I have used in my own family, and in my private practice prescribed very extensively Scott's Emulsion of Cod Liver Oil with Hypophosphites, and found it a most valuable preparation, especially in diseases of children. It is agreeable to the most delicate stomach, which renders it a very reliable agent as a nutritive remedy in consumptive and scrofulous cases.
Yours respectfully,
J. SIMONAUD, M. D., New Orleans, La.

Messrs. Scott & Bowne: - Gentlemen, - In September, 1877, my health began to fail and my physician pronounced it spinal trouble; what he said I can not recall from pain, but my general health did not improve, and early in the winter I began to lose my appetite and my sleep. In May last I was taken with a violent bleeding, which brought me to my bed and my life was despaired of for many weeks; violent symptoms appeared, night and morning coughs, night sweats and short breath, and a return of the spinal trouble. My physician stopped the bleeding and then ordered Cod Liver Oil and Lime, and I used various preparations, but they did me no good. I lost all hope of life and was an object of pity to all my friends. Last September I purchased a bottle of your Emulsion and used it as directed. I afterwards bought a dozen bottles, with the following results: Coughs subsided, night sweats stopped, appetite returned, pain in spine disappeared, strength returning, and my weight increased from 115 to 140 pounds in sixteen weeks. I have taken no other medicine since commencing with your Emulsion and shall continue its use until I am perfectly well. I frequently meet some friend on the street who asks, "What cured you?" and I answer, "Scott's Emulsion of Cod Liver Oil, etc." I have a friend who has just spoken about for 12 months, and he is getting better. I gave him a bottle and he bought two more, then got a woman, and says it is food and medicine for him. He was given up to die a year ago; but he is improving now wonderfully. My recovery is exciting the surprise of many people, and I shall do all I can to make known your valuable medicine.
Very truly yours
H. F. SLOCUM, Lowell, Mass.

Messrs. Scott & Bowne: - About the 15th of last April I got a bottle of your Emulsion and at that time I was so prostrated that no one who saw me thought I could live longer than a few weeks at most. I could retain nothing on my stomach and was literally starving. I commenced the use of the Emulsion in small doses it was the first thing that would stay on my stomach; I continued its use, gradually increasing the dose, and after that hour I commenced mending, and now am able to ride and walk, and am gaining flesh and strength rapidly. I have advised other parties to try it, and some two or three have already tried it. I am sure I shall entirely recover.
I am gratefully yours,
R. W. HAMILTON, M. D.
