"VOL-PEEK" mends holes in all kinds of Pots, Pans Boilers and all other kitchen utensils, in two minutes, at a cost of less than "e. per mend. Mends Graniteware, Iron Tinwares, Copper, Brass, Aluminum, e'c.

Easy to use, requires no tools and mends quickly Every housewife knows what it is to discover a hole in a pan, kettle or boiler just when she wants to use that article. Few things are more provoking and cause more inconvenience, a little leak in a much wanted pot or pan will often spoil a whole mornings work.

The housewife has, for many years been wanting, scmething with which she could herself, in her own home, mend such leaks quickly, easily and permantly, and she has never found it

What has been needed is a mender like "VOL-PEEK". that will repair the article neatly and quickly and at the same time be always at han l, easily applied and inexpenlive.

A package of "VOL-PEEK" will mend from 30 to 50 air sized holes.

"VOL PEEK" is in the form of a still puty, simply cu off a small piece enough to fill the hole, then Burn the mend over the flame of a lamp, candle or open fire for two minutes, then the article will be ready for use.
