A Talk For Men

NO. 1

Comfort

What a world of meaning in those few letters—when they are put together in the right combination.

Ease, enjoyment, satisfaction, peace—that's what Webster says comfort is. And what man does not crave comfort, especially in his apparel.

All Times Pass Over

The men whom I have seen succeed best in life have always been cheerful and hopeful men, who went about their work with a smile on their faces, and took chances and changes of this mortal life like men facing rough and smooth alike as it came; and so found the truth of the old proverb, that good times and bad times and all times pass over.

—Charles Kingsley

To Begin at the Beginning

There's your summer underwear. The Farrah Union Suits will give you comfort, they allow you to move with ease, they are made in two weights, light and medium to suit this particular climate. Your peace of mind will be retained, because you will be cool and comfortably clothed for the summer if you get one of them. They are knitted of good quality yarns which insure a long wear. We replace any suit or garment that does not give reasonable wear, if caused through defect in quality or make.

UNION SUITS \$1.25 and \$1.75
TWO PIECE SUITS
65c and 90c Per Garment

and then---

There's your socks. You may like a fancy light weight cashmere hose the popular heather variety, or you may prefer a silk-oline or plain cotton hose. No matter which you purchase it is a matter of taste, but one thing sure, each represents an economical purchase at its price and for its purpose.

20c per pair upwards to \$1.25

About Shirts

The Shirt plays an important part in a man's life, he never has too many particularly in summer time. No matter a fancy shirt or a work shirt you need you are sure to be suited here, every shirt is built regardless of the price, to give satisfaction in wear and satisfaction in appearance. We have them in silk, imported french models and the good Canadian made shirtings

75c up \$9.00

PARISH OFFICERS FOR THE YEAR 1922

The following are the Parish and County Officers for the Parish of Newcastle for the year 1922:

- Parish Clerk—Thomas Barnett.
- District Clerks—Alex. Jessamin, B. Meahan.
- Constables—Timothy McInnis, Robert Beckwith, Samuel Miller, John Ashford, John Creamer, Daniel Creamer, John Fallon, John Russell, John Hay, Jr., John H. Gallant, Cameron Smallwood, Adam Dickson, Frank Driscoll, Patrick Lloyd, John Wallace (John's son) H. B. Cassidy, John Jardine, Arthur Petrie, George Johnson, Thomas Fallon, Clifford McDonald, Edward Hickey.
- Wegibers of Hay and Straw—Gilmour Stothart, Wm. Stothart.
- Revisors of Votes—Joseph McKnight, Lawrence Doyle.
- Surveyors of Dams—John Jones, Peter Swanson.
- Hog Reeves—Martin Murphy, Charles Morrison, Michael McMahon, James Russell, John McCarthy, Edward Wood.
- Field Drivers—George Bayle, Thomas Cassie.
- Timber Drivers—Thomas Heybert, Chas. Williston, Wm. Condon, Miles Carrall.
- Boom Masters—John Robinson, John McKennie.

- Assessors of Rates—Wm. Innis, A. S. Cameron.
- Inspectors of Fish—Timothy W. Crocker, Edward Crocker, Wm. Innis.
- Collectors of Rates—Patrick Keane No. 1; and 2; Alfred Hay, No. 3.
- Surveyors of Lumber—Thomas Hickey, Patrick Keane, James Craig, Jeremiah Craig, John Dalton, James B. Russell, Robertson Lingley, Gregory Layton, W. F. Watters, Wm. R. Ryan, Thomas Holloran, James Falconer, John Matheson, John Robinson, James Ryan, John E. T. Lindon, James Lamont, Allan Russell, John Campbell, Thomas Barnett, James Simpson, Albert Sicles, Daniel Sullivan, L. Doyle, Patrick Sullivan, George Dolan, Staff... Russell, James Craig, (John's son) Michael Craig, Harry A. Gray, Ritch T. Allison, A. S. Cameron, Wm. Henderson, Stafford Lindon, John M. Wallace, James B. Sullivan, Andrew Simpson, Frederick Phillips, Jr., Herbert Jessamin, Charles E. Fish, Albert F. Smith, Wm. Sullivan, Herbert Sullivan, Clifford Atkinson, Thomas Bayle, Jr., Andrew Jackson, Chas. Cassidy, Allison Grey, James R. Gulliver, Thomas Daughney, Andrew Simpson.
- Measurers of Wood—Gregory Layton, James Craig, Jeremiah Craig, Wm. T. Ryan, Thomas Hickey, Stafford Lindon, John Russell, James Falconer, John E. T. Lindon, Allan Russell, James Lamont, L. Doyle, Thomas Barnett, Daniel Sullivan, Michael Craig, Harry A. Gray, Chas. Cassidy, A. S. Cameron.

- Ferrymen—John Kirkpatrick, Allan McGraw, John McDonald, John Crocker at Lower Newcastle, Charles Hanson.
- Fence Viewers—Wm. Reid, Andrew Morrell, Frank Johnston.
- Pound Keepers—John McCarthy, Edward Wood.
- Sealers of Leather—Edward O'Donnell, Patrick Condon.
- Measurers of Stone—Charles E. Fish.

TWO STEAMERS ON THEIR WAY HERE

Two steamers left St. John on Saturday for the Miramichi to load at Chatham.

One steamer, the Seneca is coming for a cargo of pulp from the Fraser Cos Dominion mill and the other steamer, the Canadian Trapper, is to load lumber from the J. B. Snowball Co.

The early opening of the shipping business will be of great help to the industrial and non-employment situation. It is said that five or six other vessels will shortly follow these two.

The Seneca and Canadian Trapper should reach here today if no unforeseen contingencies occur.

FIRE ALARM
An alarm was sent in yesterday afternoon for a fire in the residence of Mr. William Landry.

TOWN LABORERS REFUSE TO WORK TEN HOURS A DAY

About 85 men employed by the Town, in excavating for the George Street Water Main and sewer, stopped work Monday night, because the Corporation wished them to work 10 hour day. The men wanted a 9 hour day and refused to work 11 hours. The rate of wage is \$2.00 per day. The Town Council met this morning to consider the difficulty and after deliberation decided to pay the men off and suspend the work for the present.

27 MILES OF STANDARD ROAD

The Department of Public Works of New Brunswick has issued a call for tenders for the construction of 27.3 miles of standard gravel construction highway in various parts of the province. This construction will be under Federal aid regulations and will be the same class as the highway construction which had been done in the past few years. The period for submitting tenders will expire on May 16th.

B. M. Hill, Chief Highway Engineer announces the sections of highway which are to be constructed as follows:

- Musquash to Lepreau, on St. John St. Stephen highway, 6 miles.
- Nerepis to Welsford, on St. John Frederick highway, 5.3 miles.
- Buctouche north, on Shediac-Chatham highway, 4 miles.
- The Ranie to Cumberland Bay, Andover to Aroostook River, on Woodstock-Edmunston highway 6 miles.

GREATEST RETURNS FROM EMPLOYEES

Ottawa, April 24—Employees as a class paid the largest amount of income tax during 1921. Their total was \$11,301,895.58. Manufacturers were next with a total of \$8,217,730.09; merchants, including wholesalers and retailers, paid \$7,689,521.23, and professional men \$2,642,585.66. Farmers, although showing a considerable increase over 1920 and 1919 paid only \$611,736.64. The balance of the 1921 total of \$46,381,806.64 was made up of \$11,823,563.95 credited by the department to "all others", and \$4,094,864.39 from groups not classified.

The advance in the collections over 1920 is shown by the fact that in that year only \$4,786,520.73 was collected from employees; \$4,450,375.34 from merchants; and \$2,551,503.49 from manufacturers. In 1920 professional men paid \$1,093,401.07, and farmers \$525,836.74. The balance of the 1920 total of \$20,264,419.43 was completed by a total of \$6,856,782.06 paid by non-classified groups.

In 1919 farmers paid \$350,759.53; professional men, \$596,100.87; mechanics, \$41,327.46; business \$6,071,262.43; corporations, \$1,376,829.47 and "all others" \$901,109.27, or a total of \$9,343,419.03.

ANGLICAN SYNOD
The 53rd session of the Anglican Diocesan Synod of Fredericton opens in that city today, and will continue in session until Friday. The Bishop will deliver his charge to the Synod today after the celebration of Holy Communion at the Cathedral.

SPLENDID CONCERT BY LOCAL TALENT

St. James' Hall Filled to Hear Fine Program Rendered By Prof. Liscombe and His Pupils.

A musical concert of much interest was given Friday evening in St. James' Hall by Prof. F. J. Liscombe and his pupils, in behalf of the Miramichi Hospital under the auspices of the Hospital Aid. As was but natural the recital was one that attracted all the music lovers of the town and vicinity, and the splendid display of talent, which found full expression in the different numbers of the programme, was warmly appreciated and applauded. Those who took part in contributing to the programme are deserving of the highest congratulations in the rendering of their numbers, which was in keeping with the deeply expressive quality of the music.

This was the first concert given by Prof. Liscombe, and the result more than justified the hopes inspired by his great musical talent. Prof. Liscombe has proved himself a master of the finer elements of choral and instrumental effects, and further work with his pupils will enable him to develop even finer shades of expression. Few entertainments can equal those of Prof. Liscombe, which are a revelation of musical treasures, and are of a kind that never grow stale, because of their wonderful richness and distinctive character.

The presentation of each number on the program was singularly interesting and Prof. Liscombe is fortunate in gathering around him such a class of gifted pupils. Thus, whenever he favors the public with more of his high-class entertainments, the patrons will be sure of something which will satisfy even the most exacting connoisseur.

The various interpretations were especially notable for the beauty and clarity of the pianissimo effects, as well as the refinement and enunciation in the vocal numbers. Anything more wholesome and pleasing than the programme given could not be imagined and it is hoped that Newcastle will be favored with many more of such charming and pleasing entertainments in the future.

At the conclusion of the entertainment Mrs. L. H. MacLean, on behalf of the Miramichi Hospital Aid thanked Prof. Liscombe and his pupils for

NEWCASTLE TEAM DEFEATS CHATHAM AT BASKET BALL

The Newcastle Basket Ball Team defeated a picked team from Chatham in the Temperance Hall last Wednesday evening to the tune of 47 to 16. The locals were in fine shape and ready for almost any aggregation and showed splendid work throughout the whole game. The visitors at no time had any chance of defeating the local boys who excelled in both individual and combination work. The game was not patronized as well as it should have been, and those who attended were treated with one of the best Basket Ball games ever witnessed on the North Shore. Captain A. L. Barry refereed in a most satisfactory manner. It is altogether likely that a return game will be played in the near future. The line up was as follows.

Chatham	Newcastle
	Centre
T. Barry	R. Melrose
	Forwards
A. Veniot	R. Murray
H. Holt	J. Sargeant
	Defence
H. Barry	F. McCormack
L. Veniot	W. McCormack
	Spare
	E. Thompson

MINISTERS MEET
The Miramichi Presbyterian Ministers' Association held their regular meeting on Tuesday in Blackville where the members were the guests of Rev. and Mrs. George A. Grant at St. Andrew's Manse. A comprehensive and thoughtful paper on The Church and The Social Order was read by Rev. W. McN Matthews of Miramiton whose presentation of the question provoked a keen discussion. The next meeting of the Association will be held at the Manse, Loggieville, May 22.

the delightful evening which they had given and presented Mr. Liscombe with a life membership certificate. Prof. Liscombe, who was completely taken by surprise thanked Mrs. MacLean, the Hospital Aid and the audience for the kindness and applause shown himself and pupils, assuring them that it was a pleasure to help the Hospital and hoped he would be able in the future to further assist this most worthy institution. The gathering dispersed after the singing of the National Anthem.

WAS READY TO GIVE UP WHEN RESCUE CAME

New Brunswick Man Restored From Bad Stomach Trouble Declares Tanlac Is In Class By Itself.

"When it comes to buildin; a man up and making him feel fine I don't believe there is a medicine in the same class with Tanlac," said Fredrick Lord, Navy Island, West St. John, N. B.

"For a year I went down hill as a result of a bad case of stomach trouble and had gotten so weak I could hardly drag myself around. I was discouraged, too, and about ready to give up.

"Tanicl suited my case exactly. It took hold of me at once, gave me a splendid appetite, toned up my stomach and soon had me feeling like a new man. It certainly is a grand medicine and I am strong for it."

Tanicl is sold by all leading druggists everywhere.

CREMATION FINDS FAVOR IN ENGLAND

Cremation is increasing in Great Britain, according to figures given out at the annual meeting of the Cremation Society of England. For the first time in its history of over fifty years, the meeting was presided over by a woman, Mrs. Spencer Graves.

Last year, 1,922 cremations took place at the 14 crematoria in the country, that of Golders Green, in London heading the list, with 893. Among those cremated last year were judges, bishops, surgeons, peeresses members of Parliament, journalists, artists, soldiers, sailors and eminent women social workers.

The cremation of the late Duchess of Connaught by her specific instructions was an innovation in royal obsequies, but the reform has always had strong supporters among English nobility. The Duke of Bedford, one of the founders of the society, has erected a crematory for the sole use of his ducal house.

The present cost of cremation in England is roughly \$30. Urns to hold the ashes are rarely used, the general practice being to scatter the ashes in the so-called "Gardens of Rest" adjoining the crematoria.

Whitneyville Women's Institute

The Womens Institute of Whitneyville met at the home of Mrs. A. Menzies April 5th, 17 members present. We were glad to welcome 1 new member after discussion of business in which it was agreed to purchase some supplies for the dining room of Public Hall. A dialogue was given by Mrs. A. Menzies and Mrs. P. A. Forsyth which was greatly enjoyed by all present. Secretary reported \$41.20 made by socials said amount given for charitable purposes.

A. L. WHITNEY, Convenor

ORDER OF HENPECKED HUSBANDS TO MEET

The place for holding the annual meeting of the "Ancient and Honorable International Order of Henpecked Husbands," an organization having headquarters at Sowerby, near Bramford, England is being kept a strict secret.

Last year's meeting to ensure freedom from wifely interference, was held at an isolated spot on Blackstone Edge Moors.

Much time will be required at this year's meeting for the consideration of a long list of applicants for membership, as each candidate must be cross-examined regarding his fitness to be dubbed "well and truly henpecked." The organization's stationery declares the order dates back to the year 3897 B. C.

BLACKVILLE OFFICERS FOR 1922

Newcastle, N. B. April 29th—The following are the officers for the Parish of Blackville, for the year 1922. Assessors of Rates—James McLaughlin, Michael McCarthy, Herman Campbell.

"Faddy" Appetites

When the digestive organs are out of order you need the help of **Nether Seigel's Syrup**. The herbal medicinal extracts of which the Syrup is made restore tone and strength to jaded stomachs, make food yield nourishment and save from the many ills which indigestion brings. **Nether Seigel's Syrup** is now sold in 5c. and \$1.00 bottles at drug stores.

WIRELESS OUTFIT AT SMALL COST

The devotees of wireless in America are numbered by the hundred thousand and are increasing by thousands every day. Yet it is probable that the masses of the people still fail to realize how simple a thing the wireless telephone receiving set may be.

For long-distance work, where currents, so tiny that they are several million times more feeble than that which works the smallest pocket flashlight, must be picked up, complicated and expensive apparatus is needed. But the amateur enthusiast can know all the joys of the wonders of wireless at very small cost.

His set need consist only of a length of wire to form the aerial, a board no larger than a foot square to which are attached two or three simple and inexpensive instruments, and a pair of telephone receivers. Such an outfit will cost surprisingly little, and it will be a source of continual joy to its possessor.

LLOYD GEORGE MAKES AN APPEAL TO BRITISH PRESS

Genoa, April 25—Premier Lloyd George today requested the British press to appeal to the British public to disbelieve anything it reads in the London Times or the London Daily Mail concerning the Genoa conference. The Premier asserted that the Daily Mail had printed a statement that he had conferred secretly with Leonid Krassin, one of the Russian delegates, and promised to wipe out the Russian war debts. This and many other statements which Mr. Lloyd George alleges were untrue, have appeared, he declared, in the London Times and Daily Mail and have misled the British and French public. He said that if the charges made against him by the Times and Mail were presented in parliament he would answer them and give the British public the full truth. The efforts of the British to get the French to understand the British attitude toward Russia have, in the opinion of the British delegates, been greatly hampered by a hostile press.

The French public, continued Mr. Lloyd George, is apparently convinced that the Russo-German treaty is in some way the outcome of the Genoa conference and this belief is being fostered by the press friendly to the conference.

It is the belief of the British delegation that if the comparatively prosperous countries leave Germany and Russia in isolation there will develop a fierce friendship which will be directed against the whole of the west. The British delegates, therefore, say they will have nothing to do with a policy which may bring about such results. While the British announce that they are not afraid of a German or Russian menace, they are determined to do their utmost to prevent Europe from being turned into a shambles; consequently they want, if possible to make peace with Russia regardless of the character of its government.

Pay Of Stevedores Cut Ten Cents An Hour At Montreal

Montreal, April 20—Local steamship companies were today taking the names of men willing to work under the new wage schedule of the Canadian Shipping Federation which makes a cut of 10 cents an hour in day rates of pay for stevedoring and a larger cut in night rates. This move on the part of shipping firms is the result of a definite break between the longshoremen of Montreal and the Shipping Federation and grows out of the action of a mass meeting of longshoremen last night at which the offer of the new wage was rejected. Shipping men said today that they had taken several hundred names of men who will commence work on the new terms when the first ocean boats arrive next week.

WOMAN COULD NOT WORK

Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, worn-out feeling and painful periods. I used to get up with a pain in my head and pains in my lower parts and back. Often I was not able to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and I have taken it. I feel so well and strong and can do every bit of my work and not a pain in my back now. I recommend your medicine and you can use this letter as a testimonial."—Mrs. PHIL. MARSH, 801 Winslow St., St. Paul, Minn.

Just another case where a woman found relief by taking Lydia E. Pinkham's Vegetable Compound. Many times these tired, worn-out feelings and pains about the body are from troubles only women have. The Vegetable Compound is especially adapted for just this condition. The good results are noted by the disappearance of the symptoms passing away—one after another. Lydia E. Pinkham's Vegetable Compound is a Woman's Medicine for Women's Ailments. Always reliable.

First Impressions Are Important

In a world where appearances are valued as indexes to character, *Your Stationery* should represent you worthily—always and everywhere.

ANOTHER PAIR OF SIAMESE TWINS

San Antonio Tex, May 1—Living here are the successors of Rosa and Josefa Blazek, world famed Siamese Twins, who died recently in Chicago. They are Violet and Daisy "Siamese Twins"—their bodies are joined together at the base of the spine—just like Rosa and Josefa, just like Eng and Chang, original Siamese Twins whom Barnum made famous in the last century.

Save for the abnormal joining of their bodies, Violet and Daisy are just like two ordinary 16 year old girls.

And save for the fact that one must go wherever the other goes they enjoy the same pastimes and diversions any other girls of 16 would enjoy.

Fond of Games

They're fond of cards, checkers and dominoes. But both don't always play the same game at the same time.

The other night Daisy was engaged in beating her uncle at dominoes while Violet, brows puckered, was trying to disentangle herself from the intricacies of a high bid in bridge.

Both girls like to read. But while one reads Oliver Twist, the other may be thrilled by a movie serial!

Both are fond of the movies—and of the same kind of movies, for both must always attend the same show. They prefer serial pictures of wild adventure to the humdrum society romance.

Each twin writes an entirely different handwriting. While the penmanship of both is good, their scripts are as different as the two poles.

The children romp and play about the grounds of their winter home here just as any children. They move about with marvellous rapidity and ease.

Daisy and Violet have been educated by private tutors. Their parents refused to send them to the public school because of the comment their joint condition might call forth.

San Antonio's "Siamese Twins" today are the oldest known such twins in existence. Many such are borne but few live beyond babyhood. Rosa and Josefa Blazek were well over 40 when they died. Eng and Chang were 63.

Indoor Life

Spending more time indoors makes women far more subject to constipation than men.

The liver becomes sluggish and torpid, the bowels constipated and the system poisoned by impurities. If you would get away from the myriads of ills which result from constipation, it is only necessary to use Dr. Chase's Kidney-Liver Pills.

The benefits from their use are as lasting as they are prompt and certain.

Mrs. John Barry, 18 St. Amable Street, Quebec, Que., writes:

"This is to certify that I was troubled for years with constipation and tried all kinds of medicines without relief. At last my husband suggested that I try Dr. Chase's Kidney-Liver Pills. I did so, and must say that they have given me more relief than all the medicines I have taken during the last fifteen years. I may also add that I have used Dr. Chase's Ointment for piles with excellent results."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25¢ a box, all dealers or Edmanson, Bates & Co., Ltd., Toronto.

STOMACH ULCER AND GALL STONES

After Suffering 25 Years, Completely Relieved by "FRUIT-A-TIVES"

MR. EDWARDS
MAPLEHURST FARM, HILLHURST, P. Q.
"I am in my 78th year. About 25 years ago, I began to have trouble with my Stomach. One doctor said I had Cancer; another said, Ulcer of the Stomach; another, Gall Stones; others, Ulcers of the Liver and Inflammation of the Gall Bladder.

Three years ago, I consulted one of the best specialists in Montreal. He said I must go to the hospital, have an Ulcer cut out of my stomach and gall stones removed. I was then 74 years old. I said "NO."

Then, I began to take "Fruit-a-tives." I found they helped me a lot, and I still take them occasionally, and I am so much better that my old friends often ask me what I have done to myself to look so well. I am gaining in weight and enjoying life very much."

H. W. EDWARDS,

LIBERAL DISHONESTY

The dishonesty of the Liberal leaders was strikingly illustrated once more last week. During the last session of Parliament Mr. MacMaster, who represents Brome County, Quebec, sought to crystallize into law a measure to make it unlawful for any person being a director in a large corporation to also be a Minister for the Crown. Mr. MacMaster's measure was aimed particularly at Mr. Ballantyne, then Minister of Marine in the Meighen Government, Mr. Ballantyne having large business interests in the city of Montreal. The proposal of the member for Brome was supported by the then opposition leader, Mr. Mackenzie King, with all the acumen and energy at his command. Last week Mr. MacMaster brought the matter up again, though in a modified form, but in his speech on Monday he still seemed to have Mr. Ballantyne in his mind, though that gentleman was defeated with the government last December, and is not even a member of Parliament. The particular interest in the MacMaster resolution this year rested in the stand that would be taken by Premier King in view of the fact that Sir Lomer Gouin, who is a member of the King Government, has larger interests in large financial and other corporations doing business with the Government than Mr. Ballantyne ever had. But Premier King and the great majority of the Liberals in the House this year voted against the MacMaster proposal and except for two or three Liberals, it got its only support from the Progressives.

The Conservatives, of course, voted against the MacMaster proposal because the Conservative party has never maintained that there is anything wrong in a director of a bank, for instance, having business with a government being also a member of the government. The Conservative position has always been that the government must be composed of men of substance; such men, naturally, are connected with large institutions, and the government has business in some way with nearly all these institutions. To assume that Ministers of the Crown would use their influence to unduly divert government business to institutions in which they happened to be directors or shareholders would be to assume that they were personally dishonest. The point, however, is that Mr. King in power calls upon his followers to vote down a proposition which he and they supported with all their might last year. And this is not the only instance. Premier King's right about face on the soldiers' bonus bill and the Minister of Labor's declaration that he was too optimistic in opposition and that he did not intend to proceed against the bill, are further illustrations of Liberal inconsistency. To continue such men in power would be simply to put a premium on political dishonesty.

THAT LOGGIEVILLE CASE

Inspector Stewart has given the following additional information on the celebrated mix-up in Loggieville a few days ago, and also the satisfactory statement that the inspectors finally landed their quarry, who after all, turned out to be the one fleeing from the law. Mr. Stewart says:

The right story to the Loggieville mix up is as follows:

Frank Hayden of Pokemouche who has been engaged in trafficking in moonshine for some time was on complaint of Inspector Gammon convicted last fall and fined \$200 and costs which costs by now bring the fine to well over three hundred dollars. Hayden since then has refused to pay and a warrant of commitment has been issued by the magistrate at Bathurst. The Gloucester officers, Constables, Sheriffs and all have been unsuccessful in arresting Hayden as he always eluded them.

So William Walsh of Pokemouche was sworn in at Bathurst Thursday a special prohibition Constable. Hayden knowing Walsh's determination to land him, flew, and took the mail at Tracadie the boat at Neguac and landed at Loggieville. Walsh anticipating this move, came to Chatham where he and Inspector Stewart undertook to head him off. They went to Loggieville Friday evening, but were not sure that the man who had got off the boat was Hayden. It turned out to be Hayden however and he had just finished supper at The Terminal and saw the officers coming across the street. He hid as before stated, under a Laundry basket under the stairs. The much talked of Suit Case however was found to contain nothing but clothes which Hayden was taking with him. The four officers after visiting Bridgetown, Lower Newcastle and Bartibogue finally found Hayden in the loft of a barn with over four feet of hay covering him. He was handcuffed, brought to Newcastle and taken to Bathurst Monday afternoon. He was arrested about midnight Sunday, so those who are kicking themselves in Loggieville for letting the suit case go away missed nothing more than a sheepskin coat and other clothes. —Gazette.

MORE DIPHTHERIA

Another case of diphtheria has been reported from Harvey Station. This makes the second in that locality. There has been no new outbreak of scarlet fever at McAdam Junction and none of the cases so far have assumed any serious proportions.

BEAUTY OF THE SKIN
is the natural desire of every woman, and is obtainable by the use of Dr. Chase's Ointment. Pimples, blackheads, roughness and redness of the skin, irritation and eczema disappear, and the skin is left soft, smooth and velvety. All dealers or Edmanson, Bates & Co., Limited, Toronto. Sample free if you mention this paper.

Stiffness
It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

Gives Great Relief

Mrs. A. R. Colson, 26 Park Ave., Canby, Ont., writes: "My husband used Minard's Liniment frequently, always with good results. Friends of mine use it for rheumatism and tell me that it gives great relief."

Mrs. Fred Johnston, Box 735, Theod., Ont.—"I suffered very much with arthritis in my face but when, was advised to try Minard's Liniment, and was relieved immediately after first application. I persevered in using it and it has entirely gone. This winter I can go out without tying up my face and give the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

EVERYONE HIS OWN

HEALTH OFFICER

In a province, state or community where modern Public Health legislation has never obtained, the introduction of such, is generally confronted with considerable opposition. This opposition primarily arises owing to the want of knowledge, first as to the needs and secondly the aims and procedure of the legislation and its modern service efficiently carried out, requires the expenditure of money, a mere nominal sum to the individual, but collectively for an entire County, to some apparently a large amount, and when viewing this total they are impressed with the fact that their taxes must necessarily be greatly increased.

Again, the fundamental principle of Public Health is correcting the series of omission and commission along health lines among our people, in order that the "ounce of prevention" with its multitudinous blessings might prevail.

Our friends many times are pleased to regard such legislation as interfering with their rights and freedom; but in this particular after having become familiar with the benefits, physical, mental and financial, to be derived, there remains but little difficulty in the carrying on of this most important humanitarian service.

In this connection, if we could aim at having every citizen, as he becomes aware of the advantages attending the proper prosecution of Public Health laws, apply the principles of the Golden Rule in his relations to his fellowman and his surroundings, in great measure our problem in this field of service will have been solved.

Healthy Children
Always Sleep Well

The healthy child sleeps well and during its waking hours is never cross but always happy and laughing. It is only the sickly child that is cross and peevish. Mothers, if your children do not sleep well; if they are cross and cry a great deal, give them Baby's Own Tablets and they will soon be well and happy again. The Tablets are a mild but thorough laxative which regulate the bowels, sweeten the stomach, banish constipation, colic and indigestion, and promote healthful sleep. They are absolutely guaranteed free from opium and may be given to the newborn babe with perfect safety. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockton, Mass.

HARKINS ACADEMY
ITEMS OF INTEREST

The following is a synopsis of historical events of the Miramichi as compiled by the staff of this column aided by one of the teachers.

Jacques Cartier was the first white man to enter Miramichi Bay (1534). He sailed up as far as Neguac Island naming the bay Saint Lunaire. The Indians whom they met with were not unfriendly Cartier tells us in his record of the voyage. He found low sandy banks along the north side of the outer bay extending to Bay Chal-eur.

The next man who entered the bay was Richard Denys who brought with him many Acadians. These people founded a colony under the leadership of Pierre Beau-bair, on an island at the juncture of the two main branches of the river. Beau-bair built a fort with a battery of sixteen guns at French Fort Cove, to protect his village. For some time the place was very prosperous and the colony flourished; a bad harvest however in 1757, reduced the village to a state of starvation and pestilence. The sickness swept away eight hundred of the inhabitants among whom was Beau-bair himself.

Soon after this, British enterprise found its way to the Miramichi. William Davidson, in spite of the warning issued by the Micmacs that he would not live to accomplish what he intended; determined to bring out a band of settlers which he did in 1778.

The bodies of many of the old pioneers are interred at Wilson's Point. The cemetery at Wilson's Point is well worth a visit.

Clean-up-day; last Tuesday provided a great success. It left the Academy with a spic-and-span playground, and the possibility of a front lawn. The girls were set at cleaning up the desks and dusting the rooms; while all the outside work was done by the boys.

The front play-ground, which was formerly only a stone embankment (possibly a stone quarry) was made over with the aid of the town team and that of one of the citizens for the use of which the school wishes to thank the owners. The boys of the high school were turned loose on the carters job and certainly made the sod fly with the result that the former stone embankment has a fine sandy-loam top coating, which is to be sown with lawn grass seed. The walks will be lined with lime-washed stones at an early date and we hope before the fall to have a presentable front lawn.

Personals

Freeman Matheson who has been detained at home for some time by illness; has resumed his studies with his class, Grade V.

Ruby Falconer has resumed her studies, having recovered from her teeth trouble.

Frank Park who was visiting in Fredericton during the Easter holidays brought the Chicken-Pox back to Newcastle with him.

Miss Jessie Harris of the graduating class, lost last weeks studies due to serious sickness.
After a loss of five weeks schooling James A'Heron has returned to Grade 4.

OPERA HOUSE
FRI. & SAT.

A strong dramatic story with a swiftly moving plot, a popular star, massive settings and much intense action are promised at the Opera House next Friday and Saturday when Elaine Hammerstein's latest Selznick Picture, "Handcuffs or Kisses," opens a two days engagement.

The story, by Thomas Edgelow, tells of the trials, the suffering and the almost hopeless fight of a young girl who is unjustly committed to a state's reformatory for girls. As pictured in Mr. Edgelow's story, the treatment meted out to the inmates of such institutions is none too good and the hardships experienced by Miss Hammerstein, as Lois Walton, form the foundation upon which the star has built a dramatic achievement that will be remembered as among the best of her career.

The story first appeared in "Young's Magazine," and because of the timeliness of the subject matter, it scored a decided success. Just at that time the Bedford Reformatory was reeking with disorder and after a riot or two the State authorities began a sweeping investigation which resulted in some startling disclosures. It is believed that Mr. Edgelow's story, "Handcuffs or Kisses," was inspired by the sensational development at Bedford, many of which would themselves provide splendid dramatic material for the screen.

An appealing love theme is woven into the story which provides Robert Ellis with a leading part that adds much to the enjoyment of the entertainment. George Archambaud directed the picture and the supporting cast includes among others, Florence Billings, Dorothy Chappell, Julia Swayne Gordon, Ronald Schabel and George Lessey.

MARITIME PRODUCE CO.

Newcastle, N. B.

Looking into a mirror, a woman finds her favorite work of art, a man his favorite topic of conversation. Detectives are never out of work. They are always enough unsolved mysteries to keep them busy.

If all boys were brought up in the country, as Luther Burbank suggests the little green apples would never have a chance to get ripe.

Hunters, fishermen and woodworkers of all kinds smoke in the forests, while the automobilists toss bits of fire from their cars and speed thoughtlessly on, unaware that they have left an incipient conflagration behind them. A single glowing cigarette stub may cost thousands of dollars for fire fighting, to say nothing of the damage to the forest.

It is an open question which both are the most dangerous, the woodworker who smokes in the forest, or the automobilist who tosses bits of fire from his car.

GERMANY TO ARM RUSSIA
A despatch to the London Times dated Saturday from Warsaw says, it is reported that a Russo-German military agreement was signed in Berlin April 3rd. It provides that the Soviet Government shall give Germany twenty warships and main

base a certain number of troops opposite the Polish frontier. Germany is to deliver to Russia, arms and munitions and equipment and instructors for poison gas warfare, and also airplanes and wireless equipment

Many whoopie are uttered in the name of overhead.

EMPRESS THEATRE ON WEDNESDAY

Scenes in Hades, said to rival even the most fanciful of Dore's famous drawings, have been reproduced on the screen in Norma Talmadge's latest First National starring vehicle, "The Branded Woman," which will be shown at the—Empress Theatre, Wednesday.

Because of the elaborate nature of the sets called for in this motion picture, which was adapted by Anita Loos and Albert Parker from Oliver D. Bailey's well known stage play, "Branded," Hugo Ballin was engaged to design them. The result has been an artistic triumph.

In addition to beautiful interiors for a private house in Paris and the Ritz Hotel, a fashionable boarding school for girls up the Hudson, the library and other rooms of a wealthy New Yorker's home are some remarkable scenes in India.

The scenes of the Far East reveal an open market place and a slave-block, where Norma, as the heroine is sold at public auction, with donkeys, camels and natives in picturesque costume lending a touch of "atmosphere."

But most remarkable of all are the allegorical scenes in Hades. One of these sets, which represents a dream of Norma's, wherein she imagines herself dragged down by Society into a hideous whirlpool of slime and filth, from which she is rescued by the man she loves, was filmed in a huge pool discolored and apparently filled with horrible creeping creatures like the "slimy things that crawl with wings" in "The Rime of the Ancient Mariner."

So hideously realistic is this pool into which Norma plunges in a costly and beautiful costume, that the other members of the cast and the "extras" playing the roles of unfortunates caught in the river of lost souls, hesitated to enter the water until Norma herself plunged in.

THE VACANCY IN THE SENATE

Speculation is rife among eastern members as to the likely appointee to the Senate vacancy caused by the death of Senator F. P. Thompson, Fredericton. Among the names prominently discussed are those of Hon. Wm. Pugsley and O. Turgeon, federal member for Gloucester. Another name rumored for the vacant senatorship is that of Wm. Todd, St. Stephen.

Campbellton, May 1—A meeting of a number of Campbellton's leading business men was held in the office of W. H. Miller on Saturday afternoon when the matter of the appointment to the Senate to fill the vacancy caused by the death of Senator Thompson was discussed. All were unanimous that the appointment should come to Restigouche, and an active campaign has started with that object in view.

It is said that while every other county in the province has or has had representation in the upper chamber Restigouche never has enjoyed that honor, and "surely we on the extreme North Shore are entitled to such an honor." A meeting is called for this evening, when the matter will be further discussed and definite action taken.

The most prolific cause of preventable fires in all walks of life is unquestionably the careless user of matches.

A match is struck, the weed is lit, the user throws the match carelessly away, a breeze fans it into a blaze with the usual serious results.

Men who live in human hearts don't need cold matches to communicate their feelings.

Many whoopie are uttered in the name of overhead.

OBITUARY

BYRON T. BRYENTON

The death occurred on Friday April 14th of Byron Theodore, two year old son of Mr. and Mrs. Theodore Bryenton of Quarryville. Interment took place in the Presbyterian Cemetery at Quarryville.

The news of the death of the dear little boy, came as a shock to everybody. Being of such a mild gentle nature he was loved by all. His way was almost too nice for this earth.

The heartfelt sympathy of the community is extended to the sorrowing parents in the loss of their only child (Contributed)

MRS. CYRUS SHAW

The death of Mrs. Cyrus Shaw occurred at her home on Friday, April 28th, after an illness of nine days with pneumonia. Deceased was in her 53rd year and leaves to mourn, a husband and the following children Ida May, (Mrs. Winters) William, Edward, Robert, and Jennie at home; Annie (Mrs. Herbert Dudley) of Bangor, Maine, Sarah Ester and Florence of Montreal. The funeral was held Sunday afternoon at 3 o'clock from her late residence. The services at the home and grave were conducted by Rev. L. H. MacLean, assisted by Capt. J. A. Goodwin. The pallbearers were Thomas, John, Charles, Howard, Raymond and Garland Edmunds, brothers and nephews of the deceased. Interment in the Miramichi Cemetery. The floral tributes were beautiful, among which were a wreath from Capt. and Mrs. Goodwin and a pillow from the family. Funerals Directors A. J. Bell & Co.

Fight In Liberal Ranks Over Militia

Ottawa, April 26—Further consideration of the contested militia estimates has been postponed for the time being. When the estimates were under consideration on Tuesday night, C. G. Power, Liberal, of Quebec South, secured a vote of 100 over a million dollars in the vote for annual militia drilling. Mr. Power's motion was strongly opposed by Hon. G. P. Graham, Minister of Militia, and the discussion was adjourned without a vote being reached. It was scheduled to come up again today, following private members' business and public bills, but, as was expected was not reached. Normally, militia estimates would have come up again tomorrow. But at adjournment today, the Prime Minister announced that the estimates to be taken up tomorrow would be the departments of Indian Affairs, Mines and Public Works. There was no mention of militia estimates.

Robins distribute themselves around town instinctively, but there are not enough. Every family ought to have two robins.

HIS NERVES NOW STRONG AS EVER

How An Ontario Teacher Regained Good Health.

"I am a school teacher by profession," says Mr. James R. Thomson, R. R. No. 1, Centralia, Ont., "yet when I started school teaching I was in very poor health. I suffered a nervous breakdown, brought on by over work and no relaxation. I was unable to think, to act, or even to eat properly. Queer little prickly sensations were continually running up and down my back, my arms and my legs like so many needles, seeming at times to fairly paralyze me, and often my heart was thumping like a trip-hammer. I determined to consult our family doctor, and he immediately put me under orders. I had to give up my school and return home in order to recuperate my lost health. Milk was his chief remedy and I drank quarts of it; yet, though it helped me, it did not build me up to my normal condition—something was missing; something my system was calling for, better blood. One day, when I picked up a newspaper, I came across an advertisement of Dr. Williams' Pink Pills suggesting just what was needed in my case—new, rich, red blood. I immediately sent for a box, and when the doctor visited me, I told him I had decided to try Dr. Williams' Pink Pills and he seemed satisfied. By the time my box was nearly done, and I determined to get another, by the time I had finished this I was gradually coming back to normal. My strength was returning, I could sit and walk without strain. For the next few weeks I continued to take the pills, and they were working wonders with me. My head was becoming clearer, my memory better, and my nerves were becoming steadier. I began to go out frequently, enjoying myself. My appetite improved and was even better than before I had my break-down. I was myself again. I got back my school, and to this day I have had no return of the troubles, and now when anyone comes to me with nervous trouble, I instantly suggest Dr. Williams' Pink Pills as a remedy, as I believe that what they did in my case they will do for others."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

EASILY GUESSED

Bluffington—"I had a misunderstanding with my rich uncle last night."

Callem—"What was the trouble? Did you lose the pawnticket?"

FRASER COMPANIES LIMITED

The right way to treat a deflation year like 1921 is illustrated by the annual statement of Fraser Companies, Ltd. The Company started 1921 with a surplus of \$2,276,781.53. Its net profit from trading for twelve months to December 31st, 1921, amounted to \$1,001,459.78 or \$468,359.64 after bond and other interests had been subtracted. That gave a total surplus of \$2,745,141.17. In view of the decline in the replacement value of logs and manufactured lumber, pulpwood and supplies, one million dollars of this surplus was used to write down the current market value. This was in addition to \$445,572 charged to depreciation, \$235,464 charged to depletion, \$31,500 for annual proportion of discount in securities sold, and \$249,463 for payment of Dominion Government taxes for previous years. That left \$783,143 to the credit of the surplus account.

In the face of unsatisfactory demand and declining prices the Company operated its sawmills at full time, and for the most part its pulp mills produced to capacity as well, thus carrying out the process of liquidation of high-priced inventories. Its working capital at \$2,594,407 is slightly larger than last year. During the year the Company sold two million dollars worth par value 8 per cent twenty-year general mortgage bonds and redeemed \$250,000 of its First Mortgage 6 per cent bonds.

The Directors reported that business had improved since January 1st. The pulp mills have been running on full time, and the woods operations were being conducted at a scale of cost that would permit of the delivery at the mills in the spring of a large quantity of logs at low prices. All of these factors together convince the President, Archibald Fraser, that there will be a satisfactory showing for 1922.

New Brunswick's Call For Tenders

FREDERICTON, April 27—New Brunswick has issued a call for alternative tenders for debentures amounting in value to \$2,300,000. Of this total amount \$1,500,000 are seven ten year coupon debentures, date May 15, 1922, bearing interest at five or five and one-half per cent per year, payable half yearly, and are for the purpose of refunding the three-year issue of the \$1,000,000 for permanent roads and bridges, due May 15, the remaining \$500,000 of this issue to cover permanent bridges.

The remainder of the issue, amounting to \$800,000, are serial coupon debentures dated May 15, payable in one to forty years at the rate of \$20,000 per year, bearing interest at the rate of five or five and one-half per cent, payable half yearly. These debentures are for floating indebtedness. Tenders will close on May 6.

THE MINISTRY A MAN'S JOB

The Ministry is a man's job because it involves the application of continuous time and effort to the most important concern in man's life. What are the most important concerns in man's life. They might be narrowed to six and set down as follows: Religion, love, patriotism, conventionality, thinking and imagination.

Religion is not Christianity or Mohammedanism or Judaism. Religion is the method by which a man seeks to enter into communication with whatever he conceives to be the source of goodness, with God, the religious instinct in man is the deep-sown feeling which prompts him into communion or an attempt at communion with better things.

Love is divided into two parts; the instinct of self-preservation or selfishness, and the love of others. In love of self lies ambition and human progress. In love of others, in altruism, are involved all those deep amenities which make life endurable and even pleasant and compensating. In the word of the old proverb, "Love makes the world go round."

Patriotism makes not only nationalism but internationalism a success. For it is only a man who loves his own country deeply who can appreciate what another man's country means to him.

Conventionality sometimes is seemingly senseless. It often works bitter injustice. But conventionality is the accumulated experience of the ages. By obedience to it man achieves a practical system of daily living.

By thinking we keep from falling prey to fear and to silly optimism. Optimism is often merely the negation of fact. Courage is a much better word and a greater one to live by. Courage faces the facts. Optimism frequently avoids them. By the difficult act of thinking we make intellectual progress. Without thinking and the definite application of ideas life is just a big menagerie.

Sixth, there is imagination. Imagination enables man to see things, not as they are, but as they might be. "Where there is no vision," said Isaiah, "the people perish."

We have recently been asked the question: Is the ministry a man's job? It surely is—and the job for a super-man. It is the duty of a minister of the gospel to hold men to a contemplation of those great essentials of life, to help men keep a true perspective and to help them separate the "mussy" and the incidental from the fundamental.

British Schooner With 3,000 Cases Liquor Seized

New Bedford, Mass., April 26—The two masted British auxiliary schooner Pesquid, Nassau, B. W. I. for Miquelon, with a cargo of 3,000 cases of liquor, was towed here today by the coast guard cutter Acushnet. The manifest held by Captain B. W. Lapham, of the Pesquid called for 3,000 cases of liquor. An inventory of her cargo by a boarding party was said to have shown this amount to be 15 cases short. The schooner was off Block Island heading toward Newport, B. I., when apprehended.

Some people are not thankful for what they have because the neighbors have more.

TREE PLANTING IN THE SPRING

In the current issue of the illustrated Canadian Forestry Magazine, published by the Canadian Forestry Association, there appears a timely article on the seasonable subject "Tree Planting" especially written by B. R. Morton, B. Sc. F. Dominion Forestry Branch, Ottawa. Some suggestions from this well-known authority herewith given should prove of assistance to intending tree planters in all parts of Canada.

It is well to remember the injunction of Dr. Fernow, lately Dean of the Faculty of Forestry of Toronto: "Transplanting a tree from one site to another is a surgical operation during which the patient needs special attention."

Spring planting should begin as soon as possible after the ground is thawed out and dried sufficiently to work the soil. It should not be attempted after the buds begin to open. It may be said in general that April and early May represent the proper time for planting.

Look first for a tree that has a compact root system. The more small roots a tree has, the greater its chances of surviving the shock of transplanting, and the more rapid will be its growth. A tree with a large top and few roots will be slow to establish itself and is apt to die.

Some roots are bound to be destroyed in the transplanting process so that it is always necessary to prune about one-fifth of the branches. Prune equally on all sides to retain the symmetry of the tree. All cuts should be made sharp and clean. Trim off with a smooth cut all broken and badly injured roots. Make sure, however, not to cut off the leader of main stem when pruning.

When trees are bought from a nursery they should be immediately unpacked, "puddled" and "heeled in" until ready to be taken up for planting. Puddling means dipping the roots in a mixture of clay and water about the consistency of paint. Heeling in consists in digging a trench sufficiently deep to contain the roots and then covering them in with a layer of moist earth until you are ready to plant them in their final position.

At no stage should the roots of the tree be allowed to become dry. This is highly important. Many trees are dead before they have been set in the ground for lack of such precaution. Make the hole in which the tree is to be set considerably wider and deeper than is necessary to accommodate the roots. Before placing the trees, the hole should be partly filled with good garden loam or the surplus soil which has been removed and set aside when making the hole. Do not plant too deep. Roots need air. Allow the roots to spread naturally in the hole. Do not bend or crumple them up. Be sure that the earth is well packed and in contact with the roots.

In setting a tree care should be taken from the very start to see that the stem is kept perfectly vertical. Any attempt made to straighten it after the planting is done is liable to injure the tree and loosen the soil.

CANADIAN LOAN OF \$100,000,000 IS OVER-SUBSCRIBED

Ottawa, April 25—In the House of Commons this afternoon, Hon. W. S. Fielding, Minister of Finance, announced that the \$100,000,000 loan floated through J. P. Morgan and Company, New York, had been over-subscribed and the books closed.

Sir Henry Drayton asked the Minister what the commissions paid the bankers amounted to. Mr. Fielding—"The Government received the net price of ninety-seven and a half. The bankers were free to place the loan on the market at any price, not exceeding par. They placed it at par, and that leaves the bankers and brokers concerned, 2 1/2 per cent for their services."

Sir Henry Drayton—"That would be \$2,500,000 on the issue."

Mr. Fielding replied that if Sir Henry's calculation was correct his figures were right.

Sir Henry Drayton—"In view of the very immediate success of this loan, properly mirroring as it does the extreme high standing of this country and the large amount of idle money at present locked up in New York, is my honorable friend quite sure that he has not made this loan altogether too generous in favor of the American investor?"

Sir Henry Drayton added that there was a novel provision in connection with the issue under which a subscriber who stays in the United States was not to be taxed. "I suppose this has nothing to do with any immigration policy that the Government contemplates," he remarked.

Mr. Fielding replied that the provision in the bond with respect to taxation was a copy from an issue made by Sir Henry Drayton. The Government could not tax an American citizen in United States.

Russian Famine Relief

Some American statements about the peak of the acute famine period being passed seem liable to be misunderstood in Canada. The American relief organization, supported by the financial resources of the nation to the extent of \$20,000,000 is undoubtedly helping to save the situation. But it should be clearly understood that some of the worst provinces are still being cared for by British funds including Canada's growing contribution through the Canadian Committee of the Save the Children Fund.

American corn is being shipped to all the famine-stricken provinces. Temporarily, to allow the American shipments all possible facilities for inland transportation, the British relief organizations—the Save the Children Fund and the Society of Friends—have waived their claim on Russian railway service. It is especially urgent that seed should be distributed within the next few weeks to stem off another famine next autumn. But when the immediate rush of American supplies is over, the British relief workers will still have to continue operating food kitchens, especially to feed the children until the end of August.

Sir Benjamin Robertson, the British authority on Indian famine relief,

CASTORIA For Infants and Children In Use For Over 30 Years

after visiting Russia in January and February of this year, with the approval of the British government, anticipated the present claims about the peak of the famine period being overcome, due to the arrival of American corn and seed. He expressed the hope that the optimism of the American relief association would prove to be correct. But, in any case, Sir Benjamin added, it did not relieve the British organizations from the task they have undertaken, to feed the famished people in certain provinces, until next harvest.

A balanced ration is necessary for the children. When they are brought in to the rescue stations, they seem to be in such a condition physically that the greatest care has to be taken in feeding them. They need something more than corn. The consignments of food from Canada, in accordance with the system established by the Save the Children Fund, allow the children to be given one nourishing meal a day, consisting possibly of cocoa, bread, and bean soup, varied with milk and rice. Under the efficient British administration, the cost of feeding a child is only 25 cents a week, including all overhead charges. Four dollars is sufficient to feed one child till the middle of August; and Sir George Burn, the venerable treasurer of the Canadian Committee, is gladdened by the arrival, in almost every mail, of substantial contributions to the fund.

Passbook Mistake Causes Lawsuit

BOSTON, April 24—Whether the Standard Bank of Canada is liable because Hoo Sam's pass book showed a credit balance of \$201 when, according to figures of the teller and ledger keepers, the correct sum should have been \$1 was a question referred this morning to Judge Grant for decision.

It seems that on March 6 last Sam's pass book disclosed a balance of \$745 against which he drew two cheques, one for \$544 and the other of \$201. The first was paid but the second was dishonored, bank officials contending that only \$1 remained on deposit to Sam's credit.

Any entries in the pass book to the contrary, pleads the bank, are clerical errors for which it can not be rendered liable. Counsel for Mr. Harry R. Bray for Sam, the plaintiff, and Mr. F. G. T. Lucas for the bank.

"Our big reason for cussing capital remarked the Man on the Car, "is based on the fact that we are not capitalists."

NEWS BY RADIO CAN BE KEPT EXCLUSIVE

Press messages may be sent by wireless in secrecy, according to Sterling Morton, president of the Morkrum Company, manufacturers of automatic telegraph instruments if automatic printing machines are brought into play. Experiments in sending and receiving messages with the automatic printers have been made during the past few months with success.

The advantage of the machines in wireless lies in an almost infinite variety of adjustments by which no machines not adjusted to the sending machine can receive the signals. To all others, even though operating on the same wave length as the sending apparatus, the signals would be only a hodge-podge of meaningless characters, "a Chinese laundry ticket," Mr. Morton says.

The secret of the automatic printer lies in five little magnets, which in various combinations, receive and interpret the electrical impulses and a camshaft which translates their interpretation into typewriter action. There are thirty-two possible arrangements of these parts, and, in agreement with receiving stations, the sending operator can change to any one of the thirty two codes at will. If the sending and receiving apparatus is connected to make the punch hole in the first row actuate the letter "A" on the typewriter, the operators may change the adjustment and have any one of the other four holes or any combination of two or more of them represent "A" changing the rest of the alphabet in the same way.

In addition to the thirty two combinations thus attained, an almost exhaustless variety of secret codes can be had simply by changing the speed of the motor which drives the machine, the motors at the sending end being adjusted to conform.

Before an unauthorized station can "listen in" on machine-sent wire less, according to Mr. Morton, the operator would have to find the wave length used, the motor speed and then the particular keyboard code employed.

At the receiving end the operator can go away without leaving the apparatus running. An endless screw shuts off the operating motor if no letters have been received for one minute. When the sending station starts again, the first electrical impulse trips a spring and the motor starts again, continuing in operation until another minute has passed without a signal.

Hall's Catarrh Medicine
 Those who are in a "run down" condition will notice that Catarrh bothers them much more than when they are in good health. This fact proves that while Catarrh is a local disease, it is greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and acts through the blood upon the mucous surfaces of the body, thus reducing the inflammation and assisting Nature in restoring normal conditions. All druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

Europe Will Welter In Blood

Genoa, April 26—Premier Lloyd George drew an alarmist picture of Europe tonight. In addressing the British and United States press representatives he declared that the object at Genoa was to clear up political difficulties, which were full of menace.

He compared Europe to seething racial lava, which like the earth's crust was seeking a proper level. This adjustment was full of peril. He emphasized that Europe must take cognizance of hungry Russia, which would be equipped by an angry Germany.

"The world must recognize the fact," he said, "that Russia and Germany combined make up two thirds of the people of Europe. Their voice will be heard and the Russo-German Treaty is the first warning of it."

As a proof of the danger he cited the fact that there was no frontier line from the Baltic to the Black Sea including the Roumanian, Gallician, Polish and Lithuanian frontiers, which had been accepted.

"I wish America were here," he exclaimed. Some people think we want the United States for some selfish purpose. This is not true. We want America because she exercises a peculiar authority. Her very aloofness gives her the right to speak. America would exercise an influence no other country could command. She could come here free and disentangled and with the prestige which comes from her independent position she would come with the voice of peace."

Disorganization of Europe Would Alter the Entire World

Mr. Lloyd George gave it as his opinion that the disorganization of Europe would alter the entire world, including the United States. He was amazed at people who ignored the portentous fact facing Europe today. Unless Europe re-organized, in other words, unless the Genoa conference succeeded in arriving at a pact of peace, he was confident that in his own life, certainly in the life of the younger men present, Europe would again welter in blood.

"We triumphed in the war," he said, "but our triumphs will not last forever. If our conference develops into oppression, vengeance will follow, just as Germany's action which started the world war was followed by vengeance."

"We must be just and equitable and show strength; we must realize that Europe is not on good terms and that storms are rising which we must deal with. We had hoped that the end of the great war meant the end of brute force, but unless Europe's problems are solved there is no assurance that force has given way to right."

The British Prime Minister solemnly urged the press to instill patience, good-will and fellowship throughout to instruct, to sustain, to guide, and to beg of you in the "interests of the world's future not to add to the obstacles which are in the way, but to use your influence to help in the solution of difficulties which are full of menace."

Yes, there are many dangerous crossings with the double crossing still the most hazardous.

A BIG WIND DOES DAMAGE IN ALBERT

Hopewell Hill, April 20—(Special)—Following the heavy rain a wild gale prevailed along the Shepody yesterday and continued with only slight abatement a great part of the day. While the wind was at its height a big barn belonging to E. E. Newcomb, which was recently raised and was standing in frame, was considerably damaged, all the roof timbers, except three pairs of rafters, being blown from the plates. The wind was one of the strongest experienced here in a long time.

SWIM TO HANG ON JULY 15

Woodstock, N. B., April 28—Chief Justice McKeown at 12.45 today sentenced Bennie Swim to be hanged on July 15th between the hours of 5 in the morning and 5 in the evening, for the murder of Olive Trenholm on March 27th. In pronouncing sentence the Judge was very much affected. Swim maintained the same calm demeanor that has characterized him all through the trial.

OLD TIME LEGISLATORS

The death of Senator Thompson reduces the number of surviving members elected to the House of Assembly in the year 1878 to two. The only ones now remaining are Hon. R. J. Ritchie, Police Magistrate of St. John and Mr. A. E. Kellala of Moncton. Of the members returned in 1882 seven are still in the land of the living. They are Mr. W. L. Tibbits of Fredericton, Hon. R. J. Ritchie of St. John, Hon. J. P. Burchill and W. A. Park of Northumberland, Mr. George Hibbard of Charlotte and Hon. C. H. LaBilliois of Dalhousie.

REMOVALS

Mr. H. W. Sharpe, service manager of automobile branch of The Lounsbury Co. Ltd., Newcastle, has been promoted to service manager of the Lounsbury Motor and Supply Co., Moncton and leaves this week for Moncton to take up his new duties. Newcastle friends of Mr. Sharpe especially automobile owners will be sorry to hear of his removal, but will be pleased to know that it is in the line of promotion.

Mr. J. R. Wood of the head office staff, of the Lounsbury Co. Ltd. has been transferred to Moncton and will take up his duties as Treasurer of the Lounsbury Motor and Supply Co. this week. Mr. Wood will also be missed among the younger people of the town, but while regretting his removal will be pleased to hear of his promotion.

STR. "MAX AITKEN"

The Str. "Max Aitken" commenced running between Newcastle and Red bank on Thursday of last week.

RECOMMENDS MONCTON

The Secretary of the Fredericton Board of Trade has received a communication to effect that the St. John Board of Trade has placed itself on record as recommending that Moncton remain headquarters of the Maritime division of the C. N. R. The St. John Board of Trade also approves decentralization of management.

PROTEST

Ald. Cripps of Chatham has filed a protest against Ald. Sproul's election in the recent civic contest. He bases his protest on the ground that Ald. Sproul's taxes were not paid at the time nominations closed and also because he is a part owner and manager of the steam ferry, whose rates and time table are made up by the Town Council and which receives a subsidy from the town.

HISTORIC HOUSE BURNED

One of the oldest houses on the Miramichi was burned Tuesday night at Nordin. It was owned by Larry Doyle and occupied by two families, Allen and John Ryan. The fire originated from an overheated stove. The house was entirely destroyed with all its contents. This house survived the Miramichi fire of 1825. It was built by Rev. Mr. Urquhart, an Episcopal clergyman. The family residing in the house at the time of the Miramichi fire are said to have taken refuge on a raft in the river and were drowned.

RADIO COMPANY INCORPORATED

Letters patent have been granted to Col. J. L. McAvity, Col. A. E. Massie, Ronald A. Massie, Kenneth L. White and Philip S. Moore, of St. John, incorporating them as the Maritime Radio Corporation, Ltd. The company is authorized under the charter to manufacture and sell radio parts, equipment and appliances. It may also operate under license a radio and wireless station in this province, both receiving and sending. Other powers permit it to engage in the radio business in all its branches. The capital stock is \$24,000. It is understood that the plant for the manufacture of radio parts is now ready for business in Col. McAvity's foundry and machine shop, Albion street. Col. McAvity and Donald A. Massie are at present in New York in connection with the business.

NOTICE

The regular monthly meeting of the Newcastle Board of Trade will be held in the Police Magistrate's Office on Monday, May 8th, at 8 o'clock p. m. H. H. RITCHIE, Sec'y.

FEDERAL INCOME TAX

The period for the payment of the Federal income tax expired on Sunday, April 30th. The Inspector of Taxation at St. John had extra staffs put on to handle the payments.

COMING

Commissioner Sowton, head of the Salvation Army in Canada, accompanied by Colonel Adby, the famous soloist are to be in Newcastle on June 8th, and Captain Goodwin of the local corps is busy making the necessary arrangements for the visit.

26TH BATTALION COLORS

The colors of the 26th N. B. Batt. C. E. F. will be laid to rest in Trinity Church, St. John, next Sunday morning. Every ex-member of the battalion is requested to be present for the ceremony and will parade at the Armories at 9.30 o'clock that morning.

SELF-DENIAL

Captain and Mrs. J. A. Goodwin started this morning on their energetic canvass for the Self-Denial Appeal in Newcastle. The Captain has been most successful in other parts of the county and expects Newcastle to give him his desired quota.

PARIS TRIAL

The Paris trial is likely to continue until Thursday of this week. The Truro witnesses have testified that the accused was in Truro on the day the murder was committed. The Cross-examination of the prisoner has been ended and the defence, it is stated, has about nine more witnesses to put on the stand.

NO QUORUM

The special meeting of the Chatham Town Council to be held on Saturday evening, to consider Ald. Cripps protest against Ald. Sproul's election, failed to materialize, on account of there being no quorum. The Mayor was sick and three aldermen were also absent. It is understood, however, that the charges have largely petered out after being subjected to careful consideration.

IN MEMORIAM

In sad and loving memory of Mrs. E. S. Yye, who fell asleep in Jesus, on April 23rd, 1919, also her daughter, Mrs. Allan Johnson, who died May 8, 1916.

"When the weary ones we love
Enter on their rest above,
When their words of love and cheer,
Fall no longer on our ear,
Hush! be every murmur dumb
It is only "Till He come."

THE FAMILY

Blackville.

GOT MONEY BY RADIO

New York, April 26—The Farmers' Loan and Trust Company today announced that arrangements had been made with the London Joint City and Midland-Bank Ltd., so that wireless payments may be made at any time to passengers en route on board the Cunard liners Mauretania, Aquitania and Berengaria. Through the branch banks on board, passengers may also order payments made to the Farmers' Loan and Trust Company to persons in this country.

Everybody knows that in Canada there are more

Templeton's Rheumatic Capsules

Sold than all other Rheumatic Remedies combined for Rheumatism, Neuritis, Neuralgia, Sciatica, Lumbago, etc. Many doctors prescribe them, and they are sold in thousands. Write for free trial to Templeton, Toronto. Sold by all local Druggists.

SOLD PULPWOOD

Peter Archer sold some pulpwood at auction on Saturday, in front of the Chatham Post Office and received \$4.30 per cord. The buyer was Wm Whalen.

GIVEN IMPORTANT POST

R. G. Muirhead, lately acting manager of the Royal Bank of Canada in Paris, has been appointed manager of the Trust Company of Cuba, which is controlled by interests closely allied to the Royal Bank. Mr. Muirhead is a Miramichi man and well known in St. John. He entered the Royal Bank here and was in their employ in St. John for about three years, after which he went west and was in their employ for some time. During the war he went overseas and saw much service. Just prior to going overseas he was associated with F. B. McCurdy & Co. and G. W. Farrell & Co.

TO SEVER CONNECTION

Chief of Police W. H. Finley of Fredericton, formerly of Newcastle, will soon sever his connection with the Fredericton Department. Sergeant N. Jones will immediately take charge of the police force, and no chief will be appointed at present.

CARIBOU COMING BACK

Mr. Henry Braithwaite, the veteran gamester, who returned on Saturday from the Miramichi woods, says that there is every reason for believing that caribou are making their way back to the province. He says that one of his men while out trapping on the North branch of the Little South west Miramichi late in March came on to the tracks of quite a few large herd of the animals. It is several years since any sign of caribou were last seen in that section of the country but they were very plentiful there in the old days.

USED DRAG

The Public Works Committee did some good work on the roads last week with the drag. The roads were in excellent shape for this class of work.
