exhibition of the West Flamboro' Town-
ship Agricultural Society will be held in
Dundas on Thursday and Friday, 1st
and 2nd of October.

RAILWAY ACCIDENT.—A man named
George Marshall, belonging to Hamilton,
was run over and killed near the junction
at that city by the Harrisburg train,
on Saturday afternoon.

advertisement that the storage rates by

"THE MERCHANTMAN."—A copy of this
periodical has been laid on our table. It
is devoted solely to commercial interests,
containing current price lists, and several
excellent articles, among them one on
"Cash and Credit." It is published
monthly in Toronto, and should be in
the counting-room of every merchant.

**DUNDAS WESLEYAN COLLEGIATE INSTI-
TUTE.**—We learn this Institute for the
education of boys will open its second
session on the 9th September. The first
session was a very successful one, and the
second promises to be no less so. In-
tending pupils should communicate at
once with the Principal, Rev. E. B. Ryck-
man.

THE GRAND TRUNK.—We notice by
late English papers that there has been
a considerable advance in the securities
of the Grand Trunk Railway since the
last meeting, and that out of \$200,000
sterling which the directors took power
to issue at that meeting, \$200,000, 5 per
cents, have been already disposed of
within the discount authorized by the
shareholders.

FIRE IN WATERLOO.—An alarm of fire
was given in Waterloo on Sunday after-
noon about two o'clock, when it was
found that smoke was gushing from the
windows and doors of Mr. William
Reich's hotel, which, but for the
energy of the people of the town, aided
by the fire engine, might have been de-
stroyed. The fire was found to be in one
of the bed-rooms. The hotel, though
not destroyed, is damaged, and a con-
siderable quantity of clothing and bed-
ding destroyed.

RIFLE MATCH.—A match will be fired
on the ranges to-morrow afternoon
between the Albert Rifle Association, of
Galt, and the Guelph Rifle Association.
Eight men a side—2, 3, and 500 yards—
five shots at each range. The following
gentlemen have been selected, from
whom it is proposed to take the eight
for Guelph:—Capt. Macdonald, Mr. J.
Hazelton, Mr. J. Crowe, Dr. Macdonald,
Mr. G. A. Bruce, Mr. Patterson, Lieut.
Hooper, Mr. N. Macdonald, Mr. Swin-
ford, Mr. Jos. Crowe, Mr. Geo. Barber.

**OUTRAGE AS A PREVENTIVE OF SUN-
STROKE.**—Sunstroke may be prevented by
mixing oatmeal with the drinking water
of horses. In New York these simple
preventions are used by the public
workmen, and by most, if not all, the street
railway companies. The oatmeal water
soon becomes very palatable. Both man
and beast will go through a hot day's
work with more strength and comfort
from the use of simple cold water, the
imprudent use of which so often causes
sickness and death.

MILITARY PIC-NIC.—We learn that the
Wellington Field Battery have accepted
an invitation to attend the excursion to
Toronto on Friday, the 14th inst., extend-
ed to them by the Hamilton Field Batt.
The members of both Batteries will go to
Toronto on board the popular and com-
modious steamer *Opprey*. Both bands of the
corps will be in attendance, so that plenty
amusement will be in store. On their
arrival in the "Queen City," the Toronto
Field Battery will extend a hearty wel-
come to the excursionists. The members
of the Wellington Battery desiring to at-
tend the excursion will please report in
person to Capt. Macdonald, on or before
Wednesday next, when they will be shown
the list of prices, &c.

MAPLE LEAF BASE BALL CLUB.—The
Directors of this Club held a meeting on
Saturday night at the Queen's Hotel,
when the following were elected office-
bearers: President, Geo. Sleeman; Vice-
President, Wm. Snulley; Recording Sec-
retary, Adam Weir; Corresponding do.,
C. Mallock; Treasurer, John Anderson;
Managing Committee, Chas. Sharpe and
Adam Robertson. Hereafter, according
to resolution, passed at a previous meet-
ing, of the Club will be managed
by the Board of Directors. The new
constitution and by-laws will be sub-
mitted for the approval of the Club at
an open meeting, to be held at an early
day.

FIRE IN GUELPH.—At midnight on
Sunday, a fire broke out in the rear of
the premises on Farquhar street, off
Gordon street, occupied by Mr. Philip
French, a manufacturer of engine pack-
ing, and Mr. Smith, an employee in Mc-
Crae's woolen factory. Shortly after the
sounding of the alarm, the engine was
on hand, and with some difficulty, on
account of the scarcity of water, con-
fined the flames to the back of the build-
ing. The kitchen in the rear was totally
destroyed, and the walls and roof of the
main building badly burned. The
furniture was all safely removed and
stored in the Drill Shed. The building
was owned by Mr. Robert Thompson, of
Thompson & Jackson, whose loss,
although heavy, will be easily covered
by an insurance of \$500 in the Waterloo
Mutual. We understand also that Mr.
French's furniture was insured.

BY TELEGRAPH TO THE MERCURY

Resignation of Pere Hyacinthe

Tilton-Beecher Scandal.

Is it a case of Blackmail?

Moulton to Testify To-day.

He will Support Tilton.

The Burning of the Steamer

Rogers.

London, Aug. 10th.—The *Telegraph*
says:—It is reported that Russia has
consented to recognize the Republic of
Spain, and all other powers will follow.

London, Aug. 10th.—The *Times* re-
ports that Pere Hyacinthe resigned his
charge in Geneva, on account of a dis-
pute between the Moderates and extreme
sections of the old Catholic party; he
sides with and takes the leadership of
the Moderates.

The *Morning Post* informs, that Capt.
Werner, of the German Navy, who had
some difficulty with the Spaniards before
Cortagena, will be promoted to the rank
of Rear Admiral.

Paris, Aug. 8.—It is reported here that
the German government has notified its
representatives abroad that the time has
arrived to recognize the Spanish Repub-
lic. The relation between France and
Italy is very satisfactory.

New York, Aug. 10th.—Plymouth
Committee will receive Moulton's state-
ment this afternoon, and if he will per-
mit cross examination, they intend to
complete it before evening, and then call
Mr. Beecher before them to-night.

Moulton was yesterday closeted with
Tilton and his lawyer, and Beecher's
friends say his statement will be as strong
as can be made in support of Tilton. The
Herald says, the letters in possession of
Moulton will tend to show Mr. Beecher
and Mrs. Tilton to have confessed in cor-
respondence with each other, to "rest
hiding," whatever it may mean.
Major Hunter, of Brooklyn, is credited
with the following:—"I think when all
facts come out it will be shown that this
has been a case of blackmail all through,
and blackmailing has been done through
the medium of Moulton; I guess Mr.
Beecher has been struck very heavily
too."

The *Sun* this morning in an editorial,
intimates the same thing; and charges,
that Tilton's letter to Dr. Bacon was
shown to a friend of Beecher's before its
publication, with an offer to suppress
for \$5,000. The *Sun* intimates that the
pious name of Tilton's friend, F.
B. Carpenter.

Cincinnati, Ohio, Aug. 10th.—Capt.
Morton, who is at the scene of the
wreck of the *Pat Rogers*, says that 45
bodies have been recovered, of whom 15
are not clearly identified. The steward
and pantryman of the boat are not yet
recovered. These make 47 known to be
lost. The list may run up to three or
four more.

The tow boat, *Sol. Roberts*, which
blew up and burned last Friday, on
Guyann Shoals, occasioned a loss of 3
lives. The wounded will recover.

The new steamer *First Queen*, of
Saugen, made her first trip on Friday.

ACCIDENT.—Recently a son of Mr.
James Issles, 18th concession of Egrem-
ont, fell from a load of hay while
driving over a rough part of a field on
his father's farm, and had one of his
legs caught and fractured in the spoke
of one of the wheels of the wagon. The
patient is progressing favorably.

A CURIOSITY.—The *Huron Expositor*
says:—"We were shown a few days ago
a stalk of barley on which were four
separate and distinct heads. The main
head was fully as large as an ordinary
head of the old country about three
years ago. It yields nearly three times
as much grain as ordinary barley."

THE HERD LADDE.—Mr. James Wylie,
the famous checker player, had a large
party of gentlemen at his levee on Fri-
day night, in a room in the Music Hall,
Toronto. The *Globe* says:—"There are
many of these no mean players, and
a considerable time in which the
play was observed, the stranger won
easily. Checkers is not a game that pro-
motes conversation, and the Herd Lad-
die is a fair specimen of the player who
is watching for shots three or four
moves ahead. It may be truthfully be-
lieved that he gave general satisfaction
to all comers. Mr. Wylie will play for
a week, holding two sessions each day,
beginning at 2 p. m. and 7 p. m., respec-
tively."

FIRE IN MONTREAL.—A most disastrous
fire occurred in Montreal, on Sunday
morning, destroying about a quarter of
a million dollars' worth of property and
causing the loss of one life. The fire
broke out in Henderson's saw mill, burn-
ing across the street to the new flour
shed 900 feet long on St. Joseph basin,
which was totally destroyed. The flames
then communicated to the steamer York,
(late Heron), a partially completed dredge,
belonging to the Harbor Commissioners,
and an empty barge (the Davis), all of
which were entirely destroyed, together
with about forty piles of lumber. The
watchman of the dredge, named Napoleon
Durocher, jumped into the canal, by
ingraining to swim was drowned. Sever-
al parties lost small lots of lumber. Both
the York and the dredge were burned to
the water's edge and sunk in the slip.
Pears were entertained of the fire cross-
ing the canal and sweeping the other
side, but fortunately the wind kept down.
Allen's propeller *Napoleon* was on the ad-
joining slip, but was hauled out in time.
Another new flour shed was unhurt.

The *Winnipeg Free Press* thus takes
up one of the city merchants:—"The be-
nign proprietor of the seven-benign to-
bacco warehouse on Garry Street, oppo-
site the head of Schultz Street, is to have
a lightning rod in connection with his
establishment; but whether he will have
the lightning rod on the warehouse, or
warehouse on the lightning rod, is still
an open question."

POLICE COURT.

(Before the Police Magistrate.)
David King, Sr., charged by G. G.
Kelly with fighting in the Bay Horse
hotel, was dismissed.

James Gay, charged by Harriet Gay
with abusive language, was fined \$1 and
costs.

Samuel Challice and Benjamin Present,
butchers, for breach of by-law in not
purchasing market tickets, were dismissed.
Thomas Coleman and James Gaughan,
charged by George Pearson with assault
and battery on the 6th inst., pleaded
not guilty. They were fined \$2 each
and costs. Mr. J. P. MacMillan appeared
for the defendants.

Mrs. Wallace and Mrs. Catharine
Coleman, for the same offence, were dis-
missed.

BASE BALL ITEMS.

A match for \$100 a side takes place
in Toronto next Saturday, between the
Union Printers' base ball club and that
of the Broom makers.

A match was played on the Fair
Ground, on Saturday afternoon, between
the Shoemakers and the Weavers of this
city, which resulted in favor of the
Shoemakers, the score being 24 to 17. A
great amount of useless noise was made
by the defeated nine which spoiled the
interest taken in the game.

A team from Raymond's factory play-
ed with one from Ingle's and Hunter's foundry
on Saturday afternoon. Five in-
nings only were played, the score stand-
ing 22 to 13 in favor of Raymond's men.

Local and Other Items.

Ex-President Thiers is seriously ill.

Bush fires are raging in the Ottawa
district.

The Pope has announced his intention
to appoint four new cardinals.

A military camp of exercise will be
formed near London, Ont., in the second
week of September.

A can on the Hamilton and Lake Erie
Railway, loaded with cotton, took fire on
Saturday and was totally consumed.

On the Buffalo driving park on Friday,
Goldsmith's Maid trotted a mile in the
unprecedented time of 2.15.

Dominion Parliament is again pro-
rogued until the 21st of September next,
not however to meet for dispatch of busi-
ness.

FISHER'S tailor shop, in Brampton
was broken into on the night of Wednes-
day, 5th inst., and about \$300 worth of
goods stolen.

A serious riot—so serious as to render
necessary the calling out of the military
—and resulting in injury of several of
the mob, occurred at Portsmouth on
Saturday.

The residence of Major Elison, at Port
Stanley, was entered by burglars on the
night of the 5th inst., and a portable safe
containing \$500 in cash, broken into and
notes totalling \$1,500 abstracted.

As an infant son of Mr. Isaac Moyer
of Rosendale, was being carried on the arm
of his sister, he suddenly threw himself
from the arms and fell to the floor, thereby
breaking his collar bone.

The proprietor of the *London Herald*,
who has been engaged in circulating the
slandrous story affecting the reputation
of Hon. Geo. Brown, was served with a
writ on Saturday.

A VESSEL load of lobsters, caught and
canned on the Nova Scotia shore, was
sent to Britain from Halifax last week.
It consisted of 11,600 cans, valued at
close upon \$50,000.

An elderly man and his wife, while en-
deavouring to drive past the procession
of the Orange Young Britons, in Toronto,
on Friday, were assailed and maltreated
in a shameful manner by some members
of the Order.

A fatal accident happened on the
Grand Trunk Railway at Trenton, on
Thursday night, to a man named Patrick
Burns, who was run over by a mixed
train. Burns had been in Trenton the
same day drinking freely.

Ten Armstrong field pieces are now
en route, by Dawson route, for Winni-
peg. The guns, which are of the new
model of muzzle-loading Armstrongs, will
be served out to the Dominion Artillery
in Garrison, the Winnipeg Field Bat-
tery, &c.

The Minister of Public Works has re-
fused to pay the exorbitant charge of
Marshall Wood, for his preposterous
model of the Parliament buildings and
grounds, and informed the artist, through
Mr. Treadwell, to remove his model from
the smoking-room of the House of Com-
mons, or he would be charged storage.

The Lord Mayor of London has entered
upon an arduous undertaking. He has
determined to give a banquet to the
chief representatives of Art and Litera-
ture in England, France and Belgium.
The Lord Mayor has great courage, for
his judgment will be open to severe criti-
cism, and he will be sure to give offence
to some one.

To decide on the chief
representatives of Art and Literature in
the three countries implies wide reading,
and it will be a curious thing to note the
names that will be selected by the Lord
Mayor.

A NEW ROUTE.—Goods which formerly
went to Meaford from Toronto and other
places south by the Northern Railway
direct, are now being sent by the T. G.
& B. Railway to Owen Sound, whence
they are shipped by water to their desti-
nation. The first shipment was made
about a week ago, and it was found that
the cost of carrying by this apparently
circuitous route was from 7c. to 10c. per
100 lbs. cheaper than by the Northern R.
The reason of this difference
in cost is not known; but it is presumed
to be the result of a policy on the part
of the T. G. & B. Co. to oppose the mono-
polizing tendencies of the Northern Rail-
way Co.

THE ORANGEVILLE AND READING
ROAD.—The survey to locate this road,
which was assumed by the Wellington
Council in June, are now being made.
It is intended in several places to deviate
from the existing road allowance, in or-
der to straighten out crooked angles, and
obtain a better roadway. We have not
been able to ascertain whether the work
of gravelling will be begun this fall or
next summer.

The County Board of Examiners.

Teachers attending the session held
in the Drill Shed recently, have been

was as follows:—1st Class, 1; 2nd, 31;
3rd, 107, two of whom were refused
being under age.

newal of their old certificates. The
names of these candidates were William
Tovell, Robert Hamilton, W. C. Mc-
Eachran, Miss Saena Haley, failing to
obtain a second class, had a third-class
certificate granted her.

A Specimen Brick from a Tory Journal.

"Flunkeydom is excited, and the Macdonnell street organ thereof calls upon its patrons to trot out their anti-swallow-tailed, because Lord Dufferin is going to pass through Guelph on his way to Brantford. Why all this feverish fuss? If he was going to pass through Brantford on his way to Guelph, or if Brantford were about to pass through—but hold! We have it. The Mercury and Mr. Stron are going to present His Excellency with a bundle of those insolent petitions which they carted through Puslinch and Erin last autumn, in which His Excellency is minutely instructed by these authorities as to the duties of his position, and requested to resign if he does not obey orders. What a beautiful sight to behold these boorish village Hampdens fawning and cringing before this bloated aristocrat."

If the Conservatives of this town and county have any regard for their loyalty, we should think they would indignantly repudiate and disown the disgraceful sentiments and epithets employed by that high-toned and supremely loyal Tory journal, the Guelph Herald, which we quote above, and which appeared in its issue of Saturday. It takes exception to our remarks in favour of a proper reception being given in Guelph on the approaching visit of the Governor-General, and considers them an evidence of the learning and cringing of the Reformers before "this bloated aristocrat," as it politely calls Her Majesty's representative in Canada. We fancy there is nothing inconsistent in the respect which the Reformers may show to the Governor on this occasion, and the position they took last summer on a great constitutional question, when they exercised the right which every free subject in this country has, of stating their views in a respectful manner, and making them known to His Excellency. This they did, and though Lord Dufferin chose to follow a different course, which they could not conscientiously approve, they did not heap on his head the abuse the Herald now does, but having adopted the constitutional mode of seeking redress, they were satisfied to leave the matter in his hands, and throw the responsibility on his shoulders. They believed that he was mistaken, but they never impugned his honesty or sincerity, and while they condemned his course they gave him credit for acting according to his convictions. This is their position, and while still holding to the belief that they were right, they can with equal honesty and sincerity participate in the welcome which he deserves at our hands, and which, spite the sneers of the Herald, all classes will join in extending to him.

But why this sudden change of front on the part of our Tory contemporary? In the old days when it fed at the public crib, and when the eminently loyal and gentlemanly party (self-styled) were in power, Lord Dufferin was a great man—an able statesman, a distinguished writer, an honor to the nobility, and a model Governor, who took an interest in our affairs, and made it his business to visit the country and learn everything he could in regard to our industries and our resources. Now, since the gentlemanly party of which the Herald affects to be the mouthpiece was hustled into the cold shades of opposition, he is at best but a "bloated aristocrat," and those who seek to do him honor are denounced as flunkeys. Verily, the Herald's loyalty is but lip-deep, or is its hatred of aristocrats in general, and of Lord Dufferin in particular constitutional and bred in the bone? An early answer is requested from its friends.

A remarkable case of resurrection is described by a contemporary. It occurred at Elgin, where the Tories began to howl with "the howl of the grey old Tory wolf of thirty years ago."

THE QUEBEC GOVERNMENT.—The Miner publishes an editorial accusing Hon. Mr. Irvine of intriguing for the Premiership, and charging him (with the aid of English-speaking Conservatives, who regard French-Canadian Ministers with unfriendly eyes) with creating an excitement regarding the Tanneries' land exchange for this purpose. It maintains that the scandal is exploded, since it has been shown that no Minister is guilty of corruption, while the existence of a conspiracy against Quimet, Chapleau and Archambault is established. The Gazette flatly denies its allegation as infamous slanders, but joins with it in proclaiming that the community is filled with intriguers. The Miner states that the friends of the Federal Government, to induce Irvine to resign, offered him a Judgeship, but the assertion is undoubtedly untrue.

REL UNREPENTANT.—Last week Riel made a speech, at Worcester, Mass., to his friends, justifying the execution of Scott as a traitor, fanatic and mad man. The execution he said was unfortunate, but not more so than any other legal execution. He professes to entertain strong hopes of receiving an amnesty at an early date, through the influence of the French-Canadian deputies in the Federal Government. These are undoubtedly Riel's sentiments, and it is a great pity that he is allowed to go at large and boast of his murderous doings. We fancy if the law once laid hold of him, that it would soon undeceive him with regard

to the necessity of Scott's murder. His hopes of an amnesty are but slender, for any Government which dare recommend such a step might as well resign at once.

The Dawson Road as Now Worked.

We extract the following from a letter written by Mr. A. J. Belch, late of the St. Mary's Argus, to the Stratford Beacon. Mr. Belch was one of the party who went over the Dawson Road early this season, who were delayed so long and were so badly used:—

I hasten to chronicle the fact that the party from Perth, headed by an M. P., passed over the Dawson Road in ten days, having rested upon the Sabbath, which made the eleventh upon the road; but had they not missed, by five minutes, a steam boat connection, they would have made the trip in eight days. This may sound like romancing to ears that wandered and waited from twenty-four to forty days in the earlier part of the season upon this road, but I assure "all sicks"—and your correspondent is one of them—that the statement is a solemn fact, illustrative of what the contractors, W. H. Carpenter & Co., can do when put to their best, and of what the much abused Dawson Road is capable of accomplishing in isolated cases. Of course a number of churlish travellers, who have been so long in making the trip, are found to assert that they, too, could make as good time with as much comfort, could they be accompanied along the route by the head engineer of the company, a special team, a special tent, furnished by the company, pitched at night and struck at noon by a company employe. In fact I have heard recently arrived emigrants refer to the party from Perth as an example of what the company ought to do for all the patrons of the Dawson Road.

The management is better at present than it has been during the season, and fewer complaints are heard. Passengers are now seldom delayed beyond fifteen days, and many make even better time. The road is better stocked with provisions, the employes are more attentive, careful and courteous, and altogether I think the representations made in reference to the management, at the beginning of the season, to the Government and to the Press, have had a most beneficial effect.

Notes from Ottawa.

On Friday the Premier telegraphed to Lieut. Governor Morris the text of an advertisement calling for tenders for the construction of the Pembina Branch of the Canada Pacific Railway, in order that no delay should occur in providing employment for settlers who have suffered from the grasshopper plague, and also that the probable tenders of the Manitoba contractors would have the same advantages as to time as others in other provinces.

The Government has taken the necessary steps to repair the buildings and fortifications of Quebec and Kingston.

The report of the Parliamentary Committee on the North-western troubles, is now in the hands of the printers, and will probably be ready for distribution in a fortnight.

Mr. Carpenter, contractor for the Dawson Road, went west on Friday night. It is estimated that his explanations to the Minister of Public Works effectually disposed of the charges made against him for mismanagement, and have been considered satisfactory.

GUELPH, Aug. 6, 1874

To the Public.
I take this opportunity to let my old friends and customers know that early this Fall I intend opening up one of the most extensive and varied stocks of Staple and Fancy Dry Goods to be seen in Ontario. I have had erected for my own special retail business a most complete arranged store, and from my long experience in the mercantile business, I feel and know that I will present for the inspection of my old patrons and others not only the most choice selection of Fancy Goods, but goods that will in reality be of such a character as to give to the purchaser the most entire satisfaction. The value will form one of the most important features of my establishment; the fact of going direct to the fountain head for my whole stock, and buying all for the ready money, and in addition having no old stock to palm off, is of itself a positive guarantee that my establishment will present inducements to the purchaser that none other in Guelph can approach. I earnestly request my old friends and customers to pay a visit to my establishment, when the old motto that I used for so many years to their advantage will again be adopted, viz: the best goods in the trade at the smallest possible profit. Good goods and cheap goods. One price and no abatement. No misrepresentations, and the interests of the public doing business with me strenuously watched.
Yours truly,
JOHN HOGG.

"The Only Shoe Store on that side of the Street." Guelph, July 28th, 1874.

Hoes, spades, forks, &c., not now to be used, should be carefully cleaned, oiled and stacked or put away in a dry place, and so arranged that when wanted any one could be obtained without having to overhaul the whole lot.

BISMARCK'S HOME.—The home of Prince Bismarck, instead of being a spacious palace, is a plain edifice—one of the plainest in Wilhelm Straas—and the man who answers the door wears no livery, nor any sign of his master's rank. The interior is equally suggestive in its sturdy contempt of luxury. In the Prince's study are an iron couch and an iron safe; the furniture is meagre, massive, and without ornament. His writing materials are on a gigantic scale, and his pencils enormous.

All political correspondence and confidential public papers connected with the official life of the late Lord Dalhousie are to be selected and placed in a locked box by themselves, sealed up and deposited in the family charter-room at Panmure, and not to be opened until the year 1890; and all correspondence with public men is to be arranged and similarly deposited.

THE CHICAGO BOULEVARD.—Chicago is setting about the task of entrenching herself against future conflagrations with a vigor and liberality worthy of the great interests at stake. One of the latest propositions is in favor of a fire park or boulevard, to divide the city and form a boundary or bulwark against sweeping conflagrations. The proposed boulevard would be 500 feet in width, running from the lake shore at Polk street westward across the entire city. The space is to be filled with trees and tastefully laid out with drives and walks. Besides its value as a defence against fire, this boulevard would be a highly ornamental and healthful feature of the city. It would cost an enormous amount of money, for every foot of space in that part of the city is valuable, and rapidly becoming more so, but Chicago is thoroughly aroused and will submit to almost any expense that will aid in securing her against a repetition of the terrible scathings she has already undergone.

The merits of the International Transportation Association—Hon. C. Wilson, Provincial President—are being advocated. It is proposed to establish the system of cheap freight between the Western States and the seaboard, and restore to the former the trade with the United Kingdom, which it has been steadily and rapidly losing since 1862 by competition with the Provinces bordering on the Baltic, Adriatic and the Black Seas. The object of the Association is not to interfere with the existing lines of communication, but to devise additional ways by which the export of breadstuffs may be largely increased. It is proposed to make of Montreal a market for the cotton and tobacco which is produced in Upper Mississippi and Ohio valleys, and it is intended to lay down European imports at Chicago from Liverpool, more cheaply than they can be transported from New York to that city.

BRANFART.—Epps' "Globe" Great and Comforting.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected food, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many heavy doctors' bills. —Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled — "James Epps & Co., Homoeopathic Chemists, London."

TRAVELLING ON THE FARM.—Did any of your readers ever think of the amount of travel it takes to raise a crop of corn? never saw an illustration in print, and thought I would give you one. I have a 20-acre field, 40 by 80 rods. To break this up would take 166 miles; harrowing it, about 40 miles; furrowing out, 90 miles; planting, 45 miles; if with a planter, and if dropped and then covered, 40 miles. Thus you will see it takes about 800 or 900 miles of travel to raise 20 acres of corn, not counting going to or returning from the field. Besides, there are re-planting, thinning, rolling, etc.

SALT RHEUM.—This disease can be cured in its worst form. Read this from David Simpson, 89 Prince Street, Boston:—Dear Sir.—This is to certify that my daughter, (Sarah Simpson) has been troubled with Scrofula and Salt Rheum Humor for several years mostly confined to her head. The past four years has been so bad that she has been almost blind, some of the time not being able to read. She has been under the care of physicians in New York and Boston, and finding no relief, she took two bottles of Fowler's Pile and Humor Cure, which wholly cured her.

Special Notices.

St. Ann's, Bout de l'Isle.
"I WAS FOR SEVERAL YEARS SUFFERING from Cough, Expectoration and Night Sweats, attended with extreme nervous and physical prostration. My body was greatly emaciated, and the general impression was that I had not long to live. I began taking Dr. WHELEDER'S COMPOUND ELIXIR OF PHOSPHATES AND CALSINA, an improvement took place immediately. I gained in weight and strength. My Cough and Night Sweats disappeared, and I am now in the enjoyment of excellent health. Many of my friends who had recommended the Elixir have since equally recommended the results."
