Motor Car Swerved to Curb Oshawa Woman Was Killed

Fatal Accident Occurred at Busiest Hour on Downtown Yonge St.—Roy Brintnell Held on Manslaughter Charge Declares Mechanism was at Fault.

TIME—5.40. PLACE—Yonge and Louise streets. VICTIMS—Mrs. Elizabeth Salter, 552 Bimcoe street south, Oshawa, Ont., died in General Hospital at 6:05 John Street. Her car, a 1910, was severely shaken and bicycle destroyed.

CAUSE—Motor car driven by Roy F. Brintnell, Brintnell Automobile Co., 419 West Queen street, was breaking of pin controlling gasoline feed and causing engine to speed, so that engine swerved when emergency brakes were applied.

Due to the sudden and unaccountable sheering thru of a tiny pin which controls the feed of gasoline and, therefore, the speed of the car, a motor car driven by Roy F. Brintnell, ran amuck in Yonge street at 5:40 last night, striking Mrs. Elizabeth Salter of Oshawa, who had come to Toronto with her husband for a day's shopping, and was walking in the street with him.

The accounts of the accident given by Mr. Brintnell and by several witnesses who told it to the police differ. Mr. Brintnell says that he was driving south and was running at a safe and sane rate, when suddenly the pin controlling the feed of gasoline and his heavy touring car leaped forward almost upon a wagon which was being driven directly in front of him. He says that he immediately applied the emergency brakes, and that his swerved his car to the curb, where it struck a post and came to a stop.

Mrs. Salter, he says, was struck as she stepped into the roadway and the boy whose wheel was destroyed was riding close to the curb. Ran on Sidewalk. The store told the police is that the woman dashed on to the sidewalk striking the woman to the ground and hitting the lat in passing. It is also said that the machine was going very fast.

The woman was carried into Tamplin's drug store, where she received temporary attention. She was then removed to the hospital. W. Miller motor ambulance. There she died a few minutes later. Her hip was fractured and there were severe internal injuries. Also, she was suffering severely from shock. She was 37 years of age.

The motor car drove away almost immediately after the accident, but Mr. Brintnell and the young man who was with him in the car turned up at the General Hospital shortly after the woman's arrival. There Mr. Brintnell was taken into custody by Pelham Campbell (206), who took him to the Wilson-avenue station, where a charge of manslaughter was laid. He was later held out by his father upon a \$2000 bond.

Arting County Crown Attorney Monday was notified that the matter was referred to Coroner J. M. Cotton, who will open an inquest at the morgue this afternoon, where the body was removed last night. She was 37 years of age.

The boy who was struck was not severely injured, but his bicycle, which he took to the Agnes-street station, was demolished. A large crowd quickly gathered about the scene of the accident, and when a policeman arrived upon the scene, he declared that a child should have been immediately arrested, saying that he had been traveling at a terrific speed. Mr. Brintnell, who thinks that his machine was at fault, has attained a speed of 30 miles an hour when the control broke.

SUCCEEDED SIR WILLIAM WHYTE. MONTREAL, Oct. 5.—It was definitely announced that Canadian Pacific Railway headquarters this morning that Mr. George Bury, general manager of western lines, had been appointed vice-president and general manager of the western lines, in succession to Sir William Whyte, recently retired. Mr. Bury, who has had 28 years in the service of the Canadian Pacific Railway, started his railway career as a clerk in the purchasing department of that company. He was born in Montreal on March 6, 1888.

Winnipeg, Oct. 5.—A Montreal dispatch published here to-night states that Grand Hall, superintendent of moving power for the Canadian Pacific Railway, has been appointed assistant to G. J. Bury. GARRICK BY ACCLAMATION. PORT ARTHUR, Oct. 5.—J. J. Carlek was the only candidate nominated for the seat of Thunder Bay and Rainy River, formerly held by Jim Conroy. The seat thus goes into the Conservative column by acclamation, making Mr. Borden's majority 47. BALLOONIST FELL TO DEATH. TIPTON, Ga., Oct. 5.—Captain John Brady, giving exhibitions at the South Fair here, was instantly killed when he fell from his balloon and plunged 100 feet to earth this afternoon.

The Man or the Machine

There are two kinds of motor car unreliability which daily threaten death to each of us. One of these is the unreliable or drunken man in charge of the car and the other is that which figured in yesterday's fatality, the unreliable motor, which may be the result of carelessness or infrequent inspection, or which may reach back to imperfections in metal or carelessness in the manufacture of some minute part.

This last victim came to the city with her husband to shop. They walked down the street exercising all the care that a timid old couple from the country are apt to exert in a city's crowded streets. Suddenly she was struck down by no fault of her own, and perhaps by no fault of the young man who drove the car, perhaps by the fault of no one, but merely by a defect in structural material.

The fact that the people face is that an increasing number of lives are being taken as the list of motor cars operated grows. In the new motor list released by the provincial secretary there are shown to be just 10,493 motor car licenses issued in Ontario, exclusive of the licenses issued to manufacturers.

There do not like to think that there are 10,000 more fatal risks every time they walk out.

NEW THEATRE FOR CITY? Is Toronto to have another theatre? It maybe that we will. A representative of a Chicago syndicate of amusement men is even said to be here now looking for a site. He wants a site 250 feet deep and about 60 feet or more wide, and, of course, it must be on a main street. While possibly from a theatregoer's viewpoint, there is room for another show house here, it would have to be entirely independent of the present theatre, the Grand Theatre, with its shows, and then it is hardly likely that a new theatre is to be built to take the place of one of the present ones. There are, however, one or two sites in the city which are in one closely in touch with downtown affairs.

ELECTIONS NOV. 2? NIAGARA FALLS, Ont., Oct. 5.—The Daily Record, to-night states on what is declared to be excellent authority that the learned to-day provincial elections would be held this fall, possibly Nov. 21.

Evans Fraser, M.L.A., told The World to-night he did not think the elections would be on the day The Record stated, but might be held on the day before. He said they would be held some Monday this fall.

MONTREAL TRAMWAY BONDS. BOSTON, Mass., Oct. 5.—N. W. Harris & Co. of Boston have been awarded \$10,000,000 Montreal Tramway Co.'s first and refunding mortgage 5 per cent gold bonds. This issue provides the Montreal Tramways Co. with funds in connection with the purchase of the property of the Montreal Street Railway Co. and the retirement of part of the latter's bonds.

Converted by a Child. Francis Wilson has written in his comedy-farce, "The Bachelor's Baby," a laughing story that will endure for years. The story is all about a bachelor who, having children, is absolutely converted to loving them by a dainty little girl.

Suspicious of the Japs. NEWPORT, R.I., Oct. 5.—Comment is being made on the fact that during the past few months the Japanese servants of navy and army officers stationed here have disappeared one by one, until now there is not a single servant of this nationality employed by the official colony. A year ago Japanese servants were very numerous and were often seen in Newport marketing and about the fortifications. One servant said to have been detected by a navy officer in sending some reports home to Japan, was summarily dismissed, but whether all other Japanese were given notice to leave is unknown.

"VET" STUDENT ARRESTED. The students of the Veterinary College attempted something in the nature of a hazing of freshmen last night. Jarle Hasel, 97 Bond-street, was the only one unfortunate enough to fall into the hands of the police. He was lodged into the Court-street station, charged with disorderly conduct.

LEICESTER'S CONFLAGRATION. LEICESTER, Eng., Oct. 5.—St. George's Church and three large hosiery factories were here this morning here to-night. The loss is estimated at \$1,250,000. The fire is said to have been the most disastrous in the history of Leicester.

Leicester is an inland manufacturing town of 212,000 of ancient Danish foundation.

SCHOOL TIME

The End of the Holidays.

COCHRANE, ROCHE DOHERTY, AMES AND WHITE

Only Certainties for Borden Cabinet, According to Ottawa Gossip — Broder Also Listed — Laurier Expected to Resign To-day — Cabinet News on Monday.

OTTAWA, Ont., Oct. 5.—At the conclusion of to-night's cabinet council it was announced that another sitting will be held to-morrow. This may mean a further postponement of the resignation.

A lot of foolish guesses are being made regarding the Borden cabinet. A case in point presented itself to-day. Hon. James Duff, minister of agriculture, in the Whitney government, was spotted in the Russell rotunda, and the statement went abroad that Mr. Duff was to be brought into Mr. Borden's cabinet as minister of agriculture and would oust Andrew Broder, who seems to have the portfolio tucked away. Mr. Duff's mission was purely official. He visited the annual fair at Carleton Place.

There are some men who are tolerably certain of securing a place in the new ministry. They can, however, be counted almost on the fingers of one hand. They are Cochrane, Doherty, Roche, W. F. White and Ames. The list handed to his excellency by the premier-elect will contain names of men overlooked in the long lists of possibilities.

Resignation To-day. There is a general impression that to-morrow Laurier will tender his resignation. This will permit of Mr. Borden submitting his cabinet to his excellency on Monday. It all depends upon Mr. Puggley's ability to dig up some contract, which he wishes to award. The department of public works has been most active since the verdict of September 21.

Already the contract for decorating the buildings and grounds for the new governor-general has been let to a good liberal contractor and for some days scaffolding has been erected on the main walk and over the east and main gates, despite the fact that the coming of the Duke of Connaught was ten days away.

Private Secretaries Worried. A hitch has occurred in the funeral arrangements of the government. It has been the custom at every change of government for the retiring ministers to appoint their private secretaries to first-class clerkships in the service.

Continued on Page 8, Column 4.

The Duke of Connaught

LONDON, Oct. 5.—The Daily Mail, apropos to the Duke of Connaught's fitness to govern Canada, says: "The duke is not without knowledge of Canada, and there could be no better moment for renewing his acquaintance with the Canadian nation than this, when, by an overwhelming vote, she has rejected reciprocity with the United States."

"Out of loyalty to the empire, and standing at the parting of the ways," Canada has rejected reciprocity with the United States. "It is also well that in this age of her progress and immense material growth and expansion, a member of the royal house should represent the throne in Ottawa."

THINKING OF "ALL RED"

Sir William Mackenzie's Poetical Plans Under Consideration. Sir William Mackenzie was not inclined to discuss any of the Canadian Northern's prospective plans for the future when he returned from Ottawa yesterday. It is believed that he visited the capital with a view to further negotiating arrangements for the railway's entry into the city when the Toronto to Trenton is completed that far, but he stated yesterday that nothing had been done.

When asked if there were any new developments in the company's proposed North Toronto station, Sir William replied: "We have the right-of-way, but no thinking has been decided yet."

Regarding the C.N.R.'s proposal to tunnel thru the mountains to gain entrance to the City of Montreal, he said that there was really nothing definite done about it, but the company at the present time were considering the matter.

"Are the company taking that 'all-red' route seriously?" he was asked. "No," was the answer. "Of course we are always considering these things, but that is all." Sir William, nothing further has been done regarding the new ocean liners which it was rumored some time ago the company had under consideration.

Sir Donald Mann would say nothing regarding the prospective under takings of the company, but he hinted that the proposed tunnel thru Mount Royal into Montreal was being seriously considered.

"No, I know nothing about it; we are not interested in the new Union Station," was his answer when the least of Yonge-street Union Station rumor was mentioned to him.

COAST INVESTED BY ITALIAN FLEET

Further Bombardments Reported From Derna and Benghazi—Turks Inclined to Be Pessimistic Over Outlook — General Boasts in Rome That Army Will Outdo Achievements of Fleet.

LONDON, Oct. 5.—The Chronicle's Constantinople despatch says that Italian warships are bombarding Benghazi and Derna, and that the latter are vigorously returning the fire.

LONDON, Oct. 5.—The Italian flag floats over Sultan's Port at Tripoli, which is occupied by landing parties. Part of the fleet is anchored in the harbor and the other warships lie a short distance from the dismantled fortifications. Few bodies of Turks have been found among the ruins of the forts, and apparently no great number of Turks were killed by the bombardment.

According to a Constantinople report, not yet confirmed, the Italian warships to-day bombarded Benghazi and Derna. Various rumors concerning a naval engagement in Turkish waters an attack against Mytilene and the blowing up of the Italian battleship Conte di Cavour at Tripoli have not been confirmed from any quarter.

An interesting report is current from Constantinople that while German favors the adoption of the Italian ultimatum as the basis of peace negotiations.

Continued on Page 7, Column 6. MUMSEN'S ELECTION CONFIRMED. The recount instituted on behalf of Mr. J. B. McColl, the defeated Liberal candidate in West Northumberland, against Mr. C. A. Munson, the successful Conservative candidate, which has been conducted by His Honor Judge Benson, at Cobourg, during the past three days, was concluded yesterday afternoon by his honor handing out his certificate increasing Mr. Munson's majority from four, as declared by the returning officer, to six.

The result was received with great satisfaction by Mr. Munson's friends and many Liberals declared that the recount should never have been proceeded with, as the election had been fairly won by Mr. Munson.

Mr. Porter, K.C., of Belleville, appeared for Mr. Munson, and H. M. Mowat, K.C., of Toronto, J. F. Keith and J. B. McColl appeared for Mr. McColl.

Clayton, D.D., African Methodist Episcopal Zion Church. W. Second Address—Methodism and the World. Rev. A. B. Leonard, D.D., Methodist Native Churches. Rev. W. Third Address—Methodism in Korea. Bishop E. E. Hess, D.D., Methodist Episcopal Church, South. 7.30 p.m.—Missionary mass meetings.

Growth of Methodism Needs Stimulus to Keep Up to Former Records—Church Union Will Mean End of Ecumenical Conventions, Message of Dr. Chown.

ADDRESSES RANG WITH OPTIMISM

By Dr. Quill

"Oh God, our Father and our God, unto whom shall we go but unto Thee. Thou art the words of eternal life. Oh, Thou giver of all good, what wait we for but Thyself? May we have a spiritual manifestation as Thou dost not bestow it unto the world. Oh, happy day when Jesus washed my sins away. (Amen, amen.) We are found at Thy feet this morning; forgive the sins of the past. May Thy mercy cover our sin. Thy precious blood wash away its pollution, and Thy grace enable us to avoid it in the future. Our sufficiency is of God. Oh that the sacred fire from heaven may fall upon us. (Amen, amen.)"

"We thank Thee for the history of our church, but save us, dear Lord, from self-glorifying. May this be a time for lowliness before the cross of the Crucified. Oh, grant to those who are seeking to save men the passion of souls."

"We pray also for all members of the Catholic Church. Deliver us, good Lord, from all jealousy and bigotry. May this conference contribute to the great end of unity. God bless all lands. Remember in Thy mercy His Majesty King George V, and the governor-general of this Dominion of Canada, and all parts of the empire. Favor Thy servant, the president of the United States, and the people of the great republic. Especially do we remember those nations now involved in deadly strife. May peace prevail and the battle flag be furled. Aand may grace, mercy and peace, the true blessing of a true God, be upon you all—Amen."

Thus Rev. Thomas Lippon of Leeds, Eng., led in prayer during the morning devotions. It was like a large class meeting for fellowship and power. The noise of Methodist "amens" has indeed passed away, but they still sing with "heart and voice" unto the Lord. To look the conference in the face as a regiment of soldiers, while one is thinking of their powers with ancient cross-bow or modern bayonet, their mighty voices of gospel song almost carry one off his feet.

A Little Reminder. But just here, President High says a gentle reminder and rebuke. He evidently has strong old English notions about "going to meetings" in good time. Many came in after the prayers were offered. He therefore said: "I am sorry that the opening deliberations were not attended by all. Let it be a matter of conscience to take a share in the devotions. (Hear, hear.) Nothing is more likely to demoralize the conference than slackness in this particular."

But a sturdy Englishman explained that unless the postal arrangements were improved they would have to be excused, because he had waited for an hour to get a "letter from home."

This appraised the mind of the president, and the business committee will assist the postman.

Dr. F. K. Carroll of New York, the statistical artist of the conference, presented the first essay of the long ago. He drew pictures of the ebb and flow of Methodism in the western hemisphere during the past decade. He pointed out that the greatest miracle in the history of the church was that of its growth. But the falling off of progress in the last ten years had become too serious to be unconsidered. For with a greater working force of pastors and means, there was a small percentage of increase. These seem to be one league not yet formed in the

Continued on Page 7, Column 2. HANY HAPPY RETURNS to Mr. Stephen Hrewling, with the T. Eaton Co., Limited, born Oct. 6, 1866.

A CHANGE IN MEN'S HATS. It is a remarkable thing that the fashions in men's hats for fall wear have changed from the old reliable stiff felt derby to the rough or undressed felt alpina. Not that the Derby is forgotten altogether, for it will always be a semi-dress hat, but the tendency seems to be towards "a rough weather" hat. A prominent authority credits this to the vogue of the automobile. Whatever the cause, the Alpina is popular. In this particular line the Dinesen Company are showing some very fine English velour. All prices from two dollars upwards.

NEW ONTARIO COMPLAINS OF LONG LEGAL JAUNTS

Another Judicial Division Would Please All Pioneers North of Cobalt's Line.

HAILEYBURY, Oct. 5.—(Special)—This town, the best town in the north country, from North Bay to Hudson Bay, has growing pains.

North Bay is a judicial centre; Sudbury is another. But North Bay is the centre of legal and judicial machinery for practically the whole of New Ontario. It has been so since the centre was moved from Mattawa years ago. When Mattawa was the judicial centre, North Bay was not, neither was Sudbury. But the honoring of North Bay resulted in the honoring of Sudbury and the elimination of Mattawa. That was all very well.

But the time has come for a further division, and this Town of Haileybury, a veritable garden in the spring, the summer and the fall, the nucleus of a fine big residential city within a decade, surrounded by fertile farms, declares that it should be made the centre of a new judicial division. This is one sign of its growth.

The trip down to North Bay from Cobalt, from Haileybury, from Kelson, from Cochrane, is too long, too expensive, too needless. It was all very well before the real session of New Ontario were revealed, while yet few people lived north of North Bay. But now, with a dozen towns of a thousand or two thousand inhabitants in the north country, the demand is insistent for a judicial division that will meet the needs of the people.

This division should be from a point south of Cobalt, not too far south, for Latchford is more like North Bay than it is like any other place further north. It should extend to the furthest north. It should take in Porcupine, now by a freak of nature within the judicial district of Sudbury.

The centre of this suggested new judicial district should be Haileybury. New Liskeard, Englehart and other places may have claims, but the most obvious centre is Haileybury, the real town of the north country.

The question of a new judicial centre is one of the liveliest questions in New Ontario. It is not new. A new division has been promised generally before an election, but nothing has been done. Haileyburians are growing pronounced and loud in their demand that this particular grievance under which they fret should be remedied at once.

Wesley's Achievement

"If Wesley has achieved fame, he never intended it. "For more than two generations after he died historians ignored him or sniffed at him. "England, in a word, is as truly interested in Wesley as in Shakespeare. "His least monument in a sense is the church he built. You will find it rather in the England of the twentieth century than in the England of the nineteenth century. Nay, it is the whole changed temper of the modern world." Extracts from Fitchett's "Wesley."

Quicksilver in Cobalt Ores

Quicksilver in Cobalt ores. This is a new one. In some cases it runs as high as 60 pounds to the ton, worth \$1.00 a pound. Someone with authority and knowledge has been conducting experiments for the Ontario Government on Cobalt ores, and the resultant discovery of quicksilver is of great importance. It may well mean a revival in Cobalt mining. It is in the nature of a stupendous discovery.

PLANNING TO STERILIZE TRUNK SEWER EFFLUENT

Dr. Nasmith Impresses Need of Preventing Contamination—Regulations For Chickens.

Soon after deciding to chlorinate the effluent from the new trunk sewer before letting it run into the lake, the board of health, at their meeting yesterday, discussed the keeping of chickens within the city limits.

That diversion of many householders was brought to the attention of the board by a strenuous letter from a man who strongly objected to the henery of a neighbor. Dr. Hastings was asked by the board to prepare a report as to best way of dealing with the chicken question.

"I don't think chickens should be tolerated within the city limits," said Dr. Hastings. "If they are they should be kept a certain distance away from houses." He told of the way certain United States municipalities dealt with the matter. They had ordinances forbidding the keeping of chickens within 100 feet of any dwelling.

Hens a Luxury.

"I look on hens as a luxury rather than as a necessity within a municipality," said the doctor. "They mean luxury to some and a nuisance to many others."

As to the water, Dr. Hastings strongly recommended that there be a chlorinating plant in connection with the filtration plant. But if the sewage effluent were successfully treated there would be no need for it, he said. So it was decided to build a chlorinating plant in connection with the Gibraltar plant if necessary and to chlorinate the effluent from the trunk sewer.

Dr. Nasmith's report on the work of the city laboratories and on the water situation was read and approved. He summed up the water situation to the effect that with the sewage system as it was being constructed the city could not hope to keep all untreated sewage out of the lake all of the time, and that therefore to obtain pure water the effluent should be chlorinated and the incoming water should be both filtered and sterilized.

Far Flung Contamination.

To show the extent of the contamination of the lake around Toronto, samples were taken. They showed contamination 9 miles east of Toronto, 5 miles west and 3 miles south of the island. The vagaries of currents were shown by tests taken in one spot. At 25 feet below the surface the water was contaminated, at 50 feet it was pure, at 75 feet it was contaminated and at 100 feet it was pure.

As for Lake Simcoe water, samples were taken, which did not show up well. Toronto water was as good, if not better, declared Dr. Hastings. Coliform bacteria were found in two samples of Lake Simcoe water and a gas-producing organism was found in 15 samples. That water would require the same treatment that Lake Ontario water does and besides the water there was of a very high temperature in the summer.

Dr. Nasmith's report criticized the milk that was being sent into Toronto by some producers. Some of the milk was found to have been skimmed and other milk had water in it. Steps will be taken to remedy the matter.

Returning to the sewage disposal plant Dr. Nasmith declared that the ideal method of sterilization was the ultra-violet ray method. It had been known for years that sunlight was a great water purifying agent and that the rays which purified were the ultra-violet rays. That method would be ideal for Toronto, said Dr. Nasmith, for with cheap electric power the specially constructed lamps for making the same treatment that Lake Ontario water does and besides the water there was of a very high temperature in the summer.

Dr. Nasmith's report criticized the milk that was being sent into Toronto by some producers. Some of the milk was found to have been skimmed and other milk had water in it. Steps will be taken to remedy the matter.

STERILIZING RAYS.

Returning to the sewage disposal plant Dr. Nasmith declared that the ideal method of sterilization was the ultra-violet ray method. It had been known for years that sunlight was a great water purifying agent and that the rays which purified were the ultra-violet rays. That method would be ideal for Toronto, said Dr. Nasmith, for with cheap electric power the specially constructed lamps for making the same treatment that Lake Ontario water does and besides the water there was of a very high temperature in the summer.

Dr. Hastings told of his efforts to have Toronto supplied with purer and other milk had water in it. Steps will be taken to remedy the matter.

STUDENTS LIKE SAVAGES HOLD ANNUAL LOVE FEAST

Freshmen and Sophs Bedaub Each Other With Lamp Black in Artistic Manner.

Toronto University was not so much a seat of learning yesterday. It was essentially a seat of war. For some years past the idea has gone abroad that the one-time whirlwind encounters among the students were morning the freshmen and sophs of the S. P. S. had lost no time in drawing attention. A good sized crowd was soon attracted. The harem skirt was given a rather cool reception in Toronto some months ago and went out of style more quickly than it came in.

Still Trouble in China.

While on the surface everything seems to be quiet in West China, there is still apprehension felt by the British Consul at Chungking. The Methodist Mission Board received a cablegram from Chungking yesterday, saying the British Consul would not permit the many missionaries, who fled there for safety during the recent fighting, to return to their respective stations for some time.

Attacked by Thugs.

Charles Moffatt, 362 Rhodes-avenue, is in Grace Hospital with three broken ribs and a severely battered face. He was picked up unconscious in Dundas-street Wednesday night, and declares that he was set upon by three men with whom he got into an altercation in a street car. The men escaped.

Within Her Rights.

It was shown in police court yesterday morning that Josephine Skelton a large colored lady, who is serving 30 days for busting up furniture, had merely smashed her own effects, which she found had been removed by Beryl Randolph while she was in jail. Beryl was charged with theft of the furniture and says that she told him to move them. He was remanded a week.

Caution Mitford, Critic.

Capt. Mitford, the sub-marine engineer, has taken another fling at the city engineer and the work being done on the intake pipe. Discussing the pipe yesterday he spoke of the flexible joints as being "flexible weaknesses."

Fraser Case Adjudged.

The famous Michael Fraser case will not be heard at the present sittings of the court of appeal, but will probably be resumed on Nov. 13. The decision of the divisional court is that Fraser is not entitled of appointing a trust company to manage his affairs.

Caution Mitford, Critic.

Capt. Mitford, the sub-marine engineer, has taken another fling at the city engineer and the work being done on the intake pipe. Discussing the pipe yesterday he spoke of the flexible joints as being "flexible weaknesses."

WAS CLAD IN HAREM SKIRT

Mysterious Lady Cynsoure of All Eyes on King-Street.

A lady clad in harem skirt headed a long procession along King-st. and down Leader-lane yesterday afternoon shortly before 5 o'clock, and was the material for many a remark. She was a refined looking woman, her garb was of black satin and appeared costly. Just where she emerged from is not known, as she was not noticed until considerably east of Yonge-st. A small boy was the first to notice her, and lost no time in drawing attention. A good sized crowd was soon attracted. The harem skirt was given a rather cool reception in Toronto some months ago and went out of style more quickly than it came in.

Still Trouble in China.

While on the surface everything seems to be quiet in West China, there is still apprehension felt by the British Consul at Chungking. ASSESSMENT WAS DOUBLED

C. N. R. Subsidiary Company Made Protest to Court of Revision.

An objection was made in the court of revision yesterday by John R. Robinson of the Toronto Dwellings Company, a subsidiary C.N.R. concern, against assessment of property on Macpherson-avenue, purchased for a Toronto & Western Railway right of way. He declared that an increase of 100 per cent. was beyond all reason. The court will further consider the matter when shown what the company paid for the property.

J. G. Hall won five out of seven appeals to have property placed on the separate school supporting list. He failed on two because of lack of authorization.

The Conference

Complete reports of the Fourth Ecumenical Conference of the Methodist Church will appear daily in The Toronto World. Copies of The Morning and Sunday World will be sent during the term of the conference for 25 cents. Fill out the attached coupon:

SEPARATE DEPARTMENTS.

Waterworks Branch to Have Business Manager of its Own.

The nothing definite was decided upon, the separation of the waterworks department was discussed at an informal private meeting of the board of control and the works committee yesterday and met with approval.

The reorganization will probably be decided upon in the near future. City Engineer Rust is in favor of the project as he wishes to spend all his time on the other branches of work.

It is likely that Engineer Jelliffe will be put in charge of the waterworks department, with a business manager to look after the water rates. It would be the manager's work to look after and prevent the waste of water.

\$160,000 FOR HOTEL.

The deal for the Gladstone Hotel has not been completed, but it is known that the price that it will go at will be \$160,000, and that the present proprietor, V. E. Giannelli, will probably be bought out entirely. The purchase price \$60,000 is for the license, the balance for the property. Mr. Giannelli is said to have paid \$60,000 for the hotel two years ago, and it is further stated, by one who is well acquainted with all the facts, that the profits since have just about equalled his purchase price.

ONTARIO GETS BIG CHEQUE.

A cheque for \$38,260 has been received by the provincial government as succession duty on the estate of Mrs. W. A. McGaw, who was part owner of the Queen's Hotel on Front-street.

Extending Season for St. Lawrence Navigation.

While it has been the custom with most steamship lines to discontinue their Quebec and Montreal sailings about November 15 each year, and transfer their steamers to the winter ports, the White Star-Line has just announced that their crack triple-screw steamer "Laurentic" will make an extra sailing to the St. Lawrence in November to accommodate the pre-Christmas traffic.

The "Laurentic" will sail from Montreal and Quebec November 22, and will be the last of the big liners out of the St. Lawrence.

WANT NORTHERN VIADUCT

City May Ask That C. N. R. and C. P. R. Erect One.

That the city may ask the Dominion Railway Board to order the C.P.R. and the C.N.R. to elevate their tracks on a four-track viaduct from Avenue-road to the line of the Northern Railway was intimated by Mayor Geary yesterday.

The C.P.R. was to elevate its tracks from Yonge-street to Avenue-road, said the mayor, so he thought that in view of that both railways should carry the viaduct right across the north part of the city.

MILLIONS FOR WATER

Experts Likely to Recommend Large Outlays on System.

Toronto's board of water experts met yesterday and proceeded with their report on the city's water problems. It will be ready to submit to the city soon, it is said.

It is understood that the board will advise the city to spend several million dollars on the improvement of the water system. It is also said that tunnels under the lake for intake pipes are being considered. Borings are being made which will show whether or not such a project is practicable.

HERE'S A FINE TANGLE

Board of Education's Work for Year May Prove Illegal.

Unless some action is taken immediately the work accomplished by the board of education during the year may be declared illegal. It appears that the chairman of the board at the beginning of the year appointed a striking committee consisting of the senior members of that board, instead of the juniors as provided for in law No. 4.

The board's solicitor, F. E. Hodgins, will look into the matter to-day and advise the board immediately.

"I'd give the business to you but your price is too high."

where parts are stored in the flat above. If there is no other channel of transfer than by the stairway, think of the tremendous amount of extra labor thus involved. Time spent on this work by employes who might be more profitably engaged at something else. Money spent on wages that would otherwise be counted as profit. Expensive hand labor for work which

OTIS FENSOM FREIGHT ELEVATORS

could do far more conveniently, safely and economically. With an Otis-Fensom Elevator the ground floor can be reserved for manufacturing purposes only. Raw materials and parts being stored in the flat above, the work of storing and collecting can be accomplished in one-half the time and with one-third the labor. The initial cost is light, and your regular line shafting can be used if an Otis-Fensom is installed.

If the volume or nature of the business does not require a belted elevator, there is our latest improved design of hand power elevator. You'll find that our new illustrated book "Freight Elevators and Their Uses" will inform you in an interesting and truthful way on the subject of this practical aid as applied to your business. May we send you a copy?

Please send me your book.

Baseball Dates for World's Series News Gossip Lawn Bowling Draw for East v. West

Note and Comment

No cleverer boxer has ever been shown in the city than Matt Wells, and many were the sports coming away from the arena street Theatre last night who wished he had seen him against a harder proposition than Fighting Dick Donovan.

The official ruling by which Ty Cobb, the brilliant outfielder of the Detroit Tigers, who has been making baseball records by his half dozen this year, was fined \$100 for playing with a semi-professional team.

The Varsity wing line looked exceptionally good and have bounded to in great shape and the team that beats Varsity on the line this year will certainly have to be stars.

Mr. Joseph Wright, president of the Interprovincial Rugby Union, wishes to know that the Interprovincial will this season play their games under the rules of the Canadian Rugby Union.

Letter just received: was ignorant of doing a wrong. Was to play again tomorrow, but to receive of your letter have called my part of game off and won't be in the game.

The players' organization has intention to antagonize organized baseball is given consideration by the commission, but cannot be assumed charge of the team.

Cobb's plea of ignorance of the rule was accepted in good faith, but cannot be held that he expected a fine of only \$50, and that he terms accordingly.

The annual interscholastic athletics meet will be held at the Varsity stadium this afternoon. Besides the local schools representatives are expected from Woodstock, Hamilton, Guelph and other points.

It is now certain that the senior O. R. F. U. game tomorrow afternoon at Varsity stadium will be a high-class football battle.

The Argonauts had three full teams out to practice last night and all had a good work. The seniors were all out practicing.

WINOSORS TAKE ODD GAME PUT IN A GOOD SCORE

Eatons No. 2 Winners in Athenaeum B League—Hydro All the Way in Mercantile.

A one thousand score so early in the season is certainly something that is what Chris Maxwell's Windsor put up in the Athenaeum A League last night in their middle string with the Rowing Club team.

Varsity had a good practice yesterday and the team showed they had an abundance of material for the back division.

Mr. Joseph Wright, president of the Interprovincial Rugby Union, wishes to know that the Interprovincial will this season play their games under the rules of the Canadian Rugby Union.

Letter just received: was ignorant of doing a wrong. Was to play again tomorrow, but to receive of your letter have called my part of game off and won't be in the game.

Sidelights

Allie Boyd will captain the Payne team in the City League.

Teams wishing to enter in the Gladstone League are requested to enter with the secretary at once.

A. J. Hartman has had his Brunswick League card since the first and is in preparation for the league season.

Wouldn't it be funny if Cap. Boyd was to give "Hook" the go-by and substitute somebody with a reputation?

The Central League is another that is billed for the annual doings to-night.

Tommy Ryan is going to have a big Business Men's League at his ally's this season.

And once again we ask the City Two-Man League the go-by and overlook that point for each game won.

The Sunday World will again be the bowler's paper. A lively column with all the news and doings of the knights of the headpin will appear each week and will be read by all the pin-rollers.

Every league in the city is either ready to roll or is about to hold their meeting.

The City Two-Man League convenes at the Rowing Club this afternoon at 2 o'clock.

Get wise. Read the bowling column in The Sunday World.

The organizing meeting of the Dominion Mercantile and Society League was held last night at the Dominion Club.

The following officers were elected: Hon. president, F. C. Burroughes; president, E. B. Collett; vice-president, G. J. Bowles; treasurer, C. A. Jolly; secretary, A. Chas. Hoffman; executive committee, J. V. G. H. Long, C. A. Mitchell, a. Marvellous, Irish Liz Redding.

The 21st race was won by Dolly S. after Frank Judge had taken the first two heats. Dolly S. finished second in the first heat, seventh in the second and took the next three under good handling by Jamison.

The 21st race, which went over from yesterday, was won by Helix A. Law. First, which took the deciding heat, and Judge Ward having won two heats.

The 21st race, which was unfinished yesterday, went to Oloot Aswinsky. The final race was won by M. W. Mitchell.

The racing division of the Future for three-year-olds won \$300, was not finished in the first heat. The season's record for three-year-olds was set in the first heat when she went the mile in 2:28, with half a second of the world's record. King Daphne took the second heat, with Miss DeForest fourth, and she finished in the same position in the third.

Minor Helix, M. W. Savage's great pacemaker, beat Helix, his own record. He finished in two minutes flat, his time at the quarters being 2:34 and 1:20.

TO BOWL EAST VS. WEST 124 RINKS IN DRAW

Play in Annual Match Begins Saturday at 2.30 p.m., on Different City Green.

The committee of lawn bowling secretaries met last evening at the Granite Club to arrange for the bowling match on Saturday next, beginning at 2.30 p.m. A record entry was received, numbering 124 rinks, as compared with last year.

Play will begin at 2.30 p.m. on the lawns of the Granite, Queen City, Canada, Alexandria, Victoria, Athletic, St. Matthews and Lawrence Park Clubs, and continue till 8 p.m. The total score at that hour to determine the result. A special card will be drawn for crossing for Lawrence Park at 2.40 direct to the park.

A fee of twenty-five cents for each player is to be collected by the secretary of the home club to be devoted to the Hospital for Incurable Children.

The draw follows: On Canada Lawn: 1-W. A. Strower (Can.) v. W. H. Irving (C.C.); 2-J. S. Willison (Can.) v. F. P. Roger (R.C.Y.C.); 3-A. S. Wilmor (Can.) v. H. Goodman (St. S.); 4-G. H. Smith (Can.) v. C. A. Tobin (C.C.); 5-A. Putnam (Can.) v. Dr. Staley (B.B.); 6-Morrison (Can.) v. W. M. Douglas (R.C.Y.C.); 7-H. Fairhead (Can.) v. W. J. Sykes (C.C.); 8-E. H. Anderson (Can.) v. G. Bouter (R.C.Y.C.); 9-J. S. Fairly (Howard Park) v. G. Bouter (R.C.Y.C.); 10-H. Cramp (H.P.) v. S. G. Wharfin (B.B.); 11-W. H. River (H.P.) v. T. Taylor (R.C.Y.C.); 12-A. Shaw (H.P.) v. Jas. Haywood (R.C.Y.C.); 13-A. Clark (Vic.) v. W. Philp (R.C.Y.C.); 14-W. H. Grand (Vic.) v. C. McP. May (R.C.Y.C.); 15-H. Cayley (Vic.) v. W. G. Parsons (St. S.); 16-Dr. Pepler (Vic.) v. G. R. Copping (R.C.Y.C.); 17-E. D. McCormack (Vic.) v. Dr. Snelgrove (R.C.Y.C.); 18-A. Mackie (R.C.Y.C.); 19-S. Peary (Vic.) v. W. E. Orr (B.B.); 20-T. Thaburn (Brampton) v. C. Lennox (C.C.); 21-G. RICORD'S The only Remedy which will permanently cure Gonorrhoea, master how long standing. Two bottles cure. Dated in this \$1 per bottle. Sole agency SCHOFIELD'S DRUG STORE, ELM STREET, TORONTO.

EATON'S Boots for Men and Women—Two Rousing Specials 1.75 and 2.50

A most advantageous special purchase of several thousand pairs for spot cash enables us to offer these to Saturday buyers at far below their real worth. No longer any need to pay fancy prices for footwear, when advantage may be taken of the price-reducing power of our immense buying capacity. A very large variety, both in men's and women's boots—and many of them you would not be surprised to see marked at nearly twice as much.

2500 Pairs Women's Boots, in first-class style for dressy fall wear, newest lasts, short vamps and new high toes represented in the lot. Patent coltskin Bluchers, laced and buttoned, with dull tops, vici kid buttoned boots with dull kid and black cloth tops and fine vici kid Bluchers in walking style, with rubber heels. In the lot are models suitable for any occasion; a great chance not to be missed; sizes 2 1/2 to 10. Price 1.75

1100 Pairs Men's Boots, elegant gunmetal calfskin Bluchers on new knot last, patent coltskin Bluchers, and dongola kid, boots made by Goodyear welt process, all approved styles for fall wear, representing a big cash saving; 1/2 to 11. Price 2.50

This game promises to be of the highest order. The grounds are on Loughborough-avenue, rear of Devonport Methodist Church.

THE PLAYERS ELIGIBLE FOR WORLD'S SERIES

Giants and Athletics Will Play First Game in New York October 14.

NEW YORK, Oct. 5.—The National Commission to-day decided to play the first of the world's baseball championship games at the Polo grounds here Saturday, Oct. 14. The choice was determined by the toss of a coin. The following schedule for the games was adopted: Oct. 14, 17 and 19 at New York, Oct. 15, 18 and 20 at Philadelphia.

Should any of the games be postponed on account of rain or from any other cause the commission decided that the visiting side shall remain in the city where the game was scheduled until it can be played. A postponement of any game would therefore necessitate a change in the remainder of the schedule.

The commission also decided that the several games should be played in alternate cities. It was decided to play the first game in New York. In the event of a tie, the game must be played off on the grounds on which the tie occurred before the next game is played.

The names of the players who will be detailed by the National League for the contests, and Umpires Connolly and Dineen by the American League. The players eligible to participate in the series are, by announcement of the commission, the following: Philadelphia, American League Club: Baker, Harry, Bender, Collins, Coombs, Davis, Danforth, Derrick, Hartsell, Krause, Lapp, Livingston, Lord, Martin, Morgan, McInnis, Murphy, Oldring, Plank, Strunk. New York National League Club: Devore, Becker, Murray, Snodgrass, Markie, Doyle, Fletcher, Devlin, Mathewson, Whitte, Ames, Crandall, Marquard, Latham, McGraw, Myers, Wilson, Herzog, Brucke, Hartley, Paulette.

All games will begin at 2 o'clock p.m. and will be attended by the members of the National Commission and its secretary. Each of the contesting clubs is required to deposit a certified cheque for \$10,000 with the secretary of the commission not later than 11 o'clock on the day of the first scheduled game. The commission issued a special warning to players that the rule regarding conduct on the ball field would be strictly enforced against any offending player. It also served notice that under the commission's rule the winner of the world's championship will not be permitted to participate in any exhibition game during the remainder of the year.

National League Scores. At Brooklyn—Even with the pennant safe, New York did not let up in the second game of the series with Brooklyn yesterday. The Giants went right to work and piled up a lead of six runs in the first innings. This was enough to win, for Maxwell held the locals well in hand, especially when men were on base. R. H. E. New York, 600 000 000—3 3 0. Brooklyn, 000 000 000—3 11 2. Batteries—Maxwell and Wilson, Hartley, Berger, Steele, Schardt and Chiles.

American League Scores. At Philadelphia—The world's championship went their 10th game of the series yesterday when they defeated New York 1 to 0 in a pitchers' battle between Morgan and Barry. The opening run of the game was scored by Murphy on his single. Davis' sacrifice and Barry's single. R. H. E. New York, 000 000 000—0 5 0. Philadelphia, 000 010 000—2 7 1. Batteries—Quinn and Williams; Morgan and Livingston.

Polo on Saturday. The ponies to be used by the Buffalo players in their match to-morrow afternoon at the Woodbine have arrived, and are now stationed at the course. They are twelve in number, and are probably as fine a lot as have ever been seen in this part of the continent. Several of them have been used in important matches in the States, including the international.

The gentlemen who will play for Buffalo are: Messrs. Coleman Curtis, No. 1; Dr. Glenn, No. 2; E. P. Patterson, No. 3; Goodyear, No. 4. The Toronto team will include Mr. L. McCarthy, No. 1; Major Van Stauber, No. 2; Major Bickford, No. 3; Mr. J. McBrien, No. 4. The ground is in first-class condition, and every arrangement has been made for the accommodation of a large attendance. The north side of the field has been staked off for automobiles, so that ladies and gentlemen motoring down can retain their seats and watch the play.

The match will start at 3 o'clock, and promises to be one of the most interesting ever played in Canada. Visitors will probably see an exposition of polo that can hardly be surpassed.

Jeff Felt Fairly Certain That His Suit Was Spurred

By "Bud" Fisher

Queen City Cribbage Club. They would like to hear from two good players wishing to join. Address a meeting of the Q.C.C. Club was held on Monday night, when officers for the ensuing season were elected.

The Royal Canadian Bicycle Club will be a busy place this year. The boys are working out in preparation for the club league season every night.

The Toronto World

FOUNDED 1880. A Morning Newspaper Published Every Day in the Year. WORLD BUILDING, TORONTO.

will pay for The Sunday World for one year, delivered in the City of Toronto, or by mail to any address in Canada, Great Britain or the United States.

FRIDAY MORNING, OCT. 6, 1911

THE CHURCH OR THE WORLD.

Methodism does well to face the fact, as it has been doing in the Ecumenical Conference, that the old idolatrous appeals to a dead past are less effective than they once were.

When the churches have assimilated the new message of these later days, once more there will be revivals; once more the earth will ring with the triumphs of the gospel messengers.

But the new gospellers are not very welcome in the churches of the eighteenth century movement, or in the churches of still earlier movements.

ATTENDANTS NOT NURSES.

There is a radical distinction in asylum circles between a nurse and an attendant. Disclaimers regarding the status of nurses do not affect what The World stated respecting attendants.

BANISH THE CROSSINGS.

Millions are being spent all over the world to eliminate grade crossings. A fortune is being invested at the present moment for this purpose in Parkdale and at Sunnyside.

SHALLOW MURMURS IN NORTH TORONTO.

"The shallow murmur while the corporation counsel is dumb" is the kind comment of our good evening friend on the question whether the corporation could more effectively be fought in North Toronto while it remains a separate municipality, or after it is part of the City of Toronto.

THE MIDDLEMAN UNDER FREE TRADE.

When farmers and growers of agricultural produce were told that reciprocity with the United States would eliminate the middleman, they were given an assurance impossible of fulfillment.

Free trade among the states of the Republic did not prevent the intervention of the middleman, and has not abolished him.

UNION OF ASYLUM ATTENDANTS.

Evening Telegram: Asylum attendants in Ontario A.H.E. organized and A.H.E. disassembled. The A.H.E. disassembled. The A.H.E. disassembled.

AN OLD FIRM REMOVES.

Messrs. C. J. Townsend & Co., who have been located on King-street for over 77 years, announce that they have removed to the northeast corner of King and Church-streets.

A NEW CANADIAN ANTHOLOGY.

"Canadian Days," a book of selections for every day in the year from the writings of Canadian authors, which has been compiled by The Toronto Women's Press Club, is announced for early publication this autumn.

RIVERDALE BUSINESS MEN.

City Beautification and Other Improvements Subjects of Discussion. Bases, and how their lavish but careful use beautifies a city, formed the subject of the meeting.

BAPTISTS NOW UNITED.

BOSTON, Oct. 5.—The long discussed union between the Baptist and Free Baptist denominations was finally consummated in so far as their homes and churches are concerned.

Suspicious Horse Trade.

WOODSTOCK, Ont., Oct. 5.—William Trueman, a former resident of this city, was brought back to Woodstock from Guelph, where he was arrested charged with selling a horse to Donald Burns.

Lecture Service.

At St. James' Square, Presbyterians will monthly lecture service will be given. The pastor, Rev. Andrew Robertson, D.D., will deliver the address, his subject being, "The Sign of the Wonderful Lamp."

SEA CAPTAIN HAD INDIGESTION

FORBES POINT, N.S., July 8, 1910. "Previous to taking your No. 11 Dyspepsia Tablets I had been undergoing treatment with my family physician for three months and at an expense of about \$100. I was suffering so badly that I could not sleep.

With the Colored Delegates

By Cleveland C. Allen. The colored delegates at the Ecumenical Conference continue to increase and before the session ends, a notable representation among them is promised.

WILLIAMS—On Wednesday, Oct. 4, 1911, accidentally killed by electric shock, Walter, beloved husband of Miriam Williams, aged 28 years.

Funeral from his residence, 7 Ashburn avenue, Saturday, at 2.30 p.m. Interment in Prospect Cemetery. Stonecutters please attend. Longridge, Lancashire, Eng., papers please copy.

IN MEMORIAM

ROSS—In loving memory of our dear mother, Emily Louisa, who died Oct. 5, 1904.—Jack and Phoebe.

CAR COMPANIES ALL ALIKE

St. Joe Traction Management Had to Back Down.

ST. JOSEPH, Mo., Oct. 5.—The entire police force of the city was called out to-night to quell a riot at Fifth and Edinborough streets, where a street car junction, which arose over an order issued to street car conductors not to accept tickets detached from books.

For two hours the corner was jammed by people who were trying to pay street car fares with detached tickets. The conductors, aided by extra men, were electing such would-be passengers. The police did not interfere until fights started, when they arrested all concerned, both passengers and street car employes. More than a dozen arrests were made.

One man, C. L. McPhail of Leavenworth, Kansas, was seriously injured when a conductor threw him from a car. His head struck the pavement. Chief of Police Haskell finally personally took charge of the situation and the crowd dispersed. The street railway company then rescinded its order and there were no more disturbances. The trouble arose over the fact that newsboys were selling street car tickets. The company tried to break up this practice.

SMOKE CLUBB'S DOLLAR MIXTURE

Clubb's Dollar Mixture is a high-grade tobacco. It does not burn the tongue and is sold at a popular price.

1 lb. tin 1.00, 1-2 lb. tin 50c, 1-4 lb. package 25c. Sample package 10c.

church, that of the regular church and prayer meeting attenders.

He drew in detail more paintings of averages and sun totals. But other pictures were at this point more attractive to your scribe. These were real faces and fine statures of the Methodist phalanx. As there are no chief seats in the synagogue except the few for the temporary officials, no guess at a man's office can be judged from the seat he occupies. There are no vestments, either, and the president himself is as unassuming as the "man on the street." But there are men who would look well if the Methodist were to open an important session with a procession from this, the cradle of Methodism, to say the home of education at Victoria College.

COAST INVESTED BY ITALIAN FLEET

Continued From Page 1.

ROME, Oct. 5.—Five thousand soldiers of the Italian fleet have been landed at Tripoli to protect the consulate, the Italian church and hospital.

NAPLES, Oct. 5.—Nine military aviators with eight monoplanes and two biplanes will be sent to Tripoli. The aviators will be commanded by Capt. Piazzi, who won the air race from Bologna to Venice.

ATHENS, Oct. 5.—Besides calling out the reservists in Epirus on Oct. 3, the government proposes to mobilize part of the reserve in Thessaly. The number will be limited to a few thousand—sufficient to protect the frontier against any attempted coup on the part of Turkey. A circular will be sent to the powers.

CORFU, Oct. 5.—The ultimatum of Vice-Admiral, the Duke of Abruzzi, threatening to bombard Prevesa, has been withdrawn.

MALTA, Oct. 5.—Fugitives from Tripoli who arrived to-night, say that the main expedition against the coast of Arabs stirred with the landing parties.

BERNE, Switzerland, Oct. 5.—Six thousand Italians living in Switzerland have been called to the reserves, but a large proportion of them have refused to go. Meetings of protest have been held, and some hundreds have declared that they will renounce their nationality and become Swiss subjects rather than serve under the colors.

TURKS Pessimistic. CONSTANTINOPLE, Oct. 5.—The embargo on coal and petroleum has been raised. An anti-Italian boycott has commenced and custom house porters to-day refused to discharge Italian goods from a British steamer. The grand vizier opposes the expulsion of Italians.

NEWSPAPERS are pessimistic over the situation, declaring that it is hopeless to expect anything from the position. The sultan has ordered prayers in the mosques, involving the aid and protection of the prophet against Italy.

ARMY Equal to Navy. ROME, via frontier, Oct. 5.—General Spingardi, the minister of war, speaking in the senate, said that the army will be equal to the navy. It will now be followed by the army, which is anxious to demonstrate that its organization and efficiency are equal to those of the navy and will stand comparison with that of the first-class powers.

"THE PINK LADY" FOR LONDON. Mr. O. B. Sheppard, manager of the Princess Theatre, received a telegram yesterday announcing that the New York managers have signed contracts for the production of "The Pink Lady" in conjunction with Mr. Geo. Edwards at the Gaiety Theatre, London, Jan. 3. "The Pink Lady" is to be the attraction at the Princess Theatre for one week, Oct. 15. It is not often that Toronto has the opportunity to see a musical play by an English composer before it is produced in London.

HONORED GRAND MASTER

Alpha Masonic Lodge Celebrated Official Visit to New Temple.

Last night was a big one for Alpha Lodge No. 57, A.F. & A.M. The grand master, Aubrey White, was tendered a reception on the occasion of his official visit to the new temple on Colborne street, about 250 turned out, a greater portion of whom attended the banquet at the conclusion of the evening.

Rev. J. A. Bray, D.D., of Colored Methodist Episcopal Church, speaking at the evening session in speaking on "Methodism in the West," said that the diversity of Rome's ideal and the diversity of Protestantism some day a greater religion will emerge with some idea of the unity of the world.

Rev. J. A. Bray, D.D., of Colored Methodist Episcopal Church, speaking at the evening session in speaking on "Methodism in the West," said that the diversity of Rome's ideal and the diversity of Protestantism some day a greater religion will emerge with some idea of the unity of the world.

FIRST WARD LIBERALS RESOLUTELY CHEERFUL

Party Stronger in East Toronto Than Formerly, Thinks President Strath.

The Liberals of the first ward are in the midst of another election, but it is a very quiet, very peaceful one...

George Strath retains the office of president. Mr. Strath was not sure that he would be the city to drink out his term...

The meeting then resolved itself into a wake. Several speakers got up and said how sorry they were, and told how it all happened and tried to explain it.

Aborn Opera Company's New Success

Thirty years have elapsed since Offenbach's "Les Contes d'Hoffmann" were first produced, and last night this opera had its first production in Toronto...

"Les Contes d'Hoffmann" offers tremendous scope for vivid and dramatic music. Hoffmann has the soul of a poet, and when the opera opens...

Offenbach was a master of the art of writing attractive and stirring music and it lost nothing by the interpretation given by the Aborn Company...

To-night the Aborn English Grand Opera Company at the Royal Alexandra will present their second performance of "Thais" which they gave at their opening performance Monday night...

Commercial Reports

Continued Wet Weather in West Gives Strong Tone to Market

Change of Front in Wheat Fit at Chicago Owing to Discouraging Report From West—Corn and Oats Strong.

CHICAGO, Oct. 5.—An all-round advance in the price of grain came about today because of a return of wet weather over the belt hundreds of miles in extent...

Especially as to wheat the appearance of rain in the Canadian Northwest, along with an official forecast of rain for the next 25 hours, had much influence on the trade at large...

Buying of corn was mostly for local speculators. In addition to the wet weather there was an impetus in bull-bull news regarding the Russian crop...

Receipts of wheat in cars at primary centers were as follows: Week ending Oct. 5, 1911. Chicago, 100,000; Duluth, 100,000; Minneapolis, 100,000; St. Paul, 100,000.

European Markets. The Liverpool market closed today unchanged on wheat, and led to higher on corn. Berlin closed lower of wheat, and higher on corn.

Argentine Estimates. The weekly Argentine shipments are estimated as follows: Last week, 1,300,000 bushels; this week, 1,300,000 bushels.

Liverpool Wheat Market. LIVERPOOL, Oct. 5.—There was a slight advance in wheat, and a fall in corn. The market was generally quiet.

Estimated World's Crop. The department of agriculture estimates from data on hand from eight principal countries that the world's crop for 1911 will amount to 2,140,000,000 bushels.

Price Currents. Conditions during the past week were generally favorable. Considerable cutting and shelling of corn were done from overflows.

Upward Trend to Porcupines Shows No Signs of Diminution

Upturn Is Carried Some Further Porcupine Stocks Are Strong

Trading in Mining Markets Falls Off, But Buoyant Undertone Continues in Effect—Nipissing Records Decline.

World Office, Thursday Evening, Oct. 5. The upturn in the Porcupine stocks was carried on further to-day in the local mining exchanges, there being indications of any let-up in the buying demand and the undertone continuing firm in consequence.

Hollinger Makes a Move. Despite the apathetic feeling existing in respect to the shares, made a sharp advance, the stock moving up 20 points to \$11.00 under decidedly restricted transactions.

In the cheaper issues Dome Extension and Crown Chartered showed signs of strength, while definite firmness was also exhibited elsewhere in the list.

The **SIMPSON** Company Limited

Dependable Boots

For Men and Women

Another important Saturday Sale of Footwear. Hundreds of people have developed the habit of dropping into our Shoe Department on Saturday morning, and for the very good reason that there's always something of particular interest going on there.

For to-morrow we quote just three prices, but quantities in each case are large enough to produce a rousing sale. Look them over carefully:

1200 pairs Men's Highest Grade Boots, in patent colt, box calf, tan Russia calf and vicci kid leathers. Blucher, button and straight lace styles; some have double waterproof soles; some are leather lined; all are Goodyear welted; sizes 5 to 11; C, D, E and EE widths. Regular value \$4.00, \$4.50, \$5.00 and \$5.50. Saturday, 8 o'clock, all one price **2.95**

480 pairs Women's Fall and Winter Boots, made of velour calf, patent colt, gunmetal and vicci kid leathers; Blucher and button styles; New York, Cuban and military heels; dull matt calf and self tops; sizes 2 1/2 to 7; C, D and E widths. All one price Saturday..... **2.50**

300 pairs "Queen Quality" and "Boston Favorite" Samples, in exclusive and original designs; button, lace and Blucher cuts; low college, military and high New York heels; sizes 3, 3 1/2 and 4 only. Regular prices \$3.00, \$4.00 and \$5.00. Saturday **2.00**

"All Wool" Keeps Out the Chill

Sweater Coats, pure heavy wool, plain colors trimmed with contrast; high collars. Regular to \$5.00. Saturday **2.98**

Underwear, elastic rib or flat knit, pure wool, made in England; absolutely unshrinkable; sizes 34 to 44. Regular \$1.39 to \$1.50. Saturday **1.19**

Flannelette Night Kobes, large and long; different shades with neat stripes; sizes 15 to 19. Regular 75c to \$1.00. Each **.59, or 3 for 1.65**

A Sale of Men's Stiff Hats

The new shapes for Fall and Winter. English manufacture; materials used the very best; there is great variety of style, and every one is up to the standard. Saturday, each **1.00**

Half-price Trunks

(On the Top Floor)

These are not damaged in the slightest, just soiled. There are eighty-six of them, so don't put off your visit till too late. All sizes and styles at half price. One to each customer. No phone or mail orders. See window.

A 16c Day in the Wall Paper Department

To-morrow, Sixteen Cents will cover two or three times as much of your wall as it usually would! Come to our Fifth Floor and see the wonderful selection that will be offered here at, per yard **.16**

Jewelry Bargains for Saturday

14k Pearl Brooches, 73 pearl settings in large sunburst design, real pearl centre. Regular \$25.00 each. Saturday **12.50**

9 and 10k Gold Brooches, with pearl settings; Scarf Pins, in crescents, wishbones, horseshoes, etc. Regular value \$1.50 to \$3.00. Saturday **.98**

Gold-Filled Signet Brooches, for monogram; Gold-Filled and Sterling Silver Brooches and Dress Pins, Beauty Pins with pearl settings; Sterling Silver Scotch Pebble Brooches; Gold-Filled Locket Charms; Heavy Sterling Silver Links, with initials engraved; Enamel Belt Pins; Links and Veil Pin Sets, pearl designs. Regular value 75c to \$1.00. Saturday **.29**

The Greatest Clearance of LACE CURTAINS

that this Store has ever undertaken begins to-morrow morning at 8 o'clock on the Fourth Floor.

Seven thousand pairs of Nottingham and Swiss Curtains! That ought to be enough for one day's sale; but maybe you'll change your mind when you read these prices!

It is safe to say that not a home in Toronto owns its curtains at such prices as these. And it follows that not many home-makers will let this opportunity pass.

FIVE PRICES that will make you hold your breath—set the alarm clock for an early start.

EXTRA SALESMEN—QUICK SERVICE—FOURTH FLOOR.

\$1.50 Nottingham Curtains at 87c

The actual values of these Curtains range from \$1.10 to \$1.50 a pair. There are curtains to suit any room, every style of plain or fancy border, and plain and dotted net centres.

\$1.75 Nottingham Curtains at \$1.19

Comprising Curtains worth \$1.75 and \$2.00 a pair, white or ivory, 3 and 3 1/2 yards long, all widths up to 60 inches. A wide range of patterns.

\$2.25 Nottingham Curtains at \$1.47

A great collection of Curtains in beautiful new patterns; ivory, cream or ecru, for any room, as required; not many pairs of a pattern, but a great many patterns.

\$3.50 Fine Nottingham Curtains at \$2.38

The best grade of Nottingham Curtains in fine lacy patterns, producing the effect of old hand-made curtains, all widths and lengths. Worth \$3.50 to \$4.50 a pair, for **\$2.38** a pair.

\$4.50 Swiss Curtains at \$3.29

Irish Point Curtains, 3 1/2 yards long, 50 inches wide, very special quality bought to sell "special" at \$4.50. Now reduced for Saturday to **\$3.29**.

Other special lines in Point Arabe, Irish Point and Marie Antoinette at Extra Special Prices.

A Feature of Exceptional Interest In the alcove we make a feature display of very fine Lace Curtains, worth from \$20.00 to \$50.00 a pair, at an extensive reduction—in some cases nearly one-half.
