Salmon Fishermen Many And Luck Varied.—Social And Personal Items Concerning Well Known People.

Lawrencetown.—The tennis season has opened up strong here this year. Both courts which are in the best condition, are in daily use by Lawrence town's tennis enthusiasts and some snappy exhibition games throughout the summer are anticipated. The local club is rapidly gaining a large membership. At a meeting held early this spring, Dr. W. C. Archibald was elected president of the club, and Kathleen James, secretary-treasurer.

Mrs. H. H. Whitman, Mrs. S. Primrose and Miss Shaffner motored to Annapolis Royal called on friends and enjoyed the very beautiful scenery of mountains and river.

Miss Bancroft Wolfville, has returned to Lawrencetown.

Mrs. Hayward has been in town. Mrs. West, Mrs. E. Shaffner spent a few days in Wolfville, attending meetings, lectures and concerts.

Mrs. J. C. Archibald and friends are at their camp on a fishing trip, may their lines be many.

Mrs. W. C. Morse has been visiting in Kentville, Wolfville and other places of interest.

The work has visited several homes in Bridge street.

One proud grandfather declared that a grandchild only a few days old, recognized him.

Mrs. H. H. Whitman has returned from St. John, where she attended a business meeting.

Mr. Rupert Willbury, Belleisle, has been a guest at the home of Mr. Gesner.

Mrs. Wheeler is now at her home in town.

Mr. E. Stevens and Mr. W. Prince, were guests at the home of Mrs. W. Prince.

Mr. Dawson is very busy, attending calls, for and near.

Mr. D. M. Balcom and party are on a fishing excursion.

Miss L. Bancroft has been in Middleton the guest of Mrs. G. McGillivray.

Mrs. Simpson, Boston, is a visitor at the home of Mrs. C. P. A. Patterson.

Mr. and Mrs. Slack, Mrs. Ross and Mrs. G. Ross, all spent a day at "Forest Rest".

Mr. and Mrs. G. R. Hart, and Miss Cass, from Halifax, passed through Lawrencetown on Thursday. They made a call at the home of Miss Black-wood.

The "Maid of the Mist" has been painted, is now all ready for moonlight trips on our beautiful river.

Quite a large party from Windsor motored to Lawrencetown, they were much pleased with the town and scenery around the country.

All are glad to see the burdocks are at last being destroyed by an energetic citizen.

A fire of unknown origin partly burned an unused building near the barber shop, but was extinguished in good time.

Professor and Mrs. M. Bancroft were guests of Mrs. J. B. Hall.

Miss M. Bancroft, instructor of music, Acadia Seminary, is at the home (Continued on Page Four)

Phyllis Woodworth, of North Easton, is the guest of his brother Corning Woodworth, having come to attend the funeral of his mother, the late Mrs. Garey Woodworth.

B. C. Clarke left Tuesday for Brookline, Mass. On his return he will be accompanied by Mrs. Clarke.

CENTRAL CLARENCE.

Grant Messenger, Reta Marshall, Mr. and Mrs. V. B. Messenger and daughter Freda attended the service at Lawrencetown on Sunday evening conducted by Rev. Frederick Patterson, D.D., L.L.D., president of Acadia University. He gave an able and inspiring address. The choir furnished excellent music, worthy of special mention as a violin solo by a young lady student of Mt. Allison.

Margaret Leonard, Fred Messenger, Wilhelmina Creedman and Alice Ward together with other members of their class, were entertained very pleasantly on Saturday afternoon at the home of their Sunday school teacher, Mrs. F. W. Jackson, Clarence East.

Miss Reta Marshall spent the week-end at W. L. Messinger's.

Mr. and Mrs. Everett Morse of Brighton Mass., were guests last week of Mrs. Laura Bishop. Mr. Morse accompanied the remains of his mother to Middleton, where interment took place at Pine Grove cemetery. Mrs. Bishop, Willard Bishop, and Mrs. Eldon Marshall attended the burial service.

Mrs. Cora Sanford and young son, of Weston, visited for a few days last week with her sister, Mrs. Floyd Smith.

GRANVILLE CENTRE.

Glad to report Mr. F. R. Troop, able to walk out a little after his recent severe illness.

Other of our residents who are recovering from sickness are Mrs. Isaac Gesner, Mr. J. N. Wade and Miss Barbara Willett.

Mr. Douglas Kearnes who is working in Port Lorne, spent the week-end with his family.

Mr. Henry F. Troop is improving the exterior of his home by a coat of paint, C. L. Goodwin is doing the work.

Mr. Clarence Longmire is spending a few days with his parents here, having recently returned from a trip to Canary Islands.

Those who attended service at the United Baptist church Sunday evening, June 1st, had the privilege of a musical treat. Prof. Morse of Annapolis, accompanied by Morris Pearce and Mrs. Pearce rendered special music.

VISITORS DAY AT SCHOOLS

Large Attendance of Parents And Work Excellently Exemplified.—Fine Manual Training Exhibit.

Visiting days at Bridgetown Schools were on Thursday and Friday of last week and the programme as published the previous week in the Monitor was carried out. There was a large attendance of visitors and all were well pleased with the excellent showing made by the pupils in the various departments.

The rooms were tastefully decorated with potted plants drawings and work done by the pupils added a most pleasing and artistic effect.

The usual order of subjects prevailed and the scholars made a good showing in the various departments.

An exhibit of Manual Training was on view both Thursday and Friday at term, this included many articles such as baskets, picture frames, electric light stands, bread boards, sleds, crockinole boards, tables, etc., and all the work was exceedingly well done. Many of the girls as well as the boys becoming expert in the use of tools. Some years ago the Manual Training teacher in the County had Annapolis, Middleton and Bridgetown divided up in his itinerary. Results from a resident teacher are of course more satisfactory and the pupils have made good progress under Mr. Price. It is a matter of regret to many parents that the School Board decided to discontinue the work in Manual Training.

DIGBY COLLECTS CASH FOR PUBLICITY WORK

Digby.—At an enthusiastic meeting here Thursday night, presided over by Rev. A. W. L. Smith, President of the Digby Publicity Bureau, it was announced that Digby town was forwarding to the Nova Scotia Publicity Bureau more than \$300 already subscribed for the work of the central organization. The meeting was addressed by Dr. J. D. Logan, Field Officer of the Provincial Bureau, and practical addresses followed by President Smith, Secretary Emerson Read, H. B. Short, manager of the Maritime Fish Corporation, and others. A campaign will be begun immediately to organize other committees in Digby County, and special plans for providing extra tourist accommodation will be carried out.

PRESENTATION TO MRS ERNEST MUNRO.

It is to be regretted that Mrs. Ernest Munro leaves this week for Boston, to join her husband who left here a few weeks ago, and has secured a splendid position. During their stay in town Mr. and Mrs. Munro have won many friends. Their willingness to assist in every good work has been marked. Mr. Munro was a member of the Baptist Choir, and assistant superintendent of the Sunday School for a time.

Mrs. Munro is assistant clerk of the Church and secretary of the Philathea class. At the meeting of the class on Sunday morning, the President, Mrs. Mary Abbott, on behalf of the class, presented Mrs. Munro with a gold pencil, on a gold-mounted guard.

There are this year 67 university graduates at Normal College, Truro. The Annapolis County representatives are Miss Winnifred M. Braine, Annapolis, Miss Alice M. Pigott, Bridgetown, Ewart C. Longley, Halifax, Harold P. Troop, Granville Ferry.

GRANVILLE RIFLE RANGE.

The members of the "B" Company, Annapolis Regiment Military Rifle Association, opened the range for the season with a prize shoot on "Empire Day," 24th of May, the prize having been very kindly donated by the patrons of the Association; the weather was dull and cloudy and the light was bad, but nevertheless some very good scores were obtained as may be seen from the following list:

A. M. Grant 89
G. G. Grant 84
Ira Gilliat 83
W. H. Troop 78
H. L. Mills 77
R. R. Macpherson 70
Roy Sabean 45
Roy Gilliat 32

The first prize, a charming little clock was won by Mack Grant, the second prize, an ever sharp pencil, by his brother, Gilbert Grant, Ira Gilliat also winning an ever sharp pencil as third prize and Walter H. Troop winning a shaving stick as fourth prize. The Booby prize "A Rubber Ball" was awarded to Roy Gilliat.—Spectator.

AN ARREST IN PORT LORNE CASE

Mrs. Guest Now Deposes That She Believes Donald Cook Her Assailant.—Arrest Made Thursday Preliminary Trial at Annapolis June 5th.

A new turn came last week in the Port Lorne assault case when Mrs. Jane Guest summoned to Port Lorne, Magistrate P. H. Gesner of Lawrencetown to take a deposition from her. In this she states that she believes Donald Cook to be the person who assaulted her.

Accordingly papers were made out for his arrest which were taken by Provincial Constable George Foster, of Middleton. Foster went to Port Lorne Wednesday evening and on Thursday morning put the young man under arrest and conveyed him to Middleton and from there to Annapolis next day. The case will be taken up there on Thursday before Stipendiary MacKay.

Cook's name was mentioned while detective Mosher was in Port Lorne, but the evidence available appeared too slight to justify an arrest. The young man's grandmother stated and still states positively that Cook was home in his bed at the time of the assault. Friday the past week there appeared to be an insistent demand from Port Lorne people that the young man be arrested. He has about him nothing of the appearance of a criminal. He took his arrest quite calmly. About a dozen witnesses have been called in the case and we understand that it will be the endeavour of the prosecution to show that Cook was not at home when the assault took place and to show that the marks of a foot made under Mrs. Guest's windows were made by him.

Mrs. Guest still claims that there was no reason why this young man would assault her.

She is rapidly regaining her health but will not be able to get about for some little time yet.

H. S. BOYS WIN AGAIN

Get Third Consecutive Victory Saturday When They Defeat Annapolis 7-4. Next Game is With Middleton.

On Saturday afternoon Bridgetown High school team won their third consecutive game of the season when they defeated Annapolis Academy 7 to 4. The game was not as good an exhibition of ball as those with Berwick but was on the whole very interesting to watch. The ball was pretty well swatted by both teams and the fielders gathered in a good many flies.

In the first inning the locals totaled two runs through errors which were followed by a two bagger by Fay and a single by Lockett, bringing Ledburn and Pigott home.

Annapolis was retired without score. M. Ritchie fanning and B. Johnson and L. Ritchie being retired on a nice double play, the only one of the game. Bridgetown added another run in the second and in this inning Annapolis began to show their wares in good style, assisted by some costly errors on the part of the Bridgetown boys, who stiffened the play from this out holding the opponents without further score.

In the fifth inning the local boys tied the score and ran three ahead through timely hits by Fay and Beattie, helped by some errors on the part of the Annapolis boys. The attendance was much smaller than it should have been. Many local people rave against professional baseball and shout to encourage our young local players but thus far this season the encouragement has been very slim, either morally or financially. We counted twenty-three persons on the grandstand Saturday and most of these were youngsters. Next home game turn out and encourage the boys. On Saturday the High School team goes to Middleton and will be up against a stiff proposition there.

FINE RECITAL BY MR. MOTT

Able Assisted by Miss Evelyn Meredith Crowell.—Programme of Wide Range And Splendidly Rendered Before Appreciative Audience.

The recital given in the Court House on Thursday night by Mr. Luther Dickens Mott of New York, teacher of voice culture and singing in the Halifax Conservatory of Music was a splendid success and thoroughly appreciated by the audience while Miss Evelyn Meredith Crowell's rendering of Saint-Saens—"Etude in form de Valse (Op. 52), Chopin's Fantasia in C. Minor, S. Rachmanninoffs "Polichinelle (Op. 3) bore unmistakable evidence that she is a pianist of unusual ability and attainments.

The range of the programme was exceedingly varied and gave excellent opportunity to illustrate the range of interpretation which can be successfully given by Mr. Mott. His directness of appeal and naturalness made him at once a favorite with his audience. The varied range of the programme is shown when it is instanced that it included "Dormiro Nel Manto Mio Regal" (Verdi) sung with wonderful expression and a grasp of the primal emotions. Very effectively rendered were "Lungi de caro Bene (Secchi) and Or ch'io non seguo piu (Robani). These were followed by the pretty Elizabethan Love Song (arr by Keel) "Come Again." Mr. Mott made a splendid hit with his audience in the rendering of "Lesia Lindeas." A ballad from Scottish minstrelsy. He was also equally happy in the Irish Country song, "A Ballynare Ballad." The Old American Negro Spiritual, "Swing Low Sweet Charlie" was splendidly rendered by him.

Arnes "By the Gally Circling Glass" was also a favorite with the audience. The German songs included "Sonnenuntergang (Lenau) by Robert Franz, "Der Wanderer" (Schmidt) by Franz Schubert, Charming French songs were, "Les Papillions couleur de Neige," "Le Miroir" and "Chanson de Route." The Chinese Mother Goose rhymes were pleasing to all with whom the recollections of infancy were present and were prettily rendered. Mr. Mott's enunciation is clear and well defined. His bass notes are resonant and vibrant.

The whole programme both vocally and instrumentally furnished an evening of enjoyment to the audience. The work of Mr. Harry Deane as recital accompanist was received with the highest degree of favor. During the evening Miss Crowell was presented with a handsome basket of flowers.

The local Women's Institute is to be congratulated upon bringing such talent to delight the audience. The net proceeds are in aid of the Inter-provincial Girls Home at Moncton.

GOLDEN WEDDING DAY CELEBRATION

Mr. and Mrs. N. P. Wood, of Torbrook Mines, Are Honored by Friends.

Torbrook Mines.—More than a hundred intimate friends of Mr. and Mrs. N. P. Wood gathered Thursday at their home in Torbrook Mines to join with them in the celebration of the 50th anniversary of their wedding. Residents of this section of the country for the entire period of their married life, Mr. and Mrs. Wood have always enjoyed the high regard and esteem of the community at large and numerous indeed were the hearty congratulations showered upon them by those who attended the reception in their honor. Receiving with them was Mrs. Stanley Brown, for years a close friend of the family. Mrs. Charles L. Wood, of Windsor, a daughter-in-law, poured tea, and was assisted by Miss Marguerite Buckler, of Annapolis; Mrs. Bernard Wood, of Imperial; Mrs. Robie Armstrong, Mrs. Nelson Hart and Mrs. L. S. Burns. Little Misses Marie Brown of Torbrook Mines, admitted the guests.

An interesting feature of the reception was that two of the guests, Arthur Spinney and George Holland, were present at the wedding of Mr. and Mrs. Wood. In the living room of their home which was profusely decorated with roses, carnations and spring flowers, the happy pair received their guests chattering with each about incidents of by-gone days and reviving many happy recollections. With them on their "Golden Wedding Day" were their two sons and their families, Charles L. Wood, of Windsor, manual training instructor in the Windsor and Kentville high schools, and Bernard Wood of Imperial, assistant chemist in the employ of the Imperial Oil Company.

Mr. and Mrs. Wood were the recipients of many handsome gifts, including several purses of gold and other valuable tokens.

DRUNKEN DRIVER FINE \$200.

A good stroke of motor law observance was clinched in the Police Court yesterday. Police Officer Thompson seized on Sunday a car driven by a man named McNutt of Truro, who has an associate named Hoare, of West River. Both were under the influence and in the car was found a tin of rum. Hoare was given the nominal fine of a drunk \$5.00. McNutt was fined \$200 for the liquor and sent a month to jail for operating a car while under the influence. This should serve as a timely warning.

A contemporary question that the procedure should have been taken under the inland Revenue Act when the fine might have been \$400 and the car confiscated. Had such been done and we doubt it legally it could have been. In the absence of an inland Revenue Officer to make the seizure, the fine, if paid, would have gone to the Ottawa treasury, while in the procedure followed it will go into the Town's police fund or general court.—Eastern Chronicle.

INCOME TAXATION.

One would almost think from the amount of noise made by the manufacturers of Canada every time they sold a machine that they carried the lion's share of the burden of taxation of the country, but such is not the case. It is generally supposed that manufacturers are men in the enjoyment of large incomes, but if the Federal Income Tax returns are to be taken as a criterion, one would be quite justified in the belief that they are poorly paid for their services. A return brought down in Parliament a few days ago shows that the combined payments of manufacturers in the form of income taxes last year amounted to only \$379,931, against the sum of \$473,000 turned in by the farmers. By classes the income taxes last year was distributed as follows: Manufacturers \$70,261 Employees 15,529,949 Merchants 5,474,256 Farmers 437,049 Professionals 2,663,900 Business profits 28,022,149 Not classified 490,446 All others 6,855,950

SURE CURE FOR GOITRE COMING.

Simple Cure Claimed to Have Been Found to Conquer the Disease.

Toronto.—The story of how science had conquered goitre, how the prevention of this ravaging disease had been found to be a simple compound of salt sea water and iodine, was told Wednesday at the Ontario Health Officers' Convention in session here by Dr. David Marine, of New York. This eminent authority on goitre, dealing with the subject technically pointed out that the enlargement of the thyroid gland might be divided into two groups, simple goitres and exophthalmic goitres.

Simple goitre is one of the most important causes of human suffering with which society had and still has to deal, said he. "The sum total of its ravages throughout all ages and in all animals is still unrealized by the public generally."

Hon. Dr. Forbes Godfrey, Minister of Health for Ontario, this afternoon announced that next year it was possible "the time will be ripe for the announcement of a sure cure for goitre. The treatment of the disease is now in progress of development," he said. "Am not promising anything," said Dr. Godfrey, "but I firmly believe the cure is coming."

MAGIC BAKING POWDER
CONTAINS NO ALUMINA

The Secret of Successful Baking consists very largely of choosing a baking powder whose leaving qualities are uniformly reliable. Magic Baking Powder is the powder that never fails yet. This is the reason why it is by far the most popular baking powder in Canada.

MAGIC BAKING POWDER

MARIED,
Freeman—Wright.

A quiet wedding took place at the Baptist Parsonage, Clementsvalle, on Wednesday, May 21st, at four o'clock, the principals being Gladys Annie, daughter of Mr. and Mrs. Peter Wright, Clementsvalle and Robert DeLafon, son of Mr. and Mrs. L. W. Freeman, Landsdowne. Rev. G. C. Durkee officiated.

The bride was attired in a suit of navy, with sapphire and sand hat. The couple were attended by Miss Hazel DeForest and Mr. H. C. Trimmer.

A reception was held at the bride's home during the evening and was attended by scores of friends, the many gifts attesting to the popularity of the bride.

A honeymoon will be spent in various parts of the province, after which the happy couple will reside here.
A SNAKE STORY.
An enormous snake, of a very rare species, and one never before seen in that locality, was killed at Heckman's Island, Lunenburg, on Thursday morning. Forde Slaughenwhite, a lad living with Capt. Adam Knickle, was out shooting crows. In jumping over a fence he dislodged a board, and the huge reptile shot out from beneath it and attacked him. The lad fired at the snake and shot its head off. It was found to measure five feet, two inches in length, and nine inches in circumference. The color was a very dark grey with white rings around the body.—Yarmouth Herald.

FIFTY PERCENT CUT IN PRICE OF SCHOOL BOOKS.

Fifty percent reduction in the price of many of the school books has been announced by the Department of Education of Nova Scotia. The reduction in the readers used alone is approximately one-third of the entire cost of school books. The reductions cover the Atlantic and Acadian readers, Public School Grammar and Cornish's Canadian Geography and other books. In nearly every instance in which a reduction has been made, that reduction cuts off one-half the price of the book previously prevailing. These reduced prices will apply on and after July 1st, 1924.

Atlantic Reader No. 1 reduced from 30 cents to 15 cents.
Atlantic Reader No. 2 reduced from 40 cents to 20 cents.
Atlantic Reader No. 3 reduced from 50 cents to 25 cents.
Atlantic Reader No. 4 reduced from 60 cents to 30 cents.
Atlantic Reader No. 5 reduced from 60 cents to 30 cents.
Atlantic Reader No. 6 reduced from 70 cents to 35 cents.
Moore Animal Stories reduced from 40 cents to 20 cents.
New World English Course reduced from 30 cents to 15 cents.
English Dictionary reduced from 40 cents to 20 cents.
Public School English Grammar reduced from 60 cents to 30 cents.
Arithmetic, Part 1 reduced from 65 cents to 32 cents.
Arithmetic, Part 2 reduced from 50 cents to 25 cents.
Public School Composition reduced from 50 cents to 25 cents.
How to Be Healthy reduced from 65 cents to 32 cents.
Weaver's Canadian History reduced from 75 cents to 37 cents.
Cornish's Canadian Geography reduced from \$1.00 to 50 cents.
Canadian School Atlas reduced from \$1.10 to 55 cents.
Acadian Reader 1 reduced from 50 cents to 25 cents.
Acadian Reader 2 reduced from 60 cents to 30 cents.
Acadian Reader 3 reduced from 80 cents to 40 cents.
Acadian Reader 4 reduced from 80 cents to 40 cents.

This reduction in prices has not been extended to include the high school texts. The common school texts are the ones used by the 90,000 or more children in the common school grades, ten times as many as there are in the high school grades. The reduction of about one-half in the cost to the parents of Common School books is equivalent to a reduction of one-third in the grand total amount for all school books, both common and high. Some \$25,000 will be saved by the purchasers of school books.

In addition to the special reductions in the list prices of many of the common school texts, a slight change will be made from July 1st, 1924, in the list prices of five of the high school text books. These changes are: High School English Grammar from 70 cents to 60 cents. Selected English Short Stories from 70 cents to 60 cents. Selected Speeches on Foreign Policy from 70 cents to 60 cents. Newell's General Chemistry from \$2.40 to \$2.30. Bergen and Davis' Principles of Botany from \$2.40 to \$2.30.

WAR CLAIMS.
Ottawa.—Hon. William Pugsley, commissioner on war claims has heard appeals from 523 claimants, involving \$31,295,619, and there are still 622 claims to be heard aggregating \$11,065,044. This information was given in the House of Commons this afternoon by Hon. A. B. Copp, Secretary of State, in reply to question by W. F. Carroll, (Liberal, Cape Breton South). Mr. Copp said that no reports upon the claims would be given until the commissioner had heard all the cases.

REV. W. H. LANGILLE TAKES CHARGE OF CHARLES ST. CHURCH

Rev. W. H. Langille, of Grafton St. Methodist Church, will take charge of Charles Street Methodist Church for the next three months, while the pastor of the latter, the Rev. W. J. Dean, will go to Europe. Robie Street and Grafton St. Methodist churches will combine for United Service during June, July and August and by this arrangement Rev. Mr. Langille will be free to assume his work at Charles Street.—Chronicle.

Announcement

To our Friends and Customers:—
We have at last decided to take the plunge. For two years we have contemplated this move but have lacked the courage of our convictions. On the Seventh day of June we start the CASH SYSTEM. After that date ALL will be used alike. From the King upon his throne to the poorest subject on earth, should they favour us with their trade, ALL will receive the same treatment.

We have a lot of customers who do not ask for credit, we have a lot of others who only ask for short time credit. We appreciate both very much. In the credit system losses are bound to occur and of course the good customers are the ones who suffer by paying the longer price in order to cover these losses. This is not fair but is a condition that cannot be overcome under the credit system. We purpose eliminating these losses, and we ask your co-operation.

Our prices will be adjusted to suit the change. Our MOTTO will be "NO LOSSES, CLOSE PRICES, AND THUS SAVE OUR FRIENDS MONEY."

We expect to lose some custom. Of course we will! but we also expect to win the careful thrifty buyer, and to those that favor us with their trade we promise to save them so MUCH MONEY directly and indirectly that they will be delighted with themselves and with us at the end of 1924. Think it over and give it a trial.

We are already meeting Mail Order Competition on some lines. We purpose meeting it on many more. So why send your money away? Bring it to your home merchants, help them to grow bigger and thus build up your HOME TOWN. Again we ask you to kindly think it over.

Marketable produce will be taken the same as cash and with this easier method of financing we will give this branch of our business much greater attention.

Yours for greater business,

SHAFFNERS, Ltd.

Miss Lewis, principal of the school, spent the week-end in Paradise.
Mrs. I. Durling has gone to Victoria, to see her sister, who is quite ill.
Cars are parked along Bridge St. Men are seen partly in the water, others are perched on rocks, all fishing. Some getting fine salmon, others nothing.

One day, two gentlemen in a buggy, turned the horse towards the drinking place or fountain, their animal sprang forward and the driver was thrown out on the side walk, while the horse went due east. Some damage was done to the carriage but the driver did not seem much hurt, as he quickly got up and caught the runaway.
Some large new motor trucks are busy in town.

UNITED STATES BEST CUSTOMER

Canada's Trade With Uncle Sam Shows a Large Increase.

Ottawa—Canada's best customer during the twelve months ended April was the United States. The United States took Canadian exports in the twelve months to the value of \$429,255,000, an increase over the previous year of \$50,000,000. Canadian purchases from the United States were \$596,532,000, an increase of \$41,000,000.
Canada's next best customer was the United Kingdom. Imports from the United Kingdom were \$152,017,000, an increase of seven millions; exports to the United Kingdom were \$356,000,000, a decrease of \$28,000,000.

DIGBY WILL HAVE A FAST BALL TEAM.

Dr. H. L. Roberts, President, Hopes to Have Club Well Represented This Season.
Digby.—Meeting of the Digby A. A. A. was held in the town hall on Wednesday evening was fairly well attended by fans interested in baseball, tennis, etc. Dr. H. L. Roberts, as president, was in the chair and opened the meeting, calling on members of the Association to express their views as to getting together a ball team for the summer. The field committee were authorized to have the fence looked after and the grounds repaired at once. Practice was to begin on Thursday and all young men interested in baseball asked to attend to see what kind of a showing they could make. Dr. V. Turnbull was appointed manager of the ball team and Alexander Dillon appointed caretaker of the grounds.
First time in years that Digby has the prospects for a good ball team. Mr. Ross, formerly of Westville, but now teller in Bank of N. S., will be pitcher with C. Comeau as second string man. Games are being arranged with Weymouth or Annapolis for the holiday.
Mrs. Wm. Hall, for an indefinite period.
Ronald Shaffner, Vernon Shaffner, and Clyde Brown, are also among the Acadia students who have returned home for the summer. Frances and Stella Whitman, daughters of the Rev. A. H. Whitman, Baptist Parsonage, are back from Mount Allison.
Thomas Elliott, proprietor of the Elm House, has increased the capacity of his hotel since obtaining the complete upper floor of the Morse Block. These rooms are now in readiness for tourist accommodation.

Correspondence

Editor of the Monitor,

Sir.—The district surrounding the incomparable tourist section, the Annapolis Basin is contributing no small amount to the greatest movement yet inaugurated in Nova Scotia, the Nova Scotia Publicity Bureau, and the government is giving a like amount. May we ask that the Highways Board do their work on the road in this section so as not to render the work of the publicity bureau abortive. We are just at the beginning of the Tourist season, if the DEEP BROOK GRAVEL UNROLLED is put on the road the same way as was done two years ago (and had to be scraped off later) in the Smith's Cove Deep Brook section it will seriously handicap the work of the Publicity Bureau and injure the tourist traffic. Now that the construction work is about to begin, we respectfully draw the attention of the authorities to COOPERATION instead of OPPOSITION as in the past.

Sincerely yours,

A. W. L. SMITH,
President Digby Co. Publicity Bureau.

LAKE MUNRO.

Mr. and Mrs. Walter Dukeshire have returned to their home in Maitland, after spending a week with her mother, Mrs. S. Menro.
Mr. Lawrence Munro made a business trip to Bear River and Clementsville Tuesday.
Mr. Austin Nass and Mr. Wellington Brown, while on a fishing trip, had the luck to shoot a large wild cat and bear.

Mr. Lethgo Mailman of Milford called on relatives and friends here Tuesday.
Mr. and Mrs. Adelbert Fancy and baby, has returned to his home here.
Mr. Andam Hevey and Mr. Bernard Darras of Victoria, called on friends here Saturday. Mr. Earl Fancy of Milford, spent Sunday afternoon with Mr. Wilford Nass.

DIGBY MAKES HEAVY SHIPMENTS OF PULP

Digby.—During the past two weeks the "Spur" on Long Wharf has been the scene of much activity, two pulp steamers having arrived here and loaded pulp for United Kingdom. The steamer Strudholm, Capt. Maitland, was the first, and loaded 2800 tons of pulp, which she took for Riddham Docks, London, England. On Wednesday the pulp steamer Helge, Capt. Georgensen, arrived in port and took a cargo of 3834 tons from here, she having taken part cargo from Shelburne. The Helge left on Saturday for England. The pulp shipped from this port comes from the Sissiboo Pulp Co., at Weymouth Mills, where they are putting out a average of 700 to 800 bales a day. It is sent to Digby in box cars and piled on Long Wharf, so when a steamer is due here there is no waiting.

U. S. INSURANCE BONUS BILL

Will Cost Government Near \$2,280,758,542.

Washington.—The United States Insurance Bonus Bill will cost the Government \$2,280,758,542 during the next twenty years, according to minimum estimates. The bill pays cash immediately to World War veterans and dependents eligible, whose benefits would not exceed \$50.
To the rest, estimated to number upwards of three million, chiefly able-bodied men, the bill gives free insurance on a twenty-year endowment plan, the average policy amounting to \$962 the amount being based on length of military service.
The full face value of the policy is payable at the end of 20 years or at death, if prior thereto. The holder may after two years borrow on his policy from a bank. The Government then has to reimburse the bank if the borrower does not repay such loan.
The Government will have to expend an average of \$114,000,000 annually, averaged over the 20-year period, according to lowest Treasury estimates.
Those eligible to the insurance are those who were in service in the World War, which includes soldiers, sailors, marines, yeomanettes, female members of the marine corps and the Porto Rican Regiment.

GENEROUS OFFER OF MT ALLISON UNIVERSITY TO BRIDGETOWN HIGHEST MATRICULANTS.

Mount Allison University has this year made a most generous offer of free tuition in either Arts or Science to the pupil in Bridgetown High School who makes the highest marks at Matriculation in each of grade XI and XII. This carries a value of \$80 in each case and should the highest pupil not be able to attend the tuition privilege will be extended to the ones making second highest provided their aggregate may be sufficiently high to prove deserving.

A REAL NERVE TONIC

Is a Bountiful Supply of Rich Health-Giving Blood.

Sufferers from what medical men speak of as nervous debility find themselves tired, morose, low-spirited and unable to keep their minds on anything. Any sudden noise hurts like a blow. They are full of groundless fears and cannot sleep at night. Their hands tremble, the legs feel as if they will give away following a walk or any exertion, and the mind is greatly disturbed by the most trivial incidents.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich, red blood. To secure this new, rich blood use Dr. Williams' Pink Pills which have a direct action on the blood and through it stimulate every nerve and organ in the body. Mrs. Alpheus Merritt, Penwick, Ont., gives her experience with this medicine as follows:—"I had a nervous breakdown and was in the Welland County Hospital for some time. As I was not improving my husband took me out and took me up to my mother's. I doctored there but it did not help me. Then I returned home, and was again under a doctor's care, but with no better results. I would tremble and get numb all over, and the least noise would affect me. I was quite unable to do my housework, and was in a terrible condition. Finally I was advised to try Dr. Williams' Pink Pills and am thankful that I did so, as after taking about a dozen boxes I was again a healthy woman. I have used the pills since while nursing my baby, with equally good results, and I strongly advise other ailing women to try them."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

CASH VS. CREDIT.

In another column will be found the announcement of Shaffners Limited, Lawrencetown, with the intimation that they are on June 7th starting the Cash System.

Cash or Credit—this is a big problem today with the various merchants. Wholesalers generally are collecting close and sharp and it becomes a matter of increasing difficulty for business men to extend long credits. All over the country their operations are more or less hampered from the fact that a good many buyers send their cash to departmental stores which are far away, have no interest in the community served except in the extraction of money from it. They contribute no taxes, make no donations for civic advancement or for local improvements.
It is not fair these should get a large proportion of the loose cash while the local man has to extend long and sometimes doubtful credits and in the face of these things be expected to sell just as cheap as the departmental store which extends credits to no one.

INGLEWOOD SUNDAY SCHOOL REORGANIZED

The Inglewood Sunday School was re-organized on Sunday afternoon, May 25th. This splendid work is being carried on by members of the Baptist Church and is a most worthy work. From thirty to fifty bright children meet each Sunday to study God's word, only those who are interested can realize the value.

When it is considered that they have had no school in that district for more than two years, one can imagine the pleasure derived from meeting for even one hour on Sunday afternoon—to break the monotony of a life lived in the same way, week in and week out.

Mrs. Prosser, wife of Rev. Mr. Prosser, organized a class of young women last summer and carried on "rough the winter months in her own home. These bright girls have taken the Bible Memory Course Published by the Board of Religious Education, eight of them have received Certificates for completing the first part, several of them have received the Gold Seals, for completing the second and third part.
More workers are needed to successfully carry on this work, especially some young people who can lead in singing.

TROUT FRY PLACED.

Caledonia—Mr. Gates of the Milford Government Hatchery, has been at Brookfield this week with fifty thousand trout fry which he and J. B. McLeod placed in the streams and meadows in the vicinity from Brookfield to Medway Falls. Three thousand were placed in Archibald's Brook, Mr. Gates returned to Medford last night.

BEAUTIFYING GROUNDS AROUND MONUMENT

Digby.—The town has graded, sodded and planted the grounds around the monument and that will be one of the beauty spots of the town during the summer. The heavy work was done under the superintendence of the engineer, W. W. Hayden, and the arrangement and planting by George Trohon and William Caines.

FOUR TRIP SERVICE FROM YARMOUTH, JUNE 6TH.

The Boston and Yarmouth Steamship Company announce the establishment of four trip service commencing Friday, June 6th, leaving Yarmouth for Boston at 6.30 p.m. (Atlantic Standard Time) on Tuesdays, Wednesdays, Fridays and Saturdays during the month of June. Commencing June 29th daily service, excepting Sunday, will become effective.
The ideal way to travel to Boston, Mass., and U. S. points is via Dominion Atlantic Railway, through the Land of Evangeline, the quickest, cheapest and most scenic route, which is especially attractive at this season.

Dominion Atlantic trains leave Halifax at 7.15 a.m. (Atlantic Standard Time) on the days mentioned, making through connections.
For tickets and stateroom reservations apply to D. A. R. Ticket Agent.

FIRE TAKES LIFE OF AGED MAN IN AYLESFORD HOME.

Aylesford.—A fire broke out about 6 o'clock Wednesday morning in a house in the Woodworth Road in which John Galley, more than eighty years old, and living alone, lost his life. It is not known how the fire originated, but it is supposed that Mr. Galley lighted a match while in bed, and in some way set fire to the house.
The fire was discovered by Harold Barkhouse who lives close by, while he was attending to his cattle in the early morning, and nothing could be done to rescue Mr. Galley, as the building was soon burnt to the ground. Death apparently was caused by suffocation. Mr. Galley lost his wife only a few weeks ago, and since then had been living alone.

DR. BECKWITH AND PARTY HAVE NARROW ESCAPE.

Dr. W. H. H. Beckwith, well-known dentist of this city, and a party of three friends, narrowly escaped serious injuries at midnight on Tuesday when the automobile, belonging to Dr. Beckwith, in which they were driving ran over the embankment on the St. Margaret's Bay Road. Dr. Beckwith was returning to the city after having attended a meeting of the Dental Association.
The accident occurred about ten miles from the city at a point where the highway takes an exceptionally sharp turn. After reaching the bottom of the bank, the machine burst into flames and within a short time only the body and chassis was left standing.
Fortunately none of the occupants were injured and after hailing a passing motor were brought to their homes in the city.—Halifax Herald.

RECKLESS DRIVERS TO RECEIVE SPECIAL ATTENTION IN DIGBY

Digby.—Reckless automobile drivers will receive special attention in Digby in future as a result of action taken by the Town Council at its regular meeting Wednesday night when the Town Clerk was instructed to purchase a stop-watch for the use of the town's Chief of Police, who has been instructed to prosecute every driver who violates the town's speed laws.

CHEAP COAL RATES.

Alberta's Proposal to Test Costs of Shipments to Ontario.

Toronto.—Following a conference in the Premier's office at the parliament buildings between Premier Ferguson and Earl Lawson, G. H. Kilmer, K. C., and Colonel Gordon, the Ontario government's representatives in connection with the investigation going on into Alberta coal rates, it was announced that Ontario and Alberta, jointly, will submit a new proposal to Sir Henry Thornton, president of the Canadian National Railways, in an effort to get a lower freight rate on western coal into Ontario.

The proposal is that two train loads of the Alberta fuel be sent eastward as a practical and actual test of cost per ton of transportation.

The committee suggested and the premier agreed that Ontario should pay \$7 a ton freight charges on the test shipment and in case the actual cost exceeds \$7 the Dominion government should pay the extra amount.

The Government was anxious to establish a system which would permit the inspection of a bank without disturbing the confidence of the public in that institution, Mr. Robb said.

GOVERNMENT BANK INSPECTION

Ottawa.—The Government has decided that there should be some system of inspection of banks under the Finance Department and will shortly submit a proposal along these lines to the Banking and Commerce Committee of the House of Commons. This announcement was made to the committee this morning by Hon. James A. Robb, acting Minister of Finance.

D. S. C. R. ESTIMATES.

All Passed Except Sum of \$150,000 For Federal Appeal Board.

Ottawa.—The House of Commons made fair progress today in committee of supply. Estimates of the department of soldiers civil re-establishment were before the committee. Criticism chiefly from the Conservative members, was based on the claim that applications for treatment and pension did not always receive the sympathetic reception at the hands of the departmental officials which they merited. Specific cases were cited in support of this connection. Opposition members also repeated the charge, made when these estimates first came up, that the department was overstaffed.

When the committee rose, all the estimates of this department had been passed with the exception of an appropriation of \$150,000 for the Federal appeal board. Estimates approved today totalled \$9,518,000.

ALL ONTARIO PULPWOOD FOR MILLS OF CANADA

Fort William.—Outlining of policy which he forecast would be followed by the Ontario Government, Hon. James Lyons, Minister of Lands and Forests in the Ontario government, speaking here today, said he favored placing an export tax on pulpwood, that is now being shipped from Ontario to the United States, of at least one dollar a cord. This he advocated increasing up to a point where it would conserve all the Ontario pulpwood for Canadian mills.

THE AGE OF ADVERTISING.

This is the age of advertising. He who bloweth not his own horn, the same it shall not be blown. It pays, too.

You have often wondered what some of the big ads cost in the magazines. Here's a secret. It costs exactly \$15,000 for a full-page ad in colors on the back page of the Ladies' Home Journal. No not for a year; for one issue. You think it madness to pay that amount of money. People used to think so. Fifty years ago there wasn't a hard-headed business man who wouldn't have fallen off his chair if he had been asked to pay \$15,000 for one advertisement. Yet men compete now to secure in advance the right for positions at these high prices.

Business men have learned that it pays to spend money in advertising because that, in the long run, is the most effective and least expensive way to sell goods.—Vancouver World.

RECKLESS DRIVING.

San Francisco Argonaut: The penalties for reckless driving and for drunken driving are ludicrously inadequate. An Alameda county judge the other day gave a student his choice of five days in jail or the suspension of his license fee for a year, for driving through a city street at 45 miles an hour. He chose the five days in jail, which showed that the alternative was the only real punishment for him and the only one that would have had much deterrent effect. If a man fired a rifle down a city street he wouldn't get off so easily, yet the power of a rifle ball to maim and cripple for life is not second to that of an automobile of 45 miles an hour. Only one thing will restrain crime: severity of punishment. Reckless driving is a crime without excuse; the driver doesn't do it because he is starving or in desperate need of something, but in the majority of cases because he enjoys it. The right treatment would be a counter-irritant that would make the resultant more pain than pleasure. And hanging would not be too severe for a man that drives while drunk.

But society treats this as it treats all classes of crime: palters with it. It seldom makes a real, determined effort to rid itself of criminals, and it will not now, despite one or two paternalistic statutory spasms.

Four Reasons Why YOU Should Purchase A Farm in the Annapolis Valley.

- 1.—Because the Annapolis Valley is the best and most dependable Country in which to farm.
- 2.—Because the basic source of Man's subsistence is the farm. It is the most honorable business on earth. It means health, wealth, happiness and contentment.
- 3.—Because milk from your cows and eggs from your poultry, will give you a daily cash income the year round. Apples, small fruits, berries, garden truck, grains, hogs and sheep will build you a big bank account.
- 4.—Because Lloyd's Service will find the farm you want, where you want it, at the price you want to pay.

CANADIAN FORESTRY ASSOCIATION NEWS SHEET.

Questions and Answers.
Q.—To what extent are aeroplanes being used this season for forest protection?

A.—The Ontario Government will be a heavy user, with thirteen planes in the air, working mostly in the unorganized districts.

In this area canoe patrols will be discontinued and the general ground force reduced. A few machines may be used in British Columbia. Manitoba will have 8 machines and Alberta 3. Quebec will employ 5 machines working out from Roberval and 3 other machines from other stations. Q.—I have heard that hundreds of ten and twelve year old children in Southern Alberta and Saskatchewan have yet to see their first tree. Can this be true?

A.—It is true. Lecturers of the Canadian Forestry Association were recently in a district where out of 24 school children only five ever saw a tree of any kind. These same lecturers showed many audiences in Western Canada their first motion pictures and gave them their first radio performance.

Q.—Where can I obtain cheaply a first rate book on Canadian trees?

A.—The best book on this subject was issued by the Dominion Forestry Branch, "Native Trees of Canada." It can be had for fifty cents from the King's Printer, Ottawa.

Q.—What Government is chiefly responsible for forest fire prevention in Canada?

A.—The Governments of Ontario, Quebec, New Brunswick and British Columbia maintain well organized forest services and control absolutely their forest policy. The Dominion Government looks after the forests of the prairie provinces and the "fire-way belt" in British Columbia. In Nova Scotia the Government is a minor forest owner and forest protection is carried on chiefly by a county system of wardens.

OBITUARY.

Mrs. Sarah Whitman Bent.
The death took place on Sunday, May 18th at her home in Tupperville, of Sarah Ann, widow of the late Ralph Bent, who predeceased her by seventeen years. She was the daughter of Ebenezer J. Whitman of Lawrenceport, and is survived by two brothers and three sisters.

On the 10th she celebrated her 82nd birthday. She was a consistent member of the Methodist church, a devoted worker in the Women's Missionary Society, being a charter member of the Bentville Auxiliary, also a life member. The funeral service which was held at her home was conducted by her pastor, Rev. J. H. Freestone. Her favorite hymn, "Jesus Lover of my Soul," was sung, also, "Some Day the Silver Chord will Break." "No Night There" and "Sometime We'll Understand." Her long life was spent in deeds of kindness for others, and the loving esteem in which she was held in the community was shown by the beautiful floral tributes.

Eight of her twelve children survive her and mourn the loss of a loving mother, Charles, Ralph, Fred, Reuben, Clair, Mrs. N. M. Smith, Mrs. Wm. Calder and Mrs. Kathryn Bent. Interment was in Round Hill Cemetery.

TRACK AND FIELD RECORD HOLDERS.

Maritime Province Men in Athletics.

The following are the names of the Maritime track and field record holders and the times and distances established by them. The words have been supplied by A. W. Covey.

The list will be valuable for comparison when the present Olympic candidates in training start to shoot at the established records in the Maritime Olympic trials at Moncton on June 7th.

A comparison of the records made at Moncton, if conditions are right and the Maritime records will help to give a fairly good line on the capabilities of the present aggregation of athletes who are among the best ever brought together down here.

A number of the records mentioned have stood attack for many years while others were established as late as last year at the Dominion Championships, Halifax.

100 yards—10 seconds, held by Frank Stephens and Fritz, Halifax. James Humphrey, Moncton. 220 yards—22 seconds, Frank Stephens, Halifax.

440 yards—50 2-5 seconds, D. H. Johnson, Montreal.

880 yards—1 min. 9 sec., William Ross, Halifax.

1 mile—4 min. 32 1-5 sec., Barney Francis, Charlottetown.

5 miles—16 min. 1 4-5 sec., Fred Cameron, Amherst.

16 lb. shot put—42 feet, H. B. Hull, Sydney.

High Jump—6 feet, Dr. McDonald, New Glasgow and A. J. Miller.

16 lb. hammer throw—139 ft. 7 in. Stephen Kennedy, Halifax.

Hop, step, jump—47 ft. 1 1/2, Dr. McDonald, New Glasgow.

Broad jump—22 ft. 11 1/2 in. Phil McDonald, Charlottetown.

Pole vault—11 ft. 6 in. established by Pickard and Francis, Ont.

120 yards hurdles—16 3-5 sec., Joe Howe, Acadia.

THE SLAUGHTER OF THE INNOCENTS.

Dr. J. G. Shearer.

Canada sacrifices 20,000 little babes under one year of age every year! Somebody said about the close of the war that the trenches in France and Flanders were a safer place for Canadian life than the cradles in Canada! What is far more serious, this is absolutely true. Canada lost 10,000 of her fine young men each year of the great war. She loses 30,000 of her little babes every years alike in peace and war.

Who slaughters the innocents? Sometimes it is the parents through ignorance. Sometimes doctors or nurses or midwives through blundering. More often it is the fault of all of us in our respective communities. We were ignorant or we were indifferent and we allowed those little ones to slip through our fingers. We allowed them to die in scores or hundreds or thousands through permitting unsanitary conditions, or by supplying impure water or impure milk to the public and therefore to the babes. Supposing your city or community is guilty of allowing impure milk or water to be supplied to its people and one hundred or one thousand babes perish through a consequent epidemic, can you say as the preachers did of old over little graves "The Lord gave, the Lord has taken away, blessed be the name of the Lord?" Assuredly not. We can say "The Lord gave;" we cannot say "The Lord has taken away." We shall have to say "Cursed be the name of the city or community."

Out of every thousand babes born in Canada, over one hundred—or more than one in ten—die before they reach their first birthday. In New Zealand only forty out of a thousand die during the first brief years of life. Canada can have and ought to have as low an infant mortality rate as New Zealand. Toronto has in the past ten years reduced its infant mortality rate from 130 to 65. Montreal from 250 to 155. London, Calgary and other Western cities have cut their infant mortality rate in two. Why ought this not to be true of every city or rural community in all Canada? It is possible. It is our duty. It will not result by chance. Nothing but active, earnest co-operation endeavor on the part of everybody will bring about. Jesus said, "It is not the will of your father in Heaven that one of these little ones should perish." He also said of all those who cause actively or passively one such little child to stumble "It were better for him that a great millstone were hanged about his neck and he were drowned in the depths of the sea." He also said "See that ye despise not one of these little ones, for their angels do always behold the face of my father in Heaven" and "He that receiveth one such little child in My name receiveth Me." And yet again he said, "Inasmuch as ye did it not to one of the least of these, ye did it not to Me; therefore depart from Me ye accursed." These are terrible words. They are the words of the meek and lowly Jesus. Let us take them to heart.

Now for some years after these people went away the weekly or monthly letter followed them. No one can estimate the inspiration or restraining forces of these letters, but one by one the writers laid aside the pen or their eyes became dim and their fingers cramped with age, and the letters grew less frequent and finally ceased altogether. Hosts of the boys and girls who have been absent from this country for twenty-three or forty years have not had a written letter from the place of their birth for years. Is the inspiration of this sacred memory to be allowed to die out?

Here is where the home paper comes in. It comes as a weekly letter freighted with the fragrance of the memories of bygone days. The first bit of news they look for is the news of their old neighborhood. There they see that Mrs. A. is visiting Mrs. B. and they smile and say, "Well, she is still on her rounds, is she?" Mr. D. has just cut his clover—and they see again the field where as boys they picked berries from the fence corners, and the hollow rails where they had many a losing fight trying to rob the humble bee. They read that Mr. W. is dead. "Well, well, he seemed an old man when they were still young." They remembered his rugged, honest air the homely advice which from his desk as superintendent of the Sunday School he gave them. And so he is dead, but his words and influence which can never die come back to them and they live over again their Sunday School days, but now realizing what they did not do at the time, how necessary, how important, the need of a character built upon the ideal of the Holy Word. So we could go on. The weekly paper with its neighborhood news has brought before the people the doings of the home folks, their work, their play, their social joys, their sorrows—little unimportant happenings to those who live in the neighborhood, but to those absent a link that binds them to the best in the past. A drink of cold water to a thirsty heart, like a drink from the old spring from the foot of the hill at home where as boys we were wont to refresh ourselves. And in the strength of that refreshment they can go on to do continually better work—and so they are thankful for the home paper and the neighborhood correspondents, who, by much sacrifice constitute themselves a link which binds them to all the best in the past.

NEIGHBORHOOD CORRESPONDENCE.

(By Pictou Gazette.)

I have before me as I write a letter written to the Editor of this paper from a far off town in Saskatchewan. The writer is speaking not only for herself but on behalf of that great number who once made this country their home. They are scattered to the four corners of this continent but they still think of us as the home folk, and the part of the paper which possesses the greatest interest for them is the local news, sent in week by week by our staff of faithful correspondents from the different parts of the country. These patient, untiring, often much abused news gatherers are building better than they know. They are like the ancient prophets "not without honor save in their own neighborhood." It seems so trifling to say that Mrs. A. called on Mrs. B. or Mr. W. is killing hogs or threshing his clover, or that Mr. and Mrs. X. have gone to town.

But now look at it from the viewpoint of the readers of this paper living in different parts of the country. They have gone away for various reasons but they are building for themselves homes as their fathers did, faced by the same problems and they are anxious to keep the old-time traditions and transplant the old-time ideals in the new places to which they have gone. The hope of our great new land which is opening up is in many things—the church, the schools, the class of settlers which they are getting. But not the least among the influence which will make this land an ideal place to live in, is the preservation and transplanting of the home ideals which the boys and girls who have left the older portions have had instilled into their youth. Anything then which keeps the spark of the memory of the old home from going out, anything which binds them to the things of the past, is playing a big part in keeping Canada a land of the best ideals.

Now for some years after these people went away the weekly or monthly letter followed them. No one can estimate the inspiration or restraining forces of these letters, but one by one the writers laid aside the pen or their eyes became dim and their fingers cramped with age, and the letters grew less frequent and finally ceased altogether. Hosts of the boys and girls who have been absent from this country for twenty-three or forty years have not had a written letter from the place of their birth for years. THE BAN IS LIFTED.

U. S. Methodists Remove Restrictions in Force Since Church Session.

Springfield, Mass.—The Methodist ban upon amusements, except those which cannot be used in the name of the Lord Jesus" was lifted today by a five to one vote of the Methodist Episcopal general conference here today which adopted the majority report of a standing committee. A minority report forbidding theatre attendance on Sundays and specifying dancing and immoral theatre performances was tabled, by 460 votes to 295.

The adoption of the majority report removed restrictions against dancing, games of chance and all theatre attendance, in force since the church's inception.

ANNAPOLIS ROYAL LIKED "THE COLONEL'S MAID"

Annapolis Royal—The three act comedy "The Colonel's Maid" given by the Bear River Dramatic Club last evening at King's Theatre was well attended and much enjoyed. The players received the same splendid appreciation in Annapolis Royal, that was given them in their home town.

BOYRIL COMPETITION.

It is announced that over 500,000 copies of the "Boyril" competition have been distributed.

The poster competition, the Canadian end of which was promoted by the Veterans' Association, and which closed in Canada on April 1st. A staff of 100 people is now busy totalling the votes, and the results will be published some time in June. Considerable interest has been aroused owing to the very large prizes to be awarded—the first prize being no less than £12,000.

Notice the Chevrolets—Everywhere You Go

ON city streets, in towns or villages, on the big, paved highways, or on the modest country roads—in fact, everywhere in Canada where automobiles travel—notice the Chevrolets.

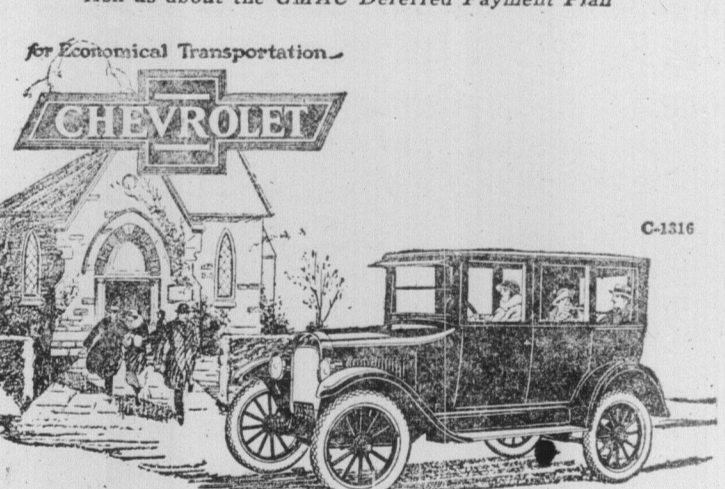

Nor are the reasons for Chevrolet's popularity hard to find, for here is a car whose fine qualities are comparable only with cars much higher in price. Powerful, long-life mechanism; handsome and comfortable Fisher-Built bodies; complete equipment, these are partial reasons—but in addition to these is Chevrolet's remarkably low price (a price made possible by large quantity production)—and the fact that Chevrolet gives quality transportation at a lower cost per mile than any other car.

In short, Chevrolet gives the greatest motor car value per dollar expended.

These are the reasons, wherever you go, Chevrolet is popular.

I want to show you the cream separator with all the trouble left out

It has only half the discs that other cream separators require, and they're all the same—interchangeable! Think what a difference that makes in cleaning! It turns easier than any other machine. No complicated gearing—just two gears and two spirals. The power is delivered direct.

The spindle is self-aligning. The bowl balances itself by gyroscopic action. It hangs loosely on the spindle, with ninety per cent. of its weight below point of contact. Compact—sanitary—easy to clean. The Gilson oils itself automatically. The whole machine can be taken apart without special tools.

Authorities everywhere, as well as farmers, praise the new Gilson Cream Separator for its close skimming—it does get ALL the butter-fat.

If you're fixating on a new cream separator—if your old machine is showing signs of wear—if you're tired of a heavy running outfit that takes a lot of time to clean and wastes a lot of your butter-fat—let me show you the Gilson. A size for your needs. Terms to suit you.

THE CHEAPER CUTS OF BEEF.

About an hour and a quarter before serving, pared potatoes and sliced carrots and onions may be added. When ready to serve, the roast should be removed to a hot platter and the gravy thickened and seasoned. If the meat is very fat, it is advisable to remove the fat from the top of the gravy before thickening. The pamphlet contains many other recipes for utilizing the cheaper cuts of beef.

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, as I think it is your medicine that helped me in this way."—Mrs. L. V. BUDGE, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know.

FINDING USE FOR OUR HARDWOODS

Markets Awaiting Articles Made From Canada's Maple, Birch And Beech Trees.

Canada has large areas of hardwood forests, the forested provinces all being well stocked with maple, birch and beech. What uses it can be put to is a problem which is at present interesting all concerned with the utilization and conservation of the forest.

Hardwood logging has been but little developed, due in part to the fact that there has been comparatively little market for hardwood logs, and also to the fact that they cannot be floated down the streams to the mills as readily as the coniferous species.

There are, however, many small factories in Canada using hardwood almost entirely in manufacture, while many of our larger industries use large quantities of hardwood. The growing of the better grades of softwoods, however, is causing more consideration to be given to the use of hardwoods as substitutes for many purposes, and the volume is gradually increasing.

That Canadian maple is a very satisfactory substitute for American hickory for handle purposes has been demonstrated by a large Glasgow, Scotland, firm of handle importers and distributors. The Canadian Trade Commissioner at Glasgow reports the results of tests made as to the suitability of Canadian rock maple for handles for miners' picks, axes, and similar tools, with the result that while the maple was not as strong as the hickory it was amply strong for the purpose.

The Canadian Trade Commissioners at Manchester reports a growing trade and a large market for last blocks for the making of shoemakers' lasts. These are also made of maple, and the amount of wood used for this purpose may be estimated from the fact that two millions lasts are required yearly.

There are many other articles which might be produced from hardwood, especially the smaller lines of wood goods. Maple and birch and interior finish, being very satisfactory for the purpose. Hardwoods can be used for pulpwood, but owing to difficulties of transportation and the heavy loss by sinking of the logs, little is used in the making of paper.

Maple, birch and beech are three of our more important hardwoods, but elm, ash and hemlock are also used to a considerable extent, elm being especially useful in the cooperage industry.

The above two suggestions from the United Kingdom may lead to other uses being made of our hardwood forests to build up an increasing export trade.

OIL ON STREETS.

In Picton the application of oil to the streets so effectively cured the dust nuisance that it has again been applied this year. It might be a suggestion for our City Fathers to go down to the shire town and measure up the results. Perhaps it might induce them to give a measure of relief on residential streets here, by a similar process. We understand that in Picton not only as dust allayer was the oil effective, but it also held the street material together and has a considerable maintenance value. In other words it kept the finer particles of earth where intended and they did not sift into people's houses.—Eastern Chronicle.

LIFE—THEN WHAT!

Morning, golden afternoon, then the setting sun. Must we journey on so soon? Life has just begun: Leave the meadows, blossoming fair, leave the scented vale, And travel (who can tell us where?) down the sunset trail? Short—too short—has been our stay; time, with rushing flight, Hurries us through glowing day toward enfolding night. Life is but a page at best in an endless tale, And perhaps we'll read the rest on the sunset trail.

Sundown—and the darkness—then, while the world rolls on; Another day is born again in the glorious dawn. So we walk with certain tread and hearts that cannot fail, For hope is beckoning on ahead past the sunset trail. S. C. HALL.

The author of the above poetry, a native of Lawrenceville, but now of Medford, Mass., is making good in the writing of popular songs and poetry.—Ed. Monitor.

KILLS BEAR WEIGHING 700 POUNDS.

Ottawa.—The gross income tax collected for the year ending March 31st last was \$54,204,027. Business profits tax was collected to the amount of \$4,732,681, making a total collection from the two taxes of \$58,936,708. The cost of collection was \$1,935,274.

Cause of Early Old Age The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

"King Cole" Preferred

A growing preference is expressed for KING COLE TEA. What other explanation could there be for its persistently increasing sale? NOVA SCOTIA PUBLICITY BUREAU

Illustrated advertisements covering the tourist attractions of Nova Scotia, prepared by the Nova Scotia Publicity Bureau, are now appearing twice weekly in nine United States papers, as follows:

- Washington Post, Baltimore Sun, Philadelphia Ledger, New York Times, Brooklyn Eagle, Buffalo Courier, Buffalo Inquirer, Boston Transcript, Christian Science Monitor.

These newspapers, which have a combined circulation of nearly three million readers daily, have also been supplied with editorial matter depicting the history, natural resources, motor roads, sand beaches and scenic beauties of Nova Scotia.

As a result of the publicity given Nova Scotia in this manner the Publicity Bureau is being inundated with inquiries. Requests for information reached the office of the Bureau yesterday from points as far south as Atlanta and as far west as Des Moines. Specific inquiries were received respecting our hotels and camps, historic sites, recreation afforded in various centres, surf-bathing, condition of roads, location of camping places, conditions for hikers, places for purchasing supplies, price of gasoline, taxi fares, steamship routes, railway routes, suitable locations for hay-fever victims.

A large corporation at Hazelton, Pa., have become interested in the Province as a possible vacation resort for their employees. Among Nova Scotian resorts specifically mentioned by inquirers were Baddeck, Margaree, Sydney, Antigonish, Canso, Pictou, New Glasgow, Hopewell, Amherst, Tatamagouche, Parrsboro, Truro, Wolfville, Digby, Yarmouth, Shelburne, Lunenburg, Dartmouth and Halifax.

Undoubtedly, it is plainly apparent that wide-spread interest has been excited throughout the Eastern and Southern States in Nova Scotia as a vacation land. Fontaine Fox of Tonawanda, Pa., is responsible for the statement that whereas a short time ago New Yorkers referred to Quebec and Ontario when they spoke about vacations, they now speak of Nova Scotia.

In view of the excellent prospects for a large tourist influx this summer the Publicity Bureau is interesting hotel proprietors throughout the Province in the idea of arranging for as many extra rooms as possible outside the hotel for accommodation of visitors.

The Bureau's advertising in Upper Canadian newspapers will begin in June 5th.

HON. F. MAGEE FOR MARITIME UNION

Says Present System of Separate Policies is Foolishness.

Amherst.—A declaration in favor of Maritime Union was made by Hon. Fred Magee, of Port Elgin, speaking before the Canadian Club on "Maritime Problems." Mr. Magee stressed the "foolishness" of three provinces in the same position in the confederation trying to work out three different policies in regard to new markets, immigration and such matters. He said that a concerted effort had been made in the way of educating western shippers in regard to making fuller use of Canadian ports and expressed the belief that a big market could be found for Maritime products in West Indies and the southern states. He cited the immense shipments of seed potatoes to the southern states as an illustration of what effort could be accomplished by well directed effort. Mr. Magee said he was no secessionist, but that the problems were so great that they must be discussed in a fair and intelligent manner, facing all the facts. His first remedy for present Maritime conditions was "Buy at home; second, cheaper power; third, more industries, and finally a concerted effort for cheaper freight rates, more immigration and wider markets."

CURIOS CUSTOM IN BUENOS AIRES

"Dipping" For Dinners in Big Restaurant.

Buenos Aires.—This city probably possesses the most curious restaurant in the world. It lies in Pasco de Julio, a street frequented by sailors and dockers. The whole establishments consist of a great pot, about one yard in diameter, and an equally large fork. Only one dish, called "puchero," is offered to customers. It is simply prepared. The proprietor fills the pot with water, lets a few chunks of meat and bones drop to the bottom, then adds some coloring material, partly to give a touch of mystery to the whole; partly to make the meat at the bottom invisible.

A fire is now started under the pot. When the mixture boils a sign is displayed, stating that "lunch, dinner or supper is now ready." Each customer pays five cents and is handed a huge fork, which he dips into the boiling

water. If he is lucky he harpoons a piece of meat, which he is entitled to fish out and devour. If not, five cents have "gone bang." But he can buy another chance if he has another five cents to pay for it.

LUNCH FOR THE MAN.

It is always a problem to make up a tasty and nourishing lunch. A reader sends us this letter on the subject:

"My husband, as a rule, hates sandwiches, but this one never fails to call forth word of commendation—one hard-boiled egg, one-half the amount of salt meat (ham, corned beef, dried beef, or cooked bacon). Grind the egg and the meat. Season to taste with salt, pepper, mustard, and a few drops of vinegar. Mix to spread, with Borden's St. Charles Milk. Serve on a crisp lettuce leaf (with a little onion, chives, or celery chopped in with it, if you like). Allow one egg for each three sandwiches."

The Newspaper Has the Greatest Advertising Influence

The Women's Advertising Club of Los Angeles, working through the Women's Clubs of that city, conducted a questionnaire on advertising media and their influence which should be very interesting to the retail advertiser. The computation was made that 90 per cent. of the buying is done by women and that millions of dollars are squandered every year in an effort to gain their attention. All walks of life was covered and the results figured on the basis of one thousand returns.

"Which of the advertising media influence you most?" was the question. The answer was announced as follows:

Table with 2 columns: Media and Per cent. Newspapers 86.0, Circular Letters 1.0, Announcement Cards 4.0, Booklets and Pamphlets 1.7, Magazine Advertisements 22.7, Program Advertisements 3.0, Street Car Advertisements 4.2, Billboards 4.4, Did Not Answer—Could Not Decide 23.0.

Minister of Labor Returns Money Drawn From Home Bank.

Toronto—Hon James Murdock, Minister of Labor, has given back to the liquidators all the money that he withdrew from the Home Bank.
When E. Gus Porter, M.P., made the charges against Mr. Murdock in the House of Commons, the Minister of Labor presented correspondence with G. T. Clarkson, liquidator, showing that he had returned over \$1,000 of the \$4,000, he withdrew, and proposed to pay it all back.
Today the liquidators are in possession of the entire amount from Mr. Murdock as set out in Mr. Clarkson's letters. It means that Mr. Murdock has returned the \$4,000 withdrawal, minus the 25 per cent. dividend which was paid to depositors, placing himself in the position of a depositor who had over \$4,000 on deposit when the bank failed.
Charges regarding the propriety of Mr. Murdock's conduct in withdrawing the money before the bank closed, are being heard before a parliamentary committee at Ottawa.

A Splendid Laxative For The Baby

Mothers should constantly be on guard to keep baby's bowels working freely and his stomach sweet, for nine-tenths of the ailments from which little ones suffer are caused by derangements of the stomach and bowels. Baby's Own Tablets are a splendid laxative for the baby. They are mild but thorough; contain neither opiates nor narcotics, and are absolutely guaranteed to be safe and efficient for either the newborn babe or the growing child. By their action on the bowels and stomach they drive out constipation and indigestion; break up colds and simple fevers and make the dreaded teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DOCTOR PAVING WAY FOR TRAVELLING CLINIC

Yarmouth.—Dr. S. L. Walker, of Halifax, representing the Nova Scotia Branch of the Red Cross Society, was in town last week paving the way for the visit during the coming summer of the Red Cross travelling clinic. Dr. Walker, in company with Miss Anderson, the County Clinic Nurse, is visiting many of the rural sections, and all of the doctors of the town and County, for the purpose of inducing the medicals to become interested in the work of the travelling clinic, and assist it in any way possible to accomplish its errand of mercy.

Local Happenings

The last issue of the Canadian Printer and Publisher contains the itinerary of the Old Country trip of the Canadian Weekly Newspaper Association, which promises to be something quite out of the ordinary. The party sails from Montreal on June 11th, and will visit besides the British Isles, Belgium and France: In London on Dominion Day, July 1st, they will be received at Buckingham Palace by the King and Queen and also be entertained to tea on the House of Commons lawn. The Nova Scotia members of the party will be Mr. and Mrs. J. Ed. Macdonald, and Mrs. A. P. Douglas, New Glasgow, Mrs. Fielding and Miss Forbes, of the Windsor Tribune, and Mr. H. P. Arenburg, Lunenburg. Dr. M. R. Elliott and Dr. C. E. A. deWitt left this morning for Chicago to take a post graduate course in surgery. While in Chicago they will attend the meetings of the American Medical Association, June 9th to 12th, and on the way home the latter part of June will attend the meetings of the Canadian Medical Association at Ottawa—Acadian.

Rev. L. J. Donaldson, who recently tendered his resignation of the position of rector of Trinity church, Halifax, has withdrawn the same and will remain in Halifax. Rev. Mr. Donaldson is a native of this county and a graduate of Acadia University. He is a brother of Mr. John Donaldson, of Church Street, and his wife is a sister of Mrs. E. Percy Brown, of Wolfville.

Among the audience at the Recital on Thursday evening we noticed a number from Annapolis, Lawrence-town, Middleton and intervening places.

Hotel and boarding-house keepers throughout the Province are now making preparations for the tourist trade of the summer season. Will they please take this hint with regard to their purchases of tea for tourists? Will they be sure to select MORSE'S SELECTED ORANGE PEKOE Tea? If they do they can be sure of pleasing the visitors no matter how particular they may be as to tea quality.

Many of the splendid War and patriotic pictures presented to Bridgetown school by the Daughters of the Empire have been framed by Mr. Price and occupy prominent positions in the various class rooms.

Through the kindness of Miss Cunningham photos of the past four years back of the graduating classes and staff of Bridgetown High School have been presented to the school. These have been framed by Mr. Price and occupy a prominent position in one of the class rooms. It is the intention to add yearly the graduate groups.

We would call attention to the advertisement in the usual column announcing a Pantry Sale in St. James church schoolroom, next Saturday afternoon from 3 to 5:30. The sale is under the auspices of the Pioneer Trail Rangers.

Mr. W. V. Jones and staff of the D. A. R. station are this year adding to the beauties of surroundings at the station property by garden extension. A triangular plot of land on the south side of the tracks has been plowed, harrowed, rolled and seeded and flower beds arranged. Handsome flowers and shrubbery will occupy a piece of land making it beautiful and attractive to the eye.

The tax payments at the Town Office at the week-end were this year considerably better than last and many took advantage of the 3% discount.

The new Telephone directory copies were distributed here last week and whatever exception may have been taken to the previous directory there is absolutely none to this. The typographical appearance is excellent, the lettering large and clear and the issue is generally satisfactory to all subscribers.

The following from Annapolis county received degrees at Acadia this year. Bachelor of Arts, Donald Messenger, Bridgetown, Annie Edith Goodwin, Granville Centre, Louise Edith Morse, Bridgetown, Harold Parker Troop, Granville Ferry, Bachelor of Science, Ewart Churchill Longley, Paradise, Hibbert Lawrence Parsons, Middleton, Certificate of Engineering, Gordon Ray Starratt, Paradise.

Decision was rendered in a rather unusual divorce case for this Province taken before Judge Ritchie that of Beatrice Wentzell vs Henry Wentzell, on grounds of cruelty. A decree for absolute divorce and also an order for alimony is given. O. S. Miller acted for plaintiff and R. H. Murray, K. C., for defendant. The lady in the case resides at Nictaux.
